HOUSE RESOLUTIONS

The following resolutions were offered and placed in the Committee on Rules.

HOUSE RESOLUTION 4

Offered by Representative West:

WHEREAS, Research over the last two decades in the evolving fields of neuroscience, brain science, molecular biology, public health, genomics, and epigenetics reveals that experiences in the first few years of life build changes into the biology of the human body, including the architecture of the brain; and

WHEREAS, Brain growth occurs rapidly in the first three years of a child's life and accelerates over the next ten years, slowing during the early twenties; a child's brain and body development can be impaired

by certain environmental conditions, influencing the person's physical and mental health and social outcomes over their life span; and

WHEREAS, Adverse childhood experiences, or ACEs, are traumatic experiences occurring during childhood that have been found to have a profound effect on a child's developing brain structure and body and may result in poor health during the person's adulthood; ACEs can be physical, emotional, or sexual abuse, neglect, household dysfunction, including caregiver substance abuse, untreated mental illness or incarceration, domestic violence, or separation or divorce involving household members; and

WHEREAS, Experiencing ACEs as well as experiencing intense and prolonged stress, like community violence, without positive influences or nurturing relationships during childhood can become known as toxic stress, which can further affect a child's brain development and function and lead to long-term cognitive and health impairments; and

WHEREAS, ACEs studies have also found a strong correlation between the number of ACEs and a person's risk for disease and negative health behaviors, including suicide, depression, cancer, stroke, ischemic heart disease, diabetes, autoimmune disease, smoking, substance abuse, interpersonal violence, obesity, unplanned pregnancies, lower educational achievement, workplace absenteeism, and lower wages; and

WHEREAS, Findings from the Illinois 2013 Behavioral Risk Factor Surveillance Survey (BRFSS) supported by the Illinois ACEs Response Collaborative found that almost 60% of non-institutionalized adult Illinoisans reported having at least one ACE; this number equates to almost 5 million Illinois residents; 14.2% of Illinois adults reported four or more ACEs; and

WHEREAS, BRFSS data also showed that approximately 20% of African American and Hispanic adults in Illinois reported four or more ACEs, compared to 13% of non-Hispanic whites; and

WHEREAS, The Illinois 2013 BRFSS also found that 43% of women and 48% of men reported having one to three ACEs; 15% of women and 13% men reported experiencing four or more ACEs; and

WHEREAS, BRFSS data showed that individuals with between 1 and 3 ACEs reported their physical health was not good 12% more often and their mental health was not good 44% more often than individuals with no ACEs; individuals with more than 4 ACEs reported their physical health was not good 65% more often and their mental health was not good 176% more often than individuals with no ACEs; and

WHEREAS, Individuals with six or more ACEs were found, on average, to live 20 years less than those individuals with zero ACEs; and

WHEREAS, Among those who misuse opioids, the individuals most likely to experience problems with addiction are those who suffered ACEs; general population surveys have estimated that 75% of individuals with substance use disorders have experienced trauma early in their lives; rates are even higher among populations seeking treatment for opioid addiction; and

WHEREAS, ACEs appear to be a root cause of many of our most challenging health and social problems and, without adequate family intervention and support, appear to be transmitted from one generation to the next, further exacerbating the poor outcomes from ACEs and toxic stress; and

WHEREAS, It is less disruptive to well-being, less costly, and more effective to positively influence the development of a child's brain than to intervene and correct negative experiences and outcomes later in life; and

WHEREAS, Trauma-informed care is an approach that can bring greater understanding and more effective ways to prevent, identify, and support and serve children, adults, families, and communities affected by ACEs, trauma, adversity, and toxic stress; and

WHEREAS, Trauma-informed care is not a therapy or an intervention; it is a principle-based, culture change process aimed at recognizing strengths and resiliency and helping people who have experienced trauma to overcome those issues in order to achieve personal and economic well-being; and

