 on page 2, line 6 by changing "billing" to "payment application"; and
 on page 2, line 15 by inserting after the period the following:
 "Instructions or notification from an owner to his or her lender or architect to process or pay a payment application does not constitute approval of the payment application under this Act."; and
 on page 3, lines 5 and 6 by changing "money owed under the construction contract" to "that payment"; and
 on page 3, by inserting after line 12 the following:
 "(c) The interest imposed by this Act shall not be duplicative of the interest charged under the Mechanics Lien Act."

The foregoing message from the Senate reporting Senate Amendments numbered 1 and 4 to HOUSE BILL 743 were placed on the Calendar on the order of Concurrence.

A message from the Senate by

Ms. Shipley, Secretary:

Mr. Speaker -- I am directed to inform the House of Representatives that the Senate has concurred with the House of Representatives in the passage of a bill of the following title to-wit:

HOUSE BILL 828

A bill for AN ACT concerning local government.

Together with the attached amendments thereto (which amendments have been printed by the Senate), in the adoption of which I am instructed to ask the concurrence of the House, to-wit:

Senate Amendment No. 2 to HOUSE BILL NO. 828

Senate Amendment No. 3 to HOUSE BILL NO. 828

Senate Amendment No. 4 to HOUSE BILL NO. 828

Passed the Senate, as amended, May 31, 2007.

Deborah Shipley, Secretary of the Senate

AMENDMENT NO. 2. Amend House Bill 828 on page 4, below line 24, by inserting the following:

"Section 10. The Wireless Emergency Telephone Safety Act is amended by changing Sections 15, 17, 25, 35, and 70 as follows:

(50 ILCS 751/15)

(Section scheduled to be repealed on April 1, 2008)

Sec. 15. Wireless emergency 9-1-1 service. The digits "9-1-1" shall be the designated emergency telephone number within the wireless system.

(a) Standards. The Illinois Commerce Commission may set non-discriminatory, uniform technical and operational standards consistent with the rules of the Federal Communications Commission for directing calls to authorized public safety answering points. These standards shall not in any way prescribe the technology or manner a wireless carrier shall use to deliver wireless 9-1-1 or wireless E9-1-1 calls and these standards shall not exceed the requirements set by the Federal Communications Commission. However, standards for directing calls to the authorized public safety answering point shall be included. The authority given to the Illinois Commerce Commission in this Section is limited to setting standards as set forth herein and does not constitute authority to regulate wireless carriers.

(b) Wireless public safety answering points. For the purpose of providing wireless 9-1-1 emergency services, an emergency telephone system board or, in the absence of an emergency telephone system board, a qualified governmental entity may declare its intention for one or more of its public safety answering points to serve as a primary wireless 9-1-1 public safety answering point for its jurisdiction by notifying the Chief Clerk of the Illinois Commerce Commission and the Director of State Police in writing within 6 months after the effective date of this Act or within 6 months after receiving its authority to operate a 9-1-1 system under the Emergency Telephone System Act, whichever is later. In addition, 2 or more emergency

telephone system boards or qualified units of local government may, by virtue of an intergovernmental agreement, provide wireless 9-1-1 service. The Department of State Police shall be the primary wireless 9-1-1 public safety answering point for any jurisdiction not providing notice to the Commission and the Department of State Police. Nothing in this Act shall require the provision of wireless enhanced 9-1-1 services.

The Illinois Commerce Commission, upon a ~~joint request from the Department of State Police and~~ a qualified governmental entity or an emergency telephone system board, may grant authority to the emergency telephone system board or a qualified governmental entity to provide wireless 9-1-1 service in areas for which the Department of State Police has accepted wireless 9-1-1 responsibility. The Illinois Commerce Commission shall maintain a current list of all 9-1-1 systems and qualified governmental entities providing wireless 9-1-1 service under this Act.

Any emergency telephone system board or qualified governmental entity providing wireless 9-1-1 service prior to the effective date of this Act may continue to operate upon notification as previously described in this Section. An emergency telephone system board or a qualified governmental entity shall submit, with its notification, the date upon which it commenced operating.

(c) Wireless Enhanced 9-1-1 Board. The Wireless Enhanced 9-1-1 Board is created. The Board consists of 7 members appointed by the Governor with the advice and consent of the Senate. It is recommended that the Governor appoint members from the following: the Illinois Chapter of the National Emergency Numbers Association, the Illinois State Police, law enforcement agencies, the wireless telecommunications industry, an emergency telephone system board in Cook County (outside the City of Chicago), an emergency telephone system board in the Metro-east area, and an emergency telephone system board in the collar counties (Lake, McHenry, DuPage, Kane, and Will counties). Members of the Board may not receive any compensation but may, however, be reimbursed for any necessary expenditure in connection with their duties.

Except as provided in Section 45, the Wireless Enhanced 9-1-1 Board shall set the amount of the monthly wireless surcharge required to be imposed under Section 17 on all wireless subscribers in this State. Prior to the Wireless Enhanced 9-1-1 Board setting any surcharge, the Board shall publish the proposed surcharge in the Illinois Register, hold hearings on the surcharge and the requirements for an efficient wireless emergency number system, and elicit public comment. The Board shall determine the minimum cost necessary for implementation of this system and the amount of revenue produced based upon the number of wireless telephones in use. The Board shall set the surcharge at the minimum amount necessary to achieve the goals of the Act and shall, by July 1, 2000, file this information with the Governor, the Clerk of the House, and the Secretary of the Senate. The surcharge may not be more than \$0.75 per month per CMRS connection.

The Wireless Enhanced 9-1-1 Board shall report to the General Assembly by July 1, 2000 on implementing wireless non-emergency services for the purpose of public safety using the digits 3-1-1. The Board shall consider the delivery of 3-1-1 services in a 6 county area, including rural Cook County (outside of the City of Chicago), and DuPage, Lake, McHenry, Will, and Kane Counties, as well as counties outside of this area by an emergency telephone system board, a qualified governmental entity, or private industry. The Board, upon completion of all its duties required under this Act, is dissolved.

(50 ILCS 751/17)

(Section scheduled to be repealed on April 1, 2008)

Sec. 17. Wireless carrier surcharge.

(a) Except as provided in Section 45, each wireless carrier shall impose a monthly wireless carrier surcharge per CMRS connection that either has a telephone number within an area code assigned to Illinois by the North American Numbering Plan Administrator or has a billing address in this State. In the case of prepaid wireless telephone service, this surcharge shall be remitted based upon the address associated with the point of purchase, the customer billing address, or the location associated with the MTN for each active prepaid wireless telephone that has a sufficient positive balance as of the last day of each month, if that information is available. No wireless carrier shall impose the surcharge authorized by this Section upon any subscriber who is subject to the surcharge imposed by a unit of local government pursuant to Section 45. Prior to the effective date of this amendatory Act of the 95th General Assembly, the surcharge amount shall be the amount set by the Wireless Enhanced 9-1-1 Board. Beginning on the effective date of this amendatory Act of the 95th General Assembly, the monthly surcharge imposed under this Section shall be \$0.73 per CMRS connection. The wireless carrier that provides wireless service to the subscriber shall collect the surcharge ~~set by the Wireless Enhanced 9-1-1 Board~~ from the subscriber. For mobile

telecommunications services provided on and after August 1, 2002, any surcharge imposed under this Act shall be imposed based upon the municipality or county that encompasses the customer's place of primary use as defined in the Mobile Telecommunications Sourcing Conformity Act. The surcharge shall be stated as a separate item on the subscriber's monthly bill. The wireless carrier shall begin collecting the surcharge on bills issued within 90 days after the Wireless Enhanced 9-1-1 Board sets the monthly wireless surcharge. State and local taxes shall not apply to the wireless carrier surcharge.

(b) Except as provided in Section 45, a wireless carrier shall, within 45 days of collection, remit, either by check or by electronic funds transfer, to the State Treasurer the amount of the wireless carrier surcharge collected from each subscriber. Of the amounts remitted under this subsection prior to the effective date of this amendatory Act of the 95th General Assembly, and for surcharges imposed before the effective date of this amendatory Act of the 95th General Assembly but remitted after its effective date, the State Treasurer shall deposit one-third into the Wireless Carrier Reimbursement Fund and two-thirds into the Wireless Service Emergency Fund. For surcharges collected and remitted on or after the effective date of this amendatory Act of the 95th General Assembly, \$0.1475 per surcharge collected shall be deposited into the Wireless Carrier Reimbursement Fund, and \$0.5825 per surcharge collected shall be deposited into the Wireless Service Emergency Fund. Of the amounts deposited into the Wireless Carrier Reimbursement Fund under this subsection, \$0.01 per surcharge collected may be distributed to the carriers to cover their administrative costs. Of the amounts deposited into the Wireless Service Emergency Fund under this subsection, \$0.01 per surcharge collected may be disbursed to the Illinois Commerce Commission to cover its administrative costs.

(c) The first such remittance by wireless carriers shall include the number of customers by zip code, and the 9-digit zip code if currently being used or later implemented by the carrier, that shall be the means by which the Illinois Commerce Commission shall determine distributions from the Wireless Service Emergency Fund. This information shall be updated no less often than every year. Wireless carriers are not required to remit surcharge moneys that are billed to subscribers but not yet collected.

(d) Notwithstanding any provision of law to the contrary, nothing shall impair the right of wireless carriers to recover compliance costs for all emergency communications services directly from their customers via line-item charges on the customer's bill. Those compliance costs include all costs incurred by wireless carriers in complying with local, State, and federal regulatory or legislative mandates that require the transmission and receipt of emergency communications to and from the general public, including, but not limited to, E-911.

(e) The Auditor General shall conduct, on an annual basis, an audit of the Wireless Service Emergency Fund and the Wireless Carrier Reimbursement Fund for compliance with the requirements of this Act. The audit shall include, but not be limited to, the following determinations:

(1) Whether the Commission is maintaining detailed records of all receipts and disbursements from the Wireless Carrier Emergency Fund and the Wireless Carrier Reimbursement Fund.

(2) Whether the Commission's administrative costs charged to the funds are adequately documented and are reasonable.

(3) Whether the Commission's procedures for making grants and providing reimbursements in accordance with the Act are adequate.

(4) The status of the implementation of wireless 9-1-1 and E9-1-1 services in Illinois.

The Commission, the Department of State Police, and any other entity or person that may have information relevant to the audit shall cooperate fully and promptly with the Office of the Auditor General in conducting the audit. The Auditor General shall commence the audit as soon as possible and distribute the report upon completion in accordance with Section 3-14 of the Illinois State Auditing Act.

(50 ILCS 751/25)

(Section scheduled to be repealed on April 1, 2008)

Sec. 25. Wireless Service Emergency Fund; distribution of moneys. Within 60 days after the effective date of this Act, wireless carriers shall submit to the Illinois Commerce Commission the number of wireless subscribers by zip code and the 9-digit zip code of the wireless subscribers, if currently being used or later implemented by the carrier.

The Illinois Commerce Commission shall, subject to appropriation, make monthly proportional grants to the appropriate emergency telephone system board or qualified governmental entity based upon the United States Postal Zip Code of the wireless subscriber's billing address. No matching funds shall be required from grant recipients.

If the Illinois Commerce Commission is notified of an area of overlapping jurisdiction, grants for that

area shall be made based upon reference to an official Master Street Address Guide to the emergency telephone system board or qualified governmental entity whose public service answering points provide wireless 9-1-1 service in that area. The emergency telephone system board or qualified governmental entity shall provide the Illinois Commerce Commission with a valid copy of the appropriate Master Street Address Guide. The Illinois Commerce Commission does not have a duty to verify jurisdictional responsibility.

In the event of a subscriber billing address being matched to an incorrect jurisdiction by the Illinois Commerce Commission, the recipient, upon notification from the Illinois Commerce Commission, shall redirect the funds to the correct jurisdiction. The Illinois Commerce Commission shall not be held liable for any damages relating to an act or omission under this Act, unless the act or omission constitutes gross negligence, recklessness, or intentional misconduct.

In the event of a dispute between emergency telephone system boards or qualified governmental entities concerning a subscriber billing address, the Illinois Commerce Commission shall resolve the dispute.

The Illinois Commerce Commission shall maintain detailed records of all receipts and disbursements and shall provide an annual accounting of all receipts and disbursements to the Auditor General.

The Illinois Commerce Commission shall adopt rules to govern the grant process.

The Illinois Commerce Commission may also use moneys in the Wireless Service Emergency Fund to make grants to the Illinois National Emergency Number Association for the purpose of conducting a study to determine the future technological and financial needs of the wireless 9-1-1 systems. The study shall include input from the telecommunications industry and the public safety community.

(Source: P.A. 93-839, eff. 7-30-04.)

(50 ILCS 751/35)

(Section scheduled to be repealed on April 1, 2008)

Sec. 35. Wireless Carrier Reimbursement Fund; reimbursement. To recover costs from the Wireless Carrier Reimbursement Fund, the wireless carrier shall submit sworn invoices to the Illinois Commerce Commission. In no event may any invoice for payment be approved for (i) costs that are not related to compliance with the requirements established by the wireless enhanced 9-1-1 mandates of the Federal Communications Commission, (ii) costs with respect to any wireless enhanced 9-1-1 service that is not operable at the time the invoice is submitted, or (iii) costs of any wireless carrier exceeding 100% of the wireless emergency services charges remitted to the Wireless Carrier Reimbursement Fund by the wireless carrier under Section 17(b) unless the wireless carrier received prior approval for the expenditures from the Illinois Commerce Commission.

If in any month the total amount of invoices submitted to the Illinois Commerce Commission and approved for payment exceeds the amount available in the Wireless Carrier Reimbursement Fund, wireless carriers that have invoices approved for payment shall receive a pro-rata share of the amount available in the Wireless Carrier Reimbursement Fund based on the relative amount of their approved invoices available that month, and the balance of the payments shall be carried into the following months until all of the approved payments are made.

A wireless carrier may not receive payment from the Wireless Carrier Reimbursement Fund for its costs of providing wireless enhanced 9-1-1 services in an area when a unit of local government or emergency telephone system board provides wireless 9-1-1 services in that area and was imposing and collecting a wireless carrier surcharge prior to July 1, 1998.

The Illinois Commerce Commission shall maintain detailed records of all receipts and disbursements and shall provide an annual accounting of all receipts and disbursements to the Auditor General.

The Illinois Commerce Commission shall adopt rules to govern the reimbursement process.

Upon the effective date of this amendatory Act of the 95th General Assembly, or as soon thereafter as practical, the State Comptroller shall order transferred and the State Treasurer shall transfer the sum of \$8,000,000 from the Wireless Carrier Reimbursement Fund to the Wireless Service Emergency Fund. That amount shall be used by the Illinois Commerce Commission to make grants in the manner described in Section 25 of this Act.

numbers of Senate Amendment No. 2, on page 11, by replacing lines 3 through 9 with the following:

"The Illinois Commerce Commission may also use moneys in the Wireless Service Emergency Fund for the purpose of conducting a study to determine the future technological and financial needs of the wireless 9-1-1 systems. A study shall include input from the telecommunications industry, the Illinois National Emergency Number Association, and the public safety community."

AMENDMENT NO. 4. Amend House Bill 828 by replacing everything after the enacting clause with the following:

"Section 5. The Emergency Telephone System Act is amended by changing Sections 15.3 and 15.4 as follows:

(50 ILCS 750/15.3) (from Ch. 134, par. 45.3)

Sec. 15.3. Surcharge.

(a) The corporate authorities of any municipality or any county may, subject to the limitations of subsections (c), (d), and (h), and in addition to any tax levied pursuant to the Simplified Municipal Telecommunications Tax Act, impose a monthly surcharge on billed subscribers of network connection provided by telecommunication carriers engaged in the business of transmitting messages by means of electricity originating within the corporate limits of the municipality or county imposing the surcharge at a rate per network connection determined in accordance with subsection (c). Provided, however, that where multiple voice grade communications channels are connected between the subscriber's premises and a public switched network through private branch exchange (PBX) or centrex type service, a municipality imposing a surcharge at a rate per network connection, as determined in accordance with this Act, shall impose 5 such surcharges per network connection, as determined in accordance with subsections (a) and (d) of Section 2.12 of this Act. For mobile telecommunications services, if a surcharge is imposed it shall be imposed based upon the municipality or county that encompasses the customer's place of primary use as defined in the Mobile Telecommunications Sourcing Conformity Act. A municipality may enter into an intergovernmental agreement with any county in which it is partially located, when the county has adopted an ordinance to impose a surcharge as provided in subsection (c), to include that portion of the municipality lying outside the county in that county's surcharge referendum. If the county's surcharge referendum is approved, the portion of the municipality identified in the intergovernmental agreement shall automatically be disconnected from the county in which it lies and connected to the county which approved the referendum for purposes of a surcharge on telecommunications carriers.

(b) For purposes of computing the surcharge imposed by subsection (a), the network connections to which the surcharge shall apply shall be those in-service network connections, other than those network connections assigned to the municipality or county, where the service address for each such network connection or connections is located within the corporate limits of the municipality or county levying the surcharge. Except for mobile telecommunication services, the "service address" shall mean the location of the primary use of the network connection or connections. For mobile telecommunication services, "service address" means the customer's place of primary use as defined in the Mobile Telecommunications Sourcing Conformity Act. With respect to network connections provided for use with pay telephone services for which there is no billed subscriber, the telecommunications carrier providing the network connection shall be deemed to be its own billed subscriber for purposes of applying the surcharge.

(c) Upon the passage of an ordinance to impose a surcharge under this Section the clerk of the municipality or county shall certify the question of whether the surcharge may be imposed to the proper election authority who shall submit the public question to the electors of the municipality or county in accordance with the general election law; provided that such question shall not be submitted at a consolidated primary election. The public question shall be in substantially the following form:

Shall the county (or city, village	
or incorporated town) of impose	YES
a surcharge of up to ...¢ per month per	
network connection, which surcharge will	
be added to the monthly bill you receive	-----
for telephone or telecommunications	
charges, for the purpose of installing	
(or improving) a 9-1-1 Emergency	NO
Telephone System?	

 If a majority of the votes cast upon the public question are in favor thereof, the surcharge shall be imposed.

However, if a Joint Emergency Telephone System Board is to be created pursuant to an intergovernmental agreement under Section 15.4, the ordinance to impose the surcharge shall be subject to the approval of a majority of the total number of votes cast upon the public question by the electors of all of the municipalities or counties, or combination thereof, that are parties to the intergovernmental agreement.

The referendum requirement of this subsection (c) shall not apply to any municipality with a population over 500,000 or to any county in which a proposition as to whether a sophisticated 9-1-1 Emergency Telephone System should be installed in the county, at a cost not to exceed a specified monthly amount per network connection, has previously been approved by a majority of the electors of the county voting on the proposition at an election conducted before the effective date of this amendatory Act of 1987.

(d) A county may not impose a surcharge, unless requested by a municipality, in any incorporated area which has previously approved a surcharge as provided in subsection (c) or in any incorporated area where the corporate authorities of the municipality have previously entered into a binding contract or letter of intent with a telecommunications carrier to provide sophisticated 9-1-1 service through municipal funds.

(e) A municipality or county may at any time by ordinance change the rate of the surcharge imposed under this Section if the new rate does not exceed the rate specified in the referendum held pursuant to subsection (c).

(f) The surcharge authorized by this Section shall be collected from the subscriber by the telecommunications carrier providing the subscriber the network connection as a separately stated item on the subscriber's bill.

(g) The amount of surcharge collected by the telecommunications carrier shall be paid to the particular municipality or county or Joint Emergency Telephone System Board not later than 30 days after the surcharge is collected, net of any network or other 9-1-1 or sophisticated 9-1-1 system charges then due the particular telecommunications carrier, as shown on an itemized bill. The telecommunications carrier collecting the surcharge shall also be entitled to deduct 3% of the gross amount of surcharge collected to reimburse the telecommunications carrier for the expense of accounting and collecting the surcharge.

(h) Except as expressly provided in subsection (a) of this Section, a municipality with a population over 500,000 may not impose a monthly surcharge in excess of \$2.50 ~~\$1.25~~ per network connection.

(i) Any municipality or county or joint emergency telephone system board that has imposed a surcharge pursuant to this Section prior to the effective date of this amendatory Act of 1990 shall hereafter impose the surcharge in accordance with subsection (b) of this Section.

(j) The corporate authorities of any municipality or county may issue, in accordance with Illinois law, bonds, notes or other obligations secured in whole or in part by the proceeds of the surcharge described in this Section. Notwithstanding any change in law subsequent to the issuance of any bonds, notes or other obligations secured by the surcharge, every municipality or county issuing such bonds, notes or other obligations shall be authorized to impose the surcharge as though the laws relating to the imposition of the surcharge in effect at the time of issuance of the bonds, notes or other obligations were in full force and effect until the bonds, notes or other obligations are paid in full. The State of Illinois pledges and agrees that it will not limit or alter the rights and powers vested in municipalities and counties by this Section to impose the surcharge so as to impair the terms of or affect the security for bonds, notes or other obligations secured in whole or in part with the proceeds of the surcharge described in this Section.

(k) Any surcharge collected by or imposed on a telecommunications carrier pursuant to this Section shall be held to be a special fund in trust for the municipality, county or Joint Emergency Telephone Board imposing the surcharge. Except for the 3% deduction provided in subsection (g) above, the special fund shall not be subject to the claims of creditors of the telecommunication carrier.

(50 ILCS 750/15.4) (from Ch. 134, par. 45.4)

Sec. 15.4. Emergency Telephone System Board; powers.

(a) The corporate authorities of any county or municipality that imposes a surcharge under Section 15.3 shall establish an Emergency Telephone System Board. The corporate authorities shall provide for the manner of appointment and the number of members of the Board, provided that the board shall consist of not fewer than 5 members, one of whom must be a public member who is a resident of the local exchange service territory included in the 9-1-1 coverage area, one of whom (in counties with a population less than 100,000) must be a member of the county board, and at least 3 of whom shall be representative of the 9-1-1 public safety agencies, including but not limited to police departments, fire departments, emergency

medical services providers, and emergency services and disaster agencies, and appointed on the basis of their ability or experience. Elected officials are also eligible to serve on the board. Members of the board shall serve without compensation but shall be reimbursed for their actual and necessary expenses. Any 2 or more municipalities, counties, or combination thereof, that impose a surcharge under Section 15.3 may, instead of establishing individual boards, establish by intergovernmental agreement a Joint Emergency Telephone System Board pursuant to this Section. The manner of appointment of such a joint board shall be prescribed in the agreement.

(b) The powers and duties of the board shall be defined by ordinance of the municipality or county, or by intergovernmental agreement in the case of a joint board. The powers and duties shall include, but need not be limited to the following:

- (1) Planning a 9-1-1 system.
- (2) Coordinating and supervising the implementation, upgrading, or maintenance of the system, including the establishment of equipment specifications and coding systems.
- (3) Receiving monies from the surcharge imposed under Section 15.3, and from any other source, for deposit into the Emergency Telephone System Fund.
- (4) Authorizing all disbursements from the fund.
- (5) Hiring any staff necessary for the implementation or upgrade of the system.

(c) All monies received by a board pursuant to a surcharge imposed under Section 15.3 shall be deposited into a separate interest-bearing Emergency Telephone System Fund account. The treasurer of the municipality or county that has established the board or, in the case of a joint board, any municipal or county treasurer designated in the intergovernmental agreement, shall be custodian of the fund. All interest accruing on the fund shall remain in the fund. No expenditures may be made from such fund except upon the direction of the board by resolution passed by a majority of all members of the board. Expenditures may be made only to pay for the costs associated with the following:

- (1) The design of the Emergency Telephone System.
- (2) The coding of an initial Master Street Address Guide data base, and update and maintenance thereof.
- (3) The repayment of any monies advanced for the implementation of the system.
- (4) The charges for Automatic Number Identification and Automatic Location

Identification equipment, a computer aided dispatch system that records, maintains, and integrates information, mobile data transmitters equipped with automatic vehicle locators, and maintenance, replacement and update thereof to increase operational efficiency and improve the provision of emergency services.

- (5) The non-recurring charges related to installation of the Emergency Telephone System and the ongoing network charges.

(6) The acquisition and installation, or the reimbursement of costs therefor to other governmental bodies that have incurred those costs, of road or street signs that are essential to the implementation of the emergency telephone system and that are not duplicative of signs that are the responsibility of the jurisdiction charged with maintaining road and street signs.

(7) Other products and services necessary for the implementation, upgrade, and maintenance of the system and any other purpose related to the operation of the system, including costs attributable directly to the construction, leasing, or maintenance of any buildings or facilities or costs of personnel attributable directly to the operation of the system. Costs attributable directly to the operation of an emergency telephone system do not include the costs of public safety agency personnel who are and equipment that is dispatched in response to an emergency call.

(8) In the case of a municipality that imposes a surcharge under subsection (h) of Section 15.3, moneys may also be used for any anti-terrorism or emergency preparedness measures, including, but not limited to, preparedness planning, providing local matching funds for federal or State grants, personnel training, and specialized equipment, including surveillance cameras as needed to deal with natural and terrorist-inspired emergency situations or events.

(d) The board shall complete the data base before implementation of the 9-1-1 system. The error ratio of the data base shall not at any time exceed 1% of the total data base.

Section 10. The Wireless Emergency Telephone Safety Act is amended by changing Sections 15, 17, 25, 35, 45, and 70 as follows:

(50 ILCS 751/15)

(Section scheduled to be repealed on April 1, 2008)

Sec. 15. Wireless emergency 9-1-1 service. The digits "9-1-1" shall be the designated emergency telephone number within the wireless system.

(a) Standards. The Illinois Commerce Commission may set non-discriminatory, uniform technical and operational standards consistent with the rules of the Federal Communications Commission for directing calls to authorized public safety answering points. These standards shall not in any way prescribe the technology or manner a wireless carrier shall use to deliver wireless 9-1-1 or wireless E9-1-1 calls and these standards shall not exceed the requirements set by the Federal Communications Commission. However, standards for directing calls to the authorized public safety answering point shall be included. The authority given to the Illinois Commerce Commission in this Section is limited to setting standards as set forth herein and does not constitute authority to regulate wireless carriers.

(b) Wireless public safety answering points. For the purpose of providing wireless 9-1-1 emergency services, an emergency telephone system board or, in the absence of an emergency telephone system board, a qualified governmental entity may declare its intention for one or more of its public safety answering points to serve as a primary wireless 9-1-1 public safety answering point for its jurisdiction by notifying the Chief Clerk of the Illinois Commerce Commission and the Director of State Police in writing within 6 months after the effective date of this Act or within 6 months after receiving its authority to operate a 9-1-1 system under the Emergency Telephone System Act, whichever is later. In addition, 2 or more emergency telephone system boards or qualified units of local government may, by virtue of an intergovernmental agreement, provide wireless 9-1-1 service. The Department of State Police shall be the primary wireless 9-1-1 public safety answering point for any jurisdiction not providing notice to the Commission and the Department of State Police. Nothing in this Act shall require the provision of wireless enhanced 9-1-1 services.

The Illinois Commerce Commission, upon a ~~joint~~ request from ~~the Department of State Police and~~ a qualified governmental entity or an emergency telephone system board, may grant authority to the emergency telephone system board or a qualified governmental entity to provide wireless 9-1-1 service in areas for which the Department of State Police has accepted wireless 9-1-1 responsibility. The Illinois Commerce Commission shall maintain a current list of all 9-1-1 systems and qualified governmental entities providing wireless 9-1-1 service under this Act.

Any emergency telephone system board or qualified governmental entity providing wireless 9-1-1 service prior to the effective date of this Act may continue to operate upon notification as previously described in this Section. An emergency telephone system board or a qualified governmental entity shall submit, with its notification, the date upon which it commenced operating.

(c) Wireless Enhanced 9-1-1 Board. The Wireless Enhanced 9-1-1 Board is created. The Board consists of 7 members appointed by the Governor with the advice and consent of the Senate. It is recommended that the Governor appoint members from the following: the Illinois Chapter of the National Emergency Numbers Association, the Illinois State Police, law enforcement agencies, the wireless telecommunications industry, an emergency telephone system board in Cook County (outside the City of Chicago), an emergency telephone system board in the Metro-east area, and an emergency telephone system board in the collar counties (Lake, McHenry, DuPage, Kane, and Will counties). Members of the Board may not receive any compensation but may, however, be reimbursed for any necessary expenditure in connection with their duties.

