WHEREAS, The Employer Training Investment Program (ETIP) supports upgrading Illinois workers' skills to remain current in new technologies and business practices; ETIP enables Illinois companies to remain competitive, expand into new markets, and introduce more efficient technologies into their own operations; incentives are available to pre-qualified Illinois businesses that apply for training funds as part of an Economic Development Incentive Project; and

WHEREAS, Employment Opportunities, Personalized services, Individualized training, and Career Planning (EPIC) is a pilot program that tests innovative career pathway approaches to increase work opportunities for Supplemental Nutrition Assistance Program (SNAP) recipients, ultimately leading to a reduced dependency on SNAP benefits; this initiative addresses the needs of the underemployed and unemployed SNAP recipients in Illinois who require basic and technical skills and work experience to get good jobs, increase earnings, and reduce reliance on public assistance; and

WHEREAS, Through the Community Services Block Grant Program (CSBG), Community Action Agencies (CAAs) offer a variety of services to assist individuals and families in moving towards self-sufficiency; federal funding is provided to Illinois' 36 CAAs to deliver locally designed programs and services for low-income individuals and families; and

WHEREAS, The Participation Loan Program (PLP) delivers participation loans through pre-approved Illinois financial institutions to accelerate investments and ease traditional credit underwriting standards for small businesses that may not otherwise qualify for traditional bank financing; and

WHEREAS, Important parts of the Governor's economic plan for Illinois include investing in transportation, broadband, and small business development, bringing down barriers to accessing the job market and capital in communities of color, and fostering collaboration by developing regional economic hubs, which can be accomplished by having clear communication among key economic actors in Illinois including state and local governments, industry, unions, universities, and non-profits; therefore, be it

RESOLVED, BY THE HOUSE OF REPRESENTATIVES OF THE ONE HUNDRED FIRST GENERAL ASSEMBLY OF THE STATE OF ILLINOIS, that we encourage companies to bring pre-training and pre-hiring placement centers to underresourced and underserved communities; and be it further

RESOLVED, That we encourage the Department of Commerce and Economic Opportunity and the State of Illinois to explore creating a pilot program or grant program for these companies.

HOUSE RESOLUTION 720

Offered by Representative Edly-Allen:

WHEREAS, The idea for an International Day of Women and Girls in Science was generated during the 2015 Inaugural High-Level World Women's Health and Development Forum organized by the Royal Academy of Science International Trust (RASIT) and the United Nations Department of Economic and Social Affairs (DES); and

WHEREAS, This Forum was held at the United Nations Headquarters, with the participation of government Ministers and representatives, UNESCO, UN-Women, WHO, UNRWA, UNICEF, UNFPA, the Every Woman Every Child Initiative, and others; most of the distinguished guests and speakers at the Inaugural Forum, whether at ministerial, intergovernmental, diplomatic, academic or professional levels, were women in science; and

WHEREAS, Despite progress in ensuring opportunities for women in science, technology, engineering, and mathematics (STEM) fields, women and girls continue to be systematically underrepresented as users and leaders in these areas; in order to achieve sustainable development goals, we need to ensure full and equal access to and participation in science for women and girls; and

WHEREAS, Recent studies suggest that 65 percent of children entering primary school today will have jobs that do not yet exist; while more girls are attending school than before, girls are significantly under-represented in STEM subjects in many settings, and they appear to lose interest in STEM subjects as they reach adolescence; and

WHEREAS, Debunking the myths that girls do not like the sciences and other gender stereotypes, along with investment in teacher trainings, gender-responsive technology, and innovation, can reverse these trends; and

WHEREAS, Less than 30 percent of researchers worldwide are women; with too few women in decision making roles and higher-paying STEM jobs, the gender gap in STEM has deep implications for the future of global economy; women stand to gain only one new STEM job for every 20 lost, in stark contrast to men, who gain one new STEM job for every four lost; and

WHEREAS, Women still have less than two-thirds of the economic opportunity that men have; the jobs of the future will be driven by technology and innovation, and if the gender divide in Science Technology Engineering and Mathematics (STEM) is not bridged soon, the overall gender gap is likely to widen; and

WHEREAS, Improved recruitment, retention, and promotion policies, as well as continuous learning and skills development for women, can go a long way towards closing this gap; therefore, be it

RESOLVED, BY THE HOUSE OF REPRESENTATIVES OF THE ONE HUNDRED FIRST GENERAL ASSEMBLY OF THE STATE OF ILLINOIS, that we declare February 11, 2020 as Women and Girls in Science Day.

