6 Sec. 10. Network adequacy.

7 (a) Before issuing, delivering, or renewing a network
8 plan, an issuer ~~An insurer~~ providing a network plan shall file
9 a description of all of the following with the Director:

10 (1) The written policies and procedures for adding
11 providers to meet patient needs based on increases in the
12 number of beneficiaries, changes in the
13 patient-to-provider ratio, changes in medical and health
14 care capabilities, and increased demand for services.

15 (2) The written policies and procedures for making
16 referrals within and outside the network.

17 (3) The written policies and procedures on how the
18 network plan will provide 24-hour, 7-day per week access
19 to network-affiliated primary care, emergency services,
20 and women's principal health care providers.

21 An issuer ~~insurer~~ shall not prohibit a preferred provider
22 from discussing any specific or all treatment options with
23 beneficiaries irrespective of the insurer's position on those
24 treatment options or from advocating on behalf of
25 beneficiaries within the utilization review, grievance, or

1 appeals processes established by the issuer ~~insurer~~ in
2 accordance with any rights or remedies available under
3 applicable State or federal law.

4 (b) Before issuing, delivering, or renewing a network
5 plan, an issuer ~~Insurers~~ must file for review a description of
6 the services to be offered through a network plan. The
7 description shall include all of the following:

8 (1) A geographic map of the area proposed to be served
9 by the plan by county service area and zip code, including
10 marked locations for preferred providers.

11 (2) As deemed necessary by the Department, the names,
12 addresses, phone numbers, and specialties of the providers
13 who have entered into preferred provider agreements under
14 the network plan.

15 (3) The number of beneficiaries anticipated to be
16 covered by the network plan.

19 current and accurate lists of preferred providers in each
20 plan, additional information about the plan, as well as
21 any other information required by Department rule.

22 (5) A description of how health care services to be
23 rendered under the network plan are reasonably accessible
24 and available to beneficiaries. The description shall
25 address all of the following:

26 (A) the type of health care services to be

1 provided by the network plan;

2 (B) the ratio of physicians and other providers to
3 beneficiaries, by specialty and including primary care
4 physicians and facility-based physicians when
5 applicable under the contract, necessary to meet the
6 health care needs and service demands of the currently
7 enrolled population;

8 (C) the travel and distance standards for plan
9 beneficiaries in county service areas; and

10 (D) a description of how the use of telemedicine,
11 telehealth, or mobile care services may be used to
12 partially meet the network adequacy standards, if
13 applicable.

14 (6) A provision ensuring that whenever a beneficiary
15 has made a good faith effort, as evidenced by accessing
16 the provider directory, calling the network plan, and
17 calling the provider, to utilize preferred providers for a
18 covered service and it is determined the insurer does not
19 have the appropriate preferred providers due to
20 insufficient number, type, unreasonable travel distance or
21 delay, or preferred providers refusing to provide a
22 covered service because it is contrary to the conscience
23 of the preferred providers, as protected by the Health
24 Care Right of Conscience Act, the issuer ~~insurer~~ shall
25 ensure, directly or indirectly, by terms contained in the
26 payer contract, that the beneficiary will be provided the

1 covered service at no greater cost to the beneficiary than
2 if the service had been provided by a preferred provider.
3 This paragraph (6) does not apply to: (A) a beneficiary
4 who willfully chooses to access a non-preferred provider
5 for health care services available through the panel of
6 preferred providers, or (B) a beneficiary enrolled in a
7 health maintenance organization. In these circumstances,
8 the contractual requirements for non-preferred provider
9 reimbursements shall apply unless Section 356z.3a of the
10 Illinois Insurance Code requires otherwise. In no event
11 shall a beneficiary who receives care at a participating
12 health care facility be required to search for
13 participating providers under the circumstances described
14 in subsection (b) or (b-5) of Section 356z.3a of the
15 Illinois Insurance Code except under the circumstances
16 described in paragraph (2) of subsection (b-5).

17 (7) A provision that the beneficiary shall receive
18 emergency care coverage such that payment for this
19 coverage is not dependent upon whether the emergency
20 services are performed by a preferred or non-preferred
21 provider and the coverage shall be at the same benefit
22 level as if the service or treatment had been rendered by a
23 preferred provider. For purposes of this paragraph (7),
24 "the same benefit level" means that the beneficiary is
25 provided the covered service at no greater cost to the
26 beneficiary than if the service had been provided by a

1 preferred provider. This provision shall be consistent
2 with Section 356z.3a of the Illinois Insurance Code.

3 (8) A limitation that, if the plan provides that the
4 beneficiary will incur a penalty for failing to
5 pre-certify inpatient hospital treatment, the penalty may
6 not exceed \$1,000 per occurrence in addition to the plan
7 cost sharing provisions.

8 (9) For a network plan to be offered through the
9 Exchange in the individual or small group market, as well
10 as any off-Exchange mirror of such a network plan,
11 evidence that the network plan includes essential
12 community providers in accordance with rules established
13 by the Exchange that will operate in this State for the
14 applicable plan year.

15 (c) The issuer ~~network plan~~ shall demonstrate to the
16 Director a minimum ratio of providers to plan beneficiaries as
17 required by the Department for each network plan.

18 (1) The minimum ratio of physicians or other providers
19 to plan beneficiaries shall be established ~~annually~~ by the
20 Department in consultation with the Department of Public
21 Health based upon the guidance from the federal Centers
22 for Medicare and Medicaid Services. The Department shall
23 not establish ratios for vision or dental providers who
24 provide services under dental-specific or vision-specific
25 benefits, except to the extent provided under federal law
26 for stand-alone dental plans. The Department shall

1 consider establishing ratios for the following physicians
2 or other providers:

3 (A) Primary Care;

4 (B) Pediatrics;

5 (C) Cardiology;

6 (D) Gastroenterology;

7 (E) General Surgery;

8 (F) Neurology;

9 (G) OB/GYN;

10 (H) Oncology/Radiation;

11 (I) Ophthalmology;

12 (J) Urology;

13 (K) Behavioral Health;

14 (L) Allergy/Immunology;

15 (M) Chiropractic;

16 (N) Dermatology;

17 (O) Endocrinology;

18 (P) Ears, Nose, and Throat (ENT)/Otolaryngology;

19 (Q) Infectious Disease;

20 (R) Nephrology;

21 (S) Neurosurgery;

22 (T) Orthopedic Surgery;

23 (U) Physiatry/Rehabilitative;

24 (V) Plastic Surgery;

25 (W) Pulmonary;

26 (X) Rheumatology;

- 1 (Y) Anesthesiology;
2 (Z) Pain Medicine;
3 (AA) Pediatric Specialty Services;
4 (BB) Outpatient Dialysis; and
5 (CC) HIV.

6 (2) The Director shall establish a process for the
7 review of the adequacy of these standards, along with an
8 assessment of additional specialties to be included in the
9 list under this subsection (c).

10 (3) Notwithstanding any other law or rule, the minimum
11 ratio for each provider type shall be no less than any such
12 ratio established for qualified health plans in
13 Federally-Facilitated Exchanges by federal law or by the
14 federal Centers for Medicare and Medicaid Services, even
15 if the network plan is issued in the large group market or
16 is otherwise not issued through an exchange. Federal
17 standards for stand-alone dental plans shall only apply to
18 such network plans. In the absence of an applicable
19 Department rule, the federal standards shall apply for the
20 time period specified in the federal law, regulation, or
21 guidance. If the Centers for Medicare and Medicaid
22 Services establish standards that are more stringent than
23 the standards in effect under any Department rule, the
24 Department may amend its rules to conform to the more
25 stringent federal standards.

26 (d) The network plan shall demonstrate to the Director

1 maximum travel and distance standards and appointment wait
2 time standards for plan beneficiaries, which shall be
3 established ~~annually~~ by the Department in consultation with
4 the Department of Public Health based upon the guidance from
5 the federal Centers for Medicare and Medicaid Services. These
6 standards shall consist of the maximum minutes or miles to be
7 traveled by a plan beneficiary for each county type, such as
8 large counties, metro counties, or rural counties as defined
9 by Department rule.

10 The maximum travel time and distance standards must
11 include standards for each physician and other provider
12 category listed for which ratios have been established.

13 The Director shall establish a process for the review of
14 the adequacy of these standards along with an assessment of
15 additional specialties to be included in the list under this
16 subsection (d).

17 Notwithstanding any other law or Department rule, the
18 maximum travel time and distance standards and appointment
19 wait time standards shall be no greater than any such
20 standards established for qualified health plans in
21 Federally-Facilitated Exchanges by federal law or by the
22 federal Centers for Medicare and Medicaid Services, even if
23 the network plan is issued in the large group market or is
24 otherwise not issued through an exchange. Federal standards
25 for stand-alone dental plans shall only apply to such network
26 plans. In the absence of an applicable Department rule, the

1 federal standards shall apply for the time period specified in
2 the federal law, regulation, or guidance. If the Centers for
3 Medicare and Medicaid Services establish standards that are
4 more stringent than the standards in effect under any
5 Department rule, the Department may amend its rules to conform
6 to the more stringent federal standards.

7 If the federal area designations for the maximum time or
8 distance or appointment wait time standards required are
9 changed by the most recent Letter to Issuers in the
10 Federally-facilitated Marketplaces, the Department shall post
11 on its website notice of such changes and may amend its rules
12 to conform to those designations if the Director deems
13 appropriate.

14 (d-5) (1) Every issuer ~~insurer~~ shall ensure that
15 beneficiaries have timely and proximate access to treatment
16 for mental, emotional, nervous, or substance use disorders or
17 conditions in accordance with the provisions of paragraph (4)
18 of subsection (a) of Section 370c of the Illinois Insurance
19 Code. Issuers ~~insurers~~ shall use a comparable process,
20 strategy, evidentiary standard, and other factors in the
21 development and application of the network adequacy standards
22 for timely and proximate access to treatment for mental,
23 emotional, nervous, or substance use disorders or conditions
24 and those for the access to treatment for medical and surgical
25 conditions. As such, the network adequacy standards for timely
26 and proximate access shall equally be applied to treatment

1 facilities and providers for mental, emotional, nervous, or
2 substance use disorders or conditions and specialists
3 providing medical or surgical benefits pursuant to the parity
4 requirements of Section 370c.1 of the Illinois Insurance Code
5 and the federal Paul Wellstone and Pete Domenici Mental Health
6 Parity and Addiction Equity Act of 2008. Notwithstanding the
7 foregoing, the network adequacy standards for timely and
8 proximate access to treatment for mental, emotional, nervous,
9 or substance use disorders or conditions shall, at a minimum,
10 satisfy the following requirements:

11 (A) For beneficiaries residing in the metropolitan
12 counties of Cook, DuPage, Kane, Lake, McHenry, and Will,
13 network adequacy standards for timely and proximate access
14 to treatment for mental, emotional, nervous, or substance
15 use disorders or conditions means a beneficiary shall not
16 have to travel longer than 30 minutes or 30 miles from the
17 beneficiary's residence to receive outpatient treatment
18 for mental, emotional, nervous, or substance use disorders
19 or conditions. Beneficiaries shall not be required to wait
20 longer than 10 business days between requesting an initial
21 appointment and being seen by the facility or provider of
22 mental, emotional, nervous, or substance use disorders or
23 conditions for outpatient treatment or to wait longer than
24 20 business days between requesting a repeat or follow-up
25 appointment and being seen by the facility or provider of
26 mental, emotional, nervous, or substance use disorders or

1 conditions for outpatient treatment; however, subject to
2 the protections of paragraph (3) of this subsection, a
3 network plan shall not be held responsible if the
4 beneficiary or provider voluntarily chooses to schedule an
5 appointment outside of these required time frames.

6 (B) For beneficiaries residing in Illinois counties
7 other than those counties listed in subparagraph (A) of
8 this paragraph, network adequacy standards for timely and
9 proximate access to treatment for mental, emotional,
10 nervous, or substance use disorders or conditions means a
11 beneficiary shall not have to travel longer than 60
12 minutes or 60 miles from the beneficiary's residence to
13 receive outpatient treatment for mental, emotional,
14 nervous, or substance use disorders or conditions.
15 Beneficiaries shall not be required to wait longer than 10
16 business days between requesting an initial appointment
17 and being seen by the facility or provider of mental,
18 emotional, nervous, or substance use disorders or
19 conditions for outpatient treatment or to wait longer than
20 20 business days between requesting a repeat or follow-up
21 appointment and being seen by the facility or provider of
22 mental, emotional, nervous, or substance use disorders or
23 conditions for outpatient treatment; however, subject to
24 the protections of paragraph (3) of this subsection, a
25 network plan shall not be held responsible if the
26 beneficiary or provider voluntarily chooses to schedule an

1 appointment outside of these required time frames.

2 (2) For beneficiaries residing in all Illinois counties,
3 network adequacy standards for timely and proximate access to
4 treatment for mental, emotional, nervous, or substance use
5 disorders or conditions means a beneficiary shall not have to
6 travel longer than 60 minutes or 60 miles from the
7 beneficiary's residence to receive inpatient or residential
8 treatment for mental, emotional, nervous, or substance use
9 disorders or conditions.

10 (3) If there is no in-network facility or provider
11 available for a beneficiary to receive timely and proximate
12 access to treatment for mental, emotional, nervous, or
13 substance use disorders or conditions in accordance with the
14 network adequacy standards outlined in this subsection, the
15 issuer ~~insurer~~ shall provide necessary exceptions to its
16 network to ensure admission and treatment with a provider or
17 at a treatment facility in accordance with the network
18 adequacy standards in this subsection.

19 (4) If the federal Centers for Medicare and Medicaid
20 Services establishes or law requires more stringent standards
21 for qualified health plans in the Federally-Facilitated
22 Exchanges, the federal standards shall control for all network
23 plans for the time period specified in the federal law,
24 regulation, or guidance, even if the network plan is issued in
25 the large group market, is issued through a different type of
26 Exchange, or is otherwise not issued through an Exchange.

1 (e) Except for network plans solely offered as a group
2 health plan, these ratio and time and distance standards apply
3 to the lowest cost-sharing tier of any tiered network.

4 (f) The network plan may consider use of other health care
5 service delivery options, such as telemedicine or telehealth,
6 mobile clinics, and centers of excellence, or other ways of
7 delivering care to partially meet the requirements set under
8 this Section.

