LRB103 35049 RPS 71671 a

1 AMENDMENT TO SENATE BILL 2641

2 AMENDMENT NO. _____. Amend Senate Bill 2641 by replacing
3 everything after the enacting clause with the following:

4 "Section 5. The Network Adequacy and Transparency Act is
5 amended by changing Section 10 as follows:

6 (215 ILCS 124/10)

7 Sec. 10. Network adequacy.

8 (a) An insurer providing a network plan shall file a
9 description of all of the following with the Director:

10 (1) The written policies and procedures for adding
11 providers to meet patient needs based on increases in the
12 number of beneficiaries, changes in the
13 patient-to-provider ratio, changes in medical and health
14 care capabilities, and increased demand for services.

15 (2) The written policies and procedures for making
16 referrals within and outside the network.

1 (3) The written policies and procedures on how the
2 network plan will provide 24-hour, 7-day per week access
3 to network-affiliated primary care, emergency services,
4 and women's principal health care providers.

5 (4) The process for monitoring health plan
6 beneficiaries' timely in-network access to physician
7 specialist services.

8 An insurer shall not prohibit a preferred provider from
9 discussing any specific or all treatment options with
10 beneficiaries irrespective of the insurer's position on those
11 treatment options or from advocating on behalf of
12 beneficiaries within the utilization review, grievance, or
13 appeals processes established by the insurer in accordance
14 with any rights or remedies available under applicable State
15 or federal law.

16 (a-5) An insurer providing a network plan shall file an
17 insurer's monitoring report for each network hospital and
18 facility, which shall include, but is not limited to, the
19 number and percentage of physician providers under contract in
20 each of the specialties of emergency medicine, anesthesiology,
21 radiology, and pathology practicing in the in-network hospital
22 or facility when such providers are not employees of the
23 hospital or facility. The insurer's monitoring report must be
24 included in an effort to ensure that plan beneficiaries have
25 reasonable and timely in-network access to physician
26 specialist providers at in-network hospitals and facilities.

1 (b) Insurers must file for review a description of the
2 services to be offered through a network plan. The description
3 shall include all of the following:

4 (1) A geographic map of the area proposed to be served
5 by the plan by county service area and zip code, including
6 marked locations for preferred providers.

7 (2) As deemed necessary by the Department, the names,
8 addresses, phone numbers, and specialties of the providers
9 who have entered into preferred provider agreements under
10 the network plan.

11 (3) The number of beneficiaries anticipated to be
12 covered by the network plan.

13 (4) An Internet website and toll-free telephone number
14 for beneficiaries and prospective beneficiaries to access
15 current and accurate lists of preferred providers,
16 additional information about the plan, as well as any
17 other information required by Department rule.

18 (5) A description of how health care services to be
19 rendered under the network plan are reasonably accessible
20 and available to beneficiaries. The description shall
21 address all of the following:

22 (A) the type of health care services to be
23 provided by the network plan;

24 (B) the ratio of physicians and other providers to
25 beneficiaries, by specialty and including primary care
26 physicians and facility-based physicians when

1 applicable under the contract, necessary to meet the
2 health care needs and service demands of the currently
3 enrolled population;

4 (C) the travel and distance standards for plan
5 beneficiaries in county service areas; and

6 (D) a description of how the use of telemedicine,
7 telehealth, or mobile care services may be used to
8 partially meet the network adequacy standards, if
9 applicable.

10 (6) A provision ensuring that whenever a beneficiary
11 has made a good faith effort, as evidenced by accessing
12 the provider directory, calling the network plan, and
13 calling the provider, to utilize preferred providers for a
14 covered service and it is determined the insurer does not
15 have the appropriate preferred providers due to
16 insufficient number, type, unreasonable travel distance or
17 delay, or preferred providers refusing to provide a
18 covered service because it is contrary to the conscience
19 of the preferred providers, as protected by the Health
20 Care Right of Conscience Act, the insurer shall ensure,
21 directly or indirectly, by terms contained in the payer
22 contract, that the beneficiary will be provided the
23 covered service at no greater cost to the beneficiary than
24 if the service had been provided by a preferred provider.
25 This paragraph (6) does not apply to: (A) a beneficiary
26 who willfully chooses to access a non-preferred provider

1 for health care services available through the panel of
2 preferred providers, or (B) a beneficiary enrolled in a
3 health maintenance organization. In these circumstances,
4 the contractual requirements for non-preferred provider
5 reimbursements shall apply unless Section 356z.3a of the
6 Illinois Insurance Code requires otherwise. In no event
7 shall a beneficiary who receives care at a participating
8 health care facility be required to search for
9 participating providers under the circumstances described
10 in subsection (b) or (b-5) of Section 356z.3a of the
11 Illinois Insurance Code except under the circumstances
12 described in paragraph (2) of subsection (b-5).

