5 Sec. 10. Network adequacy.

6 (a) Before issuing, delivering, or renewing a network  
7 plan, an issuer ~~An insurer~~ providing a network plan shall file  
8 a description of all of the following with the Director:

9 (1) The written policies and procedures for adding  
10 providers to meet patient needs based on increases in the  
11 number of beneficiaries, changes in the  
12 patient-to-provider ratio, changes in medical and health  
13 care capabilities, and increased demand for services.

14 (2) The written policies and procedures for making  
15 referrals within and outside the network.

16 (3) The written policies and procedures on how the  
17 network plan will provide 24-hour, 7-day per week access  
18 to network-affiliated primary care, emergency services,  
19 and women's principal health care providers.

20 An issuer ~~insurer~~ shall not prohibit a preferred provider  
21 from discussing any specific or all treatment options with  
22 beneficiaries irrespective of the insurer's position on those  
23 treatment options or from advocating on behalf of  
24 beneficiaries within the utilization review, grievance, or  
25 appeals processes established by the issuer ~~insurer~~ in

1 accordance with any rights or remedies available under  
2 applicable State or federal law.

3 (b) Before issuing, delivering, or renewing a network  
4 plan, an issuer ~~Insurers~~ must file for review a description of  
5 the services to be offered through a network plan. The  
6 description shall include all of the following:

7 (1) A geographic map of the area proposed to be served  
8 by the plan by county service area and zip code, including  
9 marked locations for preferred providers.

10 (2) As deemed necessary by the Department, the names,  
11 addresses, phone numbers, and specialties of the providers  
12 who have entered into preferred provider agreements under  
13 the network plan.

14 (3) The number of beneficiaries anticipated to be  
15 covered by the network plan.

16 (4) An Internet website and toll-free telephone number  
17 for beneficiaries and prospective beneficiaries to access  
18 current and accurate lists of preferred providers in each  
19 plan, additional information about the plan, as well as  
20 any other information required by Department rule.

21 (5) A description of how health care services to be  
22 rendered under the network plan are reasonably accessible  
23 and available to beneficiaries. The description shall  
24 address all of the following:

25 (A) the type of health care services to be  
26 provided by the network plan;

1 (B) the ratio of physicians and other providers to  
2 beneficiaries, by specialty and including primary care  
3 physicians and facility-based physicians when  
4 applicable under the contract, necessary to meet the  
5 health care needs and service demands of the currently  
6 enrolled population;

7 (C) the travel and distance standards for plan  
8 beneficiaries in county service areas; and

9 (D) a description of how the use of telemedicine,  
10 telehealth, or mobile care services may be used to  
11 partially meet the network adequacy standards, if  
12 applicable.

13 (6) A provision ensuring that whenever a beneficiary  
14 has made a good faith effort, as evidenced by accessing  
15 the provider directory, calling the network plan, and  
16 calling the provider, to utilize preferred providers for a  
17 covered service and it is determined the insurer does not  
18 have the appropriate preferred providers due to  
19 insufficient number, type, unreasonable travel distance or  
20 delay, or preferred providers refusing to provide a  
21 covered service because it is contrary to the conscience  
22 of the preferred providers, as protected by the Health  
23 Care Right of Conscience Act, the issuer ~~insurer~~ shall  
24 ensure, directly or indirectly, by terms contained in the  
25 payer contract, that the beneficiary will be provided the  
26 covered service at no greater cost to the beneficiary than

1 if the service had been provided by a preferred provider.  
2 This paragraph (6) does not apply to: (A) a beneficiary  
3 who willfully chooses to access a non-preferred provider  
4 for health care services available through the panel of  
5 preferred providers, or (B) a beneficiary enrolled in a  
6 health maintenance organization. In these circumstances,  
7 the contractual requirements for non-preferred provider  
8 reimbursements shall apply unless Section 356z.3a of the  
9 Illinois Insurance Code requires otherwise. In no event  
10 shall a beneficiary who receives care at a participating  
11 health care facility be required to search for  
12 participating providers under the circumstances described  
13 in subsection (b) or (b-5) of Section 356z.3a of the  
14 Illinois Insurance Code except under the circumstances  
15 described in paragraph (2) of subsection (b-5).

16 (7) A provision that the beneficiary shall receive  
17 emergency care coverage such that payment for this  
18 coverage is not dependent upon whether the emergency  
19 services are performed by a preferred or non-preferred  
20 provider and the coverage shall be at the same benefit  
21 level as if the service or treatment had been rendered by a  
22 preferred provider. For purposes of this paragraph (7),  
23 "the same benefit level" means that the beneficiary is  
24 provided the covered service at no greater cost to the  
25 beneficiary than if the service had been provided by a  
26 preferred provider. This provision shall be consistent

1 with Section 356z.3a of the Illinois Insurance Code.

2 (8) A limitation that, if the plan provides that the  
3 beneficiary will incur a penalty for failing to  
4 pre-certify inpatient hospital treatment, the penalty may  
5 not exceed \$1,000 per occurrence in addition to the plan  
6 cost sharing provisions.

7 (9) For a network plan to be offered through the  
8 Exchange in the individual or small group market, as well  
9 as any off-Exchange mirror of such a network plan,  
10 evidence that the network plan includes essential  
11 community providers in accordance with rules established  
12 by the Exchange that will operate in this State for the  
13 applicable plan year.

14 (c) The issuer ~~network plan~~ shall demonstrate to the  
15 Director a minimum ratio of providers to plan beneficiaries as  
16 required by the Department for each network plan.

17 (1) The minimum ratio of physicians or other providers  
18 to plan beneficiaries shall be established ~~annually~~ by the  
19 Department in consultation with the Department of Public  
20 Health based upon the guidance from the federal Centers  
21 for Medicare and Medicaid Services. The Department shall  
22 not establish ratios for vision or dental providers who  
23 provide services under dental-specific or vision-specific  
24 benefits, except to the extent provided under federal law  
25 for stand-alone dental plans. The Department shall  
26 consider establishing ratios for the following physicians

1 or other providers:

2 (A) Primary Care;

3 (B) Pediatrics;

4 (C) Cardiology;

5 (D) Gastroenterology;

6 (E) General Surgery;

7 (F) Neurology;

8 (G) OB/GYN;

9 (H) Oncology/Radiation;

10 (I) Ophthalmology;

11 (J) Urology;

12 (K) Behavioral Health;

13 (L) Allergy/Immunology;

14 (M) Chiropractic;

15 (N) Dermatology;

16 (O) Endocrinology;

17 (P) Ears, Nose, and Throat (ENT)/Otolaryngology;

18 (Q) Infectious Disease;

19 (R) Nephrology;

20 (S) Neurosurgery;

21 (T) Orthopedic Surgery;

22 (U) Physiatry/Rehabilitative;

23 (V) Plastic Surgery;

24 (W) Pulmonary;

25 (X) Rheumatology;

26 (Y) Anesthesiology;

- 1 (Z) Pain Medicine;  
2 (AA) Pediatric Specialty Services;  
3 (BB) Outpatient Dialysis; and  
4 (CC) HIV.

5 (2) The Director shall establish a process for the  
6 review of the adequacy of these standards, along with an  
7 assessment of additional specialties to be included in the  
8 list under this subsection (c).

9 (3) Notwithstanding any other law or rule, the minimum  
10 ratio for each provider type shall be no less than any such  
11 ratio established for qualified health plans in  
12 Federally-Facilitated Exchanges by federal law or by the  
13 federal Centers for Medicare and Medicaid Services, even  
14 if the network plan is issued in the large group market or  
15 is otherwise not issued through an exchange. Federal  
16 standards for stand-alone dental plans shall only apply to  
17 such network plans. In the absence of an applicable  
18 Department rule, the federal standards shall apply for the  
19 time period specified in the federal law, regulation, or  
20 guidance. If the Centers for Medicare and Medicaid  
21 Services establish standards that are more stringent than  
22 the standards in effect under any Department rule, the  
23 Department may amend its rules to conform to the more  
24 stringent federal standards.

25 (d) The network plan shall demonstrate to the Director  
26 maximum travel and distance standards and appointment wait

1 time standards for plan beneficiaries, which shall be  
2 established ~~annually~~ by the Department in consultation with  
3 the Department of Public Health based upon the guidance from  
4 the federal Centers for Medicare and Medicaid Services. These  
5 standards shall consist of the maximum minutes or miles to be  
6 traveled by a plan beneficiary for each county type, such as  
7 large counties, metro counties, or rural counties as defined  
8 by Department rule.

9 The maximum travel time and distance standards must  
10 include standards for each physician and other provider  
11 category listed for which ratios have been established.

12 The Director shall establish a process for the review of  
13 the adequacy of these standards along with an assessment of  
14 additional specialties to be included in the list under this  
15 subsection (d).

16 Notwithstanding any other law or Department rule, the  
17 maximum travel time and distance standards and appointment  
18 wait time standards shall be no greater than any such  
19 standards established for qualified health plans in  
20 Federally-Facilitated Exchanges by federal law or by the  
21 federal Centers for Medicare and Medicaid Services, even if  
22 the network plan is issued in the large group market or is  
23 otherwise not issued through an exchange. Federal standards  
24 for stand-alone dental plans shall only apply to such network  
25 plans. In the absence of an applicable Department rule, the  
26 federal standards shall apply for the time period specified in

1 the federal law, regulation, or guidance. If the Centers for  
2 Medicare and Medicaid Services establish standards that are  
3 more stringent than the standards in effect under any  
4 Department rule, the Department may amend its rules to conform  
5 to the more stringent federal standards.

6 If the federal area designations for the maximum time or  
7 distance or appointment wait time standards required are  
8 changed by the most recent Letter to Issuers in the  
9 Federally-facilitated Marketplaces, the Department shall post  
10 on its website notice of such changes and may amend its rules  
11 to conform to those designations if the Director deems  
12 appropriate.

13 (d-5)(1) Every issuer ~~insurer~~ shall ensure that  
14 beneficiaries have timely and proximate access to treatment  
15 for mental, emotional, nervous, or substance use disorders or  
16 conditions in accordance with the provisions of paragraph (4)  
17 of subsection (a) of Section 370c of the Illinois Insurance  
18 Code. Issuers ~~Insurers~~ shall use a comparable process,  
19 strategy, evidentiary standard, and other factors in the  
20 development and application of the network adequacy standards  
21 for timely and proximate access to treatment for mental,  
22 emotional, nervous, or substance use disorders or conditions  
23 and those for the access to treatment for medical and surgical  
24 conditions. As such, the network adequacy standards for timely  
25 and proximate access shall equally be applied to treatment  
26 facilities and providers for mental, emotional, nervous, or

1 substance use disorders or conditions and specialists  
2 providing medical or surgical benefits pursuant to the parity  
3 requirements of Section 370c.1 of the Illinois Insurance Code  
4 and the federal Paul Wellstone and Pete Domenici Mental Health  
5 Parity and Addiction Equity Act of 2008. Notwithstanding the  
6 foregoing, the network adequacy standards for timely and  
7 proximate access to treatment for mental, emotional, nervous,  
8 or substance use disorders or conditions shall, at a minimum,  
9 satisfy the following requirements:

10 (A) For beneficiaries residing in the metropolitan  
11 counties of Cook, DuPage, Kane, Lake, McHenry, and Will,  
12 network adequacy standards for timely and proximate access  
13 to treatment for mental, emotional, nervous, or substance  
14 use disorders or conditions means a beneficiary shall not  
15 have to travel longer than 30 minutes or 30 miles from the  
16 beneficiary's residence to receive outpatient treatment  
17 for mental, emotional, nervous, or substance use disorders  
18 or conditions. Beneficiaries shall not be required to wait  
19 longer than 10 business days between requesting an initial  
20 appointment and being seen by the facility or provider of  
21 mental, emotional, nervous, or substance use disorders or  
22 conditions for outpatient treatment or to wait longer than  
23 20 business days between requesting a repeat or follow-up  
24 appointment and being seen by the facility or provider of  
25 mental, emotional, nervous, or substance use disorders or  
26 conditions for outpatient treatment; however, subject to

1 the protections of paragraph (3) of this subsection, a  
2 network plan shall not be held responsible if the  
3 beneficiary or provider voluntarily chooses to schedule an  
4 appointment outside of these required time frames.

5 (B) For beneficiaries residing in Illinois counties  
6 other than those counties listed in subparagraph (A) of  
7 this paragraph, network adequacy standards for timely and  
8 proximate access to treatment for mental, emotional,  
9 nervous, or substance use disorders or conditions means a  
10 beneficiary shall not have to travel longer than 60  
11 minutes or 60 miles from the beneficiary's residence to  
12 receive outpatient treatment for mental, emotional,  
13 nervous, or substance use disorders or conditions.  
14 Beneficiaries shall not be required to wait longer than 10  
15 business days between requesting an initial appointment  
16 and being seen by the facility or provider of mental,  
17 emotional, nervous, or substance use disorders or  
18 conditions for outpatient treatment or to wait longer than  
19 20 business days between requesting a repeat or follow-up  
20 appointment and being seen by the facility or provider of  
21 mental, emotional, nervous, or substance use disorders or  
22 conditions for outpatient treatment; however, subject to  
23 the protections of paragraph (3) of this subsection, a  
24 network plan shall not be held responsible if the  
25 beneficiary or provider voluntarily chooses to schedule an  
26 appointment outside of these required time frames.

1 (2) For beneficiaries residing in all Illinois counties,  
2 network adequacy standards for timely and proximate access to  
3 treatment for mental, emotional, nervous, or substance use  
4 disorders or conditions means a beneficiary shall not have to  
5 travel longer than 60 minutes or 60 miles from the  
6 beneficiary's residence to receive inpatient or residential  
7 treatment for mental, emotional, nervous, or substance use  
8 disorders or conditions.

9 (3) If there is no in-network facility or provider  
10 available for a beneficiary to receive timely and proximate  
11 access to treatment for mental, emotional, nervous, or  
12 substance use disorders or conditions in accordance with the  
13 network adequacy standards outlined in this subsection, the  
14 issuer ~~insurer~~ shall provide necessary exceptions to its  
15 network to ensure admission and treatment with a provider or  
16 at a treatment facility in accordance with the network  
17 adequacy standards in this subsection.

18 (4) If the federal Centers for Medicare and Medicaid  
19 Services establishes or law requires more stringent standards  
20 for qualified health plans in the Federally-Facilitated  
21 Exchanges, the federal standards shall control for all network  
22 plans for the time period specified in the federal law,  
23 regulation, or guidance, even if the network plan is issued in  
24 the large group market, is issued through a different type of  
25 Exchange, or is otherwise not issued through an Exchange.

26 (e) Except for network plans solely offered as a group

1 health plan, these ratio and time and distance standards apply  
2 to the lowest cost-sharing tier of any tiered network.

3 (f) The network plan may consider use of other health care  
4 service delivery options, such as telemedicine or telehealth,  
5 mobile clinics, and centers of excellence, or other ways of  
6 delivering care to partially meet the requirements set under  
7 this Section.

8 (g) Except for the requirements set forth in subsection  
9 (d-5), issuers ~~insurers~~ who are not able to comply with the  
10 provider ratios and time and distance or appointment wait time  
11 standards established under this Act or federal law ~~by the~~  
12 ~~Department~~ may request an exception to these requirements from  
13 the Department. The Department may grant an exception in the  
14 following circumstances:

15 (1) if no providers or facilities meet the specific  
16 time and distance standard in a specific service area and  
17 the issuer ~~insurer~~ (i) discloses information on the  
18 distance and travel time points that beneficiaries would  
19 have to travel beyond the required criterion to reach the  
20 next closest contracted provider outside of the service  
21 area and (ii) provides contact information, including  
22 names, addresses, and phone numbers for the next closest  
23 contracted provider or facility;

24 (2) if patterns of care in the service area do not  
25 support the need for the requested number of provider or  
26 facility type and the issuer ~~insurer~~ provides data on

1 local patterns of care, such as claims data, referral  
2 patterns, or local provider interviews, indicating where  
3 the beneficiaries currently seek this type of care or  
4 where the physicians currently refer beneficiaries, or  
5 both; or

6 (3) other circumstances deemed appropriate by the  
7 Department consistent with the requirements of this Act.

8 (h) Issuers ~~Insurers~~ are required to report to the  
9 Director any material change to an approved network plan  
10 within 15 business days after the change occurs and any change  
11 that would result in failure to meet the requirements of this  
12 Act. The issuer shall submit a revised version of the portions  
13 of the network adequacy filing affected by the material  
14 change, as determined by the Director by rule, and the issuer  
15 shall attach versions with the changes indicated for each  
16 document that was revised from the previous version of the  
17 filing. Upon notice from the issuer ~~insurer~~, the Director  
18 shall reevaluate the network plan's compliance with the  
19 network adequacy and transparency standards of this Act. For  
20 every day past 15 business days that the issuer fails to submit  
21 a revised network adequacy filing to the Director, the  
22 Director may order a fine of \$5,000 per day.

23 (i) If a network plan is inadequate under this Act with  
24 respect to a provider type in a county, and if the network plan  
25 does not have an approved exception for that provider type in  
26 that county pursuant to subsection (g), an issuer shall cover

1 out-of-network claims for covered health care services  
2 received from that provider type within that county at the  
3 in-network benefit level and shall retroactively adjudicate  
4 and reimburse beneficiaries to achieve that objective if their  
5 claims were processed at the out-of-network level contrary to  
6 this subsection. Nothing in this subsection shall be construed  
7 to supersede Section 356z.3a of the Illinois Insurance Code.

