PENSION NOTE (Government Forecasting & Accountability)

The fiscal impact of HB 2226 cannot be determined as the precise number of members who would be impacted by the elimination of further accruals as a member of a labor organization is unknown. Inasmuch as the bill prohibits such pension accruals after the effective date, projected pension payouts would decrease compared to current law.

PENSION NOTE (Government Forecasting & Accountability)

HB 2228 is word-for-word identical to the 97th GA's SB 1673 (H-AM 10). Although SB 1673 (H-AM 9) (97th GA) had a full cost study, SB 1673 (H-AM 10) (97th GA) differs from House Amendment 9 in the following ways: (1) Removal of the proposed Cash-Balance Plan; (2) Removal of the proposed Cost-Shift to school districts and universities; (3) Removal of the proposed Retirement Age Increase; (4) Extension of the COLA freeze. H-AM 9: Sooner of 5 years or age 67; H-AM 10: Later of January 1, 2020 or age 67; (5) SURS' SMP remains open to new members. Due to the aforementioned changes, the actuarial data reflected in the Commission's impact note for HB 2228 will have to be revised. An updated impact note will be issued when a revised study becomes available from the retirement systems' actuaries.

Provides that if the custodial parent requests that the suspension or prohibition of the support obligation be terminated or modified and the court terminates or modifies the suspension of the support obligation, or if the parties have otherwise agreed in a written agreement set forth in a court or administrative order for support, then the child support obligation shall not be suspended and if the non-custodial parent wishes to obtain a modification, he or she must petition for a modification of support in accordance with the Illinois Marriage and Dissolution of Marriage Act. Provides that the Department of Healthcare and Family Services may provide, by rule, for notice to the custodial parent describing the custodial parent's rights regarding a prospective modification in accordance with the Illinois Marriage and Dissolution of Marriage Act. 750 ILCS 5/504 from Ch. 40, par. 504
 750 ILCS 5/505 from Ch. 40, par. 505

Amends the Illinois Marriage and Dissolution of Marriage Act. Provides that if a court determines that a maintenance award is appropriate, the court must make an award pursuant to maintenance guidelines or pursuant to a list of relevant factors. Provides that if a maintenance award is appropriate, the parties' gross income is less than \$250,000, and no multiple family situation exists, these maintenance guidelines shall be used by the court: (1) the amount of maintenance is calculated by using designated percentages of the gross income of the payor, of the payee, and of both parties; and (2) the duration of a guidelines maintenance award is based upon a calculation that utilizes the length of the marriage and, for marriages of 20 years or more, the court may order either permanent maintenance or maintenance for a period of years that is equal to the length of the marriage. Provides that in an action filed less than 10 years after the date of the marriage, if the court grants maintenance for a fixed period of time, the court may also set a "permanent termination" date, after which maintenance is barred. Provides that in a case involving the issue of maintenance, the court shall make specific findings of fact and state the reason or reasons for awarding or not awarding maintenance. Provides that if the court deviates from otherwise applicable guidelines, the court must calculate what the maintenance amount would be under the guidelines and the reasons for the court's variance from the guidelines. Provides that for the purpose of determining maintenance, "gross income" means all income from all sources. Provides that, unless the parties agree, the court shall not order unallocated maintenance and child support, but the court, in its discretion, may order for unallocated maintenance and child support in a pre-dissolution temporary order. In provisions concerning child support guidelines, provides that "net income" does not include the amount of maintenance paid to the same person to whom the child support is payable. Adds headings to existing subsections.

Amends the Budget Stabilization Act. Makes changes concerning transfers from the General Revenue Fund to the Pension Stabilization Fund. Amends the General Assembly, State Employees, State Universities, Downstate Teachers, and Judges Articles of the Illinois Pension Code. Requires each State-funded retirement system that does not already have a self-managed plan to establish and maintain one. Authorizes participants to irrevocably elect to participate in such a plan. Provides that, for the purpose of calculating traditional benefit package benefits and contributions, the annual salary of a participant may not, except under certain circumstances, exceed certain limits. Requires participation in the self-managed plan to the extent that a participant's salary exceeds the salary cap. Revises the schedule of contributions for participants. Shifts a portion of the employer contributions for downstate teachers and university employees from the State to the actual employer. Authorizes the boards of trustees of each of these retirement systems to triennially recalculate the normal cost of benefit plans that they offer. Defines "traditional benefit package" and "self-managed plan". Changes the formula for calculating the minimum required State contribution to these systems. Provides that the State is contractually obligated to pay the annual required State contribution to these retirement systems. Contains provisions requiring these retirement systems to bring a mandamus action to compel payment of the required State contribution. Amends the State Mandates Act to require implementation without reimbursement. Effective immediately.

PENSION NOTE (Government Forecasting & Accountability)

HB 2365 is substantially similar to HB 6204, also proposed by Rep. Fortner, from the 97th GA. The Commission's actuary produced a cost estimate detailing the effects of the implementation of a Self-Managed Plan within the State Employees Retirement System and the effects of changing the employee contribution rates across all Systems. CGFA's actuary assumed 10% of SERS's members would opt-into the Self-Managed Plan and found that the State's contribution would be reduced by \$102 million, or 2.41% of payroll. Additionally, he found that the accrued liabilities for SERS would be reduced by \$1.16 billion, the majority of which can be attributed to active members transferring into the Self-Managed Plan. A revised cost study would be required to determine the effect of implementing an identical Self-Managed Plan, as well as the adjusted employee contribution rates within GARS, SURS, TRS, and JRS. An additional cost study would also be required to determine the effect of shifting the long-term, actuarially-based funding schedule goal from 90% up to 100%.

Reinserts the provisions of the bill as introduced, with the following changes: Removes a provision providing that certain facilities used for (i) the provision of a health care category of services, including, but not limited to, medical-surgical, pediatrics, and other specified services and (ii) the provision of major medical equipment used in direct clinical diagnosis or treatment of patients qualify as health care facilities, regardless of whether they are owned or operated by a physician, a partnership, a medical or professional corporation, or an unincorporated medical or professional group. Restores a provision that exempted from the definition of "health care facilities" certain facilities owned or operated by a physician, a partnership, a medical or professional corporation, or an unincorporated medical or professional group. Further amends the Illinois Health Facilities Planning Act to provide that the Act shall apply to any institution, place, building, or room used for the provision of a health care category of service operated or owned by a physician, or within the legal structure of any partnership, medical or professional corporation, or unincorporated medical or professional group; and that the Act shall apply to any institution, place, building, or room used for the provision of major medical equipment used in the direct clinical diagnosis or treatment of patients, and whose project cost is in excess of the capital expenditure minimum, operated or owned by a physician, or within the legal structure of any

partnership, medical or professional corporation, or unincorporated medical or professional group. In a provision concerning the powers and duties of the State Board, provides that requests for a written decision shall be made within 15 days (rather than within 30 days) after the Board meeting in which a final decision has been made.

HOUSE FLOOR AMENDMENT NO. 2

Replaces everything after the enacting clause. Amends the Illinois Health Facilities Planning Act. Provides that the Act does not apply to physicians or other licensed health care professional's practices where such practices are carried out in a portion of a health care facility under contract with such health care facility by a physician or by other licensed health care professionals, unless the entity constructs, modifies, or establishes a health care facility. Deletes provisions authorizing the Health Facilities and Services Review Board to define the meaning of the term "category of service". Deletes a provision which specified that permits for projects that have not been obligated within the prescribed obligation period shall expire on the last day of that period. Changes the circumstances under which the Board issues written decisions. Defines the term "category of service".

