"(2) ~~(Blank). Presumptive transfer.~~

~~(a) If the State's Attorney files a petition, at any time prior to commencement of the minor's trial, to permit prosecution under the criminal laws and the petition alleges the commission by a minor 15 years of age or older of: (i) a Class X felony other than armed violence; (ii) aggravated discharge of a firearm; (iii) armed violence with a firearm when the predicate offense is a Class 1 or Class 2 felony and the State's Attorney's motion to transfer the case alleges that the offense committed is in furtherance of the criminal activities of an organized gang; (iv) armed violence with a firearm when the predicate offense is a violation of the Illinois Controlled Substances Act or a violation of the Cannabis Control Act; (v) armed violence when the weapon involved was a machine gun or other weapon described in subsection (a)(7) of Section 24-1 of the Criminal Code of 1961, and, if the juvenile judge assigned to hear and determine motions to transfer a case for prosecution in the criminal court determines that there is probable cause to believe that the allegations in the petition and motion are true, there is a rebuttable presumption that the minor is not a fit and proper subject to be dealt with under the Juvenile Justice Reform Provisions of 1998 (Public Act 90-590), and that, except as provided in paragraph (b), the case~~

should be transferred to the criminal court.

~~(b) The judge shall enter an order permitting prosecution under the criminal laws of Illinois unless the judge makes a finding based on clear and convincing evidence that the minor would be amenable to the care, treatment, and training programs available through the facilities of the juvenile court based on an evaluation of the following:~~

- ~~(i) The seriousness of the alleged offense;~~
- ~~(ii) The minor's history of delinquency;~~
- ~~(iii) The age of the minor;~~
- ~~(iv) The culpability of the minor in committing the alleged offense;~~

- ~~(viii) Whether there is a reasonable likelihood that the minor can be rehabilitated before the expiration of the juvenile court's jurisdiction;~~
- ~~(ix) The adequacy of the punishment or services available in the juvenile justice system.~~

~~In considering these factors, the court shall give greater weight to the seriousness of the alleged offense and the minor's prior record of delinquency than to the other factors listed in this subsection."~~

There being no further amendments, the foregoing Amendment No. 1 was ordered engrossed; and the bill, as amended, was advanced to the order of Third Reading.

"Section 85. The Deposit of State Moneys Act is amended by changing Section 7 as follows:

(15 ILCS 520/7) (from Ch. 130, par. 26)

Sec. 7. (a) Proposals made may either be approved or rejected by the State Treasurer. A bank or savings and loan association whose proposal is approved shall be eligible to become a State depository for the class or classes of funds covered by its proposal. A bank or savings and loan association whose proposal is rejected shall not be so eligible. The State Treasurer shall seek to have at all times a total of not less than 20 banks or savings and loan associations which are approved as State depositories for time deposits.

(b) The State Treasurer may, in his discretion, accept a proposal from an eligible institution which provides for a reduced rate of interest provided that such institution documents the use of deposited funds for community development projects.

(b-5) The State Treasurer may, in his or her discretion, accept a proposal from an eligible institution that provides for a reduced rate of interest, provided that such institution agrees to expend an amount of money equal to the amount of the reduction for the preservation of Cahokia Mounds.

(b-10) The State Treasurer may, in his or her discretion, accept a proposal from an eligible institution that provides for a reduced rate of interest, provided that the institution agrees to expend an amount of money equal to the amount of the reduction for senior centers.

(c) The State Treasurer may, in his or her discretion, accept a proposal from an eligible institution that provides for interest earnings on deposits of State moneys to be held by the institution in a separate account that the State Treasurer may use to secure up to 10% of any (i) home loans to Illinois citizens purchasing a home in Illinois in situations where the participating financial institution would not offer the borrower a home loan under the institution's prevailing credit standards without the incentive of a reduced rate of interest on deposits of State moneys, (ii) existing home loans of Illinois citizens who have failed to make payments on a home loan as a result of a financial hardship due to circumstances beyond the control of the borrower where there is a reasonable prospect that the borrower will be able to resume full mortgage payments, and (iii) loans in amounts that do not exceed the amount of arrearage on a mortgage and that are extended to enable a borrower to become current on his or her mortgage obligation.

