SENATE BILLS ON FIRST READING

Having been reproduced, the following bill was taken up, read by title a first time and placed in the Committee on Rules: SENATE BILL 116(Morgan).

INTRODUCTION AND FIRST READING OF BILLS

The following bills were introduced, read by title a first time, ordered reproduced and placed in the Committee on Rules:

HOUSE BILL 4064. Introduced by Representative Morrison, AN ACT concerning education.

HOUSE BILL 4065. Introduced by Representative Ford, AN ACT concerning State government.

HOUSE RESOLUTIONS

The following resolutions were offered and placed in the Committee on Rules.

HOUSE RESOLUTION 161

Offered by Representative Andrade:

WHEREAS, Over the past several months, the Illinois State Board of Education has heard from superintendents, building principals, classroom teachers, parents, and students regarding their thoughts and concerns on federally required assessments for the 2020-2021 school year; and

WHEREAS, Because so many of our students have been separated from their school since March 2020, bringing students back in-person only to immediately begin state testing will have a detrimental effect on the goals of supporting their social and emotional well-being, mental health, and reconnection with the school community; while 77 percent of our 852 school districts are offering some in-person instruction, data show that more than a million students are still learning in fully remote environments; fewer than 200 Illinois school districts serving less than 200,000 students are currently able to provide fully in-person instruction to all students; Illinois students need their school and district administrators focused on resuming in-person instruction for the purposes of providing trauma-informed supports, increasing the quality of instruction, and rebuilding relationships between students and teachers; the administration of state assessments would take away from these critical endeavors that are foundational to the recovery of our educational systems; and

WHEREAS, After hearing the concerns of district and school leaders, teachers, families, and students, ISBE delayed its testing windows in order to provide as much flexibility for administration under socially distanced conditions; currently, and in addition to supporting the academic, social, and emotional needs of students, districts are utilizing time and resources to ensure transportation and safe logistics for testing; this time could be better spent coordinating vaccination administration for educators and the larger community and providing necessary supports for students; and

WHEREAS, Without a clear signal that the Department of Education will permit an assessment waiver, districts will continue to plan for the administration of assessments; this is not the optimal use of their time or resources; and

WHEREAS, Illinois educators understand and believe in the importance of assessment results, but the likely variability in participation across the State will limit the comparability and usefulness of the data at both the individual student and student group levels; and

WHEREAS, The potential yet diminished benefits of using incomplete state assessment data as a means of understanding the scope of learning loss that may have occurred as a result of the pandemic do not

outweigh the significant burden that the administration of state assessments would incur on our students, families, teachers, and administrators; and

WHEREAS, Assessment, the practice of collecting evidence about student learning to provide students with feedback and to inform supports and instructional design, is still critically important to helping students recover from the pandemic; schools, districts, and teachers can and should continue to conduct formative assessments at the local levels to understand the impact of the pandemic on student learning and provide holistic and individualized supports; and

WHEREAS, Accountability is an effective means of identifying schools and students in the greatest need of assistance; a second year without state assessments will impact longitudinal data and accountability systems; however, ISBE has the ability to continue to provide support to the highest need schools and students and to leverage local data sources to evaluate its progress; therefore, be it

RESOLVED, BY THE HOUSE OF REPRESENTATIVES OF THE ONE HUNDRED SECOND GENERAL ASSEMBLY OF THE STATE OF ILLINOIS, that we urge the U.S. Department of Education, pursuant to section 8401(b) of the Elementary and Secondary Education Act of 1965, as amended, to offer states the option to waive the following assessment and concomitant accountability and reporting requirements; specifically the U.S. Department of Education should release an expedited waiver application for:

(1) Assessment requirements in section 1111(b)(2) covering all required assessments in school year 2020-2021;

(2) The requirement that a state annually meaningfully differentiate all public school and to identify schools for comprehensive and targeted support and improvement, as required in sections 1111(c)(4) and 1111(d)(2)(C)-(D); and

(3) Those report card provisions related to assessments and accountability in section 1111(h) that would be based on data from the 2020-2021 school year; and be it further

RESOLVED, That we believe that it is in the best interest of students and educators for the U.S. Department of Education to release an expedited waiver of assessment and accountability requirements for the 2020-2021 school year.