9 (g) Except for the requirements set forth in subsection
10 (d-5), issuers ~~insurers~~ who are not able to comply with the
11 provider ratios and time and distance or appointment wait time
12 standards established under this Act or federal law ~~by the~~
13 ~~Department~~ may request an exception to these requirements from
14 the Department. The Department may grant an exception in the
15 following circumstances:

16 (1) if no providers or facilities meet the specific
17 time and distance standard in a specific service area and
18 the issuer ~~insurer~~ (i) discloses information on the
19 distance and travel time points that beneficiaries would
20 have to travel beyond the required criterion to reach the
21 next closest contracted provider outside of the service
22 area and (ii) provides contact information, including
23 names, addresses, and phone numbers for the next closest
24 contracted provider or facility;

25 (2) if patterns of care in the service area do not
26 support the need for the requested number of provider or

1 facility type and the issuer ~~insurer~~ provides data on
2 local patterns of care, such as claims data, referral
3 patterns, or local provider interviews, indicating where
4 the beneficiaries currently seek this type of care or
5 where the physicians currently refer beneficiaries, or
6 both; or

7 (3) other circumstances deemed appropriate by the
8 Department consistent with the requirements of this Act.

9 (h) Issuers ~~Insurers~~ are required to report to the
10 Director any material change to an approved network plan
11 within 15 business days after the change occurs and any change
12 that would result in failure to meet the requirements of this
13 Act. The issuer shall submit a revised version of the portions
14 of the network adequacy filing affected by the material
15 change, as determined by the Director by rule, and the issuer
16 shall attach versions with the changes indicated for each
17 document that was revised from the previous version of the
18 filing. Upon notice from the issuer ~~insurer~~, the Director
19 shall reevaluate the network plan's compliance with the
20 network adequacy and transparency standards of this Act. For
21 every day past 15 business days that the issuer fails to submit
22 a revised network adequacy filing to the Director, the
23 Director may order a fine of \$5,000 per day.

24 (i) If a network plan is inadequate under this Act with
25 respect to a provider type in a county, and if the network plan
26 does not have an approved exception for that provider type in

1 that county pursuant to subsection (g), an issuer shall cover
2 out-of-network claims for covered health care services
3 received from that provider type within that county at the
4 in-network benefit level and shall retroactively adjudicate
5 and reimburse beneficiaries to achieve that objective if their
6 claims were processed at the out-of-network level contrary to
7 this subsection. Nothing in this subsection shall be construed
8 to supersede Section 356z.3a of the Illinois Insurance Code.

9 (j) If the Director determines that a network is
10 inadequate in any county and no exception has been granted
11 under subsection (g) and the issuer does not have a process in
12 place to comply with subsection (d-5), the Director may
13 prohibit the network plan from being issued or renewed within
14 that county until the Director determines that the network is
15 adequate apart from processes and exceptions described in
16 subsections (d-5) and (g). Nothing in this subsection shall be
17 construed to terminate any beneficiary's health insurance
18 coverage under a network plan before the expiration of the
19 beneficiary's policy period if the Director makes a
20 determination under this subsection after the issuance or
21 renewal of the beneficiary's policy or certificate because of
22 a material change. Policies or certificates issued or renewed
23 in violation of this subsection may subject the issuer to a
24 civil penalty of \$5,000 per policy.

25 (k) For the Department to enforce any new or modified
26 federal standard before the Department adopts the standard by

1 rule, the Department must, no later than May 15 before the
2 start of the plan year, give public notice to the affected
3 health insurance issuers through a bulletin.

7 Sec. 15. Notice of nonrenewal or termination.

8 (a) A network plan must give at least 60 days' notice of
9 nonrenewal or termination of a provider to the provider and to
10 the beneficiaries served by the provider. The notice shall
11 include a name and address to which a beneficiary or provider
12 may direct comments and concerns regarding the nonrenewal or
13 termination and the telephone number maintained by the
14 Department for consumer complaints. Immediate written notice
15 may be provided without 60 days' notice when a provider's
16 license has been disciplined by a State licensing board or
17 when the network plan reasonably believes direct imminent
18 physical harm to patients under the provider's ~~providers~~ care
19 may occur. The notice to the beneficiary shall provide the
20 individual with an opportunity to notify the issuer of the
21 individual's need for transitional care.

22 (b) Primary care providers must notify active affected
23 patients of nonrenewal or termination of the provider from the
24 network plan, except in the case of incapacitation.

1 (215 ILCS 124/20)

2 Sec. 20. Transition of services.

3 (a) A network plan shall provide for continuity of care
4 for its beneficiaries as follows:

5 (1) If a beneficiary's ~~physician or hospital~~ provider
6 leaves the network plan's network of providers for reasons
7 other than termination of a contract in situations
8 involving imminent harm to a patient or a final
9 disciplinary action by a State licensing board and the
10 provider remains within the network plan's service area,
11 if benefits provided under such network plan with respect
12 to such provider or facility are terminated because of a
13 change in the terms of the participation of such provider
14 or facility in such plan, or if a contract between a group
15 health plan and a health insurance issuer offering a
16 network plan in connection with the group health plan is
17 terminated and results in a loss of benefits provided
18 under such plan with respect to such provider, then the
19 network plan shall permit the beneficiary to continue an
20 ongoing course of treatment with that provider during a
21 transitional period for the following duration:

22 (A) 90 days from the date of the notice to the
23 beneficiary of the provider's disaffiliation from the
24 network plan if the beneficiary has an ongoing course
25 of treatment; or

1 (B) if the beneficiary has entered the third
2 trimester of pregnancy at the time of the provider's
3 disaffiliation, a period that includes the provision
4 of post-partum care directly related to the delivery.

5 (2) Notwithstanding the provisions of paragraph (1) of
6 this subsection (a), such care shall be authorized by the
7 network plan during the transitional period in accordance
8 with the following:

9 (A) the provider receives continued reimbursement
10 from the network plan at the rates and terms and
11 conditions applicable under the terminated contract
12 prior to the start of the transitional period;

13 (B) the provider adheres to the network plan's
14 quality assurance requirements, including provision to
15 the network plan of necessary medical information
16 related to such care; and

17 (C) the provider otherwise adheres to the network
18 plan's policies and procedures, including, but not
19 limited to, procedures regarding referrals and
20 obtaining preauthorizations for treatment.

21 (3) The provisions of this Section governing health
22 care provided during the transition period do not apply if
23 the beneficiary has successfully transitioned to another
24 provider participating in the network plan, if the
25 beneficiary has already met or exceeded the benefit
26 limitations of the plan, or if the care provided is not

1 medically necessary.

2 (b) A network plan shall provide for continuity of care
3 for new beneficiaries as follows:

4 (1) If a new beneficiary whose provider is not a
5 member of the network plan's provider network, but is
6 within the network plan's service area, enrolls in the
7 network plan, the network plan shall permit the
8 beneficiary to continue an ongoing course of treatment
9 with the beneficiary's current physician during a
10 transitional period:

11 (A) of 90 days from the effective date of
12 enrollment if the beneficiary has an ongoing course of
13 treatment; or

14 (B) if the beneficiary has entered the third
15 trimester of pregnancy at the effective date of
16 enrollment, that includes the provision of post-partum
17 care directly related to the delivery.

18 (2) If a beneficiary, or a beneficiary's authorized
19 representative, elects in writing to continue to receive
20 care from such provider pursuant to paragraph (1) of this
21 subsection (b), such care shall be authorized by the
22 network plan for the transitional period in accordance
23 with the following:

24 (A) the provider receives reimbursement from the
25 network plan at rates established by the network plan;

26 (B) the provider adheres to the network plan's

1 quality assurance requirements, including provision to
2 the network plan of necessary medical information
3 related to such care; and

4 (C) the provider otherwise adheres to the network
5 plan's policies and procedures, including, but not
6 limited to, procedures regarding referrals and
7 obtaining preauthorization for treatment.

8 (3) The provisions of this Section governing health
9 care provided during the transition period do not apply if
10 the beneficiary has successfully transitioned to another
11 provider participating in the network plan, if the
12 beneficiary has already met or exceeded the benefit
13 limitations of the plan, or if the care provided is not
14 medically necessary.

15 (c) In no event shall this Section be construed to require
16 a network plan to provide coverage for benefits not otherwise
17 covered or to diminish or impair preexisting condition
18 limitations contained in the beneficiary's contract.

19 (d) A provider shall comply with the requirements of 42
20 U.S.C. 300gg-138.

21 (Source: P.A. 100-502, eff. 9-15-17.)

22 (215 ILCS 124/25)

23 Sec. 25. Network transparency.

24 (a) A network plan shall post electronically an
25 up-to-date, accurate, and complete provider directory for each

1 of its network plans, with the information and search
2 functions, as described in this Section.

3 (1) In making the directory available electronically,
4 the network plans shall ensure that the general public is
5 able to view all of the current providers for a plan
6 through a clearly identifiable link or tab and without
7 creating or accessing an account or entering a policy or
8 contract number.

9 (2) An issuer's failure to update a network plan's
10 directory shall subject the issuer to a civil penalty of
11 \$5,000 per month. The network plan shall update the online
12 provider directory at least monthly. Providers shall
13 notify the network plan electronically or in writing
14 within 10 business days of any changes to their
15 information as listed in the provider directory, including
16 the information required in subsections (b), (c), and (d)
17 subparagraph (K) of paragraph (1) of subsection (b). With
18 regard to subparagraph (I) of paragraph (1) of subsection
19 (b), the provider must give notice to the issuer within 20
20 business days of deciding to cease accepting new patients
21 covered by the plan if the new patient limitation is
22 expected to last 40 business days or longer. The network
23 plan shall update its online provider directory in a
24 manner consistent with the information provided by the
25 provider within 2 ~~10~~ business days after being notified of
26 the change by the provider. Nothing in this paragraph (2)

1 shall void any contractual relationship between the
2 provider and the plan.

3 (3) At least once every 90 days, the issuer shall
4 self-audit each network plan's ~~The network plan shall~~
5 ~~audit periodically at least 25% of its~~ provider
6 directories for accuracy, make any corrections necessary,
7 and retain documentation of the audit. The issuer shall
8 submit the self-audit and a summary to the Department, and
9 the Department shall make the summary of each self-audit
10 publicly available. The Department shall specify the
11 requirements of the summary, which shall be statistical in
12 nature except for a high-level narrative evaluating the
13 impact of internal and external factors on the accuracy of
14 the directory and the timeliness of updates. ~~The network~~
15 ~~plan shall submit the audit to the Director upon request.~~
16 As part of these self-audits ~~audits~~, the network plan
17 shall contact any provider in its network that has not
18 submitted a claim to the plan or otherwise communicated
19 his or her intent to continue participation in the plan's
20 network. The self-audits shall comply with 42 U.S.C.
21 300gg-115(a)(2), except that "provider directory
22 information" shall include all information required to be
23 included in a provider directory pursuant to this Act.

24 (4) A network plan shall provide a print copy of a
25 current provider directory or a print copy of the
26 requested directory information upon request of a

1 beneficiary or a prospective beneficiary. Except when an
2 issuer's print copies use the same provider information as
3 the electronic provider directory on each print copy's
4 date of printing, print ~~Print~~ copies must be updated at
5 least every 90 days ~~quarterly~~ and ~~an~~ errata that reflects
6 changes in the provider network must be included in each
7 update ~~updated quarterly~~.

8 (5) For each network plan, a network plan shall
9 include, in plain language in both the electronic and
10 print directory, the following general information:

11 (A) in plain language, a description of the
12 criteria the plan has used to build its provider
13 network;

14 (B) if applicable, in plain language, a
15 description of the criteria the issuer ~~insurer~~ or
16 network plan has used to create tiered networks;

17 (C) if applicable, in plain language, how the
18 network plan designates the different provider tiers
19 or levels in the network and identifies for each
20 specific provider, hospital, or other type of facility
21 in the network which tier each is placed, for example,
22 by name, symbols, or grouping, in order for a
23 beneficiary-covered person or a prospective
24 beneficiary-covered person to be able to identify the
25 provider tier; ~~and~~

26 (D) if applicable, a notation that authorization

1 or referral may be required to access some providers;~~i-~~

2 (E) a telephone number and email address for a
3 customer service representative to whom directory
4 inaccuracies may be reported; and

5 (F) a detailed description of the process to
6 dispute charges for out-of-network providers,
7 hospitals, or facilities that were incorrectly listed
8 as in-network prior to the provision of care and a
9 telephone number and email address to dispute such
10 charges.

11 (6) A network plan shall make it clear for both its
12 electronic and print directories what provider directory
13 applies to which network plan, such as including the
14 specific name of the network plan as marketed and issued
15 in this State. The network plan shall include in both its
16 electronic and print directories a customer service email
17 address and telephone number or electronic link that
18 beneficiaries or the general public may use to notify the
19 network plan of inaccurate provider directory information
20 and contact information for the Department's Office of
21 Consumer Health Insurance.

22 (7) A provider directory, whether in electronic or
23 print format, shall accommodate the communication needs of
24 individuals with disabilities, and include a link to or
25 information regarding available assistance for persons
26 with limited English proficiency.

1 (b) For each network plan, a network plan shall make
2 available through an electronic provider directory the
3 following information in a searchable format:

26 of services may be provided via telehealth or

1 telemedicine; and

3 willingness to include in a telehealth or
4 telemedicine encounter a family caregiver who is
5 in a separate location than the patient if the
6 patient wishes and provides his or her consent;

7 (L) whether the health care professional accepts
8 appointment requests from patients; and

12 provider is scheduled to leave the network;

14 (A) hospital name;

15 (B) hospital type (such as acute, rehabilitation,
16 children's, or cancer);

17 (C) participating hospital location; ~~and~~

18 (D) hospital accreditation status; and

19 (E) the anticipated date the hospital will leave

7 (c) For the electronic provider directories, for each
8 network plan, a network plan shall make available all of the
9 following information in addition to the searchable
10 information required in this Section:

4 incorrectly listed as in-network prior to the provision of
5 care and a telephone number and email address to dispute those
6 charges.

7 (f) The Director may conduct periodic audits of the
8 accuracy of provider directories. A network plan shall not be
9 subject to any fines or penalties for information required in
10 this Section that a provider submits that is inaccurate or
11 incomplete.

12 (g) To the extent not otherwise provided in this Act, an
13 issuer shall comply with the requirements of 42 U.S.C.

21 the provider is a preferred provider in that network plan and,
22 if the provider is incorrectly listed in the provider
23 directory, remove the provider from the provider directory
24 without delay.

25 (i) If the Director determines that an issuer violated
26 this Section, the Director may assess a fine up to \$5,000 per

1 violation, except for inaccurate information given by a
2 provider to the issuer. If an issuer, or any entity or person
3 acting on the issuer's behalf, knew or reasonably should have
4 known that a provider was incorrectly included in a provider
5 directory, the Director may assess a fine of up to \$25,000 per
6 violation against the issuer.

7 (j) This Section applies to network plans not otherwise
8 exempt under Section 3, including stand-alone dental plans.

11 Sec. 30. Administration and enforcement.

12 (a) Issuers ~~Insurers~~, as defined in this Act, have a
13 continuing obligation to comply with the requirements of this
14 Act. Other than the duties specifically created in this Act,
15 nothing in this Act is intended to preclude, prevent, or
16 require the adoption, modification, or termination of any
17 utilization management, quality management, or claims
18 processing methodologies of an issuer ~~insurer~~.