13 (7) A provision that the beneficiary shall receive
14 emergency care coverage such that payment for this
15 coverage is not dependent upon whether the emergency
16 services are performed by a preferred or non-preferred
17 provider and the coverage shall be at the same benefit
18 level as if the service or treatment had been rendered by a
19 preferred provider. For purposes of this paragraph (7),
20 "the same benefit level" means that the beneficiary is
21 provided the covered service at no greater cost to the
22 beneficiary than if the service had been provided by a
23 preferred provider. This provision shall be consistent
24 with Section 356z.3a of the Illinois Insurance Code.

25 (8) A limitation that, if the plan provides that the
26 beneficiary will incur a penalty for failing to

1 pre-certify inpatient hospital treatment, the penalty may
2 not exceed \$1,000 per occurrence in addition to the plan
3 cost sharing provisions.

4 (c) The network plan shall demonstrate to the Director a
5 minimum ratio of providers to plan beneficiaries as required
6 by the Department.

7 (1) The ratio of physicians or other providers to plan
8 beneficiaries shall be established annually by the
9 Department in consultation with the Department of Public
10 Health based upon the guidance from the federal Centers
11 for Medicare and Medicaid Services. The Department shall
12 not establish ratios for vision or dental providers who
13 provide services under dental-specific or vision-specific
14 benefits. The Department shall consider establishing
15 ratios for the following physicians or other providers:

- 16 (A) Primary Care;
- 17 (B) Pediatrics;
- 18 (C) Cardiology;
- 19 (D) Gastroenterology;
- 20 (E) General Surgery;
- 21 (F) Neurology;
- 22 (G) OB/GYN;
- 23 (H) Oncology/Radiation;
- 24 (I) Ophthalmology;
- 25 (J) Urology;
- 26 (K) Behavioral Health;

- 1 (L) Allergy/Immunology;
2 (M) Chiropractic;
3 (N) Dermatology;
4 (O) Endocrinology;
5 (P) Ears, Nose, and Throat (ENT)/Otolaryngology;
6 (Q) Infectious Disease;
7 (R) Nephrology;
8 (S) Neurosurgery;
9 (T) Orthopedic Surgery;
10 (U) Physiatry/Rehabilitative;
11 (V) Plastic Surgery;
12 (W) Pulmonary;
13 (X) Rheumatology;
14 (Y) Anesthesiology;
15 (Z) Pain Medicine;
16 (AA) Pediatric Specialty Services;
17 (BB) Outpatient Dialysis; and
18 (CC) HIV.

19 (2) The Director shall establish a process for the
20 review of the adequacy of these standards, along with an
21 assessment of additional specialties to be included in the
22 list under this subsection (c).

23 (d) The network plan shall demonstrate to the Director
24 maximum travel and distance standards for plan beneficiaries,
25 which shall be established annually by the Department in
26 consultation with the Department of Public Health based upon

1 the guidance from the federal Centers for Medicare and
2 Medicaid Services. These standards shall consist of the
3 maximum minutes or miles to be traveled by a plan beneficiary
4 for each county type, such as large counties, metro counties,
5 or rural counties as defined by Department rule.

6 The maximum travel time and distance standards must
7 include standards for each physician and other provider
8 category listed for which ratios have been established.

9 The Director shall establish a process for the review of
10 the adequacy of these standards along with an assessment of
11 additional specialties to be included in the list under this
12 subsection (d).

13 (d-5)(1) Every insurer shall ensure that beneficiaries
14 have timely and proximate access to treatment for mental,
15 emotional, nervous, or substance use disorders or conditions
16 in accordance with the provisions of paragraph (4) of
17 subsection (a) of Section 370c of the Illinois Insurance Code.
18 Insurers shall use a comparable process, strategy, evidentiary
19 standard, and other factors in the development and application
20 of the network adequacy standards for timely and proximate
21 access to treatment for mental, emotional, nervous, or
22 substance use disorders or conditions and those for the access
23 to treatment for medical and surgical conditions. As such, the
24 network adequacy standards for timely and proximate access
25 shall equally be applied to treatment facilities and providers
26 for mental, emotional, nervous, or substance use disorders or

1 conditions and specialists providing medical or surgical
2 benefits pursuant to the parity requirements of Section 370c.1
3 of the Illinois Insurance Code and the federal Paul Wellstone
4 and Pete Domenici Mental Health Parity and Addiction Equity
5 Act of 2008. Notwithstanding the foregoing, the network
6 adequacy standards for timely and proximate access to
7 treatment for mental, emotional, nervous, or substance use
8 disorders or conditions shall, at a minimum, satisfy the
9 following requirements:

10 (A) For beneficiaries residing in the metropolitan
11 counties of Cook, DuPage, Kane, Lake, McHenry, and Will,
12 network adequacy standards for timely and proximate access
13 to treatment for mental, emotional, nervous, or substance
14 use disorders or conditions means a beneficiary shall not
15 have to travel longer than 30 minutes or 30 miles from the
16 beneficiary's residence to receive outpatient treatment
17 for mental, emotional, nervous, or substance use disorders
18 or conditions. Beneficiaries shall not be required to wait
19 longer than 10 business days between requesting an initial
20 appointment and being seen by the facility or provider of
21 mental, emotional, nervous, or substance use disorders or
22 conditions for outpatient treatment or to wait longer than
23 20 business days between requesting a repeat or follow-up
24 appointment and being seen by the facility or provider of
25 mental, emotional, nervous, or substance use disorders or
26 conditions for outpatient treatment; however, subject to

1 the protections of paragraph (3) of this subsection, a
2 network plan shall not be held responsible if the
3 beneficiary or provider voluntarily chooses to schedule an
4 appointment outside of these required time frames.

