With respect to a 7-member board, no more than 3 members may be residents of any township in a county under township organization or of any congressional township in a county not under township organization. In the case of a 7-member board representing a district that embraces 2 counties, 4 trustees shall be residents of the county with the larger population and 3 trustees shall be residents of the other county. If the district embraces 3 counties, 2 trustees shall be residents of each of the 2 counties with the smallest population and the largest county shall have 3 resident trustees. If the district embraces 4 counties, one trustee shall be a resident of the county with the smallest population and each of the other counties shall have 2 resident trustees. If the district embraces 5 counties, the 2 counties with the largest population shall each have 2 resident trustees and each of the other counties shall have one resident trustee. The pertinent appointing authorities shall appoint the additional 2 trustees to

initial terms as equally staggered as possible from the terms of the trustees already appointed from that township or county so that 2 trustees representing the same area shall not be succeeded in the same year.

(i) a conservation district may determine by referendum (i) to have an elected or appointed board of trustees, (ii) to have a board of trustees with 5 or 7 members, and (iii) to have trustees chosen at large or from single-member subdistricts. A referendum may be placed on the ballot in the following manner:

(1) If the boundaries of the district are coextensive with the boundaries of a single county, the county board may determine by the ordinance to hold the referendum; or

If the boundaries of the district are embraced by more than one county, then the county board of each county in the district, jointly, may determine by ordinance to hold the referendum; or

(3) A petition signed by not less than 5% of the electors of the entire district may be submitted to the board of trustees requiring the district to hold the referendum.

The secretary of the board of trustees shall certify the proposition to the appropriate election authorities who shall submit the proposition at a consolidated or general election according to the Election Code. The Election Code shall apply to and govern the election. The proposition shall be in substantially the following form:

Shall the (insert name) Conservation District have an (insert "elected" or "appointed") board of trustees with (insert "5" or "7") trustees chosen (insert "at large" or "from single member subdistricts")? The votes shall be recorded as "Yes" or "No".

If a majority of the votes cast on the proposition are in the affirmative, the trustees of the district shall thereafter be chosen as provided in this paragraph. At the next consolidated election, a district that has decided by referendum to have its trustees elected rather than appointed shall elect 5 or 7 trustees as provided in the ordinance or petition and in the proposition. The trustees shall be elected on a nonpartisan basis. The provisions of the general election law shall apply to and govern the nomination and election of the trustees.

(1) If the district has decided to elect or appoint at large trustees, then with respect to a 5-member board, the residency of members shall be the same as prescribed in subsection (a).

With respect to a 7-member board, no more than 3 members may be residents of the same township in a county under township organization or of the same congressional township in a county not under township organization. In the case of a 7-member board representing a district that embraces 2 counties, 4 trustees shall be residents of the county with the larger population and 3 trustees shall be residents of the other county. If the district embraces 3 counties, 2 trustees shall be residents of each of the 2 counties with the smallest population and the largest county shall have 3 resident trustees. If the district embraces 4 counties, one trustee shall be a resident of the county with the smallest population and each of the other counties shall have 2 resident trustees. If the district embraces 5 counties, the 2 counties with the largest population shall each have 2 resident trustees and each of the other counties shall have one resident trustee.

(2) If the district has decided to elect or appoint trustees from single member subdistricts, then with respect to a 5-member board of a district embracing a single county, the county board shall apportion the district into 5 subdistricts. One trustee shall be a resident of and elected or appointed from each of the 5 subdistricts. In the case of a 5-member board of a district embracing more than one county, the members of each county board shall, jointly, apportion the district into 5 subdistricts. One trustee shall be a resident of and elected or appointed from each of the 5 subdistricts. The initial subdistricts shall be apportioned within 90 days after the referendum is approved, and the subdistricts shall be reapportioned after each decennial census.

With respect to a 7-member board of a district embracing a single county, the county board shall apportion the district into 7 subdistricts. One trustee shall be a resident of and elected or appointed from each of the 7 subdistricts. In the case of a 7-member board of a district embracing more than one county, the members of each county board shall, jointly, apportion the district into 7 subdistricts. One trustee shall be a resident of and elected or appointed from each of the 7 subdistricts. The initial subdistricts shall be apportioned within 90 days after the referendum is approved, and the subdistricts shall be reapportioned after each decennial census.

(j) When a conservation district determines to elect or appoint trustees as provided in subsection (i), the terms of these trustees shall commence on the first Monday of December following the election. The terms of all trustees previously appointed or elected under this Section shall expire on the first Monday of December following the first election.

(1) If the district has decided to elect or appoint at large trustees, then the initial elected board of trustees shall, no later than 45 days after taking office, divide themselves publicly by lot as equally as

possible into 2 groups. Trustees or their successors from the larger group shall serve for terms of 4 years; the initial elected trustees from the second group shall serve for terms of 2 years, and their successors shall be elected for terms of 4 years.

