(70 ILCS 5/14.3) (from Ch. 15 1/2, par. 68.14c)

Sec. 14.3. Bond ordinance. Upon the approval of the general plan and cost estimate for any such project by the Department of Transportation, if required, the Board of Commissioners of the authority shall provide by ordinance for the acquisition or undertaking of such project, and for the issuance of bonds of the authority payable from taxes to pay the cost of such project to the authority or for costs with respect to rail facilities or related facilities as provided in Section 14.1. Any authority may agree or contract to sell, issue or deliver bonds payable from taxes at such price and upon such terms as determined by the Board of Commissioners of the Authority and as will not cause the net effective interest rate to be paid by the Authority on the issue of which such bonds are a part to exceed the greater of (i) the maximum rate authorized by the Bond Authorization Act, as amended at the time of the making of the contract, or (ii) the greater of 9% per annum or 125% of the rate for the most recent date shown in the 20 G.O. Subject to such limitation, the interest rate or rates on such bonds may be established by reference to an index or formula which may be implemented or administered by persons appointed or retained therefor by the Authority. A contract is made with respect to the sale of bonds when an Authority is contractually obligated to issue or deliver such bonds to a purchaser who is contractually obligated to purchase them, and, with respect to bonds bearing interest at a variable rate or subject to payment upon periodic demand or put or otherwise subject to remarketing by or for an Authority, a contract is made on each date of change in the variable rate or such demand, put or remarketing. The ordinance shall provide for the levy and collection of a direct annual tax upon all the taxable property within the corporate limits of such Authority, sufficient to meet the principal and interest of the bonds as same mature, which tax shall be in addition to and in excess of any other tax authorized to be levied by the Authority. The bonds may be issued in part under the authority of, and may be additionally secured as provided in, the Local Government Debt Reform Act. Proceeds of bonds issued with respect to rail facilities or related facilities shall be provided to, or expended by the Authority for the benefit of, the Rail Authority.

A certified copy of the ordinance providing for the issuance of bonds authorized by this Section shall be filed with the county clerk of each county in which the authority or any portion thereof is situated and shall constitute the basis for the extension and collection of the tax necessary to pay the principal of and interest and premium, if any, upon the bonds issued under the ordinance as the same mature.

(vii) To hold, sell, sell by installment contract, lease as lessor, transfer, or dispose of such real or personal property of the Rail Authority, including rail facilities or related facilities, as the Board of Directors deems appropriate in the exercise of its powers and to mortgage, pledge, or otherwise grant security interests in any such property.

(viii) To enter at reasonable times upon such lands, waters, or premises as, in the judgment of the Board of Directors of the Rail Authority, may be necessary, convenient, or desirable for the purpose of making surveys, soundings, borings, and examinations to accomplish any purpose authorized by Sections 22.1 through 22.7 of this Act after having given reasonable notice of such proposed entry to the owners and occupants of such lands, waters, or premises, the Rail Authority being liable only for actual damage caused by such activity.

(ix) To enter into contracts of group insurance for the benefit of its employees and to provide for

retirement or pensions or other employee benefit arrangements for such employees, and to assume obligations for pensions or other employee benefit arrangements for employees of transportation agencies, all or part of the facilities of which are acquired by the Rail Authority.

(x) To provide for the insurance of any property, directors, officers, employees, or operations of the Rail Authority against any risk or hazard, and to self-insure or participate in joint self-insurance pools or entities to insure against such risk or hazard.

(xi) To pass all resolutions and make all rules and regulations proper or necessary to regulate the use, operation, and maintenance of the property and facilities of the Rail Authority and, by resolution, to prescribe fines or penalties for violations of those rules and regulations. No such resolution shall take effect until 10 days after its publication.

(xii) To enter into arbitration arrangements, which may be final and binding.

(xiii) To make and execute all contracts and other instruments necessary or convenient to the exercise of its powers.

(b) In each case in which this Act gives the Rail Authority the power to construct or acquire rail facilities or related facilities or any other real or personal property, the Rail Authority shall have the power to acquire such property by contract, purchase, gift, grant, exchange for other property or rights in property, lease (or sublease), or installment or conditional purchase contracts, which leases or contracts may provide for consideration to be paid in installments during a period not exceeding 40 years, and to dispose of such property or rights by lease or sale as the Board of Directors shall determine. Property may be acquired subject to such conditions, restrictions, liens, or security or other interests of other parties as the Board of Directors may deem appropriate, and in each case the Rail Authority may acquire a joint, leasehold, easement, license, or other partial interest in such property. Any such acquisition may provide for the assumption of, or agreement to pay, perform, or discharge outstanding or continuing duties, obligations, or liabilities of the seller, lessor, donor, or other transferor of or of the trustee with regard to such property. In connection with the acquisition of Rail Facilities or Related Facilities, including, but not limited to, vehicles, buses, or rapid transit equipment, the Rail Authority may also execute agreements concerning such equipment leases, equipment trust certificates, conditional purchase agreements, and such other security agreements and may make such agreements and covenants as required, in the form customarily used in such cases appropriate to effect such acquisition. (70 ILCS 5/22.4 new)

Sec. 22.4. Bonds and notes.

(a) The Rail Authority shall have the power to borrow money and to issue its negotiable bonds or notes as provided in this Section. Unless otherwise indicated in this Section, the term "notes" also includes bond anticipation notes, which are notes that by their terms provide for their payment from the proceeds of bonds subsequently to be issued. Bonds or notes of the Rail Authority may be issued for any or all of the following purposes: to pay costs to the Rail Authority of constructing or acquiring any rail facilities or related facilities, to pay interest on bonds or notes during any period of construction or acquisition of rail facilities or related facilities, to establish a debt service reserve fund, to pay costs of issuance of the bonds or notes, and to refund its bonds or notes.

(b) The issuance of any bonds or notes shall be authorized by a resolution of the Board of Directors of the Rail Authority. The resolution providing for the issuance of any such bonds or notes shall fix their date or dates of maturity, the dates on which interest is payable, any sinking fund account or reserve fund account provisions, and all other details of the bonds or notes and may provide for such covenants or agreements necessary or desirable with regard to the issue, sale, and security of the bonds or notes. The rate or rates of interest on the bonds or notes may be fixed or variable and the Rail Authority shall determine or provide for the determination of the rate or rates of interest of its bonds or notes issued under this Act in a resolution adopted prior to their issuance, none of which rates of interest shall exceed that permitted in the Bond Authorization Act. Bonds and notes issued under this Section may be issued as serial or term obligations, shall be of such denomination or denominations and form, shall be executed in such manner, shall be payable at such place or places and bear such date as the Rail Authority shall fix by the resolution authorizing such bonds or notes and shall mature at such time or times, within a period not to exceed 40 years from their date of issue, and may be redeemable prior to maturity, with or without premium, at the option of the Rail Authority, upon such terms and conditions as the Rail Authority shall fix by the resolution authorizing the issuance of the bonds or notes. In case any officer whose signature appears on

any bonds or notes authorized pursuant to this Section shall cease to be an officer before delivery of such bonds or notes, the signature shall nevertheless be valid and sufficient for all purposes, the same as if the officer had remained in office until the delivery.

(c) Bonds or notes of the Rail Authority issued pursuant to this Section shall have a claim for payment as to principal and interest from such sources as provided by the resolution authorizing such bonds or notes. Such bonds or notes shall be secured as provided in the authorizing resolution of the Board of Directors of the Rail Authority, which may, notwithstanding any other provision of this Act, include in addition to any other security, a specific pledge or assignment of and lien on or security interest in any or all receipts of the Rail Authority and on any or all other revenues or money of the Rail Authority from whatever source, which may by law be utilized for debt service purposes, as well as any funds or accounts established or provided for the payment of such debt service, by the resolution of the Rail Authority authorizing the issuance of the bonds or notes. Any such pledge, assignment, lien, or security interest for the benefit of holders of bonds or notes of the Rail Authority shall be valid and binding from the time the bonds or notes are issued without any physical delivery or further act and shall be valid and binding as against and prior to the claims of all other parties having claims of any kind against the Rail Authority or any other person irrespective of whether such other parties have notice of such pledge, assignment, lien, or security interest. The resolution of the Board of Directors of the Rail Authority authorizing the issuance of any bonds or notes may provide additional security for such bonds or notes by providing for appointment of a corporate trustee (which may be any trust company or bank having the powers of a trust company within Illinois) with respect to the bonds or notes. The resolution shall prescribe the rights, duties, and powers of the trustee to be exercised for the benefit of the Rail Authority and the protection of the owners of such bonds or notes. The resolution may provide for the trustee to hold in trust, invest, and use amounts in funds and accounts created as provided by the resolution with respect to the bonds or notes.

(70 ILCS 5/22.6 new)

Sec. 22.6. Exemption from taxation. The Rail Authority and the Rail Corporation shall be exempt from all State and unit of local government taxes and registration and license fees. All property of the Rail Authority or of the Rail Corporation shall be public property devoted to an essential public and governmental function and purpose and shall be exempt from all taxes and special assessments of the State, any subdivision of the State, or any unit of local government.

(70 ILCS 5/22.7 new)

Sec. 22.7. Federal, State, and other funds. The Rail Authority shall have the power to apply for, receive, and expend grants, loans, or other funds from the State of Illinois or any of its departments or agencies, from any unit of local government, or from the federal government or any of its departments or agencies, for use in connection with any of the powers or purposes of the Rail Authority as set forth in this Act, and to enter into agreements with the lending or granting agency in connection with any such loan or grant.

Senate Amendment No. 3 to HOUSE BILL NO. 497

Passed the Senate, as amended, May 30, 2007.

Deborah Shipley, Secretary of the Senate

AMENDMENT NO. 2. Amend House Bill 497 by replacing everything after the enacting clause with the following:

"Section 5. The Illinois Banking Act is amended by adding Section 21.5 as follows:

(205 ILCS 5/21.5 new)

Sec. 21.5. Prohibition against establishment of branches on or near the premises of certain affiliates.

(a) For purposes of this Section:

"Affiliate" includes (i) any company that controls the bank; (ii) any company that is controlled by the company that controls the bank; and (iii) any company controlled directly or indirectly, by trust or otherwise, by or for the benefit of shareholders who beneficially or otherwise control, directly or indirectly, by trust or otherwise, the bank or any company that controls the bank.

"Bank" has the meaning ascribed to that term in the Federal Deposit Insurance Act and includes any out-of-state bank.

"Bank holding company" and "financial holding company" have the meanings ascribed to those terms in the federal Bank Holding Company Act of 1956.

"Control" by a company shall mean (i) ownership or power to vote 25% or more of any class of voting securities of the other company, whether such ownership or power to vote is exercised directly or indirectly, or through one or more other persons or companies; (ii) the ability, directly or indirectly, or through one or more other persons or companies, to elect the majority of the directors or trustees of the other company; or (iii) as determined by the Commissioner, after notice and an opportunity for hearing, the exercise by the company, directly or indirectly, or through one or more other persons or companies, of a controlling influence over the management or policies of the other company.

A location is considered "adjacent to" the premises of an affiliate if the location is not separated from the boundary of the premises of the affiliate by real property that is owned by a person or entity having no business relationship with the bank or with the affiliate and that is not leased to or used by the bank or affiliate.

(b) Notwithstanding any other provision of this Act, after the effective date of this amendatory Act of the 95th General Assembly, no bank may establish a bank office or branch on or adjacent to the premises of an affiliate of the bank if the affiliate engages in any commercial activity that could not lawfully be conducted by a bank holding company, a financial holding company, or a subsidiary of the bank holding company or financial holding company pursuant to federal law unless: (i) the bank had received its charter and was accepting consumer deposits in this State prior to May 1, 2007; or (ii) the bank does not accept any deposits at the bank office or branch on or adjacent to the premises of the affiliate at any time after the effective date of this amendatory Act of the 95th General Assembly. The prohibition against establishing a bank office or branch on or adjacent to the premises of an affiliate shall not be applicable if the affiliate operates solely for the purpose of owning or leasing the real estate on which the bank office or branch is located.

(c) No bank that was not chartered and accepting consumer deposits in this State prior to May 1, 2007 may acquire the right or authority to establish a bank office or branch on or adjacent to the premises of an affiliate of that bank by acquiring through purchase, change in control, merger, or any other means the charter, bank office, or branch of another bank.

(d) It is the intent of this Section that no entity be permitted to circumvent the prohibition stated in this Section by first establishing a bank office or branch and then subsequently locating an office of an affiliate on or adjacent to the premises of the bank office or branch. If any entity attempts to locate an office of an affiliate on or adjacent to the premises of the bank office or branch, the entity must cease to operate its bank office or branch at a location that would violate the intent of this Section.

(e) If a federal agency with authority to approve or disapprove an application for the establishment of a branch in this State or a court of competent jurisdiction determines that any provision of this Section is inconsistent with the provisions of the federal Riegle-Neal Interstate Banking and Branching Efficiency Act of 1994 and would have the effect of nullifying the laws of this State that permit interstate branching on a reciprocal basis, this Section shall be deemed to be null and void without further review or action being necessary. It is the intent of this Section, and specifically of this subsection (e), to ensure the continuity of this State's interstate branch banking laws and to ensure that nothing contained in this Section shall be given effect in a manner that disqualifies Illinois banks from establishing branches in other states as permitted by the laws of this State and other states and by federal law.

Section 10. The Savings Bank Act is amended by adding Section 1006.10 as follows:
(205 ILCS 205/1006.10 new)

Sec. 1006.10. Prohibition against establishment of offices or branches on or adjacent to the premises of certain affiliates.

(a) For purposes of this Section:

"Affiliate" has the meaning defined in this Act.

"Savings bank" means a savings bank operating under this Act, an out-of-State savings bank as defined under this Act, or a savings association defined in the Federal Deposit Insurance Act.

"Savings bank holding company" has the meaning ascribed in this Act.

A location is considered "adjacent to" the premises of an affiliate if the location is not separated from the boundary of the premises of the affiliate by real property that is owned by a person or entity having no business relationship with the savings bank, savings bank holding company, or with the affiliate and that is not leased to or used by the savings bank or affiliate.

(b) Notwithstanding any other provision of this Act, after the effective date of this amendatory Act of the 95th General Assembly, no savings bank may establish an office or branch on or adjacent to the premises of an affiliate of the savings bank if the affiliate engages in any commercial activity that could not lawfully be conducted by a savings bank holding company or a subsidiary of the savings bank holding company pursuant to federal law unless: (i) the savings bank had received its charter and was accepting consumer deposits in this State prior to May 1, 2007; or (ii) the savings bank does not accept any deposits at the office or branch on or adjacent to the premises of the affiliate at any time after the effective date of this amendatory Act of the 95th General Assembly. The prohibition against establishing an office or branch on or adjacent to the premises of an affiliate shall not be applicable if the affiliate operates solely for the purpose of owning or leasing the real estate on which the savings bank's office or branch is located.

(c) No savings bank that was not chartered and accepting consumer deposits in this State prior to May 1, 2007 may acquire the right or authority to establish an office or branch on or adjacent to the premises of an affiliate of that savings bank by acquiring through purchase, change in control, merger or any other means the charter, office, or branch of another depository institution.

(d) It is the intent of this Section that no entity be permitted to circumvent the prohibition stated in this Section by first establishing a savings bank office or branch and then subsequently locating an office of an affiliate on or adjacent to the premises of the savings bank office or branch. If any entity attempts to locate an office of an affiliate on or adjacent to the premises of the savings bank office or branch, the entity must cease to operate its savings bank office or branch at a location that would violate the intent of this Section.

(e) If a federal agency with authority to approve or disapprove an application for the establishment of a branch in this State or a court of competent jurisdiction determines that any provision of this Section is inconsistent with the provisions of the federal Riegle-Neal Interstate Banking and Branching Efficiency Act of 1994 and would have the effect of nullifying the laws of this State that permit interstate branching on a reciprocal basis, this Section shall be deemed to be null and void without further review or action being necessary. It is the intent of this Section, and specifically of this subsection (e), to ensure the continuity of this State's interstate branch banking laws and to ensure that nothing contained in this Section shall be given effect in a manner that disqualifies Illinois savings banks from establishing branches in other states as permitted by the laws of this State and other states and by federal law.

Section 99. Effective date. This Act takes effect upon becoming law."

WHEREAS, Illinois ranks last by a wide margin among Midwestern states in acres protected per capita with only one percent of protected state-owned recreation land; and

WHEREAS, Land prices continue to rise and development pressures mount making the need for protecting open space more acute; and

WHEREAS, The quantity of water supplied by aquifers, inland streams, and Lake Michigan is limited and land conservation provides water recharge and stream buffering providing for the protection of drinking water resources; and

WHEREAS, Outdoor recreation contributes to a healthy lifestyle for the State's youth and adults alike, and young people need more access to safe, rewarding outdoor experiences to combat the growing epidemic of childhood obesity; and

WHEREAS, The Center for Disease Control and Prevention has called for the creation of more parks

and playgrounds to counteract sedentary lifestyles; and

WHEREAS, Parks and natural areas contribute to increased property values of neighboring properties; and

WHEREAS, Native Illinois wildlife populations have declined precipitously, and currently Illinois has 424 State and 24 federally listed threatened and endangered species; and

WHEREAS, Natural habitats have been shown to improve air quality; and

WHEREAS, Illinois has lost more than 90% of its original wetlands and 99% of its original open prairie and it is critical to take steps now to protect the remaining acreage; and

WHEREAS, The Illinois State Wildlife Action Plan has won national recognition but remains underfunded; and

WHEREAS, Illinois parks and natural areas generate 42,000 jobs and create recreational opportunities for all Illinois citizens; and

WHEREAS, Hunting, fishing, and wildlife associated recreation currently generates nearly \$4,200,000,000 in economic activity in Illinois; and

WHEREAS, Voters have given overwhelming support to local referenda for land acquisition and public opinion polls show 92% of the public registering support for the State preserving open space and wildlife habitat; and

WHEREAS, Land acquisition is a capital intensive investment; therefore, be it

RESOLVED, BY THE SENATE OF THE NINETY-FIFTH GENERAL ASSEMBLY OF THE STATE OF ILLINOIS, THE HOUSE OF REPRESENTATIVES CONCURRING HEREIN, that we recognize that current funding for open space is severely lacking; that capital budgets have traditionally provided resources for land acquisition, stewardship, and public recreational opportunities; that the value of parks and natural areas in protecting Illinois from flooding, improving water quality, generating economic activity, and improving public health is without question; and be it further

Mr. Speaker -- I am directed to inform the House of Representatives that the Senate has adopted the following Senate Joint Resolution, in the adoption of which I am instructed to ask the concurrence of the House of Representatives, to-wit:

SENATE JOINT RESOLUTION NO. 53

WHEREAS, The percentage of Illinoisans without healthcare coverage has been rising for the last 15 years, growing from 9.7% in 1987 to 14.1% in 2002, and rural residents have been facing increasing barriers to health care including provider shortage, transportation, and lack of medical insurance; and

WHEREAS, More than 28% of the U.S. population, over 65 million people, live in rural areas, yet only 9% of physicians practice in rural areas and Illinois is no exception; and

WHEREAS, The shortage of rural health professionals in Illinois is on the rise and is expected to increase sharply in the next 10 years due to the retirement of an aging rural health professions workforce and the absence of adequate numbers of rural-specific students in health professions trainings programs to replace them, and this may increase the disparity in access to basic medical services unless corrective action is taken; and

WHEREAS, 80 Illinois counties are medical shortage areas, and if trends continue without intervention, 485 additional physicians will be required by 2010 and there will be a related demand for the allied health professionals necessary to provide comprehensive health services; and

WHEREAS, Health manpower shortages will be magnified as the aging rural population increases the demand for health care services; and

WHEREAS, Illinois is facing a 2010 nursing shortage of 4,265 nurses, of which nearly half will be required in rural communities to replace retirees and increased system demands for health care; and

WHEREAS, The average population-per dentist ratio places rural residents at nearly a 2 to 1 disadvantage for accessing dental care and in 82 of 88 rural counties there is no pediatric dentist participating in the Medicaid program and one-fifth of actively practicing rural dentists graduated from Illinois dental schools that no longer exist; and

WHEREAS, The number of retail pharmacies in Illinois has increased, particularly in urban areas, but it has become increasingly difficult to recruit pharmacists for rural hospital work due to staffing shortages and maldistribution; and

WHEREAS, Illinois' rural residents face disparities in access to specialty medical services, tele-health, medical transportation, community health care access for basic services and mental health; and

WHEREAS, The late U.S. Senator Paul Simon was a special advocate for the citizens of Illinois and in that interest hosted a rural health care summit under the Paul Simon Public Policy Institute that generated a set of recommendations entitled "Charting a Health Care Agenda", which resulted in the creation by the 94th General Assembly of the 8-member Joint Task Force on Rural Health and Medically Underserved Areas that focused on the reduction of health care disparities in various shortage areas of Illinois; and

WHEREAS, The Joint Task Force on Rural Health and Medically Underserved Areas studied the health care disparities of the citizens of Illinois and proposed priority recommendations in its December 2006 report to the Governor and General Assembly to preserve capacity, improve access, and correct workforce shortages; therefore, be it

RESOLVED, BY THE SENATE OF THE NINETY-FIFTH GENERAL ASSEMBLY OF THE STATE OF ILLINOIS, THE HOUSE OF REPRESENTATIVES CONCURRING HEREIN, that the recommendations of the Joint Task Force on Rural Health and Medically Underserved Areas be supported and implemented without delay; and be it further

RESOLVED, That each house in the General Assembly create a permanent standing committee charged with monitoring and advocating for the health needs of rural and medically underserved citizens of the State; and be it further

RESOLVED, That the General Assembly should consider allocating additional funds to implement the priority recommendations of the task force as a positive investment in the health care infrastructure of Illinois because they address long-standing critical deficits that need immediate attention; and be it further

RESOLVED, That immediate implementation of the Task Force priority recommendations would truly honor the legacy of the late Senator Paul Simon in terms of his advocacy and concerns regarding the reduction of health disparities across the State, and that it would be a fitting memorial for the 95th General Assembly to develop and implement in Senator Paul Simon's honor the Task Force recommendations with the appropriations necessary to accomplish the same.

Except as otherwise provided by this Section, if a widow remarries before reaching age 60, annuity payment shall be suspended, but the widow's annuity payments shall be resumed if the subsequent marriage ends either by dissolution of marriage, declaration of invalidity of marriage or the death of the husband. If a widow remarries after attaining age 60, or the annuity was granted under Section 5-144 and the remarriage takes place after June 1, 1990, regardless of whether or not the deceased policeman was in service on or after the effective date of this amendatory Act of 1991, the widow's annuity shall continue without interruption.

If when a widow dies she has not received, in form of annuity, an amount equal to the accumulated employee contributions for widow's annuity, the difference between such accumulated contributions and the sum received by her, along with any part of the accumulated contributions for age and service annuity remaining in the fund at her death shall be refunded to the policemen's children, in equal parts to each; provided, if any child is less than age 18, such part of any such amount required to pay annuities to such children shall be transferred to the child's annuity reserve. If no children or descendants thereof survive the policeman, such refund shall be paid to the estate of the policeman. In making refunds under this Section, no interest shall be considered upon either the total of annuity payments made or the amounts subject to refund.

(40 ILCS 5/5-152) (from Ch. 108 1/2, par. 5-152)

Sec. 5-152. Child's annuity - Conditions - Amount. A child's annuity shall be payable in the following cases of policemen who die on or after the effective date: (a) A policeman whose death results from injury incurred in the performance of an act or acts of duty; (b) a policeman who dies in service from any cause; (c) a policeman who withdraws upon or after attainment of age 50 and who enters upon or is eligible for annuity; (d) a present employee with at least 20 years of service who dies after withdrawal, whether or not he has entered upon annuity.

A child to be eligible must have been born or legally adopted before the policeman has withdrawn from service. In the case of an adopted child, the policeman shall be married and living with his wife at the time of the adoption, and the proceedings for adoption must have been initiated at least 6 months prior to the policeman's death. The requirement that the proceedings for adoption be initiated at least 6 months prior to the policeman's death does not apply where death occurs as a result of an act of duty.

Only one annuity shall be granted and paid for the benefit of any child if both parents have been policemen.

The annuity shall be paid, without regard to the fact that the death of the deceased policeman parent may have occurred prior to the effective date of this amendatory Act of 1975, in an amount equal to 10% of the annual maximum salary attached to the classified civil service position of a first class patrolman on July 1, 1975, or the date of the policeman's death, whichever is later, for each child while a widow or widower of the deceased policeman survives and in an amount equal to 15% of the annual maximum salary attached to the classified civil service position of a first class patrolman on July 1, 1975, or the date of the policeman's death, whichever is later, while no widow or widower shall survive, provided that if the combined annuities for the widow and children of a policeman who dies on or after September 26, 1969, as the result of an act of duty, or for the children of such policeman in any case wherein a widow or widower does not exist, exceed the salary that would ordinarily have been paid to him if he had been in the active discharge of his duties, all such annuities shall be reduced pro rata so that the combined annuities for the family shall not exceed such limitation. The compensation portion of the annuity of the widow shall not be considered in making such reduction. No age limitation in this Section or Section 5-151 shall apply to a child who is so physically or mentally handicapped as to be unable to support himself or herself. Benefits payable under this Section shall not be reduced or terminated by reason of any child's attainment of age 18 if he is then

dependent by reason of a physical or mental disability but shall continue to be paid as long as such dependency continues. For the purposes of this subsection, "disability" means inability to engage in any substantial gainful activity by reason of any medically determinable physical or mental impairment which can be expected to result in death or which has lasted or can be expected to last for a continuous period of not less than 12 months.

In the case of a family of a policeman who dies on or after September 26, 1969, as the result of any cause other than the performance of an act of duty, in which annuities for such family exceed an amount equal to 60% of the salary that would ordinarily have been paid to him if he had been in the active discharge of his duties, all such annuities shall be reduced pro rata so that the combined annuities shall not exceed such limitation.

Child's annuity shall be paid to the parent providing for the child, unless another person is appointed by a court of law as the child's guardian.

(40 ILCS 5/7-139) (from Ch. 108 1/2, par. 7-139)

Sec. 7-139. Credits and creditable service to employees.

(a) Each participating employee shall be granted credits and creditable service, for purposes of determining the amount of any annuity or benefit to which he or a beneficiary is entitled, as follows:

1. For prior service: Each participating employee who is an employee of a participating municipality or participating instrumentality on the effective date shall be granted creditable service, but no credits under paragraph 2 of this subsection (a), for periods of prior service for which credit has not been received under any other pension fund or retirement system established under this Code, as follows:

If the effective date of participation for the participating municipality or participating instrumentality is on or before January 1, 1998, creditable service shall be granted for the entire period of prior service with that employer without any employee contribution.

If the effective date of participation for the participating municipality or participating instrumentality is after January 1, 1998, creditable service shall be granted for the last 20% of the period of prior service with that employer, but no more than 5 years, without any employee contribution. A participating employee may establish creditable service for the remainder of the period of prior service with that employer by making an application in writing, accompanied by payment of an employee contribution in an amount determined by the Fund, based on the employee contribution rates in effect at the time of application for the creditable service and the employee's salary rate on the effective date of participation for that employer, plus interest at the effective rate from the date of the prior service to the date of payment. Application for this creditable service may be made at any time while the employee is still in service.

A municipality that (i) has at least 35 employees; (ii) is located in a county with at least 2,000,000 inhabitants; and (iii) maintains an independent defined benefit pension plan for the benefit of its eligible employees may restrict creditable service in whole or in part for periods of prior service with the employer if the governing body of the municipality adopts an irrevocable resolution to restrict that creditable service and files the resolution with the board before the municipality's effective date of participation.

Any person who has withdrawn from the service of a participating municipality or participating instrumentality prior to the effective date, who reenters the service of the same municipality or participating instrumentality after the effective date and becomes a participating employee is entitled to creditable service for prior service as otherwise provided in this subdivision (a)(1) only if he or she renders 2 years of service as a participating employee after the effective date. Application for such service must be made while in a participating status. The salary rate to be used in the calculation of the required employee contribution, if any, shall be the employee's salary rate at the time of first reentering service with the employer after the employer's effective date of participation.

2. For current service, each participating employee shall be credited with:

a. Additional credits of amounts equal to each payment of additional contributions received from him under Section 7-173, as of the date the corresponding payment of earnings is payable to him.

b. Normal credits of amounts equal to each payment of normal contributions received from him, as of the date the corresponding payment of earnings is payable to him, and normal contributions made for the purpose of establishing out-of-state service credits as permitted under the conditions set forth in paragraph 6 of this subsection (a).

c. Municipality credits in an amount equal to 1.4 times the normal credits, except

those established by out-of-state service credits, as of the date of computation of any benefit if these credits would increase the benefit.

d. Survivor credits equal to each payment of survivor contributions received from the participating employee as of the date the corresponding payment of earnings is payable, and survivor contributions made for the purpose of establishing out-of-state service credits.

3. For periods of temporary and total and permanent disability benefits, each employee receiving disability benefits shall be granted creditable service for the period during which disability benefits are payable. Normal and survivor credits, based upon the rate of earnings applied for disability benefits, shall also be granted if such credits would result in a higher benefit to any such employee or his beneficiary.

4. For authorized leave of absence without pay: A participating employee shall be granted credits and creditable service for periods of authorized leave of absence without pay under the following conditions:

a. An application for credits and creditable service is submitted to the board while the employee is in a status of active employment, and within 2 years after termination of the leave of absence period for which credits and creditable service are sought.

b. Not more than 12 complete months of creditable service for authorized leave of absence without pay shall be counted for purposes of determining any benefits payable under this Article.

c. Credits and creditable service shall be granted for leave of absence only if such leave is approved by the governing body of the municipality, including approval of the estimated cost thereof to the municipality as determined by the fund, and employee contributions, plus interest at the effective rate applicable for each year from the end of the period of leave to date of payment, have been paid to the fund in accordance with Section 7-173. The contributions shall be computed upon the assumption earnings continued during the period of leave at the rate in effect when the leave began.

d. Benefits under the provisions of Sections 7-141, 7-146, 7-150 and 7-163 shall become payable to employees on authorized leave of absence, or their designated beneficiary, only if such leave of absence is creditable hereunder, and if the employee has at least one year of creditable service other than the service granted for leave of absence. Any employee contributions due may be deducted from any benefits payable.

e. No credits or creditable service shall be allowed for leave of absence without pay during any period of prior service.

5. For military service: The governing body of a municipality or participating instrumentality may elect to allow creditable service to participating employees who leave their employment to serve in the armed forces of the United States for all periods of such service, provided that the person returns to active employment within 90 days after completion of full time active duty, but no creditable service shall be allowed such person for any period that can be used in the computation of a pension or any other pay or benefit, other than pay for active duty, for service in any branch of the armed forces of the United States. If necessary to the computation of any benefit, the board shall establish municipality credits for participating employees under this paragraph on the assumption that the employee received earnings at the rate received at the time he left the employment to enter the armed forces. A participating employee in the armed forces shall not be considered an employee during such period of service and no additional death and no disability benefits are payable for death or disability during such period.

Any participating employee who left his employment with a municipality or participating instrumentality to serve in the armed forces of the United States and who again became a participating employee within 90 days after completion of full time active duty by entering the service of a different municipality or participating instrumentality, which has elected to allow creditable service for periods of military service under the preceding paragraph, shall also be allowed creditable service for his period of military service on the same terms that would apply if he had been employed, before entering military service, by the municipality or instrumentality which employed him after he left the military service and the employer costs arising in relation to such grant of creditable service shall be charged to and paid by that municipality or instrumentality.

Notwithstanding the foregoing, any participating employee shall be entitled to creditable service as required by any federal law relating to re-employment rights of persons who served in the United States Armed Services. Such creditable service shall be granted upon payment by the member of an amount equal to the employee contributions which would have been required had the

employee continued in service at the same rate of earnings during the military leave period, plus interest at the effective rate.

5.1. In addition to any creditable service established under paragraph 5 of this subsection (a), creditable service may be granted for up to 24 months of service in the armed forces of the United States.

In order to receive creditable service for military service under this paragraph 5.1, a participating employee must (1) apply to the Fund in writing and provide evidence of the military service that is satisfactory to the Board; (2) obtain the written approval of the current employer; and (3) make contributions to the Fund equal to (i) the employee contributions that would have been required had the service been rendered as a member, plus (ii) an amount determined by the board to be equal to the employer's normal cost of the benefits accrued for that military service, plus (iii) interest on items (i) and (ii) from the date of first membership in the Fund to the date of payment. If payment is made during the 6-month period that begins 3 months after the effective date of this amendatory Act of 1997, the required interest shall be at the rate of 2.5% per year, compounded annually; otherwise, the required interest shall be calculated at the regular interest rate.

6. For out-of-state service: Creditable service shall be granted for service rendered to an out-of-state local governmental body under the following conditions: The employee had participated and has irrevocably forfeited all rights to benefits in the out-of-state public employees pension system; the governing body of his participating municipality or instrumentality authorizes the employee to establish such service; the employee has 2 years current service with this municipality or participating instrumentality; the employee makes a payment of contributions, which shall be computed at 8% (normal) plus 2% (survivor) times length of service purchased times the average rate of earnings for the first 2 years of service with the municipality or participating instrumentality whose governing body authorizes the service established plus interest at the effective rate on the date such credits are established, payable from the date the employee completes the required 2 years of current service to date of payment. In no case shall more than 120 months of creditable service be granted under this provision.

7. For retroactive service: Any employee who could have but did not elect to become a participating employee, or who should have been a participant in the Municipal Public Utilities Annuity and Benefit Fund before that fund was superseded, may receive creditable service for the period of service not to exceed 50 months; however, a current or former elected or appointed official of a participating municipality may establish credit under this paragraph 7 for more than 50 months of service as an official of that municipality, if the excess over 50 months is approved by resolution of the governing body of the affected municipality filed with the Fund before January 1, 2002.

Any employee who is a participating employee on or after September 24, 1981 and who was excluded from participation by the age restrictions removed by Public Act 82-596 may receive creditable service for the period, on or after January 1, 1979, excluded by the age restriction and, in addition, if the governing body of the participating municipality or participating instrumentality elects to allow creditable service for all employees excluded by the age restriction prior to January 1, 1979, for service during the period prior to that date excluded by the age restriction. Any employee who was excluded from participation by the age restriction removed by Public Act 82-596 and who is not a participating employee on or after September 24, 1981 may receive creditable service for service after January 1, 1979. Creditable service under this paragraph shall be granted upon payment of the employee contributions which would have been required had he participated, with interest at the effective rate for each year from the end of the period of service established to date of payment.

8. For accumulated unused sick leave: A participating employee who is applying for a retirement annuity shall be entitled to creditable service for that portion of the employee's accumulated unused sick leave for which payment is not received, as follows:

a. Sick leave days shall be limited to those accumulated under a sick leave plan established by a participating municipality or participating instrumentality which is available to all employees or a class of employees.

b. Only sick leave days accumulated with a participating municipality or participating instrumentality with which the employee was in service within 60 days of the effective date of his retirement annuity shall be credited; If the employee was in service with more than one employer during this period only the sick leave days with the employer with which the employee has the greatest number of unpaid sick leave days shall be considered.

c. The creditable service granted shall be considered solely for the purpose of computing the amount of the retirement annuity and shall not be used to establish any minimum

service period required by any provision of the Illinois Pension Code, the effective date of the retirement annuity, or the final rate of earnings.

d. The creditable service shall be at the rate of 1/20 of a month for each full sick day, provided that no more than 12 months may be credited under this subdivision 8.

e. Employee contributions shall not be required for creditable service under this subdivision 8.

f. Each participating municipality and participating instrumentality with which an employee has service within 60 days of the effective date of his retirement annuity shall certify to the board the number of accumulated unpaid sick leave days credited to the employee at the time of termination of service.

9. For service transferred from another system: Credits and creditable service shall be granted for service under Article 3, 4, 5, 8, 14, or 16 of this Act, to any active member of this Fund, and to any inactive member who has been a county sheriff, upon transfer of such credits pursuant to Section 3-110.3, 4-108.3, 5-235, 8-226.7, 14-105.6, or 16-131.4, and payment by the member of the amount by which (1) the employer and employee contributions that would have been required if he had participated in this Fund as a sheriff's law enforcement employee during the period for which credit is being transferred, plus interest thereon at the effective rate for each year, compounded annually, from the date of termination of the service for which credit is being transferred to the date of payment, exceeds (2) the amount actually transferred to the Fund. Such transferred service shall be deemed to be service as a sheriff's law enforcement employee for the purposes of Section 7-142.1.

10. For service transferred from an Article 3 system under Section 3-110.8: Credits and creditable service shall be granted for service under Article 3 of this Act as provided in Section 3-110.8, to any active member of this Fund upon transfer of such credits pursuant to Section 3-110.8. If the amount by which (1) the employer and employee contributions that would have been required if he had participated in this Fund during the period for which credit is being transferred, plus interest thereon at the effective rate for each year, compounded annually, from the date of termination of the service for which credit is being transferred to the date of payment, exceeds (2) the amount actually transferred to the Fund, then the amount of creditable service established under this paragraph 10 shall be reduced by a corresponding amount in accordance with the rules and procedures established under this paragraph 10.

The board shall establish by rule the manner of making the calculation required under this paragraph 10, taking into account the appropriate actuarial assumptions; the member's service, age, and salary history; the level of funding of the employer; and any other factors that the board determines to be relevant.

(b) Creditable service - amount:

1. One month of creditable service shall be allowed for each month for which a participating employee made contributions as required under Section 7-173, or for which creditable service is otherwise granted hereunder. Not more than 1 month of service shall be credited and counted for 1 calendar month, and not more than 1 year of service shall be credited and counted for any calendar year. A calendar month means a nominal month beginning on the first day thereof, and a calendar year means a year beginning January 1 and ending December 31.

2. A seasonal employee shall be given 12 months of creditable service if he renders the number of months of service normally required by the position in a 12-month period and he remains in service for the entire 12-month period. Otherwise a fractional year of service in the number of months of service rendered shall be credited.

3. An intermittent employee shall be given creditable service for only those months in which a contribution is made under Section 7-173.

(c) No application for correction of credits or creditable service shall be considered unless the board receives an application for correction while (1) the applicant is a participating employee and in active employment with a participating municipality or instrumentality, or (2) while the applicant is actively participating in a pension fund or retirement system which is a participating system under the Retirement Systems Reciprocal Act. A participating employee or other applicant shall not be entitled to credits or creditable service unless the required employee contributions are made in a lump sum or in installments made in accordance with board rule.

(d) Upon the granting of a retirement, surviving spouse or child annuity, a death benefit or a separation benefit, on account of any employee, all individual accumulated credits shall thereupon terminate. Upon the withdrawal of additional contributions, the credits applicable thereto shall thereupon terminate. Terminated credits shall not be applied to increase the benefits any remaining employee would otherwise receive under

this Article.

SENATE BILLS ON SECOND READING

SENATE BILL 13. Having been reproduced, was taken up and read by title a second time.

The following amendment was offered in the Committee on Revenue, adopted and reproduced:

AMENDMENT NO. 1. Amend Senate Bill 13 by replacing everything after the enacting clause with the following:

"Section 5. The Economic Development Area Tax Increment Allocation Act is amended by changing Section 6 as follows:

(20 ILCS 620/6) (from Ch. 67 1/2, par. 1006)

Sec. 6. Filing with county clerk; certification of initial equalized assessed value.

(a) The municipality shall file a certified copy of any ordinance authorizing tax increment allocation financing for an economic development project area with the county clerk, and the county clerk shall immediately thereafter determine (1) the most recently ascertained equalized assessed value of each lot, block, tract or parcel of real property within the economic development project area from which shall be deducted the homestead exemptions provided by Sections 15-170, 15-175, and 15-176 of the Property Tax Code, which value shall be the "initial equalized assessed value" of each such piece of property, and (2) the total equalized assessed value of all taxable real property within the economic development project area by adding together the most recently ascertained equalized assessed value of each taxable lot, block, tract, or parcel of real property within such economic development project area, from which shall be deducted the homestead exemptions provided under Article 15 by ~~Sections 15-170, 15-175, and 15-176~~ of the Property Tax Code, and shall certify such amount as the "total initial equalized assessed value" of the taxable real property within the economic development project area.

(b) After the county clerk has certified the "total initial equalized assessed value" of the taxable real property in the economic development project area, then in respect to every taxing district containing an economic development project area, the county clerk or any other official required by law to ascertain the amount of the equalized assessed value of all taxable property within that taxing district for the purpose of computing the rate per cent of tax to be extended upon taxable property within that taxing district, shall in every year that tax increment allocation financing is in effect ascertain the amount of value of taxable

property in an economic development project area by including in that amount the lower of the current equalized assessed value or the certified "total initial equalized assessed value" of all taxable real property in such area. The rate per cent of tax determined shall be extended to the current equalized assessed value of all property in the economic development project area in the same manner as the rate per cent of tax is extended to all other taxable property in the taxing district. The method of allocating taxes established under this Section shall terminate when the municipality adopts an ordinance dissolving the special tax allocation fund for the economic development project area, terminating the economic development project area, and terminating the use of tax increment allocation financing for the economic development project area. This Act shall not be construed as relieving property owners within an economic development project area from paying a uniform rate of taxes upon the current equalized assessed value of their taxable property as provided in the Property Tax Code.

Section 10. The Property Tax Code is amended by changing Sections 14-15, 15-10, 15-165, 15-170, 15-172, 15-175, 15-176, 20-15, and 20-178 and by adding Sections 15-167, 15-168, 15-169, 15-177, 18-178, and 24-35 as follows:

(35 ILCS 200/14-15)

Sec. 14-15. Certificate of error; counties of 3,000,000 or more.

(a) In counties with 3,000,000 or more inhabitants, if, after the assessment is certified pursuant to Section 16-150, but subject to the limitations of subsection (c) of this Section, the county assessor discovers an error or mistake in the assessment, the assessor shall execute a certificate setting forth the nature and cause of the error. The certificate when endorsed by the county assessor, or when endorsed by the county assessor and board of appeals (until the first Monday in December 1998 and the board of review beginning the first Monday in December 1998 and thereafter) where the certificate is executed for any assessment which was the subject of a complaint filed in the board of appeals (until the first Monday in December 1998 and the board of review beginning the first Monday in December 1998 and thereafter) for the tax year for which the certificate is issued, may, either be certified according to the procedure authorized by this Section or be presented and received in evidence in any court of competent jurisdiction. Certification is authorized, at the discretion of the county assessor, for: (1) certificates of error allowing homestead exemptions under Article 15 pursuant to Sections 15-170, 15-172, 15-175, and 15-176; (2) certificates of error on residential property of 6 units or less; (3) certificates of error allowing exemption of the property pursuant to Section 14-25; and (4) other certificates of error reducing assessed value by less than \$100,000. Any certificate of error not certified shall be presented to the court. The county assessor shall develop reasonable procedures for the filing and processing of certificates of error. Prior to the certification or presentation to the court, the county assessor or his or her designee shall execute and include in the certificate of error a statement attesting that all procedural requirements pertaining to the issuance of the certificate of error have been met and that in fact an error exists. When so introduced in evidence such certificate shall become a part of the court records, and shall not be removed from the files except upon the order of the court.

Certificates of error that will be presented to the court shall be filed as an objection in the application for judgment and order of sale for the year in relation to which the certificate is made or as an amendment to the objection under subsection (b). Certificates of error that are to be certified according to the procedure authorized by this Section need not be presented to the court as an objection or an amendment under subsection (b). The State's Attorney of the county in which the property is situated shall mail a copy of any final judgment entered by the court regarding any certificate of error to the taxpayer of record for the year in question.

Any unpaid taxes after the entry of the final judgment by the court or certification on certificates issued under this Section may be included in a special tax sale, provided that an advertisement is published and a notice is mailed to the person in whose name the taxes were last assessed, in a form and manner substantially similar to the advertisement and notice required under Sections 21-110 and 21-135. The advertisement and sale shall be subject to all provisions of law regulating the annual advertisement and sale of delinquent property, to the extent that those provisions may be made applicable.

A certificate of error certified under this Section shall be given effect by the county treasurer, who shall mark the tax books and, upon receipt of one of the following certificates from the county assessor or the county assessor and the board of review where the board of review is required to endorse the certificate of error, shall issue refunds to the taxpayer accordingly:

"CERTIFICATION

I,, county assessor, hereby certify that the Certificates of Error set out on the attached list have been duly issued to correct an error or mistake in the assessment."

"CERTIFICATION

I,, county assessor, and we,, members of the board of review, hereby certify that the Certificates of Error set out on the attached list have been duly issued to correct an error or mistake in the assessment and that any certificates of error required to be endorsed by the board of review have been so endorsed."

The county treasurer has the power to mark the tax books to reflect the issuance of certificates of error certified according to the procedure authorized in this Section for certificates of error issued under Section 14-25 or certificates of error issued to and including 3 years after the date on which the annual judgment and order of sale for that tax year was first entered. The county treasurer has the power to issue refunds to the taxpayer as set forth above until all refunds authorized by this Section have been completed.

To the extent that the certificate of error obviates the liability for nonpayment of taxes, certification of a certificate of error according to the procedure authorized in this Section shall operate to vacate any judgment or forfeiture as to that year's taxes, and the warrant books and judgment books shall be marked to reflect that the judgment or forfeiture has been vacated.

(b) Nothing in subsection (a) of this Section shall be construed to prohibit the execution, endorsement, issuance, and adjudication of a certificate of error if (i) the annual judgment and order of sale for the tax year in question is reopened for further proceedings upon consent of the county collector and county assessor, represented by the State's Attorney, and (ii) a new final judgment is subsequently entered pursuant to the certificate. This subsection (b) shall be construed as declarative of existing law and not as a new enactment.

(c) No certificate of error, other than a certificate to establish an exemption under Section 14-25, shall be executed for any tax year more than 3 years after the date on which the annual judgment and order of sale for that tax year was first entered, except that during calendar years 1999 and 2000 a certificate of error may be executed for any tax year, provided that the error or mistake in the assessment was discovered no more than 3 years after the date on which the annual judgment and order of sale for that tax year was first entered.

(d) The time limitation of subsection (c) shall not apply to a certificate of error correcting an assessment to \$1, under Section 10-35, on a parcel that a subdivision or planned development has acquired by adverse possession, if during the tax year for which the certificate is executed the subdivision or planned development used the parcel as common area, as defined in Section 10-35, and if application for the certificate of error is made prior to December 1, 1997.

(e) The changes made by this amendatory Act of the 91st General Assembly apply to certificates of error issued before, on, and after the effective date of this amendatory Act of the 91st General Assembly.

Sec. 15-10. Exempt property; procedures for certification. All property granted an exemption by the Department pursuant to the requirements of Section 15-5 and described in the Sections following Section 15-30 and preceding Section 16-5, to the extent therein limited, is exempt from taxation. In order to maintain that exempt status, the titleholder or the owner of the beneficial interest of any property that is exempt must file with the chief county assessment officer, on or before January 31 of each year (May 31 in the case of property exempted by Section 15-170), an affidavit stating whether there has been any change in the ownership or use of the property or the status of the owner-resident, or that a disabled veteran who qualifies under Section 15-165 owned and used the property as of January 1 of that year. The nature of any change shall be stated in the affidavit. Failure to file an affidavit shall, in the discretion of the assessment officer, constitute cause to terminate the exemption of that property, notwithstanding any other provision of this Code. Owners of 5 or more such exempt parcels within a county may file a single annual affidavit in lieu of an affidavit for each parcel. The assessment officer, upon request, shall furnish an affidavit form to the owners, in which the owner may state whether there has been any change in the ownership or use of the property or status of the owner or resident as of January 1 of that year. The owner of 5 or more exempt parcels shall list all the properties giving the same information for each parcel as required of owners who file individual affidavits.

However, titleholders or owners of the beneficial interest in any property exempted under any of the following provisions are not required to submit an annual filing under this Section:

- (1) Section 15-45 (burial grounds) in counties of less than 3,000,000 inhabitants and owned by a not-for-profit organization.
- (2) Section 15-40.
- (3) Section 15-50 (United States property).

If there is a change in use or ownership, however, notice must be filed pursuant to Section 15-20.

An application for homestead exemptions shall be filed as provided in Section 15-170 (senior citizens homestead exemption), Section 15-172 (senior citizens assessment freeze homestead exemption), and Sections 15-175 (general homestead exemption), ~~and~~ 15-176 (general alternative homestead exemption), and 15-177 (long-time occupant homestead exemption), respectively.

(35 ILCS 200/15-165)

Sec. 15-165. Disabled veterans. Property up to an assessed value of \$70,000, owned and used exclusively by a disabled veteran, or the spouse or unmarried surviving spouse of the veteran, as a home, is exempt. As used in this Section, a disabled veteran means a person who has served in the Armed Forces of the United States and whose disability is of such a nature that the Federal Government has authorized payment for purchase or construction of Specially Adapted Housing as set forth in the United States Code, Title 38, Chapter 21, Section 2101.

The exemption applies to housing where Federal funds have been used to purchase or construct special adaptations to suit the veteran's disability.

The exemption also applies to housing that is specially adapted to suit the veteran's disability, and purchased entirely or in part by the proceeds of a sale, casualty loss reimbursement, or other transfer of a home for which the Federal Government had previously authorized payment for purchase or construction as Specially Adapted Housing.

However, the entire proceeds of the sale, casualty loss reimbursement, or other transfer of that housing shall be applied to the acquisition of subsequent specially adapted housing to the extent that the proceeds equal the purchase price of the subsequently acquired housing.

For purposes of this Section, "unmarried surviving spouse" means the surviving spouse of the veteran at any time after the death of the veteran during which such surviving spouse is not married.

This exemption must be reestablished on an annual basis by certification from the Illinois Department of Veterans' Affairs to the Department, which shall forward a copy of the certification to local assessing officials.

A taxpayer who claims an exemption under Section 15-169 may not claim an exemption under this Section.

(35 ILCS 200/15-167 new)

Sec. 15-167. Returning Veterans' Homestead Exemption.

(a) A homestead exemption, limited to a reduction set forth under subsection (b), from the property's value, as equalized or assessed by the Department, is granted for property that is owned and occupied as a residence by a veteran returning from an armed conflict involving the armed forces of the United States who is liable for paying real estate taxes on the property and is an owner of record of the property or has a legal or equitable interest therein as evidenced by a written instrument, except for a leasehold interest, other than a leasehold interest of land on which a single family residence is located, which is occupied as a residence by a veteran returning from an armed conflict involving the armed forces of the United States who has an ownership interest therein, legal, equitable or as a lessee, and on which he or she is liable for the payment of property taxes. For purposes of the exemption under this Section, "veteran" means an Illinois resident who has served as a member of the United States Armed Forces, a member of the Illinois National Guard, or a member of the United States Reserve Forces.

(b) In all counties, the reduction is \$5,000 and only for the tax year in which the veteran returns from active duty in an armed conflict involving the armed forces of the United States. For land improved with an apartment building owned and operated as a cooperative, the maximum reduction from the value of the property, as equalized by the Department, must be multiplied by the number of apartments or units occupied by a veteran returning from an armed conflict involving the armed forces of the United States who is liable, by contract with the owner or owners of record, for paying property taxes on the property and is an owner of record of a legal or equitable interest in the cooperative apartment building, other than a leasehold interest. In a cooperative where a homestead exemption has been granted, the cooperative association or the management firm of the cooperative or facility shall credit the savings resulting from that exemption only to the apportioned tax liability of the owner or resident who qualified for the exemption. Any person who willfully refuses to so credit the savings is guilty of a Class B misdemeanor.

(c) Application must be made during the application period in effect for the county of his or her residence. The assessor or chief county assessment officer may determine the eligibility of residential property to receive the homestead exemption provided by this Section by application, visual inspection,

questionnaire, or other reasonable methods. The determination must be made in accordance with guidelines established by the Department.

(d) The exemption under this Section is in addition to any other homestead provided in Sections 15-170 through 15-177. Notwithstanding Sections 6 and 8 of the State Mandates Act, no reimbursement by the State is required for the implementation of any mandate created by this Section.

(35 ILCS 200/15-168 new)

Sec. 15-168. Disabled persons' homestead exemption.

(a) Beginning with the assessment for the 2007 tax year, an annual homestead exemption is granted to disabled persons in the amount of \$2,000, except as provided in subsection (c), to be deducted from the property's value as equalized or assessed by the Department of Revenue. The disabled person shall receive the homestead exemption upon meeting the following requirements:

(1) The property must be occupied as a residence by the disabled person.

(2) The disabled person must be liable for paying the real estate taxes on the property.

(3) The disabled person must be an owner of record of the property or have a legal or equitable interest in the property as evidenced by a written instrument. In the case of a leasehold interest in property, the lease must be for a single family residence.

A person who is disabled during the current assessment year is eligible to apply for this homestead exemption during that assessment year. Application must be made during the application period in effect for the county of residence. If a homestead exemption has been granted under this Section and the person awarded the exemption subsequently becomes a resident of a facility licensed under the Nursing Home Care Act, then the exemption shall continue (i) so long as the residence continues to be occupied by the qualifying person's spouse or (ii) if the residence remains unoccupied but is still owned by the person qualified for the homestead exemption.

(b) For the purposes of this Section, "disabled person" means a person unable to engage in any substantial gainful activity by reason of a medically determinable physical or mental impairment which can be expected to result in death or has lasted or can be expected to last for a continuous period of not less than 12 months. Disabled persons filing claims under this Act shall submit proof of disability in such form and manner as the Department shall by rule and regulation prescribe. Proof that a claimant is eligible to receive disability benefits under the Federal Social Security Act shall constitute proof of disability for purposes of this Act. Issuance of an Illinois Disabled Person Identification Card stating that the claimant is under a Class 2 disability, as defined in Section 4A of The Illinois Identification Card Act, shall constitute proof that the person named thereon is a disabled person for purposes of this Act. A disabled person not covered under the Federal Social Security Act and not presenting a Disabled Person Identification Card stating that the claimant is under a Class 2 disability shall be examined by a physician designated by the Department, and his status as a disabled person determined using the same standards as used by the Social Security Administration. The costs of any required examination shall be borne by the claimant.

(c) For land improved with (i) an apartment building owned and operated as a cooperative or (ii) a life care facility as defined under Section 2 of the Life Care Facilities Act that is considered to be a cooperative, the maximum reduction from the value of the property, as equalized or assessed by the Department, shall be multiplied by the number of apartments or units occupied by a disabled person. The disabled person shall receive the homestead exemption upon meeting the following requirements:

(1) The property must be occupied as a residence by the disabled person.

(2) The disabled person must be liable by contract with the owner or owners of record for paying the apportioned property taxes on the property of the cooperative or life care facility. In the case of a life care facility, the disabled person must be liable for paying the apportioned property taxes under a life care contract as defined in Section 2 of the Life Care Facilities Act.

(3) The disabled person must be an owner of record of a legal or equitable interest in the cooperative apartment building. A leasehold interest does not meet this requirement.

If a homestead exemption is granted under this subsection, the cooperative association or management firm shall credit the savings resulting from the exemption to the apportioned tax liability of the qualifying disabled person. The chief county assessment officer may request reasonable proof that the association or firm has properly credited the exemption. A person who willfully refuses to credit an exemption to the qualified disabled person is guilty of a Class B misdemeanor.

(d) The chief county assessment officer shall determine the eligibility of property to receive the homestead exemption according to guidelines established by the Department. After a person has received an exemption under this Section, an annual verification of eligibility for the exemption shall be mailed to the taxpayer.

The chief county assessment officer shall provide to each person granted a homestead exemption under this Section a form to designate any other person to receive a duplicate of any notice of delinquency in the payment of taxes assessed and levied under this Code on the person's qualifying property. The duplicate notice shall be in addition to the notice required to be provided to the person receiving the exemption and shall be given in the manner required by this Code. The person filing the request for the duplicate notice shall pay an administrative fee of \$5 to the chief county assessment officer. The assessment officer shall then file the executed designation with the county collector, who shall issue the duplicate notices as indicated by the designation. A designation may be rescinded by the disabled person in the manner required by the chief county assessment officer.

(35 ILCS 200/15-169 new)

Sec. 15-169. Disabled veterans standard homestead exemption.

(a) An annual homestead exemption, limited to the amounts set forth in subsection (b), is granted for property that is used as a qualified residence by a disabled veteran.

(b) The amount of the exemption under this Section is as follows:

(1) for veterans with a service-connected disability of at least 75%, as certified by the United States Department of Veterans Affairs, the annual exemption is \$5,000; and

(2) for veterans with a service-connected disability of at least 50%, but less than 75%, as certified by the United States Department of Veterans Affairs, the annual exemption is \$2,500.

(c) The tax exemption under this Section carries over to the benefit of the veteran's surviving spouse as long as the spouse holds the legal or beneficial title to the homestead, permanently resides thereon, and does not remarry. If the surviving spouse sells the property, an exemption not to exceed the amount granted from the most recent ad valorem tax roll may be transferred to his or her new residence as long as it is used as his or her primary residence and he or she does not remarry.

(d) The exemption under this Section applies for taxable year 2007 and thereafter. A taxpayer who claims an exemption under Section 16-165 may not claim an exemption under this Section.

(e) For the purposes of this Section:

"Qualified residence" means real property, but less any portion of that property that is used for commercial purposes, with an equalized assessed value of less than \$250,000. Property rented for more than 6 months is presumed to be used for commercial purposes.

"Veteran" means an Illinois resident who has served as a member of the United States Armed Forces on active duty or State active duty, a member of the Illinois National Guard, or a member of the United States Reserve Forces and who has received an honorable discharge.

(35 ILCS 200/15-170)

Sec. 15-170. Senior Citizens Homestead Exemption. An annual homestead exemption limited, except as described here with relation to cooperatives or life care facilities, to a maximum reduction set forth below from the property's value, as equalized or assessed by the Department, is granted for property that is occupied as a residence by a person 65 years of age or older who is liable for paying real estate taxes on the property and is an owner of record of the property or has a legal or equitable interest therein as evidenced by a written instrument, except for a leasehold interest, other than a leasehold interest of land on which a single family residence is located, which is occupied as a residence by a person 65 years or older who has an ownership interest therein, legal, equitable or as a lessee, and on which he or she is liable for the payment of property taxes. Before taxable year 2004, the maximum reduction shall be \$2,500 in counties with 3,000,000 or more inhabitants and \$2,000 in all other counties. For taxable years 2004 through 2005, the maximum reduction shall be \$3,000 in all counties. For taxable years 2006 and 2007 thereafter, the maximum reduction shall be \$3,500 and, for taxable years 2008 and thereafter, the maximum reduction is \$4,000 in all counties.

For land improved with an apartment building owned and operated as a cooperative, the maximum reduction from the value of the property, as equalized by the Department, shall be multiplied by the number of apartments or units occupied by a person 65 years of age or older who is liable, by contract with the owner or owners of record, for paying property taxes on the property and is an owner of record of a legal or equitable interest in the cooperative apartment building, other than a leasehold interest. For land improved with a life care facility, the maximum reduction from the value of the property, as equalized by the Department, shall be multiplied by the number of apartments or units occupied by persons 65 years of age or older, irrespective of any legal, equitable, or leasehold interest in the facility, who are liable, under a contract with the owner or owners of record of the facility, for paying property taxes on the property. In a cooperative or a life care facility where a homestead exemption has been granted, the cooperative association or the management firm of the cooperative or facility shall credit the savings resulting from that

exemption only to the apportioned tax liability of the owner or resident who qualified for the exemption. Any person who willfully refuses to so credit the savings shall be guilty of a Class B misdemeanor. Under this Section and Sections 15-175 ~~and~~ 15-176, and 15-177 "life care facility" means a facility as defined in Section 2 of the Life Care Facilities Act, with which the applicant for the homestead exemption has a life care contract as defined in that Act.

When a homestead exemption has been granted under this Section and the person qualifying subsequently becomes a resident of a facility licensed under the Nursing Home Care Act, the exemption shall continue so long as the residence continues to be occupied by the qualifying person's spouse if the spouse is 65 years of age or older, or if the residence remains unoccupied but is still owned by the person qualified for the homestead exemption.

A person who will be 65 years of age during the current assessment year shall be eligible to apply for the homestead exemption during that assessment year. Application shall be made during the application period in effect for the county of his residence.

Beginning with assessment year 2003, for taxes payable in 2004, property that is first occupied as a residence after January 1 of any assessment year by a person who is eligible for the senior citizens homestead exemption under this Section must be granted a pro-rata exemption for the assessment year. The amount of the pro-rata exemption is the exemption allowed in the county under this Section divided by 365 and multiplied by the number of days during the assessment year the property is occupied as a residence by a person eligible for the exemption under this Section. The chief county assessment officer must adopt reasonable procedures to establish eligibility for this pro-rata exemption.

The assessor or chief county assessment officer may determine the eligibility of a life care facility to receive the benefits provided by this Section, by affidavit, application, visual inspection, questionnaire or other reasonable methods in order to insure that the tax savings resulting from the exemption are credited by the management firm to the apportioned tax liability of each qualifying resident. The assessor may request reasonable proof that the management firm has so credited the exemption.

The chief county assessment officer of each county with less than 3,000,000 inhabitants shall provide to each person allowed a homestead exemption under this Section a form to designate any other person to receive a duplicate of any notice of delinquency in the payment of taxes assessed and levied under this Code on the property of the person receiving the exemption. The duplicate notice shall be in addition to the notice required to be provided to the person receiving the exemption, and shall be given in the manner required by this Code. The person filing the request for the duplicate notice shall pay a fee of \$5 to cover administrative costs to the supervisor of assessments, who shall then file the executed designation with the county collector. Notwithstanding any other provision of this Code to the contrary, the filing of such an executed designation requires the county collector to provide duplicate notices as indicated by the designation. A designation may be rescinded by the person who executed such designation at any time, in the manner and form required by the chief county assessment officer.

The assessor or chief county assessment officer may determine the eligibility of residential property to receive the homestead exemption provided by this Section by application, visual inspection, questionnaire or other reasonable methods. The determination shall be made in accordance with guidelines established by the Department.

In counties with less than 3,000,000 inhabitants, the county board may by resolution provide that if a person has been granted a homestead exemption under this Section, the person qualifying need not reapply for the exemption.

In counties with less than 3,000,000 inhabitants, if the assessor or chief county assessment officer requires annual application for verification of eligibility for an exemption once granted under this Section, the application shall be mailed to the taxpayer.

The assessor or chief county assessment officer shall notify each person who qualifies for an exemption under this Section that the person may also qualify for deferral of real estate taxes under the Senior Citizens Real Estate Tax Deferral Act. The notice shall set forth the qualifications needed for deferral of real estate taxes, the address and telephone number of county collector, and a statement that applications for deferral of real estate taxes may be obtained from the county collector.

Notwithstanding Sections 6 and 8 of the State Mandates Act, no reimbursement by the State is required for the implementation of any mandate created by this Section.

Sec. 15-172. Senior Citizens Assessment Freeze Homestead Exemption.

(a) This Section may be cited as the Senior Citizens Assessment Freeze Homestead Exemption.

(b) As used in this Section:

"Applicant" means an individual who has filed an application under this Section.

"Base amount" means the base year equalized assessed value of the residence plus the first year's equalized assessed value of any added improvements which increased the assessed value of the residence after the base year.

"Base year" means the taxable year prior to the taxable year for which the applicant first qualifies and applies for the exemption provided that in the prior taxable year the property was improved with a permanent structure that was occupied as a residence by the applicant who was liable for paying real property taxes on the property and who was either (i) an owner of record of the property or had legal or equitable interest in the property as evidenced by a written instrument or (ii) had a legal or equitable interest as a lessee in the parcel of property that was single family residence. If in any subsequent taxable year for which the applicant applies and qualifies for the exemption the equalized assessed value of the residence is less than the equalized assessed value in the existing base year (provided that such equalized assessed value is not based on an assessed value that results from a temporary irregularity in the property that reduces the assessed value for one or more taxable years), then that subsequent taxable year shall become the base year until a new base year is established under the terms of this paragraph. For taxable year 1999 only, the Chief County Assessment Officer shall review (i) all taxable years for which the applicant applied and qualified for the exemption and (ii) the existing base year. The assessment officer shall select as the new base year the year with the lowest equalized assessed value. An equalized assessed value that is based on an assessed value that results from a temporary irregularity in the property that reduces the assessed value for one or more taxable years shall not be considered the lowest equalized assessed value. The selected year shall be the base year for taxable year 1999 and thereafter until a new base year is established under the terms of this paragraph.

"Chief County Assessment Officer" means the County Assessor or Supervisor of Assessments of the county in which the property is located.

"Equalized assessed value" means the assessed value as equalized by the Illinois Department of Revenue.

"Household" means the applicant, the spouse of the applicant, and all persons using the residence of the applicant as their principal place of residence.

"Household income" means the combined income of the members of a household for the calendar year preceding the taxable year.

"Income" has the same meaning as provided in Section 3.07 of the Senior Citizens and Disabled Persons Property Tax Relief and Pharmaceutical Assistance Act, except that, beginning in assessment year 2001, "income" does not include veteran's benefits.

"Internal Revenue Code of 1986" means the United States Internal Revenue Code of 1986 or any successor law or laws relating to federal income taxes in effect for the year preceding the taxable year.

"Life care facility that qualifies as a cooperative" means a facility as defined in Section 2 of the Life Care Facilities Act.

"Maximum income limitation" means:

- (1) \$35,000 prior to taxable year 1999;
- (2) \$40,000 in taxable years 1999 through 2003;
- (3) \$45,000 in taxable years, 2004 through 2006;
- (4) \$50,000 in taxable year 2007; and
- (5) \$55,000 in taxable year 2008 and thereafter.

"Residence" means the principal dwelling place and appurtenant structures used for residential purposes in this State occupied on January 1 of the taxable year by a household and so much of the surrounding land, constituting the parcel upon which the dwelling place is situated, as is used for residential purposes. If the Chief County Assessment Officer has established a specific legal description for a portion of property constituting the residence, then that portion of property shall be deemed the residence for the purposes of this Section.

"Taxable year" means the calendar year during which ad valorem property taxes payable in the next succeeding year are levied.

(c) Beginning in taxable year 1994, a senior citizens assessment freeze homestead exemption is granted for real property that is improved with a permanent structure that is occupied as a residence by an applicant who (i) is 65 years of age or older during the taxable year, (ii) has a household income that does not exceed the maximum income limitation of \$35,000 or less prior to taxable year 1999, \$40,000 or less in taxable years 1999 through 2003, \$45,000 or less in taxable year 2004 and 2005, and \$50,000 or less in taxable

~~year 2006 and thereafter~~, (iii) is liable for paying real property taxes on the property, and (iv) is an owner of record of the property or has a legal or equitable interest in the property as evidenced by a written instrument. This homestead exemption shall also apply to a leasehold interest in a parcel of property improved with a permanent structure that is a single family residence that is occupied as a residence by a person who (i) is 65 years of age or older during the taxable year, (ii) has a household income that does not exceed the maximum income limitation of \$35,000 or less prior to taxable year 1999, \$40,000 or less in taxable years 1999 through 2003, \$45,000 or less in taxable year 2004 and 2005, and \$50,000 or less in taxable year 2006 and thereafter, (iii) has a legal or equitable ownership interest in the property as lessee, and (iv) is liable for the payment of real property taxes on that property.

