

Name: Laura Hartman

Representing: Laura Hartman

Supporting: HB-5574 HA 1 Emergency Rental and Homeowner Protection Act

Testimony:

I am an unemployed sound engineer and I need help to ensure that I will still be able to afford rent. My landlord has been unable to secure mortgage forgiveness with their bank and therefore are unwilling and/or unable to extend relief to their tenants. This bill would help my entire household, which is comprised of two other unemployed individuals at this point.