The following factors shall be considered by the participating financial institution to determine whether the financial hardship is due to circumstances beyond the control of the borrower: (i) loss, reduction, or delay in the receipt of income because of the death or disability of a person who contributed to the household income, (ii) expenses actually incurred related to the uninsured damage or costly repairs to the mortgaged premises affecting its habitability, (iii) expenses related to the death or illness in the borrower's household or of family members living outside the household that reduce the amount of household income, (iv) loss of income or a substantial increase in total housing expenses because of divorce, abandonment, separation from a spouse, or failure to support a spouse or child, (v) unemployment or underemployment, (vi) loss, reduction, or delay in the receipt of federal, State, or other government benefits, and (vii) participation by the homeowner in a recognized labor action such as a strike. In determining whether there is a reasonable prospect that the borrower will be able to resume full mortgage payments, the participating financial institution shall consider factors including, but not necessarily limited to the following: (i) a favorable work and credit history, (ii) the borrower's ability to and history of paying the mortgage when employed, (iii) the lack of an impediment or disability that prevents reemployment, (iv) new education and

training opportunities, (v) non-cash benefits that may reduce household expenses, and (vi) other debts.

For the purposes of this Section, "home loan" means a loan, other than an open-end credit plan or a reverse mortgage transaction, for which (i) the principal amount of the loan does not exceed 50% of the conforming loan size limit for a single-family dwelling as established from time to time by the Federal National Mortgage Association, (ii) the borrower is a natural person, (iii) the debt is incurred by the borrower primarily for personal, family, or household purposes, and (iv) the loan is secured by a mortgage or deed of trust on real estate upon which there is located or there is to be located a structure designed principally for the occupancy of no more than 4 families and that is or will be occupied by the borrower as the borrower's principal dwelling.

(d) If there is an agreement between the State Treasurer and an eligible institution that details the use of deposited funds, the agreement may not require the gift of money, goods, or services to a third party; this provision does not restrict the eligible institution from contracting with third parties in order to carry out the intent of the agreement or restrict the State Treasurer from placing requirements upon third-party contracts entered into by the eligible institution. Section 95. The Consumer Fraud and Deceptive Business Practices Act is amended by changing Section 7 as follows:

(815 ILCS 505/7) (from Ch. 121 1/2, par. 267)

Sec. 7. Injunctive relief; restitution; and civil penalties. (a) Whenever the Attorney General or a State's Attorney has reason to believe that any person is using, has used, or is about to use any method, act or practice declared by this Act to be unlawful, and that proceedings would be in the public interest, he or she may bring an action in the name of the People of the State against such person to restrain by preliminary or permanent injunction the use of such method, act or practice. The Court, in its discretion, may exercise all powers necessary, including but not limited to: injunction; revocation, forfeiture or suspension of any license, charter, franchise, certificate or other evidence of authority of any person to do business in this State; appointment of a receiver; dissolution of domestic corporations or association suspension or termination of the right of foreign corporations or associations to do business in this State; and restitution.

(b) In addition to the remedies provided herein, the Attorney General or State's Attorney may request and the Court may impose a civil penalty in a sum not to exceed \$50,000 against any person found by the Court to have engaged in any method, act or practice declared unlawful under this Act. In the event the court finds the method, act or practice to have been entered into with the intent to defraud, the court has the authority to impose a civil penalty in a sum not to exceed \$50,000 per violation.

(c) In addition to any other civil penalty provided in this Section, if a person is found by the court to have engaged in any method, act, or practice declared unlawful under this Act, and the violation was committed against a person 65 years of age or older, the court may impose an additional civil penalty not to exceed \$10,000 for each violation.

A civil penalty imposed under this subsection (c) shall be paid to the State Treasurer who shall deposit the money in the State treasury in a special fund designated the Elderly Victim Fund. The Treasurer shall deposit such moneys into the Fund monthly. All of the moneys deposited into the Fund shall be appropriated to the Department on Aging for grants to senior centers in Illinois. Fifty percent of all moneys deposited in the Fund shall be appropriated to the Attorney General for the investigation and prosecution of frauds against persons 65 years of age or older and 50% of all moneys in the Fund shall be appropriated to the Attorney General to develop and implement State-wide education initiatives to inform persons 65 years of age or older, law enforcement agencies, the judicial system, social service professionals, and the general public about prevention of consumer crimes against persons 65 years of age or older, and about the provisions of this Section, the penalties for violations of this Section, and the remedies available for victims of those violations.