Through taxable year 2005 ~~and for taxable year 2007 and thereafter~~, the amount of this exemption shall be the equalized assessed value of the residence in the taxable year for which application is made minus the base amount. For taxable year 2006 ~~and thereafter~~, the amount of the exemption is as follows:

(1) For an applicant who has a household income of \$45,000 or less, the amount of the exemption is the equalized assessed value of the residence in the taxable year for which application is made minus the base amount.

(2) For an applicant who has a household income exceeding \$45,000 but not exceeding \$46,250, the amount of the exemption is (i) the equalized assessed value of the residence in the taxable year for which application is made minus the base amount (ii) multiplied by 0.8.

(3) For an applicant who has a household income exceeding \$46,250 but not exceeding \$47,500, the amount of the exemption is (i) the equalized assessed value of the residence in the taxable year for which application is made minus the base amount (ii) multiplied by 0.6.

(4) For an applicant who has a household income exceeding \$47,500 but not exceeding \$48,750, the amount of the exemption is (i) the equalized assessed value of the residence in the taxable year for which application is made minus the base amount (ii) multiplied by 0.4.

(5) For an applicant who has a household income exceeding \$48,750 but not exceeding \$50,000, the amount of the exemption is (i) the equalized assessed value of the residence in the taxable year for which application is made minus the base amount (ii) multiplied by 0.2.

When the applicant is a surviving spouse of an applicant for a prior year for the same residence for which an exemption under this Section has been granted, the base year and base amount for that residence are the same as for the applicant for the prior year.

Each year at the time the assessment books are certified to the County Clerk, the Board of Review or Board of Appeals shall give to the County Clerk a list of the assessed values of improvements on each parcel qualifying for this exemption that were added after the base year for this parcel and that increased the assessed value of the property.

In the case of land improved with an apartment building owned and operated as a cooperative or a building that is a life care facility that qualifies as a cooperative, the maximum reduction from the equalized assessed value of the property is limited to the sum of the reductions calculated for each unit occupied as a residence by a person or persons (i) 65 years of age or older, (ii) with a household income that does not exceed the maximum income limitation of \$35,000 or less prior to taxable year 1999, \$40,000 or less in taxable years 1999 through 2003, \$45,000 or less in taxable year 2004 and 2005, and \$50,000 or less in taxable year 2006 and thereafter, (iii) who is liable, by contract with the owner or owners of record, for paying real property taxes on the property, and (iv) who is an owner of record of a legal or equitable interest in the cooperative apartment building, other than a leasehold interest. In the instance of a cooperative where a homestead exemption has been granted under this Section, the cooperative association or its management firm shall credit the savings resulting from that exemption only to the apportioned tax liability of the owner who qualified for the exemption. Any person who willfully refuses to credit that savings to an owner who qualifies for the exemption is guilty of a Class B misdemeanor.

When a homestead exemption has been granted under this Section and an applicant then becomes a resident of a facility licensed under the Nursing Home Care Act, the exemption shall be granted in subsequent years so long as the residence (i) continues to be occupied by the qualified applicant's spouse or (ii) if remaining unoccupied, is still owned by the qualified applicant for the homestead exemption.

Beginning January 1, 1997, when an individual dies who would have qualified for an exemption under this Section, and the surviving spouse does not independently qualify for this exemption because of age, the exemption under this Section shall be granted to the surviving spouse for the taxable year preceding and the taxable year of the death, provided that, except for age, the surviving spouse meets all other qualifications for the granting of this exemption for those years.

When married persons maintain separate residences, the exemption provided for in this Section may be

claimed by only one of such persons and for only one residence.

For taxable year 1994 only, in counties having less than 3,000,000 inhabitants, to receive the exemption, a person shall submit an application by February 15, 1995 to the Chief County Assessment Officer of the county in which the property is located. In counties having 3,000,000 or more inhabitants, for taxable year 1994 and all subsequent taxable years, to receive the exemption, a person may submit an application to the Chief County Assessment Officer of the county in which the property is located during such period as may be specified by the Chief County Assessment Officer. The Chief County Assessment Officer in counties of 3,000,000 or more inhabitants shall annually give notice of the application period by mail or by publication. In counties having less than 3,000,000 inhabitants, beginning with taxable year 1995 and thereafter, to receive the exemption, a person shall submit an application by July 1 of each taxable year to the Chief County Assessment Officer of the county in which the property is located. A county may, by ordinance, establish a date for submission of applications that is different than July 1. The applicant shall submit with the application an affidavit of the applicant's total household income, age, marital status (and if married the name and address of the applicant's spouse, if known), and principal dwelling place of members of the household on January 1 of the taxable year. The Department shall establish, by rule, a method for verifying the accuracy of affidavits filed by applicants under this Section, and the Chief County Assessment Officer may conduct audits of any taxpayer claiming an exemption under this Section to verify that the taxpayer is eligible to receive the exemption. Each application shall contain or be verified by a written declaration that it is made under the penalties of perjury. A taxpayer's signing a fraudulent application under this Act is perjury, as defined in Section 32-2 of the Criminal Code of 1961. The applications shall be clearly marked as applications for the Senior Citizens Assessment Freeze Homestead Exemption and must contain a notice that any taxpayer who receives the exemption is subject to an audit by the Chief County Assessment Officer.

Notwithstanding any other provision to the contrary, in counties having fewer than 3,000,000 inhabitants, if an applicant fails to file the application required by this Section in a timely manner and this failure to file is due to a mental or physical condition sufficiently severe so as to render the applicant incapable of filing the application in a timely manner, the Chief County Assessment Officer may extend the filing deadline for a period of 30 days after the applicant regains the capability to file the application, but in no case may the filing deadline be extended beyond 3 months of the original filing deadline. In order to receive the extension provided in this paragraph, the applicant shall provide the Chief County Assessment Officer with a signed statement from the applicant's physician stating the nature and extent of the condition, that, in the physician's opinion, the condition was so severe that it rendered the applicant incapable of filing the application in a timely manner, and the date on which the applicant regained the capability to file the application.

Beginning January 1, 1998, notwithstanding any other provision to the contrary, in counties having fewer than 3,000,000 inhabitants, if an applicant fails to file the application required by this Section in a timely manner and this failure to file is due to a mental or physical condition sufficiently severe so as to render the applicant incapable of filing the application in a timely manner, the Chief County Assessment Officer may extend the filing deadline for a period of 3 months. In order to receive the extension provided in this paragraph, the applicant shall provide the Chief County Assessment Officer with a signed statement from the applicant's physician stating the nature and extent of the condition, and that, in the physician's opinion, the condition was so severe that it rendered the applicant incapable of filing the application in a timely manner.

In counties having less than 3,000,000 inhabitants, if an applicant was denied an exemption in taxable year 1994 and the denial occurred due to an error on the part of an assessment official, or his or her agent or employee, then beginning in taxable year 1997 the applicant's base year, for purposes of determining the amount of the exemption, shall be 1993 rather than 1994. In addition, in taxable year 1997, the applicant's exemption shall also include an amount equal to (i) the amount of any exemption denied to the applicant in taxable year 1995 as a result of using 1994, rather than 1993, as the base year, (ii) the amount of any exemption denied to the applicant in taxable year 1996 as a result of using 1994, rather than 1993, as the base year, and (iii) the amount of the exemption erroneously denied for taxable year 1994.

For purposes of this Section, a person who will be 65 years of age during the current taxable year shall be eligible to apply for the homestead exemption during that taxable year. Application shall be made during the application period in effect for the county of his or her residence.

The Chief County Assessment Officer may determine the eligibility of a life care facility that qualifies as a cooperative to receive the benefits provided by this Section by use of an affidavit, application, visual inspection, questionnaire, or other reasonable method in order to insure that the tax savings resulting from

the exemption are credited by the management firm to the apportioned tax liability of each qualifying resident. The Chief County Assessment Officer may request reasonable proof that the management firm has so credited that exemption.

Except as provided in this Section, all information received by the chief county assessment officer or the Department from applications filed under this Section, or from any investigation conducted under the provisions of this Section, shall be confidential, except for official purposes or pursuant to official procedures for collection of any State or local tax or enforcement of any civil or criminal penalty or sanction imposed by this Act or by any statute or ordinance imposing a State or local tax. Any person who divulges any such information in any manner, except in accordance with a proper judicial order, is guilty of a Class A misdemeanor.

Nothing contained in this Section shall prevent the Director or chief county assessment officer from publishing or making available reasonable statistics concerning the operation of the exemption contained in this Section in which the contents of claims are grouped into aggregates in such a way that information contained in any individual claim shall not be disclosed.

(d) Each Chief County Assessment Officer shall annually publish a notice of availability of the exemption provided under this Section. The notice shall be published at least 60 days but no more than 75 days prior to the date on which the application must be submitted to the Chief County Assessment Officer of the county in which the property is located. The notice shall appear in a newspaper of general circulation in the county.

Notwithstanding Sections 6 and 8 of the State Mandates Act, no reimbursement by the State is required for the implementation of any mandate created by this Section.

(35 ILCS 200/15-175)

Sec. 15-175. General homestead exemption. Except as provided in Sections 15-176 and 15-177 ~~Section 15-176~~, homestead property is entitled to an annual homestead exemption limited, except as described here with relation to cooperatives, to a reduction in the equalized assessed value of homestead property equal to the increase in equalized assessed value for the current assessment year above the equalized assessed value of the property for 1977, up to the maximum reduction set forth below. If however, the 1977 equalized assessed value upon which taxes were paid is subsequently determined by local assessing officials, the Property Tax Appeal Board, or a court to have been excessive, the equalized assessed value which should have been placed on the property for 1977 shall be used to determine the amount of the exemption.

Except as provided in Section 15-176, the maximum reduction before taxable year 2004 shall be \$4,500 in counties with 3,000,000 or more inhabitants and \$3,500 in all other counties. Except as provided in Sections 15-176 and 15-177 ~~Section 15-176~~, for taxable years 2004 through 2007 and thereafter, the maximum reduction shall be \$5,000 , for taxable year 2008, the maximum reduction is \$5,500, and, for taxable years 2009 and thereafter, the maximum reduction is \$6,000 in all counties. ~~If a county has elected to subject itself to the provisions of Section 15-176 as provided in subsection (k) of that Section, then, for the first taxable year only after the provisions of Section 15-176 no longer apply, for owners (i) who have not been granted a senior citizens assessment freeze homestead exemption under Section 15-172 for the taxable year and (ii) whose qualified property has an assessed valuation that has increased by more than 20% over the previous assessed valuation of the property, there shall be an additional exemption of \$5,000 for owners with a household income of \$30,000 or less. For purposes of this paragraph, "household income" has the meaning set forth in this Section 15-175.~~

In counties with fewer than 3,000,000 inhabitants, if, based on the most recent assessment, the equalized assessed value of the homestead property for the current assessment year is greater than the equalized assessed value of the property for 1977, the owner of the property shall automatically receive the exemption granted under this Section in an amount equal to the increase over the 1977 assessment up to the maximum reduction set forth in this Section.

If in any assessment year beginning with the 2000 assessment year, homestead property has a pro-rata valuation under Section 9-180 resulting in an increase in the assessed valuation, a reduction in equalized assessed valuation equal to the increase in equalized assessed value of the property for the year of the pro-rata valuation above the equalized assessed value of the property for 1977 shall be applied to the property on a proportionate basis for the period the property qualified as homestead property during the assessment year. The maximum proportionate homestead exemption shall not exceed the maximum homestead exemption allowed in the county under this Section divided by 365 and multiplied by the number of days the property qualified as homestead property.

"Homestead property" under this Section includes residential property that is occupied by its owner or

owners as his or their principal dwelling place, or that is a leasehold interest on which a single family residence is situated, which is occupied as a residence by a person who has an ownership interest therein, legal or equitable or as a lessee, and on which the person is liable for the payment of property taxes. For land improved with an apartment building owned and operated as a cooperative or a building which is a life care facility as defined in Section 15-170 and considered to be a cooperative under Section 15-170, the maximum reduction from the equalized assessed value shall be limited to the increase in the value above the equalized assessed value of the property for 1977, up to the maximum reduction set forth above, multiplied by the number of apartments or units occupied by a person or persons who is liable, by contract with the owner or owners of record, for paying property taxes on the property and is an owner of record of a legal or equitable interest in the cooperative apartment building, other than a leasehold interest. For purposes of this Section, the term "life care facility" has the meaning stated in Section 15-170.

"Household", as used in this Section, means the owner, the spouse of the owner, and all persons using the residence of the owner as their principal place of residence.

"Household income", as used in this Section, means the combined income of the members of a household for the calendar year preceding the taxable year.

"Income", as used in this Section, has the same meaning as provided in Section 3.07 of the Senior Citizens and Disabled Persons Property Tax Relief and Pharmaceutical Assistance Act, except that "income" does not include veteran's benefits.

In a cooperative where a homestead exemption has been granted, the cooperative association or its management firm shall credit the savings resulting from that exemption only to the apportioned tax liability of the owner who qualified for the exemption. Any person who willfully refuses to so credit the savings shall be guilty of a Class B misdemeanor.

Where married persons maintain and reside in separate residences qualifying as homestead property, each residence shall receive 50% of the total reduction in equalized assessed valuation provided by this Section.

In all counties, the assessor or chief county assessment officer may determine the eligibility of residential property to receive the homestead exemption and the amount of the exemption by application, visual inspection, questionnaire or other reasonable methods. The determination shall be made in accordance with guidelines established by the Department, provided that the taxpayer applying for an additional general exemption under this Section shall submit to the chief county assessment officer an application with an affidavit of the applicant's total household income, age, marital status (and, if married, the name and address of the applicant's spouse, if known), and principal dwelling place of members of the household on January 1 of the taxable year. The Department shall issue guidelines establishing a method for verifying the accuracy of the affidavits filed by applicants under this paragraph. The applications shall be clearly marked as applications for the Additional General Homestead Exemption.

In counties with fewer than 3,000,000 inhabitants, in the event of a sale of homestead property the homestead exemption shall remain in effect for the remainder of the assessment year of the sale. The assessor or chief county assessment officer may require the new owner of the property to apply for the homestead exemption for the following assessment year.

Notwithstanding Sections 6 and 8 of the State Mandates Act, no reimbursement by the State is required for the implementation of any mandate created by this Section.

(35 ILCS 200/15-176)

Sec. 15-176. Alternative general homestead exemption.

(a) For the assessment years as determined under subsection (j), in any county that has elected, by an ordinance in accordance with subsection (k), to be subject to the provisions of this Section in lieu of the provisions of Section 15-175, homestead property is entitled to an annual homestead exemption equal to a reduction in the property's equalized assessed value calculated as provided in this Section.

(b) As used in this Section:

(1) "Assessor" means the supervisor of assessments or the chief county assessment officer of each county.

(2) "Adjusted homestead value" means the lesser of the following values:

(A) The property's base homestead value increased by 7% for each tax year after the base year through and including the current tax year, or, if the property is sold or ownership is otherwise transferred, the property's base homestead value increased by 7% for each tax year after the year of the sale or transfer through and including the current tax year. The increase by 7% each year is an increase by 7% over the prior year.

(B) The property's equalized assessed value for the current tax year minus: (i) \$4,500 in Cook County or \$3,500 in all other counties in tax year 2003; ~~or~~ (ii) \$5,000 in all counties in tax years ~~year~~ 2004 and 2005; and (iii) the lesser of \$5,000 or an amount equal to the increase in the equalized assessed value for the current tax year above the equalized assessed value for 1977 in tax year 2006 and thereafter.

(3) "Base homestead value".

(A) Except as provided in subdivision (b)(3)(A-5) or (b)(3)(B), "base homestead value" means the equalized assessed value of the property for the base year prior to exemptions, minus (i) \$4,500 in Cook County or \$3,500 in all other counties in tax year 2003 or (ii) \$5,000 in all counties in tax year 2004 and thereafter, provided that it was assessed for that year as residential property qualified for any of the homestead exemptions under Sections 15-170 through 15-175 of this Code, then in force, and further provided that the property's assessment was not based on a reduced assessed value resulting from a temporary irregularity in the property for that year. Except as provided in subdivision (b)(3)(B), if the property did not have a residential equalized assessed value for the base year, then "base homestead value" means the base homestead value established by the assessor under subsection (c).

(A-5) On or before July 1, 2007, in Cook County, the base homestead value, as set forth under subdivision (b)(3)(A) and except as provided under subdivision (b) (3) (B), must be recalculated as the equalized assessed value of the property for the base year, prior to exemptions, minus:

(1) if the general assessment year for the property was 2003, the lesser of (i) \$4,500 or (ii) the amount equal to the increase in equalized assessed value for the 2002 tax year above the equalized assessed value for 1977;

(2) if the general assessment year for the property was 2004, the lesser of (i) \$4,500 or (ii) the amount equal to the increase in equalized assessed value for the 2003 tax year above the equalized assessed value for 1977;

(3) if the general assessment year for the property was 2005, the lesser of (i) \$5,000 or (ii) the amount equal to the increase in equalized assessed value for the 2004 tax year above the equalized assessed value for 1977.

(B) If the property is sold or ownership is otherwise transferred, other than sales or transfers between spouses or between a parent and a child, "base homestead value" means the equalized assessed value of the property at the time of the sale or transfer prior to exemptions, minus: (i) \$4,500 in Cook County or \$3,500 in all other counties in tax year 2003; ~~or~~ (ii) \$5,000 in all counties in tax years ~~year~~ 2004 and 2005; and (iii) the lesser of \$5,000 or an amount equal to the increase in the equalized assessed value for the current tax year above the equalized assessed value for 1977 in tax year 2006 and thereafter, provided that it was assessed as residential property qualified for any of the homestead exemptions under Sections 15-170 through 15-175 of this Code, then in force, and further provided that the property's assessment was not based on a reduced assessed value resulting from a temporary irregularity in the property.

(3.5) "Base year" means (i) tax year 2002 in Cook County or (ii) tax year 2005 or 2006 ~~2002 or 2003~~ in all other

counties in accordance with the designation made by the county as provided in subsection (k).

(4) "Current tax year" means the tax year for which the exemption under this Section is being applied.

(5) "Equalized assessed value" means the property's assessed value as equalized by the Department.

(6) "Homestead" or "homestead property" means:

(A) Residential property that as of January 1 of the tax year is occupied by its owner or owners as his, her, or their principal dwelling place, or that is a leasehold interest on which a single family residence is situated, that is occupied as a residence by a person who has a legal or equitable interest therein evidenced by a written instrument, as an owner or as a lessee, and on which the person is liable for the payment of property taxes. Residential units in an apartment building owned and operated as a cooperative, or as a life care facility, which are occupied by persons who hold a legal or equitable interest in the cooperative apartment building or life care facility as owners or lessees, and who are liable by contract for the payment of property taxes, shall be included within this definition of homestead property.

(B) A homestead includes the dwelling place, appurtenant structures, and so much of the surrounding land constituting the parcel on which the dwelling place is situated as is used for

residential purposes. If the assessor has established a specific legal description for a portion of property constituting the homestead, then the homestead shall be limited to the property within that description.

(7) "Life care facility" means a facility as defined in Section 2 of the Life Care Facilities Act.

(c) If the property did not have a residential equalized assessed value for the base year as provided in subdivision (b)(3)(A) of this Section, then the assessor shall first determine an initial value for the property by comparison with assessed values for the base year of other properties having physical and economic characteristics similar to those of the subject property, so that the initial value is uniform in relation to assessed values of those other properties for the base year. The product of the initial value multiplied by the equalized factor for the base year for homestead properties in that county, less: (i) \$4,500 in Cook County or \$3,500 in all other counties in tax ~~years year~~ 2003; ~~or~~ (ii) \$5,000 in all counties in tax year 2004 and 2005; and (iii) the lesser of \$5,000 or an amount equal to the increase in the equalized assessed value for the current tax year above the equalized assessed value for 1977 in tax year 2006 and thereafter, is the base homestead value.

For any tax year for which the assessor determines or adjusts an initial value and hence a base homestead value under this subsection (c), the initial value shall be subject to review by the same procedures applicable to assessed values established under this Code for that tax year.

(d) The base homestead value shall remain constant, except that the assessor may revise it under the following circumstances:

(1) If the equalized assessed value of a homestead property for the current tax year is less than the previous base homestead value for that property, then the current equalized assessed value (provided it is not based on a reduced assessed value resulting from a temporary irregularity in the property) shall become the base homestead value in subsequent tax years.

(2) For any year in which new buildings, structures, or other improvements are constructed on the homestead property that would increase its assessed value, the assessor shall adjust the base homestead value as provided in subsection (c) of this Section with due regard to the value added by the new improvements.

(3) If the property is sold or ownership is otherwise transferred, the base homestead value of the property shall be adjusted as provided in subdivision (b)(3)(B). This item (3) does not apply to sales or transfers between spouses or between a parent and a child.

(4) the recalculation required in Cook County under subdivision (b)(3)(A-5).

(e) The amount of the exemption under this Section is the equalized assessed value of the homestead property for the current tax year, minus the adjusted homestead value, with the following exceptions:

(1) In Cook County, the exemption under this Section shall not exceed \$20,000 for any taxable year through tax year:

(i) 2005, if the general assessment year for the property is 2003;

(ii) 2006, if the general assessment year for the property is 2004; or

(iii) 2007, if the general assessment year for the property is 2005.

Thereafter, in Cook County, and in all other counties, the exemption is as follows:

(1) if the general assessment year for the property is 2006, then the exemption may not exceed: \$30,000 for taxable year 2006; \$24,000 for taxable year 2007; and \$18,000 for taxable year 2008;

(2) if the general assessment year for the property is 2007, then the exemption may not exceed: \$30,000 for taxable year 2007; \$24,000 for taxable year 2008; and \$18,000 for taxable year 2009; and

(3) if the general assessment year for the property is 2008, then the exemption may not exceed: \$30,000 for taxable year 2008; \$24,000 for taxable year 2009; and \$18,000 for taxable year 2010.

(1.5) In Cook County, for the 2006 taxable year only, the maximum amount of the exemption set forth under item (1) may be increased: (i) by \$10,000 if the equalized assessed value of the property in that taxable year exceeds the equalized assessed value of that property in 2002 by 100% or more; or (ii) by \$5,000 if the equalized assessed value of the property in that taxable year exceeds the equalized assessed value of that property in 2002 by more than 80% but less than 100%.

(2) In the case of homestead property that also qualifies for the exemption under

Section 15-172, the property is entitled to the exemption under this Section, limited to the amount of (i) \$4,500 in Cook County or \$3,500 in all other counties in tax year 2003 or (ii) \$5,000 in all counties in tax year 2004 and thereafter.

(f) In the case of an apartment building owned and operated as a cooperative, or as a life care facility, that contains residential units that qualify as homestead property under this Section, the maximum

cumulative exemption amount attributed to the entire building or facility shall not exceed the sum of the exemptions calculated for each qualified residential unit. The cooperative association, management firm, or other person or entity that manages or controls the cooperative apartment building or life care facility shall credit the exemption attributable to each residential unit only to the apportioned tax liability of the owner or other person responsible for payment of taxes as to that unit. Any person who willfully refuses to so credit the exemption is guilty of a Class B misdemeanor.

(g) When married persons maintain separate residences, the exemption provided under this Section shall be claimed by only one such person and for only one residence.

(h) In the event of a sale or other transfer in ownership of the homestead property, the exemption under this Section shall remain in effect for the remainder of the tax year and be calculated using the same base homestead value in which the sale or transfer occurs, but (other than for sales or transfers between spouses or between a parent and a child) shall be calculated for any subsequent tax year using the new base homestead value as provided in subdivision (b)(3)(B). The assessor may require the new owner of the property to apply for the exemption in the following year.

(i) The assessor may determine whether property qualifies as a homestead under this Section by application, visual inspection, questionnaire, or other reasonable methods. Each year, at the time the assessment books are certified to the county clerk by the board of review, the assessor shall furnish to the county clerk a list of the properties qualified for the homestead exemption under this Section. The list shall note the base homestead value of each property to be used in the calculation of the exemption for the current tax year.

(j) In counties with 3,000,000 or more inhabitants, the provisions of this Section apply as follows:

(1) If the general assessment year for the property is 2003, this Section applies for assessment years 2003, 2004, ~~and 2005~~, 2006, 2007, and 2008. Thereafter, the provisions of Section 15-175 apply.

(2) If the general assessment year for the property is 2004, this Section applies for assessment years 2004, 2005, ~~and 2006~~, 2007, 2008, and 2009. Thereafter, the provisions of Section 15-175 apply.

(3) If the general assessment year for the property is 2005, this Section applies for assessment years 2005, 2006, ~~and 2007~~, 2008, 2009, and 2010. Thereafter, the provisions of Section 15-175 apply.

In counties with less than 3,000,000 inhabitants, this Section applies for assessment years

(i) 2006, 2007, and 2008, and 2009 if tax year 2005 ~~2003, 2004, and 2005 if 2002~~ is the designated base year or (ii) 2007, 2008, 2009, and 2010 if tax year 2006 ~~2004, 2005, and 2006 if 2003~~ is the designated base year. Thereafter, the provisions of Section 15-175 apply.

(k) To be subject to the provisions of this Section in lieu of Section 15-175, a county must adopt an ordinance to subject itself to the provisions of this Section within 6 months after the effective date of this amendatory Act of the 95th General Assembly ~~93rd General Assembly~~. In a county other than Cook County, the ordinance must designate either tax year 2005 ~~2002~~ or tax year 2006 ~~2003~~ as the base year.

(l) Notwithstanding Sections 6 and 8 of the State Mandates Act, no reimbursement by the State is required for the implementation of any mandate created by this Section.

Sec. 15-177. The long-time occupant homestead exemption.

(a) If the county has elected, under Section 15-176, to be subject to the provisions of the alternative general homestead exemption, then, for taxable years 2007, 2008, and 2009, the provisions of this Section apply, and qualified homestead property is entitled to an annual homestead exemption equal to a reduction in the property's equalized assessed value calculated as provided in this Section.

(b) As used in this Section:

"Adjusted homestead value" means the lesser of the following values:

(1) The property's base homestead value increased by: (i) 10% for each taxable year that the qualified taxpayer has received the exemption under this Section after the base year through and including the current tax year for qualified taxpayers with a household income of more than \$75,000 but not exceeding \$100,000; or (ii) 7% for each taxable year that the qualified taxpayer has received the exemption under this Section after the base year through and including the current tax year for qualified taxpayers with a household income of \$75,000 or less. The increase each year that the qualified taxpayer has received the exemption under this Section is an increase over the prior year; or

(2) The property's equalized assessed value for the current tax year minus the general homestead

deduction.

"Base homestead value" means an amount equal to:

(1) the equalized assessed value of the property for the base year prior to exemptions, minus the general homestead exemption, provided that the property's assessment was not based on a reduced assessed value resulting from a temporary irregularity in the property for that year; increased by

(2) 7% for each taxable year after the base year and continuing until the taxable year in which the taxpayer first qualifies for the exemption under this Section. The increase by 7% each year is an increase by 7% over the prior year.

"Base year" means the 2002 taxable year for Cook County and, for all other counties, the the base year elected by the county under Section 15-176.

"Current taxable year" means the taxable year for which the exemption under this Section is being applied.

"Equalized assessed value" means the property's assessed value as equalized by the Department.

"Homestead" or "homestead property" means residential property that as of January 1 of the tax year is occupied by a qualified taxpayer as his or her principal dwelling place, or that is a leasehold interest on which a single family residence is situated, that is occupied as a residence by a qualified taxpayer who has a legal or equitable interest therein evidenced by a written instrument, as an owner or as a lessee, and on which the person is liable for the payment of property taxes. Residential units in an apartment building owned and operated as a cooperative, or as a life care facility, which are occupied by persons who hold a legal or equitable interest in the cooperative apartment building or life care facility as owners or lessees, and who are liable by contract for the payment of property taxes, are included within this definition of homestead property. A homestead includes the dwelling place, appurtenant structures, and so much of the surrounding land constituting the parcel on which the dwelling place is situated as is used for residential purposes. If the assessor has established a specific legal description for a portion of property constituting the homestead, then the homestead is limited to the property within that description.

"Household income" has the meaning set forth under Section 15-172 of this Code.

"General homestead deduction" means the lesser of (i) \$5,000 or (ii) the amount equal to the equalized assessed value for the current taxable year less the equalized assessed value for the 1977 taxable year.

"Life care facility" means a facility defined in Section 2 of the Life Care Facilities Act.

"Qualified homestead property" means homestead property owned by a qualified taxpayer.

"Qualified taxpayer" means any individual:

(1) who, for at least 10 continuous years, has occupied the same homestead property as a principal residence and domicile or who, for at least 5 continuous years, has occupied the same homestead property as a principal residence and domicile if that person received assistance in the acquisition of the property as part of a government or nonprofit housing program; and

(2) who has a household income of \$100,000 or less.

(c) The base homestead value must remain constant, except that the assessor may revise it under any of the following circumstances:

(1) If the equalized assessed value of a homestead property for the current tax year is less than the previous base homestead value for that property, then the current equalized assessed value (provided it is not based on a reduced assessed value resulting from a temporary irregularity in the property) becomes the base homestead value in subsequent tax years.

(2) For any year in which new buildings, structures, or other improvements are constructed on the homestead property that would increase its assessed value, the assessor shall adjust the base homestead value with due regard to the value added by the new improvements.

(d) The amount of the exemption under this Section is the equalized assessed value of the homestead property for the current tax year minus the adjusted homestead value.

(e) In the case of an apartment building owned and operated as a cooperative, or as a life care facility, that contains residential units that qualify as homestead property of a qualified taxpayer under this Section, the maximum cumulative exemption amount attributed to the entire building or facility shall not exceed the sum of the exemptions calculated for each unit that is a qualified homestead property. The cooperative association, management firm, or other person or entity that manages or controls the cooperative apartment building or life care facility shall credit the exemption attributable to each residential unit only to the apportioned tax liability of the qualified taxpayer as to that unit. Any person who willfully refuses to so credit the exemption is guilty of a Class B misdemeanor.

(f) When married persons maintain separate residences, the exemption provided under this Section may be claimed by only one such person and for only one residence. No person who receives an exemption

under Section 15-172 of this Code may receive an exemption under this Section. No person who receives an exemption under this Section may receive an exemption under Section 15-175 of this Code.

(g) In the event of a sale or other transfer in ownership of the homestead property between spouses or between a parent and a child, the exemption under this Section remains in effect if the new owner has a household income of \$100,000 or less.

(h) In the event of a sale or other transfer in ownership of the homestead property, the exemption under this Section shall remain in effect for the remainder of the tax year and be calculated using the same base homestead value in which the sale or transfer occurs.

(i) To receive the exemption, a person may submit an application to the county assessor during the period specified by the county assessor.

The county assessor shall annually give notice of the application period by mail or by publication.

The taxpayer must submit, with the application, an affidavit of the taxpayer's total household income, marital status (and if married the name and address of the applicant's spouse, if known), and principal dwelling place of members of the household on January 1 of the taxable year. The Department shall establish, by rule, a method for verifying the accuracy of affidavits filed by applicants under this Section, and the Chief County Assessment Officer may conduct audits of any taxpayer claiming an exemption under this Section to verify that the taxpayer is eligible to receive the exemption. Each application shall contain or be verified by a written declaration that it is made under the penalties of perjury. A taxpayer's signing a fraudulent application under this Act is perjury, as defined in Section 32-2 of the Criminal Code of 1961. The applications shall be clearly marked as applications for the Long-time Occupant Homestead Exemption and must contain a notice that any taxpayer who receives the exemption is subject to an audit by the Chief County Assessment Officer.

(j) Notwithstanding Sections 6 and 8 of the State Mandates Act, no reimbursement by the State is required for the implementation of any mandate created by this Section.

Sec. 18-178. Abatement for the residence of a surviving spouse of a fallen police officer or rescue worker.

(a) The governing body of any county or municipality may, by ordinance, order the county clerk to abate any percentage of the taxes levied by the county or municipality on each parcel of qualified property within the boundaries of the county or municipality that is owned by the surviving spouse of a fallen police officer or rescue worker.

(b) The governing body may provide, by ordinance, for the percentage amount and duration of an abatement under this Section and for any other provision necessary to carry out the provisions of this Section. Upon passing an ordinance under this Section, the county or municipality must deliver a certified copy of the ordinance to the county clerk.

(c) As used in this Section:

"Fallen police officer or rescue worker" means an individual who dies:

- (1) as a result of or in the course of employment as a police officer; or
- (2) while in the active service of a fire, rescue, or emergency medical service.

"Fallen police officer or rescue worker", however, does not include any individual whose death was the result of that individual's own willful misconduct or abuse of alcohol or drugs.

"Qualified property" means a parcel of real property that is occupied by not more than 2 families, that is used as the principle residence by a surviving spouse, and that:

(1) was owned by the fallen police officer or rescue worker or surviving spouse at the time of the police officer's or rescue worker's death;

(2) was acquired by the surviving spouse within 2 years after the police officer's or rescue worker's death if the surviving spouse was domiciled in the State at the time of that death; or

(3) was acquired more than 2 years after the police officer's or rescue worker's death if surviving spouse qualified for an abatement for a former qualified property located in that municipality.

"Surviving spouse" means a spouse, who has not remarried, of a fallen police officer or rescue worker.

(35 ILCS 200/20-15)

Sec. 20-15. Information on bill or separate statement. There shall be printed on each bill, or on a separate slip which shall be mailed with the bill:

- (a) a statement itemizing the rate at which taxes have been extended for each of the taxing districts in the county in whose district the property is located, and in those counties utilizing electronic data processing equipment the dollar amount of tax due from the person assessed allocable to each of those taxing districts, including a separate statement of the dollar amount of tax due which is

allocable to a tax levied under the Illinois Local Library Act or to any other tax levied by a municipality or township for public library purposes,

(b) a separate statement for each of the taxing districts of the dollar amount of tax due which is allocable to a tax levied under the Illinois Pension Code or to any other tax levied by a municipality or township for public pension or retirement purposes,

(c) the total tax rate,

(d) the total amount of tax due, and

(e) the amount by which the total tax and the tax allocable to each taxing district differs from the taxpayer's last prior tax bill.

The county treasurer shall ensure that only those taxing districts in which a parcel of property is located shall be listed on the bill for that property.

In all counties the statement shall also provide:

(1) the property index number or other suitable description,

(2) the assessment of the property,

(3) the equalization factors imposed by the county and by the Department, and

(4) the equalized assessment resulting from the application of the equalization factors to the basic assessment.

In all counties which do not classify property for purposes of taxation, for property on which a single family residence is situated the statement shall also include a statement to reflect the fair cash value determined for the property. In all counties which classify property for purposes of taxation in accordance with Section 4 of Article IX of the Illinois Constitution, for parcels of residential property in the lowest assessment classification the statement shall also include a statement to reflect the fair cash value determined for the property.

In all counties, the statement must include information that certain taxpayers may be eligible for tax exemptions, abatements, and other assistance programs and that, for more information, taxpayers should consult with the office of their township or county collector and with the Illinois Department of Revenue.

In all counties, the statement shall include information that certain taxpayers may be eligible for the Senior Citizens and Disabled Persons Property Tax Relief and Pharmaceutical Assistance Act and that applications are available from the Illinois Department on Aging of Revenue.

In counties which use the estimated or accelerated billing methods, these statements shall only be provided with the final installment of taxes due. The provisions of this Section create a mandatory statutory duty. They are not merely directory or discretionary. The failure or neglect of the collector to mail the bill, or the failure of the taxpayer to receive the bill, shall not affect the validity of any tax, or the liability for the payment of any tax.

Sec. 20-178. Certificate of error; refund; interest. When the county collector makes any refunds due on certificates of error issued under Sections 14-15 through 14-25 that have been either certified or adjudicated, the county collector shall pay the taxpayer interest on the amount of the refund at the rate of 0.5% per month.

No interest shall be due under this Section for any time prior to 60 days after the effective date of this amendatory Act of the 91st General Assembly. For certificates of error issued prior to the effective date of this amendatory Act of the 91st General Assembly, the county collector shall pay the taxpayer interest from 60 days after the effective date of this amendatory Act of the 91st General Assembly until the date the refund is paid. For certificates of error issued on or after the effective date of this amendatory Act of the 91st General Assembly, interest shall be paid from 60 days after the certificate of error is issued by the chief county assessment officer to the date the refund is made. To cover the cost of interest, the county collector shall proportionately reduce the distribution of taxes collected for each taxing district in which the property is situated.

This Section shall not apply to any certificate of error granting a homestead exemption under Section 15-170, 15-172, 15-175, ~~or 15-176~~, or 15-177.

Sec. 24-35. Property Tax Reform and Relief Task Force.

(a) There is created the Property Tax Reform and Relief Task Force consisting of 8 members appointed as follows: 2 members appointed by the President of the Senate, one of whom shall be designated as the chair of the Task Force upon appointment; 2 members appointed by the Minority Leader of the Senate; 2

members appointed by the Speaker of the House of Representatives; and 2 members appointed by the Minority Leader of the House of Representatives.

(b) The Task Force shall conduct a study of the property tax system in Illinois and investigate methods of reducing the reliance on property taxes and alternative methods of funding.

(c) The members of the Task Force shall serve without compensation but shall be reimbursed for their reasonable and necessary expenses from funds appropriated for that purpose.

(d) The Task Force shall submit its findings to the House of Representatives no later than January 1, 2010, at which time the Task Force is dissolved.

(e) The Department of Revenue shall provide administrative support to the Task Force.

Section 15. The County Economic Development Project Area Property Tax Allocation Act is amended by changing Section 6 as follows:

(55 ILCS 85/6) (from Ch. 34, par. 7006)

Sec. 6. Filing with county clerk; certification of initial equalized assessed value.

(a) The county shall file a certified copy of any ordinance authorizing property tax allocation financing for an economic development project area with the county clerk, and the county clerk shall immediately thereafter determine (1) the most recently ascertained equalized assessed value of each lot, block, tract or parcel of real property within the economic development project area from which shall be deducted the homestead exemptions under Article 15 provided by Sections 15-170, 15-175, and 15-176 of the Property Tax Code, which value shall be the "initial equalized assessed value" of each such piece of property, and (2) the total equalized assessed value of all taxable real property within the economic development project area by adding together the most recently ascertained equalized assessed value of each taxable lot, block, tract, or parcel of real property within such economic development project area, from which shall be deducted the homestead exemptions provided by Sections 15-170, 15-175, and 15-176 of the Property Tax Code. Upon receiving written notice from the Department of its approval and certification of such economic development project area, the county clerk shall immediately certify such amount as the "total initial equalized assessed value" of the taxable property within the economic development project area.

(b) After the county clerk has certified the "total initial equalized assessed value" of the taxable real property in the economic development project area, then in respect to every taxing district containing an economic development project area, the county clerk or any other official required by law to ascertain the amount of the equalized assessed value of all taxable property within that taxing district for the purpose of computing the rate percent of tax to be extended upon taxable property within the taxing district, shall in every year that property tax allocation financing is in effect ascertain the amount of value of taxable property in an economic development project area by including in that amount the lower of the current equalized assessed value or the certified "total initial equalized assessed value" of all taxable real property in such area. The rate percent of tax determined shall be extended to the current equalized assessed value of all property in the economic development project area in the same manner as the rate percent of tax is extended to all other taxable property in the taxing district. The method of allocating taxes established under this Section shall terminate when the county adopts an ordinance dissolving the special tax allocation fund for the economic development project area. This Act shall not be construed as relieving property owners within an economic development project area from paying a uniform rate of taxes upon the current equalized assessed value of their taxable property as provided in the Property Tax Code.

Section 17. The County Economic Development Project Area Tax Increment Allocation Act of 1991 is amended by changing Section 45 as follows:

(55 ILCS 90/45) (from Ch. 34, par. 8045)

Sec. 45. Filing with county clerk; certification of initial equalized assessed value.

(a) A county that has by ordinance approved an economic development plan, established an economic development project area, and adopted tax increment allocation financing for that area shall file certified copies of the ordinance or ordinances with the county clerk. Upon receiving the ordinance or ordinances, the county clerk shall immediately determine (i) the most recently ascertained equalized assessed value of each lot, block, tract, or parcel of real property within the economic development project area from which shall be deducted the homestead exemptions under Article 15 provided by Sections 15-170, 15-175, and 15-176 of the Property Tax Code (that value being the "initial equalized assessed value" of each such piece of property) and (ii) the total equalized assessed value of all taxable real property within the economic development project area by adding together the most recently ascertained equalized assessed value of each taxable lot, block, tract, or parcel of real property within the economic development project area, from which shall be deducted the homestead exemptions under Article 15 provided by Sections 15-170, 15-175,

~~and 15-176~~ of the Property Tax Code, and shall certify that amount as the "total initial equalized assessed value" of the taxable real property within the economic development project area.

(b) After the county clerk has certified the "total initial equalized assessed value" of the taxable real property in the economic development project area, then in respect to every taxing district containing an economic development project area, the county clerk or any other official required by law to ascertain the amount of the equalized assessed value of all taxable property within the taxing district for the purpose of computing the rate per cent of tax to be extended upon taxable property within the taxing district shall, in every year that tax increment allocation financing is in effect, ascertain the amount of value of taxable property in an economic development project area by including in that amount the lower of the current equalized assessed value or the certified "total initial equalized assessed value" of all taxable real property in the area. The rate per cent of tax determined shall be extended to the current equalized assessed value of all property in the economic development project area in the same manner as the rate per cent of tax is extended to all other taxable property in the taxing district. The method of extending taxes established under this Section shall terminate when the county adopts an ordinance dissolving the special tax allocation fund for the economic development project area. This Act shall not be construed as relieving property owners within an economic development project area from paying a uniform rate of taxes upon the current equalized assessed value of their taxable property as provided in the Property Tax Code.

Section 20. The Illinois Municipal Code is amended by changing Sections 11-74.4-8, 11-74.4-9, and 11-74.6-40 as follows:

(65 ILCS 5/11-74.4-8) (from Ch. 24, par. 11-74.4-8)

Sec. 11-74.4-8. Tax increment allocation financing. A municipality may not adopt tax increment financing in a redevelopment project area after the effective date of this amendatory Act of 1997 that will encompass an area that is currently included in an enterprise zone created under the Illinois Enterprise Zone Act unless that municipality, pursuant to Section 5.4 of the Illinois Enterprise Zone Act, amends the enterprise zone designating ordinance to limit the eligibility for tax abatements as provided in Section 5.4.1 of the Illinois Enterprise Zone Act. A municipality, at the time a redevelopment project area is designated, may adopt tax increment allocation financing by passing an ordinance providing that the ad valorem taxes, if any, arising from the levies upon taxable real property in such redevelopment project area by taxing districts and tax rates determined in the manner provided in paragraph (c) of Section 11-74.4-9 each year after the effective date of the ordinance until redevelopment project costs and all municipal obligations financing redevelopment project costs incurred under this Division have been paid shall be divided as follows:

(a) That portion of taxes levied upon each taxable lot, block, tract or parcel of real property which is attributable to the lower of the current equalized assessed value or the initial equalized assessed value of each such taxable lot, block, tract or parcel of real property in the redevelopment project area shall be allocated to and when collected shall be paid by the county collector to the respective affected taxing districts in the manner required by law in the absence of the adoption of tax increment allocation financing.

(b) Except from a tax levied by a township to retire bonds issued to satisfy court-ordered damages, that portion, if any, of such taxes which is attributable to the increase in the current equalized assessed valuation of each taxable lot, block, tract or parcel of real property in the redevelopment project area over and above the initial equalized assessed value of each property in the project area shall be allocated to and when collected shall be paid to the municipal treasurer who shall deposit said taxes into a special fund called the special tax allocation fund of the municipality for the purpose of paying redevelopment project costs and obligations incurred in the payment thereof. In any county with a population of 3,000,000 or more that has adopted a procedure for collecting taxes that provides for one or more of the installments of the taxes to be billed and collected on an estimated basis, the municipal treasurer shall be paid for deposit in the special tax allocation fund of the municipality, from the taxes collected from estimated bills issued for property in the redevelopment project area, the difference between the amount actually collected from each taxable lot, block, tract, or parcel of real property within the redevelopment project area and an amount determined by multiplying the rate at which taxes were last extended against the taxable lot, block, track, or parcel of real property in the manner provided in subsection (c) of Section 11-74.4-9 by the initial equalized assessed value of the property divided by the number of installments in which real estate taxes are billed and collected within the county; provided that the payments on or before December 31, 1999 to a municipal treasurer shall be made only if each of the following conditions are met:

(1) The total equalized assessed value of the redevelopment project area as last determined was not less than 175% of the total initial equalized assessed value.

(2) Not more than 50% of the total equalized assessed value of the redevelopment project area as last determined is attributable to a piece of property assigned a single real estate index number.

(3) The municipal clerk has certified to the county clerk that the municipality has issued its obligations to which there has been pledged the incremental property taxes of the redevelopment project area or taxes levied and collected on any or all property in the municipality or the full faith and credit of the municipality to pay or secure payment for all or a portion of the redevelopment project costs. The certification shall be filed annually no later than September 1 for the estimated taxes to be distributed in the following year; however, for the year 1992 the certification shall be made at any time on or before March 31, 1992.

(4) The municipality has not requested that the total initial equalized assessed value of real property be adjusted as provided in subsection (b) of Section 11-74.4-9.

The conditions of paragraphs (1) through (4) do not apply after December 31, 1999 to payments to a municipal treasurer made by a county with 3,000,000 or more inhabitants that has adopted an estimated billing procedure for collecting taxes. If a county that has adopted the estimated billing procedure makes an erroneous overpayment of tax revenue to the municipal treasurer, then the county may seek a refund of that overpayment. The county shall send the municipal treasurer a notice of liability for the overpayment on or before the mailing date of the next real estate tax bill within the county. The refund shall be limited to the amount of the overpayment.

It is the intent of this Division that after the effective date of this amendatory Act of 1988 a municipality's own ad valorem tax arising from levies on taxable real property be included in the determination of incremental revenue in the manner provided in paragraph (c) of Section 11-74.4-9. If the municipality does not extend such a tax, it shall annually deposit in the municipality's Special Tax Increment Fund an amount equal to 10% of the total contributions to the fund from all other taxing districts in that year. The annual 10% deposit required by this paragraph shall be limited to the actual amount of municipally produced incremental tax revenues available to the municipality from taxpayers located in the redevelopment project area in that year if: (a) the plan for the area restricts the use of the property primarily to industrial purposes, (b) the municipality establishing the redevelopment project area is a home-rule community with a 1990 population of between 25,000 and 50,000, (c) the municipality is wholly located within a county with a 1990 population of over 750,000 and (d) the redevelopment project area was established by the municipality prior to June 1, 1990. This payment shall be in lieu of a contribution of ad valorem taxes on real property. If no such payment is made, any redevelopment project area of the municipality shall be dissolved.

If a municipality has adopted tax increment allocation financing by ordinance and the County Clerk thereafter certifies the "total initial equalized assessed value as adjusted" of the taxable real property within such redevelopment project area in the manner provided in paragraph (b) of Section 11-74.4-9, each year after the date of the certification of the total initial equalized assessed value as adjusted until redevelopment project costs and all municipal obligations financing redevelopment project costs have been paid the ad valorem taxes, if any, arising from the levies upon the taxable real property in such redevelopment project area by taxing districts and tax rates determined in the manner provided in paragraph (c) of Section 11-74.4-9 shall be divided as follows:

(1) That portion of the taxes levied upon each taxable lot, block, tract or parcel of real property which is attributable to the lower of the current equalized assessed value or "current equalized assessed value as adjusted" or the initial equalized assessed value of each such taxable lot, block, tract, or parcel of real property existing at the time tax increment financing was adopted, minus the total current homestead exemptions under Article 15 ~~provided by Sections 15-170, 15-175, and 15-176~~ of the Property Tax Code in the redevelopment project area shall be allocated to and when collected shall be paid by the county collector to the respective affected taxing districts in the manner required by law in the absence of the adoption of tax increment allocation financing.

(2) That portion, if any, of such taxes which is attributable to the increase in the current equalized assessed valuation of each taxable lot, block, tract, or parcel of real property in the redevelopment project area, over and above the initial equalized assessed value of each property existing at the time tax increment financing was adopted, minus the total current homestead exemptions pertaining to each piece of property provided by Article 15 ~~Sections 15-170, 15-175, and 15-176~~ of the Property Tax Code in the redevelopment project area, shall be allocated to and when collected shall be paid to the municipal Treasurer, who shall deposit said taxes into a special fund called the special tax allocation fund of the municipality for the purpose of paying redevelopment project costs and obligations

incurred in the payment thereof.

The municipality may pledge in the ordinance the funds in and to be deposited in the special tax allocation fund for the payment of such costs and obligations. No part of the current equalized assessed valuation of each property in the redevelopment project area attributable to any increase above the total initial equalized assessed value, or the total initial equalized assessed value as adjusted, of such properties shall be used in calculating the general State school aid formula, provided for in Section 18-8 of the School Code, until such time as all redevelopment project costs have been paid as provided for in this Section.

Whenever a municipality issues bonds for the purpose of financing redevelopment project costs, such municipality may provide by ordinance for the appointment of a trustee, which may be any trust company within the State, and for the establishment of such funds or accounts to be maintained by such trustee as the municipality shall deem necessary to provide for the security and payment of the bonds. If such municipality provides for the appointment of a trustee, such trustee shall be considered the assignee of any payments assigned by the municipality pursuant to such ordinance and this Section. Any amounts paid to such trustee as assignee shall be deposited in the funds or accounts established pursuant to such trust agreement, and shall be held by such trustee in trust for the benefit of the holders of the bonds, and such holders shall have a lien on and a security interest in such funds or accounts so long as the bonds remain outstanding and unpaid. Upon retirement of the bonds, the trustee shall pay over any excess amounts held to the municipality for deposit in the special tax allocation fund.

When such redevelopment projects costs, including without limitation all municipal obligations financing redevelopment project costs incurred under this Division, have been paid, all surplus funds then remaining in the special tax allocation fund shall be distributed by being paid by the municipal treasurer to the Department of Revenue, the municipality and the county collector; first to the Department of Revenue and the municipality in direct proportion to the tax incremental revenue received from the State and the municipality, but not to exceed the total incremental revenue received from the State or the municipality less any annual surplus distribution of incremental revenue previously made; with any remaining funds to be paid to the County Collector who shall immediately thereafter pay said funds to the taxing districts in the redevelopment project area in the same manner and proportion as the most recent distribution by the county collector to the affected districts of real property taxes from real property in the redevelopment project area.

Upon the payment of all redevelopment project costs, the retirement of obligations, the distribution of any excess monies pursuant to this Section, and final closing of the books and records of the redevelopment project area, the municipality shall adopt an ordinance dissolving the special tax allocation fund for the redevelopment project area and terminating the designation of the redevelopment project area as a redevelopment project area. Title to real or personal property and public improvements acquired by or for the municipality as a result of the redevelopment project and plan shall vest in the municipality when acquired and shall continue to be held by the municipality after the redevelopment project area has been terminated. Municipalities shall notify affected taxing districts prior to November 1 if the redevelopment project area is to be terminated by December 31 of that same year. If a municipality extends estimated dates of completion of a redevelopment project and retirement of obligations to finance a redevelopment project, as allowed by this amendatory Act of 1993, that extension shall not extend the property tax increment allocation financing authorized by this Section. Thereafter the rates of the taxing districts shall be extended and taxes levied, collected and distributed in the manner applicable in the absence of the adoption of tax increment allocation financing.

Nothing in this Section shall be construed as relieving property in such redevelopment project areas from being assessed as provided in the Property Tax Code or as relieving owners of such property from paying a uniform rate of taxes, as required by Section 4 of Article 9 of the Illinois Constitution.

Sec. 11-74.4-9. Equalized assessed value of property.

(a) If a municipality by ordinance provides for tax increment allocation financing pursuant to Section 11-74.4-8, the county clerk immediately thereafter shall determine (1) the most recently ascertained equalized assessed value of each lot, block, tract or parcel of real property within such redevelopment project area from which shall be deducted the homestead exemptions under Article 15 provided by Sections 15-170, 15-175, and 15-176 of the Property Tax Code, which value shall be the "initial equalized assessed value" of each such piece of property, and (2) the total equalized assessed value of all taxable real property within such redevelopment project area by adding together the most recently ascertained equalized assessed value of each taxable lot, block, tract, or parcel of real property within such project area, from which shall

be deducted the homestead exemptions provided by Sections 15-170, 15-175, and 15-176 of the Property Tax Code, and shall certify such amount as the "total initial equalized assessed value" of the taxable real property within such project area.

(b) In reference to any municipality which has adopted tax increment financing after January 1, 1978, and in respect to which the county clerk has certified the "total initial equalized assessed value" of the property in the redevelopment area, the municipality may thereafter request the clerk in writing to adjust the initial equalized value of all taxable real property within the redevelopment project area by deducting therefrom the exemptions under Article 15 provided for by Sections 15-170, 15-175, and 15-176 of the Property Tax Code applicable to each lot, block, tract or parcel of real property within such redevelopment project area. The county clerk shall immediately after the written request to adjust the total initial equalized value is received determine the total homestead exemptions in the redevelopment project area provided by Sections 15-170, 15-175, and 15-176 of the Property Tax Code by adding together the homestead exemptions provided by said Sections on each lot, block, tract or parcel of real property within such redevelopment project area and then shall deduct the total of said exemptions from the total initial equalized assessed value. The county clerk shall then promptly certify such amount as the "total initial equalized assessed value as adjusted" of the taxable real property within such redevelopment project area.

(c) After the county clerk has certified the "total initial equalized assessed value" of the taxable real property in such area, then in respect to every taxing district containing a redevelopment project area, the county clerk or any other official required by law to ascertain the amount of the equalized assessed value of all taxable property within such district for the purpose of computing the rate per cent of tax to be extended upon taxable property within such district, shall in every year that tax increment allocation financing is in effect ascertain the amount of value of taxable property in a redevelopment project area by including in such amount the lower of the current equalized assessed value or the certified "total initial equalized assessed value" of all taxable real property in such area, except that after he has certified the "total initial equalized assessed value as adjusted" he shall in the year of said certification if tax rates have not been extended and in every year thereafter that tax increment allocation financing is in effect ascertain the amount of value of taxable property in a redevelopment project area by including in such amount the lower of the current equalized assessed value or the certified "total initial equalized assessed value as adjusted" of all taxable real property in such area. The rate per cent of tax determined shall be extended to the current equalized assessed value of all property in the redevelopment project area in the same manner as the rate per cent of tax is extended to all other taxable property in the taxing district. The method of extending taxes established under this Section shall terminate when the municipality adopts an ordinance dissolving the special tax allocation fund for the redevelopment project area. This Division shall not be construed as relieving property owners within a redevelopment project area from paying a uniform rate of taxes upon the current equalized assessed value of their taxable property as provided in the Property Tax Code.

(65 ILCS 5/11-74.6-40)

Sec. 11-74.6-40. Equalized assessed value determination; property tax extension.

(a) If a municipality by ordinance provides for tax increment allocation financing under Section 11-74.6-35, the county clerk immediately thereafter:

(1) shall determine the initial equalized assessed value of each parcel of real property in the redevelopment project area, which is the most recently established equalized assessed value of each lot, block, tract or parcel of taxable real property within the redevelopment project area, minus the homestead exemptions under Article 15 provided by Sections 15-170, 15-175, and 15-176 of the Property Tax Code; and

(2) shall certify to the municipality the total initial equalized assessed value of all taxable real property within the redevelopment project area.

(b) Any municipality that has established a vacant industrial buildings conservation area may, by ordinance passed after the adoption of tax increment allocation financing, provide that the county clerk immediately thereafter shall again determine:

(1) the updated initial equalized assessed value of each lot, block, tract or parcel of real property, which is the most recently ascertained equalized assessed value of each lot, block, tract or parcel of real property within the vacant industrial buildings conservation area; and

(2) the total updated initial equalized assessed value of all taxable real property within the redevelopment project area, which is the total of the updated initial equalized assessed value of all taxable real property within the vacant industrial buildings conservation area.

The county clerk shall certify to the municipality the total updated initial equalized assessed value of all

taxable real property within the industrial buildings conservation area.

(c) After the county clerk has certified the total initial equalized assessed value or the total updated initial equalized assessed value of the taxable real property in the area, for each taxing district in which a redevelopment project area is situated, the county clerk or any other official required by law to determine the amount of the equalized assessed value of all taxable property within the district for the purpose of computing the percentage rate of tax to be extended upon taxable property within the district, shall in every year that tax increment allocation financing is in effect determine the total equalized assessed value of taxable property in a redevelopment project area by including in that amount the lower of the current equalized assessed value or the certified total initial equalized assessed value or, if the total of updated equalized assessed value has been certified, the total updated initial equalized assessed value of all taxable real property in the redevelopment project area. After he has certified the total initial equalized assessed value he shall in the year of that certification, if tax rates have not been extended, and in every subsequent year that tax increment allocation financing is in effect, determine the amount of equalized assessed value of taxable property in a redevelopment project area by including in that amount the lower of the current total equalized assessed value or the certified total initial equalized assessed value or, if the total of updated initial equalized assessed values have been certified, the total updated initial equalized assessed value of all taxable real property in the redevelopment project area.

(d) The percentage rate of tax determined shall be extended on the current equalized assessed value of all property in the redevelopment project area in the same manner as the rate per cent of tax is extended to all other taxable property in the taxing district. The method of extending taxes established under this Section shall terminate when the municipality adopts an ordinance dissolving the special tax allocation fund for the redevelopment project area. This Law shall not be construed as relieving property owners within a redevelopment project area from paying a uniform rate of taxes upon the current equalized assessed value of their taxable property as provided in the Property Tax Code.

Section 25. The Economic Development Project Area Tax Increment Allocation Act of 1995 is amended by changing Section 45 as follows:

(65 ILCS 110/45)

Sec. 45. Filing with county clerk; certification of initial equalized assessed value.

(a) A municipality that has by ordinance approved an economic development plan, established an economic development project area, and adopted tax increment allocation financing for that area shall file certified copies of the ordinance or ordinances with the county clerk. Upon receiving the ordinance or ordinances, the county clerk shall immediately determine (i) the most recently ascertained equalized assessed value of each lot, block, tract, or parcel of real property within the economic development project area from which shall be deducted the homestead exemptions under Article 15 ~~provided by Sections 15-170, 15-175, and 15-176~~ of the Property Tax Code (that value being the "initial equalized assessed value" of each such piece of property) and (ii) the total equalized assessed value of all taxable real property within the economic development project area by adding together the most recently ascertained equalized assessed value of each taxable lot, block, tract, or parcel of real property within the economic development project area, from which shall be deducted the homestead exemptions provided by Sections 15-170, 15-175, and 15-176 of the Property Tax Code, and shall certify that amount as the "total initial equalized assessed value" of the taxable real property within the economic development project area.

(b) After the county clerk has certified the "total initial equalized assessed value" of the taxable real property in the economic development project area, then in respect to every taxing district containing an economic development project area, the county clerk or any other official required by law to ascertain the amount of the equalized assessed value of all taxable property within the taxing district for the purpose of computing the rate per cent of tax to be extended upon taxable property within the taxing district shall, in every year that tax increment allocation financing is in effect, ascertain the amount of value of taxable property in an economic development project area by including in that amount the lower of the current equalized assessed value or the certified "total initial equalized assessed value" of all taxable real property in the area. The rate per cent of tax determined shall be extended to the current equalized assessed value of all property in the economic development project area in the same manner as the rate per cent of tax is extended to all other taxable property in the taxing district. The method of extending taxes established under this Section shall terminate when the municipality adopts an ordinance dissolving the special tax allocation fund for the economic development project area. This Act shall not be construed as relieving owners or lessees of property within an economic development project area from paying a uniform rate of taxes upon the current equalized assessed value of their taxable property as provided in the Property Tax

Code.

Section 30. The School Code is amended by changing Section 18-8.05 as follows:

(105 ILCS 5/18-8.05)

Sec. 18-8.05. Basis for apportionment of general State financial aid and supplemental general State aid to the common schools for the 1998-1999 and subsequent school years.

(A) General Provisions.

(1) The provisions of this Section apply to the 1998-1999 and subsequent school years. The system of general State financial aid provided for in this Section is designed to assure that, through a combination of State financial aid and required local resources, the financial support provided each pupil in Average Daily Attendance equals or exceeds a prescribed per pupil Foundation Level. This formula approach imputes a level of per pupil Available Local Resources and provides for the basis to calculate a per pupil level of general State financial aid that, when added to Available Local Resources, equals or exceeds the Foundation Level. The amount of per pupil general State financial aid for school districts, in general, varies in inverse relation to Available Local Resources. Per pupil amounts are based upon each school district's Average Daily Attendance as that term is defined in this Section.

(2) In addition to general State financial aid, school districts with specified levels or concentrations of pupils from low income households are eligible to receive supplemental general State financial aid grants as provided pursuant to subsection (H). The supplemental State aid grants provided for school districts under subsection (H) shall be appropriated for distribution to school districts as part of the same line item in which the general State financial aid of school districts is appropriated under this Section.

(3) To receive financial assistance under this Section, school districts are required to file claims with the State Board of Education, subject to the following requirements:

(a) Any school district which fails for any given school year to maintain school as required by law, or to maintain a recognized school is not eligible to file for such school year any claim upon the Common School Fund. In case of nonrecognition of one or more attendance centers in a school district otherwise operating recognized schools, the claim of the district shall be reduced in the proportion which the Average Daily Attendance in the attendance center or centers bear to the Average Daily Attendance in the school district. A "recognized school" means any public school which meets the standards as established for recognition by the State Board of Education. A school district or attendance center not having recognition status at the end of a school term is entitled to receive State aid payments due upon a legal claim which was filed while it was recognized.

(b) School district claims filed under this Section are subject to Sections 18-9, 18-10, and 18-12, except as otherwise provided in this Section.

(c) If a school district operates a full year school under Section 10-19.1, the general State aid to the school district shall be determined by the State Board of Education in accordance with this Section as near as may be applicable.

(d) (Blank).

(4) Except as provided in subsections (H) and (L), the board of any district receiving any of the grants provided for in this Section may apply those funds to any fund so received for which that board is authorized to make expenditures by law.

School districts are not required to exert a minimum Operating Tax Rate in order to qualify for assistance under this Section.

(5) As used in this Section the following terms, when capitalized, shall have the meaning ascribed herein:

(a) "Average Daily Attendance": A count of pupil attendance in school, averaged as provided for in subsection (C) and utilized in deriving per pupil financial support levels.

(b) "Available Local Resources": A computation of local financial support, calculated on the basis of Average Daily Attendance and derived as provided pursuant to subsection (D).

(c) "Corporate Personal Property Replacement Taxes": Funds paid to local school districts pursuant to "An Act in relation to the abolition of ad valorem personal property tax and the replacement of revenues lost thereby, and amending and repealing certain Acts and parts of Acts in connection therewith", certified August 14, 1979, as amended (Public Act 81-1st S.S.-1).

(d) "Foundation Level": A prescribed level of per pupil financial support as provided for in subsection (B).

(e) "Operating Tax Rate": All school district property taxes extended for all purposes, except Bond and Interest, Summer School, Rent, Capital Improvement, and Vocational

Education Building purposes.

(B) Foundation Level.

(1) The Foundation Level is a figure established by the State representing the minimum level of per pupil financial support that should be available to provide for the basic education of each pupil in Average Daily Attendance. As set forth in this Section, each school district is assumed to exert a sufficient local taxing effort such that, in combination with the aggregate of general State financial aid provided the district, an aggregate of State and local resources are available to meet the basic education needs of pupils in the district.

(2) For the 1998-1999 school year, the Foundation Level of support is \$4,225. For the 1999-2000 school year, the Foundation Level of support is \$4,325. For the 2000-2001 school year, the Foundation Level of support is \$4,425. For the 2001-2002 school year and 2002-2003 school year, the Foundation Level of support is \$4,560. For the 2003-2004 school year, the Foundation Level of support is \$4,810. For the 2004-2005 school year, the Foundation Level of support is \$4,964. For the 2005-2006 school year, the Foundation Level of support is \$5,164.

(3) For the 2006-2007 school year and each school year thereafter, the Foundation Level of support is \$5,334 or such greater amount as may be established by law by the General Assembly.

(C) Average Daily Attendance.

(1) For purposes of calculating general State aid pursuant to subsection (E), an Average Daily Attendance figure shall be utilized. The Average Daily Attendance figure for formula calculation purposes shall be the monthly average of the actual number of pupils in attendance of each school district, as further averaged for the best 3 months of pupil attendance for each school district. In compiling the figures for the number of pupils in attendance, school districts and the State Board of Education shall, for purposes of general State aid funding, conform attendance figures to the requirements of subsection (F).

(2) The Average Daily Attendance figures utilized in subsection (E) shall be the requisite attendance data for the school year immediately preceding the school year for which general State aid is being calculated or the average of the attendance data for the 3 preceding school years, whichever is greater. The Average Daily Attendance figures utilized in subsection (H) shall be the requisite attendance data for the school year immediately preceding the school year for which general State aid is being calculated.

(D) Available Local Resources.

(1) For purposes of calculating general State aid pursuant to subsection (E), a representation of Available Local Resources per pupil, as that term is defined and determined in this subsection, shall be utilized. Available Local Resources per pupil shall include a calculated dollar amount representing local school district revenues from local property taxes and from Corporate Personal Property Replacement Taxes, expressed on the basis of pupils in Average Daily Attendance. Calculation of Available Local Resources shall exclude any tax amnesty funds received as a result of Public Act 93-26.

(2) In determining a school district's revenue from local property taxes, the State Board of Education shall utilize the equalized assessed valuation of all taxable property of each school district as of September 30 of the previous year. The equalized assessed valuation utilized shall be obtained and determined as provided in subsection (G).

(3) For school districts maintaining grades kindergarten through 12, local property tax revenues per pupil shall be calculated as the product of the applicable equalized assessed valuation for the district multiplied by 3.00%, and divided by the district's Average Daily Attendance figure. For school districts maintaining grades kindergarten through 8, local property tax revenues per pupil shall be calculated as the product of the applicable equalized assessed valuation for the district multiplied by 2.30%, and divided by the district's Average Daily Attendance figure. For school districts maintaining grades 9 through 12, local property tax revenues per pupil shall be the applicable equalized assessed valuation of the district multiplied by 1.05%, and divided by the district's Average Daily Attendance figure.

