88TH LEGISLATIVE DAY

Perfunctory Session

TUESDAY, MARCH 3, 2020

At the hour of 3:49 o'clock p.m., the House convened perfunctory session.

HOUSE RESOLUTIONS

The following resolutions were offered and placed in the Committee on Rules.

HOUSE RESOLUTION 793

Offered by Representative Gordon-Booth:

WHEREAS, The State of Illinois has a responsibility to help crime victims access justice, assistance, and the support they need to heal; and

WHEREAS, Illinois Crime Victims' Voices: The First-Ever Survey of Illinois Victims' Views on Safety and Justice found that crime is a traumatic experience for nearly everyone who has been a victim and that nearly seven out of 10 crime victims experience traumatic symptoms across demographic characteristics; and

WHEREAS, Research has shown that people who are repeatedly victimized are more likely to face mental health problems such as depression, anxiety, and symptoms related to post-traumatic stress disorder and chronic trauma; and

WHEREAS, Victims living in communities experiencing concentrated crime are more likely to suffer from greater levels of chronic trauma than those who do not, and national data indicates that young adults, people with low incomes, and residents of urban areas experience the highest rates of victimization; and

WHEREAS, Research shows that people under the age of 30 are 24 percent more likely to be victims of violent crime and 41 percent more likely to be victims of serious violent crime; similarly, people with incomes of less than \$25,000 per year are 25 percent more likely to be victims of violent crime and 46 percent more likely to be victims of serious violent crime; and

WHEREAS, Nearly 35 million children have experienced one or more types of childhood adversity, and approximately 72% of children and youth in the United States will have experienced at least one stressful event (e.g., witnessing or being a victim of violence, experiencing sexual, physical, or emotional abuse, suffering a serious injury or medical condition, or the death of a parent or sibling) before the age of 18; and

WHEREAS, These adverse childhood experiences (ACEs) can be traumatizing and, if not recognized and treated, can affect health across the life span and, in some cases, result in a shortened life span; and

WHEREAS, A growing body of research demonstrates that untreated trauma, especially among those who experience repeat victimization, can contribute to substance abuse, mental health issues, housing instability, and other problems that increase risky behaviors and lead to further victimization or crime itself; and

WHEREAS, Trauma-informed care has been promoted and established in communities across the country on a bipartisan basis, including in the states of California, Florida, Massachusetts, Missouri, Oregon, Pennsylvania, Washington, and Wisconsin; and

WHEREAS, Numerous federal agencies have integrated trauma-informed approaches into their programs and grants, which should be leveraged by the State of Illinois; and

WHEREAS, Infants, children, and youth and their families who have experienced or are at risk of experiencing trauma, including those who are low-income, homeless, involved with the child welfare system, involved in the juvenile or adult justice system, unemployed, or not enrolled in or at risk of dropping out of an educational institution and live in a community that has faced acute or long-term exposure to substantial discrimination, historical oppression, intergenerational poverty, a high rate of

violence or drug overdose deaths, should have an opportunity for improved outcomes; this means increasing access to greater opportunities to meet educational, employment, health, developmental, community reentry, permanency from foster care, or other key goals; therefore, be it

RESOLVED, BY THE HOUSE OF REPRESENTATIVES OF THE ONE HUNDRED FIRST GENERAL ASSEMBLY OF THE STATE OF ILLINOIS, that an urgent and significant need exists to discuss and evaluate public policies affecting trauma and social determinants of health; and be it further

RESOLVED, That we recognize the importance, effectiveness, and need for trauma-informed care among existing programs and agencies in the State of Illinois; and be it further

RESOLVED, That we express our support for the establishment of this effort and urge the citizens of this State to become more aware of trauma and its effects on communities across Illinois; and be it further

RESOLVED, That suitable copies of this resolution be delivered to the Governor, Lieutenant Governor, and Attorney General.

WHEREAS, The health care professionals of SIU Medicine, a multi-specialty group practice comprised of 284 physicians and their teams, provide comprehensive primary and specialty care for the people and communities of the region in medical offices, clinics, hospitals, and community venues; and

WHEREAS, The SIU School of Medicine has furthered its mission through the establishment of specific educational programs for physician assistants, medical scientists, and underrepresented groups in medicine; and

WHEREAS, The SIU School of Medicine is a community-based medical school that meets its mission through formal partnerships and collaborations with hospitals, health systems, and community agencies throughout its 66-county region, which includes 2.2 million residents; and

WHEREAS, More than one million citizens expressed their opinion and made hundreds of suggestions to then Treasury Secretary Jacob J. Lew; and

WHEREAS, On April 20, 2016, Secretary Lew announced that the women's suffrage movement would be honored on the back of the redesigned \$10 bill through depictions of Lucretia Mott, Sojourner Truth, Susan B. Anthony, Elizabeth Cady Stanton and Alice Paul for their contributions in shaping the history of this country; and

WHEREAS, Secretary Lew added that honoring the advancement in the Civil Rights Movement would focus on events at the Lincoln Memorial on the back of the new \$5 bill, and Harriet Tubman would appear on the front of the new \$20 bill; and

