### LETTERS OF TRANSMITTAL

May 31, 2005

Pursuant to House Rule 53 I request the following comments be added to the House record on SB-1333.

Having been the principal sponsor of HB-133, HB-341 and SB-57, all bills that deal with requiring background checks on firearm sales at gun shows, I wish to make part of the permanent record the reason why I co-sponsored and voted for SB-1333.

I support having background checks done on firearm sales at gun shows. I also support having the State Police expunge records relating to those background checks after a person has been approved. The Federal Government does so in 24 hours, Illinois should follow suit.

In the bills that I sponsored and in SB-57 which passed both chambers, there was language to require the State Police to expunge those records after 90 days, unless there was a criminal investigation, or the person was denied. Federal law as passed in 1994 requires the destruction of those records. Since Illinois' State Police act as a point of contact for the NICS system, they should follow the federal law and the rules that govern it. In the final rule that governs these records the Department of Justice wrote:

“Some commenters were concerned that the proposed rule could interfere with the retention of information about proceed transactions by Point of Contact states (“POCs”). Under the existing NICS regulations, 28 CFR 25.9(d), POCs are required to destroy information about allowed transfers that are not part of *“a record system created and maintained pursuant to independent state law regarding firearm transactions.”* See also 63 FR 58311. The FBI has advised POCs that if they do not have such state authority they must observe the same retention period for allowed transfers as the FBI under Sec. 25.9(b). Thus, POCs that do not have the specified state authority will be required to reduce their retention period to conform to the new period that the FBI will observe, pursuant to the Omnibus provision, upon the effective date of this rule. However, POCs that have state authority to retain this information may continue to do so, and such authority is not affected by this regulatory change.”

Illinois has no such law requiring the retention nor authorizing the retention of these records. And contrary to the letter issued by the Department of Justice, I do not believe that the FOID Card Act provides any such authority no matter how they or the State Police try to stretch the intent or wording of the statute.

To the contrary, the FOID Act states:

“430 ILCS 65/1) (from Ch. 38, par. 83-1)

Sec. 1. It is hereby declared as a matter of legislative determination that in order to promote and protect the health, safety and welfare of the public, it is necessary and in the public interest to provide a system of *identifying persons who are not qualified* to acquire or possess firearms and firearm ammunition within the State of Illinois by the establishment of a system of Firearm Owner's Identification Cards, thereby establishing a practical and workable system by which law enforcement

authorities will be afforded an *opportunity to identify those persons who are prohibited* by Section 24-3.1 of the “Criminal Code of 1961”, as amended, from acquiring or possessing firearms and firearm ammunition.  
(Source: Laws 1967, p. 2600)”

The FOID Act was intended to be able to identify people prohibited from owning a firearm. Not become a registry of firearm purchases or firearms themselves. SB-1333 while not as strong as I had hoped for, does not contain any language that requires nor authorizes the State Police to maintain any records on created because of the FTIP system or the background checks required under the Act. Each and every attempt to create a database of firearms sold or transferred in Illinois has been overwhelmingly rejected by the Illinois General Assembly. And I am confident that any language proposed to codify this database would be unable to pass on it’s own merits.

Furthermore, the language of SB-1333 makes it clear, that the State Police are to assign an “unique identification” to the transaction or transfer and “provide the licensee, gun show promoter, or gun show vendor with the number.” Again, nothing here instructs, requires or gives the State Police any authority to retain these records.

For these reasons I supported the legislation and had there been a requirement to keep the records as proposed in HB-794 I would have voted against it and spoke against it on the floor of the Illinois House.

Respectfully submitted,  
s/John Millner

"Section 1. Short title. This Act may be cited as the FY2006 Budget Implementation (Human Services) Act.

Section 5. Purpose. It is the purpose of this Act to implement the Governor's FY2006 budget recommendations concerning human services.

Section 10. The Illinois Administrative Procedure Act is amended by changing Section 5-45 as follows: (5 ILCS 100/5-45) (from Ch. 127, par. 1005-45)

Sec. 5-45. Emergency rulemaking.

(a) "Emergency" means the existence of any situation that any agency finds reasonably constitutes a threat to the public interest, safety, or welfare.

(b) If any agency finds that an emergency exists that requires adoption of a rule upon fewer days than is required by Section 5-40 and states in writing its reasons for that finding, the agency may adopt an emergency rule without prior notice or hearing upon filing a notice of emergency rulemaking with the Secretary of State under Section 5-70. The notice shall include the text of the emergency rule and shall be published in the Illinois Register. Consent orders or other court orders adopting settlements negotiated by an agency may be adopted under this Section. Subject to applicable constitutional or statutory provisions, an emergency rule becomes effective immediately upon filing under Section 5-65 or at a stated date less than 10 days thereafter. The agency's finding and a statement of the specific reasons for the finding shall be filed with the rule. The agency shall take reasonable and appropriate measures to make emergency rules known to the persons who may be affected by them.

(c) An emergency rule may be effective for a period of not longer than 150 days, but the agency's authority to adopt an identical rule under Section 5-40 is not precluded. No emergency rule may be adopted more than once in any 24 month period, except that this limitation on the number of emergency rules that may be adopted in a 24 month period does not apply to (i) emergency rules that make additions to and deletions from the Drug Manual under Section 5-5.16 of the Illinois Public Aid Code or the generic drug formulary under Section 3.14 of the Illinois Food, Drug and Cosmetic Act, (ii) emergency rules adopted by the Pollution Control Board before July 1, 1997 to implement portions of the Livestock Management Facilities Act, or (iii) emergency rules adopted by the Illinois Department of Public Health under subsections (a) through (i) of Section 2 of the Department of Public Health Act when necessary to protect the public's health. Two or more emergency rules having substantially the same purpose and effect shall be deemed to be a single rule for purposes of this Section.

(d) In order to provide for the expeditious and timely implementation of the State's fiscal year 1999 budget, emergency rules to implement any provision of Public Act 90-587 or 90-588 or any other budget initiative for fiscal year 1999 may be adopted in accordance with this Section by the agency charged with administering that provision or initiative, except that the 24-month limitation on the adoption of emergency rules and the provisions of Sections 5-115 and 5-125 do not apply to rules adopted under this subsection (d). The adoption of emergency rules authorized by this subsection (d) shall be deemed to be necessary for the public interest, safety, and welfare.

(e) In order to provide for the expeditious and timely implementation of the State's fiscal year 2000 budget, emergency rules to implement any provision of this amendatory Act of the 91st General Assembly or any other budget initiative for fiscal year 2000 may be adopted in accordance with this Section by the agency charged with administering that provision or initiative, except that the 24-month limitation on the adoption of emergency rules and the provisions of Sections 5-115 and 5-125 do not apply to rules adopted under this subsection (e). The adoption of emergency rules authorized by this subsection (e) shall be deemed to be necessary for the public interest, safety, and welfare.

(f) In order to provide for the expeditious and timely implementation of the State's fiscal year 2001 budget, emergency rules to implement any provision of this amendatory Act of the 91st General Assembly

or any other budget initiative for fiscal year 2001 may be adopted in accordance with this Section by the agency charged with administering that provision or initiative, except that the 24-month limitation on the adoption of emergency rules and the provisions of Sections 5-115 and 5-125 do not apply to rules adopted under this subsection (f). The adoption of emergency rules authorized by this subsection (f) shall be deemed to be necessary for the public interest, safety, and welfare.

(g) In order to provide for the expeditious and timely implementation of the State's fiscal year 2002 budget, emergency rules to implement any provision of this amendatory Act of the 92nd General Assembly or any other budget initiative for fiscal year 2002 may be adopted in accordance with this Section by the agency charged with administering that provision or initiative, except that the 24-month limitation on the adoption of emergency rules and the provisions of Sections 5-115 and 5-125 do not apply to rules adopted under this subsection (g). The adoption of emergency rules authorized by this subsection (g) shall be deemed to be necessary for the public interest, safety, and welfare.

(h) In order to provide for the expeditious and timely implementation of the State's fiscal year 2003 budget, emergency rules to implement any provision of this amendatory Act of the 92nd General Assembly or any other budget initiative for fiscal year 2003 may be adopted in accordance with this Section by the agency charged with administering that provision or initiative, except that the 24-month limitation on the adoption of emergency rules and the provisions of Sections 5-115 and 5-125 do not apply to rules adopted under this subsection (h). The adoption of emergency rules authorized by this subsection (h) shall be deemed to be necessary for the public interest, safety, and welfare.

(i) In order to provide for the expeditious and timely implementation of the State's fiscal year 2004 budget, emergency rules to implement any provision of this amendatory Act of the 93rd General Assembly or any other budget initiative for fiscal year 2004 may be adopted in accordance with this Section by the agency charged with administering that provision or initiative, except that the 24-month limitation on the adoption of emergency rules and the provisions of Sections 5-115 and 5-125 do not apply to rules adopted under this subsection (i). The adoption of emergency rules authorized by this subsection (i) shall be deemed to be necessary for the public interest, safety, and welfare.

(j) In order to provide for the expeditious and timely implementation of the provisions of the State's fiscal year 2005 budget as provided under the Fiscal Year 2005 Budget Implementation (Human Services) Act, emergency rules to implement any provision of the Fiscal Year 2005 Budget Implementation (Human Services) Act may be adopted in accordance with this Section by the agency charged with administering that provision, except that the 24-month limitation on the adoption of emergency rules and the provisions of Sections 5-115 and 5-125 do not apply to rules adopted under this subsection (j). Section 12. The Illinois Act on the Aging is amended by changing Section 4.02 as follows:

(20 ILCS 105/4.02) (from Ch. 23, par. 6104.02)

Sec. 4.02. The Department shall establish a program of services to prevent unnecessary institutionalization of persons age 60 and older in need of long term care or who are established as persons who suffer from Alzheimer's disease or a related disorder under the Alzheimer's Disease Assistance Act, thereby enabling them to remain in their own homes or in other living arrangements. Such preventive services, which may be coordinated with other programs for the aged and monitored by area agencies on aging in cooperation with the Department, may include, but are not limited to, any or all of the following:

(a) home health services;

- (b) home nursing services;
- (c) homemaker services;
- (d) chore and housekeeping services;
- (e) day care services;
- (f) home-delivered meals;
- (g) education in self-care;
- (h) personal care services;
- (i) adult day health services;
- (j) habilitation services;
- (k) respite care;
- (k-5) community reintegration services;
- (l) other nonmedical social services that may enable the person to become self-supporting; or
- (m) clearinghouse for information provided by senior citizen home owners who want to rent rooms to or share living space with other senior citizens.

The Department shall establish eligibility standards for such services taking into consideration the unique economic and social needs of the target population for whom they are to be provided. Such eligibility standards shall be based on the recipient's ability to pay for services; provided, however, that in determining the amount and nature of services for which a person may qualify, consideration shall not be given to the value of cash, property or other assets held in the name of the person's spouse pursuant to a written agreement dividing marital property into equal but separate shares or pursuant to a transfer of the person's interest in a home to his spouse, provided that the spouse's share of the marital property is not made available to the person seeking such services.

Beginning July 1, 2002, the Department shall require as a condition of eligibility that all financially eligible applicants and recipients apply for medical assistance under Article V of the Illinois Public Aid Code in accordance with rules promulgated by the Department.

The Department shall, in conjunction with the Department of Public Aid, seek appropriate amendments under Sections 1915 and 1924 of the Social Security Act. The purpose of the amendments shall be to extend eligibility for home and community based services under Sections 1915 and 1924 of the Social Security Act to persons who transfer to or for the benefit of a spouse those amounts of income and resources allowed under Section 1924 of the Social Security Act. Subject to the approval of such amendments, the Department shall extend the provisions of Section 5-4 of the Illinois Public Aid Code to persons who, but for the provision of home or community-based services, would require the level of care provided in an institution, as is provided for in federal law. Those persons no longer found to be eligible for receiving noninstitutional services due to changes in the eligibility criteria shall be given 60 days notice prior to actual termination. Those persons receiving notice of termination may contact the Department and request the determination be appealed at any time during the 60 day notice period. With the exception of the lengthened notice and time frame for the appeal request, the appeal process shall follow the normal procedure. In addition, each person affected regardless of the circumstances for discontinued eligibility shall be given notice and the opportunity to purchase the necessary services through the Community Care Program. If the individual does not elect to purchase services, the Department shall advise the individual of alternative services. The target population identified for the purposes of this Section are persons age 60 and older with an identified service need. Priority shall be given to those who are at imminent risk of institutionalization. The services shall be provided to eligible persons age 60 and older to the extent that the cost of the services together with the other personal maintenance expenses of the persons are reasonably related to the standards established for care in a group facility appropriate to the person's condition. These non-institutional services, pilot projects or experimental facilities may be provided as part of or in addition to those authorized by federal law or those funded and administered by the Department of Human Services. The Departments of Human Services, Public Aid, Public Health, Veterans' Affairs, and Commerce and Economic Opportunity and other appropriate agencies of State, federal and local governments shall cooperate with the Department on Aging in the establishment and development of the non-institutional services. The Department shall require an annual audit from all chore/housekeeping and homemaker vendors contracting with the Department under this Section. The annual audit shall assure that each audited vendor's procedures are in compliance with Department's financial reporting guidelines requiring an administrative and employee wage and benefits cost split as defined in administrative rules ~~a 27% administrative cost split and a 73% employee wages and benefits cost split~~. The audit is a public record under the Freedom of Information Act. The Department shall execute, relative to the nursing home

prescreening project, written inter-agency agreements with the Department of Human Services and the Department of Public Aid, to effect the following: (1) intake procedures and common eligibility criteria for those persons who are receiving non-institutional services; and (2) the establishment and development of non-institutional services in areas of the State where they are not currently available or are undeveloped. On and after July 1, 1996, all nursing home prescreenings for individuals 60 years of age or older shall be conducted by the Department.

The Department is authorized to establish a system of recipient copayment for services provided under this Section, such copayment to be based upon the recipient's ability to pay but in no case to exceed the actual cost of the services provided. Additionally, any portion of a person's income which is equal to or less than the federal poverty standard shall not be considered by the Department in determining the copayment. The level of such copayment shall be adjusted whenever necessary to reflect any change in the officially designated federal poverty standard.

The Department, or the Department's authorized representative, shall recover the amount of moneys expended for services provided to or in behalf of a person under this Section by a claim against the person's estate or against the estate of the person's surviving spouse, but no recovery may be had until after the death of the surviving spouse, if any, and then only at such time when there is no surviving child who is under age 21, blind, or permanently and totally disabled. This paragraph, however, shall not bar recovery, at the death of the person, of moneys for services provided to the person or in behalf of the person under this Section to which the person was not entitled; provided that such recovery shall not be enforced against any real estate while it is occupied as a homestead by the surviving spouse or other dependent, if no claims by other creditors have been filed against the estate, or, if such claims have been filed, they remain dormant for failure of prosecution or failure of the claimant to compel administration of the estate for the purpose of payment. This paragraph shall not bar recovery from the estate of a spouse, under Sections 1915 and 1924 of the Social Security Act and Section 5-4 of the Illinois Public Aid Code, who precedes a person receiving services under this Section in death. All moneys for services paid to or in behalf of the person under this Section shall be claimed for recovery from the deceased spouse's estate. "Homestead", as used in this paragraph, means the dwelling house and contiguous real estate occupied by a surviving spouse or relative, as defined by the rules and regulations of the Illinois Department of Public Aid, regardless of the value of the property.

The Department shall develop procedures to enhance availability of services on evenings, weekends, and on an emergency basis to meet the respite needs of caregivers. Procedures shall be developed to permit the utilization of services in successive blocks of 24 hours up to the monthly maximum established by the Department. Workers providing these services shall be appropriately trained.

Beginning on the effective date of this Amendatory Act of 1991, no person may perform chore/housekeeping and homemaker services under a program authorized by this Section unless that person has been issued a certificate of pre-service to do so by his or her employing agency. Information gathered to effect such certification shall include (i) the person's name, (ii) the date the person was hired by his or her current employer, and (iii) the training, including dates and levels. Persons engaged in the program authorized by this Section before the effective date of this amendatory Act of 1991 shall be issued a certificate of all pre- and in-service training from his or her employer upon submitting the necessary information. The employing agency shall be required to retain records of all staff pre- and in-service training, and shall provide such records to the Department upon request and upon termination of the employer's contract with the Department. In addition, the employing agency is responsible for the issuance of certifications of in-service training completed to their employees.

The Department is required to develop a system to ensure that persons working as homemakers and chore housekeepers receive increases in their wages when the federal minimum wage is increased by requiring vendors to certify that they are meeting the federal minimum wage statute for homemakers and chore housekeepers. An employer that cannot ensure that the minimum wage increase is being given to homemakers and chore housekeepers shall be denied any increase in reimbursement costs.

The Department on Aging and the Department of Human Services shall cooperate in the development and submission of an annual report on programs and services provided under this Section. Such joint report shall be filed with the Governor and the General Assembly on or before September 30 each year.

The requirement for reporting to the General Assembly shall be satisfied by filing copies of the report with the Speaker, the Minority Leader and the Clerk of the House of Representatives and the President, the Minority Leader and the Secretary of the Senate and the Legislative Research Unit, as required by Section 3.1 of the General Assembly Organization Act and filing such additional copies with the State Government Report Distribution Center for the General Assembly as is required under paragraph (t) of Section 7 of the

## State Library Act.

Those persons previously found eligible for receiving non-institutional services whose services were discontinued under the Emergency Budget Act of Fiscal Year 1992, and who do not meet the eligibility standards in effect on or after July 1, 1992, shall remain ineligible on and after July 1, 1992. Those persons previously not required to cost-share and who were required to cost-share effective March 1, 1992, shall continue to meet cost-share requirements on and after July 1, 1992. Beginning July 1, 1992, all clients will be required to meet eligibility, cost-share, and other requirements and will have services discontinued or altered when they fail to meet these requirements.

Section 20. The Illinois Public Aid Code is amended by changing Sections 5-5.4, 5-5.12, 5-11, and 12-4.35 as follows:

(305 ILCS 5/5-5.4) (from Ch. 23, par. 5-5.4)

Sec. 5-5.4. Standards of Payment - Department of Public Aid. The Department of Public Aid shall develop standards of payment of skilled nursing and intermediate care services in facilities providing such services under this Article which:

(1) Provide for the determination of a facility's payment for skilled nursing and intermediate care services on a prospective basis. The amount of the payment rate for all nursing facilities certified by the Department of Public Health under the Nursing Home Care Act as Intermediate Care for the Developmentally Disabled facilities, Long Term Care for Under Age 22 facilities, Skilled Nursing facilities, or Intermediate Care facilities under the medical assistance program shall be prospectively established annually on the basis of historical, financial, and statistical data reflecting actual costs from prior years, which shall be applied to the current rate year and updated for inflation, except that the capital cost element for newly constructed facilities shall be based upon projected budgets. The annually established payment rate shall take effect on July 1 in 1984 and subsequent years. No rate increase and no update for inflation shall be provided on or after July 1, 1994 and before July 1, 2006 2005, unless

specifically provided for in this Section. The changes made by this amendatory Act of the 93rd General Assembly extending the duration of the prohibition against a rate increase or update for inflation are effective retroactive to July 1, 2004.

For facilities licensed by the Department of Public Health under the Nursing Home Care Act as Intermediate Care for the Developmentally Disabled facilities or Long Term Care for Under Age 22 facilities, the rates taking effect on July 1, 1998 shall include an increase of 3%. For facilities licensed by the Department of Public Health under the Nursing Home Care Act as Skilled Nursing facilities or Intermediate Care facilities, the rates taking effect on July 1, 1998 shall include an increase of 3% plus \$1.10 per resident-day, as defined by the Department.

For facilities licensed by the Department of Public Health under the Nursing Home Care Act as Intermediate Care for the Developmentally Disabled facilities or Long Term Care for Under Age 22 facilities, the rates taking effect on July 1, 1999 shall include an increase of 1.6% plus \$3.00 per resident-day, as defined by the Department. For facilities licensed by the Department of Public Health under the Nursing Home Care Act as Skilled Nursing facilities or Intermediate Care facilities, the rates taking effect on July 1, 1999 shall include an increase of 1.6% and, for services provided on or after October 1, 1999, shall be increased by \$4.00 per resident-day, as defined by the Department.

For facilities licensed by the Department of Public Health under the Nursing Home Care Act as Intermediate Care for the Developmentally Disabled facilities or Long Term Care for Under Age 22 facilities, the rates taking effect on July 1, 2000 shall include an increase of 2.5% per resident-day, as defined by the Department. For facilities licensed by the Department of Public Health under the Nursing Home Care Act as Skilled Nursing facilities or Intermediate Care facilities, the rates taking effect on July 1, 2000 shall include an increase of 2.5% per resident-day, as defined by the Department.

For facilities licensed by the Department of Public Health under the Nursing Home Care Act as skilled nursing facilities or intermediate care facilities, a new payment methodology must be implemented for the nursing component of the rate effective July 1, 2003. The Department of Public Aid shall develop the new payment methodology using the Minimum Data Set (MDS) as the instrument to collect information concerning nursing home resident condition necessary to compute the rate. The Department of Public Aid shall develop the new payment methodology to meet the unique needs of Illinois nursing home residents while remaining subject to the appropriations provided by the General Assembly. A transition period from the payment methodology in effect on June 30, 2003 to the payment methodology in effect on July 1, 2003 shall be provided for a period not exceeding 2 years after implementation of the new payment methodology as follows:

(A) For a facility that would receive a lower nursing component rate per patient day under the new system than the facility received effective on the date immediately preceding the date that the Department implements the new payment methodology, the nursing component rate per patient day for the facility shall be held at the level in effect on the date immediately preceding the date that the Department implements the new payment methodology until a higher nursing component rate of reimbursement is achieved by that facility.

(B) For a facility that would receive a higher nursing component rate per patient day under the payment methodology in effect on July 1, 2003 than the facility received effective on the date immediately preceding the date that the Department implements the new payment methodology, the nursing component rate per patient day for the facility shall be adjusted.

(C) Notwithstanding paragraphs (A) and (B), the nursing component rate per patient day for the facility shall be adjusted subject to appropriations provided by the General Assembly.

For facilities licensed by the Department of Public Health under the Nursing Home Care Act as Intermediate Care for the Developmentally Disabled facilities or Long Term Care for Under Age 22 facilities, the rates taking effect on March 1, 2001 shall include a statewide increase of 7.85%, as defined by the Department.

For facilities licensed by the Department of Public Health under the Nursing Home Care Act as Intermediate Care for the Developmentally Disabled facilities or Long Term Care for Under Age 22 facilities, the rates taking effect on April 1, 2002 shall include a statewide increase of 2.0%, as defined by the Department. This increase terminates on July 1, 2002; beginning July 1, 2002 these rates are reduced to the level of the rates in effect on March 31, 2002, as defined by the Department.

For facilities licensed by the Department of Public Health under the Nursing Home Care Act as skilled nursing facilities or intermediate care facilities, the rates taking effect on July 1, 2001 shall be computed using the most recent cost reports on file with the Department of Public Aid no later than April 1, 2000, updated for inflation to January 1, 2001. For rates effective July 1, 2001 only, rates shall be the greater of

the rate computed for July 1, 2001 or the rate effective on June 30, 2001.

Notwithstanding any other provision of this Section, for facilities licensed by the Department of Public Health under the Nursing Home Care Act as skilled nursing facilities or intermediate care facilities, the Illinois Department shall determine by rule the rates taking effect on July 1, 2002, which shall be 5.9% less than the rates in effect on June 30, 2002.

Notwithstanding any other provision of this Section, for facilities licensed by the Department of Public Health under the Nursing Home Care Act as skilled nursing facilities or intermediate care facilities, if the payment methodologies required under Section 5A-12 and the waiver granted under 42 CFR 433.68 are approved by the United States Centers for Medicare and Medicaid Services, the rates taking effect on July 1, 2004 shall be 3.0% greater than the rates in effect on June 30, 2004. These rates shall take effect only upon approval and implementation of the payment methodologies required under Section 5A-12.

Notwithstanding any other provisions of this Section, for facilities licensed by the Department of Public Health under the Nursing Home Care Act as skilled nursing facilities or intermediate care facilities, the rates taking effect on January 1, 2005 shall be 3% more than the rates in effect on December 31, 2004.

For facilities licensed by the Department of Public Health under the Nursing Home Care Act as Intermediate Care for the Developmentally Disabled facilities or as long-term care facilities for residents under 22 years of age, the rates taking effect on July 1, 2003 shall include a statewide increase of 4%, as defined by the Department.

Notwithstanding any other provision of this Section, for facilities licensed by the Department of Public Health under the Nursing Home Care Act as skilled nursing facilities or intermediate care facilities, effective January 1, 2005, facility rates shall be increased by the difference between (i) a facility's per diem property, liability, and malpractice insurance costs as reported in the cost report filed with the Department of Public Aid and used to establish rates effective July 1, 2001 and (ii) those same costs as reported in the facility's 2002 cost report. These costs shall be passed through to the facility without caps or limitations, except for adjustments required under normal auditing procedures.

Rates established effective each July 1 shall govern payment for services rendered throughout that fiscal year, except that rates established on July 1, 1996 shall be increased by 6.8% for services provided on or after January 1, 1997. Such rates will be based upon the rates calculated for the year beginning July 1, 1990, and for subsequent years thereafter until June 30, 2001 shall be based on the facility cost reports for the facility fiscal year ending at any point in time during the previous calendar year, updated to the midpoint of the rate year. The cost report shall be on file with the Department no later than April 1 of the current rate year. Should the cost report not be on file by April 1, the Department shall base the rate on the latest cost report filed by each skilled care facility and intermediate care facility, updated to the midpoint of the current rate year. In determining rates for services rendered on and after July 1, 1985, fixed time shall not be computed at less than zero. The Department shall not make any alterations of regulations which would reduce any component of the Medicaid rate to a level below what that component would have been utilizing in the rate effective on July 1, 1984.

(2) Shall take into account the actual costs incurred by facilities in providing services for recipients of skilled nursing and intermediate care services under the medical assistance program.

(3) Shall take into account the medical and psycho-social characteristics and needs of the patients.

(4) Shall take into account the actual costs incurred by facilities in meeting licensing and certification standards imposed and prescribed by the State of Illinois, any of its political subdivisions or municipalities and by the U.S. Department of Health and Human Services pursuant to Title XIX of the Social Security Act.

The Department of Public Aid shall develop precise standards for payments to reimburse nursing facilities for any utilization of appropriate rehabilitative personnel for the provision of rehabilitative services which is authorized by federal regulations, including reimbursement for services provided by qualified therapists or qualified assistants, and which is in accordance with accepted professional practices. Reimbursement also may be made for utilization of other supportive personnel under appropriate supervision.

Sec. 5-5.12. Pharmacy payments.

(a) Every request submitted by a pharmacy for reimbursement under this Article for prescription drugs provided to a recipient of aid under this Article shall include the name of the prescriber or an acceptable

identification number as established by the Department.

(b) Pharmacies providing prescription drugs under this Article shall be reimbursed at a rate which shall include a professional dispensing fee as determined by the Illinois Department, plus the current acquisition cost of the prescription drug dispensed. The Illinois Department shall update its information on the acquisition costs of all prescription drugs no less frequently than every 30 days. However, the Illinois Department may set the rate of reimbursement for the acquisition cost, by rule, at a percentage of the current average wholesale acquisition cost.

~~(c) (Blank). Reimbursement under this Article for prescription drugs shall be limited to reimbursement for 4 brand name prescription drugs per patient per month. This subsection applies only if (i) the brand name drug was not prescribed for an acute or urgent condition, (ii) the brand name drug was not prescribed for Alzheimer's disease, arthritis, diabetes, HIV/AIDS, a mental health condition, or respiratory disease, and (iii) a therapeutically equivalent generic medication has been approved by the federal Food and Drug Administration.~~

(d) The Department shall not impose requirements for prior approval based on a preferred drug list for anti-retroviral, anti-hemophilic factor concentrates, or any atypical antipsychotics, conventional antipsychotics, or anticonvulsants used for the treatment of serious mental illnesses until 30 days after it has conducted a study of the impact of such requirements on patient care and submitted a report to the Speaker of the House of Representatives and the President of the Senate.

(305 ILCS 5/5-11) (from Ch. 23, par. 5-11)

Sec. 5-11. Co-operative arrangements; contracts with other State agencies, health care and rehabilitation organizations, and fiscal intermediaries.

(a) The Illinois Department may enter into co-operative arrangements with State agencies responsible for administering or supervising the administration of health services and vocational rehabilitation services to the end that there may be maximum utilization of such services in the provision of medical assistance.

The Illinois Department shall, not later than June 30, 1993, enter into one or more co-operative arrangements with the Department of Mental Health and Developmental Disabilities providing that the Department of Mental Health and Developmental Disabilities will be responsible for administering or supervising all programs for services to persons in community care facilities for persons with developmental disabilities, including but not limited to intermediate care facilities, that are supported by State funds or by funding under Title XIX of the federal Social Security Act. The responsibilities of the Department of Mental Health and Developmental Disabilities under these agreements are transferred to the Department of Human Services as provided in the Department of Human Services Act.

The Department may also contract with such State health and rehabilitation agencies and other public or private health care and rehabilitation organizations to act for it in supplying designated medical services to persons eligible therefor under this Article. Any contracts with health services or health maintenance organizations shall be restricted to organizations which have been certified as being in compliance with standards promulgated pursuant to the laws of this State governing the establishment and operation of health services or health maintenance organizations. The Department shall renegotiate the contracts with health maintenance organizations and managed care community networks that took effect August 1, 2003, so as to produce \$70,000,000 savings to the Department net of resulting increases to the fee-for-service program for State fiscal year 2006. The Department may also contract with insurance companies or other corporate entities serving as fiscal intermediaries in this State for the Federal Government in respect to Medicare payments under Title XVIII of the Federal Social Security Act to act for the Department in paying medical care suppliers. The provisions of Section 9 of "An Act in relation to State finance", approved June 10, 1919, as amended, notwithstanding, such contracts with State agencies, other health care and rehabilitation organizations, or fiscal intermediaries may provide for advance payments.

(b) For purposes of this subsection (b), "managed care community network" means an entity, other than a health maintenance organization, that is owned, operated, or governed by providers of health care services within this State and that provides or arranges primary, secondary, and tertiary managed health care services under contract with the Illinois Department exclusively to persons participating in programs administered by the Illinois Department.

The Illinois Department may certify managed care community networks, including managed care community networks owned, operated, managed, or governed by State-funded medical schools, as risk-bearing entities eligible to contract with the Illinois Department as Medicaid managed care organizations. The Illinois Department may contract with those managed care community networks to furnish health care services to or arrange those services for individuals participating in programs

administered by the Illinois Department. The rates for those provider-sponsored organizations may be determined on a prepaid, capitated basis. A managed care community network may choose to contract with the Illinois Department to provide only pediatric health care services. The Illinois Department shall by rule adopt the criteria, standards, and procedures by which a managed care community network may be permitted to contract with the Illinois Department and shall consult with the Department of Insurance in adopting these rules.

A county provider as defined in Section 15-1 of this Code may contract with the Illinois Department to provide primary, secondary, or tertiary managed health care services as a managed care community network without the need to establish a separate entity and shall be deemed a managed care community network for purposes of this Code only to the extent it provides services to participating individuals. A county provider is entitled to contract with the Illinois Department with respect to any contracting region located in whole or in part within the county. A county provider is not required to accept enrollees who do not reside within the county.

In order to (i) accelerate and facilitate the development of integrated health care in contracting areas outside counties with populations in excess of 3,000,000 and counties adjacent to those counties and (ii) maintain and sustain the high quality of education and residency programs coordinated and associated with local area hospitals, the Illinois Department may develop and implement a demonstration program from managed care community networks owned, operated, managed, or governed by State-funded medical schools. The Illinois Department shall prescribe by rule the criteria, standards, and procedures for effecting this demonstration program.

A managed care community network that contracts with the Illinois Department to furnish health care services to or arrange those services for enrollees participating in programs administered by the Illinois Department shall do all of the following:

(1) Provide that any provider affiliated with the managed care community network may also provide services on a fee-for-service basis to Illinois Department clients not enrolled in such managed care entities.

(2) Provide client education services as determined and approved by the Illinois Department, including but not limited to (i) education regarding appropriate utilization of health care services in a managed care system, (ii) written disclosure of treatment policies and restrictions or limitations on health services, including, but not limited to, physical services, clinical laboratory tests, hospital and surgical procedures, prescription drugs and biologics, and radiological examinations, and (iii) written notice that the enrollee may receive from another provider those covered services that are not provided by the managed care community network.

(3) Provide that enrollees within the system may choose the site for provision of services and the panel of health care providers.

(4) Not discriminate in enrollment or disenrollment practices among recipients of medical services or enrollees based on health status.

(5) Provide a quality assurance and utilization review program that meets the requirements established by the Illinois Department in rules that incorporate those standards set forth in the Health Maintenance Organization Act.

(6) Issue a managed care community network identification card to each enrollee upon enrollment. The card must contain all of the following:

(A) The enrollee's health plan.

(B) The name and telephone number of the enrollee's primary care physician or the site for receiving primary care services.

(C) A telephone number to be used to confirm eligibility for benefits and authorization for services that is available 24 hours per day, 7 days per week.

(7) Ensure that every primary care physician and pharmacy in the managed care community network meets the standards established by the Illinois Department for accessibility and quality of care. The Illinois Department shall arrange for and oversee an evaluation of the standards established under this paragraph (7) and may recommend any necessary changes to these standards.

(8) Provide a procedure for handling complaints that meets the requirements established by the Illinois Department in rules that incorporate those standards set forth in the Health Maintenance Organization Act.

(9) Maintain, retain, and make available to the Illinois Department records, data, and information, in a uniform manner determined by the Illinois Department, sufficient for the Illinois Department to monitor utilization, accessibility, and quality of care.

(10) Provide that the pharmacy formulary used by the managed care community network and its contract providers be no more restrictive than the Illinois Department's pharmaceutical program on the effective date of this amendatory Act of 1998 and as amended after that date.

The Illinois Department shall contract with an entity or entities to provide external peer-based quality assurance review for the managed health care programs administered by the Illinois Department. The entity shall be representative of Illinois physicians licensed to practice medicine in all its branches and have statewide geographic representation in all specialties of medical care that are provided in managed health care programs administered by the Illinois Department. The entity may not be a third party payer and shall maintain offices in locations around the State in order to provide service and continuing medical education to physician participants within those managed health care programs administered by the Illinois Department. The review process shall be developed and conducted by Illinois physicians licensed to practice medicine in all its branches. In consultation with the entity, the Illinois Department may contract with other entities for professional peer-based quality assurance review of individual categories of services other than services provided, supervised, or coordinated by physicians licensed to practice medicine in all its branches. The Illinois Department shall establish, by rule, criteria to avoid conflicts of interest in the conduct of quality assurance activities consistent with professional peer-review standards. All quality assurance activities shall be coordinated by the Illinois Department.

Each managed care community network must demonstrate its ability to bear the financial risk of serving individuals under this program. The Illinois Department shall by rule adopt standards for assessing the solvency and financial soundness of each managed care community network. Any solvency and financial standards adopted for managed care community networks shall be no more restrictive than the solvency and financial standards adopted under Section 1856(a) of the Social Security Act for provider-sponsored organizations under Part C of Title XVIII of the Social Security Act.

The Illinois Department may implement the amendatory changes to this Code made by this amendatory Act of 1998 through the use of emergency rules in accordance with Section 5-45 of the Illinois Administrative Procedure Act. For purposes of that Act, the adoption of rules to implement these changes is deemed an emergency and necessary for the public interest, safety, and welfare.

(c) Not later than June 30, 1996, the Illinois Department shall enter into one or more cooperative arrangements with the Department of Public Health for the purpose of developing a single survey for nursing facilities, including but not limited to facilities funded under Title XVIII or Title XIX of the federal Social Security Act or both, which shall be administered and conducted solely by the Department of Public Health. The Departments shall test the single survey process on a pilot basis, with both the Departments of Public Aid and Public Health represented on the consolidated survey team. The pilot will sunset June 30, 1997. After June 30, 1997, unless otherwise determined by the Governor, a single survey shall be implemented by the Department of Public Health which would not preclude staff from the Department of Public Aid from going on-site to nursing facilities to perform necessary audits and reviews which shall not replicate the single State agency survey required by this Act. This Section shall not apply to community or intermediate care facilities for persons with developmental disabilities.

(d) Nothing in this Code in any way limits or otherwise impairs the authority or power of the Illinois Department to enter into a negotiated contract pursuant to this Section with a managed care community network or a health maintenance organization, as defined in the Health Maintenance Organization Act, that provides for termination or nonrenewal of the contract without cause, upon notice as provided in the contract, and without a hearing.

(305 ILCS 5/12-4.35)

Sec. 12-4.35. Medical services for certain noncitizens.

(a) ~~Notwithstanding~~ ~~Subject to specific appropriation for this purpose, and notwithstanding~~ Section 1-11 of this Code or Section 20(a) of the Children's Health Insurance Program Act, the Department of Public Aid may provide medical services to noncitizens who have not yet attained 19 years of age and who are not eligible for medical assistance under Article V of this Code or under the Children's Health Insurance Program created by the Children's Health Insurance Program Act due to their not meeting the otherwise applicable provisions of Section 1-11 of this Code or Section 20(a) of the Children's Health Insurance Program Act. The medical services available, standards for eligibility, and other conditions of participation under this Section shall be established by rule by the Department; however, any such rule shall be at least as restrictive as the rules for medical assistance under Article V of this Code or the Children's Health Insurance Program created by the Children's Health Insurance Program Act.

(b) The Department is authorized to take any action, including without limitation cessation of

enrollment, reduction of available medical services, and changing standards for eligibility, that is deemed necessary by the Department during a State fiscal year to assure that payments under this Section do not exceed available funds ~~the amounts appropriated for this purpose~~.

(c) ~~Continued~~ In the event that the appropriation in any fiscal year for the Children's Health Insurance Program created by the Children's Health Insurance Program Act is determined by the Department to be insufficient to continue enrollment of otherwise eligible children under that Program during that fiscal year, the Department is authorized to use funds appropriated for the purposes of this Section to fund that Program and to take any other action necessary to continue the operation of that Program. Furthermore, continued enrollment of individuals into the program created under this Section in any fiscal year is contingent upon continued enrollment of individuals into the Children's Health Insurance Program during that fiscal year.

(d) ~~(Blank). The General Assembly finds that the adoption of rules to meet the purposes of subsections (a), (b), and (c) is an emergency and necessary for the public interest, safety, and welfare. The Department may adopt such rules through the use of emergency rulemaking in accordance with Section 5-45 of the Illinois Administrative Procedure Act, except that the limitation on the number of emergency rules that may be adopted in a 24-month period shall not apply.~~

Section 25. The All-Inclusive Care for the Elderly Act is amended by changing Sections 10 and 15 as follows:

(320 ILCS 40/10) (from Ch. 23, par. 6910)

Sec. 10. Services for eligible persons. Within the context of the PACE program established under this Act, the Illinois Department of Public Aid may include any or all of the services in Article 5 of the Illinois Public Aid Code.