19 (b) Nothing in this Act precludes, prevents, or requires
20 the adoption, modification, or termination of any network plan
21 term, benefit, coverage or eligibility provision, or payment
22 methodology.

23 (c) The Director shall enforce the provisions of this Act
24 pursuant to the enforcement powers granted to it by law.

25 (d) The Department shall adopt rules to enforce compliance

1 with this Act to the extent necessary.

2 (e) In accordance with Section 5-45 of the Illinois
3 Administrative Procedure Act, the Department may adopt
4 emergency rules to implement federal standards for provider
5 ratios, travel time and distance, and appointment wait times
6 if such standards apply to health insurance coverage regulated
7 by the Department and are more stringent than the State
8 standards extant at the time the final federal standards are
9 published.

12 Sec. 35. Provider requirements. Providers shall comply
13 with 42 U.S.C. 300gg-138 and 300gg-139 and the regulations
14 promulgated thereunder, as well as Section 20, paragraph (2)
15 of subsection (a) of Section 25, subsections (h) and (j) of
16 Section 25, and Section 36 of this Act, except that "provider
17 directory information" includes all information required to be
18 included in a provider directory pursuant to Section 25 of
19 this Act.

20 (215 ILCS 124/36 new)

21 Sec. 36. Complaint of incorrect charges.

22 (a) A beneficiary who, taking into account the
23 reimbursement, if any, by the issuer, incurs a cost in excess
24 of the in-network cost-sharing for a covered service from a

1 provider, facility, or hospital that was listed as in-network
2 in the plan's provider directory prior to or at the time of the
3 provision of services may file a complaint with the
4 Department. The Department shall investigate the complaint and
5 determine if the provider was incorrectly included in the
6 plan's provider directory when the beneficiary made the
7 appointment or received the service.

8 (b) Upon the Department's confirmation of the allegations
9 in the complaint that the beneficiary incurred a cost in
10 excess of the in-network cost-sharing for covered services
11 provided by an incorrectly included provider when the
12 appointment was made or service was provided, the issuer shall
13 reimburse the beneficiary for all costs incurred in excess of
14 the in-network cost-sharing. However, if the issuer has paid
15 the claim to the provider directly, the issuer shall notify
16 the beneficiary and the provider of the beneficiary's right to
17 reimbursement from the provider for any payments in excess of
18 the in-network cost-sharing amount pursuant to 42 U.S.C.
19 300gg-139(b), and the issuer's notice shall specify the
20 in-network cost-sharing amount for the covered services. The
21 amounts paid by the beneficiary within the in-network
22 cost-sharing amount shall apply towards the in-network
23 deductible and out-of-pocket maximum, if any.

25 Sec. 40. Confidentiality.

1 (a) All records in the custody or possession of the
2 Department are presumed to be open to public inspection or
3 copying unless exempt from disclosure by Section 7 or 7.5 of
4 the Freedom of Information Act. Except as otherwise provided
5 in this Section or other applicable law, the filings required
6 under this Act shall be open to public inspection or copying.

7 (b) The following information shall not be deemed
8 confidential:

9 (1) actual or projected ratios of providers to
10 beneficiaries;

11 (2) actual or projected time and distance between
12 network providers and beneficiaries or actual or projected
13 waiting times for a beneficiary to see a network provider;

14 (3) geographic maps of network providers;

15 (4) requests for exceptions under subsection (g) of
16 Section 10, except with respect to any discussion of
17 ongoing or planned contractual negotiations with providers
18 that the issuer requests to be treated as confidential;

19 (5) provider directories and provider lists;

20 (6) self-audit summaries required under paragraph (3)
21 of subsection (a) of Section 25 of this Act; and

22 (7) issuer or Department statements of determination
23 as to whether a network plan has satisfied this Act's
24 requirements regarding the information described in this
25 subsection.

26 (c) An issuer's work papers and reports on the results of a

1 self-audit of its provider directories, including any
2 communications between the issuer and the Department, shall
3 remain confidential unless expressly waived by the issuer or
4 unless deemed public information under federal law.

5 (d) The filings required under Section 10 of this Act
6 shall be confidential while they remain under the Department's
7 review but shall become open to public inspection and copying
8 upon completion of the review, except as provided in this
9 Section or under other applicable law.

10 (e) Nothing in this Section shall supersede the statutory
11 requirement that work papers obtained during a market conduct
12 examination be deemed confidential.

13 (215 ILCS 124/50 new)

14 Sec. 50. Funds for enforcement. Moneys from fines and
15 penalties collected from issuers for violations of this Act
16 shall be deposited into the Insurance Producer Administration
17 Fund for appropriation by the General Assembly to the

19 Department's enforcement of this Act.

20 (215 ILCS 124/55 new)

21 Sec. 55. Uniform electronic provider directory information
22 notification forms.

23 (a) On or before January 1, 2026, the Department shall
24 develop and publish a uniform electronic provider directory

1 information form that issuers shall make available to
2 onboarding, current, and former preferred providers to notify
3 the issuer of the provider's currently accurate provider
4 directory information under Section 25 of this Act and 42
5 U.S.C. 300gg-139. The form shall address information needed
6 from newly onboarding preferred providers, updates to
7 previously supplied provider directory information, reporting
8 an inaccurate directory entry of previously supplied
9 information, contract terminations, and differences in
10 information for specific network plans offered by an issuer,
11 such as whether the provider is a preferred provider for the
12 network plan or is accepting new patients under that plan. The
13 Department shall allow issuers to implement this form through
14 either a PDF or a web portal that requests the same
15 information.

16 (b) Notwithstanding any other provision of law to the
17 contrary, beginning 6 months after the Department publishes
18 the uniform electronic provider directory information form and
19 no later than July 1, 2026, every provider must use the uniform
20 electronic provider directory information form to notify
21 issuers of their provider directory information as required
22 under Section 25 of this Act and 42 U.S.C. 300gg-139. Issuers
23 shall accept this form as sufficient to update their provider
24 directories. Issuers shall not accept paper or fax submissions
25 of provider directory information from providers.

26 (c) The Uniform Electronic Provider Directory Information

17 following:

18 (1) readability and user experience;

20 Section 2-15. The Managed Care Reform and Patient Rights
21 Act is amended by changing Sections 20 and 25 as follows:

22 (215 ILCS 134/20)

23 Sec. 20. Notice of nonrenewal or termination. A health
24 care plan must give at least 60 days notice of nonrenewal or

1 termination of a health care provider to the health care
2 provider and to the enrollees served by the health care
3 provider. The notice shall include a name and address to which
4 an enrollee or health care provider may direct comments and
5 concerns regarding the nonrenewal or termination. Immediate
6 written notice may be provided without 60 days notice when a
7 health care provider's license has been disciplined by a State
8 licensing board. The notice to the enrollee shall provide the
9 individual with an opportunity to notify the health care plan
10 of the individual's need for transitional care.

11 (Source: P.A. 91-617, eff. 1-1-00.)

12 (215 ILCS 134/25)

13 Sec. 25. Transition of services.

14 (a) A health care plan shall provide for continuity of
15 care for its enrollees as follows:

16 (1) If an enrollee's health care provider ~~physician~~
17 leaves the health care plan's network of health care
18 providers for reasons other than termination of a contract
19 in situations involving imminent harm to a patient or a
20 final disciplinary action by a State licensing board and
21 the provider ~~physician~~ remains within the health care
22 plan's service area, or if benefits provided under such
23 health care plan with respect to such provider are
24 terminated because of a change in the terms of the
25 participation of such provider in such plan, or if a

1 contract between a group health plan, as defined in
2 Section 5 of the Illinois Health Insurance Portability and
3 Accountability Act, and a health care plan offered in
4 connection with the group health plan is terminated and
5 results in a loss of benefits provided under such plan
6 with respect to such provider, the health care plan shall
7 permit the enrollee to continue an ongoing course of
8 treatment with that provider ~~physician~~ during a
9 transitional period:

10 (A) of 90 days from the date of the notice of
11 provider's ~~physician's~~ termination from the health
12 care plan to the enrollee of the provider's
13 ~~physician's~~ disaffiliation from the health care plan
14 if the enrollee has an ongoing course of treatment; or

15 (B) if the enrollee has entered the third
16 trimester of pregnancy at the time of the provider's
17 ~~physician's~~ disaffiliation, that includes the
18 provision of post-partum care directly related to the
19 delivery.

20 (2) Notwithstanding the provisions in item (1) of this
21 subsection, such care shall be authorized by the health
22 care plan during the transitional period only if the
23 provider ~~physician~~ agrees:

24 (A) to continue to accept reimbursement from the
25 health care plan at the rates applicable prior to the
26 start of the transitional period;

1 (B) to adhere to the health care plan's quality
2 assurance requirements and to provide to the health
3 care plan necessary medical information related to
4 such care; and

5 (C) to otherwise adhere to the health care plan's
6 policies and procedures, including but not limited to
7 procedures regarding referrals and obtaining
8 preauthorizations for treatment.

9 (3) During an enrollee's plan year, a health care plan
10 shall not remove a drug from its formulary or negatively
11 change its preferred or cost-tier sharing unless, at least
12 60 days before making the formulary change, the health
13 care plan:

14 (A) provides general notification of the change in
15 its formulary to current and prospective enrollees;

16 (B) directly notifies enrollees currently
17 receiving coverage for the drug, including information
18 on the specific drugs involved and the steps they may
19 take to request coverage determinations and
20 exceptions, including a statement that a certification
21 of medical necessity by the enrollee's prescribing
22 provider will result in continuation of coverage at
23 the existing level; and

24 (C) directly notifies in writing ~~by first class~~
25 ~~mail~~ and through an electronic transmission, ~~if~~
26 ~~available~~, the prescribing provider of all health care

1 plan enrollees currently prescribed the drug affected
2 by the proposed change; the notice shall include a
3 one-page form by which the prescribing provider can
4 notify the health care plan in writing or
5 electronically ~~by first class mail~~ that coverage of
6 the drug for the enrollee is medically necessary.

7 The notification in paragraph (C) may direct the
8 prescribing provider to an electronic portal through which
9 the prescribing provider may electronically file a
10 certification to the health care plan that coverage of the
11 drug for the enrollee is medically necessary. The
12 prescribing provider may make a secure electronic
13 signature beside the words "certification of medical
14 necessity", and this certification shall authorize
15 continuation of coverage for the drug.

16 If the prescribing provider certifies to the health
17 care plan either in writing or electronically that the
18 drug is medically necessary for the enrollee as provided
19 in paragraph (C), a health care plan shall authorize
20 coverage for the drug prescribed based solely on the
21 prescribing provider's assertion that coverage is
22 medically necessary, and the health care plan is
23 prohibited from making modifications to the coverage
24 related to the covered drug, including, but not limited
25 to:

26 (i) increasing the out-of-pocket costs for the

1 covered drug;

2 (ii) moving the covered drug to a more restrictive
3 tier; or

4 (iii) denying an enrollee coverage of the drug for
5 which the enrollee has been previously approved for
6 coverage by the health care plan.

7 Nothing in this item (3) prevents a health care plan
8 from removing a drug from its formulary or denying an
9 enrollee coverage if the United States Food and Drug
10 Administration has issued a statement about the drug that
11 calls into question the clinical safety of the drug, the
12 drug manufacturer has notified the United States Food and
13 Drug Administration of a manufacturing discontinuance or
14 potential discontinuance of the drug as required by
15 Section 506C of the Federal Food, Drug, and Cosmetic Act,
16 as codified in 21 U.S.C. 356c, or the drug manufacturer
17 has removed the drug from the market.

18 Nothing in this item (3) prohibits a health care plan,
19 by contract, written policy or procedure, or any other
20 agreement or course of conduct, from requiring a
21 pharmacist to effect substitutions of prescription drugs
22 consistent with Section 19.5 of the Pharmacy Practice Act,
23 under which a pharmacist may substitute an interchangeable
24 biologic for a prescribed biologic product, and Section 25
25 of the Pharmacy Practice Act, under which a pharmacist may
26 select a generic drug determined to be therapeutically

1 equivalent by the United States Food and Drug
2 Administration and in accordance with the Illinois Food,
3 Drug and Cosmetic Act.

4 This item (3) applies to a policy or contract that is
5 amended, delivered, issued, or renewed on or after January
6 1, 2019. This item (3) does not apply to a health plan as
7 defined in the State Employees Group Insurance Act of 1971
8 or medical assistance under Article V of the Illinois
9 Public Aid Code.

10 (b) A health care plan shall provide for continuity of
11 care for new enrollees as follows:

12 (1) If a new enrollee whose physician is not a member
13 of the health care plan's provider network, but is within
14 the health care plan's service area, enrolls in the health
15 care plan, the health care plan shall permit the enrollee
16 to continue an ongoing course of treatment with the
17 enrollee's current physician during a transitional period:

18 (A) of 90 days from the effective date of
19 enrollment if the enrollee has an ongoing course of
20 treatment; or

21 (B) if the enrollee has entered the third
22 trimester of pregnancy at the effective date of
23 enrollment, that includes the provision of post-partum
24 care directly related to the delivery.

25 (2) If an enrollee elects to continue to receive care
26 from such physician pursuant to item (1) of this

1 subsection, such care shall be authorized by the health
2 care plan for the transitional period only if the
3 physician agrees:

4 (A) to accept reimbursement from the health care
5 plan at rates established by the health care plan;
6 such rates shall be the level of reimbursement
7 applicable to similar physicians within the health
8 care plan for such services;

9 (B) to adhere to the health care plan's quality
10 assurance requirements and to provide to the health
11 care plan necessary medical information related to
12 such care; and

13 (C) to otherwise adhere to the health care plan's
14 policies and procedures including, but not limited to
15 procedures regarding referrals and obtaining
16 preauthorization for treatment.

17 (c) In no event shall this Section be construed to require
18 a health care plan to provide coverage for benefits not
19 otherwise covered or to diminish or impair preexisting
20 condition limitations contained in the enrollee's contract. In
21 no event shall this Section be construed to prohibit the
22 addition of prescription drugs to a health care plan's list of
23 covered drugs during the coverage year.

24 (d) In this Section, "ongoing course of treatment" has the
25 meaning ascribed to that term in Section 5 of the Network
26 Adequacy and Transparency Act.

2 Article 3.

3 Section 3-5. The Illinois Insurance Code is amended by
4 changing Section 355 as follows:

5 (215 ILCS 5/355) (from Ch. 73, par. 967)

6 Sec. 355. Accident and health policies; provisions.

7 (a) As used in this Section:

8 "Inadequate rate" means a rate:

9 (1) that is insufficient to sustain projected losses
10 and expenses to which the rate applies; and

11 (2) the continued use of which endangers the solvency
12 of an insurer using that rate.

