Representing: Nicholas johnson

Supporting: HB-5574 HA 1 Emergency Rental and Homeowner Protection Act

Testimony:

In just a matter of days I went from working 30 hrs a week and making a little over 2k a month to maybe working 6 hrs a week and that's while being classified as "essential." People aren't looking for a hand out. A cataclysmic event has threatened the livelihood of millions and we need this committee and the state gov to respond in kind.