Except as provided in Section 45, the Wireless Enhanced 9-1-1 Board shall set the amount of the monthly wireless surcharge required to be imposed under Section 17 on all wireless subscribers in this State. Prior to the Wireless Enhanced 9-1-1 Board setting any surcharge, the Board shall publish the proposed surcharge in the Illinois Register, hold hearings on the surcharge and the requirements for an efficient wireless emergency number system, and elicit public comment. The Board shall determine the minimum cost necessary for implementation of this system and the amount of revenue produced based upon the number of wireless telephones in use. The Board shall set the surcharge at the minimum amount necessary to achieve the goals of the Act and shall, by July 1, 2000, file this information with the Governor, the Clerk of the House, and the Secretary of the Senate. The surcharge may not be more than \$0.75 per month per CMRS connection.

The Wireless Enhanced 9-1-1 Board shall report to the General Assembly by July 1, 2000 on implementing wireless non-emergency services for the purpose of public safety using the digits 3-1-1. The Board shall consider the delivery of 3-1-1 services in a 6 county area, including rural Cook County (outside of the City of Chicago), and DuPage, Lake, McHenry, Will, and Kane Counties, as well as counties outside of this area by an emergency telephone system board, a qualified governmental entity, or private industry. The Board, upon completion of all its duties required under this Act, is dissolved.

(50 ILCS 751/17)

(Section scheduled to be repealed on April 1, 2008)

Sec. 17. Wireless carrier surcharge.

(a) Except as provided in Section 45, each wireless carrier shall impose a monthly wireless carrier surcharge per CMRS connection that either has a telephone number within an area code assigned to Illinois by the North American Numbering Plan Administrator or has a billing address in this State. In the case of prepaid wireless telephone service, this surcharge shall be remitted based upon the address associated with the point of purchase, the customer billing address, or the location associated with the MTN for each active prepaid wireless telephone that has a sufficient positive balance as of the last day of each month, if that information is available. No wireless carrier shall impose the surcharge authorized by this Section upon any subscriber who is subject to the surcharge imposed by a unit of local government pursuant to Section 45. Prior to the effective date of this amendatory Act of the 95th General Assembly, the surcharge amount shall be the amount set by the Wireless Enhanced 9-1-1 Board. Beginning on the effective date of this amendatory Act of the 95th General Assembly, the monthly surcharge imposed under this Section shall be \$0.73 per CMRS connection. The wireless carrier that provides wireless service to the subscriber shall collect the surcharge ~~set by the Wireless Enhanced 9-1-1 Board~~ from the subscriber. For mobile telecommunications services provided on and after August 1, 2002, any surcharge imposed under this Act shall be imposed based upon the municipality or county that encompasses the customer's place of primary use as defined in the Mobile Telecommunications Sourcing Conformity Act. The surcharge shall be stated as a separate item on the subscriber's monthly bill. The wireless carrier shall begin collecting the surcharge on bills issued within 90 days after the Wireless Enhanced 9-1-1 Board sets the monthly wireless surcharge. State and local taxes shall not apply to the wireless carrier surcharge.

(b) Except as provided in Section 45, a wireless carrier shall, within 45 days of collection, remit, either by check or by electronic funds transfer, to the State Treasurer the amount of the wireless carrier surcharge collected from each subscriber. Of the amounts remitted under this subsection prior to the effective date of this amendatory Act of the 95th General Assembly, and for surcharges imposed before the effective date of this amendatory Act of the 95th General Assembly but remitted after its effective date, the State Treasurer shall deposit one-third into the Wireless Carrier Reimbursement Fund and two-thirds into the Wireless Service Emergency Fund. For surcharges collected and remitted on or after the effective date of this amendatory Act of the 95th General Assembly, \$0.1475 per surcharge collected shall be deposited into the Wireless Carrier Reimbursement Fund, and \$0.5825 per surcharge collected shall be deposited into the Wireless Service Emergency Fund. Of the amounts deposited into the Wireless Carrier Reimbursement Fund under this subsection, \$0.01 per surcharge collected may be distributed to the carriers to cover their administrative costs. Of the amounts deposited into the Wireless Service Emergency Fund under this subsection, \$0.01 per surcharge collected may be disbursed to the Illinois Commerce Commission to cover its administrative costs.

(c) The first such remittance by wireless carriers shall include the number of customers by zip code, and the 9-digit zip code if currently being used or later implemented by the carrier, that shall be the means by which the Illinois Commerce Commission shall determine distributions from the Wireless Service Emergency Fund. This information shall be updated no less often than every year. Wireless carriers are not required to remit surcharge moneys that are billed to subscribers but not yet collected.

(d) Notwithstanding any provision of law to the contrary, nothing shall impair the right of wireless carriers to recover compliance costs for all emergency communications services directly from their customers via line-item charges on the customer's bill. Those compliance costs include all costs incurred by wireless carriers in complying with local, State, and federal regulatory or legislative mandates that require the transmission and receipt of emergency communications to and from the general public, including, but not limited to, E-911.

(e) The Auditor General shall conduct, on an annual basis, an audit of the Wireless Service Emergency Fund and the Wireless Carrier Reimbursement Fund for compliance with the requirements of this Act. The audit shall include, but not be limited to, the following determinations:

(1) Whether the Commission is maintaining detailed records of all receipts and disbursements from the Wireless Carrier Emergency Fund and the Wireless Carrier Reimbursement Fund.

(2) Whether the Commission's administrative costs charged to the funds are adequately documented and are reasonable.

(3) Whether the Commission's procedures for making grants and providing reimbursements in accordance with the Act are adequate.

(4) The status of the implementation of wireless 9-1-1 and E9-1-1 services in Illinois.

The Commission, the Department of State Police, and any other entity or person that may have information relevant to the audit shall cooperate fully and promptly with the Office of the Auditor General in conducting the audit. The Auditor General shall commence the audit as soon as possible and distribute the report upon completion in accordance with Section 3-14 of the Illinois State Auditing Act.

(50 ILCS 751/25)

(Section scheduled to be repealed on April 1, 2008)

Sec. 25. Wireless Service Emergency Fund; distribution of moneys. Within 60 days after the effective date of this Act, wireless carriers shall submit to the Illinois Commerce Commission the number of wireless subscribers by zip code and the 9-digit zip code of the wireless subscribers, if currently being used or later implemented by the carrier.

The Illinois Commerce Commission shall, subject to appropriation, make monthly proportional grants to the appropriate emergency telephone system board or qualified governmental entity based upon the United States Postal Zip Code of the wireless subscriber's billing address. No matching funds shall be required from grant recipients.

If the Illinois Commerce Commission is notified of an area of overlapping jurisdiction, grants for that area shall be made based upon reference to an official Master Street Address Guide to the emergency telephone system board or qualified governmental entity whose public service answering points provide wireless 9-1-1 service in that area. The emergency telephone system board or qualified governmental entity shall provide the Illinois Commerce Commission with a valid copy of the appropriate Master Street Address Guide. The Illinois Commerce Commission does not have a duty to verify jurisdictional responsibility.

In the event of a subscriber billing address being matched to an incorrect jurisdiction by the Illinois Commerce Commission, the recipient, upon notification from the Illinois Commerce Commission, shall redirect the funds to the correct jurisdiction. The Illinois Commerce Commission shall not be held liable for any damages relating to an act or omission under this Act, unless the act or omission constitutes gross negligence, recklessness, or intentional misconduct.

In the event of a dispute between emergency telephone system boards or qualified governmental entities concerning a subscriber billing address, the Illinois Commerce Commission shall resolve the dispute.

The Illinois Commerce Commission shall maintain detailed records of all receipts and disbursements and shall provide an annual accounting of all receipts and disbursements to the Auditor General.

The Illinois Commerce Commission shall adopt rules to govern the grant process.

The Illinois Commerce Commission may also use moneys in the Wireless Service Emergency Fund for the purpose of conducting a study to determine the future technological and financial needs of the wireless 9-1-1 systems. A study shall include input from the telecommunications industry, the Illinois National Emergency Number Association, and the public safety community.

(Source: P.A. 93-839, eff. 7-30-04.)

(50 ILCS 751/35)

(Section scheduled to be repealed on April 1, 2008)

Sec. 35. Wireless Carrier Reimbursement Fund; reimbursement. To recover costs from the Wireless Carrier Reimbursement Fund, the wireless carrier shall submit sworn invoices to the Illinois Commerce Commission. In no event may any invoice for payment be approved for (i) costs that are not related to compliance with the requirements established by the wireless enhanced 9-1-1 mandates of the Federal Communications Commission, (ii) costs with respect to any wireless enhanced 9-1-1 service that is not operable at the time the invoice is submitted, or (iii) costs of any wireless carrier exceeding 100% of the wireless emergency services charges remitted to the Wireless Carrier Reimbursement Fund by the wireless carrier under Section 17(b) unless the wireless carrier received prior approval for the expenditures from the Illinois Commerce Commission.

If in any month the total amount of invoices submitted to the Illinois Commerce Commission and approved for payment exceeds the amount available in the Wireless Carrier Reimbursement Fund, wireless carriers that have invoices approved for payment shall receive a pro-rata share of the amount available in the Wireless Carrier Reimbursement Fund based on the relative amount of their approved invoices available that month, and the balance of the payments shall be carried into the following months until all of the approved payments are made.

A wireless carrier may not receive payment from the Wireless Carrier Reimbursement Fund for its costs of providing wireless enhanced 9-1-1 services in an area when a unit of local government or emergency

telephone system board provides wireless 9-1-1 services in that area and was imposing and collecting a wireless carrier surcharge prior to July 1, 1998.

The Illinois Commerce Commission shall maintain detailed records of all receipts and disbursements and shall provide an annual accounting of all receipts and disbursements to the Auditor General.

The Illinois Commerce Commission shall adopt rules to govern the reimbursement process.

Upon the effective date of this amendatory Act of the 95th General Assembly, or as soon thereafter as practical, the State Comptroller shall order transferred and the State Treasurer shall transfer the sum of \$8,000,000 from the Wireless Carrier Reimbursement Fund to the Wireless Service Emergency Fund. That amount shall be used by the Illinois Commerce Commission to make grants in the manner described in Section 25 of this Act.

(50 ILCS 751/45)

(Section scheduled to be repealed on April 1, 2008)

Sec. 45. Continuation of current practices. Notwithstanding any other provision of this Act, a unit of local government or emergency telephone system board providing wireless 9-1-1 service and imposing and collecting a wireless carrier surcharge prior to July 1, 1998 may continue its practices of imposing and collecting its wireless carrier surcharge, but in no event shall that monthly surcharge exceed \$2.50 ~~\$4.25~~ per commercial mobile radio service (CMRS) connection or in-service telephone number billed on a monthly basis. For mobile telecommunications services provided on and after August 1, 2002, any surcharge imposed shall be imposed based upon the municipality or county that encompasses the customer's place of primary use as defined in the Mobile Telecommunications Sourcing Conformity Act.

In addition to any other lawful purpose, a municipality with a population over 500,000 may use the moneys collected under this Section for any anti-terrorism or emergency preparedness measures, including, but not limited to, preparedness planning, providing local matching funds for federal or State grants, personnel training, and specialized equipment, including surveillance cameras as needed to deal with natural and terrorist-inspired emergency situations or events.

Section 15. The Public Utilities Act is amended by changing Section 13-203 as follows:

(220 ILCS 5/13-203) (from Ch. 111 2/3, par. 13-203)

(Section scheduled to be repealed on July 1, 2007)

Sec. 13-203. Telecommunications service.

"Telecommunications service" means the provision or offering for rent, sale or lease, or in exchange for other value received, of the transmittal of information, by means of electromagnetic, including light, transmission with or without benefit of any closed transmission medium, including all instrumentalities, facilities, apparatus, and services (including the collection, storage, forwarding, switching, and delivery of such information) used to provide such transmission and also includes access and interconnection arrangements and services.

"Telecommunications service" does not include, however:

(a) the rent, sale, or lease, or exchange for other value received, of customer premises equipment except for customer premises equipment owned or provided by a telecommunications carrier and used for answering 911 calls, and except for customer premises equipment provided under Section 13-703;

(b) telephone or telecommunications answering services, paging services, and physical pickup and delivery incidental to the provision of information transmitted through electromagnetic, including light, transmission; or

(c) community antenna television service which is operated to perform for hire the service of receiving and distributing video and audio program signals by wire, cable or other means to members of the public who subscribe to such service, to the extent that such service is utilized solely for the one-way distribution of such entertainment services with no more than incidental subscriber interaction required for the selection of such entertainment service.

For the purposes of this Act only, "telecommunications service" does not include public mobile service, as defined under Section 13-214 of this Act, or commercial mobile service, as defined under 47 U.S.C. 332.

The Commission may, by rulemaking, exclude (1) private line service which is not directly or indirectly

used for the origination or termination of switched telecommunications service, (2) cellular radio service, (3) high-speed point-to-point data transmission at or above 9.6 kilobits, or (4) the provision of telecommunications service by a company or person otherwise subject to Section 13-202 (c) to a telecommunications carrier, which is incidental to the provision of service subject to Section 13-202 (c), from active regulatory oversight to the extent it finds, after notice, hearing and comment that such exclusion is consistent with the public interest and the purposes and policies of this Article. To the extent that the Commission has excluded cellular radio service from active regulatory oversight for any provider of cellular radio service in this State pursuant to this Section, the Commission shall exclude all other providers of cellular radio service in the State from active regulatory oversight without an additional rulemaking proceeding where there are 2 or more certified providers of cellular radio service in a geographic area.

Senate Amendment No. 2 to HOUSE BILL NO. 1292

Passed the Senate, as amended, May 31, 2007.

Deborah Shipley, Secretary of the Senate

AMENDMENT NO. 1. Amend House Bill 1292 by replacing everything after the enacting clause with the following:

"Section 5. The Public Utilities Act is amended by adding Section 16-115C as follows:

(220 ILCS 5/16-115C new)

Sec. 16-115C. Licensure of agents, brokers, and consultants engaged in the procurement or sale of retail electricity supply for third parties.

(a) The purpose of this Section is to adopt licensing and code of conduct rules in a competitive retail electricity market to protect Illinois consumers from unfair or deceptive acts or practices and to provide persons acting as agents, brokers, and consultants engaged in the procurement or sale of retail electricity supply for third parties with notice of the illegality of those acts or practices.

(b) For purposes of this Section, "agents, brokers, and consultants engaged in the procurement or sale of retail electricity supply for third parties" means any person or entity that attempts to procure on behalf of or sell retail electric service to an electric customer in the State. "Agents, brokers, and consultants engaged in the procurement or sale of retail electricity supply for third parties" does not include any entity licensed as an alternative retail electric supplier pursuant to 83 Ill. Adm. Code 451 offering retail electric service on its own behalf, any person acting exclusively on behalf of a single alternative retail electric supplier on condition that exclusivity is disclosed to any third party contracted in such agent capacity, any person or entity representing a municipal power agency, as defined in Section 11-119.1-3 of the Illinois Municipal Code, or any person or entity that is attempting to procure on behalf of or sell retail electric service to a third party that has aggregate billing demand of all of its affiliated electric service accounts in Illinois of greater than 1,500 kW.

(c) No person or entity shall act as an agent, broker, or consultant engaged in the procurement or sale of retail electricity supply for third parties unless that person or entity is licensed by the Commission under this Section or is offering services on their own behalf under 83 Ill. Adm. Code 451.

(d) The Commission shall create requirements for licensure as an agent, broker, or consultant engaged in

the procurement or sale of retail electricity supply for third parties, which shall include all of the following criteria:

- (1) Technical competence.
- (2) Managerial competence.
- (3) Financial responsibility, including the posting of an appropriate performance bond.
- (4) Annual reporting requirements.

(e) Any person or entity required to be licensed under this Section must:

(1) disclose to all persons it solicits the existence of any contracts with retail electric suppliers or their affiliates regarding retail electric service in Illinois and the nature of those contract or contracts;

(2) provide to all persons it solicits a list of all retail electric suppliers authorized to serve that person per the then-current list of suppliers on the Commission's website;

(3) not hold itself out as independent or unaffiliated with any supplier, or both, or use words reasonably calculated to give that impression, unless the person offering service under this Section has no contractual relationship with any retail electricity supplier or its affiliates regarding retail electric service in Illinois;

(4) not utilize false, misleading, materially inaccurate, defamatory, or otherwise deceptive language or materials in the soliciting or providing of its services;

(5) maintain copies of all marketing materials disseminated to third parties for a period of not less than 3 years;

(6) not present electricity pricing information in a manner that favors one supplier over another, unless a valid pricing comparison is made utilizing all relevant costs and terms; and

(7) comply with the requirements of Sections 2EE, 2FF, 2GG, and 2HH of the Consumer Fraud and Deceptive Business Practices Act.

(f) Any person or entity licensed under this Section shall file with the Commission all of the following information no later than March of each year:

(1) A verified report detailing any and all contractual relationships that it has with certified electricity suppliers in the State regarding retail electric service in Illinois.

(2) A verified report detailing the distribution of its customers with the various certified electricity suppliers in Illinois during the prior calendar year.

(3) A copy of its audited financial statement.

(4) A verified statement of any changes to the original licensure qualifications and notice of continuing compliance with all requirements.

(g) The Commission shall have jurisdiction over disciplinary proceedings and complaints for violations of this Section. The findings of a violation of this Section by the Commission shall result in a progressive disciplinary scale. For a first violation, the Commission shall suspend the license of the person so disciplined for a period of no less than one month. For a second violation within a 5-year period, the Commission shall suspend the license for the person so disciplined for a period of not less than 6 months. For a third or subsequent violation within a 5-year period, the Commission shall suspend the license of the disciplined person for a period of not less than 2 years.

(h) This Section shall not apply to a retail customer that operates or manages either directly or indirectly any facilities, equipment, or property used or contemplated to be used to distribute electric power or energy if that retail customer is a political subdivision or public institution of higher education of this State, or any corporation, company, limited liability company, association, joint-stock company or association, firm, partnership, or individual, or their lessees, trusts, or receivers appointed by any court whatsoever that are owned or controlled by the political subdivision, public institution of higher education, or operated by any of its lessees or operating agents.

Section 99. Effective date. This Act takes effect upon becoming law."

AMENDMENT NO. 2. Amend House Bill 1292, AS AMENDED, with reference to page and line numbers of Senate Amendment No. 1, on page 1, line 4, after "amended", by inserting "by changing Section 13-1200 and"; and

on page 1, immediately below line 5, by inserting the following:

"(220 ILCS 5/13-1200)

(Section scheduled to be repealed on July 1, 2007)

Sec. 13-1200. Repealer. This Article is repealed July 1, 2009 ~~2007~~.

A message from the Senate by
Ms. Shipley, Secretary:
Mr. Speaker -- I am directed to inform the House of Representatives that the Senate has concurred with the House of Representatives in the passage of a bill of the following title to-wit:

HOUSE BILL 1685

A bill for AN ACT concerning elections.
Together with the attached amendment thereto (which amendment has been printed by the Senate), in the adoption of which I am instructed to ask the concurrence of the House, to-wit:
Senate Amendment No. 1 to HOUSE BILL NO. 1685
Passed the Senate, as amended, May 31, 2007.

Deborah Shipley, Secretary of the Senate

AMENDMENT NO. 1. Amend House Bill 1685 by replacing everything after the enacting clause with the following:

"Section 1. Short title. This Act may be cited as the Agreement Among the States to Elect the President by National Popular Vote Act.

Section 5. Ratification and approval of compact. The State of Illinois ratifies and approves the following compact:

"Agreement Among the States to Elect the President by National Popular Vote

Article I-Membership

Any State of the United States and the District of Columbia may become a member of this agreement by enacting this agreement.

Article II-Right of the People in Member States to Vote for President and Vice President

Each member state shall conduct a statewide popular election for President and Vice President of the United States.

Article III-Manner of Appointing Presidential Electors in Member States

Prior to the time set by law for the meeting and voting by the presidential electors, the chief election official of each member state shall determine the number of votes for each presidential slate in each State of the United States and in the District of Columbia in which votes have been cast in a statewide popular election and shall add such votes together to produce a "national popular vote total" for each presidential slate.

The chief election official of each member state shall designate the presidential slate with the largest national popular vote total as the "national popular vote winner."

The presidential elector certifying official of each member state shall certify the appointment in that official's own state of the elector slate nominated in that state in association with the national popular vote winner.

At least six days before the day fixed by law for the meeting and voting by the presidential electors, each member state shall make a final determination of the number of popular votes cast in the state for each presidential slate and shall communicate an official statement of such determination within 24 hours to the chief election official of each other member state.

The chief election official of each member state shall treat as conclusive an official statement containing the number of popular votes in a state for each presidential slate made by the day established by federal law for making a state's final determination conclusive as to the counting of electoral votes by Congress.

In event of a tie for the national popular vote winner, the presidential elector certifying official of each member state shall certify the appointment of the elector slate nominated in association with the presidential slate receiving the largest number of popular votes within that official's own state.

If, for any reason, the number of presidential electors nominated in a member state in association with the national popular vote winner is less than or greater than that state's number of electoral votes, the presidential candidate on the presidential slate that has been designated as the national popular vote winner shall have the power to nominate the presidential electors for that state and that state's presidential elector certifying official shall certify the appointment of such nominees.

The chief election official of each member state shall immediately release to the public all vote counts or statements of votes as they are determined or obtained.

This article shall govern the appointment of presidential electors in each member state in any year in which this agreement is, on July 20, in effect in states cumulatively possessing a majority of the electoral votes.

Article IV-Other Provisions

This agreement shall take effect when states cumulatively possessing a majority of the electoral votes have enacted this agreement in substantially the same form and the enactments by such states have taken effect in each state.

Any member state may withdraw from this agreement, except that a withdrawal occurring six months or less before the end of a President's term shall not become effective until a President or Vice President shall have been qualified to serve the next term.

The chief executive of each member state shall promptly notify the chief executive of all other states of when this agreement has been enacted and has taken effect in that official's state, when the state has withdrawn from this agreement, and when this agreement takes effect generally.

This agreement shall terminate if the electoral college is abolished.

If any provision of this agreement is held invalid, the remaining provisions shall not be affected.

Article V-Definitions

For purposes of this agreement, "chief executive" shall mean the Governor of a State of the United States or the Mayor of the District of Columbia;

"elector slate" shall mean a slate of candidates who have been nominated in a state for the position of presidential elector in association with a presidential slate;

"chief election official" shall mean the state official or body that is authorized to certify the total number of popular votes for each presidential slate;

"presidential elector" shall mean an elector for President and Vice President of the United States;

"presidential elector certifying official" shall mean the state official or body that is authorized to certify the appointment of the state's presidential electors;

"presidential slate" shall mean a slate of two persons, the first of whom has been nominated as a candidate for President of the United States and the second of whom has been nominated as a candidate for Vice President of the United States, or any legal successors to such persons, regardless of whether both names appear on the ballot presented to the voter in a particular state;

"state" shall mean a State of the United States and the District of Columbia; and

"statewide popular election" shall mean a general election in which votes are cast for presidential slates by individual voters and counted on a statewide basis."

Section 10. Enforcement. The agencies and officers of this State and its subdivisions shall enforce this compact and do all things appropriate to effect its purpose and intent that may be within their respective jurisdictions."

HOUSE RESOLUTIONS

The following resolutions were offered and placed in the Committee on Rules.

HOUSE RESOLUTION 495

Offered by Representative Jerry Mitchell:

WHEREAS, Youth Connection Charter School (YCCS) in Chicago was established in 1997 to provide a second chance for students through alternative education for at-risk youth who previously dropped out of public high school; YCCS now includes 23 different campuses throughout the City of Chicago; and

WHEREAS, YCCS is the only charter school in this State that provides alternative education programs and services focused primarily on dropouts; and

WHEREAS, Eighty percent of teachers at the charter school who teach core academic subjects have been rated as "highly qualified" in accordance with the federal No Child Left Behind Act of 2001, and 81% of teachers at the charter school have been rated "appropriately certified" by City of Chicago School District 299 in accordance with the School Code; and

WHEREAS, Over 5,700 students at YCCS who had previously dropped out of traditional high schools have graduated from YCCS campuses; and

WHEREAS, The charter school's 9-year average student attendance rate is 79% and its 9-year average student retention rate is 69%; and

WHEREAS, Students have achieved an average grade point gain of 1.6 in reading and 1.6 in mathematics for each year enrolled at the charter school; and

WHEREAS, In 2005, YCCS ranked eighth in the number of students who received a passing or exceeding score in reading on the Prairie State Achievement Examination among Chicago public high schools that had 90% or more of their student population living at or below federal poverty guidelines, and YCCS placed in the upper third for school performance in reading by City of Chicago School District 299 in comparison to all of the other 76 high schools in the City of Chicago; therefore, be it

RESOLVED, BY THE HOUSE OF REPRESENTATIVES OF THE NINETY-FIFTH GENERAL ASSEMBLY OF THE STATE OF ILLINOIS, that we respectfully request that the Chicago Board of Education renew the charter of Youth Connection Charter School; and be it further

RESOLVED, That suitable copies of this resolution be delivered to Youth Connection Charter School and the Chicago Board of Education.

HOUSE RESOLUTION 503

Offered by Representative Schmitz:

WHEREAS, In 1994, an innovative Illinois General Assembly approved the Alternative Health Care Delivery Act, which allowed for the licensing and studying of Alternative Health Care delivery systems; and

WHEREAS, Post Surgical Recovery Care Facilities were established as demonstration programs under this Act; and

WHEREAS, the original intention was to evaluate and make recommendations regarding these programs and the goal of the Act was to look at alternative delivery programs that could contain costs for the consumer and the State, increase public access to health care, and increase the quality of health care being delivered; and

WHEREAS, Since that time, a large amount of measurable, objective data has been collected on cost, access, health outcomes, length of stay, satisfaction, and safety; data has been collected through quarterly reporting and surveillance to the Department of Public Health and through onsite annual surveys; and

WHEREAS, The original Act stated that the Department would adopt rules for each alternative health care model to include the definition and scope of the program, including the date and period of operation under the Act, which was not to exceed 5 years; and

WHEREAS, Those facilities found by the Department to be in substantial compliance were eligible for annual licensing renewal unless or until a different licensure program for Post Surgical Recovery Care Centers was established by subsequent legislation; and

WHEREAS, 13 years into these demonstration programs, we continue to await review and final reporting of the success of Post Surgical Recovery Care Centers; therefore, be it

RESOLVED, BY THE HOUSE OF REPRESENTATIVES OF THE NINETY-FIFTH GENERAL ASSEMBLY OF THE STATE OF ILLINOIS, that we urge the Department of Public Health to provide for the reporting and recommendations originally called for in the Alternative Health Care Delivery Act; and be it further

RESOLVED, That if the Post Surgical Recovery Care Centers are shown to meet the original goals of

the Act, that they be given the option to seek licensure as a hospital and to meet such licensure standards as the Department may deem valid; this is necessary because the Recovery Care Centers current licensure status is not recognized outside of the State of Illinois, as such the Centers are not eligible for federal or State reimbursement under the Medicare or Medicaid Programs; also, because they are not certified by Medicare as a provider, they fail to meet the definition of a reimbursable healthcare provider under most commercial insurance policies that require some level or type of Medicare Certification in order to be a covered service; this option would insure the continued survival of those facilities developed under the Alternative Health Care Delivery Act who choose to apply for hospital licensure.

HOUSE JOINT RESOLUTION 71

Offered by Representative Golar:

WHEREAS, Local School Councils were established under the Chicago School Reform Act of 1988, as a vehicle for parent, community, teacher and student empowerment in Chicago Public Schools; and

WHEREAS, Local School Councils are part of the late Mayor Harold Washington's legacy of accessibility and accountability to the public; and

WHEREAS, Local School Councils members are publicly elected, and Local School Councils stand as a national model for local site management and democracy in public education; and

WHEREAS, Research by Designs for Change on 144 schools that have made consistent improvement over the past 15 years indicates that Local School Councils have been a critical component to school improvement in the city of Chicago; and

WHEREAS, Research by the Consortium on Chicago School Research summarized that "the vast majority of LSC's are viable governance organizations that responsibly carry out their mandated duties and are active in building school and community partnerships."; and

WHEREAS, There is no research that suggests that Local School Councils are not effective vehicles for local school leadership; and

WHEREAS, There is significant public sentiment that there is insufficient institutional support for Local School Council support and development; and

WHEREAS, Research by the University of Illinois at Chicago and the Kenwood Oakland Community Organization chronicles the negative impact of central office decisions on the education of low-income children when community wisdom is ignored; and

WHEREAS, Recommendations from 2 major studies have called for more support for Local School Councils; and

WHEREAS, There are major initiatives sponsored by community-based and non-CPS organizations that provide models for support and training of Local School Councils; therefore, be it

RESOLVED, BY THE HOUSE OF REPRESENTATIVES OF THE NINETY-FIFTH GENERAL ASSEMBLY OF THE STATE OF ILLINOIS, THE SENATE CONCURRING HEREIN, that we support the empowerment of Local School Councils as effective local, publicly-elected decision-making bodies in the city of Chicago and will sponsor subject-matter hearings on the needs of Local School Councils to ensure their continued success.