13 "Large employer" has the meaning provided in the Illinois
14 Health Insurance Portability and Accountability Act.

15 "Plain language" has the meaning provided in the federal
16 Plain Writing Act of 2010 and subsequent guidance documents,
17 including the Federal Plain Language Guidelines.

18 "Unreasonable rate increase" means a rate increase that
19 the Director determines to be excessive, unjustified, or
20 unfairly discriminatory in accordance with 45 CFR 154.205.

21 (b) No policy of insurance against loss or damage from the
22 sickness, or from the bodily injury or death of the insured by
23 accident shall be issued or delivered to any person in this

1 State until a copy of the form thereof and of the
2 classification of risks and the premium rates pertaining
3 thereto have been filed with the Director; nor shall it be so
4 issued or delivered until the Director shall have approved
5 such policy pursuant to the provisions of Section 143. If the
6 Director disapproves the policy form, he or she shall make a
7 written decision stating the respects in which such form does
8 not comply with the requirements of law and shall deliver a
9 copy thereof to the company and it shall be unlawful
10 thereafter for any such company to issue any policy in such
11 form. On and after January 1, 2025, any form filing submitted
12 for large employer group accident and health insurance shall
13 be automatically deemed approved within 90 days of the
14 submission date unless the Director extends by not more than
15 an additional 30 days the period within which the form shall be
16 approved or disapproved by giving written notice to the
17 insurer of such extension before the expiration of the 90
18 days. Any form in receipt of such an extension shall be
19 automatically deemed approved within 120 days of the
20 submission date. The Director may toll the filing due to a
21 conflict in legal interpretation of federal or State law as
22 long as the tolling is applied uniformly to all applicable
23 forms, written notification is provided to the insurer prior
24 to the tolling, the duration of the tolling is provided within
25 the notice to the insurer, and justification for the tolling
26 is posted to the Department's website. The Director may

1 disapprove the filing if the insurer fails to respond to an
2 objection or request for additional information within the
3 timeframe identified for response. As used in this subsection,
4 "large employer" has the meaning given in Section 5 of the
5 federal Health Insurance Portability and Accountability Act.

6 (c) For plan year 2026 and thereafter, premium rates for
7 all individual and small group accident and health insurance
8 policies must be filed with the Department for approval.
9 Unreasonable rate increases or inadequate rates shall be
10 modified or disapproved. For any plan year during which the
11 Illinois Health Benefits Exchange operates as a full
12 State-based exchange, the Department shall provide insurers at
13 least 30 days' notice of the deadline to submit rate filings.

14 (c-5) Unless prohibited under federal law, for plan year
15 2026 and thereafter, each insurer proposing to offer a
16 qualified health plan issued in the individual market through
17 the Illinois Health Benefits Exchange must incorporate the
18 following approach in its rate filing under this Section:

19 (1) The rate filing must apply a cost-sharing
20 reduction defunding adjustment factor within a range that:

21 (A) is uniform across all insurers;

22 (B) is consistent with the total adjustment
23 expected to be needed to cover actual cost-sharing
24 reduction costs across all silver plans on the
25 Illinois Health Benefits Exchange statewide, provided
26 that such costs are calculated assuming utilization by

1 the State's full individual-market risk pool; and

2 (C) assumes that the only on-Exchange silver plans
3 that will be purchased are the 87% and 94%
4 cost-sharing reduction variations.

5 (2) The rate filing must apply an induced demand
6 factor based on the following formula: (Plan Actuarial
7 Value)² - (Plan Actuarial Value) + 1.24.

8 In the annual notice to insurers described in subsection
9 (c), the Department must include the specific numerical range
10 calculated for the applicable plan year under paragraph (1) of
11 this subsection (c-5) and the formula in paragraph (2) of this
12 subsection (c-5).

13 (d) For plan year 2025 and thereafter, the Department
14 shall post all insurers' rate filings and summaries on the
15 Department's website 5 business days after the rate filing
16 deadline set by the Department in annual guidance. The rate
17 filings and summaries posted to the Department's website shall
18 exclude information that is proprietary or trade secret
19 information protected under paragraph (g) of subsection (1) of
20 Section 7 of the Freedom of Information Act or confidential or
21 privileged under any applicable insurance law or rule. All
22 summaries shall include a brief justification of any rate
23 increase or decrease requested, including the number of
24 individual members, the medical loss ratio, medical trend,
25 administrative costs, and any other information required by
26 rule. The plain writing summary shall include notification of

1 the public comment period established in subsection (e).

2 (e) The Department shall open a 30-day public comment
3 period on the rate filings beginning on the date that all of
4 the rate filings are posted on the Department's website. The
5 Department shall post all of the comments received to the
6 Department's website within 5 business days after the comment
7 period ends.

8 (f) After the close of the public comment period described
9 in subsection (e), the Department, beginning for plan year
10 2026, shall issue a decision to approve, disapprove, or modify
11 a rate filing within 60 days. Any rate filing or any rates
12 within a filing on which the Director does not issue a decision
13 within 60 days shall automatically be deemed approved. The
14 Director's decision shall take into account the actuarial
15 justifications and public comments. The Department shall
16 notify the insurer of the decision, make the decision
17 available to the public by posting it on the Department's
18 website, and include an explanation of the findings, actuarial
19 justifications, and rationale that are the basis for the
20 decision. Any company whose rate has been modified or
21 disapproved shall be allowed to request a hearing within 10
22 days after the action taken. The action of the Director in
23 disapproving a rate shall be subject to judicial review under
24 the Administrative Review Law.

25 (g) If, following the issuance of a decision but before
26 the effective date of the premium rates approved by the

1 decision, an event occurs that materially affects the
2 Director's decision to approve, deny, or modify the rates, the
3 Director may consider supplemental facts or data reasonably
4 related to the event.

5 (h) The Department shall adopt rules implementing the
6 procedures described in subsections (d) through (g) by March
7 31, 2024.

8 (i) Subsection (a) and subsections (c) through (h) of this
9 Section do not apply to grandfathered health plans as defined
10 in 45 CFR 147.140; excepted benefits as defined in 42 U.S.C.
11 300gg-91; student health insurance coverage as defined in 45
12 CFR 147.145; the large group market as defined in Section 5 of
13 the Illinois Health Insurance Portability and Accountability
14 Act; or short-term, limited-duration health insurance coverage
15 as defined in Section 5 of the Short-Term, Limited-Duration
16 Health Insurance Coverage Act. For a filing of premium rates
17 or classifications of risk for any of these types of coverage,
18 the Director's initial review period shall not exceed 60 days
19 to issue informal objections to the company that request
20 additional clarification, explanation, substantiating
21 documentation, or correction of concerns identified in the
22 filing before the company implements the premium rates,
23 classifications, or related rate-setting methodologies
24 described in the filing, except that the Director may extend
25 by not more than an additional 30 days the period of initial
26 review by giving written notice to the company of such

1 extension before the expiration of the initial 60-day period.
2 Nothing in this subsection shall confer authority upon the
3 Director to approve, modify, or disapprove rates where that
4 authority is not provided by other law. Nothing in this
5 subsection shall prohibit the Director from conducting any
6 investigation, examination, hearing, or other formal
7 administrative or enforcement proceeding with respect to a
8 company's rate filing or implementation thereof under
9 applicable law at any time, including after the period of
10 initial review.

12 Section 3-10. The Illinois Health Benefits Exchange Law is
13 amended by changing Section 5-5 as follows:

14 (215 ILCS 122/5-5)

15 Sec. 5-5. State health benefits exchange. It is declared
16 that this State, beginning October 1, 2013, in accordance with
17 Section 1311 of the federal Patient Protection and Affordable
18 Care Act, shall establish a State health benefits exchange to
19 be known as the Illinois Health Benefits Exchange in order to
20 help individuals and small employers with no more than 50
21 employees shop for, select, and enroll in qualified,
22 affordable private health plans that fit their needs at
23 competitive prices. The Exchange shall separate coverage pools
24 for individuals and small employers and shall supplement and

1 not supplant any existing private health insurance market for
2 individuals and small employers. The Department of Insurance
3 shall operate the Illinois Health Benefits Exchange as a
4 State-based exchange using the federal platform by plan year
5 2025 and as a State-based exchange by plan year 2026. The
6 Director of Insurance may require that all plans in the
7 individual and small group markets, other than grandfathered
8 health plans, be made available for comparison on the Illinois
9 Health Benefits Exchange, but may not require that all plans
10 in the individual and small group markets be purchased
11 exclusively on the Illinois Health Benefits Exchange. Through
12 the adoption of rules, the Director of Insurance may require
13 that plans offered on the exchange conform with standardized
14 plan designs that provide for standardized cost sharing for
15 covered health services. Except when it is inconsistent with
16 State law, the Department of Insurance shall enforce the
17 coverage requirements under the federal Patient Protection and
18 Affordable Care Act, including the coverage of all United
19 States Preventive Services Task Force Grade A and B preventive
20 services without cost sharing notwithstanding any federal
21 overturning or repeal of 42 U.S.C. 300gg-13(a)(1), that apply
22 to the individual and small group markets. Beginning for plan
23 year 2026, if a health insurance issuer offers a product as
24 defined under 45 CFR 144.103 at the gold or silver level
25 through the Illinois Health Benefits Exchange, the issuer must
26 offer that product at both the gold and silver levels. The

1 Director of Insurance may elect to add a small business health
2 options program to the Illinois Health Benefits Exchange to
3 help small employers enroll their employees in qualified
4 health plans in the small group market. The General Assembly
5 shall appropriate funds to establish the Illinois Health
6 Benefits Exchange.

8 Article 4.

9 Section 4-5. The Illinois Insurance Code is amended by
10 changing Section 355 as follows:

11 (215 ILCS 5/355) (from Ch. 73, par. 967)

12 Sec. 355. Accident and health policies; provisions.

13 (a) As used in this Section:

14 "Inadequate rate" means a rate:

15 (1) that is insufficient to sustain projected losses
16 and expenses to which the rate applies; and

17 (2) the continued use of which endangers the solvency
18 of an insurer using that rate.

19 "Large employer" has the meaning provided in the Illinois
20 Health Insurance Portability and Accountability Act.

21 "Plain language" has the meaning provided in the federal
22 Plain Writing Act of 2010 and subsequent guidance documents,
23 including the Federal Plain Language Guidelines.

1 "Unreasonable rate increase" means a rate increase that
2 the Director determines to be excessive, unjustified, or
3 unfairly discriminatory in accordance with 45 CFR 154.205.

4 (b) No policy of insurance against loss or damage from the
5 sickness, or from the bodily injury or death of the insured by
6 accident shall be issued or delivered to any person in this
7 State until a copy of the form thereof and of the
8 classification of risks and the premium rates pertaining
9 thereto have been filed with the Director; nor shall it be so
10 issued or delivered until the Director shall have approved
11 such policy pursuant to the provisions of Section 143. If the
12 Director disapproves the policy form, he or she shall make a
13 written decision stating the respects in which such form does
14 not comply with the requirements of law and shall deliver a
15 copy thereof to the company and it shall be unlawful
16 thereafter for any such company to issue any policy in such
17 form. On and after January 1, 2025, any form filing submitted
18 for large employer group accident and health insurance shall
19 be automatically deemed approved within 90 days of the
20 submission date unless the Director extends by not more than
21 an additional 30 days the period within which the form shall be
22 approved or disapproved by giving written notice to the
23 insurer of such extension before the expiration of the 90
24 days. Any form in receipt of such an extension shall be
25 automatically deemed approved within 120 days of the
26 submission date. The Director may toll the filing due to a

1 conflict in legal interpretation of federal or State law as
2 long as the tolling is applied uniformly to all applicable
3 forms, written notification is provided to the insurer prior
4 to the tolling, the duration of the tolling is provided within
5 the notice to the insurer, and justification for the tolling
6 is posted to the Department's website. The Director may
7 disapprove the filing if the insurer fails to respond to an
8 objection or request for additional information within the
9 timeframe identified for response. As used in this subsection,
10 "large employer" has the meaning given in Section 5 of the
11 federal Health Insurance Portability and Accountability Act.

12 (c) For plan year 2026 and thereafter, premium rates for
13 all individual and small group accident and health insurance
14 policies must be filed with the Department for approval.
15 Unreasonable rate increases or inadequate rates shall be
16 modified or disapproved. For any plan year during which the
17 Illinois Health Benefits Exchange operates as a full
18 State-based exchange, the Department shall provide insurers at
19 least 30 days' notice of the deadline to submit rate filings.

20 (d) For plan year 2025 and thereafter, the Department
21 shall post all insurers' rate filings and summaries on the
22 Department's website 5 business days after the rate filing
23 deadline set by the Department in annual guidance. The rate
24 filings and summaries posted to the Department's website shall
25 exclude information that is proprietary or trade secret
26 information protected under paragraph (g) of subsection (1) of

1 Section 7 of the Freedom of Information Act or confidential or
2 privileged under any applicable insurance law or rule. All
3 summaries shall include a brief justification of any rate
4 increase or decrease requested, including the number of
5 individual members, the medical loss ratio, medical trend,
6 administrative costs, and any other information required by
7 rule. The plain writing summary shall include notification of
8 the public comment period established in subsection (e).

9 (e) The Department shall open a 30-day public comment
10 period on the rate filings beginning on the date that all of
11 the rate filings are posted on the Department's website. The
12 Department shall post all of the comments received to the
13 Department's website within 5 business days after the comment
14 period ends.

15 (f) After the close of the public comment period described
16 in subsection (e), the Department, beginning for plan year
17 2026, shall issue a decision to approve, disapprove, or modify
18 a rate filing within 60 days. Any rate filing or any rates
19 within a filing on which the Director does not issue a decision
20 within 60 days shall automatically be deemed approved. The
21 Director's decision shall take into account the actuarial
22 justifications and public comments. The Department shall
23 notify the insurer of the decision, make the decision
24 available to the public by posting it on the Department's
25 website, and include an explanation of the findings, actuarial
26 justifications, and rationale that are the basis for the

1 decision. Any company whose rate has been modified or
2 disapproved shall be allowed to request a hearing within 10
3 days after the action taken. The action of the Director in
4 disapproving a rate shall be subject to judicial review under
5 the Administrative Review Law.

6 (g) If, following the issuance of a decision but before
7 the effective date of the premium rates approved by the
8 decision, an event occurs that materially affects the
9 Director's decision to approve, deny, or modify the rates, the
10 Director may consider supplemental facts or data reasonably
11 related to the event.

12 (h) The Department shall adopt rules implementing the
13 procedures described in subsections (d) through (g) by March
14 31, 2024.

