

Name: Jennifer Raymond-Setinek

Representing: Jennifer Raymond-Setinek

Supporting: HB-5574 HA 1 Emergency Rental and Homeowner Protection Act

Testimony:

Shelter is one of our basic needs as humans! I'm so disturbed to see government treat us all like we are not living beings that require food, water and shelter! We've done our part in stopping the spread of COVID-19, now we need your help in letting us recover financially after the emergency order is over. You must not leave us here to rot in the streets!!