An eligible person may elect to receive services from the PACE program. If such an election is made, the eligible person shall not remain eligible for payment through the regular Medicare or Medicaid program. All services and programs provided through the PACE program shall be provided in accordance with this Act. An eligible person may elect to disenroll from the PACE program at any time.

For purposes of this Act, "eligible person" means a frail elderly individual who voluntarily enrolls in the PACE program, whose income and resources do not exceed limits established by the Illinois Department of Public Aid and for whom a licensed physician certifies that such a program provides an appropriate alternative to institutionalized care. The term "frail elderly" means an individual who meets the age and functional eligibility requirements ~~as established by the Illinois Department of Public Aid and the Department on Aging for nursing home care, and who is 65 years of age or older.~~

(320 ILCS 40/15) (from Ch. 23, par. 6915)

Sec. 15. Program implementation.

(a) Upon receipt of federal approval ~~waivers~~, the Illinois Department of Public Aid shall implement the PACE program pursuant to the provisions of the approved Title XIX State plan as a demonstration program to provide the services set forth in Section 10 to eligible persons, as defined in Section 10, for a period of 3 years. After the 3-year demonstration, the General Assembly shall reexamine the PACE program and determine if the program should be implemented on a permanent basis.

(b) Using a risk-based financing model, the nonprofit organization providing the PACE program shall assume responsibility for all costs generated by the PACE program participants, and it shall create and maintain a risk reserve fund that will cover any cost overages for any participant. The PACE program is responsible for the entire range of services in the consolidated service model, including hospital and nursing home care, according to participant need as determined by a multidisciplinary team. The nonprofit organization providing the PACE program is responsible for the full financial risk ~~at the conclusion of the demonstration period and when permanent waivers from the federal Health Care Financing Administration are granted.~~ Specific arrangements of the risk-based financing model shall be adopted and negotiated by the federal Centers for Medicare and Medicaid Services ~~Health Care Financing Administration~~, the nonprofit organization providing the PACE program, and the Illinois Department of Public Aid.

"Section 5. The Eliminate the Digital Divide Law is amended by changing Sections 5-30 and 5-45 as follows:

(30 ILCS 780/5-30)

Sec. 5-30. Community Technology Center Grant Program.

(a) Subject to appropriation, the Department shall administer the Community Technology Center Grant Program under which the Department shall make grants in accordance with this Article for planning, establishment, administration, and expansion of Community Technology Centers and for assisting public hospitals, libraries, and park districts in eliminating the digital divide. The purposes of the grants shall include, but not be limited to, volunteer recruitment and management, training and instruction, infrastructure, and related goods and services, including case management, administration, personal information management, and outcome-tracking tools and software for the purposes of reporting to the Department and for enabling participation in digital government and consumer services programs, for Community Technology Centers and public hospitals, libraries, and park districts. ~~The total amount of grants under this Section in fiscal year 2001 shall not exceed \$2,000,000, except that this limit on grants shall not apply to grants funded by appropriations from the Digital Divide Elimination Fund. No Community Technology Center may receive a grant of more than \$75,000 \$50,000 under this Section in a particular fiscal year.~~

(b) Public hospitals, libraries, park districts, and State educational agencies, local educational agencies, institutions of higher education, and other public and private nonprofit or for-profit agencies and organizations are eligible to receive grants under this Program, provided that a local educational agency or public or private educational agency or organization must, in order to be eligible to receive grants under this Program, provide computer access and educational services using information technology to the public at one or more of its educational buildings or facilities at least 12 hours each week. A group of eligible entities is also eligible to receive a grant if the group follows the procedures for group applications in 34 CFR 75.127-129 of the Education Department General Administrative Regulations.

To be eligible to apply for a grant, a Community Technology Center, public hospital, library, or park district must serve a community in which not less than 40% of the students are eligible for a free or reduced price lunch under the national school lunch program or in which not less than 30% of the students are eligible for a free lunch under the national school lunch program; however, if funding is insufficient to approve all grant applications for a particular fiscal year, the Department may impose a higher minimum percentage threshold for that fiscal year. Determinations of communities and determinations of the percentage of students in a community who are eligible for a free or reduced price lunch under the national school lunch program shall be in accordance with rules adopted by the Department.

Any entities that have received a Community Technology Center grant under the federal Community Technology Centers Program are also eligible to apply for grants under this Program.

The Department shall provide assistance to Community Technology Centers in making those determinations for purposes of applying for grants.

(c) Grant applications shall be submitted to the Department on a schedule of one or more deadlines established by the Department by rule not later than March 15 for the next fiscal year.

(d) The Department shall adopt rules setting forth the required form and contents of grant applications.

(e) There is created the Digital Divide Elimination Advisory Committee. The members of the advisory committee shall receive no compensation for their services as members of the advisory committee but may be reimbursed for their actual expenses incurred in serving on the advisory committee. The Digital Divide Elimination Advisory Committee shall advise the Department in establishing criteria and priorities for identifying recipients of grants under this Act. The advisory committee shall obtain advice from the technology industry regarding current technological standards. The advisory committee shall seek any available federal funding.

(f) There is created the Digital Divide Elimination Working Group. The Working Group shall consist of the Director of Commerce and Economic Opportunity, or his or her designee, the Director of Central Management Services, or his or her designee, and the Executive Director of the Illinois Commerce Commission, or his or her designee. (g) Duties of the Digital Divide Elimination Working Group include all of the following:

AMENDMENT NO. 1. Amend House Bill 2244 by replacing everything after the enacting clause with the following:

"Section 5. The Voluntary Payroll Deductions Act of 1983 is amended by changing Section 3 as follows: (5 ILCS 340/3) (from Ch. 15, par. 503)

Sec. 3. Definitions. As used in this Act unless the context otherwise requires:

(a) "Employee" means any regular officer or employee who receives salary or wages for personal services rendered to the State of Illinois, and includes an individual hired as an employee by contract with that individual.

(b) "Qualified organization" means an organization representing one or more benefiting agencies, which organization is designated by the State Comptroller as qualified to receive payroll deductions under this Act. An organization desiring to be designated as a qualified organization shall:

(1) Submit written designations on forms approved by the State Comptroller by 4,000 or more employees or State annuitants, in which such employees or State annuitants indicate that the organization is one for which the employee or State annuitant intends to authorize withholding. The forms shall require the name, last 4 digits only of the social security number, and employing State agency for each employee. Upon notification by the Comptroller that such forms have been approved, the organization shall, within 30 days, notify in writing the Governor or his or her designee of its intention to obtain the required number of designations. Such organization shall have 12 months from that date to obtain the necessary designations and return to the State Comptroller's office the completed designations, which shall be subject to verification procedures established by the State Comptroller;

(2) Certify that all benefiting agencies are tax exempt under Section 501(c)(3) of the Internal Revenue Code;

(3) Certify that all benefiting agencies are in compliance with the Illinois Human Rights Act;

(4) Certify that all benefiting agencies are in compliance with the Charitable Trust Act and the Solicitation for Charity Act;

(5) Certify that all benefiting agencies actively conduct health or welfare programs and provide services to individuals directed at one or more of the following common human needs within a community: service, research, and education in the health fields; family and child care services; protective services for children and adults; services for children and adults in foster care; services related to the management and maintenance of the home; day care services for adults; transportation services; information, referral and counseling services; services to eliminate illiteracy; the preparation and delivery of meals; adoption services; emergency shelter care and relief services; disaster relief services; safety services; neighborhood and community organization services; recreation services; social adjustment and rehabilitation services; health support services; or a combination of such services designed to meet the special needs of specific groups, such as children and youth, the ill and infirm, and the physically handicapped; and that all such benefiting agencies provide the above described services to individuals and their families in the community and surrounding area in which the organization conducts its fund drive, or that such benefiting agencies provide relief to victims of natural disasters and other emergencies on a where and as needed basis;

(6) Certify that the organization has disclosed the percentage of the organization's total collected receipts from employees or State annuitants that are distributed to the benefiting agencies and the percentage of the organization's total collected receipts from employees or State annuitants that are expended for fund-raising and overhead costs. These percentages shall be the same percentage figures annually disclosed by the organization to the Attorney General. The disclosure shall be made to all solicited employees and State annuitants and shall be in the form of a factual statement on all petitions and in the campaign's brochures for employees and State annuitants;

(7) Certify that all benefiting agencies receiving funds which the employee or State annuitant has requested or designated for distribution to a particular community and surrounding area use a majority of such funds distributed for services in the actual provision of services in that community and surrounding area;

(8) Certify that neither it nor its member organizations will solicit State employees for contributions at their workplace, except pursuant to this Act and the rules promulgated thereunder. Each qualified organization, and each participating United Fund, is encouraged to cooperate with all others and with all State agencies and educational institutions so as to simplify procedures, to resolve differences and to minimize costs;

(9) Certify that it will pay its share of the campaign costs and will comply with the Code of Campaign Conduct as approved by the Governor or other agency as designated by the Governor; and

(10) Certify that it maintains a year-round office, the telephone number, and person responsible for the operations of the organization in Illinois. That information shall be provided to the State Comptroller at the time the organization is seeking participation under this Act.

Each qualified organization shall submit to the State Comptroller between January 1 and March 1 of each year, a statement that the organization is in compliance with all of the requirements set forth in paragraphs (2) through (10). The State Comptroller shall exclude any organization that fails to submit the statement from the next solicitation period.

In order to be designated as a qualified organization, the organization shall have existed at least 2 years prior to submitting the written designation forms required in paragraph (1) and shall certify to the State Comptroller that such organization has been providing services described in paragraph (5) in Illinois. If the organization seeking designation represents more than one benefiting agency, it need not have existed for 2 years but shall certify to the State Comptroller that each of its benefiting agencies has existed for at least 2 years prior to submitting the written designation forms required in paragraph (1) and that each has been providing services described in paragraph (5) in Illinois.

Organizations which have met the requirements of this Act shall be permitted to participate in the State and Universities Combined Appeal as of January 1st of the year immediately following their approval by the Comptroller.

Where the certifications described in paragraphs (2), (3), (4), (5), (6), (7), (8), (9), and (10) above are made by an organization representing more than one benefiting agency they shall be based upon the knowledge and belief of such qualified organization. Any qualified organization shall immediately notify the State Comptroller in writing if the qualified organization receives information or otherwise believes that a benefiting agency is no longer in compliance with the certification of the qualified organization. A qualified organization representing more than one benefiting agency shall thereafter withhold and refrain from distributing to such benefiting agency those funds received pursuant to this Act until the benefiting agency is again in compliance with the qualified organization's certification. The qualified organization shall immediately notify the State Comptroller of the benefiting agency's resumed compliance with the certification, based upon the qualified organization's knowledge and belief, and shall pay over to the benefiting agency those funds previously withheld.

In order to qualify, a qualified organization must receive 250 deduction pledges from the immediately preceding solicitation period as set forth in Section 6. AMENDMENT NO. 3. Amend House Bill 4053 by replacing everything after the enacting clause with the following::

"Section 1. Short title. This Act may be cited as the Illinois Global Partnership Act.

"Board" means the board of directors of Illinois Global Partnership, Inc.

"IGP" or "Partnership" means Illinois Global Partnership, Inc., the not-for-profit entity incorporated as provided in this Act.

Section 10. Findings; purpose. The General Assembly finds that it is important to encourage international business developments for Illinois companies and to encourage international tourism in Illinois by creating partnerships that open markets, by accessing customers, and by facilitating transactions. Therefore, the purpose of the Illinois Global Partnership, Inc., is to build Illinois' profile as a region prepared to do business with the world and as a world tourism destination. The Partnership shall encourage international business development for Illinois companies and international tourism by affecting policy and creating partnerships that open markets, access customers, and facilitate transactions.

IGP shall be incorporated under the General Not for Profit Corporation Act of 1986 and shall be registered, incorporated, organized, and operated in compliance with the laws of this State. IGP shall not be a State agency. The General Assembly determines, however, that public policy dictates that IGP operate in the most open and accessible manner consistent with its public purpose. To this end, the General Assembly specifically declares that IGP and its board and advisory committee shall adopt and adhere to the provisions of the State Records Act, the Open Meetings Act, and the Freedom of Information Act.

IGP shall establish one or more corporate offices, at least one of which shall be located in Sangamon County.

Section 20. Board of directors. IGP shall be governed by a board of directors. The IGP board of directors shall consist of 14 members. Of the members appointed by the Governor, one member must have a background in agriculture, one member must have a background in manufacturing, and one member must have a background in international business relations.

Of the initial members appointed by the Governor, 3 members shall serve 4-year terms and 2 members shall serve 2-year terms as designated by the Governor. Thereafter, members appointed by the Governor shall serve 4-year terms. A vacancy among members appointed by the Governor shall be filled by appointment by the Governor for the remainder of the vacated term.

Members of the board shall receive no compensation but shall be reimbursed for expenses incurred in the performance of their duties.

The Governor shall designate the chairman of the board until a successor is designated. The board shall meet at the call of the chair.

No less than 90 days after a majority of the members of the board of directors of the IGP is appointed by the Governor, the board shall develop a policy adopted by resolution of the board stating the board's plan for the use of services provided by businesses owned by minorities, females, and persons with disabilities, as defined under the Business Enterprise for Minorities, Females, and Persons with Disabilities Act. The board shall provide a copy of this resolution to the Governor and the General Assembly upon its adoption.

On December 31 of each year, the board shall report to the General Assembly and the Governor regarding the use of services provided by businesses owned by minorities, females, and persons with disabilities, as defined under the Business Enterprise for Minorities, Females, and Persons with Disabilities Act.

SENATE BILL 90. Having been read by title a second time on May 29, 2005, and held on the order of Second Reading, the same was again taken up.

Representative Granberg offered the following amendment and moved its adoption.

AMENDMENT NO. 2. Amend Senate Bill 90, AS AMENDED, by replacing everything after the enacting clause with the following:

"Section 5. The Public Utilities Act is amended by changing Section 9-220 as follows:

(220 ILCS 5/9-220) (from Ch. 111 2/3, par. 9-220)

Sec. 9-220. Rate changes based on changes in fuel costs.

(a) Notwithstanding the provisions of Section 9-201, the Commission may authorize the increase or decrease of rates and charges based upon changes in the cost of fuel used in the generation or production of electric power, changes in the cost of purchased power, or changes in the cost of purchased gas through the application of fuel adjustment clauses or purchased gas adjustment clauses. The Commission may also authorize the increase or decrease of rates and charges based upon expenditures or revenues resulting from the purchase or sale of emission allowances created under the federal Clean Air Act Amendments of 1990, through such fuel adjustment clauses, as a cost of fuel. For the purposes of this paragraph, cost of fuel used in the generation or production of electric power shall include the amount of any fees paid by the utility for the implementation and operation of a process for the desulfurization of the flue gas when burning high sulfur coal at any location within the State of Illinois irrespective of the attainment status designation of such location; but shall not include transportation costs of coal (i) except to the extent that for contracts entered into on and after the effective date of this amendatory Act of 1997, the cost of the coal, including transportation costs, constitutes the lowest cost for adequate and reliable fuel supply reasonably available to the public utility in comparison to the cost, including transportation costs, of other adequate and reliable

sources of fuel supply reasonably available to the public utility, or (ii) except as otherwise provided in the next 3 sentences of this paragraph. Such costs of fuel shall, when requested by a utility or at the conclusion of the utility's next general electric rate proceeding, whichever shall first occur, include transportation costs of coal purchased under existing coal purchase contracts. For purposes of this paragraph "existing coal purchase contracts" means contracts for the purchase of coal in effect on the effective date of this amendatory Act of 1991, as such contracts may thereafter be amended, but only to the extent that any such amendment does not increase the aggregate quantity of coal to be purchased under such contract. Nothing herein shall authorize an electric utility to recover through its fuel adjustment clause any amounts of transportation costs of coal that were included in the revenue requirement used to set base rates in its most recent general rate proceeding. Cost shall be based upon uniformly applied accounting principles. Annually, the Commission shall initiate public hearings to determine whether the clauses reflect actual costs of fuel, gas, power, or coal transportation purchased to determine whether such purchases were prudent, and to reconcile any amounts collected with the actual costs of fuel, power, gas, or coal transportation prudently purchased. In each such proceeding, the burden of proof shall be upon the utility to establish the prudence of its cost of fuel, power, gas, or coal transportation purchases and costs. The Commission shall issue its final order in each such annual proceeding for an electric utility by December 31 of the year immediately following the year to which the proceeding pertains, provided, that the Commission shall issue its final order with respect to such annual proceeding for the years 1996 and earlier by December 31, 1998.

(b) A public utility providing electric service, other than a public utility described in subsections (e) or (f) of this Section, may at any time during the mandatory transition period file with the Commission proposed tariff sheets that eliminate the public utility's fuel adjustment clause and adjust the public utility's base rate tariffs by the amount necessary for the base fuel component of the base rates to recover the public utility's average fuel and power supply costs per kilowatt-hour for the 2 most recent years for which the Commission has issued final orders in annual proceedings pursuant to subsection (a), where the average fuel and power supply costs per kilowatt-hour shall be calculated as the sum of the public utility's prudent and allowable fuel and power supply costs as found by the Commission in the 2 proceedings divided by the public utility's actual jurisdictional kilowatt-hour sales for those 2 years. Notwithstanding any contrary or inconsistent provisions in Section 9-201 of this Act, in subsection (a) of this Section or in any rules or regulations promulgated by the Commission pursuant to subsection (g) of this Section, the Commission shall review and shall by order approve, or approve as modified, the proposed tariff sheets within 60 days after the date of the public utility's filing. The Commission may modify the public utility's proposed tariff sheets only to the extent the Commission finds necessary to achieve conformance to the requirements of this subsection (b). During the 5 years following the date of the Commission's order, but in any event no earlier than January 1, 2007, a public utility whose fuel adjustment clause has been eliminated pursuant to this subsection shall not file proposed tariff sheets seeking, or otherwise petition the Commission for, reinstatement of a fuel adjustment clause.

(c) Notwithstanding any contrary or inconsistent provisions in Section 9-201 of this Act, in subsection (a) of this Section or in any rules or regulations promulgated by the Commission pursuant to subsection (g) of this Section, a public utility providing electric service, other than a public utility described in subsection (e) or (f) of this Section, may at any time during the mandatory transition period file with the Commission proposed tariff sheets that establish the rate per kilowatt-hour to be applied pursuant to the public utility's fuel adjustment clause at the average value for such rate during the preceding 24 months, provided that such average rate results in a credit to customers' bills, without making any revisions to the public utility's base rate tariffs. The proposed tariff sheets shall establish the fuel adjustment rate for a specific time period of at least 3 years but not more than 5 years, provided that the terms and conditions for any reinstatement earlier than 5 years shall be set forth in the proposed tariff sheets and subject to modification or approval by the Commission. The Commission shall review and shall by order approve the proposed tariff sheets if it finds that the requirements of this subsection are met. The Commission shall not conduct the annual hearings specified in the last 3 sentences of subsection (a) of this Section for the utility for the period that the factor established pursuant to this subsection is in effect.

(d) A public utility providing electric service, or a public utility providing gas service may file with the Commission proposed tariff sheets that eliminate the public utility's fuel or purchased gas adjustment clause and adjust the public utility's base rate tariffs to provide for recovery of power supply costs or gas supply costs that would have been recovered through such clause; provided, that the provisions of this subsection (d) shall not be available to a public utility described in subsections (e) or (f) of this Section to eliminate its fuel adjustment clause. Notwithstanding any contrary or inconsistent provisions in Section

9-201 of this Act, in subsection (a) of this Section, or in any rules or regulations promulgated by the Commission pursuant to subsection (g) of this Section, the Commission shall review and shall by order approve, or approve as modified in the Commission's order, the proposed tariff sheets within 240 days after the date of the public utility's filing. The Commission's order shall approve rates and charges that the Commission, based on information in the public utility's filing or on the record if a hearing is held by the Commission, finds will recover the reasonable, prudent and necessary jurisdictional power supply costs or gas supply costs incurred or to be incurred by the public utility during a 12 month period found by the Commission to be appropriate for these purposes, provided, that such period shall be either (i) a 12 month historical period occurring during the 15 months ending on the date of the public utility's filing, or (ii) a 12 month future period ending no later than 15 months following the date of the public utility's filing. The public utility shall include with its tariff filing information showing both (1) its actual jurisdictional power supply costs or gas supply costs for a 12 month historical period conforming to (i) above and (2) its projected jurisdictional power supply costs or gas supply costs for a future 12 month period conforming to (ii) above. If the Commission's order requires modifications in the tariff sheets filed by the public utility, the public utility shall have 7 days following the date of the order to notify the Commission whether the public utility will implement the modified tariffs or elect to continue its fuel or purchased gas adjustment clause in force as though no order had been entered. The Commission's order shall provide for any reconciliation of power supply costs or gas supply costs, as the case may be, and associated revenues through the date that the public utility's fuel or purchased gas adjustment clause is eliminated. During the 5 years following the date of the Commission's order, a public utility whose fuel or purchased gas adjustment clause has been eliminated pursuant to this subsection shall not file proposed tariff sheets seeking, or otherwise petition the Commission for, reinstatement or adoption of a fuel or purchased gas adjustment clause. Nothing in this subsection (d) shall be construed as limiting the Commission's authority to eliminate a public utility's fuel adjustment clause or purchased gas adjustment clause in accordance with any other applicable provisions of this Act.

(e) Notwithstanding any contrary or inconsistent provisions in Section 9-201 of this Act, in subsection (a) of this Section, or in any rules promulgated by the Commission pursuant to subsection (g) of this Section, a public utility providing electric service to more than 1,000,000 customers in this State may, within the first 6 months after the effective date of this amendatory Act of 1997, file with the Commission proposed tariff sheets that eliminate, effective January 1, 1997, the public utility's fuel adjustment clause without adjusting its base rates, and such tariff sheets shall be effective upon filing. To the extent the application of the fuel adjustment clause had resulted in net charges to customers after January 1, 1997, the utility shall also file a tariff sheet that provides for a refund stated on a per kilowatt-hour basis of such charges over a period not to exceed 6 months; provided however, that such refund shall not include the proportional amounts of taxes paid under the Use Tax Act, Service Use Tax Act, Service Occupation Tax Act, and Retailers' Occupation Tax Act on fuel used in generation. The Commission shall issue an order within 45 days after the date of the public utility's filing approving or approving as modified such tariff sheet. If the fuel adjustment clause is eliminated pursuant to this subsection, the Commission shall not conduct the annual hearings specified in the last 3 sentences of subsection (a) of this Section for the utility for any period after December 31, 1996 and prior to any reinstatement of such clause. A public utility whose fuel adjustment clause has been eliminated pursuant to this subsection shall not file a proposed tariff sheet seeking, or otherwise petition the Commission for, reinstatement of the fuel adjustment clause prior to January 1, 2007.

(f) Notwithstanding any contrary or inconsistent provisions in Section 9-201 of this Act, in subsection (a) of this Section, or in any rules or regulations promulgated by the Commission pursuant to subsection (g) of this Section, a public utility providing electric service to more than 500,000 customers but fewer than 1,000,000 customers in this State may, within the first 6 months after the effective date of this amendatory Act of 1997, file with the Commission proposed tariff sheets that eliminate, effective January 1, 1997, the public utility's fuel adjustment clause and adjust its base rates by the amount necessary for the base fuel component of the base rates to recover 91% of the public utility's average fuel and power supply costs for the 2 most recent years for which the Commission, as of January 1, 1997, has issued final orders in annual proceedings pursuant to subsection (a), where the average fuel and power supply costs per kilowatt-hour shall be calculated as the sum of the public utility's prudent and allowable fuel and power supply costs as found by the Commission in the 2 proceedings divided by the public utility's actual jurisdictional kilowatt-hour sales for those 2 years, provided, that such tariff sheets shall be effective upon filing. To the extent the application of the fuel adjustment clause had resulted in net charges to customers after January 1, 1997, the utility shall also file a tariff sheet that provides for a refund stated on a per kilowatt-hour basis of

such charges over a period not to exceed 6 months. Provided however, that such refund shall not include the proportional amounts of taxes paid under the Use Tax Act, Service Use Tax Act, Service Occupation Tax Act, and Retailers' Occupation Tax Act on fuel used in generation. The Commission shall issue an order within 45 days after the date of the public utility's filing approving or approving as modified such tariff sheet. If the fuel adjustment clause is eliminated pursuant to this subsection, the Commission shall not conduct the annual hearings specified in the last 3 sentences of subsection (a) of this Section for the utility for any period after December 31, 1996 and prior to any reinstatement of such clause. A public utility whose fuel adjustment clause has been eliminated pursuant to this subsection shall not file a proposed tariff sheet seeking, or otherwise petition the Commission for, reinstatement of the fuel adjustment clause prior to January 1, 2007.

(g) The Commission shall have authority to promulgate rules and regulations to carry out the provisions of this Section.

(h) Any gas utility may enter into a 20-year supply contract with any company for synthetic natural gas produced from coal through the gasification process if the company has commenced construction of a coal gasification facility by July 1, 2008. The cost for the synthetic natural gas is reasonable and prudent and recoverable through the purchased gas adjustment clause for years one through 10 of the contract if: (i) the only coal used in the gasification process has high volatile bituminous rank and greater than 1.7 pounds of sulfur per million Btu content; (ii) at the time the contract term commences, the price per million Btu does not exceed \$5 in 2004 dollars, adjusted annually based on the change in the Annual Consumer Price Index for All Urban Consumers for the Midwest Region as published in April by the United States Department of Labor, Bureau of Labor Statistics (or a suitable Consumer Price Index calculation if this Consumer Price Index is not available) for the previous calendar year; provided that the price per million Btu shall not exceed \$5.50 at any time during the contract; (iii) the utility's aggregate long-term supply contracts for the purchase of synthetic natural gas produced from coal through the gasification process does not exceed 25% of the annual system supply requirements of the utility at the time the contract is entered into; and (iv) the contract is entered into within one year after the effective date of this amendatory Act of the 94th General Assembly and terminates 20 years after the commencement of the production of synthetic natural gas. The contract shall provide that if, at any time during years 11 through 20 of the contract, the Commission determines that the cost for the synthetic natural gas under the contract is not reasonable and prudent, then the company shall reimburse the utility for the difference between the cost deemed reasonable and prudent by the Commission and the cost imposed under the contract.

(i) If a gas utility or an affiliate of a gas utility has an ownership interest in any entity that produces or sells synthetic natural gas, Article VII of this Act shall apply.

The Director is authorized to rent portions of the above described facilities to persons, firms, partnerships, associations, or individuals for terms not to exceed 30 days when those leases or subleases will not interfere with State usage of the facility. #### ARTICLE 13

Section 13-5. The Department of Professional Regulation Law of the Civil Administrative Code of Illinois is amended by changing Section 2105-300 as follows:

(20 ILCS 2105/2105-300) (was 20 ILCS 2105/61e)

Sec. 2105-300. Professions Indirect Cost Fund; allocations; analyses.

(a) Appropriations for the direct and allocable indirect costs of licensing and regulating each regulated

profession, trade, ~~or~~ occupation , or industry are intended to be payable from the fees and fines that are assessed and collected from that profession, trade, ~~or~~ occupation, or industry, to the extent that those fees and fines are sufficient. In any fiscal year in which the fees and fines generated by a specific profession, trade, ~~or~~ occupation , or industry are insufficient to finance the necessary direct and allocable indirect costs of licensing and regulating that profession, trade, ~~or~~ occupation, or industry, the remainder of those costs shall be financed from appropriations payable from revenue sources other than fees and fines. The direct and allocable indirect costs of the Department identified in its cost allocation plans that are not attributable to the licensing and regulation of a specific profession, trade, or occupation, or industry or group of professions, trades, ~~or~~ occupations , or industries shall be financed from appropriations from revenue sources other than fees and fines.

(b) The Professions Indirect Cost Fund is hereby created as a special fund in the State Treasury. The Fund may receive transfers of moneys authorized by the Department from the cash balances in special funds that receive revenues from the fees and fines associated with the licensing of regulated professions, trades, ~~and~~ occupations , and industries by the Department. Moneys in the Fund shall be invested and earnings on the investments shall be retained in the Fund. Subject to appropriation, the Department shall use moneys in the Fund to pay the ordinary and necessary allocable indirect expenses associated with each of the regulated professions, trades, ~~and~~ occupations , and industries.

(c) Before the beginning of each fiscal year, the Department shall prepare a cost allocation analysis to be used in establishing the necessary appropriation levels for each cost purpose and revenue source. At the conclusion of each fiscal year, the Department shall prepare a cost allocation analysis reflecting the extent of the variation between how the costs were actually financed in that year and the planned cost allocation for that year. Variations between the planned and actual cost allocations for the prior fiscal year shall be adjusted into the Department's planned cost allocation for the next fiscal year.

Each cost allocation analysis shall separately identify the direct and allocable indirect costs of each regulated profession, trade, ~~or~~ occupation , or industry and the costs of the Department's general public health and safety purposes. The analyses shall determine whether the direct and allocable indirect costs of each regulated profession, trade, ~~or~~ occupation , or industry and the costs of the Department's general public health and safety purposes are sufficiently financed from their respective funding sources. The Department shall prepare the cost allocation analyses in consultation with the respective regulated professions, trades, ~~and~~ occupations , and industries and shall make copies of the analyses available to them in a timely fashion.

(d) The Department may direct the State Comptroller and Treasurer to transfer moneys from the special funds that receive fees and fines associated with regulated professions, trades, ~~and~~ occupations , and industries into the Professions Indirect Cost Fund in accordance with the Department's cost allocation analysis plan for the applicable fiscal year. For a given fiscal year, the Department shall not direct the transfer of moneys under this subsection from a special fund associated with a specific regulated profession, trade, ~~or~~ occupation , or industry (or group of professions, trades, ~~or~~ occupations , or industries) in an amount exceeding the allocable indirect costs associated with that profession, trade, ~~or~~ occupation , or industry (or group of professions, trades, ~~or~~ occupations , or industries) as provided in the cost allocation analysis for that fiscal year and adjusted for allocation variations from the prior fiscal year. No direct costs identified in the cost allocation plan shall be used as a basis for transfers into the Professions Indirect Cost Fund or for expenditures from the Fund.

Section 13-10. The State Finance Act is amended by changing Sections 6z-26 and 8f as follows:

(30 ILCS 105/6z-26)

Sec. 6z-26. The Financial Institution Fund. All moneys received by the Department of Financial and Professional Regulation ~~Institutions~~ under the Safety Deposit License Act, the Foreign Exchange License Act, the Pawnors Societies Act, the Sale of Exchange Act, the Currency Exchange Act, the Sales Finance Agency Act, the Debt Management Service Act, the Consumer Installment Loan Act, the Illinois Development Credit Corporation Act, the Title Insurance Act, and any other Act administered by the Department of Financial and Professional Regulation as the successor of the Department of Financial Institutions now or in the future (unless an Act specifically provides otherwise) shall be deposited in the Financial Institution Fund (hereinafter "Fund"), a special fund that is hereby created in the State Treasury.

Moneys in the Fund shall be used by the Department, subject to appropriation, for expenses incurred in administering the above named and referenced Acts.

The Comptroller and the State Treasurer shall transfer from the General Revenue Fund to the Fund any monies received by the Department after June 30, 1993, under any of the above named and referenced Acts

that have been deposited in the General Revenue Fund.

As soon as possible after the end of each calendar year, the Comptroller shall compare the balance in the Fund at the end of the calendar year with the amount appropriated from the Fund for the fiscal year beginning on July 1 of that calendar year. If the balance in the Fund exceeds the amount appropriated, the Comptroller and the State Treasurer shall transfer from the Fund to the General Revenue Fund an amount equal to the difference between the balance in the Fund and the amount appropriated.

Nothing in this Section shall be construed to prohibit appropriations from the General Revenue Fund for expenses incurred in the administration of the above named and referenced Acts.

Moneys in the Fund may be transferred to the Professions Indirect Cost Fund, as authorized under Section 2105-300 of the Department of Professional Regulation Law of the Civil Administrative Code of Illinois.

(30 ILCS 105/8f)

Sec. 8f. Public Pension Regulation Fund. The Public Pension Regulation Fund is created in the State Treasury. Moneys in the Fund may be transferred to the Professions Indirect Cost Fund, as authorized under Section 2105-300 of the Department of Professional Regulation Law of the Civil Administrative Code of Illinois. The State Treasurer promptly shall invest the money in the Fund, and all earnings that accrue on the money in the Fund shall be credited to the Fund. Section 13-15. The Illinois Banking Act is amended by changing Section 48 as follows:

(205 ILCS 5/48) (from Ch. 17, par. 359)

Sec. 48. Commissioner's powers; duties. The Commissioner shall have the powers and authority, and is charged with the duties and responsibilities designated in this Act, and a State bank shall not be subject to any other visitatorial power other than as authorized by this Act, except those vested in the courts, or upon prior consultation with the Commissioner, a foreign bank regulator with an appropriate supervisory interest in the parent or affiliate of a state bank. In the performance of the Commissioner's duties:

(1) The Commissioner shall call for statements from all State banks as provided in Section 47 at least one time during each calendar quarter.

(2) (a) The Commissioner, as often as the Commissioner shall deem necessary or proper, and no less frequently than 18 months following the preceding examination, shall appoint a suitable person or persons to make an examination of the affairs of every State bank, except that for every eligible State bank, as defined by regulation, the Commissioner in lieu of the examination may accept on an alternating basis the examination made by the eligible State bank's appropriate federal banking agency pursuant to Section 111 of the Federal Deposit Insurance Corporation Improvement Act of 1991, provided the appropriate federal banking agency has made such an examination. A person so appointed shall not be a stockholder or officer or employee of any bank which that person may be directed to examine, and shall have powers to make a thorough examination into all the affairs of the bank and in so doing to examine any of the officers or agents or employees thereof on oath and shall make a full and detailed report of the condition of the bank to the Commissioner. In making the examination the examiners shall include an examination of the affairs of all the affiliates of the bank, as defined in subsection (b) of Section 35.2 of this Act, or subsidiaries of the bank as shall be necessary to disclose fully the conditions of the subsidiaries or affiliates, the relations between the bank and the subsidiaries or affiliates and the effect of those relations upon the affairs of the bank, and in connection therewith shall have power to examine any of the officers, directors, agents, or employees of the subsidiaries or affiliates on oath. After May 31, 1997, the Commissioner may enter into cooperative agreements with state regulatory authorities of other states to provide for examination of State bank branches in those states, and the Commissioner may accept reports of examinations of State bank branches from those state regulatory authorities. These cooperative agreements may set forth the manner in which the other state regulatory authorities may be compensated for examinations prepared for and submitted to the Commissioner.

(b) After May 31, 1997, the Commissioner is authorized to examine, as often as the Commissioner shall deem necessary or proper, branches of out-of-state banks. The Commissioner may establish and may assess fees to be paid to the Commissioner for examinations under this subsection (b). The fees shall be borne by

the out-of-state bank, unless the fees are borne by the state regulatory authority that chartered the out-of-state bank, as determined by a cooperative agreement between the Commissioner and the state regulatory authority that chartered the out-of-state bank.

(2.5) Whenever any State bank, any subsidiary or affiliate of a State bank, or after May 31, 1997, any branch of an out-of-state bank causes to be performed, by contract or otherwise, any bank services for itself, whether on or off its premises:

(a) that performance shall be subject to examination by the Commissioner to the same extent as if services were being performed by the bank or, after May 31, 1997, branch of the out-of-state bank itself on its own premises; and

(b) the bank or, after May 31, 1997, branch of the out-of-state bank shall notify the Commissioner of the existence of a service relationship. The notification shall be submitted with the first statement of condition (as required by Section 47 of this Act) due after the making of the service contract or the performance of the service, whichever occurs first. The Commissioner shall be notified of each subsequent contract in the same manner.

For purposes of this subsection (2.5), the term "bank services" means services such as sorting and posting of checks and deposits, computation and posting of interest and other credits and charges, preparation and mailing of checks, statements, notices, and similar items, or any other clerical, bookkeeping, accounting, statistical, or similar functions performed for a State bank, including but not limited to electronic data processing related to those bank services.

(3) The expense of administering this Act, including the expense of the examinations of State banks as provided in this Act, shall to the extent of the amounts resulting from the fees provided for in paragraphs (a), (a-2), and (b) of this subsection (3) be assessed against and borne by the State banks:

(a) Each bank shall pay to the Commissioner a Call Report Fee which shall be paid in quarterly installments equal to one-fourth of the sum of the annual fixed fee of \$800, plus a variable fee based on the assets shown on the quarterly statement of condition delivered to the Commissioner in accordance with Section 47 for the preceding quarter according to the following schedule: 16¢ per \$1,000 of the first \$5,000,000 of total assets, 15¢ per \$1,000 of the next \$20,000,000 of total assets, 13¢ per \$1,000 of the next \$75,000,000 of total assets, 9¢ per \$1,000 of the next \$400,000,000 of total assets, 7¢ per \$1,000 of the next \$500,000,000 of total assets, and 5¢ per \$1,000 of all assets in excess of \$1,000,000,000, of the State bank. The Call Report Fee shall be calculated by the Commissioner and billed to the banks for remittance at the time of the quarterly statements of condition provided for in Section 47. The Commissioner may require payment of the fees provided in this Section by an electronic transfer of funds or an automatic debit of an account of each of the State banks. In case more than one examination of any bank is deemed by the Commissioner to be necessary in any examination frequency cycle specified in subsection 2(a) of this Section, and is performed at his direction, the Commissioner may assess a reasonable additional fee to recover the cost of the additional examination; provided, however, that an examination conducted at the request of the State Treasurer pursuant to the Uniform Disposition of Unclaimed Property Act shall not be deemed to be an additional examination under this Section. In lieu of the method and amounts set forth in this paragraph (a) for the calculation of the Call Report Fee, the Commissioner may specify by rule that the Call Report Fees provided by this Section may be assessed semiannually or some other period and may provide in the rule the formula to be used for calculating and assessing the periodic Call Report Fees to be paid by State banks.

(a-1) If in the opinion of the Commissioner an emergency exists or appears likely, the Commissioner may assign an examiner or examiners to monitor the affairs of a State bank with whatever frequency he deems appropriate, including but not limited to a daily basis. The reasonable and necessary expenses of the Commissioner during the period of the monitoring shall be borne by the subject bank. The Commissioner shall furnish the State bank a statement of time and expenses if requested to do so within 30 days of the conclusion of the monitoring period.

(a-2) On and after January 1, 1990, the reasonable and necessary expenses of the Commissioner during examination of the performance of electronic data processing services under subsection (2.5) shall be borne by the banks for which the services are provided. An amount, based upon a fee structure prescribed by the Commissioner, shall be paid by the banks or, after May 31, 1997, branches of out-of-state banks receiving the electronic data processing services along with the Call Report Fee assessed under paragraph (a) of this subsection (3).

(a-3) After May 31, 1997, the reasonable and necessary expenses of the Commissioner during examination of the performance of electronic data processing services under subsection (2.5) at or on behalf of branches of out-of-state banks shall be borne by the out-of-state banks, unless those

expenses are borne by the state regulatory authorities that chartered the out-of-state banks, as determined by cooperative agreements between the Commissioner and the state regulatory authorities that chartered the out-of-state banks.