15 (i) Subsection (a), ~~and~~ subsections (c) through (h), and
16 subsection (j) of this Section do not apply to grandfathered
17 health plans as defined in 45 CFR 147.140; excepted benefits
18 as defined in 42 U.S.C. 300gg-91; or student health insurance
19 coverage as defined in 45 CFR 147.145; ~~the large group market~~
20 ~~as defined in Section 5 of the Illinois Health Insurance~~
21 ~~Portability and Accountability Act; or short-term,~~
22 ~~limited-duration health insurance coverage as defined in~~
23 ~~Section 5 of the Short-Term, Limited-Duration Health Insurance~~
24 ~~Coverage Act.~~ For a filing of premium rates or classifications
25 of risk for any of these types of coverage, the Director's
26 initial review period shall not exceed 60 days to issue

1 informal objections to the company that request additional
2 clarification, explanation, substantiating documentation, or
3 correction of concerns identified in the filing before the
4 company implements the premium rates, classifications, or
5 related rate-setting methodologies described in the filing,
6 except that the Director may extend by not more than an
7 additional 30 days the period of initial review by giving
8 written notice to the company of such extension before the
9 expiration of the initial 60-day period. Nothing in this
10 subsection shall confer authority upon the Director to
11 approve, modify, or disapprove rates where that authority is
12 not provided by other law. Nothing in this subsection shall
13 prohibit the Director from conducting any investigation,
14 examination, hearing, or other formal administrative or
15 enforcement proceeding with respect to a company's rate filing
16 or implementation thereof under applicable law at any time,
17 including after the period of initial review.

18 (j) Subsections (c) through (h) do not apply to group
19 policies issued to large employers. For large employer group
20 policies issued, delivered, amended, or renewed on or after
21 January 1, 2026 that are not described in subsection (i), the
22 premium rates and risk classifications, including any rate
23 manuals and rules used to arrive at the rates, must be filed
24 with the Department annually for approval at least 120 days
25 before the rates are intended to take effect.

26 (1) A rate filing shall be modified or disapproved if

1 the premiums are unreasonable in relation to the benefits
2 because the rates were not calculated in accordance with
3 sound actuarial principles.

4 (2) Within 60 days of receipt of the rate filing, the
5 Director shall issue a decision to approve, disapprove, or
6 modify the filing along with the reasons and actuarial
7 justification for the decision. Any rate filing or rates
8 within a filing on which the Director does not issue a
9 decision within 60 days shall be automatically deemed
10 approved.

11 (3) Any company whose rate or rate filing has been
12 modified or disapproved shall be allowed to request a
13 hearing within 10 days after the action taken. The action
14 of the Director in disapproving a rate or rate filing
15 shall be subject to judicial review under the
16 Administrative Review Law.

17 (4) Nothing in this subsection requires a company to
18 file a large employer group policy's final premium rates
19 for prior approval if the company negotiates the final
20 rates or rate adjustments with the large employer in
21 accordance with the rate manual and rules of the currently
22 approved rate filing for the policy.

19 (c) Any agreement between the organization and an insurer
20 shall be subject to the provisions of the laws of this State

24 except the following: individual stop loss, aggregate excess,
25 hospitalization benefits or out-of-area of the participating

1 providers unless 20% or more of the organization's total risk
2 is reinsured, in which case all reinsurance agreements require
3 approval.

4 (d) In addition to any applicable provisions of this Act,
5 premium rate filings shall be subject to subsections (a) and

10 is amended by changing Section 3006 as follows:

12 Sec. 3006. Changes in rate methodology and benefits;
13 material modifications; addition of limited health services.

14 (a) A limited health service organization shall file with
15 the Director prior to use, a notice of any change in rate
16 methodology, charges, or benefits and of any material
17 modification of any matter or document furnished pursuant to
18 Section 2001, together with such supporting documents as are
19 necessary to fully explain the change or modification.

9 Insurance Code, as now or hereafter amended. All
10 reinsurance agreements must be filed with the Director.
11 Approval of the Director in required agreements must be
12 filed. Approval of the director is required for all

14 hospitalization benefits, or out-of-area of the
15 participating providers, unless 20% or more of the
16 organization's total risk is reinsured, in which case all
17 reinsurance agreements shall require approval.

18 (b) If a limited health service organization desires to
19 add one or more additional limited health services, it shall
20 file a notice with the Director and, at the same time, submit
21 the information required by Section 2001 if different from
22 that filed with the prepaid limited health service
23 organization's application. Issuance of such an amended
24 certificate of authority shall be subject to the conditions of
25 Section 2002 of this Act.

26 (c) In addition to any applicable provisions of this Act,

1 premium rate filings shall be subject to subsection (i) and,

20 (215 ILCS 5/155.37)

21 Sec. 155.37. Drug formulary; notice.

22 (a) Insurance companies that transact the kinds of

1 insurance authorized under Class 1(b) or Class 2(a) of Section
2 4 of this Code and provide coverage for prescription drugs
3 through the use of a drug formulary must notify insureds of any
4 change in the formulary. A company may comply with this
5 Section by posting changes in the formulary on its website.

6 (b) No later than October 1, 2025, insurance companies
7 that use a drug formulary shall post the formulary on their
8 websites in a manner that is searchable and accessible to the
9 general public without requiring an individual to create any
10 account. This formulary shall adhere to a template developed

19 each covered drug;

20 (2) indicate any drugs on the formulary that are
21 preferred over other drugs on the formulary;

22 (3) include information to educate insureds about the
23 differences between drugs administered or provided under a
24 policy's medical benefit and drugs covered under a drug
25 benefit and how to obtain coverage information about drugs
26 that are not covered under the drug benefit;

1 (4) include information to educate insureds that
2 policies that provide drug benefits are required to have a

6 and Patient Rights Act;

7 (5) include information on which medications are

12 as prohibited by Section 87 of the Managed Care Reform and
13 Patient Rights Act.

15 (215 ILCS 5/356z.40)

16 Sec. 356z.40. Pregnancy and postpartum coverage.

17 (a) An individual or group policy of accident and health
18 insurance or managed care plan amended, delivered, issued, or
19 renewed on or after the effective date of this amendatory Act
20 of the 102nd General Assembly shall provide coverage for
21 pregnancy and newborn care in accordance with 42 U.S.C.
22 18022(b) regarding essential health benefits.

23 (b) Benefits under this Section shall be as follows:

24 (1) An individual who has been identified as
25 experiencing a high-risk pregnancy by the individual's

1 treating provider shall have access to clinically
2 appropriate case management programs. As used in this
3 subsection, "case management" means a mechanism to
4 coordinate and assure continuity of services, including,
5 but not limited to, health services, social services, and
6 educational services necessary for the individual. "Case
7 management" involves individualized assessment of needs,
8 planning of services, referral, monitoring, and advocacy
9 to assist an individual in gaining access to appropriate
10 services and closure when services are no longer required.
11 "Case management" is an active and collaborative process
12 involving a single qualified case manager, the individual,
13 the individual's family, the providers, and the community.
14 This includes close coordination and involvement with all
15 service providers in the management plan for that
16 individual or family, including assuring that the
17 individual receives the services. As used in this
18 subsection, "high-risk pregnancy" means a pregnancy in
19 which the pregnant or postpartum individual or baby is at
20 an increased risk for poor health or complications during
21 pregnancy or childbirth, including, but not limited to,
22 hypertension disorders, gestational diabetes, and
23 hemorrhage.

24 (2) An individual shall have access to medically
25 necessary treatment of a mental, emotional, nervous, or
26 substance use disorder or condition consistent with the

1 requirements set forth in this Section and in Sections
2 370c and 370c.1 of this Code.

3 (3) The benefits provided for inpatient and outpatient
4 services for the treatment of a mental, emotional,
5 nervous, or substance use disorder or condition related to
6 pregnancy or postpartum complications shall be provided if
7 determined to be medically necessary, consistent with the
8 requirements of Sections 370c and 370c.1 of this Code. The
9 facility or provider shall notify the insurer of both the
10 admission and the initial treatment plan within 48 hours
11 after admission or initiation of treatment. Subject to the
12 requirements of Sections 370c and 370c.1 of this Code,
13 nothing ~~Nothing~~ in this paragraph shall prevent an insurer
14 from applying concurrent and post-service utilization
15 review of health care services, including review of
16 medical necessity, case management, experimental and
17 investigational treatments, managed care provisions, and
18 other terms and conditions of the insurance policy.

19 (4) The benefits for the first 48 hours of initiation
20 of services for an inpatient admission, detoxification or
21 withdrawal management program, or partial hospitalization
22 admission for the treatment of a mental, emotional,
23 nervous, or substance use disorder or condition related to
24 pregnancy or postpartum complications shall be provided
25 without post-service or concurrent review of medical
26 necessity, as the medical necessity for the first 48 hours

1 of such services shall be determined solely by the covered
2 pregnant or postpartum individual's provider. Subject to
3 Section 370c and 370c.1 of this Code, nothing ~~Nothing~~ in
4 this paragraph shall prevent an insurer from applying
5 concurrent and post-service utilization review, including
6 the review of medical necessity, case management,
7 experimental and investigational treatments, managed care
8 provisions, and other terms and conditions of the
9 insurance policy, of any inpatient admission,
10 detoxification or withdrawal management program admission,
11 or partial hospitalization admission services for the
12 treatment of a mental, emotional, nervous, or substance
13 use disorder or condition related to pregnancy or
14 postpartum complications received 48 hours after the
15 initiation of such services. If an insurer determines that
16 the services are no longer medically necessary, then the
17 covered person shall have the right to external review
18 pursuant to the requirements of the Health Carrier
19 External Review Act.

20 (5) If an insurer determines that continued inpatient
21 care, detoxification or withdrawal management, partial
22 hospitalization, intensive outpatient treatment, or
23 outpatient treatment in a facility is no longer medically
24 necessary, the insurer shall, within 24 hours, provide
25 written notice to the covered pregnant or postpartum
26 individual and the covered pregnant or postpartum

1 individual's provider of its decision and the right to
2 file an expedited internal appeal of the determination.
3 The insurer shall review and make a determination with
4 respect to the internal appeal within 24 hours and
5 communicate such determination to the covered pregnant or
6 postpartum individual and the covered pregnant or
7 postpartum individual's provider. If the determination is
8 to uphold the denial, the covered pregnant or postpartum
9 individual and the covered pregnant or postpartum
10 individual's provider have the right to file an expedited
11 external appeal. An independent ~~utilization~~ review
12 organization shall make a determination within 72 hours.
13 If the insurer's determination is upheld and it is
14 determined that continued inpatient care, detoxification
15 or withdrawal management, partial hospitalization,
16 intensive outpatient treatment, or outpatient treatment is
17 not medically necessary, the insurer shall remain
18 responsible for providing benefits for the inpatient care,
19 detoxification or withdrawal management, partial
20 hospitalization, intensive outpatient treatment, or
21 outpatient treatment through the day following the date
22 the determination is made, and the covered pregnant or
23 postpartum individual shall only be responsible for any
24 applicable copayment, deductible, and coinsurance for the
25 stay through that date as applicable under the policy. The
26 covered pregnant or postpartum individual shall not be

1 discharged or released from the inpatient facility,
2 detoxification or withdrawal management, partial
3 hospitalization, intensive outpatient treatment, or
4 outpatient treatment until all internal appeals and
5 independent utilization review organization appeals are
6 exhausted. A decision to reverse an adverse determination
7 shall comply with the Health Carrier External Review Act.

8 (6) Except as otherwise stated in this subsection (b),
9 the benefits and cost-sharing shall be provided to the
10 same extent as for any other medical condition covered
11 under the policy.

12 (7) The benefits required by paragraphs (2) and (6) of
13 this subsection (b) are to be provided to all covered
14 pregnant or postpartum individuals with a diagnosis of a
15 mental, emotional, nervous, or substance use disorder or
16 condition. The presence of additional related or unrelated
17 diagnoses shall not be a basis to reduce or deny the
18 benefits required by this subsection (b).

20 (215 ILCS 5/370c) (from Ch. 73, par. 982c)

21 Sec. 370c. Mental and emotional disorders.

22 (a) (1) On and after January 1, 2022 (the effective date of
23 Public Act 102-579), every insurer that amends, delivers,
24 issues, or renews group accident and health policies providing
25 coverage for hospital or medical treatment or services for

1 illness on an expense-incurred basis shall provide coverage
2 for the medically necessary treatment of mental, emotional,
3 nervous, or substance use disorders or conditions consistent
4 with the parity requirements of Section 370c.1 of this Code.

5 (2) Each insured that is covered for mental, emotional,
6 nervous, or substance use disorders or conditions shall be
7 free to select the physician licensed to practice medicine in
8 all its branches, licensed clinical psychologist, licensed
9 clinical social worker, licensed clinical professional
10 counselor, licensed marriage and family therapist, licensed
11 speech-language pathologist, or other licensed or certified
12 professional at a program licensed pursuant to the Substance
13 Use Disorder Act of his or her choice to treat such disorders,
14 and the insurer shall pay the covered charges of such
15 physician licensed to practice medicine in all its branches,
16 licensed clinical psychologist, licensed clinical social
17 worker, licensed clinical professional counselor, licensed
18 marriage and family therapist, licensed speech-language
19 pathologist, or other licensed or certified professional at a
20 program licensed pursuant to the Substance Use Disorder Act up
21 to the limits of coverage, provided (i) the disorder or
22 condition treated is covered by the policy, and (ii) the
23 physician, licensed psychologist, licensed clinical social
24 worker, licensed clinical professional counselor, licensed
25 marriage and family therapist, licensed speech-language
26 pathologist, or other licensed or certified professional at a

1 program licensed pursuant to the Substance Use Disorder Act is
2 authorized to provide said services under the statutes of this
3 State and in accordance with accepted principles of his or her
4 profession.

5 (3) Insofar as this Section applies solely to licensed
6 clinical social workers, licensed clinical professional
7 counselors, licensed marriage and family therapists, licensed
8 speech-language pathologists, and other licensed or certified
9 professionals at programs licensed pursuant to the Substance
10 Use Disorder Act, those persons who may provide services to
11 individuals shall do so after the licensed clinical social
12 worker, licensed clinical professional counselor, licensed
13 marriage and family therapist, licensed speech-language
14 pathologist, or other licensed or certified professional at a
15 program licensed pursuant to the Substance Use Disorder Act
16 has informed the patient of the desirability of the patient
17 conferring with the patient's primary care physician.

18 (4) "Mental, emotional, nervous, or substance use disorder
19 or condition" means a condition or disorder that involves a
20 mental health condition or substance use disorder that falls
21 under any of the diagnostic categories listed in the mental
22 and behavioral disorders chapter of the current edition of the
23 World Health Organization's International Classification of
24 Disease or that is listed in the most recent version of the
25 American Psychiatric Association's Diagnostic and Statistical
26 Manual of Mental Disorders. "Mental, emotional, nervous, or

1 substance use disorder or condition" includes any mental
2 health condition that occurs during pregnancy or during the
3 postpartum period and includes, but is not limited to,
4 postpartum depression.