8 (j) If the Director determines that a network is  
9 inadequate in any county and no exception has been granted  
10 under subsection (g) and the issuer does not have a process in  
11 place to comply with subsection (d-5), the Director may  
12 prohibit the network plan from being issued or renewed within  
13 that county until the Director determines that the network is  
14 adequate apart from processes and exceptions described in  
15 subsections (d-5) and (g). Nothing in this subsection shall be  
16 construed to terminate any beneficiary's health insurance  
17 coverage under a network plan before the expiration of the  
18 beneficiary's policy period if the Director makes a  
19 determination under this subsection after the issuance or  
20 renewal of the beneficiary's policy or certificate because of  
21 a material change. Policies or certificates issued or renewed  
22 in violation of this subsection may subject the issuer to a  
23 civil penalty of \$5,000 per policy.

24 (k) For the Department to enforce any new or modified  
25 federal standard before the Department adopts the standard by  
26 rule, the Department must, no later than May 15 before the

1 start of the plan year, give public notice to the affected  
2 health insurance issuers through a bulletin.

6 Sec. 15. Notice of nonrenewal or termination.

7 (a) A network plan must give at least 60 days' notice of  
8 nonrenewal or termination of a provider to the provider and to  
9 the beneficiaries served by the provider. The notice shall  
10 include a name and address to which a beneficiary or provider  
11 may direct comments and concerns regarding the nonrenewal or  
12 termination and the telephone number maintained by the  
13 Department for consumer complaints. Immediate written notice  
14 may be provided without 60 days' notice when a provider's  
15 license has been disciplined by a State licensing board or  
16 when the network plan reasonably believes direct imminent  
17 physical harm to patients under the provider's ~~providers~~ care  
18 may occur. The notice to the beneficiary shall provide the  
19 individual with an opportunity to notify the issuer of the  
20 individual's need for transitional care.

21 (b) Primary care providers must notify active affected  
22 patients of nonrenewal or termination of the provider from the  
23 network plan, except in the case of incapacitation.

1 (215 ILCS 124/20)

2 Sec. 20. Transition of services.

3 (a) A network plan shall provide for continuity of care  
4 for its beneficiaries as follows:

5 (1) If a beneficiary's ~~physician or hospital~~ provider  
6 leaves the network plan's network of providers for reasons  
7 other than termination of a contract in situations  
8 involving imminent harm to a patient or a final  
9 disciplinary action by a State licensing board and the  
10 provider remains within the network plan's service area,  
11 if benefits provided under such network plan with respect  
12 to such provider or facility are terminated because of a  
13 change in the terms of the participation of such provider  
14 or facility in such plan, or if a contract between a group  
15 health plan and a health insurance issuer offering a  
16 network plan in connection with the group health plan is  
17 terminated and results in a loss of benefits provided  
18 under such plan with respect to such provider, then the  
19 network plan shall permit the beneficiary to continue an  
20 ongoing course of treatment with that provider during a  
21 transitional period for the following duration:

22 (A) 90 days from the date of the notice to the  
23 beneficiary of the provider's disaffiliation from the  
24 network plan if the beneficiary has an ongoing course  
25 of treatment; or

26 (B) if the beneficiary has entered the third

1           trimester of pregnancy at the time of the provider's  
2           disaffiliation, a period that includes the provision  
3           of post-partum care directly related to the delivery.

4           (2) Notwithstanding the provisions of paragraph (1) of  
5           this subsection (a), such care shall be authorized by the  
6           network plan during the transitional period in accordance  
7           with the following:

8                   (A) the provider receives continued reimbursement  
9                   from the network plan at the rates and terms and  
10                   conditions applicable under the terminated contract  
11                   prior to the start of the transitional period;

12                   (B) the provider adheres to the network plan's  
13                   quality assurance requirements, including provision to  
14                   the network plan of necessary medical information  
15                   related to such care; and

16                   (C) the provider otherwise adheres to the network  
17                   plan's policies and procedures, including, but not  
18                   limited to, procedures regarding referrals and  
19                   obtaining preauthorizations for treatment.

20           (3) The provisions of this Section governing health  
21           care provided during the transition period do not apply if  
22           the beneficiary has successfully transitioned to another  
23           provider participating in the network plan, if the  
24           beneficiary has already met or exceeded the benefit  
25           limitations of the plan, or if the care provided is not  
26           medically necessary.

1 (b) A network plan shall provide for continuity of care  
2 for new beneficiaries as follows:

3 (1) If a new beneficiary whose provider is not a  
4 member of the network plan's provider network, but is  
5 within the network plan's service area, enrolls in the  
6 network plan, the network plan shall permit the  
7 beneficiary to continue an ongoing course of treatment  
8 with the beneficiary's current physician during a  
9 transitional period:

10 (A) of 90 days from the effective date of  
11 enrollment if the beneficiary has an ongoing course of  
12 treatment; or

13 (B) if the beneficiary has entered the third  
14 trimester of pregnancy at the effective date of  
15 enrollment, that includes the provision of post-partum  
16 care directly related to the delivery.

17 (2) If a beneficiary, or a beneficiary's authorized  
18 representative, elects in writing to continue to receive  
19 care from such provider pursuant to paragraph (1) of this  
20 subsection (b), such care shall be authorized by the  
21 network plan for the transitional period in accordance  
22 with the following:

23 (A) the provider receives reimbursement from the  
24 network plan at rates established by the network plan;

25 (B) the provider adheres to the network plan's  
26 quality assurance requirements, including provision to

1 the network plan of necessary medical information  
2 related to such care; and

3 (C) the provider otherwise adheres to the network  
4 plan's policies and procedures, including, but not  
5 limited to, procedures regarding referrals and  
6 obtaining preauthorization for treatment.

7 (3) The provisions of this Section governing health  
8 care provided during the transition period do not apply if  
9 the beneficiary has successfully transitioned to another  
10 provider participating in the network plan, if the  
11 beneficiary has already met or exceeded the benefit  
12 limitations of the plan, or if the care provided is not  
13 medically necessary.

14 (c) In no event shall this Section be construed to require  
15 a network plan to provide coverage for benefits not otherwise  
16 covered or to diminish or impair preexisting condition  
17 limitations contained in the beneficiary's contract.

18 (d) A provider shall comply with the requirements of 42  
19 U.S.C. 300gg-138.

20 (Source: P.A. 100-502, eff. 9-15-17.)

21 (215 ILCS 124/25)

22 Sec. 25. Network transparency.

23 (a) A network plan shall post electronically an  
24 up-to-date, accurate, and complete provider directory for each  
25 of its network plans, with the information and search

1 functions, as described in this Section.

2 (1) In making the directory available electronically,  
3 the network plans shall ensure that the general public is  
4 able to view all of the current providers for a plan  
5 through a clearly identifiable link or tab and without  
6 creating or accessing an account or entering a policy or  
7 contract number.

8 (2) An issuer's failure to update a network plan's  
9 directory shall subject the issuer to a civil penalty of  
10 \$5,000 per month. The network plan shall update the online  
11 provider directory at least monthly. Providers shall  
12 notify the network plan electronically or in writing  
13 within 10 business days of any changes to their  
14 information as listed in the provider directory, including  
15 the information required in subsections (b), (c), and (d)  
16 subparagraph (K) of paragraph (1) of subsection (b). With  
17 regard to subparagraph (I) of paragraph (1) of subsection  
18 (b), the provider must give notice to the issuer within 20  
19 business days of deciding to cease accepting new patients  
20 covered by the plan if the new patient limitation is  
21 expected to last 40 business days or longer. The network  
22 plan shall update its online provider directory in a  
23 manner consistent with the information provided by the  
24 provider within 2 ~~10~~ business days after being notified of  
25 the change by the provider. Nothing in this paragraph (2)  
26 shall void any contractual relationship between the

1 provider and the plan.

2 (3) At least once every 90 days, the issuer ~~The~~  
3 ~~network plan~~ shall audit each network plan's ~~periodically~~  
4 ~~at least 25% of its~~ provider directories for accuracy,  
5 make any corrections necessary, and retain documentation  
6 of the audit. The network plan shall submit the audit to  
7 the Director upon request. As part of these audits, the  
8 network plan shall contact any provider in its network  
9 that has not submitted a claim to the plan or otherwise  
10 communicated his or her intent to continue participation  
11 in the plan's network. The audits shall comply with 42  
12 U.S.C. 300gg-115(a)(2), except that "provider directory  
13 information" shall include all information required to be  
14 included in a provider directory pursuant to this Act.

15 (4) A network plan shall provide a print copy of a  
16 current provider directory or a print copy of the  
17 requested directory information upon request of a  
18 beneficiary or a prospective beneficiary. Except when an  
19 issuer's print copies use the same provider information as  
20 the electronic provider directory on each print copy's  
21 date of printing, print ~~Print~~ copies must be updated at  
22 least every 90 days ~~quarterly~~ and ~~an~~ errata that reflects  
23 changes in the provider network must be included in each  
24 update ~~updated quarterly~~.

25 (5) For each network plan, a network plan shall  
26 include, in plain language in both the electronic and

1 print directory, the following general information:

2 (A) in plain language, a description of the  
3 criteria the plan has used to build its provider  
4 network;

5 (B) if applicable, in plain language, a  
6 description of the criteria the issuer ~~insurer~~ or  
7 network plan has used to create tiered networks;

8 (C) if applicable, in plain language, how the  
9 network plan designates the different provider tiers  
10 or levels in the network and identifies for each  
11 specific provider, hospital, or other type of facility  
12 in the network which tier each is placed, for example,  
13 by name, symbols, or grouping, in order for a  
14 beneficiary-covered person or a prospective  
15 beneficiary-covered person to be able to identify the  
16 provider tier; and

17 (D) if applicable, a notation that authorization  
18 or referral may be required to access some providers.

19 (6) A network plan shall make it clear for both its  
20 electronic and print directories what provider directory  
21 applies to which network plan, such as including the  
22 specific name of the network plan as marketed and issued  
23 in this State. The network plan shall include in both its  
24 electronic and print directories a customer service email  
25 address and telephone number or electronic link that  
26 beneficiaries or the general public may use to notify the

1 network plan of inaccurate provider directory information  
2 and contact information for the Department's Office of  
3 Consumer Health Insurance.

4 (7) A provider directory, whether in electronic or  
5 print format, shall accommodate the communication needs of  
6 individuals with disabilities, and include a link to or  
7 information regarding available assistance for persons  
8 with limited English proficiency.

9 (b) For each network plan, a network plan shall make  
10 available through an electronic provider directory the  
11 following information in a searchable format:

12 (1) for health care professionals:

3 patients for whom it would be clinically  
4 appropriate;

5 (ii) what modalities are used and what types  
6 of services may be provided via telehealth or  
7 telemedicine; and

8 (iii) whether the provider has the ability and  
9 willingness to include in a telehealth or  
10 telemedicine encounter a family caregiver who is  
11 in a separate location than the patient if the  
12 patient wishes and provides his or her consent;  
13 and

14 (L) whether the health care professional accepts  
15 appointment requests from patients.

16 (2) for hospitals:

23 (A) facility name;

24 (B) facility type;

25 (C) types of services performed; and

26 (D) participating facility location or locations.

1 (c) For the electronic provider directories, for each  
2 network plan, a network plan shall make available all of the  
3 following information in addition to the searchable  
4 information required in this Section:

5 (1) for health care professionals:

11 clinical staff, if applicable;

12 (2) for hospitals, telephone number and digital  
13 contact information; and

14 (3) for facilities other than hospitals, telephone

18 directory information for the applicable network plan:

19 (1) for health care professionals:

20 (A) name;

21 (B) contact information, including a telephone  
22 number and digital contact information if the provider  
23 has supplied digital contact information;

13 willingness to include in a telehealth or  
14 telemedicine encounter a family caregiver who is  
15 in a separate location than the patient if the  
16 patient wishes and provides his or her consent;  
17 and

18 (H) whether the health care professional accepts  
19 appointment requests from patients.

20 (2) for hospitals:

21 (A) hospital name;

22 (B) hospital type (such as acute, rehabilitation,  
23 children's, or cancer); and

26 (3) for facilities, other than hospitals, by type:

- 1 (A) facility name;
- 2 (B) facility type;

6 for each location.

7 (e) The network plan shall include a disclosure in the  
8 print format provider directory that the information included  
9 in the directory is accurate as of the date of printing and  
10 that beneficiaries or prospective beneficiaries should consult  
11 the issuer's ~~insurer's~~ electronic provider directory on its  
12 website and contact the provider. The network plan shall also  
13 include a telephone number in the print format provider  
14 directory for a customer service representative where the  
15 beneficiary can obtain current provider directory information.

16 (f) The Director may conduct periodic audits of the  
17 accuracy of provider directories. A network plan shall not be  
18 subject to any fines or penalties for information required in  
19 this Section that a provider submits that is inaccurate or  
20 incomplete.

21 (g) To the extent not otherwise provided in this Act, an  
22 issuer shall comply with the requirements of 42 U.S.C.  
23 300gg-115, except that "provider directory information" shall  
24 include all information required to be included in a provider  
25 directory pursuant to this Section.

26 (h) This Section applies to network plans not otherwise

1 exempt under Section 3, including stand-alone dental plans.

4 Sec. 30. Administration and enforcement.

5 (a) Issuers ~~Insurers~~, as defined in this Act, have a  
6 continuing obligation to comply with the requirements of this  
7 Act. Other than the duties specifically created in this Act,  
8 nothing in this Act is intended to preclude, prevent, or  
9 require the adoption, modification, or termination of any  
10 utilization management, quality management, or claims  
11 processing methodologies of an issuer ~~insurer~~.

12 (b) Nothing in this Act precludes, prevents, or requires  
13 the adoption, modification, or termination of any network plan  
14 term, benefit, coverage or eligibility provision, or payment  
15 methodology.

16 (c) The Director shall enforce the provisions of this Act  
17 pursuant to the enforcement powers granted to it by law.

18 (d) The Department shall adopt rules to enforce compliance  
19 with this Act to the extent necessary.

20 (e) In accordance with Section 5-45 of the Illinois  
21 Administrative Procedure Act, the Department may adopt  
22 emergency rules to implement federal standards for provider  
23 ratios, travel time and distance, and appointment wait times  
24 if such standards apply to health insurance coverage regulated  
25 by the Department and are more stringent than the State

1 standards extant at the time the final federal standards are  
2 published.

5 Sec. 35. Provider requirements. Providers shall comply  
6 with 42 U.S.C. 300gg-138 and 300gg-139 and the regulations  
7 promulgated thereunder, as well as Section 20 and paragraph  
8 (2) of subsection (a) of Section 25 of this Act, except that  
9 "provider directory information" includes all information  
10 required to be included in a provider directory pursuant to  
11 Section 25 of this Act.

12 (215 ILCS 124/40 new)

13 Sec. 40. Confidentiality.

14 (a) All records in the custody or possession of the  
15 Department are presumed to be open to public inspection or  
16 copying unless exempt from disclosure by Section 7 or 7.5 of  
17 the Freedom of Information Act. Except as otherwise provided  
18 in this Section or other applicable law, the filings required  
19 under this Act shall be open to public inspection or copying.

20 (b) The following information shall not be deemed  
21 confidential:

22 (1) actual or projected ratios of providers to  
23 beneficiaries;

24 (2) actual or projected time and distance between

1 network providers and beneficiaries or actual or projected  
2 waiting times for a beneficiary to see a network provider;

3 (3) geographic maps of network providers;

4 (4) requests for exceptions under subsection (g) of  
5 Section 10, except with respect to any discussion of  
6 ongoing or planned contractual negotiations with providers  
7 that the issuer requests to be treated as confidential;

8 (5) provider directories and provider lists; and

9 (6) insurer or Department statements of determination  
10 as to whether a network plan has satisfied this Act's  
11 requirements regarding the information described in this  
12 subsection.

13 (c) An issuer's work papers and reports on the results of a  
14 self-audit of its provider directories, including any  
15 communications between the issuer and the Department, shall  
16 remain confidential unless expressly waived by the issuer or  
17 unless deemed public information under federal law.

18 (d) The filings required under Section 10 of this Act  
19 shall be confidential while they remain under the Department's  
20 review but shall become open to public inspection and copying  
21 upon completion of the review, except as provided in this

2 Sec. 50. Funds for enforcement. Moneys from fines and  
3 penalties collected from issuers for violations of this Act  
4 shall be deposited into the Insurance Producer Administration

9 Sec. 55. Uniform electronic provider directory information  
10 notification forms.

11 (a) On or before January 1, 2026, the Department shall  
12 develop and publish a uniform electronic provider directory  
13 information form that issuers shall make available to  
14 onboarding, current, and former preferred providers to notify  
15 the issuer of the provider's currently accurate provider  
16 directory information under Section 25 of this Act and 42  
17 U.S.C. 300gg-139. The form shall address information needed  
18 from newly onboarding preferred providers, updates to  
19 previously supplied provider directory information, reporting  
20 an inaccurate directory entry of previously supplied  
21 information, contract terminations, and differences in  
22 information for specific network plans offered by an issuer,  
23 such as whether the provider is a preferred provider for the  
24 network plan or is accepting new patients under that plan. The  
25 Department shall allow issuers to implement this form through

1 either a PDF or a web portal that requests the same  
2 information.