Sec. 2. Definitions.

(A) For the purpose of this Act, the following terms shall have the following definitions:

(1) "Minority person" shall mean a person who is a citizen or lawful permanent resident of the United States and who is:

(a) African American (a person having origins in any of the black racial groups in Africa);

(b) Hispanic (a person of Spanish or Portuguese culture with origins in Mexico, South or Central America, or the Caribbean Islands, regardless of race);

(c) Asian American (a person having origins in any of the original peoples of the Far East, Southeast Asia, the Indian Subcontinent or the Pacific Islands); or

(d) Native American or Alaskan Native (a person having origins in any of the original peoples of North America).

(2) "Female" shall mean a person who is a citizen or lawful permanent resident of the United States and who is of the female gender.

(2.05) "Person with a disability" means a person who is a citizen or lawful resident of the United States and is a person qualifying as being disabled under subdivision (2.1) of this subsection (A).

(2.1) "Disabled" means a severe physical or mental disability that:

(a) results from:

amputation,

arthritis,

autism,

blindness,

burn injury,

cancer,

cerebral palsy,

cystic fibrosis,

deafness,

head injury,

heart disease,

hemiplegia,

hemophilia,

respiratory or pulmonary dysfunction,

mental retardation,

mental illness,

multiple sclerosis,

muscular dystrophy,

musculoskeletal disorders,

neurological disorders, including stroke and epilepsy,

paraplegia,

quadriplegia and other spinal cord conditions,

sickle cell anemia,

specific learning disabilities, or
end stage renal failure disease; and

(b) substantially limits one or more of the person's major life activities.

Another disability or combination of disabilities may also be considered as a severe disability for the purposes of item (a) of this subdivision (2.1) if it is determined by an evaluation of rehabilitation potential to cause a comparable degree of substantial functional limitation similar to the specific list of disabilities listed in item (a) of this subdivision (2.1).

(3) "Minority owned business" means a business concern which is at least 51% owned by one or more minority persons, or in the case of a corporation, at least 51% of the stock in which is owned by one or more minority persons; and the management and daily business operations of which are controlled by one or more of the minority individuals who own it.

(4) "Female owned business" means a business concern which is at least 51% owned by one or more females, or, in the case of a corporation, at least 51% of the stock in which is owned by one or more females; and the management and daily business operations of which are controlled by one or more of the females who own it.

(4.1) "Business owned by a person with a disability" means a business concern that is at least 51% owned by one or more persons with a disability and the management and daily business operations of which are controlled by one or more of the persons with disabilities who own it. A not-for-profit agency for persons with disabilities that is exempt from taxation under Section 501 of the Internal Revenue Code of 1986 is also considered a "business owned by a person with a disability".

(4.2) "Council" means the Business Enterprise Council for Minorities, Females, and Persons with Disabilities created under Section 5 of this Act.

(5) "State contracts" shall mean all State contracts, funded exclusively with State funds which are not subject to federal reimbursement, whether competitively bid or negotiated as defined by the Secretary of the Council and approved by the Council.

"State construction contracts" means all State contracts entered into by a State agency or State university for the repair, remodeling, renovation or construction of a building or structure, or for the construction or maintenance of a highway defined in Article 2 of the Illinois Highway Code.

(6) "State agencies" shall mean all departments, officers, boards, commissions, institutions and bodies politic and corporate of the State, but does not include the Board of Trustees of the University of Illinois, the Board of Trustees of Southern Illinois University, the Board of Trustees of Chicago State University, the Board of Trustees of Eastern Illinois University, the Board of Trustees of Governors State University, the Board of Trustees of Illinois State University, the Board of Trustees of Northeastern Illinois University, the Board of Trustees of Northern Illinois University, the Board of Trustees of Western Illinois University, municipalities or other local governmental units, or other State constitutional officers.

(7) "State universities" shall mean the Board of Trustees of the University of Illinois, the Board of Trustees of Southern Illinois University, the Board of Trustees of Chicago State University, the Board of Trustees of Eastern Illinois University, the Board of Trustees of Governors State University, the Board of Trustees of Illinois State University, the Board of Trustees of Northeastern Illinois University, the Board of Trustees of Northern Illinois University, and the Board of Trustees of Western Illinois University.

(8) "Certification" means a determination made by the Council or by one delegated authority from the Council to make certifications, or by a State agency with statutory authority to make such a certification, that a business entity is a business owned by a minority, female, or person with a disability for whatever purpose.

(9) "Control" means the exclusive or ultimate and sole control of the business including, but not limited to, capital investment and all other financial matters, property, acquisitions, contract negotiations, legal matters, officer-director-employee selection and comprehensive hiring, operating responsibilities, cost-control matters, income and dividend matters, financial transactions and rights of other shareholders or joint partners. Control shall be real, substantial and continuing, not pro forma. Control shall include the power to direct or cause the direction of the management and policies of the business and to make the day-to-day as well as major decisions in matters of policy, management and operations. Control shall be exemplified by possessing the requisite knowledge and expertise to run the particular business and control shall not include simple majority or absentee ownership.

(10) "Business concern or business" means a business that has average annual gross sales over the 3 most recent calendar years of less than \$31,400,000 as evidenced by the federal income tax return of the business. A firm with gross sales in excess of this cap may apply to the Council for certification for a particular contract if the firm can demonstrate that the contract would have significant impact on businesses

~~owned by minorities, females, or persons with disabilities as suppliers or subcontractors or in employment of minorities, females, or persons with disabilities. "Business concern or business" means a business which has annual gross sales for the most recent fiscal year of less than \$27,000,000, except that a firm with gross sales in excess of that amount may apply to the Council for certification for a particular contract if the firm can demonstrate that the contract would have significant impact on businesses owned by minorities, females, or persons with disabilities as suppliers or subcontractors or in employment of minorities, females, or persons with disabilities.~~

(B) When a business concern is owned at least 51% by any combination of minority persons, females, or persons with disabilities, even though none of the 3 classes alone holds at least a 51% interest, the ownership requirement for purposes of this Act is considered to be met. The certification category for the business is that of the class holding the largest ownership interest in the business. If 2 or more classes have equal ownership interests, the certification category shall be determined by the Department of Central Management Services.

SENATE BILL ON SECOND READING

SENATE BILL 1481. Having been recalled on May 31, 2007, and held on the order of Second Reading, the same was again taken up.

Representative Dugan offered the following amendment and moved its adoption.

AMENDMENT NO. 1. Amend Senate Bill 1481 on page 6, below line 6, by inserting the following:

"(1-5) By paying the contributions otherwise required under this Section, plus an amount determined by the Board to be equal to the employer's normal cost of the benefit plus interest, a member may establish service credit for periods of up to 2 years spent on authorized leave of absence from service, provided that during that leave the member represented or was employed as an officer or employee of a statewide labor organization that represents members of this System. In determining the contributions required for establishing service credit under this subsection, the interest shall be calculated from the beginning of the leave of absence to the date of payment."

The foregoing motion prevailed and the amendment was adopted and ordered reproduced.

Representative Washington offered and withdrew Amendments numbered 2 and 3.

Representative Washington offered the following amendments and moved their adoption:

AMENDMENT NO. 4. Amend Senate Bill 678 by replacing everything after the enacting clause with the following:

"ARTICLE 5.

Section 5-1. Short title. This Article may be cited as the Broadband Access on Passenger Rail Law.

Section 5-5. Definitions. As used in this Article:

"Department" means the Department of Transportation.

"Passenger rail systems" includes all passenger rail systems maintained by the National Passenger Railroad Corporation in Illinois and those passenger rail systems under the jurisdiction of the Commuter Rail Board as established in Section 3B.08 of the Regional Transportation Authority Act.

Section 5-10. Broadband Access on Passenger Rail Plan. The Department shall deliver to the Governor and General Assembly a plan for ensuring high speed data transmission services on all passenger rail systems in Illinois at fair and reasonable prices no later than December 31, 2007. The plan shall include recommendations for acquiring necessary rights of way, installation of necessary infrastructure, operation of high speed data transmission services, and funding sources.

ARTICLE 10.

Section 10-1. Short title. This Article may be cited as the High Speed Internet Services and Information Technology Law.

Section 10-5. Findings. With respect to high speed Internet services and information technology, the General Assembly finds the following:

(1) The deployment and adoption of high speed Internet services and information technology has resulted in enhanced economic development and public safety for the State's communities, improved health care and educational opportunities, and a better quality of life for the State's residents.

(2) Continued progress in the deployment and adoption of high speed Internet services and information technology is vital to ensuring that this State remains competitive and continues to create business and job growth.

(3) The State must encourage and support the partnership of the public and private sectors in the continued growth of high speed Internet and Information technology for the State's residents and businesses.

(4) Local governmental entities play a role in assessing the needs of their communities with respect to high speed Internet services and information technology.

Section 10-10. Definitions. In this Article:

"Nonprofit organization" means an organization that (i) is a nonprofit organization as described in Section 501(c)(3) of the federal Internal Revenue Code of 1986 and exempt from tax under Section 501(a) of that Code; (ii) has no part of the net earnings of which inures to the benefit of any member, founder, contributor, or individual; and (iii) is organized under, subject to, and has all the powers and duties of a not-for-profit corporation under the General Not For Profit Corporation Act of 1986.

Section 10-15. Connect IL.

(a) Notwithstanding any other statute, the Lieutenant Governor, with the advice of the Broadband Deployment Council, shall authorize the creation of a nonprofit corporation called Connect IL to implement a comprehensive, statewide high speed Internet deployment strategy and demand creation

initiative with the purpose of:

- (1) ensuring that all State residents and businesses have access to affordable and reliable high speed Internet service;
- (2) achieving improved technology literacy, increased computer ownership, and home high speed Internet use among State residents and businesses;
- (3) establishing and empowering local technology planning teams in each county to plan for improved technology use across multiple community sectors; and
- (4) establishing and sustaining an environment ripe for high speed Internet access and technology investment statewide.

(b) Connect IL's governing board shall be appointed by the Lieutenant Governor, with the advice of the Broadband Deployment Council, and shall not exceed 11 members, with a maximum of 6 representing the private sector and a maximum of 5 representing the government and nonprofit sectors. Four of the private sector members shall be from the largest incumbent local exchange carriers, one shall be from the cable television industry, and one shall be from the Internet Service Provider (ISP) industry. Members representing the public sector shall include one member from a public Illinois university, one member that represents Community Technology Centers, one member from the Department of Commerce and Economic Opportunity, one member from the Lieutenant Governor's office, and one member from the Department of Central Management. The board shall select its chairperson to serve a 2-year term.

(c) In lieu of, or in addition to creating a nonprofit, the Lieutenant Governor, with the Broadband Deployment Council's advice, shall enlist an existing nonprofit organization that has an established competency and proven record of working with public and private sectors to accomplish wide-scale deployment and adoption of broadband and information technology.

Section 10-20. Duties of Connect IL.

(a) The high speed Internet deployment strategy and demand creation initiative to be performed by the nonprofit organization shall include, but not be limited to, the following actions:

- (1) Create a geographic statewide inventory of high speed Internet service and other relevant broadband and information technology services. The inventory shall:
 - (A) identify geographic gaps in high speed Internet service through a method of GIS mapping of service availability and GIS analysis at the census block level; and
 - (B) provide a baseline assessment of statewide high speed Internet deployment in terms of percentage of Illinois households with high speed Internet availability.
- (2) Track and identify, through customer interviews and surveys and other publicly available sources, statewide residential and business adoption of high speed Internet, computers, and related information technology and any barriers to adoption.
- (3) Build and facilitate in each county or designated region a local technology planning team with members representing a cross section of the community, including, but not limited to, representatives of business, K-12 education, health care, libraries, higher education, community-based organizations, local government, tourism, parks and recreation, and agriculture. Each team shall benchmark technology use across relevant community sectors, set goals for improved technology use within each sector, and develop a plan for achieving its goals, with specific recommendations for online application development and demand creation.
- (4) Collaborate with high speed Internet providers and technology companies to encourage deployment and use, especially in underserved areas, by aggregating local demand, mapping analysis, and creating market intelligence to improve the business case for providers to deploy.
- (5) Establish a program to increase computer ownership and Internet access for disenfranchised populations across the State.

(b) The nonprofit organization may apply for federal grants consistent with the objectives of this Article.

(c) The Lieutenant Governor shall use the funds in the High Speed Internet Services and Information Technology Fund to provide grants to the nonprofit organization created or enlisted under this Article.

(d) The nonprofit organization shall have the power to obtain or to raise funds other than the grants receive from the Lieutenant Governor under this Article.

(e) The nonprofit organization and its Board of Directors shall exist separately and independently from the Office of the Lieutenant Governor and any other governmental entity, but shall cooperate with the Office of the Lieutenant Governor, the Broadband Deployment Council, and other public or private entities it deems appropriate in carrying out its duties.

(f) Notwithstanding anything in this Article or any other Act to the contrary, any information that is designated confidential or proprietary by an entity providing the information to the nonprofit organization

or any other entity to accomplish the objectives of this Article shall be deemed confidential, proprietary, and a trade secret and treated by the nonprofit organization, Connect IL's governing board, or anyone else possessing the information as such and shall not be disclosed.

Section 10-25. Scope of authority. Nothing in this Article shall be construed as giving the Lieutenant Governor, the Broadband Deployment Council, the nonprofit organization, or other entities any additional authority, regulatory or otherwise, over providers of telecommunications, broadband, and information technology.

Section 10-30. High Speed Internet Services and Information Technology Fund.

(a) There is created in the State treasury a special fund to be known as the High Speed Internet Services and Information Technology Fund, to be used, subject to appropriation, by the Lieutenant Governor for purposes of providing grants to the nonprofit organization enlisted under this Article.

(b) On the effective date of this Article, all moneys in the Digital Divide Elimination Infrastructure Fund shall be transferred to the High Speed Internet Services and Information Technology Fund. Nothing contained in this subsection (b) shall affect the validity of grants issued under this Article before June 30, 2007.

Section 10-35. Local broadband projects. Any municipality or county may undertake local broadband projects and the provision of services in connection therewith; may lease infrastructure that it owns or controls; may aggregate customers or demand for broadband services; may apply for and receive funds or technical assistance to undertake such projects to address the level of broadband access available to its businesses and residents. To the extent that it seeks to serve as a retail provider of telecommunications services, the municipality or county shall be required to obtain appropriate certification from the Illinois Commerce Commission as a telecommunications carrier.

Section 10-80. The State Finance Act is amended by adding Section 5.675 as follows:

(30 ILCS 105/5.675 new)

Sec. 5.675. The High Speed Internet Services and Information Technology Fund.

Section 10-90. The Public Utilities Act is amended by changing Sections 13-505.4, 13-701, and 13-1200 as follows:

(220 ILCS 5/13-505.4) (from Ch. 111 2/3, par. 13-505.4)

(Section scheduled to be repealed on July 1, 2007)

Sec. 13-505.4. Provision of noncompetitive services.

(a) A telecommunications carrier that offers or provides a noncompetitive service, service element, feature, or functionality on a separate, stand-alone basis to any customer shall provide that service, service element, feature, or functionality pursuant to tariff to all persons, including all telecommunications carriers and competitors, in accordance with the provisions of this Article.

(b) A telecommunications carrier that offers or provides a noncompetitive service, service element, feature, or functionality to any customer as part of an offering of competitive services pursuant to tariff or contract shall publicly disclose the offering or provisioning of the noncompetitive service, service element, feature, or functionality by filing with the Commission information that generally describes the offering or provisioning and that shows the rates, terms, and conditions of the noncompetitive service, service element, feature, or functionality. The information shall be filed with the Commission concurrently with the filing of the tariff or not more than 10 days following the customer's acceptance of the offering in a contract.

(c) A telecommunications carrier that is not subject to regulation under an alternative regulation plan pursuant to Section 13-506.1 of this Act may reduce the rate or charge for a noncompetitive service, service element, feature, or functionality offered to customers on a separate, stand-alone basis or as part of a bundled service offering by filing with the Commission a tariff that shows the reduced rate or charge and all applicable terms and conditions of the noncompetitive service, service element, feature, or functionality or bundled offering. The reduction of rates or charges shall be permitted upon the filing of the proposed rate, charge, classification, tariff, or bundled offering. The total price of a bundled offering shall not attribute any portion of the charge to services subject to the jurisdiction of the Commission and shall not be binding on the Commission in any proceeding under Article IX of this Act to set the revenue requirement or to set just and reasonable rates for services subject to the jurisdiction of the Commission. Prices for bundles shall not be subject to Section 13-505.1 of this Act. For purposes of this subsection (c), a bundle is a group of services offered together for a fixed price where at least one of the services is an interLATA service as that term is defined in 47 U.S.C. 153(21), a cable service or a video service, a community antenna television service, a satellite broadcast service, a public mobile service as defined in Section 13-214 of this Act, or an advanced telecommunications service as "advanced telecommunications services" is defined in Section 13-517 of this Act.

(Section scheduled to be repealed on July 1, 2007)

Sec. 13-701. (a) Notwithstanding any other provision of this Act to the contrary, the Commission has no power to supervise or control any telephone cooperative as respects assessment schedules or local service rates made or charged by such a cooperative on a nondiscriminatory basis. In addition, the Commission has no power to inquire into, or require the submission of, the terms, conditions or agreements by or under which telephone cooperatives are financed. A telephone cooperative shall file with the Commission either a copy of the annual financial report required by the Rural Electrification Administration, or the annual financial report required of other public utilities.

Sections 13-712 and 13-713 of this Act do not apply to telephone cooperatives.

ARTICLE 15.

Section 15-5. The Public Utilities Act is amended by adding the heading of Article XXI and Sections 21-100, 21-101, 21-101.1, 21-201, 21-301, 21-401, 21-601, 21-701, 21-801, 21-901, 21-1001, 21-1101, 21-1201, 21-1301, 21-1401, 21-1501, and 21-1601 as follows:

(220 ILCS 5/Art. XXI heading new)

ARTICLE XXI. CABLE AND VIDEO COMPETITION

(220 ILCS 5/21-100 new)

Sec. 21-100. Short title. This Article may be cited as the Cable and Video Competition Law of 2007.

(220 ILCS 5/21-101 new)

Sec. 21-101. Findings. With respect to cable and video competition, the General Assembly finds that:

(a) The economy in the State of Illinois will be enhanced by investment in new communications, cable services and video services infrastructure, including broadband facilities, fiber optic, and Internet protocol technologies.

(b) Cable services and video services bring important daily benefits to Illinois consumers by providing news, education, and entertainment.

(c) Competitive cable service and video service providers are capable of providing new video programming services and competition to Illinois consumers and of decreasing the prices for video programming services paid by Illinois consumers.

(d) Although there has been some competitive entry into the facilities-based video programming market since current franchising requirements in this State were enacted, further entry by facilities-based providers could benefit consumers, provided cable and video services are equitably available to all Illinois consumers at reasonable prices.

(e) The provision of competitive cable services and video services is a matter of statewide concern that extends beyond the boundaries of individual local units of government. Notwithstanding the foregoing, public rights-of-way are limited resources over which the municipality has a custodial duty to ensure that they are used, repaired and maintained in a manner that best serves the public interest.

(f) The State authorization process and uniform standards and procedures in this Article are intended to enable rapid and widespread entry by competitive providers which will bring to Illinois consumers the benefits of video competition including providing consumers with more choice, lower prices, higher speed and more advanced Internet access, more diverse and varied news, public information, education, and entertainment programming, and will bring to this State and its local units of government the benefits of new infrastructure investment, job growth, and innovation in broadband and Internet protocol technologies and deployment.

(g) Providing an incumbent cable or video service provider with the option to secure a State-issued authorization through the termination of existing cable franchises between incumbent cable and video service providers and any local franchising authority, is part of the new regulatory framework established by this Article. This Article is intended to best ensure equal treatment and parity among providers and technologies.

(220 ILCS 5/21-101.1 new)

Sec. 21-101.1. Applicability. The provisions of this Amendatory Act of the 95th Illinois General Assembly shall apply only to a holder of a cable service or video service authorization issued by the

Commission pursuant to this Article XXI of the Public Utilities Act, and shall not apply to any person or entity that provides cable television services under a cable television franchise issued by any municipality or county pursuant to Section 11-42-11 of the Illinois Municipal Code (65 ILCS 5/11-42-11) or Section 5-1095 of the Counties Code (55 ILCS-1095), unless specifically provided for herein. A local unit of government that has an existing agreement for the provision of video services with a company or entity that uses its telecommunications facilities to provide video service as of May 30, 2007 may continue to operate under that agreement or may, at its discretion, terminate the existing agreement and require the video provider to obtain a State-issued authorization under this Article.

(220 ILCS 5/21-201 new)

Sec. 21-201. Definitions. As used in this Article:

(a) "Access" means that the cable or video provider is capable of providing cable services or video services at the household address using any technology, other than direct-to-home satellite service, which provides two-way broadband Internet capability and video programming, content, and functionality, regardless of whether any customer has ordered service or whether the owner or landlord or other responsible person has granted access to the household. If more than one technology is used, the technologies shall provide similar two-way broadband Internet accessibility and similar video programming.

(b) "Basic cable or video service" means any cable or video service offering or tier which includes the retransmission of local television broadcast signals.

(c) "Broadband service" means a high speed service connection to the public Internet capable of supporting, in at least one direction, a speed in excess of 200 kilobits per second (kbps) to the network demarcation point at the subscriber's premises.

(d) "Cable operator" means that term as defined in 47 U.S.C. 522(5).

(e) "Cable service" means that term as defined in 47 U.S.C. 522(6).

(f) "Cable system" means that term as defined in 47 U.S.C. 522(7).

(g) "Commission" means the Illinois Commerce Commission.

(h) "Competitive cable service or video service provider" means a person or entity that is providing or seeks to provide cable service or video service in an area where there is at least one incumbent cable operator.

(i) "Designated Market Area" means a designated market area, as determined by Nielsen Media Research and published in the 1999-2000 Nielsen Station Index Directory and Nielsen Station Index United States Television Household Estimates or any successor publication. For any designated market area that crosses State lines, only households in the portion of the designated market area that is located within the holder's telecommunications service area in the State where access to video service will be offered shall be considered.

(j) "Footprint" means the geographic area designated by the cable service or video service provider as the geographic area in which it will offer cable services or video services during the period of its State-issued authorization. Each footprint shall be identified in terms of either (i) exchanges, as that term is defined in Section 13-206 of the Public Utilities Act; (ii) a collection of United States Census Bureau Block numbers (13 digit); (iii) if the area is smaller than the areas identified in either (i) or (ii), by geographic information system digital boundaries meeting or exceeding national map accuracy standards; or (iv) local units of government.

(k) "Holder" means a person or entity that has received authorization to offer or provide cable or video service from the Commission pursuant to Section 21-401 of this Article.

(l) "Household" means a house, an apartment, a mobile home, a group of rooms, or a single room that is intended for occupancy as separate living quarters. Separate living quarters are those in which the occupants live and eat separately from any other persons in the building and which have direct access from the outside of the building or through a common hall. This definition is consistent with the United States Census Bureau, as that definition may be amended thereafter.

(m) "Incumbent cable operator" means a person or entity that provided cable services or video services in a particular area under a franchise agreement with a local unit of government pursuant to Section 11-42-11 of the Illinois Municipal Code (65 ILCS 5/11-42-11) or Section 5-1095 of the Counties Code (55 ILCS 5/5-1095) on January 1, 2007.

(n) "Local franchising authority" means the local unit of government that has or requires a franchise with a cable operator, a provider of cable services or a provider of video services to construct or operate a cable or video system or to offer cable services or video services under Section 11-42-11 of the Illinois Municipal Code (65 ILCS 5/11-42-11) or Section 5-1095 of the Counties Code (55 ILCS 5/5-1095).

(o) "Local unit of government" means a city, village, incorporated town, or a county.

(p) "Low-income household" means those residential households located within the holder's existing telephone service area where the average annual household income is less than \$35,000 based on the United States Census Bureau estimates adjusted annually to reflect rates of change and distribution.

(q) "Public rights-of-way" means the areas on, below, or above a public roadway, highway, street, public sidewalk, alley, waterway, or utility easements dedicated for compatible uses.

(r) "Service" means the provision of "cable service" or "video service" to subscribers and the interaction of subscribers with the person or entity that has received authorization to offer or provide cable or video service from the Commission pursuant to Section 21-401 of this Article.

(s) "Service provider fee" means the amount paid under Section 21-801 of this Article by the holder to a municipality, or in the case of an unincorporated service area to a county, for service areas within its territorial jurisdiction, but under no circumstances shall the service provider fee be paid to more than one local unit of government for the same portion of the holder's service area.

(t) "Telecommunications service area" means the area designated by the Commission as the area in which a telecommunications company was obligated to provide non-competitive local telephone service as of February 8, 1996 as incorporated into Section 13-202.5 of Article XIII of the Public Utilities Act.

(u) "Video programming" means that term as defined in 47 U.S.C. 522(20).

(v) "Video service" means video programming and subscriber interaction, if any, that is required for the selection or use of such video programming services, and which is provided through wireline facilities located at least in part in the public rights-of-way without regard to delivery technology, including Internet protocol technology. This definition does not include any video programming provided by a commercial mobile service provider defined in 47 U.S.C. 332(d) or any video programming provided solely as part of, and via, service that enables users to access content, information, electronic mail, or other services offered over the public Internet.

(220 ILCS 5/21-301 new)

Sec. 21-301. Eligibility.

(a) A person or entity seeking to provide cable service or video service in this State after the effective date of this amendatory act of the 95th General Assembly shall either (1) obtain a State-issued authorization pursuant to Section 401 of the Cable and Video Competition Act (220 ILCS 5/21-401); (2) obtain authorization pursuant to Section 11-42-11 of the Illinois Municipal Code (65 ILCS 5/11-42-11); or (3) obtain authorization pursuant to Section 5-1095 of the Counties Code (55 ILCS 5/5-1095).

(b) An incumbent cable operator shall be eligible to apply for a State-issued authorization as provided in subsection (c). Upon expiration of its current franchise agreement, an incumbent cable operator may obtain State authorization from the Commission pursuant to this Article or may pursue a franchise renewal with the appropriate local franchise authority under state and federal law. An incumbent cable operator and any successor-in-interest that receives a State-issued authorization shall be obligated to provide access to cable services or video services within any local unit of government at the same levels required by the local franchising authorities for the local unit of government on the effective date of this amendatory act of the 95th General Assembly.

(c)(1) An incumbent cable operator may elect to terminate its agreement with the local franchising authority and obtain a State-issued authorization by providing written notice to the Commission and the affected local franchising authority and any entity authorized by that franchising authority to manage public, education, and government access at least 180 days prior to its filing an application for a State-issued authorization. The existing agreement shall be terminated on the date that the Commission issues the State-issued authorization.

(2) An incumbent cable operator that elects to terminate an existing agreement with a local franchising authority under this Section is responsible for remitting to the affected local franchising authority and any entity designated by that local franchising authority to manage public, education, and government access before the 46th day after the date the agreement is terminated any accrued but unpaid fees due under the terminated agreement. If that incumbent cable operator has credit remaining from prepaid franchise fees, such amount of the remaining credit may be deducted from any future fees the incumbent cable operator must pay to the local franchising authority pursuant to Section 21-801(b) of this Article.

(3) An incumbent cable operator that elects to terminate an existing agreement with a local franchising authority under this Section shall pay the affected local franchising authority and any entity designated by that franchising authority to manage public, education, and government access, at the time that they would have been due, all monetary payments for public, education, or government access that would have been due during the remaining term of the agreement had it not been terminated as provided in this paragraph.