(2) If the district has decided to elect or appoint trustees from single member subdistricts, then the members of the initial elected board of trustees and each subsequent board elected prior to the first decennial census following the initial apportionment shall be elected to a term of 2 years. In the year following the first decennial census occurring after the initial apportionment and in the year following each subsequent decennial census, the 5 or 7 subdistricts shall be reapportioned to reflect the results of the census. The board of trustees elected in the first election following a decennial census shall, no later than 45 days after taking office, divide themselves publicly by lot as equally as possible into 3 groups. Trustees or their successors from one group shall be elected to terms of 4 years, 4 years, and 2 years. Trustees or their successors from the second group shall be elected to terms of 4 years, 2 years, and 4 years. The trustee or successors from the third group shall be elected to terms of 2 years, 4 years, and 4 years.

Sec. 3.21. Hospital first responders. The General Assembly finds that in the event of terrorist acts, especially those involving the release of biological agents, bacteria, viruses, or other agents intended to cause illness or injury, hospitals serve as first responders in diagnosing and treating the victims of those acts. As first responders, hospitals are on the front lines of the State's emergency management efforts. Given the increased demands for equipment, materials, and training associated with their responsibility as first responders in the event of terrorist acts, hospitals would benefit from additional resources to enable them to be better prepared to protect and aid the residents of the State. The following amendment was offered in the Committee on Elections & Campaign Reform, adopted and printed:

AMENDMENT NO. 1

AMENDMENT NO. 1. Amend House Bill 205 by replacing the title with the following:

"AN ACT concerning schools, which may be referred to as the Safe Options for Suspension Act."; and  
by replacing everything after the enacting clause with the following:

"Section 5. The School Code is amended by changing Sections 10-22.6 and 34-19 as follows:  
(105 ILCS 5/10-22.6) (from Ch. 122, par. 10-22.6)

Sec. 10-22.6. Suspension or expulsion of pupils; school searches. (a) To expel pupils guilty of gross disobedience or misconduct, and no action shall lie against them for such expulsion. Expulsion shall take place only after the parents have been requested to appear at a meeting of the board, or with a hearing officer appointed by it, to discuss their child's behavior. Such request shall be made by registered or certified mail and shall state the time, place and purpose of the meeting. The board, or a hearing officer appointed by it, at such meeting shall state the reasons for dismissal and the date on which the expulsion is to become effective. If a hearing officer is appointed by the board he shall report to the board a written summary of the evidence heard at the meeting and the board may take such action thereon as it finds appropriate.

(b) To suspend or by regulation to authorize the superintendent of the district or the principal, assistant principal, or dean of students of any school to suspend pupils guilty of gross disobedience or misconduct, or to suspend pupils guilty of gross disobedience or misconduct on the school bus from riding the school bus, and no action shall lie against them for such suspension. The board may by regulation authorize the superintendent of the district or the principal, assistant principal, or dean of students of any school to suspend pupils guilty of such acts for a period not to exceed 10 school days. If a pupil is suspended due to

gross disobedience or misconduct on a school bus, the board may suspend the pupil in excess of 10 school days for safety reasons. Any suspension shall be reported immediately to the parents or guardian of such pupil along with a full statement of the reasons for such suspension and a notice of their right to a review, a copy of which shall be given to the school board. Upon request of the parents or guardian the school board or a hearing officer appointed by it shall review such action of the superintendent or principal, assistant principal, or dean of students. At such review the parents or guardian of the pupil may appear and discuss the suspension with the board or its hearing officer. If a hearing officer is appointed by the board he shall report to the board a written summary of the evidence heard at the meeting. After its hearing or upon receipt of the written report of its hearing officer, the board may take such action as it finds appropriate.

Each school board shall compile a list of local facilities and organizations that have an education program that a suspended student can attend during the period of time of his or her suspension. A copy of the list shall be filed with the State Board of Education. The suspension may not take effect until the school board provides the student and the student's parents or guardian with a copy of the list and an official notice of suspension that may be shown to the education program that the student is to attend to prove that the student is not a truant.

(c) The Department of Human Services shall be invited to send a representative to consult with the board at such meeting whenever there is evidence that mental illness may be the cause for expulsion or suspension.

(d) The board may expel a student for a definite period of time not to exceed 2 calendar years, as determined on a case by case basis. A student who is determined to have brought a weapon to school, any school-sponsored activity or event, or any activity or event which bears a reasonable relationship to school shall be expelled for a period of not less than one year, except that the expulsion period may be modified by the superintendent, and the superintendent's determination may be modified by the board on a case by case basis. For the purpose of this Section, the term "weapon" means (1) possession, use, control, or transfer of any gun, rifle, shotgun, weapon as defined by Section 921 of Title 18, United States Code, firearm as defined in Section 1.1 of the Firearm Owners Identification Act, or use of a weapon as defined in Section 24-1 of the Criminal Code, (2) any other object if used or attempted to be used to cause bodily harm, including but not limited to, knives, brass knuckles, or billy clubs, or (3) "look alikes" of any weapon as defined in this Section. Expulsion or suspension shall be construed in a manner consistent with the Federal Individuals with Disabilities Education Act. A student who is subject to suspension or expulsion as provided in this Section may be eligible for a transfer to an alternative school program in accordance with Article 13A of the School Code. The provisions of this subsection (d) apply in all school districts, including special charter districts and districts organized under Article 34.