WHEREAS, The Substance Abuse and Mental Health Services Administration and many other agencies and organizations provide substantial resources to better engage individuals, community-based organizations, and communities across the United States in order to implement trauma-informed care; and

WHEREAS, A trauma-informed Illinois enhances the ability of children and adults to adapt, cope, and thrive despite difficult experiences and supports the mental well-being of everyone in our state; therefore, be it

RESOLVED, BY THE HOUSE OF REPRESENTATIVES OF THE ONE HUNDRED FIRST GENERAL ASSEMBLY OF THE STATE OF ILLINOIS, that we acknowledge that toxic stress and adverse childhood experiences can have significantly negative short-term, long-term, and generational

impacts, and that early interventions through trauma-informed care is the most efficient and cost effective way to combat these impacts; and be it further

RESOLVED, That the Illinois General Assembly is urged to seek out opportunities to enhance legislation through the science of resiliency and a trauma informed lens and funding around early intervention services for children and families that centers the principles of brain development, the intimate connection between mental and physical health, and the concepts of toxic stress and adverse childhood experiences; and be it further

RESOLVED, That suitable copies of this resolution be delivered to the Governor, the House Speaker, the Senate President, the House Majority Leader, the House Minority Leader, the Senate Majority Leader, the Senate Minority Leader, and the Illinois Interagency Council on Early Intervention.

HOUSE RESOLUTION 5

Offered by Representative West:

WHEREAS, Illinois is a rich agricultural state, home to over 1 million farmers and over 72,000 farms that grow fruits and vegetables and raise livestock; and

WHEREAS, Almost 50% of all land in the United States is set aside for farming, including 75% of all land in Illinois; and

WHEREAS, Farming is a vital part of the Illinois economy as it generates over \$19 billion each year; and

WHEREAS, Farmers generally do not turn a profit from their work until they have been in the sector for several years, which makes this necessary profession a risky endeavor; and

WHEREAS, Student loan debt is on the rise, totaling over \$1.5 trillion and creating an additional barrier for young farmers to make a living, leading many young people to steer away from farming as a profession; and

WHEREAS, The number of beginning farmers fell 20% between 2007 and 2012; and

WHEREAS, The average age of farmers in the United States is continually rising, climbing to over 58 in 2012 from 49 in 1945, which means young farmers are disappearing from the economy; and

WHEREAS, The United States will see 66% of its farmer-owned land needing a transfer in ownership within the next 25 years; the United States also only added 1,220 young operators to its farming economy, which means there are not enough new farmers to handle the transfer of land that will need to take place; and

WHEREAS, Adding farmers to the Public Service Loan Forgiveness Program will create a pathway for young people with student debt to succeed in agriculture; and

WHEREAS, Farmers are critical to our nation's well-being as they produce the food we eat, steward nearly half the country's land, and support rural economies; therefore, be it

RESOLVED, BY THE HOUSE OF REPRESENTATIVES OF THE ONE HUNDRED SECOND GENERAL ASSEMBLY OF THE STATE OF ILLINOIS, that we believe farming is an integral public service and that farmers constitute public service professionals; and be it further

RESOLVED, That we urge the U.S. Congress to expand the Public Service Loan Forgiveness Program so that it includes farming as an applicable career for loan forgiveness; and be it further

RESOLVED, That suitable copies of this resolution be delivered to the President of the United States, the U.S. Senate Majority Leader, the U.S. Senate Minority Leader, the U.S. Speaker of the House, the U.S. House of Representatives Minority Leader, and all members of the Illinois Congressional Delegation.