(b) "Fiscal year" for purposes of this Section 48 is defined as a period beginning July 1 of any year and ending June 30 of the next year. The Commissioner shall receive for each fiscal year, commencing with the fiscal year ending June 30, 1987, a contingent fee equal to the lesser of the aggregate of the fees paid by all State banks under paragraph (a) of subsection (3) for that year, or the amount, if any, whereby the aggregate of the administration expenses, as defined in paragraph (c), for that fiscal year exceeds the sum of the aggregate of the fees payable by all State banks for that year under paragraph (a) of subsection (3), plus any amounts transferred into the Bank and Trust Company Fund from the State Pensions Fund for that year, plus all other amounts collected by the Commissioner for that year under any other provision of this Act, plus the aggregate of all fees collected for that year by the Commissioner under the Corporate Fiduciary Act, excluding the receivership fees provided for in Section 5-10 of the Corporate Fiduciary Act, and the Foreign Banking Office Act. The aggregate amount of the contingent fee thus arrived at for any fiscal year shall be apportioned amongst, assessed upon, and paid by the State banks and foreign banking corporations, respectively, in the same proportion that the fee of each under paragraph (a) of subsection (3), respectively, for that year bears to the aggregate for that year of the fees collected under paragraph (a) of subsection (3). The aggregate amount of the contingent fee, and the portion thereof to be assessed upon each State bank and foreign banking corporation, respectively, shall be determined by the Commissioner and shall be paid by each, respectively, within 120 days of the close of the period for which the contingent fee is computed and is payable, and the Commissioner shall give 20 days advance notice of the amount of the contingent fee payable by the State bank and of the date fixed by the Commissioner for payment of the fee.

(c) The "administration expenses" for any fiscal year shall mean the ordinary and contingent expenses for that year incident to making the examinations provided for by, and for otherwise administering, this Act, the Corporate Fiduciary Act, excluding the expenses paid from the Corporate Fiduciary Receivership account in the Bank and Trust Company Fund, the Foreign Banking Office Act, the Electronic Fund Transfer Act, and the Illinois Bank Examiners' Education Foundation Act, including all salaries and other compensation paid for personal services rendered for the State by officers or employees of the State, including the Commissioner and the Deputy Commissioners, all expenditures for telephone and telegraph charges, postage and postal charges, office stationery, supplies and services, and office furniture and equipment, including typewriters and copying and duplicating machines and filing equipment, surety bond premiums, and travel expenses of those officers and employees, employees, expenditures or charges for the acquisition, enlargement or improvement of, or for the use of, any office space, building, or structure, or expenditures for the maintenance thereof or for furnishing heat, light, or power with respect thereto, all to the extent that those expenditures are directly incidental to such examinations or administration. The Commissioner shall not be required by paragraphs (c) or (d-1) of this subsection (3) to maintain in any fiscal year's budget appropriated reserves for accrued vacation and accrued sick leave that is required to be paid to employees of the Commissioner upon termination of their service with the Commissioner in an amount that is more than is reasonably anticipated to be necessary for any anticipated turnover in employees, whether due to normal attrition or due to layoffs, terminations, or resignations.

(d) The aggregate of all fees collected by the Commissioner under this Act, the Corporate Fiduciary Act, or the Foreign Banking Office Act on and after July 1, 1979, shall be paid promptly after receipt of the same, accompanied by a detailed statement thereof, into the State treasury and shall be set apart in a special fund to be known as the "Bank and Trust Company Fund", except as provided in paragraph (c) of subsection (11) of this Section. All earnings received from investments of funds in the Bank and Trust Company Fund shall be deposited in the Bank and Trust Company Fund and may be used for the same purposes as fees deposited in that Fund. The amount from time to time deposited into the Bank and Trust Company Fund shall be used to offset the ordinary administrative expenses of the Commissioner of Banks and Real Estate as defined in this Section. Nothing in this amendatory Act of 1979 shall prevent continuing the practice of paying expenses involving salaries, retirement, social security, and State-paid insurance premiums of State officers by appropriations from the General Revenue Fund. However, the General Revenue Fund shall be reimbursed for those payments made on and after July 1, 1979, by an annual transfer of funds from the Bank and Trust Company Fund. Moneys in the Bank and Trust Company Fund may be transferred to the Professions Indirect Cost Fund, as authorized under Section 2105-300 of the Department of Professional Regulation Law of the Civil

Administrative Code of Illinois.

(d-1) Adequate funds shall be available in the Bank and Trust Company Fund to permit the timely payment of administration expenses. In each fiscal year the total administration expenses shall be deducted from the total fees collected by the Commissioner and the remainder transferred into the Cash Flow Reserve Account, unless the balance of the Cash Flow Reserve Account prior to the transfer equals or exceeds one-fourth of the total initial appropriations from the Bank and Trust Company Fund for the subsequent year, in which case the remainder shall be credited to State banks and foreign banking corporations and applied against their fees for the subsequent year. The amount credited to each State bank and foreign banking corporation shall be in the same proportion as the Call Report Fees paid by each for the year bear to the total Call Report Fees collected for the year. If, after a transfer to the Cash Flow Reserve Account is made or if no remainder is available for transfer, the balance of the Cash Flow Reserve Account is less than one-fourth of the total initial appropriations for the subsequent year and the amount transferred is less than 5% of the total Call Report Fees for the year, additional amounts needed to make the transfer equal to 5% of the total Call Report Fees for the year shall be apportioned amongst, assessed upon, and paid by the State banks and foreign banking corporations in the same proportion that the Call Report Fees of each, respectively, for the year bear to the total Call Report Fees collected for the year. The additional amounts assessed shall be transferred into the Cash Flow Reserve Account. For purposes of this paragraph (d-1), the calculation of the fees collected by the Commissioner shall exclude the receivership fees provided for in Section 5-10 of the Corporate Fiduciary Act.

(e) The Commissioner may upon request certify to any public record in his keeping and shall have authority to levy a reasonable charge for issuing certifications of any public record in his keeping.

(f) In addition to fees authorized elsewhere in this Act, the Commissioner may, in connection with a review, approval, or provision of a service, levy a reasonable charge to recover the cost of the review, approval, or service.

(4) Nothing contained in this Act shall be construed to limit the obligation relative to examinations and reports of any State bank, deposits in which are to any extent insured by the United States or any agency thereof, nor to limit in any way the powers of the Commissioner with reference to examinations and reports of that bank.

(5) The nature and condition of the assets in or investment of any bonus, pension, or profit sharing plan for officers or employees of every State bank or, after May 31, 1997, branch of an out-of-state bank shall be deemed to be included in the affairs of that State bank or branch of an out-of-state bank subject to examination by the Commissioner under the provisions of subsection (2) of this Section, and if the Commissioner shall find from an examination that the condition of or operation of the investments or assets of the plan is unlawful, fraudulent, or unsafe, or that any trustee has abused his trust, the Commissioner shall, if the situation so found by the Commissioner shall not be corrected to his satisfaction within 60 days after the Commissioner has given notice to the board of directors of the State bank or out-of-state bank of his findings, report the facts to the Attorney General who shall thereupon institute proceedings against the State bank or out-of-state bank, the board of directors thereof, or the trustees under such plan as the nature of the case may require.

(6) The Commissioner shall have the power:

(a) To promulgate reasonable rules for the purpose of administering the provisions of this Act.

(a-5) To impose conditions on any approval issued by the Commissioner if he determines that the conditions are necessary or appropriate. These conditions shall be imposed in writing and shall continue in effect for the period prescribed by the Commissioner.

Sec. 9. The Illinois Industrial Coal Utilization Program. The Department shall administer the Illinois Industrial Coal Utilization Program, referred to as the "program". The purpose of the program is to increase the environmentally sound use of Illinois coal by qualified applicants. To that end, the Department shall operate a revolving loan program to partially finance new coal burning facilities sited in Illinois or conversion of existing boilers located in Illinois to coal use, referred to as "industrial coal projects".

The Department, with the advice and recommendation of the Illinois Coal Development Board, shall make below market rate loans available to fund a portion of each qualifying industrial coal project. The applicant must demonstrate that it is able to obtain additional financing from other sources to fund the remainder of the project and that the project would not occur without the Department's participation. The Department shall have the following powers:

(1) To accept grants, loans, or appropriations from the federal government or the State, or any agency or instrumentality of either, to be used for any purposes of the program, including operating and administrative expenses associated with the program and the making of direct loans of those funds with respect to projects. (4) To receive, evaluate, and establish time schedules for the determination of, and determine applications for financial aid for the development, construction, acquisition, or improvement of, an industrial coal project from any qualifying applicant and negotiate terms and conditions on which the coal project may be developed, constructed, improved, owned, or used by or leased to the applicant or its successor in interest. The Department shall prescribe the form of application. The form shall contain, without being limited to, the following:

- (i) a general description of the industrial coal project and of the developer, user, or tenant for which the industrial project is to be established;

(b) Grants may be made to units of local government, districts, and carriers for the acquisition, construction, extension, reconstruction, and improvement of mass transportation facilities. Grants shall be made upon the terms and conditions that in the judgment of the Secretary are necessary to ensure their proper and effective utilization.

(c) The Department shall make grants under this Law in a manner designed, so far as is consistent with the maintenance and development of a sound mass transportation system within the State, to: (i) maximize federal funds for the assistance of mass transportation in Illinois under the Federal Transit Act and other federal Acts; (ii) facilitate the movement of persons who because of age, economic circumstance, or physical infirmity are unable to drive; (iii) contribute to an improved environment through the reduction of air, water, and noise pollution; and (iv) reduce traffic congestion.

If and when a federal grant is made, the amount in excess of the nonfederal share shall be promptly returned to the Department.

In no event shall the Department make a grant that, together with any federal funds or funds from any other source, is in excess of 100% of the net project cost.

(f) Regardless of whether any funds are available under a federal grant, the Department shall not make a mass transportation grant unless the Secretary finds that the recipient has entered into an agreement with the Department in which the recipient agrees not to engage in school bus operations exclusively for the transportation of students and school personnel in competition with private school bus operators where those private school bus operators are able to provide adequate transportation, at reasonable rates, in conformance with applicable safety standards, provided that this requirement shall not apply to a recipient that operates a school system in the area to be served and operates a separate and exclusive school bus program for the school system.

(g) Grants may be made for mass transportation purposes with funds appropriated from the Build Illinois Bond Fund or the Build Illinois Purposes Fund consistent with the specific purposes for which those funds are appropriated by the General Assembly. Grants under this subsection (g) are not subject to any limitations or conditions imposed upon grants by any other provision of this Section, except that the Secretary may impose the terms and conditions that in his or her judgment are necessary to ensure the proper and effective utilization of the grants under this subsection.

Section 55-40. The Illinois Finance Authority Act is amended by changing Sections 801-40 and 805-15 as follows:

(20 ILCS 3501/801-40)

Sec. 801-40. In addition to the powers otherwise authorized by law and in addition to the foregoing general corporate powers, the Authority shall also have the following additional specific powers to be exercised in furtherance of the purposes of this Act.

(a) The Authority shall have power (i) to accept grants, loans or appropriations from the federal government or the State, or any agency or instrumentality thereof, to be used for the operating expenses of the Authority, or for any purposes of the Authority, including the making of direct loans of such funds with respect to projects, and (ii) to enter into any agreement with the federal government or the State, or any agency or instrumentality thereof, in relationship to such grants, loans or appropriations.

(b) The Authority shall have power to procure and enter into contracts for any type of insurance and indemnity agreements covering loss or damage to property from any cause, including loss of use and occupancy, or covering any other insurable risk.

(c) The Authority shall have the continuing power to issue bonds for its corporate purposes. Bonds may be issued by the Authority in one or more series and may provide for the payment of any interest deemed necessary on such bonds, of the costs of issuance of such bonds, of any premium on any insurance, or of the cost of any guarantees, letters of credit or other similar documents, may provide for the funding of the reserves deemed necessary in connection with such bonds, and may provide for the refunding or advance refunding of any bonds or for accounts deemed necessary in connection with any purpose of the Authority. The bonds may bear interest payable at any time or times and at any rate or rates, notwithstanding any other provision of law to the contrary, and such rate or rates may be established by an index or formula which may be implemented or established by persons appointed or retained therefor by the Authority, or may bear no interest or may bear interest payable at maturity or upon redemption prior to maturity, may bear such date or dates, may be payable at such time or times and at such place or places, may mature at any time or times not later than 40 years from the date of issuance, may be sold at public or private sale at such time or times and at such price or prices, may be secured by such pledges, reserves, guarantees, letters of credit, insurance contracts or other similar credit support or liquidity instruments, may be executed in such manner, may be subject to redemption prior to maturity, may provide for the registration of the bonds, and may be subject to such other terms and conditions all as may be provided by the resolution or indenture authorizing the issuance of such bonds. The holder or holders of any bonds issued by the Authority may bring suits at law or proceedings in equity to compel the performance and observance by any person or by the Authority or any of its agents or employees of any contract or covenant made with the holders of such bonds and to compel such person or the Authority and any of its agents or employees to perform any duties required to be performed for the benefit of the holders of any such bonds by the provision of the resolution authorizing their issuance, and to enjoin such person or the Authority and any of its agents or employees from taking any action in conflict with any such contract or covenant. Notwithstanding the form and tenor of any such bonds and in the absence of any express recital on the face thereof that it is non-negotiable, all such bonds shall be negotiable instruments. Pending the preparation and execution of any such bonds, temporary bonds may be issued as provided by the resolution. The bonds shall be sold by the Authority in such manner as it shall determine. The bonds may be secured as provided in the authorizing resolution by the receipts, revenues, income and other available funds of the Authority and by any amounts derived by the Authority from the loan agreement or lease agreement with respect to the project or projects; and bonds may be issued as general obligations of the Authority payable from such revenues, funds and obligations of the Authority as the bond resolution shall provide, or may be issued as limited obligations with a claim for payment solely from such revenues, funds and obligations as the bond resolution shall provide. The Authority may grant a specific pledge or assignment of and lien on or security interest in such rights, revenues, income, or amounts and may grant a specific pledge or assignment of and lien on or security

interest in any reserves, funds or accounts established in the resolution authorizing the issuance of bonds. Any such pledge, assignment, lien or security interest for the benefit of the holders of the Authority's bonds shall be valid and binding from the time the bonds are issued without any physical delivery or further act, and shall be valid and binding as against and prior to the claims of all other parties having claims against the Authority or any other person irrespective of whether the other parties have notice of the pledge, assignment, lien or security interest. As evidence of such pledge, assignment, lien and security interest, the Authority may execute and deliver a mortgage, trust agreement, indenture or security agreement or an assignment thereof. A remedy for any breach or default of the terms of any such agreement by the Authority may be by mandamus proceedings in any court of competent jurisdiction to compel the performance and compliance therewith, but the agreement may prescribe by whom or on whose behalf such action may be instituted. It is expressly understood that the Authority may, but need not, acquire title to any project with respect to which it exercises its authority.

(d) With respect to the powers granted by this Act, the Authority may adopt rules and regulations prescribing the procedures by which persons may apply for assistance under this Act. Nothing herein shall be deemed to preclude the Authority, prior to the filing of any formal application, from conducting preliminary discussions and investigations with respect to the subject matter of any prospective application.

(e) The Authority shall have power to acquire by purchase, lease, gift or otherwise any property or rights therein from any person useful for its purposes, whether improved for the purposes of any prospective project, or unimproved. The Authority may also accept any donation of funds for its purposes from any such source. The Authority shall have no independent power of condemnation but may acquire any property or rights therein obtained upon condemnation by any other authority, governmental entity or unit of local government with such power.

(f) The Authority shall have power to develop, construct and improve either under its own direction, or through collaboration with any approved applicant, or to acquire through purchase or otherwise, any project, using for such purpose the proceeds derived from the sale of its bonds or from governmental loans or grants, and to hold title in the name of the Authority to such projects.

(g) The Authority shall have power to lease pursuant to a lease agreement any project so developed and constructed or acquired to the approved tenant on such terms and conditions as may be appropriate to further the purposes of this Act and to maintain the credit of the Authority. Any such lease may provide for either the Authority or the approved tenant to assume initially, in whole or in part, the costs of maintenance, repair and improvements during the leasehold period. In no case, however, shall the total rentals from any project during any initial leasehold period or the total loan repayments to be made pursuant to any loan agreement, be less than an amount necessary to return over such lease or loan period (1) all costs incurred in connection with the development, construction, acquisition or improvement of the project and for repair, maintenance and improvements thereto during the period of the lease or loan; provided, however, that the rentals or loan repayments need not include costs met through the use of funds other than those obtained by the Authority through the issuance of its bonds or governmental loans; (2) a reasonable percentage additive to be agreed upon by the Authority and the borrower or tenant to cover a properly allocable portion of the Authority's general expenses, including, but not limited to, administrative expenses, salaries and general insurance, and (3) an amount sufficient to pay when due all principal of, interest and premium, if any on, any bonds issued by the Authority with respect to the project. The portion of total rentals payable under clause (3) of this subsection (g) shall be deposited in such special accounts, including all sinking funds, acquisition or construction funds, debt service and other funds as provided by any resolution, mortgage or trust agreement of the Authority pursuant to which any bond is issued.

(h) The Authority has the power, upon the termination of any leasehold period of any project, to sell or lease for a further term or terms such project on such terms and conditions as the Authority shall deem reasonable and consistent with the purposes of the Act. The net proceeds from all such sales and the revenues or income from such leases shall be used to satisfy any indebtedness of the Authority with respect to such project and any balance may be used to pay any expenses of the Authority or be used for the further development, construction, acquisition or improvement of projects. In the event any project is vacated by a tenant prior to the termination of the initial leasehold period, the Authority shall sell or lease the facilities of the project on the most advantageous terms available. The net proceeds of any such disposition shall be treated in the same manner as the proceeds from sales or the revenues or income from leases subsequent to the termination of any initial leasehold period.

(i) The Authority shall have the power to make loans to persons to finance a project, to enter into loan agreements with respect thereto, and to accept guarantees from persons of its loans or the resultant evidences of obligations of the Authority.

(j) The Authority may fix, determine, charge and collect any premiums, fees, charges, costs and expenses, including, without limitation, any application fees, commitment fees, program fees, financing charges or publication fees from any person in connection with its activities under this Act.

(k) In addition to the funds established as provided herein, the Authority shall have the power to create and establish such reserve funds and accounts as may be necessary or desirable to accomplish its purposes under this Act and to deposit its available monies into the funds and accounts.

(l) At the request of the governing body of any unit of local government, the Authority is authorized to market such local government's revenue bond offerings by preparing bond issues for sale, advertising for sealed bids, receiving bids at its offices, making the award to the bidder that offers the most favorable terms or arranging for negotiated placements or underwritings of such securities. The Authority may, at its discretion, offer for concurrent sale the revenue bonds of several local governments. Sales by the Authority of revenue bonds under this Section shall in no way imply State guarantee of such debt issue. The Authority may require such financial information from participating local governments as it deems necessary in order to carry out the purposes of this subsection (1).

(m) The Authority may make grants to any county to which Division 5-37 of the Counties Code is applicable to assist in the financing of capital development, construction and renovation of new or existing facilities for hospitals and health care facilities under that Act. Such grants may only be made from funds appropriated for such purposes from the Build Illinois Bond Fund ~~or the Build Illinois Purposes Fund~~.

(n) The Authority may establish an urban development action grant program for the purpose of assisting municipalities in Illinois which are experiencing severe economic distress to help stimulate economic development activities needed to aid in economic recovery. The Authority shall determine the types of activities and projects for which the urban development action grants may be used, provided that such projects and activities are broadly defined to include all reasonable projects and activities the primary objectives of which are the development of viable urban communities, including decent housing and a suitable living environment, and expansion of economic opportunity, principally for persons of low and moderate incomes. The Authority shall enter into grant agreements from monies appropriated for such purposes from the Build Illinois Bond Fund ~~or the Build Illinois Purposes Fund~~. The Authority shall monitor the use of the grants, and shall provide for audits of the funds as well as recovery by the Authority of any funds determined to have been spent in violation of this subsection (n) or any rule or regulation promulgated hereunder. The Authority shall provide technical assistance with regard to the effective use of the urban development action grants. The Authority shall file an annual report to the General Assembly concerning the progress of the grant program.

(o) The Authority may establish a Housing Partnership Program whereby the Authority provides zero-interest loans to municipalities for the purpose of assisting in the financing of projects for the rehabilitation of affordable multi-family housing for low and moderate income residents. The Authority may provide such loans only upon a municipality's providing evidence that it has obtained private funding for the rehabilitation project. The Authority shall provide 3 State dollars for every 7 dollars obtained by the municipality from sources other than the State of Illinois. The loans shall be made from monies appropriated for such purpose from the Build Illinois Bond Fund ~~or the Build Illinois Purposes Fund~~. The total amount of loans available under the Housing Partnership Program shall not exceed \$30,000,000. State loan monies under this subsection shall be used only for the acquisition and rehabilitation of existing buildings containing 4 or more dwelling units. The terms of any loan made by the municipality under this subsection shall require repayment of the loan to the municipality upon any sale or other transfer of the project.

(p) The Authority may award grants to universities and research institutions, research consortiums and other not-for-profit entities for the purposes of: remodeling or otherwise physically altering existing laboratory or research facilities, expansion or physical additions to existing laboratory or research facilities, construction of new laboratory or research facilities or acquisition of modern equipment to support laboratory or research operations provided that such grants (i) be used solely in support of project and equipment acquisitions which enhance technology transfer, and (ii) not constitute more than 60 percent of the total project or acquisition cost.

(q) Grants may be awarded by the Authority to units of local government for the purpose of developing the appropriate infrastructure or defraying other costs to the local government in support of laboratory or research facilities provided that such grants may not exceed 40% of the cost to the unit of local government.

(r) The Authority may establish a Direct Loan Program to make loans to individuals, partnerships or corporations for the purpose of an industrial project, as defined in Section 801-10 of this Act. For the

purposes of such program and not by way of limitation on any other program of the Authority, the Authority shall have the power to issue bonds, notes, or other evidences of indebtedness including commercial paper for purposes of providing a fund of capital from which it may make such loans. The Authority shall have the power to use any appropriations from the State made especially for the Authority's Direct Loan Program for additional capital to make such loans or for the purposes of reserve funds or pledged funds which secure the Authority's obligations of repayment of any bond, note or other form of indebtedness established for the purpose of providing capital for which it intends to make such loans under the Direct Loan Program. For the purpose of obtaining such capital, the Authority may also enter into agreements with financial institutions and other persons for the purpose of selling loans and developing a secondary market for such loans. Loans made under the Direct Loan Program may be in an amount not to exceed \$300,000 and shall be made for a portion of an industrial project which does not exceed 50% of the total project. No loan may be made by the Authority unless approved by the affirmative vote of at least 8 members of the board. The Authority shall establish procedures and publish rules which shall provide for the submission, review, and analysis of each direct loan application and which shall preserve the ability of each board member to reach an individual business judgment regarding the propriety of making each direct loan. The collective discretion of the board to approve or disapprove each loan shall be unencumbered. The Authority may establish and collect such fees and charges, determine and enforce such terms and conditions, and charge such interest rates as it determines to be necessary and appropriate to the successful administration of the Direct Loan Program. The Authority may require such interests in collateral and such guarantees as it determines are necessary to project the Authority's interest in the repayment of the principal and interest of each loan made under the Direct Loan Program.

(s) The Authority may guarantee private loans to third parties up to a specified dollar amount in order to promote economic development in this State.

(t) The Authority may adopt rules and regulations as may be necessary or advisable to implement the powers conferred by this Act.

(u) The Authority shall have the power to issue bonds, notes or other evidences of indebtedness, which may be used to make loans to units of local government which are authorized to enter into loan agreements and other documents and to issue bonds, notes and other evidences of indebtedness for the purpose of financing the protection of storm sewer outfalls, the construction of adequate storm sewer outfalls, and the provision for flood protection of sanitary sewage treatment plans, in counties that have established a stormwater management planning committee in accordance with Section 5-1062 of the Counties Code. Any such loan shall be made by the Authority pursuant to the provisions of Section 820-5 to 820-60 of this Act. The unit of local government shall pay back to the Authority the principal amount of the loan, plus annual interest as determined by the Authority. The Authority shall have the power, subject to appropriations by the General Assembly, to subsidize or buy down a portion of the interest on such loans, up to 4% per annum.

(v) The Authority may accept security interests as provided in Sections 11-3 and 11-3.3 of the Illinois Public Aid Code.

(w) Moral Obligation. In the event that the Authority determines that monies of the Authority will not be sufficient for the payment of the principal of and interest on its bonds during the next State fiscal year, the Chairperson, as soon as practicable, shall certify to the Governor the amount required by the Authority to enable it to pay such principal of and interest on the bonds. The Governor shall submit the amount so certified to the General Assembly as soon as practicable, but no later than the end of the current State fiscal year. This subsection shall apply only to any bonds or notes as to which the Authority shall have determined, in the resolution authorizing the issuance of the bonds or notes, that this subsection shall apply. Whenever the Authority makes such a determination, that fact shall be plainly stated on the face of the bonds or notes and that fact shall also be reported to the Governor. In the event of a withdrawal of moneys from a reserve fund established with respect to any issue or issues of bonds of the Authority to pay principal or interest on those bonds, the Chairperson of the Authority, as soon as practicable, shall certify to the Governor the amount required to restore the reserve fund to the level required in the resolution or indenture securing those bonds. The Governor shall submit the amount so certified to the General Assembly as soon as practicable, but no later than the end of the current State fiscal year. The Authority shall obtain written approval from the Governor for any bonds and notes to be issued under this Section. In addition to any other bonds authorized to be issued under Sections 825-60, 825-65(e), 830-25 and 845-5, the principal amount of Authority bonds outstanding issued under this Section 801-40(w) or under 20 ILCS 3850/1-80 or 30 ILCS 360/2-6(c), which have been assumed by the Authority, shall not exceed \$150,000,000.

In making such investments, the Authority shall act with the care, skill, diligence and prudence under the circumstances of a prudent person acting in a like capacity in the conduct of an enterprise of like character and with like aims. (35 ILCS 130/2) (from Ch. 120, par. 453.2)

Sec. 2. Tax imposed; rate; collection, payment, and distribution; discount.

(a) A tax is imposed upon any person engaged in business as a retailer of cigarettes in this State at the rate of 5 1/2 mills per cigarette sold, or otherwise disposed of in the course of such business in this State. In addition to any other tax imposed by this Act, a tax is imposed upon any person engaged in business as a retailer of cigarettes in this State at a rate of 1/2 mill per cigarette sold or otherwise disposed of in the course of such business in this State on and after January 1, 1947, and shall be paid into the Metropolitan Fair and Exposition Authority Reconstruction Fund or as otherwise provided in Section 29. On and after December 1, 1985, in addition to any other tax imposed by this Act, a tax is imposed upon any person engaged in business as a retailer of cigarettes in this State at a rate of 4 mills per cigarette sold or otherwise disposed of in the course of such business in this State. Of the additional tax imposed by this amendatory Act of 1985, \$9,000,000 of the moneys received by the Department of Revenue pursuant to this Act shall be paid each month into the Common School Fund. On and after the effective date of this amendatory Act of 1989, in addition to any other tax imposed by this Act, a tax is imposed upon any person engaged in business as a retailer of cigarettes at the rate of 5 mills per cigarette sold or otherwise disposed of in the course of such business in this State. On and after the effective date of this amendatory Act of 1993, in addition to any other tax imposed by this Act, a tax is imposed upon any person engaged in business as a retailer of cigarettes at the rate of 7 mills per cigarette sold or otherwise disposed of in the course of such business in this State. On and after December 15, 1997, in addition to any other tax imposed by this Act, a tax is imposed upon any person engaged in business as a retailer of cigarettes at the rate of 7 mills per cigarette sold or otherwise disposed of in the course of such business of this State. All of the moneys received by the Department of Revenue pursuant to this Act and the Cigarette Use Tax Act from the additional taxes imposed by this amendatory Act of 1997, shall be paid each month into the Common School Fund. On and after July 1, 2002, in addition to any other tax imposed by this Act, a tax is imposed

upon any person engaged in business as a retailer of cigarettes at the rate of 20.0 mills per cigarette sold or otherwise disposed of in the course of such business in this State. The payment of such taxes shall be evidenced by a stamp affixed to each original package of cigarettes, or an authorized substitute for such stamp imprinted on each original package of such cigarettes underneath the sealed transparent outside wrapper of such original package, as hereinafter provided. However, such taxes are not imposed upon any activity in such business in interstate commerce or otherwise, which activity may not under the Constitution and statutes of the United States be made the subject of taxation by this State.

Beginning on the effective date of this amendatory Act of the 92nd General Assembly, all of the moneys received by the Department of Revenue pursuant to this Act and the Cigarette Use Tax Act, other than the moneys that are dedicated to ~~the Metropolitan Fair and Exposition Authority Reconstruction Fund and the~~ Common School Fund, shall be distributed each month as follows: first, there shall be paid into the General Revenue Fund an amount which, when added to the amount paid into the Common School Fund for that month, equals \$33,300,000, except that in the month of August of 2004, this amount shall equal \$83,300,000; then, from the moneys remaining, if any amounts required to be paid into the General Revenue Fund in previous months remain unpaid, those amounts shall be paid into the General Revenue Fund; then, beginning on April 1, 2003, from the moneys remaining, \$5,000,000 per month shall be paid into the School Infrastructure Fund; then, if any amounts required to be paid into the School Infrastructure Fund in previous months remain unpaid, those amounts shall be paid into the School Infrastructure Fund; then the moneys remaining, if any, shall be paid into the Long-Term Care Provider Fund. To the extent that more than \$25,000,000 has been paid into the General Revenue Fund and Common School Fund per month for the period of July 1, 1993 through the effective date of this amendatory Act of 1994 from combined receipts of the Cigarette Tax Act and the Cigarette Use Tax Act, notwithstanding the distribution provided in this Section, the Department of Revenue is hereby directed to adjust the distribution provided in this Section to increase the next monthly payments to the Long Term Care Provider Fund by the amount paid to the General Revenue Fund and Common School Fund in excess of \$25,000,000 per month and to decrease the next monthly payments to the General Revenue Fund and Common School Fund by that same excess amount.

When any tax imposed herein terminates or has terminated, distributors who have bought stamps while such tax was in effect and who therefore paid such tax, but who can show, to the Department's satisfaction, that they sold the cigarettes to which they affixed such stamps after such tax had terminated and did not recover the tax or its equivalent from purchasers, shall be allowed by the Department to take credit for such absorbed tax against subsequent tax stamp purchases from the Department by such distributor.

The impact of the tax levied by this Act is imposed upon the retailer and shall be prepaid or pre-collected by the distributor for the purpose of convenience and facility only, and the amount of the tax shall be added to the price of the cigarettes sold by such distributor. Collection of the tax shall be evidenced by a stamp or stamps affixed to each original package of cigarettes, as hereinafter provided.

Each distributor shall collect the tax from the retailer at or before the time of the sale, shall affix the stamps as hereinafter required, and shall remit the tax collected from retailers to the Department, as hereinafter provided. Any distributor who fails to properly collect and pay the tax imposed by this Act shall be liable for the tax. Any distributor having cigarettes to which stamps have been affixed in his possession for sale on the effective date of this amendatory Act of 1989 shall not be required to pay the additional tax imposed by this amendatory Act of 1989 on such stamped cigarettes. Any distributor having cigarettes to which stamps have been affixed in his or her possession for sale at 12:01 a.m. on the effective date of this amendatory Act of 1993, is required to pay the additional tax imposed by this amendatory Act of 1993 on such stamped cigarettes. This payment, less the discount provided in subsection (b), shall be due when the distributor first makes a purchase of cigarette tax stamps after the effective date of this amendatory Act of 1993, or on the first due date of a return under this Act after the effective date of this amendatory Act of 1993, whichever occurs first. Any distributor having cigarettes to which stamps have been affixed in his possession for sale on December 15, 1997 shall not be required to pay the additional tax imposed by this amendatory Act of 1997 on such stamped cigarettes.

Any distributor having cigarettes to which stamps have been affixed in his or her possession for sale on July 1, 2002 shall not be required to pay the additional tax imposed by this amendatory Act of the 92nd General Assembly on those stamped cigarettes.

The amount of the Cigarette Tax imposed by this Act shall be separately stated, apart from the price of the goods, by both distributors and retailers, in all advertisements, bills and sales invoices.

(b) The distributor shall be required to collect the taxes provided under paragraph (a) hereof, and, to cover the costs of such collection, shall be allowed a discount during any year commencing July 1st and

ending the following June 30th in accordance with the schedule set out hereinbelow, which discount shall be allowed at the time of purchase of the stamps when purchase is required by this Act, or at the time when the tax is remitted to the Department without the purchase of stamps from the Department when that method of paying the tax is required or authorized by this Act. Section 55-80. The Metropolitan Pier and Exposition Authority Act is amended by changing Section 10 as follows:

(70 ILCS 210/10) (from Ch. 85, par. 1230)

Sec. 10. The Authority shall have the continuing power to borrow money for the purpose of carrying out and performing its duties and exercising its powers under this Act.

For the purpose of evidencing the obligation of the Authority to repay any money borrowed as aforesaid, the Authority may, pursuant to ordinance adopted by the Board, from time to time issue and dispose of its

revenue bonds and notes (herein collectively referred to as bonds), and may also from time to time issue and dispose of its revenue bonds to refund any bonds at maturity or pursuant to redemption provisions or at any time before maturity as provided for in Section 10.1. All such bonds shall be payable solely from any one or more of the following sources: the revenues or income to be derived from the fairs, expositions, meetings, and conventions and other authorized activities of the Authority; funds, if any, received and to be received by the Authority from the Fair and Exposition Fund, as allocated by the Department of Agriculture of this State; ~~from the Metropolitan Fair and Exposition Authority Reconstruction Fund;~~ from the Metropolitan Fair and Exposition Authority Improvement Bond Fund pursuant to appropriation by the General Assembly; from the McCormick Place Expansion Project Fund pursuant to appropriation by the General Assembly; from any revenues or funds pledged or provided for such purposes by any governmental agency; from any revenues of the Authority from taxes it is authorized to impose; from the proceeds of refunding bonds issued for that purpose; or from any other lawful source derived. Such bonds may bear such date or dates, may mature at such time or times not exceeding 40 years from their respective dates, may bear interest at such rate or rates payable at such times, may be in such form, may carry such registration privileges, may be executed in such manner, may be payable at such place or places, may be made subject to redemption in such manner and upon such terms, with or without premium as is stated on the face thereof, may be executed in such manner and may contain such terms and covenants, all as may be provided in the ordinance adopted by the Board providing for such bonds. In case any officer whose signature appears on any bond ceases (after attaching his signature) to hold office, his signature shall nevertheless be valid and effective for all purposes. The holder or holders of any bonds or interest coupons appertaining thereto issued by the Authority or any trustee on behalf of the holders may bring civil actions to compel the performance and observance by the Authority or any of its officers, agents or employees of any contract or covenant made by the Authority with the holders of such bonds or interest coupons and to compel the Authority and any of its officers, agents or employees to perform any duties required to be performed for the benefit of the holders of any such bonds or interest coupons by the provisions of the ordinance authorizing their issuance and to enjoin the Authority and any of its officers, agents or employees from taking any action in conflict with any such contract or covenant.

Notwithstanding the form and tenor of any such bonds and in the absence of any express recital on the face thereof that it is non-negotiable, all such bonds shall be negotiable instruments under the Uniform Commercial Code.

The bonds shall be sold by the corporate authorities of the Authority in such manner as the corporate authorities shall determine.

From and after the issuance of any bonds as herein provided it shall be the duty of the corporate authorities of the Authority to fix and establish rates, charges, rents and fees for the use of its grounds, buildings, and facilities that will be sufficient at all times, together with other revenues of the Authority available for that purpose, to pay:

(a) The cost of maintaining, repairing, regulating and operating the grounds, buildings, and facilities; and

(b) The bonds and interest thereon as they shall become due, and all sinking fund requirements and other requirements provided by the ordinance authorizing the issuance of the bonds or as provided by any trust agreement executed to secure payment thereof.

The Authority may provide that bonds issued under this Act shall be payable from and secured by an assignment and pledge of and grant of a lien on and a security interest in unexpended bond proceeds, the proceeds of any refunding bonds, reserves or sinking funds and earnings thereon, or all or any part of the moneys, funds, income and revenues of the Authority from any source derived, including, without limitation, any revenues of the Authority from taxes it is authorized to impose, the net revenues of the Authority from its operations, payments from the Metropolitan Fair and Exposition Authority Improvement Bond Fund or from the McCormick Place Expansion Project Fund to the Authority or upon its direction to any trustee or trustees under any trust agreement securing such bonds, payments from any governmental agency, or any combination of the foregoing. In no event shall a lien or security interest upon the physical facilities of the Authority be created by any such lien, pledge or security interest. The Authority may execute and deliver a trust agreement or agreements to secure the payment of such bonds and for the purpose of setting forth covenants and undertakings of the Authority in connection with issuance thereof. Such pledge, assignment and grant of a lien and security interest shall be effective immediately without any further filing or action and shall be effective with respect to all persons regardless of whether any such person shall have notice of such pledge, assignment, lien or security interest.

In connection with the issuance of its bonds, the Authority may enter into arrangements to provide

additional security and liquidity for the bonds. These may include, without limitation, municipal bond insurance, letters of credit, lines of credit by which the Authority may borrow funds to pay or redeem its bonds and purchase or remarketing arrangements for assuring the ability of owners of the Authority's bonds to sell or to have redeemed their bonds. The Authority may enter into contracts and may agree to pay fees to persons providing such arrangements, including from bond proceeds. No such arrangement or contract shall be considered a bond or note for purposes of any limitation on the issuance of bonds or notes by the Authority.

The ordinance of the Board authorizing the issuance of its bonds may provide that interest rates may vary from time to time depending upon criteria established by the Board, which may include, without limitation, a variation in interest rates as may be necessary to cause bonds to be remarketable from time to time at a price equal to their principal amount, and may provide for appointment of a national banking association, bank, trust company, investment banker or other financial institution to serve as a remarketing agent in that connection. The ordinance of the board authorizing the issuance of its bonds may provide that alternative interest rates or provisions will apply during such times as the bonds are held by a person providing a letter of credit or other credit enhancement arrangement for those bonds.

To secure the payment of any or all of such bonds and for the purpose of setting forth the covenants and undertakings of the Authority in connection with the issuance thereof and the issuance of any additional bonds payable from moneys, funds, revenue and income of the Authority to be derived from any source, the Authority may execute and deliver a trust agreement or agreements; provided that no lien upon any real property of the Authority shall be created thereby.

A remedy for any breach or default of the terms of any such trust agreement by the Authority may be by mandamus proceedings in the circuit court to compel performance and compliance therewith, but the trust agreement may prescribe by whom or on whose behalf such action may be instituted.

In connection with the issuance of its bonds under this Act, the Authority may enter into contracts that it determines necessary or appropriate to permit it to manage payment or interest rate risk. These contracts may include, but are not limited to, interest rate exchange agreements; contracts providing for payment or receipt of funds based on levels of or changes in interest rates; contracts to exchange cash flows or series of payments; and contracts incorporating interest rate caps, collars, floors, or locks.