For partial elementary unit districts created pursuant to Article 11E of this Code, local property tax revenues per pupil shall be calculated as the product of the equalized assessed valuation for property within the elementary and high school classification of the partial elementary unit district multiplied by 2.06% and divided by the Average Daily Attendance figure for grades kindergarten through 8, plus the product of the equalized assessed valuation for property within the high school only classification of the partial elementary unit district multiplied by 0.94% and divided by the Average Daily Attendance figure for grades 9 through 12.

(4) The Corporate Personal Property Replacement Taxes paid to each school district during the calendar year 2 years before the calendar year in which a school year begins, divided by the Average Daily Attendance figure for that district, shall be added to the local property tax revenues per pupil as derived by

the application of the immediately preceding paragraph (3). The sum of these per pupil figures for each school district shall constitute Available Local Resources as that term is utilized in subsection (E) in the calculation of general State aid.

(E) Computation of General State Aid.

(1) For each school year, the amount of general State aid allotted to a school district shall be computed by the State Board of Education as provided in this subsection.

(2) For any school district for which Available Local Resources per pupil is less than the product of 0.93 times the Foundation Level, general State aid for that district shall be calculated as an amount equal to the Foundation Level minus Available Local Resources, multiplied by the Average Daily Attendance of the school district.

(3) For any school district for which Available Local Resources per pupil is equal to or greater than the product of 0.93 times the Foundation Level and less than the product of 1.75 times the Foundation Level, the general State aid per pupil shall be a decimal proportion of the Foundation Level derived using a linear algorithm. Under this linear algorithm, the calculated general State aid per pupil shall decline in direct linear fashion from 0.07 times the Foundation Level for a school district with Available Local Resources equal to the product of 0.93 times the Foundation Level, to 0.05 times the Foundation Level for a school district with Available Local Resources equal to the product of 1.75 times the Foundation Level. The allocation of general State aid for school districts subject to this paragraph 3 shall be the calculated general State aid per pupil figure multiplied by the Average Daily Attendance of the school district.

(4) For any school district for which Available Local Resources per pupil equals or exceeds the product of 1.75 times the Foundation Level, the general State aid for the school district shall be calculated as the product of \$218 multiplied by the Average Daily Attendance of the school district.

(5) The amount of general State aid allocated to a school district for the 1999-2000 school year meeting the requirements set forth in paragraph (4) of subsection (G) shall be increased by an amount equal to the general State aid that would have been received by the district for the 1998-1999 school year by utilizing the Extension Limitation Equalized Assessed Valuation as calculated in paragraph (4) of subsection (G) less the general State aid allotted for the 1998-1999 school year. This amount shall be deemed a one time increase, and shall not affect any future general State aid allocations.

(F) Compilation of Average Daily Attendance.

(1) Each school district shall, by July 1 of each year, submit to the State Board of Education, on forms prescribed by the State Board of Education, attendance figures for the school year that began in the preceding calendar year. The attendance information so transmitted shall identify the average daily attendance figures for each month of the school year. Beginning with the general State aid claim form for the 2002-2003 school year, districts shall calculate Average Daily Attendance as provided in subdivisions (a), (b), and (c) of this paragraph (1).

(a) In districts that do not hold year-round classes, days of attendance in August shall be added to the month of September and any days of attendance in June shall be added to the month of May.

(b) In districts in which all buildings hold year-round classes, days of attendance in July and August shall be added to the month of September and any days of attendance in June shall be added to the month of May.

(c) In districts in which some buildings, but not all, hold year-round classes, for the non-year-round buildings, days of attendance in August shall be added to the month of September and any days of attendance in June shall be added to the month of May. The average daily attendance for the year-round buildings shall be computed as provided in subdivision (b) of this paragraph (1). To calculate the Average Daily Attendance for the district, the average daily attendance for the year-round buildings shall be multiplied by the days in session for the non-year-round buildings for each month and added to the monthly attendance of the non-year-round buildings.

Except as otherwise provided in this Section, days of attendance by pupils shall be counted only for sessions of not less than 5 clock hours of school work per day under direct supervision of: (i) teachers, or (ii) non-teaching personnel or volunteer personnel when engaging in non-teaching duties and supervising in those instances specified in subsection (a) of Section 10-22.34 and paragraph 10 of Section 34-18, with pupils of legal school age and in kindergarten and grades 1 through 12.

Days of attendance by tuition pupils shall be accredited only to the districts that pay the tuition to a recognized school.

(2) Days of attendance by pupils of less than 5 clock hours of school shall be subject to the following provisions in the compilation of Average Daily Attendance.

(a) Pupils regularly enrolled in a public school for only a part of the school day may be counted on the basis of 1/6 day for every class hour of instruction of 40 minutes or more attended pursuant to such enrollment, unless a pupil is enrolled in a block-schedule format of 80 minutes or more of instruction, in which case the pupil may be counted on the basis of the proportion of minutes of school work completed each day to the minimum number of minutes that school work is required to be held that day.

(b) Days of attendance may be less than 5 clock hours on the opening and closing of the school term, and upon the first day of pupil attendance, if preceded by a day or days utilized as an institute or teachers' workshop.

(c) A session of 4 or more clock hours may be counted as a day of attendance upon certification by the regional superintendent, and approved by the State Superintendent of Education to the extent that the district has been forced to use daily multiple sessions.

(d) A session of 3 or more clock hours may be counted as a day of attendance (1) when the remainder of the school day or at least 2 hours in the evening of that day is utilized for an in-service training program for teachers, up to a maximum of 5 days per school year of which a maximum of 4 days of such 5 days may be used for parent-teacher conferences, provided a district conducts an in-service training program for teachers which has been approved by the State Superintendent of Education; or, in lieu of 4 such days, 2 full days may be used, in which event each such day may be counted as a day of attendance; and (2) when days in addition to those provided in item (1) are scheduled by a school pursuant to its school improvement plan adopted under Article 34 or its revised or amended school improvement plan adopted under Article 2, provided that (i) such sessions of 3 or more clock hours are scheduled to occur at regular intervals, (ii) the remainder of the school days in which such sessions occur are utilized for in-service training programs or other staff development activities for teachers, and (iii) a sufficient number of minutes of school work under the direct supervision of teachers are added to the school days between such regularly scheduled sessions to accumulate not less than the number of minutes by which such sessions of 3 or more clock hours fall short of 5 clock hours. Any full days used for the purposes of this paragraph shall not be considered for computing average daily attendance. Days scheduled for in-service training programs, staff development activities, or parent-teacher conferences may be scheduled separately for different grade levels and different attendance centers of the district.

(e) A session of not less than one clock hour of teaching hospitalized or homebound pupils on-site or by telephone to the classroom may be counted as 1/2 day of attendance, however these pupils must receive 4 or more clock hours of instruction to be counted for a full day of attendance.

(f) A session of at least 4 clock hours may be counted as a day of attendance for first grade pupils, and pupils in full day kindergartens, and a session of 2 or more hours may be counted as 1/2 day of attendance by pupils in kindergartens which provide only 1/2 day of attendance.

(g) For children with disabilities who are below the age of 6 years and who cannot attend 2 or more clock hours because of their disability or immaturity, a session of not less than one clock hour may be counted as 1/2 day of attendance; however for such children whose educational needs so require a session of 4 or more clock hours may be counted as a full day of attendance.

(h) A recognized kindergarten which provides for only 1/2 day of attendance by each pupil shall not have more than 1/2 day of attendance counted in any one day. However, kindergartens may count 2 1/2 days of attendance in any 5 consecutive school days. When a pupil attends such a kindergarten for 2 half days on any one school day, the pupil shall have the following day as a day absent from school, unless the school district obtains permission in writing from the State Superintendent of Education. Attendance at kindergartens which provide for a full day of attendance by each pupil shall be counted the same as attendance by first grade pupils. Only the first year of attendance in one kindergarten shall be counted, except in case of children who entered the kindergarten in their fifth year whose educational development requires a second year of kindergarten as determined under the rules and regulations of the State Board of Education.

(i) On the days when the Prairie State Achievement Examination is administered under subsection (c) of Section 2-3.64 of this Code, the day of attendance for a pupil whose school day must be shortened to accommodate required testing procedures may be less than 5 clock hours and shall be counted towards the 176 days of actual pupil attendance required under Section 10-19 of this Code, provided that a sufficient number of minutes of school work in excess of 5 clock hours are first completed on other school days to compensate for the loss of school work on the examination days.

(G) Equalized Assessed Valuation Data.

(1) For purposes of the calculation of Available Local Resources required pursuant to subsection (D), the

State Board of Education shall secure from the Department of Revenue the value as equalized or assessed by the Department of Revenue of all taxable property of every school district, together with (i) the applicable tax rate used in extending taxes for the funds of the district as of September 30 of the previous year and (ii) the limiting rate for all school districts subject to property tax extension limitations as imposed under the Property Tax Extension Limitation Law.

The Department of Revenue shall add to the equalized assessed value of all taxable property of each school district situated entirely or partially within a county that is or was subject to the ~~alternative general homestead exemption~~ provisions of ~~Sections 15-176 or 15-177~~ ~~Section 15-176~~ of the Property Tax Code (a) an amount equal to the total amount by which the homestead exemption allowed under ~~Sections 15-176 or 15-177~~ ~~Section 15-176~~ of the Property Tax Code for real property situated in that school district exceeds the total amount that would have been allowed in that school district if the maximum reduction under Section 15-176 was (i) \$4,500 in Cook County or \$3,500 in all other counties in tax year 2003 or (ii) \$5,000 in all counties in tax year 2004 and thereafter and (b) an amount equal to the aggregate amount for the taxable year of all additional exemptions under Section 15-175 of the Property Tax Code for owners with a household income of \$30,000 or less. The county clerk of any county that is or was subject to the ~~alternative general homestead exemption~~ provisions of ~~Section 15-176 or 15-177~~ ~~Section 15-176~~ of the Property Tax Code shall annually calculate and certify to the Department of Revenue for each school district all homestead exemption amounts under ~~Section 15-176 or 15-177~~ ~~Section 15-176~~ of the Property Tax Code and all amounts of additional exemptions under Section 15-175 of the Property Tax Code for owners with a household income of \$30,000 or less. It is the intent of this paragraph that if the general homestead exemption for a parcel of property is determined under ~~Section 15-176 or 15-177~~ ~~Section 15-176~~ of the Property Tax Code rather than Section 15-175, then the calculation of Available Local Resources shall not be affected by the difference, if any, between the amount of the general homestead exemption allowed for that parcel of property under ~~Section 15-176 or 15-177~~ ~~Section 15-176~~ of the Property Tax Code and the amount that would have been allowed had the general homestead exemption for that parcel of property been determined under Section 15-175 of the Property Tax Code. It is further the intent of this paragraph that if additional exemptions are allowed under Section 15-175 of the Property Tax Code for owners with a household income of less than \$30,000, then the calculation of Available Local Resources shall not be affected by the difference, if any, because of those additional exemptions.

This equalized assessed valuation, as adjusted further by the requirements of this subsection, shall be utilized in the calculation of Available Local Resources.

(2) The equalized assessed valuation in paragraph (1) shall be adjusted, as applicable, in the following manner:

(a) For the purposes of calculating State aid under this Section, with respect to any part of a school district within a redevelopment project area in respect to which a municipality has adopted tax increment allocation financing pursuant to the Tax Increment Allocation Redevelopment Act, Sections 11-74.4-1 through 11-74.4-11 of the Illinois Municipal Code or the Industrial Jobs Recovery Law, Sections 11-74.6-1 through 11-74.6-50 of the Illinois Municipal Code, no part of the current equalized assessed valuation of real property located in any such project area which is attributable to an increase above the total initial equalized assessed valuation of such property shall be used as part of the equalized assessed valuation of the district, until such time as all redevelopment project costs have been paid, as provided in Section 11-74.4-8 of the Tax Increment Allocation Redevelopment Act or in Section 11-74.6-35 of the Industrial Jobs Recovery Law. For the purpose of the equalized assessed valuation of the district, the total initial equalized assessed valuation or the current equalized assessed valuation, whichever is lower, shall be used until such time as all redevelopment project costs have been paid.

(b) The real property equalized assessed valuation for a school district shall be adjusted by subtracting from the real property value as equalized or assessed by the Department of Revenue for the district an amount computed by dividing the amount of any abatement of taxes under Section 18-170 of the Property Tax Code by 3.00% for a district maintaining grades kindergarten through 12, by 2.30% for a district maintaining grades kindergarten through 8, or by 1.05% for a district maintaining grades 9 through 12 and adjusted by an amount computed by dividing the amount of any abatement of taxes under subsection (a) of Section 18-165 of the Property Tax Code by the same percentage rates for district type as specified in this subparagraph (b).

(3) For the 1999-2000 school year and each school year thereafter, if a school district meets all of the criteria of this subsection (G)(3), the school district's Available Local Resources shall be calculated under subsection (D) using the district's Extension Limitation Equalized Assessed Valuation as calculated under

this subsection (G)(3).

For purposes of this subsection (G)(3) the following terms shall have the following meanings:

"Budget Year": The school year for which general State aid is calculated and awarded under subsection (E).

"Base Tax Year": The property tax levy year used to calculate the Budget Year allocation of general State aid.

"Preceding Tax Year": The property tax levy year immediately preceding the Base Tax Year.

"Base Tax Year's Tax Extension": The product of the equalized assessed valuation utilized by the County Clerk in the Base Tax Year multiplied by the limiting rate as calculated by the County Clerk and defined in the Property Tax Extension Limitation Law.

"Preceding Tax Year's Tax Extension": The product of the equalized assessed valuation utilized by the County Clerk in the Preceding Tax Year multiplied by the Operating Tax Rate as defined in subsection (A).

"Extension Limitation Ratio": A numerical ratio, certified by the County Clerk, in which the numerator is the Base Tax Year's Tax Extension and the denominator is the Preceding Tax Year's Tax Extension.

"Operating Tax Rate": The operating tax rate as defined in subsection (A).

If a school district is subject to property tax extension limitations as imposed under the Property Tax Extension Limitation Law, the State Board of Education shall calculate the Extension Limitation Equalized Assessed Valuation of that district. For the 1999-2000 school year, the Extension Limitation Equalized Assessed Valuation of a school district as calculated by the State Board of Education shall be equal to the product of the district's 1996 Equalized Assessed Valuation and the district's Extension Limitation Ratio. For the 2000-2001 school year and each school year thereafter, the Extension Limitation Equalized Assessed Valuation of a school district as calculated by the State Board of Education shall be equal to the product of the Equalized Assessed Valuation last used in the calculation of general State aid and the district's Extension Limitation Ratio. If the Extension Limitation Equalized Assessed Valuation of a school district as calculated under this subsection (G)(3) is less than the district's equalized assessed valuation as calculated pursuant to subsections (G)(1) and (G)(2), then for purposes of calculating the district's general State aid for the Budget Year pursuant to subsection (E), that Extension Limitation Equalized Assessed Valuation shall be utilized to calculate the district's Available Local Resources under subsection (D).

Partial elementary unit districts created in accordance with Article 11E of this Code shall not be eligible for the adjustment in this subsection (G)(3) until the fifth year following the effective date of the reorganization.

(4) For the purposes of calculating general State aid for the 1999-2000 school year only, if a school district experienced a triennial reassessment on the equalized assessed valuation used in calculating its general State financial aid apportionment for the 1998-1999 school year, the State Board of Education shall calculate the Extension Limitation Equalized Assessed Valuation that would have been used to calculate the district's 1998-1999 general State aid. This amount shall equal the product of the equalized assessed valuation used to calculate general State aid for the 1997-1998 school year and the district's Extension Limitation Ratio. If the Extension Limitation Equalized Assessed Valuation of the school district as calculated under this paragraph (4) is less than the district's equalized assessed valuation utilized in calculating the district's 1998-1999 general State aid allocation, then for purposes of calculating the district's general State aid pursuant to paragraph (5) of subsection (E), that Extension Limitation Equalized Assessed Valuation shall be utilized to calculate the district's Available Local Resources.

(5) For school districts having a majority of their equalized assessed valuation in any county except Cook, DuPage, Kane, Lake, McHenry, or Will, if the amount of general State aid allocated to the school district for the 1999-2000 school year under the provisions of subsection (E), (H), and (J) of this Section is less than the amount of general State aid allocated to the district for the 1998-1999 school year under these subsections, then the general State aid of the district for the 1999-2000 school year only shall be increased by the difference between these amounts. The total payments made under this paragraph (5) shall not exceed \$14,000,000. Claims shall be prorated if they exceed \$14,000,000.

(H) Supplemental General State Aid.

(1) In addition to the general State aid a school district is allotted pursuant to subsection (E), qualifying school districts shall receive a grant, paid in conjunction with a district's payments of general State aid, for supplemental general State aid based upon the concentration level of children from low-income households within the school district. Supplemental State aid grants provided for school districts under this subsection

shall be appropriated for distribution to school districts as part of the same line item in which the general State financial aid of school districts is appropriated under this Section. If the appropriation in any fiscal year for general State aid and supplemental general State aid is insufficient to pay the amounts required under the general State aid and supplemental general State aid calculations, then the State Board of Education shall ensure that each school district receives the full amount due for general State aid and the remainder of the appropriation shall be used for supplemental general State aid, which the State Board of Education shall calculate and pay to eligible districts on a prorated basis.

(1.5) This paragraph (1.5) applies only to those school years preceding the 2003-2004 school year. For purposes of this subsection (H), the term "Low-Income Concentration Level" shall be the low-income eligible pupil count from the most recently available federal census divided by the Average Daily Attendance of the school district. If, however, (i) the percentage decrease from the 2 most recent federal censuses in the low-income eligible pupil count of a high school district with fewer than 400 students exceeds by 75% or more the percentage change in the total low-income eligible pupil count of contiguous elementary school districts, whose boundaries are coterminous with the high school district, or (ii) a high school district within 2 counties and serving 5 elementary school districts, whose boundaries are coterminous with the high school district, has a percentage decrease from the 2 most recent federal censuses in the low-income eligible pupil count and there is a percentage increase in the total low-income eligible pupil count of a majority of the elementary school districts in excess of 50% from the 2 most recent federal censuses, then the high school district's low-income eligible pupil count from the earlier federal census shall be the number used as the low-income eligible pupil count for the high school district, for purposes of this subsection (H). The changes made to this paragraph (1) by Public Act 92-28 shall apply to supplemental general State aid grants for school years preceding the 2003-2004 school year that are paid in fiscal year 1999 or thereafter and to any State aid payments made in fiscal year 1994 through fiscal year 1998 pursuant to subsection 1(n) of Section 18-8 of this Code (which was repealed on July 1, 1998), and any high school district that is affected by Public Act 92-28 is entitled to a recomputation of its supplemental general State aid grant or State aid paid in any of those fiscal years. This recomputation shall not be affected by any other funding.

(1.10) This paragraph (1.10) applies to the 2003-2004 school year and each school year thereafter. For purposes of this subsection (H), the term "Low-Income Concentration Level" shall, for each fiscal year, be the low-income eligible pupil count as of July 1 of the immediately preceding fiscal year (as determined by the Department of Human Services based on the number of pupils who are eligible for at least one of the following low income programs: Medicaid, KidCare, TANF, or Food Stamps, excluding pupils who are eligible for services provided by the Department of Children and Family Services, averaged over the 2 immediately preceding fiscal years for fiscal year 2004 and over the 3 immediately preceding fiscal years for each fiscal year thereafter) divided by the Average Daily Attendance of the school district.

(2) Supplemental general State aid pursuant to this subsection (H) shall be provided as follows for the 1998-1999, 1999-2000, and 2000-2001 school years only:

(a) For any school district with a Low Income Concentration Level of at least 20% and less than 35%, the grant for any school year shall be \$800 multiplied by the low income eligible pupil count.

(b) For any school district with a Low Income Concentration Level of at least 35% and less than 50%, the grant for the 1998-1999 school year shall be \$1,100 multiplied by the low income eligible pupil count.

(c) For any school district with a Low Income Concentration Level of at least 50% and less than 60%, the grant for the 1998-99 school year shall be \$1,500 multiplied by the low income eligible pupil count.

(d) For any school district with a Low Income Concentration Level of 60% or more, the grant for the 1998-99 school year shall be \$1,900 multiplied by the low income eligible pupil count.

(e) For the 1999-2000 school year, the per pupil amount specified in subparagraphs (b), (c), and (d) immediately above shall be increased to \$1,243, \$1,600, and \$2,000, respectively.

(f) For the 2000-2001 school year, the per pupil amounts specified in subparagraphs (b), (c), and (d) immediately above shall be \$1,273, \$1,640, and \$2,050, respectively.

(2.5) Supplemental general State aid pursuant to this subsection (H) shall be provided as follows for the 2002-2003 school year:

(a) For any school district with a Low Income Concentration Level of less than 10%, the grant for each school year shall be \$355 multiplied by the low income eligible pupil count.

(b) For any school district with a Low Income Concentration Level of at least 10% and

less than 20%, the grant for each school year shall be \$675 multiplied by the low income eligible pupil count.

(c) For any school district with a Low Income Concentration Level of at least 20% and less than 35%, the grant for each school year shall be \$1,330 multiplied by the low income eligible pupil count.

(d) For any school district with a Low Income Concentration Level of at least 35% and less than 50%, the grant for each school year shall be \$1,362 multiplied by the low income eligible pupil count.

(e) For any school district with a Low Income Concentration Level of at least 50% and less than 60%, the grant for each school year shall be \$1,680 multiplied by the low income eligible pupil count.

(f) For any school district with a Low Income Concentration Level of 60% or more, the grant for each school year shall be \$2,080 multiplied by the low income eligible pupil count.

(2.10) Except as otherwise provided, supplemental general State aid pursuant to this subsection (H) shall be provided as follows for the 2003-2004 school year and each school year thereafter:

(a) For any school district with a Low Income Concentration Level of 15% or less, the grant for each school year shall be \$355 multiplied by the low income eligible pupil count.

(b) For any school district with a Low Income Concentration Level greater than 15%, the grant for each school year shall be \$294.25 added to the product of \$2,700 and the square of the Low Income Concentration Level, all multiplied by the low income eligible pupil count.

For the 2003-2004 school year, 2004-2005 school year, 2005-2006 school year, and 2006-2007 school year only, the grant shall be no less than the grant for the 2002-2003 school year. For the 2007-2008 school year only, the grant shall be no less than the grant for the 2002-2003 school year multiplied by 0.66. For the 2008-2009 school year only, the grant shall be no less than the grant for the 2002-2003 school year multiplied by 0.33. Notwithstanding the provisions of this paragraph to the contrary, if for any school year supplemental general State aid grants are prorated as provided in paragraph (1) of this subsection (H), then the grants under this paragraph shall be prorated.

For the 2003-2004 school year only, the grant shall be no greater than the grant received during the 2002-2003 school year added to the product of 0.25 multiplied by the difference between the grant amount calculated under subsection (a) or (b) of this paragraph (2.10), whichever is applicable, and the grant received during the 2002-2003 school year. For the 2004-2005 school year only, the grant shall be no greater than the grant received during the 2002-2003 school year added to the product of 0.50 multiplied by the difference between the grant amount calculated under subsection (a) or (b) of this paragraph (2.10), whichever is applicable, and the grant received during the 2002-2003 school year. For the 2005-2006 school year only, the grant shall be no greater than the grant received during the 2002-2003 school year added to the product of 0.75 multiplied by the difference between the grant amount calculated under subsection (a) or (b) of this paragraph (2.10), whichever is applicable, and the grant received during the 2002-2003 school year.

(3) School districts with an Average Daily Attendance of more than 1,000 and less than 50,000 that qualify for supplemental general State aid pursuant to this subsection shall submit a plan to the State Board of Education prior to October 30 of each year for the use of the funds resulting from this grant of supplemental general State aid for the improvement of instruction in which priority is given to meeting the education needs of disadvantaged children. Such plan shall be submitted in accordance with rules and regulations promulgated by the State Board of Education.

(4) School districts with an Average Daily Attendance of 50,000 or more that qualify for supplemental general State aid pursuant to this subsection shall be required to distribute from funds available pursuant to this Section, no less than \$261,000,000 in accordance with the following requirements:

(a) The required amounts shall be distributed to the attendance centers within the district in proportion to the number of pupils enrolled at each attendance center who are eligible to receive free or reduced-price lunches or breakfasts under the federal Child Nutrition Act of 1966 and under the National School Lunch Act during the immediately preceding school year.

(b) The distribution of these portions of supplemental and general State aid among attendance centers according to these requirements shall not be compensated for or contravened by adjustments of the total of other funds appropriated to any attendance centers, and the Board of Education shall utilize funding from one or several sources in order to fully implement this provision annually prior to the opening of school.

(c) Each attendance center shall be provided by the school district a distribution of

noncategorical funds and other categorical funds to which an attendance center is entitled under law in order that the general State aid and supplemental general State aid provided by application of this subsection supplements rather than supplants the noncategorical funds and other categorical funds provided by the school district to the attendance centers.

(d) Any funds made available under this subsection that by reason of the provisions of this subsection are not required to be allocated and provided to attendance centers may be used and appropriated by the board of the district for any lawful school purpose.

(e) Funds received by an attendance center pursuant to this subsection shall be used by the attendance center at the discretion of the principal and local school council for programs to improve educational opportunities at qualifying schools through the following programs and services: early childhood education, reduced class size or improved adult to student classroom ratio, enrichment programs, remedial assistance, attendance improvement, and other educationally beneficial expenditures which supplement the regular and basic programs as determined by the State Board of Education. Funds provided shall not be expended for any political or lobbying purposes as defined by board rule.

(f) Each district subject to the provisions of this subdivision (H)(4) shall submit an acceptable plan to meet the educational needs of disadvantaged children, in compliance with the requirements of this paragraph, to the State Board of Education prior to July 15 of each year. This plan shall be consistent with the decisions of local school councils concerning the school expenditure plans developed in accordance with part 4 of Section 34-2.3. The State Board shall approve or reject the plan within 60 days after its submission. If the plan is rejected, the district shall give written notice of intent to modify the plan within 15 days of the notification of rejection and then submit a modified plan within 30 days after the date of the written notice of intent to modify. Districts may amend approved plans pursuant to rules promulgated by the State Board of Education.

Upon notification by the State Board of Education that the district has not submitted a plan prior to July 15 or a modified plan within the time period specified herein, the State aid funds affected by that plan or modified plan shall be withheld by the State Board of Education until a plan or modified plan is submitted.

If the district fails to distribute State aid to attendance centers in accordance with an approved plan, the plan for the following year shall allocate funds, in addition to the funds otherwise required by this subsection, to those attendance centers which were underfunded during the previous year in amounts equal to such underfunding.

For purposes of determining compliance with this subsection in relation to the requirements of attendance center funding, each district subject to the provisions of this subsection shall submit as a separate document by December 1 of each year a report of expenditure data for the prior year in addition to any modification of its current plan. If it is determined that there has been a failure to comply with the expenditure provisions of this subsection regarding contravention or supplanting, the State Superintendent of Education shall, within 60 days of receipt of the report, notify the district and any affected local school council. The district shall within 45 days of receipt of that notification inform the State Superintendent of Education of the remedial or corrective action to be taken, whether by amendment of the current plan, if feasible, or by adjustment in the plan for the following year. Failure to provide the expenditure report or the notification of remedial or corrective action in a timely manner shall result in a withholding of the affected funds.

The State Board of Education shall promulgate rules and regulations to implement the provisions of this subsection. No funds shall be released under this subdivision (H)(4) to any district that has not submitted a plan that has been approved by the State Board of Education.

(I) (Blank).

(J) Supplementary Grants in Aid.

(1) Notwithstanding any other provisions of this Section, the amount of the aggregate general State aid in combination with supplemental general State aid under this Section for which each school district is eligible shall be no less than the amount of the aggregate general State aid entitlement that was received by the district under Section 18-8 (exclusive of amounts received under subsections 5(p) and 5(p-5) of that Section) for the 1997-98 school year, pursuant to the provisions of that Section as it was then in effect. If a school district qualifies to receive a supplementary payment made under this subsection (J), the amount of the aggregate general State aid in combination with supplemental general State aid under this Section which that district is eligible to receive for each school year shall be no less than the amount of the aggregate general State aid entitlement that was received by the district under Section 18-8 (exclusive of amounts received under subsections 5(p) and 5(p-5) of that Section) for the 1997-1998 school year,

pursuant to the provisions of that Section as it was then in effect.

(2) If, as provided in paragraph (1) of this subsection (J), a school district is to receive aggregate general State aid in combination with supplemental general State aid under this Section for the 1998-99 school year and any subsequent school year that in any such school year is less than the amount of the aggregate general State aid entitlement that the district received for the 1997-98 school year, the school district shall also receive, from a separate appropriation made for purposes of this subsection (J), a supplementary payment that is equal to the amount of the difference in the aggregate State aid figures as described in paragraph (1).

(3) (Blank).

(K) Grants to Laboratory and Alternative Schools.

In calculating the amount to be paid to the governing board of a public university that operates a laboratory school under this Section or to any alternative school that is operated by a regional superintendent of schools, the State Board of Education shall require by rule such reporting requirements as it deems necessary.

As used in this Section, "laboratory school" means a public school which is created and operated by a public university and approved by the State Board of Education. The governing board of a public university which receives funds from the State Board under this subsection (K) may not increase the number of students enrolled in its laboratory school from a single district, if that district is already sending 50 or more students, except under a mutual agreement between the school board of a student's district of residence and the university which operates the laboratory school. A laboratory school may not have more than 1,000 students, excluding students with disabilities in a special education program.

As used in this Section, "alternative school" means a public school which is created and operated by a Regional Superintendent of Schools and approved by the State Board of Education. Such alternative schools may offer courses of instruction for which credit is given in regular school programs, courses to prepare students for the high school equivalency testing program or vocational and occupational training. A regional superintendent of schools may contract with a school district or a public community college district to operate an alternative school. An alternative school serving more than one educational service region may be established by the regional superintendents of schools of the affected educational service regions. An alternative school serving more than one educational service region may be operated under such terms as the regional superintendents of schools of those educational service regions may agree.

Each laboratory and alternative school shall file, on forms provided by the State Superintendent of Education, an annual State aid claim which states the Average Daily Attendance of the school's students by month. The best 3 months' Average Daily Attendance shall be computed for each school. The general State aid entitlement shall be computed by multiplying the applicable Average Daily Attendance by the Foundation Level as determined under this Section.

(L) Payments, Additional Grants in Aid and Other Requirements.

(1) For a school district operating under the financial supervision of an Authority created under Article 34A, the general State aid otherwise payable to that district under this Section, but not the supplemental general State aid, shall be reduced by an amount equal to the budget for the operations of the Authority as certified by the Authority to the State Board of Education, and an amount equal to such reduction shall be paid to the Authority created for such district for its operating expenses in the manner provided in Section 18-11. The remainder of general State school aid for any such district shall be paid in accordance with Article 34A when that Article provides for a disposition other than that provided by this Article.

(2) (Blank).

(3) Summer school. Summer school payments shall be made as provided in Section 18-4.3.

(M) Education Funding Advisory Board.

The Education Funding Advisory Board, hereinafter in this subsection (M) referred to as the "Board", is hereby created. The Board shall consist of 5 members who are appointed by the Governor, by and with the advice and consent of the Senate. The members appointed shall include representatives of education, business, and the general public. One of the members so appointed shall be designated by the Governor at the time the appointment is made as the chairperson of the Board. The initial members of the Board may be appointed any time after the effective date of this amendatory Act of 1997. The regular term of each member of the Board shall be for 4 years from the third Monday of January of the year in which the term of the member's appointment is to commence, except that of the 5 initial members appointed to serve on the Board, the member who is appointed as the chairperson shall serve for a term that commences on the date of his or her appointment and expires on the third Monday of January, 2002, and the remaining 4 members, by lots drawn at the first meeting of the Board that is held after all 5 members are appointed, shall

determine 2 of their number to serve for terms that commence on the date of their respective appointments and expire on the third Monday of January, 2001, and 2 of their number to serve for terms that commence on the date of their respective appointments and expire on the third Monday of January, 2000. All members appointed to serve on the Board shall serve until their respective successors are appointed and confirmed. Vacancies shall be filled in the same manner as original appointments. If a vacancy in membership occurs at a time when the Senate is not in session, the Governor shall make a temporary appointment until the next meeting of the Senate, when he or she shall appoint, by and with the advice and consent of the Senate, a person to fill that membership for the unexpired term. If the Senate is not in session when the initial appointments are made, those appointments shall be made as in the case of vacancies.

The Education Funding Advisory Board shall be deemed established, and the initial members appointed by the Governor to serve as members of the Board shall take office, on the date that the Governor makes his or her appointment of the fifth initial member of the Board, whether those initial members are then serving pursuant to appointment and confirmation or pursuant to temporary appointments that are made by the Governor as in the case of vacancies.

The State Board of Education shall provide such staff assistance to the Education Funding Advisory Board as is reasonably required for the proper performance by the Board of its responsibilities.

For school years after the 2000-2001 school year, the Education Funding Advisory Board, in consultation with the State Board of Education, shall make recommendations as provided in this subsection (M) to the General Assembly for the foundation level under subdivision (B)(3) of this Section and for the supplemental general State aid grant level under subsection (H) of this Section for districts with high concentrations of children from poverty. The recommended foundation level shall be determined based on a methodology which incorporates the basic education expenditures of low-spending schools exhibiting high academic performance. The Education Funding Advisory Board shall make such recommendations to the General Assembly on January 1 of odd numbered years, beginning January 1, 2001.

(N) (Blank).

(O) References.

(1) References in other laws to the various subdivisions of Section 18-8 as that Section existed before its repeal and replacement by this Section 18-8.05 shall be deemed to refer to the corresponding provisions of this Section 18-8.05, to the extent that those references remain applicable.

(2) References in other laws to State Chapter 1 funds shall be deemed to refer to the supplemental general State aid provided under subsection (H) of this Section.

(P) Public Act 93-838 and Public Act 93-808 make inconsistent changes to this Section. Under Section 6 of the Statute on Statutes there is an irreconcilable conflict between Public Act 93-808 and Public Act 93-838. Public Act 93-838, being the last acted upon, is controlling. The text of Public Act 93-838 is the law regardless of the text of Public Act 93-808.

Section 33. The Senior Citizens and Disabled Persons Property Tax Relief and Pharmaceutical Assistance Act is amended by changing Section 4 as follows:

(320 ILCS 25/4) (from Ch. 67 1/2, par. 404)

Sec. 4. Amount of Grant.

(a) In general. Any individual 65 years or older or any individual who will become 65 years old during the calendar year in which a claim is filed, and any surviving spouse of such a claimant, who at the time of death received or was entitled to receive a grant pursuant to this Section, which surviving spouse will become 65 years of age within the 24 months immediately following the death of such claimant and which surviving spouse but for his or her age is otherwise qualified to receive a grant pursuant to this Section, and any disabled person whose annual household income is less than the income eligibility limitation, as defined in subsection (a-5) ~~\$14,000 for grant years before the 1998 grant year, less than \$16,000 for the 1998 and 1999 grant years, and less than (i) \$21,218 for a household containing one person, (ii) \$28,480 for a household containing 2 persons, or (iii) \$35,740 for a household containing 3 or more persons for the 2000 grant year and thereafter~~ and whose household is liable for payment of property taxes accrued or has paid rent constituting property taxes accrued and is domiciled in this State at the time he or she files his or her claim is entitled to claim a grant under this Act. With respect to claims filed by individuals who will become 65 years old during the calendar year in which a claim is filed, the amount of any grant to which that household is entitled shall be an amount equal to 1/12 of the amount to which the claimant would otherwise be entitled as provided in this Section, multiplied by the number of months in which the claimant

was 65 in the calendar year in which the claim is filed.

(a-5) Income eligibility limitation. For purposes of this Section, "income eligibility limitation" means an amount:

- (i) for grant years before the 1998 grant year, less than \$14,000;
- (ii) for the 1998 and 1999 grant year, less than \$16,000;
- (iii) for grant years 2000 through 2007:
 - (A) less than \$21,218 for a household containing one person;
 - (B) less than \$28,480 for a household containing 2 persons; or
 - (C) less than \$35,740 for a household containing 3 or more persons; or
- (iv) for grant years 2008 and thereafter:
 - (A) less than \$22,218 for a household containing one person;
 - (B) less than \$29,480 for a household containing 2 persons; or
 - (C) less than \$36,740 for a household containing 3 or more persons.

(b) Limitation. Except as otherwise provided in subsections (a) and (f) of this Section, the maximum amount of grant which a claimant is entitled to claim is the amount by which the property taxes accrued which were paid or payable during the last preceding tax year or rent constituting property taxes accrued upon the claimant's residence for the last preceding taxable year exceeds 3 1/2% of the claimant's household income for that year but in no event is the grant to exceed (i) \$700 less 4.5% of household income for that year for those with a household income of \$14,000 or less or (ii) \$70 if household income for that year is more than \$14,000.

(c) Public aid recipients. If household income in one or more months during a year includes cash assistance in excess of \$55 per month from the Department of Healthcare and Family Services or the Department of Human Services (acting as successor to the Department of Public Aid under the Department of Human Services Act) which was determined under regulations of that Department on a measure of need that included an allowance for actual rent or property taxes paid by the recipient of that assistance, the amount of grant to which that household is entitled, except as otherwise provided in subsection (a), shall be the product of (1) the maximum amount computed as specified in subsection (b) of this Section and (2) the ratio of the number of months in which household income did not include such cash assistance over \$55 to the number twelve. If household income did not include such cash assistance over \$55 for any months during the year, the amount of the grant to which the household is entitled shall be the maximum amount computed as specified in subsection (b) of this Section. For purposes of this paragraph (c), "cash assistance" does not include any amount received under the federal Supplemental Security Income (SSI) program.

(d) Joint ownership. If title to the residence is held jointly by the claimant with a person who is not a member of his or her household, the amount of property taxes accrued used in computing the amount of grant to which he or she is entitled shall be the same percentage of property taxes accrued as is the percentage of ownership held by the claimant in the residence.

(e) More than one residence. If a claimant has occupied more than one residence in the taxable year, he or she may claim only one residence for any part of a month. In the case of property taxes accrued, he or she shall prorate 1/12 of the total property taxes accrued on his or her residence to each month that he or she owned and occupied that residence; and, in the case of rent constituting property taxes accrued, shall prorate each month's rent payments to the residence actually occupied during that month.

(f) There is hereby established a program of pharmaceutical assistance to the aged and disabled which shall be administered by the Department in accordance with this Act, to consist of payments to authorized pharmacies, on behalf of beneficiaries of the program, for the reasonable costs of covered prescription drugs. Each beneficiary who pays \$5 for an identification card shall pay no additional prescription costs. Each beneficiary who pays \$25 for an identification card shall pay \$3 per prescription. In addition, after a beneficiary receives \$2,000 in benefits during a State fiscal year, that beneficiary shall also be charged 20% of the cost of each prescription for which payments are made by the program during the remainder of the fiscal year. To become a beneficiary under this program a person must: (1) be (i) 65 years of age or older, or (ii) the surviving spouse of such a claimant, who at the time of death received or was entitled to receive benefits pursuant to this subsection, which surviving spouse will become 65 years of age within the 24 months immediately following the death of such claimant and which surviving spouse but for his or her age is otherwise qualified to receive benefits pursuant to this subsection, or (iii) disabled, and (2) be domiciled in this State at the time he or she files his or her claim, and (3) have a maximum household income of less than ~~the income eligibility limitation, as defined in subsection (a-5) \$14,000 for grant years before the 1998 grant year, less than \$16,000 for the 1998 and 1999 grant years, and less than (i) \$21,218 for a household~~

~~containing one person, (ii) \$28,480 for a household containing 2 persons, or (iii) \$35,740 for a household containing 3 or more persons for the 2000 grant year and thereafter.~~ In addition, each eligible person must (1) obtain an identification card from the Department, (2) at the time the card is obtained, sign a statement assigning to the State of Illinois benefits which may be otherwise claimed under any private insurance plans, and (3) present the identification card to the dispensing pharmacist.

The Department may adopt rules specifying participation requirements for the pharmaceutical assistance program, including copayment amounts, identification card fees, expenditure limits, and the benefit threshold after which a 20% charge is imposed on the cost of each prescription, to be in effect on and after July 1, 2004. Notwithstanding any other provision of this paragraph, however, the Department may not increase the identification card fee above the amount in effect on May 1, 2003 without the express consent of the General Assembly. To the extent practicable, those requirements shall be commensurate with the requirements provided in rules adopted by the Department of Healthcare and Family Services to implement the pharmacy assistance program under Section 5-5.12a of the Illinois Public Aid Code.

Whenever a generic equivalent for a covered prescription drug is available, the Department shall reimburse only for the reasonable costs of the generic equivalent, less the co-pay established in this Section, unless (i) the covered prescription drug contains one or more ingredients defined as a narrow therapeutic index drug at 21 CFR 320.33, (ii) the prescriber indicates on the face of the prescription "brand medically necessary", and (iii) the prescriber specifies that a substitution is not permitted. When issuing an oral prescription for covered prescription medication described in item (i) of this paragraph, the prescriber shall stipulate "brand medically necessary" and that a substitution is not permitted. If the covered prescription drug and its authorizing prescription do not meet the criteria listed above, the beneficiary may purchase the non-generic equivalent of the covered prescription drug by paying the difference between the generic cost and the non-generic cost plus the beneficiary co-pay.

Any person otherwise eligible for pharmaceutical assistance under this Act whose covered drugs are covered by any public program for assistance in purchasing any covered prescription drugs shall be ineligible for assistance under this Act to the extent such costs are covered by such other plan.

The fee to be charged by the Department for the identification card shall be equal to \$5 per coverage year for persons below the official poverty line as defined by the United States Department of Health and Human Services and \$25 per coverage year for all other persons.

In the event that 2 or more persons are eligible for any benefit under this Act, and are members of the same household, (1) each such person shall be entitled to participate in the pharmaceutical assistance program, provided that he or she meets all other requirements imposed by this subsection and (2) each participating household member contributes the fee required for that person by the preceding paragraph for the purpose of obtaining an identification card.

The provisions of this subsection (f), other than this paragraph, are inoperative after December 31, 2005. Beneficiaries who received benefits under the program established by this subsection (f) are not entitled, at the termination of the program, to any refund of the identification card fee paid under this subsection.

(g) Effective January 1, 2006, there is hereby established a program of pharmaceutical assistance to the aged and disabled, entitled the Illinois Seniors and Disabled Drug Coverage Program, which shall be administered by the Department of Healthcare and Family Services and the Department on Aging in accordance with this subsection, to consist of coverage of specified prescription drugs on behalf of beneficiaries of the program as set forth in this subsection. The program under this subsection replaces and supersedes the program established under subsection (f), which shall end at midnight on December 31, 2005.

To become a beneficiary under the program established under this subsection, a person must:

- (1) be (i) 65 years of age or older or (ii) disabled; and
- (2) be domiciled in this State; and
- (3) enroll with a qualified Medicare Part D Prescription Drug Plan if eligible and apply for all available subsidies under Medicare Part D; and

(4) have a maximum household income of (i) less than \$21,218 for a household containing one person, (ii) less than \$28,480 for a household containing 2 persons, or (iii) less than \$35,740 for a household containing 3 or more persons. If any income eligibility limit set forth in items (i) through (iii) is less than 200% of the Federal Poverty Level for any year, the income eligibility limit for that year for households of that size shall be income equal to or less than 200% of the Federal Poverty Level.

All individuals enrolled as of December 31, 2005, in the pharmaceutical assistance program operated pursuant to subsection (f) of this Section and all individuals enrolled as of December 31, 2005, in the SeniorCare Medicaid waiver program operated pursuant to Section 5-5.12a of the Illinois Public

Aid Code shall be automatically enrolled in the program established by this subsection for the first year of operation without the need for further application, except that they must apply for Medicare Part D and the Low Income Subsidy under Medicare Part D. A person enrolled in the pharmaceutical assistance program operated pursuant to subsection (f) of this Section as of December 31, 2005, shall not lose eligibility in future years due only to the fact that they have not reached the age of 65.

To the extent permitted by federal law, the Department may act as an authorized representative of a beneficiary in order to enroll the beneficiary in a Medicare Part D Prescription Drug Plan if the beneficiary has failed to choose a plan and, where possible, to enroll beneficiaries in the low-income subsidy program under Medicare Part D or assist them in enrolling in that program.

Beneficiaries under the program established under this subsection shall be divided into the following 5 eligibility groups:

(A) Eligibility Group 1 shall consist of beneficiaries who are not eligible for Medicare Part D coverage and who are:

(i) disabled and under age 65; or

(ii) age 65 or older, with incomes over 200% of the Federal Poverty Level; or

(iii) age 65 or older, with incomes at or below 200% of the Federal Poverty Level and not eligible for federally funded means-tested benefits due to immigration status.

(B) Eligibility Group 2 shall consist of beneficiaries otherwise described in Eligibility Group 1 but who are eligible for Medicare Part D coverage.

(C) Eligibility Group 3 shall consist of beneficiaries age 65 or older, with incomes at or below 200% of the Federal Poverty Level, who are not barred from receiving federally funded means-tested benefits due to immigration status and are eligible for Medicare Part D coverage.

(D) Eligibility Group 4 shall consist of beneficiaries age 65 or older, with incomes at or below 200% of the Federal Poverty Level, who are not barred from receiving federally funded means-tested benefits due to immigration status and are not eligible for Medicare Part D coverage.

If the State applies and receives federal approval for a waiver under Title XIX of the Social Security Act, persons in Eligibility Group 4 shall continue to receive benefits through the approved waiver, and Eligibility Group 4 may be expanded to include disabled persons under age 65 with incomes under 200% of the Federal Poverty Level who are not eligible for Medicare and who are not barred from receiving federally funded means-tested benefits due to immigration status.

(E) On and after January 1, 2007, Eligibility Group 5 shall consist of beneficiaries who are otherwise described in Eligibility Group 1 but are eligible for Medicare Part D and have a diagnosis of HIV or AIDS.

The program established under this subsection shall cover the cost of covered prescription drugs in excess of the beneficiary cost-sharing amounts set forth in this paragraph that are not covered by Medicare. In 2006, beneficiaries shall pay a co-payment of \$2 for each prescription of a generic drug and \$5 for each prescription of a brand-name drug. In future years, beneficiaries shall pay co-payments equal to the co-payments required under Medicare Part D for "other low-income subsidy eligible individuals" pursuant to 42 CFR 423.782(b). For individuals in Eligibility Groups 1, 2, 3, and 4, once the program established under this subsection and Medicare combined have paid \$1,750 in a year for covered prescription drugs, the beneficiary shall pay 20% of the cost of each prescription in addition to the co-payments set forth in this paragraph. For individuals in Eligibility Group 5, once the program established under this subsection and Medicare combined have paid \$1,750 in a year for covered prescription drugs, the beneficiary shall pay 20% of the cost of each prescription in addition to the co-payments set forth in this paragraph unless the drug is included in the formulary of the Illinois AIDS Drug Assistance Program operated by the Illinois Department of Public Health. If the drug is included in the formulary of the Illinois AIDS Drug Assistance Program, individuals in Eligibility Group 5 shall continue to pay the co-payments set forth in this paragraph after the program established under this subsection and Medicare combined have paid \$1,750 in a year for covered prescription drugs.

For beneficiaries eligible for Medicare Part D coverage, the program established under this subsection shall pay 100% of the premiums charged by a qualified Medicare Part D Prescription Drug Plan for Medicare Part D basic prescription drug coverage, not including any late enrollment penalties. Qualified Medicare Part D Prescription Drug Plans may be limited by the Department of Healthcare and Family Services to those plans that sign a coordination agreement with the Department.

Notwithstanding Section 3.15, for purposes of the program established under this subsection, the term "covered prescription drug" has the following meanings:

For Eligibility Group 1, "covered prescription drug" means: (1) any cardiovascular agent

or drug; (2) any insulin or other prescription drug used in the treatment of diabetes, including syringe and needles used to administer the insulin; (3) any prescription drug used in the treatment of arthritis; (4) any prescription drug used in the treatment of cancer; (5) any prescription drug used in the treatment of Alzheimer's disease; (6) any prescription drug used in the treatment of Parkinson's disease; (7) any prescription drug used in the treatment of glaucoma; (8) any prescription drug used in the treatment of lung disease and smoking-related illnesses; (9) any prescription drug used in the treatment of osteoporosis; and (10) any prescription drug used in the treatment of multiple sclerosis. The Department may add additional therapeutic classes by rule. The Department may adopt a preferred drug list within any of the classes of drugs described in items (1) through (10) of this paragraph. The specific drugs or therapeutic classes of covered prescription drugs shall be indicated by rule.

For Eligibility Group 2, "covered prescription drug" means those drugs covered for Eligibility Group 1 that are also covered by the Medicare Part D Prescription Drug Plan in which the beneficiary is enrolled.

For Eligibility Group 3, "covered prescription drug" means those drugs covered by the Medicare Part D Prescription Drug Plan in which the beneficiary is enrolled.

For Eligibility Group 4, "covered prescription drug" means those drugs covered by the Medical Assistance Program under Article V of the Illinois Public Aid Code.

For Eligibility Group 5, "covered prescription drug" means: (1) those drugs covered for Eligibility Group 1 that are also covered by the Medicare Part D Prescription Drug Plan in which the beneficiary is enrolled; and (2) those drugs included in the formulary of the Illinois AIDS Drug Assistance Program operated by the Illinois Department of Public Health that are also covered by the Medicare Part D Prescription Drug Plan in which the beneficiary is enrolled.

An individual in Eligibility Group 3 or 4 may opt to receive a \$25 monthly payment in lieu of the direct coverage described in this subsection.

Any person otherwise eligible for pharmaceutical assistance under this subsection whose covered drugs are covered by any public program is ineligible for assistance under this subsection to the extent that the cost of those drugs is covered by the other program.

The Department of Healthcare and Family Services shall establish by rule the methods by which it will provide for the coverage called for in this subsection. Those methods may include direct reimbursement to pharmacies or the payment of a capitated amount to Medicare Part D Prescription Drug Plans.

For a pharmacy to be reimbursed under the program established under this subsection, it must comply with rules adopted by the Department of Healthcare and Family Services regarding coordination of benefits with Medicare Part D Prescription Drug Plans. A pharmacy may not charge a Medicare-enrolled beneficiary of the program established under this subsection more for a covered prescription drug than the appropriate Medicare cost-sharing less any payment from or on behalf of the Department of Healthcare and Family Services.

The Department of Healthcare and Family Services or the Department on Aging, as appropriate, may adopt rules regarding applications, counting of income, proof of Medicare status, mandatory generic policies, and pharmacy reimbursement rates and any other rules necessary for the cost-efficient operation of the program established under this subsection.

The amnesty program shall be for a period from October 1, 2007 through November 15, 2007. The amnesty program shall provide that, upon payment by a taxpayer of all franchise taxes and license fees due from that taxpayer to the State of Illinois for any taxable period, the Secretary shall abate and not seek to collect any interest or penalties that may be applicable, and the Secretary shall not seek civil or criminal prosecution for any taxpayer for the period of time for which amnesty has been granted to the taxpayer. (805 ILCS 5/15.90) (from Ch. 32, par. 15.90)

Sec. 15.90. Statute of limitations.

(a) Except as otherwise provided in this Section and notwithstanding anything to the contrary contained in any other Section of this Act, no domestic corporation or foreign corporation shall be obligated to pay any annual franchise tax, fee, or penalty or interest thereon imposed under this Act, nor shall any administrative or judicial sanction (including dissolution) be imposed or enforced nor access to the courts of this State be denied based upon nonpayment thereof more than 7 years after the date of filing the annual report with respect to the period during which the obligation for the tax, fee, penalty or interest arose, unless (1) within that 7 year period the Secretary of State sends a written notice to the corporation to the effect that (A) administrative or judicial action to dissolve the corporation or revoke its certificate of authority for nonpayment of a tax, fee, penalty or interest has been commenced; or (B) the corporation has submitted a report but has failed to pay a tax, fee, penalty or interest required to be paid therewith; or (C) a report with respect to an event or action giving rise to an obligation to pay a tax, fee, penalty or interest is required but has not been filed, or has been filed and is in error or incomplete; or (2) the annual report by the corporation was filed with fraudulent intent to evade taxes payable under this Act. A corporation nonetheless shall be required to pay all taxes that would have been payable during the most recent 7 year period due to a previously unreported increase in paid-in capital that occurred prior to that 7 year period and interest and penalties thereon for that period, except that with respect to any corporation that participates in the Franchise Tax and License Fee Amnesty Act of 2007, the corporation shall be only required to pay all taxes that would have been payable during the most recent 4 year period due to a previously unreported increase in paid-in capital that occurred prior to that 7 year period.

(b) If within 2 years following a change in control of a corporation the corporation voluntarily pays in good faith all known obligations of the corporation imposed by this Article 15 with respect to reports that were required to have been filed since the beginning of the 7 year period ending on the effective date of the change in control, no action shall be taken to enforce or collect obligations of that corporation imposed by this Article 15 with respect to reports that were required to have been filed prior to that 7 year period regardless of whether the limitation period set forth in subsection (a) is otherwise applicable. For purposes of this subsection (b), a change in control means a transaction, or a series of transactions consummated within a period of 180 consecutive days, as a result of which a person which owned less than 10% of the shares having the power to elect directors of the corporation acquires shares such that the person becomes the holder of 80% or more of the shares having such power. For purposes of this subsection (b) a person

means any natural person, corporation, partnership, trust or other entity together with all other persons controlled by, controlling or under common control with such person.

(c) Except as otherwise provided in this Section and notwithstanding anything to the contrary contained in any other Section of this Act, no foreign corporation that has not previously obtained a certificate of authority under this Act shall, upon voluntary application for a certificate of authority filed with the Secretary of State prior to January 1, 2001, be obligated to pay any tax, fee, penalty, or interest imposed under this Act, nor shall any administrative or judicial sanction be imposed or enforced based upon nonpayment thereof with respect to a period during which the obligation arose that is prior to January 1, 1993 unless (1) prior to receipt of the application for a certificate of authority the Secretary of State had sent written notice to the corporation regarding its failure to obtain a certificate of authority, (2) the corporation had submitted an application for a certificate of authority previously but had failed to pay any tax, fee, penalty or interest to be paid therewith, or (3) the application for a certificate of authority was submitted by the corporation with fraudulent intent to evade taxes payable under this Act. A corporation nonetheless shall be required to pay all taxes and fees due under this Act that would have been payable since January 1, 1993 as a result of commencing the transaction of its business in this State and interest thereon for that period.

(35 ILCS 5/203) (from Ch. 120, par. 2-203)

Sec. 203. Base income defined.

(a) Individuals.

(1) In general. In the case of an individual, base income means an amount equal to the taxpayer's adjusted gross income for the taxable year as modified by paragraph (2).

(2) Modifications. The adjusted gross income referred to in paragraph (1) shall be modified by adding thereto the sum of the following amounts:

(A) An amount equal to all amounts paid or accrued to the taxpayer as interest or dividends during the taxable year to the extent excluded from gross income in the computation of adjusted gross income, except stock dividends of qualified public utilities described in Section 305(e) of the Internal Revenue Code;

(B) An amount equal to the amount of tax imposed by this Act to the extent deducted from gross income in the computation of adjusted gross income for the taxable year;

(C) An amount equal to the amount received during the taxable year as a recovery or refund of real property taxes paid with respect to the taxpayer's principal residence under the Revenue Act of 1939 and for which a deduction was previously taken under subparagraph (L) of this paragraph (2) prior to July 1, 1991, the retrospective application date of Article 4 of Public Act 87-17. (D) An amount equal to the amount of the capital gain deduction allowable under the Internal Revenue Code, to the extent deducted from gross income in the computation of adjusted gross income;

(D-5) An amount, to the extent not included in adjusted gross income, equal to the amount of money withdrawn by the taxpayer in the taxable year from a medical care savings account and the interest earned on the account in the taxable year of a withdrawal pursuant to subsection (b) of Section 20 of the Medical Care Savings Account Act or subsection (b) of Section 20 of the Medical Care Savings Account Act of 2000;

(D-16) If the taxpayer sells, transfers, abandons, or otherwise disposes of

property for which the taxpayer was required in any taxable year to make an addition modification under subparagraph (D-15), then an amount equal to the aggregate amount of the deductions taken in all taxable years under subparagraph (Z) with respect to that property.

If the taxpayer continues to own property through the last day of the last tax year for which the taxpayer may claim a depreciation deduction for federal income tax purposes and for which the taxpayer was allowed in any taxable year to make a subtraction modification under subparagraph (Z), then an amount equal to that subtraction modification.

The taxpayer is required to make the addition modification under this subparagraph only once with respect to any one piece of property;

(D-17) ~~An~~ For taxable years ending on or after December 31, 2004, an amount equal to the amount otherwise allowed as a deduction in computing

base income for interest paid, accrued, or incurred, directly or indirectly, (i) for taxable years ending on or after December 31, 2004, to a foreign person who would be a member of the same unitary business group but for the fact that foreign person's business activity outside the United States is 80% or more of the foreign person's total business activity and (ii) for taxable years ending on or after December 31, 2008, to a foreign person who would be a member of the same unitary business group but for the fact that the person is prohibited under Section 1501(a)(27) from being included in the unitary business group because he or she is ordinarily required to apportion business income under different subsections of Section 304. The addition modification required by this subparagraph shall be reduced to the extent that dividends were included in base income of the unitary group for the same taxable year and received by the taxpayer or by a member of the taxpayer's unitary business group (including amounts included in gross income under Sections 951 through 964 of the Internal Revenue Code and amounts included in gross income under Section 78 of the Internal Revenue Code) with respect to the stock of the same person to whom the interest was paid, accrued, or incurred.

This paragraph shall not apply to the following:

(ii) an item of interest paid, accrued, or incurred, directly or indirectly, to a foreign person if the taxpayer can establish, based on a preponderance of the evidence, both of the following:

(a) the foreign person, during the same taxable year, paid, accrued, or incurred, the interest to a person that is not a related member, and

(b) the transaction giving rise to the interest expense between the taxpayer and the foreign person did not have as a principal purpose the avoidance of Illinois income tax, and is paid pursuant to a contract or agreement that reflects an arm's-length interest rate and terms; or

(iii) the taxpayer can establish, based on clear and convincing evidence, that the interest paid, accrued, or incurred relates to a contract or agreement entered into at arm's-length rates and terms and the principal purpose for the payment is not federal or Illinois tax avoidance; or

(iv) an item of interest paid, accrued, or incurred, directly or indirectly, to a foreign person if the taxpayer establishes by clear and convincing evidence that the adjustments are unreasonable; or if the taxpayer and the Director agree in writing to the application or use of an alternative method of apportionment under Section 304(f).

Nothing in this subsection shall preclude the Director from making any other adjustment otherwise allowed under Section 404 of this Act for any tax year beginning after the effective date of this amendment provided such adjustment is made pursuant to regulation adopted by the Department and such regulations provide methods and standards by which the Department will utilize its authority under Section 404 of this Act;

(D-18) ~~An~~ For taxable years ending on or after December 31, 2004, an amount equal to the amount of intangible expenses and costs otherwise

allowed as a deduction in computing base income, and that were paid, accrued, or incurred, directly or indirectly, (i) for taxable years ending on or after December 31, 2004, to a foreign person who would be a member of the same unitary business group but for the fact that the foreign person's business activity outside the United States is 80% or more of that person's total business activity and (ii) for taxable years ending on or after December 31, 2008, to a foreign person who would be a member of the same unitary business group but for the fact that the person is prohibited under Section

1501(a)(27) from being included in the unitary business group because he or she is ordinarily required to apportion business income under different subsections of Section 304. The addition modification required by this subparagraph shall be reduced to the extent that dividends were included in base income of the unitary group for the same taxable year and received by the taxpayer or by a member of the taxpayer's unitary business group (including amounts included in gross income under Sections 951 through 964 of the Internal Revenue Code and amounts included in gross income under Section 78 of the Internal Revenue Code) with respect to the stock of the same person to whom the intangible expenses and costs were directly or indirectly paid, incurred, or accrued. The preceding sentence does not apply to the extent that the same dividends caused a reduction to the addition modification required under Section 203(a)(2)(D-17) of this Act. As used in this subparagraph, the term "intangible expenses and costs" includes (1) expenses, losses, and costs for, or related to, the direct or indirect acquisition, use, maintenance or management, ownership, sale, exchange, or any other disposition of intangible property; (2) losses incurred, directly or indirectly, from factoring transactions or discounting transactions; (3) royalty, patent, technical, and copyright fees; (4) licensing fees; and (5) other similar expenses and costs. For purposes of this subparagraph, "intangible property" includes patents, patent applications, trade names, trademarks, service marks, copyrights, mask works, trade secrets, and similar types of intangible assets.

This paragraph shall not apply to the following:

(i) any item of intangible expenses or costs paid, accrued, or incurred, directly or indirectly, from a transaction with a foreign person who is subject in a foreign country or state, other than a state which requires mandatory unitary reporting, to a tax on or measured by net income with respect to such item; or

(ii) any item of intangible expense or cost paid, accrued, or incurred, directly or indirectly, if the taxpayer can establish, based on a preponderance of the evidence, both of the following:

(a) the foreign person during the same taxable year paid, accrued, or incurred, the intangible expense or cost to a person that is not a related member, and

(b) the transaction giving rise to the intangible expense or cost between the taxpayer and the foreign person did not have as a principal purpose the avoidance of Illinois income tax, and is paid pursuant to a contract or agreement that reflects arm's-length terms; or

(iii) any item of intangible expense or cost paid, accrued, or incurred, directly or indirectly, from a transaction with a foreign person if the taxpayer establishes by clear and convincing evidence, that the adjustments are unreasonable; or if the taxpayer and the Director agree in writing to the application or use of an alternative method of apportionment under Section 304(f);

Nothing in this subsection shall preclude the Director from making any other adjustment otherwise allowed under Section 404 of this Act for any tax year beginning after the effective date of this amendment provided such adjustment is made pursuant to regulation adopted by the Department and such regulations provide methods and standards by which the Department will utilize its authority under Section 404 of this Act;

(D-19) For taxable years ending on or after December 31, 2008, an amount equal to the amount of insurance premium expenses and costs otherwise allowed as a deduction in computing base income, and that were paid, accrued, or incurred, directly or indirectly, to a person who would be a member of the same unitary business group but for the fact that the person is prohibited under Section 1501(a)(27) from being included in the unitary business group because he or she is ordinarily required to apportion business income under different subsections of Section 304. The addition modification required by this subparagraph shall be reduced to the extent that dividends were included in base income of the unitary group for the same taxable year and received by the taxpayer or by a member of the taxpayer's unitary business group (including amounts included in gross income under Sections 951 through 964 of the Internal Revenue Code and amounts included in gross income under Section 78 of the Internal Revenue Code) with respect to the stock of the same person to whom the intangible expenses and costs were directly or indirectly paid, incurred, or accrued. The preceding sentence does not apply to the extent that the same dividends caused a reduction to the addition modification required under Section 203(a)(2)(D-17) of this Act.

(D-20) For taxable years beginning on or after January 1, 2002, in the case of a distribution from a qualified tuition program under Section 529 of the Internal Revenue Code, other than (i) a distribution from a College Savings Pool created under Section 16.5 of the State Treasurer Act or (ii) a distribution from the Illinois Prepaid Tuition Trust Fund, an amount equal to the amount

excluded from gross income under Section 529(c)(3)(B);

The addition modification required by this subparagraph shall be reduced to the extent that dividends were included in base income of the unitary group for the same taxable year and received by the taxpayer or by a member of the taxpayer's unitary business group (including amounts included in gross income pursuant to Sections 951 through 964 of the Internal Revenue Code and amounts included in gross income under Section 78 of the Internal Revenue Code) with respect to the stock of the same person to whom the intangible expenses and costs were directly or indirectly paid, incurred, or accrued. (iii) any item of intangible expense or cost paid, accrued, or incurred, directly or indirectly, from a transaction with a foreign person if the taxpayer establishes by clear and convincing evidence, that the adjustments are unreasonable; or if the taxpayer and the Director agree in writing to the application or use of an alternative method of apportionment under Section 304(f);

Nothing in this subsection shall preclude the Director from making any other adjustment otherwise allowed under Section 404 of this Act for any tax year beginning after the effective date of this amendment provided such adjustment is made pursuant to regulation adopted by the Department and such regulations provide methods and standards by which the Department will utilize its authority under Section 404 of this Act;

allowed as a deduction in computing base income, and that were paid, accrued, or incurred, directly or indirectly, (i) for taxable years ending on or after December 31, 2004, to a foreign person who would be a member of the same unitary business group but for the fact that the foreign person's business

activity outside the United States is 80% or more of that person's total business activity and (ii) for taxable years ending on or after December 31, 2008, to a foreign person who would be a member of the same unitary business group but for the fact that the person is prohibited under Section 1501(a)(27) from being included in the unitary business group because he or she is ordinarily required to apportion business income under different subsections of Section 304. The addition modification required by this subparagraph shall be reduced to the extent that dividends were included in base income of the unitary group for the same taxable year and received by the taxpayer or by a member of the taxpayer's unitary business group (including amounts included in gross income pursuant to Sections 951 through 964 of the Internal Revenue Code and amounts included in gross income under Section 78 of the Internal Revenue Code) with respect to the stock of the same person to whom the intangible expenses and costs were directly or indirectly paid, incurred, or accrued. The preceding sentence shall not apply to the extent that the same dividends caused a reduction to the addition modification required under Section 203(c)(2)(G-12) of this Act. As used in this subparagraph, the term "intangible expenses and costs" includes: (1) expenses, losses, and costs for or related to the direct or indirect acquisition, use, maintenance or management, ownership, sale, exchange, or any other disposition of intangible property; (2) losses incurred, directly or indirectly, from factoring transactions or discounting transactions; (3) royalty, patent, technical, and copyright fees; (4) licensing fees; and (5) other similar expenses and costs. This paragraph shall not apply to the following:

(i) any item of intangible expenses or costs paid, accrued, or incurred, directly or indirectly, from a transaction with a foreign person who is subject in a foreign country or state, other than a state which requires mandatory unitary reporting, to a tax on or measured by net income with respect to such item; or

(ii) any item of intangible expense or cost paid, accrued, or incurred, directly or indirectly, if the taxpayer can establish, based on a preponderance of the evidence, both of the following:

(a) the foreign person during the same taxable year paid, accrued, or incurred, the intangible expense or cost to a person that is not a related member, and

(b) the transaction giving rise to the intangible expense or cost between the taxpayer and the foreign person did not have as a principal purpose the avoidance of Illinois income tax, and is paid pursuant to a contract or agreement that reflects arm's-length terms; or

(iii) any item of intangible expense or cost paid, accrued, or incurred, directly or indirectly, from a transaction with a foreign person if the taxpayer establishes by clear and convincing evidence, that the adjustments are unreasonable; or if the taxpayer and the Director agree in writing to the application or use of an alternative method of apportionment under Section 304(f);

Nothing in this subsection shall preclude the Director from making any other adjustment otherwise allowed under Section 404 of this Act for any tax year beginning after the effective date of this amendment provided such adjustment is made pursuant to regulation adopted by the Department and such regulations provide methods and standards by which the Department will utilize its authority under Section 404 of this Act;

The addition modification required by this subparagraph shall be reduced to the extent that dividends were included in base income of the unitary group for the same taxable year and received by the taxpayer or by a member of the taxpayer's unitary business group (including amounts included in gross income under Sections 951 through 964 of the Internal Revenue Code and amounts included in gross income under Section 78 of the Internal Revenue Code) with respect to the stock of the same person to whom the intangible expenses and costs were directly or indirectly paid, incurred, or accrued. The preceding sentence does not apply to the extent that the same dividends caused a reduction to the addition modification required under Section 203(a)(2)(D-17) of this Act.