All payments made by an incumbent cable operator pursuant to the previous sentence of this paragraph may be credited against the fees that that operator owes under Section 21-801(d)(1) of this Article.

(d) For purposes of this Article, the Commission shall be the franchising authority for cable service or video service providers that apply for and obtain a State-issued authorization under this Article with regard to the footprint covered by such authorization. Notwithstanding any other provision of this Article, holders using telecommunications facilities to provide cable service or video service are not obligated to provide that service outside the holder's telecommunications service area.

(e) Any person or entity that applies for and obtains a State-issued authorization under this Article shall not be subject to Section 11-42-11 of the Illinois Municipal Code (65 ILCS 5/11-42-11) or Section 5-1095 of the Counties Code (55 ILCS 5/5-1095), except as provided in this Article. Except as provided under this Article, neither the Commission nor any local unit of government may require a person or entity that has applied for and obtained a State-issued authorization to obtain a separate franchise or pay any franchise fee on cable service or video service.

(220 ILCS 5/21-401 new)

Sec. 21-401. Applications.

(a) (1) A person or entity seeking to provide cable service or video service pursuant to this Article shall not use the public rights-of-way for the installation or construction of facilities for the provision of cable service or video service or offer cable service or video service until it has obtained a State-issued authorization to offer or provide cable or video service under Section 401 of this Article, except as provided for in subsection (a)(2). All cable or video providers offering or providing service in this State shall have authorization pursuant to either (i) the Cable and Video Competition Law of 2007 (220 ILCS 5/21-100 et seq.); (ii) Section 11-42-11 of the Illinois Municipal Code (65 ILCS 5/11-42-11); or (iii) Section 5-1095 of the Counties Code (55 ILCS 5/5-1095).

(2) Nothing in this Section shall prohibit a local unit of government from granting a permit to a person or entity for the use of the public rights-of-way to install or construct facilities to provide cable service or video service, at its sole discretion. No unit of local government shall be liable for denial or delay of a permit prior to the issuance of a State-issued authorization.

(b) The application to the Commission for state-issued authorization shall contain a completed affidavit submitted by the applicant and signed by an officer or general partner of the applicant affirming all of the following:

(1) That the applicant has filed or will timely file with the Federal Communications Commission all forms required by that agency in advance of offering cable service or video service in this State;

(2) That the applicant agrees to comply with all applicable federal and State statutes and regulations;

(3) That the applicant agrees to comply with all applicable local unit of government regulations;

(4) An exact description of the cable service or video service area where the cable service or video service will be offered during the term of the State-issued authorization. The service area shall be identified in terms of either (i) exchanges, as that term is defined in Section 13-206 of the Public Utilities Act; (ii) a collection of United States Census Bureau Block numbers (13 digit); (iii) if the area is smaller than the areas identified in either (i) or (ii), by geographic information system digital boundaries meeting or exceeding national map accuracy standards; or (iv) local unit of government. The description shall include the number of low-income households within the service area or footprint. If an applicant is an incumbent cable operator, the incumbent cable operator and any successor-in-interest shall be obligated to provide access to cable services or video services within any local units of government at the same levels required by the local franchising authorities for the local unit of government on the effective date of this amendatory act of the 95th General Assembly and its application shall provide a description of an area no smaller than the service areas contained in its franchise(s) within the jurisdiction of the local unit of government in which it seeks to offer cable or video service;

(5) The location and telephone number of the applicant's principal place of business within this State and the names of the applicant's principal executive officers who are responsible for communications concerning the application and the services to be offered pursuant to the application, the applicant's legal name and any name or names under which the applicant does or will provide cable services or video services in this State;

(6) A certification that the applicant has concurrently delivered a copy of the application to all local units of government that include all or any part of the service area identified in subsection (b)(4) within such local unit of government's jurisdictional boundaries;

(7) The expected date that cable service or video service will be initially offered in the area identified in subsection (b)(4). In the event that a holder does not offer cable service or video services within three

months after the expected date, it shall amend its application and update the expected date service will be offered and explain the delay in offering cable service or video services;

(8) The application shall include adequate assurance that the applicant possesses the financial, managerial, legal, and technical qualifications necessary to construct and operate the proposed system, and to promptly repair any damage to the public right-of-way caused by the applicant, and to pay the cost of removal of its facilities. To accomplish these requirements, the applicant may, at the time the applicant seeks to use the public rights-of-way in that jurisdiction, be required by the State of Illinois and/or later be required by the local unit of government to post a bond, produce a certificate of insurance, or otherwise demonstrate its financial responsibility; and

(9) The application shall include the applicant's general standards related to customer service required by 220 ILCS 5/70-501, which shall include, but not be limited to, installation, disconnection, service and repair obligations; appointment hours, employee ID requirements; customer service telephone numbers and hours; procedures for billing, charges, deposits, refunds, and credits; procedures for termination of service; notice of deletion of programming service, changes related to transmission of programming or changes or increases in rates; use and availability of parental control or lock-out devices; complaint procedures and procedures for bill dispute resolution, and a description of the rights and remedies available to consumers if the holder does not materially meet their customer service standards; and special services for customers with visual, hearing or mobility disabilities.

(c)(1) The applicant may designate information that it submits in its application or subsequent reports as confidential or proprietary, provided that the applicant states the reasons the confidential designation is necessary. The Commission shall provide adequate protection for such information pursuant to Section 5/4-404 of the Public Utilities Act. If the Commission, a local unit of government, or any other party seeks public disclosure of information designated as confidential, the Commission shall consider the confidential designation in a proceeding under the Administrative Procedures Act, and the burden of proof to demonstrate that the designated information is confidential shall be upon the applicant. Designated information shall remain confidential pending the Commission's determination of whether the information is entitled to confidential treatment. Information designated as confidential shall be provided to local units of government for purposes of assessing compliance with this Article as permitted under a Protective Order issued by the Commission pursuant to the Commission's rules and to the Attorney General pursuant to Section 6.5 of the Attorney General Act, 15 ILCS 205/6.5. Information designated as confidential under this section or determined to be confidential upon Commission review shall only be disclosed pursuant to a valid and enforceable subpoena or court order or as required by the Freedom of Information Act. Nothing herein shall delay the application approval timeframes set forth in this Article.

(2) Information regarding the location of video services that have been or are being offered to the public and aggregate information included in the reports required by this Article shall not be designated or treated as confidential.

(d)(1) The Commission shall post all applications it receives under this Article on its web site within five (5) business days.

(2) The Commission shall notify an applicant for a cable service or video service authorization whether the applicant's application and affidavit are complete on or before the 15th business day after the applicant submits the application. If the application and affidavit are not complete, the Commission shall state in its notice all of the reasons the application or affidavit are incomplete, and the applicant shall resubmit a complete application. The Commission shall have 30 days after submission by the applicant of a complete application and affidavit to issue the service authorization. If the Commission does not notify the applicant regarding the completeness of the application and affidavit or issue the service authorization within the time periods required under this subsection, the application and affidavit shall be considered complete and the service authorization issued upon the expiration of the 30th day.

(e) The authorization issued by the Commission will expire on the date listed in Section 21-1601 and shall contain or include all of the following:

(1) A grant of authority to provide cable service or video service in the service area footprint as requested in the application, subject to the laws of the State and the ordinances, rules and regulations of the local units of government.

(2) A grant of authority to use, occupy, and construct facilities in the public rights-of-way for the delivery of cable service or video service in the service area footprint, subject to the laws, ordinances, rules or regulations of this State and local units of governments.

(3) A statement that the grant of authority is subject to lawful operation of the cable service or video service by the applicant, its affiliated entities or its successors-in-interest.

(4) The Commission shall notify a local unit of government within three (3) business days of the grant of any authorization within a service area footprint if that authorization includes any part of the local unit of government's jurisdictional boundaries.

(f) The authorization issued pursuant to Section 401 of this Article by the Commission may be transferred to any successor-in-interest to the applicant to which it is initially granted without further Commission action if the successor-in-interest (i) submits an application and the information required by Section 21-401(b) for the successor-in-interest and (ii) is not in violation of this Article or of any federal, State, or local law, ordinance, rule or regulation. A successor-in-interest shall file its application and notice of transfer with the Commission and the relevant local units of government no less than fifteen (15) business days prior to the completion of the transfer. The Commission is not required or authorized to act upon the notice of transfer; however, the transfer is not effective until the Commission approves the successor-in-interest's application. A local unit of government or the Attorney General may seek to bar a transfer of ownership by filing suit in a court of competent jurisdiction predicated on the existence of a material and continuing breach of this Article by the holder, a pattern of noncompliance with customer service standards by the potential successor-in-interest, or the insolvency of the potential successor-in-interest. If a transfer is made when there are violations of this Article or of any federal, State, or local law, ordinance, rule or regulation, the successor-in-interest shall be subject to three times the penalties provided for in this Article.

(g) The authorization issued pursuant to Section 21-401 of this Article by the Commission may be terminated, or its cable service or video service area footprint may be modified, by the cable service provider or video service provider by submitting notice to the Commission and to the relevant local unit of government containing a description of the change on the same terms as the initial description pursuant to Section 21-401(b)(4). The Commission is not required or authorized to act upon that notice. It shall be a violation of this Article for a holder to discriminate against potential residential subscribers because of the race or income of the residents in the local area in which the group resides by terminating or modifying its cable service or video service area footprint. It shall be a violation of this Article for a holder to terminate or modify its cable service or video service area footprint if it leaves an area with no cable service or video service from any provider.

(h) The Commission's authority to administer this Article is limited to the powers and duties explicitly provided under this Article. Its authority under this Article does not include or limit the powers and duties that the Commission has under the other Articles of the Public Utilities Act, the Illinois Administrative Procedure Act (5 ILCS 100/) or any other law or regulation to conduct proceedings other than as provided in subsection (c) above, or to promulgate rules or regulations. The Commission shall not have the authority to limit or expand the obligations and requirements provided in this Section, or to regulate or control a person or entity to the extent that person or entity is providing cable service or video service except as provided in this Article.

(220 ILCS 5/21-601 new)

Sec. 21-601. Public, education, and government access. For the purposes of this Section, "programming" means content produced or provided by any person, group, governmental agency, or noncommercial public or private agency or organization.

(a) Not later than 90 days after a request by the local unit of government or its designee that has received notice under Section 21-801(a) of this Article, the holder shall (i) designate the same amount of capacity on its network to provide for public, education, and government access use, as the incumbent cable operator is required to designate under its franchise terms in effect with a local unit of government on January 1, 2007; and (ii) retransmit to its subscribers the same number of public, education, and government access channels as the incumbent cable operator was retransmitting to subscribers on January 1, 2007.

(b) If the local unit of government produces or maintains the public education or government programming in a manner or form that is compatible with the holder's network, it shall transmit such programming to the holder in that form provided that form will permit the holder to satisfy the requirements of Section 21-601 (c). If the local unit of government does not produce or maintain such programming in that manner or form, then the holder shall be responsible for any changes in the form of the transmission necessary to make public, education, and government programming compatible with the technology or protocol used by the holder to deliver services. The holder shall receive programming from the local unit of government (or the local unit of government's public, education, and government programming providers) and transmit that public, education, and government programming directly to the holder's subscribers within the local unit of government's jurisdiction at no cost to the local unit of government or the public, education, and government programming providers. If the holder is required to

change the form of the transmission, the local unit of government or its designee shall provide reasonable access to the holder to allow the holder to transmit the public, education, and government programming in an economical manner subject to the requirements of Section 21-601(c).

(c) The holder shall provide to subscribers public, education and government access channel capacity at equivalent visual and audio quality and equivalent functionality, from the viewing perspective of the subscriber, to that of commercial channels carried on the holder's basic cable or video service offerings or tiers without the need for any equipment other than the equipment necessary to receive the holder's basic cable or video service offerings or tiers.

(d) The holder and an incumbent cable operator shall negotiate in good faith to interconnect their networks, if needed, for the purpose of providing public, education, and government programming. Interconnection may be accomplished by direct cable, microwave link, satellite, or other reasonable method of connection. The holder and the incumbent cable operator shall provide interconnection of the public, education, and government channels on reasonable terms and conditions and may not withhold the interconnection. If a holder and an incumbent cable operator cannot reach a mutually acceptable interconnection agreement, the local unit of government may require the incumbent cable operator to allow the holder to interconnect its network with the incumbent cable operator's network at a technically feasible point on their networks. If no technically feasible point for interconnection is available, the holder and an incumbent cable operator shall each make an interconnection available to the public, education, and government channel originators at their local origination points and shall provide the facilities necessary for the interconnection. The cost of any interconnection shall be borne by the holder unless otherwise agreed to by the parties. The interconnection required by this subsection shall be completed within the 90 day deadline set forth in subsection (a).

(e) The public, education, and government channels shall be for the exclusive use of the local unit of government or its designee to provide public, education, and government programming. The public, education, and government channels shall be used only for noncommercial purposes. However, advertising, underwriting, or sponsorship recognition may be carried on the channels for the purpose of funding public, education, and government access related activities.

(f) Public, education and government channels shall all be carried on the holder's basic cable or video service offerings or tiers. To the extent feasible, the public, education and government channels shall not be separated numerically from other channels carried on the holder's basic cable or video service offerings or tiers, and the channel numbers for the public, education and government channels shall be the same channel numbers used by the incumbent cable operator unless prohibited by federal law. After the initial designation of public, education and government channel numbers, the channel numbers shall not be changed without the agreement of the local unit of government or the entity to which the local unit of government has assigned responsibility for managing public, education and government access channels unless the change is required by federal law. Each channel shall be capable of carrying a National Television System Committee (NTSC) television signal.

(g) The holder shall provide a listing of public, education and government channels on channel cards and menus provided to subscribers in a manner equivalent to other channels if the holder uses such cards and menus. Further, the holder shall provide a listing of public, education, and government programming on its electronic program guide if such a guide is utilized by the holder. It is the public, education and government entity's responsibility to provide the holder or its designated agent, as determined by the holder, with program schedules and information in a timely manner.

(h) If less than three public, education, and government channels are provided within the local unit of government as of January 1, 2007, a local unit of government whose jurisdiction lies within the authorized service area of the holder may initially request the holder to designate sufficient capacity for up to three public, education, and government channels. A local unit of government or its designee that seeks to add additional capacity shall give the holder a written notification specifying the number of additional channels to be used, specifying the number of channels in actual use, and verifying that the additional channels requested will be put into actual use.

(i) The holder shall, within 90 days of a request by the local unit of government or its designated public, education, or government access entity, provide sufficient capacity for an additional channel for public, education, and government access when the programming on a given access channel exceeds 40 hours per week as measured on a quarterly basis. The additional channel shall not be used for any purpose other than for carrying additional public, education, or government access programming.

(j) The public, education, and government access programmer is solely responsible for the content that it provides over designated public, education, or government channels. A holder shall not exercise any

editorial control over any programming on any channel designed for public, education, or government use or on any other channel required by law or a binding agreement with the local unit of government.

(k) A holder shall not be subject to any civil or criminal liability for any program carried on any channel designated for public, education, or government use.

(l) A court of competent jurisdiction shall have exclusive jurisdiction to enforce any requirement under this Section or resolve any dispute regarding the requirements set forth in this Section, and no provider of cable service or video service may be barred from providing service or be required to terminate service as a result of that dispute or enforcement action.

(220 ILCS 5/21-701 new)

Sec. 21-701. Emergency alert system. The holder shall comply with all applicable requirements of the Federal Communications Commission involving the distribution and notification of federal, state, and local emergency messages over the emergency alert system applicable to cable operators. The holder will provide a requesting local unit of government with sufficient information regarding how to submit, via telephone or web listing, a local emergency alert for distribution over its cable or video network. To the extent that a local unit of government requires incumbent cable operators to provide emergency alert system messages or services in excess of the requirements of this Section, the holder shall comply with any such additional requirements within the jurisdiction of the local franchising authority. The holder may provide a local emergency alert to an area larger than the boundaries of the local unit of government issuing the emergency alert.

(220 ILCS 5/21-801 new)

Sec. 21-801. Applicable fees payable to the local unit of government.

(a) Prior to offering cable service or video service in a local unit of government's jurisdiction, a holder shall notify the local unit of government. The notice shall be given to the local unit of government at least 10 days before the holder begins to offer cable service or video service within the boundaries of that local unit of government.

(b) In any local unit of government in which a holder offers cable service or video service on a commercial basis, the holder shall be liable for and pay the service provider fee to the local unit of government. The local unit of government shall adopt an ordinance imposing such a fee. The holder's liability for the fee shall commence on the first day of the calendar month that is at least 30 days after the holder receives such ordinance. The ordinance shall be sent by mail, postage prepaid, to the address listed on the holder's application provided to the local unit of government pursuant to Section 21-401(b)(6). The fee authorized by this section shall be 5% of gross revenues or the same as the fee paid to the local unit of government by any incumbent cable operator providing cable service. The payment of the service provider fee shall be due on a quarterly basis, 45 days after the close of the calendar quarter. If mailed, the fee is considered paid on the date it is postmarked. Except as provided in this Article, the local unit of government may not demand any additional fees or charges from the holder and may not demand the use of any other calculation method other than allowed under this Article.

(c) For purposes of this Article, "gross revenues" means all consideration of any kind or nature, including, without limitation, cash, credits, property, and in-kind contributions received by the holder for the operation of a cable or video system to provide cable service or video service within the holder's cable service or video service area within the local unit of government's jurisdiction.

(1) Gross revenues shall include the following:

(i) Recurring charges for cable service or video service.

(ii) Event-based charges for cable service or video service, including, but not limited to, pay-per-view and video-on-demand charges.

(iii) Rental of set top boxes and other cable service or video service equipment.

(iv) Service charges related to the provision of cable service or video service, including but not limited to activation, installation, and repair charges.

(v) Administrative charges related to the provision of cable service or video service, including but not limited to service order and service termination charges.

(vi) Late payment fees or charges, insufficient funds check charges, and other charges assessed to recover the costs of collecting delinquent payments.

(vii) A pro rata portion of all revenue derived by the holder or its affiliates pursuant to compensation arrangements for advertising or for promotion or exhibition of any products or services derived from the operation of the holder's network to provide cable service or video service within the local unit of government's jurisdiction. The allocation shall be based on the number of subscribers in the local unit of government divided by the total number of subscribers in relation to the relevant regional or national

compensation arrangement.

(viii) Compensation received by the holder that is derived from the operation of the holder's network to provide cable service or video service with respect to commissions that are received by the holder as compensation for promotion or exhibition of any products or services on the holder's network, such as a "home shopping" or similar channel, subject to subsection (b)(ix).

(ix) In the case of a cable service or video service that is bundled or integrated functionally with other services, capabilities, or applications, the portion of the holder's revenue attributable to the other services, capabilities, or applications shall be included in gross revenue unless the holder can reasonably identify the division or exclusion of the revenue from its books and records that are kept in the regular course of business.

(x) The service provider fee permitted by Section 21-801(b) of this Article.

(2) Gross revenues do not include any of the following:

(i) Revenues not actually received, even if billed, such as bad debt, subject to Section 21-801(c)(1)(vi).

(ii) Refunds, discounts, or other price adjustments that reduce the amount of gross revenues received by the holder of the State-issued authorization to the extent the refund, rebate, credit, or discount is attributable to cable service or video service.

(iii) Regardless of whether the services are bundled, packaged, or functionally integrated with cable service or video service, any revenues received from services not classified as cable service or video service, including, without limitation, revenue received from telecommunications services, information services, or the provision of directory or Internet advertising, including yellow pages, white pages, banner advertisement, and electronic publishing or any other revenues attributed by the holder to noncable service or nonvideo service in accordance with the holder's books and records and records kept in the regular course of business and any applicable laws, rules, regulations, standards, or orders.

(iv) The sale of cable service or video services for resale in which the purchaser is required to collect the service provider fee from the purchaser's subscribers to the extent the purchaser certifies in writing that it will resell the service within the local unit of government's jurisdiction and pay the fee permitted by Section 21-801(b) with respect to the service.

(v) Any tax or fee of general applicability imposed upon the subscribers or the transaction by a city, state, federal, or any other governmental entity and collected by the holder of the State-issued authorization and required to be remitted to the taxing entity, including sales and use taxes.

(vi) Security deposits collected from subscribers.

(vii) Amounts paid by subscribers to "home shopping" or similar vendors for merchandise sold through any home shopping channel offered as part of the cable service or video service.

(3) Revenue of an affiliate of a holder shall be included in the calculation of gross revenues to the extent the treatment of the revenue as revenue of the affiliate rather than the holder has the effect of evading the payment of the fee permitted by Section 21-801(b) of this Article which would otherwise be paid by the cable service or video service.

(d)(1) The holder shall pay to the local unit of government or the entity designated by that local unit of government to manage public, education and government access, upon request as support for public, education, and government access, a fee equal to no less than (i) 1% of gross revenues; or (ii) if greater, the percentage of gross revenues that incumbent cable operators pay to the local unit of government or its designee for public, education, and government access support in the local unit of government's jurisdiction. For purposes of subparagraph (d)(1)(ii) above, the percentage of gross revenues that all incumbent cable operators pay shall be equal to the annual sum of the payments that incumbent cable operators in the service area are obligated to pay by franchises and agreements or by contracts with the local government designee for public, education and government access in effect on January 1, 2007, including the total of any lump sum payments required to be made over the term of each franchise or agreement divided by the number of years of the applicable term, divided by the annual sum of such incumbent cable operator(s)'s gross revenues during the immediately prior calendar year. The sum of payments includes any payments that an incumbent cable operator is required to pay pursuant to Section 21-301(c)(3) of this Article.

(2) A local unit of government may require all holders of a State-issued authorization and all cable operators franchised by that local unit of government on the effective date hereof in the franchise area to provide to the local unit of government, or to the entity designated by that local unit of government to manage public, education and government access, information sufficient to calculate the public, education and government access equivalent fee and any credits under subsection (d)(1).

(3) The fee shall be due on a quarterly basis and paid 45 days after the close of the calendar quarter. Each payment shall include a statement explaining the basis for the calculation of the fee. If mailed, the fee is considered paid on the date it is postmarked. The liability of the holder for payment of the fee under this subsection shall commence on the same date as the payment of the service provider fee pursuant to subsection (b) of this Section.

(e) The holder may identify and collect the amount of the service provider fee as a separate line item on the regular bill of each subscriber.

(f) The holder may identify and collect the amount of the public, education, and government programming support fee as a separate line item on the regular bill of each subscriber.

(g) All determinations and computations under this Section shall be made pursuant to the definition of gross revenues set forth in this Section, and shall be made pursuant to generally accepted accounting principles.

(h) Nothing contained in this Article shall be construed to exempt a holder from any tax that is or may later be imposed by the local unit of government, including any tax that is or may later be required to be paid by or through the holder with respect to cable service or video service. A State-issued authorization shall not affect any requirement of the holder with respect to payment of the local unit of government's simplified municipal telecommunications tax or any other tax as it applies to any telephone service provided by the holder. A State-issued authorization shall not affect any requirement of the holder with respect to payment of the local unit of government's 911 or E911 fees, taxes or charges.

(220 ILCS 5/21-901 new)

Sec. 21-901. Audits.

(a) Upon receiving notice under Section 21-401(e)(4) that a holder has received State-issued authorization under this Article, a local unit of government shall notify the holder of the requirements it imposes on other cable service or video service providers in its jurisdiction to submit to an audit of its books and records. The holder shall comply with the same requirements the local unit of government imposes on other cable service or video service providers in its jurisdiction to audit the holder's books and records and to recompute any amounts determined to be payable under the requirements of the local unit of government. If all local franchises between the local unit of government and a cable operator terminate, the audit requirements shall be those adopted by the local government pursuant to the Local Government Taxpayers' Bill of Rights, 50 ILCS 45. No acceptance of amounts remitted should be construed as an accord that the amounts are correct.

(b) Any additional amount due after an audit shall be paid within 30 days after the local unit of government's submission of an invoice for the sum.

(220 ILCS 5/21-1001 new)

Sec. 21-1001. Local unit of government authority.

(a) The holder of a State-issued authorization shall comply with all the applicable construction and technical standards and right-of-way occupancy standards set forth in a local unit of government's code of ordinances relating to the use of public rights-of-way, pole attachments, permit obligations, indemnification, performance bonds, penalties or liquidated damages. The applicable requirements for a holder that is using its existing telecommunications network or constructing a telecommunications network shall be the same requirements that the local unit of government imposes on telecommunications providers in its jurisdiction. The applicable requirements for a holder that is using or constructing a cable system shall be the same requirements the local unit of government imposes on other cable operators in its jurisdiction.

(b) A local unit of government shall allow the holder to install, construct, operate, maintain, and remove a cable service, video service, or telecommunications network within a public right-of-way and shall provide the holder with open, comparable, nondiscriminatory, and competitively neutral access to the public right-of-way on the same terms applicable to other cable service or video service providers or cable operators in its jurisdiction. Notwithstanding any other provisions of law, if a local unit of government is permitted by law to require the holder of a State authorization to seek a permit to install, construct, operate, maintain or remove its cable service, video service, or telecommunications network within a public right-of-way, those permits shall be deemed granted within 45 days after being submitted, if not otherwise acted upon by the local unit of government, provided the holder complies with the requirements applicable to the holder in its jurisdiction.

(c) A local unit of government may impose reasonable terms, but it may not discriminate against the holder with respect to any of the following:

(1) The authorization or placement of a cable service, video service, or telecommunications network or equipment in public rights-of-way.

(2) Access to a building.

(3) A local unit of government utility pole attachment.

(d) If a local unit of government imposes a permit fee on incumbent cable operators, it may impose a permit fee on the holder only to the extent it imposes such a fee on incumbent cable operators. In all other cases, these fees may not exceed the actual, direct costs incurred by the local unit of government for issuing the relevant permit. In no event may a fee under this Section be levied if the holder already has paid a permit fee of any kind in connection with the same activity that would otherwise be covered by the permit fee under this Section provided no additional equipment, work, function or other burden is added to the existing activity for which the permit was issued.

(e) Nothing in this Article shall affect the rights that any holder has under Section 4 of the Telephone Line Right of Way Act (220 ILCS 65/4).

(f) In addition to the other requirements in this Section, if the holder installs, upgrades, constructs, operates, maintains, and removes facilities or equipment within a public right-of-way to provide cable service or video service, it shall comply with the following:

(1) The holder must locate its equipment in the right-of-way as to cause only minimum interference with the use of streets, alleys and other public ways and places, and to cause only minimum impact upon, and interference with the rights and reasonable convenience of property owners who adjoin any of the said streets, alleys or other public ways. No fixtures shall be placed in any public ways in such a manner to interfere with the usual travel on such public ways. Nor shall such fixtures or equipment limit the visibility of vehicular and/or pedestrian traffic.

(2) The holder shall comply with a local unit of government's reasonable requests to place equipment on public property where possible, and promptly comply with local unit of government direction with respect to the location and screening of equipment and facilities. In constructing or upgrading its cable or video network in the right-of-way, the holder shall use the smallest suitable equipment enclosures and power pedestals and cabinets then in use by the holder for the application.

(3) The holder's construction practices shall be in accordance with all applicable sections of the Occupational Safety and Health Act of 1970, as amended, as well as all applicable state laws, including the Illinois Administrative Code, and local codes where applicable, as adopted by the local unit of government. All installation of electronic equipment shall be of a permanent nature, durable and, where applicable, installed in accordance with the provisions of the National Electrical Safety Code of the National Bureau of Standards and National Electrical Code of the National Board of Fire Underwriters.

(4) The holder shall not interfere with the local unit of government's performance of public works. Nothing in the State-issued authorization shall be in preference or hindrance to the right of the local unit of government to perform or carry on any public works or public improvements of any kind. The holder expressly agrees that it shall, at its own expense, protect, support, temporarily disconnect, relocate in the same street or other public place, or remove from such street or other public place, any of the network, system, facilities or equipment when required to do so by the local unit of government, because of necessary public health, safety and welfare improvements. In the event a holder and other users, including incumbent cable operators or utilities, of a public right-of-way are required to relocate and compensation is paid to the users of such public right-of-way, such parties shall be treated equally with respect to such compensation.

