IN SUPPORT OF

HB 5574, House Amendment No. 1 (Rep. Delia C. Ramirez and Will Guzzardi)

I am writing to urge you to pass HB 5574, HA1. I teach high school in Chicago. During this school closure as we talk to our school families, we find so many of them barely surviving, worrying about how to put food on the table never mind pay rent. Without rent and mortgage relief, we face another epidemic in addition to COVID-19--loss of housing. Families should be able to count on their elected representatives to stand up for their interests. Please support this bill.