(R) An amount equal to the interest income taken into account for the taxable year (net of the deductions allocable thereto) with respect to transactions with (i) a foreign person who

would be a member of the taxpayer's unitary business group but for the fact that the foreign person's business activity outside the United States is 80% or more of that person's total business activity and (ii) for taxable years ending on or after December 31, 2008, to a foreign person who would be a member of the same unitary business group but for the fact that the person is prohibited under Section 1501(a)(27) from being included in the unitary business group because he or she is ordinarily required to apportion business income under different subsections of Section 304, but not to exceed the addition modification required to be made for the same taxable year under Section 203(d)(2)(D-7) for interest paid, accrued, or incurred, directly or indirectly, to the same foreign person; and

(S) An amount equal to the income from intangible property taken into account for the taxable year (net of the deductions allocable thereto) with respect to transactions with (i) a foreign person who would be a member of the taxpayer's unitary business group but for the fact that the foreign person's business activity outside the United States is 80% or more of that person's total business activity and (ii) for taxable years ending on or after December 31, 2008, to a foreign person who would be a member of the same unitary business group but for the fact that the person is prohibited under Section 1501(a)(27) from being included in the unitary business group because he or she is ordinarily required to apportion business income under different subsections of Section 304, but not to exceed the addition modification required to be made for the same taxable year under Section 203(d)(2)(D-8) for intangible expenses and costs paid, accrued, or incurred, directly or indirectly, to the same foreign person; and -

(FF) An amount equal to the income from insurance premiums taken into account for the taxable year (net of the deductions allocable thereto) with respect to transactions with to a person who would be a member of the same unitary business group but for the fact that the person is prohibited under Section 1501(a)(27) from being included in the unitary business group because he or she is ordinarily required to apportion business income under different subsections of Section 304, but not to exceed the addition modification required to be made for the same taxable year under Section 203(a)(2)(D-18) for intangible expenses and costs paid, accrued, or incurred, directly or indirectly, to the same person.

(e) Gross income; adjusted gross income; taxable income.

(1) In general. Subject to the provisions of paragraph (2) and subsection (b) (3), for purposes of this Section and Section 803(e), a taxpayer's gross income, adjusted gross income, or taxable income for the taxable year shall mean the amount of gross income, adjusted gross income or taxable income properly reportable for federal income tax purposes for the taxable year under the provisions of the Internal Revenue Code. Taxable income may be less than zero. However, for taxable years ending on or after December 31, 1986, net operating loss carryforwards from taxable years ending prior to December 31, 1986, may not exceed the sum of federal taxable income for the taxable year before net operating loss deduction, plus the excess of addition modifications over subtraction modifications for the taxable year. For taxable years ending prior to December 31, 1986, taxable income may never be an amount in excess of the net operating loss for the taxable year as defined in subsections (c) and (d) of Section 172 of the Internal Revenue Code, provided that when taxable income of a corporation (other than a Subchapter S corporation), trust, or estate is less than zero and addition modifications, other than those provided by subparagraph (E) of paragraph (2) of subsection (b) for corporations or subparagraph (E) of paragraph (2) of subsection (c) for trusts and estates, exceed subtraction modifications, an addition modification must be made under those subparagraphs for any other taxable year to which the taxable income less than zero (net operating loss) is applied under Section 172 of the Internal Revenue Code or under subparagraph (E) of paragraph (2) of this subsection (e) applied in conjunction with Section 172 of the Internal Revenue Code.

(2) Special rule. For purposes of paragraph (1) of this subsection, the taxable income properly reportable for federal income tax purposes shall mean:

(A) Certain life insurance companies. In the case of a life insurance company subject to the tax imposed by Section 801 of the Internal Revenue Code, life insurance company taxable income, plus the amount of distribution from pre-1984 policyholder surplus accounts as calculated under Section 815a of the Internal Revenue Code;

(B) Certain other insurance companies. In the case of mutual insurance companies subject to the tax imposed by Section 831 of the Internal Revenue Code, insurance company taxable income;

(C) Regulated investment companies. In the case of a regulated investment company subject to the tax imposed by Section 852 of the Internal Revenue Code, investment company taxable income;

(D) Real estate investment trusts. In the case of a real estate investment trust subject to the tax imposed by Section 857 of the Internal Revenue Code, real estate investment trust taxable income;

(E) Consolidated corporations. In the case of a corporation which is a member of an affiliated group of corporations filing a consolidated income tax return for the taxable year for federal income tax purposes, taxable income determined as if such corporation had filed a separate return for federal income tax purposes for the taxable year and each preceding taxable year for which it was a member of an affiliated group. For purposes of this subparagraph, the taxpayer's separate taxable income shall be determined as if the election provided by Section 243(b) (2) of the Internal Revenue Code had been in effect for all such years;

(F) Cooperatives. In the case of a cooperative corporation or association, the taxable income of such organization determined in accordance with the provisions of Section 1381 through 1388 of the Internal Revenue Code;

(G) Subchapter S corporations. In the case of: (i) a Subchapter S corporation for which there is in effect an election for the taxable year under Section 1362 of the Internal Revenue Code, the taxable income of such corporation determined in accordance with Section 1363(b) of the Internal Revenue Code, except that taxable income shall take into account those items which are required by Section 1363(b)(1) of the Internal Revenue Code to be separately stated; and (ii) a Subchapter S corporation for which there is in effect a federal election to opt out of the provisions of the Subchapter S Revision Act of 1982 and have applied instead the prior federal Subchapter S rules as in effect on July 1, 1982, the taxable income of such corporation determined in accordance with the federal Subchapter S rules as in effect on July 1, 1982; and

(H) Partnerships. In the case of a partnership, taxable income determined in accordance with Section 703 of the Internal Revenue Code, except that taxable income shall take into account those items which are required by Section 703(a)(1) to be separately stated but which would be taken into account by an individual in calculating his taxable income.

(3) Recapture of business expenses on disposition of asset or business. Notwithstanding any other law to the contrary, if in prior years income from an asset or business has been classified as business income and in a later year is demonstrated to be non-business income, then all expenses, without limitation, deducted in such later year and in the 2 immediately preceding taxable years related to that asset or business that generated the non-business income shall be added back and recaptured as business income in the year of the disposition of the asset or business. Such amount shall be apportioned to Illinois using the greater of the apportionment fraction computed for the business under Section 304 of this Act for the taxable year or the average of the apportionment fractions computed for the business under Section 304 of this Act for the taxable year and for the 2 immediately preceding taxable years.

(f) Valuation limitation amount.

(1) In general. The valuation limitation amount referred to in subsections (a) (2) (G), (c) (2) (I) and (d)(2) (E) is an amount equal to:

(A) The sum of the pre-August 1, 1969 appreciation amounts (to the extent consisting of gain reportable under the provisions of Section 1245 or 1250 of the Internal Revenue Code) for all property in respect of which such gain was reported for the taxable year; plus

(B) The lesser of (i) the sum of the pre-August 1, 1969 appreciation amounts (to the extent consisting of capital gain) for all property in respect of which such gain was reported for federal income tax purposes for the taxable year, or (ii) the net capital gain for the taxable year, reduced in either case by any amount of such gain included in the amount determined under subsection (a) (2) (F) or (c) (2) (H).

(2) Pre-August 1, 1969 appreciation amount.

(A) If the fair market value of property referred to in paragraph (1) was readily ascertainable on August 1, 1969, the pre-August 1, 1969 appreciation amount for such property is the lesser of (i) the excess of such fair market value over the taxpayer's basis (for determining gain) for such property on that date (determined under the Internal Revenue Code as in effect on that date), or (ii) the total gain realized and reportable for federal income tax purposes in respect of the sale, exchange or other disposition of such property.

(B) If the fair market value of property referred to in paragraph (1) was not readily ascertainable on August 1, 1969, the pre-August 1, 1969 appreciation amount for such property is that amount which bears the same ratio to the total gain reported in respect of the property for federal income tax purposes for the taxable year, as the number of full calendar months in that part of

the taxpayer's holding period for the property ending July 31, 1969 bears to the number of full calendar months in the taxpayer's entire holding period for the property.

(C) The Department shall prescribe such regulations as may be necessary to carry out the purposes of this paragraph.

(g) Double deductions. Unless specifically provided otherwise, nothing in this Section shall permit the same item to be deducted more than once.

(h) Legislative intention. Except as expressly provided by this Section there shall be no modifications or limitations on the amounts of income, gain, loss or deduction taken into account in determining gross income, adjusted gross income or taxable income for federal income tax purposes for the taxable year, or in the amount of such items entering into the computation of base income and net income under this Act for such taxable year, whether in respect of property values as of August 1, 1969 or otherwise.

Sec. 205. Exempt organizations.

(a) Charitable, etc. organizations. The base income of an organization which is exempt from the federal income tax by reason of Section 501(a) of the Internal Revenue Code shall not be determined under section 203 of this Act, but shall be its unrelated business taxable income as determined under section 512 of the Internal Revenue Code, without any deduction for the tax imposed by this Act. The standard exemption provided by section 204 of this Act shall not be allowed in determining the net income of an organization to which this subsection applies.

(b) Partnerships. A partnership as such shall not be subject to the tax imposed by subsection 201 (a) and (b) of this Act, but shall be subject to the replacement tax imposed by subsection 201 (c) and (d) of this Act and shall compute its base income as described in subsection (d) of Section 203 of this Act. For taxable years ending on or after December 31, 2004, an investment partnership, as defined in Section 1501(a)(11.5) of this Act, shall not be subject to the tax imposed by subsections (c) and (d) of Section 201 of this Act. For taxable years ending on or after December 31, 2008, an investment partnership, as defined in Section 1501(a)(11.5) of this Act, shall not be subject to the tax imposed by subsections (c) and (d) of Section 201 of this Act. A partnership shall file such returns and other information at such time and in such manner as may be required under Article 5 of this Act. The partners in a partnership shall be liable for the replacement tax imposed by subsection 201 (c) and (d) of this Act on such partnership, to the extent such tax is not paid by the partnership, as provided under the laws of Illinois governing the liability of partners for the obligations of a partnership. Persons carrying on business as partners shall be liable for the tax imposed by subsection 201 (a) and (b) of this Act only in their separate or individual capacities.

(c) Subchapter S corporations. A Subchapter S corporation shall not be subject to the tax imposed by subsection 201 (a) and (b) of this Act but shall be subject to the replacement tax imposed by subsection 201 (c) and (d) of this Act and shall file such returns and other information at such time and in such manner as may be required under Article 5 of this Act.

(d) Combat zone death. An individual relieved from the federal income tax for any taxable year by reason of section 692 of the Internal Revenue Code shall not be subject to the tax imposed by this Act for such taxable year.

(e) Certain trusts. A common trust fund described in Section 584 of the Internal Revenue Code, and any other trust to the extent that the grantor is treated as the owner thereof under sections 671 through 678 of the Internal Revenue Code shall not be subject to the tax imposed by this Act.

(f) Certain business activities. A person not otherwise subject to the tax imposed by this Act shall not become subject to the tax imposed by this Act by reason of:

(1) that person's ownership of tangible personal property located at the premises of a printer in this State with which the person has contracted for printing, or

(2) activities of the person's employees or agents located solely at the premises of a printer and related to quality control, distribution, or printing services performed by a printer in the State with which the person has contracted for printing.

(g) A nonprofit risk organization that holds a certificate of authority under Article VIID of the Illinois Insurance Code is exempt from the tax imposed under this Act with respect to its activities or operations in furtherance of the powers conferred upon it under that Article VIID of the Illinois Insurance Code.

Sec. 207. Net Losses.

(a) If after applying all of the (i) modifications provided for in paragraph (2) of Section 203(b), paragraph (2) of Section 203(c) and paragraph (2) of Section 203(d) and (ii) the allocation and apportionment provisions of Article 3 of this Act and subsection (c) of this Section, the taxpayer's net income results in a loss;

(1) for any taxable year ending prior to December 31, 1999, such loss shall be allowed as a carryover or carryback deduction in the manner allowed under Section 172 of the Internal Revenue Code;

(2) for any taxable year ending on or after December 31, 1999 and prior to December 31, 2003, such loss shall be allowed as a carryback to each of the 2 taxable years preceding the taxable year of such loss and shall be a net operating loss carryover to each of the 20 taxable years following the taxable year of such loss; and

(3) for any taxable year ending on or after December 31, 2003, such loss shall be allowed as a net operating loss carryover to each of the 12 taxable years following the taxable year of such loss.

(a-5) Election to relinquish carryback and order of application of losses.

(A) For losses incurred in tax years ending prior to December 31, 2003, the taxpayer may elect to relinquish the entire carryback period with respect to such loss. Such election shall be made in the form and manner prescribed by the Department and shall be made by the due date (including extensions of time) for filing the taxpayer's return for the taxable year in which such loss is incurred, and such election, once made, shall be irrevocable.

(B) The entire amount of such loss shall be carried to the earliest taxable year to which such loss may be carried. The amount of such loss which shall be carried to each of the other taxable years shall be the excess, if any, of the amount of such loss over the sum of the deductions for carryback or carryover of such loss allowable for each of the prior taxable years to which such loss may be carried.

(b) Any loss determined under subsection (a) of this Section must be carried back or carried forward in the same manner for purposes of subsections (a) and (b) of Section 201 of this Act as for purposes of subsections (c) and (d) of Section 201 of this Act.

(c) Notwithstanding any other provision of this Act, for each taxable year ending on or after December 31, 2008, for purposes of computing the loss for the taxable year under subsection (a) of this Section and the deduction taken into account for the taxable year for a net operating loss carryover under paragraphs (1), (2), and (3) of subsection (a) of this Section, the loss and net operating loss carryover shall be reduced in an amount equal to the reduction to the net operating loss and net operating loss carryover to the taxable year, respectively, required under Section 108(b)(2)(A) of the Internal Revenue Code, multiplied by a fraction, the numerator of which is the amount of discharge of indebtedness income that is excluded from gross income for the taxable year (but only if the taxable year ends on or after December 31, 2008) under Section 108(a) of the Internal Revenue Code and that would have been allocated and apportioned to this State under Article 3 of this Act but for that exclusion, and the denominator of which is the total amount of discharge of indebtedness income excluded from gross income under Section 108(a) of the Internal Revenue Code for the taxable year. The reduction required under this subsection (c) shall be made after the determination of Illinois net income for the taxable year in which the indebtedness is discharged.

(35 ILCS 5/304) (from Ch. 120, par. 3-304)

Sec. 304. Business income of persons other than residents.

(a) In general. The business income of a person other than a resident shall be allocated to this State if such person's business income is derived solely from this State. If a person other than a resident derives business income from this State and one or more other states, then, for tax years ending on or before December 30, 1998, and except as otherwise provided by this Section, such person's business income shall be apportioned to this State by multiplying the income by a fraction, the numerator of which is the sum of the property factor (if any), the payroll factor (if any) and 200% of the sales factor (if any), and the denominator of which is 4 reduced by the number of factors other than the sales factor which have a denominator of zero and by an additional 2 if the sales factor has a denominator of zero. For tax years ending on or after December 31, 1998, and except as otherwise provided by this Section, persons other than residents who derive business income from this State and one or more other states shall compute their apportionment factor by weighting their property, payroll, and sales factors as provided in subsection (h) of this Section.

(1) Property factor.

(A) The property factor is a fraction, the numerator of which is the average value of the person's real and tangible personal property owned or rented and used in the trade or business in this State during the taxable year and the denominator of which is the average value of all the person's real and tangible personal property owned or rented and used in the trade or business during the taxable year.

(B) Property owned by the person is valued at its original cost. Property rented by the person is valued at 8 times the net annual rental rate. Net annual rental rate is the annual rental rate paid by the person less any annual rental rate received by the person from sub-rentals.

(C) The average value of property shall be determined by averaging the values at the beginning and ending of the taxable year but the Director may require the averaging of monthly values during the taxable year if reasonably required to reflect properly the average value of the person's property.

(2) Payroll factor.

(A) The payroll factor is a fraction, the numerator of which is the total amount paid in this State during the taxable year by the person for compensation, and the denominator of which is the total compensation paid everywhere during the taxable year.

(B) Compensation is paid in this State if:

(i) The individual's service is performed entirely within this State;

(ii) The individual's service is performed both within and without this State, but the service performed without this State is incidental to the individual's service performed within this State; or

(iii) Some of the service is performed within this State and either the base of operations, or if there is no base of operations, the place from which the service is directed or controlled is within this State, or the base of operations or the place from which the service is directed or controlled is not in any state in which some part of the service is performed, but the individual's residence is in this State.

(iv) Compensation paid to nonresident professional athletes.

(a) General. The Illinois source income of a nonresident individual who is a member of a professional athletic team includes the portion of the individual's total compensation for services performed as a member of a professional athletic team during the taxable year which the number of duty days spent within this State performing services for the team in any manner during the taxable year bears to the total number of duty days spent both within and without this State during the taxable year.

(b) Travel days. Travel days that do not involve either a game, practice, team meeting, or other similar team event are not considered duty days spent in this State. However, such travel days are considered in the total duty days spent both within and without this State.

(c) Definitions. For purposes of this subpart (iv):

(1) The term "professional athletic team" includes, but is not limited to, any professional baseball, basketball, football, soccer, or hockey team.

(2) The term "member of a professional athletic team" includes those employees who are active players, players on the disabled list, and any other persons required to travel and who travel with and perform services on behalf of a professional athletic team on a regular basis. This includes, but is not limited to, coaches, managers, and trainers.

(3) Except as provided in items (C) and (D) of this subpart (3), the term "duty days" means all days during the taxable year from the beginning of the professional athletic team's official pre-season training period through the last game in which the team competes or is scheduled to compete. Duty days shall be counted for the year in which they occur, including where a team's official pre-season training period through the last game in which the team competes or is scheduled to compete, occurs during more than one tax year.

(A) Duty days shall also include days on which a member of a professional athletic team performs service for a team on a date that does not fall within the foregoing period (e.g., participation in instructional leagues, the "All Star Game", or promotional "caravans"). Performing a service for a professional athletic team includes conducting training and rehabilitation activities, when such activities are conducted at team facilities.

(B) Also included in duty days are game days, practice days, days spent at team meetings, promotional caravans, preseason training camps, and days served with the team through all post-season games in which the team competes or is scheduled to compete.

(C) Duty days for any person who joins a team during the period from the beginning of the professional athletic team's official pre-season training period through the last game in which the team competes, or is scheduled to compete, shall begin on the day that person joins the team. Conversely, duty days for any person who leaves a team during this period shall end on the day that person leaves the team. Where a person switches teams during a taxable year, a separate duty-day calculation shall be made for the period the person was with each team.

(D) Days for which a member of a professional athletic team is not compensated and is not performing services for the team in any manner, including days when such member of a professional athletic team has been suspended without pay and prohibited from performing any services for the team, shall not be treated as duty days.

(E) Days for which a member of a professional athletic team is on the disabled list and does not conduct rehabilitation activities at facilities of the team, and is not otherwise performing services for the team in Illinois, shall not be considered duty days spent in this State. All days on the disabled list, however, are considered to be included in total duty days spent both within and without this State.

(4) The term "total compensation for services performed as a member of a professional athletic team" means the total compensation received during the taxable year for services performed:

(A) from the beginning of the official pre-season training period through the last game in which the team competes or is scheduled to compete during that taxable year; and

(B) during the taxable year on a date which does not fall within the foregoing period (e.g., participation in instructional leagues, the "All Star Game", or promotional caravans).

This compensation shall include, but is not limited to, salaries, wages, bonuses as described in this subpart, and any other type of compensation paid during the taxable year to a member of a professional athletic team for services performed in that year. This compensation does not include strike benefits, severance pay, termination pay, contract or option year buy-out payments, expansion or relocation payments, or any other payments not related to services performed for the team.

For purposes of this subparagraph, "bonuses" included in "total compensation for services performed as a member of a professional athletic team" subject to the allocation described in Section 302(c)(1) are: bonuses earned as a result of play (i.e., performance bonuses) during the season, including bonuses paid for championship, playoff or "bowl" games played by a team, or for selection to all-star league or other honorary positions; and bonuses paid for signing a contract, unless the payment of the signing bonus is not conditional upon the signee playing any games for the team or performing any subsequent services for the team or even making the team, the signing bonus is payable separately from the salary and any other compensation, and the signing bonus is nonrefundable.

(3) Sales factor.

(A) The sales factor is a fraction, the numerator of which is the total sales of the person in this State during the taxable year, and the denominator of which is the total sales of the person everywhere during the taxable year.

(B) Sales of tangible personal property are in this State if:

(i) The property is delivered or shipped to a purchaser, other than the United States government, within this State regardless of the f. o. b. point or other conditions of the sale; or

(ii) The property is shipped from an office, store, warehouse, factory or other place of storage in this State and either the purchaser is the United States government or the person is not taxable in the state of the purchaser; provided, however, that premises owned or leased by a person who has independently contracted with the seller for the printing of newspapers, periodicals or books shall not be deemed to be an office, store, warehouse, factory or other place of storage for purposes of this Section. For taxable years ending before December 31, 2008, sales Sales of tangible personal property are not in this State if the seller and purchaser would be members of the same unitary business group but for the fact that either the seller or purchaser is a person with 80% or more of total business activity outside of the United States and the property is purchased for resale.

(B-1) Patents, copyrights, trademarks, and similar items of intangible personal property.

(i) Gross receipts from the licensing, sale, or other disposition of a patent, copyright, trademark, or similar item of intangible personal property are in this State to the extent the item is utilized in this State during the year the gross receipts are included in gross income.

(ii) Place of utilization.

(I) A patent is utilized in a state to the extent that it is employed in production, fabrication, manufacturing, or other processing in the state or to the extent that a patented product is produced in the state. If a patent is utilized in more than one state, the extent to which it is utilized in any one state shall be a fraction equal to the gross receipts of the licensee or purchaser from sales or leases of items produced, fabricated, manufactured, or processed within that state using the patent and of patented items produced within that state, divided by the total of such gross receipts for all states in which the patent is utilized.

(II) A copyright is utilized in a state to the extent that printing or other publication originates in the state. If a copyright is utilized in more than one state, the extent to which it is utilized in any one state shall be a fraction equal to the gross receipts from sales or licenses of materials printed or published in that state divided by the total of such gross receipts for all states in which the copyright is utilized.

(III) Trademarks and other items of intangible personal property governed by this paragraph (B-1) are utilized in the state in which the commercial domicile of the licensee or purchaser is located.

(iii) If the state of utilization of an item of property governed by this paragraph (B-1) cannot be determined from the taxpayer's books and records or from the books and records of any person related to the taxpayer within the meaning of Section 267(b) of the Internal Revenue Code, 26 U.S.C. 267, the gross receipts attributable to that item shall be excluded from both the numerator and the denominator of the sales factor.

(B-2) Gross receipts from the license, sale, or other disposition of patents, copyrights, trademarks, and similar items of intangible personal property may be included in the numerator or denominator of the sales factor only if gross receipts from licenses, sales, or other disposition of such items comprise more than 50% of the taxpayer's total gross receipts included in gross income during the tax year and during each of the 2 immediately preceding tax years; provided that, when a taxpayer is a member of a unitary business group, such determination shall be made on the basis of the gross receipts of the entire unitary business group.

(C) For taxable years ending before December 31, 2008, sales ~~Sales~~, other than sales governed by paragraphs (B) ~~, and (B-1), and (B-2)~~, are in this State if:

(i) The income-producing activity is performed in this State; or

(ii) The income-producing activity is performed both within and without this State

and a greater proportion of the income-producing activity is performed within this State than without this State, based on performance costs.

(C-5) For taxable years ending on or after December 31, 2008, sales, other than sales governed by paragraphs (B), (B-1), and (B-2), are in this State if the purchaser is in this State or the sale is otherwise attributable to this State's marketplace. The following examples are illustrative:

(i) Sales from the sale or lease of real property are in this State if the property is located in this State.

(ii) Sales from the lease or rental of tangible personal property are in this State if the property is located in this State during the rental period. Sales from the lease or rental of tangible personal property that is characteristically moving property, including, but not limited to, motor vehicles, rolling stock, aircraft, vessels, or mobile equipment are in this State to the extent that the property is used in this State.

(iii) Sales of intangible personal property are in this State if the purchaser realizes benefit from the property in this State. If the purchaser realizes benefit from the property both within and without this State, the gross receipts from the sale shall be divided among those states in which the taxpayer is taxable in proportion to the benefit in each state. If the proportionate benefit in this State cannot be determined, the sale shall be excluded from both the numerator and the denominator of the sales factor.

(iv) Sales of services are in this State if the benefit of the service is realized in this State. If the benefit of the service is realized both within and without this State, the gross receipts from the sale shall be divided among those states in which the taxpayer is taxable in proportion to the benefit of service realized in each state. If the proportionate benefit in this State cannot be determined, the sale shall be excluded from both the numerator and the denominator of the sales factor. The Department may adopt rules prescribing where the benefit of specific types of service, including, but not limited to, telecommunications, broadcast,

cable, advertising, publishing, and utility service, is realized.

(D) For taxable years ending on or after December 31, 1995, the following items of income shall not be included in the numerator or denominator of the sales factor: dividends; amounts included under Section 78 of the Internal Revenue Code; and Subpart F income as defined in Section 952 of the Internal Revenue Code. No inference shall be drawn from the enactment of this paragraph (D) in construing this Section for taxable years ending before December 31, 1995.

(E) Paragraphs (B-1) and (B-2) shall apply to tax years ending on or after December 31, 1999, provided that a taxpayer may elect to apply the provisions of these paragraphs to prior tax years. Such election shall be made in the form and manner prescribed by the Department, shall be irrevocable, and shall apply to all tax years; provided that, if a taxpayer's Illinois income tax liability for any tax year, as assessed under Section 903 prior to January 1, 1999, was computed in a manner contrary to the provisions of paragraphs (B-1) or (B-2), no refund shall be payable to the taxpayer for that tax year to the extent such refund is the result of applying the provisions of paragraph (B-1) or (B-2) retroactively. In the case of a unitary business group, such election shall apply to all members of such group for every tax year such group is in existence, but shall not apply to any taxpayer for any period during which that taxpayer is not a member of such group.

(b) Insurance companies.

(1) In general. Except as otherwise provided by paragraph (2), business income of an insurance company for a taxable year shall be apportioned to this State by multiplying such income by a fraction, the numerator of which is the direct premiums written for insurance upon property or risk in this State, and the denominator of which is the direct premiums written for insurance upon property or risk everywhere. For purposes of this subsection, the term "direct premiums written" means the total amount of direct premiums written, assessments and annuity considerations, and surplus line contracts, but excluding deposit-type funds, as reported for the taxable year on the annual statement filed ~~by the company with the Illinois Director of Insurance~~ in the form approved by the National Convention of Insurance Commissioners as filed by the taxpayer with the Department of Financial and Professional Regulation or, if no report is filed with that Department, as filed by the taxpayer with its state of domicile. If no such annual report is filed with any of the United States for a particular year, "direct premiums written" shall be determined by applying the instructions to the Illinois annual report form for that year or such other form as may be prescribed in lieu thereof.

(2) Reinsurance. If the principal source of premiums written by an insurance company consists of premiums for reinsurance accepted by it, the business income of such company shall be apportioned to this State by multiplying such income by a fraction, the numerator of which is the sum of (i) direct premiums written for insurance upon property or risk in this State, plus (ii) premiums written for reinsurance accepted in respect of property or risk in this State, and the denominator of which is the sum of (iii) direct premiums written for insurance upon property or risk everywhere, plus (iv) premiums written for reinsurance accepted in respect of property or risk everywhere. For taxable years ending before December 31, 2008, for purposes of this paragraph, premiums written for reinsurance accepted in respect of property or risk in this State, whether or not otherwise determinable, may, at the election of the company, be determined on the basis of the proportion which premiums written for reinsurance accepted from companies commercially domiciled in Illinois bears to premiums written for reinsurance accepted from all sources, or, alternatively, in the proportion which the sum of the direct premiums written for insurance upon property or risk in this State by each ceding company from which reinsurance is accepted bears to the sum of the total direct premiums written by each such ceding company for the taxable year.

(c) Financial organizations.

(1) In general. For taxable years ending before December 31, 2008, business ~~Business~~ income of a financial organization shall be apportioned to this State by multiplying such income by a fraction, the numerator of which is its business income from sources within this State, and the denominator of which is its business income from all sources. For the purposes of this subsection, the business income of a financial organization from sources within this State is the sum of the amounts referred to in subparagraphs (A) through (E) following, but excluding the adjusted income of an international banking facility as determined in paragraph (2):

- (A) Fees, commissions or other compensation for financial services rendered within this State;
- (B) Gross profits from trading in stocks, bonds or other securities managed within this State;
- (C) Dividends, and interest from Illinois customers, which are received within this

State;

(D) Interest charged to customers at places of business maintained within this State for carrying debit balances of margin accounts, without deduction of any costs incurred in carrying such accounts; and

(E) Any other gross income resulting from the operation as a financial organization within this State. In computing the amounts referred to in paragraphs (A) through (E) of this subsection, any amount received by a member of an affiliated group (determined under Section 1504(a) of the Internal Revenue Code but without reference to whether any such corporation is an "includible corporation" under Section 1504(b) of the Internal Revenue Code) from another member of such group shall be included only to the extent such amount exceeds expenses of the recipient directly related thereto.

(2) International Banking Facility. For taxable years ending before December 31, 2008:

(A) Adjusted Income. The adjusted income of an international banking facility is its income reduced by the amount of the floor amount.

(B) Floor Amount. The floor amount shall be the amount, if any, determined by multiplying the income of the international banking facility by a fraction, not greater than one, which is determined as follows:

(i) The numerator shall be:

The average aggregate, determined on a quarterly basis, of the financial organization's loans to banks in foreign countries, to foreign domiciled borrowers (except where secured primarily by real estate) and to foreign governments and other foreign official institutions, as reported for its branches, agencies and offices within the state on its "Consolidated Report of Condition", Schedule A, Lines 2.c., 5.b., and 7.a., which was filed with the Federal Deposit Insurance Corporation and other regulatory authorities, for the year 1980, minus

The average aggregate, determined on a quarterly basis, of such loans (other than loans of an international banking facility), as reported by the financial institution for its branches, agencies and offices within the state, on the corresponding Schedule and lines of the Consolidated Report of Condition for the current taxable year, provided, however, that in no case shall the amount determined in this clause (the subtrahend) exceed the amount determined in the preceding clause (the minuend); and

(ii) the denominator shall be the average aggregate, determined on a quarterly basis, of the international banking facility's loans to banks in foreign countries, to foreign domiciled borrowers (except where secured primarily by real estate) and to foreign governments and other foreign official institutions, which were recorded in its financial accounts for the current taxable year.

(C) Change to Consolidated Report of Condition and in Qualification. In the event the Consolidated Report of Condition which is filed with the Federal Deposit Insurance Corporation and other regulatory authorities is altered so that the information required for determining the floor amount is not found on Schedule A, lines 2.c., 5.b. and 7.a., the financial institution shall notify the Department and the Department may, by regulations or otherwise, prescribe or authorize the use of an alternative source for such information. The financial institution shall also notify the Department should its international banking facility fail to qualify as such, in whole or in part, or should there be any amendment or change to the Consolidated Report of Condition, as originally filed, to the extent such amendment or change alters the information used in determining the floor amount.

(3) For taxable years ending on or after December 31, 2008, the business income of a financial organization shall be apportioned to this State by multiplying such income by a fraction, the numerator of which is its gross receipts from sources in this State or otherwise attributable to this State's marketplace and the denominator of which is its gross receipts everywhere during the taxable year. "Gross receipts" for purposes of this subparagraph (3) means gross income, including net taxable gain on disposition of assets, including securities and money market instruments, when derived from transactions and activities in the regular course of the financial organization's trade or business. If a person derives business income from activities in addition to the provision of financial services, this subparagraph (3) shall apply only to its business income from financial services, and its other business income shall be apportioned to this State under the applicable provisions of this Section. The following examples are illustrative:

(i) Receipts from the lease or rental of real or tangible personal property are in this State if the property is located in this State during the rental period. Receipts from the lease or rental of tangible personal property that is characteristically moving property, including, but not limited to, motor vehicles,

rolling stock, aircraft, vessels, or mobile equipment are from sources in this State to the extent that the property is used in this State.

(ii) Interest income, commissions, fees, gains on disposition, and other receipts from assets in the nature of loans that are secured primarily by real estate or tangible personal property are from sources in this State if the security is located in this State.

(iii) Interest income, commissions, fees, gains on disposition, and other receipts from consumer loans that are not secured by real or tangible personal property are from sources in this State if the debtor is a resident of this State.

(iv) Interest income, commissions, fees, gains on disposition, and other receipts from commercial loans and installment obligations that are not secured by real or tangible personal property are from sources in this State if the proceeds of the loan are to be applied in this State. If it cannot be determined where the funds are to be applied, the income and receipts are from sources in this State if the office of the borrower from which the loan was negotiated in the regular course of business is located in this State. If the location of this office cannot be determined, the income and receipts shall be excluded from the numerator and denominator of the sales factor.

(v) Interest income, fees, gains on disposition, service charges, merchant discount income, and other receipts from credit card receivables are from sources in this State if the card charges are regularly billed to a customer in this State.

(vi) Receipts from the performance of services, including, but not limited to, fiduciary, advisory, and brokerage services, are in this State if the benefit of the service is realized in this State. If the benefit of the service is realized both within and without this State, the gross receipts from the sale shall be divided among those states in which the taxpayer is taxable in proportion to the benefit of service realized in each state. If the proportionate benefit in this State cannot be determined, the sale shall be excluded from both the numerator and the denominator of the gross receipts factor.

(vii) Receipts from the issuance of travelers checks and money orders are from sources in this State if the checks and money orders are issued from a location within this State.

(viii) In the case of a financial organization that accepts deposits, receipts from investments and from money market instruments are apportioned to this State based on the ratio that the total deposits of the financial organization (including all members of the financial organization's unitary group) from this State, its residents, (including businesses with an office or other place of business in this State), and its political subdivisions, agencies, and instrumentalities bear to total deposits everywhere. For purposes of this subdivision, deposits must be attributed to this State under the preceding sentence, whether or not the deposits are accepted or maintained by the financial organization at locations within this State. In the case of a financial organization that does not accept deposits, receipts from investments in securities and from money market instruments shall be excluded from the numerator and the denominator of the gross receipts factor.

(4) As used in subparagraph (3), "deposit" includes but is not limited to:

(i) the unpaid balance of money or its equivalent received or held by a financial institution in the usual course of business and for which it has given or is obligated to give credit, either conditionally or unconditionally, to a commercial, checking, savings, time, or thrift account whether or not advance notice is required to withdraw the credited funds, or which is evidenced by its certificate of deposit, thrift certificate, investment certificate, or certificate of indebtedness, or other similar name, or a check or draft drawn against a deposit account and certified by the financial organization, or a letter of credit or a traveler's check on which the financial organization is primarily liable. However, without limiting the generality of the term "money or its equivalent", any such account or instrument must be regarded as evidencing the receipt of the equivalent of money when credited or issued in exchange for checks or drafts or for a promissory note upon which the person obtaining the credit or instrument is primarily or secondarily liable, or for a charge against a deposit account, or in settlement of checks, drafts, or other instruments forwarded to the bank for collection;

(ii) trust funds received or held by the financial organization, whether held in the trust department or held or deposited in any other department of the financial organization;

(iii) money received or held by a financial organization, or the credit given for money or its equivalent received or held by a financial organization, in the usual course of business for a special or specific purpose, regardless of the legal relationship so established. Under this paragraph, "deposit" includes, but is not limited to, escrow funds, funds held as security for an obligation due to the financial organization or others, including funds held as dealers reserves, or for securities loaned by the financial organization, funds deposited by a debtor to meet maturing obligations, funds deposited as advance

payment on subscriptions to United States government securities, funds held for distribution or purchase of securities, funds held to meet its acceptances or letters of credit, and withheld taxes. It does not include funds received by the financial organization for immediate application to the reduction of an indebtedness to the receiving financial organization, or under condition that the receipt of the funds immediately reduces or extinguishes the indebtedness:

(iv) outstanding drafts, including advice of another financial organization, cashier's checks, money orders, or other officer's checks issued in the usual course of business for any purpose, but not including those issued in payment for services, dividends, or purchases or other costs or expenses of the financial organization itself; and

(v) money or its equivalent held as a credit balance by a financial organization on behalf of its customer if the entity is engaged in soliciting and holding such balances in the regular course of its business.

(5) As used in subparagraph (3), "money market instruments" includes but is not limited to:

(i) Interest-bearing deposits, federal funds sold and securities purchased under agreements to resell, commercial paper, banker's acceptances, and purchased certificates of deposit and similar instruments to the extent that the instruments are reflected as assets under generally accepted accounting principles.

"Securities" means corporate stock, bonds, and other securities (including, for purposes of taxation of gains on securities and for purchases under agreements to resell, United States Treasury securities, obligations of United States government agencies and corporations, obligations of state and political subdivisions, the interest on which is exempt from Illinois income tax), participations in securities backed by mortgages held by United States or state government agencies, loan-backed securities, and similar investments to the extent the investments are reflected as assets under generally accepted accounting principles.

(ii) For purposes of subparagraph (3), "money market instruments" shall include investments in investment partnerships, trusts, pools, funds, investment companies, or any similar entity in proportion to the investment of the entity in money market instruments, and "securities" shall include investments in investment partnerships, trusts, pools, funds, investment companies, or any similar entity in proportion to the investment of the entity in securities.

(d) Transportation services. For taxable years ending before December 31, 2008, business ~~Business~~ income derived from furnishing transportation services shall be apportioned to this State in accordance with paragraphs (1) and (2):

(1) Such business income (other than that derived from transportation by pipeline)

shall be apportioned to this State by multiplying such income by a fraction, the numerator of which is the revenue miles of the person in this State, and the denominator of which is the revenue miles of the person everywhere. For purposes of this paragraph, a revenue mile is the transportation of 1 passenger or 1 net ton of freight the distance of 1 mile for a consideration. Where a person is engaged in the transportation of both passengers and freight, the fraction above referred to shall be determined by means of an average of the passenger revenue mile fraction and the freight revenue mile fraction, weighted to reflect the person's

(A) relative railway operating income from total passenger and total freight service, as reported to the Interstate Commerce Commission, in the case of transportation by railroad, and

(B) relative gross receipts from passenger and freight transportation, in case of transportation other than by railroad.

(2) Such business income derived from transportation by pipeline shall be apportioned to this State by multiplying such income by a fraction, the numerator of which is the revenue miles of the person in this State, and the denominator of which is the revenue miles of the person everywhere. For the purposes of this paragraph, a revenue mile is the transportation by pipeline of 1 barrel of oil, 1,000 cubic feet of gas, or of any specified quantity of any other substance, the distance of 1 mile for a consideration.

(3) For taxable years ending on or after December 31, 2008, business income derived from providing transportation services other than airline services shall be apportioned to this State by using a fraction, (a) the numerator of which shall be (i) all receipts from any movement or shipment of people, goods, mail, oil, gas, or any other substance (other than by airline) that both originates and terminates in this State, plus (ii) that portion of the person's gross receipts from movements or shipments of people, goods, mail, oil, gas, or any other substance (other than by airline) passing through, into, or out of this State, that is determined by the ratio that the miles traveled in this State bears to total miles from point of origin to point of destination and (b) the denominator of which shall be all revenue derived from the movement or shipment of people,

goods, mail, oil, gas, or any other substance (other than by airline). If a person derives business income from activities in addition to the provision of transportation services (other than by airline), this subsection shall apply only to its business income from transportation services and its other business income shall be apportioned to this State according to the applicable provisions of this Section.

(4) For taxable years ending on or after December 31, 2008, business income derived from providing airline services shall be apportioned to this State by using a fraction, (a) the numerator of which shall be arrivals of aircraft to and departures from this State weighted as to cost of aircraft by type and (b) the denominator of which shall be total arrivals and departures of aircraft weighted as to cost of aircraft by type. If a person derives business income from activities in addition to the provision of airline services, this subsection shall apply only to its business income from airline services and its other business income shall be apportioned to this State under the applicable provisions of this Section.

(e) Combined apportionment. Where 2 or more persons are engaged in a unitary business as described in subsection (a)(27) of Section 1501, a part of which is conducted in this State by one or more members of the group, the business income attributable to this State by any such member or members shall be apportioned by means of the combined apportionment method.

(f) Alternative allocation. If the allocation and apportionment provisions of subsections (a) through (e) and of subsection (h) do not fairly represent the extent of a person's business activity in this State, the person may petition for, or the Director may, without a petition, permit or require, in respect of all or any part of the person's business activity, if reasonable:

- (1) Separate accounting;
- (2) The exclusion of any one or more factors;
- (3) The inclusion of one or more additional factors which will fairly represent the person's business activities in this State; or
- (4) The employment of any other method to effectuate an equitable allocation and apportionment of the person's business income.

(g) Cross reference. For allocation of business income by residents, see Section 301(a).

(h) For tax years ending on or after December 31, 1998, the apportionment factor of persons who apportion their business income to this State under subsection (a) shall be equal to:

- (1) for tax years ending on or after December 31, 1998 and before December 31, 1999, 16 2/3% of the property factor plus 16 2/3% of the payroll factor plus 66 2/3% of the sales factor;
- (2) for tax years ending on or after December 31, 1999 and before December 31, 2000, 8 1/3% of the property factor plus 8 1/3% of the payroll factor plus 83 1/3% of the sales factor;
- (3) for tax years ending on or after December 31, 2000, the sales factor.

If, in any tax year ending on or after December 31, 1998 and before December 31, 2000, the denominator of the payroll, property, or sales factor is zero, the apportionment factor computed in paragraph (1) or (2) of this subsection for that year shall be divided by an amount equal to 100% minus the percentage weight given to each factor whose denominator is equal to zero.

(35 ILCS 5/502) (from Ch. 120, par. 5-502)
Sec. 502. Returns and notices.

(a) In general. A return with respect to the taxes imposed by this Act shall be made by every person for any taxable year:

- (1) for which such person is liable for a tax imposed by this Act, or
- (2) in the case of a resident or in the case of a corporation which is qualified to do

business in this State, for which such person is required to make a federal income tax return, regardless of whether such person is liable for a tax imposed by this Act. However, this paragraph shall not require a resident to make a return if such person has an Illinois base income of the basic amount in Section 204(b) or less and is either claimed as a dependent on another person's tax return under the Internal Revenue Code of 1986, or is claimed as a dependent on another person's tax return under this Act.

Notwithstanding the provisions of paragraph (1), a nonresident whose Illinois income tax liability under subsections (a), (b), (c), and (d) of Section 201 of this Act is paid in full after taking into account the credits allowed under subsection (f) of this Section or allowed under Section 709.5 of this Act shall not be required to file a return under this subsection (a).

(b) Fiduciaries and receivers.

(1) Decedents. If an individual is deceased, any return or notice required of such individual under this Act shall be made by his executor, administrator, or other person charged with the property of such decedent.

(2) Individuals under a disability. If an individual is unable to make a return or notice required under this Act, the return or notice required of such individual shall be made by his duly authorized agent, guardian, fiduciary or other person charged with the care of the person or property of such individual.

(3) Estates and trusts. Returns or notices required of an estate or a trust shall be made by the fiduciary thereof.

(4) Receivers, trustees and assignees for corporations. In a case where a receiver, trustee in bankruptcy, or assignee, by order of a court of competent jurisdiction, by operation of law, or otherwise, has possession of or holds title to all or substantially all the property or business of a corporation, whether or not such property or business is being operated, such receiver, trustee, or assignee shall make the returns and notices required of such corporation in the same manner and form as corporations are required to make such returns and notices.

(c) Joint returns by husband and wife.

(1) Except as provided in paragraph (3), if a husband and wife file a joint federal income tax return for a taxable year they shall file a joint return under this Act for such taxable year and their liabilities shall be joint and several, but if the federal income tax liability of either spouse is determined on a separate federal income tax return, they shall file separate returns under this Act.

(2) If neither spouse is required to file a federal income tax return and either or both are required to file a return under this Act, they may elect to file separate or joint returns and pursuant to such election their liabilities shall be separate or joint and several.

(3) If either husband or wife is a resident and the other is a nonresident, they shall file separate returns in this State on such forms as may be required by the Department in which event their tax liabilities shall be separate; but they may elect to determine their joint net income and file a joint return as if both were residents and in such case, their liabilities shall be joint and several.

(4) Innocent spouses.

(A) However, for tax liabilities arising and paid prior to August 13, 1999, an innocent spouse shall be relieved of liability for tax (including interest and penalties) for any taxable year for which a joint return has been made, upon submission of proof that the Internal Revenue Service has made a determination under Section 6013(e) of the Internal Revenue Code, for the same taxable year, which determination relieved the spouse from liability for federal income taxes. If there is no federal income tax liability at issue for the same taxable year, the Department shall rely on the provisions of Section 6013(e) to determine whether the person requesting innocent spouse abatement of tax, penalty, and interest is entitled to that relief.

(B) For tax liabilities arising on and after August 13, 1999 or which arose prior to that date, but remain unpaid as of that date, if an individual who filed a joint return for any taxable year has made an election under this paragraph, the individual's liability for any tax shown on the joint return shall not exceed the individual's separate return amount and the individual's liability for any deficiency assessed for that taxable year shall not exceed the portion of the deficiency properly allocable to the individual. For purposes of this paragraph:

(i) An election properly made pursuant to Section 6015 of the Internal Revenue Code shall constitute an election under this paragraph, provided that the election shall not be effective until the individual has notified the Department of the election in the form and manner prescribed by the Department.

(ii) If no election has been made under Section 6015, the individual may make an election under this paragraph in the form and manner prescribed by the Department, provided that no election may be made if the Department finds that assets were transferred between individuals filing a joint return as part of a scheme by such individuals to avoid payment of Illinois income tax and the election shall not eliminate the individual's liability for any portion of a deficiency attributable to an error on the return of which the individual had actual knowledge as of the date of filing.

(iii) In determining the separate return amount or portion of any deficiency attributable to an individual, the Department shall follow the provisions in subsections (c) and (d) of Section 6015 of the Internal Revenue Code.

(iv) In determining the validity of an individual's election under subparagraph (ii) and in determining an electing individual's separate return amount or portion of any deficiency under subparagraph (iii), any determination made by the Secretary of the Treasury, by the United States Tax Court on petition for review of a determination by the Secretary of the Treasury, or on

appeal from the United States Tax Court under Section 6015 of the Internal Revenue Code regarding criteria for eligibility or under subsection (d) of Section 6015 of the Internal Revenue Code regarding the allocation of any item of income, deduction, payment, or credit between an individual making the federal election and that individual's spouse shall be conclusively presumed to be correct. With respect to any item that is not the subject of a determination by the Secretary of the Treasury or the federal courts, in any proceeding involving this subsection, the individual making the election shall have the burden of proof with respect to any item except that the Department shall have the burden of proof with respect to items in subdivision (ii).

(v) Any election made by an individual under this subsection shall apply to all years for which that individual and the spouse named in the election have filed a joint return.

(vi) After receiving a notice that the federal election has been made or after receiving an election under subdivision (ii), the Department shall take no collection action against the electing individual for any liability arising from a joint return covered by the election until the Department has notified the electing individual in writing that the election is invalid or of the portion of the liability the Department has allocated to the electing individual. Within 60 days (150 days if the individual is outside the United States) after the issuance of such notification, the individual may file a written protest of the denial of the election or of the Department's determination of the liability allocated to him or her and shall be granted a hearing within the Department under the provisions of Section 908. If a protest is filed, the Department shall take no collection action against the electing individual until the decision regarding the protest has become final under subsection (d) of Section 908 or, if administrative review of the Department's decision is requested under Section 1201, until the decision of the court becomes final.

(d) Partnerships. Every partnership having any base income allocable to this State in accordance with section 305(c) shall retain information concerning all items of income, gain, loss and deduction; the names and addresses of all of the partners, or names and addresses of members of a limited liability company, or other persons who would be entitled to share in the base income of the partnership if distributed; the amount of the distributive share of each; and such other pertinent information as the Department may by forms or regulations prescribe. The partnership shall make that information available to the Department when requested by the Department.

(e) For taxable years ending on or after December 31, 1985, and before December 31, 1993, taxpayers that are corporations (other than Subchapter S corporations) having the same taxable year and that are members of the same unitary business group may elect to be treated as one taxpayer for purposes of any original return, amended return which includes the same taxpayers of the unitary group which joined in the election to file the original return, extension, claim for refund, assessment, collection and payment and determination of the group's tax liability under this Act. This subsection (e) does not permit the election to be made for some, but not all, of the purposes enumerated above. For taxable years ending on or after December 31, 1987, corporate members (other than Subchapter S corporations) of the same unitary business group making this subsection (e) election are not required to have the same taxable year.

For taxable years ending on or after December 31, 1993, taxpayers that are corporations (other than Subchapter S corporations) and that are members of the same unitary business group shall be treated as one taxpayer for purposes of any original return, amended return which includes the same taxpayers of the unitary group which joined in filing the original return, extension, claim for refund, assessment, collection and payment and determination of the group's tax liability under this Act.

(f) The Department may promulgate regulations to permit nonresident individual partners of the same partnership, nonresident Subchapter S corporation shareholders of the same Subchapter S corporation, and nonresident individuals transacting an insurance business in Illinois under a Lloyds plan of operation, and nonresident individual members of the same limited liability company that is treated as a partnership under Section 1501 (a)(16) of this Act, to file composite individual income tax returns reflecting the composite income of such individuals allocable to Illinois and to make composite individual income tax payments. The Department may by regulation also permit such composite returns to include the income tax owed by Illinois residents attributable to their income from partnerships, Subchapter S corporations, insurance businesses organized under a Lloyds plan of operation, or limited liability companies that are treated as partnership under Section 1501(a)(16) of this Act, in which case such Illinois residents will be permitted to claim credits on their individual returns for their shares of the composite tax payments. This paragraph of subsection (f) applies to taxable years ending on or after December 31, 1987.

For taxable years ending on or after December 31, 1999, the Department may, by regulation, also permit any persons transacting an insurance business organized under a Lloyds plan of operation to file composite

returns reflecting the income of such persons allocable to Illinois and the tax rates applicable to such persons under Section 201 and to make composite tax payments and shall, by regulation, also provide that the income and apportionment factors attributable to the transaction of an insurance business organized under a Lloyds plan of operation by any person joining in the filing of a composite return shall, for purposes of allocating and apportioning income under Article 3 of this Act and computing net income under Section 202 of this Act, be excluded from any other income and apportionment factors of that person or of any unitary business group, as defined in subdivision (a)(27) of Section 1501, to which that person may belong.

For taxable years ending on or after December 31, 2008, every nonresident shall be allowed a credit against his or her liability under subsections (a) and (b) of Section 201 for any amount of tax reported on a composite return and paid on his or her behalf under this subsection (f). Residents (other than persons transacting an insurance business organized under a Lloyds plan of operation) may claim a credit for taxes reported on a composite return and paid on their behalf under this subsection (f) only as permitted by the Department by rule.

(f-5) For taxable years ending on or after December 31, 2008, the Department may adopt rules to provide that, when a partnership or Subchapter S corporation has made an error in determining the amount of any item of income, deduction, addition, subtraction, or credit required to be reported on its return that affects the liability imposed under this Act on a partner or shareholder, the partnership or Subchapter S corporation may report the changes in liabilities of its partners or shareholders and claim a refund of the resulting overpayments, or pay the resulting underpayments, on behalf of its partners and shareholders.

(g) The Department may adopt rules to authorize the electronic filing of any return required to be filed under this Section.

(35 ILCS 5/709.5 new)

Sec. 709.5. Withholding by partnerships, Subchapter S corporations, and trusts.

(a) In general. For each taxable year ending on or after December 31, 2008, every partnership (other than a publicly traded partnership under Section 7704 of the Internal Revenue Code), Subchapter S corporation, and trust must withhold from each nonresident partner, shareholder, or beneficiary (other than a partner, shareholder, or beneficiary included on a composite return filed by the partnership or Subchapter S corporation for the taxable year under subsection (f) of Section 502 of this Act) an amount equal to the distributable share of the business income of the partnership, Subchapter S corporation, or trust apportionable to Illinois of that partner, shareholder, or beneficiary under Sections 702 and 704 and Subchapter S of the Internal Revenue Code, whether or not distributed, multiplied by the applicable rates of tax for that partner or shareholder under subsections (a) through (d) of Section 201 of this Act.

(b) Credit for taxes withheld. Any amount withheld under subsection (a) of this Section and paid to the Department shall be treated as a payment of the estimated tax liability or of the liability for withholding under this Section of the partner, shareholder, or beneficiary to whom the income is distributable for the taxable year in which that person incurred a liability under this Act with respect to that income.

(A) In General. Except as provided in paragraph (2), the amount of any required installment shall be 25% of the required annual payment.

(B) Required Annual Payment. For purposes of subparagraph (A), the term "required annual payment" means the lesser of

(i) 90% of the tax shown on the return for the taxable year, or if no return is filed, 90% of the tax for such year, or

(A) In General. In the case of any required installment if a taxpayer establishes that the annualized income installment is less than the amount determined under paragraph (1),

(ii) any reduction in a required installment resulting from the application of this subparagraph shall be recaptured by increasing the amount of the next required installment determined under paragraph (1) by the amount of such reduction, and by increasing subsequent

required installments to the extent that the reduction has not previously been recaptured under this clause.

(B) Determination of Annualized Income Installment. In the case of any required installment, the annualized income installment is the excess, if any, of

(i) an amount equal to the applicable percentage of the tax for the taxable year computed by placing on an annualized basis the net income for months in the taxable year ending before the due date for the installment, over

(ii) dividing the resulting amount by the number of months in the taxable year ending before the month in which such installment date falls; and

(d) Exceptions. Notwithstanding the provisions of the preceding subsections, the penalty imposed by subsection (a) shall not be imposed if the taxpayer was not required to file an Illinois income tax return for the preceding taxable year, or, for individuals, if the taxpayer had no tax liability for the preceding taxable year and such year was a taxable year of 12 months. The penalty imposed by subsection (a) shall also not be imposed on any underpayments of estimated tax due before the effective date of this amendatory Act of 1998 which underpayments are solely attributable to the change in apportionment from subsection (a) to subsection (h) of Section 304. The provisions of this amendatory Act of 1998 apply to tax years ending on or after December 31, 1998.

(e) The penalty imposed for underpayment of estimated tax by subsection (a) of this Section shall not be imposed to the extent that the ~~Director Department~~ or his or her designate determines, pursuant to Section 3-8 of the Uniform Penalty and Interest Act that the penalty should not be imposed.

(f) Definition of tax. For purposes of subsections (b) and (c), the term "tax" means the excess of the tax imposed under Article 2 of this Act, over the amounts credited against such tax under Sections 601(b) (3) and (4).

(1) in the case of an individual, tax withheld from compensation ~~under Article 7~~ for the taxable year shall be deemed a

payment of estimated tax, and an equal part of such amount shall be deemed paid on each installment date for such taxable year, unless the taxpayer establishes the dates on which all amounts were actually withheld, in which case the amounts so withheld shall be deemed payments of estimated tax on the dates on which such amounts were actually withheld; -

(2) amounts timely paid by a partnership, Subchapter S corporation, or trust on behalf of a partner, shareholder, or beneficiary pursuant to subsection (f) of Section 502 or Section 709.5 and claimed as a payment of estimated tax shall be deemed a payment of estimated tax made on the last day of the taxable year of the partnership, Subchapter S corporation, or trust for which the income from the withholding is made was computed; and

Sec. 911. Limitations on Claims for Refund.

(a) In general. Except as otherwise provided in this Act:

(1) A claim for refund shall be filed not later than 3 years after the date the return was filed (in the case of returns required under Article 7 of this Act respecting any amounts withheld as tax, not later than 3 years after the 15th day of the 4th month following the close of the calendar year in which such withholding was made), or one year after the date the tax was paid, whichever is the later; and

(2) No credit or refund shall be allowed or made with respect to the year for which the claim was filed unless such claim is filed within such period.

(b) Federal changes.

(1) In general. In any case where notification of an alteration is required by Section 506(b), a claim for refund may be filed within 2 years after the date on which such notification was due (regardless of whether such notice was given), but the amount recoverable pursuant to a claim filed under this Section shall be limited to the amount of any overpayment resulting under this Act from recomputation of the taxpayer's net income, net loss, or Article 2 credits for the taxable year after giving effect to the item or items reflected in the alteration required to be reported.

(2) Tentative carryback adjustments paid before January 1, 1974. If, as the result of the payment before January 1, 1974 of a federal tentative carryback adjustment, a notification of an alteration is required under Section 506(b), a claim for refund may be filed at any time before January 1, 1976, but the amount recoverable pursuant to a claim filed under this Section shall be limited to the amount of any overpayment resulting under this Act from recomputation of the taxpayer's base income for the taxable year after giving effect to the federal alteration resulting from the tentative carryback adjustment irrespective of any limitation imposed in paragraph (1) of this subsection.

(c) Extension by agreement. Where, before the expiration of the time prescribed in this section for the filing of a claim for refund, both the Department and the claimant shall have consented in writing to its filing after such time, such claim may be filed at any time prior to the expiration of the period agreed upon. The period so agreed upon may be extended by subsequent agreements in writing made before the expiration of the period previously agreed upon. In the case of a taxpayer who is a partnership, Subchapter S corporation, or trust and who enters into an agreement with the Department pursuant to this subsection on or after January 1, 2003, a claim for refund may be issued to the partners, shareholders, or beneficiaries of the taxpayer at any time prior to the expiration of the period agreed upon. Any refund allowed pursuant to the claim, however, shall be limited to the amount of any overpayment of tax due under this Act that results from recomputation of items of income, deduction, credits, or other amounts of the taxpayer that are taken into account by the partner, shareholder, or beneficiary in computing its liability under this Act.

(d) Limit on amount of credit or refund.

(1) Limit where claim filed within 3-year period. If the claim was filed by the

claimant during the 3-year period prescribed in subsection (a), the amount of the credit or refund shall not exceed the portion of the tax paid within the period, immediately preceding the filing of the claim, equal to 3 years plus the period of any extension of time for filing the return.

(2) Limit where claim not filed within 3-year period. If the claim was not filed within such 3-year period, the amount of the credit or refund shall not exceed the portion of the tax paid during the one year immediately preceding the filing of the claim.

(e) Time return deemed filed. For purposes of this section a tax return filed before the last day prescribed by law for the filing of such return (including any extensions thereof) shall be deemed to have been filed on such last day.

(f) No claim for refund based on the taxpayer's taking a credit for estimated tax payments as provided by Section 601(b)(2) or for any amount paid by a taxpayer pursuant to Section 602(a) or for any amount of credit for tax withheld pursuant to ~~Article 7 Section 701~~ may be filed more than 3 years after the due date, as provided by Section 505, of the return which was required to be filed relative to the taxable year for which the payments were made or for which the tax was withheld. The changes in this subsection (f) made by this amendatory Act of 1987 shall apply to all taxable years ending on or after December 31, 1969.

(g) Special Period of Limitation with Respect to Net Loss Carrybacks. If the claim for refund relates to an overpayment attributable to a net loss carryback as provided by Section 207, in lieu of the 3 year period of limitation prescribed in subsection (a), the period shall be that period which ends 3 years after the time prescribed by law for filing the return (including extensions thereof) for the taxable year of the net loss which results in such carryback (or, on and after August 13, 1999, with respect to a change in the carryover of an Article 2 credit to a taxable year resulting from the carryback of a Section 207 loss incurred in a taxable year beginning on or after January 1, 2000, the period shall be that period that ends 3 years after the time prescribed by law for filing the return (including extensions of that time) for that subsequent taxable year), or the period prescribed in subsection (c) in respect of such taxable year, whichever expires later. In the case of such a claim, the amount of the refund may exceed the portion of the tax paid within the period provided in subsection (d) to the extent of the amount of the overpayment attributable to such carryback. On and after August 13, 1999, if the claim for refund relates to an overpayment attributable to the carryover of an Article 2 credit, or of a Section 207 loss, earned, incurred (in a taxable year beginning on or after January 1, 2000), or used in a year for which a notification of a change affecting federal taxable income must be filed under subsection (b) of Section 506, the claim may be filed within the period prescribed in paragraph (1) of subsection (b) in respect of the year for which the notification is required. In the case of such a claim, the amount of the refund may exceed the portion of the tax paid within the period provided in subsection (d) to the extent of the amount of the overpayment attributable to the recomputation of the taxpayer's Article 2 credits, or Section 207 loss, earned, incurred, or used in the taxable year for which the notification is given.

(h) Claim for refund based on net loss. On and after August 23, 2002, no claim for refund shall be allowed to the extent the refund is the result of an amount of net loss incurred in any taxable year ending prior to December 31, 2002 under Section 207 of this Act that was not reported to the Department within 3 years of the due date (including extensions) of the return for the loss year on either the original return filed by the taxpayer or on amended return or to the extent that the refund is the result of an amount of net loss incurred in any taxable year under Section 207 for which no return was filed within 3 years of the due date (including extensions) of the return for the loss year.

(35 ILCS 5/1501) (from Ch. 120, par. 15-1501)

Sec. 1501. Definitions.

(a) In general. When used in this Act, where not otherwise distinctly expressed or manifestly incompatible with the intent thereof:

(1) Business income. The term "business income" means all income that may be treated as apportionable business income under the Constitution of the United States. Business income is net of the deductions allocable thereto. Such term does not include compensation or the deductions allocable thereto. For each taxable year beginning on or after January 1, 2003, a taxpayer may elect to treat all income other than compensation as business income. This election shall be made in accordance with rules adopted by the Department and, once made, shall be irrevocable.

(2) Commercial domicile. The term "commercial domicile" means the principal place from which the trade or business of the taxpayer is directed or managed.

(3) Compensation. The term "compensation" means wages, salaries, commissions and any other form of remuneration paid to employees for personal services.

(4) Corporation. The term "corporation" includes associations, joint-stock companies, insurance companies and cooperatives. Any entity, including a limited liability company formed under the Illinois Limited Liability Company Act, shall be treated as a corporation if it is so classified for federal income tax purposes. For taxable years ending on or after December 31, 2008, a real estate investment trust is treated as a corporation for the purposes of this Act.

(5) Department. The term "Department" means the Department of Revenue of this State.

(6) Director. The term "Director" means the Director of Revenue of this State.

(7) Fiduciary. The term "fiduciary" means a guardian, trustee, executor, administrator, receiver, or any person acting in any fiduciary capacity for any person.

(8) Financial organization.

(A) The term "financial organization" means any bank, bank holding company, trust company, savings bank, industrial bank, land bank, safe deposit company, private banker, savings and loan association, building and loan association, credit union, currency exchange, cooperative bank, small loan company, sales finance company, investment company, or any person which is owned by a bank or bank holding company. For the purpose of this Section a "person" will include only those persons which a bank holding company may acquire and hold an interest in, directly or indirectly, under the provisions of the Bank Holding Company Act of 1956 (12 U.S.C. 1841, et seq.), except where interests in any person must be disposed of within certain required time limits under the Bank Holding Company Act of 1956.

(B) For purposes of subparagraph (A) of this paragraph, the term "bank" includes (i) any entity that is regulated by the Comptroller of the Currency under the National Bank Act, or by the Federal Reserve Board, or by the Federal Deposit Insurance Corporation and (ii) any federally or State chartered bank operating as a credit card bank.

(C) For purposes of subparagraph (A) of this paragraph, the term "sales finance company" has the meaning provided in the following item (i) or (ii):

(i) A person primarily engaged in one or more of the following businesses: the business of purchasing customer receivables, the business of making loans upon the security of customer receivables, the business of making loans for the express purpose of funding purchases of tangible personal property or services by the borrower, or the business of finance leasing. For purposes of this item (i), "customer receivable" means:

(a) a retail installment contract or retail charge agreement within the meaning of the Sales Finance Agency Act, the Retail Installment Sales Act, or the Motor Vehicle Retail Installment Sales Act;

(b) an installment, charge, credit, or similar contract or agreement arising from the sale of tangible personal property or services in a transaction involving a deferred payment price payable in one or more installments subsequent to the sale; or

(c) the outstanding balance of a contract or agreement described in provisions (a) or (b) of this item (i).

A customer receivable need not provide for payment of interest on deferred payments. A sales finance company may purchase a customer receivable from, or make a loan secured by a customer receivable to, the seller in the original transaction or to a person who purchased the customer receivable directly or indirectly from that seller.

(ii) A corporation meeting each of the following criteria:

(a) the corporation must be a member of an "affiliated group" within the meaning of Section 1504(a) of the Internal Revenue Code, determined without regard to Section 1504(b) of the Internal Revenue Code;

(b) more than 50% of the gross income of the corporation for the taxable year must be interest income derived from qualifying loans. A "qualifying loan" is a loan made to a member of the corporation's affiliated group that originates customer receivables (within the meaning of item (i)) or to whom customer receivables originated by a member of the affiliated group have been transferred, to the extent the average outstanding balance of loans from that corporation to members of its affiliated group during the taxable year do not exceed the limitation amount for that corporation. The "limitation amount" for a corporation is the average outstanding balances during the taxable year of customer receivables (within the meaning of item (i)) originated by all members of the affiliated group. If the average outstanding balances of the loans made by a corporation to members of its affiliated group exceed the limitation amount, the interest income of that corporation from qualifying loans shall be equal to its interest income

from loans to members of its affiliated groups times a fraction equal to the limitation amount divided by the average outstanding balances of the loans made by that corporation to members of its affiliated group;

(c) the total of all shareholder's equity (including, without limitation, paid-in capital on common and preferred stock and retained earnings) of the corporation plus the total of all of its loans, advances, and other obligations payable or owed to members of its affiliated group may not exceed 20% of the total assets of the corporation at any time during the tax year; and

(d) more than 50% of all interest-bearing obligations of the affiliated group payable to persons outside the group determined in accordance with generally accepted accounting principles must be obligations of the corporation.

