Floor Amendments numbered 1 and 2 remained in the Committee on Rules.

Representative May offered the following amendment and moved its adoption.

AMENDMENT NO. 3. Amend House Bill 4999 by replacing everything after the enacting clause with the following:

"Section 1. Short title. This Act may be cited as the Fair Patient Billing Act.

Section 5. Purpose; findings.

(a) The purpose of this Act is to advance the prompt and accurate payment of health care services through fair and reasonable billing and collection practices of hospitals.

(b) The General Assembly finds that:

(1) Medical debts are the cause of an increasing number of bankruptcies in Illinois and are typically associated with severe financial hardship incurred by bankrupt persons and their families.

(2) Patients, hospitals, and government bodies alike will benefit from clearly articulated standards regarding fair billing and collection practices for all Illinois hospitals.

(3) Hospitals should employ responsible standards when collecting debt from their patients.

(4) Patients should be provided sufficient billing information from hospitals to determine the accuracy of the bills for which they may be financially responsible.

(5) Patients should be given a fair and reasonable opportunity to discuss and assess the accuracy of their bill.

(6) Patients should be provided information regarding the hospital's policies regarding financial assistance options the hospital may offer to qualified patients.

(7) Hospitals should offer patients the opportunity to enter into a reasonable payment plan for their hospital care.

(8) Patients have an obligation to pay for the hospital services they receive.

Section 10. Definitions. As used in this Act:

"Collection action" means any referral of a bill to a collection agency or law firm to collect payment for services from a patient or a patient's guarantor for hospital services.

"Health care plan" means a health insurance company, health maintenance organization, preferred provider arrangement, or third party administrator authorized in this State to issue policies or subscriber contracts or administer those policies and contracts that reimburse for inpatient and outpatient services

provided in a hospital. Health care plan, however, does not include any government-funded program such as Medicare or Medicaid, workers' compensation, and accident liability insurers.

"Insured patient" means a patient who is insured by a health care plan.

"Patient" means the individual receiving services from the hospital and any individual who is the guarantor of the payment for such services.

"Reasonable payment plan" means a plan to pay a hospital bill that is offered to the patient or the patient's legal representative and takes into account the patient's available income and assets, the amount owed, and any prior payments.

"Uninsured patient" means a patient who is not insured by a health care plan and is not a beneficiary under a government-funded program, workers' compensation, or accident liability insurance.

Section 15. Patient notification.

(a) Each hospital shall post a sign with the following notice:

"You may be eligible for financial assistance under the terms and conditions the hospital offers to qualified patients. For more information contact [hospital financial assistance representative]".

(b) The sign under subsection (a) shall be posted conspicuously in the admission and registration areas of the hospital.

(c) The sign shall be in English, and in any other language that is the primary language of at least 5% of the patients served by the hospital annually.

(d) Each hospital that has a website must post a notice in a prominent place on its website that financial assistance is available at the hospital, a description of the financial assistance application process, and a copy of the financial assistance application.

(e) Each hospital must make available information regarding financial assistance from the hospital in the form of either a brochure, an application for financial assistance, or other written material in the hospital admission or registration area.

Section 20. Bill information. If a hospital bills a patient for health care services, the hospital shall provide with its bill the following information:

(1) the date or dates that health care services were provided to the patient;

(2) a brief description of the hospital services;

(3) the amount owed for hospital services;

(4) hospital contact information for addressing billing inquiries;

(5) a statement regarding how an uninsured patient may apply for consideration under the hospital's financial assistance policy on or with each hospital bill sent to an uninsured patient; and

(6) notice that the patient may obtain an itemized bill upon request.

If a hospital bills a patient, then the hospital must provide an itemized statement of charges for the inpatient and outpatient services rendered by the hospital upon receiving a request from the patient.

Section 25. Bill inquiries.

(a) A hospital must implement a process for patients to inquire about or dispute a bill. Such process must include a telephone number for billing inquiries and disputes and may include any of the following options:

(1) a toll-free telephone number that the patient may call;

(2) an address to which he or she may write;

(3) a department or identified individual within the hospital he or she may call or write, with appropriate contact information; or

(4) a website or e-mail address.

(b) All hospital bills and collection notices must provide a telephone number allowing the patient to inquire about or dispute a bill.

(c) The hospital must return calls made by patients as promptly as possible, but no later than 2 business days after the call is made. If the hospital's billing inquiry process involves correspondence from the patient, the hospital must respond within 10 business days of receipt of the patient correspondence. For purposes of this Section, "business day" means a day on which the hospital's billing office is open for regular business.

Section 30. Pursuing collection action.

(a) Hospitals and their agents may pursue collection action against an uninsured patient only if the

following conditions are met:

- (1) The hospital has given the uninsured patient the opportunity to:
  - (A) assess the accuracy of the bill;
  - (B) apply for financial assistance under the hospital's financial assistance policy; and
  - (C) avail themselves of a reasonable payment plan.

(2) If the uninsured patient has indicated an inability to pay the full amount of the debt in one payment, the hospital has offered the patient a reasonable payment plan. The hospital may require the uninsured patient to provide reasonable verification of his or her inability to pay the full amount of the debt in one payment.

(3) To the extent the hospital provides financial assistance and the circumstances of the uninsured patient suggest the potential for eligibility for charity care, the uninsured patient has been given at least 60 days following the date of discharge or receipt of outpatient care to submit an application for financial assistance.

(4) If the uninsured patient has agreed to a reasonable payment plan with the hospital, and the patient has failed to make payments in accordance with that reasonable payment plan.

(5) If the uninsured patient informs the hospital that he or she has applied for health care coverage under Medicaid, Kidcare, or other government-sponsored health care program (and there is a reasonable basis to believe that the patient will qualify for such program) but the patient's application is denied.

(b) A hospital may not refer a bill, or portion thereof, to a collection agency or attorney for collection action against the insured patient, without first offering the patient the opportunity to request a reasonable payment plan for the amount personally owed by the patient. Such an opportunity shall be made available for the 30 days following the date of the initial bill. If the insured patient requests a reasonable payment plan, but fails to agree to a plan within 30 days of the request, the hospital may proceed with collection action against the patient.

(c) No collection agency, law firm, or individual may initiate legal action for non-payment of a hospital bill against a patient without the written approval of an authorized hospital employee who reasonably believes that the conditions for pursuing collection action under this Section have been met.

(d) Nothing in this Section prohibits a hospital from engaging an outside third party agency, firm, or individual to manage the process of implementing the hospital's financial assistance and reasonable payment plan programs and policies so long as such agency, firm, or individual is contractually bound to comply with the terms of this Act.

Section 35. Collection limitations. The hospital shall not pursue legal action for non-payment of a hospital bill against uninsured patients who have clearly demonstrated that they have neither sufficient income nor assets to meet their financial obligations provided the patient has complied with Section 45 of this Act.

Section 40. Hospital agents. The hospital must ensure that any external collection agency, law firm, or individual engaged by the hospital to obtain payment of outstanding bills for hospital services agrees in writing to comply with the collections provisions of this Act.

Section 45. Patient responsibilities.

(a) To receive the protection and benefits of this Act, a patient responsible for paying a hospital bill must act reasonably and cooperate in good faith with the hospital by providing the hospital with all of the reasonably requested financial and other relevant information and documentation needed to determine the patient's eligibility under the hospital's financial assistance policy and reasonable payment plan options to qualified patients within 30 days of a request for such information.

(b) To receive the protection and benefits of this Act, a patient responsible for paying a hospital bill shall communicate to the hospital any material change in the patient's financial situation that may affect the patient's ability to abide by the provisions of an agreed upon reasonable payment plan or qualification for financial assistance within 30 days of the change.

Section 50. Notification concerning out-of-network providers. During the admission or as soon as practicable thereafter, the hospital must provide an insured patient with written notice that:

- (1) the patient may receive separate bills for services provided by health care professionals affiliated with the hospital;
- (2) if applicable, some hospital staff members may not be participating providers in the same insurance plans and networks as the hospital;

(3) if applicable, the patient may have a greater financial responsibility for services provided by health care professionals at the hospital who are not under contract with the patient's health care plan; and

(4) questions about coverage or benefit levels should be directed to the patient's health care plan and the patient's certificate of coverage.

Section 55. Enforcement.

(a) The Attorney General is responsible for administering and ensuring compliance with this Act, including the development of any rules necessary for the implementation and enforcement of this Act.

(b) The Attorney General shall develop and implement a process for receiving and handling complaints from individuals or hospitals regarding possible violations of this Act.

(c) The Attorney General may conduct any investigation deemed necessary regarding possible violations of this Act by any hospital including, without limitation, the issuance of subpoenas to: (i) require the hospital to file a statement or report or answer interrogatories in writing as to all information relevant to the alleged violations; (ii) examine under oath any person who possesses knowledge or information directly related to the alleged violations; and (iii) examine any record, book, document, account, or paper necessary to investigate the alleged violation.