An award of restitution under subsection (a) has priority over a civil penalty imposed by the court under

this subsection.

In determining whether to impose a civil penalty under this subsection and the amount of any penalty, the court shall consider the following:

(1) Whether the defendant's conduct was in willful disregard of the rights of the person 65 years of age or older.

(2) Whether the defendant knew or should have known that the defendant's conduct was directed to a person 65 years of age or older.

(3) Whether the person 65 years of age or older was substantially more vulnerable to the defendant's conduct because of age, poor health, infirmity, impaired understanding, restricted mobility, or disability, than other persons.

(4) Any other factors the court deems appropriate.

(d) This Section applies if: (i) a court orders a party to make payments to the Attorney General and the payments are to be used for the operations of the Office of the Attorney General or (ii) a party agrees, in an Assurance of Voluntary Compliance under this Act, to make payments to the Attorney General for the operations of the Office of the Attorney General.

(e) Moneys paid under any of the conditions described in subsection (d) shall be deposited into the Attorney General Court Ordered and Voluntary Compliance Payment Projects Fund, which is created as a special fund in the State Treasury. Moneys in the Fund shall be used, subject to appropriation, for the performance of any function pertaining to the exercise of the duties of the Attorney General including but not limited to enforcement of any law of this State and conducting public education programs; however, any moneys in the Fund that are required by the court or by an agreement to be used for a particular purpose shall be used for that purpose. The parent or guardian of a student required to attend a remediation program under this Section shall be given written notice of that requirement by the school district a reasonable time prior to commencement of the remediation program that the student is to attend. The State shall be responsible for providing school districts with the new and additional funding, under Section 2-3.51.5 or by other or additional means, that is required to enable the districts to operate remediation programs for the pupils who are required to enroll in and attend those programs under this Section. Every individualized educational program as described in Article 14 shall identify if the State test or components thereof are appropriate for that student. ~~For those pupils for whom the State tests or components thereof are not appropriate,~~ The State Board of Education shall develop rules and regulations governing the administration of alternative tests prescribed within each student's individualized educational program which are appropriate to the disability of each student.

All pupils who are in a State approved transitional bilingual education program or transitional program of instruction shall participate in the State tests. Any student who has been enrolled in a State approved bilingual education program less than 3 cumulative academic years may take an accommodated State test, to be known as the Illinois Measure of Annual Growth in English (IMAGE), shall be exempted if the student's lack of English as determined by an English language proficiency test would keep the student from understanding the regular State test. If the school district determines, on a case-by-case individual basis, that IMAGE would likely yield more accurate and reliable information on what the student knows and can do, the school district may make a determination to assess the student using IMAGE for a period that does not exceed 2 additional consecutive years, provided that the student has not yet reached a level of English language proficiency sufficient to yield valid and reliable information on what the student knows and can do on the regular State test, ~~and that student's district shall have an alternative test program in~~

~~place for that student. The State Board of Education shall appoint a task force of concerned parents, teachers, school administrators and other professionals to assist in identifying such alternative tests.~~

Reasonable accommodations as prescribed by the State Board of Education shall be provided for individual students in the testing procedure. All test procedures prescribed by the State Board of Education shall require: (i) that each test used for State and local student testing under this Section identify by name the pupil taking the test; (ii) that the name of the pupil taking the test be placed on the test at the time the test is taken; (iii) that the results or scores of each test taken under this Section by a pupil of the school district be reported to that district and identify by name the pupil who received the reported results or scores; and (iv) that the results or scores of each test taken under this Section be made available to the parents of the pupil. In addition, ~~beginning with the 2000-2001 school year and~~ in each school year ~~thereafter~~, the highest scores and performance levels attained by a student on the Prairie State Achievement Examination administered under subsection (c) of this Section and any Prairie State Achievement Awards received by the student shall become part of the student's permanent record and shall be entered on the student's transcript pursuant to regulations that the State Board of Education shall promulgate for that purpose in accordance with Section 3 and subsection (e) of Section 2 of the Illinois School Student Records Act. Beginning with the 1998-1999 school year and in every school year thereafter, scores received by students on the State assessment tests administered in grades 3 through 8 shall be placed into students' temporary records.