SENATE COMMITTEE AMENDMENT NO. 1

Provides that a category of service that is subject to the Health Facilities and Services Review Board's jurisdiction must be designated in rules adopted by the Board.

35 ILCS 5/509 from Ch. 120, par. 5-509
35 ILCS 5/509.1

Amends the Illinois Income Tax Act. Provides that the Department shall include the Veterans' Homes Fund checkoff on the individual income tax form for each taxable year beginning on or after January 1, 2013. Provides that the Veterans' Homes Fund checkoff shall not be included when calculating the 15 tax-checkoff fund limitation. Effective immediately.

BALANCED BUDGET NOTE (Office of Management and Budget)

The bill as introduced is estimated to create a minimal administrative cost and provide additional funding to the State's Veterans' Homes. This would not impact the State budget as any revenue from the checkoff would be in addition to the operational funding provided by State funds.

STATE DEBT IMPACT NOTE (Government Forecasting & Accountability)

This legislation would not change the amount of authorization for any type of State-issued or State-supported bond, and, therefore, would not affect the level of State indebtedness.

FISCAL NOTE (Dept. of Revenue)

HB 2429 will have no fiscal impact on State revenues.

220 ILCS 5/4-301 from Ch. 111 2/3, par. 4-301
220 ILCS 5/16-108.5

Amends the Public Utilities Act. Requires the Illinois Commerce Commission to make a report to the Governor, the General Assembly, or either branch of the General Assembly (rather than the Governor) upon request. In provisions concerning recovery of delivery service costs through performance-based formula rate tariffs, makes changes concerning how the Commission shall determine the investment return on certain pension assets. Allows a utility to retroactively recover certain costs of delivery service to the extent not recovered through reconciliation by assessing a surcharge reflecting those unrecovered costs with interest at the utility's weighted average cost of capital during the period in which those costs were unrecovered. Provides that the utility's filing on its updated cost inputs to the performance-based formula rate shall include a reconciliation of the revenue requirement in effect for the prior rate year (as set by the cost inputs for the prior rate year) with the actual revenue requirement for the prior rate year (determined using a year-end rate base) that uses amounts reflected in the applicable FERC Form 1 that reports actual costs for the prior rate year. States that the changes are intended to: be a restatement and clarification of existing law; give binding effect to certain legislative actions; and preempt and supersede certain final orders of the Commission. Provides that each participating utility is deemed to have been in full compliance with specified requirements and all Commission orders entered under specified provisions. Provides that the Commission shall not undertake any investigation of such compliance and no penalty shall be assessed or adverse action taken against a participating utility for noncompliance with Commission orders associated with the Act. Makes other changes. Effective immediately.

HOUSE COMMITTEE AMENDMENT NO. 1

Adds language that provides that, for a participating utility other than a combination utility, depending on the effective date of the amendatory Act, if the Commission has (i) initiated a proceeding that is pending as of the effective date, then the order entered shall accelerate the commencement of the meter deployment schedule; (ii) entered an order prior to the effective date that does not accelerate the commencement of the meter deployment schedule, then the utility shall file with the Commission a plan for accelerating the commencement of the utility's meter deployment schedule; or (iii) not initiated a proceeding prior to the effective date, then the utility shall file with the Commission a plan for accelerating the commencement of the utility's meter deployment schedule approved in the final Commission order and the Commission shall approve or approve as modified such plan within 90 days after the utility's filing. Provides that any schedule for meter deployment approved by the Commission shall take into consideration procurement times for meters and other equipment and operational issues.

Amends the Chicago Teacher Article of the Illinois Pension Code. In the definition of "member", specifies that an employer may not reclassify a non-hourly employee as an hourly employee for the purpose of evading or avoiding its obligations. Provides that any certified teacher or staff employed by a corporate or non-profit entity engaged in the administration of a charter school shall presumptively be a participant in the Fund, unless the organization establishes to the satisfaction of the Board of Trustees of the Fund that an individual certified teacher or staff member is not working as a teacher or administrator directly or indirectly with the Charter School. Changes and imposes penalties for failure to submit payroll records and pension contributions on time. Provides that an employer in possession of member contributions deducted from payroll checks is holding Fund assets, and thus becomes a fiduciary over those assets. Requires each Charter School to appoint a Pension Officer. Amends the State Mandates Act to require implementation without reimbursement. Effective immediately.

PENSION NOTE (Government Forecasting & Accountability)

According to the Chicago Teacher Pension Fund, there have been several instances of charter schools submitting required contributions late or not at all, and the pension fund

believes that HB 2583 will provide for better enforcement of required pension contributions. HB 2583 should have a slight positive impact on the pension fund.

HB-2618 BRADY - MAUTINO - SIMS.

215 ILCS 5/805.1

Amends the Illinois Insurance Code in the provision concerning mine subsidence coverage. Provides that as set forth in the provisions concerning (1) the inclusion of certain coverage at separately stated premiums and (2) premium levels, losses, and reinsurance, a policy issued or renewed must provide coverage, unless waived in writing by the insured, and must continue to charge the premium level set for that coverage by the Mine Subsidence Insurance Fund. Provides that a mine subsidence event or events create no additional duty for the insurer in relation to the issuance or renewal of coverage, including, without limitation, any duty to advise the insured as to whether to continue that coverage.

HOUSE COMMITTEE AMENDMENT NO. 2

Deletes language providing that a mine subsidence event or events create no additional duty for the insurer in relation to the issuance or renewal of coverage, including, without limitation, any duty to advise the insured as to whether to continue that coverage. Provides instead that if

mine subsidence coverage is in force when the mine subsidence event first becomes reasonably observable, then the insurer shall notify the insured that continuation of that coverage thereafter may not be necessary and is optional, but that continued coverage shall terminate only upon written waiver by the insured.

SENATE COMMITTEE AMENDMENT NO. 1

Replaces everything after the enacting clause with the engrossed bill with the following changes. Provides that a policy issued or renewed must provide coverage, unless waived in writing by the insured, and the insurer must continue (rather than and must continue) to charge the premium level set for that coverage by the Fund. Provides that if mine subsidence coverage is in force when the mine subsidence event first becomes reasonably observable and when the insured makes a mine subsidence claim (rather than only when the mine subsidence event first becomes reasonably observable), then the insurer shall notify the insured making the claim within 30 days after the Fund confirms the claim (rather than shall notify the insured) that continuation of that coverage thereafter may not be necessary and is optional.

SENATE FLOOR AMENDMENT NO. 3

Replaces everything after the enacting clause with the bill as amended by Senate Amendment No. 1 with the following changes. Provides that if mine subsidence coverage is in force when the mine subsidence damage first becomes reasonably observable (rather than when the mine subsidence event first becomes reasonably observable and when the insured makes a mine subsidence claim), then the insurer shall notify the insured making the mine subsidence claim that continuation of that coverage thereafter may not be necessary and is optional. Removes the requirement that the insurer shall notify the insured within 30 days after the Fund confirms the claim. Provides instead that the notification shall be made within 60 days after the insurer receives written confirmation from the Fund that the cause of loss is active mine subsidence.

Amends the Juvenile Court Act of 1987. Defines "foster parent" to include a relative caregiver. Provides that if after an adjudication that a minor is abused or neglected and a motion has been made to restore the minor to any parent, guardian, or legal custodian found by the court to have caused the neglect or to have inflicted the abuse on the minor, a foster parent may file a motion to intervene in the proceeding for the sole purpose of requesting that the minor be placed with the foster parent, provided that the foster parent (1) is the current foster parent of the minor or (2) has previously been a foster parent for the minor for one year or more, has a foster care license or is eligible for a license or is not required to have a license, and is not the subject of any findings of abuse or neglect of any child.