(305 ILCS 40/20) (from Ch. 23, par. 7100-20)

Sec. 20. Nursing Home Grant Assistance Program Fund.

(a) ~~(Blank). There is created in the State Treasury the Nursing Home Grant Assistance Fund. Interest earned on the Fund shall be credited to the Fund.~~

~~(b) The Fund is created for the purpose of receiving moneys in accordance with Section 15, Section 30 and Section 35 of this Act, and disbursing monies for payment of:~~

~~(1) grants to eligible individuals under this Act;~~

~~(2) administrative expenses incurred by the Department in performing the activities authorized by this Act;~~

~~(3) refunds to distribution agents as provided for under this Act; and~~

~~(4) transfers to the General Revenue Fund of any amounts of Nursing Home Grant Assistance payments returned to the Department by distribution agents.~~

~~The Department shall deposit all moneys received under this Act in the Nursing Home Grant Assistance Fund.~~

The Department, subject to appropriation, may use up to 2.5% of the moneys received under this Act for the costs of administering and enforcing the program.

(c) Within 30 days after the end of the quarterly period in which the distribution agent is required to file the certification and make the payment required by this Act, and after verification with the Illinois Department of Public Aid of the licensing status of the distribution agent, the Director shall order the payment to be made from appropriations made for the purposes of this Act.

(d) Disbursements ~~from this Fund~~ shall be by warrants drawn by the State Comptroller upon receipt of vouchers duly executed and certified by the Department. The Department shall prepare and certify to the State Comptroller the disbursement of the grants to qualified distributing agents for payment to the eligible individuals certified to the Department by the qualified distributing agents.

The amount to be paid per calendar quarter to a qualified distribution agent shall not exceed, for each eligible individual, \$500 multiplied by a fraction equal to the number of days that the eligible individual's nursing home care was not paid for, in whole or in part, by a federal, State, or combined federal-State medical care program, divided by the number of calendar days in the quarter. Any amount the qualified distribution agent owes to the Department under Section 30 shall be deducted from the amount of the payment to the qualified distribution agent.

If the amount appropriated or available ~~in the Fund~~ is insufficient to meet all or part of any quarterly payment certification, the payment certified to each qualified distributing agent shall be uniformly reduced by an amount which will permit a payment to be made to each qualified distributing agent. Within 10 days after receipt by the State Comptroller of the disbursement certification to the qualified distributing agents, the State Comptroller shall cause the warrants to be drawn for the respective amounts in accordance with the directions contained in that certification.

(e) Notwithstanding any other provision of this Act, as soon as is practicable after the effective date of this amendatory Act of 1994, the Department shall order that payments be made, subject to appropriation, to the appropriate distribution agents for grants to persons who were eligible individuals during the fourth quarter of fiscal year 1993 to the extent that those individuals did not receive a grant for that quarter or the fourth quarter of fiscal year 1992. An eligible individual, or a person acting on behalf of an eligible individual, must apply on or before December 31, 1994 for a grant under this subsection (e). The amount to be paid to each distribution agent under this subsection shall be calculated as provided in subsection (d). For the purpose of determining grants under this subsection (e), a nursing home that is a distribution agent under this Act shall file with the Department, on or before September 30, 1994, a certification disclosing the information required under Section 15 with respect to the fourth quarter of fiscal year 1993.

For each quarter for which an eligible individual qualifies to receive a Supplemental Nursing Home Grant Assistance payment the amount of a Supplemental Nursing Home Grant Assistance payment shall be equal to the difference between the Supplemental Base Amount for that quarter minus the Nursing Home Grant Assistance payment for that quarter. For each such quarter, the Supplemental Base Amount is equal to \$500 multiplied by a fraction equal to the amount of days that the eligible individual's nursing home care was not paid for, in whole or in part, by a federal, State, or combined federal-State medical care program, divided by the number of calendar days in the quarter. For each such quarter, the Nursing Home Grant Assistance payment is the amount of the grant paid and received by an eligible individual for that quarter. ~~Subject to appropriation, Supplemental Nursing Home Grant Assistance payments shall be made from the Nursing Home Grant Assistance Fund.~~

(415 ILCS 5/22.15) (from Ch. 111 1/2, par. 1022.15)

Sec. 22.15. Solid Waste Management Fund; fees.

(a) There is hereby created within the State Treasury a special fund to be known as the "Solid Waste Management Fund", to be constituted from the fees collected by the State pursuant to this Section and from repayments of loans made from the Fund for solid waste projects. Moneys received by the Department of Commerce and ~~Economic Opportunity Community Affairs~~ in repayment of loans made pursuant to the Illinois Solid Waste Management Act shall be deposited into the General Revenue Fund ~~Solid Waste Management Revolving Loan Fund~~.

(b) The Agency shall assess and collect a fee in the amount set forth herein from the owner or operator of each sanitary landfill permitted or required to be permitted by the Agency to dispose of solid waste if the sanitary landfill is located off the site where such waste was produced and if such sanitary landfill is owned, controlled, and operated by a person other than the generator of such waste. The Agency shall deposit all fees collected into the Solid Waste Management Fund. If a site is contiguous to one or more landfills owned or operated by the same person, the volumes permanently disposed of by each landfill shall be combined for purposes of determining the fee under this subsection.

(1) If more than 150,000 cubic yards of non-hazardous solid waste is permanently disposed of at a site in a calendar year, the owner or operator shall either pay a fee of 95 cents per cubic yard or, alternatively, the owner or operator may weigh the quantity of the solid waste permanently disposed of with a device for which certification has been obtained under the Weights and Measures Act and pay a fee of \$2.00 per ton of solid waste permanently disposed of. In no case shall the fee collected or paid by the owner or operator under this paragraph exceed \$1.55 per cubic yard or \$3.27 per ton.

(2) If more than 100,000 cubic yards but not more than 150,000 cubic yards of non-hazardous waste is permanently disposed of at a site in a calendar year, the owner or operator shall pay a fee of \$52,630.

(3) If more than 50,000 cubic yards but not more than 100,000 cubic yards of non-hazardous solid waste is permanently disposed of at a site in a calendar year, the owner or operator shall pay a fee of \$23,790.

(4) If more than 10,000 cubic yards but not more than 50,000 cubic yards of non-hazardous solid waste is permanently disposed of at a site in a calendar year, the owner or operator shall pay a fee of \$7,260.

(5) If not more than 10,000 cubic yards of non-hazardous solid waste is permanently disposed of at a site in a calendar year, the owner or operator shall pay a fee of \$1050.

(c) (Blank.)

(d) The Agency shall establish rules relating to the collection of the fees authorized by this Section. Such rules shall include, but not be limited to:

- (1) necessary records identifying the quantities of solid waste received or disposed;
- (2) the form and submission of reports to accompany the payment of fees to the Agency;
- (3) the time and manner of payment of fees to the Agency, which payments shall not be more often than quarterly; and
- (4) procedures setting forth criteria establishing when an owner or operator may measure by weight or volume during any given quarter or other fee payment period.

(e) Pursuant to appropriation, all monies in the Solid Waste Management Fund shall be used by the Agency and the Department of Commerce and ~~Economic Opportunity Community Affairs~~ for the purposes set forth in this Section and in the Illinois Solid Waste Management Act, including for the costs of fee

collection and administration.

(f) The Agency is authorized to enter into such agreements and to promulgate such rules as are necessary to carry out its duties under this Section and the Illinois Solid Waste Management Act.

(g) On the first day of January, April, July, and October of each year, beginning on July 1, 1996, the State Comptroller and Treasurer shall transfer \$500,000 from the Solid Waste Management Fund to the Hazardous Waste Fund. Moneys transferred under this subsection (g) shall be used only for the purposes set forth in item (1) of subsection (d) of Section 22.2.

(h) The Agency is authorized to provide financial assistance to units of local government for the performance of inspecting, investigating and enforcement activities pursuant to Section 4(r) at nonhazardous solid waste disposal sites.

(i) The Agency is authorized to support the operations of an industrial materials exchange service, and to conduct household waste collection and disposal programs.

(j) A unit of local government, as defined in the Local Solid Waste Disposal Act, in which a solid waste disposal facility is located may establish a fee, tax, or surcharge with regard to the permanent disposal of solid waste. All fees, taxes, and surcharges collected under this subsection shall be utilized for solid waste management purposes, including long-term monitoring and maintenance of landfills, planning, implementation, inspection, enforcement and other activities consistent with the Solid Waste Management Act and the Local Solid Waste Disposal Act, or for any other environment-related purpose, including but not limited to an environment-related public works project, but not for the construction of a new pollution control facility other than a household hazardous waste facility. However, the total fee, tax or surcharge imposed by all units of local government under this subsection (j) upon the solid waste disposal facility shall not exceed:

(1) 60¢ per cubic yard if more than 150,000 cubic yards of non-hazardous solid waste is permanently disposed of at the site in a calendar year, unless the owner or operator weighs the quantity of the solid waste received with a device for which certification has been obtained under the Weights and Measures Act, in which case the fee shall not exceed \$1.27 per ton of solid waste permanently disposed of.

(2) \$33,350 if more than 100,000 cubic yards, but not more than 150,000 cubic yards, of non-hazardous waste is permanently disposed of at the site in a calendar year.

(3) \$15,500 if more than 50,000 cubic yards, but not more than 100,000 cubic yards, of non-hazardous solid waste is permanently disposed of at the site in a calendar year.

(4) \$4,650 if more than 10,000 cubic yards, but not more than 50,000 cubic yards, of non-hazardous solid waste is permanently disposed of at the site in a calendar year.

(5) \$650 if not more than 10,000 cubic yards of non-hazardous solid waste is permanently disposed of at the site in a calendar year.

The corporate authorities of the unit of local government may use proceeds from the fee, tax, or surcharge to reimburse a highway commissioner whose road district lies wholly or partially within the corporate limits of the unit of local government for expenses incurred in the removal of nonhazardous, nonfluid municipal waste that has been dumped on public property in violation of a State law or local ordinance.

A county or Municipal Joint Action Agency that imposes a fee, tax, or surcharge under this subsection may use the proceeds thereof to reimburse a municipality that lies wholly or partially within its boundaries for expenses incurred in the removal of nonhazardous, nonfluid municipal waste that has been dumped on public property in violation of a State law or local ordinance.

If the fees are to be used to conduct a local sanitary landfill inspection or enforcement program, the unit of local government must enter into a written delegation agreement with the Agency pursuant to subsection (r) of Section 4. The unit of local government and the Agency shall enter into such a written delegation agreement within 60 days after the establishment of such fees. At least annually, the Agency shall conduct an audit of the expenditures made by units of local government from the funds granted by the Agency to the units of local government for purposes of local sanitary landfill inspection and enforcement programs, to ensure that the funds have been expended for the prescribed purposes under the grant.

The fees, taxes or surcharges collected under this subsection (j) shall be placed by the unit of local government in a separate fund, and the interest received on the moneys in the fund shall be credited to the fund. The monies in the fund may be accumulated over a period of years to be expended in accordance with this subsection.

A unit of local government, as defined in the Local Solid Waste Disposal Act, shall prepare and distribute to the Agency, in April of each year, a report that details spending plans for monies collected in

accordance with this subsection. The report will at a minimum include the following:

- (1) The total monies collected pursuant to this subsection.
- (2) The most current balance of monies collected pursuant to this subsection.
- (3) An itemized accounting of all monies expended for the previous year pursuant to this subsection.
- (4) An estimation of monies to be collected for the following 3 years pursuant to this subsection.
- (5) A narrative detailing the general direction and scope of future expenditures for one, 2 and 3 years.

The exemptions granted under Sections 22.16 and 22.16a, and under subsections (c) and (k) of this Section, shall be applicable to any fee, tax or surcharge imposed under this subsection (j); except that the fee, tax or surcharge authorized to be imposed under this subsection (j) may be made applicable by a unit of local government to the permanent disposal of solid waste after December 31, 1986, under any contract lawfully executed before June 1, 1986 under which more than 150,000 cubic yards (or 50,000 tons) of solid waste is to be permanently disposed of, even though the waste is exempt from the fee imposed by the State under subsection (b) of this Section pursuant to an exemption granted under Section 22.16.

(k) In accordance with the findings and purposes of the Illinois Solid Waste Management Act, beginning January 1, 1989 the fee under subsection (b) and the fee, tax or surcharge under subsection (j) shall not apply to:

- (1) Waste which is hazardous waste; or
- (2) Waste which is pollution control waste; or
- (3) Waste from recycling, reclamation or reuse processes which have been approved by the Agency as being designed to remove any contaminant from wastes so as to render such wastes reusable, provided that the process renders at least 50% of the waste reusable; or
- (4) Non-hazardous solid waste that is received at a sanitary landfill and composted or recycled through a process permitted by the Agency; or
- (5) Any landfill which is permitted by the Agency to receive only demolition or construction debris or landscape waste.

Section 55-165. The Uranium and Thorium Mill Tailings Control Act is amended by changing Sections 15 and 40 as follows:

(420 ILCS 42/15)

Sec. 15. Storage fees.

(a) Beginning January 1, 1994, an annual fee shall be imposed on the owner or operator of any property that has been used in whole or in part for the milling of source material and is being used for the storage or disposal of by-product material, equal to \$2 per cubic foot of by-product material being stored or disposed of by the facility. After a facility is cleaned up in accordance with the Department's radiological soil clean-up criteria, no fee shall be due, imposed upon, or collected from an owner. No fee shall be imposed upon any by-product material moved to a facility in contemplation of the subsequent removal of the by-product material pursuant to law or upon any by-product material moved to a facility in contemplation of processing the material through a physical separation facility. No fees shall be collected from any State, county, municipal, or local governmental agency. In connection with settling litigation regarding the amount of the fee to be imposed, the Director may enter into an agreement with the owner or operator of any facility specifying that the fee to be imposed shall not exceed \$26,000,000 in any calendar year. The fees assessed under this Section are separate and distinct from any license fees imposed under Section 11 of the Radiation Protection Act of 1990.

The fee shall be due on June 1 of each year or at such other times in such installments as the Director may provide by rule. To facilitate the expeditious removal of by-product material, rules establishing payment dates or schedules may be adopted as emergency rules under Section 5-45 of the Administrative Procedure Act. The fee shall be collected and administered by the Department, and shall be deposited into the General Revenue Fund ~~By product Material Safety Fund, which is created as an interest bearing special fund in the State Treasury. Amounts in the By product Material Safety Fund not currently required to meet the obligations of the Fund shall be invested as provided by law and all interest earned from investments shall be retained in the Fund.~~

(b) ~~Moneys in the By product Material Safety Fund~~ may be expended by the Department, subject to appropriation, for ~~only~~ the following purposes ~~but and~~ only as the moneys relate to by-product material attributable to the owner or operator who pays the fees under subsection (a) ~~moneys into the Fund~~:

(1) the costs of monitoring, inspecting, and otherwise regulating the storage and disposal of by-product material, wherever located;

(2) the costs of undertaking any maintenance, decommissioning activities, cleanup, responses to radiation emergencies, or remedial action that would otherwise be required of the owner or operator by law or under a license amendment or condition in connection with by-product materials;

(3) the costs that would otherwise be required of the owner or operator, by law or under a license amendment or condition, incurred by the State arising from the transportation of the by-product material from a storage or unlicensed disposal location to a licensed permanent disposal facility; and

(4) reimbursement to the owner or operator of any facility used for the storage or disposal of by-product material for costs incurred by the owner or operator in connection with the decontamination or decommissioning of the storage or disposal facility or other properties contaminated with by-product material. However, the amount of the reimbursements paid to the owner or operator of a

by-product material storage or disposal facility shall not be reduced for any amounts recovered by the owner or operator pursuant to Title X of the federal Energy Policy Act of 1992 and shall not exceed the amount of money paid ~~into the Fund~~ by that owner or operator under subsection (a) plus the interest ~~accrued in the Fund~~ attributable to amounts paid by that owner or operator.

An owner or operator who incurs costs in connection with the decontamination or decommissioning of the storage or disposal facility or other properties contaminated with by-product material is entitled to have those costs promptly reimbursed ~~from the Fund~~ as provided in this Section. In the event the owner or operator has incurred reimbursable costs for which there are not adequate moneys ~~in the Fund~~ with which to provide reimbursement, the Director shall reduce the amount of any fee payable in the future imposed under this Act by the amount of the reimbursable expenses incurred by the owner or operator. An owner or operator of a facility shall submit requests for reimbursement to the Director in a form reasonably required by the Director. Upon receipt of a request, the Director shall give written notice approving or disapproving each of the owner's or operator's request for reimbursement within 60 days. The Director shall approve requests for reimbursement unless the Director finds that the amount is excessive, erroneous, or otherwise inconsistent with paragraph (4) of this subsection or with any license or license amendments issued in connection with that owner's or operator's decontamination or decommissioning plan. If the Director disapproves a reimbursement request, the Director shall set forth in writing to the owner or operator the reasons for disapproval. The owner or operator may resubmit to the Department a disapproved reimbursement request with additional information as may be required. Disapproval of a reimbursement request shall constitute final action for purposes of the Administrative Review Law unless the owner or operator resubmits the denied request within 35 days. To the extent there are funds available ~~in the Fund~~, the Director shall prepare and certify to the Comptroller the disbursement of the approved sums ~~from the By Product Material Safety Fund~~ to the owners or operators or, if there are insufficient funds available, the Director shall off-set future fees otherwise payable by the owner or operator by the amount of the approved reimbursable expenses.

(c) To the extent that costs identified in parts (1), (2), and (3) of subsections (b) are recovered by the Department under the Radiation Protection Act of 1990 or its rules, the Department shall not use money under this Section in the By product Material Safety Fund to cover these costs.

~~(d) (Blank). The provisions directing the expenditures from the By product Material Safety Fund provided for in this Section shall constitute an irrevocable and continuing appropriation to the Department of Nuclear Safety solely for the purposes as provided in this Section. The State Treasurer and State Comptroller are hereby authorized and directed to pay expenditures or record in their records any offset approved by the Director as provided in this Section.~~

Section 65-5. The State Finance Act is amended by changing Section 8.12 as follows:

(30 ILCS 105/8.12) (from Ch. 127, par. 144.12)

Sec. 8.12. State Pensions Fund.

(a) The moneys in the State Pensions Fund shall be used exclusively for the administration of the Uniform Disposition of Unclaimed Property Act and for the payment of or repayment to the General Revenue Fund a portion of the required State contributions to the designated retirement systems.

"Designated retirement systems" means:

- (1) the State Employees' Retirement System of Illinois;
- (2) the Teachers' Retirement System of the State of Illinois;
- (3) the State Universities Retirement System;

- (4) the Judges Retirement System of Illinois; and
- (5) the General Assembly Retirement System.

(b) Each year the General Assembly may make appropriations from the State Pensions Fund for the administration of the Uniform Disposition of Unclaimed Property Act.

Each month, the Commissioner of the Office of Banks and Real Estate shall certify to the State Treasurer the actual expenditures that the Office of Banks and Real Estate incurred conducting unclaimed property examinations under the Uniform Disposition of Unclaimed Property Act during the immediately preceding month. Within a reasonable time following the acceptance of such certification by the State Treasurer, the State Treasurer shall pay from its appropriation from the State Pensions Fund to the Bank and Trust Company Fund and the Savings and Residential Finance Regulatory Fund an amount equal to the expenditures incurred by each Fund for that month.

Each month, the Director of Financial Institutions shall certify to the State Treasurer the actual expenditures that the Department of Financial Institutions incurred conducting unclaimed property examinations under the Uniform Disposition of Unclaimed Property Act during the immediately preceding month. Within a reasonable time following the acceptance of such certification by the State Treasurer, the State Treasurer shall pay from its appropriation from the State Pensions Fund to the Financial Institutions Fund and the Credit Union Fund an amount equal to the expenditures incurred by each Fund for that month.

(c) As soon as possible after the effective date of this amendatory Act of the 93rd General Assembly, the General Assembly shall appropriate from the State Pensions Fund (1) to the State Universities Retirement System the amount certified under Section 15-165 during the prior year, (2) to the Judges Retirement System of Illinois the amount certified under Section 18-140 during the prior year, and (3) to the General Assembly Retirement System the amount certified under Section 2-134 during the prior year as part of the required State contributions to each of those designated retirement systems; except that amounts appropriated under this subsection (c) in State fiscal year 2005 shall not reduce the amount in the State Pensions Fund below \$5,000,000. If the amount in the State Pensions Fund does not exceed the sum of the amounts certified in Sections 15-165, 18-140, and 2-134 by at least \$5,000,000, the amount paid to each designated retirement system under this subsection shall be reduced in proportion to the amount certified by each of those designated retirement systems. ~~For each State fiscal year beginning with State fiscal year 2006, the General Assembly shall appropriate a total amount equal to the balance in the State Pensions Fund at the close of business on June 30 of the preceding fiscal year, less \$5,000,000, as part of the required State contributions to the designated retirement systems. The amount of the appropriation to designated retirement systems shall constitute a portion of the total appropriation under this subsection for that fiscal year which is the same as that retirement system's portion of the total actuarial reserve deficiency of the systems, as most recently determined by the Governor's Office of Management and Budget.~~

(c-5) For fiscal year 2006 and thereafter, the General Assembly shall appropriate from the State Pensions Fund to the State Universities Retirement System the amount estimated to be available during the fiscal year in the State Pensions Fund; provided, however, that the amounts appropriated under this subsection (c-5) shall not reduce the amount in the State Pensions Fund below \$5,000,000.

(d) The Governor's Office of Management and Budget shall determine the individual and total reserve deficiencies of the designated retirement systems. For this purpose, the Governor's Office of Management and Budget shall utilize the latest available audit and actuarial reports of each of the retirement systems and the relevant reports and statistics of the Public Employee Pension Fund Division of the Department of Insurance.

(d-1) As soon as practicable after the effective date of this amendatory Act of the 93rd General Assembly, the Comptroller shall direct and the Treasurer shall transfer from the State Pensions Fund to the General Revenue Fund, as funds become available, a sum equal to the amounts that would have been paid from the State Pensions Fund to the Teachers' Retirement System of the State of Illinois, the State Universities Retirement System, the Judges Retirement System of Illinois, the General Assembly Retirement System, and the State Employees' Retirement System of Illinois after the effective date of this amendatory Act during the remainder of fiscal year 2004 to the designated retirement systems from the appropriations provided for in this Section if the transfers provided in Section 6z-61 had not occurred. The transfers described in this subsection (d-1) are to partially repay the General Revenue Fund for the costs associated with the bonds used to fund the moneys transferred to the designated retirement systems under Section 6z-61.

(e) The changes to this Section made by this amendatory Act of 1994 shall first apply to distributions from the Fund for State fiscal year 1996.

For State fiscal years 2004, ~~and 2005~~, and 2006 only, the Mandatory Arbitration Fund may be used to reimburse approved costs for pretrial services. (Source: P.A. 93-25, eff. 6-20-03; 93-839, eff. 7-30-04.)

Section 70-10. The Probation and Probation Officers Act is amended by changing Section 15.1 as follows:

(730 ILCS 110/15) (from Ch. 38, par. 204-7)

Sec. 15. (1) The Supreme Court of Illinois may establish a Division of Probation Services whose purpose shall be the development, establishment, promulgation, and enforcement of uniform standards for probation services in this State, and to otherwise carry out the intent of this Act. The Division may:

- (a) establish qualifications for chief probation officers and other probation and court services personnel as to hiring, promotion, and training.
- (b) make available, on a timely basis, lists of those applicants whose qualifications meet the regulations referred to herein, including on said lists all candidates found qualified.
- (c) establish a means of verifying the conditions for reimbursement under this Act and develop criteria for approved costs for reimbursement.
- (d) develop standards and approve employee compensation schedules for probation and court services departments.
- (e) employ sufficient personnel in the Division to carry out the functions of the Division.
- (f) establish a system of training and establish standards for personnel orientation and training.
- (g) develop standards for a system of record keeping for cases and programs, gather statistics, establish a system of uniform forms, and develop research for planning of Probation Services.
- (h) develop standards to assure adequate support personnel, office space, equipment and supplies, travel expenses, and other essential items necessary for Probation and Court Services Departments to carry out their duties.
- (i) review and approve annual plans submitted by Probation and Court Services Departments.
- (j) monitor and evaluate all programs operated by Probation and Court Services Departments, and may include in the program evaluation criteria such factors as the percentage of Probation sentences for felons convicted of Probationable offenses.
- (k) seek the cooperation of local and State government and private agencies to improve the quality of probation and court services.
- (l) where appropriate, establish programs and corresponding standards designed to generally improve the quality of probation and court services and reduce the rate of adult or juvenile offenders committed to the Department of Corrections.
- (m) establish such other standards and regulations and do all acts necessary to carry out the intent and purposes of this Act.

The Division shall establish a model list of structured intermediate sanctions that may be imposed by a probation agency for violations of terms and conditions of a sentence of probation, conditional discharge, or supervision.

The State of Illinois shall provide for the costs of personnel, travel, equipment, telecommunications, postage, commodities, printing, space, contractual services and other related costs necessary to carry out the intent of this Act.

(2) (a) The chief judge of each circuit shall provide full-time probation services for all counties within the circuit, in a manner consistent with the annual probation plan, the standards, policies, and regulations established by the Supreme Court. A probation district of two or more counties within a circuit may be created for the purposes of providing full-time probation services. Every county or group of counties within a circuit shall maintain a probation department which shall be under the authority of the Chief Judge of the

circuit or some other judge designated by the Chief Judge. The Chief Judge, through the Probation and Court Services Department shall submit annual plans to the Division for probation and related services.

(b) The Chief Judge of each circuit shall appoint the Chief Probation Officer and all other probation officers for his or her circuit from lists of qualified applicants supplied by the Supreme Court. Candidates for chief managing officer and other probation officer positions must apply with both the Chief Judge of the circuit and the Supreme Court.

(3) A Probation and Court Service Department shall apply to the Supreme Court for funds for basic services, and may apply for funds for new and expanded programs or Individualized Services and Programs. Costs shall be reimbursed monthly based on a plan and budget approved by the Supreme Court. No Department may be reimbursed for costs which exceed or are not provided for in the approved annual plan and budget. After the effective date of this amendatory Act of 1985, each county must provide basic services in accordance with the annual plan and standards created by the division. No department may receive funds for new or expanded programs or individualized services and programs unless they are in compliance with standards as enumerated in paragraph (h) of subsection (1) of this Section, the annual plan, and standards for basic services.

(4) The Division shall reimburse the county or counties for probation services as follows:

(a) 100% of the salary of all chief managing officers designated as such by the Chief Judge and the division.

(b) 100% of the salary for all probation officer and supervisor positions approved for reimbursement by the division after April 1, 1984, to meet workload standards and to implement intensive sanction and probation supervision programs and other basic services as defined in this Act.

(c) 100% of the salary for all secure detention personnel and non-secure group home personnel approved for reimbursement after December 1, 1990. For all such positions approved for reimbursement before December 1, 1990, the counties shall be reimbursed \$1,250 per month beginning July 1, 1995, and an additional \$250 per month beginning each July 1st thereafter until the positions receive 100% salary reimbursement. Allocation of such positions will be based on comparative need considering capacity, staff/resident ratio, physical plant and program.

(d) \$1,000 per month for salaries for the remaining probation officer positions engaged in basic services and new or expanded services. All such positions shall be approved by the division in accordance with this Act and division standards.

(e) 100% of the travel expenses in accordance with Division standards for all Probation positions approved under paragraph (b) of subsection 4 of this Section.

(f) If the amount of funds reimbursed to the county under paragraphs (a) through (e) of subsection 4 of this Section on an annual basis is less than the amount the county had received during the 12 month period immediately prior to the effective date of this amendatory Act of 1985, then the Division shall reimburse the amount of the difference to the county. The effect of paragraph (b) of subsection 7 of this Section shall be considered in implementing this supplemental reimbursement provision.

(5) The Division shall provide funds beginning on April 1, 1987 for the counties to provide Individualized Services and Programs as provided in Section 16 of this Act.

(6) A Probation and Court Services Department in order to be eligible for the reimbursement must submit to the Supreme Court an application containing such information and in such a form and by such dates as the Supreme Court may require. Departments to be eligible for funding must satisfy the following conditions:

(a) The Department shall have on file with the Supreme Court an annual Probation plan for continuing, improved, and new Probation and Court Services Programs approved by the Supreme Court or its designee. This plan shall indicate the manner in which Probation and Court Services will be delivered and improved, consistent with the minimum standards and regulations for Probation and Court Services, as established by the Supreme Court. In counties with more than one Probation and Court Services Department eligible to receive funds, all Departments within that county must submit plans which are approved by the Supreme Court.

(b) The annual probation plan shall seek to generally improve the quality of probation services and to reduce the commitment of adult and juvenile offenders to the Department of Corrections and shall require, when appropriate, coordination with the Department of Corrections and the Department of Children and Family Services in the development and use of community resources, information systems, case review and permanency planning systems to avoid the duplication of services.

(c) The Department shall be in compliance with standards developed by the Supreme Court

for basic, new and expanded services, training, personnel hiring and promotion.

(d) The Department shall in its annual plan indicate the manner in which it will support the rights of crime victims and in which manner it will implement Article I, Section 8.1 of the Illinois Constitution and in what manner it will coordinate crime victims' support services with other criminal justice agencies within its jurisdiction, including but not limited to, the State's Attorney, the Sheriff and any municipal police department.

(7) No statement shall be verified by the Supreme Court or its designee or vouchered by the Comptroller unless each of the following conditions have been met:

(a) The probation officer is a full-time employee appointed by the Chief Judge to provide probation services.

(b) The probation officer, in order to be eligible for State reimbursement, is receiving a salary of at least \$17,000 per year.

(c) The probation officer is appointed or was reappointed in accordance with minimum qualifications or criteria established by the Supreme Court; however, all probation officers appointed prior to January 1, 1978, shall be exempted from the minimum requirements established by the Supreme Court. Payments shall be made to counties employing these exempted probation officers as long as they are employed in the position held on the effective date of this amendatory Act of 1985. Promotions shall be governed by minimum qualifications established by the Supreme Court.

(d) The Department has an established compensation schedule approved by the Supreme Court. The compensation schedule shall include salary ranges with necessary increments to compensate each employee. The increments shall, within the salary ranges, be based on such factors as bona fide occupational qualifications, performance, and length of service. Each position in the Department shall be placed on the compensation schedule according to job duties and responsibilities of such position. The policy and procedures of the compensation schedule shall be made available to each employee.

(8) In order to obtain full reimbursement of all approved costs, each Department must continue to employ at least the same number of probation officers and probation managers as were authorized for employment for the fiscal year which includes January 1, 1985. This number shall be designated as the base amount of the Department. No positions approved by the Division under paragraph (b) of subsection 4 will be included in the base amount. In the event that the Department employs fewer Probation officers and Probation managers than the base amount for a period of 90 days, funding received by the Department under subsection 4 of this Section may be reduced on a monthly basis by the amount of the current salaries of any positions below the base amount.

(9) Before the 15th day of each month, the treasurer of any county which has a Probation and Court Services Department, or the treasurer of the most populous county, in the case of a Probation or Court Services Department funded by more than one county, shall submit an itemized statement of all approved costs incurred in the delivery of Basic Probation and Court Services under this Act to the Supreme Court. The treasurer may also submit an itemized statement of all approved costs incurred in the delivery of new and expanded Probation and Court Services as well as Individualized Services and Programs. The Supreme Court or its designee shall verify compliance with this Section and shall examine and audit the monthly statement and, upon finding them to be correct, shall forward them to the Comptroller for payment to the county treasurer. In the case of payment to a treasurer of a county which is the most populous of counties sharing the salary and expenses of a Probation and Court Services Department, the treasurer shall divide the money between the counties in a manner that reflects each county's share of the cost incurred by the Department.

(10) The county treasurer must certify that funds received under this Section shall be used solely to maintain and improve Probation and Court Services. The county or circuit shall remain in compliance with all standards, policies and regulations established by the Supreme Court. If at any time the Supreme Court determines that a county or circuit is not in compliance, the Supreme Court shall immediately notify the Chief Judge, county board chairman and the Director of Court Services Chief Probation Officer. If after 90 days of written notice the noncompliance still exists, the Supreme Court shall be required to reduce the amount of monthly reimbursement by 10%. An additional 10% reduction of monthly reimbursement shall occur for each consecutive month of noncompliance. Except as provided in subsection 5 of Section 15, funding to counties shall commence on April 1, 1986. Funds received under this Act shall be used to provide for Probation Department expenses including those required under Section 13 of this Act. For State fiscal years 2004, and 2005, and 2006 only, the Mandatory Arbitration Fund may be used to provide for Probation Department expenses, including those required under Section 13 of this Act.

(11) The respective counties shall be responsible for capital and space costs, fringe benefits, clerical

costs, equipment, telecommunications, postage, commodities and printing.

(12) For purposes of this Act only, probation officers shall be considered peace officers. In the exercise of their official duties, probation officers, sheriffs, and police officers may, anywhere within the State, arrest any probationer who is in violation of any of the conditions of his or her probation, conditional discharge, or supervision, and it shall be the duty of the officer making the arrest to take the probationer before the Court having jurisdiction over the probationer for further order.

Sec. 15.1. Probation and Court Services Fund.

(a) The county treasurer in each county shall establish a probation and court services fund consisting of fees collected pursuant to subsection (i) of Section 5-6-3 and subsection (i) of Section 5-6-3.1 of the Unified Code of Corrections, subsection (10) of Section 5-615 and subsection (5) of Section 5-715 of the Juvenile Court Act of 1987, and paragraph 14.3 of subsection (b) of Section 110-10 of the Code of Criminal Procedure of 1963. (b) Monies in the probation and court services fund shall be appropriated by the county board to be used within the county or jurisdiction where collected in accordance with policies and guidelines approved by the Supreme Court for the costs of operating the probation and court services department or departments; however, except as provided in subparagraph (g), monies in the probation and court services fund shall not be used for the payment of salaries of probation and court services personnel.

(d) Interest earned on monies deposited in a probation and court services fund may be used by the county for its ordinary and contingent expenditures.

(e) The county board may appropriate moneys from the probation and court services fund, upon the direction of the chief judge, to support programs that are part of the continuum of juvenile delinquency intervention programs which are or may be developed within the county. The grants from the probation and court services fund shall be for no more than one year and may be used for any expenses attributable to the program including administration and oversight of the program by the probation department.

(f) The county board may appropriate moneys from the probation and court services fund, upon the direction of the chief judge, to support practices endorsed or required under the Sex Offender Management Board Act, including but not limited to sex offender evaluation, treatment, and monitoring programs that are or may be developed within the county.

(g) For the State Fiscal ~~Year~~ Years ~~2005 and 2006~~ only, the Administrative Office of the Illinois Courts may permit a county or circuit to use its probation and court services fund for the payment of salaries of probation officers and other court services personnel whose salaries are reimbursed under this Act if the State's FY2005 or FY2006 appropriation to the Supreme Court for reimbursement to counties for probation salaries and services is less than the amount appropriated to the Supreme Court for these purposes for State Fiscal Year 2004. The Administrative Office of the Illinois Courts shall take into account each county's or circuit's probation fee collections and expenditures ~~any annual surplus or deficit that any county or circuit has in its probation and court services fund and any amounts already obligated from such fund~~ when apportioning the total reimbursement for each county or circuit.

All of these transfers shall be made in equal quarterly installments with the first made on the effective date of this amendatory Act of the 94th General Assembly, or as soon thereafter as practical, and with the remaining transfers to be made on October 1, January 1, and April 1, or as soon thereafter as practical. These transfers shall be made notwithstanding any other provision of State law to the contrary.

(b) On and after the effective date of this amendatory Act of the 94th General Assembly through June 30, 2006, when any of the funds listed in subsection (a) have insufficient cash from which the State Comptroller may make expenditures properly supported by appropriations from the fund, then the State Treasurer and State Comptroller shall transfer from the General Revenue Fund to the fund only such amount as is immediately necessary to satisfy outstanding expenditure obligations on a timely basis, subject to the provisions of the State Prompt Payment Act. Any amounts transferred from the General Revenue Fund to a fund pursuant to this subsection (b) from time to time shall be re-transferred by the State Comptroller and the State Treasurer from the receiving fund into the General Revenue Fund as soon as and to the extent that deposits are made into or receipts are collected by the receiving fund. In all events, the full amounts of all transfers from the General Revenue Fund to receiving funds shall be re-transferred to the General Revenue Fund no later than June 30, 2006.

ARTICLE 85

Section 85-5. The State Finance Act is amended by changing Section 8h as follows:  
(30 ILCS 105/8h)

Sec. 8h. Transfers to General Revenue Fund.

(a) Except as provided in subsection (b), notwithstanding any other State law to the contrary, the Governor may, through June 30, 2007, from time to time direct the State Treasurer and Comptroller to transfer a specified sum from any fund held by the State Treasurer to the General Revenue Fund in order to help defray the State's operating costs for the fiscal year. The total transfer under this Section from any fund in any fiscal year shall not exceed the lesser of (i) 8% of the revenues to be deposited into the fund during that fiscal year or (ii) an amount that leaves a remaining fund balance of 25% of the July 1 fund balance of that fiscal year. In fiscal year 2005 only, prior to calculating the July 1, 2004 final balances, the Governor may calculate and direct the State Treasurer with the Comptroller to transfer additional amounts determined by applying the formula authorized in Public Act 93-839 to the funds balances on July 1, 2003. No transfer may be made from a fund under this Section that would have the effect of reducing the available balance in the fund to an amount less than the amount remaining unexpended and unreserved from the total appropriation from that fund estimated to be expended for that fiscal year. This Section does not apply to any funds that are restricted by federal law to a specific use, to any funds in the Motor Fuel Tax Fund, the Hospital Provider Fund, the Medicaid Provider Relief Fund, ~~or~~ the Reviewing Court Alternative Dispute Resolution Fund, the Foreign Language Interpreter Fund, the Lawyers' Assistance Program Fund, the Supreme Court Federal Projects Fund, the Supreme Court Special State Projects Fund, or the Low-Level Radioactive Waste Facility Development and Operation Fund, or to any funds to which subsection (f) of Section 20-40 of the Nursing and Advanced Practice Nursing Act applies. Notwithstanding any other provision of this Section, for fiscal year 2004, the total transfer under this Section from the Road Fund or the State Construction Account Fund shall not exceed the lesser of (i) 5% of the revenues to be deposited into the fund during that fiscal year or (ii) 25% of the beginning balance in the fund. For fiscal year 2005 through fiscal year 2007, no amounts may be transferred under this Section from the Road Fund, the State Construction Account Fund, the Criminal Justice Information Systems Trust Fund, the Wireless Service Emergency Fund, or the Mandatory Arbitration Fund.

In determining the available balance in a fund, the Governor may include receipts, transfers into the fund, and other resources anticipated to be available in the fund in that fiscal year.

The State Treasurer and Comptroller shall transfer the amounts designated under this Section as soon as may be practicable after receiving the direction to transfer from the Governor.