3 (b) Notwithstanding any other provision of law to the  
4 contrary, beginning 6 months after the Department publishes  
5 the uniform electronic provider directory information form and  
6 no later than July 1, 2026, every provider must use the uniform  
7 electronic provider directory information form to notify  
8 issuers of their provider directory information as required  
9 under Section 25 of this Act and 42 U.S.C. 300gg-139. Issuers  
10 shall accept this form as sufficient to update their provider  
11 directories. Issuers shall not accept paper or fax submissions  
12 of provider directory information from providers.

13 (c) The Department shall develop the form required under  
14 this Section with input from a working group including, but  
15 not limited to, the following individuals:

16          associations, at least one of which represents a  
17          State-domiciled mutual health insurance company, with  
18          a demonstrated expertise in the business of health  
19          insurance or health benefits administration; and

20          (H) 2 representatives of a health insurance  
21          consumer advocacy group.

22          (d) The Department shall convene the working group  
23          described in this Section no later than April 1, 2025 and at  
24          least annually thereafter until the Department publishes the  
25          uniform electronic provider directory information form.

26          (e) The Department, in development of the uniform

1 electronic provider directory information form, and the  
2 working group, in offering input, shall take into  
3 consideration the following:

4 (1) readability and user experience;

5 (2) interoperability;

6 (3) existing regulations established by the federal  
7 Centers for Medicare and Medicaid Services, the Department  
8 of Insurance, the Department of Healthcare and Family  
9 Service, the Department of Financial and Professional  
10 Regulation, and the Department of Public Health;

11 (4) potential opportunities to avoid duplication of  
12 data collection efforts, including, but not limited to,  
13 opportunities related to:

14 (A) integrating any provider reporting required  
15 under Section 25 of this Act and 42 U.S.C. 300gg-139  
16 with the provider reporting required under the Health  
17 Care Professional Credentials Data Collection Act;

18 (B) furnishing information to any national  
19 provider directory established by the federal Centers  
20 for Medicare and Medicaid Services or another federal  
21 agency with jurisdiction over health care providers;  
22 and

23 (C) furnishing information in compliance with the  
24 Patients' Right to Know Act;

25 (5) compatibility with the Illinois Health Benefits  
26 Exchange;

1           (6) provider licensing requirements and forms; and  
2           (7) information needed to classify a provider under  
3           any specialty type for which a network adequacy standard  
4           may be established under this Act when a specialty board  
5           certification or State license does not currently exist.

6           Section 2-15. The Managed Care Reform and Patient Rights  
7           Act is amended by changing Sections 20 and 25 as follows:

8           (215 ILCS 134/20)

9           Sec. 20. Notice of nonrenewal or termination. A health  
10          care plan must give at least 60 days notice of nonrenewal or  
11          termination of a health care provider to the health care  
12          provider and to the enrollees served by the health care  
13          provider. The notice shall include a name and address to which  
14          an enrollee or health care provider may direct comments and  
15          concerns regarding the nonrenewal or termination. Immediate  
16          written notice may be provided without 60 days notice when a  
17          health care provider's license has been disciplined by a State  
18          licensing board. The notice to the enrollee shall provide the  
19          individual with an opportunity to notify the health care plan  
20          of the individual's need for transitional care.

22          (215 ILCS 134/25)

23          Sec. 25. Transition of services.

1 (a) A health care plan shall provide for continuity of  
2 care for its enrollees as follows:

3 (1) If an enrollee's health care provider ~~physician~~  
4 leaves the health care plan's network of health care  
5 providers for reasons other than termination of a contract  
6 in situations involving imminent harm to a patient or a  
7 final disciplinary action by a State licensing board and  
8 the provider ~~physician~~ remains within the health care  
9 plan's service area, or if benefits provided under such  
10 health care plan with respect to such provider are  
11 terminated because of a change in the terms of the  
12 participation of such provider in such plan, or if a  
13 contract between a group health plan, as defined in  
14 Section 5 of the Illinois Health Insurance Portability and  
15 Accountability Act, and a health care plan offered in  
16 connection with the group health plan is terminated and  
17 results in a loss of benefits provided under such plan  
18 with respect to such provider, the health care plan shall  
19 permit the enrollee to continue an ongoing course of  
20 treatment with that provider ~~physician~~ during a  
21 transitional period:

22 (A) of 90 days from the date of the notice of  
23 provider's ~~physician's~~ termination from the health  
24 care plan to the enrollee of the provider's  
25 ~~physician's~~ disaffiliation from the health care plan  
26 if the enrollee has an ongoing course of treatment; or

1 (B) if the enrollee has entered the third  
2 trimester of pregnancy at the time of the provider's  
3 ~~physician's~~ disaffiliation, that includes the  
4 provision of post-partum care directly related to the  
5 delivery.

6 (2) Notwithstanding the provisions in item (1) of this  
7 subsection, such care shall be authorized by the health  
8 care plan during the transitional period only if the  
9 provider ~~physician~~ agrees:

10 (A) to continue to accept reimbursement from the  
11 health care plan at the rates applicable prior to the  
12 start of the transitional period;

13 (B) to adhere to the health care plan's quality  
14 assurance requirements and to provide to the health  
15 care plan necessary medical information related to  
16 such care; and

17 (C) to otherwise adhere to the health care plan's  
18 policies and procedures, including but not limited to  
19 procedures regarding referrals and obtaining  
20 preauthorizations for treatment.

21 (3) During an enrollee's plan year, a health care plan  
22 shall not remove a drug from its formulary or negatively  
23 change its preferred or cost-tier sharing unless, at least  
24 60 days before making the formulary change, the health  
25 care plan:

26 (A) provides general notification of the change in

1 its formulary to current and prospective enrollees;

2 (B) directly notifies enrollees currently  
3 receiving coverage for the drug, including information  
4 on the specific drugs involved and the steps they may  
5 take to request coverage determinations and  
6 exceptions, including a statement that a certification  
7 of medical necessity by the enrollee's prescribing  
8 provider will result in continuation of coverage at  
9 the existing level; and

10 (C) directly notifies in writing ~~by first class~~  
11 ~~mail~~ and through an electronic transmission, if  
12 available, the prescribing provider of all health care  
13 plan enrollees currently prescribed the drug affected  
14 by the proposed change; the notice shall include a  
15 one-page form by which the prescribing provider can  
16 notify the health care plan in writing or  
17 electronically ~~by first class mail~~ that coverage of  
18 the drug for the enrollee is medically necessary.

19 The notification in paragraph (C) may direct the  
20 prescribing provider to an electronic portal through which  
21 the prescribing provider may electronically file a  
22 certification to the health care plan that coverage of the  
23 drug for the enrollee is medically necessary. The  
24 prescribing provider may make a secure electronic  
25 signature beside the words "certification of medical  
26 necessity", and this certification shall authorize

1 continuation of coverage for the drug.

2 If the prescribing provider certifies to the health  
3 care plan either in writing or electronically that the  
4 drug is medically necessary for the enrollee as provided  
5 in paragraph (C), a health care plan shall authorize  
6 coverage for the drug prescribed based solely on the  
7 prescribing provider's assertion that coverage is  
8 medically necessary, and the health care plan is  
9 prohibited from making modifications to the coverage  
10 related to the covered drug, including, but not limited  
11 to:

12 (i) increasing the out-of-pocket costs for the  
13 covered drug;

14 (ii) moving the covered drug to a more restrictive  
15 tier; or

16 (iii) denying an enrollee coverage of the drug for  
17 which the enrollee has been previously approved for  
18 coverage by the health care plan.

19 Nothing in this item (3) prevents a health care plan  
20 from removing a drug from its formulary or denying an  
21 enrollee coverage if the United States Food and Drug  
22 Administration has issued a statement about the drug that  
23 calls into question the clinical safety of the drug, the  
24 drug manufacturer has notified the United States Food and  
25 Drug Administration of a manufacturing discontinuance or  
26 potential discontinuance of the drug as required by

1 Section 506C of the Federal Food, Drug, and Cosmetic Act,  
2 as codified in 21 U.S.C. 356c, or the drug manufacturer  
3 has removed the drug from the market.

4 Nothing in this item (3) prohibits a health care plan,  
5 by contract, written policy or procedure, or any other  
6 agreement or course of conduct, from requiring a  
7 pharmacist to effect substitutions of prescription drugs  
8 consistent with Section 19.5 of the Pharmacy Practice Act,  
9 under which a pharmacist may substitute an interchangeable  
10 biologic for a prescribed biologic product, and Section 25  
11 of the Pharmacy Practice Act, under which a pharmacist may  
12 select a generic drug determined to be therapeutically  
13 equivalent by the United States Food and Drug  
14 Administration and in accordance with the Illinois Food,  
15 Drug and Cosmetic Act.

16 This item (3) applies to a policy or contract that is  
17 amended, delivered, issued, or renewed on or after January  
18 1, 2019. This item (3) does not apply to a health plan as  
19 defined in the State Employees Group Insurance Act of 1971  
20 or medical assistance under Article V of the Illinois  
21 Public Aid Code.

22 (b) A health care plan shall provide for continuity of  
23 care for new enrollees as follows:

24 (1) If a new enrollee whose physician is not a member  
25 of the health care plan's provider network, but is within  
26 the health care plan's service area, enrolls in the health

1 care plan, the health care plan shall permit the enrollee  
2 to continue an ongoing course of treatment with the  
3 enrollee's current physician during a transitional period:

4 (A) of 90 days from the effective date of  
5 enrollment if the enrollee has an ongoing course of  
6 treatment; or

7 (B) if the enrollee has entered the third  
8 trimester of pregnancy at the effective date of  
9 enrollment, that includes the provision of post-partum  
10 care directly related to the delivery.

11 (2) If an enrollee elects to continue to receive care  
12 from such physician pursuant to item (1) of this  
13 subsection, such care shall be authorized by the health  
14 care plan for the transitional period only if the  
15 physician agrees:

16 (A) to accept reimbursement from the health care  
17 plan at rates established by the health care plan;  
18 such rates shall be the level of reimbursement  
19 applicable to similar physicians within the health  
20 care plan for such services;

21 (B) to adhere to the health care plan's quality  
22 assurance requirements and to provide to the health  
23 care plan necessary medical information related to  
24 such care; and

25 (C) to otherwise adhere to the health care plan's  
26 policies and procedures including, but not limited to

1 procedures regarding referrals and obtaining  
2 preauthorization for treatment.

3 (c) In no event shall this Section be construed to require  
4 a health care plan to provide coverage for benefits not  
5 otherwise covered or to diminish or impair preexisting  
6 condition limitations contained in the enrollee's contract. In  
7 no event shall this Section be construed to prohibit the  
8 addition of prescription drugs to a health care plan's list of  
9 covered drugs during the coverage year.

10 (d) In this Section, "ongoing course of treatment" has the  
11 meaning ascribed to that term in Section 5 of the Network  
12 Adequacy and Transparency Act.

14 Article 3.

15 Section 3-5. The Illinois Insurance Code is amended by  
16 changing Section 355 as follows:

17 (215 ILCS 5/355) (from Ch. 73, par. 967)

18 Sec. 355. Accident and health policies; provisions.

19 (a) As used in this Section:

20 "Inadequate rate" means a rate:

21 (1) that is insufficient to sustain projected losses  
22 and expenses to which the rate applies; and

23 (2) the continued use of which endangers the solvency

1 of an insurer using that rate.

2 "Large employer" has the meaning provided in the Illinois  
3 Health Insurance Portability and Accountability Act.

4 "Plain language" has the meaning provided in the federal  
5 Plain Writing Act of 2010 and subsequent guidance documents,  
6 including the Federal Plain Language Guidelines.

7 "Unreasonable rate increase" means a rate increase that  
8 the Director determines to be excessive, unjustified, or  
9 unfairly discriminatory in accordance with 45 CFR 154.205.

10 (b) No policy of insurance against loss or damage from the  
11 sickness, or from the bodily injury or death of the insured by  
12 accident shall be issued or delivered to any person in this  
13 State until a copy of the form thereof and of the  
14 classification of risks and the premium rates pertaining  
15 thereto have been filed with the Director; nor shall it be so  
16 issued or delivered until the Director shall have approved  
17 such policy pursuant to the provisions of Section 143. If the  
18 Director disapproves the policy form, he or she shall make a  
19 written decision stating the respects in which such form does  
20 not comply with the requirements of law and shall deliver a  
21 copy thereof to the company and it shall be unlawful  
22 thereafter for any such company to issue any policy in such  
23 form. On and after January 1, 2025, any form filing submitted  
24 for large employer group accident and health insurance shall  
25 be automatically deemed approved within 90 days of the  
26 submission date unless the Director extends by not more than

1 an additional 30 days the period within which the form shall be  
2 approved or disapproved by giving written notice to the  
3 insurer of such extension before the expiration of the 90  
4 days. Any form in receipt of such an extension shall be  
5 automatically deemed approved within 120 days of the  
6 submission date. The Director may toll the filing due to a  
7 conflict in legal interpretation of federal or State law as  
8 long as the tolling is applied uniformly to all applicable  
9 forms, written notification is provided to the insurer prior  
10 to the tolling, the duration of the tolling is provided within  
11 the notice to the insurer, and justification for the tolling  
12 is posted to the Department's website. The Director may  
13 disapprove the filing if the insurer fails to respond to an  
14 objection or request for additional information within the  
15 timeframe identified for response. As used in this subsection,  
16 "large employer" has the meaning given in Section 5 of the  
17 federal Health Insurance Portability and Accountability Act.

18 (c) For plan year 2026 and thereafter, premium rates for  
19 all individual and small group accident and health insurance  
20 policies must be filed with the Department for approval.  
21 Unreasonable rate increases or inadequate rates shall be  
22 modified or disapproved. For any plan year during which the  
23 Illinois Health Benefits Exchange operates as a full  
24 State-based exchange, the Department shall provide insurers at  
25 least 30 days' notice of the deadline to submit rate filings.

26 (c-5) Unless prohibited under federal law, for plan year

1 2026 and thereafter, each insurer proposing to offer a  
2 qualified health plan issued in the individual market through  
3 the Illinois Health Benefits Exchange must incorporate the  
4 following approach in its rate filing under this Section:

5 (1) The rate filing must apply a cost-sharing  
6 reduction defunding adjustment factor within a range that:

7 (A) is uniform across all insurers;

8 (B) is consistent with the total adjustment  
9 expected to be needed to cover actual cost-sharing  
10 reduction costs across all silver plans on the  
11 Illinois Health Benefits Exchange statewide, provided  
12 that such costs are calculated assuming utilization by  
13 the State's full individual-market risk pool; and

14 (C) assumes that the only on-Exchange silver plans  
15 that will be purchased are the 87% and 94%  
16 cost-sharing reduction variations.

17 (2) The rate filing must apply an induced demand  
18 factor based on the following formula: (Plan Actuarial  
19 Value)<sup>2</sup> - (Plan Actuarial Value) + 1.24.

20 In the annual notice to insurers described in subsection  
21 (c), the Department must include the specific numerical range  
22 calculated for the applicable plan year under paragraph (1) of  
23 this subsection (c-5) and the formula in paragraph (2) of this  
24 subsection (c-5).

25 (d) For plan year 2025 and thereafter, the Department  
26 shall post all insurers' rate filings and summaries on the

1 Department's website 5 business days after the rate filing  
2 deadline set by the Department in annual guidance. The rate  
3 filings and summaries posted to the Department's website shall  
4 exclude information that is proprietary or trade secret  
5 information protected under paragraph (g) of subsection (1) of  
6 Section 7 of the Freedom of Information Act or confidential or  
7 privileged under any applicable insurance law or rule. All  
8 summaries shall include a brief justification of any rate  
9 increase or decrease requested, including the number of  
10 individual members, the medical loss ratio, medical trend,  
11 administrative costs, and any other information required by  
12 rule. The plain writing summary shall include notification of  
13 the public comment period established in subsection (e).

14 (e) The Department shall open a 30-day public comment  
15 period on the rate filings beginning on the date that all of  
16 the rate filings are posted on the Department's website. The  
17 Department shall post all of the comments received to the  
18 Department's website within 5 business days after the comment  
19 period ends.

20 (f) After the close of the public comment period described  
21 in subsection (e), the Department, beginning for plan year  
22 2026, shall issue a decision to approve, disapprove, or modify  
23 a rate filing within 60 days. Any rate filing or any rates  
24 within a filing on which the Director does not issue a decision  
25 within 60 days shall automatically be deemed approved. The  
26 Director's decision shall take into account the actuarial

1 justifications and public comments. The Department shall  
2 notify the insurer of the decision, make the decision  
3 available to the public by posting it on the Department's  
4 website, and include an explanation of the findings, actuarial  
5 justifications, and rationale that are the basis for the  
6 decision. Any company whose rate has been modified or  
7 disapproved shall be allowed to request a hearing within 10  
8 days after the action taken. The action of the Director in  
9 disapproving a rate shall be subject to judicial review under  
10 the Administrative Review Law.

11 (g) If, following the issuance of a decision but before  
12 the effective date of the premium rates approved by the  
13 decision, an event occurs that materially affects the  
14 Director's decision to approve, deny, or modify the rates, the  
15 Director may consider supplemental facts or data reasonably  
16 related to the event.

17 (h) The Department shall adopt rules implementing the  
18 procedures described in subsections (d) through (g) by March  
19 31, 2024.