(5) The holder shall comply with all local units of government inspection requirements. The making of post-construction, subsequent and/or periodic inspections or the failure to do so shall not operate to relieve the holder of any responsibility, obligation or liability.

(6) The holder shall maintain insurance or provide evidence of self insurance as required by an applicable ordinance of the local unit of government.

(7) The holder shall reimburse all reasonable make-ready expenses, including aerial and underground installation expenses requested by the holder to the local unit of government within thirty (30) days of billing to the holder provided that such charges shall be at the same rates as charges to others for the same or similar services.

(8) The holder shall indemnify and hold harmless the local unit of government and all boards, officers, employees and representatives thereof from all claims, demands, causes of action, liability, judgments, costs and expenses or losses for injury or death to persons or damage to property owned by, and Worker's Compensation claims against any parties indemnified herein, arising out of, caused by, or as a result of the holder's construction, lines, cable, erection, maintenance, use or presence of, or removal of any poles, wires, conduit, appurtenances thereto, or equipment or attachments thereto. The holder, however, shall not indemnify the local unit of government for any liabilities, damages, cost and expense resulting from the

willful misconduct or negligence of the local unit of government, its officers, employees and agents. The obligations imposed pursuant to this section by a local unit of government shall be competitively neutral.

(9) The holder, upon request, shall provide the local unit of government with information describing the location of the cable service or video service facilities and equipment located in the unit of local government's rights-of-way pursuant to its State-issued authorization. If designated by the holder as confidential, such information provided pursuant to this subsection shall be exempt from inspection and copying under the Illinois Freedom of Information Act, 5 ILCS 140/1 et seq., pursuant to the exemption provided for under 5 ILCS 140/7(1) (mm) and any other present or future exemptions applicable to such information and shall not be disclosed by the unit of local government to any third party without the written consent of the holder.

(220 ILCS 5/21-1101 new)

Sec. 21-1101. Requirements to provide video services.

(a) The holder of a State-issued authorization shall not deny access to cable service or video service to any potential residential subscribers because of the race or income of the residents in the local area in which the potential subscribers reside.

(b) If the holder is using telecommunications facilities to provide cable or video service and has 1,000,000 or less telecommunications access lines in this State, but more than 300,000 telecommunications access lines in this State, the holder shall:

(1) Provide access to its cable or video service to a number of households equal to at least 25% of its telecommunications access lines in this State within 3 years after the date a holder receives a State-issued authorization from the Commission and to a number not less than 35% of these households within 5 years after the date a holder receives a State-issued authorization from the Commission; provided, however, that the holder of a State-issued authorization is not required to meet the 35% requirement in this subsection until 2 years after at least 15% of the households with access to the holder's video service subscribe to the service for 6 consecutive months. The holder's obligation to provide such access in the State shall be distributed, as the holder determines, within three different designated market areas.

(2) Within 3 years after the date a holder receives a State-issued authorization from the Commission at least 30% of the total households with access to the holder's cable or video service shall be low-income.

Within each designated market area identified in subsection (b)(1), the holder's obligation to offer service to low-income households shall be measured by each exchange, as that term is defined in Section 13-206 of the Public Utilities Act, in which the holder chooses to provide cable or video service. The holder is under no obligation to serve or provide access to an entire exchange; however, in addition to the statewide obligation to provide low-income access provided by this section, in each exchange in which the holder chooses to provide cable or video service, the holder shall provide access to a percentage of low-income households that is at least equal to the percentage of the total low-income households within that exchange.

(3) The number of telecommunication access lines in this section shall be based on the number of access lines that exist as of the effective date of this amendatory act of the 95th General Assembly.

(c) If the holder of a State-issued authorization is using telecommunications facilities to provide cable or video service and has more than 1,000,000 telecommunications access lines in this State, the holder shall:

(1)(A) Provide access to its cable or video service to a number of households equal to at least 35% of the households in the holder's telecommunications service area in the State within 3 years after the date a holder receives a State-issued authorization from the Commission and to a number not less than 50% of these households within 5 years after the date a holder receives a State-issued authorization from the Commission; provided, however, that the holder of a State-issued authorization is not required to meet the 50% requirement in this subsection until 2 years after at least 15% of the households with access to the holder's video service subscribe to the service for 6 consecutive months.

The holder's obligation to provide such access in the State shall be distributed, as the holder determines, within three designated market areas, one in each of the northeastern, central and southwestern portions of the holder's telecommunications service area in the State. The designated market area for the northeastern portion shall consist of two separate and distinct reporting areas: i) a city with more than 1,000,000 inhabitants, and ii) all other local units of government on a combined basis within such designated market area in which it offers video service.

(B) If any state, in which a holder subject to this subsection (c) or one of its affiliates provides or seeks to provide cable or video service, adopts a law permitting state-issued authorization or statewide franchises to provide cable or video service that requires a cable or video provider to offer service to more than 35% of the households in the cable or video provider's service area in that State within 3 years, holders subject to

this subsection (c) shall provide service in this State to the same percentage of households within 3 years of adoption of such law in that State.

Furthermore, if any state, in which a holder subject to this subsection (c) or one of its affiliates provides or seeks to provide cable or video service, adopts a law requiring a holder of a state-issued authorization or statewide franchises to offer cable or video service to more than 35% of its households if less than 15% of the households with access to the holder's video service subscribe to the service for 6 consecutive months, then as a precondition to further build-out, holders subject to this subsection (c) shall be subject to the same percentage of service subscription in meeting its obligation to provide service to 50% of the households in this State.

(2) Within 3 years after the date a holder receives a State-issued authorization from the Commission at least 30% of the total households with access to the holder's cable or video service shall be low-income.

Within each designated market area listed in subsection (c)(1), the holder's obligation to offer service to low-income households shall be measured by each exchange, as that term is defined in Section 13-206 of the Public Utilities Act in which the holder chooses to provide cable or video service. The holder is under no obligation to serve or provide access to an entire exchange; however, in addition to the statewide obligation to provide low-income access provided by this section, in each exchange in which the holder chooses to provide cable or video service, the holder shall provide access to a percentage of low-income households that is at least equal to the percentage of the total low-income households within that exchange.

(d)(1) All other holders shall only provide access to one or more exchanges, as that term is defined in Section 13-206 of the Public Utilities Act, or to local units of government and shall provide access to their cable or video service to a number of households equal to 35% of the households in the exchange or local unit of government within 3 years after the date a holder receives a State-issued authorization from the Commission and to a number not less than 50% of these households within 5 years after the date a holder receives a State-issued authorization from the Commission, provided, however, that if the holder is an incumbent cable operator or any successor-in-interest company, it shall be obligated to provide access to cable or video services within the jurisdiction of a local unit of government at the same levels required by the local franchising authorities for that local unit of government on the effective date of this amendatory act of the 95th General Assembly.

(2) Within 3 years after the date a holder receives a State-issued authorization from the Commission, at least 30% of the total households with access to the holder's cable or video service shall be low-income.

Within each designated exchange, as that term is defined in Section 13-206 of the Public Utilities Act, or local unit of government listed in subsection (d)(1), the holder's obligation to offer service to low-income households shall be measured by each exchange or local unit of government in which the holder chooses to provide cable or video service. Except as provided in subsection (d)(1), the holder is under no obligation to serve or provide access to an entire exchange or local unit of government; however, in addition to the statewide obligation to provide low-income access provided by this section, in each exchange or local unit of government in which the holder chooses to provide cable or video service, the holder shall provide access to a percentage of low-income households that is at least equal to the percentage of the total low-income households within that exchange or local unit of government.

(e) A holder subject to section 21-1101(c) shall provide wireline broadband service, defined as wireline service capable of supporting, in at least one direction, a speed in excess of 200 kilobits per second (kbps), to the network demarcation point at the subscriber's premises, to a number of households equal to 90% of the households in the holder's telecommunications service area by December 31, 2008, or shall pay within 30 days of December 31, 2008 a sum of \$15,000,000 to the Digital Divide Elimination Infrastructure Fund established pursuant to Section 13-301.3 of Article XIII of this Act, or any successor fund established by the General Assembly. In that event the holder is required to make a payment pursuant to this subsection, the holder shall have no further accounting for this payment, which shall be used in any part of the State for the purposes established in the Digital Divide Elimination Infrastructure Fund or for broadband deployment.

(f) The holder of a State-issued authorization may satisfy the requirements of subsections (b), (c) and (d) of this Section through the use of any technology, which shall not include direct-to-home satellite service, that offers service, functionality, and content, which is demonstrably similar to that provided through the holder's video service system.

(g) In any investigation into or complaint alleging that the holder of a State-issued authorization has failed to meet the requirements of this Section, the following factors may be considered in justification or mitigation or as justification for an extension of time to meet the requirements of subsections (b), (c) and (d) of this Section:

(1) The inability to obtain access to public and private rights-of-way under reasonable terms and conditions.

(2) Barriers to competition arising from existing exclusive service arrangements in developments or buildings.

(3) The inability to access developments or buildings using reasonable technical solutions under commercially reasonable terms and conditions.

(4) Natural disasters.

(5) Other factors beyond the control of the holder.

(h) If the holder relies on the factors identified in subsection (g) in response to an investigation or complaint, the holder shall demonstrate:

(1) what substantial effort the holder of a state-issued authorization has taken to meet the requirements of subsections (a), (b) or (c) of this Section;

(2) which portions of subsection (g) of this Section apply; and

(3) the number of days it has been delayed or the requirements it cannot perform as a consequence of subsection (g) of this Section.

(i) The factors in subsection (g) may be considered by the Attorney General or by a court of competent jurisdiction in determining whether the holder is in violation of this Article.

(j) Every holder of a State-issued authorization, no later than April 1, 2009, and annually no later than April 1 thereafter, shall report to the Commission for each of the service areas as described in subsections (b), (c) and (d) of this Section in which it provides access to its video service in the State, the following information:

(1) Cable Service and Video Service Information:

(A) The number of households in the holder's telecommunications service area within each designated market area as described in subsections (b) and (c) of this Section or exchange or local unit of government as described in subsection (d) of this Section in which it offers video service.

(B) The number of households in the holder's telecommunications service area within each designated market area as described in subsections (b) and (c) of this Section or exchange or local unit of government as described in subsection (d) of this Section that are offered access to video service by the holder.

(C) The number of households in the holder's telecommunications service area in the State.

(D) The number of households in the holder's telecommunications service area in the State that are offered access to video service by the holder.

(2) Low-Income Household Information:

(A) The number of low-income households in the holder's telecommunications service area within each designated market area as described in subsections (b) and (c) of this Section, as further identified in terms of exchanges, or exchange or local unit of government as described in subsection (d) of this Section, in which it offers video service.

(B) The number of low-income households in the holder's telecommunications service area within each designated market area as described in subsections (b) and (c) of this Section, as further identified in terms of exchanges, or exchange or local unit of government as described in subsection (d) of this Section in the State, that are offered access to video service by the holder.

(C) The number of low-income households in the holder's telecommunications service area in the State.

(D) The number of low-income households in the holder's telecommunications service area in the State that are offered access to video service by the holder.

(k) The Commission, within 30 days of receiving the first report from holders under this Section, and annually no later than July 1 thereafter, shall submit to the General Assembly a report that includes, based on year-end data, the information submitted by holders pursuant to subsections (j)(1) and (j)(2) of this Section. The Commission shall make this report available to any member of the public or any local unit of government upon request. All information submitted to the Commission and designated by holders as confidential and proprietary shall be subject to the disclosure provisions in Section 21-401(c). No individually identifiable customer information shall be subject to public disclosure.

(220 ILCS 5/21-1201 new)

Sec. 21-1201. Multiple-unit dwellings-Interference with Holder Prohibited.

(a) Neither the owner of any multiple-unit residential dwelling nor an agent or representative shall unreasonably interfere with the right of any tenant or lawful resident thereof to receive cable service or video service installation or maintenance from a holder of a State-issued authorization; provided, however,

the owner, agent or representative may require just and reasonable compensation from the holder for its access to and use of such property to provide installation, operation, maintenance, or removal of such cable service or video service.

(b) Neither the owner of any multiple-unit residential dwelling nor an agent or representative shall ask, demand or receive any additional payment, service or gratuity in any form from any tenant or lawful resident thereof as a condition for permitting or cooperating with the installation of a cable service or video service to the dwelling unit occupied by a tenant or resident requesting such service.

(c) Neither the owner of any multiple-unit residential dwelling nor an agent or representative shall penalize, charge or surcharge a tenant or resident, or forfeit or threaten to forfeit any right of such tenant or resident, or discriminate in any way against such tenant or resident who requests or receives cable service or video service from a holder.

(d) Nothing in this Section shall prohibit the owner of any multiple-unit residential dwelling nor an agent or representative from requiring that a holder's facilities conform to reasonable conditions necessary to protect safety, functioning, appearance, and value of premises or the convenience and safety of persons or property.

(e) The owner of any multiple-unit residential dwelling or an agent or representative may require a holder to agree to indemnify the owner, or his agents or representatives, for damages or from liability for damages caused by the installation, operation, maintenance or removal of cable service or video service facilities.

(220 ILCS 5/21-1301 new)

Sec. 21-1301. Enforcement, Penalties.

(a) The Attorney General is responsible for administering and ensuring holders' compliance with this Article, provided that nothing in this Article shall deprive local units of government of the right to enforce applicable rights and obligations.

(b) The Attorney General may conduct an investigation regarding possible violations by holders of this Article including, without limitation, the issuance of subpoenas to:

(1) require the holder to file a statement or report or to answer interrogatories in writing as to all information relevant to the alleged violations;

(2) examine, under oath, any person who possesses knowledge or information related to the alleged violations; and

(3) examine any record, book, document, account, or paper related to the alleged violation.

(c) If the Attorney General determines that there is a reason to believe that a holder has violated or is about to violate this Article, the Attorney General may bring an action in a court of competent jurisdiction in the name of the People of the State against the holder to obtain temporary, preliminary, or permanent injunctive relief and civil penalties for any act, policy, or practice by the holder that violates this Article.

(d) If a court orders a holder to make payments to the Attorney General and the payments are to be used for the operations of the Office of the Attorney General or if a holder agrees to make payments to the Attorney General for the operations of the Office of the Attorney General as part of an Assurance of Voluntary Compliance, then the moneys paid under any of the conditions described in this subsection shall be deposited into the Attorney General Court Ordered and Voluntary Compliance Payment Projects Fund. Moneys in the Fund shall be used, subject to appropriation, for the performance of any function pertaining to the exercise of the duties to the Attorney General including, but not limited to, enforcement of any law of this State and conducting public education programs; however, any moneys in the Fund that are required by the court to be used for a particular purpose shall be used for that purpose.

(e) In an action against a holder brought pursuant to this Article, the Attorney General may seek the assessment of one or more of the following civil monetary penalties in any action filed under this Article where the holder violates this Article and does not remedy the violation within 30 days of notice by the Attorney General:

(1) Any holder that violates or fails to comply with any of the provisions of this Article or of its State-issued authorization shall be subject to a civil penalty of up to \$30,000 for each and every offense, or .00825% of the holder's gross revenues, as defined in Section 21-801, whichever is greater. Every violation of the provisions of this Article by a holder is a separate and distinct offense, provided, however, that if the same act or omission violates more than one provision of this Article, only one penalty or cumulative penalty may be imposed for such act or omission. In case of a continuing violation, each day's continuance thereof shall be a separate and distinct offense, provided, however, that the cumulative penalty for any continuing violation shall not exceed \$500,000 per year, and provided further that these limits shall not apply where the violation was intentional and either (i) created substantial risk to the safety of the cable

service or video service provider's employees or customers or the public or (ii) was intended to cause economic benefits to accrue to the violator.

(2) The holder's State-issued authorization may be suspended or revoked if the holder fails to comply with the provisions of this Article after a reasonable time to achieve compliance has passed.

(3) If the holder is in violation of Section 21-1101, in addition to any other remedies provided by law, a fine not to exceed 3% of the holder's total monthly gross revenue as that term is defined in this Article, shall be imposed for each month from the date of violation until the date that compliance is achieved.

(4) Nothing in this Section shall limit or affect the powers of the Attorney General to enforce the provisions of the Cable and Video Customer Protection Law, 220 ILCS 5/70-501 new, or the Consumer Fraud and Deceptive Business Practices Act, 815 ILCS 505.

(220 ILCS 5/21-1401 new)

Sec. 21-1401. Home rule.

(a) The provisions of this Article are a limitation of home rule powers under subsection (i) of Section 6 of Article VII of the Illinois Constitution.

(b) Nothing in this Article shall be construed to limit or deny a home rule unit's power to tax as set forth in Section 6 of Article VII of the Illinois Constitution.

(220 ILCS 5/21-1501 new)

Sec. 21-1501. Except as otherwise provided in this Article, this Article shall be enforced only by a court of competent jurisdiction.

(220 ILCS 5/21-1601 new)

Sec. 21-1601. Repealer. This Article is repealed October 1, 2013.

Section 15-7. The Illinois Administrative Procedure Act is amended by changing Section 1-5 as follows:

(5 ILCS 100/1-5) (from Ch. 127, par. 1001-5)

Sec. 1-5. Applicability.

(a) This Act applies to every agency as defined in this Act. Beginning January 1, 1978, in case of conflict between the provisions of this Act and the Act creating or conferring power on an agency, this Act shall control. If, however, an agency (or its predecessor in the case of an agency that has been consolidated or reorganized) has existing procedures on July 1, 1977, specifically for contested cases or licensing, those existing provisions control, except that this exception respecting contested cases and licensing does not apply if the Act creating or conferring power on the agency adopts by express reference the provisions of this Act. Where the Act creating or conferring power on an agency establishes administrative procedures not covered by this Act, those procedures shall remain in effect.

(b) The provisions of this Act do not apply to (i) preliminary hearings, investigations, or practices where no final determinations affecting State funding are made by the State Board of Education, (ii) legal opinions issued under Section 2-3.7 of the School Code, (iii) as to State colleges and universities, their disciplinary and grievance proceedings, academic irregularity and capricious grading proceedings, and admission standards and procedures, and (iv) the class specifications for positions and individual position descriptions prepared and maintained under the Personnel Code. Those class specifications shall, however, be made reasonably available to the public for inspection and copying. The provisions of this Act do not apply to hearings under Section 20 of the Uniform Disposition of Unclaimed Property Act.

(c) Section 5-35 of this Act relating to procedures for rulemaking does not apply to the following:

(1) Rules adopted by the Pollution Control Board that, in accordance with Section 7.2 of the Environmental Protection Act, are identical in substance to federal regulations or amendments to those regulations implementing the following: Sections 3001, 3002, 3003, 3004, 3005, and 9003 of the Solid Waste Disposal Act; Section 105 of the Comprehensive Environmental Response, Compensation, and Liability Act of 1980; Sections 307(b), 307(c), 307(d), 402(b)(8), and 402(b)(9) of the Federal Water Pollution Control Act; and Sections 1412(b), 1414(c), 1417(a), 1421, and 1445(a) of the Safe Drinking Water Act.

(2) Rules adopted by the Pollution Control Board that establish or amend standards for the emission of hydrocarbons and carbon monoxide from gasoline powered motor vehicles subject to inspection under Section 13A-105 of the Vehicle Emissions Inspection Law and rules adopted under Section 13B-20 of the Vehicle Emissions Inspection Law of 1995.

(3) Procedural rules adopted by the Pollution Control Board governing requests for exceptions under Section 14.2 of the Environmental Protection Act.

(4) The Pollution Control Board's grant, pursuant to an adjudicatory determination, of an adjusted standard for persons who can justify an adjustment consistent with subsection (a) of Section 27 of the Environmental Protection Act.

(5) Rules adopted by the Pollution Control Board that are identical in substance to the regulations adopted by the Office of the State Fire Marshal under clause (ii) of paragraph (b) of subsection (3) of Section 2 of the Gasoline Storage Act.

(d) Pay rates established under Section 8a of the Personnel Code shall be amended or repealed pursuant to the process set forth in Section 5-50 within 30 days after it becomes necessary to do so due to a conflict between the rates and the terms of a collective bargaining agreement covering the compensation of an employee subject to that Code.

(e) Section 10-45 of this Act shall not apply to any hearing, proceeding, or investigation conducted under Section 13-515 of the Public Utilities Act.

(f) Article 10 of this Act does not apply to any hearing, proceeding, or investigation conducted by the State Council for the State of Illinois created under Section 3-3-11.05 of the Unified Code of Corrections or by the Interstate ~~Commission~~ ~~Commission~~ for Adult Offender Supervision created under the Interstate Compact for Adult Offender Supervision.

(g) This Act is subject to the provisions of Article XXI of the Public Utilities Act. To the extent that any provision of this Act conflicts with the provisions of that Article XXI, the provisions of that Article XXI control.

(Source: P.A. 92-571, eff. 6-26-02; revised 7-25-02.)

Section 15-10. The Attorney General Act is amended by changing Section 6.5 as follows:

(15 ILCS 205/6.5)

Sec. 6.5. Consumer Utilities Unit.

(a) The General Assembly finds that the health, welfare, and prosperity of all Illinois citizens, and the public's interest in adequate, safe, reliable, cost-effective electric, natural gas, water, cable, video, and telecommunications services, requires effective public representation by the Attorney General to protect the rights and interests of the public in the provision of all elements of electric, natural gas, water, cable, video, and telecommunications service both during and after the transition to a competitive market, and that to ensure that the benefits of competition in the provision of electric, natural gas, water, cable, video, and telecommunications services to all consumers are attained, there shall be created within the Office of the Attorney General a Consumer Utilities Unit.

(b) As used in this Section: "Electric services" means services sold by an electric service provider. "Electric service provider" shall mean anyone who sells, contracts to sell, or markets electric power, generation, distribution, transmission, or services (including metering and billing) in connection therewith. Electric service providers shall include any electric utility and any alternative retail electric supplier as defined in Section 16-102 of the Public Utilities Act.

(b-5) As used in this Section: "Telecommunications services" means services sold by a telecommunications carrier, as provided for in Section 13-203 of the Public Utilities Act. "Telecommunications carrier" means anyone who sells, contracts to sell, or markets telecommunications services, whether noncompetitive or competitive, including access services, interconnection services, or any services in connection therewith. Telecommunications carriers include any carrier as defined in Section 13-202 of the Public Utilities Act.

(b-10) As used in this Section: "natural gas services" means natural gas services sold by a "gas utility" or by an "alternative gas supplier", as those terms are defined in Section 19-105 of the Public Utilities Act.

(b-15) As used in this Section: "water services" means services sold by any corporation, company, limited liability company, association, joint stock company or association, firm, partnership, or individual, its lessees, trustees, or receivers appointed by any court and that owns, controls, operates, or manages within this State, directly or indirectly, for public use, any plant, equipment, or property used or to be used for or in connection with (i) the production, storage, transmission, sale, delivery, or furnishing of water or (ii) the treatment, storage, transmission, disposal, sale of services, delivery, or furnishing of sewage or sewage services.

(b-20) As used in this Section: "cable service and video service" means services sold by anyone who sells, contracts to sell or markets cable services or video services pursuant to a State-issued authorization under the Cable and Video Competition Law of 2007.

(c) There is created within the Office of the Attorney General a Consumer Utilities Unit, consisting of Assistant Attorneys General appointed by the Attorney General, who, together with such other staff as is deemed necessary by the Attorney General, shall have the power and duty on behalf of the people of the State to intervene in, initiate, enforce, and defend all legal proceedings on matters relating to the provision, marketing, and sale of electric, natural gas, water, and telecommunications service whenever the Attorney General determines that such action is necessary to promote or protect the rights and interests of all Illinois

citizens, classes of customers, and users of electric, natural gas, water, and telecommunications services.

(d) In addition to the investigative and enforcement powers available to the Attorney General, including without limitation those under the Consumer Fraud and Deceptive Business Practices Act, the Illinois Antitrust Act, and any other law of this State, the Attorney General shall be a party as a matter of right to all proceedings, investigations, and related matters involving the provision of electric, natural gas, water, and telecommunications services before the Illinois Commerce Commission, the courts, and other public bodies. Upon request, the Office of the Attorney General shall have access to and the use of all files, records, data, and documents in the possession or control of the Commission. The Office of the Attorney General may use information obtained under this Section, including information that is designated as and that qualifies for confidential treatment, which information the Attorney General's office shall maintain as confidential, to be used for law enforcement purposes only, which information may be shared with other law enforcement officials. Nothing in this Section is intended to take away or limit any of the powers the Attorney General has pursuant to common law or other statutory law.

Section 15-15. The Counties Code is amended by changing Section 5-1095 and by adding Section 5-1096.5 as follows:

(55 ILCS 5/5-1095) (from Ch. 34, par. 5-1095)

Sec. 5-1095. Community antenna television systems; satellite transmitted television programming.

(a) The County Board may license, tax or franchise the business of operating a community antenna television system or systems within the County and outside of a municipality, as defined in Section 1-1-2 of the Illinois Municipal Code.

When an area is annexed to a municipality, the annexing municipality shall thereby become the franchising authority with respect to that portion of any community antenna television system that, immediately before annexation, had provided cable television services within the annexed area under a franchise granted by the county, and the owner of that community antenna television system shall thereby be authorized to provide cable television services within the annexed area under the terms and provisions of the existing franchise. In that instance, the franchise shall remain in effect until, by its terms, it expires, except that any franchise fees payable under the franchise shall be payable only to the county for a period of 5 years or until, by its terms, the franchise expires, whichever occurs first. After the 5 year period, any franchise fees payable under the franchise shall be paid to the annexing municipality. In any instance in which a duly franchised community antenna television system is providing cable television services within the annexing municipality at the time of annexation, the annexing municipality may permit that franchisee to extend its community antenna television system to the annexed area under terms and conditions that are no more burdensome nor less favorable to that franchisee than those imposed under any community antenna television franchise applicable to the annexed area at the time of annexation. The authorization to extend cable television service to the annexed area and any community antenna television system authorized to provide cable television services within the annexed area at the time of annexation shall not be subject to the provisions of subsection (e) of this Section.

(b) "Community antenna television system" as used in this Section, means any facility which is constructed in whole or in part in, on, under or over any highway or other public place and which is operated to perform for hire the service of receiving and amplifying the signals broadcast by one or more television stations and redistributing such signals by wire, cable or other means to members of the public who subscribe to such service except that such term does not include (i) any system which serves fewer than 50 subscribers or (ii) any system which serves only the residents of one or more apartment dwellings under common ownership, control or management, and commercial establishments located on the premises of such dwellings.

(c) The authority hereby granted does not include the authority to license or franchise telephone companies subject to the jurisdiction of the Illinois Commerce Commission or the Federal Communications Commission in connection with furnishing circuits, wires, cables or other facilities to the operator of a community antenna television system.

(c-1) Each franchise entered into by a county and a community antenna television system shall include the customer service and privacy standards and protections contained in the Cable and Video Customers Protection Law. A franchise may not contain different penalties, consumer service and privacy standards and protections. Each franchise entered into by a county and a community antenna television system before the effective date of this amendatory Act of the 95th General Assembly shall be amended by this section to incorporate the penalty provisions, customer service and privacy standards and protections contained in the Cable and Video Customers Protection Law.

The County Board may, in the course of franchising such community antenna television system, grant to such franchisee the authority and the right and permission to use all public streets, rights of way, alleys, ways for public service facilities, parks, playgrounds, school grounds, or other public grounds, in which such county may have an interest, for the construction, installation, operation, maintenance, alteration, addition, extension or improvement of a community antenna television system.

Any charge imposed by a community antenna television system franchised pursuant to this Section for the raising or removal of cables or lines to permit passage on, to or from a street shall not exceed the reasonable costs of work reasonably necessary to safely permit such passage. Pursuant to subsections (h) and (i) of Section 6 of Article VII of the Constitution of the State of Illinois, the General Assembly declares the regulation of charges which may be imposed by community antenna television systems for the raising or removal of cables or lines to permit passage on, to or from streets is a power or function to be exercised exclusively by the State and not to be exercised or performed concurrently with the State by any unit of local government, including any home rule unit.

The County Board may, upon written request by the franchisee of a community antenna television system, exercise its right of eminent domain solely for the purpose of granting an easement right no greater than 8 feet in width, extending no greater than 8 feet from any lot line for the purpose of extending cable across any parcel of property in the manner provided for by the law of eminent domain, provided, however, such franchisee deposits with the county sufficient security to pay all costs incurred by the county in the exercise of its right of eminent domain.