The State Board of Education shall establish a period of time, to be referred to as the State test window, common month in each school year for which State testing shall occur to meet the objectives of this Section. However, if the schools of a district are closed and classes are not scheduled during any week that is established by the State Board of Education as the State test window week of the month when State testing under this Section shall occur, the school district may (at the discretion of the State Board of Education) move its State test window one week earlier or one week later than the established State test window, administer the required State testing at any time up to 2 weeks following the week established by the State Board of Education for the testing, so long as the school district gives the State Board of Education written notice of its intention to deviate from the established schedule by December 1 of the school year in which falls the State test window week established by the State Board of Education for the testing. ~~The maximum time allowed for all actual testing required under this subsection during the school year shall not exceed 25 hours as allocated among the required tests by the State Board of Education.~~

(a-5) All tests administered pursuant to this Section shall be academically based. For the purposes of this Section "academically based tests" shall mean tests consisting of questions and answers that are measurable and quantifiable to measure the knowledge, skill, and ability of students in the subject matters covered by tests. The scoring of academically based tests shall be reliable, valid, unbiased and shall meet the guidelines for test development and use prescribed by the American Psychological Association, the National Council of Measurement and Evaluation, and the American Educational Research Association. Academically based tests shall not include assessments or evaluations of attitudes, values, or beliefs, or testing of personality, self-esteem, or self-concept. Nothing in this amendatory Act is intended, nor shall it be construed, to nullify, supersede, or contradict the legislative intent on academic testing expressed during the passage of HB 1005/P.A. 90-296. Nothing in this Section is intended, nor shall it be construed, to nullify, supersede, or contradict the legislative intent on academic testing expressed in the preamble of this amendatory Act of the 93rd General Assembly.

~~Beginning in the 1998-1999 school year, the State Board of Education may, on a pilot basis, include in the State assessments in reading and math at each grade level tested no more than 2 short answer questions, where students have to respond in brief to questions or prompts or show computations, rather than select from alternatives that are presented. In the first year that such questions are used, scores on the short answer questions shall not be reported on an individual student basis but shall be aggregated for each school building in which the tests are given. State level, school, and district scores shall be reported both with and without the results of the short answer questions so that the effect of short answer questions is clearly discernible. Beginning in the second year of this pilot program, scores on the short answer questions shall be reported both on an individual student basis and on a school building basis in order to monitor the effects of teacher training and curriculum improvements on score results.~~

The State Board of Education shall monitor not continue the use of short answer questions in the math and reading assessments or in other assessments in order to demonstrate, or extend the use of such questions to other State assessments, unless this pilot project demonstrates that the use of short answer questions results in a statistically significant improvement in student achievement as measured on the State assessments for math and reading or on other State assessments and is justifiable in terms of cost and

student performance.

(b) It shall be the policy of the State to encourage school districts to continuously test pupil proficiency in the fundamental learning areas in order to: (i) provide timely information on individual students' performance relative to State standards that is adequate to guide instructional strategies; (ii) improve future instruction; and (iii) complement the information provided by the State testing system described in this Section. Each district's school improvement plan must address specific activities the district intends to implement to assist pupils who by teacher judgment and test results as prescribed in subsection (a) of this Section demonstrate that they are not meeting State standards or local objectives. Such activities may include, but shall not be limited to, summer school, extended school day, special homework, tutorial sessions, modified instructional materials, other modifications in the instructional program, reduced class size or retention in grade. To assist school districts in testing pupil proficiency in reading in the primary grades, the State Board shall make optional reading inventories for diagnostic purposes available to each school district that requests such assistance. Districts that administer the reading inventories may develop remediation programs for students who perform in the bottom half of the student population. Those remediation programs may be funded by moneys provided under the School Safety and Educational Improvement Block Grant Program established under Section 2-3.51.5. Nothing in this Section shall prevent school districts from implementing testing and remediation policies for grades not required under this Section.