HOUSE RESOLUTION 163

Offered by Representative Stoneback:

WHEREAS, As members of the General Assembly, we are elected by the people of Illinois to debate and pass meaningful legislation in their best interests; and

WHEREAS, When a tragedy occurs, it behooves us to re-examine the status quo and decide how we can improve State laws to prevent another tragedy from occurring; and

WHEREAS, When guns are used in the commission of a hate crime, the tragedies are too often lethal; and

WHEREAS, Hate crimes have affected many minorities, such as the African Americans who were shot dead as they prayed during a Bible study in Charleston, South Carolina because of someone who was filled with hate against African Americans, the Jewish people who were murdered mercilessly at the Tree of Life Synagogue in Pittsburgh, Pennsylvania by a person who hated Jews, and young people at the Pulse nightclub in Orlando who were hated because of their sexual orientation; and

WHEREAS, Anti-Asian hate has risen over the past year and has reached a critical point with the gruesome shooting deaths of eight people in Atlanta, Georgia on March 16, 2021, which is yet another incident to be added to this long list of preventable tragedies that heightens the need to address the deficiencies in our State's gun policies; and

WHEREAS, During the COVID-19 pandemic, Illinois has led the nation in gun sales; and

WHEREAS, With so many people obtaining guns, many for the first time, we must address how we can maintain public safety and prevent more tragedies by passing meaningful gun safety legislation that will keep people safe; and

WHEREAS, As legislators, we cannot and shall not stand idly by for the next person filled with hate to easily obtain firearms because of weak gun laws; therefore, be it

RESOLVED, BY THE HOUSE OF REPRESENTATIVES OF THE ONE HUNDRED SECOND GENERAL ASSEMBLY OF THE STATE OF ILLINOIS, that we commit to passing meaningful legislation

that will prevent people filled with hate from obtaining the means by which to end innocent lives.

WHEREAS, On August 9, 2019, House Bill 1551 of the 101st General Assembly was signed into law as Public Act 101-237; it requires the Department of Children and Family Services to protect a child who is

WHEREAS, Camp Montford Point was decommissioned on September 9, 1949 because of improved inclusion brought forth by the courageous service of the Montford Point Marines; therefore, be it

RESOLVED, BY THE HOUSE OF REPRESENTATIVES OF THE ONE HUNDRED SECOND GENERAL ASSEMBLY OF THE STATE OF ILLINOIS, that we honor the brave marines who trained at Montford Point and were trailblazers who broke down barriers within the Marine Corps; and be it further

HOUSE RESOLUTION 170

Offered by Representative Scherer:

WHEREAS, The members of the Illinois House of Representatives wish to express our grave concerns and those of our constituents about the unfairness of testing during the 2020-2021 school year due to the COVID-19 pandemic; specifically, testing that will begin on March 15, 2021; and

WHEREAS, When COVID-19 hit a year ago, businesses, churches, and schools, to name a few, closed; it was devastating to business owners, consumers, and families; students, in particular, have been negatively affected in many ways, both in and out of the classroom; very limited teaching and learning took place during the 4th quarter of the 2019-2020 school year; in some areas, students have had no access to computers or the internet; consequently, these students have been learning very little and, in some cases, nothing; and

WHEREAS, At this point in the 2020-2021 school year, some districts have offered hybrid learning; some are fully in-person; some are fully remote; some are a combination; even a year after the onset of COVID-19 restrictions, school districts everywhere are still trying to determine the safest method for teaching their students; and

WHEREAS, There are several concerns if standardized testing proceeds during this school year, including the validity of the test results and the fairness of test scores to mark the students' success and to determine teachers' accountability; we have seen no valid reason for testing under these circumstances; and