This amendatory Act of the 91st General Assembly is declaratory of existing law.

(D) Subparagraphs (B) and (C) of this paragraph are declaratory of existing law and apply retroactively, for all tax years beginning on or before December 31, 1996, to all original returns, to all amended returns filed no later than 30 days after the effective date of this amendatory Act of 1996, and to all notices issued on or before the effective date of this amendatory Act of 1996 under subsection (a) of Section 903, subsection (a) of Section 904, subsection (e) of Section 909, or Section 912. A taxpayer that is a "financial organization" that engages in any transaction with an affiliate shall be a "financial organization" for all purposes of this Act.

(E) For all tax years beginning on or before December 31, 1996, a taxpayer that falls within the definition of a "financial organization" under subparagraphs (B) or (C) of this paragraph, but who does not fall within the definition of a "financial organization" under the Proposed Regulations issued by the Department of Revenue on July 19, 1996, may irrevocably elect to apply the Proposed Regulations for all of those years as though the Proposed Regulations had been lawfully promulgated, adopted, and in effect for all of those years. For purposes of applying subparagraphs (B) or (C) of this paragraph to all of those years, the election allowed by this subparagraph applies only to the taxpayer making the election and to those members of the taxpayer's unitary business group who are ordinarily required to apportion business income under the same subsection of Section 304 of this Act as the taxpayer making the election. No election allowed by this subparagraph shall be made under a claim filed under subsection (d) of Section 909 more than 30 days after the effective date of this amendatory Act of 1996.

(F) Finance Leases. For purposes of this subsection, a finance lease shall be treated as a loan or other extension of credit, rather than as a lease, regardless of how the transaction is characterized for any other purpose, including the purposes of any regulatory agency to which the lessor is subject. A finance lease is any transaction in the form of a lease in which the lessee is treated as the owner of the leased asset entitled to any deduction for depreciation allowed under Section 167 of the Internal Revenue Code.

(9) Fiscal year. The term "fiscal year" means an accounting period of 12 months ending on the last day of any month other than December.

(16) Partnership and partner. The term "partnership" includes a syndicate, group, pool, joint venture or other unincorporated organization, through or by means of which any business, financial operation, or venture is carried on, and which is not, within the meaning of this Act, a trust or estate or a corporation; and the term "partner" includes a member in such syndicate, group, pool, joint venture or organization.

The term "partnership" includes any entity, including a limited liability company formed under the Illinois Limited Liability Company Act, classified as a partnership for federal income tax purposes.

The term "partnership" does not include a syndicate, group, pool, joint venture, or other unincorporated organization established for the sole purpose of playing the Illinois State Lottery.

(17) Part-year resident. The term "part-year resident" means an individual who became a resident during the taxable year or ceased to be a resident during the taxable year. (18) Person. The term "person" shall be construed to mean and include an individual, a trust, estate, partnership, association, firm, company, corporation, limited liability company, or fiduciary. For purposes of Section 1301 and 1302 of this Act, a "person" means (i) an individual, (ii) a corporation,

(iii) an officer, agent, or employee of a corporation, (iv) a member, agent or employee of a partnership, or (v) a member, manager, employee, officer, director, or agent of a limited liability company who in such capacity commits an offense specified in Section 1301 and 1302.

(18A) Records. The term "records" includes all data maintained by the taxpayer, whether on paper, microfilm, microfiche, or any type of machine-sensible data compilation.

(19) Regulations. The term "regulations" includes rules promulgated and forms prescribed by the Department.

(20) Resident. The term "resident" means:

(A) an individual (i) who is in this State for other than a temporary or transitory purpose during the taxable year; or (ii) who is domiciled in this State but is absent from the State for a temporary or transitory purpose during the taxable year;

(B) The estate of a decedent who at his or her death was domiciled in this State;

(C) A trust created by a will of a decedent who at his death was domiciled in this State; and

(D) An irrevocable trust, the grantor of which was domiciled in this State at the time such trust became irrevocable. For purpose of this subparagraph, a trust shall be considered irrevocable to the extent that the grantor is not treated as the owner thereof under Sections 671 through 678 of the Internal Revenue Code.

(21) Sales. The term "sales" means all gross receipts of the taxpayer not allocated under Sections 301, 302 and 303.

(22) State. The term "state" when applied to a jurisdiction other than this State means any state of the United States, the District of Columbia, the Commonwealth of Puerto Rico, any Territory or Possession of the United States, and any foreign country, or any political subdivision of any of the foregoing. For purposes of the foreign tax credit under Section 601, the term "state" means any state of the United States, the District of Columbia, the Commonwealth of Puerto Rico, and any territory or possession of the United States, or any political subdivision of any of the foregoing, effective for tax years ending on or after December 31, 1989.

(23) Taxable year. The term "taxable year" means the calendar year, or the fiscal year ending during such calendar year, upon the basis of which the base income is computed under this Act. "Taxable year" means, in the case of a return made for a fractional part of a year under the provisions of this Act, the period for which such return is made.

(24) Taxpayer. The term "taxpayer" means any person subject to the tax imposed by this Act.

(25) International banking facility. The term international banking facility shall have the same meaning as is set forth in the Illinois Banking Act or as is set forth in the laws of the United States or regulations of the Board of Governors of the Federal Reserve System.

(26) Income Tax Return Preparer.

(A) The term "income tax return preparer" means any person who prepares for compensation, or who employs one or more persons to prepare for compensation, any return of tax imposed by this Act or any claim for refund of tax imposed by this Act. The preparation of a substantial portion of a return or claim for refund shall be treated as the preparation of that return or claim for refund.

(B) A person is not an income tax return preparer if all he or she does is

(i) furnish typing, reproducing, or other mechanical assistance;

(ii) prepare returns or claims for refunds for the employer by whom he or she is regularly and continuously employed;

(iii) prepare as a fiduciary returns or claims for refunds for any person; or

(iv) prepare claims for refunds for a taxpayer in response to any notice of deficiency issued to that taxpayer or in response to any waiver of restriction after the commencement of an audit of that taxpayer or of another taxpayer if a determination in the audit of the other taxpayer directly or indirectly affects the tax liability of the taxpayer whose claims he or she is preparing.

(27) Unitary business group. The term "unitary business group" means a group of persons related through common ownership whose business activities are integrated with, dependent upon and contribute to each other. The group will not include those members whose business activity outside the United States is 80% or more of any such member's total business activity; for purposes of this paragraph and clause (a)(3)(B)(ii) of Section 304, business activity within the United States shall be

measured by means of the factors ordinarily applicable under subsections (a), (b), (c), (d), or (h) of Section 304 except that, in the case of members ordinarily required to apportion business income by means of the 3 factor formula of property, payroll and sales specified in subsection (a) of Section 304, including the formula as weighted in subsection (h) of Section 304, such members shall not use the sales factor in the computation and the results of the property and payroll factor computations of subsection (a) of Section 304 shall be divided by 2 (by one if either the property or payroll factor has a denominator of zero). The computation required by the preceding sentence shall, in each case, involve the division of the member's property, payroll, or revenue miles in the United States, insurance premiums on property or risk in the United States, or financial organization business income from sources within the United States, as the case may be, by the respective worldwide figures for such items. Common ownership in the case of corporations is the direct or indirect control or ownership of more than 50% of the outstanding voting stock of the persons carrying on unitary business activity. Unitary business activity can ordinarily be illustrated where the activities of the members are: (1) in the same general line (such as manufacturing, wholesaling, retailing of tangible personal property, insurance, transportation or finance); or (2) are steps in a vertically structured enterprise or process (such as the steps involved in the production of natural resources, which might include exploration, mining, refining, and marketing); and, in either instance, the members are functionally integrated through the exercise of strong centralized management (where, for example, authority over such matters as purchasing, financing, tax compliance, product line, personnel, marketing and capital investment is not left to each member). In no event, however, will any unitary business group include members which are ordinarily required to apportion business income under different subsections of Section 304 except that for tax years ending on or after December 31, 1987 this prohibition shall not apply to a unitary business group composed of one or more taxpayers all of which apportion business income pursuant to subsection (b) of Section 304, or all of which apportion business income pursuant to subsection (d) of Section 304, and a holding company of such single-factor taxpayers (see definition of "financial organization" for rule regarding holding companies of financial organizations). If a unitary business group would, but for the preceding sentence, include members that are ordinarily required to apportion business income under different subsections of Section 304, then for each subsection of Section 304 for which there are two or more members, there shall be a separate unitary business group composed of such members. For purposes of the preceding two sentences, a member is "ordinarily required to apportion business income" under a particular subsection of Section 304 if it would be required to use the apportionment method prescribed by such subsection except for the fact that it derives business income solely from Illinois. As used in this paragraph, the phrase "United States" means only the 50 states and the District of Columbia, but does not include any territory or possession of the United States or any area over which the United States has asserted jurisdiction or claimed exclusive rights with respect to the exploration for or exploitation of natural resources.

If the unitary business group members' accounting periods differ, the common parent's accounting period or, if there is no common parent, the accounting period of the member that is expected to have, on a recurring basis, the greatest Illinois income tax liability must be used to determine whether to use the apportionment method provided in subsection (a) or subsection (h) of Section 304. The prohibition against membership in a unitary business group for taxpayers ordinarily required to apportion income under different subsections of Section 304 does not apply to taxpayers required to apportion income under subsection (a) and subsection (h) of Section 304. The provisions of this amendatory Act of 1998 apply to tax years ending on or after December 31, 1998.

(28) Subchapter S corporation. The term "Subchapter S corporation" means a corporation for which there is in effect an election under Section 1362 of the Internal Revenue Code, or for which there is a federal election to opt out of the provisions of the Subchapter S Revision Act of 1982 and have applied instead the prior federal Subchapter S rules as in effect on July 1, 1982.

(30) Foreign person. The term "foreign person" means any person who is a nonresident alien individual and any nonindividual entity, regardless of where created or organized, whose business activity outside the United States is 80% or more of the entity's total business activity.

(b) Other definitions.

(1) Words denoting number, gender, and so forth, when used in this Act, where not otherwise distinctly expressed or manifestly incompatible with the intent thereof:

(A) Words importing the singular include and apply to several persons, parties or things;

(B) Words importing the plural include the singular; and

(C) Words importing the masculine gender include the feminine as well.

(2) "Company" or "association" as including successors and assigns. The word "company" or "association", when used in reference to a corporation, shall be deemed to embrace the words "successors and assigns of such company or association", and in like manner as if these last-named words, or words of similar import, were expressed.

(3) Other terms. Any term used in any Section of this Act with respect to the application of, or in connection with, the provisions of any other Section of this Act shall have the same meaning as in such other Section.

(4) Until July 1, 2003 and beginning again September 1, 2004, graphic arts machinery and equipment, including repair and replacement parts, both new and used, and including that manufactured on special order or purchased for lease, certified by the purchaser to be used primarily for graphic arts production. Equipment includes chemicals or chemicals acting as catalysts but only if the chemicals or chemicals acting as catalysts effect a direct and immediate change upon a graphic arts product.

(9) Personal property sold to a not-for-profit arts or cultural organization that establishes, by proof

These organizations include, but are not limited to, music and dramatic arts organizations such as symphony orchestras and theatrical groups, arts and cultural service organizations, local arts councils, visual arts organizations, and media arts organizations. On and after the effective date of this amendatory Act of the 92nd General Assembly, however, an entity otherwise eligible for this exemption shall not make tax-free purchases unless it has an active identification number issued by the Department.

(10) Personal property sold by a corporation, society, association, foundation, institution, or organization, other than a limited liability company, that is organized and operated as a not-for-profit service enterprise for the benefit of persons 65 years of age or older if the personal property was not purchased by the enterprise for the purpose of resale by the enterprise.

(11) Personal property sold to a governmental body, to a corporation, society, association, foundation, or institution organized and operated exclusively for charitable, religious, or educational purposes, or to a not-for-profit corporation, society, association, foundation, institution, or organization that has no compensated officers or employees and that is organized and operated primarily for the recreation of persons 55 years of age or older. A limited liability company may qualify for the exemption under this paragraph only if the limited liability company is organized and operated exclusively for educational purposes. On and after July 1, 1987, however, no entity otherwise eligible for this exemption shall make tax-free purchases unless it has an active identification number issued by the Department.

(12) Tangible personal property sold to interstate carriers for hire for use as rolling stock moving in interstate commerce or to lessors under leases of one year or longer executed or in effect at the time of purchase by interstate carriers for hire for use as rolling stock moving in interstate commerce and equipment operated by a telecommunications provider, licensed as a common carrier by the Federal Communications Commission, which is permanently installed in or affixed to aircraft moving in interstate commerce.

(12-5) On and after July 1, 2003 and through June 30, 2004, motor vehicles of the second division with a gross vehicle weight in excess of 8,000 pounds that are subject to the commercial distribution fee imposed under Section 3-815.1 of the Illinois Vehicle Code. Beginning on July 1, 2004 and through June 30, 2005, the use in this State of motor vehicles of the second division: (i) with a gross vehicle weight rating in excess of 8,000 pounds; (ii) that are subject to the commercial distribution fee imposed under Section 3-815.1 of the Illinois Vehicle Code; and (iii) that are primarily used for commercial purposes. Through June 30, 2005, this exemption applies to repair and replacement parts added after the initial purchase of such a motor vehicle if that motor vehicle is used in a manner that would qualify for the rolling stock exemption otherwise provided for in this Act. For purposes of this paragraph, "used for commercial purposes" means the transportation of persons or property in furtherance of any commercial or industrial enterprise whether for-hire or not.

(13) Proceeds from sales to owners, lessors, or shippers of tangible personal property that is utilized by interstate carriers for hire for use as rolling stock moving in interstate commerce and equipment operated by a telecommunications provider, licensed as a common carrier by the Federal Communications Commission, which is permanently installed in or affixed to aircraft moving in interstate commerce.

(14) Machinery and equipment that will be used by the purchaser, or a lessee of the purchaser, primarily in the process of manufacturing or assembling tangible personal property for wholesale or retail sale or lease, whether the sale or lease is made directly by the manufacturer or by some other person, whether the materials used in the process are owned by the manufacturer or some other person, or whether the sale or lease is made apart from or as an incident to the seller's engaging in the service occupation of producing machines, tools, dies, jigs, patterns, gauges, or other similar items of no commercial value on special order for a particular purchaser.

(15) Proceeds of mandatory service charges separately stated on customers' bills for purchase and consumption of food and beverages, to the extent that the proceeds of the service charge are in fact turned over as tips or as a substitute for tips to the employees who participate directly in preparing, serving, hosting or cleaning up the food or beverage function with respect to which the service charge is imposed.

(16) Petroleum products sold to a purchaser if the seller is prohibited by federal law from charging tax to the purchaser.

(17) Tangible personal property sold to a common carrier by rail or motor that receives the physical possession of the property in Illinois and that transports the property, or shares with another common carrier in the transportation of the property, out of Illinois on a standard uniform bill of lading showing the

seller of the property as the shipper or consignor of the property to a destination outside Illinois, for use outside Illinois.

(22) Fuel and petroleum products sold to or used by an air carrier, certified by the carrier to be used for consumption, shipment, or storage in the conduct of its business as an air common carrier, for a flight destined for or returning from a location or locations outside the United States without regard to previous or subsequent domestic stopovers.

(23) A transaction in which the purchase order is received by a florist who is located outside Illinois, but who has a florist located in Illinois deliver the property to the purchaser or the purchaser's donee in Illinois.

(24) Fuel consumed or used in the operation of ships, barges, or vessels that are used primarily in or for the transportation of property or the conveyance of persons for hire on rivers bordering on this State if the fuel is delivered by the seller to the purchaser's barge, ship, or vessel while it is afloat upon that bordering river.

(25) Except as provided in item (25-5) of this Section, a motor vehicle sold in this State to a nonresident even though the motor vehicle is delivered to the nonresident in this State, if the motor vehicle is not to be titled in this State, and if a drive-away permit is issued to the motor vehicle as provided in Section 3-603 of the Illinois Vehicle Code or if the nonresident purchaser has vehicle registration plates to transfer to the motor vehicle upon returning to his or her home state. The issuance of the drive-away permit or having the out-of-state registration plates to be transferred is prima facie evidence that the motor vehicle will not be titled in this State.

(25-5) The exemption under item (25) does not apply if the state in which the motor vehicle will be titled does not allow a reciprocal exemption for a motor vehicle sold and delivered in that state to an Illinois resident but titled in Illinois. The tax collected under this Act on the sale of a motor vehicle in this State to a resident of another state that does not allow a reciprocal exemption shall be imposed at a rate equal to the state's rate of tax on taxable property in the state in which the purchaser is a resident, except that the tax shall not exceed the tax that would otherwise be imposed under this Act. At the time of the sale, the purchaser shall execute a statement, signed under penalty of perjury, of his or her intent to title the vehicle in the state in which the purchaser is a resident within 30 days after the sale and of the fact of the payment to the State of Illinois of tax in an amount equivalent to the state's rate of tax on taxable property in his or her state of residence and shall submit the statement to the appropriate tax collection agency in his or her state of residence. In addition, the retailer must retain a signed copy of the statement in his or her records. Nothing in this item shall be construed to require the removal of the vehicle from this state following the filing of an intent to title the vehicle in the purchaser's state of residence if the purchaser titles the vehicle in his or her state of residence within 30 days after the date of sale. The tax collected under this Act in accordance with this item (25-5) shall be proportionately distributed as if the tax were collected at the 6.25% general rate imposed under this Act.

(28) Computers and communications equipment utilized for any hospital purpose and equipment used in the diagnosis, analysis, or treatment of hospital patients sold to a lessor who leases the equipment, under a lease of one year or longer executed or in effect at the time of the purchase, to a hospital that has been

issued an active tax exemption identification number by the Department under Section 1g of this Act.

(29) Personal property sold to a lessor who leases the property, under a lease of one year or longer executed or in effect at the time of the purchase, to a governmental body that has been issued an active tax exemption identification number by the Department under Section 1g of this Act.

This paragraph is exempt from the provisions of Section 2-70.

(33) A motor vehicle, as that term is defined in Section 1-146 of the Illinois Vehicle Code, that is donated to a corporation, limited liability company, society, association, foundation, or institution that is determined by the Department to be organized and operated exclusively for educational purposes. For purposes of this exemption, "a corporation, limited liability company, society, association, foundation, or institution organized and operated exclusively for educational purposes" means all tax-supported public schools, private schools that offer systematic instruction in useful branches of learning by methods common to public schools and that compare favorably in their scope and intensity with the course of study presented in tax-supported schools, and vocational or technical schools or institutes organized and operated exclusively to provide a course of study of not less than 6 weeks duration and designed to prepare individuals to follow a trade or to pursue a manual, technical, mechanical, industrial, business, or commercial occupation.

This paragraph does not apply to fundraising events (i) for the benefit of private home instruction or (ii) for which the fundraising entity purchases the personal property sold at the events from another individual or entity that sold the property for the purpose of resale by the fundraising entity and that profits from the sale to the fundraising entity. This paragraph is exempt from the provisions of Section 2-70.

(35-5) Beginning August 23, 2001 and through June 30, 2011, food for human consumption that is to be consumed off the premises where it is sold (other than alcoholic beverages, soft drinks, and food that has been prepared for immediate consumption) and prescription and nonprescription medicines, drugs, medical appliances, and insulin, urine testing materials, syringes, and needles used by diabetics, for human use, when purchased for use by a person receiving medical assistance under Article 5 of the Illinois Public Aid Code who resides in a licensed long-term care facility, as defined in the Nursing Home Care Act.

(36) Beginning August 2, 2001, computers and communications equipment utilized for any hospital purpose and equipment used in the diagnosis, analysis, or treatment of hospital patients sold to a lessor who leases the equipment, under a lease of one year or longer executed or in effect at the time of the purchase, to a hospital that has been issued an active tax exemption identification number by the Department under Section 1g of this Act. This paragraph is exempt from the provisions of Section 2-70.

The Director of Revenue shall, pursuant to rules adopted in accordance with the Illinois Administrative Procedure Act, issue a permit to any taxpayer in good standing with the Department who is eligible for the exemption under this paragraph (38). The permit issued under this paragraph (38) shall authorize the holder, to the extent and in the manner specified in the rules adopted under this Act, to purchase tangible personal property from a retailer exempt from the taxes imposed by this Act. For fiscal year 2005 through fiscal year 2007, no amounts may be transferred under this Section from the Road Fund, the State Construction Account Fund, the Criminal Justice Information Systems Trust Fund, the Wireless Service Emergency Fund, or the Mandatory Arbitration Fund.

In determining the available balance in a fund, the Governor may include receipts, transfers into the fund, and other resources anticipated to be available in the fund in that fiscal year.

The State Treasurer and Comptroller shall transfer the amounts designated under this Section as soon as may be practicable after receiving the direction to transfer from the Governor.

(a-5) Transfers directed to be made under this Section on or before February 28, 2006 that are still pending on May 19, 2006 (the effective date of Public Act 94-774) ~~this amendatory Act of the 94th General Assembly~~ shall be redirected as provided in Section 8n of this Act.

Section 10. The Home Equity Assurance Act is amended by changing Section 11 as follows:

(65 ILCS 95/11) (from Ch. 24, par. 1611)

Sec. 11. Guarantee Fund.

(a) Each governing commission and program created by referendum under the provisions of this Act shall maintain a guarantee fund for the purposes of paying the costs of administering the program and extending protection to members pursuant to the limitations and procedures set forth in this Act.

(b) The guarantee fund shall be raised by means of an annual tax levied on all residential property within the territory of the program having at least one, but not more than 6 dwelling units and classified by county ordinance as residential. The rate of this tax may be changed from year to year by majority vote of the governing commission but in no case shall it exceed a rate of .12% of the equalized assessed valuation of all property in the territory of the program having at least one, but not more than 6 dwelling units and classified by county ordinance as residential, or the maximum tax rate approved by the voters of the territory at the referendum which created the program or, in the case of a merged program, the maximum tax rate approved by the voters at the referendum authorizing the merger, whichever rate is lower. The commissioners shall cause the amount to be raised by taxation in each year to be certified to the county clerk in the manner provided by law, and any tax so levied and certified shall be collected and enforced in the same manner and by the same officers as those taxes for the purposes of the county and city within which the territory of the commission is located. Any such tax, when collected, shall be paid over to the proper officer of the commission who is authorized to receive and receipt for such tax. The governing commission may issue tax anticipation warrants against the taxes to be assessed for the calendar year in which the program is created and for the first full calendar year after the creation of the program.

(c) The moneys deposited in the guarantee fund shall, as nearly as practicable, be fully and continuously invested or reinvested by the governing commission in investment obligations which shall be in such amounts, and shall mature at such times, that the maturity or date of redemption at the option of the holder of such investment obligations shall coincide, as nearly as practicable, with the times at which monies will be required for the purposes of the program. For the purposes of this Section investment obligation shall mean direct general municipal, state, or federal obligations which at the time are legal investments under the laws of this State and the payment of principal of and interest on which are unconditionally guaranteed by the governing body issuing them.

(d) Except as permitted by this subsection and subsection (d-5), the guarantee fund shall be used solely and exclusively for the purpose of providing guarantees to members of the particular Guaranteed Home Equity Program and for reasonable salaries, expenses, bills, and fees incurred in administering the program, and shall be used for no other purpose.

A governing commission, with no less than \$4,000,000 in its guarantee fund, may, if authorized by referendum duly adopted by a majority of the voters, establish a Low Interest Home Improvement Loan Program in accordance with and subject to procedures established by a financial institution, as defined in the Illinois Banking Act. Whenever the question of creating a Low Interest Home Improvement Loan Program is initiated by resolution or ordinance of the corporate authorities of the municipality or by a petition signed by not less than 10% of the total number of registered voters of each precinct in the territory, the registered voters of which are eligible to sign the petition, it shall be the duty of the election authority having jurisdiction over the municipality to submit the question of creating the program to the electors of each precinct within the territory at the regular election specified in the resolution, ordinance, or petition initiating the question. A petition initiating a question described in this subsection shall be filed with the election authority having jurisdiction over the municipality. The petition shall be filed and objections to the petition shall be made in the manner provided in the Election Code. A resolution, ordinance, or petition initiating a question described in this subsection shall specify the election at which the question is to be submitted. The referendum on the question shall be held in accordance with the Election Code. The question shall be in substantially the following form:

"Shall the (name of the home equity program) implement a Low Interest Home Improvement Loan Program with money from the guarantee fund of the established guaranteed home equity program?"

The votes must be recorded as "Yes" or "No".

Whenever a majority of the voters on the public question approve the creation of the program as certified by the proper election authorities, the commission shall establish the program and administer the program with funds collected under the Guaranteed Home Equity Program, subject to the following conditions:

(1) At any given time, the cumulative total of all loans and loan guarantees (if

applicable) issued under this program may not reduce the balance of the guarantee fund to less than \$3,000,000.

(2) Only eligible applicants may apply for a loan.

(3) The loan must be used for the repair, maintenance, remodeling, alteration, or improvement of a guaranteed residence. This condition is not intended to exclude the repair, maintenance, remodeling, alteration, or improvement of a guaranteed residence's landscape. This condition is intended to exclude the demolition of a current residence. This condition is also intended to exclude the construction of a new residence.

(4) An eligible applicant may not borrow more than the amount of equity value in his or her residence.

(5) A commission must ensure that loans issued are secured with collateral that is at least equal to the amount of the loan or loan guarantee.

(6) A commission shall charge an interest rate which it determines to be below the market rate of interest generally available to the applicant.

(7) A commission may, by resolution, establish other administrative rules and procedures as are necessary to implement this program including, but not limited to, loan dollar amounts and terms. A commission may also impose on loan applicants a one-time application fee for the purpose of defraying the costs of administering the program.

(d-5) A governing commission, with no less than \$4,000,000 in its guarantee fund, may, if authorized by referendum duly adopted by a majority of the voters, establish a Foreclosure Prevention Loan Fund to provide low interest emergency loans to eligible applicants that may be forced into foreclosure proceedings.

Whenever the question of creating a Foreclosure Prevention Loan Fund is initiated by resolution or ordinance of the corporate authorities of the municipality or by a petition signed by not less than 10% of the total number of registered voters of each precinct in the territory, the registered voters of which are eligible to sign the petition, it shall be the duty of the election authority having jurisdiction over the municipality to submit the question of creating the program to the electors of each precinct within the territory at the regular election specified in the resolution, ordinance, or petition initiating the question. A petition initiating a question described in this subsection shall be filed with the election authority having jurisdiction over the municipality. The petition shall be filed and objections to the petition shall be made in the manner provided in the Election Code. A resolution, ordinance, or petition initiating a question described in this subsection shall specify the election at which the question is to be submitted. The referendum on the question shall be held in accordance with the Election Code. The question shall be in substantially the following form:

"Shall the (name of the home equity program) implement a Foreclosure Prevention Loan Fund with money from the guarantee fund of the established guaranteed home equity program?"

The votes must be recorded as "Yes" or "No".

Whenever a majority of the voters on the public question approve the creation of a Foreclosure Prevention Loan Fund as certified by the proper election authorities, the commission shall establish the program and administer the program with funds collected under the Guaranteed Home Equity Program, subject to the following conditions:

(1) At any given time, the cumulative total of all loans and loan guarantees (if applicable) issued under this program may not exceed \$3,000,000.

(2) Only eligible applicants may apply for a loan. The Commission may establish, by resolution, additional criteria for eligibility.

(3) The loan must be used to assist with preventing foreclosure proceedings.

(4) An eligible applicant may not borrow more than the amount of equity value in his or her residence.

(5) A commission must ensure that loans issued are secured as a second lien on the property.

(6) A commission shall charge an interest rate which it determines to be below the market rate of interest generally available to the applicant.

(7) A commission may, by resolution, establish other administrative rules and procedures as are necessary to implement this program including, but not limited to, eligibility requirements for eligible applicants, loan dollar amounts, and loan terms.

(8) A commission may also impose on loan applicants a one-time application fee for the purpose of defraying the costs of administering the program.

(e) The guarantee fund shall be maintained, invested, and expended exclusively by the governing commission of the program for whose purposes it was created. Under no circumstance shall the guarantee fund be used by any person or persons, governmental body, or public or private agency or concern other

than the governing commission of the program for whose purposes it was created. Under no circumstances shall the guarantee fund be commingled with other funds or investments.

(e-1) No commissioner or family member of a commissioner, or employee or family member of an employee, may receive any financial benefit, either directly or indirectly, from the guarantee fund. Nothing in this subsection (e-1) shall be construed to prohibit payment of expenses to a commissioner in accordance with Section 4 or payment of salaries or expenses to an employee in accordance with this Section.

As used in this subsection (e-1), "family member" means a spouse, child, stepchild, parent, brother, or sister of a commissioner or a child, stepchild, parent, brother, or sister of a commissioner's spouse.

(f) An independent audit of the guarantee fund and the management of the program shall be conducted annually and made available to the public through any office of the governing commission or a public facility such as a local public library located within the territory of the program.

Section 15. The Illinois Banking Act is amended by changing Section 48 as follows:

(205 ILCS 5/48) (from Ch. 17, par. 359)

Sec. 48. Commissioner's powers; duties. The Commissioner shall have the powers and authority, and is charged with the duties and responsibilities designated in this Act, and a State bank shall not be subject to any other visitorial power other than as authorized by this Act, except those vested in the courts, or upon prior consultation with the Commissioner, a foreign bank regulator with an appropriate supervisory interest in the parent or affiliate of a state bank. In the performance of the Commissioner's duties:

(1) The Commissioner shall call for statements from all State banks as provided in Section 47 at least one time during each calendar quarter.

(2) (a) The Commissioner, as often as the Commissioner shall deem necessary or proper, and no less frequently than 18 months following the preceding examination, shall appoint a suitable person or persons to make an examination of the affairs of every State bank, except that for every eligible State bank, as defined by regulation, the Commissioner in lieu of the examination may accept on an alternating basis the examination made by the eligible State bank's appropriate federal banking agency pursuant to Section 111 of the Federal Deposit Insurance Corporation Improvement Act of 1991, provided the appropriate federal banking agency has made such an examination. A person so appointed shall not be a stockholder or officer or employee of any bank which that person may be directed to examine, and shall have powers to make a thorough examination into all the affairs of the bank and in so doing to examine any of the officers or agents or employees thereof on oath and shall make a full and detailed report of the condition of the bank to the Commissioner. In making the examination the examiners shall include an examination of the affairs of all the affiliates of the bank, as defined in subsection (b) of Section 35.2 of this Act, or subsidiaries of the bank as shall be necessary to disclose fully the conditions of the subsidiaries or affiliates, the relations between the bank and the subsidiaries or affiliates and the effect of those relations upon the affairs of the bank, and in connection therewith shall have power to examine any of the officers, directors, agents, or employees of the subsidiaries or affiliates on oath. After May 31, 1997, the Commissioner may enter into cooperative agreements with state regulatory authorities of other states to provide for examination of State bank branches in those states, and the Commissioner may accept reports of examinations of State bank branches from those state regulatory authorities. These cooperative agreements may set forth the manner in which the other state regulatory authorities may be compensated for examinations prepared for and submitted to the Commissioner.

(b) After May 31, 1997, the Commissioner is authorized to examine, as often as the Commissioner shall deem necessary or proper, branches of out-of-state banks. The Commissioner may establish and may assess fees to be paid to the Commissioner for examinations under this subsection (b). The fees shall be borne by the out-of-state bank, unless the fees are borne by the state regulatory authority that chartered the out-of-state bank, as determined by a cooperative agreement between the Commissioner and the state regulatory authority that chartered the out-of-state bank.

(2.5) Whenever any State bank, any subsidiary or affiliate of a State bank, or after May 31, 1997, any branch of an out-of-state bank causes to be performed, by contract or otherwise, any bank services for itself, whether on or off its premises:

(a) that performance shall be subject to examination by the Commissioner to the same extent as if services were being performed by the bank or, after May 31, 1997, branch of the out-of-state bank itself on its own premises; and

(b) the bank or, after May 31, 1997, branch of the out-of-state bank shall notify the Commissioner of the existence of a service relationship. The notification shall be submitted with the first statement of condition (as required by Section 47 of this Act) due after the making of the service contract

or the performance of the service, whichever occurs first. The Commissioner shall be notified of each subsequent contract in the same manner.

For purposes of this subsection (2.5), the term "bank services" means services such as sorting and posting of checks and deposits, computation and posting of interest and other credits and charges, preparation and mailing of checks, statements, notices, and similar items, or any other clerical, bookkeeping, accounting, statistical, or similar functions performed for a State bank, including but not limited to electronic data processing related to those bank services.

(3) The expense of administering this Act, including the expense of the examinations of State banks as provided in this Act, shall to the extent of the amounts resulting from the fees provided for in paragraphs (a), (a-2), and (b) of this subsection (3) be assessed against and borne by the State banks:

(a) Each bank shall pay to the Commissioner a Call Report Fee which shall be paid in quarterly installments equal to one-fourth of the sum of the annual fixed fee of \$800, plus a variable fee based on the assets shown on the quarterly statement of condition delivered to the Commissioner in accordance with Section 47 for the preceding quarter according to the following schedule: 16¢ per \$1,000 of the first \$5,000,000 of total assets, 15¢ per \$1,000 of the next \$20,000,000 of total assets, 13¢ per \$1,000 of the next \$75,000,000 of total assets, 9¢ per \$1,000 of the next \$400,000,000 of total assets, 7¢ per \$1,000 of the next \$500,000,000 of total assets, and 5¢ per \$1,000 of all assets in excess of \$1,000,000,000, of the State bank. The Call Report Fee shall be calculated by the Commissioner and billed to the banks for remittance at the time of the quarterly statements of condition provided for in Section 47. The Commissioner may require payment of the fees provided in this Section by an electronic transfer of funds or an automatic debit of an account of each of the State banks. In case more than one examination of any bank is deemed by the Commissioner to be necessary in any examination frequency cycle specified in subsection 2(a) of this Section, and is performed at his direction, the Commissioner may assess a reasonable additional fee to recover the cost of the additional examination; provided, however, that an examination conducted at the request of the State Treasurer pursuant to the Uniform Disposition of Unclaimed Property Act shall not be deemed to be an additional examination under this Section. In lieu of the method and amounts set forth in this paragraph (a) for the calculation of the Call Report Fee, the Commissioner may specify by rule that the Call Report Fees provided by this Section may be assessed semiannually or some other period and may provide in the rule the formula to be used for calculating and assessing the periodic Call Report Fees to be paid by State banks.

(a-1) If in the opinion of the Commissioner an emergency exists or appears likely, the Commissioner may assign an examiner or examiners to monitor the affairs of a State bank with whatever frequency he deems appropriate, including but not limited to a daily basis. The reasonable and necessary expenses of the Commissioner during the period of the monitoring shall be borne by the subject bank. The Commissioner shall furnish the State bank a statement of time and expenses if requested to do so within 30 days of the conclusion of the monitoring period.

(a-2) On and after January 1, 1990, the reasonable and necessary expenses of the Commissioner during examination of the performance of electronic data processing services under subsection (2.5) shall be borne by the banks for which the services are provided. An amount, based upon a fee structure prescribed by the Commissioner, shall be paid by the banks or, after May 31, 1997, branches of out-of-state banks receiving the electronic data processing services along with the Call Report Fee assessed under paragraph (a) of this subsection (3).

(a-3) After May 31, 1997, the reasonable and necessary expenses of the Commissioner during examination of the performance of electronic data processing services under subsection (2.5) at or on behalf of branches of out-of-state banks shall be borne by the out-of-state banks, unless those expenses are borne by the state regulatory authorities that chartered the out-of-state banks, as determined by cooperative agreements between the Commissioner and the state regulatory authorities that chartered the out-of-state banks.

(b) "Fiscal year" for purposes of this Section 48 is defined as a period beginning July 1 of any year and ending June 30 of the next year. The Commissioner shall receive for each fiscal year, commencing with the fiscal year ending June 30, 1987, a contingent fee equal to the lesser of the aggregate of the fees paid by all State banks under paragraph (a) of subsection (3) for that year, or the amount, if any, whereby the aggregate of the administration expenses, as defined in paragraph (c), for that fiscal year exceeds the sum of the aggregate of the fees payable by all State banks for that year under paragraph (a) of subsection (3), plus any amounts transferred into the Bank and Trust Company Fund from the State Pensions Fund for that year, plus all other amounts collected by the Commissioner for that year under any other provision of this Act, plus the aggregate of all fees collected for that year by the

Commissioner under the Corporate Fiduciary Act, excluding the receivership fees provided for in Section 5-10 of the Corporate Fiduciary Act, and the Foreign Banking Office Act. The aggregate amount of the contingent fee thus arrived at for any fiscal year shall be apportioned amongst, assessed upon, and paid by the State banks and foreign banking corporations, respectively, in the same proportion that the fee of each under paragraph (a) of subsection (3), respectively, for that year bears to the aggregate for that year of the fees collected under paragraph (a) of subsection (3). The aggregate amount of the contingent fee, and the portion thereof to be assessed upon each State bank and foreign banking corporation, respectively, shall be determined by the Commissioner and shall be paid by each, respectively, within 120 days of the close of the period for which the contingent fee is computed and is payable, and the Commissioner shall give 20 days advance notice of the amount of the contingent fee payable by the State bank and of the date fixed by the Commissioner for payment of the fee.

(c) The "administration expenses" for any fiscal year shall mean the ordinary and contingent expenses for that year incident to making the examinations provided for by, and for otherwise administering, this Act, the Corporate Fiduciary Act, excluding the expenses paid from the Corporate Fiduciary Receivership account in the Bank and Trust Company Fund, the Foreign Banking Office Act, the Electronic Fund Transfer Act, and the Illinois Bank Examiners' Education Foundation Act, including all salaries and other compensation paid for personal services rendered for the State by officers or employees of the State, including the Commissioner and the Deputy Commissioners, all expenditures for telephone and telegraph charges, postage and postal charges, office stationery, supplies and services, and office furniture and equipment, including typewriters and copying and duplicating machines and filing equipment, surety bond premiums, and travel expenses of those officers and employees, employees, expenditures or charges for the acquisition, enlargement or improvement of, or for the use of, any office space, building, or structure, or expenditures for the maintenance thereof or for furnishing heat, light, or power with respect thereto, all to the extent that those expenditures are directly incidental to such examinations or administration. The Commissioner shall not be required by paragraphs (c) or (d-1) of this subsection (3) to maintain in any fiscal year's budget appropriated reserves for accrued vacation and accrued sick leave that is required to be paid to employees of the Commissioner upon termination of their service with the Commissioner in an amount that is more than is reasonably anticipated to be necessary for any anticipated turnover in employees, whether due to normal attrition or due to layoffs, terminations, or resignations.

(d) The aggregate of all fees collected by the Commissioner under this Act, the Corporate Fiduciary Act, or the Foreign Banking Office Act on and after July 1, 1979, shall be paid promptly after receipt of the same, accompanied by a detailed statement thereof, into the State treasury and shall be set apart in a special fund to be known as the "Bank and Trust Company Fund", except as provided in paragraph (c) of subsection (11) of this Section. All earnings received from investments of funds in the Bank and Trust Company Fund shall be deposited in the Bank and Trust Company Fund and may be used for the same purposes as fees deposited in that Fund. The amount from time to time deposited into the Bank and Trust Company Fund shall be used: (i) to offset the ordinary administrative expenses of the Commissioner of Banks and Real Estate as defined in this Section or (ii) as a credit against fees under paragraph (d-1) of this subsection. Nothing in this amendatory Act of 1979 shall prevent continuing the practice of paying expenses involving salaries, retirement, social security, and State-paid insurance premiums of State officers by appropriations from the General Revenue Fund. However, the General Revenue Fund shall be reimbursed for those payments made on and after July 1, 1979, by an annual transfer of funds from the Bank and Trust Company Fund. Moneys in the Bank and Trust Company Fund may be transferred to the Professions Indirect Cost Fund, as authorized under Section 2105-300 of the Department of Professional Regulation Law of the Civil Administrative Code of Illinois.

(d-1) Adequate funds shall be available in the Bank and Trust Company Fund to permit the timely payment of administration expenses. In each fiscal year the total administration expenses shall be deducted from the total fees collected by the Commissioner and the remainder transferred into the Cash Flow Reserve Account, unless the balance of the Cash Flow Reserve Account prior to the transfer equals or exceeds one-fourth of the total initial appropriations from the Bank and Trust Company Fund for the subsequent year, in which case the remainder shall be credited to State banks and foreign banking corporations and applied against their fees for the subsequent year. For the fiscal year beginning July 1, 2007, the Commissioner must adopt rules to adjust regulatory fee rates to those in effect prior to the escalation in rates published in 38 Ill. Adm. Code 375 unless an audit by the Auditor General of banking regulatory oversight activities requires a different rate to be set. Any adjustments made pursuant to an

Auditor General's audit must be set forth in the form of a notice to each affected entity 45 days prior to making those adjustments. The notice must contain an explanation that includes a description of the audit results pertaining to the banking industry and a description of each reason why adjustments to the regulatory fee rates are required. The amount credited to each State bank and foreign banking corporation shall be in the same proportion as the Call Report Fees paid by each for the year bear to the total Call Report Fees collected for the year. If, after a transfer to the Cash Flow Reserve Account is made or if no remainder is available for transfer, the balance of the Cash Flow Reserve Account is less than one-fourth of the total initial appropriations for the subsequent year and the amount transferred is less than 5% of the total Call Report Fees for the year, additional amounts needed to make the transfer equal to 5% of the total Call Report Fees for the year shall be apportioned amongst, assessed upon, and paid by the State banks and foreign banking corporations in the same proportion that the Call Report Fees of each, respectively, for the year bear to the total Call Report Fees collected for the year. The additional amounts assessed shall be transferred into the Cash Flow Reserve Account. For purposes of this paragraph (d-1), the calculation of the fees collected by the Commissioner shall exclude the receivership fees provided for in Section 5-10 of the Corporate Fiduciary Act.

(e) The Commissioner may upon request certify to any public record in his keeping and shall have authority to levy a reasonable charge for issuing certifications of any public record in his keeping.

(f) In addition to fees authorized elsewhere in this Act, the Commissioner may, in connection with a review, approval, or provision of a service, levy a reasonable charge to recover the cost of the review, approval, or service.

(4) Nothing contained in this Act shall be construed to limit the obligation relative to examinations and reports of any State bank, deposits in which are to any extent insured by the United States or any agency thereof, nor to limit in any way the powers of the Commissioner with reference to examinations and reports of that bank.

(5) The nature and condition of the assets in or investment of any bonus, pension, or profit sharing plan for officers or employees of every State bank or, after May 31, 1997, branch of an out-of-state bank shall be deemed to be included in the affairs of that State bank or branch of an out-of-state bank subject to examination by the Commissioner under the provisions of subsection (2) of this Section, and if the Commissioner shall find from an examination that the condition of or operation of the investments or assets of the plan is unlawful, fraudulent, or unsafe, or that any trustee has abused his trust, the Commissioner shall, if the situation so found by the Commissioner shall not be corrected to his satisfaction within 60 days after the Commissioner has given notice to the board of directors of the State bank or out-of-state bank of his findings, report the facts to the Attorney General who shall thereupon institute proceedings against the State bank or out-of-state bank, the board of directors thereof, or the trustees under such plan as the nature of the case may require.

(6) The Commissioner shall have the power:

(a) To promulgate reasonable rules for the purpose of administering the provisions of this Act.

(a-5) To impose conditions on any approval issued by the Commissioner if he determines that the conditions are necessary or appropriate. These conditions shall be imposed in writing and shall continue in effect for the period prescribed by the Commissioner.

(b) To issue orders against any person, if the Commissioner has reasonable cause to believe that an unsafe or unsound banking practice has occurred, is occurring, or is about to occur, if any person has violated, is violating, or is about to violate any law, rule, or written agreement with the Commissioner, or for the purpose of administering the provisions of this Act and any rule promulgated in accordance with this Act.

(b-1) To enter into agreements with a bank establishing a program to correct the condition of the bank or its practices.

(c) To appoint hearing officers to execute any of the powers granted to the Commissioner under this Section for the purpose of administering this Act and any rule promulgated in accordance with this Act and otherwise to authorize, in writing, an officer or employee of the Office of Banks and Real Estate to exercise his powers under this Act.

(d) To subpoena witnesses, to compel their attendance, to administer an oath, to examine any person under oath, and to require the production of any relevant books, papers, accounts, and documents in the course of and pursuant to any investigation being conducted, or any action being taken, by the Commissioner in respect of any matter relating to the duties imposed upon, or the powers

vested in, the Commissioner under the provisions of this Act or any rule promulgated in accordance with this Act.

(e) To conduct hearings.

(7) Whenever, in the opinion of the Commissioner, any director, officer, employee, or agent of a State bank or any subsidiary or bank holding company of the bank or, after May 31, 1997, of any branch of an out-of-state bank or any subsidiary or bank holding company of the bank shall have violated any law, rule, or order relating to that bank or any subsidiary or bank holding company of the bank, shall have obstructed or impeded any examination or investigation by the Commissioner, shall have engaged in an unsafe or unsound practice in conducting the business of that bank or any subsidiary or bank holding company of the bank, or shall have violated any law or engaged or participated in any unsafe or unsound practice in connection with any financial institution or other business entity such that the character and fitness of the director, officer, employee, or agent does not assure reasonable promise of safe and sound operation of the State bank, the Commissioner may issue an order of removal. If, in the opinion of the Commissioner, any former director, officer, employee, or agent of a State bank or any subsidiary or bank holding company of the bank, prior to the termination of his or her service with that bank or any subsidiary or bank holding company of the bank, violated any law, rule, or order relating to that State bank or any subsidiary or bank holding company of the bank, obstructed or impeded any examination or investigation by the Commissioner, engaged in an unsafe or unsound practice in conducting the business of that bank or any subsidiary or bank holding company of the bank, or violated any law or engaged or participated in any unsafe or unsound practice in connection with any financial institution or other business entity such that the character and fitness of the director, officer, employee, or agent would not have assured reasonable promise of safe and sound operation of the State bank, the Commissioner may issue an order prohibiting that person from further service with a bank or any subsidiary or bank holding company of the bank as a director, officer, employee, or agent. An order issued pursuant to this subsection shall be served upon the director, officer, employee, or agent. A copy of the order shall be sent to each director of the bank affected by registered mail. The person affected by the action may request a hearing before the State Banking Board within 10 days after receipt of the order. The hearing shall be held by the Board within 30 days after the request has been received by the Board. The Board shall make a determination approving, modifying, or disapproving the order of the Commissioner as its final administrative decision. If a hearing is held by the Board, the Board shall make its determination within 60 days from the conclusion of the hearing. Any person affected by a decision of the Board under this subsection (7) of Section 48 of this Act may have the decision reviewed only under and in accordance with the Administrative Review Law and the rules adopted pursuant thereto. A copy of the order shall also be served upon the bank of which he is a director, officer, employee, or agent, whereupon he shall cease to be a director, officer, employee, or agent of that bank. The Commissioner may institute a civil action against the director, officer, or agent of the State bank or, after May 31, 1997, of the branch of the out-of-state bank against whom any order provided for by this subsection (7) of this Section 48 has been issued, and against the State bank or, after May 31, 1997, out-of-state bank, to enforce compliance with or to enjoin any violation of the terms of the order. Any person who has been the subject of an order of removal or an order of prohibition issued by the Commissioner under this subsection or Section 5-6 of the Corporate Fiduciary Act may not thereafter serve as director, officer, employee, or agent of any State bank or of any branch of any out-of-state bank, or of any corporate fiduciary, as defined in Section 1-5.05 of the Corporate Fiduciary Act, or of any other entity that is subject to licensure or regulation by the Commissioner or the Office of Banks and Real Estate unless the Commissioner has granted prior approval in writing.

For purposes of this paragraph (7), "bank holding company" has the meaning prescribed in Section 2 of the Illinois Bank Holding Company Act of 1957.

(8) The Commissioner may impose civil penalties of up to \$10,000 against any person for each violation of any provision of this Act, any rule promulgated in accordance with this Act, any order of the Commissioner, or any other action which in the Commissioner's discretion is an unsafe or unsound banking practice.

(9) The Commissioner may impose civil penalties of up to \$100 against any person for the first failure to comply with reporting requirements set forth in the report of examination of the bank and up to \$200 for the second and subsequent failures to comply with those reporting requirements.

(10) All final administrative decisions of the Commissioner hereunder shall be subject to judicial review pursuant to the provisions of the Administrative Review Law. For matters involving administrative review, venue shall be in either Sangamon County or Cook County.

(11) The endowment fund for the Illinois Bank Examiners' Education Foundation shall be administered

as follows:

(a) (Blank).

(b) The Foundation is empowered to receive voluntary contributions, gifts, grants, bequests, and donations on behalf of the Illinois Bank Examiners' Education Foundation from national banks and other persons for the purpose of funding the endowment of the Illinois Bank Examiners' Education Foundation.

(c) The aggregate of all special educational fees collected by the Commissioner and property received by the Commissioner on behalf of the Illinois Bank Examiners' Education Foundation under this subsection (11) on or after June 30, 1986, shall be either (i) promptly paid after receipt of the same, accompanied by a detailed statement thereof, into the State Treasury and shall be set apart in a special fund to be known as "The Illinois Bank Examiners' Education Fund" to be invested by either the Treasurer of the State of Illinois in the Public Treasurers' Investment Pool or in any other investment he is authorized to make or by the Illinois State Board of Investment as the board of trustees of the Illinois Bank Examiners' Education Foundation may direct or (ii) deposited into an account maintained in a commercial bank or corporate fiduciary in the name of the Illinois Bank Examiners' Education Foundation pursuant to the order and direction of the Board of Trustees of the Illinois Bank Examiners' Education Foundation.

Section 35. The Residential Mortgage License Act of 1987 is amended by changing Section 2-6 and by adding Sections 4-15, 4-16, 5-6, 5-7, 5-8, 5-9, 5-10, 5-11, 5-12, 5-14, 5-15, 5-16, 5-17, and 7-2 as follows:
(205 ILCS 635/2-6) (from Ch. 17, par. 2322-6)

Sec. 2-6. License issuance and renewal; fee.

(a) Beginning July 1, 2003, licenses shall be renewed every year on the anniversary of the date of issuance of the original license. Properly completed renewal application forms and filing fees must be received by the Commissioner 60 days prior to the renewal date.

(b) It shall be the responsibility of each licensee to accomplish renewal of its license; failure of the licensee to receive renewal forms absent a request sent by certified mail for such forms will not waive said responsibility. Failure by a licensee to submit a properly completed renewal application form and fees in a timely fashion, absent a written extension from the Commissioner, will result in the assessment of additional fees, as follows:

(1) A fee of \$750 will be assessed to the licensee 30 days after the proper renewal date and \$1,500 each month thereafter, until the license is either renewed or expires pursuant to Section 2-6, subsections (c) and (d), of this Act.

(2) Such fee will be assessed without prior notice to the licensee, but will be assessed only in cases wherein the Commissioner has in his or her possession documentation of the licensee's continuing activity for which the unexpired license was issued.

(c) A license which is not renewed by the date required in this Section shall automatically become inactive. No activity regulated by this Act shall be conducted by the licensee when a license becomes inactive. The Commissioner may require the licensee to provide a plan for the disposition of any residential mortgage loans not closed or funded when the license becomes inactive. The Commissioner may allow a

licensee with an inactive license to conduct activities regulated by this Act for the sole purpose of assisting borrowers in the closing or funding of loans for which the loan application was taken from a borrower while the license was active. An inactive license may be reactivated by the Commissioner upon payment of the renewal fee, and payment of a reactivation fee equal to the renewal fee.

(d) A license which is not renewed within one year of becoming inactive shall expire.

(e) A licensee ceasing an activity or activities regulated by this Act and desiring to no longer be licensed shall so inform the Commissioner in writing and, at the same time, convey the license and all other symbols or indicia of licensure. The licensee shall include a plan for the withdrawal from regulated business, including a timetable for the disposition of the business. Upon receipt of such written notice, the Commissioner shall issue a certified statement canceling the license.

(f) Each entity licensed under this Act shall pay, in addition to the license fees imposed under the Residential Mortgage License Act of 1987, an additional annual fee of \$300. The additional annual fee shall be deposited into the Predatory Lending Database Program Fund.

(205 ILCS 635/4-15 new)

Sec. 4-15. Enforcement and reporting provisions.

(a) The Attorney General may enforce any violation of Section 5-6, 5-7, 5-8, 5-9, 5-10, 5-11, 5-12, 5-14, or 5-15 of this Act as an unlawful practice under the Consumer Fraud and Deceptive Business Practices Act.

(b) The Department of Financial and Professional Regulation and the Department of Financial Institutions must report to the Attorney General all violations of this amendatory Act of which they become aware.

(205 ILCS 635/4-16 new)

Sec. 4-16. Private right of action. A borrower injured by a violation of the standards, duties, prohibitions, or requirements of Sections 5-6, 5-7, 5-8, 5-9, 5-10, 5-11, 5-12, 5-13, 5-14, 5-15, and 5-16 of this Act shall have a private right of action.

(a) A licensee is not liable for a violation of this Act if:

(1) within 30 days of the loan closing and prior to receiving any notice from the borrower of the violation, the licensee has made appropriate restitution to the borrower and appropriate adjustments are made to the loan; or

(2) the violation was not intentional and resulted from a bona fide error in fact, notwithstanding the maintenance of procedures reasonably adopted to avoid such errors, and within 60 days of the discovery of the violation and prior to receiving any notice from the borrower of the violation, the borrower is notified of the violation, appropriate restitution is made to the borrower, and appropriate adjustments are made to the loan.

(b) The remedies and rights provided for in this Act are not exclusive, but cumulative, and all other applicable claims are specifically preserved.

(205 ILCS 635/5-6 new)

Sec. 5-6. Verification of borrower's ability to repay.

(a) No licensee may make, provide, or arrange for a residential mortgage loan without verifying the borrower's reasonable ability to pay the principal and interest on the loan, real estate taxes, homeowner's insurance, assessments, and mortgage insurance premiums, if applicable.

For residential mortgage loans in which the interest rate may vary, the reasonable ability to pay the principal and interest on the loan shall be determined based on a fully indexed rate, which rate shall be calculated by using the index rate prevailing at the time of origination of the loan plus the margin that will apply when calculating the adjustable rate under the terms of the loan, assuming a fully amortizing repayment schedule based on the term of the loan.

For loans that allow for negative amortization, the principal amount of the loan shall be calculated by including the maximum amount the principal balance may increase due to negative amortization under the terms of the loan.

(b) For all residential mortgage loans made by a licensee, the borrower's income and financial resources must be verified by tax returns, payroll receipts, bank records, or other similarly reliable documents. Nothing in this Section shall be construed to limit a licensee's ability to rely on criteria other than the borrower's income and financial resources to establish the borrower's reasonable ability to repay a residential mortgage loan; however, such other criteria must be verified through reasonably reliable methods and documentation. A statement by the borrower to the licensee of the borrower's income and resources is not sufficient to establish the existence of the income or resources when verifying the

reasonable ability to pay.

(205 ILCS 635/5-7 new)

Sec. 5-7. Broker agency relationship.

(a) A mortgage broker shall be considered to have created an agency relationship with the borrower in all cases and shall comply with the following duties:

(1) mortgage brokers shall act in the borrower's best interest and in the utmost good faith toward borrowers, and shall not compromise a borrower's right or interest in favor of another's right or interest, including a right or interest of the mortgage broker. A mortgage broker shall not accept, give, or charge any undisclosed compensation or realize any undisclosed remuneration, either through direct or indirect means, that inures to the benefit of the mortgage broker on an expenditure made for the borrower;

(2) mortgage brokers shall carry out all lawful instructions given by borrowers;

(3) mortgage brokers shall disclose to borrowers all material facts of which the mortgage broker has knowledge which might reasonably affect the borrower's rights, interests, or ability, or both, to receive the borrower's intended benefit from the residential mortgage loan, but not facts which are reasonably susceptible to the knowledge of the borrower;

(4) mortgage brokers shall use reasonable care in performing duties; and

(5) mortgage brokers shall account to a borrower for all the borrower's money and property received as agent.

(b) Nothing in this Section prohibits a mortgage broker from contracting for or collecting a fee for services rendered and which had been disclosed to the borrower in advance of the provision of those services.

(c) Nothing in this Section requires a mortgage broker to obtain a loan containing terms or conditions not available to the mortgage broker in the mortgage broker's usual course of business, or to obtain a loan for the borrower from a mortgage lender with whom the mortgage broker does not have a business relationship.

(205 ILCS 635/5-8 new)

Sec. 5-8. Prepayment penalties.

(a) No licensee may make, provide, or arrange a mortgage loan with a prepayment penalty unless the licensee offers the borrower a loan without a prepayment penalty, the offer is in writing, and the borrower initials the offer to indicate that the borrower has declined the offer. In addition, the licensee must disclose the discount in rate received in consideration for a mortgage loan with the prepayment penalty.

(a) above, the actual cost incurred by the lender for services for making physical inspections, processing payouts, examining and reviewing contractors' and subcontractors' sworn statements and waivers of lien and the like.

(c) in the case of any loan made pursuant to the provisions of the Emergency Home Purchase Assistance Act of 1974 (Section 313 of the National Housing Act, Chapter B of Title 12 of the United States Code), in addition to the matters referred to in paragraphs (a) and (b) of this Section all charges required or allowed by the Government National Mortgage Association, whether designated as processing fees, commitment fees, loss reserve and marketing fees, discounts, origination fees or otherwise designated.

(d) in the case of a single payment loan, made for a period of 6 months or less, a regulated financial institution or licensed lender may contract for and receive a maximum charge of \$15 in lieu of interest. Such charge may be collected when the loan is made, but only one such charge may be contracted for, received, or collected for any such loan, including any extension or renewal thereof.

(e) if the agreement governing the loan so provides, a charge not to exceed the rate permitted under Section 3-806 of the Uniform Commercial Code-Commercial Paper for any check, draft or order for the payment of money submitted in accordance with said agreement which is unpaid or not honored by a bank or other depository institution.

(f) if the agreement governing the loan so provides, for each loan installment in default for a period of not less than 10 days, a charge in an amount not in excess of 5% of such loan installment. Only one delinquency charge may be collected on any such loan installment regardless of the period during which it remains in default. Payments timely received by the lender under a written extension or deferral agreement shall not be subject to any delinquency charge.

Notwithstanding items (k) and (l) of subsection (1) of Section 4 of this Act, the lender, in the case of any nonexempt residential mortgage loan, as defined in Section 1-4 of the Residential Mortgage License Act of 1987, shall have the right to include a prepayment penalty that extends no longer than the fixed rate period of a variable rate mortgage provided that, if a prepayment is made during the fixed rate period and not in connection with the sale or destruction of the dwelling securing the loan, the lender shall receive an amount that is no more than:

(1) 3% of the total loan amount if the prepayment is made within the first 12 month period following the date the loan was made;

(2) 2% of the total loan amount if the prepayment is made within the second 12-month period following the date the loan was made; or

(3) 1% of the total loan amount if the prepayment is made within the third 12- month period following the date the loan was made, if the fixed rate period extends 3 years.

This Section applies to loans made, refinanced, renewed, extended, or modified on or after the effective date of this amendatory Act of the 95th General Assembly.

Where there is a charge in addition to the stated rate of interest payable directly or indirectly by the borrower and imposed directly or indirectly by the lender as a consideration for the loan, or for or in connection with the loan of money, whether paid or payable by the borrower, the seller, or any other person on behalf of the borrower to the lender or to a third party, or for or in connection with the loan of money, other than as hereinabove in this Section provided, whether denominated "points," "service charge," "discount," "commission," or otherwise, and without regard to declining balances of principal which would

result from any required or optional amortization of the principal of the loan, the rate of interest shall be calculated in the following manner:

The percentage of the principal amount of the loan represented by all of such charges shall first be computed, which in the case of a loan with an interest rate in excess of 8% per annum secured by residential real estate, other than loans described in paragraphs (e) and (f) of Section 4, shall not exceed 3% of such principal amount. Said percentage shall then be divided by the number of years and fractions thereof of the period of the loan according to its stated maturity. The percentage thus obtained shall then be added to the percentage of the stated annual rate of interest.

~~The borrower in the case of nonexempt loan shall have the right to prepay the loan in whole or in part at any time, but, except as may otherwise be provided by Section 4, the lender may require payment of not more than 6 months' advance interest on that part of the aggregate amount of all prepayments on a loan in one year, which exceeds 20% of the original principal amount of the loan.~~

(40 ILCS 5/16-127) (from Ch. 108 1/2, par. 16-127)

Sec. 16-127. Computation of creditable service.

(a) Each member shall receive regular credit for all service as a teacher from the date membership begins, for which satisfactory evidence is supplied and all contributions have been paid.

(b) The following periods of service shall earn optional credit and each member shall receive credit for all such service for which satisfactory evidence is supplied and all contributions have been paid as of the date specified:

(1) Prior service as a teacher.

(2) Service in a capacity essentially similar or equivalent to that of a teacher, in the public common schools in school districts in this State not included within the provisions of this System, or of any other State, territory, dependency or possession of the United States, or in schools operated by or under the auspices of the United States, or under the auspices of any agency or department of any other State, and service during any period of professional speech correction or special education experience for a public agency within this State or any other State, territory, dependency or possession of the United States, and service prior to February 1, 1951 as a recreation worker for the Illinois Department of Public Safety, for a period not exceeding the lesser of 2/5 of the total creditable service of the member or 10 years. The maximum service of 10 years which is allowable under this paragraph shall be reduced by the service credit which is validated by other retirement systems under paragraph (i) of Section 15-113 and paragraph 1 of Section 17-133. Credit granted under this paragraph may not be used in determination of a retirement annuity or disability benefits unless the member has at least 5 years of creditable service earned subsequent to this employment with one or more of the following systems: Teachers' Retirement System of the State of Illinois, State Universities Retirement System, and the Public School Teachers' Pension and Retirement Fund of Chicago. Whenever such service credit exceeds the maximum allowed for all purposes of this Article, the first service rendered in point of time shall be considered. The changes to this subdivision (b)(2) made by Public Act 86-272 shall apply not only to persons who on or after its effective date (August 23, 1989) are in service as a teacher under the System, but also to persons whose status as such a teacher terminated prior to such effective date, whether or not such person is an annuitant on that date.

(3) Any periods immediately following teaching service, under this System or under Article 17, (or immediately following service prior to February 1, 1951 as a recreation worker for the Illinois Department of Public Safety) spent in active service with the military forces of the United States;

periods spent in educational programs that prepare for return to teaching sponsored by the federal government following such active military service; if a teacher returns to teaching service within one calendar year after discharge or after the completion of the educational program, a further period, not exceeding one calendar year, between time spent in military service or in such educational programs and the return to employment as a teacher under this System; and a period of up to 2 years of active military service not immediately following employment as a teacher.

The changes to this Section and Section 16-128 relating to military service made by P.A. 87-794 shall apply not only to persons who on or after its effective date are in service as a teacher under the System, but also to persons whose status as a teacher terminated prior to that date, whether or not the person is an annuitant on that date. In the case of an annuitant who applies for credit allowable under this Section for a period of military service that did not immediately follow employment, and who has made the required contributions for such credit, the annuity shall be recalculated to include the additional service credit, with the increase taking effect on the date the System received written notification of the annuitant's intent to purchase the credit, if payment of all the required contributions is made within 60 days of such notice, or else on the first annuity payment date following the date of payment of the required contributions. In calculating the automatic annual increase for an annuity that has been recalculated under this Section, the increase attributable to the additional service allowable under P.A. 87-794 shall be included in the calculation of automatic annual increases accruing after the effective date of the recalculation.

Credit for military service shall be determined as follows: if entry occurs during the months of July, August, or September and the member was a teacher at the end of the immediately preceding school term, credit shall be granted from July 1 of the year in which he or she entered service; if entry occurs during the school term and the teacher was in teaching service at the beginning of the school term, credit shall be granted from July 1 of such year. In all other cases where credit for military service is allowed, credit shall be granted from the date of entry into the service.

The total period of military service for which credit is granted shall not exceed 5 years for any member unless the service: (A) is validated before July 1, 1964, and (B) does not extend beyond July 1, 1963. Credit for military service shall be granted under this Section only if not more than 5 years of the military service for which credit is granted under this Section is used by the member to qualify for a military retirement allotment from any branch of the armed forces of the United States. The changes to this subdivision (b)(3) made by Public Act 86-272 shall apply not only to persons who on or after its effective date (August 23, 1989) are in service as a teacher under the System, but also to persons whose status as such a teacher terminated prior to such effective date, whether or not such person is an annuitant on that date.

(4) Any periods served as a member of the General Assembly.

(5)(i) Any periods for which a teacher, as defined in Section 16-106, is granted a leave of absence, provided he or she returns to teaching service creditable under this System or the State Universities Retirement System following the leave; (ii) periods during which a teacher is involuntarily laid off from teaching, provided he or she returns to teaching following the lay-off; (iii) periods prior to July 1, 1983 during which a teacher ceased covered employment due to pregnancy, provided that the teacher returned to teaching service creditable under this System or the State Universities Retirement System following the pregnancy and submits evidence satisfactory to the Board documenting that the employment ceased due to pregnancy; and (iv) periods prior to July 1, 1983 during which a teacher ceased covered employment for the purpose of adopting an infant under 3 years of age or caring for a newly adopted infant under 3 years of age, provided that the teacher returned to teaching service creditable under this System or the State Universities Retirement System following the adoption and submits evidence satisfactory to the Board documenting that the employment ceased for the purpose of adopting an infant under 3 years of age or caring for a newly adopted infant under 3 years of age. However, total credit under this paragraph (5) may not exceed 3 years.

Any qualified member or annuitant may apply for credit under item (iii) or (iv) of this paragraph (5) without regard to whether service was terminated before the effective date of this amendatory Act of 1997. In the case of an annuitant who establishes credit under item (iii) or (iv), the annuity shall be recalculated to include the additional service credit. The increase in annuity shall take effect on the date the System receives written notification of the annuitant's intent to purchase the credit, if the required evidence is submitted and the required contribution paid within 60 days of that notification, otherwise on the first annuity payment date following the System's receipt of the required evidence and contribution. The increase in an annuity recalculated under this provision shall be included

in the calculation of automatic annual increases in the annuity accruing after the effective date of the recalculation.