(c) Beginning with the 2000-2001 school year, each school district that operates a high school program for students in grades 9 through 12 shall annually administer the Prairie State Achievement Examination established under this subsection to its students as set forth below. The Prairie State Achievement Examination shall be developed by the State Board of Education to measure student performance in the academic areas of reading, writing, mathematics, science, and social sciences. The State Board of Education shall establish the academic standards that are to apply in measuring student performance on the Prairie State Achievement Examination including the minimum examination score in each area that will qualify a student to receive a Prairie State Achievement Award from the State in recognition of the student's excellent performance. Each school district that is subject to the requirements of this subsection (c) shall afford all students 2 opportunities to take the Prairie State Achievement Examination beginning as late as practical during the second semester of grade 11, but in no event before March 1. The State Board of Education shall annually notify districts of the weeks during which these test administrations shall be required to occur. Every individualized educational program as described in Article 14 shall identify if the Prairie State Achievement Examination or components thereof are appropriate for that student. Each student, exclusive of a student whose individualized educational program developed under Article 14 identifies the Prairie State Achievement Examination as inappropriate for the student, shall be required to take the examination in grade 11. For each academic area the State Board of Education shall establish the score that qualifies for the Prairie State Achievement Award on that portion of the examination. Any student who fails to earn a qualifying score for a Prairie State Achievement Award in any one or more of the academic areas on the initial test administration or who wishes to improve his or her score on any portion of the examination shall be permitted to retake such portion or portions of the examination during grade 12. Districts shall inform their students of the timelines and procedures applicable to their participation in every yearly administration of the Prairie State Achievement Examination. Students receiving special education services whose individualized educational programs identify the Prairie State Achievement Examination as inappropriate for them nevertheless shall have the option of taking the examination, which shall be administered to those students in accordance with standards adopted by the State Board of Education to accommodate the respective disabilities of those students. A student who successfully completes all other applicable high school graduation requirements but fails to receive a score on the Prairie State Achievement Examination that qualifies the student for receipt of a Prairie State Achievement Award shall nevertheless qualify for the receipt of a regular high school diploma.

(d) Beginning with the 2002-2003 school year, all schools in this State that are part of the sample drawn by the National Center for Education Statistics, in collaboration with their school districts and the State Board of Education, shall administer the biennial State academic assessments of 4th and 8th grade reading and mathematics under the National Assessment of Educational Progress carried out under Section 11(b)(2) of the National Education Statistics Act of 1994 (20 U.S.C. 9010) if the Secretary of Education pays the costs of administering the assessments.

(e) Beginning no later than the 2005-2006 school year, subject to available federal funds to this State for the purpose of student assessment, the State Board of Education shall provide additional tests and assessment resources that may be used by school districts for local diagnostic purposes. These tests and

resources shall include without limitation additional high school writing, physical development and health, and fine arts assessments. The State Board of Education shall annually distribute a listing of these additional tests and resources, using funds available from appropriations made for student assessment purposes.

(f) For the assessment and accountability purposes of this Section, "all pupils" includes those pupils enrolled in a public or State-operated elementary school, secondary school, or cooperative or joint agreement with a governing body or board of control, a charter school operating in compliance with the Charter Schools Law, a school operated by a regional office of education under Section 13A-3 of this Code, a public university laboratory school, Department of Corrections School District 428, a residential school operated by a State agency, and the Illinois Mathematics and Science Academy. HOUSE BILL 2246. Having been printed, was taken up and read by title a second time. The following amendment was offered in the Committee on Revenue, adopted and printed:

#### AMENDMENT NO. 1

AMENDMENT NO. 1. Amend House Bill 2246 by replacing everything after the enacting clause with the following:

"Section 5. The Property Tax Code is amended by adding Section 18-173 as follows:  
(35 ILCS 200/18-173 new)

Sec. 18-173. Housing opportunity area abatement program.

(a) For the purpose of promoting access to housing near work and in order to promote economic diversity throughout Illinois and to alleviate the concentration of low-income households in areas of high poverty, a housing opportunity area tax abatement program is created.

(b) As used in this Section:

"Housing authority" means either a housing authority created under the Housing Authorities Act or other government agency that is authorized by the United States government under the United States Housing Act of 1937 to administer a housing choice voucher program, or the authorized agent of such a

housing authority that is authorized to act upon that authority's behalf.

"Housing choice voucher" means a tenant voucher issued by a housing authority under Section 8 of the United States Housing Act of 1937.

"Housing opportunity area" means a census tract where less than 10% of the residents live below the poverty level, as defined by the United States government and determined by the most recent United States census, that is located within a qualified township.