WHEREAS, Some other testing options have been discussed; one is for students to be tested on Saturdays; another is for testing to take place in the month of June; a third option is for students to be tested in the fall of 2021 as well as in the spring of 2022; two standardized testing sessions in one school year for students who may be returning to a "normal" school year would be overwhelming; again, none of these accommodations truly accommodate the children; and

WHEREAS, Parents have told us that their children are struggling just to complete homework that, in some cases, is extremely excessive; on top of learning the lessons being taught and then doing homework, they are experiencing Zoom fatigue due to the dependence of using the video platform to learn; parents and teachers alike are very distressed by the decision to still test; and

WHEREAS, Students across the United States are being taught in the most widely diverse methods that we adults have ever known; they are already traumatized by all of the above-mentioned situations; they are experiencing enough stress by what is going on in our world; they do not need the stress of test taking for which many have not had appropriate exposure to the content being tested; although their education has been dramatically changed, the tests have not, nor is there time to rewrite and standardize them; therefore, be it

RESOLVED, BY THE HOUSE OF REPRESENTATIVES OF THE ONE HUNDRED SECOND GENERAL ASSEMBLY OF THE STATE OF ILLINOIS, that we request the U.S. Department of Education exempt Illinois schools from taking the state mandated standardized tests in the spring of 2021; and be it further

RESOLVED, That a suitable copy of this resolution be delivered to the U.S. Department of Education.

RESOLVED, BY THE HOUSE OF REPRESENTATIVES OF THE ONE HUNDRED SECOND GENERAL ASSEMBLY OF THE STATE OF ILLINOIS, that the Auditor General is directed to conduct a performance audit of the progress of implementation efforts of the Grant Accountability and Transparency Act; and be it further

HOUSE RESOLUTION 174

Offered by Representative Robinson:

WHEREAS, The United States of America continues the historical exploitation of and violence against marginalized groups that has helped form the foundations of its prosperity; and

WHEREAS, The modern police state has emerged from the institutions of slave catchers and strike breakers, which were later repurposed for use in upholding Jim Crow laws and for the suppression of the civil rights movement; the State of Illinois has a history of racially-biased policing and brutality by law enforcement and corrections officers, and prior attempts at reform have been unsuccessful; and

WHEREAS, There has been a lack of correlation between increased police spending and feelings of safety or decreases in crime; and

WHEREAS, Most crimes are never reported, and those that are reported often go unresolved; and

WHEREAS, Many of the people in the jails and prisons of Illinois have not been convicted, are awaiting trial, are non-violent offenders, or are at a low risk of recidivism; and

WHEREAS, There are many other data-driven and evidence-based ways to promote peace within our communities; therefore, be it

RESOLVED, BY THE HOUSE OF REPRESENTATIVES OF THE ONE HUNDRED SECOND GENERAL ASSEMBLY OF THE STATE OF ILLINOIS, that we urge every Illinois municipality and county to cut 10% of funding to law enforcement agencies that do not adopt and comply with an appropriately robust reform program; and be it further

RESOLVED, That an appropriately robust reform program would ensure law enforcement officers are held accountable for misconduct, policing agencies are held accountable for creating policies and priorities with public input that are transparent and evidence-based, and policing agencies' budgets are reviewed to ensure resources are used for holistic public safety and have transparency for police budgetary items; and be it further

RESOLVED, That we urge municipalities and counties to review municipal and county codes for the over-criminalization of minor offenses and the criminalization of poverty or other status; and be it further

RESOLVED, That we urge the State of Illinois to do the following:

- (1) Set a statutory minimum requirement for the use of lethal and less lethal force;
- (2) Set minimum standards for the training, equipment, and deployment of tactical teams, with a requirement to report the relevant data on all deployments;
- (3) Limit the use of and access to invasive surveillance technologies by police agencies or private companies contracted by police agencies, with oversight on how data is collected and handled;
- (4) Limit the use of traffic and pedestrian stops through the limiting of the use of reasonable suspicion stops for certain categories of offenses, requiring officers to inform individuals that they have the right to refuse to consent to a search and requiring reasonable suspicion of evidence or contraband before searches;
- (5) Limit arrests for low-level offenses and offenses where summonses and citations are adequate replacements;
- (6) Establish standards for policies on the release of body cam footage;
- (7) Require recordings of interrogations for accounts of the interrogations to be admissible in court;

