HOUSE RESOLUTIONS

The following resolutions were offered and placed in the Committee on Rules.

HOUSE RESOLUTION 836

Offered by Representative Hurley:

WHEREAS, The Public Safety and Violence Prevention Task Force has met 11 times, beginning with its first meeting on October 25, 2021, and has heard from violence prevention grant recipients of the Department of Human Services and the Illinois Criminal Justice Information Authority; and

WHEREAS, Between fiscal years 2018 and 2022, the Illinois General Assembly appropriated almost \$450 million for violence prevention grants; and

WHEREAS, Violence prevention funding will be increasing again this year; and

WHEREAS, Significant amounts of money and resources have been invested into this problem, and while results have been seen, further improvements could be made to how funding is prioritized and distributed; and

WHEREAS, Through working together and opening channels of communication, it can be ensured that responsible and qualified parties with violence prevention experience who wish to participate in these programs will be given an opportunity to apply; and

WHEREAS, Many worthy opportunities are not being pursued due to lack of awareness; therefore, be it

RESOLVED, BY THE HOUSE OF REPRESENTATIVES OF THE ONE HUNDRED SECOND GENERAL ASSEMBLY OF THE STATE OF ILLINOIS, that we call for agencies to have broader disclosure of non-legislated programs on budget forms; and be it further

RESOLVED, That we call for data collection and evidence-based practices for violence prevention grantees and for new programs to have a three-year spending plan attached; and be it further

RESOLVED, That we call for the creation of a publicly accessible database for government programs, assistance, grantees, and funding that is searchable by the zip code of the area of service; and be it further

RESOLVED, That we call for agencies to be more targeted with the purpose and location of Notices of Funding Opportunity (NOFOs); and be it further

RESOLVED, That we call for the establishment of a task force or commission with experts from the fields of economics, public health, social work, law enforcement, grant distribution, and public policy as well as representatives from government agencies and community organizations to provide policy recommendations to the General Assembly; and be it further

RESOLVED, That we direct the Auditor General to perform a general performance audit of grant programs and recipients of violence prevention grants awarded by the Department of Human Services and the Illinois Criminal Justice Information Authority; the performance audit shall be for Fiscal Years 2020, 2021, 2022, and continue into Fiscal Year 2023, and should examine:

(1) The purposes for which State monies were provided to grant recipients for the violence prevention grants;

(2) The nature and extent of monitoring by DHS and ICJIA of how the grant programs used the State provided money and whether certain residential communities of similar crime rates were excluded;

(3) The actual use of the State monies by grantees, including the identity of any subrecipients and the amounts and purposes for employment;

(4) The number of positions paid through the programs by organizational unit, job title, function, and salary and whether employees completed and filled out appropriate time sheets;

(5) The number of positions supervised or managed by each management position and whether any of those employees were supervised or managed by more than one management position;

(6) Whether, through a review of available documentation, the programs met or were meeting the purposes for which the State monies were provided, with specific information concerning any measurable impact on reducing crime rates;

(7) Whether the programs were in compliance with the applicable laws, regulations, contracts, and grant agreements pertaining to the programs' receipt of State monies; and

(8) A determination if the Notice of Funding Opportunities drive at solutions for violence prevention; and be it further

RESOLVED, That suitable copies of this resolution be delivered to the Governor, all Illinois constitutional officers, and the directors of all grant-making state agencies.