HB-2660 DAVIS, WILLIAM - DELUCA - OSMOND.

105 ILCS 5/27A-9

Amends the Charter Schools Law. With respect to charters approved by the State Charter School Commission, requires the State Board of Education to annually withhold from funds otherwise due the school district an amount equal to the district's per capita student tuition, multiplied by the number of students residing in the district enrolled in the charter school, multiplied by that percentage of the district's revenues from the last fiscal year received from the State (instead of requiring the State Board to withhold from funds otherwise due the district the funds authorized by the Law to be paid to the charter school and pay such amounts to the charter school). Requires the State Board to provide from State funds and pay to the charter school an amount equal to the district's per capita student tuition, multiplied by the number of students residing in the district enrolled in the charter school, less the amount withheld from the district. Effective immediately.

HOUSE COMMITTEE AMENDMENT NO. 1

Replaces everything after the enacting clause. Amends the Charter Schools Law of the School Code. Provides that the State Charter School Commission (instead of the State Board of Education) may condition the granting of an appeal on the acceptance by the charter school of funding in an amount less than that requested in the proposal submitted to the school board. Makes changes concerning charter schools authorized by the Commission. Removes a provision requiring the State Board to notify a school district of the amount of funding to be paid by the Commission to the charter school enrolling students who are residents of the district. Requires the State Board (instead of the Commission) to require a charter school to maintain accurate records of daily attendance that shall be deemed sufficient to file State aid claims. Removes a provision that requires the State Board to withhold from funds otherwise due a district the funds to be paid to the charter school and to pay such amounts to the charter school. Requires the Commission to quarterly certify to the State Board the student enrollment and student residency information (not just the student enrollment) for each of its charter schools. Requires enrollment and residency verification to be reported in a format prescribed by the State Board. Provides that, upon receipt of the certified quarterly enrollment report, the State Board shall pay directly to the charter school the per pupil funds authorized under certain provisions of the Law. Effective immediately.

FISCAL NOTE (State Board of Education)

The Illinois State Board of Education does not believe that there is a cost for school districts to implement HB 2675. The agency believes that the cost could be absorbed into the health education being provided currently, and does not create an additional mandate on school districts. There may be some cost to the Illinois State Board of Education to make resource material available on the website but those costs are not anticipated to be significant.

- 30 ILCS 805/8.37 new

Amends the Downstate Firefighter Article of the Illinois Pension Code. Provides that, in July 2013, the monthly pension of a firefighter who retired on or before January 1, 1986 shall be recalculated and increased to reflect the amount that the firefighter would have received in July 2013 had the firefighter been receiving a 3% compounded increase for each year he or she received pension payments after January 1, 1986, plus any increases in pension received for each year prior to January 1, 1986. In each January thereafter, provides that he or she shall receive an additional increase of 3% of the amount of the pension then being paid. Amends the State Mandates Act to require implementation without reimbursement. Effective immediately.

PENSION NOTE (Government Forecasting & Accountability)

The fiscal impact of HB 2711 has not been calculated as the precise number of affected retirees is unknown. The Illinois Department of Insurance estimates that between 23 and 314 retirees would be impacted by this bill. A similar bill from 2009, HB 1041, was reviewed by the Commission's actuary; that bill would have granted 3% compounded COLA's to firefighters who retired before 1977. At that time, there were 100 pre-1977 retirees eligible for the benefit, and the actuary found that granting the post-1986 3% compounded COLA to these retirees would have increased total statewide actuarial liabilities by \$3.8 million.

PENSION NOTE (Government Forecasting & Accountability)

HB 2746 is substantively similar to the original Biss-Nekritz proposal of the 97th GA. The fiscal impact of that bill is as follows: A recent cost study by SERS' actuary projects the State to save \$326 million in contributions in FY 2014 and over \$27 billion in contributions through FY 2045 by adopting the benefit changes in HB 2746. SERS' actuary projects the State will save \$333 million in contributions for FY 2014 and approximately \$18.9 billion in contributions through FY 2045 by adopting the benefit changes in this bill. TRS' actuary projects that the State will be able to reduce contributions in FY 2014 by \$1.22 billion by adopting this bill. Additionally, the State is projected to save \$114.17 billion in contributions to TRS through FY 2043. TRS' actuary did not provide data for FY 2044 and 2045.

New Act

Creates the Lake Michigan Wind Energy Act. Requires the Department of Natural Resources to develop a detailed offshore wind energy siting matrix for the public trust lands of Lake Michigan. Authorizes the Department, after finalizing the offshore wind energy siting matrix, to grant offshore wind energy development site assessment permits and leases. Authorizes the Department to convert site assessment leases to construction and operation leases. Grants the Department other rulemaking powers. Creates the Offshore Wind Energy Economic Development Policy Task Force. Charges the Task Force with analyzing and evaluating policy and economic options to facilitate the development of offshore wind energy and proposing an appropriate Illinois mechanism for purchasing and selling power from offshore wind energy projects. Effective immediately.

HOUSE FLOOR AMENDMENT NO. 1

Replaces everything after the enacting clause. Reinserts the provisions of the introduced bill with the following changes. Provides that "public trust lands" means the bed of Lake Michigan (rather than lands, on or above the bed of Lake Michigan and below the mean high-water mark of Lake Michigan, belonging to, or subsequently acquired by, the State). Deletes a provision that required the Department of Natural Resources to complete its wind energy siting matrix by December 31, 2014. Deletes provisions that allowed the Department to preliminarily identify a limited number of prohibited areas, preferred areas, and pilot project sites. Adds the Director of Natural Resources (or his or her designee) as a member of the Offshore Wind Energy Economic Development Policy Task Force. Deletes a provision that authorized assessment permits and leases to be granted in advance of completion of the wind energy siting matrix. Effective immediately.

SENATE FLOOR AMENDMENT NO. 1

Provides additional findings. Finds that the State should be guided by information in the final report of the Lake Michigan Offshore Wind Energy Advisory Council.

HB-2761 MOFFITT - SACIA - CAVALETTO - PIHOS - VERSCHOORE, BEISER, SENTE, LEITCH, BRAUER, DEMMER, FRANKS, FARNHAM AND CHAPA LAVIA.

New Act

Creates the Interstate Mutual Aid Act. Authorizes the State and units of local government to enter into mutual aid agreements with units of government from another state to provide for the coordination of communications, training, response to, and stand-by for planned events and emergency responses between the units of government. Contains provisions concerning licenses and certifications, liability, and employee benefits.

HOUSE COMMITTEE AMENDMENT NO. 1

Replaces everything after the enacting clause. Reinserts the language of the introduced bill with the following changes. Deletes a provision which stated that the Act does not prohibit a private entity that employs emergency responders, or its employees, from participating in the provision of mutual aid, provided that the private entity is a party to a mutual aid agreement with the requesting political subdivision and the agreement permits the participation. Provides that the Act shall not provide greater immunities to emergency responders from outside of this State than those immunities provided to emergency responders with a license, certificate, or permit in this State. Makes certain portions of the Act apply only to causes of action accruing on or after the effective date of the Act. Defines "training exercises". Makes other changes. Effective immediately.

- 105 ILCS 5/26-1 from Ch. 122, par. 26-1
- 105 ILCS 5/26-2 from Ch. 122, par. 26-2

Amends the School Code. Lowers the compulsory school age from 7 years to 6 years; makes a related change. Effective July 1, 2013.