- (11) Mandate data collection and reporting for all enforcement actions;
- (12) Review criminal codes and consider decriminalizing low-level offenses for which arrests and criminal penalties are inappropriate; and
- (13) Discourage the use of police stops as a deterrent to criminal activity, rather than investigating it; and be it further

RESOLVED, That suitable copies of this resolution be delivered to the families of those harmed by police violence, county and municipal boards, relevant state agencies, and Governor JB Pritzker.

HOUSE RESOLUTION 175

Offered by Representative Yingling:

WHEREAS, There are over 300 dentists known as endodontists in Illinois; and

WHEREAS, Endodontists are dental experts who are highly skilled in diagnosing and treating tooth pain, performing root canal treatment, and treating dental emergencies; they have continued working even during the height of the COVID-19 pandemic, reducing the need for patients to seek emergency dental care at Emergency Rooms and Urgent Care facilities; they have completed three years of specialized training beyond dental school, with additional training focused on diagnosing tooth pain and performing root canal treatment and other procedures relating to the interior of the tooth; in many cases, a diseased tooth can be saved with endodontic treatment; and

WHEREAS, Endodontists have incredible precision and hand-eye coordination, making them highly skilled in performing complex treatments; they use the most current and advanced technology to treat dental patients; no one is better at saving a patient's natural teeth; and

WHEREAS, Endodontists perform many other endodontic treatments and surgeries, address traumatic dental injuries, and place dental implants; while their goal is to save a patient's natural teeth whenever possible, they will look at all treatment options to determine the best course of action for each individual case; and

WHEREAS, Endodontists limit their practice solely to endodontic treatments, performing an average of 25 root canal treatments a week; specialized treatment gives patients the best outcome and leads to faster healing; for this reason, dentists and endodontists often work as partners in care so that the best member of the dental team is handling each appropriate issue with a patient's teeth; and

WHEREAS, Teeth are an important part of a person's well-being; they are the gateway to nutrition, are used to express emotion, and provide an overall sign of good health; poor oral hygiene can lead to other health problems; regular dental visits, flossing, brushing thoroughly at least twice a day, and refraining from foods and habits that can cause cavities are important steps for maintaining the overall health of one's gums, teeth, and mouth; therefore, be it

RESOLVED, BY THE HOUSE OF REPRESENTATIVES OF THE ONE HUNDRED SECOND GENERAL ASSEMBLY OF THE STATE OF ILLINOIS, that we declare May 2021 as Save Your Tooth Month, recognize the endodontists who are dedicated to saving patients' natural teeth, and encourage citizens of Illinois to practice good oral hygiene to save their natural teeth.

HOUSE RESOLUTION 176

Offered by Representative Sosnowski:

WHEREAS, Illinois residents have been facing one of the most difficult times in the State's history; and

WHEREAS, due to the COVID-19 pandemic, which began in March of 2020 and has now continued a year after the outset, Illinois families and businesses have had to make incredible sacrifices; the human and economic toll has been incredible; and

WHEREAS, throughout this ordeal, however, there has been one constant: resilience; though times have been very difficult, the ability for Illinois families and businesses to stay strong and overcome unbelievable obstacles has been extraordinary; and

WHEREAS, this Illinois resilience has been found in more than one way in the Illinois retail and restaurant sector; faced with enormous challenges, ranging from early closures due to stay-at-home orders, to struggling to open (or reopen) their doors and keep workers on the payroll, to paying the various taxes, fees, and other forms of costs incurred through the normal course of doing business in this State, Illinois retailers and restaurants (and the many small businesses that make-up these sectors) have been there to support Illinois families with stocked shelves, warm food, and other provisions that have been essential to the resilience exhibited by people of this State; and

WHEREAS, now more than ever, with an economy slowly seeing glimpses of a return to normalcy, State government should do anything within its power to ensure that Illinois businesses have the ability to come back stronger than ever in order to get the economy back on track; and