WHEREAS, Tubman remained steadfast in her efforts toward freedom and equality until her death in 1913 in Auburn, New York; and

WHEREAS, Considering the exemplary life led by this American heroine, the nation overwhelmingly chose Tubman over any other individual female to receive the honor of being placed on the \$20 bill; and

WHEREAS, in honor of the 100th anniversary of the passage of the 19th Amendment of the Constitution of the United States that gave women the right to vote, Secretary Mnuchin should maintain the original plan and redesign schedule and release the new currencies along with the added security measures in 2020; and

WHEREAS, The Community Eligibility Provision offers high-need Illinois schools the opportunity to serve breakfast to all students at no cost; this provision has the added benefits to schools of reducing administrative costs, eliminating the collection of paper applications, streamlining meal service operations, and increasing the reimbursements schools receive from federal child nutrition programs; and

Offered by Representative West:

WHEREAS, The Illinois Medicaid program provides insurance coverage to the most vulnerable populations, including seniors, people with disabilities, low-income children, and adults who could not otherwise afford access to healthcare; and

WHEREAS, Currently in Illinois, 3.2 million Illinoisans are enrolled in the Medicaid program, and over half of the births in Illinois are to children on Medicaid; and

WHEREAS, The Illinois Medicaid program ensures coverage for children in the care of the Department of Children and Family Services who have been entrusted to the State of Illinois to provide for their safety and well-being; and

WHEREAS, Illinois Medicaid currently operates as a federal entitlement program, wherein the federal government provides federal matching dollars for services rendered to Illinois Medicaid beneficiaries; and

WHEREAS, The federal government has unveiled a proposal for states to apply for block grant funding for their Medicaid programs, which would effectively provide a limited amount of resources to states and allow states to limit and reduce populations and benefits provided to their Medicaid beneficiaries; and

WHEREAS, Block grant funding would result in limited federal resources to states and subsequently reduced services to Medicaid beneficiaries, who rely on the state for healthcare services they need and deserve; and

WHEREAS, The proposal would also greatly reduce vital resources to healthcare providers throughout Illinois, particularly those who serve greater percentages of low-income families in both rural and urban areas of Illinois; and

WHEREAS, The proposed Medicaid block grants would create incredible financial pressure on an already fragile healthcare system, which would inevitably lead to reduced services and limited healthcare access for those in need; and

WHEREAS, The block grant proposal is a federal option, meaning that states must apply via an 1115 Medicaid Demonstration Waiver in order to transition from an entitlement program to a block grant program; therefore, be it

RESOLVED, BY THE HOUSE OF REPRESENTATIVES OF THE ONE HUNDRED FIRST GENERAL ASSEMBLY OF THE STATE OF ILLINOIS, that due to the negative impact this proposal would have on the most vulnerable populations and the providers who care for them, the State of Illinois shall not apply for an 1115 Demonstration Waiver that would result in limited federal resources or reduced services to Illinois Medicaid beneficiaries; and be it further

RESOLVED, That suitable copies of the resolution be delivered to the Speaker of the House, the President of the Senate, the Minority Leader of the House, the Minority Leader of the Senate, and the Governor.

HOUSE JOINT RESOLUTION 118

Offered by Representative Parkhurst:

WHEREAS, As part of a recent policy trend, certain cities and states within the United States enacted procedures designed to limit cooperation with or involvement in federal immigration enforcement actions; and

WHEREAS, In January of 2020, the Illinois Department of Corrections (DOC) changed its policy and stopped notifying U.S. Immigration and Customs Enforcement (ICE) of the release of individuals from the DOC who had valid detainer warrants; and

WHEREAS, Prior to this policy change, ICE worked with the IDOC and local law enforcement agencies to prevent those convicted felons who migrated into the State illegally after being released into the community upon completion of their sentence; and

WHEREAS, Such individuals have been convicted of felony offenses, including murder, rape, sex offenses, child pornography, and weapons offenses; and

WHEREAS, The policy was changed by the Illinois Department of Corrections without adequate notice and without sufficient explanation to the immigration authorities and local law enforcement agencies, which had previously worked valiantly with the immigration authorities to keep our communities safe; and

RESOLVED, BY THE HOUSE OF REPRESENTATIVES OF THE ONE HUNDRED FIRST GENERAL ASSEMBLY OF THE STATE OF ILLINOIS, THE SENATE CONCURRING HEREIN, that we urge Governor JB Pritzker to instruct the Illinois Department of Corrections to comply with federal law and allow the DOC to continue to work with ICE and local law enforcement agencies; and be it further

HOUSE JOINT RESOLUTION 119

Offered by Representative Skillicorn:

WHEREAS, Executive Orders by the President of the United States have become a vehicle through which the President may overstep the limits of his constitutional authority; and

WHEREAS, Much of federal law is now enacted by federal bureaucrats who were never chosen by the people and have no accountability to the people whatsoever; and

WHEREAS, Policy decisions made at the state level tend to be more responsive to the needs and desires of the people; and