HOUSE RESOLUTION 721

Offered by Representative Hernandez, Barbara:

WHEREAS, On February 15, 2019, a disgruntled former employee of the Henry Pratt Company in Aurora opened fire inside the company warehouse, killing five fellow employees and wounding another; five police officers were also shot and wounded while responding to the incident, before the gunman was killed in a shootout with law enforcement; and

WHEREAS, The gunman responsible for this heinous act of terror was able to obtain the gun he used to wound and kill innocent victims through a loophole in our Firearm Owners Identification (FOID) system; despite being convicted of a felony aggravated assault in 1995 in the state of Mississippi, the gunman obtained a FOID card in January 2014, and when the gunman applied for a concealed carry license in March 2014, only then did State Police revoke his FOID card and send him a notice to surrender his firearms and submit a Firearm Disposition Record; the gunman failed to surrender his weapons and submit the Firearm Disposition Record, and the State Police did not follow up; this tragic shooting brought to light dangerous gaps in State law that allowed the shooter easy access to guns; and

WHEREAS, We must remember the victims of this senseless act of violence: Clayton Parks of Elgin, age 32, Trevor Wehner of DeKalb, age 21, Russell Beyer of Yorkville, age 47, Vicente Juarez of Oswego, age 54, and Josh Pinkard of Oswego, age 37, and Timothy Williams, who was wounded by the gunman while running to warn other employees of the shooting; and

WHEREAS, Senate Bill 1966 would address many of these gaps, strengthen the FOID system, and help ensure that people with violent criminal histories who are prohibited from gun possession are not able to easily evade the law and arm themselves; therefore, be it

RESOLVED, BY THE HOUSE OF REPRESENTATIVES OF THE ONE HUNDRED FIRST GENERAL ASSEMBLY OF THE STATE OF ILLINOIS, that we recognize the one year anniversary of the mass shooting that took place at the Henry Pratt Company in Aurora on February 15, 2019, and we honor the victims of this senseless act of violence; and be it further

RESOLVED, That we urge the passage of Senate Bill 1966 to close the loopholes that have allowed violent criminals to obtain a FOID card and to streamline the revocation process for law enforcement to remove firearms from dangerous individuals.

HOUSE RESOLUTION 750

Offered by Representative Sosnowski:

WHEREAS, Daylight Saving time began in Germany during World War I as an effort to conserve fuel; and

WHEREAS, Daylight Saving Time was instituted in the United States in 1918 under the title of "War time" and proved so unpopular that Congress abolished it when the war was over; and

WHEREAS, Local jurisdictions then had control over their clocks until the Uniform Time Act of 1966, which mandated standard time within time zones and instituted the practice of advancing clocks one hour in the spring and turning them back one hour in the fall; and

WHEREAS, In 1986, Congress amended the Uniform Time Act, moving the beginning of Daylight Saving Time from the last Sunday in April to the first Sunday in April; and

WHEREAS, Congress, as part of the Energy Policy Act of 2005, moved the beginning of Daylight Saving Time to the second Sunday in March and the end to the first Sunday of November; and

WHEREAS, States were allowed to exempt themselves from Daylight Saving Time, resulting in a patchwork of time differences throughout the nation, especially in states with multiple time zones, such as Indiana; and

WHEREAS, Uniformity of time among the states is essential for interstate commerce; and

WHEREAS, Numerous studies indicate that the biannual time change interferes with the body's circadian rhythm, affecting sleep cycles, stress levels, and drowsiness during the day; and

WHEREAS, A 2009 study in the Sleep Medicine journal indicated that it may take some people up to three weeks to adjust to the time change; and

WHEREAS, According to the American Journal of Cardiology, there is a ten percent increase in the number of heart attacks on the Monday following the time change; and

WHEREAS, A 2004 study in the Accident Analysis and Prevention journal estimated that instituting Daylight Saving Time permanently could save up to 366 lives due to a reduction in automotive accidents; and

WHEREAS, The rationale for switching clocks twice per year to aid in the war effort was laudable over 100 years ago, but modern and scientific research now clearly favors the institution of Daylight Saving

Time year round, eliminating the stress and negative health effects caused by changing clocks; therefore, be it

RESOLVED, BY THE HOUSE OF REPRESENTATIVES OF THE ONE HUNDRED FIRST GENERAL ASSEMBLY OF THE STATE OF ILLINOIS, that we believe that the United States should move away from biannual time change, instead instituting Daylight Saving Time permanently; and be it further

RESOLVED, That we urge the Congress of the United States of American to enact permanent Daylight Saving Time to minimize confusion and disruption to people's lives, wellness, transportation, and commerce; and be it further

RESOLVED, That a suitable copy of this resolution be presented to the President of the United States, the Secretary of the United States Department of Energy, and the Congressional Delegation of the State of Illinois.