(b) This Section does not apply to any fund established under the Community Senior Services and Resources Act.

Section 85-10. The Low-Level Radioactive Waste Management Act is amended by changing Section 13 as follows:

(420 ILCS 20/13) (from Ch. 111 1/2, par. 241-13)

Sec. 13. Waste fees.

(a) The Department shall collect a fee from each generator of low-level radioactive wastes in this State. Except as provided in subsections (b), (c), and (d), the amount of the fee shall be \$50.00 or the following amount, whichever is greater:

(1) \$1 per cubic foot of waste shipped for storage, treatment or disposal if storage of the waste for shipment occurred prior to September 7, 1984;

(2) \$2 per cubic foot of waste stored for shipment if storage of the waste occurs on or after September 7, 1984, but prior to October 1, 1985;

(3) \$3 per cubic foot of waste stored for shipment if storage of the waste occurs on or after October 1, 1985;

(4) \$2 per cubic foot of waste shipped for storage, treatment or disposal if storage of the waste for shipment occurs on or after September 7, 1984 but prior to October 1, 1985, provided that no fee has been collected previously for storage of the waste;

(5) \$3 per cubic foot of waste shipped for storage, treatment or disposal if storage of the waste for shipment occurs on or after October 1, 1985, provided that no fees have been collected previously for storage of the waste.

Such fees shall be collected annually or as determined by the Department and shall be deposited in the low-level radioactive waste funds as provided in Section 14 of this Act. Notwithstanding any other provision of this Act, no fee under this Section shall be collected from a generator for waste generated incident to manufacturing before December 31, 1980, and shipped for disposal outside of this State before December 31, 1992, as part of a site reclamation leading to license termination.

(b) Each nuclear power reactor in this State for which an operating license has been issued by the Nuclear Regulatory Commission shall not be subject to the fee required by subsection (a) with respect to (1) waste stored for shipment if storage of the waste occurs on or after January 1, 1986; and (2) waste shipped for storage, treatment or disposal if storage of the waste for shipment occurs on or after January 1, 1986. In lieu of the fee, each reactor shall be required to pay an annual fee as provided in this subsection for the treatment, storage and disposal of low-level radioactive waste. Beginning with State fiscal year 1986 and through State fiscal year 1997, fees shall be due and payable on January 1st of each year. For State fiscal year 1998 and all subsequent State fiscal years, fees shall be due and payable on July 1 of each fiscal year. The fee due on July 1, 1997 shall be payable on that date, or within 10 days after the effective date of this amendatory Act of 1997, whichever is later.

The owner of any nuclear power reactor that has an operating license issued by the Nuclear Regulatory Commission for any portion of State fiscal year 1998 shall continue to pay an annual fee of \$90,000 for the treatment, storage, and disposal of low-level radioactive waste through State fiscal year 2002. The fee shall be due and payable on July 1 of each fiscal year. The fee due on July 1, 1998 shall be payable on that date, or within 10 days after the effective date of this amendatory Act of 1998, whichever is later. If the balance in the Low-Level Radioactive Waste Facility Development and Operation Fund falls below \$500,000, as of the end of any fiscal year after fiscal year 2002, the Department is authorized to assess by rule, after notice and a hearing, an additional annual fee to be paid by the owners of nuclear power reactors for which operating licenses have been issued by the Nuclear Regulatory Commission, except that no additional annual fee shall be assessed because of the fund balance at the end of fiscal year 2005 or the end of fiscal year 2006. The additional annual fee shall be payable on the date or dates specified by rule and shall not exceed \$30,000 per operating reactor per year.

(c) In each of State fiscal years 1988, 1989 and 1990, in addition to the fee imposed in subsections (b) and (d), the owner of each nuclear power reactor in this State for which an operating license has been issued by the Nuclear Regulatory Commission shall pay a fee of \$408,000. If an operating license is issued during one of those 3 fiscal years, the owner shall pay a prorated amount of the fee equal to \$1,117.80 multiplied by the number of days in the fiscal year during which the nuclear power reactor was licensed.

The fee shall be due and payable as follows: in fiscal year 1988, \$204,000 shall be paid on October 1, 1987 and \$102,000 shall be paid on each of January 1, 1988 and April 1, 1988; in fiscal year 1989, \$102,000 shall be paid on each of July 1, 1988, October 1, 1988, January 1, 1989 and April 1, 1989; and in fiscal year 1990, \$102,000 shall be paid on each of July 1, 1989, October 1, 1989, January 1, 1990 and April 1, 1990. If the operating license is issued during one of the 3 fiscal years, the owner shall be subject to those payment dates, and their corresponding amounts, on which the owner possesses an operating license and, on June 30 of the fiscal year of issuance of the license, whatever amount of the prorated fee remains outstanding.

All of the amounts collected by the Department under this subsection (c) shall be deposited into the Low-Level Radioactive Waste Facility Development and Operation Fund created under subsection (a) of Section 14 of this Act and expended, subject to appropriation, for the purposes provided in that subsection.

(d) In addition to the fees imposed in subsections (b) and (c), the owners of nuclear power reactors in this State for which operating licenses have been issued by the Nuclear Regulatory Commission shall pay the following fees for each such nuclear power reactor: for State fiscal year 1989, \$325,000 payable on October 1, 1988, \$162,500 payable on January 1, 1989, and \$162,500 payable on April 1, 1989; for State fiscal year 1990, \$162,500 payable on July 1, \$300,000 payable on October 1, \$300,000 payable on January 1 and \$300,000 payable on April 1; for State fiscal year 1991, either (1) \$150,000 payable on July 1, \$650,000 payable on September 1, \$675,000 payable on January 1, and \$275,000 payable on April 1, or (2) \$150,000 on July 1, \$130,000 on the first day of each month from August through December, \$225,000 on the first day of each month from January through March and \$92,000 on the first day of each month from April through June; for State fiscal year 1992, \$260,000 payable on July 1, \$900,000 payable on September 1, \$300,000 payable on October 1, \$150,000 payable on January 1, and \$100,000 payable on April 1; for State fiscal year 1993, \$100,000 payable on July 1, \$230,000 payable on August 1 or within 10 days after July 31, 1992, whichever is later, and \$355,000 payable on October 1; for State fiscal year 1994, \$100,000 payable on July 1, \$75,000 payable on October 1 and \$75,000 payable on April 1; for State fiscal year 1995, \$100,000 payable on July 1, \$75,000 payable on October 1, and \$75,000 payable on April 1, for State fiscal year 1996, \$100,000 payable on July 1, \$75,000 payable on October 1, and \$75,000 payable on April 1. The owner of any nuclear power reactor that has an operating license issued by the Nuclear Regulatory Commission for any portion of State fiscal year 1998 shall pay an annual fee of \$30,000 through State fiscal year 2003. For State fiscal year 2004 and subsequent fiscal years, the owner of any nuclear power reactor that has an operating license issued by the Nuclear Regulatory Commission shall pay an annual fee of \$30,000 per reactor, provided that the fee shall not apply to a nuclear power reactor with regard to which the owner notified the Nuclear Regulatory Commission during State fiscal year 1998 that the nuclear power reactor permanently ceased operations. The fee shall be due and payable on July 1 of each fiscal year. The fee due on July 1, 1998 shall be payable on that date, or within 10 days after the effective date of this amendatory Act of 1998, whichever is later. The fee due on July 1, 1997 shall be payable on that date or within 10 days after the effective date of this amendatory Act of 1997, whichever is later. If the payments under this subsection for fiscal year 1993 due on January 1, 1993, or on April 1, 1993, or both, were due before the effective date of this amendatory Act of the 87th General Assembly, then those payments are waived and need not be made.

All of the amounts collected by the Department under this subsection (d) shall be deposited into the Low-Level Radioactive Waste Facility Development and Operation Fund created pursuant to subsection (a) of Section 14 of this Act and expended, subject to appropriation, for the purposes provided in that subsection.

All payments made by licensees under this subsection (d) for fiscal year 1992 that are not appropriated and obligated by the Department above \$1,750,000 per reactor in fiscal year 1992, shall be credited to the licensees making the payments to reduce the per reactor fees required under this subsection (d) for fiscal year 1993.

(e) The Department shall promulgate rules and regulations establishing standards for the collection of the fees authorized by this Section. The regulations shall include, but need not be limited to:

- (1) the records necessary to identify the amounts of low-level radioactive wastes produced;
- (2) the form and submission of reports to accompany the payment of fees to the Department; and
- (3) the time and manner of payment of fees to the Department, which payments shall not be more frequent than quarterly.

(f) Any operating agreement entered into under subsection (b) of Section 5 of this Act between the

Department and any disposal facility contractor shall, subject to the provisions of this Act, authorize the contractor to impose upon and collect from persons using the disposal facility fees designed and set at levels reasonably calculated to produce sufficient revenues (1) to pay all costs and expenses properly incurred or accrued in connection with, and properly allocated to, performance of the contractor's obligations under the operating agreement, and (2) to provide reasonable and appropriate compensation or profit to the contractor under the operating agreement. For purposes of this subsection (f), the term "costs and expenses" may include, without limitation, (i) direct and indirect costs and expenses for labor, services, equipment, materials, insurance and other risk management costs, interest and other financing charges, and taxes or fees in lieu of taxes; (ii) payments to or required by the United States, the State of Illinois or any agency or department thereof, the Central Midwest Interstate Low-Level Radioactive Waste Compact, and subject to the provisions of this Act, any unit of local government; (iii) amortization of capitalized costs with respect to the disposal facility and its development, including any capitalized reserves; and (iv) payments with respect to reserves, accounts, escrows or trust funds required by law or otherwise provided for under the operating agreement.

(g) (Blank).

(h) (Blank).

(i) (Blank).

(j) (Blank).

(j-5) Prior to commencement of facility operations, the Department shall adopt rules providing for the establishment and collection of fees and charges with respect to the use of the disposal facility as provided in subsection (f) of this Section.

(k) The regional disposal facility shall be subject to ad valorem real estate taxes lawfully imposed by units of local government and school districts with jurisdiction over the facility. No other local government tax, surtax, fee or other charge on activities at the regional disposal facility shall be allowed except as authorized by the Department.

(l) The Department shall have the power, in the event that acceptance of waste for disposal at the regional disposal facility is suspended, delayed or interrupted, to impose emergency fees on the generators of low-level radioactive waste. Generators shall pay emergency fees within 30 days of receipt of notice of the emergency fees. The Department shall deposit all of the receipts of any fees collected under this subsection into the Low-Level Radioactive Waste Facility Development and Operation Fund created under subsection (b) of Section 14. Emergency fees may be used to mitigate the impacts of the suspension or interruption of acceptance of waste for disposal. The requirements for rulemaking in the Illinois Administrative Procedure Act shall not apply to the imposition of emergency fees under this subsection.

(m) The Department shall promulgate any other rules and regulations as may be necessary to implement this Section.

(a) The Department of Commerce and Economic Opportunity ~~Community Affairs~~ must establish a program for international tourism. The Department shall develop and implement the program on January 1, 2000 by rule. As part of the program, the Department may work in cooperation with local convention and tourism bureaus in Illinois in the coordination of international tourism efforts at the State and local level. The Department may (i) work in cooperation with local convention and tourism bureaus for efficient use of their international tourism marketing resources, (ii) promote Illinois in international meetings and tourism markets, (iii) work with convention and tourism bureaus throughout the State to increase the number of international tourists to Illinois, (iv) provide training, research, technical support, and grants to certified convention and tourism bureaus, (v) provide staff, administration, and related support required to manage the programs under this Section, and (vi) provide grants for the development of or the enhancement of international tourism attractions.

"New gasification facility" means a newly constructed coal gasification facility that generates chemical feedstocks or transportation fuels derived from coal (which may include, but are not limited to, methane, methanol, and nitrogen fertilizer), that supports the creation or retention of Illinois coal-mining jobs, and that qualifies for financial assistance from the Department before December 31, 2006. A new gasification facility does not include a pilot project located within Jefferson County or within a county adjacent to Jefferson County for synthetic natural gas from coal.

(b) The Department is authorized to provide financial assistance to eligible businesses for new ~~electric generating~~ facilities from funds appropriated by the General Assembly as further provided in this Section.

An eligible business seeking qualification for financial assistance for a new ~~electric generating~~ facility, for purposes of this Section only, shall apply to the Department in the manner specified by the Department. Any projections provided by an eligible business as part of the application shall be independently verified in a manner as set forth by the Department. An application shall include, but not be limited to:

An eligible business shall file a monthly report with the Illinois Department of Revenue stating the amount of Illinois-mined coal purchased during the previous month for use in the new ~~electric-generating~~ facility, the purchase price of that coal, the amount of State occupation and use taxes paid on that purchase to the seller of the Illinois-mined coal, and such other information as that Department may reasonably require. In sales of Illinois-mined coal between related parties, the purchase price of the coal must have been determined in an arms-length transaction. However, no report need be filed by an eligible business in a month when it made no reportable purchases of coal in the previous month. The Illinois Department of Revenue shall provide a summary of such reports to the Governor's Office of Management and Budget.

Upon granting financial assistance to an eligible business, the Department shall certify the name of the eligible business to the Illinois Department of Revenue. The privilege tax imposed under this subsection (a-3) shall no longer be imposed beginning on the earlier of (i) July 1, 2005; (ii) the first date after June 20, 2003 ~~the effective date of this amendatory Act of the 93rd General Assembly~~ that riverboat gambling operations are conducted pursuant to a dormant license; or (iii) the first day that riverboat gambling operations are conducted under the authority of an owners license that is in addition to the 10 owners licenses initially authorized under this Act. For the purposes of this subsection (a-3), the term "dormant license" means an owners license that is authorized by this Act under which no riverboat gambling operations are being conducted on June 20, 2003 ~~the effective date of this amendatory Act of the 93rd General Assembly~~.

(a-4) Beginning on the first day on which the tax imposed under subsection (a-3) is no longer imposed, a privilege tax is imposed on persons engaged in the business of conducting riverboat gambling operations, other than licensed managers conducting riverboat gambling operations on behalf of the State, based on the adjusted gross receipts received by a licensed owner from gambling games authorized under this Act at the

- 45% of annual adjusted gross receipts in excess of \$150,000,000 but not exceeding \$200,000,000;
- 50% of annual adjusted gross receipts in excess of \$200,000,000.

(a-8) Riverboat gambling operations conducted by a licensed manager on behalf of the State are not subject to the tax imposed under this Section.

(a-10) The taxes imposed by this Section shall be paid by the licensed owner to the Board not later than 3:00 o'clock p.m. of the day after the day when the wagers were made.

(a-15) If the privilege tax imposed under subsection (a-3) is no longer imposed pursuant to item (i) of the last paragraph of subsection (a-3), then by June 15 of each year, each owners licensee, other than an owners licensee that admitted 1,000,000 persons or fewer in calendar year 2004, must, in addition to the payment of all amounts otherwise due under this Section, pay to the Board the amount, if any, by which the base amount for the licensed owner exceeds the amount of tax paid under this Section by the licensed owner in the then current State fiscal year. The obligation imposed by this subsection (a-15) is binding on any person, firm, corporation, or other entity that acquires an ownership interest in any such owners license. The obligation imposed under this subsection (a-15) terminates on the earliest of: (i) July 1, 2007, (ii) the first day after the effective date of this amendatory Act of the 94th General Assembly that riverboat gambling operations are conducted pursuant to a dormant license, (iii) the first day that riverboat gambling operations are conducted under the authority of an owners license that is in addition to the 10 owners licenses initially authorized under this Act, or (iv) the first day that a licensee under the Illinois Horse Racing Act of 1975 conducts gaming operations with slot machines or other electronic gaming devices. The Board must reduce the obligation imposed under this subsection (a-15) by an amount the Board deems reasonable for any of the following reasons: (A) an act or acts of God, (B) an act of bioterrorism or terrorism or a bioterrorism or terrorism threat that was investigated by a law enforcement agency, or (C) a condition beyond the control of the owners licensee that does not result from any act or omission by the owners licensee or any of its agents and that poses a hazardous threat to the health and safety of patrons. If an owners licensee pays an amount in excess of its liability under this Section, the Board shall apply the overpayment to future payments required under this Section.

For purposes of this subsection (a-15):

"Act of God" means an incident caused by the operation of an extraordinary force that cannot be foreseen, that cannot be avoided by the exercise of due care, and for which no person can be held liable.

"Base amount" means the following:

- For a riverboat in Alton, \$31,000,000.
- For a riverboat in East Peoria, \$43,000,000.

"Dormant license" has the meaning ascribed to it in subsection (a-3).

(c) Appropriations, as approved by the General Assembly, may be made from the State Gaming Fund to the Department of Revenue and the Department of State Police for the administration and enforcement of this Act, or to the Department of Human Services for the administration of programs to treat problem gambling.

(c-20) Each year the General Assembly shall appropriate from the General Revenue Fund to the Education Assistance Fund an amount equal to the amount paid to each home rule county with a population of over 3,000,000 inhabitants pursuant to subsection (c-15) in the prior calendar year.

(c-25) After the payments required under subsections (b), (c), (c-5) and (c-15) have been made, an amount equal to 2% of the adjusted gross receipts of (1) an owners ~~licensee~~ ~~license~~ that relocates pursuant to Section 11.2, (2) an owners ~~licensee~~ ~~license~~ conducting riverboat gambling operations pursuant to an owners license that is initially issued after June 25, 1999, or (3) the first riverboat gambling operations conducted by a licensed manager on behalf of the State under Section ~~7.3~~ ~~7.2~~, whichever comes first, shall be paid from the State Gaming Fund to Chicago State University.

Sec. 2-3.131. Transitional assistance payments.

(a) If the amount that the State Board of Education will pay to a school district from fiscal year 2004 appropriations, as estimated by the State Board of Education on April 1, 2004, is less than the amount that the State Board of Education paid to the school district from fiscal year 2003 appropriations, then, subject to appropriation, the State Board of Education shall make a fiscal year 2004 transitional assistance payment to the school district in an amount equal to the difference between the estimated amount to be paid from fiscal year 2004 appropriations and the amount paid from fiscal year 2003 appropriations.

(b) If the amount that the State Board of Education will pay to a school district from fiscal year 2005 appropriations, as estimated by the State Board of Education on April 1, 2005, is less than the amount that the State Board of Education paid to the school district from fiscal year 2004 appropriations, then the State Board of Education shall make a fiscal year 2005 transitional assistance payment to the school district in an amount equal to the difference between the estimated amount to be paid from fiscal year 2005 appropriations and the amount paid from fiscal year 2004 appropriations.

(105 ILCS 5/14-8.01) (from Ch. 122, par. 14-8.01)

Sec. 14-8.01. Supervision of special education buildings and facilities. All special educational facilities, building programs, housing, and all educational programs for the types of disabled children defined in Section 14-1.02 shall be under the supervision of and subject to the approval of the State Board of Education.

All special education facilities, building programs, and housing shall comply with the building code authorized by Section 2-3.12.

All educational programs for children with disabilities as defined in Section 14-1.02 administered by any State agency shall be under the general supervision of the State Board of Education. Such supervision shall be limited to insuring that such educational programs meet standards jointly developed and agreed to by both the State Board of Education and the operating State agency, including standards for educational personnel.

Any State agency providing special educational programs for children with disabilities as defined in Section 14-1.02 shall promulgate rules and regulations, in consultation with the State Board of Education

and pursuant to the Illinois Administrative Procedure Act as now or hereafter amended, to insure that all such programs comply with this Section and Section 14-8.02.

No otherwise qualified disabled child receiving special education and related services under Article 14 shall solely by reason of his or her disability be excluded from the participation in or be denied the benefits of or be subjected to discrimination under any program or activity provided by a State agency.

State agencies providing special education and related services, including room and board, either directly or through grants or purchases of services shall continue to provide these services according to current law and practice. Room and board costs not provided by a State agency other than the State Board of Education shall be provided by the State Board of Education to the extent of available funds. An amount equal to one-half of the State education agency's share of IDEA PART B federal monies, or so much thereof as may actually be needed, shall annually be appropriated to pay for the additional costs of providing for room and board for those children placed pursuant to Section 14-7.02 of this Code and, after all such room and board costs are paid, for similar expenditures for children served pursuant to Section 14-7.02 or 14-7.02b of this Code. Any such excess room and board funds must first be directed to those school districts with students costing in excess of 4 times the district's per capita tuition charge and then to community based programs that serve as alternatives to residential placements.

Beginning with Fiscal Year 1997 and continuing through Fiscal Year 2000, 100% of the former Chapter I, Section 89-313 federal funds shall be allocated by the State Board of Education in the same manner as IDEA, PART B "flow through" funding to local school districts, joint agreements, and special education cooperatives for the maintenance of instructional and related support services to students with disabilities. However, beginning with Fiscal Year 1998, the total IDEA Part B discretionary funds available to the State Board of Education shall not exceed the maximum permissible under federal law or 20% of the total federal funds available to the State, whichever is less. ~~In no case shall the aggregate IDEA Part B discretionary funds received by the State Board of Education exceed the amount of IDEA Part B discretionary funds available to the State Board of Education for Fiscal Year 1997, excluding any carryover funds from prior fiscal years, increased by 3% for Fiscal Year 1998 and increased by an additional 3% for each fiscal year thereafter.~~ After all room and board payments and similar expenditures are made by the State Board of Education as required by this Section, the State Board of Education may use the remaining funds for administration and for providing discretionary activities. However, the State Board of Education may use no more than 25% of its available IDEA Part B discretionary funds for administrative services.

Special education and related services included in the child's individualized educational program which are not provided by another State agency shall be included in the special education and related services provided by the State Board of Education and the local school district.

The State Board of Education with the advice of the Advisory Council shall prescribe the standards and make the necessary rules and regulations for special education programs administered by local school boards, including but not limited to establishment of classes, training requirements of teachers and other professional personnel, eligibility and admission of pupils, the curriculum, class size limitation, building programs, housing, transportation, special equipment and instructional supplies, and the applications for claims for reimbursement. The State Board of Education shall promulgate rules and regulations for annual evaluations of the effectiveness of all special education programs and annual evaluation by the local school district of the individualized educational program for each child for whom it provides special education services.

A school district is responsible for the provision of educational services for all school age children residing within its boundaries excluding any student placed under the provisions of Section 14-7.02 or any disabled student whose parent or guardian lives outside of the State of Illinois as described in Section 14-1.11.

(105 ILCS 5/18-8.05)

Sec. 18-8.05. Basis for apportionment of general State financial aid and supplemental general State aid to the common schools for the 1998-1999 and subsequent school years.

(A) General Provisions.

(1) The provisions of this Section apply to the 1998-1999 and subsequent school years. The system of general State financial aid provided for in this Section is designed to assure that, through a combination of State financial aid and required local resources, the financial support provided each pupil in Average Daily Attendance equals or exceeds a prescribed per pupil Foundation Level. This formula approach imputes a level of per pupil Available Local Resources and provides for the basis to calculate a per pupil level of general State financial aid that, when added to Available Local Resources, equals or exceeds the

Foundation Level. The amount of per pupil general State financial aid for school districts, in general, varies in inverse relation to Available Local Resources. Per pupil amounts are based upon each school district's Average Daily Attendance as that term is defined in this Section.

(2) In addition to general State financial aid, school districts with specified levels or concentrations of pupils from low income households are eligible to receive supplemental general State financial aid grants as provided pursuant to subsection (H). The supplemental State aid grants provided for school districts under subsection (H) shall be appropriated for distribution to school districts as part of the same line item in which the general State financial aid of school districts is appropriated under this Section.

(3) To receive financial assistance under this Section, school districts are required to file claims with the State Board of Education, subject to the following requirements:

(a) Any school district which fails for any given school year to maintain school as required by law, or to maintain a recognized school is not eligible to file for such school year any claim upon the Common School Fund. In case of nonrecognition of one or more attendance centers in a school district otherwise operating recognized schools, the claim of the district shall be reduced in the proportion which the Average Daily Attendance in the attendance center or centers bear to the Average Daily Attendance in the school district. A "recognized school" means any public school which meets the standards as established for recognition by the State Board of Education. A school district or attendance center not having recognition status at the end of a school term is entitled to receive State aid payments due upon a legal claim which was filed while it was recognized.

(b) School district claims filed under this Section are subject to Sections 18-9, 18-10, and 18-12, except as otherwise provided in this Section.

(c) If a school district operates a full year school under Section 10-19.1, the general State aid to the school district shall be determined by the State Board of Education in accordance with this Section as near as may be applicable.

(d) (Blank).

(4) Except as provided in subsections (H) and (L), the board of any district receiving any of the grants provided for in this Section may apply those funds to any fund so received for which that board is authorized to make expenditures by law.

School districts are not required to exert a minimum Operating Tax Rate in order to qualify for assistance under this Section.

(5) As used in this Section the following terms, when capitalized, shall have the meaning ascribed herein:

(a) "Average Daily Attendance": A count of pupil attendance in school, averaged as provided for in subsection (C) and utilized in deriving per pupil financial support levels.

(b) "Available Local Resources": A computation of local financial support, calculated on the basis of Average Daily Attendance and derived as provided pursuant to subsection (D).

(c) "Corporate Personal Property Replacement Taxes": Funds paid to local school districts pursuant to "An Act in relation to the abolition of ad valorem personal property tax and the replacement of revenues lost thereby, and amending and repealing certain Acts and parts of Acts in connection therewith", certified August 14, 1979, as amended (Public Act 81-1st S.S.-1).

(d) "Foundation Level": A prescribed level of per pupil financial support as provided for in subsection (B).

(e) "Operating Tax Rate": All school district property taxes extended for all purposes, except Bond and Interest, Summer School, Rent, Capital Improvement, and Vocational Education Building purposes.

(B) Foundation Level.

(1) The Foundation Level is a figure established by the State representing the minimum level of per pupil financial support that should be available to provide for the basic education of each pupil in Average Daily Attendance. As set forth in this Section, each school district is assumed to exert a sufficient local taxing effort such that, in combination with the aggregate of general State financial aid provided the district, an aggregate of State and local resources are available to meet the basic education needs of pupils in the district.

(2) For the 1998-1999 school year, the Foundation Level of support is \$4,225. For the 1999-2000 school year, the Foundation Level of support is \$4,325. For the 2000-2001 school year, the Foundation Level of support is \$4,425. For the 2001-2002 school year and 2002-2003 school year, the Foundation Level of support is \$4,560. For the 2003-2004 school year, the Foundation Level of support is \$4,810. For the 2004-2005 school year, the Foundation Level of support is \$4,964.

(3) For the ~~2005-2006~~ ~~2004-2005~~ school year and each school year thereafter, the Foundation Level of support is ~~\$5,164~~ ~~\$4,964~~ ~~\$5,060~~ or such greater amount as may be established by law by the General Assembly.

(C) Average Daily Attendance.

(1) For purposes of calculating general State aid pursuant to subsection (E), an Average Daily Attendance figure shall be utilized. The Average Daily Attendance figure for formula calculation purposes shall be the monthly average of the actual number of pupils in attendance of each school district, as further averaged for the best 3 months of pupil attendance for each school district. In compiling the figures for the number of pupils in attendance, school districts and the State Board of Education shall, for purposes of general State aid funding, conform attendance figures to the requirements of subsection (F).

(2) The Average Daily Attendance figures utilized in subsection (E) shall be the requisite attendance data for the school year immediately preceding the school year for which general State aid is being calculated or the average of the attendance data for the 3 preceding school years, whichever is greater. The Average Daily Attendance figures utilized in subsection (H) shall be the requisite attendance data for the school year immediately preceding the school year for which general State aid is being calculated.

(D) Available Local Resources.

(1) For purposes of calculating general State aid pursuant to subsection (E), a representation of Available Local Resources per pupil, as that term is defined and determined in this subsection, shall be utilized. Available Local Resources per pupil shall include a calculated dollar amount representing local school district revenues from local property taxes and from Corporate Personal Property Replacement Taxes, expressed on the basis of pupils in Average Daily Attendance. Calculation of Available Local Resources shall exclude any tax amnesty funds received as a result of Public Act 93-26.

(2) In determining a school district's revenue from local property taxes, the State Board of Education shall utilize the equalized assessed valuation of all taxable property of each school district as of September 30 of the previous year. The equalized assessed valuation utilized shall be obtained and determined as provided in subsection (G).

(3) For school districts maintaining grades kindergarten through 12, local property tax revenues per pupil shall be calculated as the product of the applicable equalized assessed valuation for the district multiplied by 3.00%, and divided by the district's Average Daily Attendance figure. For school districts maintaining grades kindergarten through 8, local property tax revenues per pupil shall be calculated as the product of the applicable equalized assessed valuation for the district multiplied by 2.30%, and divided by the district's Average Daily Attendance figure. For school districts maintaining grades 9 through 12, local property tax revenues per pupil shall be the applicable equalized assessed valuation of the district multiplied by 1.05%, and divided by the district's Average Daily Attendance figure.

(4) The Corporate Personal Property Replacement Taxes paid to each school district during the calendar year 2 years before the calendar year in which a school year begins, divided by the Average Daily Attendance figure for that district, shall be added to the local property tax revenues per pupil as derived by the application of the immediately preceding paragraph (3). The sum of these per pupil figures for each school district shall constitute Available Local Resources as that term is utilized in subsection (E) in the calculation of general State aid.

(E) Computation of General State Aid.

(1) For each school year, the amount of general State aid allotted to a school district shall be computed by the State Board of Education as provided in this subsection.

(2) For any school district for which Available Local Resources per pupil is less than the product of 0.93 times the Foundation Level, general State aid for that district shall be calculated as an amount equal to the Foundation Level minus Available Local Resources, multiplied by the Average Daily Attendance of the school district.

(3) For any school district for which Available Local Resources per pupil is equal to or greater than the product of 0.93 times the Foundation Level and less than the product of 1.75 times the Foundation Level, the general State aid per pupil shall be a decimal proportion of the Foundation Level derived using a linear algorithm. Under this linear algorithm, the calculated general State aid per pupil shall decline in direct linear fashion from 0.07 times the Foundation Level for a school district with Available Local Resources equal to the product of 0.93 times the Foundation Level, to 0.05 times the Foundation Level for a school district with Available Local Resources equal to the product of 1.75 times the Foundation Level. The allocation of general State aid for school districts subject to this paragraph 3 shall be the calculated general State aid per pupil figure multiplied by the Average Daily Attendance of the school district.

(4) For any school district for which Available Local Resources per pupil equals or exceeds the product

of 1.75 times the Foundation Level, the general State aid for the school district shall be calculated as the product of \$218 multiplied by the Average Daily Attendance of the school district.

(5) The amount of general State aid allocated to a school district for the 1999-2000 school year meeting the requirements set forth in paragraph (4) of subsection (G) shall be increased by an amount equal to the general State aid that would have been received by the district for the 1998-1999 school year by utilizing the Extension Limitation Equalized Assessed Valuation as calculated in paragraph (4) of subsection (G) less the general State aid allotted for the 1998-1999 school year. This amount shall be deemed a one time increase, and shall not affect any future general State aid allocations.

(F) Compilation of Average Daily Attendance.

(1) Each school district shall, by July 1 of each year, submit to the State Board of Education, on forms prescribed by the State Board of Education, attendance figures for the school year that began in the preceding calendar year. The attendance information so transmitted shall identify the average daily attendance figures for each month of the school year. Beginning with the general State aid claim form for the 2002-2003 school year, districts shall calculate Average Daily Attendance as provided in subdivisions (a), (b), and (c) of this paragraph (1).

(a) In districts that do not hold year-round classes, days of attendance in August shall be added to the month of September and any days of attendance in June shall be added to the month of May.

(b) In districts in which all buildings hold year-round classes, days of attendance in July and August shall be added to the month of September and any days of attendance in June shall be added to the month of May.

(c) In districts in which some buildings, but not all, hold year-round classes, for the non-year-round buildings, days of attendance in August shall be added to the month of September and any days of attendance in June shall be added to the month of May. The average daily attendance for the year-round buildings shall be computed as provided in subdivision (b) of this paragraph (1). To calculate the Average Daily Attendance for the district, the average daily attendance for the year-round buildings shall be multiplied by the days in session for the non-year-round buildings for each month and added to the monthly attendance of the non-year-round buildings.

Except as otherwise provided in this Section, days of attendance by pupils shall be counted only for sessions of not less than 5 clock hours of school work per day under direct supervision of: (i) teachers, or (ii) non-teaching personnel or volunteer personnel when engaging in non-teaching duties and supervising in those instances specified in subsection (a) of Section 10-22.34 and paragraph 10 of Section 34-18, with pupils of legal school age and in kindergarten and grades 1 through 12.

Days of attendance by tuition pupils shall be accredited only to the districts that pay the tuition to a recognized school.

(2) Days of attendance by pupils of less than 5 clock hours of school shall be subject to the following provisions in the compilation of Average Daily Attendance.

(a) Pupils regularly enrolled in a public school for only a part of the school day may be counted on the basis of 1/6 day for every class hour of instruction of 40 minutes or more attended pursuant to such enrollment, unless a pupil is enrolled in a block-schedule format of 80 minutes or more of instruction, in which case the pupil may be counted on the basis of the proportion of minutes of school work completed each day to the minimum number of minutes that school work is required to be held that day.

(b) Days of attendance may be less than 5 clock hours on the opening and closing of the school term, and upon the first day of pupil attendance, if preceded by a day or days utilized as an institute or teachers' workshop.

(c) A session of 4 or more clock hours may be counted as a day of attendance upon certification by the regional superintendent, and approved by the State Superintendent of Education to the extent that the district has been forced to use daily multiple sessions.

(d) A session of 3 or more clock hours may be counted as a day of attendance (1) when the remainder of the school day or at least 2 hours in the evening of that day is utilized for an in-service training program for teachers, up to a maximum of 5 days per school year of which a maximum of 4 days of such 5 days may be used for parent-teacher conferences, provided a district conducts an in-service training program for teachers which has been approved by the State Superintendent of Education; or, in lieu of 4 such days, 2 full days may be used, in which event each such day may be counted as a day of attendance; and (2) when days in addition to those provided in item (1) are scheduled by a school

pursuant to its school improvement plan adopted under Article 34 or its revised or amended school improvement plan adopted under Article 2, provided that (i) such sessions of 3 or more clock hours are scheduled to occur at regular intervals, (ii) the remainder of the school days in which such sessions occur are utilized for in-service training programs or other staff development activities for teachers, and (iii) a sufficient number of minutes of school work under the direct supervision of teachers are added to the school days between such regularly scheduled sessions to accumulate not less than the number of minutes by which such sessions of 3 or more clock hours fall short of 5 clock hours. Any full days used for the purposes of this paragraph shall not be considered for computing average daily attendance. Days scheduled for in-service training programs, staff development activities, or parent-teacher conferences may be scheduled separately for different grade levels and different attendance centers of the district.

(e) A session of not less than one clock hour of teaching hospitalized or homebound pupils on-site or by telephone to the classroom may be counted as 1/2 day of attendance, however these pupils must receive 4 or more clock hours of instruction to be counted for a full day of attendance.

(f) A session of at least 4 clock hours may be counted as a day of attendance for first grade pupils, and pupils in full day kindergartens, and a session of 2 or more hours may be counted as 1/2 day of attendance by pupils in kindergartens which provide only 1/2 day of attendance.

(g) For children with disabilities who are below the age of 6 years and who cannot attend 2 or more clock hours because of their disability or immaturity, a session of not less than one clock hour may be counted as 1/2 day of attendance; however for such children whose educational needs so require a session of 4 or more clock hours may be counted as a full day of attendance.

(h) A recognized kindergarten which provides for only 1/2 day of attendance by each pupil shall not have more than 1/2 day of attendance counted in any one day. However, kindergartens may count 2 1/2 days of attendance in any 5 consecutive school days. When a pupil attends such a kindergarten for 2 half days on any one school day, the pupil shall have the following day as a day absent from school, unless the school district obtains permission in writing from the State Superintendent of Education. Attendance at kindergartens which provide for a full day of attendance by each pupil shall be counted the same as attendance by first grade pupils. Only the first year of attendance in one kindergarten shall be counted, except in case of children who entered the kindergarten in their fifth year whose educational development requires a second year of kindergarten as determined under the rules and regulations of the State Board of Education.

(G) Equalized Assessed Valuation Data.

(1) For purposes of the calculation of Available Local Resources required pursuant to subsection (D), the State Board of Education shall secure from the Department of Revenue the value as equalized or assessed by the Department of Revenue of all taxable property of every school district, together with (i) the applicable tax rate used in extending taxes for the funds of the district as of September 30 of the previous year and (ii) the limiting rate for all school districts subject to property tax extension limitations as imposed under the Property Tax Extension Limitation Law.

The Department of Revenue shall add to the equalized assessed value of all taxable property of each school district situated entirely or partially within a county that is or was subject to the alternative general homestead exemption provisions of Section 15-176 of the Property Tax Code ~~(a) (i)~~ an amount equal to the total amount by which the homestead exemption allowed under Section 15-176 of the Property Tax Code for real property situated in that school district exceeds the total amount that would have been allowed in that school district if the maximum reduction under Section 15-176 was (i) \$4,500 in Cook County or \$3,500 in all other counties in tax year 2003 or (ii) \$5,000 in all counties in tax year 2004 and thereafter and ~~(b) (ii)~~ an amount equal to the aggregate amount for the taxable year of all additional exemptions under Section 15-175 of the Property Tax Code for owners with a household income of \$30,000 or less. The county clerk of any county that is or was subject to the alternative general homestead exemption provisions of Section 15-176 of the Property Tax Code shall annually calculate and certify to the Department of Revenue for each school district all homestead exemption amounts under Section 15-176 of the Property Tax Code and all amounts of additional exemptions under Section 15-175 of the Property Tax Code for owners with a household income of \$30,000 or less. It is the intent of this paragraph that if the general homestead exemption for a parcel of property is determined under Section 15-176 of the Property Tax Code rather than Section 15-175, then the calculation of Available Local Resources shall not be affected by the difference, if any, between the amount of the general homestead exemption allowed for that parcel of property under Section 15-176 of the Property Tax Code and the amount that would have been allowed had the general homestead exemption for that parcel of property been determined under Section 15-175 of the Property Tax Code. It is further the intent of this paragraph that if additional exemptions are allowed under

Section 15-175 of the Property Tax Code for owners with a household income of less than \$30,000, then the calculation of Available Local Resources shall not be affected by the difference, if any, because of those additional exemptions.

This equalized assessed valuation, as adjusted further by the requirements of this subsection, shall be utilized in the calculation of Available Local Resources.

(2) The equalized assessed valuation in paragraph (1) shall be adjusted, as applicable, in the following manner:

(a) For the purposes of calculating State aid under this Section, with respect to any part of a school district within a redevelopment project area in respect to which a municipality has adopted tax increment allocation financing pursuant to the Tax Increment Allocation Redevelopment Act, Sections 11-74.4-1 through 11-74.4-11 of the Illinois Municipal Code or the Industrial Jobs Recovery Law, Sections 11-74.6-1 through 11-74.6-50 of the Illinois Municipal Code, no part of the current equalized assessed valuation of real property located in any such project area which is attributable to an increase above the total initial equalized assessed valuation of such property shall be used as part of the equalized assessed valuation of the district, until such time as all redevelopment project costs have been paid, as provided in Section 11-74.4-8 of the Tax Increment Allocation Redevelopment Act or in Section 11-74.6-35 of the Industrial Jobs Recovery Law. For the purpose of the equalized assessed valuation of the district, the total initial equalized assessed valuation or the current equalized assessed valuation, whichever is lower, shall be used until such time as all redevelopment project costs have been paid.