FISCAL NOTE (State Board of Education)

The exact cost of HB 2762 is impossible to determine. Additional students means the cost of General State Aid will increase. However, the Illinois State Board of Education is unsure of the exact number of students who will be impacted by lowering the compulsory attendance age from 7 to 6, nor does the ISBE know which districts will see an increase in the number of students as a result of this legislation or if those children will be low-income students, which increases the cost of the poverty claim for the district.

HOUSE FLOOR AMENDMENT NO. 2

Adds reference to:

- 105 ILCS 5/26-1

Replaces everything after the enacting clause. Amends the School Code. With regard to the requirement that whoever has custody or control of any child between the ages of 7 and 17 years (unless the child has already graduated from high school) shall cause the child to attend some public school in the district wherein the child resides the entire time it is in session during the regular school term, sets forth the exception that if the child turns 7 during the regular school term, that child shall be made to attend that entire school term.

775 ILCS 5/2-102 from Ch. 68, par. 2-102

Amends the Illinois Human Rights Act. Provides that it is a civil rights violation for an employer to refuse to make certain reasonable accommodations in the workplace for an employee protected under an order of protection. Provides that an employer is not required to make the reasonable accommodations if they cause undue hardship on the work operations of the employer. For purposes of the new provisions, defines "undue hardship" as significant difficulty or expense on the operation of an employer, when considered in light of: (1) the nature and cost of the reasonable accommodation needed; (2) the overall financial resources, number of employees, and the number, type, and placement of the work locations of an employer; and (3) the type of operation of the employer, including the composition, structure, and functions of the workforce of the employer, the geographic separateness of the employee's

work location from the employer, and the administrative or fiscal relationship of the work location to the employer. Provides that prior to making the reasonable accommodations, an employer may verify that an employee is protected by an order of protection entered under the Illinois Domestic Violence Act of 1986.

HB-2777 MOFFITT - PIHOS - LEITCH - BELLOCK - CAVALETTO, MEIER, FRANKS, FARNHAM, SENTE AND CHAPA LAVIA.

210 ILCS 50/3.85

Amends the Emergency Medical Services (EMS) Systems Act. Provides for renewal of vehicle service provider licenses at intervals determined by the Department of Public Health, which shall be not less than every 2 years (instead of annual renewals). Provides for inspection of licensed vehicle service providers at intervals determined by the Department, which shall be not less than every 2 years (instead of annual inspections).

FISCAL NOTE (Dept. of Public Health)

The fiscal impact on the Division of EMS and Highway Safety would be a loss of revenue every other year of approximately \$66,750. This would potentially cost the Division to lose approximately 1 FTE which would then negatively impact the ability to perform ambulance inspections across the State.

SENATE COMMITTEE AMENDMENT NO. 1

Replaces everything after the enacting clause. Amends the Emergency Medical Services (EMS) Systems Act to make different changes with respect to vehicle service providers. Requires the Department of Public Health to: (i) establish requirements for license renewal at intervals determined by the Department, which shall be not less than every 4 years (instead of every 2 years); (ii) annually inspect all licensed vehicles operated by Vehicle Service Providers (instead of inspect all Vehicle Service Providers at intervals determined by the Department, which shall be not less than every 2 years, and relicense such Providers that have met the Department's requirements for license renewal); and (iii) charge each Vehicle Service Provider a fee per transport vehicle, due annually at the time of inspection (instead of to be submitted with each application for licensure and license renewal).

Replaces everything after the enacting clause. Amends the Abused and Neglected Child Reporting Act. Provides that by January 1, 2014, the Department of Children and Family Services shall promulgate rules establishing criteria and standards for labeling an unfounded report as an intentional false report in the central register and that the rules shall permit the reporter to submit a statement regarding the report unless the reporter has been convicted of knowingly transmitting a false report to the Department under a specified provision of the Criminal Code of 2012. Provides that if the child is the subject of an action under Article II of the Juvenile Court Act, the Department shall, within 45 days of classification of the report, transmit a copy of the report to the guardian ad litem appointed for the child (rather than the Department shall transmit a copy of the report to the guardian ad litem appointed for the child). In a provision concerning amended reports, provides that if the minor, who is the subject of an action under Article II of the Juvenile Court Act of 1987, is also the victim named in the report sought to be amended or removed from the central register, the minor shall, through the minor's attorney or guardian ad litem, have the right to participate and be heard in such hearing as defined under Department rules. Contains provisions concerning requests for the Department to review unfounded reports and Department rules addressing such requests. Effective immediately.

SENATE COMMITTEE AMENDMENT NO. 1

Replaces everything after the enacting clause. Reinserts the provisions of the engrossed bill with the following changes: In a provision concerning requests to amend or remove a report of child abuse or neglect from the State Central Register, provides that if the minor, who is the victim named in the report sought to be amended or removed from the State Central Register, is the subject of a pending action under Article II of the Juvenile Court Act of 1987, and the report was made while a guardian ad litem was appointed for the minor under the Juvenile Court Act of 1987, then the minor shall, through the minor's attorney or guardian ad litem appointed under the Juvenile Court Act of 1987, have the right to participate and be heard in such hearing as defined under the Department of Children and Family Services' rules (rather than if the minor, who is the subject of an action under Article II of the Juvenile Court Act of 1987, is also the victim named in the report sought to be amended or removed from the central register, the minor shall, through the minor's attorney or guardian ad litem appointed under the Juvenile Court Act of 1987, have the right to participate and be heard in such hearing as defined under Department rules). Provides that a review of an unfounded report will be conducted by the Multidisciplinary Review Committee (rather than will be conducted by the Multidisciplinary Review Committee, except those requests for review that are made by the guardian ad litem, which shall be conducted by the Regional Child Protection Manager). Effective immediately.

Amends the Chicago Teacher Article of the Illinois Pension Code. In a Section on reimbursement of health insurance costs: (1) deletes a provision limiting total payments in any year to \$65,000,000, plus past-due amounts; (2) changes a provision limiting total payments in any year from 75% to 50% of the total cost of health insurance for all recipients, plus past-due amounts; and (3) adds a provision limiting each recipient to an amount equal to 2.2% of health insurance costs for each year of service credit. Amends the State Mandates Act to require implementation without reimbursement. Effective January 1, 2014.

PENSION NOTE (Government Forecasting & Accountability)

According to the pension fund's 2012 actuarial report, there were 17,091 retirees and beneficiaries receiving health insurance subsidies as of June 30, 2012. The report also showed that effective Jan. 1, 2011, the Chicago Teacher Pension Fund (CTPF) provides a retiree health insurance reimbursement level equal to 60% of the cost of retiree health insurance coverage. CTPF claims that this bill would allow the Chicago Board of Ed to transfer \$32 million in a health reserve to CTPF to be utilized for retiree health insurance. CTPF would expect to spend \$68.7 million in FY 2014 on retiree health insurance subsidies, and that amount would ramp up to \$88.9 million by FY 2018. Upon enactment of this bill, the maximum rebate would decrease from the current 75% maximum as allowed by law to 50%.

HB-2944 DRURY, MORRISON, DUNKIN AND WHEELER.

- 105 ILCS 5/2-3.64 from Ch. 122, par. 2-3.64

Amends the State goals and assessment provisions of the School Code. With respect to the testing of all pupils enrolled in 3rd through 8th grade, provides that for assessment and accountability purposes, "all pupils" includes those pupils enrolled in a nonpublic school recognized by the State Board of Education. Provides that testing of a nonpublic school pupil is

at the discretion of his or her parent or guardian. Provides that the testing of nonpublic school pupils must be administered at a public school in the school district where the nonpublic school is located at the same time as the test is administered at that public school. Allows the State Board of Education and the school district to charge a reasonable fee to nonpublic school pupils to cover the costs of test administration. Makes related changes. Requires the State Board to adopt rules to implement the amendatory changes. Effective July 1, 2013.