HOUSE RESOLUTION 751

Offered by Representative Halpin:

WHEREAS, The U.S. Congress created Amtrak under the Rail Passenger Service Act of 1970 (Public Law 91-158), and Amtrak began serving customers on May 1, 1971, taking over the operation of most intercity passenger trains in exchange for access to the national rail network; and

WHEREAS, Congress passed the Amtrak Improvement Act of 1973 (Public Law 93-146), which gives intercity and commuter rail passenger transportation preference over freight transportation in using a rail line, junction, or crossing, a right codified as section 24308(c) of title 49, United States Code; and

WHEREAS, U.S.C. Sec. 24308(c) of Title 49 states, "Except in an emergency, intercity and commuter rail passenger transportation provided by or for Amtrak has preference over freight transportation in using a rail line, junction, or crossing unless the [Surface Transportation] Board orders otherwise under this subsection. A rail carrier affected by this subsection may apply to the Board for relief. If the Board, after an opportunity for a hearing under section 553 of title 5, decides that preference for intercity and commuter rail passenger transportation materially will lessen the quality of freight transportation provided to shippers, the Board shall establish the rights of the carrier and Amtrak on reasonable terms"; and

WHEREAS, Many host railroads have ignored the law by refusing to give passenger rail the priority to which it is statutorily entitled, resulting in poor and declining on-time performance by Amtrak on most host railroads; according to Amtrak during fiscal year 2019 alone, this caused 6.5 million customers on state-supported and long-distance trains to arrive at their destination late; and

WHEREAS, Amtrak's Office of Inspector General, in a 2019 report, showed poor on-time performance wastes taxpayer dollars to the extent that a mere five percent improvement on all Amtrak routes would result in \$12.1 million in cost savings to Amtrak in the first year; if on-time performance on long-distance routes reached 75 percent for a year, Amtrak would realize an estimated \$41.9 million in operating cost savings along with a one-time savings of \$336 million due to a reduction in equipment replacement needs; and

WHEREAS, On-time passenger rail performance on host railroads has historically been driven by the existence of an effective means to enforce Amtrak's preference rights as shown historically by:

(1) Enactment of the Passenger Rail Investment and Improvement Act (PRIIA) of 2008 (division B of Public Law 110-432), which included provisions for the enforcement of these preference rights:

(a) Two months afterward, the on-time performance of long-distance trains improved from 56 percent to 77 percent and Class I freight train interference delays across all routes declined by 40 percent; and

(b) One year after enactment of PRIIA, freight train interference delays had declined by 54 percent, and the on-time performance of long-distance trains reached 85 percent; and

(2) Removal in 2014 of some of those provisions after being ruled unconstitutional by a Washington, D.C., Circuit Court: long-distance train on-time performance declined from 72 percent to 50 percent, and freight train interference delays increased 59 percent; and

WHEREAS, As a result of violations of Amtrak's right to preference, Amtrak has been consistently unable on host railroad networks to meet its Congressionally-mandated mission and goals and does not have an effective mechanism to enforce its statutory preference right in order to fulfill its mission and goals; and

WHEREAS, Only the United States Attorney General can bring a civil action for equitable relief in a district court of the United States to enforce Amtrak's preference rights but has done so just once in Amtrak's entire history, against the Southern Pacific Transportation Company in 1979; therefore, be it

RESOLVED, BY THE HOUSE OF REPRESENTATIVES OF THE ONE HUNDRED FIRST GENERAL ASSEMBLY OF THE STATE OF ILLINOIS, that we support a strong intercity passenger rail network and support the passage of U.S. S.2922, the proposed "Rail Passenger Fairness Act", providing Amtrak the ability to enforce its preference rights by bringing a civil action before a federal district court (the so-called "private right of action"); and be it further

RESOLVED, That we urge the Illinois Congressional Delegation to support S.2922; and be it further

RESOLVED, That suitable copies of this resolution be delivered to each member of the Illinois Congressional Delegation.

