

1 AN ACT concerning education.

2 **Be it enacted by the People of the State of Illinois,**
3 **represented in the General Assembly:**

4 Section 5. The Public Community College Act is amended by
5 adding Section 3-80 as follows:

6 (110 ILCS 805/3-80 new)

7 Sec. 3-80. Remediation data sharing agreement.

8 (a) Beginning January 1, 2024, a community college
9 district, upon a request from the school district of a high
10 school located within the boundaries of the community college
11 district, shall provide individualized disaggregated data on
12 the enrollment of students in community college remediation
13 courses from the most recently completed academic year. A
14 signed remediation data sharing agreement between the school
15 district and the community college district must be entered
16 into before sharing remediation data.

17 (b) The remediation data sharing agreement shall meet all
18 of the following requirements:

19 (1) The agreement shall require that the data be
20 individualized by student and that each student record be
21 identified with the student's State identification number
22 and last previous high school within the school district,
23 as provided by the school district.

1 (2) The agreement shall provide that each student
2 record include, at a minimum, any course codes, the course
3 names or titles, and the academic department for any
4 courses that are in the department or subject area of
5 mathematics, reading, English, or communications or any
6 other course that is designated as remedial.

7 (3) The agreement shall provide that each student
8 record include, at a minimum, course codes, course names
9 or titles, and the academic department for any courses in
10 any department or subject area in which the student is
11 enrolled for a given term at the community college that
12 are noncredit-bearing courses.

13 (4) The agreement shall specify the format and method
14 by which the data will be shared with the school district.

15 (5) The agreement shall provide a timeline for which
16 the required data shall be provided to the school district
17 by the community college district, which must be at least
18 annually and must be within a reasonable amount of time
19 following the end of the academic year.

20 (6) The agreement shall provide that the data may not
21 be used in the evaluation of licensed educators.

22 (c) If, within 90 calendar days after the school
23 district's initial request to enter into a remediation data
24 sharing agreement with the community college district under
25 this Section, the school district and the community college
26 district do not reach an agreement on all of the provisions of

1 a remediation data sharing agreement, then the school district
2 and community college district shall jointly implement the
3 provisions of the model remediation data sharing agreement
4 developed under subsection (d) for those provisions for which
5 an agreement could not be reached and shall jointly implement
6 the remaining provisions for which agreement could be reached.
7 A community college district may combine its negotiations with
8 multiple school districts to establish one uniform remediation
9 data sharing agreement to use with all of the school districts
10 with high schools located within the boundaries of the
11 community college district or may negotiate individual
12 remediation data sharing agreements with school districts.

13 (d) The Illinois Community College Board and the State
14 Board of Education shall develop a model remediation data
15 sharing agreement that may be used by school districts and
16 community college districts under this Section. The model
17 remediation data sharing agreement shall address all of the
18 matters set forth in subsection (b) and shall be completed by
19 January 1, 2024.

20 (e) The sharing of data under this Section must be in
21 accordance with the requirements of the federal Family
22 Educational Rights and Privacy Act of 1974. Nothing in this
23 Section supersedes the federal Family Educational Rights and
24 Privacy Act of 1974 or rules adopted pursuant to the federal
25 Family Educational Rights and Privacy Act of 1974 or any
26 federal or State laws or rules governing student privacy

1 rights.

2 Section 99. Effective date. This Act takes effect upon
3 becoming law.