HOUSE RESOLUTION 851

Offered by Representative Evans:

WHEREAS, Over 50 years after Congress passed the Occupational Safety and Health Act (OSHA), promising every worker the right to a safe job, the protections in OSHA have saved hundreds of thousands of lives and prevented millions of workplace injuries; and

WHEREAS, Despite current safety laws, millions of workers are injured and thousands of workers are killed due to job hazards each year; and

WHEREAS, On April 28, 2022, organized labor will observe Workers Memorial Day across the country to remember those who have suffered and died on the job and to renew the fight for safe workplaces for all workers; therefore, be it

RESOLVED, BY THE HOUSE OF REPRESENTATIVES OF THE ONE HUNDRED SECOND GENERAL ASSEMBLY OF THE STATE OF ILLINOIS, that we declare April 28, 2022 as Workers Memorial Day in the State of Illinois; and be it further

RESOLVED, That we recognize that as long as workers are seriously injured or killed on the job, there will be a need to support stronger safety and health laws in our State and country; and be it further

RESOLVED, That we urge the Illinois Congressional Delegation and President Joe Biden to continue to revise, revamp, and strengthen federal workplace safety laws and to properly fund OSHA programs and staff; and be it further

RESOLVED, That we offer our deep-felt sympathy and understanding to the families of workers who have been seriously injured or killed on the job.

HOUSE RESOLUTION 852

Offered by Representative Butler:

WHEREAS, Aphasia is a communication impairment caused by brain damage, typically resulting from a stroke; and

WHEREAS, While aphasia is most often the result of stroke or brain injury, it can also occur in other neurological disorders, such as in the case of a brain tumor; and

WHEREAS, Many people with aphasia also have weakness or paralysis in their right leg and right arm, usually due to damage to the left hemisphere of the brain, which controls language and movement on the right side of the body; and

WHEREAS, The effects of aphasia may include a loss or reduction in the ability to speak, comprehend, read, and write, while intelligence remains intact; and

WHEREAS, Stroke is the third largest cause of death, ranking behind diseases of the heart and all forms of cancer; and

WHEREAS, Stroke is a leading cause of serious, long-term disability in the United States; and

WHEREAS, It is estimated that there are approximately 795,000 strokes per year in the United States, with approximately one-third of these resulting in aphasia; and

WHEREAS, Aphasia affects at least 2,000,000 people in the United States; and

WHEREAS, More than 180,000 Americans acquire aphasia each year; and

WHEREAS, It is important to learn more about aphasia and to promote research, rehabilitation, and support services for people with aphasia and aphasia caregivers throughout Illinois; therefore, be it

RESOLVED, BY THE HOUSE OF REPRESENTATIVES OF THE ONE HUNDRED SECOND GENERAL ASSEMBLY OF THE STATE OF ILLINOIS, that we declare June of 2022 as Aphasia Awareness Month in the State of Illinois, and we encourage continuing research on aphasia and community support for those affected with the disease.

HOUSE RESOLUTION 864

Offered by Representative Halbrook:

WHEREAS, The International Health Regulations (IHR) were adopted by 194 member countries of the World Health Organization (WHO) in 2005; and

WHEREAS, The 2005 regulations enable the WHO to declare a Public Health Emergency of International Concern (PHEIC) if it decides that an infectious disease outbreak has occurred in a member country; this PHEIC must be declared with the consent of the member country, which in practice recognizes the sovereignty of the nations that adopted the IHR; and

WHEREAS, On January 18, 2022, President Biden, through the United States Department of Health and Human Services (U.S. DHHS), announced proposed amendments to the IHR that many believe would transfer U.S. sovereign authority over health care decisions to the WHO director-general; and

WHEREAS, The proposed IHR amendments, which unlike a formal global treaty are not subject to U.S. Congressional approval, would cede basic national public health powers to an international body and override our basic sovereignty to the WHO; and

WHEREAS, Many concerned citizens and health organizations around the world believe that these proposed IHR amendments give the WHO unilateral authority to determine health emergencies and to dictate policy and response, which will threaten national sovereignty and lead to a centralized governance model of global health surveillance, management, and reporting; and

WHEREAS, The World Health Assembly (WHA), which is the decision-making body of WHO, will meet for its 75th Assembly in Geneva, Switzerland from May 22 through May 28 to hold sessions with partner agencies and WHO experts to discuss current and future priorities for public health issues of global importance; and