WHEREAS, instead of hearing this message, there are renewed calls to enact legislation that punishes Illinois businesses; one such proposal would take away the vendor's discount; the vendor's discount authorizes a retailer to retain a portion of the use and occupation taxes they collect as reimbursement for the retailers' cost of complying with those taxes on behalf of the State and units of local government; and

WHEREAS, the vendor's discount is a fair provision found in State law that is in line with similar provisions which allow the Department of Revenue to retain a portion of sales taxes collected and remitted to units of local government; and

WHEREAS, in a time when retailers and restaurants in this State need the support of the State in order to help stimulate the economy back to pre-pandemic levels, proposals such as the reduction or elimination of the vendor's discount run counter to that goal; therefore, be it

RESOLVED, BY THE HOUSE OF REPRESENTATIVES OF THE ONE HUNDRED SECOND GENERAL ASSEMBLY OF THE STATE OF ILLINOIS, that we state our belief that no reduction or elimination of the vendor's discount be enacted; and be it further

RESOLVED, That a suitable copy of this resolution be delivered to the Governor, the Speaker and Minority Leader of the House of Representatives, and the President and Minority Leader of the Illinois Senate.

WHEREAS, The COVID-19 pandemic greatly publicized the crucial nature of health and human service organizations, with increased expectations to provide high quality services and supports in an unprecedented environment, while ensuring the health and safety of as many Illinoisans as possible; and

WHEREAS, It has been consistently documented across national and state level studies that many health and human services sectors were in precarious financial positions prior to the start of the pandemic, which significantly hampers the ability of these organizations to meet their missions of service; and

WHEREAS, According to Feeding America's Map the Meal Gap Study, food insecurity in Illinois is projected to increase by 46% due to the COVID-19 pandemic, with Northwestern University estimating 23% of Illinois households being impacted; and

WHEREAS, According to data from the Illinois Department of Public Health, 85% of COVID-19 fatalities are among adults age 60 or older, with nearly half of these deaths being residents of nursing homes; and

WHEREAS, According to the Child and Family Research Center at the University of Illinois, Black children are more than two and a half times more likely to be taken into protective custody than white children; and

WHEREAS, According to McKinsey and Company, students on average could lose five to nine months of learning by the end of June 2021, making learning enrichment and the social and emotional support provided in afterschool programs critical to helping Illinois children return to success; and

WHEREAS, Illinois early childhood programs were required to operate at a 30% reduced capacity during phases 3 and 4 of the Restore Illinois plan, putting significant financial strain on an already fragile system; and

WHEREAS, According to the U.S. Department of Housing and Urban Development and the U.S. Census American Community Survey, an estimated 10,199 individuals experience street and shelter-based homelessness and an additional 106,443 people experience homelessness by temporarily staying with others across Illinois; and

WHEREAS, More than 3 million Illinoisans live in 245 areas experiencing shortages in primary health care workforce across our State, limiting their access to basic health care; and

WHEREAS, Nationally, 95% of community health centers have reported at least one clinical staff vacancy, impacting their ability to provide community-directed, primary and preventative care; and

WHEREAS, While health and human services are always important components of a strong state, the current crisis facing Illinois elevates health and human services to the highest priority level for the General Assembly and the Governor as they approach the State fiscal year 2022 budget; therefore, be it

RESOLVED, BY THE HOUSE OF REPRESENTATIVES OF THE ONE HUNDRED SECOND GENERAL ASSEMBLY OF THE STATE OF ILLINOIS, that the State fiscal year 2022 health and human services budget should ensure that people and communities have access to essential services, including services that address the social determinants of health, economic support, and family well-being; and be it further

RESOLVED, That the budget should include funding to accommodate the increasing number of people in need of health and human services, to continue reimbursing for remote services, and to promote flexibility in order to adapt to evolving needs; and be it further

RESOLVED, That the health and human services budget should prioritize funding for communities that have been hardest hit by the pandemic, including Black, Brown, and rural communities, and reflect the needs of those who have been disproportionately impacted by systemic racism, which has been exacerbated by COVID-19; and be it further