"Housing opportunity unit" means a dwelling unit located in residential property that is located in a housing opportunity area, that is owned by the applicant, and that is rented to and occupied by a tenant who is participating in a housing choice voucher program administered by a housing authority as of January 1st of the tax year for which the application is made.

"Qualified units" means the number of housing opportunity units located in the property with the limitation that no more than 2 units or 20% of the total units contained within the property, whichever is greater, may be considered qualified units. Further, no unit may be considered qualified unless the property in which it is contained is in substantial compliance with local building codes, and, moreover, no unit may be considered qualified unless it meets the United States Department of Housing and Urban Development's housing quality standards as of the most recent housing authority inspection.

"Qualified township" means a township located within a county with 200,000 or more inhabitants whose tax capacity exceeds 100% of the average tax capacity of the county in which it is located, except for townships located within a county with 3,000,000 or more inhabitants, where a qualified township means a township whose tax capacity exceeds 115% of the average tax capacity of the county except for townships located wholly within a municipality with 1,000,000 or more inhabitants. All townships located wholly within a municipality with 1,000,000 or more inhabitants are considered qualified townships.

"Tax capacity" means the equalized assessed value of all taxable real estate located within a township or county divided by the total population of that township or county.

(c) The owner of property located within a housing opportunity area who has a housing choice voucher contract with a housing authority may apply for a housing opportunity area tax abatement by annually submitting an application to the housing authority that administers the housing choice voucher contract. The application must include the number of housing opportunity units as well as the total number of dwelling units contained within the property. The owner must, under oath, self-certify as to the total number of dwelling units in the property and must self-certify that the property is in substantial compliance with local building codes. The housing authority shall annually determine the number of qualified units located within each property for which an application is made.

The housing authority shall establish rules and procedures governing the application processes and may charge an application fee. The county clerk may audit the applications to determine that the properties subject to the tax abatement meet the requirements of this Section. The determination of eligibility of a property for the housing opportunity area abatement shall be made annually; however, no property may receive an abatement for more than 10 tax years.

(d) The housing authority shall determine housing opportunity areas within its service area and annually deliver to the county clerk, in a manner determined by the county clerk, a list of all properties containing qualified units within that service area by December 31st of the tax year for which the property is eligible for abatement; the list shall include the number of qualified units and the total number of dwelling units for each property.

The county clerk shall deliver annually to a housing authority, upon that housing authority's request, the most recent available equalized assessed value for the county as a whole and for those taxing districts and townships so specified by the requesting housing authority.

(e) The county clerk shall abate the tax attributed to a portion of the property determined to be eligible for a housing opportunity area abatement. The portion eligible for abatement shall be determined by reducing the equalized assessment value by a percentage calculated using the following formula: 19% of the equalized assessed value of the property multiplied by a fraction where the numerator is the number of qualified units and denominator is the total number of dwelling units located within the property.

(f) Any municipality, except for municipalities with 1,000,000 or more inhabitants, may annually petition the county clerk to be excluded from a housing opportunity area if it is able to demonstrate that more than 2.5% of the total residential units located within that municipality are occupied by tenants under the housing choice voucher program. Properties located within an excluded municipality shall not be eligible for the housing opportunity area abatement for the tax year in which the petition is made.

(g) Applicability. This Section applies to tax years 2004 through 2014, unless extended by law.

Section 99. Effective date. This Act takes effect upon becoming law."

HOUSE BILL 2543. Having been printed, was taken up and read by title a second time.

The following amendment was offered in the Committee on Financial Institutions, adopted and printed:

AMENDMENT NO. 1

AMENDMENT NO. 1. Amend House Bill 2543 on page 1, line 5, by replacing "Section" with "Sections 15 and"; and

on page 1, by inserting the following after line 5:

"(205 ILCS 670/15) (from Ch. 17, par. 5415)

Sec. 15. Charges permitted. (a) Every licensee may lend a principal amount not exceeding ~~\$25,000~~ \$40,000 and may charge, contract for and receive thereon interest at the rate agreed upon by the licensee and the borrower, subject to the provisions of this Act.

(b) For purpose of this Section, the following terms shall have the meanings ascribed herein.