WHEREAS, The proposed IHR amendments are being fast-tracked by President Biden for consensus during the 75th Assembly; this is concerning because there will be no public citizen comment opportunities to officially sound the alarm, and many believe this violates the basic tenets of our democracy; therefore, be it

RESOLVED, BY THE HOUSE OF REPRESENTATIVES OF THE ONE HUNDRED SECOND GENERAL ASSEMBLY OF THE STATE OF ILLINOIS, that we urge the U.S. DHHS to withdraw its proposed IHR amendments until such a time that there is sufficient input from the public and partner agencies; and be it further

RESOLVED, That we affirm our national sovereignty as it relates to public health governance and citizens' inalienable rights; and be it further

RESOLVED, That suitable copies of this resolution be delivered to the President of the United States, the U.S. Senate Majority Leader, the U.S. Senate Minority Leader, the U.S. Speaker of the House, the U.S. House of Representatives Minority Leader, and the Secretary of the U.S. Department of Health and Human Services.

HOUSE RESOLUTION 891

Offered by Representative Batinick:

WHEREAS, The State of Illinois and the Illinois Department of Transportation (IDOT) have jurisdiction over more than 2,248 miles of primary and auxiliary highway roadways in Illinois that are designated by the United States Department of Transportation (USDOT) as part of the Interstate Highway System; and

WHEREAS, The longest interstate highway in Illinois is Interstate 57; with more than 359 miles of highway in Illinois, this segment is more than 94% of the 381-mile total length of the highway within the United States; and

WHEREAS, Interstate highways are marked with guide signs, including directional signs that indicate the direction that a highway is going should a motor vehicle and its driver turn onto it; these directional signs are posted according to USDOT guidelines; and

WHEREAS, Many Illinois interstate highway directional signs refer to municipalities outside of the State of Illinois; they are semiotic indicators of the directions that traffic on each interstate highway will go; if a sign reads "Toledo", it indicates the highway is heading east; and

WHEREAS, Within the system of directional signs for Interstate 57 in Illinois, many northbound signs read "Chicago", and many southbound signs read "Memphis"; and

WHEREAS, While Interstate 57 contains mileage within the city of Chicago and the northern terminus of this highway is in Chicago, Interstate 57 does not go anywhere near Memphis, Tennessee; after leaving Illinois at Cairo, southbound traffic on Interstate 57 drives for 22 miles in Missouri and then, near Sikeston, Missouri, is fed onto Interstate 55 that continues in a southward direction from Sikeston; only after an additional 138 miles on Interstate 55, in Missouri and in Arkansas, does this Interstate 55 traffic get to Memphis; and

WHEREAS, Interstate 57 is thus separated by 138 miles of highway, representing at least two hours of driving time, from Memphis; and

WHEREAS, In contrast to this two-hour separation from Memphis, Interstate 57 has many Illinois cities and towns of local and national fame and renown adjacent to its right-of-way within and through Illinois; and

WHEREAS, Champaign, located on Interstate 57 with its neighbor Urbana, is the home of the University of Illinois, one of the world's great research universities, and the Champaign-Urbana metro area is the home of many of Illinois's most eminent residents; many more Illinoisans go to Champaign-Urbana than go to Memphis; and

WHEREAS, Cairo, located on Interstate 57, possesses one of the most historic, dramatic, and easily-remembered locations in the United States, being the place where the Ohio River flows into the Mississippi River; and

WHEREAS, Interstate 57 directional signs that have been erected and maintained by Illinois tax money should direct motorists toward destinations that are located on the interstate highway of the same name, especially if these locations are placed within Illinois; therefore, be it

RESOLVED, BY THE HOUSE OF REPRESENTATIVES OF THE ONE HUNDRED SECOND GENERAL ASSEMBLY OF THE STATE OF ILLINOIS, that we urge the Illinois Department of Transportation (IDOT) to alter the directional signage that surrounds Interstate 57 to change the directional name of Interstate 57 heading south to a city or town that is located on Interstate 57 within Illinois; and be it further