5 (5) Medically necessary treatment and medical necessity
6 determinations shall be interpreted and made in a manner that
7 is consistent with and pursuant to subsections (h) through
8 (t).

9 (b) (1) (Blank).

10 (2) (Blank).

11 (2.5) (Blank).

12 (3) Unless otherwise prohibited by federal law and
13 consistent with the parity requirements of Section 370c.1 of
14 this Code, the reimbursing insurer that amends, delivers,
15 issues, or renews a group or individual policy of accident and
16 health insurance, a qualified health plan offered through the
17 health insurance marketplace, or a provider of treatment of
18 mental, emotional, nervous, or substance use disorders or
19 conditions shall furnish medical records or other necessary
20 data that substantiate that initial or continued treatment is
21 at all times medically necessary. An insurer shall provide a
22 mechanism for the timely review by a provider holding the same
23 license and practicing in the same specialty as the patient's
24 provider, who is unaffiliated with the insurer, jointly
25 selected by the patient (or the patient's next of kin or legal
26 representative if the patient is unable to act for himself or

1 herself), the patient's provider, and the insurer in the event
2 of a dispute between the insurer and patient's provider
3 regarding the medical necessity of a treatment proposed by a
4 patient's provider. If the reviewing provider determines the
5 treatment to be medically necessary, the insurer shall provide
6 reimbursement for the treatment. Future contractual or
7 employment actions by the insurer regarding the patient's
8 provider may not be based on the provider's participation in
9 this procedure. Nothing prevents the insured from agreeing in
10 writing to continue treatment at his or her expense. When
11 making a determination of the medical necessity for a
12 treatment modality for mental, emotional, nervous, or
13 substance use disorders or conditions, an insurer must make
14 the determination in a manner that is consistent with the
15 manner used to make that determination with respect to other
16 diseases or illnesses covered under the policy, including an
17 appeals process. Medical necessity determinations for
18 substance use disorders shall be made in accordance with
19 appropriate patient placement criteria established by the
20 American Society of Addiction Medicine. No additional criteria
21 may be used to make medical necessity determinations for
22 substance use disorders.

23 (4) A group health benefit plan amended, delivered,
24 issued, or renewed on or after January 1, 2019 (the effective
25 date of Public Act 100-1024) or an individual policy of
26 accident and health insurance or a qualified health plan

1 offered through the health insurance marketplace amended,
2 delivered, issued, or renewed on or after January 1, 2019 (the
3 effective date of Public Act 100-1024):

4 (A) shall provide coverage based upon medical
5 necessity for the treatment of a mental, emotional,
6 nervous, or substance use disorder or condition consistent
7 with the parity requirements of Section 370c.1 of this
8 Code; provided, however, that in each calendar year
9 coverage shall not be less than the following:

10 (i) 45 days of inpatient treatment; and

11 (ii) beginning on June 26, 2006 (the effective
12 date of Public Act 94-921), 60 visits for outpatient
13 treatment including group and individual outpatient
14 treatment; and

15 (iii) for plans or policies delivered, issued for
16 delivery, renewed, or modified after January 1, 2007
17 (the effective date of Public Act 94-906), 20
18 additional outpatient visits for speech therapy for
19 treatment of pervasive developmental disorders that
20 will be in addition to speech therapy provided
21 pursuant to item (ii) of this subparagraph (A); and

22 (B) may not include a lifetime limit on the number of
23 days of inpatient treatment or the number of outpatient
24 visits covered under the plan.

25 (C) (Blank).

26 (5) An issuer of a group health benefit plan or an

1 individual policy of accident and health insurance or a
2 qualified health plan offered through the health insurance
3 marketplace may not count toward the number of outpatient
4 visits required to be covered under this Section an outpatient
5 visit for the purpose of medication management and shall cover
6 the outpatient visits under the same terms and conditions as
7 it covers outpatient visits for the treatment of physical
8 illness.

9 (5.5) An individual or group health benefit plan amended,
10 delivered, issued, or renewed on or after September 9, 2015

25 the American Society of Addiction Medicine.

26 As used in this subsection:

1 "Acute treatment services" means 24-hour medically

4 assessment, individual and group counseling, psychoeducational
5 groups, and discharge planning.

6 "Clinical stabilization services" means 24-hour treatment,

11 others, and aftercare planning for individuals beginning to
12 engage in recovery from addiction.

13 (6) An issuer of a group health benefit plan may provide or
14 offer coverage required under this Section through a managed
15 care plan.

16 (6.5) An individual or group health benefit plan amended,
17 delivered, issued, or renewed on or after January 1, 2019 (the

23 Addiction Medicine, on a prescription medication approved
24 by the United States Food and Drug Administration that is
25 prescribed or administered for the treatment of substance
26 use disorders;

1 (B) shall not impose any step therapy requirements,
2 ~~other than those established under the Treatment Criteria~~
3 ~~for Addictive, Substance Related, and Co-Occurring~~
4 ~~Conditions established by the American Society of~~
5 ~~Addiction Medicine, before authorizing coverage for a~~
6 ~~prescription medication approved by the United States Food~~
7 ~~and Drug Administration that is prescribed or administered~~
8 ~~for the treatment of substance use disorders;~~

9 (C) shall place all prescription medications approved
10 by the United States Food and Drug Administration
11 prescribed or administered for the treatment of substance
12 use disorders on, for brand medications, the lowest tier
13 of the drug formulary developed and maintained by the
14 individual or group health benefit plan that covers brand
15 medications and, for generic medications, the lowest tier
16 of the drug formulary developed and maintained by the
17 individual or group health benefit plan that covers
18 generic medications; and

19 (D) shall not exclude coverage for a prescription
20 medication approved by the United States Food and Drug
21 Administration for the treatment of substance use
22 disorders and any associated counseling or wraparound
23 services on the grounds that such medications and services
24 were court ordered.

25 (7) (Blank).

26 (8) (Blank).

1 (9) With respect to all mental, emotional, nervous, or
2 substance use disorders or conditions, coverage for inpatient
3 treatment shall include coverage for treatment in a
4 residential treatment center certified or licensed by the
5 Department of Public Health or the Department of Human
6 Services.

7 (c) This Section shall not be interpreted to require
8 coverage for speech therapy or other habilitative services for
9 those individuals covered under Section 356z.15 of this Code.

10 (d) With respect to a group or individual policy of
11 accident and health insurance or a qualified health plan
12 offered through the health insurance marketplace, the
13 Department and, with respect to medical assistance, the
14 Department of Healthcare and Family Services shall each
15 enforce the requirements of this Section and Sections 356z.23
16 and 370c.1 of this Code, the Paul Wellstone and Pete Domenici
17 Mental Health Parity and Addiction Equity Act of 2008, 42
18 U.S.C. 18031(j), and any amendments to, and federal guidance
19 or regulations issued under, those Acts, including, but not
20 limited to, final regulations issued under the Paul Wellstone
21 and Pete Domenici Mental Health Parity and Addiction Equity
22 Act of 2008 and final regulations applying the Paul Wellstone
23 and Pete Domenici Mental Health Parity and Addiction Equity
24 Act of 2008 to Medicaid managed care organizations, the
25 Children's Health Insurance Program, and alternative benefit
26 plans. Specifically, the Department and the Department of

1 Healthcare and Family Services shall take action:

2 (1) proactively ensuring compliance by individual and
3 group policies, including by requiring that insurers
4 submit comparative analyses, as set forth in paragraph (6)
5 of subsection (k) of Section 370c.1, demonstrating how
6 they design and apply nonquantitative treatment
7 limitations, both as written and in operation, for mental,
8 emotional, nervous, or substance use disorder or condition
9 benefits as compared to how they design and apply
10 nonquantitative treatment limitations, as written and in
11 operation, for medical and surgical benefits;

12 (2) evaluating all consumer or provider complaints
13 regarding mental, emotional, nervous, or substance use
14 disorder or condition coverage for possible parity
15 violations;

16 (3) performing parity compliance market conduct
17 examinations or, in the case of the Department of
18 Healthcare and Family Services, parity compliance audits
19 of individual and group plans and policies, including, but
20 not limited to, reviews of:

21 (A) nonquantitative treatment limitations,
22 including, but not limited to, prior authorization
23 requirements, concurrent review, retrospective review,
24 step therapy, network admission standards,
25 reimbursement rates, and geographic restrictions;

26 (B) denials of authorization, payment, and

1 coverage; and

2 (C) other specific criteria as may be determined
3 by the Department.

4 The findings and the conclusions of the parity compliance
5 market conduct examinations and audits shall be made public.

6 The Director may adopt rules to effectuate any provisions
7 of the Paul Wellstone and Pete Domenici Mental Health Parity
8 and Addiction Equity Act of 2008 that relate to the business of
9 insurance.

10 (e) Availability of plan information.

11 (1) The criteria for medical necessity determinations
12 made under a group health plan, an individual policy of
13 accident and health insurance, or a qualified health plan
14 offered through the health insurance marketplace with
15 respect to mental health or substance use disorder
16 benefits (or health insurance coverage offered in
17 connection with the plan with respect to such benefits)
18 must be made available by the plan administrator (or the
19 health insurance issuer offering such coverage) to any
20 current or potential participant, beneficiary, or
21 contracting provider upon request.

22 (2) The reason for any denial under a group health
23 benefit plan, an individual policy of accident and health
24 insurance, or a qualified health plan offered through the
25 health insurance marketplace (or health insurance coverage
26 offered in connection with such plan or policy) of

1 reimbursement or payment for services with respect to
2 mental, emotional, nervous, or substance use disorders or
3 conditions benefits in the case of any participant or
4 beneficiary must be made available within a reasonable
5 time and in a reasonable manner and in readily
6 understandable language by the plan administrator (or the
7 health insurance issuer offering such coverage) to the
8 participant or beneficiary upon request.

9 (f) As used in this Section, "group policy of accident and
10 health insurance" and "group health benefit plan" includes (1)
11 State-regulated employer-sponsored group health insurance
12 plans written in Illinois or which purport to provide coverage
13 for a resident of this State; and (2) State employee health
14 plans.

15 (g) (1) As used in this subsection:

16 "Benefits", with respect to insurers, means the benefits
17 provided for treatment services for inpatient and outpatient
18 treatment of substance use disorders or conditions at American
19 Society of Addiction Medicine levels of treatment 2.1
20 (Intensive Outpatient), 2.5 (Partial Hospitalization), 3.1
21 (Clinically Managed Low-Intensity Residential), 3.3
22 (Clinically Managed Population-Specific High-Intensity
23 Residential), 3.5 (Clinically Managed High-Intensity
24 Residential), and 3.7 (Medically Monitored Intensive
25 Inpatient) and OMT (Opioid Maintenance Therapy) services.

26 "Benefits", with respect to managed care organizations,

1 means the benefits provided for treatment services for
2 inpatient and outpatient treatment of substance use disorders
3 or conditions at American Society of Addiction Medicine levels
4 of treatment 2.1 (Intensive Outpatient), 2.5 (Partial
5 Hospitalization), 3.5 (Clinically Managed High-Intensity
6 Residential), and 3.7 (Medically Monitored Intensive
7 Inpatient) and OMT (Opioid Maintenance Therapy) services.

8 "Substance use disorder treatment provider or facility"
9 means a licensed physician, licensed psychologist, licensed
10 psychiatrist, licensed advanced practice registered nurse, or
11 licensed, certified, or otherwise State-approved facility or
12 provider of substance use disorder treatment.

13 (2) A group health insurance policy, an individual health
14 benefit plan, or qualified health plan that is offered through
15 the health insurance marketplace, small employer group health
16 plan, and large employer group health plan that is amended,
17 delivered, issued, executed, or renewed in this State, or
18 approved for issuance or renewal in this State, on or after
19 January 1, 2019 (the effective date of Public Act 100-1023)
20 shall comply with the requirements of this Section and Section
21 370c.1. The services for the treatment and the ongoing
22 assessment of the patient's progress in treatment shall follow
23 the requirements of 77 Ill. Adm. Code 2060.

24 (3) Prior authorization shall not be utilized for the
25 benefits under this subsection. The substance use disorder
26 treatment provider or facility shall notify the insurer of the

1 initiation of treatment. For an insurer that is not a managed
2 care organization, the substance use disorder treatment
3 provider or facility notification shall occur for the
4 initiation of treatment of the covered person within 2
5 business days. For managed care organizations, the substance
6 use disorder treatment provider or facility notification shall
7 occur in accordance with the protocol set forth in the
8 provider agreement for initiation of treatment within 24
9 hours. If the managed care organization is not capable of
10 accepting the notification in accordance with the contractual
11 protocol during the 24-hour period following admission, the
12 substance use disorder treatment provider or facility shall
13 have one additional business day to provide the notification
14 to the appropriate managed care organization. Treatment plans
15 shall be developed in accordance with the requirements and
16 timeframes established in 77 Ill. Adm. Code 2060. If the
17 substance use disorder treatment provider or facility fails to
18 notify the insurer of the initiation of treatment in
19 accordance with these provisions, the insurer may follow its
20 normal prior authorization processes.

21 (4) For an insurer that is not a managed care
22 organization, if an insurer determines that benefits are no
23 longer medically necessary, the insurer shall notify the
24 covered person, the covered person's authorized
25 representative, if any, and the covered person's health care
26 provider in writing of the covered person's right to request

1 an external review pursuant to the Health Carrier External
2 Review Act. The notification shall occur within 24 hours
3 following the adverse determination.

4 Pursuant to the requirements of the Health Carrier
5 External Review Act, the covered person or the covered
6 person's authorized representative may request an expedited
7 external review. An expedited external review may not occur if
8 the substance use disorder treatment provider or facility
9 determines that continued treatment is no longer medically
10 necessary.

11 If an expedited external review request meets the criteria
12 of the Health Carrier External Review Act, an independent
13 review organization shall make a final determination of
14 medical necessity within 72 hours. If an independent review
15 organization upholds an adverse determination, an insurer
16 shall remain responsible to provide coverage of benefits
17 through the day following the determination of the independent
18 review organization. A decision to reverse an adverse
19 determination shall comply with the Health Carrier External
20 Review Act.

21 (5) The substance use disorder treatment provider or
22 facility shall provide the insurer with 7 business days'
23 advance notice of the planned discharge of the patient from
24 the substance use disorder treatment provider or facility and
25 notice on the day that the patient is discharged from the
26 substance use disorder treatment provider or facility.

1 (6) The benefits required by this subsection shall be
2 provided to all covered persons with a diagnosis of substance
3 use disorder or conditions. The presence of additional related
4 or unrelated diagnoses shall not be a basis to reduce or deny
5 the benefits required by this subsection.

6 (7) Nothing in this subsection shall be construed to
7 require an insurer to provide coverage for any of the benefits
8 in this subsection.