Optional credit may be purchased under this subsection (b)(5) for periods during which a teacher has been granted a leave of absence pursuant to Section 24-13 of the School Code. A teacher whose service under this Article terminated prior to the effective date of P.A. 86-1488 shall be eligible to purchase such optional credit. If a teacher who purchases this optional credit is already receiving a retirement annuity under this Article, the annuity shall be recalculated as if the annuitant had applied for the leave of absence credit at the time of retirement. The difference between the entitled annuity and the actual annuity shall be credited to the purchase of the optional credit. The remainder of the purchase cost of the optional credit shall be paid on or before April 1, 1992.

The change in this paragraph made by Public Act 86-273 shall be applicable to teachers who retire after June 1, 1989, as well as to teachers who are in service on that date.

(5.1) A leave of absence during which a teacher ceases covered employment as defined in paragraph (2) of subsection (b) due to pregnancy, returns to teaching service as stated in paragraph (2) of subsection (b) following the pregnancy, and submits evidence satisfactory to the Board documenting that the leave of absence was due to pregnancy. However, total credit under paragraph (5) and this paragraph (5.1) may not exceed 3 years.

(6) Any days of unused and uncompensated accumulated sick leave earned by a teacher.

The service credit granted under this paragraph shall be the ratio of the number of unused and uncompensated accumulated sick leave days to 170 days, subject to a maximum of 2 years of service credit. Prior to the member's retirement, each former employer shall certify to the System the number of unused and uncompensated accumulated sick leave days credited to the member at the time of termination of service. The period of unused sick leave shall not be considered in determining the effective date of retirement. A member is not required to make contributions in order to obtain service credit for unused sick leave.

Credit for sick leave shall, at retirement, be granted by the System for any retiring regional or assistant regional superintendent of schools at the rate of 6 days per year of creditable service or portion thereof established while serving as such superintendent or assistant superintendent.

(7) Periods prior to February 1, 1987 served as an employee of the Illinois Mathematics and Science Academy for which credit has not been terminated under Section 15-113.9 of this Code.

(8) Service as a substitute teacher for work performed prior to July 1, 1990.

(9) Service as a part-time teacher for work performed prior to July 1, 1990.

(10) Up to 2 years of employment with Southern Illinois University - Carbondale from September 1, 1959 to August 31, 1961, or with Governors State University from September 1, 1972 to August 31, 1974, for which the teacher has no credit under Article 15. To receive credit under this item (10), a teacher must apply in writing to the Board and pay the required contributions before May 1, 1993 and have at least 12 years of service credit under this Article.

(b-1) A member may establish optional credit for up to 2 years of service as a teacher or administrator employed by a private school recognized by the Illinois State Board of Education, provided that the teacher (i) was certified under the law governing the certification of teachers at the time the service was rendered, (ii) applies in writing on or after June 1, 2002 and on or before June 1, 2005, (iii) supplies satisfactory evidence of the employment, (iv) completes at least 10 years of contributing service as a teacher as defined in Section 16-106, and (v) pays the contribution required in subsection (d-5) of Section 16-128. The member may apply for credit under this subsection and pay the required contribution before completing the 10 years of contributing service required under item (iv), but the credit may not be used until the item (iv) contributing service requirement has been met.

(c) The service credits specified in this Section shall be granted only if: (1) such service credits are not used for credit in any other statutory tax-supported public employee retirement system other than the federal Social Security program; and (2) the member makes the required contributions as specified in Section 16-128. Except as provided in subsection (b-1) of this Section, the service credit shall be effective as of the date the required contributions are completed.

Any service credits granted under this Section shall terminate upon cessation of membership for any cause.

Credit may not be granted under this Section covering any period for which an age retirement or disability retirement allowance has been paid.

(40 ILCS 5/16-128) (from Ch. 108 1/2, par. 16-128)

Sec. 16-128. Creditable service - required contributions.

(a) In order to receive the creditable service specified under subsection (b) of Section 16-127, a member is required to make the following contributions: (i) an amount equal to the contributions which would have been required had such service been rendered as a member under this System; (ii) for a leave of absence due to pregnancy during creditable service established under subdivision (b) (5.1) of Section 16-127 and (iii) for military service not immediately following employment and for service established under subdivision (b)(10) of Section 16-127, an amount determined by the Board to be equal to the employer's normal cost of the benefits accrued for such service; and (iii) interest from the date the contributions would have been due (or, in the case of a person establishing credit for military service under subdivision (b)(3) of Section 16-127, the date of first membership in the System, if that date is later) to the date of payment, at the following rate of interest, compounded annually: for periods prior to July 1, 1965, regular interest; from July 1, 1965 to June 30, 1977, 4% per year; on and after July 1, 1977, regular interest.

(b) In order to receive creditable service under paragraph (2) of subsection (b) of Section 16-127 for those who were not members on June 30, 1963, the minimum required contribution shall be \$420 per year of service together with interest at 4% per year compounded annually from July 1, preceding the date of membership until June 30, 1977 and at regular interest compounded annually thereafter to the date of payment.

(c) In determining the contribution required in order to receive creditable service under paragraph (3) of subsection (b) of Section 16-127, the salary rate for the remainder of the school term in which a member enters military service shall be assumed to be equal to the member's salary rate at the time of entering military service. However, for military service not immediately following employment, the salary rate on the last date as a participating teacher prior to such military service, or on the first date as a participating teacher after such military service, whichever is greater, shall be assumed to be equal to the member's salary rate at the time of entering military service. For each school term thereafter, the member's salary rate shall be assumed to be 5% higher than the salary rate in the previous school term.

(d) In determining the contribution required in order to receive creditable service under paragraph (5) and (5.1) of subsection (b) of Section 16-127, a member's salary rate during the period for which credit is being established shall be assumed to be equal to the member's last salary rate immediately preceding that period.

(d-5) For each year of service credit to be established under subsection (b-1) of Section 16-127, a member is required to contribute to the System (i) 16.5% of the annual salary rate during the first year of full-time employment as a teacher under this Article following the private school service, plus (ii) interest thereon from the date of first full-time employment as a teacher under this Article following the private school service to the date of payment, compounded annually, at the rate of 8.5% per year for periods before the effective date of this amendatory Act of the 92nd General Assembly, and for subsequent periods at a rate equal to the System's actuarially assumed rate of return on investments.

(d-10) For service credit established under paragraph (6) of subsection (b) of Section 16-127 for days granted by an employer in excess of the member's normal annual sick leave allotment, the employer is required to pay the normal cost of benefits based upon such service credit. This subsection (d-10) does not apply to sick leave granted to teachers under contracts or collective bargaining agreements entered into, amended, or renewed before June 1, 2005 (the effective date of Public Act 94-4). The employer contributions required under this subsection (d-10) shall be paid in the form of a lump sum within 30 days after receipt of the bill after the teacher begins receiving benefits under this Article.

(e) Except for contributions under subsection (d-10), the contributions required under this Section may be made from the date the statement for such creditable service is issued until retirement date. All such required contributions must be made before any retirement annuity is granted.

(a) If the amount that the State Board of Education will pay to a school district from fiscal year 2004 appropriations, as estimated by the State Board of Education on April 1, 2004, is less than the amount that the State Board of Education paid to the school district from fiscal year 2003 appropriations, then, subject

(b) If the amount that the State Board of Education will pay to a school district from fiscal year 2005 appropriations, as estimated by the State Board of Education on April 1, 2005, is less than the amount that the State Board of Education paid to the school district from fiscal year 2004 appropriations, then the State Board of Education shall make a fiscal year 2005 transitional assistance payment to the school district in an amount equal to the difference between the estimated amount to be paid from fiscal year 2005 appropriations and the amount paid from fiscal year 2004 appropriations.

(c) If the amount that the State Board of Education will pay to a school district from fiscal year 2006 appropriations, as estimated by the State Board of Education on April 1, 2006, is less than the amount that the State Board of Education paid to the school district from fiscal year 2005 appropriations, then the State Board of Education shall make a fiscal year 2006 transitional assistance payment to the school district in an amount equal to the difference between the estimated amount to be paid from fiscal year 2006 appropriations and the amount paid from fiscal year 2005 appropriations.

Sec. 7-14A. Annexation Compensation. There shall be no accounting made after a mere change in boundaries when no new district is created, except that those districts whose enrollment increases by 90% or more as a result of annexing territory detached from another district pursuant to this Article are eligible for supplementary State aid payments in accordance with Section 11E-135 of this Code. Eligible annexing districts shall apply to the State Board of Education for supplementary State aid payments by submitting enrollment figures for the year immediately preceding and the year immediately following the effective date of the boundary change for both the district gaining territory and the district losing territory. Copies of any intergovernmental agreements between the district gaining territory and the district losing territory detailing any transfer of fund balances and staff must also be submitted. (105 ILCS 5/11E-135)

Sec. 11E-135. Incentives. For districts reorganizing under this Article and for a district or districts that annex all of the territory of one or more entire other school districts in accordance with Article 7 of this Code, the following payments shall be made from appropriations made for these purposes:

(a)(1) For a combined school district, as defined in Section 11E-20 of this Code, or for a unit district, as defined in Section 11E-25 of this Code, for its first year of existence, the general State aid and supplemental general State aid calculated under Section 18-8.05 of this Code shall be computed for the new district and for the previously existing districts for which property is totally included within the new district. If the computation on the basis of the previously existing districts is greater, a supplementary payment equal to the difference shall be made for the first 4 years of existence of the new district.

(2) For a school district that annexes all of the territory of one or more entire other school districts as defined in Article 7 of this Code, for the first year during which the change of boundaries attributable to the annexation becomes effective for all purposes, as determined under Section 7-9 of this Code, the general State aid and supplemental general State aid calculated under Section 18-8.05 of this Code shall be computed for the annexing district as constituted after the annexation and for the annexing and each annexed district as constituted prior to the annexation; and if the computation on the basis of the annexing and annexed districts as constituted prior to the annexation is greater, then a supplementary payment equal to the difference shall be made for the first 4 years of existence of the annexing school district as constituted upon the annexation.

(3) For 2 or more school districts that annex all of the territory of one or more entire other school districts, as defined in Article 7 of this Code, for the first year during which the change of boundaries attributable to the annexation becomes effective for all purposes, as determined under Section 7-9 of this Code, the general State aid and supplemental general State aid calculated under Section 18-8.05 of this Code shall be computed for each annexing district as constituted after the annexation and for each annexing and annexed district as constituted prior to the annexation; and if the aggregate of the general State aid and supplemental general State aid as so computed for the annexing districts as constituted after the annexation is less than the aggregate of the general State aid and supplemental general State aid as so computed for the annexing and annexed districts, as constituted prior to the annexation, then a supplementary payment equal to the difference shall be made and allocated between or among the annexing districts, as constituted upon the annexation, for the first 4 years of their existence. The total difference payment shall be allocated between or among the annexing districts in the same ratio as the pupil enrollment from that portion of the annexed district or districts that is annexed to each annexing district bears to the total pupil enrollment from the entire annexed district or districts, as such pupil enrollment is determined for the school year last ending prior to the date when the change of boundaries attributable to the annexation becomes effective for all purposes. The amount of the total difference payment and the amount thereof to be allocated to the annexing districts shall be computed by the State Board of Education on the basis of pupil enrollment and other data that shall be certified to the State Board of Education, on forms that it shall provide for that purpose, by the regional superintendent of schools for each educational service region in which the annexing and annexed districts are located.

(4) For a school district conversion, as defined in Section 11E-15 of this Code, or a multi-unit conversion, as defined in subsection (b) of Section 11E-30 of this Code, if in their first year of existence the newly created elementary districts and the newly created high school district, from a school district conversion, or the newly created elementary district or districts and newly created combined high school - unit district, from a multi-unit conversion, qualify for less general State aid under Section 18-8.05 of this Code than would have been payable under Section 18-8.05 for that same year to the previously existing districts, then a supplementary payment equal to that difference shall be made for the first 4 years of existence of the newly created districts. The aggregate amount of each supplementary payment shall be allocated among the newly created districts in the proportion that the deemed pupil enrollment in each district during its first year of existence bears to the actual aggregate pupil enrollment in all of the districts during their first year of existence. For purposes of each allocation:

(A) the deemed pupil enrollment of the newly created high school district from a school district conversion shall be an amount equal to its actual pupil enrollment for its first year of existence multiplied by 1.25;

(B) the deemed pupil enrollment of each newly created elementary district from a school district conversion shall be an amount equal to its actual pupil enrollment for its first year of existence reduced by an amount equal to the product obtained when the amount by which the newly created high school district's deemed pupil enrollment exceeds its actual pupil enrollment for its first year of existence is multiplied by a fraction, the numerator of which is the actual pupil enrollment of the newly created elementary district for its first year of existence and the denominator of which is the actual aggregate pupil enrollment of all of the newly created elementary districts for their first year of existence;

(C) the deemed high school pupil enrollment of the newly created combined high school -

unit district from a multi-unit conversion shall be an amount equal to its actual grades 9 through 12 pupil enrollment for its first year of existence multiplied by 1.25; and

(D) the deemed elementary pupil enrollment of each newly created district from a multi-unit conversion shall be an amount equal to each district's actual grade K through 8 pupil enrollment for its first year of existence, reduced by an amount equal to the product obtained when the amount by which the newly created combined high school - unit district's deemed high school pupil enrollment exceeds its actual grade 9 through 12 pupil enrollment for its first year of existence is multiplied by a fraction, the numerator of which is the actual grade K through 8 pupil enrollment of each newly created district for its first year of existence and the denominator of which is the actual aggregate grade K through 8 pupil enrollment of all such newly created districts for their first year of existence.

The aggregate amount of each supplementary payment under this subdivision (4) and the amount thereof to be allocated to the newly created districts shall be computed by the State Board of Education on the basis of pupil enrollment and other data, which shall be certified to the State Board of Education, on forms that it shall provide for that purpose, by the regional superintendent of schools for each educational service region in which the newly created districts are located.

(5) For a partial elementary unit district, as defined in subsection (a) or (c) of Section 11E-30 of this Code, if, in the first year of existence, the newly created partial elementary unit district qualifies for less general State aid and supplemental general State aid under Section 18-8.05 of this Code than would have been payable under that Section for that same year to the previously existing districts that formed the partial elementary unit district, then a supplementary payment equal to that difference shall be made to the partial elementary unit district for the first 4 years of existence of that newly created district.

(6) For an elementary opt-in, as described in subsection (d) of Section 11E-30 of this Code, the general State aid difference shall be computed in accordance with paragraph (5) of this subsection (a) as if the elementary opt-in was included in an optional elementary unit district at the optional elementary unit district's original effective date. If the calculation in this paragraph (6) is less than that calculated in paragraph (5) of this subsection (a) at the optional elementary unit district's original effective date, then no adjustments may be made. If the calculation in this paragraph (6) is more than that calculated in paragraph (5) of this subsection (a) at the optional elementary unit district's original effective date, then the excess must be paid as follows:

(A) If the effective date for the elementary opt-in is one year after the effective date for the optional elementary unit district, 100% of the calculated excess shall be paid to the optional elementary unit district in each of the first 4 years after the effective date of the elementary opt-in.

(B) If the effective date for the elementary opt-in is 2 years after the effective date for the optional elementary unit district, 75% of the calculated excess shall be paid to the optional elementary unit district in each of the first 4 years after the effective date of the elementary opt-in.

(C) If the effective date for the elementary opt-in is 3 years after the effective date for the optional elementary unit district, 50% of the calculated excess shall be paid to the optional elementary unit district in each of the first 4 years after the effective date of the elementary opt-in.

(D) If the effective date for the elementary opt-in is 4 years after the effective date for the optional elementary unit district, 25% of the calculated excess shall be paid to the optional elementary unit district in each of the first 4 years after the effective date of the elementary opt-in.

(E) If the effective date for the elementary opt-in is 5 years after the effective date for the optional elementary unit district, the optional elementary unit district is not eligible for any additional incentives due to the elementary opt-in.

(6.5) For a school district that annexes territory detached from another school district whereby the enrollment of the annexing district increases by 90% or more as a result of the annexation, for the first year during which the change of boundaries attributable to the annexation becomes effective for all purposes as determined under Section 7-9 of this Code, the general State aid and supplemental general State aid calculated under this Section shall be computed for the district gaining territory and the district losing territory as constituted after the annexation and for the same districts as constituted prior to the annexation; and if the aggregate of the general State aid and supplemental general State aid as so computed for the district gaining territory and the district losing territory as constituted after the annexation is less than the aggregate of the general State aid and supplemental general State aid as so computed for the district gaining territory and the district losing territory as constituted prior to the annexation, then a supplementary payment shall be made to the annexing district for the first 4 years of existence after the annexation, equal to the difference multiplied by the ratio of student enrollment in the territory detached to the total student

enrollment in the district losing territory for the year prior to the effective date of the annexation. The amount of the total difference and the proportion paid to the annexing district shall be computed by the State Board of Education on the basis of pupil enrollment and other data that must be submitted to the State Board of Education in accordance with Section 7-14A of this Code. The changes to this Section made by this amendatory Act of the 95th General Assembly are intended to be retroactive and applicable to any annexation taking effect on or after July 1, 2004. For annexations that are eligible for payments under this paragraph (6.5) and that are effective on or after July 1, 2004, but before the effective date of this amendatory Act of the 95th General Assembly, the first required yearly payment under this paragraph (6.5) shall be paid in the fiscal year of the effective date of this amendatory Act of the 95th General Assembly. Subsequent required yearly payments shall be paid in subsequent fiscal years until the payment obligation under this paragraph (6.5) is complete.

(7) Claims for financial assistance under this subsection (a) may not be recomputed except as expressly provided under Section 18-8.05 of this Code.

(8) Any supplementary payment made under this subsection (a) must be treated as separate from all other payments made pursuant to Section 18-8.05 of this Code.

(b)(1) After the formation of a combined school district, as defined in Section 11E-20 of this Code, or a unit district, as defined in Section 11E-25 of this Code, a computation shall be made to determine the difference between the salaries effective in each of the previously existing districts on June 30, prior to the creation of the new district. For the first 4 years after the formation of the new district, a supplementary State aid reimbursement shall be paid to the new district equal to the difference between the sum of the salaries earned by each of the certificated members of the new district, while employed in one of the previously existing districts during the year immediately preceding the formation of the new district, and the sum of the salaries those certificated members would have been paid during the year immediately prior to the formation of the new district if placed on the salary schedule of the previously existing district with the highest salary schedule.

(2) After the territory of one or more school districts is annexed by one or more other school districts as defined in Article 7 of this Code, a computation shall be made to determine the difference between the salaries effective in each annexed district and in the annexing district or districts as they were each constituted on June 30 preceding the date when the change of boundaries attributable to the annexation became effective for all purposes, as determined under Section 7-9 of this Code. For the first 4 years after the annexation, a supplementary State aid reimbursement shall be paid to each annexing district as constituted after the annexation equal to the difference between the sum of the salaries earned by each of the certificated members of the annexing district as constituted after the annexation, while employed in an annexed or annexing district during the year immediately preceding the annexation, and the sum of the salaries those certificated members would have been paid during the immediately preceding year if placed on the salary schedule of whichever of the annexing or annexed districts had the highest salary schedule during the immediately preceding year.

(3) For each new high school district formed under a school district conversion, as defined in Section 11E-15 of this Code, the State shall make a supplementary payment for 4 years equal to the difference between the sum of the salaries earned by each certified member of the new high school district, while employed in one of the previously existing districts, and the sum of the salaries those certified members would have been paid if placed on the salary schedule of the previously existing district with the highest salary schedule.

(4) For each newly created partial elementary unit district, the State shall make a supplementary payment for 4 years equal to the difference between the sum of the salaries earned by each certified member of the newly created partial elementary unit district, while employed in one of the previously existing districts that formed the partial elementary unit district, and the sum of the salaries those certified members would have been paid if placed on the salary schedule of the previously existing district with the highest salary schedule. The salary schedules used in the calculation shall be those in effect in the previously existing districts for the school year prior to the creation of the new partial elementary unit district.

(5) For an elementary district opt-in, as described in subsection (d) of Section 11E-30 of this Code, the salary difference incentive shall be computed in accordance with paragraph (4) of this subsection (b) as if the opted-in elementary district was included in the optional elementary unit district at the optional elementary unit district's original effective date. If the calculation in this paragraph (5) is less than that calculated in paragraph (4) of this subsection (b) at the optional elementary unit district's original effective date, then no adjustments may be made. If the calculation in this paragraph (5) is more

than that calculated in paragraph (4) of this subsection (b) at the optional elementary unit district's original effective date, then the excess must be paid as follows:

(A) If the effective date for the elementary opt-in is one year after the effective date for the optional elementary unit district, 100% of the calculated excess shall be paid to the optional elementary unit district in each of the first 4 years after the effective date of the elementary opt-in.

(B) If the effective date for the elementary opt-in is 2 years after the effective date for the optional elementary unit district, 75% of the calculated excess shall be paid to the optional elementary unit district in each of the first 4 years after the effective date of the elementary opt-in.

(C) If the effective date for the elementary opt-in is 3 years after the effective date for the optional elementary unit district, 50% of the calculated excess shall be paid to the optional elementary unit district in each of the first 4 years after the effective date of the elementary opt-in.

(D) If the effective date for the elementary opt-in is 4 years after the effective date for the partial elementary unit district, 25% of the calculated excess shall be paid to the optional elementary unit district in each of the first 4 years after the effective date of the elementary opt-in.

(E) If the effective date for the elementary opt-in is 5 years after the effective date for the optional elementary unit district, the optional elementary unit district is not eligible for any additional incentives due to the elementary opt-in.

~~(5.5) (b-5)~~ After the formation of a cooperative high school by 2 or more school districts under Section 10-22.22c of this Code, a computation shall be made to determine the difference between the salaries effective in each of the previously existing high schools on June 30 prior to the formation of the cooperative high school. For the first 4 years after the formation of the cooperative high school, a supplementary State aid reimbursement shall be paid to the cooperative high school equal to the difference between the sum of the salaries earned by each of the certificated members of the cooperative high school while employed in one of the previously existing high schools during the year immediately preceding the formation of the cooperative high school and the sum of the salaries those certificated members would have been paid during the year immediately prior to the formation of the cooperative high school if placed on the salary schedule of the previously existing high school with the highest salary schedule.

(5.10) After the annexation of territory detached from another school district whereby the enrollment of the annexing district increases by 90% or more as a result of the annexation, a computation shall be made to determine the difference between the salaries effective in the district gaining territory and the district losing territory as they each were constituted on June 30 preceding the date when the change of boundaries attributable to the annexation became effective for all purposes as determined under Section 7-9 of this Code. For the first 4 years after the annexation, a supplementary State aid reimbursement shall be paid to the annexing district equal to the difference between the sum of the salaries earned by each of the certificated members of the annexing district as constituted after the annexation while employed in the district gaining territory or the district losing territory during the year immediately preceding the annexation and the sum of the salaries those certificated members would have been paid during such immediately preceding year if placed on the salary schedule of whichever of the district gaining territory or district losing territory had the highest salary schedule during the immediately preceding year. To be eligible for supplementary State aid reimbursement under this Section, the intergovernmental agreement to be submitted pursuant to Section 7-14A of this Code must show that staff members were transferred from the control of the district losing territory to the control of the district gaining territory in the annexation. The changes to this Section made by this amendatory Act of the 95th General Assembly are intended to be retroactive and applicable to any annexation taking effect on or after July 1, 2004. For annexations that are eligible for payments under this paragraph (5.10) and that are effective on or after July 1, 2004, but before the effective date of this amendatory Act of the 95th General Assembly, the first required yearly payment under this paragraph (5.10) shall be paid in the fiscal year of the effective date of this amendatory Act of the 95th General Assembly. Subsequent required yearly payments shall be paid in subsequent fiscal years until the payment obligation under this paragraph (5.10) is complete.

(6) The supplementary State aid reimbursement under this subsection (b) shall be treated as separate from all other payments made pursuant to Section 18-8.05 of this Code. In the case of the formation of a new district or cooperative high school, reimbursement shall begin during the first year of operation of the new district or cooperative high school, and in the case of an annexation of the territory of one or more school districts by one or more other school districts or the annexation of territory detached from a school district whereby the enrollment of the annexing district increases by 90% or more as a result of the annexation, reimbursement shall begin during the first year when the change in boundaries attributable to the annexation ~~or division~~ becomes effective for all purposes as determined

pursuant to Section 7-9 of this Code except that for an annexation of territory detached from a school district that is effective on or after July 1, 2004, but before the effective date of this amendatory Act of the 95th General Assembly, whereby the enrollment of the annexing district increases by 90% or more as a result of the annexation, reimbursement shall begin during the fiscal year of the effective date of this amendatory Act of the 95th General Assembly. Each year that the new, annexing, or resulting district or cooperative high school, as the case may be, is entitled to receive reimbursement, the number of eligible certified members who are employed on October 1 in the district or cooperative high school shall be certified to the State Board of Education on prescribed forms by October 15 and payment shall be made on or before November 15 of that year.

(c)(1) For the first year after the formation of a combined school district, as defined in Section 11E-20 of this Code or a unit district, as defined in Section 11E-25 of this Code, a computation shall be made totaling each previously existing district's audited fund balances in the educational fund, working cash fund, operations and maintenance fund, and transportation fund for the year ending June 30 prior to the referendum for the creation of the new district. The new district shall be paid supplementary State aid equal to the sum of the differences between the deficit of the previously existing district with the smallest deficit and the deficits of each of the other previously existing districts.

(2) For the first year after the annexation of all of the territory of one or more entire school districts by another school district, as defined in Article 7 of this Code, computations shall be made, for the year ending June 30 prior to the date that the change of boundaries attributable to the annexation is allowed by the affirmative decision issued by the regional board of school trustees under Section 7-6 of this Code, notwithstanding any effort to seek administrative review of the decision, totaling the annexing district's and totaling each annexed district's audited fund balances in their respective educational, working cash, operations and maintenance, and transportation funds. The annexing district as constituted after the annexation shall be paid supplementary State aid equal to the sum of the differences between the deficit of whichever of the annexing or annexed districts as constituted prior to the annexation had the smallest deficit and the deficits of each of the other districts as constituted prior to the annexation.

(3) For the first year after the annexation of all of the territory of one or more entire school districts by 2 or more other school districts, as defined by Article 7 of this Code, computations shall be made, for the year ending June 30 prior to the date that the change of boundaries attributable to the annexation is allowed by the affirmative decision of the regional board of school trustees under Section 7-6 of this Code, notwithstanding any action for administrative review of the decision, totaling each annexing and annexed district's audited fund balances in their respective educational, working cash, operations and maintenance, and transportation funds. The annexing districts as constituted after the annexation shall be paid supplementary State aid, allocated as provided in this paragraph (3), in an aggregate amount equal to the sum of the differences between the deficit of whichever of the annexing or annexed districts as constituted prior to the annexation had the smallest deficit and the deficits of each of the other districts as constituted prior to the annexation. The aggregate amount of the supplementary State aid payable under this paragraph (3) shall be allocated between or among the annexing districts as follows:

(A) the regional superintendent of schools for each educational service region in which an annexed district is located prior to the annexation shall certify to the State Board of Education, on forms that it shall provide for that purpose, the value of all taxable property in each annexed district, as last equalized or assessed by the Department of Revenue prior to the annexation, and the equalized assessed value of each part of the annexed district that was annexed to or included as a part of an annexing district;

(B) using equalized assessed values as certified by the regional superintendent of schools under clause (A) of this paragraph (3), the combined audited fund balance deficit of each annexed district as determined under this Section shall be apportioned between or among the annexing districts in the same ratio as the equalized assessed value of that part of the annexed district that was annexed to or included as a part of an annexing district bears to the total equalized assessed value of the annexed district; and

(C) the aggregate supplementary State aid payment under this paragraph (3) shall be allocated between or among, and shall be paid to, the annexing districts in the same ratio as the sum of the combined audited fund balance deficit of each annexing district as constituted prior to the annexation, plus all combined audited fund balance deficit amounts apportioned to that annexing district under clause (B) of this subsection, bears to the aggregate of the combined audited fund balance deficits

of all of the annexing and annexed districts as constituted prior to the annexation.

(4) For the new elementary districts and new high school district formed through a school district conversion, as defined in subsection (b) of Section 11E-15 of this Code or the new elementary district or districts and new combined high school - unit district formed through a multi-unit conversion, as defined in subsection (b) of Section 11E-30 of this Code, a computation shall be made totaling each previously existing district's audited fund balances in the educational fund, working cash fund, operations and maintenance fund, and transportation fund for the year ending June 30 prior to the referendum establishing the new districts. In the first year of the new districts, the State shall make a one-time supplementary payment equal to the sum of the differences between the deficit of the previously existing district with the smallest deficit and the deficits of each of the other previously existing districts. A district with a combined balance among the 4 funds that is positive shall be considered to have a deficit of zero. The supplementary payment shall be allocated among the newly formed high school and elementary districts in the manner provided by the petition for the formation of the districts, in the form in which the petition is approved by the regional superintendent of schools or State Superintendent of Education under Section 11E-50 of this Code.

(5) For each newly created partial elementary unit district, as defined in subsection (a) or (c) of Section 11E-30 of this Code, a computation shall be made totaling the audited fund balances of each previously existing district that formed the new partial elementary unit district in the educational fund, working cash fund, operations and maintenance fund, and transportation fund for the year ending June 30 prior to the referendum for the formation of the partial elementary unit district. In the first year of the new partial elementary unit district, the State shall make a one-time supplementary payment to the new district equal to the sum of the differences between the deficit of the previously existing district with the smallest deficit and the deficits of each of the other previously existing districts. A district with a combined balance among the 4 funds that is positive shall be considered to have a deficit of zero.

(6) For an elementary opt-in as defined in subsection (d) of Section 11E-30 of this Code, the deficit fund balance incentive shall be computed in accordance with paragraph (5) of this subsection (c) as if the opted-in elementary was included in the optional elementary unit district at the optional elementary unit district's original effective date. If the calculation in this paragraph (6) is less than that calculated in paragraph (5) of this subsection (c) at the optional elementary unit district's original effective date, then no adjustments may be made. If the calculation in this paragraph (6) is more than that calculated in paragraph (5) of this subsection (c) at the optional elementary unit district's original effective date, then the excess must be paid as follows:

(A) If the effective date for the elementary opt-in is one year after the effective date for the optional elementary unit district, 100% of the calculated excess shall be paid to the optional elementary unit district in the first year after the effective date of the elementary opt-in.

(B) If the effective date for the elementary opt-in is 2 years after the effective date for the optional elementary unit district, 75% of the calculated excess shall be paid to the optional elementary unit district in the first year after the effective date of the elementary opt-in.

(C) If the effective date for the elementary opt-in is 3 years after the effective date for the optional elementary unit district, 50% of the calculated excess shall be paid to the optional elementary unit district in the first year after the effective date of the elementary opt-in.

(D) If the effective date for the elementary opt-in is 4 years after the effective date for the optional elementary unit district, 25% of the calculated excess shall be paid to the optional elementary unit district in the first year after the effective date of the elementary opt-in.

(E) If the effective date for the elementary opt-in is 5 years after the effective date for the optional elementary unit district, the optional elementary unit district is not eligible for any additional incentives due to the elementary opt-in.

(6.5) For the first year after the annexation of territory detached from another school district whereby the enrollment of the annexing district increases by 90% or more as a result of the annexation, a computation shall be made totaling the audited fund balances of the district gaining territory and the audited fund balances of the district losing territory in the educational fund, working cash fund, operations and maintenance fund, and transportation fund for the year ending June 30 prior to the date that the change of boundaries attributable to the annexation is allowed by the affirmative decision of the regional board of school trustees under Section 7-6 of this Code, notwithstanding any action for administrative review of the decision. The annexing district as constituted after the annexation shall be paid supplementary State aid equal to the difference between the deficit of whichever district included in this calculation as constituted prior to the annexation had the smallest deficit and the deficit of each other district included in this

calculation as constituted prior to the annexation, multiplied by the ratio of equalized assessed value of the territory detached to the total equalized assessed value of the district losing territory. The regional superintendent of schools for the educational service region in which a district losing territory is located prior to the annexation shall certify to the State Board of Education the value of all taxable property in the district losing territory and the value of all taxable property in the territory being detached, as last equalized or assessed by the Department of Revenue prior to the annexation. To be eligible for supplementary State aid reimbursement under this Section, the intergovernmental agreement to be submitted pursuant to Section 7-14A of this Code must show that fund balances were transferred from the district losing territory to the district gaining territory in the annexation. The changes to this Section made by this amendatory Act of the 95th General Assembly are intended to be retroactive and applicable to any annexation taking effect on or after July 1, 2004. For annexations that are eligible for payments under this paragraph (6.5) and that are effective on or after July 1, 2004, but before the effective date of this amendatory Act of the 95th General Assembly, the required payment under this paragraph (6.5) shall be paid in the fiscal year of the effective date of this amendatory Act of the 95th General Assembly.

(7) For purposes of any calculation required under paragraph (1), (2), (3), (4), (5), ~~or (6)~~ or (6.5) of this subsection (c), a district with a combined fund balance that is positive shall be considered to have a deficit of zero. For purposes of determining each district's audited fund balances in its educational fund, working cash fund, operations and maintenance fund, and transportation fund for the specified year ending June 30, as provided in paragraphs (1), (2), (3), (4), (5), ~~and (6)~~ and (6.5) of this subsection (c), the balance of each fund shall be deemed decreased by an amount equal to the amount of the annual property tax theretofore levied in the fund by the district for collection and payment to the district during the calendar year in which the June 30 fell, but only to the extent that the tax so levied in the fund actually was received by the district on or before or comprised a part of the fund on such June 30. For purposes of determining each district's audited fund balances, a calculation shall be made for each fund to determine the average for the 3 years prior to the specified year ending June 30, as provided in paragraphs (1), (2), (3), (4), (5), ~~and (6)~~ and (6.5) of this subsection (c), of the district's expenditures in the categories "purchased services", "supplies and materials", and "capital outlay", as those categories are defined in rules of the State Board of Education. If this 3-year average is less than the district's expenditures in these categories for the specified year ending June 30, as provided in paragraphs (1), (2), (3), (4), (5), ~~and (6)~~ and (6.5) of this subsection (c), then the 3-year average shall be used in calculating the amounts payable under this Section in place of the amounts shown in these categories for the specified year ending June 30, as provided in paragraphs (1), (2), (3), (4), (5), ~~and (6)~~ and (6.5) of this subsection (c). Any deficit because of State aid not yet received may not be considered in determining the June 30 deficits. The same basis of accounting shall be used by all previously existing districts and by all annexing or annexed districts, as constituted prior to the annexation, in making any computation required under paragraphs (1), (2), (3), (4), (5), ~~and (6)~~ and (6.5) of this subsection (c).

(8) The supplementary State aid payments under this subsection (c) shall be treated as separate from all other payments made pursuant to Section 18-8.05 of this Code.

(d)(1) Following the formation of a combined school district, as defined in Section 11E-20 of this Code, a new elementary district or districts and a new high school district formed through a school district conversion, as defined in subsection (b) of Section 11E-15 of this Code, a new partial elementary unit district, as defined in Section 11E-30 of this Code, or a new elementary district or districts formed through a multi-unit conversion, as defined in subsection (b) of Section 11E-30 of this Code, or the annexation of all of the territory of one or more entire school districts by one or more other school districts, as defined in Article 7 of this Code, a supplementary State aid reimbursement shall be paid for the number of school years determined under the following table to each new or annexing district equal to the sum of \$4,000 for each certified employee who is employed by the district on a full-time basis for the regular term of the school year:

Reorganized District's Rank by type of district (unit, high school, elementary) in Equalized Assessed Value Per Pupil by Quintile	Reorganized District's Rank in Average Daily Attendance By Quintile	3rd, 4th, or 5th Quintile
	1st Quintile	2nd Quintile

1st Quintile	1 year	1 year	1 year
2nd Quintile	1 year	2 years	2 years
3rd Quintile	2 years	3 years	3 years
4th Quintile	2 years	3 years	3 years
5th Quintile	2 years	3 years	3 years

The State Board of Education shall make a one-time calculation of a reorganized district's quintile ranks. The average daily attendance used in this calculation shall be the best 3 months' average daily attendance for the district's first year. The equalized assessed value per pupil shall be the district's real property equalized assessed value used in calculating the district's first-year general State aid claim, under Section 18-8.05 of this Code, divided by the best 3 months' average daily attendance.

No annexing or resulting school district shall be entitled to supplementary State aid under this subsection (d) unless the district acquires at least 30% of the average daily attendance of the district from which the territory is being detached or divided.

If a district results from multiple reorganizations that would otherwise qualify the district for multiple payments under this subsection (d) in any year, then the district shall receive a single payment only for that year based solely on the most recent reorganization.

(2) For an elementary opt-in, as defined in subsection (d) of Section 11E-30 of this Code, the full-time certified staff incentive shall be computed in accordance with paragraph (1) of this subsection (d), equal to the sum of \$4,000 for each certified employee of the elementary district that opts-in who is employed by the optional elementary unit district on a full-time basis for the regular term of the school year. The calculation from this paragraph (2) must be paid as follows:

(A) If the effective date for the elementary opt-in is one year after the effective date for the optional elementary unit district, 100% of the amount calculated in this paragraph (2) shall be paid to the optional elementary unit district for the number of years calculated in paragraph (1) of this subsection (d) at the optional elementary unit district's original effective date, starting in the second year after the effective date of the elementary opt-in.

(B) If the effective date for the elementary opt-in is 2 years after the effective date for the optional elementary unit district, 75% of the amount calculated in this paragraph (2) shall be paid to the optional elementary unit district for the number of years calculated in paragraph (1) of this subsection (d) at the optional elementary unit district's original effective date, starting in the second year after the effective date of the elementary opt-in.

(C) If the effective date for the elementary opt-in is 3 years after the effective date for the optional elementary unit district, 50% of the amount calculated in this paragraph (2) shall be paid to the optional elementary unit district for the number of years calculated in paragraph (1) of this subsection (d) at the optional elementary unit district's original effective date, starting in the second year after the effective date of the elementary opt-in.

(D) If the effective date for the elementary opt-in is 4 years after the effective date for the optional elementary unit district, 25% of the amount calculated in this paragraph (2) shall be paid to the optional elementary unit district for the number of years calculated in paragraph (1) of this subsection (d) at the optional elementary unit district's original effective date, starting in the second year after the effective date of the elementary opt-in.

(E) If the effective date for the elementary opt-in is 5 years after the effective date for the optional elementary unit district, the optional elementary unit district is not eligible for any additional incentives due to the elementary opt-in.

~~(2.5) (a-5)~~ Following the formation of a cooperative high school by 2 or more school districts under Section 10-22.22c of this Code, a supplementary State aid reimbursement shall be paid for 3 school years to the cooperative high school equal to the sum of \$4,000 for each certified employee who is employed by the cooperative high school on a full-time basis for the regular term of any such school year. If a cooperative high school results from multiple agreements that would otherwise qualify the cooperative high school for multiple payments under this Section in any year, the cooperative high school shall receive a single payment for that year based solely on the most recent agreement.

(2.10) Following the annexation of territory detached from another school district whereby the enrollment of the annexing district increases 90% or more as a result of the annexation, a supplementary State aid reimbursement shall be paid to the annexing district equal to the sum of \$4,000 for each certified employee who is employed by the annexing district on a full-time basis and shall be calculated in accordance with subsection (a) of this Section. To be eligible for supplementary State aid reimbursement

under this Section, the intergovernmental agreement to be submitted pursuant to Section 7-14A of this Code must show that certified staff members were transferred from the control of the district losing territory to the control of the district gaining territory in the annexation. The changes to this Section made by this amendatory Act of the 95th General Assembly are intended to be retroactive and applicable to any annexation taking effect on or after July 1, 2004. For annexations that are eligible for payments under this paragraph (2.10) and that are effective on or after July 1, 2004, but before the effective date of this amendatory Act of the 95th General Assembly, the first required yearly payment under this paragraph (2.10) shall be paid in the second fiscal year after the effective date of this amendatory Act of the 95th General Assembly. Any subsequent required yearly payments shall be paid in subsequent fiscal years until the payment obligation under this paragraph (2.10) is complete.

(3) The supplementary State aid reimbursement payable under this subsection (d) shall be separate from and in addition to all other payments made to the district pursuant to any other Section of this Article.

(4) During May of each school year for which a supplementary State aid reimbursement is to be paid to a new or annexing school district or cooperative high school pursuant to this subsection (d), the school board or governing board shall certify to the State Board of Education, on forms furnished to the school board or governing board by the State Board of Education for purposes of this subsection (d), the number of certified employees for which the district or cooperative high school is entitled to reimbursement under this Section, together with the names, certificate numbers, and positions held by the certified employees.

(5) Upon certification by the State Board of Education to the State Comptroller of the amount of the supplementary State aid reimbursement to which a school district or cooperative high school is entitled under this subsection (d), the State Comptroller shall draw his or her warrant upon the State Treasurer for the payment thereof to the school district or cooperative high school and shall promptly transmit the payment to the school district or cooperative high school through the appropriate school treasurer.

Sec. 18-8.05. Basis for apportionment of general State financial aid and supplemental general State aid to the common schools for the 1998-1999 and subsequent school years.

(A) General Provisions.

(1) The provisions of this Section apply to the 1998-1999 and subsequent school years. The system of general State financial aid provided for in this Section is designed to assure that, through a combination of State financial aid and required local resources, the financial support provided each pupil in Average Daily Attendance equals or exceeds a prescribed per pupil Foundation Level. This formula approach imputes a level of per pupil Available Local Resources and provides for the basis to calculate a per pupil level of general State financial aid that, when added to Available Local Resources, equals or exceeds the Foundation Level. The amount of per pupil general State financial aid for school districts, in general, varies in inverse relation to Available Local Resources. Per pupil amounts are based upon each school district's Average Daily Attendance as that term is defined in this Section.

(2) In addition to general State financial aid, school districts with specified levels or concentrations of pupils from low income households are eligible to receive supplemental general State financial aid grants as provided pursuant to subsection (H). The supplemental State aid grants provided for school districts under subsection (H) shall be appropriated for distribution to school districts as part of the same line item in which the general State financial aid of school districts is appropriated under this Section.

(3) To receive financial assistance under this Section, school districts are required to file claims with the State Board of Education, subject to the following requirements:

(a) Any school district which fails for any given school year to maintain school as required by law, or to maintain a recognized school is not eligible to file for such school year any claim upon the Common School Fund. In case of nonrecognition of one or more attendance centers in a school district otherwise operating recognized schools, the claim of the district shall be reduced in the proportion which the Average Daily Attendance in the attendance center or centers bear to the Average Daily Attendance in the school district. A "recognized school" means any public school which meets the standards as established for recognition by the State Board of Education. A school district or attendance center not having recognition status at the end of a school term is entitled to receive State aid payments due upon a legal claim which was filed while it was recognized.

(b) School district claims filed under this Section are subject to Sections 18-9, 18-10, and 18-12, except as otherwise provided in this Section.

(c) If a school district operates a full year school under Section 10-19.1, the general State aid to the school district shall be determined by the State Board of Education in accordance with this Section as near as may be applicable.

(d) (Blank).

(4) Except as provided in subsections (H) and (L), the board of any district receiving any of the grants provided for in this Section may apply those funds to any fund so received for which that board is authorized to make expenditures by law.

School districts are not required to exert a minimum Operating Tax Rate in order to qualify for assistance under this Section.

(5) As used in this Section the following terms, when capitalized, shall have the meaning ascribed herein:

(a) "Average Daily Attendance": A count of pupil attendance in school, averaged as provided for in subsection (C) and utilized in deriving per pupil financial support levels.

(b) "Available Local Resources": A computation of local financial support, calculated on the basis of Average Daily Attendance and derived as provided pursuant to subsection (D).

(c) "Corporate Personal Property Replacement Taxes": Funds paid to local school districts pursuant to "An Act in relation to the abolition of ad valorem personal property tax and the replacement of revenues lost thereby, and amending and repealing certain Acts and parts of Acts in connection therewith", certified August 14, 1979, as amended (Public Act 81-1st S.S.-1).

(d) "Foundation Level": A prescribed level of per pupil financial support as provided for in subsection (B).

(e) "Operating Tax Rate": All school district property taxes extended for all purposes, except Bond and Interest, Summer School, Rent, Capital Improvement, and Vocational Education Building purposes.

(B) Foundation Level.

(1) The Foundation Level is a figure established by the State representing the minimum level of per pupil financial support that should be available to provide for the basic education of each pupil in Average Daily Attendance. As set forth in this Section, each school district is assumed to exert a sufficient local taxing effort such that, in combination with the aggregate of general State financial aid provided the district, an aggregate of State and local resources are available to meet the basic education needs of pupils in the district.

(2) For the 1998-1999 school year, the Foundation Level of support is \$4,225. For the 1999-2000 school year, the Foundation Level of support is \$4,325. For the 2000-2001 school year, the Foundation Level of support is \$4,425. For the 2001-2002 school year and 2002-2003 school year, the Foundation Level of support is \$4,560. For the 2003-2004 school year, the Foundation Level of support is \$4,810. For the 2004-2005 school year, the Foundation Level of support is \$4,964. For the 2005-2006 school year, the Foundation Level of support is \$5,164. For the 2006-2007 school year, the Foundation Level of support is \$5,334.

(3) For the 2007-2008 ~~2006-2007~~ school year and each school year thereafter, the Foundation Level of support is \$5,721 ~~\$5,334~~ or such greater amount as may be established by law by the General Assembly.

(C) Average Daily Attendance.

(1) For purposes of calculating general State aid pursuant to subsection (E), an Average Daily Attendance figure shall be utilized. The Average Daily Attendance figure for formula calculation purposes shall be the monthly average of the actual number of pupils in attendance of each school district, as further averaged for the best 3 months of pupil attendance for each school district. In compiling the figures for the number of pupils in attendance, school districts and the State Board of Education shall, for purposes of general State aid funding, conform attendance figures to the requirements of subsection (F).

(2) The Average Daily Attendance figures utilized in subsection (E) shall be the requisite attendance data for the school year immediately preceding the school year for which general State aid is being calculated or the average of the attendance data for the 3 preceding school years, whichever is greater. The Average Daily Attendance figures utilized in subsection (H) shall be the requisite attendance data for the school year immediately preceding the school year for which general State aid is being calculated.

(D) Available Local Resources.

(1) For purposes of calculating general State aid pursuant to subsection (E), a representation of Available Local Resources per pupil, as that term is defined and determined in this subsection, shall be utilized.

Available Local Resources per pupil shall include a calculated dollar amount representing local school district revenues from local property taxes and from Corporate Personal Property Replacement Taxes, expressed on the basis of pupils in Average Daily Attendance. Calculation of Available Local Resources shall exclude any tax amnesty funds received as a result of Public Act 93-26.

(2) In determining a school district's revenue from local property taxes, the State Board of Education shall utilize the equalized assessed valuation of all taxable property of each school district as of September 30 of the previous year. The equalized assessed valuation utilized shall be obtained and determined as provided in subsection (G).

(3) For school districts maintaining grades kindergarten through 12, local property tax revenues per pupil shall be calculated as the product of the applicable equalized assessed valuation for the district multiplied by 3.00%, and divided by the district's Average Daily Attendance figure. For school districts maintaining grades kindergarten through 8, local property tax revenues per pupil shall be calculated as the product of the applicable equalized assessed valuation for the district multiplied by 2.30%, and divided by the district's Average Daily Attendance figure. For school districts maintaining grades 9 through 12, local property tax revenues per pupil shall be the applicable equalized assessed valuation of the district multiplied by 1.05%, and divided by the district's Average Daily Attendance figure.

For partial elementary unit districts created pursuant to Article 11E of this Code, local property tax revenues per pupil shall be calculated as the product of the equalized assessed valuation for property within the elementary and high school classification of the partial elementary unit district multiplied by 2.06% and divided by the Average Daily Attendance figure for grades kindergarten through 8, plus the product of the equalized assessed valuation for property within the high school only classification of the partial elementary unit district multiplied by 0.94% and divided by the Average Daily Attendance figure for grades 9 through 12.

(4) The Corporate Personal Property Replacement Taxes paid to each school district during the calendar year 2 years before the calendar year in which a school year begins, divided by the Average Daily Attendance figure for that district, shall be added to the local property tax revenues per pupil as derived by the application of the immediately preceding paragraph (3). The sum of these per pupil figures for each school district shall constitute Available Local Resources as that term is utilized in subsection (E) in the calculation of general State aid.

(E) Computation of General State Aid.

(1) For each school year, the amount of general State aid allotted to a school district shall be computed by the State Board of Education as provided in this subsection.

(2) For any school district for which Available Local Resources per pupil is less than the product of 0.93 times the Foundation Level, general State aid for that district shall be calculated as an amount equal to the Foundation Level minus Available Local Resources, multiplied by the Average Daily Attendance of the school district.

(3) For any school district for which Available Local Resources per pupil is equal to or greater than the product of 0.93 times the Foundation Level and less than the product of 1.75 times the Foundation Level, the general State aid per pupil shall be a decimal proportion of the Foundation Level derived using a linear algorithm. Under this linear algorithm, the calculated general State aid per pupil shall decline in direct linear fashion from 0.07 times the Foundation Level for a school district with Available Local Resources equal to the product of 0.93 times the Foundation Level, to 0.05 times the Foundation Level for a school district with Available Local Resources equal to the product of 1.75 times the Foundation Level. The allocation of general State aid for school districts subject to this paragraph 3 shall be the calculated general State aid per pupil figure multiplied by the Average Daily Attendance of the school district.

(4) For any school district for which Available Local Resources per pupil equals or exceeds the product of 1.75 times the Foundation Level, the general State aid for the school district shall be calculated as the product of \$218 multiplied by the Average Daily Attendance of the school district.

(5) The amount of general State aid allocated to a school district for the 1999-2000 school year meeting the requirements set forth in paragraph (4) of subsection (G) shall be increased by an amount equal to the general State aid that would have been received by the district for the 1998-1999 school year by utilizing the Extension Limitation Equalized Assessed Valuation as calculated in paragraph (4) of subsection (G) less the general State aid allotted for the 1998-1999 school year. This amount shall be deemed a one time increase, and shall not affect any future general State aid allocations.

(F) Compilation of Average Daily Attendance.

(1) Each school district shall, by July 1 of each year, submit to the State Board of Education, on forms prescribed by the State Board of Education, attendance figures for the school year that began in the

preceding calendar year. The attendance information so transmitted shall identify the average daily attendance figures for each month of the school year. Beginning with the general State aid claim form for the 2002-2003 school year, districts shall calculate Average Daily Attendance as provided in subdivisions (a), (b), and (c) of this paragraph (1).

(a) In districts that do not hold year-round classes, days of attendance in August shall be added to the month of September and any days of attendance in June shall be added to the month of May.

(b) In districts in which all buildings hold year-round classes, days of attendance in July and August shall be added to the month of September and any days of attendance in June shall be added to the month of May.

(c) In districts in which some buildings, but not all, hold year-round classes, for the non-year-round buildings, days of attendance in August shall be added to the month of September and any days of attendance in June shall be added to the month of May. The average daily attendance for the year-round buildings shall be computed as provided in subdivision (b) of this paragraph (1). To calculate the Average Daily Attendance for the district, the average daily attendance for the year-round buildings shall be multiplied by the days in session for the non-year-round buildings for each month and added to the monthly attendance of the non-year-round buildings.

Except as otherwise provided in this Section, days of attendance by pupils shall be counted only for sessions of not less than 5 clock hours of school work per day under direct supervision of: (i) teachers, or (ii) non-teaching personnel or volunteer personnel when engaging in non-teaching duties and supervising in those instances specified in subsection (a) of Section 10-22.34 and paragraph 10 of Section 34-18, with pupils of legal school age and in kindergarten and grades 1 through 12.

Days of attendance by tuition pupils shall be accredited only to the districts that pay the tuition to a recognized school.

(2) Days of attendance by pupils of less than 5 clock hours of school shall be subject to the following provisions in the compilation of Average Daily Attendance.

(a) Pupils regularly enrolled in a public school for only a part of the school day may be counted on the basis of 1/6 day for every class hour of instruction of 40 minutes or more attended pursuant to such enrollment, unless a pupil is enrolled in a block-schedule format of 80 minutes or more of instruction, in which case the pupil may be counted on the basis of the proportion of minutes of school work completed each day to the minimum number of minutes that school work is required to be held that day.

(b) Days of attendance may be less than 5 clock hours on the opening and closing of the school term, and upon the first day of pupil attendance, if preceded by a day or days utilized as an institute or teachers' workshop.

(c) A session of 4 or more clock hours may be counted as a day of attendance upon certification by the regional superintendent, and approved by the State Superintendent of Education to the extent that the district has been forced to use daily multiple sessions.

(d) A session of 3 or more clock hours may be counted as a day of attendance (1) when the remainder of the school day or at least 2 hours in the evening of that day is utilized for an in-service training program for teachers, up to a maximum of 5 days per school year of which a maximum of 4 days of such 5 days may be used for parent-teacher conferences, provided a district conducts an in-service training program for teachers which has been approved by the State Superintendent of Education; or, in lieu of 4 such days, 2 full days may be used, in which event each such day may be counted as a day of attendance; and (2) when days in addition to those provided in item (1) are scheduled by a school pursuant to its school improvement plan adopted under Article 34 or its revised or amended school improvement plan adopted under Article 2, provided that (i) such sessions of 3 or more clock hours are scheduled to occur at regular intervals, (ii) the remainder of the school days in which such sessions occur are utilized for in-service training programs or other staff development activities for teachers, and (iii) a sufficient number of minutes of school work under the direct supervision of teachers are added to the school days between such regularly scheduled sessions to accumulate not less than the number of minutes by which such sessions of 3 or more clock hours fall short of 5 clock hours. Any full days used for the purposes of this paragraph shall not be considered for computing average daily attendance. Days scheduled for in-service training programs, staff development activities, or parent-teacher conferences may be scheduled separately for different grade levels and different attendance centers of the district.

(e) A session of not less than one clock hour of teaching hospitalized or homebound pupils on-site or by telephone to the classroom may be counted as 1/2 day of attendance, however these

pupils must receive 4 or more clock hours of instruction to be counted for a full day of attendance.

(f) A session of at least 4 clock hours may be counted as a day of attendance for first grade pupils, and pupils in full day kindergartens, and a session of 2 or more hours may be counted as 1/2 day of attendance by pupils in kindergartens which provide only 1/2 day of attendance.

(g) For children with disabilities who are below the age of 6 years and who cannot attend 2 or more clock hours because of their disability or immaturity, a session of not less than one clock hour may be counted as 1/2 day of attendance; however for such children whose educational needs so require a session of 4 or more clock hours may be counted as a full day of attendance.

(h) A recognized kindergarten which provides for only 1/2 day of attendance by each pupil shall not have more than 1/2 day of attendance counted in any one day. However, kindergartens may count 2 1/2 days of attendance in any 5 consecutive school days. When a pupil attends such a kindergarten for 2 half days on any one school day, the pupil shall have the following day as a day absent from school, unless the school district obtains permission in writing from the State Superintendent of Education. Attendance at kindergartens which provide for a full day of attendance by each pupil shall be counted the same as attendance by first grade pupils. Only the first year of attendance in one kindergarten shall be counted, except in case of children who entered the kindergarten in their fifth year whose educational development requires a second year of kindergarten as determined under the rules and regulations of the State Board of Education.

(i) On the days when the Prairie State Achievement Examination is administered under subsection (c) of Section 2-3.64 of this Code, the day of attendance for a pupil whose school day must be shortened to accommodate required testing procedures may be less than 5 clock hours and shall be counted towards the 176 days of actual pupil attendance required under Section 10-19 of this Code, provided that a sufficient number of minutes of school work in excess of 5 clock hours are first completed on other school days to compensate for the loss of school work on the examination days.

(G) Equalized Assessed Valuation Data.

(1) For purposes of the calculation of Available Local Resources required pursuant to subsection (D), the State Board of Education shall secure from the Department of Revenue the value as equalized or assessed by the Department of Revenue of all taxable property of every school district, together with (i) the applicable tax rate used in extending taxes for the funds of the district as of September 30 of the previous year and (ii) the limiting rate for all school districts subject to property tax extension limitations as imposed under the Property Tax Extension Limitation Law.

The Department of Revenue shall add to the equalized assessed value of all taxable property of each school district situated entirely or partially within a county that is or was subject to the alternative general homestead exemption provisions of Section 15-176 of the Property Tax Code (a) an amount equal to the total amount by which the homestead exemption allowed under Section 15-176 of the Property Tax Code for real property situated in that school district exceeds the total amount that would have been allowed in that school district if the maximum reduction under Section 15-176 was (i) \$4,500 in Cook County or \$3,500 in all other counties in tax year 2003 or (ii) \$5,000 in all counties in tax year 2004 and thereafter and (b) an amount equal to the aggregate amount for the taxable year of all additional exemptions under Section 15-175 of the Property Tax Code for owners with a household income of \$30,000 or less. The county clerk of any county that is or was subject to the alternative general homestead exemption provisions of Section 15-176 of the Property Tax Code shall annually calculate and certify to the Department of Revenue for each school district all homestead exemption amounts under Section 15-176 of the Property Tax Code and all amounts of additional exemptions under Section 15-175 of the Property Tax Code for owners with a household income of \$30,000 or less. It is the intent of this paragraph that if the general homestead exemption for a parcel of property is determined under Section 15-176 of the Property Tax Code rather than Section 15-175, then the calculation of Available Local Resources shall not be affected by the difference, if any, between the amount of the general homestead exemption allowed for that parcel of property under Section 15-176 of the Property Tax Code and the amount that would have been allowed had the general homestead exemption for that parcel of property been determined under Section 15-175 of the Property Tax Code. It is further the intent of this paragraph that if additional exemptions are allowed under Section 15-175 of the Property Tax Code for owners with a household income of less than \$30,000, then the calculation of Available Local Resources shall not be affected by the difference, if any, because of those additional exemptions.

This equalized assessed valuation, as adjusted further by the requirements of this subsection, shall be utilized in the calculation of Available Local Resources.

(2) The equalized assessed valuation in paragraph (1) shall be adjusted, as applicable, in the following

manner:

(a) For the purposes of calculating State aid under this Section, with respect to any part of a school district within a redevelopment project area in respect to which a municipality has adopted tax increment allocation financing pursuant to the Tax Increment Allocation Redevelopment Act, Sections 11-74.4-1 through 11-74.4-11 of the Illinois Municipal Code or the Industrial Jobs Recovery Law, Sections 11-74.6-1 through 11-74.6-50 of the Illinois Municipal Code, no part of the current equalized assessed valuation of real property located in any such project area which is attributable to an increase above the total initial equalized assessed valuation of such property shall be used as part of the equalized assessed valuation of the district, until such time as all redevelopment project costs have been paid, as provided in Section 11-74.4-8 of the Tax Increment Allocation Redevelopment Act or in Section 11-74.6-35 of the Industrial Jobs Recovery Law. For the purpose of the equalized assessed valuation of the district, the total initial equalized assessed valuation or the current equalized assessed valuation, whichever is lower, shall be used until such time as all redevelopment project costs have been paid.

(b) The real property equalized assessed valuation for a school district shall be adjusted by subtracting from the real property value as equalized or assessed by the Department of Revenue for the district an amount computed by dividing the amount of any abatement of taxes under Section 18-170 of the Property Tax Code by 3.00% for a district maintaining grades kindergarten through 12, by 2.30% for a district maintaining grades kindergarten through 8, or by 1.05% for a district maintaining grades 9 through 12 and adjusted by an amount computed by dividing the amount of any abatement of taxes under subsection (a) of Section 18-165 of the Property Tax Code by the same percentage rates for district type as specified in this subparagraph (b).

(3) For the 1999-2000 school year and each school year thereafter, if a school district meets all of the criteria of this subsection (G)(3), the school district's Available Local Resources shall be calculated under subsection (D) using the district's Extension Limitation Equalized Assessed Valuation as calculated under this subsection (G)(3).

For purposes of this subsection (G)(3) the following terms shall have the following meanings:

"Budget Year": The school year for which general State aid is calculated and awarded under subsection (E).

"Base Tax Year": The property tax levy year used to calculate the Budget Year allocation of general State aid.

"Preceding Tax Year": The property tax levy year immediately preceding the Base Tax Year.

"Base Tax Year's Tax Extension": The product of the equalized assessed valuation utilized by the County Clerk in the Base Tax Year multiplied by the limiting rate as calculated by the County Clerk and defined in the Property Tax Extension Limitation Law.

"Preceding Tax Year's Tax Extension": The product of the equalized assessed valuation utilized by the County Clerk in the Preceding Tax Year multiplied by the Operating Tax Rate as defined in subsection (A).

"Extension Limitation Ratio": A numerical ratio, certified by the County Clerk, in which the numerator is the Base Tax Year's Tax Extension and the denominator is the Preceding Tax Year's Tax Extension.

"Operating Tax Rate": The operating tax rate as defined in subsection (A).

If a school district is subject to property tax extension limitations as imposed under the Property Tax Extension Limitation Law, the State Board of Education shall calculate the Extension Limitation Equalized Assessed Valuation of that district. For the 1999-2000 school year, the Extension Limitation Equalized Assessed Valuation of a school district as calculated by the State Board of Education shall be equal to the product of the district's 1996 Equalized Assessed Valuation and the district's Extension Limitation Ratio. For the 2000-2001 school year and each school year thereafter, the Extension Limitation Equalized Assessed Valuation of a school district as calculated by the State Board of Education shall be equal to the product of the Equalized Assessed Valuation last used in the calculation of general State aid and the district's Extension Limitation Ratio. If the Extension Limitation Equalized Assessed Valuation of a school district as calculated under this subsection (G)(3) is less than the district's equalized assessed valuation as calculated pursuant to subsections (G)(1) and (G)(2), then for purposes of calculating the district's general State aid for the Budget Year pursuant to subsection (E), that Extension Limitation Equalized Assessed Valuation shall be utilized to calculate the district's Available Local Resources under subsection (D).

Partial elementary unit districts created in accordance with Article 11E of this Code shall not be eligible

for the adjustment in this subsection (G)(3) until the fifth year following the effective date of the reorganization.

(4) For the purposes of calculating general State aid for the 1999-2000 school year only, if a school district experienced a triennial reassessment on the equalized assessed valuation used in calculating its general State financial aid apportionment for the 1998-1999 school year, the State Board of Education shall calculate the Extension Limitation Equalized Assessed Valuation that would have been used to calculate the district's 1998-1999 general State aid. This amount shall equal the product of the equalized assessed valuation used to calculate general State aid for the 1997-1998 school year and the district's Extension Limitation Ratio. If the Extension Limitation Equalized Assessed Valuation of the school district as calculated under this paragraph (4) is less than the district's equalized assessed valuation utilized in calculating the district's 1998-1999 general State aid allocation, then for purposes of calculating the district's general State aid pursuant to paragraph (5) of subsection (E), that Extension Limitation Equalized Assessed Valuation shall be utilized to calculate the district's Available Local Resources.

(5) For school districts having a majority of their equalized assessed valuation in any county except Cook, DuPage, Kane, Lake, McHenry, or Will, if the amount of general State aid allocated to the school district for the 1999-2000 school year under the provisions of subsection (E), (H), and (J) of this Section is less than the amount of general State aid allocated to the district for the 1998-1999 school year under these subsections, then the general State aid of the district for the 1999-2000 school year only shall be increased by the difference between these amounts. The total payments made under this paragraph (5) shall not exceed \$14,000,000. Claims shall be prorated if they exceed \$14,000,000.

(H) Supplemental General State Aid.

(1) In addition to the general State aid a school district is allotted pursuant to subsection (E), qualifying school districts shall receive a grant, paid in conjunction with a district's payments of general State aid, for supplemental general State aid based upon the concentration level of children from low-income households within the school district. Supplemental State aid grants provided for school districts under this subsection shall be appropriated for distribution to school districts as part of the same line item in which the general State financial aid of school districts is appropriated under this Section. If the appropriation in any fiscal year for general State aid and supplemental general State aid is insufficient to pay the amounts required under the general State aid and supplemental general State aid calculations, then the State Board of Education shall ensure that each school district receives the full amount due for general State aid and the remainder of the appropriation shall be used for supplemental general State aid, which the State Board of Education shall calculate and pay to eligible districts on a prorated basis.

(1.5) This paragraph (1.5) applies only to those school years preceding the 2003-2004 school year. For purposes of this subsection (H), the term "Low-Income Concentration Level" shall be the low-income eligible pupil count from the most recently available federal census divided by the Average Daily Attendance of the school district. If, however, (i) the percentage decrease from the 2 most recent federal censuses in the low-income eligible pupil count of a high school district with fewer than 400 students exceeds by 75% or more the percentage change in the total low-income eligible pupil count of contiguous elementary school districts, whose boundaries are coterminous with the high school district, or (ii) a high school district within 2 counties and serving 5 elementary school districts, whose boundaries are coterminous with the high school district, has a percentage decrease from the 2 most recent federal censuses in the low-income eligible pupil count and there is a percentage increase in the total low-income eligible pupil count of a majority of the elementary school districts in excess of 50% from the 2 most recent federal censuses, then the high school district's low-income eligible pupil count from the earlier federal census shall be the number used as the low-income eligible pupil count for the high school district, for purposes of this subsection (H). The changes made to this paragraph (1) by Public Act 92-28 shall apply to supplemental general State aid grants for school years preceding the 2003-2004 school year that are paid in fiscal year 1999 or thereafter and to any State aid payments made in fiscal year 1994 through fiscal year 1998 pursuant to subsection 1(n) of Section 18-8 of this Code (which was repealed on July 1, 1998), and any high school district that is affected by Public Act 92-28 is entitled to a recomputation of its supplemental general State aid grant or State aid paid in any of those fiscal years. This recomputation shall not be affected by any other funding.

(1.10) This paragraph (1.10) applies to the 2003-2004 school year and each school year thereafter. For purposes of this subsection (H), the term "Low-Income Concentration Level" shall, for each fiscal year, be the low-income eligible pupil count as of July 1 of the immediately preceding fiscal year (as determined by the Department of Human Services based on the number of pupils who are eligible for at least one of the

following low income programs: Medicaid, KidCare, TANF, or Food Stamps, excluding pupils who are eligible for services provided by the Department of Children and Family Services, averaged over the 2 immediately preceding fiscal years for fiscal year 2004 and over the 3 immediately preceding fiscal years for each fiscal year thereafter) divided by the Average Daily Attendance of the school district.

(2) Supplemental general State aid pursuant to this subsection (H) shall be provided as follows for the 1998-1999, 1999-2000, and 2000-2001 school years only:

(a) For any school district with a Low Income Concentration Level of at least 20% and less than 35%, the grant for any school year shall be \$800 multiplied by the low income eligible pupil count.