RESOLVED, That if IDOT needs to negotiate with the federal Department of Transportation to accomplish this directional sign renaming, that these negotiations should start at once; and be it further

RESOLVED, That any negotiations and directional signage changes be based upon the principal of "truth in signage", with all directional signs that advertise and guide motor vehicles toward southbound Interstate 57 being signed to a location that is in fact served by Interstate 57; and be it further

RESOLVED, That if this truth-in-signage principle requires the re-signing of other Illinois Interstate Highways that these roadways be re-signed as well; and be it further

RESOLVED, That a suitable copy of this resolution be delivered to Illinois Secretary of Transportation Omer Osman.

HOUSE RESOLUTION 906

Offered by Representative Reick:

WHEREAS, After 14 years on Chicago's South Side, Billy Pierce was traded to the San Francisco Giants on November 30, 1961; with something to prove, he finished 16 and 6 in his first season on the West Coast, helping the Giants franchise capture its first pennant since moving to California; he retired after an 18-year big league career with a 211 and 169 record, 1,999 strikeouts, 193 complete games, 38 shutouts, and a 3.27 ERA; and

HOUSE RESOLUTION 907

Offered by Representative Flowers:

WHEREAS, The members of the Illinois House of Representatives wish to commend Cook County Board President Toni Preckwinkle on the occasion of the Cook County Board using American Rescue Plan Act (ARPA) funds to pay off medical bills of Cook County residents; and

WHEREAS, Medical debt is the leading contributor to personal bankruptcies; according to the Consumer Financial Protection Bureau, somewhere between 17% to 35% of American adults have medical debt; of those percentages, Black and Hispanic people, young adults, and low-income individuals have higher rates than the national average; and

WHEREAS, Addressing medical debt is an urgent priority, as medical debt can also lead people to avoid medical care, develop physical and mental health problems, and face adverse financial consequences, including lawsuits, wage and bank account garnishment, home liens, and bankruptcy; and

WHEREAS, Creditors, such as hospitals, ambulance operators, or private doctors, write off debts after a few years, and some put them up for sale to third-party collection agencies, which can buy millions of dollars' worth of charges at a fraction of the original cost in the hopes of collecting on at least some past-due bills; the older the debt, the cheaper it is to buy; and

WHEREAS, Under President Preckwinkle's guidance, Cook County government will pay the nonprofit group RIP Medical Debt \$12 million over the next three years to buy medical debt accumulated at hospitals across Cook County for pennies on the dollar; the money to pay RIP Medical Debt comes from Cook County's pool of \$1 billion in ARPA funds; and

WHEREAS, Rather than attempt to collect on the debt, RIP Medical Debt will forgive it and work to have that debt erased from credit reports; Cook County hopes to abolish \$1 billion in medical debts that could date back years; and

WHEREAS, Eligible individuals will be Cook County residents who have a household income less than four times the federal poverty level or have medical debts that are 5% or more of their annual income; debt accounts will be anywhere from 18 months to seven or more years old; debtors will not need to apply to get the relief, and that debt forgiveness will not count against them when they file their taxes; and

WHEREAS, Cook County expects hundreds of thousands of residents to get debt relief over the three years of the arrangement with RIP Medical Debt; and

WHEREAS, While the two hospitals Cook County runs, Stroger and Provident, are not eligible to participate in the county's program due to ARPA spending restrictions, RIP will use privately fundraised dollars to support any debt relief associated with the Cook County hospitals; and

WHEREAS, President Preckwinkle hopes the medical debt abolition program will help improve families' long-term economic security and encourage people to seek medical care free from worries about being pursued for past-due bills; and

WHEREAS, President Preckwinkle will be recognized alongside other government officials at an event with Gene Sperling, President Joe Biden's ARPA coordinator and senior adviser, for Cook County's creative use of ARPA dollars; and