WHEREAS, The Center reports that there is a new publicly-reported incident every three days of the calendar year; and

WHEREAS, Primarily, the cyber incidents reported in 2018 were data breaches, including the unauthorized disclosure of data due to human error, by vendors in partnership with school districts, by students to modify student records, and by external actors, often for malicious purposes; and

WHEREAS, This increase in cyber threats directed at school districts continued into 2019, including in Illinois where school districts across the State have been hit by cybersecurity breaches; and

WHEREAS, In August 2019, the personal information of 53,000 students and 3,100 educators in Naperville District 203 and Indian Prairie District 204 was exposed following a data breach in connection to student assessments; and

WHEREAS, In September 2019, Rockford Public Schools were without Internet or access to student records for several days following a ransomware attack; and

HOUSE JOINT RESOLUTION 109

Offered by Representative Stephens:

WHEREAS, The neighbors of O'Hare International Airport understand the importance of this airport to Illinois' economy and its supply of good jobs; and

WHEREAS, The neighbors of O'Hare want to take an active and friendly role in helping the airport deal actively with its many noise problems; and

WHEREAS, Among the sponsors of this resolution are individuals who have talked with representatives of the City of Chicago and who appreciate the work that the Chicago Department of Aviation is doing to improve the technology used for gathering noise pollution data and improving data communications and database technology to consolidate and store this data; and

WHEREAS, This is not the first time that Chicago has reached out to its "noise neighbors"; as part of its long-term expansion plans, Chicago and many of O'Hare International Airport's principal airlines have maintained multi-year voluntary noise abatement flight procedures, instituted in 1997 and continuously revised since then as the "O'Hare International Airport Fly Quiet Program"; and

WHEREAS, Compliance with the Fly Quiet Program is overseen by the O'Hare Noise Compatibility Commission, an intergovernmental agency that includes Cook County, 41 municipalities, and 16 school districts adjacent to and around O'Hare International Airport; and

WHEREAS, The voluntary flight procedures listed in the Fly Quiet Program include approved, voluntary, recommended aircraft pathways for safe commercial jet takeoffs from O'Hare International Airport, effective from 10 P.M. to 7 A.M.; and

WHEREAS, The O'Hare Fly Quiet Program releases quarterly reports to measure compliance with the elements of the Program, including compliance by airlines and their pilots with approved runway departure flight paths; these reports show that, as of 2015, many aircraft departures currently deviate significantly from the approved "Fly Quiet" flight paths, thereby imposing noise pollution upon substantial areas of residences, schools, commercial and industrial structures, as well as property owners, whose properties are not sufficiently monitored for noise pollution and are not sufficiently mapped as impacted by aircraft noise; and

WHEREAS, The Fly Quiet report published by the Chicago Department of Aviation and covering the fourth quarter of calendar year 2014 showed massive partial compliance and noncompliance with Fly Quiet runway departure guidelines, with one runway departure point (22L) showing only 40% of aircraft departure flight paths being implemented so as to keep the aircraft within 0.5 nautical miles of the approved takeoff pathway, so that 60% of the planes during this time period, taking off from this runway location, applied engine power and climbed into the sky while the plane was located at least 0.5 nautical miles or more away from the approved pathway; and

WHEREAS, Above and beyond runway departure point 22L, other O'Hare International Airport runway departure points also showed significant patterns of partial compliance and non-compliance with Fly Quiet takeoff flight path guidelines in the fourth quarter of 2014; and

WHEREAS, Overall monitoring by the O'Hare Noise Compatibility Commission and others indicated that, in 2015, Fly Quiet voluntary guidelines were being adhered to in only 30% of total flights during nighttime hours; and

WHEREAS, These examples of partial compliance and noncompliance impose substantial financial and quality-of-life burdens upon the neighbors of O'Hare International Airport, including individuals and businesses that understand the importance of the airport and want to be good neighbors; and

WHEREAS, The airlines that operate at Chicago O'Hare International Airport also have many other interrelationships with the City of Chicago, the Federal Aviation Administration within the United States Department of Transportation, and many other entities; and