20 (i) Subsection (a) and subsections (c) through (h) of this  
21 Section do not apply to grandfathered health plans as defined  
22 in 45 CFR 147.140; excepted benefits as defined in 42 U.S.C.  
23 300gg-91; student health insurance coverage as defined in 45  
24 CFR 147.145; the large group market as defined in Section 5 of  
25 the Illinois Health Insurance Portability and Accountability  
26 Act; or short-term, limited-duration health insurance coverage

1 as defined in Section 5 of the Short-Term, Limited-Duration  
2 Health Insurance Coverage Act. For a filing of premium rates  
3 or classifications of risk for any of these types of coverage,  
4 the Director's initial review period shall not exceed 60 days  
5 to issue informal objections to the company that request  
6 additional clarification, explanation, substantiating  
7 documentation, or correction of concerns identified in the  
8 filing before the company implements the premium rates,  
9 classifications, or related rate-setting methodologies  
10 described in the filing, except that the Director may extend  
11 by not more than an additional 30 days the period of initial  
12 review by giving written notice to the company of such  
13 extension before the expiration of the initial 60-day period.  
14 Nothing in this subsection shall confer authority upon the  
15 Director to approve, modify, or disapprove rates where that  
16 authority is not provided by other law. Nothing in this  
17 subsection shall prohibit the Director from conducting any  
18 investigation, examination, hearing, or other formal  
19 administrative or enforcement proceeding with respect to a  
20 company's rate filing or implementation thereof under  
21 applicable law at any time, including after the period of  
22 initial review.

24 Section 3-10. The Illinois Health Benefits Exchange Law is  
25 amended by changing Section 5-5 as follows:

1 (215 ILCS 122/5-5)

2 Sec. 5-5. State health benefits exchange. It is declared  
3 that this State, beginning October 1, 2013, in accordance with  
4 Section 1311 of the federal Patient Protection and Affordable  
5 Care Act, shall establish a State health benefits exchange to  
6 be known as the Illinois Health Benefits Exchange in order to  
7 help individuals and small employers with no more than 50  
8 employees shop for, select, and enroll in qualified,  
9 affordable private health plans that fit their needs at  
10 competitive prices. The Exchange shall separate coverage pools  
11 for individuals and small employers and shall supplement and  
12 not supplant any existing private health insurance market for  
13 individuals and small employers. The Department of Insurance  
14 shall operate the Illinois Health Benefits Exchange as a  
15 State-based exchange using the federal platform by plan year  
16 2025 and as a State-based exchange by plan year 2026. The  
17 Director of Insurance may require that all plans in the  
18 individual and small group markets, other than grandfathered  
19 health plans, be made available for comparison on the Illinois  
20 Health Benefits Exchange, but may not require that all plans  
21 in the individual and small group markets be purchased  
22 exclusively on the Illinois Health Benefits Exchange. Through  
23 the adoption of rules, the Director of Insurance may require  
24 that plans offered on the exchange conform with standardized  
25 plan designs that provide for standardized cost sharing for

1 covered health services. Except when it is inconsistent with  
2 State law, the Department of Insurance shall enforce the  
3 coverage requirements under the federal Patient Protection and  
4 Affordable Care Act, including the coverage of all United  
5 States Preventive Services Task Force Grade A and B preventive  
6 services without cost sharing notwithstanding any federal  
7 overturning or repeal of 42 U.S.C. 300gg-13(a)(1), that apply  
8 to the individual and small group markets. Beginning for plan  
9 year 2026, if a health insurance issuer offers a product as  
10 defined under 45 CFR 144.103 at the gold or silver level  
11 through the Illinois Health Benefits Exchange, the issuer must  
12 offer that product at both the gold and silver levels. The  
13 Director of Insurance may elect to add a small business health  
14 options program to the Illinois Health Benefits Exchange to  
15 help small employers enroll their employees in qualified  
16 health plans in the small group market. The General Assembly  
17 shall appropriate funds to establish the Illinois Health  
18 Benefits Exchange.

20 Article 4.

21 Section 4-5. The Illinois Insurance Code is amended by  
22 changing Section 355 as follows:

23 (215 ILCS 5/355) (from Ch. 73, par. 967)

1           Sec. 355. Accident and health policies; provisions.

2           (a) As used in this Section:

3           "Inadequate rate" means a rate:

4                 (1) that is insufficient to sustain projected losses  
5                 and expenses to which the rate applies; and

6                 (2) the continued use of which endangers the solvency  
7                 of an insurer using that rate.

8           "Large employer" has the meaning provided in the Illinois  
9           Health Insurance Portability and Accountability Act.

10           "Plain language" has the meaning provided in the federal  
11           Plain Writing Act of 2010 and subsequent guidance documents,  
12           including the Federal Plain Language Guidelines.

13           "Unreasonable rate increase" means a rate increase that  
14           the Director determines to be excessive, unjustified, or  
15           unfairly discriminatory in accordance with 45 CFR 154.205.

16           (b) No policy of insurance against loss or damage from the  
17           sickness, or from the bodily injury or death of the insured by  
18           accident shall be issued or delivered to any person in this  
19           State until a copy of the form thereof and of the  
20           classification of risks and the premium rates pertaining  
21           thereto have been filed with the Director; nor shall it be so  
22           issued or delivered until the Director shall have approved  
23           such policy pursuant to the provisions of Section 143. If the  
24           Director disapproves the policy form, he or she shall make a  
25           written decision stating the respects in which such form does  
26           not comply with the requirements of law and shall deliver a

1 copy thereof to the company and it shall be unlawful  
2 thereafter for any such company to issue any policy in such  
3 form. On and after January 1, 2025, any form filing submitted  
4 for large employer group accident and health insurance shall  
5 be automatically deemed approved within 90 days of the  
6 submission date unless the Director extends by not more than  
7 an additional 30 days the period within which the form shall be  
8 approved or disapproved by giving written notice to the  
9 insurer of such extension before the expiration of the 90  
10 days. Any form in receipt of such an extension shall be  
11 automatically deemed approved within 120 days of the  
12 submission date. The Director may toll the filing due to a  
13 conflict in legal interpretation of federal or State law as  
14 long as the tolling is applied uniformly to all applicable  
15 forms, written notification is provided to the insurer prior  
16 to the tolling, the duration of the tolling is provided within  
17 the notice to the insurer, and justification for the tolling  
18 is posted to the Department's website. The Director may  
19 disapprove the filing if the insurer fails to respond to an  
20 objection or request for additional information within the  
21 timeframe identified for response. As used in this subsection,  
22 "large employer" has the meaning given in Section 5 of the  
23 federal Health Insurance Portability and Accountability Act.

24 (c) For plan year 2026 and thereafter, premium rates for  
25 all individual and small group accident and health insurance  
26 policies must be filed with the Department for approval.

1 Unreasonable rate increases or inadequate rates shall be  
2 modified or disapproved. For any plan year during which the  
3 Illinois Health Benefits Exchange operates as a full  
4 State-based exchange, the Department shall provide insurers at  
5 least 30 days' notice of the deadline to submit rate filings.

6 (d) For plan year 2025 and thereafter, the Department  
7 shall post all insurers' rate filings and summaries on the  
8 Department's website 5 business days after the rate filing  
9 deadline set by the Department in annual guidance. The rate  
10 filings and summaries posted to the Department's website shall  
11 exclude information that is proprietary or trade secret  
12 information protected under paragraph (g) of subsection (1) of  
13 Section 7 of the Freedom of Information Act or confidential or  
14 privileged under any applicable insurance law or rule. All  
15 summaries shall include a brief justification of any rate  
16 increase or decrease requested, including the number of  
17 individual members, the medical loss ratio, medical trend,  
18 administrative costs, and any other information required by  
19 rule. The plain writing summary shall include notification of  
20 the public comment period established in subsection (e).

21 (e) The Department shall open a 30-day public comment  
22 period on the rate filings beginning on the date that all of  
23 the rate filings are posted on the Department's website. The  
24 Department shall post all of the comments received to the  
25 Department's website within 5 business days after the comment  
26 period ends.

1 (f) After the close of the public comment period described  
2 in subsection (e), the Department, beginning for plan year  
3 2026, shall issue a decision to approve, disapprove, or modify  
4 a rate filing within 60 days. Any rate filing or any rates  
5 within a filing on which the Director does not issue a decision  
6 within 60 days shall automatically be deemed approved. The  
7 Director's decision shall take into account the actuarial  
8 justifications and public comments. The Department shall  
9 notify the insurer of the decision, make the decision  
10 available to the public by posting it on the Department's  
11 website, and include an explanation of the findings, actuarial  
12 justifications, and rationale that are the basis for the  
13 decision. Any company whose rate has been modified or  
14 disapproved shall be allowed to request a hearing within 10  
15 days after the action taken. The action of the Director in  
16 disapproving a rate shall be subject to judicial review under  
17 the Administrative Review Law.

18 (g) If, following the issuance of a decision but before  
19 the effective date of the premium rates approved by the  
20 decision, an event occurs that materially affects the  
21 Director's decision to approve, deny, or modify the rates, the  
22 Director may consider supplemental facts or data reasonably  
23 related to the event.

24 (h) The Department shall adopt rules implementing the  
25 procedures described in subsections (d) through (g) by March  
26 31, 2024.

1 (i) Subsection (a), ~~and~~ subsections (c) through (h), and  
2 subsection (j) of this Section do not apply to grandfathered  
3 health plans as defined in 45 CFR 147.140; excepted benefits  
4 as defined in 42 U.S.C. 300gg-91; student health insurance  
5 coverage as defined in 45 CFR 147.145; ~~the large group market~~  
6 ~~as defined in Section 5 of the Illinois Health Insurance~~  
7 ~~Portability and Accountability Act,~~ or short-term,  
8 limited-duration health insurance coverage as defined in  
9 Section 5 of the Short-Term, Limited-Duration Health Insurance  
10 Coverage Act. For a filing of premium rates or classifications  
11 of risk for any of these types of coverage, the Director's  
12 initial review period shall not exceed 60 days to issue  
13 informal objections to the company that request additional  
14 clarification, explanation, substantiating documentation, or  
15 correction of concerns identified in the filing before the  
16 company implements the premium rates, classifications, or  
17 related rate-setting methodologies described in the filing,  
18 except that the Director may extend by not more than an  
19 additional 30 days the period of initial review by giving  
20 written notice to the company of such extension before the  
21 expiration of the initial 60-day period. Nothing in this  
22 subsection shall confer authority upon the Director to  
23 approve, modify, or disapprove rates where that authority is  
24 not provided by other law. Nothing in this subsection shall  
25 prohibit the Director from conducting any investigation,  
26 examination, hearing, or other formal administrative or

1 enforcement proceeding with respect to a company's rate filing  
2 or implementation thereof under applicable law at any time,  
3 including after the period of initial review.

4 (j) Subsections (c) through (h) do not apply to group  
5 policies issued to large employers. For large employer group  
6 policies issued, delivered, amended, or renewed on or after  
7 January 1, 2026 that are not described in subsection (i), the  
8 premium rates and risk classifications, including any rate  
9 manuals and rules used to arrive at the rates, must be filed  
10 with the Department annually for approval at least 120 days  
11 before the rates are intended to take effect.

12 (1) A rate filing shall be modified or disapproved if  
13 rates will be unreasonable in relation to the benefits,  
14 unjustified, or unfairly discriminatory, or otherwise in  
15 violation of applicable State or federal law.

16 (2) Within 60 days of receipt of the rate filing, the  
17 Director shall issue a decision to approve, disapprove, or  
18 modify the filing along with the reasons and actuarial  
19 justification for the decision. Any rate filing or rates  
20 within a filing on which the Director does not issue a  
21 decision within 60 days shall be automatically deemed  
22 approved.

23 (3) Any company whose rate or rate filing has been  
24 modified or disapproved shall be allowed to request a  
25 hearing within 10 days after the action taken. The action  
26 of the Director in disapproving a rate or rate filing

1       shall be subject to judicial review under the  
2       Administrative Review Law.

3       (4) Nothing in this subsection requires a company to  
4       file a large employer group policy's final premium rates  
5       for prior approval if the company negotiates the final  
6       rates or rate adjustments with the large employer in  
7       accordance with the rate manual and rules of the currently  
8       approved rate filing for the policy.

16       change in rate methodology, or benefits and of any material  
17       modification of any matter or document furnished pursuant to  
18       Section 2-1, together with such supporting documents as are

4 5% of net earned subscription revenue for the most current  
5 12-month period as determined from filed financial statements.

6 (c) Any agreement between the organization and an insurer  
7 shall be subject to the provisions of the laws of this State  
8 regarding reinsurance as provided in Article XI of the

10 filed. Approval of the Director is required for all agreements  
11 except the following: individual stop loss, aggregate excess,  
12 hospitalization benefits or out-of-area of the participating  
13 providers unless 20% or more of the organization's total risk  
14 is reinsured, in which case all reinsurance agreements require  
15 approval.

16 (d) In addition to any applicable provisions of this Act,

18 (c) through (j) ~~(i)~~ of Section 355 of the Illinois Insurance

14 prohibited; rules for excepted benefits.

18 benefits" includes individual, group, or blanket coverage.

19 "Short-term, limited-duration insurance" means any type of  
20 accident and health insurance offered or provided within this  
21 State pursuant to a group or individual policy or individual  
22 certificate by a company, regardless of the situs state of the  
23 delivery of the policy, that has an expiration date specified  
24 in the contract that is fewer than 365 days after the original  
25 effective date. Regardless of the duration of coverage,

1 "short-term, limited-duration insurance" does not include  
2 excepted benefits or any student health insurance coverage.

3 "Student health insurance coverage" has the meaning given  
4 to that term in 45 CFR 147.145.

8 domiciled in this State.

9 (c) To prevent the use, design, and combination of  
10 excepted benefits to circumvent State or federal requirements  
11 for comprehensive forms of health insurance coverage, to  
12 prevent confusion or misinformation of insureds about  
13 duplicate or distinct types of coverage, and to ensure a  
14 measure of consistency within product lines across the  
15 individual, group, and blanket markets, the Department may  
16 adopt rules as deemed necessary that prescribe specific  
17 standards for or restrictions on policy provisions, benefit  
18 design, disclosures, and sales and marketing practices for  
19 excepted benefits. For purposes of these rules, the Director's  
20 authority under subsections (3) and (4) of Section 355a is  
21 extended to group and blanket excepted benefits. To ensure  
22 compliance with these rules, the Director may require policy  
23 forms and rates to be filed as provided in Sections 143 and 355  
24 and rules thereunder with respect to excepted benefits  
25 coverage intended to be issued to residents of this State  
26 under a master contract issued to a group domiciled or

1 otherwise with bona fide situs outside of this State. This  
2 subsection does not apply to limited-scope dental,  
3 limited-scope vision, long-term care, Medicare supplement,  
4 credit life, credit health, or any excepted benefits that are  
5 filed under subsections (b) through (l) of Class 2 or under  
6 Class 3 of Section 4. Nothing in this subsection shall be  
7 construed to limit the Director's authority under other  
8 statutes.

11 (215 ILCS 5/368f)

12 Sec. 368f. Military service member insurance  
13 reinstatement.

14 (a) No Illinois resident activated for military service  
15 and no spouse or dependent of the resident who becomes  
16 eligible for a federal government-sponsored health insurance  
17 program, including the TriCare program providing coverage for  
18 civilian dependents of military personnel, as a result of the  
19 activation shall be denied reinstatement into the same  
20 individual health insurance coverage with the health insurer  
21 that the resident lapsed as a result of activation or becoming  
22 covered by the federal government-sponsored health insurance  
23 program. The resident shall have the right to reinstatement in  
24 the same individual health insurance coverage without medical  
25 underwriting, subject to payment of the current premium

1 charged to other persons of the same age and gender that are  
2 covered under the same individual health coverage. Except in  
3 the case of birth or adoption that occurs during the period of  
4 activation, reinstatement must be into the same coverage type  
5 as the resident held prior to lapsing the individual health  
6 insurance coverage and at the same or, at the option of the  
7 resident, higher deductible level. The reinstatement rights  
8 provided under this subsection (a) are not available to a  
9 resident or dependents if the activated person is discharged

12 being requested must receive a request for reinstatement no  
13 later than 63 days following the later of (i) deactivation or  
14 (ii) loss of coverage under the federal government-sponsored  
15 health insurance program. The health insurer may request proof  
16 of loss of coverage and the timing of the loss of coverage of  
17 the government-sponsored coverage in order to determine  
18 eligibility for reinstatement into the individual coverage.  
19 The effective date of the reinstatement of individual health  
20 coverage shall be the first of the month following receipt of  
21 the notice requesting reinstatement.

22 (c) All insurers must provide written notice to the  
23 policyholder of individual health coverage of the rights  
24 described in subsection (a) of this Section. In lieu of the  
25 inclusion of the notice in the individual health insurance  
26 policy, an insurance company may satisfy the notification

1 requirement by providing a single written notice:

2 (1) in conjunction with the enrollment process for a  
3 policyholder initially enrolling in the individual  
4 coverage on or after the effective date of this amendatory  
5 Act of the 94th General Assembly; or

6 (2) by mailing written notice to policyholders whose  
7 coverage was effective prior to the effective date of this  
8 amendatory Act of the 94th General Assembly no later than  
9 90 days following the effective date of this amendatory  
10 Act of the 94th General Assembly.