(a) An amount to be determined by the board, equal to the sum of:

1. The total amount of money paid to an employee for personal services or official duties as an employee (except those employed as independent contractors) paid out of the general fund, or out of any special funds controlled by the municipality, or by any instrumentality thereof, or participating instrumentality, including compensation, fees, allowances, or other emolument paid for official duties (but not including automobile maintenance, travel expense, or reimbursements for expenditures incurred in the performance of duties) and, for fee offices, the fees or earnings of the offices to the extent such fees are paid out of funds controlled by the municipality, or instrumentality or participating instrumentality; and

(40 ILCS 5/7-139) (from Ch. 108 1/2, par. 7-139)

Sec. 7-139. Credits and creditable service to employees.

(a) Each participating employee shall be granted credits and creditable service, for purposes of determining the amount of any annuity or benefit to which he or a beneficiary is entitled, as follows:

1. For prior service: Each participating employee who is an employee of a participating municipality or participating instrumentality on the effective date shall be granted creditable service, but no credits under paragraph 2 of this subsection (a), for periods of prior service for which credit has not been received under any other pension fund or retirement system established under this Code, as follows:

If the effective date of participation for the participating municipality or participating instrumentality is on or before January 1, 1998, creditable service shall be granted for the entire period of prior service with that employer without any employee contribution.

If the effective date of participation for the participating municipality or participating instrumentality is after January 1, 1998, creditable service shall be granted for the last 20% of the period of prior service with that employer, but no more than 5 years, without any employee contribution. A participating employee may establish creditable service for the remainder of the period of prior service with that employer by making an application in writing, accompanied by payment of an employee contribution in an amount determined by the Fund, based on the employee contribution rates in effect at the time of application for the creditable service and the employee's salary rate on the effective date of participation for that employer, plus interest at the effective rate from the date of the prior service to the date of payment. Application for this creditable service may be made at any time while the employee is still in service.

A municipality that (i) has at least 35 employees; (ii) is located in a county with at least 2,000,000 inhabitants; and (iii) maintains an independent defined benefit pension plan for the benefit of its eligible employees may restrict creditable service in whole or in part for periods of prior service with the employer if the governing body of the municipality adopts an irrevocable resolution to restrict that creditable service and files the resolution with the board before the municipality's effective date of participation.

Any person who has withdrawn from the service of a participating municipality or participating instrumentality prior to the effective date, who reenters the service of the same municipality or participating instrumentality after the effective date and becomes a participating employee is entitled

to creditable service for prior service as otherwise provided in this subdivision (a)(1) only if he or she renders 2 years of service as a participating employee after the effective date. Application for such service must be made while in a participating status. The salary rate to be used in the calculation of the required employee contribution, if any, shall be the employee's salary rate at the time of first reentering service with the employer after the employer's effective date of participation.

2. For current service, each participating employee shall be credited with:

a. Additional credits of amounts equal to each payment of additional contributions received from him under Section 7-173, as of the date the corresponding payment of earnings is payable to him.

b. Normal credits of amounts equal to each payment of normal contributions received from him, as of the date the corresponding payment of earnings is payable to him, and normal contributions made for the purpose of establishing out-of-state service credits as permitted under the conditions set forth in paragraph 6 of this subsection (a).

c. Municipality credits in an amount equal to 1.4 times the normal credits, except those established by out-of-state service credits, as of the date of computation of any benefit if these credits would increase the benefit.

d. Survivor credits equal to each payment of survivor contributions received from the participating employee as of the date the corresponding payment of earnings is payable, and survivor contributions made for the purpose of establishing out-of-state service credits.

3. For periods of temporary and total and permanent disability benefits, each employee receiving disability benefits shall be granted creditable service for the period during which disability benefits are payable. Normal and survivor credits, based upon the rate of earnings applied for disability benefits, shall also be granted if such credits would result in a higher benefit to any such employee or his beneficiary.

4. For authorized leave of absence without pay: A participating employee shall be granted credits and creditable service for periods of authorized leave of absence without pay under the following conditions:

a. An application for credits and creditable service is submitted to the board while the employee is in a status of active employment, ~~and within 2 years after termination of the leave of absence period for which credits and creditable service are sought.~~

b. Not more than 12 complete months of creditable service for authorized leave of absence without pay shall be counted for purposes of determining any benefits payable under this Article.

c. Credits and creditable service shall be granted for leave of absence only if such leave is approved by the governing body of the municipality, including approval of the estimated cost thereof to the municipality as determined by the fund, and employee contributions, plus interest at the effective rate applicable for each year from the end of the period of leave to date of payment, have been paid to the fund in accordance with Section 7-173. The contributions shall be computed upon the assumption earnings continued during the period of leave at the rate in effect when the leave began.

d. Benefits under the provisions of Sections 7-141, 7-146, 7-150 and 7-163 shall become payable to employees on authorized leave of absence, or their designated beneficiary, only if such leave of absence is creditable hereunder, and if the employee has at least one year of creditable service other than the service granted for leave of absence. Any employee contributions due may be deducted from any benefits payable.

e. No credits or creditable service shall be allowed for leave of absence without pay during any period of prior service.

5. For military service: The governing body of a municipality or participating instrumentality may elect to allow creditable service to participating employees who leave their employment to serve in the armed forces of the United States for all periods of such service, provided that the person returns to active employment within 90 days after completion of full time active duty, but no creditable service shall be allowed such person for any period that can be used in the computation of a pension or any other pay or benefit, other than pay for active duty, for service in any branch of the armed forces of the United States. If necessary to the computation of any benefit, the board shall establish municipality credits for participating employees under this paragraph on the assumption that the employee received earnings at the rate received at the time he left the employment to enter the armed forces. A participating employee in the armed forces shall not be considered an employee during such period of service and no additional death and no disability benefits are payable for death or disability

during such period.

Any participating employee who left his employment with a municipality or participating instrumentality to serve in the armed forces of the United States and who again became a participating employee within 90 days after completion of full time active duty by entering the service of a different municipality or participating instrumentality, which has elected to allow creditable service for periods of military service under the preceding paragraph, shall also be allowed creditable service for his period of military service on the same terms that would apply if he had been employed, before entering military service, by the municipality or instrumentality which employed him after he left the military service and the employer costs arising in relation to such grant of creditable service shall be charged to and paid by that municipality or instrumentality.

Notwithstanding the foregoing, any participating employee shall be entitled to creditable service as required by any federal law relating to re-employment rights of persons who served in the United States Armed Services. Such creditable service shall be granted upon payment by the member of an amount equal to the employee contributions which would have been required had the employee continued in service at the same rate of earnings during the military leave period, plus interest at the effective rate.

5.1. In addition to any creditable service established under paragraph 5 of this subsection (a), creditable service may be granted for up to 24 months of service in the armed forces of the United States.

In order to receive creditable service for military service under this paragraph 5.1, a participating employee must (1) apply to the Fund in writing and provide evidence of the military service that is satisfactory to the Board; (2) obtain the written approval of the current employer; and (3) make contributions to the Fund equal to (i) the employee contributions that would have been required had the service been rendered as a member, plus (ii) an amount determined by the board to be equal to the employer's normal cost of the benefits accrued for that military service, plus (iii) interest on items (i) and (ii) from the date of first membership in the Fund to the date of payment. If payment is made during the 6-month period that begins 3 months after the effective date of this amendatory Act of 1997, the required interest shall be at the rate of 2.5% per year, compounded annually; otherwise, the required interest shall be calculated at the regular interest rate.

6. For out-of-state service: Creditable service shall be granted for service rendered to an out-of-state local governmental body under the following conditions: The employee had participated and has irrevocably forfeited all rights to benefits in the out-of-state public employees pension system; the governing body of his participating municipality or instrumentality authorizes the employee to establish such service; the employee has 2 years current service with this municipality or participating instrumentality; the employee makes a payment of contributions, which shall be computed at 8% (normal) plus 2% (survivor) times length of service purchased times the average rate of earnings for the first 2 years of service with the municipality or participating instrumentality whose governing body authorizes the service established plus interest at the effective rate on the date such credits are established, payable from the date the employee completes the required 2 years of current service to date of payment. In no case shall more than 120 months of creditable service be granted under this provision.

7. For retroactive service: Any employee who could have but did not elect to become a participating employee, or who should have been a participant in the Municipal Public Utilities Annuity and Benefit Fund before that fund was superseded, may receive creditable service for the period of service not to exceed 50 months; however, a current or former elected or appointed official of a participating municipality may establish credit under this paragraph 7 for more than 50 months of service as an official of that municipality, if the excess over 50 months is approved by resolution of the governing body of the affected municipality filed with the Fund before January 1, 2002.