Except as specifically provided otherwise in this Section, this Section is not a limitation on any home rule county.

(d) The General Assembly finds and declares that satellite-transmitted television programming should be available to those who desire to subscribe to such programming and that decoding devices should be obtainable at reasonable prices by those who are unable to obtain satellite-transmitted television programming through duly franchised community antenna television systems.

In any instance in which a person is unable to obtain satellite-transmitted television programming through a duly franchised community antenna television system either because the municipality and county in which such person resides has not granted a franchise to operate and maintain a community antenna television system, or because the duly franchised community antenna television system operator does not make cable television services available to such person, any programming company that delivers satellite-transmitted television programming in scrambled or encrypted form shall ensure that devices for decryption of such programming are made available to such person, through the local community antenna television operator or directly, for purchase or lease at prices reasonably related to the cost of manufacture and distribution of such devices.

(e) The General Assembly finds and declares that, in order to ensure that community antenna television services are provided in an orderly, competitive and economically sound manner, the best interests of the public will be served by the establishment of certain minimum standards and procedures for the granting of additional cable television franchises.

Subject to the provisions of this subsection, the authority granted under subsection (a) hereof shall include the authority to license, franchise and tax more than one cable operator to provide community antenna television services within the territorial limits of a single franchising authority. For purposes of this subsection (e), the term:

(i) "Existing cable television franchise" means a community antenna television franchise granted by a county which is in use at the time such county receives an application or request by another cable operator for a franchise to provide cable antenna television services within all or any portion of the territorial area which is or may be served under the existing cable television franchise.

(ii) "Additional cable television franchise" means a franchise pursuant to which community antenna television services may be provided within the territorial areas, or any portion thereof, which may be served under an existing cable television franchise.

(iii) "Franchising Authority" is defined as that term is defined under Section 602(9) of the Cable Communications Policy Act of 1984, Public Law 98-549.

(iv) "Cable operator" is defined as that term is defined under Section 602(4) of the Cable Communications Policy Act of 1984, Public Law 98-549.

Before granting an additional cable television franchise, the franchising authority shall:

(1) Give written notice to the owner or operator of any other community antenna television system franchised to serve all or any portion of the territorial area to be served by such additional cable television franchise, identifying the applicant for such additional franchise and

specifying the date, time and place at which the franchising authority shall conduct public hearings to consider and determine whether such additional cable television franchise should be granted.

(2) Conduct a public hearing to determine the public need for such additional cable television franchise, the capacity of public rights-of-way to accommodate such additional community antenna television services, the potential disruption to existing users of public rights-of-way to be used by such additional franchise applicant to complete construction and to provide cable television services within the proposed franchise area, the long term economic impact of such additional cable television system within the community, and such other factors as the franchising authority shall deem appropriate.

(3) Determine, based upon the foregoing factors, whether it is in the best interest of the county to grant such additional cable television franchise.

(4) If the franchising authority shall determine that it is in the best interest of the county to do so, it may grant the additional cable television franchise. Except as provided in paragraph (5) of this subsection (e), no such additional cable television franchise shall be granted under terms or conditions more favorable or less burdensome to the applicant than those required under the existing cable television franchise, including but not limited to terms and conditions pertaining to the territorial extent of the franchise, system design, technical performance standards, construction schedules, performance bonds, standards for construction and installation of cable television facilities, service to subscribers, public educational and governmental access channels and programming, production assistance, liability and indemnification, and franchise fees.

(5) Unless the existing cable television franchise provides that any additional cable television franchise shall be subject to the same terms or substantially equivalent terms and conditions as those of the existing cable television franchise, the franchising authority may grant an additional cable television franchise under different terms and conditions than those of the existing franchise, in which event the franchising authority shall enter into good faith negotiations with the existing franchisee and shall, within 120 days after the effective date of the additional cable television franchise, modify the existing cable television franchise in a manner and to the extent necessary to ensure that neither the existing cable television franchise nor the additional cable television franchise, each considered in its entirety, provides a competitive advantage over the other, provided that prior to modifying the existing cable television franchise, the franchising authority shall have conducted a public hearing to consider the proposed modification. No modification in the terms and conditions of the existing cable television franchise shall oblige the existing cable television franchisee (1) to make any additional payment to the franchising authority, including the payment of any additional franchise fee, (2) to engage in any additional construction of the existing cable television system or, (3) to modify the specifications or design of the existing cable television system; and the inclusion of the factors identified in items (2) and (3) shall not be considered in determining whether either franchise considered in its entirety, has a competitive advantage over the other except to the extent that the additional franchisee provides additional video or data services or the equipment or facilities necessary to generate and or carry such service. No modification in the terms and conditions of the existing cable television franchise shall be made if the existing cable television franchisee elects to continue to operate under all terms and conditions of the existing franchise.

If within the 120 day period the franchising authority and the existing cable television franchisee are unable to reach agreement on modifications to the existing cable television franchise, then the franchising authority shall modify the existing cable television franchise, effective 45 days thereafter, in a manner, and only to the extent, that the terms and conditions of the existing cable television franchise shall no longer impose any duty or obligation on the existing franchisee which is not also imposed under the additional cable television franchise; however, if by the modification the existing cable television franchisee is relieved of duties or obligations not imposed under the additional cable television franchise, then within the same 45 days and following a public hearing concerning modification of the additional cable television franchise within that 45 day period, the franchising authority shall modify the additional cable television franchise to the extent necessary to insure that neither the existing cable television franchise nor the additional cable television franchise, each considered in its entirety, shall have a competitive advantage over the other.

No county shall be subject to suit for damages based upon the county's determination to grant or its refusal to grant an additional cable television franchise, provided that a public hearing as herein provided has been held and the franchising authority has determined that it is in the best interest of the county to grant or refuse to grant such additional franchise, as the case may be.

It is declared to be the law of this State, pursuant to paragraphs (h) and (i) of Section 6 of Article VII of

the Illinois Constitution, that the establishment of minimum standards and procedures for the granting of additional cable television franchises as provided in this subsection (e) is an exclusive State power and function that may not be exercised concurrently by a home rule unit.

(55 ILCS 5/5-1096.5 new)

Sec. 5-1096.5. Cable and video competition.

(a) A person or entity seeking to provide cable service or video service in this State after the effective date of this amendatory act of the 95th General Assembly shall either (1) obtain a State-issued authorization pursuant to Section 401 of the Cable and Video Competition Law of 2007 (220 ILCS 5/21-401); (2) obtain authorization pursuant to Section 11-42-11 of the Illinois Municipal Code (65 ILCS 5/11-42-11); or (3) obtain authorization pursuant to Section 5-1095 of the Counties Code (55 ILCS 5/5-1095).

(b) A person or entity seeking to provide cable service or video service in this State after the effective date of this amendatory act of the 95th General Assembly shall not use the public rights-of-way for the installation or construction of facilities for the provision of cable service or video service or offer cable service or video service until it has (i) obtained a State-issued authorization to offer or provide cable or video service under Section 401 of the Cable and Video Competition Law of 2007; (ii) obtained authorization under Section 11-42-11 of the Illinois Municipal Code; (iii) or obtained authorization under Section 5-1095 of the Counties Code. Nothing in this Section shall prohibit a local unit of government from granting a permit to a person or entity for the use of the public rights-of-way to install or construct facilities to provide cable service or video service, at its sole discretion. No unit of local government shall be liable for denial or delay of a permit prior to the issuance of a State-issued authorization.

(c) For the purposes of Section 5-1095(e), a State-issued authorization under Article XXI of the Public Utilities Act shall be considered substantially equivalent in terms and conditions as an existing cable provider.

(d) Nothing in Article XXI of the Public Utilities Act shall constitute a basis for modification of an existing cable franchise or an injunction against or for the recovery of damages from a municipality pursuant to Section 5-1095(e) because of an application for or the issuance of a State-issued authorization under that Article XXI.

Section 15-20. The Illinois Municipal Code is amended by changing Section 11-42-11 and by adding Section 11-42-11.2 as follows:

(65 ILCS 5/11-42-11) (from Ch. 24, par. 11-42-11)

Sec. 11-42-11. Community antenna television systems; satellite transmitted television programming.

(a) The corporate authorities of each municipality may license, franchise and tax the business of operating a community antenna television system as hereinafter defined. In municipalities with less than 2,000,000 inhabitants, the corporate authorities may, under the limited circumstances set forth in this Section, own (or lease as lessee) and operate a community antenna television system; provided that a municipality may not acquire, construct, own, or operate a community antenna television system for the use or benefit of private consumers or users, and may not charge a fee for that consumption or use, unless the proposition to acquire, construct, own, or operate a cable antenna television system has been submitted to and approved by the electors of the municipality in accordance with subsection (f). Before acquiring, constructing, or commencing operation of a community antenna television system, the municipality shall comply with the following:

(1) Give written notice to the owner or operator of any other community antenna television system franchised to serve all or any portion of the territorial area to be served by the municipality's community antenna television system, specifying the date, time, and place at which the municipality shall conduct public hearings to consider and determine whether the municipality should acquire, construct, or commence operation of a community antenna television system. The public hearings shall be conducted at least 14 days after this notice is given.

(2) Publish a notice of the hearing in 2 or more newspapers published in the county, city, village, incorporated town, or town, as the case may be. If there is no such newspaper, then notice shall be published in any 2 or more newspapers published in the county and having a general circulation throughout the community. The public hearings shall be conducted at least 14 days after this notice is given.

(3) Conduct a public hearing to determine the means by which construction, maintenance, and operation of the system will be financed, including whether the use of tax revenues or other fees will be required.

(b) The words "community antenna television system" shall mean any facility which is constructed in whole or in part in, on, under or over any highway or other public place and which is operated to perform for hire the service of receiving and amplifying the signals broadcast by one or more television stations and redistributing such signals by wire, cable or other means to members of the public who subscribe to such service; except that such definition shall not include (i) any system which serves fewer than fifty subscribers, or (ii) any system which serves only the residents of one or more apartment dwellings under common ownership, control or management, and commercial establishments located on the premises of such dwellings.

(c) The authority hereby granted does not include authority to license, franchise or tax telephone companies subject to jurisdiction of the Illinois Commerce Commission or the Federal Communications Commission in connection with the furnishing of circuits, wires, cables, and other facilities to the operator of a community antenna television system.

(c-1) Each franchise entered into by a municipality and a community antenna television system shall include the customer service and privacy standards and protections contained in the Cable and Video Customers Protection Law. A franchise may not contain different penalties, consumer service and privacy standards and protections. Each franchise entered into by a municipality and a community antenna television system before the effective date of this amendatory Act of the 95th General Assembly shall be amended by this section to incorporate the penalty provisions, customer service and privacy standards and protections contained in the Cable and Video Customers Protection Law.

The corporate authorities of each municipality may, in the course of franchising such community antenna television system, grant to such franchisee the authority and the right and permission to use all public streets, rights of way, alleys, ways for public service facilities, parks, playgrounds, school grounds, or other public grounds, in which such municipality may have an interest, for the construction, installation, operation, maintenance, alteration, addition, extension or improvement of a community antenna television system.

Any charge imposed by a community antenna television system franchised pursuant to this Section for the raising or removal of cables or lines to permit passage on, to or from a street shall not exceed the reasonable costs of work reasonably necessary to safely permit such passage. Pursuant to subsections (h) and (i) of Section 6 of Article VII of the Constitution of the State of Illinois, the General Assembly declares the regulation of charges which may be imposed by community antenna television systems for the raising or removal of cables or lines to permit passage on, to or from streets is a power or function to be exercised exclusively by the State and not to be exercised or performed concurrently with the State by any unit of local government, including any home rule unit.

The municipality may, upon written request by the franchisee of a community antenna television system, exercise its right of eminent domain solely for the purpose of granting an easement right no greater than 8 feet in width, extending no greater than 8 feet from any lot line for the purpose of extending cable across any parcel of property in the manner provided by the law of eminent domain, provided, however, such franchisee deposits with the municipality sufficient security to pay all costs incurred by the municipality in the exercise of its right of eminent domain.

(d) The General Assembly finds and declares that satellite-transmitted television programming should be available to those who desire to subscribe to such programming and that decoding devices should be obtainable at reasonable prices by those who are unable to obtain satellite-transmitted television programming through duly franchised community antenna television systems.

In any instance in which a person is unable to obtain satellite-transmitted television programming through a duly franchised community antenna television system either because the municipality and county in which such person resides has not granted a franchise to operate and maintain a community antenna television system, or because the duly franchised community antenna television system operator does not make cable television services available to such person, any programming company that delivers satellite-transmitted television programming in scrambled or encrypted form shall ensure that devices for description of such programming are made available to such person, through the local community antenna television operator or directly, for purchase or lease at prices reasonably related to the cost of manufacture and distribution of such devices.

(e) The General Assembly finds and declares that, in order to ensure that community antenna television services are provided in an orderly, competitive and economically sound manner, the best interests of the public will be served by the establishment of certain minimum standards and procedures for the granting of additional cable television franchises.

Subject to the provisions of this subsection, the authority granted under subsection (a) hereof shall

include the authority to license, franchise and tax more than one cable operator to provide community antenna television services within the corporate limits of a single franchising authority. For purposes of this subsection (e), the term:

(i) "Existing cable television franchise" means a community antenna television franchise granted by a municipality which is in use at the time such municipality receives an application or request by another cable operator for a franchise to provide cable antenna television services within all or any portion of the territorial area which is or may be served under the existing cable television franchise.

(ii) "Additional cable television franchise" means a franchise pursuant to which community antenna television services may be provided within the territorial areas, or any portion thereof, which may be served under an existing cable television franchise.

(iii) "Franchising Authority" is defined as that term is defined under Section 602(9) of the Cable Communications Policy Act of 1984, Public Law 98-549, but does not include any municipality with a population of 1,000,000 or more.

(iv) "Cable operator" is defined as that term is defined under Section 602(4) of the Cable Communications Policy Act of 1984, Public Law 98-549.

Before granting an additional cable television franchise, the franchising authority shall:

(1) Give written notice to the owner or operator of any other community antenna television system franchised to serve all or any portion of the territorial area to be served by such additional cable television franchise, identifying the applicant for such additional franchise and specifying the date, time and place at which the franchising authority shall conduct public hearings to consider and determine whether such additional cable television franchise should be granted.

(2) Conduct a public hearing to determine the public need for such additional cable television franchise, the capacity of public rights-of-way to accommodate such additional community antenna television services, the potential disruption to existing users of public rights-of-way to be used by such additional franchise applicant to complete construction and to provide cable television services within the proposed franchise area, the long term economic impact of such additional cable television system within the community, and such other factors as the franchising authority shall deem appropriate.

(3) Determine, based upon the foregoing factors, whether it is in the best interest of the municipality to grant such additional cable television franchise.

(4) If the franchising authority shall determine that it is in the best interest of the municipality to do so, it may grant the additional cable television franchise. Except as provided in paragraph (5) of this subsection (e), no such additional cable television franchise shall be granted under terms or conditions more favorable or less burdensome to the applicant than those required under the existing cable television franchise, including but not limited to terms and conditions pertaining to the territorial extent of the franchise, system design, technical performance standards, construction schedules, performance bonds, standards for construction and installation of cable television facilities, service to subscribers, public educational and governmental access channels and programming, production assistance, liability and indemnification, and franchise fees.

(5) Unless the existing cable television franchise provides that any additional cable television franchise shall be subject to the same terms or substantially equivalent terms and conditions as those of the existing cable television franchise, the franchising authority may grant an additional cable television franchise under different terms and conditions than those of the existing franchise, in which event the franchising authority shall enter into good faith negotiations with the existing franchisee and shall, within 120 days after the effective date of the additional cable television franchise, modify the existing cable television franchise in a manner and to the extent necessary to ensure that neither the existing cable television franchise nor the additional cable television franchise, each considered in its entirety, provides a competitive advantage over the other, provided that prior to modifying the existing cable television franchise, the franchising authority shall have conducted a public hearing to consider the proposed modification. No modification in the terms and conditions of the existing cable television franchise shall oblige the existing cable television franchisee (1) to make any additional payment to the franchising authority, including the payment of any additional franchise fee, (2) to engage in any additional construction of the existing cable television system or, (3) to modify the specifications or design of the existing cable television system; and the inclusion of the factors identified in items (2) and (3) shall not be considered in determining whether either franchise considered in its entirety, has a competitive advantage over the other except to the extent that the additional franchisee provides additional video or data services or the equipment or facilities necessary to generate and or carry such

service. No modification in the terms and conditions of the existing cable television franchise shall be made if the existing cable television franchisee elects to continue to operate under all terms and conditions of the existing franchise.

If within the 120 day period the franchising authority and the existing cable television franchisee are unable to reach agreement on modifications to the existing cable television franchise, then the franchising authority shall modify the existing cable television franchise, effective 45 days thereafter, in a manner, and only to the extent, that the terms and conditions of the existing cable television franchise shall no longer impose any duty or obligation on the existing franchisee which is not also imposed under the additional cable television franchise; however, if by the modification the existing cable television franchisee is relieved of duties or obligations not imposed under the additional cable television franchise, then within the same 45 days and following a public hearing concerning modification of the additional cable television franchise within that 45 day period, the franchising authority shall modify the additional cable television franchise to the extent necessary to insure that neither the existing cable television franchise nor the additional cable television franchise, each considered in its entirety, shall have a competitive advantage over the other.

No municipality shall be subject to suit for damages based upon the municipality's determination to grant or its refusal to grant an additional cable television franchise, provided that a public hearing as herein provided has been held and the franchising authority has determined that it is in the best interest of the municipality to grant or refuse to grant such additional franchise, as the case may be.

It is declared to be the law of this State, pursuant to paragraphs (h) and (i) of Section 6 of Article VII of the Illinois Constitution, that the establishment of minimum standards and procedures for the granting of additional cable television franchises by municipalities with a population less than 1,000,000 as provided in this subsection (e) is an exclusive State power and function that may not be exercised concurrently by a home rule unit.

(f) No municipality may acquire, construct, own, or operate a community antenna television system unless the corporate authorities adopt an ordinance. The ordinance must set forth the action proposed; describe the plant, equipment, and property to be acquired or constructed; and specifically describe the manner in which the construction, acquisition, and operation of the system will be financed.

The ordinance may not take effect until the question of acquiring, construction, owning, or operating a community antenna television system has been submitted to the electors of the municipality at a regular election and approved by a majority of the electors voting on the question. The corporate authorities must certify the question to the proper election authority, which must submit the question at an election in accordance with the Election Code.

The question must be submitted in substantially the following form:

Shall the ordinance authorizing the municipality to (insert action authorized by ordinance) take effect?

The votes must be recorded as "Yes" or "No".

If a majority of electors voting on the question vote in the affirmative, the ordinance shall take effect.

Not more than 30 or less than 15 days before the date of the referendum, the municipal clerk must publish the ordinance at least once in one or more newspapers published in the municipality or, if no newspaper is published in the municipality, in one or more newspapers of general circulation within the municipality.

(65 ILCS 5/11-42-11.2 new)

Sec. 11-42-11.2. Cable and video competition.

(a) A person or entity seeking to provide cable service or video service in this State after the effective date of this amendatory act of the 95th General Assembly shall either (1) obtain a State-issued authorization pursuant to Section 401 of the Cable and Video Competition Law of 2007;(2) obtain authorization pursuant to Section 11-42-11 of the Illinois Municipal Code; or (3) obtain authorization pursuant to Section 5-1095 of the Counties Code. All providers offering or providing cable or video service in this State shall have authorization pursuant to either (i) the Cable and Video Competition Law of 2007; (ii) Section 11-42-11 of the Illinois Municipal Code; (iii) Section 5-1095 of the Counties Code.

(b) A person or entity seeking to provide cable service or video service in this State after the effective date of this amendatory act of the 95th General Assembly shall not use the public rights-of-way for the installation or construction of facilities for the provision of cable service or video service or offer cable service or video service until it has (i) obtained a State-issued authorization to offer or provide cable or video service under Section 401 of the Cable and Video Competition Law of 2007; (ii) obtained

authorization under Section 11-42-11 of the Illinois Municipal Code; (iii) or obtained authorization under Section 5-1095 of the Counties Code. Nothing in this Section shall prohibit a local unit of government from granting a permit to a person or entity for the use of the public rights-of-way to install or construct facilities to provide cable service or video service, at its sole discretion. No unit of local government shall be liable for denial or delay of a permit prior to the issuance of a State-issued authorization.

(c) For the purposes of Section 11-42-11(e), a State-issued authorization under Article XXI of the Public Utilities Act shall be considered substantially equivalent in terms and conditions as an existing cable provider.

(d) Nothing in Article XXI of the Public Utilities Act shall constitute a basis for modification of an existing cable franchise or an injunction against or for the recovery of damages from a municipality pursuant to Section 11-42-11 because of an application for or the issuance of a State-issued authorization under that Article XXI.

Section 15-25. The Public Utilities Act is amended by adding the heading of Article 70 and Sections 13-507.1, 70-501, 70-502, and 70-503 as follows:

(220 ILCS 5/13-507.1 new)

Sec. 13-507.1. In any proceeding permitting, approving, investigating, or establishing rates, charges, classifications, or tariffs for telecommunications services classified as noncompetitive offered or provided by an incumbent local exchange carrier as that term is defined in Section 13-202.1 of the Public Utilities Act, the Commission shall not allow any subsidy of Internet services, cable services, or video services by the rates or charges for local exchange telecommunications services, including local services classified as noncompetitive.

(220 ILCS 5/Art. 70 heading new)

ARTICLE 70. CABLE AND VIDEO CUSTOMER PROTECTION LAW

(220 ILCS 5/70-501 new)

Sec. 70-501. Customer service and privacy protection. All cable or video providers in this State shall comply with the following customer service requirements and privacy protections. The provisions of this Act shall not apply to an incumbent cable operator prior to January 1, 2008. For purposes of this paragraph, an incumbent cable operator means a person or entity that provided cable services in a particular area under a franchise agreement with a local unit of government pursuant to Section 11-42-11 of the Illinois Municipal Code or Section 5-1095 of the Counties Code on January 1, 2007. A master antenna television, satellite master antenna television, direct broadcast satellite, multipoint distribution service, and other provider of video programming shall only be subject to the provisions of this Article to the extent permitted by federal law. The following definitions apply to the terms used in this Article:

"Basic cable or video service" means any service offering or tier which includes the retransmission of local television broadcast signals.

"Cable or video provider" means any person or entity providing cable service or video service pursuant to authorization under (i) the Cable and Video Competition Law of 2007; (ii) Section 11-42-11 of the Illinois Municipal Code; (iii) Section 5-1095 of the Counties Code; or (iv) a master antenna television, satellite master antenna television, direct broadcast satellite, multipoint distribution services, and other providers of video programming, whatever their technology. A cable or video provider shall not include a landlord providing only broadcast video programming to a single-family home or other residential dwelling consisting of four units or less.

"Franchise" has the same meaning as found in 47 U.S.C. 522(9).

"Local unit of government" means a city, village, incorporated town, or a county.

"Normal business hours" means those hours during which most similar businesses in the geographic area of the local unit of government are open to serve customers. In all cases, "normal business hours" must include some evening hours at least one night per week or some weekend hours.

"Normal operating conditions" means those service conditions that are within the control of cable or video providers. Those conditions that are not within the control of cable or video providers include, but are not limited to, natural disasters, civil disturbances, power outages, telephone network outages, and severe or unusual weather conditions. Those conditions that are ordinarily within the control of cable or video providers include, but are not limited to, special promotions, pay-per-view events, rate increases, regular peak or seasonal demand periods, and maintenance or upgrade of the cable service or video service network.

"Service interruption" means the loss of picture or sound on one or more cable service or video service on one or more cable or video channels.

"Service line drop" means the point of connection between a premises and the cable or video network

that enables the premises to receive cable service or video service.

(a) General customer service standards:

(1) Cable or video providers shall establish general standards related to customer service, which shall include, but not be limited to, installation, disconnection, service and repair obligations; appointment hours, and employee ID requirements; customer service telephone numbers and hours; procedures for billing, charges, deposits, refunds, and credits; procedures for termination of service; notice of deletion of programming service, changes related to transmission of programming; changes or increases in rates; the use and availability of parental control or lock-out devices; the use and availability of A/B switch if applicable; complaint procedures and procedures for bill dispute resolution; a description of the rights and remedies available to consumers if the cable or video provider does not materially meet their customer service standards; and special services for customers with visual, hearing or mobility disabilities.

(2) Cable or video providers' rates for each level of service, rules, regulations and policies related to its cable service or video service described in subsection (a)(1) must be made available to the public and displayed clearly and conspicuously on the cable or video provider's site on the Internet. If a promotional price or a price for a specified period of time is offered, the cable or video provider shall display the price at the end of the promotional period or specified period of time clearly and conspicuously with the display of the promotional price or price for a specified period of time. The cable or video provider shall provide this information upon request.

(3) Cable or video providers shall provide notice concerning their general customer service standards to all customers. This notice shall be offered when service is first activated and annually thereafter. The information in the notice shall include all of the information specified in subsection (a)(1), as well as the following: a listing of services offered by the cable or video providers, which shall clearly describe programming for all services and all levels of service; the rates for all services and levels of service; telephone number(s) through which customers may subscribe to, change, or terminate service, request customer service or seek general or billing information; instructions on the use of the cable or video services; and, a description of rights and remedies that the cable or video providers shall make available to their customers if they do not materially meet the general customer service standards described in this Act.

(b) General customer service obligations:

(1) Cable or video providers shall render reasonably efficient service, promptly make repairs, and interrupt service only as necessary and for good cause, during periods of minimum use of the system and for no more than 24 hours.

(2) All service representatives or any other person who contacts customers or potential customers on behalf of the cable or video provider shall have a visible identification card with their name and photograph and shall orally identify themselves upon first contact with the customer. Customer service representatives shall orally identify themselves to callers immediately following the greeting during each telephone contact with the public.

(3) The cable or video providers shall: (i) maintain a customer service facility within the boundaries of a local unit of government staffed by customer service representatives that have the capacity to accept payment, adjust bills, respond to repair, installation, reconnection, disconnection, or other service calls; distribute or receive converter boxes, remote control units, digital stereo units or other equipment related to the provision of cable or video service; or (ii) provide customers with bill payment facilities through retail, financial, or other commercial institutions located within the boundaries of a local unit of government; or (iii) provide an address, toll-free telephone number or electronic address to accept bill payments and correspondence, and provide secure collection boxes for the receipt of bill payments and the return of equipment, provided that if a cable or video provider provides secure collection boxes, it shall provide a printed receipt when items are deposited; or (iv) provide an address, toll-free telephone number or electronic address to accept bill payments and correspondence, and provide a method for customers to return equipment to the cable or video provider at no cost to the customer.

(4) In each contact with a customer, the service representatives or any other person who contacts customers or potential customers on behalf of the cable or video provider, shall state the estimated cost of the service, repair, or installation orally prior to delivery of the service or before any work is performed, and shall provide the customer with an oral statement of the total charges before terminating the telephone call or other contact in which a service is ordered, whether in-person or over the Internet, and shall provide a written statement of the total charges before leaving the location at which the work was performed. In the event that the cost of service is a promotional price or is for a limited period of time, the cost of service at the end of the promotion or limited period of time shall be disclosed.

(5) Cable or video providers shall provide customers a minimum of 30 days' written notice before

increasing rates or eliminating transmission of programming and shall submit the notice to the local unit of government in advance of distribution to customers in advance of distribution to customers, provided that the cable or video provider is not in violation of this provision if the elimination of transmission of programming was outside the control of the provider, in which case the provider shall use reasonable efforts to provide as much as notice as possible and any rate decrease related to the elimination of transmission of programming shall be applied to the date of the change.

(6) Cable or video providers shall provide clear visual and audio reception that meets or exceeds applicable Federal Communications Commission technical standards. If a customer experiences poor video or audio reception due to the equipment of the cable or video provider, the cable or video provider shall promptly repair the problem at its own expense.

(c) Bills, payment and termination:

(1) Cable or video providers shall render monthly bills that are clear, accurate and understandable.

(2) Every residential customer who pays bills directly to the cable or video provider shall have at least 28 days from the date of the bill to pay the listed charges.

(3) Customer payments shall be posted promptly. When the payment is sent by United States Mail, payment is considered paid on the date it is postmarked.