WHEREAS, The Cook County Board aims to initiate absolving medical debts in late fall; therefore, be it

RESOLVED, BY THE HOUSE OF REPRESENTATIVES OF THE ONE HUNDRED SECOND GENERAL ASSEMBLY OF THE STATE OF ILLINOIS, that we commend Cook County Board President Toni Preckwinkle on utilizing Cook County's ARPA funds to pay off the medical debts of Cook County residents in order to give those individuals some much needed debt relief; and be it further

RESOLVED, That a suitable copy of this resolution be presented to President Preckwinkle as an expression of our esteem and respect.

WHEREAS, Through sin and disobedience, every nation has suffered slavery, due to the fact that they honored not the creed and principles of their forefathers; that is why the Nationality of the Moors was taken from them in 1774 and the words negro, black, and colored were given to the Asiatics of America who were of Moorish descent; and

HOUSE RESOLUTION 943

WHEREAS, For millions of Americans, owning a home in a mobile home park has been an affordable way to keep a roof over their heads, and 0 families living in these parks have an income of \$32,000 a year on average; and

WHEREAS, As a generation of mom-and-pop owners of mobile home parks are retiring and looking to sell, investors and companies are eager to buy these parks; and

WHEREAS, When private investors buy mobile home parks, they often raise the rent anywhere from 20% to even 70%; many mobile home park residents cannot afford these sharp rent increases; and

WHEREAS, People in mobile home parks are very vulnerable to losing their homes this way; older homes cannot physically survive being moved to another park, and even when that is possible, it can cost upwards of \$5,000; and

WHEREAS, Investors and private companies often raise fees and rent for the land under the homes and evict people who cannot pay; and

WHEREAS, When a company raises the rents and fees in a park, the cash flow is increased and makes the park more valuable on paper; the company can then borrow more money against the property; and

WHEREAS, These investors and companies are getting help from billions of dollars worth of low-interest-rate loans backed by the federal government, and the volume of that financing has risen sharply in recent years; and

WHEREAS, These loans often have low interest rates because they are guaranteed by Fannie Mae and Freddie Mac, the government entities at the core of the United States mortgage market; and

WHEREAS, The Biden Administration can, without an act of Congress, direct Fannie Mae and Freddie Mac to make it easier for residents to buy their own mobile home communities when they are for sale; and

WHEREAS, More and more residents of mobile home parks are trying to buy their own parks as co-ops, so they can determine the rents and fees for themselves; however, these residents have to pay much higher interest rates and therefore pay a lot more money over time when they buy their own mobile home park; and

WHEREAS, Fannie Mae and Freddie Mac could be directed to back low interest rate loans to residents to help them buy their own parks and form co-ops; therefore, be it

RESOLVED, BY THE HOUSE OF REPRESENTATIVES OF THE ONE HUNDRED SECOND GENERAL ASSEMBLY OF THE STATE OF ILLINOIS, that we urge President Joe Biden to direct Fannie Mae and Freddie Mac to offer low interest loans and funding to mobile park residents wishing to purchase their own park when it is for sale.

WHEREAS, Illinois and the United States are facing an unprecedented biodiversity crisis, largely driven by human activity; and

WHEREAS, Addressing the biodiversity crisis requires coordinated action across national and state boundaries; and

WHEREAS, Human-driven activities are significantly damaging the Earth's ecosystems by altering 75 percent of the area of terrestrial environments and 66 percent of marine environments; these activities are directly exploiting wildlife and plant species, accelerating climate change, directly harming nature, introducing invasive species, polluting air, land, and water, and exacerbating other threats; and

WHEREAS, Human-driven activities are threatening approximately one million species with extinction in the coming decades, including over 40 percent of amphibians, 33 percent of corals, sharks, shark relatives, and marine mammals, over 60 percent of cycads, over 30 percent of conifer trees, and

approximately 10 percent of over 5 million insect species; these activities are additionally causing population sizes of wild species to decline by an average of 68 percent for mammals, birds, fish, amphibians, and reptiles, including the loss of nearly 3 billion birds in North America since 1970; and