(b) The real property equalized assessed valuation for a school district shall be adjusted by subtracting from the real property value as equalized or assessed by the Department of Revenue for the district an amount computed by dividing the amount of any abatement of taxes under Section 18-170 of the Property Tax Code by 3.00% for a district maintaining grades kindergarten through 12, by 2.30% for a district maintaining grades kindergarten through 8, or by 1.05% for a district maintaining grades 9 through 12 and adjusted by an amount computed by dividing the amount of any abatement of taxes under subsection (a) of Section 18-165 of the Property Tax Code by the same percentage rates for district type as specified in this subparagraph (b).

(3) For the 1999-2000 school year and each school year thereafter, if a school district meets all of the criteria of this subsection (G)(3), the school district's Available Local Resources shall be calculated under subsection (D) using the district's Extension Limitation Equalized Assessed Valuation as calculated under this subsection (G)(3).

For purposes of this subsection (G)(3) the following terms shall have the following meanings:

"Budget Year": The school year for which general State aid is calculated and awarded under subsection (E).

"Base Tax Year": The property tax levy year used to calculate the Budget Year allocation of general State aid.

"Preceding Tax Year": The property tax levy year immediately preceding the Base Tax Year.

"Base Tax Year's Tax Extension": The product of the equalized assessed valuation utilized by the County Clerk in the Base Tax Year multiplied by the limiting rate as calculated by the County Clerk and defined in the Property Tax Extension Limitation Law.

"Preceding Tax Year's Tax Extension": The product of the equalized assessed valuation utilized by the County Clerk in the Preceding Tax Year multiplied by the Operating Tax Rate as defined in subsection (A).

"Extension Limitation Ratio": A numerical ratio, certified by the County Clerk, in which the numerator is the Base Tax Year's Tax Extension and the denominator is the Preceding Tax Year's Tax Extension.

"Operating Tax Rate": The operating tax rate as defined in subsection (A).

If a school district is subject to property tax extension limitations as imposed under the Property Tax Extension Limitation Law, the State Board of Education shall calculate the Extension Limitation Equalized Assessed Valuation of that district. For the 1999-2000 school year, the Extension Limitation Equalized Assessed Valuation of a school district as calculated by the State Board of Education shall be equal to the product of the district's 1996 Equalized Assessed Valuation and the district's Extension Limitation Ratio. For the 2000-2001 school year and each school year thereafter, the Extension Limitation Equalized Assessed Valuation of a school district as calculated by the State Board of Education shall be equal to the product of the Equalized Assessed Valuation last used in the calculation of general State aid and the

district's Extension Limitation Ratio. If the Extension Limitation Equalized Assessed Valuation of a school district as calculated under this subsection (G)(3) is less than the district's equalized assessed valuation as calculated pursuant to subsections (G)(1) and (G)(2), then for purposes of calculating the district's general State aid for the Budget Year pursuant to subsection (E), that Extension Limitation Equalized Assessed Valuation shall be utilized to calculate the district's Available Local Resources under subsection (D).

(4) For the purposes of calculating general State aid for the 1999-2000 school year only, if a school district experienced a triennial reassessment on the equalized assessed valuation used in calculating its general State financial aid apportionment for the 1998-1999 school year, the State Board of Education shall calculate the Extension Limitation Equalized Assessed Valuation that would have been used to calculate the district's 1998-1999 general State aid. This amount shall equal the product of the equalized assessed valuation used to calculate general State aid for the 1997-1998 school year and the district's Extension Limitation Ratio. If the Extension Limitation Equalized Assessed Valuation of the school district as calculated under this paragraph (4) is less than the district's equalized assessed valuation utilized in calculating the district's 1998-1999 general State aid allocation, then for purposes of calculating the district's general State aid pursuant to paragraph (5) of subsection (E), that Extension Limitation Equalized Assessed Valuation shall be utilized to calculate the district's Available Local Resources.

(5) For school districts having a majority of their equalized assessed valuation in any county except Cook, DuPage, Kane, Lake, McHenry, or Will, if the amount of general State aid allocated to the school district for the 1999-2000 school year under the provisions of subsection (E), (H), and (J) of this Section is less than the amount of general State aid allocated to the district for the 1998-1999 school year under these subsections, then the general State aid of the district for the 1999-2000 school year only shall be increased by the difference between these amounts. The total payments made under this paragraph (5) shall not exceed \$14,000,000. Claims shall be prorated if they exceed \$14,000,000.

(H) Supplemental General State Aid.

(1) In addition to the general State aid a school district is allotted pursuant to subsection (E), qualifying school districts shall receive a grant, paid in conjunction with a district's payments of general State aid, for supplemental general State aid based upon the concentration level of children from low-income households within the school district. Supplemental State aid grants provided for school districts under this subsection shall be appropriated for distribution to school districts as part of the same line item in which the general State financial aid of school districts is appropriated under this Section. If the appropriation in any fiscal year for general State aid and supplemental general State aid is insufficient to pay the amounts required under the general State aid and supplemental general State aid calculations, then the State Board of Education shall ensure that each school district receives the full amount due for general State aid and the remainder of the appropriation shall be used for supplemental general State aid, which the State Board of Education shall calculate and pay to eligible districts on a prorated basis.

(1.5) This paragraph (1.5) applies only to those school years preceding the 2003-2004 school year. For purposes of this subsection (H), the term "Low-Income Concentration Level" shall be the low-income eligible pupil count from the most recently available federal census divided by the Average Daily Attendance of the school district. If, however, (i) the percentage decrease from the 2 most recent federal censuses in the low-income eligible pupil count of a high school district with fewer than 400 students exceeds by 75% or more the percentage change in the total low-income eligible pupil count of contiguous elementary school districts, whose boundaries are coterminous with the high school district, or (ii) a high school district within 2 counties and serving 5 elementary school districts, whose boundaries are coterminous with the high school district, has a percentage decrease from the 2 most recent federal censuses in the low-income eligible pupil count and there is a percentage increase in the total low-income eligible pupil count of a majority of the elementary school districts in excess of 50% from the 2 most recent federal censuses, then the high school district's low-income eligible pupil count from the earlier federal census shall be the number used as the low-income eligible pupil count for the high school district, for purposes of this subsection (H). The changes made to this paragraph (1) by Public Act 92-28 shall apply to supplemental general State aid grants for school years preceding the 2003-2004 school year that are paid in fiscal year 1999 or thereafter and to any State aid payments made in fiscal year 1994 through fiscal year 1998 pursuant to subsection 1(n) of Section 18-8 of this Code (which was repealed on July 1, 1998), and any high school district that is affected by Public Act 92-28 is entitled to a recomputation of its supplemental general State aid grant or State aid paid in any of those fiscal years. This recomputation shall not be affected by any other funding.

(1.10) This paragraph (1.10) applies to the 2003-2004 school year and each school year thereafter. For purposes of this subsection (H), the term "Low-Income Concentration Level" shall, for each fiscal year, be

the low-income eligible pupil count as of July 1 of the immediately preceding fiscal year (as determined by the Department of Human Services based on the number of pupils who are eligible for at least one of the following low income programs: Medicaid, KidCare, TANF, or Food Stamps, excluding pupils who are eligible for services provided by the Department of Children and Family Services, averaged over the 2 immediately preceding fiscal years for fiscal year 2004 and over the 3 immediately preceding fiscal years for each fiscal year thereafter) divided by the Average Daily Attendance of the school district.

(2) Supplemental general State aid pursuant to this subsection (H) shall be provided as follows for the 1998-1999, 1999-2000, and 2000-2001 school years only:

(a) For any school district with a Low Income Concentration Level of at least 20% and less than 35%, the grant for any school year shall be \$800 multiplied by the low income eligible pupil count.

(b) For any school district with a Low Income Concentration Level of at least 35% and less than 50%, the grant for the 1998-1999 school year shall be \$1,100 multiplied by the low income eligible pupil count.

(c) For any school district with a Low Income Concentration Level of at least 50% and less than 60%, the grant for the 1998-99 school year shall be \$1,500 multiplied by the low income eligible pupil count.

(d) For any school district with a Low Income Concentration Level of 60% or more, the grant for the 1998-99 school year shall be \$1,900 multiplied by the low income eligible pupil count.

(e) For the 1999-2000 school year, the per pupil amount specified in subparagraphs (b), (c), and (d) immediately above shall be increased to \$1,243, \$1,600, and \$2,000, respectively.

(f) For the 2000-2001 school year, the per pupil amounts specified in subparagraphs (b), (c), and (d) immediately above shall be \$1,273, \$1,640, and \$2,050, respectively.

(2.5) Supplemental general State aid pursuant to this subsection (H) shall be provided as follows for the 2002-2003 school year:

(a) For any school district with a Low Income Concentration Level of less than 10%, the grant for each school year shall be \$355 multiplied by the low income eligible pupil count.

(b) For any school district with a Low Income Concentration Level of at least 10% and less than 20%, the grant for each school year shall be \$675 multiplied by the low income eligible pupil count.

(c) For any school district with a Low Income Concentration Level of at least 20% and less than 35%, the grant for each school year shall be \$1,330 multiplied by the low income eligible pupil count.

(d) For any school district with a Low Income Concentration Level of at least 35% and less than 50%, the grant for each school year shall be \$1,362 multiplied by the low income eligible pupil count.

(e) For any school district with a Low Income Concentration Level of at least 50% and less than 60%, the grant for each school year shall be \$1,680 multiplied by the low income eligible pupil count.

(f) For any school district with a Low Income Concentration Level of 60% or more, the grant for each school year shall be \$2,080 multiplied by the low income eligible pupil count.

(2.10) Except as otherwise provided, supplemental general State aid pursuant to this subsection (H) shall be provided as follows for the 2003-2004 school year and each school year thereafter:

(a) For any school district with a Low Income Concentration Level of 15% or less, the grant for each school year shall be \$355 multiplied by the low income eligible pupil count.

(b) For any school district with a Low Income Concentration Level greater than 15%, the grant for each school year shall be \$294.25 added to the product of \$2,700 and the square of the Low Income Concentration Level, all multiplied by the low income eligible pupil count.

For the 2003-2004 school year, ~~and 2004-2005 school year~~, and 2005-2006 school year only, the grant shall be no less than the grant for the 2002-2003 school year. For the 2006-2007 ~~2005-2006~~ school year only, the grant shall be no less than the grant for the 2002-2003 school year multiplied by 0.66. For the 2007-2008 ~~2006-2007~~ school year only, the grant shall be no less than the grant for the 2002-2003 school year multiplied by 0.33. Notwithstanding the provisions of this paragraph to the contrary, if for any school year supplemental general State aid grants are prorated as provided in paragraph (1) of this subsection (H), then the grants under this paragraph shall be prorated.

For the 2003-2004 school year only, the grant shall be no greater than the grant received during the 2002-2003 school year added to the product of 0.25 multiplied by the difference between the grant amount

calculated under subsection (a) or (b) of this paragraph (2.10), whichever is applicable, and the grant received during the 2002-2003 school year. For the 2004-2005 school year only, the grant shall be no greater than the grant received during the 2002-2003 school year added to the product of 0.50 multiplied by the difference between the grant amount calculated under subsection (a) or (b) of this paragraph (2.10), whichever is applicable, and the grant received during the 2002-2003 school year. For the 2005-2006 school year only, the grant shall be no greater than the grant received during the 2002-2003 school year added to the product of 0.75 multiplied by the difference between the grant amount calculated under subsection (a) or (b) of this paragraph (2.10), whichever is applicable, and the grant received during the 2002-2003 school year.

(3) School districts with an Average Daily Attendance of more than 1,000 and less than 50,000 that qualify for supplemental general State aid pursuant to this subsection shall submit a plan to the State Board of Education prior to October 30 of each year for the use of the funds resulting from this grant of supplemental general State aid for the improvement of instruction in which priority is given to meeting the education needs of disadvantaged children. Such plan shall be submitted in accordance with rules and regulations promulgated by the State Board of Education.

(4) School districts with an Average Daily Attendance of 50,000 or more that qualify for supplemental general State aid pursuant to this subsection shall be required to distribute from funds available pursuant to this Section, no less than \$261,000,000 in accordance with the following requirements:

(a) The required amounts shall be distributed to the attendance centers within the district in proportion to the number of pupils enrolled at each attendance center who are eligible to receive free or reduced-price lunches or breakfasts under the federal Child Nutrition Act of 1966 and under the National School Lunch Act during the immediately preceding school year.

(b) The distribution of these portions of supplemental and general State aid among attendance centers according to these requirements shall not be compensated for or contravened by adjustments of the total of other funds appropriated to any attendance centers, and the Board of Education shall utilize funding from one or several sources in order to fully implement this provision annually prior to the opening of school.

(c) Each attendance center shall be provided by the school district a distribution of noncategorical funds and other categorical funds to which an attendance center is entitled under law in order that the general State aid and supplemental general State aid provided by application of this subsection supplements rather than supplants the noncategorical funds and other categorical funds provided by the school district to the attendance centers.

(d) Any funds made available under this subsection that by reason of the provisions of this subsection are not required to be allocated and provided to attendance centers may be used and appropriated by the board of the district for any lawful school purpose.

(e) Funds received by an attendance center pursuant to this subsection shall be used by the attendance center at the discretion of the principal and local school council for programs to improve educational opportunities at qualifying schools through the following programs and services: early childhood education, reduced class size or improved adult to student classroom ratio, enrichment programs, remedial assistance, attendance improvement, and other educationally beneficial expenditures which supplement the regular and basic programs as determined by the State Board of Education. Funds provided shall not be expended for any political or lobbying purposes as defined by board rule.

(f) Each district subject to the provisions of this subdivision (H)(4) shall submit an acceptable plan to meet the educational needs of disadvantaged children, in compliance with the requirements of this paragraph, to the State Board of Education prior to July 15 of each year. This plan shall be consistent with the decisions of local school councils concerning the school expenditure plans developed in accordance with part 4 of Section 34-2.3. The State Board shall approve or reject the plan within 60 days after its submission. If the plan is rejected, the district shall give written notice of intent to modify the plan within 15 days of the notification of rejection and then submit a modified plan within 30 days after the date of the written notice of intent to modify. Districts may amend approved plans pursuant to rules promulgated by the State Board of Education.

Upon notification by the State Board of Education that the district has not submitted a plan prior to July 15 or a modified plan within the time period specified herein, the State aid funds affected by that plan or modified plan shall be withheld by the State Board of Education until a plan or modified plan is submitted.

If the district fails to distribute State aid to attendance centers in accordance with an approved plan, the plan for the following year shall allocate funds, in addition to the funds otherwise

required by this subsection, to those attendance centers which were underfunded during the previous year in amounts equal to such underfunding.

For purposes of determining compliance with this subsection in relation to the requirements of attendance center funding, each district subject to the provisions of this subsection shall submit as a separate document by December 1 of each year a report of expenditure data for the prior year in addition to any modification of its current plan. If it is determined that there has been a failure to comply with the expenditure provisions of this subsection regarding contravention or supplanting, the State Superintendent of Education shall, within 60 days of receipt of the report, notify the district and any affected local school council. The district shall within 45 days of receipt of that notification inform the State Superintendent of Education of the remedial or corrective action to be taken, whether by amendment of the current plan, if feasible, or by adjustment in the plan for the following year. Failure to provide the expenditure report or the notification of remedial or corrective action in a timely manner shall result in a withholding of the affected funds.

The State Board of Education shall promulgate rules and regulations to implement the provisions of this subsection. No funds shall be released under this subdivision (H)(4) to any district that has not submitted a plan that has been approved by the State Board of Education.

(I) General State Aid for Newly Configured School Districts.

(1) For a new school district formed by combining property included totally within 2 or more previously existing school districts, for its first year of existence the general State aid and supplemental general State aid calculated under this Section shall be computed for the new district and for the previously existing districts for which property is totally included within the new district. If the computation on the basis of the previously existing districts is greater, a supplementary payment equal to the difference shall be made for the first 4 years of existence of the new district.

(2) For a school district which annexes all of the territory of one or more entire other school districts, for the first year during which the change of boundaries attributable to such annexation becomes effective for all purposes as determined under Section 7-9 or 7A-8, the general State aid and supplemental general State aid calculated under this Section shall be computed for the annexing district as constituted after the annexation and for the annexing and each annexed district as constituted prior to the annexation; and if the computation on the basis of the annexing and annexed districts as constituted prior to the annexation is greater, a supplementary payment equal to the difference shall be made for the first 4 years of existence of the annexing school district as constituted upon such annexation.

(3) For 2 or more school districts which annex all of the territory of one or more entire other school districts, and for 2 or more community unit districts which result upon the division (pursuant to petition under Section 11A-2) of one or more other unit school districts into 2 or more parts and which together include all of the parts into which such other unit school district or districts are so divided, for the first year during which the change of boundaries attributable to such annexation or division becomes effective for all purposes as determined under Section 7-9 or 11A-10, as the case may be, the general State aid and supplemental general State aid calculated under this Section shall be computed for each annexing or resulting district as constituted after the annexation or division and for each annexing and annexed district, or for each resulting and divided district, as constituted prior to the annexation or division; and if the aggregate of the general State aid and supplemental general State aid as so computed for the annexing or resulting districts as constituted after the annexation or division is less than the aggregate of the general State aid and supplemental general State aid as so computed for the annexing and annexed districts, or for the resulting and divided districts, as constituted prior to the annexation or division, then a supplementary payment equal to the difference shall be made and allocated between or among the annexing or resulting districts, as constituted upon such annexation or division, for the first 4 years of their existence. The total difference payment shall be allocated between or among the annexing or resulting districts in the same ratio as the pupil enrollment from that portion of the annexed or divided district or districts which is annexed to or included in each such annexing or resulting district bears to the total pupil enrollment from the entire annexed or divided district or districts, as such pupil enrollment is determined for the school year last ending prior to the date when the change of boundaries attributable to the annexation or division becomes effective for all purposes. The amount of the total difference payment and the amount thereof to be allocated to the annexing or resulting districts shall be computed by the State Board of Education on the basis of pupil enrollment and other data which shall be certified to the State Board of Education, on forms which it shall provide for that purpose, by the regional superintendent of schools for each educational service region in which the annexing and annexed districts, or resulting and divided districts are located.

(3.5) Claims for financial assistance under this subsection (I) shall not be recomputed except as expressly

provided under this Section.

(4) Any supplementary payment made under this subsection (I) shall be treated as separate from all other payments made pursuant to this Section.

(J) Supplementary Grants in Aid.

(1) Notwithstanding any other provisions of this Section, the amount of the aggregate general State aid in combination with supplemental general State aid under this Section for which each school district is eligible shall be no less than the amount of the aggregate general State aid entitlement that was received by the district under Section 18-8 (exclusive of amounts received under subsections 5(p) and 5(p-5) of that Section) for the 1997-98 school year, pursuant to the provisions of that Section as it was then in effect. If a school district qualifies to receive a supplementary payment made under this subsection (J), the amount of the aggregate general State aid in combination with supplemental general State aid under this Section which that district is eligible to receive for each school year shall be no less than the amount of the aggregate general State aid entitlement that was received by the district under Section 18-8 (exclusive of amounts received under subsections 5(p) and 5(p-5) of that Section) for the 1997-1998 school year, pursuant to the provisions of that Section as it was then in effect.

(2) If, as provided in paragraph (1) of this subsection (J), a school district is to receive aggregate general State aid in combination with supplemental general State aid under this Section for the 1998-99 school year and any subsequent school year that in any such school year is less than the amount of the aggregate general State aid entitlement that the district received for the 1997-98 school year, the school district shall also receive, from a separate appropriation made for purposes of this subsection (J), a supplementary payment that is equal to the amount of the difference in the aggregate State aid figures as described in paragraph (1).

(3) (Blank).

(K) Grants to Laboratory and Alternative Schools.

In calculating the amount to be paid to the governing board of a public university that operates a laboratory school under this Section or to any alternative school that is operated by a regional superintendent of schools, the State Board of Education shall require by rule such reporting requirements as it deems necessary.

As used in this Section, "laboratory school" means a public school which is created and operated by a public university and approved by the State Board of Education. The governing board of a public university which receives funds from the State Board under this subsection (K) may not increase the number of students enrolled in its laboratory school from a single district, if that district is already sending 50 or more students, except under a mutual agreement between the school board of a student's district of residence and the university which operates the laboratory school. A laboratory school may not have more than 1,000 students, excluding students with disabilities in a special education program.

As used in this Section, "alternative school" means a public school which is created and operated by a Regional Superintendent of Schools and approved by the State Board of Education. Such alternative schools may offer courses of instruction for which credit is given in regular school programs, courses to prepare students for the high school equivalency testing program or vocational and occupational training. A regional superintendent of schools may contract with a school district or a public community college district to operate an alternative school. An alternative school serving more than one educational service region may be established by the regional superintendents of schools of the affected educational service regions. An alternative school serving more than one educational service region may be operated under such terms as the regional superintendents of schools of those educational service regions may agree.

Each laboratory and alternative school shall file, on forms provided by the State Superintendent of Education, an annual State aid claim which states the Average Daily Attendance of the school's students by month. The best 3 months' Average Daily Attendance shall be computed for each school. The general State aid entitlement shall be computed by multiplying the applicable Average Daily Attendance by the Foundation Level as determined under this Section.

(L) Payments, Additional Grants in Aid and Other Requirements.

(1) For a school district operating under the financial supervision of an Authority created under Article 34A, the general State aid otherwise payable to that district under this Section, but not the supplemental general State aid, shall be reduced by an amount equal to the budget for the operations of the Authority as certified by the Authority to the State Board of Education, and an amount equal to such reduction shall be paid to the Authority created for such district for its operating expenses in the manner provided in Section 18-11. The remainder of general State school aid for any such district shall be paid in accordance with Article 34A when that Article provides for a disposition other than that provided by this Article.

(2) (Blank).

(3) Summer school. Summer school payments shall be made as provided in Section 18-4.3.

(M) Education Funding Advisory Board.

The Education Funding Advisory Board, hereinafter in this subsection (M) referred to as the "Board", is hereby created. The Board shall consist of 5 members who are appointed by the Governor, by and with the advice and consent of the Senate. The members appointed shall include representatives of education, business, and the general public. One of the members so appointed shall be designated by the Governor at the time the appointment is made as the chairperson of the Board. The initial members of the Board may be appointed any time after the effective date of this amendatory Act of 1997. The regular term of each member of the Board shall be for 4 years from the third Monday of January of the year in which the term of the member's appointment is to commence, except that of the 5 initial members appointed to serve on the Board, the member who is appointed as the chairperson shall serve for a term that commences on the date of his or her appointment and expires on the third Monday of January, 2002, and the remaining 4 members, by lots drawn at the first meeting of the Board that is held after all 5 members are appointed, shall determine 2 of their number to serve for terms that commence on the date of their respective appointments and expire on the third Monday of January, 2001, and 2 of their number to serve for terms that commence on the date of their respective appointments and expire on the third Monday of January, 2000. All members appointed to serve on the Board shall serve until their respective successors are appointed and confirmed. Vacancies shall be filled in the same manner as original appointments. If a vacancy in membership occurs at a time when the Senate is not in session, the Governor shall make a temporary appointment until the next meeting of the Senate, when he or she shall appoint, by and with the advice and consent of the Senate, a person to fill that membership for the unexpired term. If the Senate is not in session when the initial appointments are made, those appointments shall be made as in the case of vacancies.

The Education Funding Advisory Board shall be deemed established, and the initial members appointed by the Governor to serve as members of the Board shall take office, on the date that the Governor makes his or her appointment of the fifth initial member of the Board, whether those initial members are then serving pursuant to appointment and confirmation or pursuant to temporary appointments that are made by the Governor as in the case of vacancies.

The State Board of Education shall provide such staff assistance to the Education Funding Advisory Board as is reasonably required for the proper performance by the Board of its responsibilities.

For school years after the 2000-2001 school year, the Education Funding Advisory Board, in consultation with the State Board of Education, shall make recommendations as provided in this subsection (M) to the General Assembly for the foundation level under subdivision (B)(3) of this Section and for the supplemental general State aid grant level under subsection (H) of this Section for districts with high concentrations of children from poverty. The recommended foundation level shall be determined based on a methodology which incorporates the basic education expenditures of low-spending schools exhibiting high academic performance. The Education Funding Advisory Board shall make such recommendations to the General Assembly on January 1 of odd numbered years, beginning January 1, 2001.

(O) References.

(1) References in other laws to the various subdivisions of Section 18-8 as that Section existed before its repeal and replacement by this Section 18-8.05 shall be deemed to refer to the corresponding provisions of this Section 18-8.05, to the extent that those references remain applicable.

(2) References in other laws to State Chapter 1 funds shall be deemed to refer to the supplemental general State aid provided under subsection (H) of this Section.

"(105 ILCS 5/2-3.64) (from Ch. 122, par. 2-3.64)

Sec. 2-3.64. State goals and assessment.

(a) Beginning in the 1998-1999 school year, the State Board of Education shall establish standards and periodically, in collaboration with local school districts, conduct studies of student performance in the learning areas of fine arts and physical development/health.

Beginning with the 1998-1999 school year until the 2004-2005 school year, the State Board of Education shall annually test: (i) all pupils enrolled in the 3rd, 5th, and 8th grades in English language arts (reading, writing, and English grammar) and mathematics; and (ii) all pupils enrolled in the 4th and 7th grades in the biological and physical sciences and the social sciences (history, geography, civics, economics, and government). Unless the testing required to be implemented no later than the 2005-2006 school year under this subsection (a) is implemented for the 2004-2005 school year, for the 2004-2005 school year, the State Board of Education shall test: (i) all pupils enrolled in the 3rd, 5th, and 8th grades in English language arts (reading and English grammar) and mathematics and (ii) all pupils enrolled in the 4th and 7th grades in the biological and physical sciences. The maximum time allowed for all actual testing required under this paragraph shall not exceed 25 hours, as allocated among the required tests by the State Board of Education, across all grades tested.

Beginning no later than the 2005-2006 school year, the State Board of Education shall annually test: (i) all pupils enrolled in the 3rd, 4th, 5th, 6th, 7th, and 8th grades in reading and mathematics and (ii) all pupils enrolled in the 4th and 7th grades in the biological and physical sciences. In addition, the State Board of Education shall test (1) all pupils enrolled in the 5th and 8th grades in writing during the 2006-2007 school year; (2) all pupils enrolled in the 5th, 6th, and 8th grades in writing during the 2007-2008 school year; and (3) all pupils enrolled in the 3rd, 5th, 6th, and 8th grades in writing during the 2008-2009 school year and each school year thereafter. After the addition of grades and change in subjects as delineated in this paragraph and including whatever other tests that may be approved from time to time no later than the 2005-2006 school year, the maximum time allowed for all State testing in grades 3 through 8 shall not exceed 38 hours across those grades.

Beginning with the 2004-2005 school year, the State Board of Education shall not test pupils under this subsection (a) in ~~writing~~, physical development and health, fine arts, and the social sciences (history, geography, civics, economics, and government). The State Board of Education shall not test pupils under this subsection (a) in writing during the 2005-2006 school year.

The State Board of Education shall establish the academic standards that are to be applicable to pupils who are subject to State tests under this Section beginning with the 1998-1999 school year. However, the State Board of Education shall not establish any such standards in final form without first providing opportunities for public participation and local input in the development of the final academic standards. Those opportunities shall include a well-publicized period of public comment, public hearings throughout the State, and opportunities to file written comments. Beginning with the 1998-99 school year and thereafter, the State tests will identify pupils in the 3rd grade or 5th grade who do not meet the State standards.

If, by performance on the State tests or local assessments or by teacher judgment, a student's performance is determined to be 2 or more grades below current placement, the student shall be provided a remediation program developed by the district in consultation with a parent or guardian. Such remediation programs may include, but shall not be limited to, increased or concentrated instructional time, a remedial summer school program of not less than 90 hours, improved instructional approaches, tutorial sessions, retention in grade, and modifications to instructional materials. Each pupil for whom a remediation program is developed under this subsection shall be required to enroll in and attend whatever program the district determines is appropriate for the pupil. Districts may combine students in remediation programs where appropriate and may cooperate with other districts in the design and delivery of those programs. The parent or guardian of a student required to attend a remediation program under this Section shall be given written notice of that requirement by the school district a reasonable time prior to commencement of the remediation program that the student is to attend. The State shall be responsible for providing school districts with the new and additional funding, under Section 2-3.51.5 or by other or additional means, that is required to enable the districts to operate remediation programs for the pupils who are required to enroll in

and attend those programs under this Section. Every individualized educational program as described in Article 14 shall identify if the State test or components thereof are appropriate for that student. The State Board of Education shall develop rules and regulations governing the administration of alternative tests prescribed within each student's individualized educational program which are appropriate to the disability of each student.

All pupils who are in a State approved transitional bilingual education program or transitional program of instruction shall participate in the State tests. Any student who has been enrolled in a State approved bilingual education program less than 3 cumulative academic years may take an accommodated State test, to be known as the Illinois Measure of Annual Growth in English (IMAGE), if the student's lack of English as determined by an English language proficiency test would keep the student from understanding the regular State test. If the school district determines, on a case-by-case individual basis, that IMAGE would likely yield more accurate and reliable information on what the student knows and can do, the school district may make a determination to assess the student using IMAGE for a period that does not exceed 2 additional consecutive years, provided that the student has not yet reached a level of English language proficiency sufficient to yield valid and reliable information on what the student knows and can do on the regular State test.

Reasonable accommodations as prescribed by the State Board of Education shall be provided for individual students in the testing procedure. All test procedures prescribed by the State Board of Education shall require: (i) that each test used for State and local student testing under this Section identify by name the pupil taking the test; (ii) that the name of the pupil taking the test be placed on the test at the time the test is taken; (iii) that the results or scores of each test taken under this Section by a pupil of the school district be reported to that district and identify by name the pupil who received the reported results or scores; and (iv) that the results or scores of each test taken under this Section be made available to the parents of the pupil. In addition, in each school year the highest scores attained by a student on the Prairie State Achievement Examination administered under subsection (c) of this Section and any Prairie State Achievement Awards received by the student shall become part of the student's permanent record and shall be entered on the student's transcript pursuant to regulations that the State Board of Education shall promulgate for that purpose in accordance with Section 3 and subsection (e) of Section 2 of the Illinois School Student Records Act. Beginning with the 1998-1999 school year and in every school year thereafter, scores received by students on the State assessment tests administered in grades 3 through 8 shall be placed into students' temporary records.

The State Board of Education shall establish a period of time, to be referred to as the State test window, in each school year for which State testing shall occur to meet the objectives of this Section. However, if the schools of a district are closed and classes are not scheduled during any week that is established by the State Board of Education as the State test window, the school district may (at the discretion of the State Board of Education) move its State test window one week earlier or one week later than the established State test window, so long as the school district gives the State Board of Education written notice of its intention to deviate from the established schedule by December 1 of the school year in which falls the State test window established by the State Board of Education for the testing.

(a-5) All tests administered pursuant to this Section shall be academically based. For the purposes of this Section "academically based tests" shall mean tests consisting of questions and answers that are measurable and quantifiable to measure the knowledge, skill, and ability of students in the subject matters covered by tests. The scoring of academically based tests shall be reliable, valid, unbiased and shall meet the guidelines for test development and use prescribed by the American Psychological Association, the National Council of Measurement and Evaluation, and the American Educational Research Association. Academically based tests shall not include assessments or evaluations of attitudes, values, or beliefs, or testing of personality, self-esteem, or self-concept. Nothing in this amendatory Act is intended, nor shall it be construed, to nullify, supersede, or contradict the legislative intent on academic testing expressed during the passage of HB 1005/P.A. 90-296. Nothing in this Section is intended, nor shall it be construed, to nullify, supersede, or contradict the legislative intent on academic testing expressed in the preamble of this amendatory Act of the 93rd General Assembly.

The State Board of Education shall monitor the use of short answer questions in the math and reading assessments or in other assessments in order to demonstrate that the use of short answer questions results in a statistically significant improvement in student achievement as measured on the State assessments for math and reading or on other State assessments and is justifiable in terms of cost and student performance.

(b) It shall be the policy of the State to encourage school districts to continuously test pupil proficiency in the fundamental learning areas in order to: (i) provide timely information on individual students'

performance relative to State standards that is adequate to guide instructional strategies; (ii) improve future instruction; and (iii) complement the information provided by the State testing system described in this Section. Each district's school improvement plan must address specific activities the district intends to implement to assist pupils who by teacher judgment and test results as prescribed in subsection (a) of this Section demonstrate that they are not meeting State standards or local objectives. Such activities may include, but shall not be limited to, summer school, extended school day, special homework, tutorial sessions, modified instructional materials, other modifications in the instructional program, reduced class size or retention in grade. To assist school districts in testing pupil proficiency in reading in the primary grades, the State Board shall make optional reading inventories for diagnostic purposes available to each school district that requests such assistance. Districts that administer the reading inventories may develop remediation programs for students who perform in the bottom half of the student population. Those remediation programs may be funded by moneys provided under the School Safety and Educational Improvement Block Grant Program established under Section 2-3.51.5. Nothing in this Section shall prevent school districts from implementing testing and remediation policies for grades not required under this Section.

(c) Beginning with the 2000-2001 school year, each school district that operates a high school program for students in grades 9 through 12 shall annually administer the Prairie State Achievement Examination established under this subsection to its students as set forth below. The Prairie State Achievement Examination shall be developed by the State Board of Education to measure student performance in the academic areas of reading, writing, mathematics, science, and social sciences. Beginning with the 2004-2005 school year, however, the State Board of Education shall not test a student in ~~writing and~~ the social sciences (history, geography, civics, economics, and government) as part of the Prairie State Achievement Examination unless the student is retaking the Prairie State Achievement Examination in the fall of 2004. In addition, the State Board of Education shall not test a student in writing as part of the Prairie State Achievement Examination during the 2005-2006 school year. The State Board of Education shall establish the academic standards that are to apply in measuring student performance on the Prairie State Achievement Examination including the minimum examination score in each area that will qualify a student to receive a Prairie State Achievement Award from the State in recognition of the student's excellent performance. Each school district that is subject to the requirements of this subsection (c) shall afford all students 2 opportunities to take the Prairie State Achievement Examination beginning as late as practical during the second semester of grade 11, but in no event before March 1. The State Board of Education shall annually notify districts of the weeks during which these test administrations shall be required to occur. Every individualized educational program as described in Article 14 shall identify if the Prairie State Achievement Examination or components thereof are appropriate for that student. Each student, exclusive of a student whose individualized educational program developed under Article 14 identifies the Prairie State Achievement Examination as inappropriate for the student, shall be required to take the examination in grade 11. For each academic area the State Board of Education shall establish the score that qualifies for the Prairie State Achievement Award on that portion of the examination. Any student who fails to earn a qualifying score for a Prairie State Achievement Award in any one or more of the academic areas on the initial test administration or who wishes to improve his or her score on any portion of the examination shall be permitted to retake such portion or portions of the examination during grade 12. Districts shall inform their students of the timelines and procedures applicable to their participation in every yearly administration of the Prairie State Achievement Examination. Students receiving special education services whose individualized educational programs identify the Prairie State Achievement Examination as inappropriate for them nevertheless shall have the option of taking the examination, which shall be administered to those students in accordance with standards adopted by the State Board of Education to accommodate the respective disabilities of those students. A student who successfully completes all other applicable high school graduation requirements but fails to receive a score on the Prairie State Achievement Examination that qualifies the student for receipt of a Prairie State Achievement Award shall nevertheless qualify for the receipt of a regular high school diploma. In no case, however, shall a student receive a regular high school diploma without taking the Prairie State Achievement Examination, unless the student is exempted from taking the Prairie State Achievement Examination under this subsection (c) because the student's individualized educational program developed under Article 14 of this Code identifies the Prairie State Achievement Examination as inappropriate for the student, (ii) the student is exempt due to the student's lack of English language proficiency under subsection (a) of this Section, or (iii) the student is enrolled in a program of Adult and Continuing Education as defined in the Adult Education Act.

(d) Beginning with the 2002-2003 school year, all schools in this State that are part of the sample drawn by the National Center for Education Statistics, in collaboration with their school districts and the State Board of Education, shall administer the biennial State academic assessments of 4th and 8th grade reading and mathematics under the National Assessment of Educational Progress carried out under Section m11(b)(2) of the National Education Statistics Act of 1994 (20 U.S.C. 9010) if the Secretary of Education pays the costs of administering the assessments.

(e) Beginning no later than the 2005-2006 school year, subject to available federal funds to this State for the purpose of student assessment, the State Board of Education shall provide additional tests and assessment resources that may be used by school districts for local diagnostic purposes. These tests and resources shall include without limitation additional high school writing, physical development and health, and fine arts assessments. The State Board of Education shall annually distribute a listing of these additional tests and resources, using funds available from appropriations made for student assessment purposes.

(f) For the assessment and accountability purposes of this Section, "all pupils" includes those pupils enrolled in a public or State-operated elementary school, secondary school, or cooperative or joint agreement with a governing body or board of control, a charter school operating in compliance with the Charter Schools Law, a school operated by a regional office of education under Section 13A-3 of this Code, or a public school administered by a local public agency or the Department of Human Services.

### SENATE BILL ON SECOND READING

SENATE BILL 572. Having been read by title a second time on May 30, 2005, and held on the order of Second Reading, the same was again taken up.

Representative Rita offered the following amendment and moved its adoption.

AMENDMENT NO. 2. Amend Senate Bill 572, AS AMENDED, by replacing everything after the enacting clause with the following:

"Section 5. The Retailers' Occupation Tax Act is amended by adding Section 1p as follows:

(35 ILCS 120/1p new)

Sec. 1p. Building materials exemption; intermodal terminal facility areas. Each retailer that makes a qualified sale of building materials to be incorporated into real estate in a redevelopment project area within an intermodal terminal facility area in accordance with Section 11-74.4-3.1 of the Illinois Municipal Code by remodeling, rehabilitating, or new construction may deduct receipts from those sales when calculating the tax imposed by this Act. For purposes of this Section, "qualified sale" means a sale of building materials that will be incorporated into real estate as part of an industrial or commercial project for which a Certificate of Eligibility for Sales Tax Exemption has been issued by the corporate authorities of the municipality in which the building project is located. To document the exemption allowed under this Section, the retailer must obtain from the purchaser a copy of the Certificate of Eligibility for Sales Tax Exemption issued by the corporate authorities of the municipality in which the real estate into which the

building materials will be incorporated is located. The Certificate of Eligibility for Sales Tax Exemption must contain all of the following:

(1) A statement that the commercial or industrial project identified in the Certificate meets all the requirements of the jurisdiction in which the project is located.

(2) The location or address of the building project.

(3) The signature of the chief executive officer of the municipality in which the building project is located, or the chief executive officer's delegate.