Any employee who is a participating employee on or after September 24, 1981 and who was excluded from participation by the age restrictions removed by Public Act 82-596 may receive creditable service for the period, on or after January 1, 1979, excluded by the age restriction and, in addition, if the governing body of the participating municipality or participating instrumentality elects to allow creditable service for all employees excluded by the age restriction prior to January 1, 1979, for service during the period prior to that date excluded by the age restriction. Any employee who was excluded from participation by the age restriction removed by Public Act 82-596 and who is not a participating employee on or after September 24, 1981 may receive creditable service for service after January 1, 1979. Creditable service under this paragraph shall be granted upon payment of the employee contributions which would have been required had he participated, with interest at the effective rate for

each year from the end of the period of service established to date of payment.

8. For accumulated unused sick leave: A participating employee who is applying for a retirement annuity shall be entitled to creditable service for that portion of the employee's accumulated unused sick leave for which payment is not received, as follows:

a. Sick leave days shall be limited to those accumulated under a sick leave plan established by a participating municipality or participating instrumentality which is available to all employees or a class of employees.

b. Only sick leave days accumulated with a participating municipality or participating instrumentality with which the employee was in service within 60 days of the effective date of his retirement annuity shall be credited; If the employee was in service with more than one employer during this period only the sick leave days with the employer with which the employee has the greatest number of unpaid sick leave days shall be considered.

c. The creditable service granted shall be considered solely for the purpose of computing the amount of the retirement annuity and shall not be used to establish any minimum service period required by any provision of the Illinois Pension Code, the effective date of the retirement annuity, or the final rate of earnings.

d. The creditable service shall be at the rate of 1/20 of a month for each full sick day, provided that no more than 12 months may be credited under this subdivision 8.

e. Employee contributions shall not be required for creditable service under this subdivision 8.

f. Each participating municipality and participating instrumentality with which an employee has service within 60 days of the effective date of his retirement annuity shall certify to the board the number of accumulated unpaid sick leave days credited to the employee at the time of termination of service.

9. For service transferred from another system: Credits and creditable service shall be granted for service under Article 3, 4, 5, 14 or 16 of this Act, to any active member of this Fund, and to any inactive member who has been a county sheriff, upon transfer of such credits pursuant to Section 3-110.3, 4-108.3, 5-235, 14-105.6 or 16-131.4, and payment by the member of the amount by which (1) the employer and employee contributions that would have been required if he had participated in this Fund as a sheriff's law enforcement employee during the period for which credit is being transferred, plus interest thereon at the effective rate for each year, compounded annually, from the date of termination of the service for which credit is being transferred to the date of payment, exceeds (2) the amount actually transferred to the Fund. Such transferred service shall be deemed to be service as a sheriff's law enforcement employee for the purposes of Section 7-142.1.

10. For service transferred from an Article 3 system under Section 3-110.8: Credits and creditable service shall be granted for service under Article 3 of this Act as provided in Section 3-110.8, to any active member of this Fund upon transfer of such credits pursuant to Section 3-110.8. If the amount by which (1) the employer and employee contributions that would have been required if he had participated in this Fund during the period for which credit is being transferred, plus interest thereon at the effective rate for each year, compounded annually, from the date of termination of the service for which credit is being transferred to the date of payment, exceeds (2) the amount actually transferred to the Fund, then the amount of creditable service established under this paragraph 10 shall be reduced by a corresponding amount in accordance with the rules and procedures established under this paragraph 10.

The board shall establish by rule the manner of making the calculation required under this paragraph 10, taking into account the appropriate actuarial assumptions; the member's service, age, and salary history; the level of funding of the employer; and any other factors that the board determines to be relevant.

(b) Creditable service - amount:

1. One month of creditable service shall be allowed for each month for which a participating employee made contributions as required under Section 7-173, or for which creditable service is otherwise granted hereunder. Not more than 1 month of service shall be credited and counted for 1 calendar month, and not more than 1 year of service shall be credited and counted for any calendar year. A calendar month means a nominal month beginning on the first day thereof, and a calendar year means a year beginning January 1 and ending December 31.

2. A seasonal employee shall be given 12 months of creditable service if he renders the number of months of service normally required by the position in a 12-month period and he remains in service for the entire 12-month period. Otherwise a fractional year of service in the number of months of

service rendered shall be credited.

3. An intermittent employee shall be given creditable service for only those months in which a contribution is made under Section 7-173.

(c) No application for correction of credits or creditable service shall be considered unless the board receives an application for correction while (1) the applicant is a participating employee and in active employment with a participating municipality or instrumentality, or (2) while the applicant is actively participating in a pension fund or retirement system which is a participating system under the Retirement Systems Reciprocal Act. A participating employee or other applicant shall not be entitled to credits or creditable service unless the required employee contributions are made in a lump sum or in installments made in accordance with board rule.

(d) Upon the granting of a retirement, surviving spouse or child annuity, a death benefit or a separation benefit, on account of any employee, all individual accumulated credits shall thereupon terminate. Upon the withdrawal of additional contributions, the credits applicable thereto shall thereupon terminate. Terminated credits shall not be applied to increase the benefits any remaining employee would otherwise receive under this Article.

Sec. 7-145.1. Alternative annuity for county officers.

(a) The benefits provided in this Section and Section 7-145.2 are available only if (1) the county board has filed with the Board of the Fund a resolution or ordinance expressly consenting to the availability of these benefits for its elected county officers and (2) the elected county officer has elected to establish alternative credit under this Section before the effective date of this amendatory Act of the 94th General Assembly. The county board's consent is irrevocable with respect to persons participating in the program, but may be revoked at any time with respect to persons who have not paid an additional optional contribution under this Section before the date of revocation.

An elected county officer may elect to establish alternative credits for an alternative annuity by electing in writing before the effective date of this amendatory Act of the 94th General Assembly to make additional optional contributions in accordance with this Section and procedures established by the board. These alternative credits are available only for periods of service as an elected county officer. The elected county officer may discontinue making the additional optional contributions by notifying the Fund in writing in accordance with this Section and procedures established by the board.

Additional optional contributions for the alternative annuity shall be as follows:

(1) For service as an elected county officer after the option is elected, an additional contribution of 3% of salary shall be contributed to the Fund on the same basis and under the same conditions as contributions required under Section 7-173.

(2) For service as an elected county officer before the option is elected, an additional contribution of 3% of the salary for the applicable period of service, plus interest at the effective rate from the date of service to the date of payment, plus any additional amount required by the county board under paragraph (3). All payments for past service must be paid in full before credit is given.

(3) With respect to service as an elected county officer before the option is elected, if payment is made after the county board has filed with the Board of the Fund a resolution or ordinance requiring an additional contribution under this paragraph, then the contribution required under paragraph (2) shall include an amount to be determined by the Fund, equal to the actuarial present value of the additional employer cost that would otherwise result from the alternative credits being established for that service. A county board's resolution or ordinance requiring additional contributions under this paragraph (3) is irrevocable.

No additional optional contributions may be made for any period of service for which credit has been previously forfeited by acceptance of a refund, unless the refund is repaid in full with interest at the effective rate from the date of refund to the date of repayment.

(b) In lieu of the retirement annuity otherwise payable under this Article, an elected county officer who (1) has elected to participate in the Fund and make additional optional contributions in accordance with this Section, (2) has held and made additional optional contributions with respect to the same elected county office for at least 8 years, and (3) has attained age 55 with at least 8 years of service credit (or has attained age 50 with at least 20 years of service as a sheriff's law enforcement employee) may elect to have his retirement annuity computed as follows: 3% of the participant's salary for each of the first 8 years of service credit, plus 4% of that salary for each of the next 4 years of service credit, plus 5% of that salary for

each year of service credit in excess of 12 years, subject to a maximum of 80% of that salary.

This formula applies only to service in an elected county office that the officer held for at least 8 years, and only to service for which additional optional contributions have been paid under this Section. If an elected county officer qualifies to have this formula applied to service in more than one elected county office, the qualifying service shall be accumulated for purposes of determining the applicable accrual percentages, but the salary used for each office shall be the separate salary calculated for that office, as defined in subsection (g).

To the extent that the elected county officer has service credit that does not qualify for this formula, his retirement annuity will first be determined in accordance with this formula with respect to the service to which this formula applies, and then in accordance with the remaining Sections of this Article with respect to the service to which this formula does not apply.

(c) In lieu of the disability benefits otherwise payable under this Article, an elected county officer who (1) has elected to participate in the Fund, and (2) has become permanently disabled and as a consequence is unable to perform the duties of his office, and (3) was making optional contributions in accordance with this Section at the time the disability was incurred, may elect to receive a disability annuity calculated in accordance with the formula in subsection (b). For the purposes of this subsection, an elected county officer shall be considered permanently disabled only if: (i) disability occurs while in service as an elected county officer and is of such a nature as to prevent him from reasonably performing the duties of his office at the time; and (ii) the board has received a written certification by at least 2 licensed physicians appointed by it stating that the officer is disabled and that the disability is likely to be permanent.

