

**Name:** Rachel Cohen

**Representing:** Chicago Feminist Action

**Supporting:** HB-5574 HA 1 Emergency Rental and Homeowner Protection Act

**Testimony:**

People matter, property management corporations do not. Please don't let the interests of the corporate landlords that own most Chicago rental housing to ravage the health, lives, and livelihoods of thousands of people, including kids, people with pre-existing conditions, and our elders. A spike in homelessness will add to the spike in the second wave of coronavirus our state is likely facing and that will be bad for businesses too.
