**Testimony:**

I am in support of the Emergency Renter and Homeowner Protection Act, HB5574 because it's time to bail out the American people for a change. Corporations and banks get bailouts all the time for exorbitant amounts of money. But they don't make the world go round. They don't make this country, they don't support the economy. The people do. Without people there would be no use for banks or corporations. Give the people relief so we can keep sustaining this country. If you keep the people encumbered there will be shockwaves felt throughout the state. Save the people from ruin. The people are Illinois.