(d) Refunds of additional optional contributions shall be made on the same basis and under the same conditions as provided under Section 7-166, 7-167 and 7-168. Interest shall be credited at the effective rate on the same basis and under the same conditions as for other contributions.

If an elected county officer fails to hold that same elected county office for at least 8 years, he or she shall be entitled after leaving office to receive a refund of the additional optional contributions made with respect to that office, plus interest at the effective rate.

(e) The plan of optional alternative benefits and contributions shall be available to persons who are elected county officers and active contributors to the Fund on or after November 15, 1994 and have elected to establish alternative credit before the effective date of this amendatory Act of the 94th General Assembly. A person who was an elected county officer and an active contributor to the Fund on November 15, 1994 but is no longer an active contributor may apply to make additional optional contributions under this Section at any time within 90 days after the effective date of this amendatory Act of 1997; if the person is an annuitant, the resulting increase in annuity shall begin to accrue on the first day of the month following the month in which the required payment is received by the Fund.

(f) For the purposes of this Section and Section 7-145.2, the terms "elected county officer" and "elected county office" include, but are not limited to: (1) the county clerk, recorder, treasurer, coroner, assessor (if elected), auditor, sheriff, and State's Attorney; members of the county board; and the clerk of the circuit court; and (2) a person who has been appointed to fill a vacancy in an office that is normally filled by election on a countywide basis, for the duration of his or her service in that office. The terms "elected county officer" and "elected county office" do not include any officer or office of a county that has not consented to the availability of benefits under this Section and Section 7-145.2.

(g) For the purposes of this Section and Section 7-145.2, the term "salary" means the final rate of earnings for the elected county office held, calculated in a manner consistent with Section 7-116, but for that office only. If an elected county officer qualifies to have the formula in subsection (b) applied to service in more than one elected county office, a separate salary shall be calculated and applied with respect to each such office.

(h) The changes to this Section made by this amendatory Act of the 91st General Assembly apply to persons who first make an additional optional contribution under this Section on or after the effective date of this amendatory Act.

Sec. 7-171. Finance; taxes.

(a) Each municipality other than a school district shall appropriate an amount sufficient to provide for the current municipality contributions required by Section 7-172 of this Article, for the fiscal year for which the appropriation is made and all amounts due for municipal contributions for previous years. Those municipalities which have been assessed an annual amount to amortize its unfunded obligation, as provided in subparagraph 4 § of paragraph (a) of Section 7-172 of this Article, shall include in the appropriation an amount sufficient to pay the amount assessed. The appropriation shall be based upon an estimate of assets available for municipality contributions and liabilities therefor for the fiscal year for which appropriations are to be made, including funds available from levies for this purpose in prior years.

(b) For the purpose of providing monies for municipality contributions, beginning for the year in which a municipality is included in this fund:

(1) A municipality other than a school district may levy a tax which shall not exceed the amount appropriated for municipality contributions.

(2) A school district may levy a tax in an amount reasonably calculated at the time of the levy to provide for the municipality contributions required under Section 7-172 of this Article for the fiscal years for which revenues from the levy will be received and all amounts due for municipal contributions for previous years. Any levy adopted before the effective date of this amendatory Act of 1995 by a school district shall be considered valid and authorized to the extent that the amount was reasonably calculated at the time of the levy to provide for the municipality contributions required under Section 7-172 for the fiscal years for which revenues from the levy will be received and all amounts due for municipal contributions for previous years. In no event shall a budget adopted by a school district limit a levy of that school district adopted under this Section.

(c) Any county which is served by a regional office of education that serves 2 or more counties may include in its appropriation an amount sufficient to provide its proportionate share of the municipality contributions for that regional office of education. The tax levy authorized by this Section may include an amount necessary to provide monies for this contribution.

(d) Any county that is a part of a multiple-county health department or consolidated health department which is formed under "An Act in relation to the establishment and maintenance of county and multiple-county public health departments", approved July 9, 1943, as amended, and which is a participating instrumentality may include in the county's appropriation an amount sufficient to provide its proportionate share of municipality contributions of the department. The tax levy authorized by this Section may include the amount necessary to provide monies for this contribution.

(d-5) A school district participating in a special education joint agreement created under Section 10-22.31 of the School Code that is a participating instrumentality may include in the school district's tax levy under this Section an amount sufficient to provide its proportionate share of the municipality contributions for current and prior service by employees of the participating instrumentality created under

the joint agreement.

(e) Such tax shall be levied and collected in like manner, with the general taxes of the municipality and shall be in addition to all other taxes which the municipality is now or may hereafter be authorized to levy upon all taxable property therein, and shall be exclusive of and in addition to the amount of tax levied for general purposes under Section 8-3-1 of the "Illinois Municipal Code", approved May 29, 1961, as amended, or under any other law or laws which may limit the amount of tax which the municipality may levy for general purposes. The tax may be levied by the governing body of the municipality without being authorized as being additional to all other taxes by a vote of the people of the municipality.

(f) The county clerk of the county in which any such municipality is located, in reducing tax levies shall not consider any such tax as a part of the general tax levy for municipality purposes, and shall not include the same in the limitation of any other tax rate which may be extended.

(g) The amount of the tax to be levied in any year shall, within the limits herein prescribed, be determined by the governing body of the respective municipality.

(h) The revenue derived from any such tax levy shall be used only for the purposes specified in this Article and, as collected, shall be paid to the treasurer of the municipality levying the tax. Monies received by a county treasurer for use in making contributions to a regional office of education for its municipality contributions shall be held by him for that purpose and paid to the regional office of education in the same manner as other monies appropriated for the expense of the regional office.

(Text of Section before amendment by P.A. 94-712)

Sec. 7-172. Contributions by participating municipalities and participating instrumentalities.

(a) Each participating municipality and each participating instrumentality shall make payment to the fund as follows:

1. municipality contributions in an amount determined by applying the municipality contribution rate to each payment of earnings paid to each of its participating employees;
2. an amount equal to the employee contributions provided by paragraphs (a) and (b) of Section 7-173, whether or not the employee contributions are withheld as permitted by that Section;
3. all accounts receivable, together with interest charged thereon, as provided in Section 7-209;
4. if it has no participating employees with current earnings, an amount payable which, over a period of 20 years ~~beginning with the year following an award of benefit~~, will amortize, at the effective rate for that year any unfunded obligation. The unfunded obligation shall be computed as provided in paragraph 2 of subsection (b) , any negative balance in its municipality reserve resulting from the award. This amount when established will be payable as a separate contribution whether or not it later has participating employees ; -
5. if it has fewer than 7 participating employees or has a negative balance in its municipality reserve, the greater of (A) an amount payable which, over a period of 20 years, will amortize at the effective rate for that year any unfunded obligation, computed as provided in paragraph 2 of subsection (b) or (B) the amount required by paragraph 1 of this subsection.

(b) A separate municipality contribution rate shall be determined for each calendar year for all participating municipalities together with all instrumentalities thereof. The municipality contribution rate shall be determined for participating instrumentalities as if they were participating municipalities. The municipality contribution rate shall be the sum of the following percentages:

1. The percentage of earnings of all the participating employees of all participating municipalities and participating instrumentalities which, if paid over the entire period of their service, will be sufficient when combined with all employee contributions available for the payment of benefits, to provide all annuities for participating employees, and the \$3,000 death benefit payable under Sections 7-158 and 7-164, such percentage to be known as the normal cost rate.

2. The percentage of earnings of the participating employees of each participating municipality and participating instrumentalities necessary to adjust for the difference between the present value of all benefits, excluding temporary and total and permanent disability and death benefits, to be provided for its participating employees and the sum of its accumulated municipality contributions and the accumulated employee contributions and the present value of expected future employee and municipality contributions pursuant to subparagraph 1 of this paragraph (b). This adjustment shall be spread over the remainder of the period that is allowable under generally accepted accounting principles.

3. The percentage of earnings of the participating employees of all municipalities and

participating instrumentalities necessary to provide the present value of all temporary and total and permanent disability benefits granted during the most recent year for which information is available.

4. The percentage of earnings of the participating employees of all participating municipalities and participating instrumentalities necessary to provide the present value of the net single sum death benefits expected to become payable from the reserve established under Section 7-206 during the year for which this rate is fixed.

5. The percentage of earnings necessary to meet any deficiency arising in the Terminated Municipality Reserve.

(c) A separate municipality contribution rate shall be computed for each participating municipality or participating instrumentality for its sheriff's law enforcement employees.