9 (h) As used in this Section:

10 "Generally accepted standards of mental, emotional,
11 nervous, or substance use disorder or condition care" means
12 standards of care and clinical practice that are generally
13 recognized by health care providers practicing in relevant
14 clinical specialties such as psychiatry, psychology, clinical
15 sociology, social work, addiction medicine and counseling, and
16 behavioral health treatment. Valid, evidence-based sources
17 reflecting generally accepted standards of mental, emotional,
18 nervous, or substance use disorder or condition care include
19 peer-reviewed scientific studies and medical literature,
20 recommendations of nonprofit health care provider professional
21 associations and specialty societies, including, but not
22 limited to, patient placement criteria and clinical practice
23 guidelines, recommendations of federal government agencies,
24 and drug labeling approved by the United States Food and Drug
25 Administration.

26 "Medically necessary treatment of mental, emotional,

1 nervous, or substance use disorders or conditions" means a
2 service or product addressing the specific needs of that
3 patient, for the purpose of screening, preventing, diagnosing,
4 managing, or treating an illness, injury, or condition or its
5 symptoms and comorbidities, including minimizing the
6 progression of an illness, injury, or condition or its
7 symptoms and comorbidities in a manner that is all of the
8 following:

9 (1) in accordance with the generally accepted
10 standards of mental, emotional, nervous, or substance use
11 disorder or condition care;

12 (2) clinically appropriate in terms of type,
13 frequency, extent, site, and duration; and

14 (3) not primarily for the economic benefit of the
15 insurer, purchaser, or for the convenience of the patient,
16 treating physician, or other health care provider.

17 "Utilization review" means either of the following:

18 (1) prospectively, retrospectively, or concurrently
19 reviewing and approving, modifying, delaying, or denying,
20 based in whole or in part on medical necessity, requests
21 by health care providers, insureds, or their authorized
22 representatives for coverage of health care services
23 before, retrospectively, or concurrently with the
24 provision of health care services to insureds.

25 (2) evaluating the medical necessity, appropriateness,
26 level of care, service intensity, efficacy, or efficiency

1 of health care services, benefits, procedures, or
2 settings, under any circumstances, to determine whether a
3 health care service or benefit subject to a medical
4 necessity coverage requirement in an insurance policy is
5 covered as medically necessary for an insured.

6 "Utilization review criteria" means patient placement
7 criteria or any criteria, standards, protocols, or guidelines
8 used by an insurer to conduct utilization review.

9 (i)(1) Every insurer that amends, delivers, issues, or
10 renews a group or individual policy of accident and health
11 insurance or a qualified health plan offered through the
12 health insurance marketplace in this State and Medicaid
13 managed care organizations providing coverage for hospital or
14 medical treatment on or after January 1, 2023 shall, pursuant
15 to subsections (h) through (s), provide coverage for medically
16 necessary treatment of mental, emotional, nervous, or
17 substance use disorders or conditions.

18 (2) An insurer shall not set a specific limit on the
19 duration of benefits or coverage of medically necessary
20 treatment of mental, emotional, nervous, or substance use
21 disorders or conditions or limit coverage only to alleviation
22 of the insured's current symptoms.

23 (3) All utilization review conducted ~~medical necessity~~
24 ~~determinations made~~ by the insurer concerning diagnosis,
25 prevention, and treatment ~~service intensity, level of care~~
26 ~~placement, continued stay, and transfer or discharge~~ of

1 insureds diagnosed with mental, emotional, nervous, or
2 substance use disorders or conditions shall be conducted in
3 accordance with the requirements of subsections (k) through
4 (w) ~~(u)~~.

5 (4) An insurer that authorizes a specific type of
6 treatment by a provider pursuant to this Section shall not
7 rescind or modify the authorization after that provider
8 renders the health care service in good faith and pursuant to
9 this authorization for any reason, including, but not limited
10 to, the insurer's subsequent cancellation or modification of
11 the insured's or policyholder's contract, or the insured's or
12 policyholder's eligibility. Nothing in this Section shall
13 require the insurer to cover a treatment when the
14 authorization was granted based on a material
15 misrepresentation by the insured, the policyholder, or the
16 provider. Nothing in this Section shall require Medicaid
17 managed care organizations to pay for services if the
18 individual was not eligible for Medicaid at the time the
19 service was rendered. Nothing in this Section shall require an
20 insurer to pay for services if the individual was not the
21 insurer's enrollee at the time services were rendered. As used
22 in this paragraph, "material" means a fact or situation that
23 is not merely technical in nature and results in or could
24 result in a substantial change in the situation.

25 (j) An insurer shall not limit benefits or coverage for
26 medically necessary services on the basis that those services

1 should be or could be covered by a public entitlement program,
2 including, but not limited to, special education or an
3 individualized education program, Medicaid, Medicare,
4 Supplemental Security Income, or Social Security Disability
5 Insurance, and shall not include or enforce a contract term
6 that excludes otherwise covered benefits on the basis that
7 those services should be or could be covered by a public
8 entitlement program. Nothing in this subsection shall be
9 construed to require an insurer to cover benefits that have
10 been authorized and provided for a covered person by a public
11 entitlement program. Medicaid managed care organizations are
12 not subject to this subsection.

13 (k) An insurer shall base any medical necessity
14 determination or the utilization review criteria that the
15 insurer, and any entity acting on the insurer's behalf,
16 applies to determine the medical necessity of health care
17 services and benefits for the diagnosis, prevention, and
18 treatment of mental, emotional, nervous, or substance use
19 disorders or conditions on current generally accepted
20 standards of mental, emotional, nervous, or substance use
21 disorder or condition care. All denials and appeals shall be
22 reviewed by a professional with experience or expertise
23 comparable to the provider requesting the authorization.

24 (l) In conducting utilization review of all covered health
25 care services for the diagnosis, prevention, and treatment of
26 ~~For medical necessity determinations relating to level of care~~

1 ~~placement, continued stay, and transfer or discharge of~~
2 ~~insureds diagnosed with~~ mental, emotional, and nervous
3 disorders or conditions, an insurer shall apply the ~~patient~~
4 ~~placement~~ criteria and guidelines set forth in the most recent
5 version of the treatment criteria developed by an unaffiliated
6 nonprofit professional association for the relevant clinical
7 specialty or, for Medicaid managed care organizations, ~~patient~~
8 ~~placement~~ criteria and guidelines determined by the Department
9 of Healthcare and Family Services that are consistent with
10 generally accepted standards of mental, emotional, nervous or
11 substance use disorder or condition care. Pursuant to
12 subsection (b), in conducting utilization review of all
13 covered services and benefits for the diagnosis, prevention,
14 and treatment of substance use disorders an insurer shall use
15 the most recent edition of the patient placement criteria
16 established by the American Society of Addiction Medicine.

17 (m) In conducting utilization review ~~For medical necessity~~
18 ~~determinations~~ relating to level of care placement, continued
19 stay, ~~and transfer, or discharge,~~ or any other patient care
20 decisions that are within the scope of the sources specified
21 in subsection (l), an insurer shall not apply different,
22 additional, conflicting, or more restrictive utilization
23 review criteria than the criteria set forth in those sources.
24 For all level of care placement decisions, the insurer shall
25 authorize placement at the level of care consistent with the
26 assessment of the insured using the relevant patient placement

1 criteria as specified in subsection (l). If that level of
2 placement is not available, the insurer shall authorize the
3 next higher level of care. In the event of disagreement, the
4 insurer shall provide full detail of its assessment using the
5 relevant criteria as specified in subsection (l) to the
6 provider of the service and the patient.

7 ~~Nothing in this subsection or subsection (l) prohibits an~~
8 ~~insurer from applying utilization review criteria that were~~
9 ~~developed in accordance with subsection (k) to health care~~
10 ~~services and benefits for mental, emotional, and nervous~~
11 ~~disorders or conditions that are not related to medical~~
12 ~~necessity determinations for level of care placement,~~
13 ~~continued stay, and transfer or discharge.~~ If an insurer
14 purchases or licenses utilization review criteria pursuant to
15 this subsection, the insurer shall verify and document before
16 use that the criteria were developed in accordance with
17 subsection (k).

18 (n) In conducting utilization review that is outside the
19 scope of the criteria as specified in subsection (l) or
20 relates to the advancements in technology or in the types or
21 levels of care that are not addressed in the most recent
22 versions of the sources specified in subsection (l), an
23 insurer shall conduct utilization review in accordance with
24 subsection (k).

25 (o) This Section does not in any way limit the rights of a
26 patient under the Medical Patient Rights Act.

1 (p) This Section does not in any way limit early and
2 periodic screening, diagnostic, and treatment benefits as
3 defined under 42 U.S.C. 1396d(r).

4 (q) To ensure the proper use of the criteria described in
5 subsection (l), every insurer shall do all of the following:

6 (1) Educate the insurer's staff, including any third
7 parties contracted with the insurer to review claims,
8 conduct utilization reviews, or make medical necessity
9 determinations about the utilization review criteria.

10 (2) Make the educational program available to other
11 stakeholders, including the insurer's participating or
12 contracted providers and potential participants,
13 beneficiaries, or covered lives. The education program
14 must be provided at least once a year, in-person or
15 digitally, or recordings of the education program must be
16 made available to the aforementioned stakeholders.

17 (3) Provide, at no cost, the utilization review
18 criteria and any training material or resources to
19 providers and insured patients upon request. For
20 utilization review criteria not concerning level of care
21 placement, continued stay, ~~and transfer,~~ ~~or discharge,~~ or
22 other patient care decisions used by the insurer pursuant
23 to subsection (m), the insurer may place the criteria on a
24 secure, password-protected website so long as the access
25 requirements of the website do not unreasonably restrict
26 access to insureds or their providers. No restrictions

1 shall be placed upon the insured's or treating provider's
2 access right to utilization review criteria obtained under
3 this paragraph at any point in time, including before an
4 initial request for authorization.

5 (4) Track, identify, and analyze how the utilization
6 review criteria are used to certify care, deny care, and
7 support the appeals process.

8 (5) Conduct interrater reliability testing to ensure
9 consistency in utilization review decision making that
10 covers how medical necessity decisions are made; this
11 assessment shall cover all aspects of utilization review
12 as defined in subsection (h).

13 (6) Run interrater reliability reports about how the
14 clinical guidelines are used in conjunction with the
15 utilization review process and parity compliance
16 activities.

17 (7) Achieve interrater reliability pass rates of at
18 least 90% and, if this threshold is not met, immediately
19 provide for the remediation of poor interrater reliability
20 and interrater reliability testing for all new staff
21 before they can conduct utilization review without
22 supervision.

23 (8) Maintain documentation of interrater reliability
24 testing and the remediation actions taken for those with
25 pass rates lower than 90% and submit to the Department of
26 Insurance or, in the case of Medicaid managed care

1 organizations, the Department of Healthcare and Family
2 Services the testing results and a summary of remedial
3 actions as part of parity compliance reporting set forth
4 in subsection (k) of Section 370c.1.

5 (r) This Section applies to all health care services and
6 benefits for the diagnosis, prevention, and treatment of
7 mental, emotional, nervous, or substance use disorders or
8 conditions covered by an insurance policy, including
9 prescription drugs.

10 (s) This Section applies to an insurer that amends,
11 delivers, issues, or renews a group or individual policy of
12 accident and health insurance or a qualified health plan
13 offered through the health insurance marketplace in this State
14 providing coverage for hospital or medical treatment and
15 conducts utilization review as defined in this Section,
16 including Medicaid managed care organizations, and any entity
17 or contracting provider that performs utilization review or
18 utilization management functions on an insurer's behalf.

19 (t) If the Director determines that an insurer has
20 violated this Section, the Director may, after appropriate
21 notice and opportunity for hearing, by order, assess a civil
22 penalty between \$1,000 and \$5,000 for each violation. Moneys
23 collected from penalties shall be deposited into the Parity
24 Advancement Fund established in subsection (i) of Section
25 370c.1.

26 (u) An insurer shall not adopt, impose, or enforce terms

1 in its policies or provider agreements, in writing or in
2 operation, that undermine, alter, or conflict with the
3 requirements of this Section.

4 (v) The provisions of this Section are severable. If any
5 provision of this Section or its application is held invalid,
6 that invalidity shall not affect other provisions or
7 applications that can be given effect without the invalid
8 provision or application.

9 (w) Beginning January 1, 2026, coverage for inpatient
10 mental health treatment at participating hospitals shall
11 comply with the following requirements:

12 (1) Subject to paragraphs (2) and (3) of this
13 subsection, no policy shall require prior authorization
14 for admission for such treatment at any participating
15 hospital.

16 (2) Coverage provided under this subsection also shall
17 not be subject to concurrent review for the first 72
18 hours, provided that the hospital must notify the insurer
19 of both the admission and the initial treatment plan
20 within 48 hours of admission. A discharge plan must be
21 fully developed and continuity services prepared to meet
22 the patient's needs and the patient's community preference
23 upon release. Nothing in this paragraph supersedes a
24 health maintenance organization's referral requirement for
25 services from nonparticipating providers upon a patient's
26 discharge from a hospital.

1 (3) Treatment provided under this subsection may be
2 reviewed retrospectively. If coverage is denied
3 retrospectively, neither the insurer nor the participating
4 hospital shall bill, and the insured shall not be liable,
5 for any treatment under this subsection through the date
6 the adverse determination is issued, other than any
7 copayment, coinsurance, or deductible for the stay through
8 that date as applicable under the policy. Coverage shall
9 not be retrospectively denied for the first 72 hours of
10 treatment at a participating hospital except:

11 (A) upon reasonable determination that the
12 inpatient mental health treatment was not provided;

13 (B) upon determination that the patient receiving
14 the treatment was not an insured, enrollee, or
15 beneficiary under the policy;

16 (C) upon material misrepresentation by the patient
17 or health care provider. In this item (C), "material"
18 means a fact or situation that is not merely technical
19 in nature and results or could result in a substantial
20 change in the situation; or

21 (D) upon determination that a service was excluded
22 under the terms of coverage. In that case, the
23 limitation to billing for a copayment, coinsurance, or
24 deductible shall not apply.

25 (4) Nothing in this subsection shall be construed to
26 require a policy to cover any health care service excluded

2 (x) Notwithstanding any provision of this Section, nothing
3 shall require the medical assistance program under Article V
4 of the Illinois Public Aid Code to violate any applicable
5 federal laws, regulations, or grant requirements or any State
6 or federal consent decrees. Nothing in subsection (w) shall
7 prevent the Department of Healthcare and Family Services from
8 requiring a health care provider to use specified level of
9 care, admission, continued stay, or discharge criteria,
10 including, but not limited to, those under Section 5-5.23 of
11 the Illinois Public Aid Code, as long as the Department of
12 Healthcare and Family Services does not require a health care
13 provider to seek prior authorization or concurrent review from
14 the Department of Healthcare and Family Services, a Medicaid
15 managed care organization, or a utilization review
16 organization under the circumstances expressly prohibited by
17 subsection (w). Nothing in this Section prohibits a health
18 plan, including a Medicaid managed care organization, from
19 conducting reviews for fraud, waste, or abuse and reporting
20 suspected fraud, waste, or abuse according to State and
21 federal requirements.