WHEREAS, Human activity is accelerating the decline of important economic and cultural services with the productivity of nearly one-fourth of the land surface reduced, with over one-third of land surface and 75 percent of freshwater resources devoted to crop or livestock production, with approximately half a trillion dollars of global crops at risk from pollinator loss, and with 25 percent of greenhouse gas emissions caused by land clearing, crops, and fertilization; and

WHEREAS, Coordination at a global, national, regional, and local scale is necessary to address the biodiversity crisis; and

WHEREAS, The decline of biodiversity disproportionately impacts indigenous and other communities that rely on nature for essential services, including Native Americans and Alaska Natives, who offer unique perspectives and traditional ecological knowledge critical to preserving biodiversity; and

WHEREAS, The United States possesses an abundance and great diversity of species of fish, wildlife, and plants that are of significant value to the United States for intrinsic, aesthetic, ecological, educational, cultural, recreational, economic, and scientific reasons; and

WHEREAS, Communities of color, low-income communities, tribal communities, and other populations that have been systematically and deliberately targeted for the siting of environmentally degrading activities and excluded from conservation efforts face disproportionate impacts from biodiversity loss; and

WHEREAS, There is no coordinating policy to maximize the effectiveness of the federal government's conservation efforts and collaboration with the states, local governments, tribes, private landowners, and other nongovernmental stakeholders; and

HOUSE RESOLUTION 986

Offered by Representative Stoneback:

WHEREAS, Homelessness is a matter of life and death; the scope of the homelessness crisis and the immediate need for housing in Illinois is staggering; and

WHEREAS, In 2020, at least 10,431 Illinoisans experienced homelessness; when the number of people experiencing doubled-up homelessness, living with others because of economic hardship or housing loss, is combined with those who requested services from the U.S. Department of Housing and Urban Development (HUD) over the course of 2020, the count is over 65,000 people experiencing homelessness in Chicago alone; and

WHEREAS, According to Illinois State Board of Education (ISBE) data, 47,455 school children were identified as experiencing homelessness in the 2019-2020 school year; and

WHEREAS, Chronic homelessness has increased both in number and percentage; the percentage of the homeless population consisting of chronically homeless rose from 9% in 2016 to 22% in 2020; and

WHEREAS, People experiencing homelessness include those with substance use disorders, HIV/AIDS, serious mental illness, veterans, and survivors of domestic violence; and

WHEREAS, Black people are eight times more likely to experience homelessness than white people; Black Illinoisans comprise 14% of the population of the State, but they constitute 61% of residents experiencing homelessness; and

WHEREAS, Regions of the State with high concentrations of disabled populations are considered at greater risk for homelessness; and

WHEREAS, People experiencing unsheltered homelessness may become frequent utilizers of hospital emergency rooms; encampments, tents, cars, abandoned buildings, and park benches, are unsafe, unhealthy, and undignified, and unsheltered homelessness is especially dangerous during cold weather, heat waves, and extreme weather conditions; and

WHEREAS, Crisis housing, the foundational safety net for persons in immediate need of shelter, includes overnight emergency and domestic violence shelters, transitional housing, recuperative care/medical respite, and recovery homes; and

WHEREAS, During COVID-19, shelter capacity diminished significantly, and many areas across Illinois lack any fixed-site emergency shelters for people who are experiencing homelessness; prior to the pandemic, a significant proportion of emergency shelter bed capacity included rotating, congregate shelter; non-congregate shelter (NCS) became necessary to protect highly vulnerable people experiencing homelessness during the pandemic; the rotating shelter model, which has never been adequate for many reasons, no longer exists, and significant investment would be required to rebuild it; and

WHEREAS, Emergency housing provided through converted hotels, dorms, and schools and the construction of new non-congregate emergency housing is not expected to eliminate the need for other types of crisis housing; and