A separate municipality contribution rate shall be computed for the sheriff's law enforcement employees of each forest preserve district that elects to have such employees. For the period from January 1, 1986 to December 31, 1986, such rate shall be the forest preserve district's regular rate plus 2%.

In the event that the Board determines that there is an actuarial deficiency in the account of any municipality with respect to a person who has elected to participate in the Fund under Section 3-109.1 of this Code, the Board may adjust the municipality's contribution rate so as to make up that deficiency over such reasonable period of time as the Board may determine.

(d) The Board may establish a separate municipality contribution rate for all employees who are program participants employed under the federal Comprehensive Employment Training Act by all of the participating municipalities and instrumentalities. The Board may also provide that, in lieu of a separate municipality rate for these employees, a portion of the municipality contributions for such program participants shall be refunded or an extra charge assessed so that the amount of municipality contributions retained or received by the fund for all CETA program participants shall be an amount equal to that which would be provided by the separate municipality contribution rate for all such program participants. Refunds shall be made to prime sponsors of programs upon submission of a claim therefor and extra charges shall be assessed to participating municipalities and instrumentalities. In establishing the municipality contribution rate as provided in paragraph (b) of this Section, the use of a separate municipality contribution rate for program participants or the refund of a portion of the municipality contributions, as the case may be, may be considered.

(e) Computations of municipality contribution rates for the following calendar year shall be made prior to the beginning of each year, from the information available at the time the computations are made, and on the assumption that the employees in each participating municipality or participating instrumentality at such time will continue in service until the end of such calendar year at their respective rates of earnings at such time.

(f) Any municipality which is the recipient of State allocations representing that municipality's contributions for retirement annuity purposes on behalf of its employees as provided in Section 12-21.16 of the Illinois Public Aid Code shall pay the allocations so received to the Board for such purpose. Estimates of State allocations to be received during any taxable year shall be considered in the determination of the municipality's tax rate for that year under Section 7-171. If a special tax is levied under Section 7-171, none of the proceeds may be used to reimburse the municipality for the amount of State allocations received and paid to the Board. Any multiple-county or consolidated health department which receives contributions from a county under Section 11.2 of "An Act in relation to establishment and maintenance of county and multiple-county health departments", approved July 9, 1943, as amended, or distributions under Section 3 of the Department of Public Health Act, shall use these only for municipality contributions by the health department.

(g) Municipality contributions for the several purposes specified shall, for township treasurers and employees in the offices of the township treasurers who meet the qualifying conditions for coverage hereunder, be allocated among the several school districts and parts of school districts serviced by such treasurers and employees in the proportion which the amount of school funds of each district or part of a district handled by the treasurer bears to the total amount of all school funds handled by the treasurer.

From the funds subject to allocation among districts and parts of districts pursuant to the School Code, the trustees shall withhold the proportionate share of the liability for municipality contributions imposed upon such districts by this Section, in respect to such township treasurers and employees and remit the same to the Board.

The municipality contribution rate for an educational service center shall initially be the same rate for each year as the regional office of education or school district which serves as its administrative agent. When actuarial data become available, a separate rate shall be established as provided in subparagraph (i)

of this Section.

The municipality contribution rate for a public agency, other than a vocational education cooperative, formed under the Intergovernmental Cooperation Act shall initially be the average rate for the municipalities which are parties to the intergovernmental agreement. When actuarial data become available, a separate rate shall be established as provided in subparagraph (i) of this Section.

(h) Each participating municipality and participating instrumentality shall make the contributions in the amounts provided in this Section in the manner prescribed from time to time by the Board and all such contributions shall be obligations of the respective participating municipalities and participating instrumentalities to this fund. The failure to deduct any employee contributions shall not relieve the participating municipality or participating instrumentality of its obligation to this fund. Delinquent payments of contributions due under this Section may, with interest, be recovered by civil action against the participating municipalities or participating instrumentalities. Municipality contributions, other than the amount necessary for employee contributions and Social Security contributions, for periods of service by employees from whose earnings no deductions were made for employee contributions to the fund, may be charged to the municipality reserve for the municipality or participating instrumentality.

(i) Contributions by participating instrumentalities shall be determined as provided herein except that the percentage derived under subparagraph 2 of paragraph (b) of this Section, and the amount payable under subparagraph 4 ~~5~~ of paragraph (a) of this Section, shall be based on an amortization period of 10 years.

(k) Each county with current or former elected county officers, as defined in Section 7-145.1, participating in the alternative annuity program established under that Section shall have a separate municipality contribution rate computed for those elected county officers.

Sec. 7-172. Contributions by participating municipalities and participating instrumentalities.

(a) Each participating municipality and each participating instrumentality shall make payment to the fund as follows:

1. municipality contributions in an amount determined by applying the municipality contribution rate to each payment of earnings paid to each of its participating employees;
2. an amount equal to the employee contributions provided by paragraphs (a) and (b) of Section 7-173, whether or not the employee contributions are withheld as permitted by that Section;
3. all accounts receivable, together with interest charged thereon, as provided in Section 7-209;
4. if it has no participating employees with current earnings, an amount payable which, over a period of 20 years ~~beginning with the year following an award of benefit~~, will amortize, at the effective rate for that year any unfunded obligation. The unfunded obligation shall be computed as provided in paragraph 2 of subsection (b) ; any negative balance in its municipality reserve resulting from the award. This amount when established will be payable as a separate contribution whether or not it later has participating employees ; -
5. if it has fewer than 7 participating employees or has a negative balance in its municipality reserve, the greater of (A) an amount payable which, over a period of 20 years, will amortize at the effective rate for that year any unfunded obligation, computed as provided in paragraph 2 of subsection (b) or (B) the amount required by paragraph 1 of this subsection.

(b) A separate municipality contribution rate shall be determined for each calendar year for all participating municipalities together with all instrumentalities thereof. The municipality contribution rate shall be determined for participating instrumentalities as if they were participating municipalities. The municipality contribution rate shall be the sum of the following percentages:

1. The percentage of earnings of all the participating employees of all participating municipalities and participating instrumentalities which, if paid over the entire period of their service, will be sufficient when combined with all employee contributions available for the payment of benefits, to provide all annuities for participating employees, and the \$3,000 death benefit payable under Sections 7-158 and 7-164, such percentage to be known as the normal cost rate.

2. The percentage of earnings of the participating employees of each participating municipality and participating instrumentalities necessary to adjust for the difference between the present value of all benefits, excluding temporary and total and permanent disability and death benefits, to be provided for its participating employees and the sum of its accumulated municipality contributions and the accumulated employee contributions and the present value of expected future employee and municipality contributions pursuant to subparagraph 1 of this paragraph (b). This adjustment shall be

spread over the remainder of the period that is allowable under generally accepted accounting principles.

3. The percentage of earnings of the participating employees of all municipalities and participating instrumentalities necessary to provide the present value of all temporary and total and permanent disability benefits granted during the most recent year for which information is available.

4. The percentage of earnings of the participating employees of all participating municipalities and participating instrumentalities necessary to provide the present value of the net single sum death benefits expected to become payable from the reserve established under Section 7-206 during the year for which this rate is fixed.

5. The percentage of earnings necessary to meet any deficiency arising in the Terminated Municipality Reserve.

(c) A separate municipality contribution rate shall be computed for each participating municipality or participating instrumentality for its sheriff's law enforcement employees.

A separate municipality contribution rate shall be computed for the sheriff's law enforcement employees of each forest preserve district that elects to have such employees. For the period from January 1, 1986 to December 31, 1986, such rate shall be the forest preserve district's regular rate plus 2%.

In the event that the Board determines that there is an actuarial deficiency in the account of any municipality with respect to a person who has elected to participate in the Fund under Section 3-109.1 of this Code, the Board may adjust the municipality's contribution rate so as to make up that deficiency over such reasonable period of time as the Board may determine.

(d) The Board may establish a separate municipality contribution rate for all employees who are program participants employed under the federal Comprehensive Employment Training Act by all of the participating municipalities and instrumentalities. The Board may also provide that, in lieu of a separate municipality rate for these employees, a portion of the municipality contributions for such program participants shall be refunded or an extra charge assessed so that the amount of municipality contributions retained or received by the fund for all CETA program participants shall be an amount equal to that which would be provided by the separate municipality contribution rate for all such program participants. Refunds shall be made to prime sponsors of programs upon submission of a claim therefor and extra charges shall be assessed to participating municipalities and instrumentalities. In establishing the municipality contribution rate as provided in paragraph (b) of this Section, the use of a separate municipality contribution rate for program participants or the refund of a portion of the municipality contributions, as the case may be, may be considered.

(e) Computations of municipality contribution rates for the following calendar year shall be made prior to the beginning of each year, from the information available at the time the computations are made, and on the assumption that the employees in each participating municipality or participating instrumentality at such time will continue in service until the end of such calendar year at their respective rates of earnings at such time.