FISCAL NOTE (State Board of Education)

The exact cost for the State is difficult to determine, in part because there is no way of knowing how many non-public students will choose to take the State assessments. Regardless of the number of students that choose to participate in the State assessment, there will still be costs for changing vendor contracts, adding additional materials, shipping additional materials, and making adjustments to online systems. We estimate that the increased costs could be as much as a 25% increase to our current contracts for the Illinois Standards Achievement Test (ISAT), which could be around an additional \$5 million. The July 1, 2013 effective date will also increase costs because costs will be higher with assessment vendors for making changes to existing contracts. The legislation allows both school districts and the State to charge parents a fee to cover the costs of the non-public testing, but the State will have to appropriate funding to cover initial start-up costs before any fees could be assessed.

LAND CONVEYANCE APPRAISAL NOTE (Dept. of Transportation)

No land conveyances are included in this bill; therefore, there are no appraisals to be filed.

CORRECTIONAL NOTE (Dept of Corrections)

There are no penalty enhancements associated with this bill. The bill would have no fiscal or population impact on the Department of Corrections.

STATE DEBT IMPACT NOTE (Government Forecasting & Accountability)

This bill would not change the amount of authorization for any type of State-issued or State-supported bond, and, therefore would not affect the level of State indebtedness.

STATE MANDATES FISCAL NOTE (Dept. of Commerce & Economic Opportunity)

This bill creates a State mandate.

HOME RULE NOTE (Dept. of Commerce & Economic Opportunity)

This bill does not pre-empt home rule authority.

HOUSING AFFORDABILITY IMPACT NOTE (Housing Development Authority)

This bill will have no effect on the cost of constructing, purchasing, owning, or selling a single-family residence.

PENSION NOTE (Government Forecasting & Accountability)

There is no discernible fiscal impact of any pension system associated with HB 2944.

JUDICIAL NOTE (Admin Office of the Illinois Courts)

This bill would neither increase nor decrease the number of judges needed in the State.

BALANCED BUDGET NOTE (Office of Management and Budget)

HB 2944 is anticipated to have no significant fiscal impact to the State. Although the total increase in costs cannot yet be determined, the legislation provides the State Board of Education and school districts the authority to charge fees in order to cover costs associated with test administration for nonpublic school students.

PENSION NOTE (Government Forecasting & Accountability)

There is no discernible fiscal impact of any pension system associated with HB 2945.

JUDICIAL NOTE (Admin Office of the Illinois Courts)

This bill would neither increase nor decrease the number of judges needed in the State.

BALANCED BUDGET NOTE (Office of Management and Budget)

The proposed legislation would require law enforcement officers to possess electronic recording equipment in police vehicles to obtain statements from individuals in accordance with the provisions of the bill. At this time, there are no estimates of the equipment costs statewide. However, this cost would be considerable given the number of law enforcement pursuit vehicles at the State and local levels.

FISCAL NOTE (Illinois State Police)

In order for the Illinois State Police (ISP) to efficiently and effectively implement this

mandate, ISP would need to purchase officer worn body cameras. Officer worn body cameras average approximately \$899 each. ISP would equip officers similar to the patrol cars, where frontline officers receive body camera. An estimate of the number of officers (Troopers, Sergeants, and Master Sergeants) requiring the equipment is 1,400 officers. Officer worn body cameras would need to be supplied to persons possessing the ranks for Master Sergeant, Sergeant, Special Agent, and Trooper, and incur the cost of yearly maintenance the ISP estimates the following: (1) Equipment = \$1,258,600; (2) Programs = \$125,000; (3) Training = \$420,000; Total first year startup costs = \$1,803,600; Estimated recurring costs each successive fiscal year (repair and maintenance) =\$25,000.

HB-2947 DRURY - PIHOS - KOSEL - FRANKS.

15 ILCS 20/50-10 was 15 ILCS 20/38.1

Amends the State Budget Law of the Civil Administrative Code of Illinois. Provides that the budget shall contain a Section indicating whether there was a budget surplus or a budget deficit for the previous fiscal year, or whether the previous fiscal year's budget was balanced, based on estimates prepared by the Governor's Office of Management and Budget using actual figures available on the date the current fiscal year's budget is submitted. Provides that those estimates shall not include payments that are made from a future fiscal year's appropriations.

HOUSE COMMITTEE AMENDMENT NO. 1

Replaces everything after the enacting clause. Reinserts the provisions of the introduced bill with changes. Requires the budget to contain a provision indicating whether there is a projected budget surplus or a projected budget deficit for the current fiscal year, or whether the current fiscal year's budget is projected to be balanced (rather than a provision indicating whether there was a budget surplus or a budget deficit for the previous fiscal year, or whether the previous fiscal year's budget was balanced). Prohibits these estimates from including as assets any monies borrowed or swept during the current (rather than previous) fiscal year from funds other than budgeted funds. Requires these estimates to include all liabilities actually incurred during the current (rather than previous) fiscal year regardless of whether the liability is to be paid out of a future fiscal year's appropriation.

HOUSE FLOOR AMENDMENT NO. 2

Replaces everything after the enacting clause. Amends the State Budget Law of the Civil Administrative Code of Illinois. Requires the budget to contain a section indicating whether there is a projected budget surplus or a projected budget deficit for general funds in the current fiscal year, or whether the current fiscal year's general funds budget is projected to be balanced, based on estimates prepared by the Governor's Office of Management and Budget using actual

figures available on the date the budget is submitted. Requires that section to present this information in both a numerical table format and by way of a narrative description, and to cover the proposed upcoming fiscal year, the current fiscal year, and the 2 years prior to the current fiscal year. Requires these estimates to specifically and separately identify any non-recurring revenues, including, but not limited to, borrowed money, money derived by borrowing or transferring from other funds, or any non-operating financial source. Prohibits these specifically and separately identified non-recurring revenues from including any revenue that cannot be realized without a change to law. Requires the table to show accounts payable at the end of the fiscal year in a manner that specifically and separately identifies any general funds liabilities accrued during the current and prior fiscal years that may be paid from future fiscal years' appropriations.

SENATE COMMITTEE AMENDMENT NO. 1

Requires the budget to include an estimate of individual and corporate income tax overpayments that will not be refunded before the close of the fiscal year (rather than an estimate of unpaid income tax refunds).

 725 ILCS 5/107A-10 rep.

Amends the Code of Criminal Procedure of 1963. Requires State, county, and local law

enforcement to use identification lineup procedures, if practicable, that the administrator conducting the lineup shall not be aware of which person in the lineup or photo spread is suspected as the perpetrator of the offense under investigation. If it is not practicable to have an unaware administrator, the reason shall be explained in a report prepared prior to the lineup, or if a photo spread the spread shall be conducted by the use of a folder shuffle method, computer program, or other comparable method so that the person conducting the procedure does not know which photograph the eyewitness is viewing during the procedure. A lineup of persons or a photo spread lineup shall be presented to witnesses sequentially, with each person or photo presented separately and then removed before the next person or photo is viewed. If practicable an audio video or audio recording shall be made of the entire identification procedure and if not practicable a detailed written report stating the reason the recording could not be made. Provides instructions to the eyewitness to whom the identification procedure is presented. Sets forth procedures for conducting identification procedures. Provides remedies for failure to comply with identification procedures. Repeals current lineup and photo spread procedures. Repeals an expired pilot study on sequential lineup procedures.

