

Marco G. – Self (Submission #2)

“I just saw the new proposed map. I want to thank the Illinois General assembly for taking time to craft this map. It's a pretty good district map to begin with. I just couple of minor suggestions. I would suggest taking Oriole Park elementary and Edison Park elementary schools out of district B. Instead I would add schools like Beubian, Farnsworth, Palmer, and Bateman to district B since these schools are more ethnically diverse which have more in common with Albany Park. I think you did a great job adding Canty and Dirksen to district B since these schools are ethnically diverse. Please keep them in district B. I would also suggest adding Sayre school in Galewood to district F if possible. Thank you.”