(f) Any municipality which is the recipient of State allocations representing that municipality's contributions for retirement annuity purposes on behalf of its employees as provided in Section 12-21.16 of the Illinois Public Aid Code shall pay the allocations so received to the Board for such purpose. Estimates of State allocations to be received during any taxable year shall be considered in the determination of the municipality's tax rate for that year under Section 7-171. If a special tax is levied under Section 7-171, none of the proceeds may be used to reimburse the municipality for the amount of State allocations received and paid to the Board. Any multiple-county or consolidated health department which receives contributions from a county under Section 11.2 of "An Act in relation to establishment and maintenance of county and multiple-county health departments", approved July 9, 1943, as amended, or distributions under Section 3 of the Department of Public Health Act, shall use these only for municipality contributions by the health department.

(g) Municipality contributions for the several purposes specified shall, for township treasurers and employees in the offices of the township treasurers who meet the qualifying conditions for coverage hereunder, be allocated among the several school districts and parts of school districts serviced by such treasurers and employees in the proportion which the amount of school funds of each district or part of a district handled by the treasurer bears to the total amount of all school funds handled by the treasurer.

From the funds subject to allocation among districts and parts of districts pursuant to the School Code, the trustees shall withhold the proportionate share of the liability for municipality contributions imposed upon such districts by this Section, in respect to such township treasurers and employees and remit the same to the Board.

The municipality contribution rate for an educational service center shall initially be the same rate for

each year as the regional office of education or school district which serves as its administrative agent. When actuarial data become available, a separate rate shall be established as provided in subparagraph (i) of this Section.

The municipality contribution rate for a public agency, other than a vocational education cooperative, formed under the Intergovernmental Cooperation Act shall initially be the average rate for the municipalities which are parties to the intergovernmental agreement. When actuarial data become available, a separate rate shall be established as provided in subparagraph (i) of this Section.

(h) Each participating municipality and participating instrumentality shall make the contributions in the amounts provided in this Section in the manner prescribed from time to time by the Board and all such contributions shall be obligations of the respective participating municipalities and participating instrumentalities to this fund. The failure to deduct any employee contributions shall not relieve the participating municipality or participating instrumentality of its obligation to this fund. Delinquent payments of contributions due under this Section may, with interest, be recovered by civil action against the participating municipalities or participating instrumentalities. Municipality contributions, other than the amount necessary for employee contributions and Social Security contributions, for periods of service by employees from whose earnings no deductions were made for employee contributions to the fund, may be charged to the municipality reserve for the municipality or participating instrumentality.

(i) Contributions by participating instrumentalities shall be determined as provided herein except that the percentage derived under subparagraph 2 of paragraph (b) of this Section, and the amount payable under subparagraph 4 § of paragraph (a) of this Section, shall be based on an amortization period of 10 years.

(j) Notwithstanding the other provisions of this Section, the additional unfunded liability accruing as a result of this amendatory Act of the 94th General Assembly shall be amortized over a period of 30 years beginning on January 1 of the second calendar year following the calendar year in which this amendatory Act takes effect, except that the employer may provide for a longer amortization period by adopting a resolution or ordinance specifying a 35-year or 40-year period and submitting a certified copy of the ordinance or resolution to the fund no later than June 1 of the calendar year following the calendar year in which this amendatory Act takes effect.

(k) Each county with current or former elected county officers, as defined in Section 7-145.1, participating in the alternative annuity program established under that Section shall have a separate municipality contribution rate computed for those elected county officers.

Sec. 7-173. Contributions by employees.

(a) Each participating employee shall make contributions to the fund as follows:

1. For retirement annuity purposes, normal contributions of 3 3/4% of earnings.
2. Additional contributions of such percentages of each payment of earnings, as shall be elected by the employee for retirement annuity purposes, but not in excess of 10%. The selected rate shall be applicable to all earnings beginning on the first day of the second month following receipt by the Board of written notice of election to make such contributions. Additional contributions at the selected rate shall be made concurrently with normal contributions.
3. Survivor contributions, by each participating employee, of 3/4% of each payment of earnings.

(b) Each employee shall make contributions ~~to the fund~~ for Federal Social Security taxes, for periods during which he is a covered employee, as required by the Social Security Enabling Act and federal law. For participating employees, such contributions shall be in addition to those required under paragraph (a) of this Section.

(c) Contributions shall be deducted from each corresponding payment of earnings paid to each employee and shall be remitted to the board by the participating municipality or participating instrumentality making such payment. The remittance, together with a report of the earnings and contributions shall be made as directed by the board. For township treasurers and employees of township treasurers qualifying as employees hereunder, the contributions herein required as deductions from salary shall be withheld by the school township trustees from funds available for the payment of the compensation of such treasurers and employees as provided in the School Code and remitted to the board.

(d) An employee who has made additional contributions under paragraph (a)2 of this Section may upon retirement or at any time prior thereto, elect to withdraw the total of such additional contributions including interest credited thereon to the end of the preceding calendar year.

shall not relieve the employee from liability for such contributions. The amount of such liability may be deducted, with interest charged under Section 7-209, from any annuities or benefits payable hereunder to the employee or any other person receiving an annuity or benefit by reason of such employee's participation.

(f) A participating employee who has at least 40 years of creditable service in the Fund may elect to cease making the contributions required under this Section. The remainder shall be allocated to the reserve for other employees.

(d) The Fund shall determine what amounts shall be transferred or credited to the reserve for elected county officers participating in the alternative retirement program.

5. All annuity reserves shall be revalued annually as of December 31. Beginning as of December 31, 1973, adjustment required therein by such revaluation shall be charged or credited to the earnings and experience variation reserve.

7. As of December 31, 1972, the excess in the annuity reserve shall be transferred to the municipality reserves. An amount equal to the deficiency in the reserve of participating municipalities and participating instrumentalities which have no participating employees shall be allocated to their reserves. The remainder shall be allocated in amounts proportionate to the present value, as of January 1, 1972, of annuities of annuitants of the remaining participating municipalities and participating instrumentalities.

(3) the sex offender history of the adjudicated juvenile delinquent, including whether the adjudicated juvenile delinquent has been adjudicated delinquent for prior sexually-motivated offenses;

### HOUSE BILL ON SECOND READING

HOUSE BILL 1917. Having been read by title a second time on April 7, 2005, and held on the order of Second Reading, the same was again taken up.

Floor Amendment No. 1 remained in the Committee on Rules.

Representative Molaro offered the following amendment and moved its adoption.

AMENDMENT NO. 2. Amend House Bill 1917 by replacing everything after the enacting clause with the following:

"Section 1. Findings. The legislature makes all of the following findings:

(1) That riverboat gaming has had a negative impact on horse racing. From 1992, the first full year of riverboat operations, through 2005, Illinois on-track wagering has decreased by 42% from \$835 million to \$482 million.

(2) That this decrease in wagering has negatively impacted purses for Illinois racing, which has hurt the State's breeding industry. Between 1991 and 2004 the number of foals registered with the Department of Agriculture has decreased by more than 46% from 3,529 to 1,891.

(3) That the decline of the Illinois horseracing and breeding program, a \$2.5 billion industry, would be reversed if this amendatory Act of the 94th General Assembly was enacted. By requiring that riverboats agree to pay 3% of their gross revenue into the Horse Racing Equity Trust Fund, total purses in the State may increase by 50%, helping Illinois tracks to better compete with those in other states. Illinois currently ranks thirteenth nationally in terms of its purse size; the change would propel the State to second or third.

(4) That Illinois agriculture and other businesses that support and supply the horse racing industry, already a sector that employs over 37,000 Illinoisans, also stand to substantially benefit and would be much more likely to create additional jobs should Illinois horse racing once again become competitive with other states.

(5) That the 3% of gross revenues this amendatory Act of the 94th General Assembly will contribute to the horse racing industry will benefit that important industry for Illinois farmers, breeders, and fans of horseracing and will begin to address the negative impact riverboat gaming has had on Illinois horseracing.

Section 5. The State Finance Act is amended by changing Section 8h as follows:

(30 ILCS 105/8h)

Sec. 8h. Transfers to General Revenue Fund.