5 (B) For beneficiaries residing in Illinois counties
6 other than those counties listed in subparagraph (A) of
7 this paragraph, network adequacy standards for timely and
8 proximate access to treatment for mental, emotional,
9 nervous, or substance use disorders or conditions means a
10 beneficiary shall not have to travel longer than 60
11 minutes or 60 miles from the beneficiary's residence to
12 receive outpatient treatment for mental, emotional,
13 nervous, or substance use disorders or conditions.
14 Beneficiaries shall not be required to wait longer than 10
15 business days between requesting an initial appointment
16 and being seen by the facility or provider of mental,
17 emotional, nervous, or substance use disorders or
18 conditions for outpatient treatment or to wait longer than
19 20 business days between requesting a repeat or follow-up
20 appointment and being seen by the facility or provider of
21 mental, emotional, nervous, or substance use disorders or
22 conditions for outpatient treatment; however, subject to
23 the protections of paragraph (3) of this subsection, a
24 network plan shall not be held responsible if the
25 beneficiary or provider voluntarily chooses to schedule an
26 appointment outside of these required time frames.

1 (1.5) Every insurer shall demonstrate to the Director that
2 each in-network hospital and facility has a sufficient number
3 of hospital-based medical specialists to ensure that covered
4 persons have reasonable and timely access to such in-network
5 physicians and the services they direct or supervise. As used
6 in this subsection, "hospital-based medical specialists" means
7 physicians working in specialties that are usually located at
8 in-network hospitals and facilities, including, but not
9 limited to, radiologists, pathologists, anesthesiologists, and
10 emergency room physicians.

11 (2) For beneficiaries residing in all Illinois counties,
12 network adequacy standards for timely and proximate access to
13 treatment for mental, emotional, nervous, or substance use
14 disorders or conditions means a beneficiary shall not have to
15 travel longer than 60 minutes or 60 miles from the
16 beneficiary's residence to receive inpatient or residential
17 treatment for mental, emotional, nervous, or substance use
18 disorders or conditions.

19 (3) If there is no in-network facility or provider
20 available for a beneficiary to receive timely and proximate
21 access to treatment for mental, emotional, nervous, or
22 substance use disorders or conditions in accordance with the
23 network adequacy standards outlined in this subsection, the
24 insurer shall provide necessary exceptions to its network to
25 ensure admission and treatment with a provider or at a
26 treatment facility in accordance with the network adequacy

1 standards in this subsection.

2 (e) Except for network plans solely offered as a group
3 health plan, these ratio and time and distance standards apply
4 to the lowest cost-sharing tier of any tiered network.

5 (f) The network plan may consider use of other health care
6 service delivery options, such as telemedicine or telehealth,
7 mobile clinics, and centers of excellence, or other ways of
8 delivering care to partially meet the requirements set under
9 this Section.

10 (g) Except for the requirements set forth in subsection
11 (d-5), insurers who are not able to comply with the provider
12 ratios and time and distance standards established by the
13 Department may request an exception to these requirements from
14 the Department. The Department may grant an exception in the
15 following circumstances:

16 (1) if no providers or facilities meet the specific
17 time and distance standard in a specific service area and
18 the insurer (i) discloses information on the distance and
19 travel time points that beneficiaries would have to travel
20 beyond the required criterion to reach the next closest
21 contracted provider outside of the service area and (ii)
22 provides contact information, including names, addresses,
23 and phone numbers for the next closest contracted provider
24 or facility;

25 (2) if patterns of care in the service area do not
26 support the need for the requested number of provider or

1 facility type and the insurer provides data on local
2 patterns of care, such as claims data, referral patterns,
3 or local provider interviews, indicating where the
4 beneficiaries currently seek this type of care or where
5 the physicians currently refer beneficiaries, or both; or

6 (3) other circumstances deemed appropriate by the
7 Department consistent with the requirements of this Act.

8 (h) Insurers are required to report to the Director any
9 material change to an approved network plan within 15 days
10 after the change occurs and any change that would result in
11 failure to meet the requirements of this Act. Upon notice from
12 the insurer, the Director shall reevaluate the network plan's
13 compliance with the network adequacy and transparency
14 standards of this Act.