RESOLVED, That the health and human services budget should avoid historic silos and take a holistic approach to budgeting by understanding how the various State departments and their programs interact with and impact each other, avoid short-sighted and costly strategy of short-term cuts, and instead invest in prevention and early intervention to prevent suffering and control costs over the long term; and be it further

RESOLVED, That the health and human services budget should invest in the human services workforce both as a matter of equity and to ensure the sector is able to attract, support, and retain talented and committed individuals, recognizing the workforce is disproportionately female, disproportionately people of color, and disproportionately low-income to moderate-income people who have been acting as essential workers and have shouldered the burden of care in this pandemic; and be it further

RESOLVED, That the overall budget should include new means of revenue including, but not limited to, closing loopholes and corporate perks, and should invest those revenues in health and human services that will help hasten Illinois' recovery from the pandemic; and be it further

RESOLVED, That we support the principles detailed in this resolution as we work with the Governor and his administration to finalize the State fiscal year 2022 budget.

WHEREAS, The reimbursement rates in Illinois, including rates for the Direct Support Professional (DSP) workforce, are inadequate, forcing many in the DSP workforce to rely on means-tested public assistance despite working full time; and

WHEREAS, As reported by the national direct care workforce research and advocacy group PHI, the DSP workforce is predominantly women at 86 percent and is racially and ethnically diverse; 59 percent of the DSP workforce consists of people of color, with 30 percent of workers identified as African American, 18 percent identified as Hispanic/Latino, and 7 percent identified as Asian or Pacific Islander; and

WHEREAS, According to the National Core Indicators Staff Stability Survey, the average turnover rate for the DSP workforce in Illinois is 54.5 percent with an average vacancy rate of 13.7 percent; this is well above the national average; and

WHEREAS, COVID-19 has made these challenges more substantial as providers risk their health to perform in-home visits and daily care for this vulnerable population; despite a pandemic, the daily support needs for persons with I/DD remain the same; and

WHEREAS, Since 2011, the State of Illinois has been subject to the Ligas Consent Decree, which mandates dramatic increases to funding for services and supports for persons with I/DD; and

WHEREAS, In 2015, the Federal Court Monitor found Illinois out of compliance with the Consent Decree, and a federal judge officially found the State out of compliance in 2017; as a result, the Illinois Department of Human Services (DHS) Division of Developmental Disabilities (DDD) began to review existing rate methodologies around residential, employment, training, and support services rates; and

WHEREAS, In 2019, the State contracted with a rate consultant, Guidehouse (formerly Navigant Consulting), to develop potential new rates and rate methodologies using objective, publicly available data sources, standard administrative cost reporting, and provider-reported costs in order to determine the

resources necessary to create and maintain access to quality services and supports for persons with I/DD in Illinois; and

WHEREAS, The recommendations from Guidehouse, detailed in their final report, are designed to identify rates that provide adequate reimbursement for residential and other supporting services in compliance with the State's Ligas consent decree and rates required to keep pace with new minimum and living wage levels being implemented over the next five years in Chicago and across the State; and

WHEREAS, Implementation of these recommendations requires financial investment that reflects the challenge of addressing historical underfunding of existing services and the need for new funding to respond to rapid growth in wage requirements over the next five years; and

WHEREAS, According to the Guidehouse Rate Study, Illinois requires a \$329 million GRF investment in FY22, outlined in seven priority areas, to keep the system sustainable; and

WHEREAS, The Governor's FY22 Introduced Budget includes a \$77 million dollar investment to partially fund four of seven priorities identified in the rate study that should continue to be funded in the manner in which the appropriation was intended; and

WHEREAS, The State's I/DD community is very grateful for investments made by the General Assembly in recent years; however, despite these investments, the State has not succeeded in satisfying the requirements of the Consent Decree or kept pace with state-mandated minimum wage increases; therefore, be it