22 (y) Children's Mental Health. Nothing in this Section

22 medical attention to result in:

23 (1) placing the health of the individual (or, with
24 respect to a pregnant woman, the health of the woman or her

1 unborn child) in serious jeopardy;

2 (2) serious impairment to bodily functions;

3 (3) serious dysfunction of any bodily organ or part;

14 (2) evaluating the medical necessity, appropriateness,
15 level of care, service intensity, efficacy, or efficiency
16 of health care services, benefits, procedures, or
17 settings, under any circumstances, to determine whether a

19 necessity coverage requirement in a health care plan is
20 covered as medically necessary for an enrollee.

21 "Utilization review criteria" means criteria, standards,
22 protocols, or guidelines used by a utilization review program

4 Sec. 45.1. Medical exceptions procedures required.

5 (a) Notwithstanding any other provision of law, on or
6 after January 1, 2018 (the effective date of Public Act
7 99-761), every insurer licensed in this State to sell a policy
8 of group or individual accident and health insurance or a
9 health benefits plan shall establish and maintain a medical
10 exceptions process that allows covered persons or their
11 authorized representatives to request any clinically
12 appropriate prescription drug when (1) the drug is not covered
13 based on the health benefit plan's formulary; (2) the health
14 benefit plan is discontinuing coverage of the drug on the
15 plan's formulary for reasons other than safety or other than
16 because the prescription drug has been withdrawn from the
17 market by the drug's manufacturer; (3) (blank) ~~the~~
18 ~~prescription drug alternatives required to be used in~~
19 ~~accordance with a step therapy requirement (A) has been~~
20 ~~ineffective in the treatment of the enrollee's disease or~~
21 ~~medical condition or, based on both sound clinical evidence~~
22 ~~and medical and scientific evidence, the known relevant~~
23 ~~physical or mental characteristics of the enrollee, and the~~
24 ~~known characteristics of the drug regimen, is likely to be~~
25 ~~ineffective or adversely affect the drug's effectiveness or~~

8 physical and mental characteristics of the enrollee, and known
9 characteristics of the drug regimen, is likely to be
10 ineffective or adversely affect the drug's effective or
11 patient compliance.

12 (b) The health carrier's established medical exceptions
13 procedures must require, at a minimum, the following:

14 (1) Any request for approval of coverage made verbally
15 or in writing (regardless of whether made using a paper or
16 electronic form or some other writing) at any time shall
17 be reviewed by appropriate health care professionals.

18 (2) The health carrier must, within 72 hours after
19 receipt of a request made under subsection (a) of this
20 Section, either approve or deny the request. In the case
21 of a denial, the health carrier shall provide the covered
22 person or the covered person's authorized representative
23 and the covered person's prescribing provider with the
24 reason for the denial, an alternative covered medication,
25 if applicable, and information regarding the procedure for
26 submitting an appeal to the denial. A health carrier shall

1 not use the authorization of alternative covered
2 medications under this Section in a manner that
3 effectively creates a step therapy requirement.

4 (3) In the case of an expedited coverage
5 determination, the health carrier must either approve or
6 deny the request within 24 hours after receipt of the
7 request. In the case of a denial, the health carrier shall
8 provide the covered person or the covered person's
9 authorized representative and the covered person's
10 prescribing provider with the reason for the denial, an
11 alternative covered medication, if applicable, and
12 information regarding the procedure for submitting an
13 appeal to the denial.

14 (c) An off-formulary ~~A step therapy requirement~~ exception
15 request shall not be denied ~~be approved~~ if:

16 (1) the formulary ~~required~~ prescription drug is
17 contraindicated;

18 (2) the patient has tried the formulary ~~required~~
19 prescription drug while under the patient's current or
20 previous health insurance or health benefit plan and the
21 prescribing provider submits evidence of failure or
22 intolerance; or

23 (3) the patient is stable on a prescription drug
24 selected by his or her health care provider for the
25 medical condition under consideration while on a current
26 or previous health insurance or health benefit plan.

1 (d) Upon the granting of an exception request, the
2 insurer, health plan, utilization review organization, or
3 other entity shall authorize the coverage for the drug
4 prescribed by the enrollee's treating health care provider, to
5 the extent the prescribed drug is a covered drug under the
6 policy or contract up to the quantity covered.

7 (e) Any approval of a medical exception request made
8 pursuant to this Section shall be honored for 12 months
9 following the date of the approval or until renewal of the
10 plan.

11 (f) Notwithstanding any other provision of this Section,
12 nothing in this Section shall be interpreted or implemented in
13 a manner not consistent with the federal Patient Protection
14 and Affordable Care Act (Public Law 111-148), as amended by
15 the federal Health Care and Education Reconciliation Act of
16 2010 (Public Law 111-152), and any amendments thereto, or
17 regulations or guidance issued under those Acts.

18 (g) Nothing in this Section shall require or authorize the
19 State agency responsible for the administration of the medical
20 assistance program established under the Illinois Public Aid
21 Code to approve, supply, or cover prescription drugs pursuant
22 to the procedure established in this Section.

24 (215 ILCS 134/85)

25 Sec. 85. Utilization review program registration.

1 (a) No person may conduct a utilization review program in
2 this State unless once every 2 years the person registers the
3 utilization review program with the Department and certifies
4 compliance with the Health Utilization Management Standards of
5 the American Accreditation Healthcare Commission (URAC)
6 sufficient to achieve American Accreditation Healthcare
7 Commission (URAC) accreditation or submits evidence of
8 accreditation by the American Accreditation Healthcare
9 Commission (URAC) for its Health Utilization Management
10 Standards. Nothing in this Act shall be construed to require a
11 health care plan or its subcontractors to become American
12 Accreditation Healthcare Commission (URAC) accredited.

13 (b) In addition, the Director of the Department, in
14 consultation with the Director of the Department of Public
15 Health, may certify alternative utilization review standards
16 of national accreditation organizations or entities in order
17 for plans to comply with this Section. Any alternative
18 utilization review standards shall meet or exceed those
19 standards required under subsection (a).

20 (b-5) The Department shall recognize the Accreditation
21 Association for Ambulatory Health Care among the list of
22 accreditors from which utilization organizations may receive
23 accreditation and qualify for reduced registration and renewal
24 fees.

25 (c) The provisions of this Section do not apply to:

26 (1) persons providing utilization review program

1 services only to the federal government;

2 (2) self-insured health plans under the federal
3 Employee Retirement Income Security Act of 1974, however,
4 this Section does apply to persons conducting a
5 utilization review program on behalf of these health
6 plans;

7 (3) hospitals and medical groups performing
8 utilization review activities for internal purposes unless
9 the utilization review program is conducted for another
10 person.

11 Nothing in this Act prohibits a health care plan or other
12 entity from contractually requiring an entity designated in
13 item (3) of this subsection to adhere to the utilization
14 review program requirements of this Act.

15 (d) This registration shall include submission of all of
16 the following information regarding utilization review program
17 activities:

18 (1) The name, address, and telephone number of the
19 utilization review programs.

20 (2) The organization and governing structure of the
21 utilization review programs.

22 (3) The number of lives for which utilization review
23 is conducted by each utilization review program.

24 (4) Hours of operation of each utilization review
25 program.

26 (5) Description of the grievance process for each

1 utilization review program.

2 (6) Number of covered lives for which utilization
3 review was conducted for the previous calendar year for
4 each utilization review program.

5 (7) Written policies and procedures for protecting
6 confidential information according to applicable State and
7 federal laws for each utilization review program.

8 (e) (1) A utilization review program shall have written
9 procedures for assuring that patient-specific information
10 obtained during the process of utilization review will be:

11 (A) kept confidential in accordance with applicable
12 State and federal laws; and

13 (B) shared only with the enrollee, the enrollee's
14 designee, the enrollee's health care provider, and those
15 who are authorized by law to receive the information.

16 Summary data shall not be considered confidential if it
17 does not provide information to allow identification of
18 individual patients or health care providers.

19 (2) Only a clinical peer ~~health care professional~~ may
20 make adverse determinations regarding the medical
21 necessity of health care services during the course of
22 utilization review. Either a health care professional or
23 an accredited algorithmic automated process, or both in
24 combination, may certify the medical necessity of a health
25 care service in accordance with accreditation standards.
26 Nothing in this subsection prohibits an accredited

1 algorithmic automated process from being used to refer a
2 case to a clinical peer for a potential adverse
3 determination.

4 (3) When making retrospective reviews, utilization
5 review programs shall base reviews solely on the medical
6 information available to the attending physician or
7 ordering provider at the time the health care services
8 were provided.

9 (4) When making prospective, concurrent, and
10 retrospective determinations, utilization review programs
11 shall collect only information that is necessary to make
12 the determination and shall not routinely require health
13 care providers to numerically code diagnoses or procedures
14 to be considered for certification, unless required under
15 State or federal Medicare or Medicaid rules or
16 regulations, but may request such code if available, or
17 routinely request copies of medical records of all
18 enrollees reviewed. During prospective or concurrent
19 review, copies of medical records shall only be required
20 when necessary to verify that the health care services
21 subject to review are medically necessary. In these cases,
22 only the necessary or relevant sections of the medical
23 record shall be required.

24 (f) If the Department finds that a utilization review
25 program is not in compliance with this Section, the Department
26 shall issue a corrective action plan and allow a reasonable

1 amount of time for compliance with the plan. If the
2 utilization review program does not come into compliance, the
3 Department may issue a cease and desist order. Before issuing
4 a cease and desist order under this Section, the Department
5 shall provide the utilization review program with a written
6 notice of the reasons for the order and allow a reasonable
7 amount of time to supply additional information demonstrating
8 compliance with requirements of this Section and to request a
9 hearing. The hearing notice shall be sent by certified mail,
10 return receipt requested, and the hearing shall be conducted
11 in accordance with the Illinois Administrative Procedure Act.

12 (g) A utilization review program subject to a corrective
13 action may continue to conduct business until a final decision
14 has been issued by the Department.

15 (h) Any adverse determination made by a health care plan
16 or its subcontractors may be appealed in accordance with
17 subsection (f) of Section 45.

18 (i) The Director may by rule establish a registration fee
19 for each person conducting a utilization review program. All
20 fees paid to and collected by the Director under this Section
21 shall be deposited into the Insurance Producer Administration
22 Fund.

24 (215 ILCS 134/87 new)

25 Sec. 87. General standards for use of utilization review

1 criteria.

2 (a) Beginning January 1, 2026, all utilization review
3 programs shall make medical necessity determinations in
4 accordance with the requirements of this Section. No policy,
5 contract, certificate, formulary, or evidence of coverage
6 issued to any enrollee may contain terms or conditions to the
7 contrary.

8 (b) All utilization review programs shall determine
9 medical necessity by using the most recent treatment criteria
10 developed by:

11 (1) an unaffiliated, nonprofit professional
12 association for the relevant clinical specialty;

13 (2) a third-party entity that develops treatment
14 criteria that: (i) are updated annually; (ii) are not paid
15 for clinical care decision outcomes; (iii) do not offer
16 different treatment criteria for the same health care
17 service unless otherwise required by State or federal law;
18 and (iv) are consistent with current generally accepted
19 standards of care; or

20 (3) the Department of Healthcare and Family Services
21 if the criteria are consistent with current generally
22 accepted standards of care.

23 (c) For all level of care placement decisions, the
24 utilization review program shall authorize placement at the
25 level of care at or above the level ordered by the provider
26 using the relevant treatment criteria as specified in

1 subsection (b). If there is a disagreement between the health
2 care plan and the provider or patient, the health care plan or
3 utilization review program shall provide its complete
4 assessment to the provider and the patient.

5 (d) If a utilization review program purchases or licenses
6 utilization review criteria pursuant to this Section, the
7 utilization review program shall, before using the criteria,
8 verify and document that the criteria were developed in
9 accordance with subsection (b).

10 (e) All health care plans and utilization review programs
11 must:

12 (1) make an educational program on the chosen
13 treatment criteria available to all staff and contracted
14 entities performing utilization review;

15 (2) provide, at no cost, the treatment criteria and
16 any related training material to providers and enrollees
17 upon request; enrollees and treating providers shall be
18 able to access treatment criteria at any point in time,
19 including before an initial request for authorization;

20 (3) track, identify, and analyze how the treatment
21 criteria are used to certify care, deny care, and support
22 the appeals process;

23 (4) conduct interrater reliability testing to ensure
24 consistency in utilization review decision-making; this
25 testing shall cover all aspects of utilization review
26 criteria as defined in Section 10;

1 (5) achieve interrater reliability pass rates of at
2 least 90% and, if this threshold is not met, initiate
3 remediation of poor interrater reliability within 3
4 business days after the finding and conduct interrater
5 reliability testing for all new staff before they can
6 conduct utilization review supervision; and

7 (6) maintain documentation of interrater reliability
8 testing and any remediation and submit to the Department
9 of Insurance, or, in the case of Medicaid managed care
10 organizations, the Department of Healthcare and Family
11 Services, the testing results de-identified of patient or
12 employee personal information and a summary of remedial
13 actions.

14 (f) Beginning January 1, 2026, no utilization review
15 program or any policy, contract, certificate, evidence of
16 coverage, or formulary shall impose step therapy requirements.
17 Nothing in this subsection prohibits a health care plan, by
18 contract, written policy, procedure, or any other agreement or
19 course of conduct, from requiring a pharmacist to effect
20 substitutions of prescription drugs consistent with Section
21 19.5 of the Pharmacy Practice Act, under which a pharmacist
22 may substitute an interchangeable biologic for a prescribed
23 biologic product, and Section 25 of the Pharmacy Practice Act,
24 under which a pharmacist may select a generic drug determined
25 to be therapeutically equivalent by the United States Food and
26 Drug Administration and in accordance with the Illinois Food,

1 Drug and Cosmetic Act. For health care plans operated or
2 overseen by the Department of Healthcare and Family Services,
3 including Medicaid managed care plans, the prohibition in this
4 subsection does not apply to step therapy requirements for
5 drugs that do not appear on the most recent Preferred Drug List
6 published by the Department of Healthcare and Family Services.

7 (g) Except for subsection (f), this Section does not apply
8 to utilization review concerning diagnosis, prevention, and
9 treatment of mental, emotional, nervous, or substance use
10 disorders or conditions, which shall be governed by Section
11 370c of the Illinois Insurance Code.

12 (h) Nothing in this Section supersedes or waives
13 requirements provided under any other State or federal law or
14 federal regulation that any coverage subject to this Section
15 comply with specific utilization review criteria for a
16 specific illness, level of care placement, injury, or
17 condition or its symptoms and comorbidities.