(b) For any school district with a Low Income Concentration Level of at least 35% and less than 50%, the grant for the 1998-1999 school year shall be \$1,100 multiplied by the low income eligible pupil count.

(c) For any school district with a Low Income Concentration Level of at least 50% and less than 60%, the grant for the 1998-99 school year shall be \$1,500 multiplied by the low income eligible pupil count.

(d) For any school district with a Low Income Concentration Level of 60% or more, the grant for the 1998-99 school year shall be \$1,900 multiplied by the low income eligible pupil count.

(e) For the 1999-2000 school year, the per pupil amount specified in subparagraphs (b), (c), and (d) immediately above shall be increased to \$1,243, \$1,600, and \$2,000, respectively.

(f) For the 2000-2001 school year, the per pupil amounts specified in subparagraphs (b), (c), and (d) immediately above shall be \$1,273, \$1,640, and \$2,050, respectively.

(2.5) Supplemental general State aid pursuant to this subsection (H) shall be provided as follows for the 2002-2003 school year:

(a) For any school district with a Low Income Concentration Level of less than 10%, the grant for each school year shall be \$355 multiplied by the low income eligible pupil count.

(b) For any school district with a Low Income Concentration Level of at least 10% and less than 20%, the grant for each school year shall be \$675 multiplied by the low income eligible pupil count.

(c) For any school district with a Low Income Concentration Level of at least 20% and less than 35%, the grant for each school year shall be \$1,330 multiplied by the low income eligible pupil count.

(d) For any school district with a Low Income Concentration Level of at least 35% and less than 50%, the grant for each school year shall be \$1,362 multiplied by the low income eligible pupil count.

(e) For any school district with a Low Income Concentration Level of at least 50% and less than 60%, the grant for each school year shall be \$1,680 multiplied by the low income eligible pupil count.

(f) For any school district with a Low Income Concentration Level of 60% or more, the grant for each school year shall be \$2,080 multiplied by the low income eligible pupil count.

(2.10) Except as otherwise provided, supplemental general State aid pursuant to this subsection (H) shall be provided as follows for the 2003-2004 school year and each school year thereafter:

(a) For any school district with a Low Income Concentration Level of 15% or less, the grant for each school year shall be \$355 multiplied by the low income eligible pupil count.

(b) For any school district with a Low Income Concentration Level greater than 15%, the grant for each school year shall be \$294.25 added to the product of \$2,700 and the square of the Low Income Concentration Level, all multiplied by the low income eligible pupil count.

For the 2003-2004 school year and each school year through the 2007-2008 school year, ~~2004-2005 school year, 2005-2006 school year, and 2006-2007 school year~~ only, the grant shall be no less than the grant for the 2002-2003 school year. For the 2008-2009 ~~2007-2008~~ school year only, the grant shall be no less than the grant for the 2002-2003 school year multiplied by 0.66. For the 2009-2010 ~~2008-2009~~ school year only, the grant shall be no less than the grant for the 2002-2003 school year multiplied by 0.33. Notwithstanding the provisions of this paragraph to the contrary, if for any school year supplemental general State aid grants are prorated as provided in paragraph (1) of this subsection (H), then the grants under this paragraph shall be prorated.

For the 2003-2004 school year only, the grant shall be no greater than the grant received during the 2002-2003 school year added to the product of 0.25 multiplied by the difference between the grant amount calculated under subsection (a) or (b) of this paragraph (2.10), whichever is applicable, and the grant

received during the 2002-2003 school year. For the 2004-2005 school year only, the grant shall be no greater than the grant received during the 2002-2003 school year added to the product of 0.50 multiplied by the difference between the grant amount calculated under subsection (a) or (b) of this paragraph (2.10), whichever is applicable, and the grant received during the 2002-2003 school year. For the 2005-2006 school year only, the grant shall be no greater than the grant received during the 2002-2003 school year added to the product of 0.75 multiplied by the difference between the grant amount calculated under subsection (a) or (b) of this paragraph (2.10), whichever is applicable, and the grant received during the 2002-2003 school year.

(3) School districts with an Average Daily Attendance of more than 1,000 and less than 50,000 that qualify for supplemental general State aid pursuant to this subsection shall submit a plan to the State Board of Education prior to October 30 of each year for the use of the funds resulting from this grant of supplemental general State aid for the improvement of instruction in which priority is given to meeting the education needs of disadvantaged children. Such plan shall be submitted in accordance with rules and regulations promulgated by the State Board of Education.

(4) School districts with an Average Daily Attendance of 50,000 or more that qualify for supplemental general State aid pursuant to this subsection shall be required to distribute from funds available pursuant to this Section, no less than \$261,000,000 in accordance with the following requirements:

(a) The required amounts shall be distributed to the attendance centers within the district in proportion to the number of pupils enrolled at each attendance center who are eligible to receive free or reduced-price lunches or breakfasts under the federal Child Nutrition Act of 1966 and under the National School Lunch Act during the immediately preceding school year.

(b) The distribution of these portions of supplemental and general State aid among attendance centers according to these requirements shall not be compensated for or contravened by adjustments of the total of other funds appropriated to any attendance centers, and the Board of Education shall utilize funding from one or several sources in order to fully implement this provision annually prior to the opening of school.

(c) Each attendance center shall be provided by the school district a distribution of noncategorical funds and other categorical funds to which an attendance center is entitled under law in order that the general State aid and supplemental general State aid provided by application of this subsection supplements rather than supplants the noncategorical funds and other categorical funds provided by the school district to the attendance centers.

(d) Any funds made available under this subsection that by reason of the provisions of this subsection are not required to be allocated and provided to attendance centers may be used and appropriated by the board of the district for any lawful school purpose.

(e) Funds received by an attendance center pursuant to this subsection shall be used by the attendance center at the discretion of the principal and local school council for programs to improve educational opportunities at qualifying schools through the following programs and services: early childhood education, reduced class size or improved adult to student classroom ratio, enrichment programs, remedial assistance, attendance improvement, and other educationally beneficial expenditures which supplement the regular and basic programs as determined by the State Board of Education. Funds provided shall not be expended for any political or lobbying purposes as defined by board rule.

(f) Each district subject to the provisions of this subdivision (H)(4) shall submit an acceptable plan to meet the educational needs of disadvantaged children, in compliance with the requirements of this paragraph, to the State Board of Education prior to July 15 of each year. This plan shall be consistent with the decisions of local school councils concerning the school expenditure plans developed in accordance with part 4 of Section 34-2.3. The State Board shall approve or reject the plan within 60 days after its submission. If the plan is rejected, the district shall give written notice of intent to modify the plan within 15 days of the notification of rejection and then submit a modified plan within 30 days after the date of the written notice of intent to modify. Districts may amend approved plans pursuant to rules promulgated by the State Board of Education.

Upon notification by the State Board of Education that the district has not submitted a plan prior to July 15 or a modified plan within the time period specified herein, the State aid funds affected by that plan or modified plan shall be withheld by the State Board of Education until a plan or modified plan is submitted.

If the district fails to distribute State aid to attendance centers in accordance with an approved plan, the plan for the following year shall allocate funds, in addition to the funds otherwise required by this subsection, to those attendance centers which were underfunded during the previous year

in amounts equal to such underfunding.

For purposes of determining compliance with this subsection in relation to the requirements of attendance center funding, each district subject to the provisions of this subsection shall submit as a separate document by December 1 of each year a report of expenditure data for the prior year in addition to any modification of its current plan. If it is determined that there has been a failure to comply with the expenditure provisions of this subsection regarding contravention or supplanting, the State Superintendent of Education shall, within 60 days of receipt of the report, notify the district and any affected local school council. The district shall within 45 days of receipt of that notification inform the State Superintendent of Education of the remedial or corrective action to be taken, whether by amendment of the current plan, if feasible, or by adjustment in the plan for the following year. Failure to provide the expenditure report or the notification of remedial or corrective action in a timely manner shall result in a withholding of the affected funds.

The State Board of Education shall promulgate rules and regulations to implement the provisions of this subsection. No funds shall be released under this subdivision (H)(4) to any district that has not submitted a plan that has been approved by the State Board of Education.

(I) (Blank).

(J) Supplementary Grants in Aid.

(1) Notwithstanding any other provisions of this Section, the amount of the aggregate general State aid in combination with supplemental general State aid under this Section for which each school district is eligible shall be no less than the amount of the aggregate general State aid entitlement that was received by the district under Section 18-8 (exclusive of amounts received under subsections 5(p) and 5(p-5) of that Section) for the 1997-98 school year, pursuant to the provisions of that Section as it was then in effect. If a school district qualifies to receive a supplementary payment made under this subsection (J), the amount of the aggregate general State aid in combination with supplemental general State aid under this Section which that district is eligible to receive for each school year shall be no less than the amount of the aggregate general State aid entitlement that was received by the district under Section 18-8 (exclusive of amounts received under subsections 5(p) and 5(p-5) of that Section) for the 1997-1998 school year, pursuant to the provisions of that Section as it was then in effect.

(2) If, as provided in paragraph (1) of this subsection (J), a school district is to receive aggregate general State aid in combination with supplemental general State aid under this Section for the 1998-99 school year and any subsequent school year that in any such school year is less than the amount of the aggregate general State aid entitlement that the district received for the 1997-98 school year, the school district shall also receive, from a separate appropriation made for purposes of this subsection (J), a supplementary payment that is equal to the amount of the difference in the aggregate State aid figures as described in paragraph (1).

(3) (Blank).

(K) Grants to Laboratory and Alternative Schools.

In calculating the amount to be paid to the governing board of a public university that operates a laboratory school under this Section or to any alternative school that is operated by a regional superintendent of schools, the State Board of Education shall require by rule such reporting requirements as it deems necessary.

As used in this Section, "laboratory school" means a public school which is created and operated by a public university and approved by the State Board of Education. The governing board of a public university which receives funds from the State Board under this subsection (K) may not increase the number of students enrolled in its laboratory school from a single district, if that district is already sending 50 or more students, except under a mutual agreement between the school board of a student's district of residence and the university which operates the laboratory school. A laboratory school may not have more than 1,000 students, excluding students with disabilities in a special education program.

As used in this Section, "alternative school" means a public school which is created and operated by a Regional Superintendent of Schools and approved by the State Board of Education. Such alternative schools may offer courses of instruction for which credit is given in regular school programs, courses to prepare students for the high school equivalency testing program or vocational and occupational training. A regional superintendent of schools may contract with a school district or a public community college district to operate an alternative school. An alternative school serving more than one educational service region may be established by the regional superintendents of schools of the affected educational service regions. An alternative school serving more than one educational service region may be operated under such terms as the regional superintendents of schools of those educational service regions may agree.

Each laboratory and alternative school shall file, on forms provided by the State Superintendent of Education, an annual State aid claim which states the Average Daily Attendance of the school's students by month. The best 3 months' Average Daily Attendance shall be computed for each school. The general State aid entitlement shall be computed by multiplying the applicable Average Daily Attendance by the Foundation Level as determined under this Section.

(L) Payments, Additional Grants in Aid and Other Requirements.

(1) For a school district operating under the financial supervision of an Authority created under Article 34A, the general State aid otherwise payable to that district under this Section, but not the supplemental general State aid, shall be reduced by an amount equal to the budget for the operations of the Authority as certified by the Authority to the State Board of Education, and an amount equal to such reduction shall be paid to the Authority created for such district for its operating expenses in the manner provided in Section 18-11. The remainder of general State school aid for any such district shall be paid in accordance with Article 34A when that Article provides for a disposition other than that provided by this Article.

(2) (Blank).

(3) Summer school. Summer school payments shall be made as provided in Section 18-4.3.

(M) Education Funding Advisory Board.

The Education Funding Advisory Board, hereinafter in this subsection (M) referred to as the "Board", is hereby created. The Board shall consist of 5 members who are appointed by the Governor, by and with the advice and consent of the Senate. The members appointed shall include representatives of education, business, and the general public. One of the members so appointed shall be designated by the Governor at the time the appointment is made as the chairperson of the Board. The initial members of the Board may be appointed any time after the effective date of this amendatory Act of 1997. The regular term of each member of the Board shall be for 4 years from the third Monday of January of the year in which the term of the member's appointment is to commence, except that of the 5 initial members appointed to serve on the Board, the member who is appointed as the chairperson shall serve for a term that commences on the date of his or her appointment and expires on the third Monday of January, 2002, and the remaining 4 members, by lots drawn at the first meeting of the Board that is held after all 5 members are appointed, shall determine 2 of their number to serve for terms that commence on the date of their respective appointments and expire on the third Monday of January, 2001, and 2 of their number to serve for terms that commence on the date of their respective appointments and expire on the third Monday of January, 2000. All members appointed to serve on the Board shall serve until their respective successors are appointed and confirmed. Vacancies shall be filled in the same manner as original appointments. If a vacancy in membership occurs at a time when the Senate is not in session, the Governor shall make a temporary appointment until the next meeting of the Senate, when he or she shall appoint, by and with the advice and consent of the Senate, a person to fill that membership for the unexpired term. If the Senate is not in session when the initial appointments are made, those appointments shall be made as in the case of vacancies.

The Education Funding Advisory Board shall be deemed established, and the initial members appointed by the Governor to serve as members of the Board shall take office, on the date that the Governor makes his or her appointment of the fifth initial member of the Board, whether those initial members are then serving pursuant to appointment and confirmation or pursuant to temporary appointments that are made by the Governor as in the case of vacancies.

The State Board of Education shall provide such staff assistance to the Education Funding Advisory Board as is reasonably required for the proper performance by the Board of its responsibilities.

For school years after the 2000-2001 school year, the Education Funding Advisory Board, in consultation with the State Board of Education, shall make recommendations as provided in this subsection (M) to the General Assembly for the foundation level under subdivision (B)(3) of this Section and for the supplemental general State aid grant level under subsection (H) of this Section for districts with high concentrations of children from poverty. The recommended foundation level shall be determined based on a methodology which incorporates the basic education expenditures of low-spending schools exhibiting high academic performance. The Education Funding Advisory Board shall make such recommendations to the General Assembly on January 1 of odd numbered years, beginning January 1, 2001.

(N) (Blank).

(O) References.

(1) References in other laws to the various subdivisions of Section 18-8 as that Section existed before its repeal and replacement by this Section 18-8.05 shall be deemed to refer to the corresponding provisions of this Section 18-8.05, to the extent that those references remain applicable.

(2) References in other laws to State Chapter 1 funds shall be deemed to refer to the supplemental

general State aid provided under subsection (H) of this Section.

(P) Public Act 93-838 and Public Act 93-808 make inconsistent changes to this Section. Under Section 6 of the Statute on Statutes there is an irreconcilable conflict between Public Act 93-808 and Public Act 93-838. Public Act 93-838, being the last acted upon, is controlling. The text of Public Act 93-838 is the law regardless of the text of Public Act 93-808.

Sec. 18-8.05. Basis for apportionment of general State financial aid and supplemental general State aid to the common schools for the 1998-1999 and subsequent school years.

(A) General Provisions.

(1) The provisions of this Section apply to the 1998-1999 and subsequent school years. The system of general State financial aid provided for in this Section is designed to assure that, through a combination of State financial aid and required local resources, the financial support provided each pupil in Average Daily Attendance equals or exceeds a prescribed per pupil Foundation Level. This formula approach imputes a level of per pupil Available Local Resources and provides for the basis to calculate a per pupil level of general State financial aid that, when added to Available Local Resources, equals or exceeds the Foundation Level. The amount of per pupil general State financial aid for school districts, in general, varies in inverse relation to Available Local Resources. Per pupil amounts are based upon each school district's Average Daily Attendance as that term is defined in this Section.

(2) In addition to general State financial aid, school districts with specified levels or concentrations of pupils from low income households are eligible to receive supplemental general State financial aid grants as provided pursuant to subsection (H). The supplemental State aid grants provided for school districts under subsection (H) shall be appropriated for distribution to school districts as part of the same line item in which the general State financial aid of school districts is appropriated under this Section.

(3) To receive financial assistance under this Section, school districts are required to file claims with the State Board of Education, subject to the following requirements:

(a) Any school district which fails for any given school year to maintain school as required by law, or to maintain a recognized school is not eligible to file for such school year any claim upon the Common School Fund. In case of nonrecognition of one or more attendance centers in a school district otherwise operating recognized schools, the claim of the district shall be reduced in the proportion which the Average Daily Attendance in the attendance center or centers bear to the Average Daily Attendance in the school district. A "recognized school" means any public school which meets the standards as established for recognition by the State Board of Education. A school district or attendance center not having recognition status at the end of a school term is entitled to receive State aid payments due upon a legal claim which was filed while it was recognized.

(b) School district claims filed under this Section are subject to Sections 18-9 and 18-12, except as otherwise provided in this Section.

(c) If a school district operates a full year school under Section 10-19.1, the general State aid to the school district shall be determined by the State Board of Education in accordance with this Section as near as may be applicable.

(d) (Blank).

(4) Except as provided in subsections (H) and (L), the board of any district receiving any of the grants provided for in this Section may apply those funds to any fund so received for which that board is authorized to make expenditures by law.

School districts are not required to exert a minimum Operating Tax Rate in order to qualify for assistance under this Section.

(5) As used in this Section the following terms, when capitalized, shall have the meaning ascribed herein:

(a) "Average Daily Attendance": A count of pupil attendance in school, averaged as provided for in subsection (C) and utilized in deriving per pupil financial support levels.

(b) "Available Local Resources": A computation of local financial support, calculated on the basis of Average Daily Attendance and derived as provided pursuant to subsection (D).

(c) "Corporate Personal Property Replacement Taxes": Funds paid to local school districts pursuant to "An Act in relation to the abolition of ad valorem personal property tax and the replacement of revenues lost thereby, and amending and repealing certain Acts and parts of Acts in

connection therewith", certified August 14, 1979, as amended (Public Act 81-1st S.S.-1).

(d) "Foundation Level": A prescribed level of per pupil financial support as provided for in subsection (B).

(e) "Operating Tax Rate": All school district property taxes extended for all purposes, except Bond and Interest, Summer School, Rent, Capital Improvement, and Vocational Education Building purposes.

(B) Foundation Level.

(1) The Foundation Level is a figure established by the State representing the minimum level of per pupil financial support that should be available to provide for the basic education of each pupil in Average Daily Attendance. As set forth in this Section, each school district is assumed to exert a sufficient local taxing effort such that, in combination with the aggregate of general State financial aid provided the district, an aggregate of State and local resources are available to meet the basic education needs of pupils in the district.

(2) For the 1998-1999 school year, the Foundation Level of support is \$4,225. For the 1999-2000 school year, the Foundation Level of support is \$4,325. For the 2000-2001 school year, the Foundation Level of support is \$4,425. For the 2001-2002 school year and 2002-2003 school year, the Foundation Level of support is \$4,560. For the 2003-2004 school year, the Foundation Level of support is \$4,810. For the 2004-2005 school year, the Foundation Level of support is \$4,964. For the 2005-2006 school year, the Foundation Level of support is \$5,164. For the 2006-2007 school year, the Foundation Level of support is \$5,334.

(3) For the ~~2007-2008~~ ~~2006-2007~~ school year and each school year thereafter, the Foundation Level of support is ~~\$5,721~~ \$5,334 or such greater amount as may be established by law by the General Assembly.

(C) Average Daily Attendance.

(1) For purposes of calculating general State aid pursuant to subsection (E), an Average Daily Attendance figure shall be utilized. The Average Daily Attendance figure for formula calculation purposes shall be the monthly average of the actual number of pupils in attendance of each school district, as further averaged for the best 3 months of pupil attendance for each school district. In compiling the figures for the number of pupils in attendance, school districts and the State Board of Education shall, for purposes of general State aid funding, conform attendance figures to the requirements of subsection (F).

(2) The Average Daily Attendance figures utilized in subsection (E) shall be the requisite attendance data for the school year immediately preceding the school year for which general State aid is being calculated or the average of the attendance data for the 3 preceding school years, whichever is greater. The Average Daily Attendance figures utilized in subsection (H) shall be the requisite attendance data for the school year immediately preceding the school year for which general State aid is being calculated.

(D) Available Local Resources.

(1) For purposes of calculating general State aid pursuant to subsection (E), a representation of Available Local Resources per pupil, as that term is defined and determined in this subsection, shall be utilized. Available Local Resources per pupil shall include a calculated dollar amount representing local school district revenues from local property taxes and from Corporate Personal Property Replacement Taxes, expressed on the basis of pupils in Average Daily Attendance. Calculation of Available Local Resources shall exclude any tax amnesty funds received as a result of Public Act 93-26.

(2) In determining a school district's revenue from local property taxes, the State Board of Education shall utilize the equalized assessed valuation of all taxable property of each school district as of September 30 of the previous year. The equalized assessed valuation utilized shall be obtained and determined as provided in subsection (G).

(3) For school districts maintaining grades kindergarten through 12, local property tax revenues per pupil shall be calculated as the product of the applicable equalized assessed valuation for the district multiplied by 3.00%, and divided by the district's Average Daily Attendance figure. For school districts maintaining grades kindergarten through 8, local property tax revenues per pupil shall be calculated as the product of the applicable equalized assessed valuation for the district multiplied by 2.30%, and divided by the district's Average Daily Attendance figure. For school districts maintaining grades 9 through 12, local property tax revenues per pupil shall be the applicable equalized assessed valuation of the district multiplied by 1.05%, and divided by the district's Average Daily Attendance figure.

For partial elementary unit districts created pursuant to Article 11E of this Code, local property tax revenues per pupil shall be calculated as the product of the equalized assessed valuation for property within the elementary and high school classification of the partial elementary unit district multiplied by 2.06% and divided by the Average Daily Attendance figure for grades kindergarten through 8, plus the product of the

equalized assessed valuation for property within the high school only classification of the partial elementary unit district multiplied by 0.94% and divided by the Average Daily Attendance figure for grades 9 through 12.

(4) The Corporate Personal Property Replacement Taxes paid to each school district during the calendar year 2 years before the calendar year in which a school year begins, divided by the Average Daily Attendance figure for that district, shall be added to the local property tax revenues per pupil as derived by the application of the immediately preceding paragraph (3). The sum of these per pupil figures for each school district shall constitute Available Local Resources as that term is utilized in subsection (E) in the calculation of general State aid.

(E) Computation of General State Aid.

(1) For each school year, the amount of general State aid allotted to a school district shall be computed by the State Board of Education as provided in this subsection.

(2) For any school district for which Available Local Resources per pupil is less than the product of 0.93 times the Foundation Level, general State aid for that district shall be calculated as an amount equal to the Foundation Level minus Available Local Resources, multiplied by the Average Daily Attendance of the school district.

(3) For any school district for which Available Local Resources per pupil is equal to or greater than the product of 0.93 times the Foundation Level and less than the product of 1.75 times the Foundation Level, the general State aid per pupil shall be a decimal proportion of the Foundation Level derived using a linear algorithm. Under this linear algorithm, the calculated general State aid per pupil shall decline in direct linear fashion from 0.07 times the Foundation Level for a school district with Available Local Resources equal to the product of 0.93 times the Foundation Level, to 0.05 times the Foundation Level for a school district with Available Local Resources equal to the product of 1.75 times the Foundation Level. The allocation of general State aid for school districts subject to this paragraph 3 shall be the calculated general State aid per pupil figure multiplied by the Average Daily Attendance of the school district.

(4) For any school district for which Available Local Resources per pupil equals or exceeds the product of 1.75 times the Foundation Level, the general State aid for the school district shall be calculated as the product of \$218 multiplied by the Average Daily Attendance of the school district.

(5) The amount of general State aid allocated to a school district for the 1999-2000 school year meeting the requirements set forth in paragraph (4) of subsection (G) shall be increased by an amount equal to the general State aid that would have been received by the district for the 1998-1999 school year by utilizing the Extension Limitation Equalized Assessed Valuation as calculated in paragraph (4) of subsection (G) less the general State aid allotted for the 1998-1999 school year. This amount shall be deemed a one time increase, and shall not affect any future general State aid allocations.

(F) Compilation of Average Daily Attendance.

(1) Each school district shall, by July 1 of each year, submit to the State Board of Education, on forms prescribed by the State Board of Education, attendance figures for the school year that began in the preceding calendar year. The attendance information so transmitted shall identify the average daily attendance figures for each month of the school year. Beginning with the general State aid claim form for the 2002-2003 school year, districts shall calculate Average Daily Attendance as provided in subdivisions (a), (b), and (c) of this paragraph (1).

(a) In districts that do not hold year-round classes, days of attendance in August shall be added to the month of September and any days of attendance in June shall be added to the month of May.

(b) In districts in which all buildings hold year-round classes, days of attendance in July and August shall be added to the month of September and any days of attendance in June shall be added to the month of May.

(c) In districts in which some buildings, but not all, hold year-round classes, for the non-year-round buildings, days of attendance in August shall be added to the month of September and any days of attendance in June shall be added to the month of May. The average daily attendance for the year-round buildings shall be computed as provided in subdivision (b) of this paragraph (1). To calculate the Average Daily Attendance for the district, the average daily attendance for the year-round buildings shall be multiplied by the days in session for the non-year-round buildings for each month and added to the monthly attendance of the non-year-round buildings.

Except as otherwise provided in this Section, days of attendance by pupils shall be counted only for sessions of not less than 5 clock hours of school work per day under direct supervision of: (i) teachers, or (ii) non-teaching personnel or volunteer personnel when engaging in non-teaching duties and supervising in

those instances specified in subsection (a) of Section 10-22.34 and paragraph 10 of Section 34-18, with pupils of legal school age and in kindergarten and grades 1 through 12.

Days of attendance by tuition pupils shall be accredited only to the districts that pay the tuition to a recognized school.

(2) Days of attendance by pupils of less than 5 clock hours of school shall be subject to the following provisions in the compilation of Average Daily Attendance.

(a) Pupils regularly enrolled in a public school for only a part of the school day may be counted on the basis of 1/6 day for every class hour of instruction of 40 minutes or more attended pursuant to such enrollment, unless a pupil is enrolled in a block-schedule format of 80 minutes or more of instruction, in which case the pupil may be counted on the basis of the proportion of minutes of school work completed each day to the minimum number of minutes that school work is required to be held that day.

(b) Days of attendance may be less than 5 clock hours on the opening and closing of the school term, and upon the first day of pupil attendance, if preceded by a day or days utilized as an institute or teachers' workshop.

(c) A session of 4 or more clock hours may be counted as a day of attendance upon certification by the regional superintendent, and approved by the State Superintendent of Education to the extent that the district has been forced to use daily multiple sessions.

(d) A session of 3 or more clock hours may be counted as a day of attendance (1) when the remainder of the school day or at least 2 hours in the evening of that day is utilized for an in-service training program for teachers, up to a maximum of 5 days per school year of which a maximum of 4 days of such 5 days may be used for parent-teacher conferences, provided a district conducts an in-service training program for teachers which has been approved by the State Superintendent of Education; or, in lieu of 4 such days, 2 full days may be used, in which event each such day may be counted as a day of attendance; and (2) when days in addition to those provided in item (1) are scheduled by a school pursuant to its school improvement plan adopted under Article 34 or its revised or amended school improvement plan adopted under Article 2, provided that (i) such sessions of 3 or more clock hours are scheduled to occur at regular intervals, (ii) the remainder of the school days in which such sessions occur are utilized for in-service training programs or other staff development activities for teachers, and (iii) a sufficient number of minutes of school work under the direct supervision of teachers are added to the school days between such regularly scheduled sessions to accumulate not less than the number of minutes by which such sessions of 3 or more clock hours fall short of 5 clock hours. Any full days used for the purposes of this paragraph shall not be considered for computing average daily attendance. Days scheduled for in-service training programs, staff development activities, or parent-teacher conferences may be scheduled separately for different grade levels and different attendance centers of the district.

(e) A session of not less than one clock hour of teaching hospitalized or homebound pupils on-site or by telephone to the classroom may be counted as 1/2 day of attendance, however these pupils must receive 4 or more clock hours of instruction to be counted for a full day of attendance.

(f) A session of at least 4 clock hours may be counted as a day of attendance for first grade pupils, and pupils in full day kindergartens, and a session of 2 or more hours may be counted as 1/2 day of attendance by pupils in kindergartens which provide only 1/2 day of attendance.

(g) For children with disabilities who are below the age of 6 years and who cannot attend 2 or more clock hours because of their disability or immaturity, a session of not less than one clock hour may be counted as 1/2 day of attendance; however for such children whose educational needs so require a session of 4 or more clock hours may be counted as a full day of attendance.

(h) A recognized kindergarten which provides for only 1/2 day of attendance by each pupil shall not have more than 1/2 day of attendance counted in any one day. However, kindergartens may count 2 1/2 days of attendance in any 5 consecutive school days. When a pupil attends such a kindergarten for 2 half days on any one school day, the pupil shall have the following day as a day absent from school, unless the school district obtains permission in writing from the State Superintendent of Education. Attendance at kindergartens which provide for a full day of attendance by each pupil shall be counted the same as attendance by first grade pupils. Only the first year of attendance in one kindergarten shall be counted, except in case of children who entered the kindergarten in their fifth year whose educational development requires a second year of kindergarten as determined under the rules and regulations of the State Board of Education.

(i) On the days when the Prairie State Achievement Examination is administered under subsection (c) of Section 2-3.64 of this Code, the day of attendance for a pupil whose school day must be

shortened to accommodate required testing procedures may be less than 5 clock hours and shall be counted towards the 176 days of actual pupil attendance required under Section 10-19 of this Code, provided that a sufficient number of minutes of school work in excess of 5 clock hours are first completed on other school days to compensate for the loss of school work on the examination days.

(G) Equalized Assessed Valuation Data.

(1) For purposes of the calculation of Available Local Resources required pursuant to subsection (D), the State Board of Education shall secure from the Department of Revenue the value as equalized or assessed by the Department of Revenue of all taxable property of every school district, together with (i) the applicable tax rate used in extending taxes for the funds of the district as of September 30 of the previous year and (ii) the limiting rate for all school districts subject to property tax extension limitations as imposed under the Property Tax Extension Limitation Law.

The Department of Revenue shall add to the equalized assessed value of all taxable property of each school district situated entirely or partially within a county that is or was subject to the alternative general homestead exemption provisions of Section 15-176 of the Property Tax Code (a) an amount equal to the total amount by which the homestead exemption allowed under Section 15-176 of the Property Tax Code for real property situated in that school district exceeds the total amount that would have been allowed in that school district if the maximum reduction under Section 15-176 was (i) \$4,500 in Cook County or \$3,500 in all other counties in tax year 2003 or (ii) \$5,000 in all counties in tax year 2004 and thereafter and (b) an amount equal to the aggregate amount for the taxable year of all additional exemptions under Section 15-175 of the Property Tax Code for owners with a household income of \$30,000 or less. The county clerk of any county that is or was subject to the alternative general homestead exemption provisions of Section 15-176 of the Property Tax Code shall annually calculate and certify to the Department of Revenue for each school district all homestead exemption amounts under Section 15-176 of the Property Tax Code and all amounts of additional exemptions under Section 15-175 of the Property Tax Code for owners with a household income of \$30,000 or less. It is the intent of this paragraph that if the general homestead exemption for a parcel of property is determined under Section 15-176 of the Property Tax Code rather than Section 15-175, then the calculation of Available Local Resources shall not be affected by the difference, if any, between the amount of the general homestead exemption allowed for that parcel of property under Section 15-176 of the Property Tax Code and the amount that would have been allowed had the general homestead exemption for that parcel of property been determined under Section 15-175 of the Property Tax Code. It is further the intent of this paragraph that if additional exemptions are allowed under Section 15-175 of the Property Tax Code for owners with a household income of less than \$30,000, then the calculation of Available Local Resources shall not be affected by the difference, if any, because of those additional exemptions.

This equalized assessed valuation, as adjusted further by the requirements of this subsection, shall be utilized in the calculation of Available Local Resources.

(2) The equalized assessed valuation in paragraph (1) shall be adjusted, as applicable, in the following manner:

(a) For the purposes of calculating State aid under this Section, with respect to any part of a school district within a redevelopment project area in respect to which a municipality has adopted tax increment allocation financing pursuant to the Tax Increment Allocation Redevelopment Act, Sections 11-74.4-1 through 11-74.4-11 of the Illinois Municipal Code or the Industrial Jobs Recovery Law, Sections 11-74.6-1 through 11-74.6-50 of the Illinois Municipal Code, no part of the current equalized assessed valuation of real property located in any such project area which is attributable to an increase above the total initial equalized assessed valuation of such property shall be used as part of the equalized assessed valuation of the district, until such time as all redevelopment project costs have been paid, as provided in Section 11-74.4-8 of the Tax Increment Allocation Redevelopment Act or in Section 11-74.6-35 of the Industrial Jobs Recovery Law. For the purpose of the equalized assessed valuation of the district, the total initial equalized assessed valuation or the current equalized assessed valuation, whichever is lower, shall be used until such time as all redevelopment project costs have been paid.

(b) The real property equalized assessed valuation for a school district shall be adjusted by subtracting from the real property value as equalized or assessed by the Department of Revenue for the district an amount computed by dividing the amount of any abatement of taxes under Section 18-170 of the Property Tax Code by 3.00% for a district maintaining grades kindergarten through 12, by 2.30% for a district maintaining grades kindergarten through 8, or by 1.05% for a district maintaining grades 9 through 12 and adjusted by an amount computed by dividing the amount of any

abatement of taxes under subsection (a) of Section 18-165 of the Property Tax Code by the same percentage rates for district type as specified in this subparagraph (b).

(3) For the 1999-2000 school year and each school year thereafter, if a school district meets all of the criteria of this subsection (G)(3), the school district's Available Local Resources shall be calculated under subsection (D) using the district's Extension Limitation Equalized Assessed Valuation as calculated under this subsection (G)(3).

For purposes of this subsection (G)(3) the following terms shall have the following meanings:

"Budget Year": The school year for which general State aid is calculated and awarded under subsection (E).

"Base Tax Year": The property tax levy year used to calculate the Budget Year allocation of general State aid.

"Preceding Tax Year": The property tax levy year immediately preceding the Base Tax Year.

"Base Tax Year's Tax Extension": The product of the equalized assessed valuation utilized by the County Clerk in the Base Tax Year multiplied by the limiting rate as calculated by the County Clerk and defined in the Property Tax Extension Limitation Law.

"Preceding Tax Year's Tax Extension": The product of the equalized assessed valuation utilized by the County Clerk in the Preceding Tax Year multiplied by the Operating Tax Rate as defined in subsection (A).

"Extension Limitation Ratio": A numerical ratio, certified by the County Clerk, in which the numerator is the Base Tax Year's Tax Extension and the denominator is the Preceding Tax Year's Tax Extension.

"Operating Tax Rate": The operating tax rate as defined in subsection (A).

If a school district is subject to property tax extension limitations as imposed under the Property Tax Extension Limitation Law, the State Board of Education shall calculate the Extension Limitation Equalized Assessed Valuation of that district. For the 1999-2000 school year, the Extension Limitation Equalized Assessed Valuation of a school district as calculated by the State Board of Education shall be equal to the product of the district's 1996 Equalized Assessed Valuation and the district's Extension Limitation Ratio. For the 2000-2001 school year and each school year thereafter, the Extension Limitation Equalized Assessed Valuation of a school district as calculated by the State Board of Education shall be equal to the product of the Equalized Assessed Valuation last used in the calculation of general State aid and the district's Extension Limitation Ratio. If the Extension Limitation Equalized Assessed Valuation of a school district as calculated under this subsection (G)(3) is less than the district's equalized assessed valuation as calculated pursuant to subsections (G)(1) and (G)(2), then for purposes of calculating the district's general State aid for the Budget Year pursuant to subsection (E), that Extension Limitation Equalized Assessed Valuation shall be utilized to calculate the district's Available Local Resources under subsection (D).

Partial elementary unit districts created in accordance with Article 11E of this Code shall not be eligible for the adjustment in this subsection (G)(3) until the fifth year following the effective date of the reorganization.

(4) For the purposes of calculating general State aid for the 1999-2000 school year only, if a school district experienced a triennial reassessment on the equalized assessed valuation used in calculating its general State financial aid apportionment for the 1998-1999 school year, the State Board of Education shall calculate the Extension Limitation Equalized Assessed Valuation that would have been used to calculate the district's 1998-1999 general State aid. This amount shall equal the product of the equalized assessed valuation used to calculate general State aid for the 1997-1998 school year and the district's Extension Limitation Ratio. If the Extension Limitation Equalized Assessed Valuation of the school district as calculated under this paragraph (4) is less than the district's equalized assessed valuation utilized in calculating the district's 1998-1999 general State aid allocation, then for purposes of calculating the district's general State aid pursuant to paragraph (5) of subsection (E), that Extension Limitation Equalized Assessed Valuation shall be utilized to calculate the district's Available Local Resources.

(5) For school districts having a majority of their equalized assessed valuation in any county except Cook, DuPage, Kane, Lake, McHenry, or Will, if the amount of general State aid allocated to the school district for the 1999-2000 school year under the provisions of subsection (E), (H), and (J) of this Section is less than the amount of general State aid allocated to the district for the 1998-1999 school year under these subsections, then the general State aid of the district for the 1999-2000 school year only shall be increased by the difference between these amounts. The total payments made under this paragraph (5) shall not exceed \$14,000,000. Claims shall be prorated if they exceed \$14,000,000.

(H) Supplemental General State Aid.

(1) In addition to the general State aid a school district is allotted pursuant to subsection (E), qualifying school districts shall receive a grant, paid in conjunction with a district's payments of general State aid, for supplemental general State aid based upon the concentration level of children from low-income households within the school district. Supplemental State aid grants provided for school districts under this subsection shall be appropriated for distribution to school districts as part of the same line item in which the general State financial aid of school districts is appropriated under this Section. If the appropriation in any fiscal year for general State aid and supplemental general State aid is insufficient to pay the amounts required under the general State aid and supplemental general State aid calculations, then the State Board of Education shall ensure that each school district receives the full amount due for general State aid and the remainder of the appropriation shall be used for supplemental general State aid, which the State Board of Education shall calculate and pay to eligible districts on a prorated basis.

(1.5) This paragraph (1.5) applies only to those school years preceding the 2003-2004 school year. For purposes of this subsection (H), the term "Low-Income Concentration Level" shall be the low-income eligible pupil count from the most recently available federal census divided by the Average Daily Attendance of the school district. If, however, (i) the percentage decrease from the 2 most recent federal censuses in the low-income eligible pupil count of a high school district with fewer than 400 students exceeds by 75% or more the percentage change in the total low-income eligible pupil count of contiguous elementary school districts, whose boundaries are coterminous with the high school district, or (ii) a high school district within 2 counties and serving 5 elementary school districts, whose boundaries are coterminous with the high school district, has a percentage decrease from the 2 most recent federal censuses in the low-income eligible pupil count and there is a percentage increase in the total low-income eligible pupil count of a majority of the elementary school districts in excess of 50% from the 2 most recent federal censuses, then the high school district's low-income eligible pupil count from the earlier federal census shall be the number used as the low-income eligible pupil count for the high school district, for purposes of this subsection (H). The changes made to this paragraph (1) by Public Act 92-28 shall apply to supplemental general State aid grants for school years preceding the 2003-2004 school year that are paid in fiscal year 1999 or thereafter and to any State aid payments made in fiscal year 1994 through fiscal year 1998 pursuant to subsection 1(n) of Section 18-8 of this Code (which was repealed on July 1, 1998), and any high school district that is affected by Public Act 92-28 is entitled to a recomputation of its supplemental general State aid grant or State aid paid in any of those fiscal years. This recomputation shall not be affected by any other funding.

(1.10) This paragraph (1.10) applies to the 2003-2004 school year and each school year thereafter. For purposes of this subsection (H), the term "Low-Income Concentration Level" shall, for each fiscal year, be the low-income eligible pupil count as of July 1 of the immediately preceding fiscal year (as determined by the Department of Human Services based on the number of pupils who are eligible for at least one of the following low income programs: Medicaid, KidCare, TANF, or Food Stamps, excluding pupils who are eligible for services provided by the Department of Children and Family Services, averaged over the 2 immediately preceding fiscal years for fiscal year 2004 and over the 3 immediately preceding fiscal years for each fiscal year thereafter) divided by the Average Daily Attendance of the school district.

(2) Supplemental general State aid pursuant to this subsection (H) shall be provided as follows for the 1998-1999, 1999-2000, and 2000-2001 school years only:

(a) For any school district with a Low Income Concentration Level of at least 20% and less than 35%, the grant for any school year shall be \$800 multiplied by the low income eligible pupil count.

(b) For any school district with a Low Income Concentration Level of at least 35% and less than 50%, the grant for the 1998-1999 school year shall be \$1,100 multiplied by the low income eligible pupil count.

(c) For any school district with a Low Income Concentration Level of at least 50% and less than 60%, the grant for the 1998-99 school year shall be \$1,500 multiplied by the low income eligible pupil count.

(d) For any school district with a Low Income Concentration Level of 60% or more, the grant for the 1998-99 school year shall be \$1,900 multiplied by the low income eligible pupil count.

(e) For the 1999-2000 school year, the per pupil amount specified in subparagraphs (b), (c), and (d) immediately above shall be increased to \$1,243, \$1,600, and \$2,000, respectively.

(f) For the 2000-2001 school year, the per pupil amounts specified in subparagraphs (b), (c), and (d) immediately above shall be \$1,273, \$1,640, and \$2,050, respectively.

(2.5) Supplemental general State aid pursuant to this subsection (H) shall be provided as follows for the 2002-2003 school year:

(a) For any school district with a Low Income Concentration Level of less than 10%, the grant for each school year shall be \$355 multiplied by the low income eligible pupil count.

(b) For any school district with a Low Income Concentration Level of at least 10% and less than 20%, the grant for each school year shall be \$675 multiplied by the low income eligible pupil count.

(c) For any school district with a Low Income Concentration Level of at least 20% and less than 35%, the grant for each school year shall be \$1,330 multiplied by the low income eligible pupil count.

(d) For any school district with a Low Income Concentration Level of at least 35% and less than 50%, the grant for each school year shall be \$1,362 multiplied by the low income eligible pupil count.

(e) For any school district with a Low Income Concentration Level of at least 50% and less than 60%, the grant for each school year shall be \$1,680 multiplied by the low income eligible pupil count.

(f) For any school district with a Low Income Concentration Level of 60% or more, the grant for each school year shall be \$2,080 multiplied by the low income eligible pupil count.

(2.10) Except as otherwise provided, supplemental general State aid pursuant to this subsection (H) shall be provided as follows for the 2003-2004 school year and each school year thereafter:

(a) For any school district with a Low Income Concentration Level of 15% or less, the grant for each school year shall be \$355 multiplied by the low income eligible pupil count.

(b) For any school district with a Low Income Concentration Level greater than 15%, the grant for each school year shall be \$294.25 added to the product of \$2,700 and the square of the Low Income Concentration Level, all multiplied by the low income eligible pupil count.

For the 2003-2004 school year and each school year through the 2007-2008 school year, ~~2004-2005 school year, 2005-2006 school year, and 2006-2007 school year~~ only, the grant shall be no less than the grant for the 2002-2003 school year. For the 2008-2009 ~~2007-2008~~ school year only, the grant shall be no less than the grant for the 2002-2003 school year multiplied by 0.66. For the 2009-2010 ~~2008-2009~~ school year only, the grant shall be no less than the grant for the 2002-2003 school year multiplied by 0.33. Notwithstanding the provisions of this paragraph to the contrary, if for any school year supplemental general State aid grants are prorated as provided in paragraph (1) of this subsection (H), then the grants under this paragraph shall be prorated.

For the 2003-2004 school year only, the grant shall be no greater than the grant received during the 2002-2003 school year added to the product of 0.25 multiplied by the difference between the grant amount calculated under subsection (a) or (b) of this paragraph (2.10), whichever is applicable, and the grant received during the 2002-2003 school year. For the 2004-2005 school year only, the grant shall be no greater than the grant received during the 2002-2003 school year added to the product of 0.50 multiplied by the difference between the grant amount calculated under subsection (a) or (b) of this paragraph (2.10), whichever is applicable, and the grant received during the 2002-2003 school year. For the 2005-2006 school year only, the grant shall be no greater than the grant received during the 2002-2003 school year added to the product of 0.75 multiplied by the difference between the grant amount calculated under subsection (a) or (b) of this paragraph (2.10), whichever is applicable, and the grant received during the 2002-2003 school year.

(3) School districts with an Average Daily Attendance of more than 1,000 and less than 50,000 that qualify for supplemental general State aid pursuant to this subsection shall submit a plan to the State Board of Education prior to October 30 of each year for the use of the funds resulting from this grant of supplemental general State aid for the improvement of instruction in which priority is given to meeting the education needs of disadvantaged children. Such plan shall be submitted in accordance with rules and regulations promulgated by the State Board of Education.

(4) School districts with an Average Daily Attendance of 50,000 or more that qualify for supplemental general State aid pursuant to this subsection shall be required to distribute from funds available pursuant to this Section, no less than \$261,000,000 in accordance with the following requirements:

(a) The required amounts shall be distributed to the attendance centers within the district in proportion to the number of pupils enrolled at each attendance center who are eligible to receive free or reduced-price lunches or breakfasts under the federal Child Nutrition Act of 1966 and under the National School Lunch Act during the immediately preceding school year.

(b) The distribution of these portions of supplemental and general State aid among attendance centers according to these requirements shall not be compensated for or contravened by adjustments of the total of other funds appropriated to any attendance centers, and the Board of Education shall utilize funding from one or several sources in order to fully implement this provision annually prior to the opening of school.

(c) Each attendance center shall be provided by the school district a distribution of noncategorical funds and other categorical funds to which an attendance center is entitled under law in order that the general State aid and supplemental general State aid provided by application of this subsection supplements rather than supplants the noncategorical funds and other categorical funds provided by the school district to the attendance centers.

(d) Any funds made available under this subsection that by reason of the provisions of this subsection are not required to be allocated and provided to attendance centers may be used and appropriated by the board of the district for any lawful school purpose.

(e) Funds received by an attendance center pursuant to this subsection shall be used by the attendance center at the discretion of the principal and local school council for programs to improve educational opportunities at qualifying schools through the following programs and services: early childhood education, reduced class size or improved adult to student classroom ratio, enrichment programs, remedial assistance, attendance improvement, and other educationally beneficial expenditures which supplement the regular and basic programs as determined by the State Board of Education. Funds provided shall not be expended for any political or lobbying purposes as defined by board rule.

(f) Each district subject to the provisions of this subdivision (H)(4) shall submit an acceptable plan to meet the educational needs of disadvantaged children, in compliance with the requirements of this paragraph, to the State Board of Education prior to July 15 of each year. This plan shall be consistent with the decisions of local school councils concerning the school expenditure plans developed in accordance with part 4 of Section 34-2.3. The State Board shall approve or reject the plan within 60 days after its submission. If the plan is rejected, the district shall give written notice of intent to modify the plan within 15 days of the notification of rejection and then submit a modified plan within 30 days after the date of the written notice of intent to modify. Districts may amend approved plans pursuant to rules promulgated by the State Board of Education.

Upon notification by the State Board of Education that the district has not submitted a plan prior to July 15 or a modified plan within the time period specified herein, the State aid funds affected by that plan or modified plan shall be withheld by the State Board of Education until a plan or modified plan is submitted.

If the district fails to distribute State aid to attendance centers in accordance with an approved plan, the plan for the following year shall allocate funds, in addition to the funds otherwise required by this subsection, to those attendance centers which were underfunded during the previous year in amounts equal to such underfunding.

For purposes of determining compliance with this subsection in relation to the requirements of attendance center funding, each district subject to the provisions of this subsection shall submit as a separate document by December 1 of each year a report of expenditure data for the prior year in addition to any modification of its current plan. If it is determined that there has been a failure to comply with the expenditure provisions of this subsection regarding contravention or supplanting, the State Superintendent of Education shall, within 60 days of receipt of the report, notify the district and any affected local school council. The district shall within 45 days of receipt of that notification inform the State Superintendent of Education of the remedial or corrective action to be taken, whether by amendment of the current plan, if feasible, or by adjustment in the plan for the following year. Failure to provide the expenditure report or the notification of remedial or corrective action in a timely manner shall result in a withholding of the affected funds.

The State Board of Education shall promulgate rules and regulations to implement the provisions of this subsection. No funds shall be released under this subdivision (H)(4) to any district that has not submitted a plan that has been approved by the State Board of Education.

(I) (Blank).

(J) Supplementary Grants in Aid.

(1) Notwithstanding any other provisions of this Section, the amount of the aggregate general State aid in combination with supplemental general State aid under this Section for which each school district is eligible shall be no less than the amount of the aggregate general State aid entitlement that was received by the district under Section 18-8 (exclusive of amounts received under subsections 5(p) and 5(p-5) of that

Section) for the 1997-98 school year, pursuant to the provisions of that Section as it was then in effect. If a school district qualifies to receive a supplementary payment made under this subsection (J), the amount of the aggregate general State aid in combination with supplemental general State aid under this Section which that district is eligible to receive for each school year shall be no less than the amount of the aggregate general State aid entitlement that was received by the district under Section 18-8 (exclusive of amounts received under subsections 5(p) and 5(p-5) of that Section) for the 1997-1998 school year, pursuant to the provisions of that Section as it was then in effect.

(2) If, as provided in paragraph (1) of this subsection (J), a school district is to receive aggregate general State aid in combination with supplemental general State aid under this Section for the 1998-99 school year and any subsequent school year that in any such school year is less than the amount of the aggregate general State aid entitlement that the district received for the 1997-98 school year, the school district shall also receive, from a separate appropriation made for purposes of this subsection (J), a supplementary payment that is equal to the amount of the difference in the aggregate State aid figures as described in paragraph (1).

(3) (Blank).

(K) Grants to Laboratory and Alternative Schools.

In calculating the amount to be paid to the governing board of a public university that operates a laboratory school under this Section or to any alternative school that is operated by a regional superintendent of schools, the State Board of Education shall require by rule such reporting requirements as it deems necessary.

As used in this Section, "laboratory school" means a public school which is created and operated by a public university and approved by the State Board of Education. The governing board of a public university which receives funds from the State Board under this subsection (K) may not increase the number of students enrolled in its laboratory school from a single district, if that district is already sending 50 or more students, except under a mutual agreement between the school board of a student's district of residence and the university which operates the laboratory school. A laboratory school may not have more than 1,000 students, excluding students with disabilities in a special education program.

As used in this Section, "alternative school" means a public school which is created and operated by a Regional Superintendent of Schools and approved by the State Board of Education. Such alternative schools may offer courses of instruction for which credit is given in regular school programs, courses to prepare students for the high school equivalency testing program or vocational and occupational training. A regional superintendent of schools may contract with a school district or a public community college district to operate an alternative school. An alternative school serving more than one educational service region may be established by the regional superintendents of schools of the affected educational service regions. An alternative school serving more than one educational service region may be operated under such terms as the regional superintendents of schools of those educational service regions may agree.

Each laboratory and alternative school shall file, on forms provided by the State Superintendent of Education, an annual State aid claim which states the Average Daily Attendance of the school's students by month. The best 3 months' Average Daily Attendance shall be computed for each school. The general State aid entitlement shall be computed by multiplying the applicable Average Daily Attendance by the Foundation Level as determined under this Section.

(L) Payments, Additional Grants in Aid and Other Requirements.

(1) For a school district operating under the financial supervision of an Authority created under Article 34A, the general State aid otherwise payable to that district under this Section, but not the supplemental general State aid, shall be reduced by an amount equal to the budget for the operations of the Authority as certified by the Authority to the State Board of Education, and an amount equal to such reduction shall be paid to the Authority created for such district for its operating expenses in the manner provided in Section 18-11. The remainder of general State school aid for any such district shall be paid in accordance with Article 34A when that Article provides for a disposition other than that provided by this Article.

(2) (Blank).

(3) Summer school. Summer school payments shall be made as provided in Section 18-4.3.

(M) Education Funding Advisory Board.

The Education Funding Advisory Board, hereinafter in this subsection (M) referred to as the "Board", is hereby created. The Board shall consist of 5 members who are appointed by the Governor, by and with the advice and consent of the Senate. The members appointed shall include representatives of education, business, and the general public. One of the members so appointed shall be designated by the Governor at the time the appointment is made as the chairperson of the Board. The initial members of the Board may be

appointed any time after the effective date of this amendatory Act of 1997. The regular term of each member of the Board shall be for 4 years from the third Monday of January of the year in which the term of the member's appointment is to commence, except that of the 5 initial members appointed to serve on the Board, the member who is appointed as the chairperson shall serve for a term that commences on the date of his or her appointment and expires on the third Monday of January, 2002, and the remaining 4 members, by lots drawn at the first meeting of the Board that is held after all 5 members are appointed, shall determine 2 of their number to serve for terms that commence on the date of their respective appointments and expire on the third Monday of January, 2001, and 2 of their number to serve for terms that commence on the date of their respective appointments and expire on the third Monday of January, 2000. All members appointed to serve on the Board shall serve until their respective successors are appointed and confirmed. Vacancies shall be filled in the same manner as original appointments. Sec. 4.26. Small trust termination. To terminate the trust and distribute the trust estate, including principal and accrued and undistributed income, if the trustee determines, in the trustee's sole discretion with the consent of the recipients, that the market value of a trust is less than \$100,000 and that the costs of continuing the trust will substantially impair accomplishment of the purpose of the trust.

AMENDMENT NO. 1. Amend Senate Bill 1299 by replacing everything after the enacting clause with the following:

"Section 5. The Public Utilities Act is amended by changing Sections 8-406, 8-503, and 16-118 and by adding Section 20-130 as follows:

(220 ILCS 5/8-406) (from Ch. 111 2/3, par. 8-406)

Sec. 8-406. Certificate of public convenience and necessity.

(a) No public utility not owning any city or village franchise nor engaged in performing any public service or in furnishing any product or commodity within this State as of July 1, 1921 and not possessing a certificate of public convenience and necessity from the Illinois Commerce Commission, the State Public Utilities Commission or the Public Utilities Commission, at the time this amendatory Act of 1985 goes into effect, shall transact any business in this State until it shall have obtained a certificate from the Commission that public convenience and necessity require the transaction of such business.

(b) No public utility shall begin the construction of any new plant, equipment, property or facility which is not in substitution of any existing plant, equipment, property or facility or any extension or alteration thereof or in addition thereto, unless and until it shall have obtained from the Commission a certificate that public convenience and necessity require such construction. Whenever after a hearing the Commission determines that any new construction or the transaction of any business by a public utility will promote the public convenience and is necessary thereto, it shall have the power to issue certificates of public convenience and necessity. The Commission shall determine that proposed construction will promote the

public convenience and necessity only if the utility demonstrates: (1) that the proposed construction is necessary to provide adequate, reliable, and efficient service to its customers and is the least-cost means of satisfying the service needs of its customers or that the proposed construction will promote the development of an effectively competitive electricity market that operates efficiently, is equitable to all customers, and is the least cost means of satisfying those objectives; (2) that the utility is capable of efficiently managing and supervising the construction process and has taken sufficient action to ensure adequate and efficient construction and supervision thereof; and (3) that the utility is capable of financing the proposed construction without significant adverse financial consequences for the utility or its customers.

(c) After the effective date of this amendatory Act of 1987, no construction shall commence on any new nuclear power plant to be located within this State, and no certificate of public convenience and necessity or other authorization shall be issued therefor by the Commission, until the Director of the Illinois Environmental Protection Agency finds that the United States Government, through its authorized agency, has identified and approved a demonstrable technology or means for the disposal of high level nuclear waste, or until such construction has been specifically approved by a statute enacted by the General Assembly.

As used in this Section, "high level nuclear waste" means those aqueous wastes resulting from the operation of the first cycle of the solvent extraction system or equivalent and the concentrated wastes of the subsequent extraction cycles or equivalent in a facility for reprocessing irradiated reactor fuel and shall include spent fuel assemblies prior to fuel reprocessing.

(d) In making its determination, the Commission shall attach primary weight to the cost or cost savings to the customers of the utility. The Commission may consider any or all factors which will or may affect such cost or cost savings.

(e) The Commission may issue a temporary certificate which shall remain in force not to exceed one year in cases of emergency, to assure maintenance of adequate service or to serve particular customers, without notice or hearing, pending the determination of an application for a certificate, and may by regulation exempt from the requirements of this Section temporary acts or operations for which the issuance of a certificate will not be required in the public interest.

A public utility shall not be required to obtain but may apply for and obtain a certificate of public convenience and necessity pursuant to this Section with respect to any matter as to which it has received the authorization or order of the Commission under the Electric Supplier Act, and any such authorization or order granted a public utility by the Commission under that Act shall as between public utilities be deemed to be, and shall have except as provided in that Act the same force and effect as, a certificate of public convenience and necessity issued pursuant to this Section.

No electric cooperative shall be made or shall become a party to or shall be entitled to be heard or to otherwise appear or participate in any proceeding initiated under this Section for authorization of power plant construction and as to matters as to which a remedy is available under The Electric Supplier Act.

(f) Such certificates may be altered or modified by the Commission, upon its own motion or upon application by the person or corporation affected. Unless exercised within a period of 2 years from the grant thereof authority conferred by a certificate of convenience and necessity issued by the Commission shall be null and void.

No certificate of public convenience and necessity shall be construed as granting a monopoly or an exclusive privilege, immunity or franchise.

(220 ILCS 5/8-503) (from Ch. 111 2/3, par. 8-503)

Sec. 8-503. Whenever the Commission, after a hearing, shall find that additions, extensions, repairs or improvements to, or changes in, the existing plant, equipment, apparatus, facilities or other physical property of any public utility or of any 2 or more public utilities are necessary and ought reasonably to be made or that a new structure or structures is or are necessary and should be erected, to promote the security or convenience of its employees or the public or promote the development of an effectively competitive electricity market, or in any other way to secure adequate service or facilities, the Commission shall make and serve an order authorizing or directing that such additions, extensions, repairs, improvements or changes be made, or such structure or structures be erected at the location, in the manner and within the time specified in said order; provided, however, that the Commission shall have no authority to order the construction, addition or extension of any electric generating plant unless the public utility requests a certificate for the construction of the plant pursuant to Section 8-406 and in conjunction with such request also requests the entry of an order under this Section. If any additions, extensions, repairs, improvements or

changes, or any new structure or structures, which the Commission has authorized or ordered to be erected, require joint action by 2 or more public utilities, the Commission shall notify the said public utilities that such additions, extensions, repairs, improvements or changes or new structure or structures have been authorized or ordered and that the same shall be made at the joint cost whereupon the said public utilities shall have such reasonable time as the Commission may grant within which to agree upon the apportionment or division of cost of such additions, extensions, repairs, improvements or changes or new structure or structures, which each shall bear. If at the expiration of such time such public utilities shall fail to file with the Commission a statement that an agreement has been made for a division or apportionment of the cost or expense of such additions, extensions, repairs, improvements or changes, or new structure or structures, the Commission shall have authority, after further hearing, to make an order fixing the proportion of such cost or expense to be borne by each public utility and the manner in which the same shall be paid or secured.

Nothing in this Act shall prevent the Commission, upon its own motion or upon petition, from ordering, after a hearing, the extension, construction, connection or interconnection of plant, equipment, pipe, line, facilities or other physical property of a public utility in whatever configuration the Commission finds necessary to ensure that natural gas is made available to consumers at no increased cost to the customers of the utility supplying the gas.

Whenever the Commission finds, after a hearing, that the public convenience or necessity requires it, the Commission may order public utilities subject to its jurisdiction to work jointly (1) for the purpose of purchasing and distributing natural gas or gas substitutes, provided it shall not increase the cost of gas to the customers of the participating utilities, or (2) for any other reasonable purpose.

(220 ILCS 5/16-118)

Sec. 16-118. Services provided by electric utilities to alternative retail electric suppliers.

(a) It is in the best interest of Illinois energy consumers to promote fair and open competition in the provision of electric power and energy and to prevent anticompetitive practices in the provision of electric power and energy. Therefore, to the extent an electric utility provides electric power and energy or delivery services to alternative retail electric suppliers and such services are not subject to the jurisdiction of the Federal Energy Regulatory Commission, and are not competitive services, they shall be provided through tariffs that are filed with the Commission, pursuant to Article IX of this Act. Each electric utility shall permit alternative retail electric suppliers to interconnect facilities to those owned by the utility provided they meet established standards for such interconnection, and may provide standby or other services to alternative retail electric suppliers. The alternative retail electric supplier shall sign a contract setting forth the prices, terms and conditions for interconnection with the electric utility and the prices, terms and conditions for services provided by the electric utility to the alternative retail electric supplier in connection with the delivery by the electric utility of electric power and energy supplied by the alternative retail electric supplier.

(b) An electric utility shall file a tariff pursuant to Article IX of the Act that would allow alternative retail electric suppliers or electric utilities other than the electric utility in whose service area retail customers are located to issue single bills to the retail customers for both the services provided by such alternative retail electric supplier or other electric utility and the delivery services provided by the electric utility to such customers. The tariff filed pursuant to this subsection shall (i) require partial payments made by retail customers to be credited first to the electric utility's tariffed services, (ii) impose commercially reasonable terms with respect to credit and collection, including requests for deposits, (iii) retain the electric utility's right to disconnect the retail customers, if it does not receive payment for its tariffed services, in the same manner that it would be permitted to if it had billed for the services itself, and (iv) require the alternative retail electric supplier or other electric utility that elects the billing option provided by this tariff to include on each bill to retail customers an identification of the electric utility providing the delivery services and a listing of the charges applicable to such services. The tariff filed pursuant to this subsection may also include other just and reasonable terms and conditions. In addition, an electric utility, an alternative retail electric supplier or electric utility other than the electric utility in whose service area the customer is located, and a customer served by such alternative retail electric supplier or other electric utility, may enter into an agreement pursuant to which the alternative retail electric supplier or other electric utility pays the charges specified in Section 16-108, or other customer-related charges, including taxes and fees, in lieu of such charges being recovered by the electric utility directly from the customer.

(c) An electric utility with more than 100,000 customers shall file a tariff pursuant to Article IX of this Act that provides alternative retail electric suppliers, and electric utilities other than the electric utility in

whose service area the retail customers are located with the option to have the electric utility purchase their receivables for power and energy service provided to retail customers with a non-coincident peak demand of less than 400 kilowatts. Receivables for power and energy of alternative retail electric suppliers or electric utilities other than the electric utility in whose service area the retail customers are located shall be purchased by the electric utility at a just and reasonable discount rate to be reviewed and approved by the Commission after notice and hearing. The discount rate shall be based on the electric utility's historical bad debt and any administrative costs associated with the electric utility's purchase of receivables. The discounted rate for purchase of receivables shall be included in the tariff filed pursuant to this subsection (c). The discount rate filed pursuant to this subsection shall be subject to periodic reconciliations and Commission review. The electric utility shall impose the same terms on retail customers with respect to credit and collection, including requests for deposits, and retain the electric utility's right to disconnect the retail customers, if it does not receive payment for its tariffed services or purchased receivables, in the same manner that it would be permitted to if the retail customers purchased power and energy from the electric utility. The tariff filed pursuant to this subsection (c) may also include other just and reasonable terms and conditions.

(d) An electric utility with more than 100,000 customers shall file a tariff pursuant to Article IX of this Act that would provide alternative retail electric suppliers or electric utilities other than the electric utility in whose service area retail customers are located with the option to have the electric utility produce and provide single bills to the retail customers for both the services provided by the alternative retail electric supplier or other electric utility and the delivery services provided by the electric utility to the customers. The tariffs filed pursuant to this subsection shall require the electric utility to collect and remit customer payments for services provided by alternative retail electric suppliers or electric utilities other than the electric utility in whose service area retail customers are located. The tariff filed pursuant to this subsection shall require the electric utility to include on each bill to retail customers an identification of the alternative retail electric supplier or other electric utility that elects the billing option. The tariff filed pursuant to this subsection (d) may also include other just and reasonable terms and conditions and provide for the recovery of prudently incurred costs associated with the provision of service pursuant to this subsection (d). The costs associated with the provision of service pursuant to this section shall be subject to periodic Commission review.

(e) Within 45 days after the effective date of this amendatory Act of the 95th General Assembly, each electric utility with more than 100,000 customers in this State shall file a tariff pursuant to Article IX of this Act that provides alternative retail electric suppliers with the option to have the electric utility purchase 2 billing cycles worth of uncollectible receivables for power and energy service provided to a retail customer with a non-coincident peak demand of less than 400 kilowatts upon returning that customer to that electric utility for delivery and energy service after that alternative retail electric supplier has made reasonable collection efforts on that account. The electric utility shall recover any prudently incurred administrative expenses incurred in connection with this subsection through its delivery case filings with the Commission but shall not permit the double recovery of utility bad debt expenses from customers.

(220 ILCS 5/20-130 new)

Sec. 20-130. Retail choice and referral programs.

(a) The Commission shall have the authority to establish retail choice and referral programs to be administered by an electric utility or the State in which residential and small commercial customers receive incentives, including, but not limited to, discounted rate introductory offers for switching to participating electric suppliers.

(b) Reasonable costs associated with the implementation and operation of customer choice and referral programs may be recovered in an electric utility's distribution rates. Reasonable costs associated with the implementation and operation of a customer choice program may also be recovered from retail electric suppliers participating in a customer choice and referral program. In no event, however, shall the Commission mandate a cost recovery mechanism without first providing all interested parties notice and an opportunity to be heard in a hearing before the Commission.

(c) The Office of Retail Market Development shall serve as the clearinghouse for the development of retail choice and referral programs and shall work with electric utilities and interested parties on a continuous basis to implement and improve upon the programs. Nothing in this Section, however, shall prevent an electric utility on its own accord from implementing retail choice and referral programs.

(d) Only customers that qualify for utility service shall be eligible for retail choice and referral programs.

(e) The Office of Retail Market Development shall immediately upon the effective date of this

amendatory Act of the 95th General Assembly explore for possible implementation on as expedited basis as possible the following retail choice and referral programs:

(1) An introductory fixed discount program in which suppliers participating in the program offer customers a fixed percentage discount off of the electric utility's supply rate for a set number of billing periods. Customers would be able to enroll in the program by using an online enrollment form, completing an enrollment card found in their monthly electric utility bill, or by calling a toll-free number. Customers would be free to withdraw from the program at any time and select another alternative retail electric supplier or return to the electric utility.

(2) A new customer program in which electric utilities would offer consumers initiating new electric service a choice of offers from participating electric suppliers to provide the consumer's electric supply service. Customers expressing a preference for a specific electric supplier would be enrolled with that supplier. Customers not expressing a preference for a specific electric supplier would be offered the opportunity to enroll with an electric supplier selected randomly on a rotating basis.