WHEREAS, Crisis housing is a critical part of and the gateway to the continuum of housing, including affordable and permanent supportive housing; Illinois lacks sufficient crisis housing to meet its needs, allowing many people experiencing unsheltered homelessness to languish for months and even years until other housing options become available; there is an urgent need for effective, safe, and dignified non-congregate crisis housing; and

WHEREAS, A model of rapid-response transitional shelter villages with case management has emerged; this model of transitional housing can serve as a bridge from unsheltered homelessness to long-term housing; the faster people are moved off the street, the sooner their path to stability can begin; and

WHEREAS, Residents of these transitional shelter villages are connected to housing with wraparound social services, such as mental health care from a local service provider and on-site amenities, such as showers and laundry; with a safe place to sleep, a supportive environment, access to meals, hygiene facilities, and a case manager, residents can focus on finding permanent housing and employment opportunities; and

WHEREAS, Transitional shelter villages combine the safety of private units with the benefits of a communal environment to offer residents security and a pathway to stability; residents can lock their belongings in their unit, access on-site social services, and be a part of a community; and

WHEREAS, At least nine other states across the country have successfully launched dozens of rapid-response transitional shelter villages and have achieved successful outcomes; transitional shelter villages have been launched in cold weather climates, including Madison, Wisconsin and Boston, Massachusetts; and

WHEREAS, This model is more cost-effective than any institutional setting per person or unit and can be built at a fraction of the cost of traditional homeless shelters, which can take years to build; prefabricated shelters can be quickly installed and are proven to help people transition into permanent housing; therefore, be it

RESOLVED, BY THE HOUSE OF REPRESENTATIVES OF THE ONE HUNDRED SECOND GENERAL ASSEMBLY OF THE STATE OF ILLINOIS, that we urge the State of Illinois to launch a pilot project to establish a transitional shelter village that will support the crisis housing and health needs of people currently experiencing unsheltered homelessness; and be it further

RESOLVED, That suitable copies of this resolution be delivered to the Speaker of the House, the House Minority Leader, the Senate President, the Senate Minority Leader, the Governor, and the Secretary of the Illinois Department of Human Services.

HOUSE JOINT RESOLUTION 94

Offered by Representative Gong-Gershowitz:

WHEREAS, In 1972, the Ninety-second Congress of the United States of America, at its Second Session, in both houses, by a constitutional majority of two-thirds, adopted the following proposition to amend the Constitution of the United States of America:

"JOINT RESOLUTION RESOLVED BY THE HOUSE OF REPRESENTATIVES AND SENATE OF THE UNITED STATES OF AMERICA IN CONGRESS ASSEMBLED (TWO-THIRDS OF EACH HOUSE CONCURRING THEREIN), That the following article is proposed as an amendment to the Constitution of the United States, which shall be valid to all intents and purposes as a part of the Constitution when ratified by the legislatures of three-fourths of the several States within seven years from the date of its submission by the Congress:

"ARTICLE _____

Section 1. Equality of rights under the law shall not be denied or abridged by the United States or by any State on account of sex.

Section 2. The Congress shall have the power to enforce, by appropriate legislation, the provisions of this article.

Section 3. This amendment shall take effect two years after the date of ratification.""; and

WHEREAS, Article V of the Constitution of the United States sets forth a two-step amending procedure; and

WHEREAS, The first step of the Article V amending procedure is proposal of an amendment either by two-thirds vote of both houses of Congress or by a convention called by application of two-thirds of the States; and

WHEREAS, The second and final step of the Article V amending procedure is ratification of an amendment by three-fourths of the States; and

WHEREAS, The Constitution of the United States does not limit the time for States to ratify an amendment; and

WHEREAS, The Constitution of the United States does not grant Congress the authority to limit the time for States to ratify amendments; and

