1 AN ACT concerning State government.

## Be it enacted by the People of the State of Illinois, represented in the General Assembly:

- Section 1. Reference to Act. This Act may be referred to as the Dignity in Pay Act.
- 6 Section 3. Declaration of policy and intent.
- (a) Section 14(c) of the federal Fair Labor Standards Act 8 1938 provides for the employment of persons with 9 disabilities at wage rates below the statutory federal minimum wage. Among those who have worked for subminimum wages in 10 with intellectual, developmental, 11 Illinois are people 12 physical, and sensory disabilities, including those who are blind or deaf or are diagnosed with cerebral palsy, spina 13 14 bifida, or Down syndrome. Section 14(c) authorizations result in a national average wage of approximately \$3 per hour for 15 16 workers with disabilities who have engaged in work activities 17 under a 14(c) wage certificate.

Data released in October 2022 from the United States
Department of Labor shows that Illinois ranks second in the
nation in the number of 14(c) certificates issued or pending,
with several thousand Illinois residents with disabilities
engaged in activities compensated below minimum wage. These
activities most often occur in congregate work centers (also

Illinois Employment First Act stipulates

5 "competitive and integrated employment shall be considered the

first option when serving persons with disabilities of working 6

age." Across the United States, 18 states eliminated, phased

8 out, or modified the authority of employers to pay subminimum

wages to people with disabilities.

Ensuring that Illinois maximizes opportunities for persons with disabilities to secure gainful employment is a critical element to achieving the requirements of the Illinois Employment First Act. The Workforce Innovation and Opportunity Act (Public Law 113-128) and Section 7 of the Rehabilitation Act of 1973 (29 U.S.C. 705) define competitive integrated employment as "work that is performed on a full-time or part-time basis for which an individual is: compensated at a rate that shall be not less than the rate specified in the applicable State or local minimum wage law; and is not less than the customary rate paid by the employer for the same or similar work performed by other employees who are not individuals with disabilities, and who are similarly situated in similar occupations by the same employer and who have similar training, experience, and skills; or in the case of an individual who is self-employed, yields an income that is comparable to the income received by other individuals who are

workers with disabilities subminimum perpetuates harmful, unfair, and inaccurate stereotypes about the potential and worth of people with disabilities, affects their capacity to earn wages equivalent to those of their peers without disabilities, and diminishes the expectations about and perceived value of their contributions to the workforce and society.

Eliminating subminimum wage employment for people with disabilities, coupled with the implementation of service enhancements and policy changes, is crucial for advancing economic justice and accelerating dignity and self-sufficiency for all people. It ensures that those currently employed in subminimum wage jobs can transition to competitive integrated employment, supported employment, or integrated community activities aligned with their individual aspirations.

On October 4, 2021, the Governor signed Executive Order 26 (2021), which requires all contracts through the Illinois State Use Program to provide payment to workers at no less than the applicable local, if higher, or Illinois minimum wage for all employees performing work on the contract.

(b) Additional service enhancements, rate adjustments, investments, and policy changes are needed to address systemic

- 1 barriers to assist persons with disabilities to access
- 2 increased employment opportunities and earn at or above the
- 3 Illinois minimum wage.
- 4 (c) Collaborative partnerships between State agencies and
- 5 key stakeholder organizations, including, but not limited to,
- 6 those noted in this amendatory Act of the 103rd General
- 7 Assembly, shall result in a complete phase out of Illinois
- 8 Section 14(c) certificates on December 31, 2029.
- 9 Section 5. The Department of Human Services Act is amended
- 10 by adding Sections 1-90 and 1-95 as follows:
- 11 (20 ILCS 1305/1-90 new)
- 12 Sec. 1-90. Program rates. The Department of Healthcare and

- 18 following waiver services: Supported Employment Small Group
- 19 Supports. The amendment shall be filed by January 1, 2025.
- 20 Implementation of any rate increase to the Supported
- 21 Employment Small Group Supports service is subject to
- 22 federal approval of the amendment filed as required in this