HOUSE RESOLUTION 6

Offered by Representative Carroll:

WHEREAS, The Holocaust was the systemic annihilation of six million Jews and millions of other victims by the Nazis in the Second World War; and

WHEREAS, Illinois is the home to many Holocaust survivors and their families; and

WHEREAS, In 1990, Illinois was one of the first states in the nation to require education on the Holocaust in public schools; and

WHEREAS, The U.S. Millennial Holocaust Knowledge and Awareness Survey, released in September of 2020, demonstrated that 59 percent of Illinoisans did not know that six million Jews were murdered in the Holocaust and that 54 percent of Illinois respondents could not name a single concentration camp or ghetto; and

WHEREAS, According to the Federal Bureau of Investigation's 2019 Hate Crimes Statistics Report, hate crimes rose to their highest in a decade with a record breaking 51 fatal attacks; there were 953 reports of anti-Jewish hate crimes in 2019; this is a 14% increase from the previous year; and

WHEREAS, Jewish students on college campuses in Illinois have endured an unrelenting campaign of anti-Semitic harassment, which led to an investigation by the United States Department of Education's Office of Civil Rights into the University of Illinois Urbana-Champaign for its response to such acts on campus; and

WHEREAS, Teaching the lessons of the Holocaust leads to an understanding of the ramifications of prejudice and racism, encourages tolerance of diversity, and nurtures the protection of democratic values and institutions; and

WHEREAS, On January 27, 1945, the Nazi Concentration and Extermination Camp of Auschwitz-Birkenau was liberated by the Allied troops; and

WHEREAS, The United Nations General Assembly designated January 27 as an annual International Day of Commemoration in memory of the victims of the Holocaust; and

WHEREAS, The United Nations urges its members to develop educational programs to help prevent future genocides; and

WHEREAS, A Holocaust Education Week can be used to spur discussion in schools, communities, and civic organizations throughout Illinois about hate, discrimination, and prejudice and hopefully reduce the number of hate crimes in the State; therefore, be it

RESOLVED, BY THE HOUSE OF REPRESENTATIVES OF THE ONE HUNDRED SECOND GENERAL ASSEMBLY OF THE STATE OF ILLINOIS, that we declare the week of January 27, 2021 as Holocaust Education Week in the State of Illinois; and be it further

RESOLVED, That we encourage school districts and local residents to support this week and participate in informed educational events planned to commemorate the occasion.

HOUSE RESOLUTION 7

Offered by Representative Mason:

WHEREAS, The Centers for Disease Control and Prevention report that one in three women and one in four men will experience some form of physical violence by an intimate partner in their lifetime; and

WHEREAS, Domestic abuse is a repetitive pattern of behaviors to maintain power and control over an intimate partner; and

WHEREAS, More than three million children witness domestic violence in their homes each year; and

WHEREAS, An estimated one-half of women in abusive relationships in the United States are physically injured by their partner; and

WHEREAS, Domestic violence costs more than \$37 billion a year in law enforcement involvement, legal assistance, medical and mental health treatment, and lost employee productivity; and

WHEREAS, Organizations such as the National Domestic Violence Hotline and the National Coalition Against Domestic Violence have worked to educate, counsel, and help communities affected by domestic violence; and

WHEREAS, Domestic Violence Awareness Month evolved from the "Day of Unity" held in October 1981 and was conceived by the National Coalition Against Domestic Violence; and

WHEREAS, Since 1989, October has been designated as National Domestic Violence Month; and

WHEREAS, With violence increasing in our schools, on our streets, and in our homes, ending it should be a top priority for everyone; therefore, be it

RESOLVED, BY THE HOUSE OF REPRESENTATIVES OF THE ONE HUNDRED SECOND GENERAL ASSEMBLY OF THE STATE OF ILLINOIS, that we recognize National Domestic Violence Awareness Month in October of 2021 and support and commend the efforts of those people and organizations who work tirelessly to help victims break free of the devastating effects of domestic abuse

and work to ameliorate this scourge on society, thereby creating safer communities for all.