(e) To maintain order and security in the schools, school authorities may inspect and search places and areas such as lockers, desks, parking lots, and other school property and equipment owned or controlled by the school, as well as personal effects left in those places and areas by students, without notice to or the consent of the student, and without a search warrant. As a matter of public policy, the General Assembly finds that students have no reasonable expectation of privacy in these places and areas or in their personal effects left in these places and areas. School authorities may request the assistance of law enforcement officials for the purpose of conducting inspections and searches of lockers, desks, parking lots, and other school property and equipment owned or controlled by the school for illegal drugs, weapons, or other illegal or dangerous substances or materials, including searches conducted through the use of specially trained dogs. If a search conducted in accordance with this Section produces evidence that the student has violated or is violating either the law, local ordinance, or the school's policies or rules, such evidence may be seized by school authorities, and disciplinary action may be taken. School authorities may also turn over such evidence to law enforcement authorities. The provisions of this subsection (e) apply in all school districts, including special charter districts and districts organized under Article 34.

(f) Suspension or expulsion may include suspension or expulsion from school and all school activities and a prohibition from being present on school grounds.

(g) A school district may adopt a policy providing that if a student is suspended or expelled for any reason from any public or private school in this or any other state, the student must complete the entire term of the suspension or expulsion before being admitted into the school district. This policy may allow placement of the student in an alternative school program established under Article 13A of this Code, if available, for the remainder of the suspension or expulsion. This subsection (g) applies to all school districts, including special charter districts and districts organized under Article 34 of this Code. (Source: P.A. 92-64, eff. 7-12-01.)

(105 ILCS 5/34-19) (from Ch. 122, par. 34-19)

Sec. 34-19. By-laws, rules and regulations; business transacted at regular meetings; voting; records. The board shall, subject to the limitations in this Article, establish by-laws, rules and regulations, which shall have the force of ordinances, for the proper maintenance of a uniform system of discipline for both employees and pupils, and for the entire management of the schools, and may fix the school age of pupils, the minimum of which in kindergartens shall not be under 4 years and in grade schools shall not be under 6 years. It may expel, suspend or, subject to the limitations of all policies established or adopted under Section 14-8.05, otherwise discipline any pupil found guilty of gross disobedience, misconduct or other violation of the by-laws, rules and regulations. The board shall compile a list of local facilities and organizations that have an education program that a suspended student can attend during the period of time of his or her suspension. A copy of the list shall be filed with the State Board of Education. The suspension may not take effect until the board provides the student and the student's parents or guardian with a copy of the list and an official notice of suspension that may be shown to the education program that the student is to attend to prove that the student is not a truant. The bylaws, rules and regulations of the board shall be enacted, money shall be appropriated or expended, salaries shall be fixed or changed, and textbooks and courses of instruction shall be adopted or changed only at the regular meetings of the board and by a vote of a majority of the full membership of the board; provided that notwithstanding any other provision of this Article or the School Code, neither the board or any local school council may purchase any textbook for use in any public school of the district from any textbook publisher that fails to furnish any computer diskettes as required under Section 28-21. The board shall be further encouraged to provide opportunities for public hearing and testimony before the adoption of bylaws, rules and regulations. Upon all propositions requiring for their adoption at least a majority of all the members of the board the yeas and nays shall be taken and reported. The by-laws, rules and regulations of the board shall not be repealed, amended or added to, except by a vote of 2/3 of the full membership of the board. The board shall keep a record of all its proceedings. Such records and all by-laws, rules and regulations, or parts thereof, may be proved by a copy thereof certified to be such by the secretary of the board, but if they are printed in book or pamphlet form which are purported to be published by authority of the board they need not be otherwise published and the book or pamphlet shall be received as evidence, without further proof, of the records, by-laws, rules and regulations, or any part thereof, as of the dates thereof as shown in such book or pamphlet, in all courts and places where judicial proceedings are had.

Notwithstanding any other provision in this Article or in the School Code, the board may delegate to the general superintendent or to the attorney the authorities granted to the board in the School Code, provided such delegation and appropriate oversight procedures are made pursuant to board by-laws, rules and regulations, adopted as herein provided, except that the board may not delegate its authorities and responsibilities regarding (1) budget approval obligations; (2) rule-making functions; (3) desegregation obligations; (4) real estate acquisition, sale or lease in excess of 10 years as provided in Section 34-21; (5) the levy of taxes; or (6) any mandates imposed upon the board by "An Act in relation to school reform in cities over 500,000, amending Acts herein named", approved December 12, 1988 (P.A. 85-1418).