In addition, the retailer must obtain a certificate from the purchaser that contains all of the following:

(1) A statement that the building materials are being purchased for incorporation into real estate located in an intermodal terminal facility area included in a redevelopment project area in accordance with Section 11-74.4-3.1 of the Illinois Municipal Code.

(2) The location or address of the real estate into which the building materials will be incorporated.

(3) The name of the intermodal terminal facility area in which that real estate is located.

(4) A description of the building materials being purchased.

(5) The purchaser's signature and date of purchase.

The provisions of this Section are exempt from Section 2-70.

Section 10. The Illinois Municipal Code is amended by adding Section 11-74.4-3.1 as follows:

(65 ILCS 5/11-74.4-3.1 new)

Sec. 11-74.4-3.1. Redevelopment project area within an intermodal terminal facility area.

(a) Notwithstanding any other provision of law to the contrary, if a municipality designates an area within the territorial limits of the municipality as an intermodal terminal facility area, then that municipality may establish a redevelopment project area within the intermodal terminal facility area for the purpose of developing new intermodal terminal facilities, rehabilitating obsolete intermodal terminal facilities, or both. If there is no existing intermodal terminal facility within the redevelopment project area, then the municipality must establish a new intermodal terminal facility within the redevelopment project area. If there is an obsolete intermodal terminal facility within the redevelopment project area, then the municipality may establish a new intermodal terminal facility, rehabilitate the existing intermodal terminal facility for use as an intermodal terminal facility or for any other commercial purpose, or both.

(b) For purposes of this Division, an intermodal terminal facility area is deemed to be a blighted area and no proof of blight need be shown in establishing a redevelopment project area in accordance with this Section.

(c) As used in this Section:

"Intermodal terminal facility area" means an area that: (i) does not include any existing intermodal terminal facility or includes an obsolete intermodal terminal facility; (ii) comprises a minimum of 150 acres and not more than 2 square miles in total area, exclusive of lakes and waterways; (iii) has at least one Class 1 railroad right-of-way located within it or within one quarter mile of it; and (iv) has no boundary limit further than 3 miles from the right-of-way.

"Intermodal terminal facility" means land, improvements to land, equipment, and appliances necessary for the receipt and transfer of goods between one mode of transportation and another, at least one of which must be transportation by rail."

The foregoing motion prevailed and the amendment was adopted.

### SENATE BILL ON SECOND READING

SENATE BILL 676. Having been read by title a second time on May 27, 2005, and held on the order of Second Reading, the same was again taken up.

Representative Moffitt offered the following amendment and moved its adoption.

AMENDMENT NO. 2. Amend Senate Bill 676, AS AMENDED, by replacing everything after the enacting clause with the following:

"Section 5. The Illinois Municipal Code is amended by changing Sections 11-74.4-3 and 11-74.4-7 as follows:

(65 ILCS 5/11-74.4-3) (from Ch. 24, par. 11-74.4-3)

Sec. 11-74.4-3. Definitions. The following terms, wherever used or referred to in this Division 74.4 shall have the following respective meanings, unless in any case a different meaning clearly appears from the context.

(a) For any redevelopment project area that has been designated pursuant to this Section by an ordinance adopted prior to November 1, 1999 (the effective date of Public Act 91-478), "blighted area" shall have the meaning set forth in this Section prior to that date.

On and after November 1, 1999, "blighted area" means any improved or vacant area within the boundaries of a redevelopment project area located within the territorial limits of the municipality where:

(1) If improved, industrial, commercial, and residential buildings or improvements are detrimental to the public safety, health, or welfare because of a combination of 5 or more of the following factors, each of which is (i) present, with that presence documented, to a meaningful extent so that a municipality may reasonably find that the factor is clearly present within the intent of the Act and (ii) reasonably distributed throughout the improved part of the redevelopment project area:

(A) Dilapidation. An advanced state of disrepair or neglect of necessary repairs to the primary structural components of buildings or improvements in such a combination that a documented building condition analysis determines that major repair is required or the defects are so serious and so extensive that the buildings must be removed.

(B) Obsolescence. The condition or process of falling into disuse. Structures have become ill-suited for the original use.

(C) Deterioration. With respect to buildings, defects including, but not limited to, major defects in the secondary building components such as doors, windows, porches, gutters and downspouts, and fascia. With respect to surface improvements, that the condition of roadways, alleys, curbs, gutters, sidewalks, off-street parking, and surface storage areas evidence deterioration, including, but not limited to, surface cracking, crumbling, potholes, depressions, loose paving material, and weeds protruding through paved surfaces.

(D) Presence of structures below minimum code standards. All structures that do not meet the standards of zoning, subdivision, building, fire, and other governmental codes applicable to property, but not including housing and property maintenance codes.

(E) Illegal use of individual structures. The use of structures in violation of applicable federal, State, or local laws, exclusive of those applicable to the presence of structures below minimum code standards.

(F) Excessive vacancies. The presence of buildings that are unoccupied or under-utilized and that represent an adverse influence on the area because of the frequency, extent, or duration of the vacancies.

(G) Lack of ventilation, light, or sanitary facilities. The absence of adequate ventilation for light or air circulation in spaces or rooms without windows, or that require the removal of dust, odor, gas, smoke, or other noxious airborne materials. Inadequate natural light and ventilation means the absence of skylights or windows for interior spaces or rooms and improper window sizes and amounts by room area to window area ratios. Inadequate sanitary facilities refers to the absence or inadequacy of garbage storage and enclosure, bathroom facilities, hot water and kitchens, and

structural inadequacies preventing ingress and egress to and from all rooms and units within a building.

(H) Inadequate utilities. Underground and overhead utilities such as storm sewers and storm drainage, sanitary sewers, water lines, and gas, telephone, and electrical services that are shown to be inadequate. Inadequate utilities are those that are: (i) of insufficient capacity to serve the uses in the redevelopment project area, (ii) deteriorated, antiquated, obsolete, or in disrepair, or (iii) lacking within the redevelopment project area.

(I) Excessive land coverage and overcrowding of structures and community facilities. The over-intensive use of property and the crowding of buildings and accessory facilities onto a site. Examples of problem conditions warranting the designation of an area as one exhibiting excessive land coverage are: (i) the presence of buildings either improperly situated on parcels or located on parcels of inadequate size and shape in relation to present-day standards of development for health and safety and (ii) the presence of multiple buildings on a single parcel. For there to be a finding of excessive land coverage, these parcels must exhibit one or more of the following conditions: insufficient provision for light and air within or around buildings, increased threat of spread of fire due to the close proximity of buildings, lack of adequate or proper access to a public right-of-way, lack of reasonably required off-street parking, or inadequate provision for loading and service.

(J) Deleterious land use or layout. The existence of incompatible land-use relationships, buildings occupied by inappropriate mixed-uses, or uses considered to be noxious, offensive, or unsuitable for the surrounding area.

(K) Environmental clean-up. The proposed redevelopment project area has incurred Illinois Environmental Protection Agency or United States Environmental Protection Agency remediation costs for, or a study conducted by an independent consultant recognized as having expertise in environmental remediation has determined a need for, the clean-up of hazardous waste, hazardous substances, or underground storage tanks required by State or federal law, provided that the remediation costs constitute a material impediment to the development or redevelopment of the redevelopment project area.

(L) Lack of community planning. The proposed redevelopment project area was developed prior to or without the benefit or guidance of a community plan. This means that the development occurred prior to the adoption by the municipality of a comprehensive or other community plan or that the plan was not followed at the time of the area's development. This factor must be documented by evidence of adverse or incompatible land-use relationships, inadequate street layout, improper subdivision, parcels of inadequate shape and size to meet contemporary development standards, or other evidence demonstrating an absence of effective community planning.

(M) The total equalized assessed value of the proposed redevelopment project area has declined for 3 of the last 5 calendar years prior to the year in which the redevelopment project area is designated or is increasing at an annual rate that is less than the balance of the municipality for 3 of the last 5 calendar years for which information is available or is increasing at an annual rate that is less than the Consumer Price Index for All Urban Consumers published by the United States Department of Labor or successor agency for 3 of the last 5 calendar years prior to the year in which the redevelopment project area is designated.

(2) If vacant, the sound growth of the redevelopment project area is impaired by a combination of 2 or more of the following factors, each of which is (i) present, with that presence documented, to a meaningful extent so that a municipality may reasonably find that the factor is clearly present within the intent of the Act and (ii) reasonably distributed throughout the vacant part of the redevelopment project area to which it pertains:

(A) Obsolete platting of vacant land that results in parcels of limited or narrow size or configurations of parcels of irregular size or shape that would be difficult to develop on a planned basis and in a manner compatible with contemporary standards and requirements, or platting that failed to create rights-of-ways for streets or alleys or that created inadequate right-of-way widths for streets, alleys, or other public rights-of-way or that omitted easements for public utilities.

(B) Diversity of ownership of parcels of vacant land sufficient in number to retard or impede the ability to assemble the land for development.

(C) Tax and special assessment delinquencies exist or the property has been the subject of tax sales under the Property Tax Code within the last 5 years.

(D) Deterioration of structures or site improvements in neighboring areas adjacent

to the vacant land.

(E) The area has incurred Illinois Environmental Protection Agency or United States Environmental Protection Agency remediation costs for, or a study conducted by an independent consultant recognized as having expertise in environmental remediation has determined a need for, the clean-up of hazardous waste, hazardous substances, or underground storage tanks required by State or federal law, provided that the remediation costs constitute a material impediment to the development or redevelopment of the redevelopment project area.

(F) The total equalized assessed value of the proposed redevelopment project area has declined for 3 of the last 5 calendar years prior to the year in which the redevelopment project area is designated or is increasing at an annual rate that is less than the balance of the municipality for 3 of the last 5 calendar years for which information is available or is increasing at an annual rate that is less than the Consumer Price Index for All Urban Consumers published by the United States Department of Labor or successor agency for 3 of the last 5 calendar years prior to the year in which the redevelopment project area is designated.

(3) If vacant, the sound growth of the redevelopment project area is impaired by one of the following factors that (i) is present, with that presence documented, to a meaningful extent so that a municipality may reasonably find that the factor is clearly present within the intent of the Act and (ii) is reasonably distributed throughout the vacant part of the redevelopment project area to which it pertains:

(A) The area consists of one or more unused quarries, mines, or strip mine ponds.

(B) The area consists of unused rail yards, rail tracks, or railroad rights-of-way.

(C) The area, prior to its designation, is subject to (i) chronic flooding that adversely impacts on real property in the area as certified by a registered professional engineer or appropriate regulatory agency or (ii) surface water that discharges from all or a part of the area and contributes to flooding within the same watershed, but only if the redevelopment project provides for facilities or improvements to contribute to the alleviation of all or part of the flooding.

(D) The area consists of an unused or illegal disposal site containing earth, stone, building debris, or similar materials that were removed from construction, demolition, excavation, or dredge sites.

(E) Prior to November 1, 1999, the area is not less than 50 nor more than 100 acres and 75% of which is vacant (notwithstanding that the area has been used for commercial agricultural purposes within 5 years prior to the designation of the redevelopment project area), and the area meets at least one of the factors itemized in paragraph (1) of this subsection, the area has been designated as a town or village center by ordinance or comprehensive plan adopted prior to January 1, 1982, and the area has not been developed for that designated purpose.

(F) The area qualified as a blighted improved area immediately prior to becoming vacant, unless there has been substantial private investment in the immediately surrounding area.

(b) For any redevelopment project area that has been designated pursuant to this Section by an ordinance adopted prior to November 1, 1999 (the effective date of Public Act 91-478), "conservation area" shall have the meaning set forth in this Section prior to that date.

On and after November 1, 1999, "conservation area" means any improved area within the boundaries of a redevelopment project area located within the territorial limits of the municipality in which 50% or more of the structures in the area have an age of 35 years or more. Such an area is not yet a blighted area but because of a combination of 3 or more of the following factors is detrimental to the public safety, health, morals or welfare and such an area may become a blighted area:

(1) Dilapidation. An advanced state of disrepair or neglect of necessary repairs to the primary structural components of buildings or improvements in such a combination that a documented building condition analysis determines that major repair is required or the defects are so serious and so extensive that the buildings must be removed.

(2) Obsolescence. The condition or process of falling into disuse. Structures have become ill-suited for the original use.

(3) Deterioration. With respect to buildings, defects including, but not limited to, major defects in the secondary building components such as doors, windows, porches, gutters and downspouts, and fascia. With respect to surface improvements, that the condition of roadways, alleys, curbs, gutters, sidewalks, off-street parking, and surface storage areas evidence deterioration, including, but not limited to, surface cracking, crumbling, potholes, depressions, loose paving material, and weeds protruding through paved surfaces.

(4) Presence of structures below minimum code standards. All structures that do not

meet the standards of zoning, subdivision, building, fire, and other governmental codes applicable to property, but not including housing and property maintenance codes.

(5) Illegal use of individual structures. The use of structures in violation of applicable federal, State, or local laws, exclusive of those applicable to the presence of structures below minimum code standards.

(6) Excessive vacancies. The presence of buildings that are unoccupied or under-utilized and that represent an adverse influence on the area because of the frequency, extent, or duration of the vacancies.

(7) Lack of ventilation, light, or sanitary facilities. The absence of adequate ventilation for light or air circulation in spaces or rooms without windows, or that require the removal of dust, odor, gas, smoke, or other noxious airborne materials. Inadequate natural light and ventilation means the absence or inadequacy of skylights or windows for interior spaces or rooms and improper window sizes and amounts by room area to window area ratios. Inadequate sanitary facilities refers to the absence or inadequacy of garbage storage and enclosure, bathroom facilities, hot water and kitchens, and structural inadequacies preventing ingress and egress to and from all rooms and units within a building.

(8) Inadequate utilities. Underground and overhead utilities such as storm sewers and storm drainage, sanitary sewers, water lines, and gas, telephone, and electrical services that are shown to be inadequate. Inadequate utilities are those that are: (i) of insufficient capacity to serve the uses in the redevelopment project area, (ii) deteriorated, antiquated, obsolete, or in disrepair, or (iii) lacking within the redevelopment project area.

(9) Excessive land coverage and overcrowding of structures and community facilities. The over-intensive use of property and the crowding of buildings and accessory facilities onto a site. Examples of problem conditions warranting the designation of an area as one exhibiting excessive land coverage are: the presence of buildings either improperly situated on parcels or located on parcels of inadequate size and shape in relation to present-day standards of development for health and safety and the presence of multiple buildings on a single parcel. For there to be a finding of excessive land coverage, these parcels must exhibit one or more of the following conditions: insufficient provision for light and air within or around buildings, increased threat of spread of fire due to the close proximity of buildings, lack of adequate or proper access to a public right-of-way, lack of reasonably required off-street parking, or inadequate provision for loading and service.

(10) Deleterious land use or layout. The existence of incompatible land-use relationships, buildings occupied by inappropriate mixed-uses, or uses considered to be noxious, offensive, or unsuitable for the surrounding area.

(11) Lack of community planning. The proposed redevelopment project area was developed prior to or without the benefit or guidance of a community plan. This means that the development occurred prior to the adoption by the municipality of a comprehensive or other community plan or that the plan was not followed at the time of the area's development. This factor must be documented by evidence of adverse or incompatible land-use relationships, inadequate street layout, improper subdivision, parcels of inadequate shape and size to meet contemporary development standards, or other evidence demonstrating an absence of effective community planning.

(12) The area has incurred Illinois Environmental Protection Agency or United States Environmental Protection Agency remediation costs for, or a study conducted by an independent consultant recognized as having expertise in environmental remediation has determined a need for, the clean-up of hazardous waste, hazardous substances, or underground storage tanks required by State or federal law, provided that the remediation costs constitute a material impediment to the development or redevelopment of the redevelopment project area.

(13) The total equalized assessed value of the proposed redevelopment project area has declined for 3 of the last 5 calendar years for which information is available or is increasing at an annual rate that is less than the balance of the municipality for 3 of the last 5 calendar years for which information is available or is increasing at an annual rate that is less than the Consumer Price Index for All Urban Consumers published by the United States Department of Labor or successor agency for 3 of the last 5 calendar years for which information is available.

(c) "Industrial park" means an area in a blighted or conservation area suitable for use by any manufacturing, industrial, research or transportation enterprise, of facilities to include but not be limited to factories, mills, processing plants, assembly plants, packing plants, fabricating plants, industrial distribution centers, warehouses, repair overhaul or service facilities, freight terminals, research facilities, test facilities or railroad facilities.

(d) "Industrial park conservation area" means an area within the boundaries of a redevelopment project area located within the territorial limits of a municipality that is a labor surplus municipality or within 1 1/2 miles of the territorial limits of a municipality that is a labor surplus municipality if the area is annexed to the municipality; which area is zoned as industrial no later than at the time the municipality by ordinance designates the redevelopment project area, and which area includes both vacant land suitable for use as an industrial park and a blighted area or conservation area contiguous to such vacant land.

(e) "Labor surplus municipality" means a municipality in which, at any time during the 6 months before the municipality by ordinance designates an industrial park conservation area, the unemployment rate was over 6% and was also 100% or more of the national average unemployment rate for that same time as published in the United States Department of Labor Bureau of Labor Statistics publication entitled "The Employment Situation" or its successor publication. For the purpose of this subsection, if unemployment rate statistics for the municipality are not available, the unemployment rate in the municipality shall be deemed to be the same as the unemployment rate in the principal county in which the municipality is located.

(f) "Municipality" shall mean a city, village or incorporated town.

(g) "Initial Sales Tax Amounts" means the amount of taxes paid under the Retailers' Occupation Tax Act, Use Tax Act, Service Use Tax Act, the Service Occupation Tax Act, the Municipal Retailers' Occupation Tax Act, and the Municipal Service Occupation Tax Act by retailers and servicemen on transactions at places located in a State Sales Tax Boundary during the calendar year 1985.

(g-1) "Revised Initial Sales Tax Amounts" means the amount of taxes paid under the Retailers' Occupation Tax Act, Use Tax Act, Service Use Tax Act, the Service Occupation Tax Act, the Municipal Retailers' Occupation Tax Act, and the Municipal Service Occupation Tax Act by retailers and servicemen on transactions at places located within the State Sales Tax Boundary revised pursuant to Section 11-74.4-8a(9) of this Act.

(h) "Municipal Sales Tax Increment" means an amount equal to the increase in the aggregate amount of taxes paid to a municipality from the Local Government Tax Fund arising from sales by retailers and servicemen within the redevelopment project area or State Sales Tax Boundary, as the case may be, for as long as the redevelopment project area or State Sales Tax Boundary, as the case may be, exist over and above the aggregate amount of taxes as certified by the Illinois Department of Revenue and paid under the Municipal Retailers' Occupation Tax Act and the Municipal Service Occupation Tax Act by retailers and servicemen, on transactions at places of business located in the redevelopment project area or State Sales Tax Boundary, as the case may be, during the base year which shall be the calendar year immediately prior to the year in which the municipality adopted tax increment allocation financing. For purposes of computing the aggregate amount of such taxes for base years occurring prior to 1985, the Department of Revenue shall determine the Initial Sales Tax Amounts for such taxes and deduct therefrom an amount equal to 4% of the aggregate amount of taxes per year for each year the base year is prior to 1985, but not to exceed a total deduction of 12%. The amount so determined shall be known as the "Adjusted Initial Sales Tax Amounts". For purposes of determining the Municipal Sales Tax Increment, the Department of Revenue shall for each period subtract from the amount paid to the municipality from the Local Government Tax Fund arising from sales by retailers and servicemen on transactions located in the redevelopment project area or the State Sales Tax Boundary, as the case may be, the certified Initial Sales Tax Amounts, the Adjusted Initial Sales Tax Amounts or the Revised Initial Sales Tax Amounts for the Municipal Retailers' Occupation Tax Act and the Municipal Service Occupation Tax Act. For the State Fiscal Year 1989, this calculation shall be made by utilizing the calendar year 1987 to determine the tax amounts received. For the State Fiscal Year 1990, this calculation shall be made by utilizing the period from January 1, 1988, until September 30, 1988, to determine the tax amounts received from retailers and servicemen pursuant to the Municipal Retailers' Occupation Tax and the Municipal Service Occupation Tax Act, which shall have deducted therefrom nine-twelfths of the certified Initial Sales Tax Amounts, the Adjusted Initial Sales Tax Amounts or the Revised Initial Sales Tax Amounts as appropriate. For the State Fiscal Year 1991, this calculation shall be made by utilizing the period from October 1, 1988, to June 30, 1989, to determine the tax amounts received from retailers and servicemen pursuant to the Municipal Retailers' Occupation Tax and the Municipal Service Occupation Tax Act which shall have deducted therefrom nine-twelfths of the certified Initial Sales Tax Amounts, Adjusted Initial Sales Tax Amounts or the Revised Initial Sales Tax Amounts as appropriate. For every State Fiscal Year thereafter, the applicable period shall be the 12 months beginning July 1 and ending June 30 to determine the tax amounts received which shall have deducted therefrom the certified Initial Sales Tax Amounts, the Adjusted Initial Sales Tax Amounts or the Revised Initial Sales Tax Amounts, as the case may be.

(i) "Net State Sales Tax Increment" means the sum of the following: (a) 80% of the first \$100,000 of State Sales Tax Increment annually generated within a State Sales Tax Boundary; (b) 60% of the amount in excess of \$100,000 but not exceeding \$500,000 of State Sales Tax Increment annually generated within a State Sales Tax Boundary; and (c) 40% of all amounts in excess of \$500,000 of State Sales Tax Increment annually generated within a State Sales Tax Boundary. If, however, a municipality established a tax increment financing district in a county with a population in excess of 3,000,000 before January 1, 1986, and the municipality entered into a contract or issued bonds after January 1, 1986, but before December 31, 1986, to finance redevelopment project costs within a State Sales Tax Boundary, then the Net State Sales Tax Increment means, for the fiscal years beginning July 1, 1990, and July 1, 1991, 100% of the State Sales Tax Increment annually generated within a State Sales Tax Boundary; and notwithstanding any other provision of this Act, for those fiscal years the Department of Revenue shall distribute to those municipalities 100% of their Net State Sales Tax Increment before any distribution to any other municipality and regardless of whether or not those other municipalities will receive 100% of their Net State Sales Tax Increment. For Fiscal Year 1999, and every year thereafter until the year 2007, for any municipality that has not entered into a contract or has not issued bonds prior to June 1, 1988 to finance redevelopment project costs within a State Sales Tax Boundary, the Net State Sales Tax Increment shall be calculated as follows: By multiplying the Net State Sales Tax Increment by 90% in the State Fiscal Year 1999; 80% in the State Fiscal Year 2000; 70% in the State Fiscal Year 2001; 60% in the State Fiscal Year 2002; 50% in the State Fiscal Year 2003; 40% in the State Fiscal Year 2004; 30% in the State Fiscal Year 2005; 20% in the State Fiscal Year 2006; and 10% in the State Fiscal Year 2007. No payment shall be made for State Fiscal Year 2008 and thereafter.

Municipalities that issued bonds in connection with a redevelopment project in a redevelopment project area within the State Sales Tax Boundary prior to July 29, 1991, or that entered into contracts in connection with a redevelopment project in a redevelopment project area before June 1, 1988, shall continue to receive their proportional share of the Illinois Tax Increment Fund distribution until the date on which the redevelopment project is completed or terminated. If, however, a municipality that issued bonds in connection with a redevelopment project in a redevelopment project area within the State Sales Tax Boundary prior to July 29, 1991 retires the bonds prior to June 30, 2007 or a municipality that entered into contracts in connection with a redevelopment project in a redevelopment project area before June 1, 1988 completes the contracts prior to June 30, 2007, then so long as the redevelopment project is not completed or is not terminated, the Net State Sales Tax Increment shall be calculated, beginning on the date on which the bonds are retired or the contracts are completed, as follows: By multiplying the Net State Sales Tax Increment by 60% in the State Fiscal Year 2002; 50% in the State Fiscal Year 2003; 40% in the State Fiscal Year 2004; 30% in the State Fiscal Year 2005; 20% in the State Fiscal Year 2006; and 10% in the State Fiscal Year 2007. No payment shall be made for State Fiscal Year 2008 and thereafter. Refunding of any bonds issued prior to July 29, 1991, shall not alter the Net State Sales Tax Increment.

(j) "State Utility Tax Increment Amount" means an amount equal to the aggregate increase in State electric and gas tax charges imposed on owners and tenants, other than residential customers, of properties located within the redevelopment project area under Section 9-222 of the Public Utilities Act, over and above the aggregate of such charges as certified by the Department of Revenue and paid by owners and tenants, other than residential customers, of properties within the redevelopment project area during the base year, which shall be the calendar year immediately prior to the year of the adoption of the ordinance authorizing tax increment allocation financing.

(k) "Net State Utility Tax Increment" means the sum of the following: (a) 80% of the first \$100,000 of State Utility Tax Increment annually generated by a redevelopment project area; (b) 60% of the amount in excess of \$100,000 but not exceeding \$500,000 of the State Utility Tax Increment annually generated by a redevelopment project area; and (c) 40% of all amounts in excess of \$500,000 of State Utility Tax Increment annually generated by a redevelopment project area. For the State Fiscal Year 1999, and every year thereafter until the year 2007, for any municipality that has not entered into a contract or has not issued bonds prior to June 1, 1988 to finance redevelopment project costs within a redevelopment project area, the Net State Utility Tax Increment shall be calculated as follows: By multiplying the Net State Utility Tax Increment by 90% in the State Fiscal Year 1999; 80% in the State Fiscal Year 2000; 70% in the State Fiscal Year 2001; 60% in the State Fiscal Year 2002; 50% in the State Fiscal Year 2003; 40% in the State Fiscal Year 2004; 30% in the State Fiscal Year 2005; 20% in the State Fiscal Year 2006; and 10% in the State Fiscal Year 2007. No payment shall be made for the State Fiscal Year 2008 and thereafter.

Municipalities that issue bonds in connection with the redevelopment project during the period from June 1, 1988 until 3 years after the effective date of this Amendatory Act of 1988 shall receive the Net

State Utility Tax Increment, subject to appropriation, for 15 State Fiscal Years after the issuance of such bonds. For the 16th through the 20th State Fiscal Years after issuance of the bonds, the Net State Utility Tax Increment shall be calculated as follows: By multiplying the Net State Utility Tax Increment by 90% in year 16; 80% in year 17; 70% in year 18; 60% in year 19; and 50% in year 20. Refunding of any bonds issued prior to June 1, 1988, shall not alter the revised Net State Utility Tax Increment payments set forth above.

(l) "Obligations" mean bonds, loans, debentures, notes, special certificates or other evidence of indebtedness issued by the municipality to carry out a redevelopment project or to refund outstanding obligations.

(m) "Payment in lieu of taxes" means those estimated tax revenues from real property in a redevelopment project area derived from real property that has been acquired by a municipality which according to the redevelopment project or plan is to be used for a private use which taxing districts would have received had a municipality not acquired the real property and adopted tax increment allocation financing and which would result from levies made after the time of the adoption of tax increment allocation financing to the time the current equalized value of real property in the redevelopment project area exceeds the total initial equalized value of real property in said area.

(n) "Redevelopment plan" means the comprehensive program of the municipality for development or redevelopment intended by the payment of redevelopment project costs to reduce or eliminate those conditions the existence of which qualified the redevelopment project area as a "blighted area" or "conservation area" or combination thereof or "industrial park conservation area," and thereby to enhance the tax bases of the taxing districts which extend into the redevelopment project area. On and after November 1, 1999 (the effective date of Public Act 91-478), no redevelopment plan may be approved or amended that includes the development of vacant land (i) with a golf course and related clubhouse and other facilities or (ii) designated by federal, State, county, or municipal government as public land for outdoor recreational activities or for nature preserves and used for that purpose within 5 years prior to the adoption of the redevelopment plan. For the purpose of this subsection, "recreational activities" is limited to mean camping and hunting. Each redevelopment plan shall set forth in writing the program to be undertaken to accomplish the objectives and shall include but not be limited to:

(A) an itemized list of estimated redevelopment project costs;

(B) evidence indicating that the redevelopment project area on the whole has not been subject to growth and development through investment by private enterprise;

(C) an assessment of any financial impact of the redevelopment project area on or any increased demand for services from any taxing district affected by the plan and any program to address such financial impact or increased demand;

(D) the sources of funds to pay costs;

(E) the nature and term of the obligations to be issued;

(F) the most recent equalized assessed valuation of the redevelopment project area;

(G) an estimate as to the equalized assessed valuation after redevelopment and the general land uses to apply in the redevelopment project area;

(H) a commitment to fair employment practices and an affirmative action plan;

(I) if it concerns an industrial park conservation area, the plan shall also include a general description of any proposed developer, user and tenant of any property, a description of the type, structure and general character of the facilities to be developed, a description of the type, class and number of new employees to be employed in the operation of the facilities to be developed; and

(J) if property is to be annexed to the municipality, the plan shall include the terms of the annexation agreement.

The provisions of items (B) and (C) of this subsection (n) shall not apply to a municipality that before March 14, 1994 (the effective date of Public Act 88-537) had fixed, either by its corporate authorities or by a commission designated under subsection (k) of Section 11-74.4-4, a time and place for a public hearing as required by subsection (a) of Section 11-74.4-5. No redevelopment plan shall be adopted unless a municipality complies with all of the following requirements:

(1) The municipality finds that the redevelopment project area on the whole has not been subject to growth and development through investment by private enterprise and would not reasonably be anticipated to be developed without the adoption of the redevelopment plan.

(2) The municipality finds that the redevelopment plan and project conform to the comprehensive plan for the development of the municipality as a whole, or, for municipalities with a population of 100,000 or more, regardless of when the redevelopment plan and project was adopted, the

redevelopment plan and project either: (i) conforms to the strategic economic development or redevelopment plan issued by the designated planning authority of the municipality, or (ii) includes land uses that have been approved by the planning commission of the municipality.

(3) The redevelopment plan establishes the estimated dates of completion of the redevelopment project and retirement of obligations issued to finance redevelopment project costs. Those dates shall not be later than December 31 of the year in which the payment to the municipal treasurer as provided in subsection (b) of Section 11-74.4-8 of this Act is to be made with respect to ad valorem taxes levied in the twenty-third calendar year after the year in which the ordinance approving the redevelopment project area is adopted if the ordinance was adopted on or after January 15, 1981, and not later than December 31 of the year in which the payment to the municipal treasurer as provided in subsection (b) of Section 11-74.4-8 of this Act is to be made with respect to ad valorem taxes levied in the thirty-fifth calendar year after the year in which the ordinance approving the redevelopment project area is adopted:

(A) if the ordinance was adopted before January 15, 1981, or

(B) if the ordinance was adopted in December 1983, April 1984, July 1985, or December 1989, or

(C) if the ordinance was adopted in December 1987 and the redevelopment project is located within one mile of Midway Airport, or

(D) if the ordinance was adopted before January 1, 1987 by a municipality in Mason County, or

(E) if the municipality is subject to the Local Government Financial Planning and Supervision Act or the Financially Distressed City Law, or

(F) if the ordinance was adopted in December 1984 by the Village of Rosemont, or

(G) if the ordinance was adopted on December 31, 1986 by a municipality located in Clinton County for which at least \$250,000 of tax increment bonds were authorized on June 17, 1997, or if the ordinance was adopted on December 31, 1986 by a municipality with a population in 1990 of less than 3,600 that is located in a county with a population in 1990 of less than 34,000 and for which at least \$250,000 of tax increment bonds were authorized on June 17, 1997, or

(H) if the ordinance was adopted on October 5, 1982 by the City of Kankakee, or if the ordinance was adopted on December 29, 1986 by East St. Louis, or

(I) if the ordinance was adopted on November 12, 1991 by the Village of Sauget, or

(J) if the ordinance was adopted on February 11, 1985 by the City of Rock Island, or

(K) if the ordinance was adopted before December 18, 1986 by the City of Moline, or

(L) if the ordinance was adopted in September 1988 by Sauk Village, or

(M) if the ordinance was adopted in October 1993 by Sauk Village, or

(N) if the ordinance was adopted on December 29, 1986 by the City of Galva, or

(O) if the ordinance was adopted in March 1991 by the City of Centreville, or

(P) if the ordinance was adopted on January 23, 1991 by the City of East St. Louis,  
or

(Q) if the ordinance was adopted on December 22, 1986 by the City of Aledo, or

(U) if the ordinance was adopted on December 23, 1986 by the City of Sparta, or

(V) if the ordinance was adopted on December 23, 1986 by the City of Beardstown, or

(W) if the ordinance was adopted on April 27, 1981, October 21, 1985, or December 30, 1986 by the City of Belleville, or

(X) if the ordinance was adopted on December 29, 1986 by the City of Collinsville,  
or

(Y) if the ordinance was adopted on September 14, 1994 by the City of Alton, or

(Z) if the ordinance was adopted on November 11, 1996 by the City of Lexington, or

(AA) if the ordinance was adopted on November 5, 1984 by the City of LeRoy, or

(BB) if the ordinance was adopted on April 3, 1991 or June 3, 1992 by the City of Markham, or

(CC) if the ordinance was adopted on November 11, 1986 by the City of Pekin, or

~~(DD)~~ ~~(CC)~~ if the ordinance was adopted on December 15, 1981 by the City of Champaign, or

~~(EE)~~ ~~(CC)~~ if the ordinance was adopted on December 15, 1986 by the City of Urbana, or

~~(FF) (CC)~~ if the ordinance was adopted on December 15, 1986 by the Village of Heyworth, or ~~(GG) (CC)~~ if the ordinance was adopted on February 24, 1992 by the Village of Heyworth, or ~~(HH) (CC)~~ if the ordinance was adopted on March 16, 1995 by the Village of Heyworth, or ~~(II) (CC)~~ if the ordinance was adopted on December 23, 1986 by the Town of Cicero, or ~~(JJ) (CC)~~ if the ordinance was adopted on December 30, 1986 by the City of Effingham, or ~~(KK) (CC)~~ if the ordinance was adopted on May 9, 1991 by the Village of Tilton, or ~~(LL) (CC)~~ if the ordinance was adopted on October 20, 1986 by the City of Elmhurst, or ~~(MM) (CC)~~ if the ordinance was adopted on January 19, 1988 by the City of Waukegan, or ~~(NN) (DD)~~ if the ordinance was adopted on September 21, 1998 by the City of Waukegan, or - ~~(OO) if the ordinance was adopted on February 2, 1998 by the Village of Woodhull.~~

However, for redevelopment project areas for which bonds were issued before July 29, 1991, or for which contracts were entered into before June 1, 1988, in connection with a redevelopment project in the area within the State Sales Tax Boundary, the estimated dates of completion of the redevelopment project and retirement of obligations to finance redevelopment project costs may be extended by municipal ordinance to December 31, 2013. The termination procedures of subsection (b) of Section 11-74.4-8 are not required for these redevelopment project areas in 2009 but are required in 2013. The extension allowed by this amendatory Act of 1993 shall not apply to real property tax increment allocation financing under Section 11-74.4-8.

A municipality may by municipal ordinance amend an existing redevelopment plan to conform to this paragraph (3) as amended by Public Act 91-478, which municipal ordinance may be adopted without further hearing or notice and without complying with the procedures provided in this Act pertaining to an amendment to or the initial approval of a redevelopment plan and project and designation of a redevelopment project area.

Those dates, for purposes of real property tax increment allocation financing pursuant to Section 11-74.4-8 only, shall be not more than 35 years for redevelopment project areas that were adopted on or after December 16, 1986 and for which at least \$8 million worth of municipal bonds were authorized on or after December 19, 1989 but before January 1, 1990; provided that the municipality elects to extend the life of the redevelopment project area to 35 years by the adoption of an ordinance after at least 14 but not more than 30 days' written notice to the taxing bodies, that would otherwise constitute the joint review board for the redevelopment project area, before the adoption of the ordinance.

Those dates, for purposes of real property tax increment allocation financing pursuant to Section 11-74.4-8 only, shall be not more than 35 years for redevelopment project areas that were established on or after December 1, 1981 but before January 1, 1982 and for which at least \$1,500,000 worth of tax increment revenue bonds were authorized on or after September 30, 1990 but before July 1, 1991; provided that the municipality elects to extend the life of the redevelopment project area to 35 years by the adoption of an ordinance after at least 14 but not more than 30 days' written notice to the taxing bodies, that would otherwise constitute the joint review board for the redevelopment project area, before the adoption of the ordinance.

(3.5) The municipality finds, in the case of an industrial park conservation area, also that the municipality is a labor surplus municipality and that the implementation of the redevelopment plan will reduce unemployment, create new jobs and by the provision of new facilities enhance the tax base of the taxing districts that extend into the redevelopment project area.

(4) If any incremental revenues are being utilized under Section 8(a)(1) or 8(a)(2) of this Act in redevelopment project areas approved by ordinance after January 1, 1986, the municipality finds: (a) that the redevelopment project area would not reasonably be developed without the use of such incremental revenues, and (b) that such incremental revenues will be exclusively utilized for the development of the redevelopment project area.

(5) If the redevelopment plan will not result in displacement of residents from 10 or more inhabited residential units, and the municipality certifies in the plan that such displacement will not result from the plan, a housing impact study need not be performed. If, however, the redevelopment plan would result in the displacement of residents from 10 or more inhabited residential units, or if the redevelopment project area contains 75 or more inhabited residential units and no certification is made, then the municipality shall prepare, as part of the separate feasibility report required by subsection (a) of Section 11-74.4-5, a housing impact study.

Part I of the housing impact study shall include (i) data as to whether the residential units are single family or multi-family units, (ii) the number and type of rooms within the units, if that

information is available, (iii) whether the units are inhabited or uninhabited, as determined not less than 45 days before the date that the ordinance or resolution required by subsection (a) of Section 11-74.4-5 is passed, and (iv) data as to the racial and ethnic composition of the residents in the inhabited residential units. The data requirement as to the racial and ethnic composition of the residents in the inhabited residential units shall be deemed to be fully satisfied by data from the most recent federal census.

Part II of the housing impact study shall identify the inhabited residential units in the proposed redevelopment project area that are to be or may be removed. If inhabited residential units are to be removed, then the housing impact study shall identify (i) the number and location of those units that will or may be removed, (ii) the municipality's plans for relocation assistance for those residents in the proposed redevelopment project area whose residences are to be removed, (iii) the availability of replacement housing for those residents whose residences are to be removed, and shall identify the type, location, and cost of the housing, and (iv) the type and extent of relocation assistance to be provided.

(6) On and after November 1, 1999, the housing impact study required by paragraph (5) shall be incorporated in the redevelopment plan for the redevelopment project area.

(7) On and after November 1, 1999, no redevelopment plan shall be adopted, nor an existing plan amended, nor shall residential housing that is occupied by households of low-income and very low-income persons in currently existing redevelopment project areas be removed after November 1, 1999 unless the redevelopment plan provides, with respect to inhabited housing units that are to be removed for households of low-income and very low-income persons, affordable housing and relocation assistance not less than that which would be provided under the federal Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970 and the regulations under that Act, including the eligibility criteria. Affordable housing may be either existing or newly constructed housing. For purposes of this paragraph (7), "low-income households", "very low-income households", and "affordable housing" have the meanings set forth in the Illinois Affordable Housing Act. The municipality shall make a good faith effort to ensure that this affordable housing is located in or near the redevelopment project area within the municipality.