11 (d) The provisions of subsection (a) of this Section do  
12 not apply to any policy or certificate providing coverage for  
13 any specified disease, specified accident or accident-only  
14 coverage, credit, dental, disability income, hospital  
15 indemnity or other fixed indemnity, long-term care, Medicare  
16 supplement, vision care, or short-term travel ~~nonrenewable~~  
17 ~~health policy~~ or other limited-benefit supplemental insurance,  
18 or any coverage issued as a supplement to any liability  
19 insurance, workers' compensation or similar insurance, or any  
20 insurance under which benefits are payable with or without  
21 regard to fault, whether written on a group, blanket, or  
22 individual basis.

23 (e) Nothing in this Section shall require an insurer to  
24 reinstate the resident if the insurer requires residency in an  
25 enrollment area and those residency requirements are not met  
26 after deactivation or loss of coverage under the

1 government-sponsored health insurance program.

2 (f) All terms, conditions, and limitations of the  
3 individual coverage into which reinstatement is made apply  
4 equally to all insureds enrolled in the coverage.

5 (g) The Secretary may adopt rules as may be necessary to  
6 carry out the provisions of this Section.

8 (215 ILCS 5/155.37)

9 Sec. 155.37. Drug formulary; notice.

10 (a) Insurance companies that transact the kinds of  
11 insurance authorized under Class 1(b) or Class 2(a) of Section  
12 4 of this Code and provide coverage for prescription drugs  
13 through the use of a drug formulary must notify insureds of any

4 each covered drug;

5 (2) indicate any drugs on the formulary that are  
6 preferred over other drugs on the formulary;

10 benefit and how to obtain coverage information about drugs  
11 that are not covered under the drug benefit;

12 (4) include information to educate insureds that

1 (215 ILCS 5/356z.40)

2 Sec. 356z.40. Pregnancy and postpartum coverage.

3 (a) An individual or group policy of accident and health  
4 insurance or managed care plan amended, delivered, issued, or  
5 renewed on or after the effective date of this amendatory Act  
6 of the 102nd General Assembly shall provide coverage for  
7 pregnancy and newborn care in accordance with 42 U.S.C.  
8 18022(b) regarding essential health benefits.

9 (b) Benefits under this Section shall be as follows:

10 (1) An individual who has been identified as  
11 experiencing a high-risk pregnancy by the individual's  
12 treating provider shall have access to clinically  
13 appropriate case management programs. As used in this  
14 subsection, "case management" means a mechanism to  
15 coordinate and assure continuity of services, including,  
16 but not limited to, health services, social services, and  
17 educational services necessary for the individual. "Case  
18 management" involves individualized assessment of needs,  
19 planning of services, referral, monitoring, and advocacy  
20 to assist an individual in gaining access to appropriate  
21 services and closure when services are no longer required.  
22 "Case management" is an active and collaborative process  
23 involving a single qualified case manager, the individual,  
24 the individual's family, the providers, and the community.  
25 This includes close coordination and involvement with all  
26 service providers in the management plan for that

1 individual or family, including assuring that the  
2 individual receives the services. As used in this  
3 subsection, "high-risk pregnancy" means a pregnancy in  
4 which the pregnant or postpartum individual or baby is at  
5 an increased risk for poor health or complications during  
6 pregnancy or childbirth, including, but not limited to,  
7 hypertension disorders, gestational diabetes, and  
8 hemorrhage.

9 (2) An individual shall have access to medically  
10 necessary treatment of a mental, emotional, nervous, or  
11 substance use disorder or condition consistent with the  
12 requirements set forth in this Section and in Sections  
13 370c and 370c.1 of this Code.

14 (3) The benefits provided for inpatient and outpatient  
15 services for the treatment of a mental, emotional,  
16 nervous, or substance use disorder or condition related to  
17 pregnancy or postpartum complications shall be provided if  
18 determined to be medically necessary, consistent with the  
19 requirements of Sections 370c and 370c.1 of this Code. The  
20 facility or provider shall notify the insurer of both the  
21 admission and the initial treatment plan within 48 hours  
22 after admission or initiation of treatment. Subject to the  
23 requirements of Sections 370c and 370c.1 of this Code,  
24 nothing ~~Nothing~~ in this paragraph shall prevent an insurer  
25 from applying concurrent and post-service utilization  
26 review of health care services, including review of

1 medical necessity, case management, experimental and  
2 investigational treatments, managed care provisions, and  
3 other terms and conditions of the insurance policy.

4 (4) The benefits for the first 48 hours of initiation  
5 of services for an inpatient admission, detoxification or  
6 withdrawal management program, or partial hospitalization  
7 admission for the treatment of a mental, emotional,  
8 nervous, or substance use disorder or condition related to  
9 pregnancy or postpartum complications shall be provided  
10 without post-service or concurrent review of medical  
11 necessity, as the medical necessity for the first 48 hours  
12 of such services shall be determined solely by the covered  
13 pregnant or postpartum individual's provider. Subject to  
14 Section 370c and 370c.1 of this Code, nothing ~~Nothing~~ in  
15 this paragraph shall prevent an insurer from applying  
16 concurrent and post-service utilization review, including  
17 the review of medical necessity, case management,  
18 experimental and investigational treatments, managed care  
19 provisions, and other terms and conditions of the  
20 insurance policy, of any inpatient admission,  
21 detoxification or withdrawal management program admission,  
22 or partial hospitalization admission services for the  
23 treatment of a mental, emotional, nervous, or substance  
24 use disorder or condition related to pregnancy or  
25 postpartum complications received 48 hours after the  
26 initiation of such services. If an insurer determines that

1 the services are no longer medically necessary, then the  
2 covered person shall have the right to external review  
3 pursuant to the requirements of the Health Carrier  
4 External Review Act.

5 (5) If an insurer determines that continued inpatient  
6 care, detoxification or withdrawal management, partial  
7 hospitalization, intensive outpatient treatment, or  
8 outpatient treatment in a facility is no longer medically  
9 necessary, the insurer shall, within 24 hours, provide  
10 written notice to the covered pregnant or postpartum  
11 individual and the covered pregnant or postpartum  
12 individual's provider of its decision and the right to  
13 file an expedited internal appeal of the determination.  
14 The insurer shall review and make a determination with  
15 respect to the internal appeal within 24 hours and  
16 communicate such determination to the covered pregnant or  
17 postpartum individual and the covered pregnant or  
18 postpartum individual's provider. If the determination is  
19 to uphold the denial, the covered pregnant or postpartum  
20 individual and the covered pregnant or postpartum  
21 individual's provider have the right to file an expedited  
22 external appeal. An independent ~~utilization~~ review  
23 organization shall make a determination within 72 hours.  
24 If the insurer's determination is upheld and it is  
25 determined that continued inpatient care, detoxification  
26 or withdrawal management, partial hospitalization,

1 intensive outpatient treatment, or outpatient treatment is  
2 not medically necessary, the insurer shall remain  
3 responsible for providing benefits for the inpatient care,  
4 detoxification or withdrawal management, partial  
5 hospitalization, intensive outpatient treatment, or  
6 outpatient treatment through the day following the date  
7 the determination is made, and the covered pregnant or  
8 postpartum individual shall only be responsible for any  
9 applicable copayment, deductible, and coinsurance for the  
10 stay through that date as applicable under the policy. The  
11 covered pregnant or postpartum individual shall not be  
12 discharged or released from the inpatient facility,  
13 detoxification or withdrawal management, partial  
14 hospitalization, intensive outpatient treatment, or  
15 outpatient treatment until all internal appeals and  
16 independent utilization review organization appeals are  
17 exhausted. A decision to reverse an adverse determination  
18 shall comply with the Health Carrier External Review Act.

19 (6) Except as otherwise stated in this subsection (b),  
20 the benefits and cost-sharing shall be provided to the  
21 same extent as for any other medical condition covered  
22 under the policy.

23 (7) The benefits required by paragraphs (2) and (6) of  
24 this subsection (b) are to be provided to all covered  
25 pregnant or postpartum individuals with a diagnosis of a  
26 mental, emotional, nervous, or substance use disorder or

1 condition. The presence of additional related or unrelated  
2 diagnoses shall not be a basis to reduce or deny the  
3 benefits required by this subsection (b).

5 (215 ILCS 5/370c) (from Ch. 73, par. 982c)

6 Sec. 370c. Mental and emotional disorders.

7 (a) (1) On and after January 1, 2022 (the effective date of  
8 Public Act 102-579), every insurer that amends, delivers,  
9 issues, or renews group accident and health policies providing  
10 coverage for hospital or medical treatment or services for  
11 illness on an expense-incurred basis shall provide coverage  
12 for the medically necessary treatment of mental, emotional,  
13 nervous, or substance use disorders or conditions consistent  
14 with the parity requirements of Section 370c.1 of this Code.

15 (2) Each insured that is covered for mental, emotional,  
16 nervous, or substance use disorders or conditions shall be  
17 free to select the physician licensed to practice medicine in  
18 all its branches, licensed clinical psychologist, licensed  
19 clinical social worker, licensed clinical professional  
20 counselor, licensed marriage and family therapist, licensed  
21 speech-language pathologist, or other licensed or certified  
22 professional at a program licensed pursuant to the Substance  
23 Use Disorder Act of his or her choice to treat such disorders,  
24 and the insurer shall pay the covered charges of such  
25 physician licensed to practice medicine in all its branches,

1 licensed clinical psychologist, licensed clinical social  
2 worker, licensed clinical professional counselor, licensed  
3 marriage and family therapist, licensed speech-language  
4 pathologist, or other licensed or certified professional at a  
5 program licensed pursuant to the Substance Use Disorder Act up  
6 to the limits of coverage, provided (i) the disorder or  
7 condition treated is covered by the policy, and (ii) the  
8 physician, licensed psychologist, licensed clinical social  
9 worker, licensed clinical professional counselor, licensed  
10 marriage and family therapist, licensed speech-language  
11 pathologist, or other licensed or certified professional at a  
12 program licensed pursuant to the Substance Use Disorder Act is  
13 authorized to provide said services under the statutes of this  
14 State and in accordance with accepted principles of his or her  
15 profession.

16 (3) Insofar as this Section applies solely to licensed  
17 clinical social workers, licensed clinical professional  
18 counselors, licensed marriage and family therapists, licensed  
19 speech-language pathologists, and other licensed or certified  
20 professionals at programs licensed pursuant to the Substance  
21 Use Disorder Act, those persons who may provide services to  
22 individuals shall do so after the licensed clinical social  
23 worker, licensed clinical professional counselor, licensed  
24 marriage and family therapist, licensed speech-language  
25 pathologist, or other licensed or certified professional at a  
26 program licensed pursuant to the Substance Use Disorder Act

1 has informed the patient of the desirability of the patient  
2 conferring with the patient's primary care physician.

3 (4) "Mental, emotional, nervous, or substance use disorder  
4 or condition" means a condition or disorder that involves a  
5 mental health condition or substance use disorder that falls  
6 under any of the diagnostic categories listed in the mental  
7 and behavioral disorders chapter of the current edition of the  
8 World Health Organization's International Classification of  
9 Disease or that is listed in the most recent version of the  
10 American Psychiatric Association's Diagnostic and Statistical  
11 Manual of Mental Disorders. "Mental, emotional, nervous, or  
12 substance use disorder or condition" includes any mental  
13 health condition that occurs during pregnancy or during the  
14 postpartum period and includes, but is not limited to,  
15 postpartum depression.

16 (5) Medically necessary treatment and medical necessity  
17 determinations shall be interpreted and made in a manner that  
18 is consistent with and pursuant to subsections (h) through  
19 (t).

20 (b) (1) (Blank).

21 (2) (Blank).

22 (2.5) (Blank).

23 (3) Unless otherwise prohibited by federal law and  
24 consistent with the parity requirements of Section 370c.1 of  
25 this Code, the reimbursing insurer that amends, delivers,  
26 issues, or renews a group or individual policy of accident and

1 health insurance, a qualified health plan offered through the  
2 health insurance marketplace, or a provider of treatment of  
3 mental, emotional, nervous, or substance use disorders or  
4 conditions shall furnish medical records or other necessary  
5 data that substantiate that initial or continued treatment is  
6 at all times medically necessary. An insurer shall provide a  
7 mechanism for the timely review by a provider holding the same  
8 license and practicing in the same specialty as the patient's  
9 provider, who is unaffiliated with the insurer, jointly  
10 selected by the patient (or the patient's next of kin or legal  
11 representative if the patient is unable to act for himself or  
12 herself), the patient's provider, and the insurer in the event  
13 of a dispute between the insurer and patient's provider  
14 regarding the medical necessity of a treatment proposed by a  
15 patient's provider. If the reviewing provider determines the  
16 treatment to be medically necessary, the insurer shall provide  
17 reimbursement for the treatment. Future contractual or  
18 employment actions by the insurer regarding the patient's  
19 provider may not be based on the provider's participation in  
20 this procedure. Nothing prevents the insured from agreeing in  
21 writing to continue treatment at his or her expense. When  
22 making a determination of the medical necessity for a  
23 treatment modality for mental, emotional, nervous, or  
24 substance use disorders or conditions, an insurer must make  
25 the determination in a manner that is consistent with the  
26 manner used to make that determination with respect to other

1 diseases or illnesses covered under the policy, including an  
2 appeals process. Medical necessity determinations for  
3 substance use disorders shall be made in accordance with  
4 appropriate patient placement criteria established by the  
5 American Society of Addiction Medicine. No additional criteria  
6 may be used to make medical necessity determinations for  
7 substance use disorders.

8 (4) A group health benefit plan amended, delivered,  
9 issued, or renewed on or after January 1, 2019 (the effective  
10 date of Public Act 100-1024) or an individual policy of  
11 accident and health insurance or a qualified health plan  
12 offered through the health insurance marketplace amended,  
13 delivered, issued, or renewed on or after January 1, 2019 (the  
14 effective date of Public Act 100-1024):

15 (A) shall provide coverage based upon medical  
16 necessity for the treatment of a mental, emotional,  
17 nervous, or substance use disorder or condition consistent  
18 with the parity requirements of Section 370c.1 of this  
19 Code; provided, however, that in each calendar year  
20 coverage shall not be less than the following:

21 (i) 45 days of inpatient treatment; and

22 (ii) beginning on June 26, 2006 (the effective  
23 date of Public Act 94-921), 60 visits for outpatient  
24 treatment including group and individual outpatient  
25 treatment; and

26 (iii) for plans or policies delivered, issued for

1 delivery, renewed, or modified after January 1, 2007  
2 (the effective date of Public Act 94-906), 20  
3 additional outpatient visits for speech therapy for  
4 treatment of pervasive developmental disorders that  
5 will be in addition to speech therapy provided  
6 pursuant to item (ii) of this subparagraph (A); and

7 (B) may not include a lifetime limit on the number of  
8 days of inpatient treatment or the number of outpatient  
9 visits covered under the plan.

10 (C) (Blank).

11 (5) An issuer of a group health benefit plan or an  
12 individual policy of accident and health insurance or a  
13 qualified health plan offered through the health insurance  
14 marketplace may not count toward the number of outpatient  
15 visits required to be covered under this Section an outpatient  
16 visit for the purpose of medication management and shall cover  
17 the outpatient visits under the same terms and conditions as  
18 it covers outpatient visits for the treatment of physical  
19 illness.

20 (5.5) An individual or group health benefit plan amended,  
21 delivered, issued, or renewed on or after September 9, 2015  
22 (the effective date of Public Act 99-480) shall offer coverage  
23 for medically necessary acute treatment services and medically  
24 necessary clinical stabilization services. The treating  
25 provider shall base all treatment recommendations and the  
26 health benefit plan shall base all medical necessity

1 determinations for substance use disorders in accordance with  
2 the most current edition of the Treatment Criteria for  
3 Addictive, Substance-Related, and Co-Occurring Conditions  
4 established by the American Society of Addiction Medicine. The  
5 treating provider shall base all treatment recommendations and  
6 the health benefit plan shall base all medical necessity  
7 determinations for medication-assisted treatment in accordance  
8 with the most current Treatment Criteria for Addictive,  
9 Substance-Related, and Co-Occurring Conditions established by  
10 the American Society of Addiction Medicine.

11 As used in this subsection:

12 "Acute treatment services" means 24-hour medically  
13 supervised addiction treatment that provides evaluation and  
14 withdrawal management and may include biopsychosocial  
15 assessment, individual and group counseling, psychoeducational  
16 groups, and discharge planning.

17 "Clinical stabilization services" means 24-hour treatment,  
18 usually following acute treatment services for substance  
19 abuse, which may include intensive education and counseling  
20 regarding the nature of addiction and its consequences,  
21 relapse prevention, outreach to families and significant  
22 others, and aftercare planning for individuals beginning to  
23 engage in recovery from addiction.

24 (6) An issuer of a group health benefit plan may provide or  
25 offer coverage required under this Section through a managed  
26 care plan.

