(f) An employee of the Department of Labor of the State of Illinois who performed services for and under the supervision of that Department prior to January 1, 1944 but who was compensated for those services directly by federal funds and not by a warrant of the Auditor of Public Accounts paid by the State Treasurer may establish credit for such employment by making the contributions required in this Section. An employee of the Department of Agriculture of the State of Illinois, who performed services for and under the supervision of that Department prior to June 1, 1963, but was compensated for those services directly by federal funds and not paid by a warrant of the Auditor of Public Accounts paid by the State Treasurer, and who did not contribute to any other public employee retirement system for such service, may establish credit for such employment by making the contributions required in this Section.

(g) Any employee who executed a waiver of membership within 60 days prior to January 1, 1944 may, at any time while in the service of a department, file with the board a rescission of such waiver. Upon making the contributions required by this Section, the member shall be granted the creditable service that would have been received if the waiver had not been executed.

(h) Until May 1, 1990, an employee who was employed on a full-time basis by a regional planning commission for at least 5 continuous years may establish creditable service for such employment by making the contributions required under this Section, provided that any credits earned by the employee in the commission's retirement plan have been terminated.

(i) Any person who rendered full time contractual services to the General Assembly as a member of a legislative staff may establish service credit for up to 8 years of such services by making the contributions required under this Section, provided that application therefor is made not later than July 1, 1991.

(j) By paying the contributions otherwise required under this Section, plus an amount determined by the Board to be equal to the employer's normal cost of the benefit plus interest, but with all of the interest calculated from the date the employee last became a member of the System or November 19, 1991, whichever is later, to the date of payment, an employee may establish service credit for a period of up to 2 years spent in active military service for which he does not qualify for credit under Section 14-105, provided that (1) he was not dishonorably discharged from such military service, and (2) the amount of service credit established by a member under this subsection (j), when added to the amount of military service credit granted to the member under subsection (b) of Section 14-105, shall not exceed 5 years. The change in the manner of calculating interest under this subsection (j) made by this amendatory Act of the 92nd General Assembly applies to credit purchased by an employee on or after its effective date and does not entitle any person to a refund of contributions or interest already paid.

(k) An employee who was employed on a full-time basis by the Illinois State's Attorneys Association Statewide Appellate Assistance Service LEAA-ILEC grant project prior to the time that project became the State's Attorneys Appellate Service Commission, now the Office of the State's Attorneys Appellate Prosecutor, an agency of State government, may establish creditable service for not more than 60 months service for such employment by making contributions required under this Section.

(l) By paying the contributions otherwise required under this Section, plus an amount determined by the Board to be equal to the employer's normal cost of the benefit plus interest, a member may establish service credit for periods of less than one year spent on authorized leave of absence from service, provided that (1) the period of leave began on or after January 1, 1982 and (2) any credit established by the member for the period of leave in any other public employee retirement system has been terminated. A member may establish service credit under this subsection for more than one period of authorized leave, and in that case the total period of service credit established by the member under this subsection may exceed one year. In determining the contributions required for establishing service credit under this subsection, the interest shall be calculated from the beginning of the leave of absence to the date of payment.

(m) Any person who rendered contractual services to a member of the General Assembly as a worker in the member's district office may establish creditable service for up to 3 years of those contractual services by making the contributions required under this Section. The System shall determine a full-time salary equivalent for the purpose of calculating the required contribution. To establish credit under this subsection, the applicant must apply to the System by March 1, 1998.

(n) Any person who rendered contractual services to a member of the General Assembly as a worker providing constituent services to persons in the member's district may establish creditable service for up to 8 years of those contractual services by making the contributions required under this Section. The System shall determine a full-time salary equivalent for the purpose of calculating the required contribution. To establish credit under this subsection, the applicant must apply to the System by March 1, 1998.

(o) A member who participated in the Illinois Legislative Staff Internship Program may establish creditable service for up to one year of that participation by making the contribution required under this Section. The System shall determine a full-time salary equivalent for the purpose of calculating the required contribution. Credit may not be established under this subsection for any period for which service credit is established under any other provision of this Code.

(p) By paying the contributions otherwise required under this Section, plus an amount determined by the Board to be equal to the employer's normal cost of the benefit plus interest, a member may establish service credit for a period of up to 8 years during which he or she was employed by the Visually Handicapped Managers of Illinois in a vending program operated under a contractual agreement with the Department of Rehabilitation Services or its successor agency.

This subsection (p) applies without regard to whether the person was in service on or after the effective

date of this amendatory Act of the 94th General Assembly. In the case of a person who is receiving a retirement annuity on that effective date, the increase, if any, shall begin to accrue on the first annuity payment date following receipt by the System of the contributions required under this subsection (p).