(8) On and after November 1, 1999, if, after the adoption of the redevelopment plan for the redevelopment project area, any municipality desires to amend its redevelopment plan to remove more inhabited residential units than specified in its original redevelopment plan, that change shall be made in accordance with the procedures in subsection (c) of Section 11-74.4-5.

(9) For redevelopment project areas designated prior to November 1, 1999, the redevelopment plan may be amended without further joint review board meeting or hearing, provided that the municipality shall give notice of any such changes by mail to each affected taxing district and registrant on the interested party registry, to authorize the municipality to expend tax increment revenues for redevelopment project costs defined by paragraphs (5) and (7.5), subparagraphs (E) and (F) of paragraph (11), and paragraph (11.5) of subsection (q) of Section 11-74.4-3, so long as the changes do not increase the total estimated redevelopment project costs set out in the redevelopment plan by more than 5% after adjustment for inflation from the date the plan was adopted.

(o) "Redevelopment project" means any public and private development project in furtherance of the objectives of a redevelopment plan. On and after November 1, 1999 (the effective date of Public Act 91-478), no redevelopment plan may be approved or amended that includes the development of vacant land (i) with a golf course and related clubhouse and other facilities or (ii) designated by federal, State, county, or municipal government as public land for outdoor recreational activities or for nature preserves and used for that purpose within 5 years prior to the adoption of the redevelopment plan. For the purpose of this subsection, "recreational activities" is limited to mean camping and hunting.

(p) "Redevelopment project area" means an area designated by the municipality, which is not less in the aggregate than 1 1/2 acres and in respect to which the municipality has made a finding that there exist conditions which cause the area to be classified as an industrial park conservation area or a blighted area or a conservation area, or a combination of both blighted areas and conservation areas.

(q) "Redevelopment project costs" mean and include the sum total of all reasonable or necessary costs incurred or estimated to be incurred, and any such costs incidental to a redevelopment plan and a redevelopment project. Such costs include, without limitation, the following:

(1) Costs of studies, surveys, development of plans, and specifications, implementation and administration of the redevelopment plan including but not limited to staff and professional service costs for architectural, engineering, legal, financial, planning or other services, provided however that no charges for professional services may be based on a percentage of the tax increment collected; except that on and after November 1, 1999 (the effective date of Public Act 91-478), no contracts for

professional services, excluding architectural and engineering services, may be entered into if the terms of the contract extend beyond a period of 3 years. In addition, "redevelopment project costs" shall not include lobbying expenses. After consultation with the municipality, each tax increment consultant or advisor to a municipality that plans to designate or has designated a redevelopment project area shall inform the municipality in writing of any contracts that the consultant or advisor has entered into with entities or individuals that have received, or are receiving, payments financed by tax increment revenues produced by the redevelopment project area with respect to which the consultant or advisor has performed, or will be performing, service for the municipality. This requirement shall be satisfied by the consultant or advisor before the commencement of services for the municipality and thereafter whenever any other contracts with those individuals or entities are executed by the consultant or advisor;

(1.5) After July 1, 1999, annual administrative costs shall not include general overhead or administrative costs of the municipality that would still have been incurred by the municipality if the municipality had not designated a redevelopment project area or approved a redevelopment plan;

(1.6) The cost of marketing sites within the redevelopment project area to prospective businesses, developers, and investors;

(2) Property assembly costs, including but not limited to acquisition of land and other property, real or personal, or rights or interests therein, demolition of buildings, site preparation, site improvements that serve as an engineered barrier addressing ground level or below ground environmental contamination, including, but not limited to parking lots and other concrete or asphalt barriers, and the clearing and grading of land;

(3) Costs of rehabilitation, reconstruction or repair or remodeling of existing public or private buildings, fixtures, and leasehold improvements; and the cost of replacing an existing public building if pursuant to the implementation of a redevelopment project the existing public building is to be demolished to use the site for private investment or devoted to a different use requiring private investment;

(4) Costs of the construction of public works or improvements, except that on and after November 1, 1999, redevelopment project costs shall not include the cost of constructing a new municipal public building principally used to provide offices, storage space, or conference facilities or vehicle storage, maintenance, or repair for administrative, public safety, or public works personnel and that is not intended to replace an existing public building as provided under paragraph (3) of subsection (q) of Section 11-74.4-3 unless either (i) the construction of the new municipal building implements a redevelopment project that was included in a redevelopment plan that was adopted by the municipality prior to November 1, 1999 or (ii) the municipality makes a reasonable determination in the redevelopment plan, supported by information that provides the basis for that determination, that the new municipal building is required to meet an increase in the need for public safety purposes anticipated to result from the implementation of the redevelopment plan;

(5) Costs of job training and retraining projects, including the cost of "welfare to work" programs implemented by businesses located within the redevelopment project area;

(6) Financing costs, including but not limited to all necessary and incidental expenses related to the issuance of obligations and which may include payment of interest on any obligations issued hereunder including interest accruing during the estimated period of construction of any redevelopment project for which such obligations are issued and for not exceeding 36 months thereafter and including reasonable reserves related thereto;

(7) To the extent the municipality by written agreement accepts and approves the same, all or a portion of a taxing district's capital costs resulting from the redevelopment project necessarily incurred or to be incurred within a taxing district in furtherance of the objectives of the redevelopment plan and project.

(7.5) For redevelopment project areas designated (or redevelopment project areas amended to add or increase the number of tax-increment-financing assisted housing units) on or after November 1, 1999, an elementary, secondary, or unit school district's increased costs attributable to assisted housing units located within the redevelopment project area for which the developer or redeveloper receives financial assistance through an agreement with the municipality or because the municipality incurs the cost of necessary infrastructure improvements within the boundaries of the assisted housing sites necessary for the completion of that housing as authorized by this Act, and which costs shall be paid by the municipality from the Special Tax Allocation Fund when the tax increment revenue is received as a result of the assisted housing units and shall be calculated annually as follows:

(A) for foundation districts, excluding any school district in a municipality with a population in excess of 1,000,000, by multiplying the district's increase in attendance resulting from the net increase in new students enrolled in that school district who reside in housing units within the redevelopment project area that have received financial assistance through an agreement with the municipality or because the municipality incurs the cost of necessary infrastructure improvements within the boundaries of the housing sites necessary for the completion of that housing as authorized by this Act since the designation of the redevelopment project area by the most recently available per capita tuition cost as defined in Section 10-20.12a of the School Code less any increase in general State aid as defined in Section 18-8.05 of the School Code attributable to these added new students subject to the following annual limitations:

(i) for unit school districts with a district average 1995-96 Per Capita

Tuition Charge of less than \$5,900, no more than 25% of the total amount of property tax increment revenue produced by those housing units that have received tax increment finance assistance under this Act;

(ii) for elementary school districts with a district average 1995-96 Per Capita

Tuition Charge of less than \$5,900, no more than 17% of the total amount of property tax increment revenue produced by those housing units that have received tax increment finance assistance under this Act; and

(iii) for secondary school districts with a district average 1995-96 Per Capita

Tuition Charge of less than \$5,900, no more than 8% of the total amount of property tax increment revenue produced by those housing units that have received tax increment finance assistance under this Act.

(B) For alternate method districts, flat grant districts, and foundation districts with a district average 1995-96 Per Capita Tuition Charge equal to or more than \$5,900, excluding any school district with a population in excess of 1,000,000, by multiplying the district's increase in attendance resulting from the net increase in new students enrolled in that school district who reside in housing units within the redevelopment project area that have received financial assistance through an agreement with the municipality or because the municipality incurs the cost of necessary infrastructure improvements within the boundaries of the housing sites necessary for the completion of that housing as authorized by this Act since the designation of the redevelopment project area by the most recently available per capita tuition cost as defined in Section 10-20.12a of the School Code less any increase in general state aid as defined in Section 18-8.05 of the School Code attributable to these added new students subject to the following annual limitations:

(i) for unit school districts, no more than 40% of the total amount of property tax increment revenue produced by those housing units that have received tax increment finance assistance under this Act;

(ii) for elementary school districts, no more than 27% of the total amount of property tax increment revenue produced by those housing units that have received tax increment finance assistance under this Act; and

(iii) for secondary school districts, no more than 13% of the total amount of property tax increment revenue produced by those housing units that have received tax increment finance assistance under this Act.

(C) For any school district in a municipality with a population in excess of 1,000,000, the following restrictions shall apply to the reimbursement of increased costs under this paragraph (7.5):

(i) no increased costs shall be reimbursed unless the school district certifies that each of the schools affected by the assisted housing project is at or over its student capacity;

(ii) the amount reimbursable shall be reduced by the value of any land donated to the school district by the municipality or developer, and by the value of any physical improvements made to the schools by the municipality or developer; and

(iii) the amount reimbursed may not affect amounts otherwise obligated by the terms of any bonds, notes, or other funding instruments, or the terms of any redevelopment agreement.

Any school district seeking payment under this paragraph (7.5) shall, after July 1 and before September 30 of each year, provide the municipality with reasonable evidence to support its claim for reimbursement before the municipality shall be required to approve or make the payment to the school district. If the school district fails to provide the information during this period in any year,

it shall forfeit any claim to reimbursement for that year. School districts may adopt a resolution waiving the right to all or a portion of the reimbursement otherwise required by this paragraph (7.5). By acceptance of this reimbursement the school district waives the right to directly or indirectly set aside, modify, or contest in any manner the establishment of the redevelopment project area or projects;

(7.7) For redevelopment project areas designated (or redevelopment project areas amended to add or increase the number of tax-increment-financing assisted housing units) on or after January 1, 2005 (the effective date of Public Act 93-961) ~~this amendatory Act of the 93rd General Assembly~~, a public library district's increased costs attributable to assisted housing units located within the redevelopment project area for which the developer or redeveloper receives financial assistance through an agreement with the municipality or because the municipality incurs the cost of necessary infrastructure improvements within the boundaries of the assisted housing sites necessary for the completion of that housing as authorized by this Act shall be paid to the library district by the municipality from the Special Tax Allocation Fund when the tax increment revenue is received as a result of the assisted housing units. This paragraph (7.7) applies only if (i) the library district is located in a county that is subject to the Property Tax Extension Limitation Law or (ii) the library district is not located in a county that is subject to the Property Tax Extension Limitation Law but the district is prohibited by any other law from increasing its tax levy rate without a prior voter referendum.

The amount paid to a library district under this paragraph (7.7) shall be calculated by multiplying (i) the net increase in the number of persons eligible to obtain a library card in that district who reside in housing units within the redevelopment project area that have received financial assistance through an agreement with the municipality or because the municipality incurs the cost of necessary infrastructure improvements within the boundaries of the housing sites necessary for the completion of that housing as authorized by this Act since the designation of the redevelopment project area by (ii) the per-patron cost of providing library services so long as it does not exceed \$120. The per-patron cost shall be the Total Operating Expenditures Per Capita as stated in the most recent Illinois Public Library Statistics produced by the Library Research Center at the University of Illinois. The municipality may deduct from the amount that it must pay to a library district under this paragraph any amount that it has voluntarily paid to the library district from the tax increment revenue. The amount paid to a library district under this paragraph (7.7) shall be no more than 2% of the amount produced by the assisted housing units and deposited into the Special Tax Allocation Fund.

A library district is not eligible for any payment under this paragraph (7.7) unless the library district has experienced an increase in the number of patrons from the municipality that created the tax-increment-financing district since the designation of the redevelopment project area.

Any library district seeking payment under this paragraph (7.7) shall, after July 1 and before September 30 of each year, provide the municipality with convincing evidence to support its claim for reimbursement before the municipality shall be required to approve or make the payment to the library district. If the library district fails to provide the information during this period in any year, it shall forfeit any claim to reimbursement for that year. Library districts may adopt a resolution waiving the right to all or a portion of the reimbursement otherwise required by this paragraph (7.7). By acceptance of such reimbursement, the library district shall forfeit any right to directly or indirectly set aside, modify, or contest in any manner whatsoever the establishment of the redevelopment project area or projects;

(8) Relocation costs to the extent that a municipality determines that relocation costs shall be paid or is required to make payment of relocation costs by federal or State law or in order to satisfy subparagraph (7) of subsection (n);

(9) Payment in lieu of taxes;

(10) Costs of job training, retraining, advanced vocational education or career education, including but not limited to courses in occupational, semi-technical or technical fields leading directly to employment, incurred by one or more taxing districts, provided that such costs (i) are related to the establishment and maintenance of additional job training, advanced vocational education or career education programs for persons employed or to be employed by employers located in a redevelopment project area; and (ii) when incurred by a taxing district or taxing districts other than the municipality, are set forth in a written agreement by or among the municipality and the taxing district or taxing districts, which agreement describes the program to be undertaken, including but not limited to the number of employees to be trained, a description of the training and services to be provided, the number and type of positions available or to be available, itemized costs of the program and sources of funds to pay for the

same, and the term of the agreement. Such costs include, specifically, the payment by community college districts of costs pursuant to Sections 3-37, 3-38, 3-40 and 3-40.1 of the Public Community College Act and by school districts of costs pursuant to Sections 10-22.20a and 10-23.3a of The School Code;

(11) Interest cost incurred by a redeveloper related to the construction, renovation or rehabilitation of a redevelopment project provided that:

(A) such costs are to be paid directly from the special tax allocation fund established pursuant to this Act;

(B) such payments in any one year may not exceed 30% of the annual interest costs incurred by the redeveloper with regard to the redevelopment project during that year;

(C) if there are not sufficient funds available in the special tax allocation fund to make the payment pursuant to this paragraph (11) then the amounts so due shall accrue and be payable when sufficient funds are available in the special tax allocation fund;

(D) the total of such interest payments paid pursuant to this Act may not exceed 30% of the total (i) cost paid or incurred by the redeveloper for the redevelopment project plus (ii) redevelopment project costs excluding any property assembly costs and any relocation costs incurred by a municipality pursuant to this Act; and

(E) the cost limits set forth in subparagraphs (B) and (D) of paragraph (11) shall be modified for the financing of rehabilitated or new housing units for low-income households and very low-income households, as defined in Section 3 of the Illinois Affordable Housing Act. The percentage of 75% shall be substituted for 30% in subparagraphs (B) and (D) of paragraph (11).

(F) Instead of the eligible costs provided by subparagraphs (B) and (D) of paragraph (11), as modified by this subparagraph, and notwithstanding any other provisions of this Act to the contrary, the municipality may pay from tax increment revenues up to 50% of the cost of construction of new housing units to be occupied by low-income households and very low-income households as defined in Section 3 of the Illinois Affordable Housing Act. The cost of construction of those units may be derived from the proceeds of bonds issued by the municipality under this Act or other constitutional or statutory authority or from other sources of municipal revenue that may be reimbursed from tax increment revenues or the proceeds of bonds issued to finance the construction of that housing.

The eligible costs provided under this subparagraph (F) of paragraph (11) shall be an eligible cost for the construction, renovation, and rehabilitation of all low and very low-income housing units, as defined in Section 3 of the Illinois Affordable Housing Act, within the redevelopment project area. If the low and very low-income units are part of a residential redevelopment project that includes units not affordable to low and very low-income households, only the low and very low-income units shall be eligible for benefits under subparagraph (F) of paragraph (11). The standards for maintaining the occupancy by low-income households and very low-income households, as defined in Section 3 of the Illinois Affordable Housing Act, of those units constructed with eligible costs made available under the provisions of this subparagraph (F) of paragraph (11) shall be established by guidelines adopted by the municipality. The responsibility for annually documenting the initial occupancy of the units by low-income households and very low-income households, as defined in Section 3 of the Illinois Affordable Housing Act, shall be that of the then current owner of the property. For ownership units, the guidelines will provide, at a minimum, for a reasonable recapture of funds, or other appropriate methods designed to preserve the original affordability of the ownership units. For rental units, the guidelines will provide, at a minimum, for the affordability of rent to low and very low-income households. As units become available, they shall be rented to income-eligible tenants. The municipality may modify these guidelines from time to time; the guidelines, however, shall be in effect for as long as tax increment revenue is being used to pay for costs associated with the units or for the retirement of bonds issued to finance the units or for the life of the redevelopment project area, whichever is later.

(11.5) If the redevelopment project area is located within a municipality with a population of more than 100,000, the cost of day care services for children of employees from low-income families working for businesses located within the redevelopment project area and all or a portion of the cost of operation of day care centers established by redevelopment project area businesses to serve employees from low-income families working in businesses located in the redevelopment project area. For the purposes of this paragraph, "low-income families" means families whose annual income does not exceed 80% of the municipal, county, or regional median income, adjusted for family size, as the annual income and municipal, county, or regional median income are determined from time

to time by the United States Department of Housing and Urban Development.

(12) Unless explicitly stated herein the cost of construction of new privately-owned buildings shall not be an eligible redevelopment project cost.

(13) After November 1, 1999 (the effective date of Public Act 91-478), none of the redevelopment project costs enumerated in this subsection shall be eligible redevelopment project costs if those costs would provide direct financial support to a retail entity initiating operations in the redevelopment project area while terminating operations at another Illinois location within 10 miles of the redevelopment project area but outside the boundaries of the redevelopment project area municipality. For purposes of this paragraph, termination means a closing of a retail operation that is directly related to the opening of the same operation or like retail entity owned or operated by more than 50% of the original ownership in a redevelopment project area, but it does not mean closing an operation for reasons beyond the control of the retail entity, as documented by the retail entity, subject to a reasonable finding by the municipality that the current location contained inadequate space, had become economically obsolete, or was no longer a viable location for the retailer or serviceman.

If a special service area has been established pursuant to the Special Service Area Tax Act or Special Service Area Tax Law, then any tax increment revenues derived from the tax imposed pursuant to the Special Service Area Tax Act or Special Service Area Tax Law may be used within the redevelopment project area for the purposes permitted by that Act or Law as well as the purposes permitted by this Act.

(r) "State Sales Tax Boundary" means the redevelopment project area or the amended redevelopment project area boundaries which are determined pursuant to subsection (9) of Section 11-74.4-8a of this Act. The Department of Revenue shall certify pursuant to subsection (9) of Section 11-74.4-8a the appropriate boundaries eligible for the determination of State Sales Tax Increment.

(s) "State Sales Tax Increment" means an amount equal to the increase in the aggregate amount of taxes paid by retailers and servicemen, other than retailers and servicemen subject to the Public Utilities Act, on transactions at places of business located within a State Sales Tax Boundary pursuant to the Retailers' Occupation Tax Act, the Use Tax Act, the Service Use Tax Act, and the Service Occupation Tax Act, except such portion of such increase that is paid into the State and Local Sales Tax Reform Fund, the Local Government Distributive Fund, the Local Government Tax Fund and the County and Mass Transit District Fund, for as long as State participation exists, over and above the Initial Sales Tax Amounts, Adjusted Initial Sales Tax Amounts or the Revised Initial Sales Tax Amounts for such taxes as certified by the Department of Revenue and paid under those Acts by retailers and servicemen on transactions at places of business located within the State Sales Tax Boundary during the base year which shall be the calendar year immediately prior to the year in which the municipality adopted tax increment allocation financing, less 3.0% of such amounts generated under the Retailers' Occupation Tax Act, Use Tax Act and Service Use Tax Act and the Service Occupation Tax Act, which sum shall be appropriated to the Department of Revenue to cover its costs of administering and enforcing this Section. For purposes of computing the aggregate amount of such taxes for base years occurring prior to 1985, the Department of Revenue shall compute the Initial Sales Tax Amount for such taxes and deduct therefrom an amount equal to 4% of the aggregate amount of taxes per year for each year the base year is prior to 1985, but not to exceed a total deduction of 12%. The amount so determined shall be known as the "Adjusted Initial Sales Tax Amount". For purposes of determining the State Sales Tax Increment the Department of Revenue shall for each period subtract from the tax amounts received from retailers and servicemen on transactions located in the State Sales Tax Boundary, the certified Initial Sales Tax Amounts, Adjusted Initial Sales Tax Amounts or Revised Initial Sales Tax Amounts for the Retailers' Occupation Tax Act, the Use Tax Act, the Service Use Tax Act and the Service Occupation Tax Act. For the State Fiscal Year 1989 this calculation shall be made by utilizing the calendar year 1987 to determine the tax amounts received. For the State Fiscal Year 1990, this calculation shall be made by utilizing the period from January 1, 1988, until September 30, 1988, to determine the tax amounts received from retailers and servicemen, which shall have deducted therefrom nine-twelfths of the certified Initial Sales Tax Amounts, Adjusted Initial Sales Tax Amounts or the Revised Initial Sales Tax Amounts as appropriate. For the State Fiscal Year 1991, this calculation shall be made by utilizing the period from October 1, 1988, until June 30, 1989, to determine the tax amounts received from retailers and servicemen, which shall have deducted therefrom nine-twelfths of the certified Initial State Sales Tax Amounts, Adjusted Initial Sales Tax Amounts or the Revised Initial Sales Tax Amounts as appropriate. For every State Fiscal Year thereafter, the applicable period shall be the 12 months beginning July 1 and ending on June 30, to determine the tax amounts received which shall have deducted therefrom the certified Initial Sales Tax Amounts, Adjusted Initial Sales Tax Amounts or the Revised Initial Sales Tax Amounts. Municipalities intending to receive a distribution of State Sales Tax Increment must report a list

of retailers to the Department of Revenue by October 31, 1988 and by July 31, of each year thereafter.

(t) "Taxing districts" means counties, townships, cities and incorporated towns and villages, school, road, park, sanitary, mosquito abatement, forest preserve, public health, fire protection, river conservancy, tuberculosis sanitarium and any other municipal corporations or districts with the power to levy taxes.

(u) "Taxing districts' capital costs" means those costs of taxing districts for capital improvements that are found by the municipal corporate authorities to be necessary and directly result from the redevelopment project.

(v) As used in subsection (a) of Section 11-74.4-3 of this Act, "vacant land" means any parcel or combination of parcels of real property without industrial, commercial, and residential buildings which has not been used for commercial agricultural purposes within 5 years prior to the designation of the redevelopment project area, unless the parcel is included in an industrial park conservation area or the parcel has been subdivided; provided that if the parcel was part of a larger tract that has been divided into 3 or more smaller tracts that were accepted for recording during the period from 1950 to 1990, then the parcel shall be deemed to have been subdivided, and all proceedings and actions of the municipality taken in that connection with respect to any previously approved or designated redevelopment project area or amended redevelopment project area are hereby validated and hereby declared to be legally sufficient for all purposes of this Act. For purposes of this Section and only for land subject to the subdivision requirements of the Plat Act, land is subdivided when the original plat of the proposed Redevelopment Project Area or relevant portion thereof has been properly certified, acknowledged, approved, and recorded or filed in accordance with the Plat Act and a preliminary plat, if any, for any subsequent phases of the proposed Redevelopment Project Area or relevant portion thereof has been properly approved and filed in accordance with the applicable ordinance of the municipality.

(w) "Annual Total Increment" means the sum of each municipality's annual Net Sales Tax Increment and each municipality's annual Net Utility Tax Increment. The ratio of the Annual Total Increment of each municipality to the Annual Total Increment for all municipalities, as most recently calculated by the Department, shall determine the proportional shares of the Illinois Tax Increment Fund to be distributed to each municipality.

(65 ILCS 5/11-74.4-7) (from Ch. 24, par. 11-74.4-7)

Sec. 11-74.4-7. Obligations secured by the special tax allocation fund set forth in Section 11-74.4-8 for the redevelopment project area may be issued to provide for redevelopment project costs. Such obligations, when so issued, shall be retired in the manner provided in the ordinance authorizing the issuance of such obligations by the receipts of taxes levied as specified in Section 11-74.4-9 against the taxable property included in the area, by revenues as specified by Section 11-74.4-8a and other revenue designated by the municipality. A municipality may in the ordinance pledge all or any part of the funds in and to be deposited in the special tax allocation fund created pursuant to Section 11-74.4-8 to the payment of the redevelopment project costs and obligations. Any pledge of funds in the special tax allocation fund shall provide for distribution to the taxing districts and to the Illinois Department of Revenue of moneys not required, pledged, earmarked, or otherwise designated for payment and securing of the obligations and anticipated redevelopment project costs and such excess funds shall be calculated annually and deemed to be "surplus" funds. In the event a municipality only applies or pledges a portion of the funds in the special tax allocation fund for the payment or securing of anticipated redevelopment project costs or of obligations, any such funds remaining in the special tax allocation fund after complying with the requirements of the application or pledge, shall also be calculated annually and deemed "surplus" funds. All surplus funds in the special tax allocation fund shall be distributed annually within 180 days after the close of the municipality's fiscal year by being paid by the municipal treasurer to the County Collector, to the Department of Revenue and to the municipality in direct proportion to the tax incremental revenue received as a result of an increase in the equalized assessed value of property in the redevelopment project area, tax incremental revenue received from the State and tax incremental revenue received from the municipality, but not to exceed as to each such source the total incremental revenue received from that source. The County Collector shall thereafter make distribution to the respective taxing districts in the same manner and proportion as the most recent distribution by the county collector to the affected districts of real property taxes from real property in the redevelopment project area.

Without limiting the foregoing in this Section, the municipality may in addition to obligations secured by

the special tax allocation fund pledge for a period not greater than the term of the obligations towards payment of such obligations any part or any combination of the following: (a) net revenues of all or part of any redevelopment project; (b) taxes levied and collected on any or all property in the municipality; (c) the full faith and credit of the municipality; (d) a mortgage on part or all of the redevelopment project; or (e) any other taxes or anticipated receipts that the municipality may lawfully pledge.

Such obligations may be issued in one or more series bearing interest at such rate or rates as the corporate authorities of the municipality shall determine by ordinance. Such obligations shall bear such date or dates, mature at such time or times not exceeding 20 years from their respective dates, be in such denomination, carry such registration privileges, be executed in such manner, be payable in such medium of payment at such place or places, contain such covenants, terms and conditions, and be subject to redemption as such ordinance shall provide. Obligations issued pursuant to this Act may be sold at public or private sale at such price as shall be determined by the corporate authorities of the municipalities. No referendum approval of the electors shall be required as a condition to the issuance of obligations pursuant to this Division except as provided in this Section.

In the event the municipality authorizes issuance of obligations pursuant to the authority of this Division secured by the full faith and credit of the municipality, which obligations are other than obligations which may be issued under home rule powers provided by Article VII, Section 6 of the Illinois Constitution, or pledges taxes pursuant to (b) or (c) of the second paragraph of this section, the ordinance authorizing the issuance of such obligations or pledging such taxes shall be published within 10 days after such ordinance has been passed in one or more newspapers, with general circulation within such municipality. The publication of the ordinance shall be accompanied by a notice of (1) the specific number of voters required to sign a petition requesting the question of the issuance of such obligations or pledging taxes to be submitted to the electors; (2) the time in which such petition must be filed; and (3) the date of the prospective referendum. The municipal clerk shall provide a petition form to any individual requesting one.

If no petition is filed with the municipal clerk, as hereinafter provided in this Section, within 30 days after the publication of the ordinance, the ordinance shall be in effect. But, if within that 30 day period a petition is filed with the municipal clerk, signed by electors in the municipality numbering 10% or more of the number of registered voters in the municipality, asking that the question of issuing obligations using full faith and credit of the municipality as security for the cost of paying for redevelopment project costs, or of pledging taxes for the payment of such obligations, or both, be submitted to the electors of the municipality, the corporate authorities of the municipality shall call a special election in the manner provided by law to vote upon that question, or, if a general, State or municipal election is to be held within a period of not less than 30 or more than 90 days from the date such petition is filed, shall submit the question at the next general, State or municipal election. If it appears upon the canvass of the election by the corporate authorities that a majority of electors voting upon the question voted in favor thereof, the ordinance shall be in effect, but if a majority of the electors voting upon the question are not in favor thereof, the ordinance shall not take effect.

The ordinance authorizing the obligations may provide that the obligations shall contain a recital that they are issued pursuant to this Division, which recital shall be conclusive evidence of their validity and of the regularity of their issuance.

In the event the municipality authorizes issuance of obligations pursuant to this Section secured by the full faith and credit of the municipality, the ordinance authorizing the obligations may provide for the levy and collection of a direct annual tax upon all taxable property within the municipality sufficient to pay the principal thereof and interest thereon as it matures, which levy may be in addition to and exclusive of the maximum of all other taxes authorized to be levied by the municipality, which levy, however, shall be abated to the extent that monies from other sources are available for payment of the obligations and the municipality certifies the amount of said monies available to the county clerk.

A certified copy of such ordinance shall be filed with the county clerk of each county in which any portion of the municipality is situated, and shall constitute the authority for the extension and collection of the taxes to be deposited in the special tax allocation fund.

A municipality may also issue its obligations to refund in whole or in part, obligations theretofore issued by such municipality under the authority of this Act, whether at or prior to maturity, provided however, that the last maturity of the refunding obligations shall not be expressed to mature later than December 31 of the year in which the payment to the municipal treasurer as provided in subsection (b) of Section 11-74.4-8 of this Act is to be made with respect to ad valorem taxes levied in the twenty-third calendar year after the year in which the ordinance approving the redevelopment project area is adopted if the ordinance was adopted on or after January 15, 1981, and not later than December 31 of the year in which the payment to

the municipal treasurer as provided in subsection (b) of Section 11-74.4-8 of this Act is to be made with respect to ad valorem taxes levied in the thirty-fifth calendar year after the year in which the ordinance approving the redevelopment project area is adopted (A) if the ordinance was adopted before January 15, 1981, or (B) if the ordinance was adopted in December 1983, April 1984, July 1985, or December 1989, or (C) if the ordinance was adopted in December, 1987 and the redevelopment project is located within one mile of Midway Airport, or (D) if the ordinance was adopted before January 1, 1987 by a municipality in Mason County, or (E) if the municipality is subject to the Local Government Financial Planning and Supervision Act or the Financially Distressed City Law, or (F) if the ordinance was adopted in December 1984 by the Village of Rosemont, or (G) if the ordinance was adopted on December 31, 1986 by a municipality located in Clinton County for which at least \$250,000 of tax increment bonds were authorized on June 17, 1997, or if the ordinance was adopted on December 31, 1986 by a municipality with a population in 1990 of less than 3,600 that is located in a county with a population in 1990 of less than 34,000 and for which at least \$250,000 of tax increment bonds were authorized on June 17, 1997, or (H) if the ordinance was adopted on October 5, 1982 by the City of Kankakee, or (I) if the ordinance was adopted on December 29, 1986 by East St. Louis, or if the ordinance was adopted on November 12, 1991 by the Village of Sauget, or (J) if the ordinance was adopted on February 11, 1985 by the City of Rock Island, or (K) if the ordinance was adopted before December 18, 1986 by the City of Moline, or (L) if the ordinance was adopted in September 1988 by Sauk Village, or (M) if the ordinance was adopted in October 1993 by Sauk Village, or (N) if the ordinance was adopted on December 29, 1986 by the City of Galva, or (O) if the ordinance was adopted in March 1991 by the City of Centreville, or (P) if the ordinance was adopted on January 23, 1991 by the City of East St. Louis, or (Q) if the ordinance was adopted on December 22, 1986 by the City of Aledo, or (R) if the ordinance was adopted on February 5, 1990 by the City of Clinton, or (S) if the ordinance was adopted on September 6, 1994 by the City of Freeport, or (T) if the ordinance was adopted on December 22, 1986 by the City of Tuscola, or (U) if the ordinance was adopted on December 23, 1986 by the City of Sparta, or (V) if the ordinance was adopted on December 23, 1986 by the City of Beardstown, or (W) if the ordinance was adopted on April 27, 1981, October 21, 1985, or December 30, 1986 by the City of Belleville, or (X) if the ordinance was adopted on December 29, 1986 by the City of Collinsville, or (Y) if the ordinance was adopted on September 14, 1994 by the City of Alton, or (Z) if the ordinance was adopted on November 11, 1996 by the City of Lexington, or (AA) if the ordinance was adopted on November 5, 1984 by the City of LeRoy, or (BB) if the ordinance was adopted on April 3, 1991 or June 3, 1992 by the City of Markham, or (CC) if the ordinance was adopted on November 11, 1986 by the City of Pekin, or ~~(DD) (CC)~~ if the ordinance was adopted on December 15, 1981 by the City of Champaign, or ~~(EE) (CC)~~ if the ordinance was adopted on December 15, 1986 by the City of Urbana, or ~~(FF) (CC)~~ if the ordinance was adopted on December 15, 1986 by the Village of Heyworth, or ~~(GG) (CC)~~ if the ordinance was adopted on February 24, 1992 by the Village of Heyworth, or ~~(HH) (CC)~~ if the ordinance was adopted on March 16, 1995 by the Village of Heyworth, or ~~(II) (CC)~~ if the ordinance was adopted on December 23, 1986 by the Town of Cicero, or ~~(JJ) (CC)~~ if the ordinance was adopted on December 30, 1986 by the City of Effingham, or ~~(KK) (CC)~~ if the ordinance was adopted on May 9, 1991 by the Village of Tilton, or ~~(LL) (CC)~~ if the ordinance was adopted on October 20, 1986 by the City of Elmhurst, or ~~(MM) (CC)~~ if the ordinance was adopted on January 19, 1988 by the City of Waukegan, or ~~(NN) (DD)~~ if the ordinance was adopted on September 21, 1998 by the City of Waukegan, or (OO) if the ordinance was adopted on February 2, 1998 by the Village of Woodhull and, for redevelopment project areas for which bonds were issued before July 29, 1991, in connection with a redevelopment project in the area within the State Sales Tax Boundary and which were extended by municipal ordinance under subsection (n) of Section 11-74.4-3, the last maturity of the refunding obligations shall not be expressed to mature later than the date on which the redevelopment project area is terminated or December 31, 2013, whichever date occurs first.

### SENATE BILLS ON SECOND READING

SENATE BILL 1442. Having been read by title a second time on May 27, 2005, and held on the order of Second Reading, the same was again taken up.

Representative Hoffman offered the following amendment and moved its adoption.

AMENDMENT NO. 2. Amend Senate Bill 1442, AS AMENDED, by replacing everything after the enacting clause with the following:

"Section 5. The State Employees Group Insurance Act of 1971 is amended by changing Section 8 as follows:

(5 ILCS 375/8) (from Ch. 127, par. 528)

Sec. 8. Eligibility.

(a) Each member eligible under the provisions of this Act and any rules and regulations promulgated and adopted hereunder by the Director shall become immediately eligible and covered for all benefits available under the programs. Members electing coverage for eligible dependents shall have the coverage effective immediately, provided that the election is properly filed in accordance with required filing dates and procedures specified by the Director.

(1) Every member originally eligible to elect dependent coverage, but not electing it during the original eligibility period, may subsequently obtain dependent coverage only in the event of a qualifying change in status, special enrollment, special circumstance as defined by the Director, or during the annual Benefit Choice Period.

(2) Members described above being transferred from previous coverage towards which the State has been contributing shall be transferred regardless of preexisting conditions, waiting periods, or other requirements that might jeopardize claim payments to which they would otherwise have been entitled.

(3) Eligible and covered members that are eligible for coverage as dependents except for the fact of being members shall be transferred to, and covered under, dependent status regardless of preexisting conditions, waiting periods, or other requirements that might jeopardize claim payments to which they would otherwise have been entitled upon cessation of member status and the election of dependent coverage by a member eligible to elect that coverage.

(b) New employees shall be immediately insured for the basic group life insurance and covered by the program of health benefits on the first day of active State service. Optional coverages or benefits, if elected during the relevant eligibility period, will become effective on the date of employment. Optional coverages

or benefits applied for after the eligibility period will be effective, subject to satisfactory evidence of insurability when applicable, or other necessary qualifications, pursuant to the requirements of the applicable benefit program, unless there is a change in status that would confer new eligibility for change of enrollment under rules established supplementing this Act, in which event application must be made within the new eligibility period.

(c) As to the group health benefits program contracted to begin or continue after June 30, 1973, each retired employee shall become immediately eligible and covered for all benefits available under that program. Retired employees may elect coverage for eligible dependents and shall have the coverage effective immediately, provided that the election is properly filed in accordance with required filing dates and procedures specified by the Director.

Except as otherwise provided in this Act, where husband and wife are both eligible members, each shall be enrolled as a member and coverage on their eligible dependent children, if any, may be under the enrollment and election of either.

Regardless of other provisions herein regarding late enrollment or other qualifications, as appropriate, the Director may periodically authorize open enrollment periods for each of the benefit programs at which time each member may elect enrollment or change of enrollment without regard to age, sex, health, or other qualification under the conditions as may be prescribed in rules and regulations supplementing this Act. Special open enrollment periods may be declared by the Director for certain members only when special circumstances occur that affect only those members.

(d) Beginning with fiscal year 2003 and for all subsequent years, eligible members may elect not to participate in the program of health benefits as defined in this Act. The election must be made during the annual benefit choice period, subject to the conditions in this subsection.

(1) Members must furnish proof of health benefit coverage, either comprehensive major medical coverage or comprehensive managed care plan, from a source other than the Department of Central Management Services in order to elect not to participate in the program.

(2) Members may re-enroll in the Department of Central Management Services program of health benefits upon showing a qualifying change in status, as defined in the U.S. Internal Revenue Code, without evidence of insurability and with no limitations on coverage for pre-existing conditions, provided that there was not a break in coverage of more than 63 days.

(3) Members may also re-enroll in the program of health benefits during any annual benefit choice period, without evidence of insurability.

(4) Members who elect not to participate in the program of health benefits shall be furnished a written explanation of the requirements and limitations for the election not to participate in the program and for re-enrolling in the program. The explanation shall also be included in the annual benefit choice options booklets furnished to members.

(d-5) Beginning July 1, 2005, the Director may establish a program of financial incentives to encourage annuitants receiving a retirement annuity from the State Employees Retirement System, but who are not eligible for benefits under the federal Medicare health insurance program (Title XVIII of the Social Security Act, as added by Public Law 89-97) to elect not to participate in the program of health benefits provided under this Act. The election by an annuitant not to participate under this program must be made in accordance with the requirements set forth under subsection (d). The financial incentives provided to these annuitants under the program may not exceed \$150 per month for each annuitant electing not to participate in the program of health benefits provided under this Act.

(e) Notwithstanding any other provision of this Act or the rules adopted under this Act, if a person participating in the program of health benefits as the dependent spouse of an eligible member becomes an annuitant, the person may elect, at the time of becoming an annuitant or during any subsequent annual benefit choice period, to continue participation as a dependent rather than as an eligible member for as long as the person continues to be an eligible dependent.

An eligible member who has elected to participate as a dependent may re-enroll in the program of health benefits as an eligible member (i) during any subsequent annual benefit choice period or (ii) upon showing a qualifying change in status, as defined in the U.S. Internal Revenue Code, without evidence of insurability and with no limitations on coverage for pre-existing conditions.

A person who elects to participate in the program of health benefits as a dependent rather than as an eligible member shall be furnished a written explanation of the consequences of electing to participate as a dependent and the conditions and procedures for re-enrolling as an eligible member. The explanation shall also be included in the annual benefit choice options booklet furnished to members.