"Applicable interest" for a precomputed loan contract means the amount of interest attributable to each monthly installment period. It is computed as if each installment period were one month and any interest charged for extending the first installment period beyond one month is ignored. The applicable interest for any monthly installment period is that portion of the precomputed interest that bears the same ratio to the total precomputed interest as the balances scheduled to be outstanding during that month bear to the sum of all scheduled monthly outstanding balances in the original contract.

"Interest-bearing loan" means a loan in which the debt is expressed as a principal amount plus interest charged on actual unpaid principal balances for the time actually outstanding.

"Precomputed loan" means a loan in which the debt is expressed as the sum of the original principal amount plus interest computed actuarially in advance, assuming all payments will be made when scheduled.

(c) Loans may be interest-bearing or precomputed.

(d) To compute time for either interest-bearing or precomputed loans for the calculation of interest and other purposes, a month shall be a calendar month and a day shall be considered 1/30th of a month when calculation is made for a fraction of a month. A month shall be 1/12th of a year. A calendar month is that period from a given date in one month to the same numbered date in the following month, and if there is no same numbered date, to the last day of the following month. When a period of time includes a month and a fraction of a month, the fraction of the month is considered to follow the whole month. In the alternative, for interest-bearing loans, the licensee may charge interest at the rate of 1/365th of the agreed annual rate for each day actually elapsed.

(e) With respect to interest-bearing loans:

(1) Interest shall be computed on unpaid principal balances outstanding from time to time, for the time outstanding, until fully paid. Each payment shall be applied first to the accumulated interest and the remainder of the payment applied to the unpaid principal balance; provided however, that if the amount of the payment is insufficient to pay the accumulated interest, the unpaid interest continues to accumulate to be paid from the proceeds of subsequent payments and is not added to the principal balance.

(2) Interest shall not be payable in advance or compounded. However, if part or all of the consideration for a new loan contract is the unpaid principal balance of a prior loan, then the principal amount payable under the new loan contract may include any unpaid interest which has accrued. The unpaid principal balance of a precomputed loan is the balance due after refund or credit of unearned interest as provided in paragraph (f), clause (3). The resulting loan contract shall be deemed a new and separate loan transaction for all purposes.

(3) Loans may be payable as agreed between the parties, including payment at irregular times or in unequal amounts and rates that may vary with an index that is independently verifiable and beyond the control of the licensee.

(4) The lender or creditor may, if the contract provides, collect a delinquency or collection charge on each installment in default for a period of not less than 10 days in an amount not exceeding 5% of the installment on installments in excess of \$200, or \$10 on installments of \$200 or less, but only one delinquency and collection charge may be collected on any installment regardless of the period during which it remains in default.

(f) With respect to precomputed loans:

(1) Loans shall be repayable in substantially equal and consecutive monthly installments of principal and interest combined, except that the first installment period may be longer than one month by not more than 15 days, and the first installment payment amount may be larger than the remaining payments by the amount of interest charged for the extra days; and provided further that monthly installment payment dates may be omitted to accommodate borrowers with seasonal income.

(2) Payments may be applied to the combined total of principal and precomputed interest until the loan is fully paid. Payments shall be applied in the order in which they become due, except that any insurance proceeds received as a result of any claim made on any insurance, unless sufficient to prepay the contract in full, may be applied to the unpaid installments of the total of payments in inverse order.

(3) When any loan contract is paid in full by cash, renewal or refinancing, or a new loan, one month or more before the final installment due date, a licensee shall refund or credit the obligor with the total

of the applicable interest for all fully unexpired installment periods, as originally scheduled or as deferred, which follow the day of prepayment; provided, if the prepayment occurs prior to the first installment due date, the licensee may retain 1/30 of the applicable interest for a first installment period of one month for each day from the date of the loan to the date of prepayment, and shall refund or credit the obligor with the balance of the total interest contracted for. If the maturity of the loan is accelerated for any reason and judgment is entered, the licensee shall credit the borrower with the same refund as if prepayment in full had been made on the date the judgement is entered.

(4) The lender or creditor may, if the contract provides, collect a delinquency or collection charge on each installment in default for a period of not less than 10 days in an amount not exceeding 5% of the installment on installments in excess of \$200, or \$10 on installments of \$200 or less, but only one delinquency or collection charge may be collected on any installment regardless of the period during which it remains in default.