RESOLVED, BY THE HOUSE OF REPRESENTATIVES OF THE ONE HUNDRED SECOND GENERAL ASSEMBLY OF THE STATE OF ILLINOIS, that we urge the State of Illinois to fully fund the Guidehouse final rate recommendations in FY 22, including the recommended changes to the rate and service structure, allowing Illinois to make real progress toward the Division of Developmental Disabilities mission to design and deliver quality outcome-based, person-centered services and supports for individuals who have developmental disabilities and to implement the rate study in whole to maintain the integrity of the methodology behind the rate setting calculations to avoid creating an even more unbalanced system; and be it further

RESOLVED, That suitable copies of this resolution be presented to the Governor, all legislative leaders, and the Illinois Department of Human Services Department of Developmental Disabilities.

HOUSE JOINT RESOLUTION 29

Offered by Representative Bennett:

WHEREAS, It is important to remember and honor those who gave the ultimate sacrifice in service to our great country and the State of Illinois; and

WHEREAS, CPL Joseph C. Clegg was a soldier who made the ultimate sacrifice in the Western Theater of the American Civil War during the siege of Vicksburg, Mississippi, a fortress city that dominated the last Confederate-controlled section of the Mississippi River; the Union victory at Vicksburg was a major turning point of the Civil War and was declared by President Abraham Lincoln as a "key" to defeating the Confederacy and by Confederate President Jefferson Davis as "the nailhead that held the South's two halves together"; and

WHEREAS, Union attempts to take Vicksburg in the summer of 1862 failed in part because of the difficulties its geography presented, with the city resting high on a hill; and

WHEREAS, Union General Ulysses S. Grant started planning another more sustained effort to take Vicksburg that included building a canal so Union troops could move beyond the range of Confederate guns to allow for a larger gathering of Union troops; and

WHEREAS, The battle, which become widely known as the Vicksburg Campaign, included multiple battles when General Grant settled in for a siege by surrounding Vicksburg on May 18, 1863 that lasted for 47 days until, on July 4, 1863, Confederate General John Pemberton and General Grant finalized the surrender of Confederate troops and the Union Army took control of Vicksburg; and

WHEREAS, During the course of the Vicksburg Campaign, CPL Clegg from Minonk braved the elements and fought valiantly to preserve the Union; he was killed in action on May 22, 1863; and

WHEREAS, As a consequence of its military importance and of the sacrifice made by so many people, Vicksburg became a symbol to memorialize Civil War soldiers; and

WHEREAS, The bravery of countless Civil War soldiers who fought to the end is consistent with the greatest acts of heroism known in our nation's history; and

WHEREAS, CPL Clegg of the 77th Illinois Volunteer Infantry is interred and memorialized in the Vicksburg National Cemetery, which is the final resting place for over 17,000 Union and Confederate soldiers who died during the Vicksburg Campaign; and

WHEREAS, CPL Clegg is also memorialized on the tombstone of his parents, Alexander Clegg and Sarah Conway Clegg, and on the gravesite of his siblings, Martha Clegg Earl and Thomas Sylvester Clegg, in Minonk Township Cemetery; and

WHEREAS, CPL Clegg served valiantly and died on the battlefield of Vicksburg during our nation's fight to preserve democracy and freedom for all Americans; and

WHEREAS, The State of Illinois is one of 31 states to have memorials or monuments commemorating the contribution of their citizens during the Vicksburg Campaign; and

WHEREAS, CPL Clegg is an example of dedication and sacrifice to preserve a more perfect Union, and it is fitting we remember his ultimate sacrifice; therefore, be it

RESOLVED, BY THE HOUSE OF REPRESENTATIVES OF THE ONE HUNDRED SECOND GENERAL ASSEMBLY OF THE STATE OF ILLINOIS, THE SENATE CONCURRING HEREIN, that

we designate the portion of Illinois Route 251 as it travels through Minonk as the "CPL Joseph C. Clegg Memorial Highway"; and be it further

HOUSE JOINT RESOLUTION 30

Offered by Representative Bennett:

WHEREAS, It is appropriate to remember the many sacrifices and contributions to the cause of freedom made by the outstanding men and women who have served in the United States Armed Forces; and