1 (6.5) An individual or group health benefit plan amended,  
2 delivered, issued, or renewed on or after January 1, 2019 (the  
3 effective date of Public Act 100-1024):

4 (A) shall not impose prior authorization requirements,  
5 other than those established under the Treatment Criteria  
6 for Addictive, Substance-Related, and Co-Occurring  
7 Conditions established by the American Society of  
8 Addiction Medicine, on a prescription medication approved  
9 by the United States Food and Drug Administration that is  
10 prescribed or administered for the treatment of substance  
11 use disorders;

12 (B) shall not impose any step therapy requirements,  
13 ~~other than those established under the Treatment Criteria~~  
14 ~~for Addictive, Substance Related, and Co Occurring~~  
15 ~~Conditions established by the American Society of~~  
16 ~~Addiction Medicine, before authorizing coverage for a~~  
17 ~~prescription medication approved by the United States Food~~  
18 ~~and Drug Administration that is prescribed or administered~~  
19 ~~for the treatment of substance use disorders;~~

20 (C) shall place all prescription medications approved  
21 by the United States Food and Drug Administration  
22 prescribed or administered for the treatment of substance  
23 use disorders on, for brand medications, the lowest tier  
24 of the drug formulary developed and maintained by the  
25 individual or group health benefit plan that covers brand  
26 medications and, for generic medications, the lowest tier

1 of the drug formulary developed and maintained by the  
2 individual or group health benefit plan that covers  
3 generic medications; and

4 (D) shall not exclude coverage for a prescription  
5 medication approved by the United States Food and Drug  
6 Administration for the treatment of substance use  
7 disorders and any associated counseling or wraparound  
8 services on the grounds that such medications and services  
9 were court ordered.

10 (7) (Blank).

11 (8) (Blank).

12 (9) With respect to all mental, emotional, nervous, or  
13 substance use disorders or conditions, coverage for inpatient  
14 treatment shall include coverage for treatment in a  
15 residential treatment center certified or licensed by the  
16 Department of Public Health or the Department of Human  
17 Services.

18 (c) This Section shall not be interpreted to require  
19 coverage for speech therapy or other habilitative services for  
20 those individuals covered under Section 356z.15 of this Code.

21 (d) With respect to a group or individual policy of  
22 accident and health insurance or a qualified health plan  
23 offered through the health insurance marketplace, the  
24 Department and, with respect to medical assistance, the  
25 Department of Healthcare and Family Services shall each  
26 enforce the requirements of this Section and Sections 356z.23

2 Mental Health Parity and Addiction Equity Act of 2008, 42  
3 U.S.C. 18031(j), and any amendments to, and federal guidance  
4 or regulations issued under, those Acts, including, but not  
5 limited to, final regulations issued under the Paul Wellstone  
6 and Pete Domenici Mental Health Parity and Addiction Equity  
7 Act of 2008 and final regulations applying the Paul Wellstone  
8 and Pete Domenici Mental Health Parity and Addiction Equity  
9 Act of 2008 to Medicaid managed care organizations, the  
10 Children's Health Insurance Program, and alternative benefit  
11 plans. Specifically, the Department and the Department of  
12 Healthcare and Family Services shall take action:

13 (1) proactively ensuring compliance by individual and  
14 group policies, including by requiring that insurers  
15 submit comparative analyses, as set forth in paragraph (6)  
16 of subsection (k) of Section 370c.1, demonstrating how  
17 they design and apply nonquantitative treatment  
18 limitations, both as written and in operation, for mental,  
19 emotional, nervous, or substance use disorder or condition  
20 benefits as compared to how they design and apply  
21 nonquantitative treatment limitations, as written and in  
22 operation, for medical and surgical benefits;

23 (2) evaluating all consumer or provider complaints  
24 regarding mental, emotional, nervous, or substance use  
25 disorder or condition coverage for possible parity  
26 violations;

1           (3) performing parity compliance market conduct  
2 examinations or, in the case of the Department of  
3 Healthcare and Family Services, parity compliance audits  
4 of individual and group plans and policies, including, but  
5 not limited to, reviews of:

6           (A) nonquantitative treatment limitations,  
7 including, but not limited to, prior authorization  
8 requirements, concurrent review, retrospective review,  
9 step therapy, network admission standards,  
10 reimbursement rates, and geographic restrictions;

11           (B) denials of authorization, payment, and  
12 coverage; and

13           (C) other specific criteria as may be determined  
14 by the Department.

15           The findings and the conclusions of the parity compliance  
16 market conduct examinations and audits shall be made public.

17           The Director may adopt rules to effectuate any provisions  
18 of the Paul Wellstone and Pete Domenici Mental Health Parity  
19 and Addiction Equity Act of 2008 that relate to the business of  
20 insurance.

21           (e) Availability of plan information.

22           (1) The criteria for medical necessity determinations  
23 made under a group health plan, an individual policy of  
24 accident and health insurance, or a qualified health plan  
25 offered through the health insurance marketplace with  
26 respect to mental health or substance use disorder

1 benefits (or health insurance coverage offered in  
2 connection with the plan with respect to such benefits)  
3 must be made available by the plan administrator (or the  
4 health insurance issuer offering such coverage) to any  
5 current or potential participant, beneficiary, or  
6 contracting provider upon request.

7 (2) The reason for any denial under a group health  
8 benefit plan, an individual policy of accident and health  
9 insurance, or a qualified health plan offered through the  
10 health insurance marketplace (or health insurance coverage  
11 offered in connection with such plan or policy) of  
12 reimbursement or payment for services with respect to  
13 mental, emotional, nervous, or substance use disorders or  
14 conditions benefits in the case of any participant or  
15 beneficiary must be made available within a reasonable  
16 time and in a reasonable manner and in readily  
17 understandable language by the plan administrator (or the  
18 health insurance issuer offering such coverage) to the  
19 participant or beneficiary upon request.

20 (f) As used in this Section, "group policy of accident and  
21 health insurance" and "group health benefit plan" includes (1)  
22 State-regulated employer-sponsored group health insurance  
23 plans written in Illinois or which purport to provide coverage  
24 for a resident of this State; and (2) State employee health  
25 plans.

26 (g) (1) As used in this subsection:

1 "Benefits", with respect to insurers, means the benefits  
2 provided for treatment services for inpatient and outpatient  
3 treatment of substance use disorders or conditions at American  
4 Society of Addiction Medicine levels of treatment 2.1  
5 (Intensive Outpatient), 2.5 (Partial Hospitalization), 3.1  
6 (Clinically Managed Low-Intensity Residential), 3.3  
7 (Clinically Managed Population-Specific High-Intensity  
8 Residential), 3.5 (Clinically Managed High-Intensity  
9 Residential), and 3.7 (Medically Monitored Intensive  
10 Inpatient) and OMT (Opioid Maintenance Therapy) services.

11 "Benefits", with respect to managed care organizations,  
12 means the benefits provided for treatment services for  
13 inpatient and outpatient treatment of substance use disorders  
14 or conditions at American Society of Addiction Medicine levels  
15 of treatment 2.1 (Intensive Outpatient), 2.5 (Partial  
16 Hospitalization), 3.5 (Clinically Managed High-Intensity  
17 Residential), and 3.7 (Medically Monitored Intensive  
18 Inpatient) and OMT (Opioid Maintenance Therapy) services.

19 "Substance use disorder treatment provider or facility"  
20 means a licensed physician, licensed psychologist, licensed  
21 psychiatrist, licensed advanced practice registered nurse, or  
22 licensed, certified, or otherwise State-approved facility or  
23 provider of substance use disorder treatment.

24 (2) A group health insurance policy, an individual health  
25 benefit plan, or qualified health plan that is offered through  
26 the health insurance marketplace, small employer group health

1 plan, and large employer group health plan that is amended,  
2 delivered, issued, executed, or renewed in this State, or  
3 approved for issuance or renewal in this State, on or after  
4 January 1, 2019 (the effective date of Public Act 100-1023)  
5 shall comply with the requirements of this Section and Section  
6 370c.1. The services for the treatment and the ongoing  
7 assessment of the patient's progress in treatment shall follow  
8 the requirements of 77 Ill. Adm. Code 2060.

9 (3) Prior authorization shall not be utilized for the  
10 benefits under this subsection. The substance use disorder  
11 treatment provider or facility shall notify the insurer of the  
12 initiation of treatment. For an insurer that is not a managed  
13 care organization, the substance use disorder treatment  
14 provider or facility notification shall occur for the  
15 initiation of treatment of the covered person within 2  
16 business days. For managed care organizations, the substance  
17 use disorder treatment provider or facility notification shall  
18 occur in accordance with the protocol set forth in the  
19 provider agreement for initiation of treatment within 24  
20 hours. If the managed care organization is not capable of  
21 accepting the notification in accordance with the contractual  
22 protocol during the 24-hour period following admission, the  
23 substance use disorder treatment provider or facility shall  
24 have one additional business day to provide the notification  
25 to the appropriate managed care organization. Treatment plans  
26 shall be developed in accordance with the requirements and

1 timeframes established in 77 Ill. Adm. Code 2060. If the  
2 substance use disorder treatment provider or facility fails to  
3 notify the insurer of the initiation of treatment in  
4 accordance with these provisions, the insurer may follow its  
5 normal prior authorization processes.

6 (4) For an insurer that is not a managed care  
7 organization, if an insurer determines that benefits are no  
8 longer medically necessary, the insurer shall notify the  
9 covered person, the covered person's authorized  
10 representative, if any, and the covered person's health care  
11 provider in writing of the covered person's right to request  
12 an external review pursuant to the Health Carrier External  
13 Review Act. The notification shall occur within 24 hours  
14 following the adverse determination.

15 Pursuant to the requirements of the Health Carrier  
16 External Review Act, the covered person or the covered  
17 person's authorized representative may request an expedited  
18 external review. An expedited external review may not occur if  
19 the substance use disorder treatment provider or facility  
20 determines that continued treatment is no longer medically  
21 necessary.

22 If an expedited external review request meets the criteria  
23 of the Health Carrier External Review Act, an independent  
24 review organization shall make a final determination of  
25 medical necessity within 72 hours. If an independent review  
26 organization upholds an adverse determination, an insurer

1 shall remain responsible to provide coverage of benefits  
2 through the day following the determination of the independent  
3 review organization. A decision to reverse an adverse  
4 determination shall comply with the Health Carrier External  
5 Review Act.

6 (5) The substance use disorder treatment provider or  
7 facility shall provide the insurer with 7 business days'  
8 advance notice of the planned discharge of the patient from  
9 the substance use disorder treatment provider or facility and  
10 notice on the day that the patient is discharged from the  
11 substance use disorder treatment provider or facility.

12 (6) The benefits required by this subsection shall be  
13 provided to all covered persons with a diagnosis of substance  
14 use disorder or conditions. The presence of additional related  
15 or unrelated diagnoses shall not be a basis to reduce or deny  
16 the benefits required by this subsection.

17 (7) Nothing in this subsection shall be construed to  
18 require an insurer to provide coverage for any of the benefits  
19 in this subsection.

20 (h) As used in this Section:

21 "Generally accepted standards of mental, emotional,  
22 nervous, or substance use disorder or condition care" means  
23 standards of care and clinical practice that are generally  
24 recognized by health care providers practicing in relevant  
25 clinical specialties such as psychiatry, psychology, clinical  
26 sociology, social work, addiction medicine and counseling, and

1 behavioral health treatment. Valid, evidence-based sources  
2 reflecting generally accepted standards of mental, emotional,  
3 nervous, or substance use disorder or condition care include  
4 peer-reviewed scientific studies and medical literature,  
5 recommendations of nonprofit health care provider professional  
6 associations and specialty societies, including, but not  
7 limited to, patient placement criteria and clinical practice  
8 guidelines, recommendations of federal government agencies,  
9 and drug labeling approved by the United States Food and Drug  
10 Administration.

11 "Medically necessary treatment of mental, emotional,  
12 nervous, or substance use disorders or conditions" means a  
13 service or product addressing the specific needs of that  
14 patient, for the purpose of screening, preventing, diagnosing,  
15 managing, or treating an illness, injury, or condition or its  
16 symptoms and comorbidities, including minimizing the  
17 progression of an illness, injury, or condition or its  
18 symptoms and comorbidities in a manner that is all of the  
19 following:

20 (1) in accordance with the generally accepted  
21 standards of mental, emotional, nervous, or substance use  
22 disorder or condition care;

23 (2) clinically appropriate in terms of type,  
24 frequency, extent, site, and duration; and

25 (3) not primarily for the economic benefit of the  
26 insurer, purchaser, or for the convenience of the patient,

1 treating physician, or other health care provider.

2 "Utilization review" means either of the following:

3 (1) prospectively, retrospectively, or concurrently  
4 reviewing and approving, modifying, delaying, or denying,  
5 based in whole or in part on medical necessity, requests  
6 by health care providers, insureds, or their authorized  
7 representatives for coverage of health care services  
8 before, retrospectively, or concurrently with the  
9 provision of health care services to insureds.

10 (2) evaluating the medical necessity, appropriateness,  
11 level of care, service intensity, efficacy, or efficiency  
12 of health care services, benefits, procedures, or  
13 settings, under any circumstances, to determine whether a  
14 health care service or benefit subject to a medical  
15 necessity coverage requirement in an insurance policy is  
16 covered as medically necessary for an insured.

17 "Utilization review criteria" means patient placement  
18 criteria or any criteria, standards, protocols, or guidelines  
19 used by an insurer to conduct utilization review.

20 (i)(1) Every insurer that amends, delivers, issues, or  
21 renews a group or individual policy of accident and health  
22 insurance or a qualified health plan offered through the  
23 health insurance marketplace in this State and Medicaid  
24 managed care organizations providing coverage for hospital or  
25 medical treatment on or after January 1, 2023 shall, pursuant  
26 to subsections (h) through (s), provide coverage for medically

1 necessary treatment of mental, emotional, nervous, or  
2 substance use disorders or conditions.

3 (2) An insurer shall not set a specific limit on the  
4 duration of benefits or coverage of medically necessary  
5 treatment of mental, emotional, nervous, or substance use  
6 disorders or conditions or limit coverage only to alleviation  
7 of the insured's current symptoms.

8 (3) All utilization review conducted ~~medical necessity~~  
9 ~~determinations made~~ by the insurer concerning diagnosis,  
10 prevention, and treatment ~~service intensity, level of care~~  
11 ~~placement, continued stay, and transfer or discharge~~ of  
12 insureds diagnosed with mental, emotional, nervous, or  
13 substance use disorders or conditions shall be conducted in  
14 accordance with the requirements of subsections (k) through  
15 (w) ~~(u)~~.

16 (4) An insurer that authorizes a specific type of  
17 treatment by a provider pursuant to this Section shall not  
18 rescind or modify the authorization after that provider  
19 renders the health care service in good faith and pursuant to  
20 this authorization for any reason, including, but not limited  
21 to, the insurer's subsequent cancellation or modification of  
22 the insured's or policyholder's contract, or the insured's or  
23 policyholder's eligibility. Nothing in this Section shall  
24 require the insurer to cover a treatment when the  
25 authorization was granted based on a material  
26 misrepresentation by the insured, the policyholder, or the

1 provider. Nothing in this Section shall require Medicaid  
2 managed care organizations to pay for services if the  
3 individual was not eligible for Medicaid at the time the  
4 service was rendered. Nothing in this Section shall require an  
5 insurer to pay for services if the individual was not the  
6 insurer's enrollee at the time services were rendered. As used  
7 in this paragraph, "material" means a fact or situation that  
8 is not merely technical in nature and results in or could  
9 result in a substantial change in the situation.

10 (j) An insurer shall not limit benefits or coverage for  
11 medically necessary services on the basis that those services  
12 should be or could be covered by a public entitlement program,  
13 including, but not limited to, special education or an  
14 individualized education program, Medicaid, Medicare,  
15 Supplemental Security Income, or Social Security Disability  
16 Insurance, and shall not include or enforce a contract term  
17 that excludes otherwise covered benefits on the basis that  
18 those services should be or could be covered by a public  
19 entitlement program. Nothing in this subsection shall be  
20 construed to require an insurer to cover benefits that have  
21 been authorized and provided for a covered person by a public  
22 entitlement program. Medicaid managed care organizations are  
23 not subject to this subsection.

24 (k) An insurer shall base any medical necessity  
25 determination or the utilization review criteria that the  
26 insurer, and any entity acting on the insurer's behalf,

1 applies to determine the medical necessity of health care  
2 services and benefits for the diagnosis, prevention, and  
3 treatment of mental, emotional, nervous, or substance use  
4 disorders or conditions on current generally accepted  
5 standards of mental, emotional, nervous, or substance use  
6 disorder or condition care. All denials and appeals shall be  
7 reviewed by a professional with experience or expertise  
8 comparable to the provider requesting the authorization.

9 (1) In conducting utilization review of all covered health  
10 care services for the diagnosis, prevention, and treatment of  
11 ~~For medical necessity determinations relating to level of care~~  
12 ~~placement, continued stay, and transfer or discharge of~~  
13 ~~insureds diagnosed with~~ mental, emotional, and nervous  
14 disorders or conditions, an insurer shall apply the ~~patient~~  
15 ~~placement~~ criteria and guidelines set forth in the most recent  
16 version of the treatment criteria developed by an unaffiliated  
17 nonprofit professional association for the relevant clinical  
18 specialty or, for Medicaid managed care organizations, ~~patient~~  
19 ~~placement~~ criteria and guidelines determined by the Department  
20 of Healthcare and Family Services that are consistent with  
21 generally accepted standards of mental, emotional, nervous or  
22 substance use disorder or condition care. Pursuant to  
23 subsection (b), in conducting utilization review of all  
24 covered services and benefits for the diagnosis, prevention,  
25 and treatment of substance use disorders an insurer shall use  
26 the most recent edition of the patient placement criteria

1 established by the American Society of Addiction Medicine.