(a) Except as provided in subsection (b), notwithstanding any other State law to the contrary, the Governor may, through June 30, 2007, from time to time direct the State Treasurer and Comptroller to transfer a specified sum from any fund held by the State Treasurer to the General Revenue Fund in order to help defray the State's operating costs for the fiscal year. The total transfer under this Section from any fund in any fiscal year shall not exceed the lesser of (i) 8% of the revenues to be deposited into the fund during that fiscal year or (ii) an amount that leaves a remaining fund balance of 25% of the July 1 fund balance of that fiscal year. In fiscal year 2005 only, prior to calculating the July 1, 2004 final balances, the Governor may calculate and direct the State Treasurer with the Comptroller to transfer additional amounts determined by applying the formula authorized in Public Act 93-839 to the funds balances on July 1, 2003. No transfer may be made from a fund under this Section that would have the effect of reducing the available balance in the fund to an amount less than the amount remaining unexpended and unreserved from the total appropriation from that fund estimated to be expended for that fiscal year. This Section does not apply to any funds that are restricted by federal law to a specific use, to any funds in the Motor Fuel Tax Fund, the

Intercity Passenger Rail Fund, the Hospital Provider Fund, the Medicaid Provider Relief Fund, the Teacher Health Insurance Security Fund, the Reviewing Court Alternative Dispute Resolution Fund, ~~or~~ the Voters' Guide Fund, the Foreign Language Interpreter Fund, the Lawyers' Assistance Program Fund, the Supreme Court Federal Projects Fund, the Supreme Court Special State Projects Fund, ~~or~~ the Low-Level Radioactive Waste Facility Development and Operation Fund, the Horse Racing Equity Trust Fund, or the Hospital Basic Services Preservation Fund, or to any funds to which subsection (f) of Section 20-40 of the Nursing and Advanced Practice Nursing Act applies. No transfers may be made under this Section from the Pet Population Control Fund. Notwithstanding any other provision of this Section, for fiscal year 2004, the total transfer under this Section from the Road Fund or the State Construction Account Fund shall not exceed the lesser of (i) 5% of the revenues to be deposited into the fund during that fiscal year or (ii) 25% of the beginning balance in the fund. For fiscal year 2005 through fiscal year 2007, no amounts may be transferred under this Section from the Road Fund, the State Construction Account Fund, the Criminal Justice Information Systems Trust Fund, the Wireless Service Emergency Fund, or the Mandatory Arbitration Fund.

In determining the available balance in a fund, the Governor may include receipts, transfers into the fund, and other resources anticipated to be available in the fund in that fiscal year.

The State Treasurer and Comptroller shall transfer the amounts designated under this Section as soon as may be practicable after receiving the direction to transfer from the Governor.

(b) This Section does not apply to: (i) the Ticket For The Cure Fund; ~~(ii) or to~~ any fund established under the Community Senior Services and Resources Act; or ~~(iii) (ii)~~ on or after January 1, 2006 (the effective date of Public Act 94-511) ~~this amendatory Act of the 94th General Assembly~~, the Child Labor and Day and Temporary Labor Enforcement Fund.

(c) This Section does not apply to the Demutualization Trust Fund established under the Uniform Disposition of Unclaimed Property Act.

The Fund shall consist of moneys paid into it by owners licensees under pursuant to subsection (c 5) of Section 13 of the Riverboat Gambling Act for the purposes described in this Section. The Fund shall be administered by the Board. Moneys in the Fund shall be distributed as directed and certified by the Board in accordance with the provisions of subsection (b) the Racing Board.

Fifty-seven percent of the amount distributed under this paragraph (1) shall be distributed for thoroughbred race meetings and 43% shall be distributed for standardbred race meetings. Within each breed, moneys shall be allocated to each organization licensee's purse fund in accordance with the ratio between the purses generated for that breed by that licensee during the prior calendar year and the total purses generated throughout the State for that breed during the prior calendar year by licensees in the current calendar year.

(2) The remaining 50% of the moneys distributed under this subsection (b) shall be distributed as follows:

(A) 11% shall be distributed to any person (or its successors or assigns) who had operating control of a racetrack that conducted live racing in 2002 at a racetrack in a county with at least 230,000 inhabitants that borders the Mississippi River and is a licensee in the current year; and

(B) the remaining 89% shall be distributed pro rata according to the aggregate proportion of total state-wide handle from wagering on live races conducted in Illinois (irrespective of where the wagers are placed) for calendar years 2004 and 2005 at the racetrack, inter track, and inter track wagering locations that derive their licenses from a racetrack identified in this paragraph (2) for calendar years 1994, 1996, and

(230 ILCS 10/7) (from Ch. 120, par. 2407)

Sec. 7. Owners Licenses.

(a) The Board shall issue owners licenses to persons, firms or corporations which apply for such licenses upon payment to the Board of the non-refundable license fee set by the Board, upon payment of a \$25,000 license fee for the first year of operation and a \$5,000 license fee for each succeeding year and upon a determination by the Board that the applicant is eligible for an owners license pursuant to this Act and the rules of the Board. As a condition of licensure and as a successor source of payment for those funds previously payable under subsection (c-5) of Section 13 of the Riverboat Gambling Act, any owners licensee that holds or receives its owners license on or after the effective date of this amendatory Act of the 94th General Assembly must pay into the Horse Racing Equity Trust Fund, in addition to any other payments required under this Act, an amount equal to 3% of the adjusted gross receipts received by the owners licensee. The payments required under this Section shall be made by the owners licensee to the State Treasurer no later than 3:00 o'clock p.m. of the day after the day when the adjusted gross receipts were received by the owners licensee. A person, firm or corporation is ineligible to receive an owners license if:

- (1) the person has been convicted of a felony under the laws of this State, any other state, or the United States;
- (2) the person has been convicted of any violation of Article 28 of the Criminal Code of 1961, or substantially similar laws of any other jurisdiction;
- (3) the person has submitted an application for a license under this Act which contains false information;
- (4) the person is a member of the Board;
- (5) a person defined in (1), (2), (3) or (4) is an officer, director or managerial employee of the firm or corporation;
- (6) the firm or corporation employs a person defined in (1), (2), (3) or (4) who participates in the management or operation of gambling operations authorized under this Act;
- (7) (blank); or
- (8) a license of the person, firm or corporation issued under this Act, or a license to own or operate gambling facilities in any other jurisdiction, has been revoked.

(b) In determining whether to grant an owners license to an applicant, the Board shall consider:

- (1) the character, reputation, experience and financial integrity of the applicants and of any other or separate person that either:
  - (A) controls, directly or indirectly, such applicant, or
  - (B) is controlled, directly or indirectly, by such applicant or by a person which controls, directly or indirectly, such applicant;
- (2) the facilities or proposed facilities for the conduct of riverboat gambling;
- (3) the highest prospective total revenue to be derived by the State from the conduct of riverboat gambling;
- (4) the extent to which the ownership of the applicant reflects the diversity of the State by including minority persons and females and the good faith affirmative action plan of each applicant to recruit, train and upgrade minority persons and females in all employment classifications;

- (5) the financial ability of the applicant to purchase and maintain adequate liability and casualty insurance;
  - (6) whether the applicant has adequate capitalization to provide and maintain, for the duration of a license, a riverboat;
  - (7) the extent to which the applicant exceeds or meets other standards for the issuance of an owners license which the Board may adopt by rule; and
  - (8) The amount of the applicant's license bid.
- (c) Each owners license shall specify the place where riverboats shall operate and dock.
- (d) Each applicant shall submit with his application, on forms provided by the Board, 2 sets of his fingerprints.

(e) The Board may issue up to 10 licenses authorizing the holders of such licenses to own riverboats. In the application for an owners license, the applicant shall state the dock at which the riverboat is based and the water on which the riverboat will be located. The Board shall issue 5 licenses to become effective not earlier than January 1, 1991. Three of such licenses shall authorize riverboat gambling on the Mississippi River, or, with approval by the municipality in which the riverboat was docked on August 7, 2003 and with Board approval, be authorized to relocate to a new location, in a municipality that (1) borders on the Mississippi River or is within 5 miles of the city limits of a municipality that borders on the Mississippi River and (2), on August 7, 2003, had a riverboat conducting riverboat gambling operations pursuant to a license issued under this Act; one of which shall authorize riverboat gambling from a home dock in the city of East St. Louis. One other license shall authorize riverboat gambling on the Illinois River south of Marshall County. The Board shall issue one additional license to become effective not earlier than March 1, 1992, which shall authorize riverboat gambling on the Des Plaines River in Will County. The Board may issue 4 additional licenses to become effective not earlier than March 1, 1992. In determining the water upon which riverboats will operate, the Board shall consider the economic benefit which riverboat gambling confers on the State, and shall seek to assure that all regions of the State share in the economic benefits of riverboat gambling.

In granting all licenses, the Board may give favorable consideration to economically depressed areas of the State, to applicants presenting plans which provide for significant economic development over a large geographic area, and to applicants who currently operate non-gambling riverboats in Illinois. The Board shall review all applications for owners licenses, and shall inform each applicant of the Board's decision. The Board may grant an owners license to an applicant that has not submitted the highest license bid, but if it does not select the highest bidder, the Board shall issue a written decision explaining why another applicant was selected and identifying the factors set forth in this Section that favored the winning bidder.

In addition to any other revocation powers granted to the Board under this Act, the Board may revoke the owners license of a licensee which fails to begin conducting gambling within 15 months of receipt of the Board's approval of the application if the Board determines that license revocation is in the best interests of the State.