(3) A customer service call center referral program in which customers calling an electric utility's call center would be offered enrollment with an alternative retail electric supplier and informed that they have the option to receive immediate savings or introductory offers by participating in the referral program. Customers choosing to participate would be transferred to a customer service representative for the program and would either select the electric supplier from which they would like to take service or be placed with a participating electric supplier chosen at random on a rotating basis.

Nothing in this Section shall prevent the Office of Retail Market Development or the Commission from considering retail choice and referral programs in addition to the programs outlined in this Section.

Section 10. The Consumer Fraud and Deceptive Business Practices Act is amended by changing Section 2EE as follows:

(815 ILCS 505/2EE)

Sec. 2EE. Electric service provider selection. An electric service provider shall not submit or execute a change in a subscriber's selection of a provider of electric service unless and until the request for a change has been confirmed in accordance with one of the following procedures except as follows:

(a) The new electric service provider has obtained the subscriber's ~~customer's~~ written or electronically signed authorization in a form that meets the following requirements:

(1) An electric service provider shall obtain any necessary written authorization from a subscriber for a change in electric service by using a letter of agency as specified in this Section. Any letter of agency that does not conform with this Section is invalid.

(2) The letter of agency shall be a separate document (an easily separable document containing only the authorization language described in subparagraph (a)(5) of this Section) whose sole purpose is to authorize an electric service provider change. The letter of agency must be signed and dated by the subscriber requesting the electric service provider change.

(3) The letter of agency shall not be combined with inducements of any kind on the same document.

(4) Notwithstanding subparagraphs (a)(1) and (a)(2) of this Section, the letter of agency may be combined with checks that contain only the required letter of agency language prescribed in subparagraph (a)(5) paragraph (5) of this Section and the necessary information to make the check a negotiable instrument. The letter of agency check shall not contain any promotional language or material. The letter of agency check shall contain in easily readable, bold-face type on the face of the check, a notice that the consumer is authorizing an electric service provider change by signing the check. The letter of agency language also shall be placed near the signature line on the back of the check.

(5) At a minimum, the letter of agency must be printed with a print of sufficient size to be clearly legible, and must contain clear and unambiguous language that confirms:

(i) The subscriber's billing name and address;

(ii) The decision to change the electric service provider from the current provider to the prospective provider;

(iii) The terms, conditions, and nature of the service to be provided to the subscriber must be clearly and conspicuously disclosed, in writing, and an electric service provider must directly establish the rates for the service contracted for by the subscriber; and

(iv) That the subscriber understand that any electric service provider selection the subscriber chooses may involve a charge to the subscriber for changing the subscriber's electric service provider.

(6) Letters of agency shall not suggest or require that a subscriber take some action

in order to retain the subscriber's current electric service provider.

(7) If any portion of a letter of agency is translated into another language, then all portions of the letter of agency must be translated into that language.

(b) An appropriately qualified independent third party has obtained, in accordance with the procedures set forth in paragraphs (1) through (4) of this subsection (b), the subscriber's oral authorization to change electric suppliers that confirms and includes appropriate verification data. The independent third party (i) must not be owned, managed, controlled, or directed by the supplier or the supplier's marketing agent; (ii) must not have any financial incentive to confirm supplier change requests for the supplier or the supplier's marketing agent; and (iii) must operate in a location physically separate from the supplier or the supplier's marketing agent.

Automated third-party verification systems and 3-way conference calls may be used for verification purposes so long as the other requirements of paragraphs (2) through (4) of this subsection (b) are satisfied.

A supplier or supplier's sales representative initiating a 3-way conference call or a call through an automated verification system must drop off the call once the 3-way connection has been established.

All third-party verification methods shall elicit, at a minimum, the following information: (i) the identity of the subscriber; (ii) confirmation that the person on the call is authorized to make the supplier change; (iii) confirmation that the person on the call wants to make the supplier change; (iv) the names of the suppliers affected by the change; and (v) the service address of the supply to be switched. Third-party verifiers may not market the supplier's services by providing additional information, including information regarding procedures to block or otherwise freeze an account against further changes.

All third-party verifications shall be conducted in the same language that was used in the underlying sales transaction and shall be recorded in their entirety. Submitting suppliers shall maintain and preserve audio records of verification of subscriber authorization for a minimum period of 2 years after obtaining the verification. Automated systems must provide consumers with an option to speak with a live person at any time during the call.

(c) When a subscriber initiates the call to the prospective electric supplier and the prospective electric supplier has, with the consent of the customer, made a date-stamped and time-stamped audio recording that elicits, at a minimum, the following information:

(1) the identity of the subscriber;

(2) confirmation that the person on the call is authorized to make the supplier change;

(3) confirmation that the person on the call wants to make the supplier change;

(4) the names of the suppliers affected by the change; and

(5) the service address of the supply to be switched.

Submitting suppliers shall maintain and preserve the audio records containing the information set forth above for a minimum period of 2 years.

(d) For purposes of this Section, "electric service provider" shall have the meaning given that phrase in Section 6.5 of the Attorney General Act.

(220 ILCS 5/8-205.5 new)

Sec. 8-205.5. Termination of utility service prior to March 31, 2008. (220 ILCS 5/8-406) (from Ch. 111 2/3, par. 8-406)

Sec. 8-406. Certificate of public convenience and necessity.

that public convenience and necessity require the transaction of such business.

(b) No public utility shall begin the construction of any new plant, equipment, property or facility which is not in substitution of any existing plant, equipment, property or facility or any extension or alteration thereof or in addition thereto, unless and until it shall have obtained from the Commission a certificate that public convenience and necessity require such construction. Whenever after a hearing the Commission determines that any new construction or the transaction of any business by a public utility will promote the public convenience and is necessary thereto, it shall have the power to issue certificates of public convenience and necessity. As used in this Section, "high level nuclear waste" means those aqueous wastes resulting from the operation of the first cycle of the solvent extraction system or equivalent and the concentrated wastes of the subsequent extraction cycles or equivalent in a facility for reprocessing irradiated reactor fuel and shall include spent fuel assemblies prior to fuel reprocessing.

(d) In making its determination, the Commission shall attach primary weight to the cost or cost savings to the customers of the utility. The Commission may consider any or all factors which will or may affect such cost or cost savings.

(e) The Commission may issue a temporary certificate which shall remain in force not to exceed one year in cases of emergency, to assure maintenance of adequate service or to serve particular customers, without notice or hearing, pending the determination of an application for a certificate, and may by regulation exempt from the requirements of this Section temporary acts or operations for which the issuance of a certificate will not be required in the public interest.

A public utility shall not be required to obtain but may apply for and obtain a certificate of public convenience and necessity pursuant to this Section with respect to any matter as to which it has received the authorization or order of the Commission under the Electric Supplier Act, and any such authorization or order granted a public utility by the Commission under that Act shall as between public utilities be deemed to be, and shall have except as provided in that Act the same force and effect as, a certificate of public convenience and necessity issued pursuant to this Section.

No electric cooperative shall be made or shall become a party to or shall be entitled to be heard or to otherwise appear or participate in any proceeding initiated under this Section for authorization of power plant construction and as to matters as to which a remedy is available under The Electric Supplier Act.

(f) Such certificates may be altered or modified by the Commission, upon its own motion or upon application by the person or corporation affected. Unless exercised within a period of 2 years from the grant thereof authority conferred by a certificate of convenience and necessity issued by the Commission shall be null and void.

No certificate of public convenience and necessity shall be construed as granting a monopoly or an exclusive privilege, immunity or franchise.

(220 ILCS 5/8-503) (from Ch. 111 2/3, par. 8-503)

Sec. 8-503. Whenever the Commission, after a hearing, shall find that additions, extensions, repairs or improvements to, or changes in, the existing plant, equipment, apparatus, facilities or other physical property of any public utility or of any 2 or more public utilities are necessary and ought reasonably to be made or that a new structure or structures is or are necessary and should be erected, to promote the security

or convenience of its employees or the public or promote the development of an effectively competitive electricity market, or in any other way to secure adequate service or facilities, the Commission shall make and serve an order authorizing or directing that such additions, extensions, repairs, improvements or changes be made, or such structure or structures be erected at the location, in the manner and within the time specified in said order; provided, however, that the Commission shall have no authority to order the construction, addition or extension of any electric generating plant unless the public utility requests a certificate for the construction of the plant pursuant to Section 8-406 and in conjunction with such request also requests the entry of an order under this Section. If any additions, extensions, repairs, improvements or changes, or any new structure or structures, which the Commission has authorized or ordered to be erected, require joint action by 2 or more public utilities, the Commission shall notify the said public utilities that such additions, extensions, repairs, improvements or changes or new structure or structures have been authorized or ordered and that the same shall be made at the joint cost whereupon the said public utilities shall have such reasonable time as the Commission may grant within which to agree upon the apportionment or division of cost of such additions, extensions, repairs, improvements or changes or new structure or structures, which each shall bear. If at the expiration of such time such public utilities shall fail to file with the Commission a statement that an agreement has been made for a division or apportionment of the cost or expense of such additions, extensions, repairs, improvements or changes, or new structure or structures, the Commission shall have authority, after further hearing, to make an order fixing the proportion of such cost or expense to be borne by each public utility and the manner in which the same shall be paid or secured.

Nothing in this Act shall prevent the Commission, upon its own motion or upon petition, from ordering, after a hearing, the extension, construction, connection or interconnection of plant, equipment, pipe, line, facilities or other physical property of a public utility in whatever configuration the Commission finds necessary to ensure that natural gas is made available to consumers at no increased cost to the customers of the utility supplying the gas.

Whenever the Commission finds, after a hearing, that the public convenience or necessity requires it, the Commission may order public utilities subject to its jurisdiction to work jointly (1) for the purpose of purchasing and distributing natural gas or gas substitutes, provided it shall not increase the cost of gas to the customers of the participating utilities, or (2) for any other reasonable purpose.

industrial or manufacturing customer has elected delivery services, the customer shall pay transition charges applicable to the electric power and energy consumed by the third-party contractor unless such charges are otherwise paid by the third party contractor, which shall be calculated based on the usage of, and the base rates or the contract rates applicable to, the third-party contractor in accordance with Section 16-102.

"Base rates" means the rates for those tariffed services that the electric utility is required to offer pursuant to subsection (a) of Section 16-103 and that were identified in a rate order for collection of the electric utility's base rate revenue requirement, excluding (i) separate automatic rate adjustment riders then in effect, (ii) special or negotiated contract rates, (iii) delivery services tariffs filed pursuant to Section 16-108, (iv) real-time pricing, or (v) tariffs that were in effect prior to October 1, 1996 and that based charges for services on an index or average of other utilities' charges, but including (vi) any subsequent redesign of such rates for tariffed services that is authorized by the Commission after notice and hearing.

"Competitive service" includes (i) any service that has been declared to be competitive pursuant to Section 16-113 of this Act, (ii) contract service, and (iii) services, other than tariffed services, that are related to, but not necessary for, the provision of electric power and energy or delivery services.

"Contract service" means (1) services, including the provision of electric power and energy or other services, that are provided by mutual agreement between an electric utility and a retail customer that is located in the electric utility's service area, provided that, delivery services shall not be a contract service until such services are declared competitive pursuant to Section 16-113; and also means (2) the provision of electric power and energy by an electric utility to retail customers outside the electric utility's service area pursuant to Section 16-116. Provided, however, contract service does not include electric utility services provided pursuant to (i) contracts that retail customers are required to execute as a condition of receiving tariffed services, or (ii) special or negotiated rate contracts for electric utility services that were entered into between an electric utility and a retail customer prior to the effective date of this amendatory Act of 1997 and filed with the Commission.

"Delivery services" means those services provided by the electric utility that are necessary in order for the transmission and distribution systems to function so that retail customers located in the electric utility's service area can receive electric power and energy from suppliers other than the electric utility, and shall include, without limitation, standard metering and billing services.

"Electric utility" means a public utility, as defined in Section 3-105 of this Act, that has a franchise, license, permit or right to furnish or sell electricity to retail customers within a service area.

"Mandatory transition period" means the period from the effective date of Public Act 90-561 ~~this amendatory Act of 1997~~ through January 1, 2007.

"Municipal system" shall have the meaning set forth in Section 17-100.

"Real-time pricing" means tariffed retail charges for delivered electric power and energy that vary hour-to-hour and are determined from wholesale market prices using a methodology approved by the Illinois Commerce Commission.

"Residential customer" means those retail customers of an electric utility that receive (i) electric utility service for household purposes distributed to a dwelling of 2 or fewer units that is billed under a residential rate or (ii) electric utility service for household purposes distributed to a dwelling unit or units that is billed under a residential rate and is registered by a separate meter for each dwelling unit.

"Retail customer" means a single entity using electric power or energy at a single premises and that (A) either (i) is receiving or is eligible to receive tariffed services from an electric utility, or (ii) that is served by a municipal system or electric cooperative within any area in which the municipal system or electric cooperative is or would be entitled to provide service under the law in effect immediately prior to the effective date of this amendatory Act of 1997, or (B) an entity which on the effective date of this Act was receiving electric service from a public utility and (i) was engaged in the practice of resale and redistribution of such electricity within a building prior to January 2, 1957, or (ii) was providing lighting services to tenants in a multi-occupancy building, but only to the extent such resale, redistribution or lighting service is authorized by the electric utility's tariffs that were on file with the Commission on the effective date of this Act.

"Service area" means (i) the geographic area within which an electric utility was lawfully entitled to provide electric power and energy to retail customers as of the effective date of this amendatory Act of 1997, and includes (ii) the location of any retail customer to which the electric utility was lawfully providing electric utility services on such effective date.

"Small commercial retail customer" means those nonresidential retail customers of an electric utility consuming 15,000 kilowatt-hours or less of electricity annually in its service area.

"Tariffed service" means services provided to retail customers by an electric utility as defined by its rates on file with the Commission pursuant to the provisions of Article IX of this Act, but shall not include competitive services.

"Transition charge" means a charge expressed in cents per kilowatt-hour that is calculated for a customer or class of customers as follows for each year in which an electric utility is entitled to recover transition charges as provided in Section 16-108:

(1) the amount of revenue that an electric utility would receive from the retail customer or customers if it were serving such customers' electric power and energy requirements as a tariffed service based on (A) all of the customers' actual usage during the 3 years ending 90 days prior to the date on which such customers were first eligible for delivery services pursuant to Section 16-104, and (B) on (i) the base rates in effect on October 1, 1996 (adjusted for the reductions required by subsection (b) of Section 16-111, for any reduction resulting from a rate decrease under Section 16-101(b), for any restatement of base rates made in conjunction with an elimination of the fuel adjustment clause pursuant to subsection (b), (d), or (f) of Section 9-220 and for any removal of decommissioning costs from base rates pursuant to Section 16-114) and any separate automatic rate adjustment riders (other than a decommissioning rate as defined in Section 16-114) under which the customers were receiving or, had they been customers, would have received electric power and energy from the electric utility during the year immediately preceding the date on which such customers were first eligible for delivery service pursuant to Section 16-104, or (ii) to the extent applicable, any contract rates, including contracts or rates for consolidated or aggregated billing, under which such customers were receiving electric power and energy from the electric utility during such year;

(2) less the amount of revenue, other than revenue from transition charges and decommissioning rates, that the electric utility would receive from such retail customers for delivery services provided by the electric utility, assuming such customers were taking delivery services for all of their usage, based on the delivery services tariffs in effect during the year for which the transition charge is being calculated and on the usage identified in paragraph (1);

(3) less the market value for the electric power and energy that the electric utility would have used to supply all of such customers' electric power and energy requirements, as a tariffed service, based on the usage identified in paragraph (1), with such market value determined in accordance with Section 16-112 of this Act;

(4) less the following amount which represents the amount to be attributed to new revenue sources and cost reductions by the electric utility through the end of the period for which transition costs are recovered pursuant to Section 16-108, referred to in this Article XVI as a "mitigation factor":

(A) for nonresidential retail customers, an amount equal to the greater of (i) 0.5 cents per kilowatt-hour during the period October 1, 1999 through December 31, 2004, 0.6 cents per kilowatt-hour in calendar year 2005, and 0.9 cents per kilowatt-hour in calendar year 2006, multiplied in each year by the usage identified in paragraph (1), or (ii) an amount equal to the following percentages of the amount produced by applying the applicable base rates (adjusted as described in subparagraph (1)(B)) or contract rate to the usage identified in paragraph (1): 8% for the period October 1, 1999 through December 31, 2002, 10% in calendar years 2003 and 2004, 11% in calendar year 2005 and 12% in calendar year 2006; and

(220 ILCS 5/16-103)

Sec. 16-103. Service obligations of electric utilities.

(a) An electric utility shall continue offering to retail customers each tariffed service that it offered as a distinct and identifiable service on the effective date of this amendatory Act of 1997 until the service is (i) declared competitive pursuant to Section 16-113, or (ii) abandoned pursuant to Section 8-508. Nothing in

this subsection shall be construed as limiting an electric utility's right to propose, or the Commission's power to approve, allow or order modifications in the rates, terms and conditions for such services pursuant to Article IX or Section 16-111 of this Act.

(b) An electric utility shall also offer, as tariffed services, delivery services in accordance with this Article, the power purchase options described in Section 16-110 and real-time pricing as provided in Section 16-107.

(c) Notwithstanding any other provision of this Article, each electric utility shall continue offering to all residential customers and to all small commercial retail customers in its service area, as a tariffed service, bundled electric power and energy delivered to the customer's premises consistent with the bundled utility service provided by the electric utility on the effective date of this amendatory Act of 1997. Upon declaration of the provision of electric power and energy as competitive, the electric utility shall continue to offer to such customers, as a tariffed service, bundled service options at rates which reflect recovery of all cost components for providing the service. For those components of the service which have been declared competitive, cost shall be the market based prices. Market based prices as referred to herein shall mean, for electric power and energy, either (i) those prices for electric power and energy determined as provided in Section 16-112, or (ii) the electric utility's cost of obtaining the electric power and energy at wholesale through a competitive bidding or other arms-length acquisition process.

(c-1) Electric utilities that serve at least 1,000,000 customers must provide tariffed service to Unit Owners' Associations, as defined by Section 2 of the Condominium Property Act, for condominium properties that are not restricted to nonresidential use at rates that do not exceed the rates offered to residential customers. Within 10 days after the effective date of this amendatory Act of the 95th General Assembly, each electric utility shall provide the tariffed service to Unit Owners' Associations required by this subsection and shall reinstate any all-electric discount applicable to any Unit Owners' Association that received such a discount on December 31, 2006.

(d) Any residential or small commercial retail customer which elects delivery services is entitled to return to the electric utility's bundled utility tariffed service offering provided in accordance with subsection (c) of this Section upon payment of a reasonable administrative fee which shall be set forth in the tariff, provided, however, that the electric utility shall be entitled to impose the condition that such customer may not elect delivery services for up to 24 months thereafter.

(e) The Commission shall not require an electric utility to offer any tariffed service other than the services required by this Section, and shall not require an electric utility to offer any competitive service. (Source: P.A. 90-561, eff. 12-16-97.)

(220 ILCS 5/16-118)

Sec. 16-118. Services provided by electric utilities to alternative retail electric suppliers.

(a) It is in the best interest of Illinois energy consumers to promote fair and open competition in the provision of electric power and energy and to prevent anticompetitive practices in the provision of electric power and energy. Therefore, to the extent an electric utility provides electric power and energy or delivery services to alternative retail electric suppliers and such services are not subject to the jurisdiction of the Federal Energy Regulatory Commission, and are not competitive services, they shall be provided through tariffs that are filed with the Commission, pursuant to Article IX of this Act. Each electric utility shall permit alternative retail electric suppliers to interconnect facilities to those owned by the utility provided they meet established standards for such interconnection, and may provide standby or other services to alternative retail electric suppliers. The alternative retail electric supplier shall sign a contract setting forth the prices, terms and conditions for interconnection with the electric utility and the prices, terms and conditions for services provided by the electric utility to the alternative retail electric supplier in connection with the delivery by the electric utility of electric power and energy supplied by the alternative retail electric supplier.

(b) An electric utility shall file a tariff pursuant to Article IX of the Act that would allow alternative retail electric suppliers or electric utilities other than the electric utility in whose service area retail customers are located to issue single bills to the retail customers for both the services provided by such alternative retail electric supplier or other electric utility and the delivery services provided by the electric utility to such customers. The tariff filed pursuant to this subsection shall (i) require partial payments made by retail customers to be credited first to the electric utility's tariffed services, (ii) impose commercially reasonable terms with respect to credit and collection, including requests for deposits, (iii) retain the electric utility's right to disconnect the retail customers, if it does not receive payment for its tariffed services, in the same manner that it would be permitted to if it had billed for the services itself, and (iv) require the alternative retail electric supplier or other electric utility that elects the billing option provided by this tariff to include

on each bill to retail customers an identification of the electric utility providing the delivery services and a listing of the charges applicable to such services. The tariff filed pursuant to this subsection may also include other just and reasonable terms and conditions. In addition, an electric utility, an alternative retail electric supplier or electric utility other than the electric utility in whose service area the customer is located, and a customer served by such alternative retail electric supplier or other electric utility, may enter into an agreement pursuant to which the alternative retail electric supplier or other electric utility pays the charges specified in Section 16-108, or other customer-related charges, including taxes and fees, in lieu of such charges being recovered by the electric utility directly from the customer.

(c) An electric utility with more than 100,000 customers shall file a tariff pursuant to Article IX of this Act that provides alternative retail electric suppliers, and electric utilities other than the electric utility in whose service area the retail customers are located with the option to have the electric utility purchase their receivables for power and energy service provided to retail customers with a non-coincident peak demand of less than 400 kilowatts. Receivables for power and energy of alternative retail electric suppliers or electric utilities other than the electric utility in whose service area the retail customers are located shall be purchased by the electric utility at a just and reasonable discount rate to be reviewed and approved by the Commission after notice and hearing. The discount rate shall be based on the electric utility's historical bad debt and any reasonable start-up costs and administrative costs associated with the electric utility's purchase of receivables. The discounted rate for purchase of receivables shall be included in the tariff filed pursuant to this subsection (c). The discount rate filed pursuant to this subsection shall be subject to periodic Commission review. The electric utility shall impose the same terms on retail customers with respect to credit and collection, including requests for deposits, and retain the electric utility's right to disconnect the retail customers, if it does not receive payment for its tariffed services or purchased receivables, in the same manner that it would be permitted to if the retail customers purchased power and energy from the electric utility. The tariff filed pursuant to this subsection (c) may also include other just and reasonable terms and conditions and shall provide for the prudently incurred costs associated with the provision of this service pursuant to this subsection (c).

(d) An electric utility with more than 100,000 customers shall file a tariff pursuant to Article IX of this Act that would provide alternative retail electric suppliers or electric utilities other than the electric utility in whose service area retail customers are located with the option to have the electric utility produce and provide single bills to the retail customers for both the electric power and energy service provided by the alternative retail electric supplier or other electric utility and the delivery services provided by the electric utility to the customers. The tariffs filed pursuant to this subsection shall require the electric utility to collect and remit customer payments for electric power and energy service provided by alternative retail electric suppliers or electric utilities other than the electric utility in whose service area retail customers are located. The tariff filed pursuant to this subsection shall require the electric utility to include on each bill to retail customers an identification of the alternative retail electric supplier or other electric utility that elects the billing option. The tariff filed pursuant to this subsection (d) may also include other just and reasonable terms and conditions and provide for the recovery of prudently incurred costs associated with the provision of service pursuant to this subsection (d). The costs associated with the provision of service pursuant to this section shall be subject to periodic Commission review.

(e) Within 45 days after the effective date of this amendatory Act of the 95th General Assembly, each electric utility with more than 100,000 customers in this State shall file a tariff pursuant to Article IX of this Act that provides alternative retail electric suppliers with the option to have the electric utility purchase 2 billing cycles worth of uncollectible receivables for power and energy service provided to a retail customer with a non-coincident peak demand of less than 400 kilowatts upon returning that customer to that electric utility for delivery and energy service after that alternative retail electric supplier has made reasonable collection efforts on that account. These receivables will be purchased at discounted rates based on historical bad debt for receivables that are outstanding for a similar length of time. The electric utility retains the right to impose the same terms on these retail customers with respect to credit and collection, including requests for deposits, and retain the right to disconnect these retail customers in the same manner that it would be permitted to if the customers had purchased power and energy from the utility. The electric utility shall recover the cost of such uncollectable receivables purchased, as well as any prudently incurred administrative expenses incurred in connection with this subsection through its tariff filing implementing this service with the Commission but shall not permit the double recovery of utility bad debt expenses from customers.

(220 ILCS 5/20-130 new)

Sec. 20-130. Retail choice and referral programs.

(a) The Commission shall have the authority to establish retail choice and referral programs to be administered by an electric utility or the State in which residential and small commercial customers receive incentives, including, but not limited to, discounted rate introductory offers for switching to participating electric suppliers.

(b) Reasonable costs associated with the implementation and operation of customer choice and referral programs may be recovered in an electric utility's distribution rates. Reasonable costs associated with the implementation and operation of a customer choice program may also be recovered from retail electric suppliers participating in a customer choice and referral program. In no event, however, shall the Commission mandate a cost recovery mechanism without first providing all interested parties notice and an opportunity to be heard in a hearing before the Commission.

(c) The Office of Retail Market Development shall serve as the clearinghouse for the development of retail choice and referral programs and shall work with electric utilities and interested parties on a continuous basis to implement and improve upon the programs. Nothing in this Section, however, shall prevent an electric utility on its own accord from implementing retail choice and referral programs.

(d) Only customers that qualify for utility service shall be eligible for retail choice and referral programs.

(e) The Office of Retail Market Development shall immediately upon the effective date of this amendatory Act of the 95th General Assembly explore for possible implementation on as expedited basis as possible the following retail choice and referral programs:

(1) An introductory fixed discount program in which suppliers participating in the program offer customers a fixed percentage discount off of the electric utility's supply rate for a set number of billing periods. Customers would be able to enroll in the program by using an online enrollment form, completing an enrollment card found in their monthly electric utility bill, or by calling a toll-free number. Customers would be free to withdraw from the program at any time and select another alternative retail electric supplier or return to the electric utility.

(2) A new customer program in which electric utilities would offer consumers initiating new electric service a choice of offers from participating electric suppliers to provide the consumer's electric supply service. Customers expressing a preference for a specific electric supplier would be enrolled with that supplier. Customers not expressing a preference for a specific electric supplier would be offered the opportunity to enroll with an electric supplier selected randomly on a rotating basis.

(3) A customer service call center referral program in which customers calling an electric utility's call center would be offered enrollment with an alternative retail electric supplier and informed that they have the option to receive immediate savings or introductory offers by participating in the referral program. Customers choosing to participate would be transferred to a customer service representative for the program and would either select the electric supplier from which they would like to take service or be placed with a participating electric supplier chosen at random on a rotating basis.

Nothing in this Section shall prevent the Office of Retail Market Development or the Commission from considering retail choice and referral programs in addition to the programs outlined in this Section.

Section 10. The Consumer Fraud and Deceptive Business Practices Act is amended by changing Section 2EE as follows:

(815 ILCS 505/2EE)

Sec. 2EE. Electric service provider selection. An electric service provider shall not submit or execute a change in a subscriber's selection of a provider of electric service unless and until (i) the provider first discloses all material terms and conditions of the offer to the subscriber; (ii) the provider has obtained the subscriber's express agreement to accept the offer after the disclosure of all material terms and conditions of the offer; and (iii) the provider has confirmed the request for a change in accordance with one of the following procedures except as follows:

(a) The new electric service provider has obtained the subscriber's ~~customer's~~ written or electronically signed authorization in a form that meets the following requirements:

(1) An electric service provider shall obtain any necessary written authorization from a subscriber for a change in electric service by using a letter of agency as specified in this Section. Any letter of agency that does not conform with this Section is invalid.

(2) The letter of agency shall be a separate document (an easily separable document containing only the authorization language described in subparagraph (a)(5) of this Section) whose sole purpose is to authorize an electric service provider change. The letter of agency must be signed and dated by the subscriber requesting the electric service provider change.

(3) The letter of agency shall not be combined with inducements of any kind on the same

document.

(4) Notwithstanding subparagraphs (a)(1) and (a)(2) of this Section, the letter of agency may be combined with checks that contain only the required letter of agency language prescribed in subparagraph (a)(5) paragraph (5) of this Section and the necessary information to make the check a negotiable instrument. The letter of agency check shall not contain any promotional language or material. The letter of agency check shall contain in easily readable, bold-face type on the face of the check, a notice that the consumer is authorizing an electric service provider change by signing the check. The letter of agency language also shall be placed near the signature line on the back of the check.

(5) At a minimum, the letter of agency must be printed with a print of sufficient size to be clearly legible, and must contain clear and unambiguous language that confirms:

(i) The subscriber's billing name and address;

(ii) The decision to change the electric service provider from the current provider to the prospective provider;

(iii) The terms, conditions, and nature of the service to be provided to the subscriber must be clearly and conspicuously disclosed, in writing, and an electric service provider must directly establish the rates for the service contracted for by the subscriber; and

(iv) That the subscriber understand that any electric service provider selection the subscriber chooses may involve a charge to the subscriber for changing the subscriber's electric service provider.

(6) Letters of agency shall not suggest or require that a subscriber take some action in order to retain the subscriber's current electric service provider.

(7) If any portion of a letter of agency is translated into another language, then all portions of the letter of agency must be translated into that language.

(b) An appropriately qualified independent third party has obtained, in accordance with the procedures set forth in this subsection (b), the subscriber's oral authorization to change electric suppliers that confirms and includes appropriate verification data. The independent third party (i) must not be owned, managed, controlled, or directed by the supplier or the supplier's marketing agent; (ii) must not have any financial incentive to confirm supplier change requests for the supplier or the supplier's marketing agent; and (iii) must operate in a location physically separate from the supplier or the supplier's marketing agent.

Automated third-party verification systems and 3-way conference calls may be used for verification purposes so long as the other requirements of this subsection (b) are satisfied.

A supplier or supplier's sales representative initiating a 3-way conference call or a call through an automated verification system must drop off the call once the 3-way connection has been established.

All third-party verification methods shall elicit, at a minimum, the following information: (i) the identify of the subscriber; (ii) confirmation that the person on the call is authorized to make the supplier change; (iii) confirmation that the person on the call wants to make the supplier change; (iv) the names of the suppliers affected by the change; (v) the service address of the supply to be switched; and (vi) the price of the service to be supplied and the material terms and conditions of the service being offered, including whether any early termination fees apply. Third-party verifiers may not market the supplier's services by providing additional information, including information regarding procedures to block or otherwise freeze an account against further changes.

All third-party verifications shall be conducted in the same language that was used in the underlying sales transaction and shall be recorded in their entirety. Submitting suppliers shall maintain and preserve audio records of verification of subscriber authorization for a minimum period of 2 years after obtaining the verification. Automated systems must provide consumers with an option to speak with a live person at any time during the call.

(c) When a subscriber initiates the call to the prospective electric supplier and the prospective electric supplier has, with the consent of the customer, made a date-stamped and time-stamped audio recording that elicits, at a minimum, the following information:

(1) the identity of the subscriber;

(2) confirmation that the person on the call is authorized to make the supplier change;

(3) confirmation that the person on the call wants to make the supplier change;

(4) the names of the suppliers affected by the change;

(5) the service address of the supply to be switched; and

(6) the price of the service to be supplied and the material terms and conditions of the service being offered, including whether any early termination fees apply.

Submitting suppliers shall maintain and preserve the audio records containing the information set forth

above for a minimum period of 2 years.

(d) Complaints may be filed with the Illinois Commerce Commission under this Section by a subscriber whose electric service has been provided by an electric service supplier in a manner not in compliance with this Section. If, after notice and hearing, the Commission finds that a electric service provider has violated this Section, the Commission may in its discretion do any one or more of the following:

(1) Require the violating electric service provider to refund to the subscriber charges collected in excess of those that would have been charged by the subscriber's authorized electric service provider.

(2) Require the violating electric service provider to pay to the subscriber's authorized electric supplier the amount the authorized electric supplier would have collected for the electric service. The Commission is authorized to reduce this payment by any amount already paid by the violating electric supplier to the subscriber's authorized provider for electric service.

(3) Require the violating electric subscriber to pay a fine of up to \$1,000 into the Public Utility Fund for each repeated and intentional violation of this Section.

(4) Issue a cease and desist order.

(5) For a pattern of violation of this Section or for intentionally violating a cease and desist order, revoke the violating provider's certificate of service authority.

(e) For purposes of this Section, "electric service provider" shall have the meaning given that phrase in Section 6.5 of the Attorney General Act.

Section 99. Effective date. This Act takes effect upon becoming law."

The foregoing motion prevailed and the amendment was adopted.

There being no further amendment(s), the bill, as amended, was advanced to the order of Third Reading.

SENATE BILL 1305. Having been reproduced, was taken up and read by title a second time.

The report shall be delivered to the appropriate ultimate jurisdictional authority and to the head of each State agency affected by or involved in the investigation, if appropriate.

(a-5) With respect to complaints received by an Executive Inspector General prior to July 1, 2010, not more than 60 days after delivering a summary report to the appropriate ultimate jurisdictional authority and to the head of each State agency, the Executive Inspector General shall deliver the summary report to the Executive Ethics Commission. The Executive Inspector General shall also provide the Executive Ethics Commission with a report detailing the discipline related to the summary report, if any, that the ultimate jurisdictional authority or head of the State agency has imposed or intends to impose. This prohibition shall also apply to contributions from any affiliated persons or entities.

(f-5) Any business whose aggregate bids and proposals on State contracts total more than \$25,000, or whose aggregate bids and proposals on State contracts combined with the business' aggregate annual total value of State contracts exceed \$25,000, is prohibited from making any contributions to the officeholder responsible for awarding the contract on which the business has submitted a bid or proposal, or to any political committee established to promote the candidacy of that officeholder, during the period beginning on the date the invitation for bids or request for proposals is issued and ending on the day after the date the contract is awarded. This prohibition shall also apply to contributions from any affiliated persons or entities.

(g) All contracts between State agencies and a business that violates subsection (f) or (f-5) shall be

For purposes of this Section, a specialized livestock operation also includes livestock operations using anaerobic digestors to generate electricity.

However, such vehicle may be released by the arresting law enforcement agency prior to the end of the impoundment period if:

The vehicle may be released sooner if the vehicle is owned by the person under arrest and the person under arrest gives permission to another person to operate the vehicle and that other person possesses a valid operator's license and would not, as determined by the arresting law enforcement agency, indicate a lack of ability to operate a motor vehicle in a safe manner or would otherwise, by operating the motor vehicle, be in violation of this Code.

3. If the registered owner or legally authorized person entitled to possession of the vehicle shall arrive at the scene prior to actual removal or towing of the vehicle, the vehicle shall be disconnected from the tow truck and that person shall be allowed to remove the vehicle without interference, upon the payment of a reasonable service fee of not more than one half the posted rate of the towing service as provided in paragraph 6 of this subsection, for which a receipt shall be given.

4. The rebate or payment of money or any other valuable consideration from the towing service or its owners, managers or employees to the owners or operators of the premises from which the vehicles are towed or removed, for the privilege of removing or towing those vehicles, is prohibited. Any individual who violates this paragraph shall be guilty of a Class A misdemeanor.

5. Except for property appurtenant to and obviously a part of a single family residence, and except for instances where notice is personally given to the owner or other legally authorized person in control of the vehicle that the area in which that vehicle is parked is reserved or otherwise unavailable to unauthorized vehicles and they are subject to being removed at the owner or operator's expense, any property owner or lessor, prior to towing or removing any vehicle from private property without the consent of the owner or other legally authorized person in control of that vehicle, must post a notice meeting the following requirements:

- a. Except as otherwise provided in subparagraph a.1 of this subdivision (f)5, the notice must be prominently placed at each driveway access or curb cut allowing vehicular access to the property within 5 feet from the public right-of-way line. If there are no curbs or access barriers, the sign must be posted not less than one sign each 100 feet of lot frontage.

- a.1. In a municipality with a population of less than 250,000, as an alternative to the requirement of subparagraph a of this subdivision (f)5, the notice for a parking lot contained within property used solely for a 2-family, 3-family, or 4-family residence may be prominently placed at the perimeter of the parking lot, in a position where the notice is visible to the occupants of vehicles entering the lot.

- b. The notice must indicate clearly, in not less than 2 inch high light-reflective letters on a contrasting background, that unauthorized vehicles will be towed away at the owner's expense.

- c. The notice must also provide the name and current telephone number of the towing

service towing or removing the vehicle.

d. The sign structure containing the required notices must be permanently installed with the bottom of the sign not less than 4 feet above ground level, and must be continuously maintained on the property for not less than 24 hours prior to the towing or removing of any vehicle.

6. Any towing service that tows or removes vehicles and proposes to require the owner, operator, or person in control of the vehicle to pay the costs of towing and storage prior to redemption of the vehicle must file and keep on record with the local law enforcement agency a complete copy of the current rates to be charged for such services, and post at the storage site an identical rate schedule and any written contracts with property owners, lessors, or persons in control of property which authorize them to remove vehicles as provided in this Section. The towing and storage charges, however, shall not exceed the maximum allowed by the Illinois Commerce Commission under Section 18a-200.

7. No person shall engage in the removal of vehicles from private property as described in this Section without filing a notice of intent in each community where he intends to do such removal, and such notice shall be filed at least 7 days before commencing such towing.

8. No removal of a vehicle from private property shall be done except upon express written instructions of the owners or persons in charge of the private property upon which the vehicle is said to be trespassing.

9. Vehicle entry for the purpose of removal shall be allowed with reasonable care on the part of the person or firm towing the vehicle. Such person or firm shall be liable for any damages occasioned to the vehicle if such entry is not in accordance with the standards of reasonable care.

10. When a vehicle has been towed or removed pursuant to this Section, it must be released to its owner or custodian within one half hour after requested, if such request is made during business hours. CHAPTER 18d. ILLINOIS COMMERCIAL SAFETY TOWING LAW

(625 ILCS 5/18d-101 new)

Sec. 18d-101. Short title. This Chapter may be cited as the Illinois Commercial Safety Towing Law.

(625 ILCS 5/18d-105 new)

Sec. 18d-105. Definitions. As used in this Chapter:

(1) "Commercial vehicle safety relocater" or "safety relocater" means any person or entity engaged in the business of removing damaged or disabled vehicles from public or private property by means of towing or otherwise, and thereafter relocating and storing such vehicles.

(2) "Commission" means the Illinois Commerce Commission.

(625 ILCS 5/18d-110 new)

Sec. 18d-110. The General Assembly finds and declares that commercial vehicle towing service in the State of Illinois fundamentally affects the public interest and public welfare. It is the intent of the General Assembly, in this amendatory Act of the 95th General Assembly, to promote the public interest and the public welfare by requiring similar basic consumer protections and fraud prevention measures that are required of other marketplace participants, including the disclosure of material terms and conditions of the service to consumers before consumers accept the terms and conditions. The General Assembly also intends that the provisions in this amendatory Act of the 95th General Assembly promote safety for all persons and vehicles that travel or otherwise use the public highways of this State. The General Assembly finds that it is in the public interest that persons whose vehicles are towed from the public highways know important basic information, such as where they can retrieve their vehicles and the cost to retrieve their vehicles, so that they can avoid vehicle deterioration and arrange for a prompt repair of the vehicles.

(625 ILCS 5/18d-115 new)

Sec. 18d-115. It shall be unlawful for any commercial vehicle safety relocater to operate in any county in which this chapter is applicable without a valid, current safety relocater's registration certificate issued by the Illinois Commerce Commission. The Commission may, at any time during the term of the registration certificate, make inquiry into the licensee's management or conduct of business or otherwise, to determine that the provisions of this Chapter and the rules of the Commission adopted under this Chapter are being observed.

Sec. 15. (1) The Supreme Court of Illinois may establish a Division of Probation Services whose purpose shall be the development, establishment, promulgation, and enforcement of uniform standards for probation services in this State, and to otherwise carry out the intent of this Act. The Division may:

(a) establish qualifications for chief probation officers and other probation and court services personnel as to hiring, promotion, and training.

(b) make available, on a timely basis, lists of those applicants whose qualifications meet the regulations referred to herein, including on said lists all candidates found qualified.

(c) establish a means of verifying the conditions for reimbursement under this Act and develop criteria for approved costs for reimbursement.

(d) develop standards and approve employee compensation schedules for probation and court services departments.

- (e) employ sufficient personnel in the Division to carry out the functions of the Division.

- (l) where appropriate, establish programs and corresponding standards designed to generally improve the quality of probation and court services and reduce the rate of adult or juvenile offenders committed to the Department of Corrections.
- (m) establish such other standards and regulations and do all acts necessary to carry out the intent and purposes of this Act.

The Division shall establish a model list of structured intermediate sanctions that may be imposed by a probation agency for violations of terms and conditions of a sentence of probation, conditional discharge, or supervision.

The State of Illinois shall provide for the costs of personnel, travel, equipment, telecommunications, postage, commodities, printing, space, contractual services and other related costs necessary to carry out the intent of this Act.

(2) (a) The chief judge of each circuit shall provide full-time probation services for all counties within the circuit, in a manner consistent with the annual probation plan, the standards, policies, and regulations established by the Supreme Court. A probation district of two or more counties within a circuit may be created for the purposes of providing full-time probation services. Every county or group of counties within a circuit shall maintain a probation department which shall be under the authority of the Chief Judge of the circuit or some other judge designated by the Chief Judge. The Chief Judge, through the Probation and Court Services Department shall submit annual plans to the Division for probation and related services.

(b) The Chief Judge of each circuit shall appoint the Chief Probation Officer and all other probation officers for his or her circuit from lists of qualified applicants supplied by the Supreme Court. Candidates for chief managing officer and other probation officer positions must apply with both the Chief Judge of the circuit and the Supreme Court.

(3) A Probation and Court Service Department shall apply to the Supreme Court for funds for basic services, and may apply for funds for new and expanded programs or Individualized Services and Programs. Costs shall be reimbursed monthly based on a plan and budget approved by the Supreme Court. No Department may be reimbursed for costs which exceed or are not provided for in the approved annual plan and budget. After the effective date of this amendatory Act of 1985, each county must provide basic services in accordance with the annual plan and standards created by the division. No department may receive funds for new or expanded programs or individualized services and programs unless they are in compliance with standards as enumerated in paragraph (h) of subsection (1) of this Section, the annual plan, and standards for basic services.

(4) The Division shall reimburse the county or counties for probation services as follows:

- (a) 100% of the salary of all chief managing officers designated as such by the Chief Judge and the division.
- (b) 100% of the salary for all probation officer and supervisor positions approved for reimbursement by the division after April 1, 1984, to meet workload standards and to implement intensive sanction and probation supervision programs and other basic services as defined in this Act.
- (c) 100% of the salary for all secure detention personnel and non-secure group home personnel approved for reimbursement after December 1, 1990. For all such positions approved for reimbursement before December 1, 1990, the counties shall be reimbursed \$1,250 per month beginning July 1, 1995, and an additional \$250 per month beginning each July 1st thereafter until the positions

receive 100% salary reimbursement. Allocation of such positions will be based on comparative need considering capacity, staff/resident ratio, physical plant and program.

(d) \$1,000 per month for salaries for the remaining probation officer positions engaged in basic services and new or expanded services. All such positions shall be approved by the division in accordance with this Act and division standards.

(e) 100% of the travel expenses in accordance with Division standards for all Probation positions approved under paragraph (b) of subsection 4 of this Section.

(f) If the amount of funds reimbursed to the county under paragraphs (a) through (e) of subsection 4 of this Section on an annual basis is less than the amount the county had received during the 12 month period immediately prior to the effective date of this amendatory Act of 1985, then the Division shall reimburse the amount of the difference to the county. The effect of paragraph (b) of subsection 7 of this Section shall be considered in implementing this supplemental reimbursement provision.

(5) The Division shall provide funds beginning on April 1, 1987 for the counties to provide Individualized Services and Programs as provided in Section 16 of this Act.

(6) A Probation and Court Services Department in order to be eligible for the reimbursement must submit to the Supreme Court an application containing such information and in such a form and by such dates as the Supreme Court may require. Departments to be eligible for funding must satisfy the following conditions:

(a) The Department shall have on file with the Supreme Court an annual Probation plan for continuing, improved, and new Probation and Court Services Programs approved by the Supreme Court or its designee. This plan shall indicate the manner in which Probation and Court Services will be delivered and improved, consistent with the minimum standards and regulations for Probation and Court Services, as established by the Supreme Court. In counties with more than one Probation and Court Services Department eligible to receive funds, all Departments within that county must submit plans which are approved by the Supreme Court.

(b) The annual probation plan shall seek to generally improve the quality of probation services and to reduce the commitment of adult offenders to the Department of Corrections and to reduce the commitment of juvenile offenders to the Department of Juvenile Justice and shall require, when appropriate, coordination with the Department of Corrections, the Department of Juvenile Justice, and the Department of Children and Family Services in the development and use of community resources, information systems, case review and permanency planning systems to avoid the duplication of services.

(c) The Department shall be in compliance with standards developed by the Supreme Court for basic, new and expanded services, training, personnel hiring and promotion.

(d) The Department shall in its annual plan indicate the manner in which it will support the rights of crime victims and in which manner it will implement Article I, Section 8.1 of the Illinois Constitution and in what manner it will coordinate crime victims' support services with other criminal justice agencies within its jurisdiction, including but not limited to, the State's Attorney, the Sheriff and any municipal police department.

(7) No statement shall be verified by the Supreme Court or its designee or vouchered by the Comptroller unless each of the following conditions have been met:

(a) The probation officer is a full-time employee appointed by the Chief Judge to provide probation services.

(b) The probation officer, in order to be eligible for State reimbursement, is receiving a salary of at least \$17,000 per year.

(c) The probation officer is appointed or was reappointed in accordance with minimum qualifications or criteria established by the Supreme Court; however, all probation officers appointed prior to January 1, 1978, shall be exempted from the minimum requirements established by the Supreme Court. Payments shall be made to counties employing these exempted probation officers as long as they are employed in the position held on the effective date of this amendatory Act of 1985. Promotions shall be governed by minimum qualifications established by the Supreme Court.

(d) The Department has an established compensation schedule approved by the Supreme Court. The compensation schedule shall include salary ranges with necessary increments to compensate each employee. The increments shall, within the salary ranges, be based on such factors as bona fide occupational qualifications, performance, and length of service. Each position in the Department shall be placed on the compensation schedule according to job duties and responsibilities of such position. The policy and procedures of the compensation schedule shall be made available to each employee.

(8) In order to obtain full reimbursement of all approved costs, each Department must continue to employ at least the same number of probation officers and probation managers as were authorized for employment for the fiscal year which includes January 1, 1985. This number shall be designated as the base amount of the Department. No positions approved by the Division under paragraph (b) of subsection 4 will be included in the base amount. In the event that the Department employs fewer Probation officers and Probation managers than the base amount for a period of 90 days, funding received by the Department under subsection 4 of this Section may be reduced on a monthly basis by the amount of the current salaries of any positions below the base amount.

(9) Before the 15th day of each month, the treasurer of any county which has a Probation and Court Services Department, or the treasurer of the most populous county, in the case of a Probation or Court Services Department funded by more than one county, shall submit an itemized statement of all approved costs incurred in the delivery of Basic Probation and Court Services under this Act to the Supreme Court. The treasurer may also submit an itemized statement of all approved costs incurred in the delivery of new and expanded Probation and Court Services as well as Individualized Services and Programs. The Supreme Court or its designee shall verify compliance with this Section and shall examine and audit the monthly statement and, upon finding them to be correct, shall forward them to the Comptroller for payment to the county treasurer. In the case of payment to a treasurer of a county which is the most populous of counties sharing the salary and expenses of a Probation and Court Services Department, the treasurer shall divide the money between the counties in a manner that reflects each county's share of the cost incurred by the Department.

(10) The county treasurer must certify that funds received under this Section shall be used solely to maintain and improve Probation and Court Services. The county or circuit shall remain in compliance with all standards, policies and regulations established by the Supreme Court. If at any time the Supreme Court determines that a county or circuit is not in compliance, the Supreme Court shall immediately notify the Chief Judge, county board chairman and the Director of Court Services Chief Probation Officer. If after 90 days of written notice the noncompliance still exists, the Supreme Court shall be required to reduce the amount of monthly reimbursement by 10%. An additional 10% reduction of monthly reimbursement shall occur for each consecutive month of noncompliance. Except as provided in subsection 5 of Section 15, funding to counties shall commence on April 1, 1986. Funds received under this Act shall be used to provide for Probation Department expenses including those required under Section 13 of this Act. For State fiscal years 2004, 2005, 2006, ~~and 2007~~ , and 2008 only, the Mandatory Arbitration Fund may be used to provide for Probation Department expenses, including those required under Section 13 of this Act.

(11) The respective counties shall be responsible for capital and space costs, fringe benefits, clerical costs, equipment, telecommunications, postage, commodities and printing.

(12) For purposes of this Act only, probation officers shall be considered peace officers. In the exercise of their official duties, probation officers, sheriffs, and police officers may, anywhere within the State, arrest any probationer who is in violation of any of the conditions of his or her probation, conditional discharge, or supervision, and it shall be the duty of the officer making the arrest to take the probationer before the Court having jurisdiction over the probationer for further order.

(d) Interest earned on monies deposited in a probation and court services fund may be used by the county for its ordinary and contingent expenditures.

(e) The county board may appropriate moneys from the probation and court services fund, upon the direction of the chief judge, to support programs that are part of the continuum of juvenile delinquency intervention programs which are or may be developed within the county. The grants from the probation and court services fund shall be for no more than one year and may be used for any expenses attributable to the program including administration and oversight of the program by the probation department.

(f) The county board may appropriate moneys from the probation and court services fund, upon the direction of the chief judge, to support practices endorsed or required under the Sex Offender Management Board Act, including but not limited to sex offender evaluation, treatment, and monitoring programs that are or may be developed within the county.

Sec. 5-45. Emergency rulemaking.

(a) "Emergency" means the existence of any situation that any agency finds reasonably constitutes a threat to the public interest, safety, or welfare.

(b) If any agency finds that an emergency exists that requires adoption of a rule upon fewer days than is required by Section 5-40 and states in writing its reasons for that finding, the agency may adopt an emergency rule without prior notice or hearing upon filing a notice of emergency rulemaking with the Secretary of State under Section 5-70. The notice shall include the text of the emergency rule and shall be published in the Illinois Register. Consent orders or other court orders adopting settlements negotiated by an agency may be adopted under this Section. Subject to applicable constitutional or statutory provisions, an emergency rule becomes effective immediately upon filing under Section 5-65 or at a stated date less than 10 days thereafter. The agency shall take reasonable and appropriate measures to make emergency rules known to the persons who may be affected by them.

(c) An emergency rule may be effective for a period of not longer than 150 days, but the agency's authority to adopt an identical rule under Section 5-40 is not precluded. No emergency rule may be adopted more than once in any 24 month period, except that this limitation on the number of emergency rules that may be adopted in a 24 month period does not apply to (i) emergency rules that make additions to and deletions from the Drug Manual under Section 5-5.16 of the Illinois Public Aid Code or the generic drug formulary under Section 3.14 of the Illinois Food, Drug and Cosmetic Act, (ii) emergency rules adopted by the Pollution Control Board before July 1, 1997 to implement portions of the Livestock Management Facilities Act, or (iii) emergency rules adopted by the Illinois Department of Public Health under subsections (a) through (i) of Section 2 of the Department of Public Health Act when necessary to protect the public's health. Two or more emergency rules having substantially the same purpose and effect shall be deemed to be a single rule for purposes of this Section.

(d) In order to provide for the expeditious and timely implementation of the State's fiscal year 1999 budget, emergency rules to implement any provision of Public Act 90-587 or 90-588 or any other budget initiative for fiscal year 1999 may be adopted in accordance with this Section by the agency charged with administering that provision or initiative, except that the 24-month limitation on the adoption of emergency rules and the provisions of Sections 5-115 and 5-125 do not apply to rules adopted under this subsection (d). Section 15. The Illinois Public Aid Code is amended by changing Section 5-5.4 as follows:

(305 ILCS 5/5-5.4) (from Ch. 23, par. 5-5.4)

Sec. 5-5.4. Standards of Payment - Department of Healthcare and Family Services. The Department of Healthcare and Family Services shall develop standards of payment of skilled nursing and intermediate care services in facilities providing such services under this Article which:

(1) Provide for the determination of a facility's payment for skilled nursing and intermediate care services on a prospective basis. The amount of the payment rate for all nursing facilities certified by the Department of Public Health under the Nursing Home Care Act as Intermediate Care for the Developmentally Disabled facilities, Long Term Care for Under Age 22 facilities, Skilled Nursing facilities, or Intermediate Care facilities under the medical assistance program shall be prospectively established annually on the basis of historical, financial, and statistical data reflecting actual costs from prior years, which shall be applied to the current rate year and updated for inflation, except that the capital cost element for newly constructed facilities shall be based upon projected budgets. The annually established payment rate shall take effect on July 1 in 1984 and subsequent years. No rate increase and no update for inflation shall be provided on or after July 1, 1994 and before July 1, ~~2008~~ 2007, unless specifically provided for in this Section. The changes made by Public Act 93-841 extending the duration of the prohibition against a rate increase or update for inflation are effective retroactive to July 1, 2004.

For facilities licensed by the Department of Public Health under the Nursing Home Care Act as Intermediate Care for the Developmentally Disabled facilities or Long Term Care for Under Age 22 facilities, the rates taking effect on July 1, 1998 shall include an increase of 3%. For facilities licensed by the Department of Public Health under the Nursing Home Care Act as Skilled Nursing facilities or Intermediate Care facilities, the rates taking effect on July 1, 1998 shall include an increase of 3% plus \$1.10 per resident-day, as defined by the Department. For facilities licensed by the Department of Public Health under the Nursing Home Care Act as Intermediate Care Facilities for the Developmentally Disabled or Long Term Care for Under Age 22 facilities, the rates taking effect on January 1, 2006 shall include an increase of 3%.

For facilities licensed by the Department of Public Health under the Nursing Home Care Act as Intermediate Care for the Developmentally Disabled facilities or Long Term Care for Under Age 22 facilities, the rates taking effect on July 1, 1999 shall include an increase of 1.6% plus \$3.00 per resident-day, as defined by the Department. For facilities licensed by the Department of Public Health under the Nursing Home Care Act as Skilled Nursing facilities or Intermediate Care facilities, the rates taking effect on July 1, 1999 shall include an increase of 1.6% and, for services provided on or after October 1, 1999, shall be increased by \$4.00 per resident-day, as defined by the Department.

For facilities licensed by the Department of Public Health under the Nursing Home Care Act as Intermediate Care for the Developmentally Disabled facilities or Long Term Care for Under Age 22 facilities, the rates taking effect on July 1, 2000 shall include an increase of 2.5% per resident-day, as defined by the Department. For facilities licensed by the Department of Public Health under the Nursing Home Care Act as Skilled Nursing facilities or Intermediate Care facilities, the rates taking effect on July 1, 2000 shall include an increase of 2.5% per resident-day, as defined by the Department.

For facilities licensed by the Department of Public Health under the Nursing Home Care Act as skilled nursing facilities or intermediate care facilities, a new payment methodology must be implemented for the nursing component of the rate effective July 1, 2003. The Department of Public Aid (now Healthcare and Family Services) shall develop the new payment methodology using the Minimum Data Set (MDS) as the instrument to collect information concerning nursing home resident condition necessary to compute the rate. The Department shall develop the new payment methodology to meet the unique needs of Illinois nursing home residents while remaining subject to the appropriations provided by the General Assembly. A transition period from the payment methodology in effect on June 30, 2003 to the payment methodology in

effect on July 1, 2003 shall be provided for a period not exceeding 3 years and 184 days after implementation of the new payment methodology as follows:

(A) For a facility that would receive a lower nursing component rate per patient day under the new system than the facility received effective on the date immediately preceding the date that the Department implements the new payment methodology, the nursing component rate per patient day for the facility shall be held at the level in effect on the date immediately preceding the date that the Department implements the new payment methodology until a higher nursing component rate of reimbursement is achieved by that facility.

(B) For a facility that would receive a higher nursing component rate per patient day under the payment methodology in effect on July 1, 2003 than the facility received effective on the date immediately preceding the date that the Department implements the new payment methodology, the nursing component rate per patient day for the facility shall be adjusted.

(C) Notwithstanding paragraphs (A) and (B), the nursing component rate per patient day for the facility shall be adjusted subject to appropriations provided by the General Assembly.

For facilities licensed by the Department of Public Health under the Nursing Home Care Act as Intermediate Care for the Developmentally Disabled facilities or Long Term Care for Under Age 22 facilities, the rates taking effect on March 1, 2001 shall include a statewide increase of 7.85%, as defined by the Department.

For facilities licensed by the Department of Public Health under the Nursing Home Care Act as Intermediate Care for the Developmentally Disabled facilities or Long Term Care for Under Age 22 facilities, the rates taking effect on April 1, 2002 shall include a statewide increase of 2.0%, as defined by the Department. This increase terminates on July 1, 2002; beginning July 1, 2002 these rates are reduced to the level of the rates in effect on March 31, 2002, as defined by the Department.

For facilities licensed by the Department of Public Health under the Nursing Home Care Act as skilled nursing facilities or intermediate care facilities, the rates taking effect on July 1, 2001 shall be computed using the most recent cost reports on file with the Department of Public Aid no later than April 1, 2000, updated for inflation to January 1, 2001. For rates effective July 1, 2001 only, rates shall be the greater of the rate computed for July 1, 2001 or the rate effective on June 30, 2001.

Notwithstanding any other provision of this Section, for facilities licensed by the Department of Public Health under the Nursing Home Care Act as skilled nursing facilities or intermediate care facilities, the Illinois Department shall determine by rule the rates taking effect on July 1, 2002, which shall be 5.9% less than the rates in effect on June 30, 2002.

Notwithstanding any other provision of this Section, for facilities licensed by the Department of Public Health under the Nursing Home Care Act as skilled nursing facilities or intermediate care facilities, if the payment methodologies required under Section 5A-12 and the waiver granted under 42 CFR 433.68 are approved by the United States Centers for Medicare and Medicaid Services, the rates taking effect on July 1, 2004 shall be 3.0% greater than the rates in effect on June 30, 2004. These rates shall take effect only upon approval and implementation of the payment methodologies required under Section 5A-12.

Notwithstanding any other provisions of this Section, for facilities licensed by the Department of Public Health under the Nursing Home Care Act as skilled nursing facilities or intermediate care facilities, the rates taking effect on January 1, 2005 shall be 3% more than the rates in effect on December 31, 2004.

Notwithstanding any other provisions of this Section, for facilities licensed by the Department of Public Health under the Nursing Home Care Act as intermediate care facilities that are federally defined as Institutions for Mental Disease, a socio-development component rate equal to 6.6% of the facility's nursing component rate as of January 1, 2006 shall be established and paid effective July 1, 2006. The Illinois Department may by rule adjust these socio-development component rates, but in no case may such rates be diminished.

For facilities licensed by the Department of Public Health under the Nursing Home Care Act as Intermediate Care for the Developmentally Disabled facilities or as long-term care facilities for residents under 22 years of age, the rates taking effect on July 1, 2003 shall include a statewide increase of 4%, as defined by the Department.

Notwithstanding any other provision of this Section, for facilities licensed by the Department of Public Health under the Nursing Home Care Act as skilled nursing facilities or intermediate care facilities, effective January 1, 2005, facility rates shall be increased by the difference between (i) a facility's per diem property, liability, and malpractice insurance costs as reported in the cost report filed with the Department of Public Aid and used to establish rates effective July 1, 2001 and (ii) those same costs as reported in the facility's 2002 cost report. These costs shall be passed through to the facility without caps or limitations,

except for adjustments required under normal auditing procedures.

Rates established effective each July 1 shall govern payment for services rendered throughout that fiscal year, except that rates established on July 1, 1996 shall be increased by 6.8% for services provided on or after January 1, 1997. Such rates will be based upon the rates calculated for the year beginning July 1, 1990, and for subsequent years thereafter until June 30, 2001 shall be based on the facility cost reports for the facility fiscal year ending at any point in time during the previous calendar year, updated to the midpoint of the rate year. The cost report shall be on file with the Department no later than April 1 of the current rate year. Should the cost report not be on file by April 1, the Department shall base the rate on the latest cost report filed by each skilled care facility and intermediate care facility, updated to the midpoint of the current rate year. In determining rates for services rendered on and after July 1, 1985, fixed time shall not be computed at less than zero. The Department shall not make any alterations of regulations which would reduce any component of the Medicaid rate to a level below what that component would have been utilizing in the rate effective on July 1, 1984.

(2) Shall take into account the actual costs incurred by facilities in providing services for recipients of skilled nursing and intermediate care services under the medical assistance program.

(3) Shall take into account the medical and psycho-social characteristics and needs of the patients.

(4) Shall take into account the actual costs incurred by facilities in meeting licensing and certification standards imposed and prescribed by the State of Illinois, any of its political subdivisions or municipalities and by the U.S. Department of Health and Human Services pursuant to Title XIX of the Social Security Act.

The Department of Healthcare and Family Services shall develop precise standards for payments to reimburse nursing facilities for any utilization of appropriate rehabilitative personnel for the provision of rehabilitative services which is authorized by federal regulations, including reimbursement for services provided by qualified therapists or qualified assistants, and which is in accordance with accepted professional practices. Reimbursement also may be made for utilization of other supportive personnel under appropriate supervision.

Sec. 1.5. Findings. The General Assembly finds all of the following:

(1) Inherited hemophilia and other bleeding disorders are devastating health conditions that can cause serious financial, social, and emotional hardships for patients and their families. Hemophilia, which occurs predominantly in males, is a rare but well-known type of inherited bleeding disorder in which one of several proteins normally found in blood are either deficient or inactive, and causing pain, swelling, and permanent damage to joints and muscles. The disorder affects Americans of all racial and ethnic backgrounds. In about one-third of all cases, there is no known family history of the disorder. In these cases, the disease developed after a new or spontaneous gene mutation.

(2) Hemophilia is one of a spectrum of devastating chronic bleeding disorders impacting Americans. Von Willebrand Disease, another type of bleeding disorder, is caused by a deficiency on the von Willebrand protein. Persons with the disorder often bruise easily, have frequent nosebleeds, or bleed after tooth extraction, tonsillectomy, or other surgery. In some instances, women will have prolonged menstrual bleeding. The disorder occurs in about 1% to 2% of the U.S. population.

(3) Appropriate care and treatment are necessities for maintaining optimum health for persons afflicted with hemophilia and other bleeding disorders.

(4) While hemophilia and other bleeding disorders are incurable, advancements in drug therapies are allowing individuals greater latitude in managing their conditions, fostering independence, and minimizing chronic complications such as damage to the joints and muscles, blood-transmitted infectious diseases, and chronic liver diseases. At the same time, treatment for clotting disorders is saving more and more lives. The rarity of these disorders coupled with the delicate processes for producing factors, however, makes treating these disorders extremely costly. As a result, insurance coverage is a major concern for patients and their families.

(5) It is thus the intent of the General Assembly through implementation of this Act to establish an advisory board to provide expert advice to the State on health and insurance policies, plans, and public health programs that impact individuals with hemophilia and other bleeding disorders.

(410 ILCS 420/2.5 new)

Sec. 2.5. Hemophilia Advisory Review Board.

(a) The Director of Public Health in collaboration and in consultation with the Director of Insurance, shall establish an independent advisory board known as the Hemophilia Advisory Review Board. The Board shall review, may comment upon, and make recommendations to the Directors with regard to, but not limited to the following:

(1) Proposed legislative or administrative changes to policies and programs that are integral to the health and wellness of individuals with hemophilia and other bleeding disorders.

(2) Standards of care and treatment for persons living with hemophilia and other bleeding disorders. In examining standards of care, the Board shall protect open access to any and all treatments for hemophilia and other bleeding disorders, in accordance with federal guidelines and standards of care guidelines developed by the Medical and Scientific Advisory Council (MASAC) of National Hemophilia Foundation (NHF), an internationally recognized body whose guidelines set the standards of care for hemophilia and other bleeding disorders around the world.

(3) The development of community-based initiatives to increase awareness of care and treatment for persons living with hemophilia and other bleeding disorders. The Department of Health may provide such services through cooperative agreements with Hemophilia Treatment Centers, medical facilities, schools, nonprofit organizations servicing the bleeding disorder community, or other appropriate means.

(4) Facilitating linkages for persons with hemophilia and other bleeding disorders.

(5) Protecting the rights of people living with hemophilia and other bleeding disorders to appropriate health insurance coverage be it under a private or State-sponsored health insurance provider.

(b) The Board shall consist of the Director of Healthcare and Family Services and the Director of Insurance or their designee, who shall serve as non-voting members, and 7 voting members appointed by the Governor in consultation and in collaboration with the Directors. (6) one representative of a voluntary health organization that currently services the hemophilia and other bleeding disorders community; and

(7) one patient or caregiver of a patient with hemophilia or other bleeding disorder.

The Board may also have up to 5 additional nonvoting members as determined appropriate by the Directors. Nonvoting members may be persons with or caregivers of a patient with hemophilia or a bleeding disorder other than hemophilia or persons experienced in the diagnosis, treatment, care, and support of individuals with hemophilia or other bleeding disorders.

No more than a majority of the voting members may be of the same political party. Members of the Board shall elect one of its members to act as chair for a term of 3 years. The chair shall retain all voting rights. If there is a vacancy on the Board, such position may be filled in the same manner as the original appointment. Members of the Board shall receive no compensation, but may be reimbursed for actual expenses incurred in the carrying out of their duties. The Board shall meet no less than 4 times per year and follow all policies and procedures of the State of Illinois Open Meetings Law.

(c) No later than 6 months after the date of enactment of this amendatory Act, the Board shall submit to the Governor and the General Assembly a report with recommendations for maintaining access to care and obtaining appropriate health insurance coverage for individuals with hemophilia and other bleeding disorders. The report shall be subject to public review and comment prior to adoption. No later than 6 months after adoption by the Governor and Legislature and annually thereafter, the Director of Healthcare and Family Services shall issue a report, which shall be made available to the public, on the status of implementing the recommendations as proposed by the Board and on any state and national activities with regard to hemophilia and other bleeding disorders.

It shall present a preferred plan that makes optimum use of public and private

resources to achieve the goals of the Plan.

(b) Land use and transportation policies that reflect the relationship of transportation to land use, economic development, the environment, air quality, and energy consumption; foster the efficient movement of people and goods; coordinate modes of transportation; coordinate planning among federal agencies, state agencies, transportation agencies, and local governments; and address the safety and equity of transportation services across the Region.