2 (m) In conducting utilization review ~~For medical necessity~~  
3 ~~determinations~~ relating to level of care placement, continued  
4 stay, ~~and transfer,~~ ~~or discharge,~~ or any other patient care  
5 decisions that are within the scope of the sources specified  
6 in subsection (l), an insurer shall not apply different,  
7 additional, conflicting, or more restrictive utilization  
8 review criteria than the criteria set forth in those sources.  
9 For all level of care placement decisions, the insurer shall  
10 authorize placement at the level of care consistent with the  
11 assessment of the insured using the relevant patient placement  
12 criteria as specified in subsection (l). If that level of  
13 placement is not available, the insurer shall authorize the  
14 next higher level of care. In the event of disagreement, the  
15 insurer shall provide full detail of its assessment using the  
16 relevant criteria as specified in subsection (l) to the  
17 provider of the service and the patient.

18 ~~Nothing in this subsection or subsection (l) prohibits an~~  
19 ~~insurer from applying utilization review criteria that were~~  
20 ~~developed in accordance with subsection (k) to health care~~  
21 ~~services and benefits for mental, emotional, and nervous~~  
22 ~~disorders or conditions that are not related to medical~~  
23 ~~necessity determinations for level of care placement,~~  
24 ~~continued stay, and transfer or discharge.~~ If an insurer  
25 purchases or licenses utilization review criteria pursuant to  
26 this subsection, the insurer shall verify and document before

1 use that the criteria were developed in accordance with  
2 subsection (k).

3 (n) In conducting utilization review that is outside the  
4 scope of the criteria as specified in subsection (l) or  
5 relates to the advancements in technology or in the types or  
6 levels of care that are not addressed in the most recent  
7 versions of the sources specified in subsection (l), an  
8 insurer shall conduct utilization review in accordance with  
9 subsection (k).

10 (o) This Section does not in any way limit the rights of a  
11 patient under the Medical Patient Rights Act.

12 (p) This Section does not in any way limit early and  
13 periodic screening, diagnostic, and treatment benefits as  
14 defined under 42 U.S.C. 1396d(r).

15 (q) To ensure the proper use of the criteria described in  
16 subsection (l), every insurer shall do all of the following:

17 (1) Educate the insurer's staff, including any third  
18 parties contracted with the insurer to review claims,  
19 conduct utilization reviews, or make medical necessity  
20 determinations about the utilization review criteria.

21 (2) Make the educational program available to other  
22 stakeholders, including the insurer's participating or  
23 contracted providers and potential participants,  
24 beneficiaries, or covered lives. The education program  
25 must be provided at least once a year, in-person or  
26 digitally, or recordings of the education program must be

1 made available to the aforementioned stakeholders.

2 (3) Provide, at no cost, the utilization review  
3 criteria and any training material or resources to  
4 providers and insured patients upon request. For  
5 utilization review criteria not concerning level of care  
6 placement, continued stay, ~~and transfer, or discharge, or~~  
7 other patient care decisions used by the insurer pursuant  
8 to subsection (m), the insurer may place the criteria on a  
9 secure, password-protected website so long as the access  
10 requirements of the website do not unreasonably restrict  
11 access to insureds or their providers. No restrictions  
12 shall be placed upon the insured's or treating provider's  
13 access right to utilization review criteria obtained under  
14 this paragraph at any point in time, including before an  
15 initial request for authorization.

16 (4) Track, identify, and analyze how the utilization  
17 review criteria are used to certify care, deny care, and  
18 support the appeals process.

19 (5) Conduct interrater reliability testing to ensure  
20 consistency in utilization review decision making that  
21 covers how medical necessity decisions are made; this  
22 assessment shall cover all aspects of utilization review  
23 as defined in subsection (h).

24 (6) Run interrater reliability reports about how the  
25 clinical guidelines are used in conjunction with the  
26 utilization review process ~~and parity compliance~~

1       ~~activities.~~

2           (7) Achieve interrater reliability pass rates of at  
3       least 90% and, if this threshold is not met, immediately  
4       provide for the remediation of poor interrater reliability  
5       and interrater reliability testing for all new staff  
6       before they can conduct utilization review without  
7       supervision.

8           (8) Maintain documentation of interrater reliability  
9       testing and the remediation actions taken for those with  
10      pass rates lower than 90% and submit to the Department of  
11      Insurance or, in the case of Medicaid managed care  
12      organizations, the Department of Healthcare and Family  
13      Services the testing results and a summary of remedial  
14      actions as part of parity compliance reporting set forth  
15      in subsection (k) of Section 370c.1.

16          (r) This Section applies to all health care services and  
17      benefits for the diagnosis, prevention, and treatment of  
18      mental, emotional, nervous, or substance use disorders or  
19      conditions covered by an insurance policy, including  
20      prescription drugs.

21          (s) This Section applies to an insurer that amends,  
22      delivers, issues, or renews a group or individual policy of  
23      accident and health insurance or a qualified health plan  
24      offered through the health insurance marketplace in this State  
25      providing coverage for hospital or medical treatment and  
26      conducts utilization review as defined in this Section,

1 including Medicaid managed care organizations, and any entity  
2 or contracting provider that performs utilization review or  
3 utilization management functions on an insurer's behalf.

4 (t) If the Director determines that an insurer has  
5 violated this Section, the Director may, after appropriate  
6 notice and opportunity for hearing, by order, assess a civil  
7 penalty between \$1,000 and \$5,000 for each violation. Moneys  
8 collected from penalties shall be deposited into the Parity  
9 Advancement Fund established in subsection (i) of Section  
10 370c.1.

11 (u) An insurer shall not adopt, impose, or enforce terms  
12 in its policies or provider agreements, in writing or in  
13 operation, that undermine, alter, or conflict with the  
14 requirements of this Section.

15 (v) The provisions of this Section are severable. If any  
16 provision of this Section or its application is held invalid,  
17 that invalidity shall not affect other provisions or  
18 applications that can be given effect without the invalid  
19 provision or application.

20 (w) Beginning January 1, 2026, coverage for inpatient  
21 mental health treatment at participating hospitals shall  
22 comply with the following requirements:

23 (1) Subject to paragraphs (2) and (3) of this  
24 subsection, no policy shall require prior authorization  
25 for admission for such treatment at any participating  
26 hospital.

1           (2) Coverage provided under this subsection also shall  
2           not be subject to concurrent review for the first 72  
3           hours, provided that the hospital must notify the insurer  
4           of both the admission and the initial treatment plan  
5           within 48 hours of admission. A discharge plan must be  
6           fully developed and continuity services prepared to meet  
7           the patient's needs and the patient's community preference  
8           upon release. Nothing in this paragraph supersedes a  
9           health maintenance organization's referral requirement for  
10           services from nonparticipating providers upon a patient's  
11           discharge from a hospital.

12           (3) Treatment provided under this subsection may be  
13           reviewed retrospectively. If coverage is denied  
14           retrospectively, neither the insurer nor the participating  
15           hospital shall bill, and the insured shall not be liable,  
16           for any treatment under this subsection through the date  
17           the adverse determination is issued, other than any  
18           copayment, coinsurance, or deductible for the stay through  
19           that date as applicable under the policy. Coverage shall  
20           not be retrospectively denied for the first 72 hours of  
21           treatment at a participating hospital except:

22                   (A) upon reasonable determination that the  
23                   inpatient mental health treatment was not provided;

24                   (B) upon determination that the patient receiving  
25                   the treatment was not an insured, enrollee, or  
26                   beneficiary under the policy;

1           (C) upon material misrepresentation by the patient  
2           or health care provider. In this item (C), "material"  
3           means a fact or situation that is not merely technical  
4           in nature and results or could result in a substantial  
5           change in the situation; or

6           (D) upon determination that a service was excluded  
7           under the terms of coverage. In that case, the  
8           limitation to billing for a copayment, coinsurance, or  
9           deductible shall not apply.

10          (4) Nothing in this subsection shall be construed to  
11          require a policy to cover any health care service excluded  
12          under the terms of coverage.

13          (x) Notwithstanding any provision of this Section, nothing  
14          shall require the medical assistance program under Article V  
15          of the Illinois Public Aid Code to violate any applicable  
16          federal laws, regulations, or grant requirements or any State  
17          or federal consent decrees. Nothing in subsection (w) shall  
18          prevent the Department of Healthcare and Family Services from  
19          requiring a health care provider to use specified level of  
20          care, admission, continued stay, or discharge criteria,  
21          including, but not limited to, those under Section 5-5.23 of  
22          the Illinois Public Aid Code, as long as the Department of  
23          Healthcare and Family Services does not require a health care  
24          provider to seek prior authorization or concurrent review from  
25          the Department of Healthcare and Family Services, a Medicaid  
26          managed care organization, or a utilization review

1 organization under the circumstances expressly prohibited by  
2 subsection (w).

23 "Department" means the Department of Insurance.

24 "Emergency medical condition" means a medical condition

1 manifesting itself by acute symptoms of sufficient severity,  
2 regardless of the final diagnosis given, such that a prudent  
3 layperson, who possesses an average knowledge of health and  
4 medicine, could reasonably expect the absence of immediate  
5 medical attention to result in:

6 (1) placing the health of the individual (or, with  
7 respect to a pregnant woman, the health of the woman or her  
8 unborn child) in serious jeopardy;

9 (2) serious impairment to bodily functions;

10 (3) serious dysfunction of any bodily organ or part;

11 (4) inadequately controlled pain; or

12 (5) with respect to a pregnant woman who is having  
13 contractions:

14 (A) inadequate time to complete a safe transfer to

19 "Emergency medical screening examination" means a medical  
20 screening examination and evaluation by a physician licensed  
21 to practice medicine in all its branches, or to the extent

24 physician licensed to practice medicine in all its branches to  
25 determine whether the need for emergency services exists.

26 "Emergency services" means, with respect to an enrollee of

8 enrolled in or covered by a health care plan.

9 "Generally accepted standards of care" means standards of  
10 care and clinical practice that are generally recognized by  
11 health care providers practicing in relevant clinical  
12 specialties for the illness, injury, or condition or its  
13 symptoms and comorbidities. Valid, evidence-based sources  
14 reflecting generally accepted standards of care include  
15 peer-reviewed scientific studies and medical literature,  
16 recommendations of nonprofit health care provider professional  
17 associations and specialty societies, including, but not  
18 limited to, patient placement criteria and clinical practice  
19 guidelines, recommendations of federal government agencies,  
20 and drug labeling approved by the United States Food and Drug

1 medical services from the Department of Healthcare and Family  
2 Services, that establishes, operates, or maintains a network  
3 of health care providers that has entered into an agreement  
4 with the plan to provide health care services to enrollees to  
5 whom the plan has the ultimate obligation to arrange for the  
6 provision of or payment for services through organizational  
7 arrangements for ongoing quality assurance, utilization review  
8 programs, or dispute resolution. Nothing in this definition  
9 shall be construed to mean that an independent practice  
10 association or a physician hospital organization that  
11 subcontracts with a health care plan is, for purposes of that  
12 subcontract, a health care plan.

13 For purposes of this definition, "health care plan" shall  
14 not include the following:

15 (1) indemnity health insurance policies including  
16 those using a contracted provider network;

17 (2) health care plans that offer only dental or only  
18 vision coverage;

19 (3) preferred provider administrators, as defined in  
20 Section 370g(g) of the Illinois Insurance Code;

21 (4) employee or employer self-insured health benefit

4           maintenance organization authority in existence as of  
5           January 1, 1999 that are affiliated with a union and that  
6           only extend coverage to union members and their  
7           dependents.

8           "Health care professional" means a physician, a registered  
9           professional nurse, or other individual appropriately licensed

14          Nursing Home Care Act, or other person that is licensed or  
15          otherwise authorized to deliver health care services. Nothing

19          "Health care services" means any services included in the  
20          furnishing to any individual of medical care, or the

23          services for the purpose of preventing, alleviating, curing,

7 illness, injury, or condition or its symptoms and  
8 comorbidities, including minimizing the progression of an  
9 illness, injury, or condition or its symptoms and  
10 comorbidities, in a manner that is all of the following:

11 (1) in accordance with generally accepted standards of  
12 care;

13 (2) clinically appropriate in terms of type,  
14 frequency, extent, site, and duration; and

15 (3) not primarily for the economic benefit of the  
16 health care plan, purchaser, or utilization review  
17 organization, or for the convenience of the patient,  
18 treating physician, or other health care provider.

19 "Person" means a corporation, association, partnership,  
20 limited liability company, sole proprietorship, or any other  
21 legal entity.

22 "Physician" means a person licensed under the Medical

24 "Post-stabilization medical services" means health care  
25 services provided to an enrollee that are furnished in a  
26 licensed hospital by a provider that is qualified to furnish

1 such services, and determined to be medically necessary and  
2 directly related to the emergency medical condition following  
3 stabilization.

4 "Stabilization" means, with respect to an emergency  
5 medical condition, to provide such medical treatment of the  
6 condition as may be necessary to assure, within reasonable  
7 medical probability, that no material deterioration of the  
8 condition is likely to result.

9 "Step therapy requirement" means a fail-first utilization  
10 review or formulary requirement that specifies, as a condition  
11 of coverage under a health care plan, the order in which  
12 certain health care services must be used to treat or manage an  
13 enrollee's health condition.

14 "Step therapy requirement" does not include:

15 (i) the use of utilization review to identify when a  
16 treatment is contraindicated or to limit quantity or  
17 dosage for an enrollee based on utilization review  
18 criteria consistent with generally accepted standards of  
19 care;

20 (ii) the removal of a drug from a formulary or  
21 negatively changing a formulary drug's preferred or  
22 cost-sharing tier;

23 (iii) the fact that an enrollee or the enrollee's  
24 authorized representative must use the medical exceptions  
25 process under Section 45.1 of this Act to obtain coverage  
26 for a drug that is not concurrently listed on the

1 formulary for the enrollee's health care plan. However, if  
2 a health care plan or utilization review program's medical  
3 exceptions process requires an enrollee to fail first on a  
4 formulary drug before approving coverage for an  
5 off-formulary drug, that requirement is a step therapy  
6 requirement;

7 (iv) a requirement that an enrollee or the enrollee's  
8 authorized representative obtain prior authorization for  
9 the requested treatment;

10 (v) for health care plans operated or overseen by the  
11 Department of Healthcare and Family Services, including  
12 Medicaid managed care plans, any utilization controls  
13 mandated by 42 CFR 456.703;

14 (vi) the creation and maintenance by the Department of  
15 Healthcare and Family Services of a Preferred Drug List,  
16 and any requirement that Medicaid managed care  
17 organizations comply with the Preferred Drug List  
18 utilization control process, as described in Section  
19 5-30.14 of the Illinois Public Aid Code; or

20 (vii) the use of utilization review criteria allowed  
21 under subsections (c) through (e) of Section 87 of this  
22 Act for any health care service other than prescription  
23 drugs.

24 "Utilization review" means the evaluation of the medical  
25 necessity, appropriateness, and efficiency of the use of  
26 health care services, procedures, and facilities.

1 "Utilization review" includes either of the following:

2 (1) prospectively, retrospectively, or concurrently  
3 reviewing and approving, modifying, delaying, or denying,  
4 based, in whole or in part, on medical necessity, requests  
5 by health care providers, enrollees, or their authorized  
6 representatives for coverage of health care services  
7 before, retrospectively, or concurrently with the  
8 provision of health care services to enrollees; or

9 (2) evaluating the medical necessity, appropriateness,  
10 level of care, service intensity, efficacy, or efficiency  
11 of health care services, benefits, procedures, or  
12 settings, under any circumstances, to determine whether a  
13 health care service or benefit subject to a medical  
14 necessity coverage requirement in a health care plan is  
15 covered as medically necessary for an enrollee.

16 "Utilization review criteria" means criteria, standards,  
17 protocols, or guidelines used by a utilization review program  
18 to conduct utilization review to ensure that a patient's care  
19 is aligned with generally accepted standards of care and  
20 consistent with State law.

21 "Utilization review program" means a program established  
22 by a person to perform utilization review.

24 (215 ILCS 134/45.1)

25 Sec. 45.1. Medical exceptions procedures required.

1 (a) Notwithstanding any other provision of law, on or  
2 after January 1, 2018 (the effective date of Public Act  
3 99-761), every insurer licensed in this State to sell a policy  
4 of group or individual accident and health insurance or a  
5 health benefits plan shall establish and maintain a medical  
6 exceptions process that allows covered persons or their  
7 authorized representatives to request any clinically  
8 appropriate prescription drug when (1) the drug is not covered  
9 based on the health benefit plan's formulary; (2) the health  
10 benefit plan is discontinuing coverage of the drug on the  
11 plan's formulary for reasons other than safety or other than  
12 because the prescription drug has been withdrawn from the  
13 market by the drug's manufacturer; (3) (blank) ~~the~~  
14 ~~prescription drug alternatives required to be used in~~  
15 ~~accordance with a step therapy requirement (A) has been~~  
16 ~~ineffective in the treatment of the enrollee's disease or~~  
17 ~~medical condition or, based on both sound clinical evidence~~  
18 ~~and medical and scientific evidence, the known relevant~~  
19 ~~physical or mental characteristics of the enrollee, and the~~  
20 ~~known characteristics of the drug regimen, is likely to be~~  
21 ~~ineffective or adversely affect the drug's effectiveness or~~  
22 ~~patient compliance or (B) has caused or, based on sound~~  
23 ~~medical evidence, is likely to cause an adverse reaction or~~  
24 ~~harm to the enrollee; or (4) the number of doses available~~  
25 under a dose restriction for the prescription drug (A) has  
26 been ineffective in the treatment of the enrollee's disease or

3 physical and mental characteristics of the enrollee, and known  
4 characteristics of the drug regimen, is likely to be  
5 ineffective or adversely affect the drug's effective or  
6 patient compliance.

