

A Testimonial in support of HB5574 and HB255

I, Nora Schmiedel, would like to express my support of the bills listed above. Canceling Rent is vital to families who are struggling to get by right now. It should not be a choice between food, safety, or shelter. As an educator I know that these bills meant to alleviate the burdens of rent during this time would do a lot for my students and their families. It would allow parents to support their child's learning at home, rather than forcing them to work endlessly to make ends meet. In order to keep everyone safe and to set our state up for a safe passage back after this pandemic, we need to ensure the safety of our citizens now, and removing rent would be a very important step.