LAND CONVEYANCE APPRAISAL NOTE (Dept. of Transportation)

No land conveyances are included in this bill; therefore, there are no appraisals to be filed.

CORRECTIONAL NOTE (Dept of Corrections)

There are no penalty enhancements associated with this bill. The bill would have no fiscal or population impact on the Department of Corrections.

HOUSING AFFORDABILITY IMPACT NOTE (Housing Development Authority)

This bill will have no effect on the cost of constructing, purchasing, owning, or selling a single-family residence.

STATE DEBT IMPACT NOTE (Government Forecasting & Accountability)

This bill would not change the amount of authorization for any type of State-issued or State-supported bond, and, therefore would not affect the level of State indebtedness.

STATE MANDATES FISCAL NOTE (Dept. of Commerce & Economic Opportunity)

This bill does not create a State mandate.

HOME RULE NOTE (Dept. of Commerce & Economic Opportunity)

This bill does not pre-empt home rule authority.

PENSION NOTE (Government Forecasting & Accountability)

There is no discernible fiscal impact of any pension system associated with HB 2960.

JUDICIAL NOTE (Admin Office of the Illinois Courts)

This bill would neither increase nor decrease the number of judges needed in the State.

BALANCED BUDGET NOTE (Office of Management and Budget)

The proposed legislation could impose additional costs to law enforcement agencies through increased overtime for personnel where an "unaware" administrator is not readily available, especially in smaller police departments. Where it is impractical to have an unaware administrator report must be filed to explain why. This would produce added personnel costs. Further, some law enforcement agencies may face costs associated with the purchase of audiovisual equipment. For those agencies where it is impractical to record the lineup procedure, additional personnel costs would be incurred as the bill requires a filed report explaining why it is impractical. Currently, there are no estimates associated with the cost of the provisions in this bill.

FISCAL NOTE (Illinois State Police)

First, the Illinois State Police (ISP) would be required to retrain all persons assigned to the investigative units. Secondly, the ISP would have additional ongoing costs (regular shift time to overtime costs) to have a blind administrator present to conduct the lineups since an agent already working would know the case and could not administer. Third, the ISP would also need to invest in a computer software program that could randomly shuffle pictures in a lineup, if a blind administrator is not practical. The cost estimates are as follows: (1) Programs = \$120,000; (2) Overtime = \$65,000; (3) Training = \$100,000; Total first year startup costs = \$285,000; Estimated recurring costs each successive fiscal year (overtime) = \$65,000.

HB-2961 DRURY - FLOWERS - FORD - DAVIS, MONIQUE, DAVIS, WILLIAM, TURNER, MORRISON, DUNKIN, HARRIS, GREG AND MAYFIELD.

725 ILCS 5/122-1 from Ch. 38, par. 122-1
 725 ILCS 5/122-2.1 from Ch. 38, par. 122-2.1

Amends the Code of Criminal Procedure of 1963. Allows any defendant convicted of a criminal offense (rather than only those imprisoned on a felony offense) to file a post-conviction petition challenging his or her conviction on the grounds there was a substantial denial of his or her rights under the Constitution of the United States or of the State of Illinois. Allows any defendant convicted of a criminal offense (rather than only those under sentence of death) to file a post-conviction petition on the basis of newly discovered evidence (rather than newly discovered evidence not available at the time of the proceeding in which he or she was convicted) that establishes a substantial basis to believe that the defendant is actually innocent by clear and convincing evidence. Allows a post-conviction petition to be commenced on behalf of any defendant (rather than only a defendant sentenced to death), without the written consent of the defendant, if the defendant, because of a mental or physical condition, is incapable of asserting his or her own claim. Makes conforming changes in the statute on court dismissals of post-conviction petitions.

HOUSE FLOOR AMENDMENT NO. 1

Replaces everything after the enacting clause. Amends the Code of Criminal Procedure of 1963. Reinserts the provisions of the bill. Provides that post-conviction hearings apply to delinquency adjudications. Provides that leave of court may be granted to file more than one post-conviction petition if the petitioner demonstrates: (1) cause for his or her failure to bring the claim in his or her initial post-conviction proceedings and prejudice results from that failure; or (2) that there has been a fundamental miscarriage of justice. Provides that a petitioner demonstrates a miscarriage of justice by showing there is newly discovered evidence that establishes that it is more likely than not that the petitioner is actually innocent by clear and convincing evidence.

HOUSE FLOOR AMENDMENT NO. 2

Provides that leave of court may be granted to file more than one post-conviction petition if the petitioner demonstrates: (1) cause for his or her failure to bring the claim in his or her initial post-conviction proceedings and prejudice results from that failure; or (2) that there has been a fundamental miscarriage of justice. Provides that a petitioner demonstrates a fundamental miscarriage of justice by adequately pleading that there is newly discovered evidence that establishes a substantial basis to believe that the petitioner is actually innocent by clear and convincing evidence. Establishes when the determination as to whether to grant leave of court shall be made.

750 ILCS 5/602.3 new

Amends the Illinois Marriage and Dissolution of Marriage Act. Provides that if the court finds that it is in the best interest of the child and awards joint custody or visitation rights, the court shall find that both parties have the right of first refusal to care for the minor children if the absence of either party is necessary during the party's normal parenting time. Provides that the use of baby-sitters, family members, or subsequent spouses is secondary to the right of first refusal. Provides that "right of first refusal" means that in the event that either parent intends to leave the minor children for a period of 4 hours or longer, that parent shall first offer the other parent an opportunity for additional time with the children before making other arrangements for the temporary care of the children. Contains provisions concerning the setting of parameters regarding distance, transportation, and time constraints which may make the offering of additional parenting time impractical and therefore not required. Provides that the parent leaving the children with the other parent or with a temporary child care provider shall notify the other parent of the duration of the parenting time or temporary care of the children by other persons. Contains procedural requirements regarding the offering and acceptance of additional parenting time. Provides that the parent exercising additional parenting time shall provide the necessary transportation unless the parties agree otherwise. Provides that the new provisions are enforceable under the Section of the Act concerning visitation abuse. Provides that the right of first refusal shall be terminated upon the termination of custody or visitation rights.

HOUSE FLOOR AMENDMENT NO. 1

Replaces everything after the enacting clause. Amends the Illinois Marriage and Dissolution of Marriage Act. Provides that if the court awards joint custody or visitation rights, the court may consider, consistent with the best interest of the child, whether to award to one or both of the parties the right of first refusal to provide child care for the minor child or children during the other parent's normal parenting time, unless the need for child care is attributable to an emergency. Provides that "right of first refusal" means that if a party intends to leave the minor child or children with a substitute child-care provider for a significant period of time, that party must first offer the other party an opportunity to personally care for the minor child or children. Provides that the parties may agree to a right of first refusal, but if they do not and the court determines that a right of first refusal is in the best interest of the child, the court shall consider an make provisions in its order for specified considerations relating to the right of first refusal. Provides that the new provisions are enforceable under the Section of the Act concerning visitation abuse. Provides that the right of first refusal are terminated upon the termination of custody or visitation rights.

 35 ILCS 200/18-205

Amends the Property Tax Extension Limitation Law in the Property Tax Code. Provides that, if the total equalized assessed value of all taxable property in the taxing district for the current levy year (excluding new property, recovered tax increment value, and property that is annexed to or disconnected from the taxing district in the current levy year) is less than the total equalized assessed value of all taxable property in the taxing district for the previous levy year, then the extension limitation is (a) 0% or (b) the rate of increase approved by voters (instead of the lesser of 5% or the percentage increase in the Consumer Price Index during the 12-month calendar year preceding the levy year or (b) the rate of increase approved by voters). Effective immediately.