WHEREAS, These airlines include the use of a specified number of departure gates and related support facilities; access to these departure gates and these support facilities are essential assets for doing passenger and cargo business at O'Hare International Airport; access to support facilities is an essential asset for doing non-passenger cargo business at the same airport; and

WHEREAS, Whenever an airline changes hands, and under a wide variety of other circumstances, access to major airport departure gates and support facilities is closely examined by the owner of the airport, the United States Department of Transportation, and many other stakeholders in the United States airline industry; and

WHEREAS, The O'Hare International Airport Fly Quiet Program should be elevated to the rank of an independent, autonomous stakeholder in any future decisions made by O'Hare International Airport and its partners that will affect future allocations of airport departure gates and support facilities; therefore, be it

RESOLVED, BY THE HOUSE OF REPRESENTATIVES OF THE ONE HUNDRED FIRST GENERAL ASSEMBLY OF THE STATE OF ILLINOIS, THE SENATE CONCURRING HEREIN, that we state the belief that O'Hare International Airport's noise monitoring technology should be coupled with artificial-intelligence software, including, but not limited to, software that gauges Community Noise Equivalent Level noise levels, to the maximum extent allowed by current technology in order to match the noises perceived by each station at each time to specific individual flight operations and the operations of individual airline firms and to gauge the compliance of each individual airline firm with the noise, time-of-day, and flight path guidelines set down in the Fly Quiet Program; and be it further

RESOLVED, That we call for a measurable improvement in Fly Quiet compliance no later than January 1, 2021, with further improvements to follow; and be it further

RESOLVED, That we urge the Aviation Department of the City of Chicago to select a trusted third party that represents the interests of O'Hare International Airport's noise neighbors and to share the information enumerated in this resolution with this third party; such information-sharing should be carried out in a manner that does not violate the intellectual properties and executive status of secure information controlled by any significant stakeholders at the airport; and be it further

RESOLVED, That, as a part of this information sharing, we urge the Aviation Department and the trusted third party to collaborate to develop a rank-ordered chart of each airline firm's compliance with the guidelines contained in the O'Hare International Airport Fly Quiet Program; the chart should be public information and should be revised and republished not less than every 3 months on the same basis as the reports currently submitted by the Fly Quiet Program to the public; and be it further

RESOLVED, That these charts and the data from which these charts are generated should be given explicit and formal consideration as elements in any decisions made, subsequent to the start of the generation of this data and these charts, on the reallocation of departure gates and support facilities at O'Hare International Airport; and be it further

RESOLVED, That suitable copies of this resolution be delivered to the Mayor of Chicago, the Secretary of the United States Department of Transportation, and all members of the Illinois Congressional Delegation.

SECTION 3. LEGISLATIVE REDISTRICTING

(a) As used in this Section:

"Coalition districts" means districts in which more than one group of racial minorities or language minorities may form a coalition to elect the candidate of the coalition's choice.

"Consumer price index-u" means the index published by the Bureau of Labor Statistics of the United States Department of Labor or a successor agency that measures the average change in prices of goods and services purchased by all urban consumers, United States city average, all items, 1982-84=100.

"Crossover districts" means districts in which a racial minority or language minority constitutes less than a majority of the voting-age population, but where this minority, at least potentially, is large enough to elect the candidate of its choice with help from voters who are members of the majority who cross over to support the minority's preferred candidate.

"Influence districts" means districts in which a racial minority or language minority can influence the outcome of an election even if its preferred candidate cannot be elected.

"Racial minorities or language minorities", in either the singular or the plural, means the same class of voters who are members of a race, color, or language minority group receiving protection under the federal Voting Rights Act.

(b) Each Legislative District, Representative District, and Congressional District shall, in the following order of priority:

(1) fully comply with the United States Constitution and federal laws, such as the federal Voting Rights Act;

(2) be substantially equal in population;

(3) provide racial minorities and language minorities with the equal opportunity to participate in the political process and elect candidates of their choice;

(4) provide racial minorities and language minorities who constitute less than a voting-age majority of a Legislative District, Representative District, or Congressional District with an opportunity to substantially influence the outcome of an election through the creation of crossover districts, coalition districts, or influence districts;

(5) be contiguous;

(6) be compact;

(7) respect, to the extent practical, geographic integrity of units of local government;

(8) respect, to the extent practical, communities sharing common social or economic interests; and

(9) not discriminate against or in favor of any political party or individual.