(q) By paying the required contributions under this Section, plus an amount determined by the Board to be equal to the employer's normal cost of the benefit plus interest, an employee who was laid off but returned to State employment under circumstances in which the employee is considered to have been in continuous service for purposes of determining seniority may establish creditable service for the period of the layoff, provided that (1) the applicant applies for the creditable service under this subsection (q) within 6 months after the effective date of this amendatory Act of the 94th General Assembly, (2) the applicant does not receive credit for that period under any other provision of this Code, (3) at the time of the layoff, the applicant is not in an initial probationary status consistent with the rules of the Department of Central Management Services, and (4) the total amount of creditable service established by the applicant under this subsection (q) does not exceed 3 years. For service established under this subsection (q), the required employee contribution shall be based on the rate of compensation earned by the employee on the date of returning to employment after the layoff and the contribution rate then in effect, and the required interest shall be calculated from the date of returning to employment after the layoff to the date of payment.

(r) A member who participated in the University of Illinois Government Public Service Internship Program (GPSI) may establish creditable service for up to 2 years of that participation by making the contribution required under this Section, plus an amount determined by the Board to be equal to the employer's normal cost of the benefit plus interest. The System shall determine a full-time salary equivalent for the purpose of calculating the required contribution. Credit may not be established under this subsection for any period for which service credit is established under any other provision of this Code.

AMENDMENT NO. 1. Amend House Bill 2254 by replacing everything after the enacting clause with the following:

"Section 5. The Illinois Procurement Code is amended by changing Section 30-30 as follows:

(30 ILCS 500/30-30)

Sec. 30-30. Contracts in excess of \$250,000. For building construction contracts in excess of \$250,000, separate specifications shall be prepared for all equipment, labor, and materials in connection with the following 5 subdivisions of the work to be performed:

- (1) plumbing;
- (2) heating, piping, refrigeration, and automatic temperature control systems, including the testing and balancing of those systems;
- (3) ventilating and distribution systems for conditioned air, including the testing and balancing of those systems;
- (4) electric wiring; and
- (5) general contract work.

The specifications must be so drawn as to permit separate and independent bidding upon each of the 5 subdivisions of work. All contracts awarded for any part thereof shall award the 5 subdivisions of work separately to responsible and reliable persons, firms, or corporations engaged in these classes of work. The contracts, at the discretion of the construction agency, may be assigned to the successful bidder on the general contract work or to the successful bidder on the subdivision of work designated by the construction agency before the bidding as the prime subdivision of work, provided that all payments will be made directly to the contractors for the 5 subdivisions of work upon compliance with the conditions of the contract. A contract may be let for one or more buildings in any project to the same contractor. The specifications shall require, however, that unless the buildings are identical, a separate price shall be submitted for each building. The contract may be awarded to the lowest responsible bidder for each or all of the buildings included in the specifications.

Until a date 3 years after the effective date of this amendatory Act of the 95th General Assembly, the requirements of this Section do not apply to a construction project for which the Capital Development Board is the construction agency if: (i) the project budget is at least \$20,000,000; (ii) the Capital Development Board has submitted to the Procurement Policy Board a written request for a public hearing on waiver of the application of the requirements of this Section to that project, including its reasons for seeking the waiver and why the waiver is in the best interest of the State; (iii) the Capital Development Board has posted notice of the waiver hearing on its procurement web page and on the online Procurement Bulletin at least 15 working days before the hearing; (iv) the Procurement Policy Board, after conducting the public hearing on the waiver request, reviews and approves the request in writing before the award of the contract; (v) the successful low bidder has prequalified with the Capital Development Board; (vi) the bid of the successful low bidder identifies the name of the subcontractor, if any, and the bid proposal costs for each of the 5 subdivisions of work set forth in this Section; and (vii) the contract entered into with the successful bidder provides that no identified subcontractor may be terminated without the written consent of the Capital Development Board. With respect to any construction project described in this paragraph, the Capital Development Board shall: (i) provide to the Auditor General an affidavit that the waiver of the application of the requirements of this Section is in the best interest of the State; (ii) specify in writing as a public record that the project shall comply with the disadvantaged business practices of the Business Enterprise for Minorities, Females, and Persons with Disabilities Act and the equal employment practices of Section 2-105 of the Illinois Human Rights Act; and (iii) report annually to the Governor and the General Assembly on the bidding, award, and performance. On and after the effective date of this amendatory Act of the 95th General Assembly, the Capital Development Board may award in each year contracts with an aggregate total value of no more than \$100,000,000 with respect to construction projects described in this paragraph.

Until a date 2 years after the effective date of this amendatory Act of the 93rd General Assembly, the requirements of this Section do not apply to the construction of an Emergency Operations Center for the Illinois Emergency Management Agency if (i) the majority of the funding for the project is from federal funds, (ii) the bid of the successful bidder identifies the name of the subcontractor, if any, and the bid proposal costs for each of the 5 subdivisions of work set forth in this Section, and (iii) the contract entered

~~into with the successful bidder provides that no identified subcontractor may be terminated without the written consent of the Capital Development Board.~~

Until a date 5 years after the effective date of this amendatory Act of the 94th General Assembly, the requirements of this Section do not apply to the Capitol Building HVAC upgrade project if (i) the bid of the successful bidder identifies the name of the subcontractor, if any, and the bid proposal costs for each of the 5 subdivisions of work set forth in this Section, and (ii) the contract entered into with the successful bidder provides that no identified subcontractor may be terminated without the written consent of the Capital Development Board.

(Source: P.A. 93-1035, eff. 9-10-04; 94-699, eff. 11-29-05.)".