PENSION NOTE (Government Forecasting & Accountability)

HB 3041 will not impact any public pension fund or retirement system in Illinois.

BALANCED BUDGET NOTE (Office of Management and Budget)

This bill does not have any fiscal impact on State revenues. This legislation may result in lost revenues for local governments impacted by the bill.

STATE DEBT IMPACT NOTE (Government Forecasting & Accountability)

This legislation would not change the amount of authorization for any type of State-issued or State-supported bond, and, therefore, would not affect the level of State indebtedness.

JUDICIAL NOTE (Admin Office of the Illinois Courts)

This bill would neither increase nor decrease the number of judges needed in the State.

HOME RULE NOTE (Dept. of Commerce & Economic Opportunity)

This bill does not pre-empt home rule authority.

STATE MANDATES FISCAL NOTE (Dept. of Commerce & Economic Opportunity)

This bill does not create a State mandate.

FISCAL NOTE (Dept. of Revenue)

HB 3041 will have no fiscal impact on State revenues. Based on changes in taxable equalized assessed value from tax year 2010 to 2011, the most recent tax years for which the Department of Revenue has data available, HB 3041 would have decreased revenues to local taxing jurisdictions in the following amounts: (1) 13 Counties with a loss of approximately \$5 million; (2) 194 Municipalities with a loss of approximately \$37 million; (3) 149 Townships with a loss of approximately \$7 million; (4) 186 Special Districts with a loss of approximately \$33 million; (5) 98 School Districts with

a loss of approximately \$46 million. The total impact to local taxing districts had this change been applied to the 2011 tax year would have been approximately \$128 million spread across 640 taxing districts.

Amends the Budget Stabilization Act. Makes changes concerning transfers from the General Revenue Fund to the Pension Stabilization Fund. Amends the State Universities and Downstate Teachers Articles of the Illinois Pension Code. Requires the Teachers' Retirement System to establish and maintain a self-managed plan. Authorizes participants to irrevocably elect to participate in such a plan. Provides that, for the purpose of calculating traditional benefit package benefits and contributions, the annual salary of a participant may not, except under certain circumstances, exceed certain limits. Requires participation in the self-managed plan to the extent that a participant's salary exceeds the salary cap. Revises the schedule of contributions for participants. Shifts a portion of the employer contributions for downstate teachers and university employees from the State to the actual employer. Authorizes the boards of trustees of each of these retirement systems to triennially recalculate the normal cost of benefit plans that they offer. Defines "traditional benefit package" and "self-managed plan". Changes the formula for calculating the minimum required State contribution to these systems. Provides that the State is contractually obligated to pay the annual required State contribution to these retirement systems. Contains provisions requiring these retirement systems to bring a mandamus action to compel payment of the required State contribution. Amends the State Mandates Act to require implementation without reimbursement. Effective immediately.

PENSION NOTE (Government Forecasting & Accountability)

CGFA's actuary produced a cost estimate in 2012 detailing the effects of a Self-Managed Plan within SERS and the effects of changing the employee contribution rates across all Systems. CGFA's actuary assumed 10% of SERS's members would opt-into the Self-Managed Plan and found that the State's contribution would be reduced by \$102 million, or 2.41% of payroll. Additionally, accrued liabilities for SERS would be reduced by \$1.16 billion, the majority of which can be attributed to active members transferring into the Self-Managed Plan. A revised cost study would be required to determine the effect of implementing an identical Self-Managed Plan as well as the adjusted employee contribution rates within SURS and TRS. An additional cost study would also be required to determine the effect of shifting the long-term, actuarially-based funding schedule goal from 90% up to 100%.

HB-3172 TRACY - CURRIE - NEKRITZ - JAKOBSSON - HAMMOND, THAPEDI, SOTO, BERRIOS AND HERNANDEZ.

705 ILCS 405/5-615

Amends the Juvenile Court Act of 1987. Deletes provision that the State's Attorney may object in open court to an order of continuance under supervision.

SENATE FLOOR AMENDMENT NO. 1

Replaces everything after the enacting clause. Amends the Juvenile Court Act of 1987. Provides on delinquency petitions other than first degree murder, a Class X felony, or a forcible felony, the minor, his or her parent, guardian, or legal custodian, the minor's attorney, or the State's Attorney can object to an order of continuance under supervision before a finding of delinquency is made (rather than before adjudication or hearing evidence) and if an objection is made the court may not order a continuance under supervision. After a finding of delinquency allows the court to order a continuance under supervision after considering the circumstances of the offense and the history, character, and condition of the minor, if the court is of the opinion that: (1) the minor is not likely to commit further crimes; (2) the minor and the public would be best served if the minor were not to receive a criminal record; and (3) in the best interests of justice an order of continuance under supervision is more appropriate than a sentence otherwise permitted under the Juvenile Court Act of 1987. If warranted by the conduct of the minor and the ends of justice, in addition to allowing the court to terminate a continuance under supervision, the court may also vacate the finding of delinquency or terminate supervision and vacate the finding of delinquency.

210 ILCS 50/3.50

Amends the Emergency Medical Services (EMS) Systems Act. Provides that in prescribing EMT licensure testing requirements for honorably discharged members of the armed forces of the United States, the Department of Public Health shall ensure that a candidate's military emergency medical training, emergency medical curriculum completed, and clinical experience are recognized. Provides that if an EMT-B, EMT-I, or EMT-P has been actively involved in serving as an EMT in a rural area on a volunteer or paid-on-call basis, or a combination of volunteer and paid-on-call, during the period since he or she was licensed or last relicensed (whichever occurred later), the Department of Public Health shall deem that service as satisfying 50% of the number of hours of continuing education otherwise required for relicensure.

SENATE COMMITTEE AMENDMENT NO. 1

Replaces everything after the enacting clause. Reinserts the provisions of the engrossed bill with the following changes. Provides that if an EMT-B, EMT-I, or EMT-P has been actively involved in serving as an EMT during the period since he or she was licensed or last relicensed (whichever occurred later) (instead of in serving as an EMT in a rural area on a volunteer or paid-on-call basis, or a combination of volunteer and paid-on-call), the Department of Public Health shall deem that service as satisfying 25% (instead of 50%) of the number of hours of continuing education otherwise required for relicensure. Removes "rural areas" as a term the Department shall define.

SENATE FLOOR AMENDMENT NO. 2

Replaces everything after the enacting clause. Reinserts the provisions of the engrossed bill with the following changes. Removes "rural areas" as a term the Department shall define.

Provides that to relicense individuals as an EMT-B, EMT-I, or EMT-P every 4 years, an EMT-P shall have 100 hours of approved continuing education, an EMT-I and an advanced EMT shall have 80 hours of approved continuing education, and EMT-B shall have 60 hours of approved continuing education.