(c) No later than March 1 of the year that follows the federal decennial census, the Chief Justice and the most senior Supreme Court Justice who is not elected from the same political party as the Chief Justice shall select 17 commissioners to form an Independent Redistricting Commission. The commissioners shall reflect the ethnic, gender, and racial demographics of Illinois to reflect the demographic data provided by the decennial census, each commissioner shall be a voter who has been continuously affiliated in Illinois with the same political party or unaffiliated with a political party and who has not changed political party

affiliation for 5 or more years immediately preceding the date of his or her appointment. Fourteen of the commissioners shall represent, in equal number, the two political parties whose gubernatorial candidates received the greatest number of votes in the last gubernatorial election and 3 of the commissioners must represent neither of those parties. No more than one commissioner shall be from the same Congressional District. If the total number of Congressional Districts equal less than 17, then at-large commissioners will be appointed to fill vacancies, and no more than 2 commissioners shall be from the same Congressional District. The 2 Justices responsible for selecting the 17 commissioners shall consider party identification and all campaign contributions in determining a potential commissioner's eligibility.

(d) A person is ineligible to serve on the Commission if within the previous 5 calendar years the person or his or her spouse or immediate family member, including his or her parents, children, step-children, or siblings, is or has been:

(1) appointed or elected to a position with the State, federal, or local government;

(2) a candidate for State, federal or local office;

(3) a paid consultant or employee of a State, federal, or local elected official or political candidate, of a federal, State, or local political candidate's campaign, or of a political action committee or any other electioneering entity;

(4) a State, federal, or local lobbyist as defined by law;

(5) an individual with an ownership interest in an entity with a State, federal, or local government contract; or

(6) appointed or elected to serve a State, federal, or local political party.

(e) A commissioner is ineligible for a period of 10 years to serve in the General Assembly or to be appointed to a position subject to Senate confirmation.

(f) Commissioners must file financial disclosure statements and abide by any ethics requirements established by law.

(g) Each prospective applicant for commissioner shall attest under oath that they meet the qualifications set forth in this Section, and attest either that they affiliate with one of the 2 political parties whose gubernatorial candidates received the 2 greatest number of votes in the last gubernatorial election, and if so, identify the party with which they affiliate, or that they do not affiliate with either of the major parties.

(h) Any vacancy, whether created by removal, resignation, death, or absence, in the 17 commission positions shall be filled within the 30 days after the vacancy occurs, from the pool of applicants of the same political party as the vacating nominee that was remaining as of the end of the commissioner selection process. If none of those remaining applicants are available for service, the Chief Justice of the Supreme Court and the most senior Supreme Court Judge of a different political party shall fill the vacancy from a new application pool created to maintain the partisan balance of the commission and to the extent possible, to keep the geographic and racial demographics of the commission the same as it was prior to the vacancy.

(i) The Commission shall act in public meetings by the affirmative vote of 11 commissioners. The Commission shall elect its chairperson and vice chairperson, who shall not be affiliated with the same political party. Each meeting of the Commission shall be open to the public and there must be public notice at least 7 days before a meeting. All records of the Commission, including all communications to or from the Commission regarding the work of the Commission, shall be available for public inspection. The Commission shall adopt rules governing its procedures. The Commission shall be considered a public body subject to the Freedom of Information Act or a successor Act and the Open Meetings Act or a successor Act.

(j) In each year in which the federal decennial census is taken but in which the United States Bureau of the Census allocates incarcerated persons as residents of correctional facilities, the Secretary of State shall request that each agency that operates a federal correctional facility in this State that incarcerates persons convicted of a criminal offense to provide the Secretary of State with a report that includes the last known place of residence prior to incarceration of each inmate, except an inmate whose last known place of residence is outside of Illinois. The Secretary of State shall deliver such report to the Commission by December 30 of that same year. For purposes of reapportionment and redistricting, the Commission shall count each incarcerated person as residing at his or her last known place of residence, rather than at the institution of his or her incarceration.

(k) The Commission shall hold at least 20 public hearings throughout the State before adopting a redistricting plan, with a majority occurring before the Commission releases any proposed redistricting plan

and at least 10 public hearings must occur throughout the State after the release of any proposed redistricting plan.