(f) The first 10 owners licenses issued under this Act shall permit the holder to own up to 2 riverboats and equipment thereon for a period of 3 years after the effective date of the license. Holders of the first 10 owners licenses must pay the annual license fee for each of the 3 years during which they are authorized to own riverboats.

(g) Upon the termination, expiration, or revocation of each of the first 10 licenses, which shall be issued for a 3 year period, all licenses are renewable annually upon payment of the fee and a determination by the Board that the licensee continues to meet all of the requirements of this Act and the Board's rules. However, for licenses renewed on or after May 1, 1998, renewal shall be for a period of 4 years, unless the Board sets a shorter period.

(h) An owners license shall entitle the licensee to own up to 2 riverboats. A licensee shall limit the number of gambling participants to 1,200 for any such owners license. A licensee may operate both of its riverboats concurrently, provided that the total number of gambling participants on both riverboats does not exceed 1,200. Riverboats licensed to operate on the Mississippi River and the Illinois River south of Marshall County shall have an authorized capacity of at least 500 persons. Any other riverboat licensed under this Act shall have an authorized capacity of at least 400 persons.

(i) A licensed owner is authorized to apply to the Board for and, if approved therefor, to receive all licenses from the Board necessary for the operation of a riverboat, including a liquor license, a license to prepare and serve food for human consumption, and other necessary licenses. All use, occupation and excise taxes which apply to the sale of food and beverages in this State and all taxes imposed on the sale or use of tangible personal property apply to such sales aboard the riverboat.

(j) The Board may issue or re-issue a license authorizing a riverboat to dock in a municipality or approve a relocation under Section 11.2 only if, prior to the issuance or re-issuance of the license or approval, the governing body of the municipality in which the riverboat will dock has by a majority vote approved the docking of riverboats in the municipality. The Board may issue or re-issue a license authorizing a riverboat to dock in areas of a county outside any municipality or approve a relocation under Section 11.2 only if, prior to the issuance or re-issuance of the license or approval, the governing body of the county has by a majority vote approved of the docking of riverboats within such areas.

The privilege tax imposed under this subsection (a-3) shall no longer be imposed beginning on the earlier of (i) July 1, 2005; (ii) the first date after June 20, 2003 that riverboat gambling operations are conducted pursuant to a dormant license; or (iii) the first day that riverboat gambling operations are conducted under the authority of an owners license that is in addition to the 10 owners licenses initially authorized under this Act. For the purposes of this subsection (a-3), the term "dormant license" means an owners license that is authorized by this Act under which no riverboat gambling operations are being conducted on June 20, 2003.

(a-4) Beginning on the first day on which the tax imposed under subsection (a-3) is no longer imposed, a privilege tax is imposed on persons engaged in the business of conducting riverboat gambling operations, other than licensed managers conducting riverboat gambling operations on behalf of the State, based on the adjusted gross receipts received by a licensed owner from gambling games authorized under this Act at the following rates:

- 15% of annual adjusted gross receipts up to and including \$25,000,000;
- 22.5% of annual adjusted gross receipts in excess of \$25,000,000 but not exceeding \$50,000,000;
- 27.5% of annual adjusted gross receipts in excess of \$50,000,000 but not exceeding \$75,000,000;
- 32.5% of annual adjusted gross receipts in excess of \$75,000,000 but not exceeding \$100,000,000;
- 37.5% of annual adjusted gross receipts in excess of \$100,000,000 but not exceeding \$150,000,000;
- 45% of annual adjusted gross receipts in excess of \$150,000,000 but not exceeding \$200,000,000;
- 50% of annual adjusted gross receipts in excess of \$200,000,000.

(a-8) Riverboat gambling operations conducted by a licensed manager on behalf of the State are not subject to the tax imposed under this Section.

(a-10) The taxes imposed by this Section shall be paid by the licensed owner to the Board not later than 3:00 o'clock p.m. of the day after the day when the wagers were made.

(a-15) If the privilege tax imposed under subsection (a-3) is no longer imposed pursuant to item (i) of the last paragraph of subsection (a-3), then by June 15 of each year, each owners licensee, other than an owners licensee that admitted 1,000,000 persons or fewer in calendar year 2004, must, in addition to the payment of all amounts otherwise due under this Section, pay to the Board the amount, if any, by which the base amount for the licensed owner exceeds the amount of tax paid under this Section by the licensed owner in the then current State fiscal year. The obligation imposed by this subsection (a-15) is binding on any person, firm, corporation, or other entity that acquires an ownership interest in any such owners license. The obligation imposed under this subsection (a-15) terminates on the earliest of: (i) July 1, 2007, (ii) the first day after the effective date of this amendatory Act of the 94th General Assembly that riverboat gambling operations are conducted pursuant to a dormant license, (iii) the first day that riverboat gambling operations are conducted under the authority of an owners license that is in addition to the 10 owners licenses initially authorized under this Act, or (iv) the first day that a licensee under the Illinois Horse Racing Act of 1975 conducts gaming operations with slot machines or other electronic gaming devices. The Board must reduce the obligation imposed under this subsection (a-15) by an amount the Board deems reasonable for any of the following reasons: (A) an act or acts of God, (B) an act of bioterrorism or terrorism or a bioterrorism or terrorism threat that was investigated by a law enforcement agency, or (C) a condition beyond the control of the owners licensee that does not result from any act or omission by the owners licensee or any of its agents and that poses a hazardous threat to the health and safety of patrons. If an owners licensee pays an amount in excess of its liability under this Section, the Board shall apply the overpayment to future payments required under this Section.

For purposes of this subsection (a-15):

"Act of God" means an incident caused by the operation of an extraordinary force that cannot be foreseen, that cannot be avoided by the exercise of due care, and for which no person can be held liable.

"Base amount" means the following:

- For a riverboat in Alton, \$31,000,000.
- For a riverboat in East Peoria, \$43,000,000.
- For the Empress riverboat in Joliet, \$86,000,000.
- For a riverboat in Metropolis, \$45,000,000.

For the Harrah's riverboat in Joliet, \$114,000,000.

For a riverboat in Aurora, \$86,000,000.

For a riverboat in East St. Louis, \$48,500,000.

For a riverboat in Elgin, \$198,000,000.

"Dormant license" has the meaning ascribed to it in subsection (a-3).

(b) Until January 1, 1998, 25% of the tax revenue deposited in the State Gaming Fund under this Section shall be paid, subject to appropriation by the General Assembly, to the unit of local government which is designated as the home dock of the riverboat. (c) Appropriations, as approved by the General Assembly, may be made from the State Gaming Fund to the Department of Revenue and the Department of State Police for the administration and enforcement of this Act, or to the Department of Human Services for the administration of programs to treat problem gambling.

~~(c-5) (Blank). After the payments required under subsections (b) and (c) have been made, an amount equal to 15% of the adjusted gross receipts of (1) an owners licensee that relocates pursuant to Section 11.2, (2) an owners licensee conducting riverboat gambling operations pursuant to an owners license that is initially issued after June 25, 1999, or (3) the first riverboat gambling operations conducted by a licensed manager on behalf of the State under Section 7.3, whichever comes first, shall be paid from the State Gaming Fund into the Horse Racing Equity Fund.~~

(c-20) Each year the General Assembly shall appropriate from the General Revenue Fund to the Education Assistance Fund an amount equal to the amount paid to each home rule county with a population of over 3,000,000 inhabitants pursuant to subsection (c-15) in the prior calendar year.

(c-25) After the payments required under subsections (b), (c), (c-5) and (c-15) have been made, an amount equal to 2% of the adjusted gross receipts of (1) an owners licensee that relocates pursuant to Section 11.2, (2) an owners licensee conducting riverboat gambling operations pursuant to an owners license that is initially issued after June 25, 1999, or (3) the first riverboat gambling operations conducted by a licensed manager on behalf of the State under Section 7.3, whichever comes first, shall be paid from the State Gaming Fund to Chicago State University.

(d) From time to time, the Board shall transfer the remainder of the funds generated by this Act into the Education Assistance Fund, created by Public Act 86-0018, of the State of Illinois.

(e) Nothing in this Act shall prohibit the unit of local government designated as the home dock of the riverboat from entering into agreements with other units of local government in this State or in other states to share its portion of the tax revenue.

**HOUSE RESOLUTION 984**

Offered by Representative Monique Davis:

WHEREAS, Voting is the language of democracy and has proven to be one of the most effective tools in the ongoing battle against racism in our nation; and

WHEREAS, In 1965, the Voting Rights Act was passed by Congress to protect every American against racial discrimination in voting; and

WHEREAS, The Voting Rights Act was created to ensure that every person's vote is equal and that race should never shut any person out of the political process; and
