Representing: Self/33rd Ward Working Families

Supporting: HB-5574 HA 1 Emergency Rental and Homeowner Protection Act

Testimony:

It is critical that this legislation is passed so we can provide urgent relief to the renters across the state who are unable to pay rent. We cannot count on the good will of landlords - we have seen that that approach doesn't work. Millions are in danger of eviction. We need to take action to protect them, now.