The Commission must provide a meaningful opportunity for racial minorities and language minorities to participate in the public hearings, including, but not limited to, issuing notices in multiple languages and ensuring that translation services are available at all hearings at the Commission's expense or through partnership with outside organizations. These public hearings must be open to all members of the public and must be planned to encourage attendance and participation across the State, including the use of technology that allows for real-time, virtual participation and feedback during the hearings. When releasing a proposed redistricting plan, the Commission must also release population data, geographic data, election data, and any other data used to create the plan, when the Commission receives this information. The Commission must also provide terminals for members of the public to access the data and associated software. During the map drawing process, any member of the public may submit maps for consideration to the Commission. The Commission must consider public input and respond to it. Those submissions are public records that are open to comment.

The Commission may not adopt a redistricting plan until the Commission adopts and publishes a report explaining the plan's compliance with the United States Constitution and Illinois Constitution. Before the adoption of a redistricting plan, the Commission shall release to the public the final plan and its associated compliance report. The meeting to vote on adoption of a redistricting plan shall occur no sooner than 30 days after the release of the final plan and its associated compliance report. All proposed and adopted maps and any data used to develop these maps are public records. The Commission shall maintain a website or other similar electronic platform to disseminate information about the Commission, including records of its meetings and hearings, proposed redistricting plans, assessments and reports on plans, and to allow the public to view its meetings and hearings in both live and archived form. The website or electronic platform must allow the public to submit redistricting plans and comments on redistricting plans to the Commission for its consideration.

(l) The Commission shall adopt and file with the Secretary of State a redistricting plan for the Legislative Districts, Representative Districts, and Congressional Districts by September 1 of the year following the federal decennial census. The Commission may adopt separate redistricting plans for the Legislative Districts, the Representative Districts, and the Congressional Districts.

(m) Members of the Commission shall be compensated at the rate of \$37.50 for each hour the member is engaged in Commission business. For each succeeding Commission, the rate of compensation shall be adjusted in each year of the federal decennial census by the cumulative change in inflation based on the consumer price index-u or a successor metric. Members of the Commission are eligible for reimbursement of personal expenses incurred in connection with the duties performed pursuant to this Section. A member's residence is deemed to be the member's post of duty for purposes of reimbursement of expenses.

(n) Within the first 30 days after the selection of the Independent Redistricting Commission, the Governor shall include in the budget submitted under Section 2 of Article VIII to the General Assembly amounts of funding for the Commission and the Secretary of State that are sufficient to meet the estimated expenses of each of those officers or entities in implementing the redistricting process required by this Section for a 3-year period, including, but not limited to, adequate funding for a statewide outreach program to solicit broad public participation in the redistricting process. The Governor shall also make adequate office space available for the operation of the Commission. The General Assembly shall make the necessary appropriation in a Budget Implementation Act, and the appropriation shall be available during the entire 3-year period. The appropriation made shall be equal to the greater of \$3,000,000 or the amount expended in accordance with this subsection (n) in the immediately preceding redistricting process, as each amount is adjusted by the cumulative change in inflation based on the consumer price index-u or a successor metric, since the date of the immediately preceding appropriation made in accordance with this subsection (n). The General Assembly may make additional appropriations in any year that it determines that the Commission requires additional funding in order to fulfill its duties. The Commission, with fiscal oversight from the Comptroller or its successor, shall have procurement and contracting authority and may hire staff and consultants, for the purposes of this Section, including legal representation.

(o) A redistricting plan filed with the Secretary of State shall be presumed valid and shall be published promptly by the Secretary of State.

(p) The Supreme Court shall have original and exclusive jurisdiction over actions concerning the redistricting of the Congressional, Legislative, and Representative Districts, which shall be initiated in the

name of the People of the State by the Attorney General. Each person who resides or is domiciled in the State, or whose executive office or principal place of business is located in the State, may bring an action in a court of competent jurisdiction to obtain any of the relief available.

~~(a) Legislative Districts shall be compact, contiguous and substantially equal in population. Representative Districts shall be compact, contiguous, and substantially equal in population.~~

~~(b) In the year following each Federal decennial census year, the General Assembly by law shall redistrict the Legislative Districts and the Representative Districts.~~

~~If no redistricting plan becomes effective by June 30 of that year, a Legislative Redistricting Commission shall be constituted not later than July 10. The Commission shall consist of eight members, no more than four of whom shall be members of the same political party.~~

~~Not later than August 10, the Commission shall file with the Secretary of State a redistricting plan approved by at least five members.~~