(5) If the parties agree in writing, either in the loan contract or in a subsequent agreement, to a deferment of wholly unpaid installments, a licensee may grant a deferment and may collect a deferment charge as provided in this Section. A deferment postpones the scheduled due date of the earliest unpaid installment and all subsequent installments as originally scheduled, or as previously deferred, for a period equal to the deferment period. The deferment period is that period during which no installment is scheduled to be paid by reason of the deferment. The deferment charge for a one month period may not exceed the applicable interest for the installment period immediately following the due date of the last undeferred payment. A proportionate charge may be made for deferment for periods of more or less than one month. A deferment charge is earned pro rata during the deferment period and is fully earned on the last day of the deferment period. Should a loan be prepaid in full during a deferment period, the licensee shall credit to the obligor a refund of the unearned deferment charge in addition to any other refund or credit made for prepayment of the loan in full.

(6) If two or more installments are delinquent one full month or more on any due date, and if the contract so provides, the licensee may reduce the unpaid balance by the refund credit which would be required for prepayment in full on the due date of the most recent maturing installment in default. Thereafter, and in lieu of any other default or deferment charges, the agreed rate of interest may be charged on the unpaid balance until fully paid.

(7) Fifteen days after the final installment as originally scheduled or deferred, the licensee, for any loan contract which has not previously been converted to interest-bearing under paragraph (f), clause (6), may compute and charge interest on any balance remaining unpaid, including unpaid default or deferment charges, at the agreed rate of interest until fully paid. At the time of payment of said final installment, the licensee shall give notice to the obligor stating any amounts unpaid.

### HOUSE BILLS ON SECOND READING

HOUSE BILL 2188. Having been printed, was taken up and read by title a second time.

The following amendment was offered in the Committee on Consumer Protection, adopted and printed:

#### AMENDMENT NO. 1

AMENDMENT NO. 1. Amend House Bill 2188 by replacing everything after the enacting clause with the following:

"Section 5. The Criminal Code of 1961 is amended by adding Section 16G-30 as follows:

(720 ILCS 5/16G-30 new)

Sec. 16G-30. Mandating law enforcement agencies to accept and provide reports; judicial factual determination.

(a) A person who has learned or reasonably suspects that his or her personal identifying information has been unlawfully used by another may initiate a law enforcement investigation by contacting the local law enforcement agency that has jurisdiction over his or her actual residence, which shall take a police report of the matter, provide the complainant with a copy of that report, and begin an investigation of the facts or, if the suspected crime was committed in a different jurisdiction, refer the matter to the law enforcement agency where the suspected crime was committed for an investigation of the facts.

(b) A person who reasonably believes that he or she is the victim of financial identity theft may petition a court, or the court, on its own motion or upon application of the prosecuting attorney, may move for an expedited judicial determination of his or her factual innocence, where the perpetrator of the financial identity theft was arrested for, cited for, or convicted of a crime under the victim's identity, or where a criminal complaint has been filed against the perpetrator in the victim's name, or where the victim's identity has been mistakenly associated with a criminal conviction. Any judicial determination of factual innocence made pursuant to this subsection (b) may be heard and determined upon declarations, affidavits, police reports, or other material, relevant, and reliable information submitted by the parties or ordered to be part of the record by the court. If the court determines that the petition or motion is meritorious and that there is no reasonable cause to believe that the victim committed the offense for which the perpetrator of the identity theft was arrested, cited, convicted, or subject to a criminal complaint in the victim's name, or that the victim's identity has been mistakenly associated with a record of criminal conviction, the court shall find the victim factually innocent of that offense. If the victim is found factually innocent, the court shall issue an order certifying this determination.

(c) After a court has issued a determination of factual innocence under this Section, the court may order the name and associated personal identifying information contained in the court records, files, and indexes accessible by the public sealed, deleted, or labeled to show that the data is impersonated and does not reflect the defendant's identity.

(d) A court that has issued a determination of factual innocence under this Section may at any time vacate that determination if the petition, or any information submitted in support of the petition, is found to contain any material misrepresentation or fraud."

There being no further amendments, the foregoing Amendment No. 1 was ordered engrossed; and the bill, as amended, was advanced to the order of Third Reading.

At the hour of 4:15 o'clock p.m., Representative Currie moved that the House do now adjourn until Wednesday, March 19, 2003, at 10:00 o'clock a.m.

The motion prevailed.

And the House stood adjourned.