WHEREAS, From 1946 to 1962, the United States conducted approximately 200 atmospheric nuclear tests, more than all other nuclear states combined at that time; and

WHEREAS, Approximately 400,000 servicemen in the U.S. Army, Navy, and Marines were present during these atmospheric tests, whether as witnesses to the tests themselves or as post-test cleanup crews; and

WHEREAS, The Manhattan Project was the code name for the American-led effort to develop a functional atomic weapon during World War II; and

WHEREAS, Two types of atomic bombs were developed concurrently during the war, a relatively simple gun-type fission weapon and a more complex implosion-type nuclear weapon; the Thin Man gun-type design proved impractical to use with plutonium, and therefore, a simpler gun-type called Little Boy was developed that used uranium-235, an isotope that makes up only 0.7 percent of natural uranium; since it was chemically identical to the most common isotope, uranium-238, and had almost the same mass, separating the two proved difficult; three methods were employed for uranium enrichment, electromagnetic, gaseous, and thermal; most of this work was performed at the Clinton Engineer Works at Oak Ridge, Tennessee; and

WHEREAS, In parallel with the work on uranium was an effort to produce plutonium, which was discovered by researchers at the University of California, Berkeley, in 1940; after the feasibility of the world's first artificial nuclear reactor, the Chicago Pile-1, was demonstrated in 1942 at the Metallurgical Laboratory in the University of Chicago, the project designed the X-10 Graphite Reactor at Oak Ridge and the production reactors at the Hanford Site in Washington state, in which uranium was irradiated and transmuted into plutonium and the plutonium was then chemically separated from the uranium, using the bismuth phosphate process; the Fat Man plutonium implosion-type weapon was developed in a concerted design and development effort by the Los Alamos Laboratory; and

WHEREAS, Illinois played an important part in the Manhattan Project; and

WHEREAS, Argonne National Laboratory is a science and engineering research national laboratory operated by the University of Chicago for the United States Department of Energy; the facility is located in Lemont, outside of Chicago, and is the largest national laboratory by size and scope in the Midwest; and

WHEREAS, On July 1, 1946, the laboratory was formally chartered as Argonne National Laboratory to conduct cooperative research in nucleonics; at the request of the U.S. Atomic Energy Commission, it began developing nuclear reactors for the nation's peaceful nuclear energy program; in the late 1940s and early 1950s, the laboratory moved to a larger location in Lemont and established a remote location in Idaho called "Argonne-West" to conduct further nuclear research; and

WHEREAS, Code-named the "Metallurgical Lab", the team constructed Chicago Pile-1, which achieved criticality on December 2, 1942 underneath the stands at the University of Chicago's Stagg Field; because the experiments were deemed too dangerous to conduct in a major city, the operations were moved to a spot in nearby Palos Hills and renamed "Argonne" after the surrounding forest; and

WHEREAS, Red Gate Woods is a forest preserve within the Palos Division of the Forest Preserve District of Cook County and is located near where the Cal-Sag Channel meets the Chicago Sanitary and Ship Canal; the original site of Argonne National Laboratory and the Site A/Plot M Disposal Site is in the woods, which contains the buried remains of Chicago Pile-1, the world's first artificial nuclear reactor; and

WHEREAS, It is important to remember and honor the sacrifices and achievements of all those who served; therefore, be it

RESOLVED, BY THE HOUSE OF REPRESENTATIVES OF THE ONE HUNDRED SECOND GENERAL ASSEMBLY OF THE STATE OF ILLINOIS, THE SENATE CONCURRING HEREIN, that we designate the portion of Illinois Route 171 between Illinois Route 83 and U.S. Route 45 as the "Atomic Veterans Highway"; and be it further

RESOLVED, That the Illinois Department of Transportation is requested to erect at suitable locations, consistent with State and federal regulations, appropriate plaques or signs giving notice of the name of "Atomic Veterans Highway"; and be it further

RESOLVED, That suitable copies of this resolution be presented to the Secretary of Transportation and the Atomic Heritage Foundation.