WHEREAS, A time limit on State ratifications of amendments is a substantive change to the Constitution of the United States; and

WHEREAS, To have full force and effect, any substantive change to the Constitution of the United States must be within the text of an amendment, where it can be approved as part of each of the two steps of the Article V amending procedure; and

WHEREAS, The time limit on State ratifications of the Equal Rights Amendment is within only the internal resolution used by Congress in the proposal step and not within the text of the amendment; and

WHEREAS, In the ratification step, the States ratified only the text of the Equal Rights Amendment; and

WHEREAS, The time limit within the internal resolution used by Congress in 1972 to propose the Equal Rights Amendment is, thus, without force or effect; and

WHEREAS, The most recent constitutional amendment to be proposed by two-thirds vote of both houses of Congress was the District of Columbia Voting Rights Amendment in 1978; and

WHEREAS, Congress included a time limit within the text of the District of Columbia Voting Rights Amendment, in order for that time limit to have full force and effect; and

WHEREAS, The time limit for the District of Columbia Voting Rights Amendment ended before completion of the second and final step of ratification of the amendment by three-fourths of the States; and

WHEREAS, Because the time limit was within the text of the District of Columbia Voting Rights Amendment, that time limit had full force and effect and that amendment did expire in 1985; and

WHEREAS, The so-called Madison Amendment, relating to Compensation of Members of Congress, is the Twenty-Seventh Amendment to the Constitution of the United States; and

WHEREAS, In 1789, by two-thirds vote of each house of the First Congress, the Madison Amendment completed the proposal step of Article V; and

WHEREAS, Approximately 203 years later, the Madison Amendment completed the ratification step of Article V through ratification by three-fourths of the States; and

WHEREAS, In 1992, having met the strict two-step requirements of Article V, the Madison Amendment was published by the Administration of President George H.W. Bush as the Twenty-Seventh Amendment to the Constitution of the United States; and

WHEREAS, Following publication of the Madison Amendment, Congress affirmed the Madison Amendment as the Twenty-Seventh Amendment to the Constitution of the United States; and

WHEREAS, As of January 27, 2020, three-fourths of the States have ratified the Equal Rights Amendment; and

WHEREAS, Unlike the District of Columbia Voting Rights Amendment, the Equal Rights Amendment does not have a time limit in its text where it would be of full force and effect; and

WHEREAS, In contrast to the Madison Amendment which took 203 years to ratify, the Equal Rights Amendment took a mere 48 years to ratify; and

WHEREAS, The text of Article V of the Constitution references only ratification, not rescission; and

WHEREAS, Samuel Johnson's dictionary of 1755 defines "ratify" as "to confirm; to settle"; and

WHEREAS, Bouvier's Law Dictionary of 1856, considered to be the first American legal dictionary, states that a ratification once done, "cannot be revoked or recalled"; and

WHEREAS, James Madison wrote in a July 20, 1788 letter to Alexander Hamilton that ratification is "in toto and for ever"; and

WHEREAS, The various attempts throughout history to rescind the ratifications of the Constitution of the United States or its amendments, including the Fourteenth, Fifteenth, and Nineteenth Amendments, have never been honored; and

WHEREAS, The Equal Rights Amendment now meets the strict requirements of Article V of the Constitution of the United States to be added as the Twenty-Eighth Amendment; therefore, be it

RESOLVED, BY THE HOUSE OF REPRESENTATIVES OF THE ONE HUNDRED SECOND GENERAL ASSEMBLY OF THE STATE OF ILLINOIS, THE SENATE CONCURRING HEREIN, that the General Assembly urges the Administration of President Joseph R. Biden, Jr. to publish without delay the Equal Rights Amendment as the Twenty-Eighth Amendment to the Constitution of the United States; and be it further

RESOLVED, That the General Assembly urges the Congress of the United States to pass a joint resolution, affirming the Equal Rights Amendment as the Twenty-Eighth Amendment to the Constitution of the United States; and be it further