(4) Cable or video providers may not terminate residential service for nonpayment of a bill unless the cable or video provider furnishes notice of the delinquency and impending termination at least 21 days prior to the proposed termination. Notice of proposed termination shall be mailed, postage prepaid, to the customer to whom service is billed. Notice of proposed termination shall not be mailed until the 29th day after the date of the bill for services. Notice of delinquency and impending termination may be part of a billing statement only if the notice is presented in a different color than the bill and is designed to be conspicuous. The cable or video providers may not assess a late fee prior to the 29th day after the date of the bill for service.

(5) Every notice of impending termination shall include all of the following: name and address of customer; amount of delinquency; date on which payment is required to avoid termination; and the telephone number of the cable or video provider's service representative to make payment arrangements and to provide additional information about the charges for failure to return equipment and for reconnection, if any. No customer may be charged a fee for termination or disconnection of service, irrespective of whether the customer initiated termination or disconnection or the cable or video provider initiated termination or disconnection.

(6) Service may only be terminated on days when the customer is able to reach a service representative of the cable or video providers, either in person or by telephone.

(7) Any service terminated by a cable or video provider without good cause shall be restored without any reconnection fee, charge or penalty; good cause for termination includes, but is not limited to, failure to pay a bill by the date specified in the notice of impending termination, payment by check for which there are insufficient funds, theft of service, abuse of equipment or personnel or other similar subscriber actions.

(8) Cable or video providers shall cease charging a customer for any or all services within 1 business day after it receives a request to immediately terminate service or on the day requested by the customer if such a date is at least 5 days from the date requested by the customer. Nothing in this subsection shall prohibit the provider from billing for charges that the customer incurs prior to the date of termination. Cable or video providers shall issue a credit, a refund, or return a deposit within 10 business days after the close of the customer's billing cycle following the request for termination or the return of equipment, if any, whichever is later.

(9) The customers or subscribers of a cable or video provider shall be allowed to disconnect their service at any time within the first 60 days after subscribing to or upgrading the service. Within this 60 day period, cable or video providers shall not charge or impose any fees or penalties on the customer for disconnecting service, including, but not limited to, any installation charge, the imposition of an early termination charge, except the cable or video provider may impose a charge or fee to offset any rebates or credits received by the customer, and may impose monthly service or maintenance charges, including pay-per-view and premium services charges, during such 60 day period.

(10) Cable and video providers shall guarantee customer satisfaction for new or upgraded service and the customer shall receive a pro-rata credit in an amount equal to the pro-rata charge for the remaining days of service being disconnected or replaced upon the customers request if the customer is dissatisfied with the service and requests to discontinue the service within the first 60 days after subscribing to the upgraded service.

(d) Response to customer inquiries:

(1) Cable or video providers will maintain a toll-free telephone access line that will be available to customers 24 hours a day, seven days a week, to accept calls regarding installation, termination, service, and complaints. Trained, knowledgeable, qualified service representatives of the cable or video providers will be available to respond to customer telephone inquiries during normal business hours. Customer service representatives shall be able to provide credit, waive fees, schedule appointments and change billing cycles. Any difficulties that cannot be resolved by the customer service representatives shall be referred to a supervisor who shall make best efforts to resolve the issue immediately. If the supervisor does not resolve the issue to the customer's satisfaction, the customer shall be informed of the cable or video provider's complaint procedures and procedures for billing dispute resolution and given a description of the rights and remedies available to customers to enforce the terms of this Article, including the customer's rights to have the complaint reviewed by the local unit of government, to request mediation, and to review in a court of competent jurisdiction.

(2) After normal business hours, the access line may be answered by a service or an automated response system, including an answering machine. Inquiries received by telephone or e-mail after normal business hours shall be responded to by a trained service representative on the next business day. The cable or video provider shall respond to a written billing inquiry within 10 days of receipt of the inquiry.

(3) Cable or video providers shall provide customers seeking non-standard installations with a total installation cost estimate and an estimated date of completion. The actual charge to the customer shall not exceed 10% of the estimated cost without the written consent of the customer.

(4) If the cable or video provider receives notice that an unsafe condition exists with respect to its equipment, it shall investigate such condition immediately, and shall take such measures as are necessary to remove or eliminate the unsafe condition. The cable or video provider shall inform the local unit of government promptly, but no later than 2 hours after it receives notification of an unsafe condition that it has not remedied.

(5) Under normal operating conditions, telephone answer time by the cable or video provider's customer representative, including wait time, shall not exceed 30 seconds when the connection is made. If the call needs to be transferred, transfer time shall not exceed 30 seconds. These standards shall be met no less than 90% of the time under normal operating conditions, measured on a quarterly basis.

(6) Under normal operating conditions, the cable or video provider's customers will receive a busy signal less than 3% of the time.

(e) Installations, Outages and Service Calls. Under normal operating conditions, each of the following standards related to installations, outages and service calls will be met no less than 95% of the time measured on a quarterly basis:

(1) Standard installations will be performed within 7 business days after an order has been placed. "Standard" installations are those that are located up to 125 feet from the existing distribution system;

(2) Excluding conditions beyond the control of the cable or video providers, the cable or video providers will begin working on "service interruptions" promptly and in no event later than 24 hours after the interruption is reported by the customer or otherwise becomes known to the cable or video providers. Cable or video providers must begin actions to correct other service problems the next business day after notification of the service problem and correct the problem within 48 hours after the interruption is reported by the customer 95% of the time, measured on a quarterly basis;

(3) The "appointment window" alternatives for installations, service calls, and other installation activities will be either a specific time or, at a maximum, a four hour time block during evening, weekend and normal business hours. The cable or video provider may schedule service calls and other installation activities outside of these hours for the express convenience of the customer; and

(4) Cable or video providers may not cancel an appointment with a customer after 5:00 p.m. on the business day prior to the scheduled appointment. If the cable or video provider's representative is running late for an appointment with a customer and will not be able to keep the appointment as scheduled, the customer will be contacted. The appointment will be rescheduled, as necessary, at a time which is convenient for the customer, even if the rescheduled appointment is not within normal business hours.

(f) Public benefit obligation:

(1) All cable or video providers offering service pursuant to the Cable and Video Competition Law of 2007, the Illinois Municipal Code, or the Counties Code, shall provide a free service line drop and free basic service to all current and future public buildings within their footprint, including, but not limited to, all local unit of government buildings, public libraries, and public primary and secondary schools, whether owned or leased by that local unit of government ("eligible buildings"). Such service shall be used in a

manner consistent with the government purpose for the eligible building and shall not be resold.

(2) This obligation only applies to those cable or video service providers whose cable service or video service systems pass eligible buildings and its cable or video service is generally available to residential subscribers in the same local unit of government in which the eligible building is located. The burden of providing such service at each eligible building shall be shared by all cable and video providers whose systems pass the eligible buildings in an equitable and competitively neutral manner, and nothing herein shall require duplicative installations by more than one cable or video provider at each eligible building. Cable or video providers operating in a local unit of government shall meet as necessary and determine who will provide service to eligible building under this subsection. If the cable or video providers are unable to reach agreement, they shall meet with the local unit of government which shall determine which cable or video providers will serve each eligible building. The local unit of government shall bear the costs of any inside wiring or video equipment costs not ordinarily provided as part of the cable or video provider's basic offering.

(g) After the cable or video providers have offered service for one (1) year, the cable or video providers shall make an annual report to the Commission, the local unit of government and to the Attorney General that it is meeting the standards specified in this Article, identifying the number of complaints it received over the prior year in the State, and specifying the number of complaints related to each of the following: (1) billing, charges, refunds, credits; (2) installation or termination of service; (3) quality of service and repair; (4) programming; and (5) miscellaneous complaints that do not fall within these categories. Thereafter, the cable or video providers shall also provide, upon request by the local unit of government where service is offered and to the Attorney General, an annual public report that includes performance data described in subsections (d)(5), (d)(6), (e)(1) and (e)(2) of this Section for cable services or video services. The performance data shall be disaggregated for each requesting local unit of government or local exchange, as that term is defined in Section 13-206 of the Public Utilities Act, in which the cable or video providers have customers.

(h) To the extent consistent with federal law, cable or video providers shall offer the lowest-cost basic cable or video service as a stand-alone service to residential customers at reasonable rates. Cable or video providers shall not require the subscription to any service other than the lowest-cost basic service or to any telecommunications or information service, as a condition of access to cable or video service, including programming offered on a per channel or per program basis. Cable or video providers shall not discriminate between subscribers to the lowest-cost basic service, subscribers to other cable services or video services, and other subscribers with regard to the rates charged for cable or video programming offered on a per channel or per program basis.

(i) To the extent consistent with federal law, cable or video providers shall ensure that charges for changes in the subscriber's selection of services or equipment shall be based on the cost of such change and shall not exceed nominal amounts when the system's configuration permits changes in service tier selection to be effected solely by coded entry on a computer terminal or by other similarly simple method.

(j) To the extent consistent with federal law, cable or video providers shall have a rate structure for the provision of cable or video service that is uniform throughout the area within the boundaries of the local unit of government. This subsection is not intended to prohibit bulk discounts to multiple dwelling units or to prohibit reasonable discounts to senior citizens or other economically disadvantaged groups.

(k) To the extent consistent with federal law, cable or video providers shall not charge a subscriber for any service or equipment that the subscriber has not affirmatively requested by name. For purposes of this subsection, a subscriber's failure to refuse a cable or video provider's proposal to provide service or equipment shall not be deemed to be an affirmative request for such service or equipment.

(l) No contract or service offering cable services or video services or any bundle including such services shall be for a term longer than one year. Any contract or service offering with a term of service that contains an early termination fee shall limit the early termination fee to not more than the amount of the discount reflected in the price for cable services or video services for the period during which the consumer benefited from the discount.

(m) Cable or video providers shall not discriminate in the provision of services for the hearing and visually impaired, and shall comply with the accessibility requirements of 47 U.S.C. 613. Cable or video providers shall deliver and pick-up, or provide customers with pre-paid shipping and packaging for the return of, converters and other necessary equipment at the home of customers with disabilities. Cable or video provider shall provide free use of a converter or remote control unit to mobility impaired customers.

(n)(1) To the extent consistent with federal law, cable or video providers shall comply with the provisions of 47 U.S.C. 532(h) and (j). The cable or video providers shall not exercise any editorial control

over any video programming provided pursuant to this section, or in any other way consider the content of such programming, except that a cable or video provider may refuse to transmit any leased access program or portion of a leased access program which contains obscenity, indecency, or nudity and may consider such content to the minimum extent necessary to establish a reasonable price for the commercial use of designated channel capacity by an unaffiliated person. This subsection shall permit cable or video providers to enforce prospectively a written and published policy of prohibiting programming that the cable or video provider reasonably believes describes or depicts sexual or excretory activities or organs in a patently offensive manner as measured by contemporary community standards.

(2) Upon customer request, the cable or video provider shall, without charge, fully scramble or otherwise fully block the audio and video programming of each channel carrying such programming so that a person who is not a subscriber does not receive the channel or programming.

(3) In providing sexually explicit adult programming or other programming that is indecent on any channel of its service primarily dedicated to sexually-oriented programming, the cable or video provider shall fully scramble or otherwise fully block the video and audio portion of such channel so that one not a subscriber to such channel or programming does not receive it.

(4) Scramble means to rearrange the content of the signal of the programming so that the programming cannot be viewed or heard in an understandable manner.

(o) Cable or video providers will maintain a listing, specific to the level of street address, of the areas where its cable or video services are available. Customers who inquire about purchasing cable or video service shall be informed about whether the cable or video provider's cable or video services are currently available to them at their specific location.

(p) Privacy protections. Cable or video providers shall not disclose the name, address, telephone number or other personally identifying information of a cable service or video service customer to be used in mailing lists or to be used for other commercial purposes not reasonably related to the conduct of its business unless the cable or video provider has provided to the customer a notice, separately or included in any other customer service notice, that clearly and conspicuously describes the customer's ability to prohibit the disclosure. Cable or video providers shall provide an address and telephone number for a customer to use without toll charge to prevent disclosure of the customer's name and address in mailing lists or for other commercial purposes not reasonably related to the conduct of its business to other businesses or affiliates of the cable or video provider. Cable or video providers shall comply with the consumer privacy requirements of the Communications Consumer Privacy Act, the Restricted Call Registry Act, and 47 U.S.C. 551 that are in effect as of the effective date of this amendatory act of the 95th General Assembly, and as amended thereafter.

(q) Cable or video providers shall implement an informal process for handling inquiries from local unit of government and customers concerning billing issues, service issues, privacy concerns and other consumer complaints. In the event an issue is not resolved through this informal process, a local unit of government or the customer may request nonbinding mediation with the cable or video provider, with each party to bear its own costs of such mediation. Selection of the mediator will be by mutual agreement, and preference will be given to mediation services that do not charge the consumer for their services. In the event the informal process does not produce a satisfactory result to the customer or the local unit of government, enforcement may be pursued as provided in subsection (r)(4).

(r) The Attorney General and the local unit of government may enforce all of the customer service and privacy protection standards of this Section with respect to complaints received from residents within the local unit of government's jurisdiction, but it may not adopt or seek to enforce any additional or different customer service or performance standards under any other authority or provision of law.

(1) The local unit of government may, by ordinance, provide a schedule of penalties for any material breach of this Section by cable or video providers in addition to the penalties provided herein. No monetary penalties shall be assessed for a material breach if it is out of the reasonable control of the cable or video providers or its affiliate. Monetary penalties adopted in an ordinance pursuant to this Section shall apply on a competitively neutral basis to all providers of cable service or video service within the local unit of government's jurisdiction and in no event shall the penalties imposed under this subsection exceed \$750 for each day of the material breach, and shall not exceed \$25,000 for each occurrence of a material breach per customer.

(2) For purposes of this section, "material breach" means any substantial failure of a cable or video service provider to comply with service quality and other standards specified in any provision of this Act. The Attorney General or the local unit of government shall give the cable or video provider written notice of any alleged material breaches of this Act and allow such provider at least 30 days from receipt of the

notice to remedy the specified material breach.

(3) A material breach, for the purposes of assessing penalties, shall be deemed to have occurred for each day that a material breach has not been remedied by the cable service or video service provider after the expiration of the period specified in subsection (r)(2) in each local unit of government's jurisdiction, irrespective of the number of customers affected.

(4) Any customer, the Attorney General, or local unit of government may pursue alleged violations of this Act by the cable or video provider in a court of competent jurisdiction. A cable or video provider may seek judicial review of a decision of a local unit of government imposing penalties in a court of competent jurisdiction. No local unit of government shall be subject to suit for damages or other relief based upon its action in connection with its enforcement or review of any of the terms, conditions, and rights contained in this Act except a court may require the return of any penalty it finds was not properly assessed or imposed.

(s) Cable or video providers shall credit customers for violations in the amounts stated herein. The credits shall be applied on the statement issued to the customer for the next monthly billing cycle following the violation or following the discovery of the violation. Cable or video providers are responsible for providing the credits described herein and the customer is under no obligation to request the credit. If the customer is no longer taking service from the cable or video provider, the credit amount will be refunded to the customer by check within 30 days of the termination of service. A local unit of government may, by ordinance, adopt a schedule of credits payable directly to customers for breach of the customer service standards and obligations contained in this Article, provided the schedule of customer credits applies on a competitively neutral basis to all providers of cable service or video service in the local unit of government's jurisdiction and the credits are not greater than the credits provided in this Section.

(1) Failure to provide notice of customer service standards upon initiation of service: \$25.00.

(2) Failure to install service within 7 days: Waiver of 50% of the installation fee or the monthly fee for the lowest-cost basic service, whichever is greater. Failure to install service within 14 days: Waiver of 100% of the installation fee or the monthly fee for the lowest-cost basic service, whichever is greater.

(3) Failure to remedy service interruptions or poor video or audio service quality within 48 hours: Pro-rata credit of total regular monthly charges equal to the number of days of the service interruption.

(4) Failure to keep an appointment or to notify the customer prior to the close of business on the business day prior to the scheduled appointment: \$25.00.

(5) Violation of privacy protections: \$150.00.

(6) Failure to comply with scrambling requirements: \$50.00 per month.

(7) Violation of customer service and billing standards in Sections (c) and (d): \$25.00 per occurrence.

(8) Violation of the bundling rules in Section (h): \$25.00 per month.

(t) The enforcement powers granted to the Attorney General in Article 21 of the Public Utilities Act shall apply to this Act, except that the Attorney General may not seek penalties for violation of this Act other than in the amounts specified herein. Nothing in this Section shall limit or affect the powers of the Attorney General to enforce the provisions of Article 21 of the Public Utilities Act or the Consumer Fraud and Deceptive Practices Act.

(u) This Act applies to all cable and video providers in the State, including but not limited to those operating under a local franchise as that term is used in 47 U.S.C. 522(9), those operating under authorization pursuant to Section 11-42-11 of the Municipal Code, those operating under authorization pursuant to Section 5-1095 of the Counties Code, and those operating under a state-issued authorization pursuant to Article 21 of the Public Utilities Act.

Representative Stephens offered and withdrew Amendments numbered 1 and 2.

Representative Stephens offered the following amendment and moved its adoption.

AMENDMENT NO. 3. Amend Senate Bill 82, AS AMENDED, by replacing everything after the enacting clause with the following:

"Section 5. The Department of Veterans Affairs Act is amended by adding Section 20 as follows:

(20 ILCS 2805/20 new)

Sec. 20. Payments to veterans service organizations.

(a) In this Section:

"Veterans service officer" means an individual employed by a veterans service organization and accredited by the United States Department of Veterans Affairs to process claims and other benefits for veterans and their spouses and beneficiaries.

"Veterans service organization" means an organization that meets all of the following criteria:

(1) It is formed by and for United States military veterans.

(2) It is chartered by the United States Congress and incorporated in the State of Illinois.

(3) It maintained a state headquarters office in Illinois for the 10-year period immediately preceding July 1, 2006.

(4) It maintains at least one office in this State staffed by a veterans service officer.

(5) It is capable of preparing a power of attorney for a veteran and processing claims for veterans services.

(6) It is not funded by the State of Illinois or by any county in this State.

"Veterans services" means the representation of veterans in federal hearings to secure benefits for veterans and their spouses and beneficiaries:

(1) Disability compensation benefits.

(2) Disability pension benefits.

(3) Dependents' indemnity compensation.

(4) Widow's death pension.

(5) Burial benefits.

(6) Confirmed and continued claims.

(7) Vocational rehabilitation and education.

(8) Waivers of indebtedness.

(9) Miscellaneous.

(b) The Veterans Service Organization Reimbursement Fund is created as a special fund in the State treasury. Subject to appropriation, the Department shall use moneys appropriated from the Fund to make

payments to a veterans service organization for veterans services rendered on behalf of veterans and their spouses and beneficiaries by a veterans service officer employed by the organization. The payment shall be computed at the rate of \$0.010 for each dollar of benefits obtained for veterans or their spouses or beneficiaries residing in Illinois as a result of the efforts of the veterans service officer. There shall be no payment under this Section for the value of health care received in a health care facility under the jurisdiction of the United States Veterans Administration. A veterans service organization may receive compensation under this Fund or it may apply for grants from the Illinois Veterans Assistance Fund, but in no event may a veterans service organization receive moneys from both funds during the same fiscal year. Funding for each applicant is subject to renewal by the Department on an annual basis.

(c) To be eligible for a payment under this Section, a veterans service organization must document the amount of moneys obtained for veterans and their spouses and beneficiaries in the form and manner required by the Department. The documentation must include the submission to the Department of a copy of the organization's report or reports to the United States Department of Veterans Affairs stating the amount of moneys obtained by the organization for veterans and their spouses and beneficiaries in the State fiscal year for which payment under this Section is requested. The organization must submit the copy of the report or reports to the Department no later than July 31 following the end of the State fiscal year for which payment is requested.

(d) The Department shall make the payment under this Section to a veterans service organization in a single annual payment for each State fiscal year, beginning with the State fiscal year that begins on July 1, 2007. The Department must make the payment for a State fiscal year on or before December 31 of the succeeding State fiscal year.

(e) A veterans service organization shall use moneys received under this Section only for the purpose of paying the salary and expenses of one or more veterans service officers and the organization's related expenses incurred in employing the officer or officers for the processing of claims and other benefits for veterans and their spouses and beneficiaries.

Section 10. The State Finance Act is amended by changing Section 8h and by adding Section 5.675 as follows:

(30 ILCS 105/5.675 new)

Sec. 5.675. The Veterans Service Organization Reimbursement Fund.

(30 ILCS 105/8h)

Sec. 8h. Transfers to General Revenue Fund.

(a) Except as otherwise provided in this Section and Section 8n of this Act, and ~~(e), (d), or (e)~~, notwithstanding any other State law to the contrary, the Governor may, through June 30, 2007, from time to time direct the State Treasurer and Comptroller to transfer a specified sum from any fund held by the State Treasurer to the General Revenue Fund in order to help defray the State's operating costs for the fiscal year. The total transfer under this Section from any fund in any fiscal year shall not exceed the lesser of (i) 8% of the revenues to be deposited into the fund during that fiscal year or (ii) an amount that leaves a remaining fund balance of 25% of the July 1 fund balance of that fiscal year. In fiscal year 2005 only, prior to calculating the July 1, 2004 final balances, the Governor may calculate and direct the State Treasurer with the Comptroller to transfer additional amounts determined by applying the formula authorized in Public Act 93-839 to the funds balances on July 1, 2003. No transfer may be made from a fund under this Section that would have the effect of reducing the available balance in the fund to an amount less than the amount remaining unexpended and unreserved from the total appropriation from that fund estimated to be expended for that fiscal year. This Section does not apply to any funds that are restricted by federal law to a specific use, to any funds in the Motor Fuel Tax Fund, the Intercity Passenger Rail Fund, the Hospital Provider Fund, the Medicaid Provider Relief Fund, the Teacher Health Insurance Security Fund, the Reviewing Court Alternative Dispute Resolution Fund, the Voters' Guide Fund, the Foreign Language Interpreter Fund, the Lawyers' Assistance Program Fund, the Supreme Court Federal Projects Fund, the Supreme Court Special State Projects Fund, the Supplemental Low-Income Energy Assistance Fund, the Good Samaritan Energy Trust Fund, the Low-Level Radioactive Waste Facility Development and Operation Fund, the Horse Racing Equity Trust Fund, or the Hospital Basic Services Preservation Fund, or to any funds to which subsection (f) of Section 20-40 of the Nursing and Advanced Practice Nursing Act applies. No transfers may be made under this Section from the Pet Population Control Fund. Notwithstanding any other provision of this Section, for fiscal year 2004, the total transfer under this Section from the Road Fund or the State Construction Account Fund shall not exceed the lesser of (i) 5% of the revenues to be deposited into the fund during that fiscal year or (ii) 25% of the beginning balance in the fund. For fiscal year 2005 through fiscal year 2007, no amounts may be transferred under this Section from

the Road Fund, the State Construction Account Fund, the Criminal Justice Information Systems Trust Fund, the Wireless Service Emergency Fund, or the Mandatory Arbitration Fund.

In determining the available balance in a fund, the Governor may include receipts, transfers into the fund, and other resources anticipated to be available in the fund in that fiscal year.

The State Treasurer and Comptroller shall transfer the amounts designated under this Section as soon as may be practicable after receiving the direction to transfer from the Governor.

(a-5) Transfers directed to be made under this Section on or before February 28, 2006 that are still pending on May 19, 2006 (the effective date of Public Act 94-774) ~~this amendatory Act of the 94th General Assembly~~ shall be redirected as provided in Section 8n of this Act.

(b) This Section does not apply to: (i) the Ticket For The Cure Fund; (ii) any fund established under the Community Senior Services and Resources Act; or (iii) on or after January 1, 2006 (the effective date of Public Act 94-511), the Child Labor and Day and Temporary Labor Enforcement Fund.

(c) This Section does not apply to the Demutualization Trust Fund established under the Uniform Disposition of Unclaimed Property Act.

(d) This Section does not apply to moneys set aside in the Illinois State Podiatric Disciplinary Fund for podiatric scholarships and residency programs under the Podiatric Scholarship and Residency Act.

(e) Subsection (a) does not apply to, and no transfer may be made under this Section from, the Pension Stabilization Fund.

(f) This Section does not apply to the Veterans Service Organization Reimbursement Fund.

The motion prevailed and the House concurred with the Senate in the adoption of Senate Amendment No. 1 to HOUSE BILL 3091.

Ordered that the Clerk inform the Senate.

SENATE BILL ON SECOND READING

SENATE BILL 68. Having been reproduced, was taken up and read by title a second time.

The following amendment was offered in the Committee on Adoption Reform, adopted and reproduced:

AMENDMENT NO. 1. Amend Senate Bill 68 by replacing everything after the enacting clause with the following:

"Section 5. The Children and Family Services Act is amended by changing Section 5 as follows:

(20 ILCS 505/5) (from Ch. 23, par. 5005)

Sec. 5. Direct child welfare services; Department of Children and Family Services. To provide direct child welfare services when not available through other public or private child care or program facilities.

(a) For purposes of this Section:

(1) "Children" means persons found within the State who are under the age of 18 years.

The term also includes persons under age 19 who:

(A) were committed to the Department pursuant to the Juvenile Court Act or the Juvenile Court Act of 1987, as amended, prior to the age of 18 and who continue under the jurisdiction of the court; or

(B) were accepted for care, service and training by the Department prior to the age of 18 and whose best interest in the discretion of the Department would be served by continuing that care, service and training because of severe emotional disturbances, physical disability, social adjustment or any combination thereof, or because of the need to complete an educational or vocational training program.

(2) "Homeless youth" means persons found within the State who are under the age of 19, are not in a safe and stable living situation and cannot be reunited with their families.

(3) "Child welfare services" means public social services which are directed toward the accomplishment of the following purposes:

(A) protecting and promoting the health, safety and welfare of children, including homeless, dependent or neglected children;

(B) remedying, or assisting in the solution of problems which may result in, the neglect, abuse, exploitation or delinquency of children;

(C) preventing the unnecessary separation of children from their families by identifying family problems, assisting families in resolving their problems, and preventing the breakup of the family where the prevention of child removal is desirable and possible when the child can be cared for at home without endangering the child's health and safety;

(D) restoring to their families children who have been removed, by the provision of services to the child and the families when the child can be cared for at home without endangering the child's health and safety;

(E) placing children in suitable adoptive homes, in cases where restoration to the biological family is not safe, possible or appropriate;

(F) assuring safe and adequate care of children away from their homes, in cases where the child cannot be returned home or cannot be placed for adoption. At the time of placement, the Department shall consider concurrent planning, as described in subsection (1-1) of this Section so that permanency may occur at the earliest opportunity. Consideration should be given so that if reunification fails or is delayed, the placement made is the best available placement to provide permanency for the child;

(G) (blank);

(H) (blank); and

(I) placing and maintaining children in facilities that provide separate living quarters for children under the age of 18 and for children 18 years of age and older, unless a child 18 years of age is in the last year of high school education or vocational training, in an approved individual or group treatment program, in a licensed shelter facility, or secure child care facility. The Department is not required to place or maintain children:

(i) who are in a foster home, or

(ii) who are persons with a developmental disability, as defined in the Mental Health and Developmental Disabilities Code, or

(iii) who are female children who are pregnant, pregnant and parenting or parenting, or

(iv) who are siblings, in facilities that provide separate living quarters for children 18 years of age and older and for children under 18 years of age.

(b) Nothing in this Section shall be construed to authorize the expenditure of public funds for the purpose of performing abortions.

(c) The Department shall establish and maintain tax-supported child welfare services and extend and seek to improve voluntary services throughout the State, to the end that services and care shall be available on an equal basis throughout the State to children requiring such services.

(d) The Director may authorize advance disbursements for any new program initiative to any agency

contracting with the Department. As a prerequisite for an advance disbursement, the contractor must post a surety bond in the amount of the advance disbursement and have a purchase of service contract approved by the Department. The Department may pay up to 2 months operational expenses in advance. The amount of the advance disbursement shall be prorated over the life of the contract or the remaining months of the fiscal year, whichever is less, and the installment amount shall then be deducted from future bills. Advance disbursement authorizations for new initiatives shall not be made to any agency after that agency has operated during 2 consecutive fiscal years. The requirements of this Section concerning advance disbursements shall not apply with respect to the following: payments to local public agencies for child day care services as authorized by Section 5a of this Act; and youth service programs receiving grant funds under Section 17a-4.