HOUSE RESOLUTION 8

Offered by Representative Mason:

WHEREAS, Approximately 32 million people in the United States have food allergies; results from a 2015 to 2016 survey of more than 38,000 children indicated that 5.6 million children, or nearly 8%, have food allergies; that is one in 13 children, or roughly two in every classroom; and

WHEREAS, Children with food allergies are two to four times more likely to have other related conditions, such as asthma and other allergies, compared with children without food allergies; this is of great importance as children with a coexisting food allergy and asthma may be more likely to experience anaphylactic reactions to foods and be at high risk of death; and

WHEREAS, Food allergy is a potentially serious immune response to eating specific foods or food additives; eight types of food (milk, eggs, peanuts, tree nuts, fish, shellfish, soy, and wheat) account for over 90% of allergic reactions in affected individuals; and

WHEREAS, Reactions to these foods by an allergic person can range from a tingling sensation around the mouth and lips or hives to death, depending on the severity of the allergy; every three minutes, a food allergy reaction sends someone to the emergency room; each year in the U.S., 200,000 people require emergency medical care for allergic reactions to food; between 2007 and 2016, medical procedures to treat anaphylaxis resulting from food increased by 377%; more than 40% of children with food allergies have experienced a severe allergic reaction such as anaphylaxis; and

WHEREAS, The mechanisms by which a person develops an allergy to specific foods are largely unknown; food allergies are more prevalent in children than adults, and a majority of affected children will outgrow food allergies with age; children under age 5 years had higher rates of reported food allergy compared with children at 5 to 17 years of age; boys and girls had similar rates of food allergy; and

WHEREAS, A food allergy can sometimes become a lifelong concern; food allergies can greatly affect the well-being of children and their families; annually, caring for children with food allergies costs U.S. families nearly \$25 billion; there are some indications that the prevalence of food allergies may be increasing in the United States and in other countries; and

WHEREAS, A food allergy is an impairment that limits a major life activity and may qualify an individual for protection under the Americans with Disabilities Act of 1990 (ADA) and Section 504 of the Rehabilitation Act of 1973; and

WHEREAS, Increased food allergy awareness will lead to greater public understanding of these health problems and will lead to more life-saving research on the subject; therefore, be it

RESOLVED, BY THE HOUSE OF REPRESENTATIVES OF THE ONE HUNDRED SECOND GENERAL ASSEMBLY OF THE STATE OF ILLINOIS, that we declare May of 2021 as Food Allergy Awareness Month in the State of Illinois.

**HOUSE JOINT RESOLUTIONS
CONSTITUTIONAL AMENDMENTS
FIRST READING**

Representative DeLuca introduced the following:

**HOUSE JOINT RESOLUTION
CONSTITUTIONAL AMENDMENT 1**

RESOLVED, BY THE HOUSE OF REPRESENTATIVES OF THE ONE HUNDRED SECOND GENERAL ASSEMBLY OF THE STATE OF ILLINOIS, THE SENATE CONCURRING HEREIN, that there shall be submitted to the electors of the State for adoption or rejection at the general election next occurring at least 6 months after the adoption of this resolution a proposition to amend the Illinois Constitution in Article IV by adding Section 2.5 as follows:

ARTICLE IV
THE LEGISLATURE

(ILCON Art. IV, Sec. 2.5 new)

SECTION 2.5. TERM LIMITS

(a) A person may not serve as a State Representative for more than 3 terms of office that begin on or after the date that this Section is declared adopted.

(b) A person may not serve as a State Senator for more than 3 terms of office that begin on or after the date that this Section is declared adopted.

(c) A person is considered to serve a term of office for the purpose of this Section if the person is elected or appointed to serve any portion of the term.

SCHEDULE

This Constitutional Amendment takes effect upon being declared adopted in accordance with Section 7 of the Illinois Constitutional Amendment Act and applies to the election of members of the General Assembly in the first general election to occur after this Amendment is declared adopted and thereafter. This Constitutional Amendment does not, however, affect the terms of members of the General Assembly elected before this amendment is declared adopted.

The foregoing HOUSE JOINT RESOLUTION CONSTITUTIONAL AMENDMENT 1 was taken up, read in full a first time, ordered reproduced and placed in the Committee on Rules.

At the hour of 12:57 o'clock p.m., the House Perfunctory Session adjourned.