Provides that once a district abolishes its working cash fund, the district may not create a working cash fund until the expiration of 5 years from the end of the fiscal year in which the district adopted the resolution to abolish its working cash fund (instead of providing that a school district that has abolished or abated its working cash fund has the authority to again create a working cash fund at any time). From appropriated amounts, authorizes the Board of Higher Education to award grants, on a competitive basis, to eligible entities to carry out described activities, including creating, updating, or adapting open textbooks (defined as a textbook or set of course materials in electronic format that is designed for use in a college course at an institution of higher education and that is licensed under an open license). Defines an "eligible entity" as (i) an institution of higher education in this State, (ii) a professor or group of professors at an institution of higher education in this State, or (iii) a nonprofit or for-profit organization that produces open textbooks. Requires the Board to award grants in a manner that will result in the creation of a comprehensive slate of high quality course materials for introductory courses in a variety of subject areas. Sets forth provisions concerning the duration of a grant, grant applications, requirements for grant recipients, a peer review and evaluation process, appropriations, licensing materials, and a report to the General Assembly. HB 3264 will reduce the pension liabilities of TRS, SERS, and SURS because unused sick leave will no longer provide service credit for employees hired after the effective date of this act. Amends the State Universities and Downstate Teacher Articles of the Illinois Pension Code. Provides that, for academic years beginning on or after July 1, 2013, if the amount of a participant's earnings for any academic year used to determine the final rate of earnings, determined on a full-time equivalent basis, exceeds the amount of his or her earnings with the same employer for the previous academic year, determined on a full-time equivalent basis, by more than the unadjusted percentage increase in the consumer price index-u for that year (rather than 6%), then the participant's employer shall pay to the applicable System, in addition to all other payments required and in accordance with guidelines established by that System, the present value of the increase in benefits resulting from the portion of the increase in earnings that is in excess of the unadjusted percentage increase in the consumer price index-u for that year (rather than the present value of the increase in benefits resulting from the portion of the increase in earnings that is in excess of 6%). Amends the State Mandates Act to require implementation without reimbursement. Effective immediately.

PENSION NOTE (Government Forecasting & Accountability)

The amount of school district payments to TRS and SURS as a result of HB 3265 is not known as the amount of future salary increases is unknown. However, the Commission's actuary has estimated that an additional revenue stream equal to 1% of payroll will produce a reduced State contribution for TRS in the amount of \$3.0 billion between FY 2014 and FY 2045. For SURS, an additional revenue stream equal to 1% of payroll will produce a reduced State contribution of approximately \$700 million between FY 2014 and FY 2045. These savings estimates could vary widely depending on actual experience under HB 3265.

Adds reference to:

5 ILCS 327/5

Replaces everything after the enacting clause. Amends the Organ Donor Leave Act. Allows the Director of Central Management Services to set, by administrative rule, the amount of compensated time that an employee may use to donate blood or plasma (now, employees may take up to one hour or more to donate blood every 56 days or up to 2 hours or more to donate blood platelets). Acknowledges that technology may advance at a rate that outpaces the General Assembly's ability to address those advances legislatively. Provides that, to the extent that the Act may not expressly apply to those technological advances, the Act should nonetheless be interpreted to further the declared policy of the Act. Defines the term "organ". Effective immediately.

PENSION NOTE (Government Forecasting & Accountability)

HB 3291 would have a slight positive impact upon the pension funds impacted by this bill. An actuarial study would be required to determine the precise savings associated with limiting membership in GARS to persons who became participants before the effective date of HB 3291. According to GARS' FY 2012 actuarial report, the system had a funding ratio of 17.4% as of June 30, 2012. Current funding projections show that the fund will drop to a 6.2% funding ratio by FY 2029.

Amends the Illinois Pension Code. With respect to the 5 State-funded retirement systems: Provides a new funding formula for State contributions, with a 100% funding goal and amortization calculated on a level dollar amount. Provides that no additional service credit may be accrued and no automatic increase in a retirement annuity shall be received. Provides that the pensionable salary of an active participant may not exceed that individual's pensionable salary as of the effective date. Provides that State-funded retirement systems shall establish self-directed retirement plans for all active participants and all employees hired on or after the effective date. Provides that all active participants shall have the option of participating in a self-directed retirement plan. Provides that these changes are controlling over any other law. Effective immediately.

PENSION NOTE (Government Forecasting & Accountability)

The Commission's actuary performed a cost study on a proposal that is substantially similar to HB 3303. That cost study showed a long-term reduction in State contributions for TRS only (through FY 2045) of \$71.4 billion, and a reduction in FY 2014 unfunded liability of \$27.4 billion. However, this cost study assumed no deviation from the current statutory funding target of amassing assets that are equal to 90% of DB liabilities by FY 2045. HB 3303 changes this target to 100% by FY 2045, and it specifies a level-dollar amortization approach. These two changes would result in greater long-term savings than those previously mentioned; however, an updated actuarial study would be required to capture the precise savings associated with the funding changes.

415 ILCS 5/21 from Ch. 111 1/2, par. 1021

Amends the Environmental Protection Act. Prohibits a person from claiming the on-farm composting exemption from solid-waste permitting if he or she charges a tipping fee. Authorizes a person who is operating an on-farm landscape composting facility to accept food scrap, crop residue, livestock waste, agricultural landscape waste, uncontaminated wood waste, yard waste, and landscape waste for composting and still maintain the on-farm composting permitting exemption so long as the other applicable requirements are satisfied. Effective immediately.

HOUSE COMMITTEE AMENDMENT NO. 1

Replaces everything after the enacting clause. Amends the Environmental Protection Act. Provides that a composting facility may not qualify for the on-farm permit exemption, unless it certifies (i) that it accepts from other agricultural operations for composting with landscape waste no materials other than dry, uncontaminated, and source-separated crop residue and other agricultural plant residue generated from the production and harvesting of crops and other customary farm practices and (ii) that any composting additives that it accepts and uses at the facility are necessary to provide proper conditions for composting and do not exceed 10% of the total composting material at the facility at any one time. Effective immediately.

HOUSE FLOOR AMENDMENT NO. 2

Deletes a provision that required crop residue accepted by the facility to be dry. Authorizes the composting facility to accept for composting any plant-derived animal bedding, such as straw or sawdust, that is free of manure and was not made from painted or treated wood. Provides that if a municipality or county in which a composting facility is located has by ordinance approved a setback distance of less than 1/4 mile, then a composting facility located in the boundaries of that unit of government may maintain its on-farm exemption from waste permitting even though it violates the otherwise applicable 1/4 mile setback requirement.

SENATE COMMITTEE AMENDMENT NO. 2

Specifies that an owner or operator qualifies for this permitting exemption only if, among other things, the composting material was placed at a site having not more than 10 occupied non-farm residences within 1/2 mile of its boundaries on the date of application. Makes technical changes.

New Act

Creates the Agritourism Limitation of Liability Act. Defines terms. Provides that a registered agritourism operator is not liable for injury to or death of a participant resulting from the inherent risks of a registered agritourism activity so long as warning signage is posted as required, and no participant or participant's representative may maintain an action against or recover from a registered agritourism operator for injury, loss, damage, or death of the participant resulting exclusively from any of the inherent risks of the registered activity. Provides that nothing in the new Act prevents or limits liability if the operator: (1) injures the participant by willful or wanton conduct; (2) has actual knowledge or should have known of a dangerous condition in the facilities or equipment used in the registered agritourism activity and does not make the dangerous condition known to a participant and the dangerous condition causes the participant to sustain injuries; or (3) fails to use that degree of care that an ordinarily careful and prudent person would use under the same or similar circumstances. Provides that in actions arising from the operation of a registered tourism activity in which an owner or operator is named as a defendant, it shall be an affirmative defense to that liability that: (1) the injured person assumed the risk; (2) the injured person deliberately disregarded conspicuously posted signs, verbal instructions, or other warnings regarding safety measures during the activity; or (3) any equipment, animals, or appliances used by the injured person during the activity were used in a manner or for a purpose other than that for which a reasonable person should have known they were intended.