7 (b) The health carrier's established medical exceptions  
8 procedures must require, at a minimum, the following:

9 (1) Any request for approval of coverage made verbally  
10 or in writing (regardless of whether made using a paper or  
11 electronic form or some other writing) at any time shall  
12 be reviewed by appropriate health care professionals.

13 (2) The health carrier must, within 72 hours after  
14 receipt of a request made under subsection (a) of this  
15 Section, either approve or deny the request. In the case  
16 of a denial, the health carrier shall provide the covered  
17 person or the covered person's authorized representative  
18 and the covered person's prescribing provider with the  
19 reason for the denial, an alternative covered medication,  
20 if applicable, and information regarding the procedure for  
21 submitting an appeal to the denial. A health carrier shall  
22 not use the authorization of alternative covered  
23 medications under this Section in a manner that  
24 effectively creates a step therapy requirement.

25 (3) In the case of an expedited coverage  
26 determination, the health carrier must either approve or

1 deny the request within 24 hours after receipt of the  
2 request. In the case of a denial, the health carrier shall  
3 provide the covered person or the covered person's  
4 authorized representative and the covered person's  
5 prescribing provider with the reason for the denial, an  
6 alternative covered medication, if applicable, and  
7 information regarding the procedure for submitting an  
8 appeal to the denial.

12 ~~(2) the patient has tried the required prescription~~

16 ~~(3) the patient is stable on a prescription drug~~  
17 ~~selected by his or her health care provider for the~~  
18 ~~medical condition under consideration while on a current~~  
19 ~~or previous health insurance or health benefit plan.~~

20 (d) Upon the granting of an exception request, the  
21 insurer, health plan, utilization review organization, or  
22 other entity shall authorize the coverage for the drug  
23 prescribed by the enrollee's treating health care provider, to  
24 the extent the prescribed drug is a covered drug under the  
25 policy or contract up to the quantity covered.

26 (e) Any approval of a medical exception request made

1 pursuant to this Section shall be honored for 12 months  
2 following the date of the approval or until renewal of the  
3 plan.

4 (f) Notwithstanding any other provision of this Section,  
5 nothing in this Section shall be interpreted or implemented in  
6 a manner not consistent with the federal Patient Protection  
7 and Affordable Care Act (Public Law 111-148), as amended by  
8 the federal Health Care and Education Reconciliation Act of  
9 2010 (Public Law 111-152), and any amendments thereto, or  
10 regulations or guidance issued under those Acts.

11 (g) Nothing in this Section shall require or authorize the  
12 State agency responsible for the administration of the medical  
13 assistance program established under the Illinois Public Aid  
14 Code to approve, supply, or cover prescription drugs pursuant  
15 to the procedure established in this Section.

17 (215 ILCS 134/85)

18 Sec. 85. Utilization review program registration.

19 (a) No person may conduct a utilization review program in  
20 this State unless once every 2 years the person registers the  
21 utilization review program with the Department and certifies  
22 compliance with the Health Utilization Management Standards of  
23 the American Accreditation Healthcare Commission (URAC)  
24 sufficient to achieve American Accreditation Healthcare  
25 Commission (URAC) accreditation or submits evidence of

1 accreditation by the American Accreditation Healthcare  
2 Commission (URAC) for its Health Utilization Management  
3 Standards. Nothing in this Act shall be construed to require a  
4 health care plan or its subcontractors to become American  
5 Accreditation Healthcare Commission (URAC) accredited.

6 (b) In addition, the Director of the Department, in  
7 consultation with the Director of the Department of Public  
8 Health, may certify alternative utilization review standards  
9 of national accreditation organizations or entities in order  
10 for plans to comply with this Section. Any alternative  
11 utilization review standards shall meet or exceed those  
12 standards required under subsection (a).

13 (b-5) The Department shall recognize the Accreditation  
14 Association for Ambulatory Health Care among the list of  
15 accreditors from which utilization organizations may receive  
16 accreditation and qualify for reduced registration and renewal  
17 fees.

18 (c) The provisions of this Section do not apply to:

19 (1) persons providing utilization review program  
20 services only to the federal government;

21 (2) self-insured health plans under the federal  
22 Employee Retirement Income Security Act of 1974, however,  
23 this Section does apply to persons conducting a  
24 utilization review program on behalf of these health  
25 plans;

26 (3) hospitals and medical groups performing

1 utilization review activities for internal purposes unless  
2 the utilization review program is conducted for another  
3 person.

4 Nothing in this Act prohibits a health care plan or other  
5 entity from contractually requiring an entity designated in  
6 item (3) of this subsection to adhere to the utilization  
7 review program requirements of this Act.

8 (d) This registration shall include submission of all of  
9 the following information regarding utilization review program  
10 activities:

11 (1) The name, address, and telephone number of the  
12 utilization review programs.

13 (2) The organization and governing structure of the  
14 utilization review programs.

15 (3) The number of lives for which utilization review  
16 is conducted by each utilization review program.

17 (4) Hours of operation of each utilization review  
18 program.

19 (5) Description of the grievance process for each  
20 utilization review program.

21 (6) Number of covered lives for which utilization  
22 review was conducted for the previous calendar year for  
23 each utilization review program.

24 (7) Written policies and procedures for protecting  
25 confidential information according to applicable State and  
26 federal laws for each utilization review program.

1 (e) (1) A utilization review program shall have written  
2 procedures for assuring that patient-specific information  
3 obtained during the process of utilization review will be:

4 (A) kept confidential in accordance with applicable  
5 State and federal laws; and

6 (B) shared only with the enrollee, the enrollee's  
7 designee, the enrollee's health care provider, and those  
8 who are authorized by law to receive the information.

9 Summary data shall not be considered confidential if it  
10 does not provide information to allow identification of  
11 individual patients or health care providers.

12 (2) Only a health care professional may make  
13 determinations regarding the medical necessity of health  
14 care services during the course of utilization review.  
15 Only a clinical peer may make an adverse determination.

16 (3) When making retrospective reviews, utilization  
17 review programs shall base reviews solely on the medical  
18 information available to the attending physician or  
19 ordering provider at the time the health care services  
20 were provided.

21 (4) When making prospective, concurrent, and  
22 retrospective determinations, utilization review programs  
23 shall collect only information that is necessary to make  
24 the determination and shall not routinely require health  
25 care providers to numerically code diagnoses or procedures  
26 to be considered for certification, unless required under

1 State or federal Medicare or Medicaid rules or  
2 regulations, but may request such code if available, or  
3 routinely request copies of medical records of all  
4 enrollees reviewed. During prospective or concurrent  
5 review, copies of medical records shall only be required  
6 when necessary to verify that the health care services  
7 subject to review are medically necessary. In these cases,  
8 only the necessary or relevant sections of the medical  
9 record shall be required.

10 (f) If the Department finds that a utilization review  
11 program is not in compliance with this Section, the Department  
12 shall issue a corrective action plan and allow a reasonable  
13 amount of time for compliance with the plan. If the  
14 utilization review program does not come into compliance, the  
15 Department may issue a cease and desist order. Before issuing  
16 a cease and desist order under this Section, the Department  
17 shall provide the utilization review program with a written  
18 notice of the reasons for the order and allow a reasonable  
19 amount of time to supply additional information demonstrating  
20 compliance with requirements of this Section and to request a  
21 hearing. The hearing notice shall be sent by certified mail,  
22 return receipt requested, and the hearing shall be conducted  
23 in accordance with the Illinois Administrative Procedure Act.

24 (g) A utilization review program subject to a corrective  
25 action may continue to conduct business until a final decision  
26 has been issued by the Department.

1 (h) Any adverse determination made by a health care plan  
2 or its subcontractors may be appealed in accordance with  
3 subsection (f) of Section 45.

4 (i) The Director may by rule establish a registration fee  
5 for each person conducting a utilization review program. All  
6 fees paid to and collected by the Director under this Section  
7 shall be deposited into the Insurance Producer Administration  
8 Fund.

10 (215 ILCS 134/87 new)

11 Sec. 87. General standards for use of utilization review  
12 criteria.

13 (a) Except as provided in subsections (g) and (h),  
14 beginning January 1, 2026, all medical necessity  
15 determinations made by a utilization review program shall be  
16 conducted in accordance with the requirements of this Section.  
17 No policy, contract, certificate, or evidence of coverage  
18 issued to any enrollee, nor any formulary, may contain terms  
19 or conditions to the contrary.

20 (b) A utilization review program shall base any medical  
21 necessity determination or the utilization review criteria  
22 that the program applies to determine the medical necessity of  
23 health care services and benefits on current generally  
24 accepted standards of care.

25 (c) Subject to subsection (i), a utilization review

1 program shall apply the most recent version of:

2 (1) the treatment criteria, at the time the service or  
3 treatment was delivered, developed by an unaffiliated  
4 nonprofit professional association for the relevant  
5 clinical specialty;

6 (2) nationally recognized, evidence-based treatment  
7 criteria reflecting current generally accepted standards  
8 of care when:

9 (A) such national criteria are developed and  
10 updated annually by a third-party entity that does not  
11 receive direct payments based on the outcome of the  
12 clinical care decisions; and

13 (B) for utilization review programs with respect  
14 to health care plans subject to this Act, neither the  
15 developing entity nor the utilization review program  
16 customizes or adapts such national criteria, and the  
17 developing entity does not offer the utilization  
18 review program a choice the among more than one  
19 distinct set of criteria for the same health care  
20 service, except to the extent necessary for all  
21 utilization review programs subject to this Section to  
22 comply with State or federal requirements applicable  
23 to each health care plan that they offer or administer  
24 as provided in subsection (i); or

25 (3) for health care plans operated or overseen by the  
26 Department of Healthcare and Family Services, including

1 Medicaid managed care plans, when neither of the preceding  
2 types of sources offers treatment criteria for a covered  
3 item or service, treatment criteria determined by the  
4 Department of Healthcare and Family Services that are not  
5 inconsistent with generally accepted standards of care.

6 (d) For medical necessity determinations that are within  
7 the scope of the sources specified in subsection (c), a  
8 utilization review program shall not apply different,  
9 additional, conflicting, or more restrictive utilization  
10 review criteria than the criteria set forth in those sources.  
11 For all level of care placement decisions, the utilization  
12 review program or health care plan shall authorize placement  
13 at the level of care consistent with the assessment of the  
14 enrollee using the relevant patient placement criteria as  
15 specified in subsection (c). If that level of placement is not  
16 available, the utilization review program or health care plan  
17 shall authorize the next highest level of care. In the event of  
18 disagreement, the utilization review program shall provide  
19 full detail of its assessment using the relevant criteria as  
20 specified in subsection (c) to the provider of the service and  
21 the patient.

22 (e) In conducting utilization review that is outside the  
23 scope of the criteria specified in subsection (c) or that  
24 relates to the advancements in technology or in the types or  
25 levels of care that are not addressed in the most recent  
26 versions of the sources specified in subsection (c), a

1 utilization review program shall conduct utilization review in  
2 accordance with subsection (b). If a utilization review  
3 program purchases or licenses utilization review criteria  
4 pursuant to this subsection, the utilization review program  
5 shall verify and document before use that the criteria were  
6 developed in accordance with subsection (b).

7 (f) To ensure the proper use of utilization review  
8 criteria that were not developed under or that diverge from  
9 those developed under subsection (c), every health care plan  
10 shall do all of the following:

11 (1) Make an educational program available to the  
12 health care plan's staff, as well as the staff of any other  
13 utilization review program contracted to review claims,  
14 conduct utilization reviews, or make medical necessity  
15 determinations about the utilization review criteria.

16 (2) Make the educational program available, at no  
17 cost, to other stakeholders, including the health care  
18 plan's participating or contracted providers and potential  
19 enrollees. The education program must be provided at least  
20 once a year, in person or digitally, or recordings of the  
21 education program must be made available to those  
22 stakeholders.

23 (3) Provide, at no cost, the utilization review  
24 criteria and any training material or resources to  
25 providers and enrollees upon request. The health care plan  
26 may place the criteria on a secure, password-protected

1 website so long as the access requirements of the website  
2 do not unreasonably restrict access to enrollees or their  
3 providers. No restrictions shall be placed upon the  
4 enrollee's or treating provider's access right to  
5 utilization review criteria obtained under this paragraph  
6 at any point in time, including before an initial request  
7 for authorization.

8 (4) Track, identify, and analyze how the utilization  
9 review criteria are used to certify care, deny care, and  
10 support the appeals process.

11 (5) Conduct interrater reliability testing to ensure  
12 consistency in utilization review decision-making that  
13 covers how medical necessity decisions are made. This  
14 assessment shall cover all aspects of utilization review  
15 as defined in Section 10.

16 (6) Run interrater reliability reports about how the  
17 clinical guidelines are used in conjunction with the  
18 utilization review process.

19 (7) Achieve interrater reliability pass rates of at  
20 least 90% and, if this threshold is not met, immediately  
21 provide for the remediation of poor interrater reliability  
22 and interrater reliability testing for all new staff  
23 before they can conduct utilization review without  
24 supervision.

25 (8) Maintain documentation of interrater reliability  
26 testing and the remediation actions taken for those with

1 pass rates lower than 90% and submit to the Department of  
2 Insurance or, in the case of Medicaid managed care  
3 organizations, the Department of Healthcare and Family  
4 Services the testing results and a summary of remedial  
5 actions.

6 (g) Beginning January 1, 2025, no utilization review  
7 program or any policy, contract, certificate, evidence of  
8 coverage, or formulary shall impose step therapy requirements.  
9 Nothing in this subsection prohibits a health care plan, by  
10 contract, written policy or procedure, or any other agreement  
11 or course of conduct, from requiring a pharmacist to effect  
12 substitutions of prescription drugs consistent with Section  
13 19.5 of the Pharmacy Practice Act, under which a pharmacist  
14 may substitute an interchangeable biologic for a prescribed  
15 biologic product, and Section 25 of the Pharmacy Practice Act,  
16 under which a pharmacist may select a generic drug determined  
17 to be therapeutically equivalent by the United States Food and  
18 Drug Administration and in accordance with the Illinois Food,  
19 Drug and Cosmetic Act. For health care plans operated or  
20 overseen by the Department of Healthcare and Family Services,  
21 including Medicaid managed care plans, the prohibition in this  
22 subsection does not apply to step therapy requirements for  
23 drugs that do not appear on the most recent Preferred Drug List  
24 published by the Department of Healthcare and Family Services.

25 (h) Except for subsection (g), this Section does not apply  
26 to utilization review concerning diagnosis, prevention, and

1 treatment of mental, emotional, nervous, or substance use  
2 disorders or conditions, which shall be governed by Section  
3 370c of the Illinois Insurance Code.

4 (i) Nothing in this Section shall be construed to  
5 supersede or waive requirements provided under any other State  
6 or federal law or federal regulation that any coverage subject  
7 to this Section comply with specific utilization review  
8 criteria for a specific illness, level of care placement,  
9 injury, or condition or its symptoms and comorbidities.

3 health care professional or health care provider has agreed in  
4 advance to receive notices electronically. The health  
5 insurance issuer shall ensure that the new or amended  
6 requirement is not implemented unless the health insurance  
7 issuer's or its contracted utilization review organization's  
8 website has been updated to reflect the new or amended  
9 requirement or restriction.

10 (g) Entities using prior authorization shall make  
11 statistics available regarding prior authorization approvals  
12 and denials on their website in a readily accessible format.

1 appealed requests that reversed the adverse determination;

2 (5) the average time between submission and response;

3 and

4 (6) any other information as the Director determines

5 appropriate.

7 Section 6-25. The Illinois Public Aid Code is amended by  
8 changing Section 5-16.12 as follows:

9 (305 ILCS 5/5-16.12)

10 Sec. 5-16.12. Managed Care Reform and Patient Rights Act.  
11 The medical assistance program and other programs administered  
12 by the Department are subject to the provisions of the Managed  
13 Care Reform and Patient Rights Act. The Department may adopt  
14 rules to implement those provisions. These rules shall require  
15 compliance with that Act in the medical assistance managed  
16 care programs and other programs administered by the  
17 Department. The medical assistance fee-for-service program is  
18 not subject to the provisions of the Managed Care Reform and  
19 Patient Rights Act, except for Sections 85 and 87 of the  
20 Managed Care Reform and Patient Rights Act and for any  
21 definition in Section 10 of the Managed Care Reform and  
22 Patient Rights Act that applies to Sections 85 and 87 of the  
23 Managed Care Reform and Patient Rights Act.

24 Nothing in the Managed Care Reform and Patient Rights Act

1 shall be construed to mean that the Department is a health care  
2 plan as defined in that Act simply because the Department  
3 enters into contractual relationships with health care plans;  
4 provided that this clause shall not defeat the applicability  
5 of Sections 10, 85, and 87 of the Managed Care Reform and  
6 Patient Rights Act to the fee-for-service program.

9 Section 99-95. No acceleration or delay. Where this Act  
10 makes changes in a statute that is represented in this Act by  
11 text that is not yet or no longer in effect (for example, a

13 text does not accelerate or delay the taking effect of (i) the  
14 changes made by this Act or (ii) provisions derived from any  
15 other Public Act.

16 Section 99-99. Effective date. This Act takes effect