(e) (Blank).

(f) (Blank).

(g) The Department shall establish rules and regulations concerning its operation of programs designed to meet the goals of child safety and protection, family preservation, family reunification, and adoption, including but not limited to:

(1) adoption;

(2) foster care;

(3) family counseling;

(4) protective services;

(5) (blank);

(6) homemaker service;

(7) return of runaway children;

(8) (blank);

(9) placement under Section 5-7 of the Juvenile Court Act or Section 2-27, 3-28, 4-25

or 5-740 of the Juvenile Court Act of 1987 in accordance with the federal Adoption Assistance and Child Welfare Act of 1980; and

(10) interstate services.

Rules and regulations established by the Department shall include provisions for training Department staff and the staff of Department grantees, through contracts with other agencies or resources, in alcohol and drug abuse screening techniques approved by the Department of Human Services, as a successor to the Department of Alcoholism and Substance Abuse, for the purpose of identifying children and adults who should be referred to an alcohol and drug abuse treatment program for professional evaluation.

(h) If the Department finds that there is no appropriate program or facility within or available to the Department for a ward and that no licensed private facility has an adequate and appropriate program or none agrees to accept the ward, the Department shall create an appropriate individualized, program-oriented plan for such ward. The plan may be developed within the Department or through purchase of services by the Department to the extent that it is within its statutory authority to do.

(i) Service programs shall be available throughout the State and shall include but not be limited to the following services:

(1) case management;

(2) homemakers;

(3) counseling;

(4) parent education;

(5) day care; and

(6) emergency assistance and advocacy.

In addition, the following services may be made available to assess and meet the needs of children and families:

(1) comprehensive family-based services;

(2) assessments;

(3) respite care; and

(4) in-home health services.

The Department shall provide transportation for any of the services it makes available to children or families or for which it refers children or families.

(j) The Department may provide categories of financial assistance and education assistance grants, and shall establish rules and regulations concerning the assistance and grants, to persons who adopt physically or mentally handicapped, older and other hard-to-place children who (i) immediately prior to their adoption were legal wards of the Department or (ii) were determined eligible for financial assistance with respect to

a prior adoption and who become available for adoption because the prior adoption has been dissolved and the parental rights of the adoptive parents have been terminated or because the child's adoptive parents have died. The Department may, ~~subject to federal financial participation in the cost,~~ continue to provide financial assistance and education assistance grants for a child who was determined eligible for financial assistance under this subsection (j) in the interim period beginning when the child's adoptive parents died and ending with the finalization of the new adoption of the child by another adoptive parent or parents. The Department may also provide categories of financial assistance and education assistance grants, and shall establish rules and regulations for the assistance and grants, to persons appointed guardian of the person under Section 5-7 of the Juvenile Court Act or Section 2-27, 3-28, 4-25 or 5-740 of the Juvenile Court Act of 1987 for children who were wards of the Department for 12 months immediately prior to the appointment of the guardian.

The amount of assistance may vary, depending upon the needs of the child and the adoptive parents, as set forth in the annual assistance agreement. Special purpose grants are allowed where the child requires special service but such costs may not exceed the amounts which similar services would cost the Department if it were to provide or secure them as guardian of the child.

Any financial assistance provided under this subsection is inalienable by assignment, sale, execution, attachment, garnishment, or any other remedy for recovery or collection of a judgment or debt.

(j-5) The Department shall not deny or delay the placement of a child for adoption if an approved family is available either outside of the Department region handling the case, or outside of the State of Illinois.

(k) The Department shall accept for care and training any child who has been adjudicated neglected or abused, or dependent committed to it pursuant to the Juvenile Court Act or the Juvenile Court Act of 1987.

(l) Before July 1, 2000, the Department may provide, and beginning July 1, 2000, the Department shall offer family preservation services, as defined in Section 8.2 of the Abused and Neglected Child Reporting Act, to help families, including adoptive and extended families. Family preservation services shall be offered (i) to prevent the placement of children in substitute care when the children can be cared for at home or in the custody of the person responsible for the children's welfare, (ii) to reunite children with their families, or (iii) to maintain an adoptive placement. Family preservation services shall only be offered when doing so will not endanger the children's health or safety. With respect to children who are in substitute care pursuant to the Juvenile Court Act of 1987, family preservation services shall not be offered if a goal other than those of subdivisions (A), (B), or (B-1) of subsection (2) of Section 2-28 of that Act has been set. Nothing in this paragraph shall be construed to create a private right of action or claim on the part of any individual or child welfare agency.

The Department shall notify the child and his family of the Department's responsibility to offer and provide family preservation services as identified in the service plan. The child and his family shall be eligible for services as soon as the report is determined to be "indicated". The Department may offer services to any child or family with respect to whom a report of suspected child abuse or neglect has been filed, prior to concluding its investigation under Section 7.12 of the Abused and Neglected Child Reporting Act. However, the child's or family's willingness to accept services shall not be considered in the investigation. The Department may also provide services to any child or family who is the subject of any report of suspected child abuse or neglect or may refer such child or family to services available from other agencies in the community, even if the report is determined to be unfounded, if the conditions in the child's or family's home are reasonably likely to subject the child or family to future reports of suspected child abuse or neglect. Acceptance of such services shall be voluntary.

The Department may, at its discretion except for those children also adjudicated neglected or dependent, accept for care and training any child who has been adjudicated addicted, as a truant minor in need of supervision or as a minor requiring authoritative intervention, under the Juvenile Court Act or the Juvenile Court Act of 1987, but no such child shall be committed to the Department by any court without the approval of the Department. A minor charged with a criminal offense under the Criminal Code of 1961 or adjudicated delinquent shall not be placed in the custody of or committed to the Department by any court, except a minor less than 13 years of age committed to the Department under Section 5-710 of the Juvenile Court Act of 1987.

(l-1) The legislature recognizes that the best interests of the child require that the child be placed in the most permanent living arrangement as soon as is practically possible. To achieve this goal, the legislature directs the Department of Children and Family Services to conduct concurrent planning so that permanency may occur at the earliest opportunity. Permanent living arrangements may include prevention of placement of a child outside the home of the family when the child can be cared for at home without endangering the child's health or safety; reunification with the family, when safe and appropriate, if temporary placement is

necessary; or movement of the child toward the most permanent living arrangement and permanent legal status.

When determining reasonable efforts to be made with respect to a child, as described in this subsection, and in making such reasonable efforts, the child's health and safety shall be the paramount concern.

When a child is placed in foster care, the Department shall ensure and document that reasonable efforts were made to prevent or eliminate the need to remove the child from the child's home. The Department must make reasonable efforts to reunify the family when temporary placement of the child occurs unless otherwise required, pursuant to the Juvenile Court Act of 1987. At any time after the dispositional hearing where the Department believes that further reunification services would be ineffective, it may request a finding from the court that reasonable efforts are no longer appropriate. The Department is not required to provide further reunification services after such a finding.

A decision to place a child in substitute care shall be made with considerations of the child's health, safety, and best interests. At the time of placement, consideration should also be given so that if reunification fails or is delayed, the placement made is the best available placement to provide permanency for the child.

The Department shall adopt rules addressing concurrent planning for reunification and permanency. The Department shall consider the following factors when determining appropriateness of concurrent planning:

- (1) the likelihood of prompt reunification;
- (2) the past history of the family;
- (3) the barriers to reunification being addressed by the family;
- (4) the level of cooperation of the family;
- (5) the foster parents' willingness to work with the family to reunite;
- (6) the willingness and ability of the foster family to provide an adoptive home or long-term placement;
- (7) the age of the child;
- (8) placement of siblings.

(m) The Department may assume temporary custody of any child if:

- (1) it has received a written consent to such temporary custody signed by the parents of the child or by the parent having custody of the child if the parents are not living together or by the guardian or custodian of the child if the child is not in the custody of either parent, or
- (2) the child is found in the State and neither a parent, guardian nor custodian of the child can be located.

If the child is found in his or her residence without a parent, guardian, custodian or responsible caretaker, the Department may, instead of removing the child and assuming temporary custody, place an authorized representative of the Department in that residence until such time as a parent, guardian or custodian enters the home and expresses a willingness and apparent ability to ensure the child's health and safety and resume permanent charge of the child, or until a relative enters the home and is willing and able to ensure the child's health and safety and assume charge of the child until a parent, guardian or custodian enters the home and expresses such willingness and ability to ensure the child's safety and resume permanent charge. After a caretaker has remained in the home for a period not to exceed 12 hours, the Department must follow those procedures outlined in Section 2-9, 3-11, 4-8, or 5-415 of the Juvenile Court Act of 1987.

The Department shall have the authority, responsibilities and duties that a legal custodian of the child would have pursuant to subsection (9) of Section 1-3 of the Juvenile Court Act of 1987. Whenever a child is taken into temporary custody pursuant to an investigation under the Abused and Neglected Child Reporting Act, or pursuant to a referral and acceptance under the Juvenile Court Act of 1987 of a minor in limited custody, the Department, during the period of temporary custody and before the child is brought before a judicial officer as required by Section 2-9, 3-11, 4-8, or 5-415 of the Juvenile Court Act of 1987, shall have the authority, responsibilities and duties that a legal custodian of the child would have under subsection (9) of Section 1-3 of the Juvenile Court Act of 1987.

The Department shall ensure that any child taken into custody is scheduled for an appointment for a medical examination.

A parent, guardian or custodian of a child in the temporary custody of the Department who would have custody of the child if he were not in the temporary custody of the Department may deliver to the Department a signed request that the Department surrender the temporary custody of the child. The Department may retain temporary custody of the child for 10 days after the receipt of the request, during which period the Department may cause to be filed a petition pursuant to the Juvenile Court Act of 1987. If a petition is so filed, the Department shall retain temporary custody of the child until the court orders

otherwise. If a petition is not filed within the 10 day period, the child shall be surrendered to the custody of the requesting parent, guardian or custodian not later than the expiration of the 10 day period, at which time the authority and duties of the Department with respect to the temporary custody of the child shall terminate.

(m-1) The Department may place children under 18 years of age in a secure child care facility licensed by the Department that cares for children who are in need of secure living arrangements for their health, safety, and well-being after a determination is made by the facility director and the Director or the Director's designate prior to admission to the facility subject to Section 2-27.1 of the Juvenile Court Act of 1987. This subsection (m-1) does not apply to a child who is subject to placement in a correctional facility operated pursuant to Section 3-15-2 of the Unified Code of Corrections, unless the child is a ward who was placed under the care of the Department before being subject to placement in a correctional facility and a court of competent jurisdiction has ordered placement of the child in a secure care facility.

(n) The Department may place children under 18 years of age in licensed child care facilities when in the opinion of the Department, appropriate services aimed at family preservation have been unsuccessful and cannot ensure the child's health and safety or are unavailable and such placement would be for their best interest. Payment for board, clothing, care, training and supervision of any child placed in a licensed child care facility may be made by the Department, by the parents or guardians of the estates of those children, or by both the Department and the parents or guardians, except that no payments shall be made by the Department for any child placed in a licensed child care facility for board, clothing, care, training and supervision of such a child that exceed the average per capita cost of maintaining and of caring for a child in institutions for dependent or neglected children operated by the Department. However, such restriction on payments does not apply in cases where children require specialized care and treatment for problems of severe emotional disturbance, physical disability, social adjustment, or any combination thereof and suitable facilities for the placement of such children are not available at payment rates within the limitations set forth in this Section. All reimbursements for services delivered shall be absolutely inalienable by assignment, sale, attachment, garnishment or otherwise.

(o) The Department shall establish an administrative review and appeal process for children and families who request or receive child welfare services from the Department. Children who are wards of the Department and are placed by private child welfare agencies, and foster families with whom those children are placed, shall be afforded the same procedural and appeal rights as children and families in the case of placement by the Department, including the right to an initial review of a private agency decision by that agency. The Department shall insure that any private child welfare agency, which accepts wards of the Department for placement, affords those rights to children and foster families. The Department shall accept for administrative review and an appeal hearing a complaint made by (i) a child or foster family concerning a decision following an initial review by a private child welfare agency or (ii) a prospective adoptive parent who alleges a violation of subsection (j-5) of this Section. An appeal of a decision concerning a change in the placement of a child shall be conducted in an expedited manner.

(p) There is hereby created the Department of Children and Family Services Emergency Assistance Fund from which the Department may provide special financial assistance to families which are in economic crisis when such assistance is not available through other public or private sources and the assistance is deemed necessary to prevent dissolution of the family unit or to reunite families which have been separated due to child abuse and neglect. The Department shall establish administrative rules specifying the criteria for determining eligibility for and the amount and nature of assistance to be provided. The Department may also enter into written agreements with private and public social service agencies to provide emergency financial services to families referred by the Department. Special financial assistance payments shall be available to a family no more than once during each fiscal year and the total payments to a family may not exceed \$500 during a fiscal year.

(q) The Department may receive and use, in their entirety, for the benefit of children any gift, donation or bequest of money or other property which is received on behalf of such children, or any financial benefits to which such children are or may become entitled while under the jurisdiction or care of the Department.

The Department shall set up and administer no-cost, interest-bearing accounts in appropriate financial institutions for children for whom the Department is legally responsible and who have been determined eligible for Veterans' Benefits, Social Security benefits, assistance allotments from the armed forces, court ordered payments, parental voluntary payments, Supplemental Security Income, Railroad Retirement payments, Black Lung benefits, or other miscellaneous payments. Interest earned by each account shall be credited to the account, unless disbursed in accordance with this subsection.

In disbursing funds from children's accounts, the Department shall:

(1) Establish standards in accordance with State and federal laws for disbursing money from children's accounts. In all circumstances, the Department's "Guardianship Administrator" or his or her designee must approve disbursements from children's accounts. The Department shall be responsible for keeping complete records of all disbursements for each account for any purpose.

(2) Calculate on a monthly basis the amounts paid from State funds for the child's board and care, medical care not covered under Medicaid, and social services; and utilize funds from the child's account, as covered by regulation, to reimburse those costs. Monthly, disbursements from all children's accounts, up to 1/12 of \$13,000,000, shall be deposited by the Department into the General Revenue Fund and the balance over 1/12 of \$13,000,000 into the DCFS Children's Services Fund.

(3) Maintain any balance remaining after reimbursing for the child's costs of care, as specified in item (2). The balance shall accumulate in accordance with relevant State and federal laws and shall be disbursed to the child or his or her guardian, or to the issuing agency.

(r) The Department shall promulgate regulations encouraging all adoption agencies to voluntarily forward to the Department or its agent names and addresses of all persons who have applied for and have been approved for adoption of a hard-to-place or handicapped child and the names of such children who have not been placed for adoption. A list of such names and addresses shall be maintained by the Department or its agent, and coded lists which maintain the confidentiality of the person seeking to adopt the child and of the child shall be made available, without charge, to every adoption agency in the State to assist the agencies in placing such children for adoption. The Department may delegate to an agent its duty to maintain and make available such lists. The Department shall ensure that such agent maintains the confidentiality of the person seeking to adopt the child and of the child.

(s) The Department of Children and Family Services may establish and implement a program to reimburse Department and private child welfare agency foster parents licensed by the Department of Children and Family Services for damages sustained by the foster parents as a result of the malicious or negligent acts of foster children, as well as providing third party coverage for such foster parents with regard to actions of foster children to other individuals. Such coverage will be secondary to the foster parent liability insurance policy, if applicable. The program shall be funded through appropriations from the General Revenue Fund, specifically designated for such purposes.

(t) The Department shall perform home studies and investigations and shall exercise supervision over visitation as ordered by a court pursuant to the Illinois Marriage and Dissolution of Marriage Act or the Adoption Act only if:

(1) an order entered by an Illinois court specifically directs the Department to perform such services; and

(2) the court has ordered one or both of the parties to the proceeding to reimburse the Department for its reasonable costs for providing such services in accordance with Department rules, or has determined that neither party is financially able to pay.

The Department shall provide written notification to the court of the specific arrangements for supervised visitation and projected monthly costs within 60 days of the court order. The Department shall send to the court information related to the costs incurred except in cases where the court has determined the parties are financially unable to pay. The court may order additional periodic reports as appropriate.

(u) In addition to other information that must be provided, whenever the Department places a child with a prospective adoptive parent or parents or in a licensed foster home, group home, child care institution, or in a relative home, the Department shall provide to the prospective adoptive parent or parents or other caretaker:

(1) available detailed information concerning the child's educational and health history, copies of immunization records (including insurance and medical card information), a history of the child's previous placements, if any, and reasons for placement changes excluding any information that identifies or reveals the location of any previous caretaker;

(2) a copy of the child's portion of the client service plan, including any visitation arrangement, and all amendments or revisions to it as related to the child; and

(3) information containing details of the child's individualized educational plan when the child is receiving special education services.

The caretaker shall be informed of any known social or behavioral information (including, but not limited to, criminal background, fire setting, perpetuation of sexual abuse, destructive behavior, and substance abuse) necessary to care for and safeguard the children to be placed or currently in the home. The Department may prepare a written summary of the information required by this paragraph, which may be provided to the foster or prospective adoptive parent in advance of a placement. The foster or prospective

adoptive parent may review the supporting documents in the child's file in the presence of casework staff. In the case of an emergency placement, casework staff shall at least provide known information verbally, if necessary, and must subsequently provide the information in writing as required by this subsection.

The information described in this subsection shall be provided in writing. In the case of emergency placements when time does not allow prior review, preparation, and collection of written information, the Department shall provide such information as it becomes available. Within 10 business days after placement, the Department shall obtain from the prospective adoptive parent or parents or other caretaker a signed verification of receipt of the information provided. Within 10 business days after placement, the Department shall provide to the child's guardian ad litem a copy of the information provided to the prospective adoptive parent or parents or other caretaker. The information provided to the prospective adoptive parent or parents or other caretaker shall be reviewed and approved regarding accuracy at the supervisory level.

(u-5) Effective July 1, 1995, only foster care placements licensed as foster family homes pursuant to the Child Care Act of 1969 shall be eligible to receive foster care payments from the Department. Relative caregivers who, as of July 1, 1995, were approved pursuant to approved relative placement rules previously promulgated by the Department at 89 Ill. Adm. Code 335 and had submitted an application for licensure as a foster family home may continue to receive foster care payments only until the Department determines that they may be licensed as a foster family home or that their application for licensure is denied or until September 30, 1995, whichever occurs first.

(v) The Department shall access criminal history record information as defined in the Illinois Uniform Conviction Information Act and information maintained in the adjudicatory and dispositional record system as defined in Section 2605-355 of the Department of State Police Law (20 ILCS 2605/2605-355) if the Department determines the information is necessary to perform its duties under the Abused and Neglected Child Reporting Act, the Child Care Act of 1969, and the Children and Family Services Act. The Department shall provide for interactive computerized communication and processing equipment that permits direct on-line communication with the Department of State Police's central criminal history data repository. The Department shall comply with all certification requirements and provide certified operators who have been trained by personnel from the Department of State Police. In addition, one Office of the Inspector General investigator shall have training in the use of the criminal history information access system and have access to the terminal. The Department of Children and Family Services and its employees shall abide by rules and regulations established by the Department of State Police relating to the access and dissemination of this information.

(w) Within 120 days of August 20, 1995 (the effective date of Public Act 89-392), the Department shall prepare and submit to the Governor and the General Assembly, a written plan for the development of in-state licensed secure child care facilities that care for children who are in need of secure living arrangements for their health, safety, and well-being. For purposes of this subsection, secure care facility shall mean a facility that is designed and operated to ensure that all entrances and exits from the facility, a building or a distinct part of the building, are under the exclusive control of the staff of the facility, whether or not the child has the freedom of movement within the perimeter of the facility, building, or distinct part of the building. The plan shall include descriptions of the types of facilities that are needed in Illinois; the cost of developing these secure care facilities; the estimated number of placements; the potential cost savings resulting from the movement of children currently out-of-state who are projected to be returned to Illinois; the necessary geographic distribution of these facilities in Illinois; and a proposed timetable for development of such facilities.

Section 10. The Adoption Act is amended by changing Section 14b as follows:

(750 ILCS 50/14b)

Sec. 14b. Death of intended adoptive parent prior to entry of judgment. After any court has acquired jurisdiction over the person of any intended adoptive parent in an adoption proceeding, if the intended adoptive parent dies before entry of final judgment, upon petition by the other intended adoptive parent or the child's guardian ad litem suggesting the death of the intended adoptive parent and asking that the court proceed in absence of the deceased intended adoptive parent to enter a final judgment, in the presence of the other intended adoptive parent or the child to be adopted who is a party to the record, the court shall proceed to hearing and final judgment ~~to enable the child to have the intended name by adoption.~~ Otherwise the court may dismiss the proceeding.

This amendatory Act of the 91st General Assembly shall apply to all cases in which the court acquired jurisdiction of the person of any intended adoptive parent in an adoption proceeding, if such jurisdiction

was acquired on or after November 1, 1997.

Section 99. Effective date. This Act takes effect upon becoming law."

There being no further amendments, the foregoing Amendment No. 1 was adopted and the bill, as amended, was advanced to the order of Third Reading.

Having been reproduced, the following bills were taken up, read by title a second time and advanced to the order of Third Reading: SENATE BILLS 484 and 796.

SENATE BILL 833. Having been reproduced, was taken up and read by title a second time.

The following amendment was offered in the Committee on Local Government, adopted and reproduced:

AMENDMENT NO. 1. Amend Senate Bill 833 by replacing everything after the enacting clause with the following:

"Section 5. The Sanitary District Act of 1917 is amended by changing Section 3 as follows:
(70 ILCS 2405/3) (from Ch. 42, par. 301)

Sec. 3. A board of trustees shall be created, consisting of 5 members in any sanitary district which includes one or more municipalities with a population of over 90,000 but less than 500,000 according to the most recent Federal census, and consisting of 3 members in any other district. However, the board of trustees for the Fox River Water Reclamation District and for the Northern Moraine Wastewater Reclamation District ~~the board of trustees~~ shall each consist of 5 members. Each board of trustees shall be created for the government, control and management of the affairs and business of each sanitary district organized under this Act shall be created in the following manner:

(1) If the district is located wholly within a single county, the presiding officer of the county board, with the advice and consent of the county board, shall appoint the trustees for the district;

(2) If the district is located in more than one county, the members of the General Assembly whose legislative districts encompass any portion of the district shall appoint the trustees for the district.

In any sanitary district which shall have a 3 member board of trustees, within 60 days after the adoption of such act, the appropriate appointing authority shall appoint three trustees not more than 2 of whom shall be from one incorporated city, town or village in districts in which are included 2 or more incorporated cities, towns or villages, or parts of 2 or more incorporated cities, towns or villages, who shall hold their office respectively for 1, 2 and 3 years, from the first Monday of May next after their appointment and until their successors are appointed and have qualified, and thereafter on or before the second Monday in April of each year the appropriate appointing authority shall appoint one trustee whose term shall be for 3 years commencing the first Monday in May of the year in which he is appointed. The length of the term of the first trustees shall be determined by lot at their first meeting.

In the case of any sanitary district created after January 1, 1978 in which a 5 member board of trustees is required, the appropriate appointing authority shall appoint 5 trustees, one of whom shall hold office for one year, two of whom shall hold office for 2 years, and 2 of whom shall hold office for 3 years from the first Monday of May next after their respective appointments and until their successors are appointed and have qualified. Thereafter, on or before the second Monday in April of each year the appropriate appointing authority shall appoint one trustee or 2 trustees, as shall be necessary to maintain a 5 member board of trustees, whose terms shall be for 3 years commencing the first Monday in May of the year in which they are respectively appointed. The length of the terms of the first trustees shall be determined by lot at their first meeting.

In any sanitary district created prior to January 1, 1978 in which a 5 member board of trustees is required as of January 1, 1978, the two trustees already serving terms which do not expire on May 1, 1978 shall continue to hold office for the remainders of their respective terms, and 3 trustees shall be appointed by the appropriate appointing authority by April 10, 1978 and shall hold office for terms beginning May 1, 1978. Of the three new trustees, one shall hold office for 2 years and 2 shall hold office for 3 years from May 1, 1978 and until their successors are appointed and have qualified. Thereafter, on or before the second

Monday in April of each year the appropriate appointing authority shall appoint one trustee or 2 trustees, as shall be necessary to maintain a 5 member board of trustees, whose terms shall be for 3 years commencing the first Monday in May of the year in which they are respectively appointed. The lengths of the terms of the trustees who are to hold office beginning May 1, 1978 shall be determined by lot at their first meeting after May 1, 1978.

No more than 3 members of a 5 member board of trustees may be of the same political party; except that in any sanitary district which otherwise meets the requirements of this Section and which lies within 4 counties of the State of Illinois or, prior to April 30, 2008, in the Fox River Water Reclamation District; the appointments of the 5 members of the board of trustees shall be made without regard to political party. Beginning with the appointments made on April 30, 2008, all appointments to the board of trustees of the Fox River Water Reclamation District shall be made so that no more than 3 of the 5 members are from the same political party.

Within 60 days after the release of Federal census statistics showing that a sanitary district having a 3 member board of trustees contains one or more municipalities with a population over 90,000 but less than 500,000, or, for the Northern Moraine Wastewater Reclamation District, within 60 days after the effective date of this amendatory Act of the 95th General Assembly, the appropriate appointing authority shall appoint 2 additional trustees to the board of trustees, one to hold office for 2 years and one to hold office for 3 years from the first Monday of May next after their appointment and until their successors are appointed and have qualified. The lengths of the terms of these two additional members shall be determined by lot at the first meeting of the board of trustees held after the additional members take office. The three trustees already holding office in the sanitary district shall continue to hold office for the remainders of their respective terms. Thereafter, on or before the second Monday in April of each year the appropriate appointing authority shall appoint one trustee or 2 trustees, as shall be necessary to maintain a 5 member board of trustees, whose terms shall be for 3 years commencing the first Monday in May of the year in which they are respectively appointed.

If any sanitary district having a 5 member board of trustees shall cease to contain one or more municipalities with a population over 90,000 but less than 500,000 according to the most recent Federal census, then, for so long as that sanitary district does not contain one or more such municipalities, on or before the second Monday in April of each year the appropriate appointing authority shall appoint one trustee whose term shall be for 3 years commencing the first Monday in May of the year in which he is appointed. In districts which include 2 or more incorporated cities, towns, or villages, or parts of 2 or more incorporated cities, towns, or villages, all of the trustees shall not be from one incorporated city, town or village.

If a vacancy occurs on any board of trustees, the appropriate appointing authority shall within 60 days appoint a trustee who shall hold office for the remainder of the vacated term.

The appointing authority shall require each of the trustees to enter into bond, with security to be approved by the appointing authority, in such sum as the appointing authority may determine.

A majority of the board of trustees shall constitute a quorum but a smaller number may adjourn from day to day. No trustee or employee of such district shall be directly or indirectly interested in any contract, work or business of the district, or the sale of any article, the expense, price or consideration of which is paid by such district; nor in the purchase of any real estate or property belonging to the district, or which shall be sold for taxes or assessments, or by virtue of legal process at the suit of the district. Provided, that nothing herein shall be construed as prohibiting the appointment or selection of any person as trustee or employee whose only interest in the district is as owner of real estate in the district or of contributing to the payment of taxes levied by the district. The trustees shall have the power to provide and adopt a corporate seal for the district.

Notwithstanding any other provision in this Section, in any sanitary district created prior to the effective date of this amendatory Act of 1985, in which a five member board of trustees has been appointed and which currently includes one or more municipalities with a population of over 90,000 but less than 500,000, the board of trustees shall consist of five members.

Section 99. Effective date. This Act takes effect upon becoming law."

There being no further amendments, the foregoing Amendment No. 1 was adopted and the bill, as amended, was advanced to the order of Third Reading.

Having been reproduced, the following bills were taken up, read by title a second time and advanced to the order of Third Reading: SENATE BILLS 834, 873 and 929.

SENATE BILL 996. Having been reproduced, was taken up and read by title a second time.

The following amendment was offered in the Committee on Elections & Campaign Reform, adopted and reproduced:

AMENDMENT NO. 1. Amend Senate Bill 996 by replacing everything after the enacting clause with the following:

"Section 5. The Circuit Courts Act is amended by changing Sections 2f, 2f-2, 2f-4, 2f-5, 2f-6, and 2f-9 as follows:

(705 ILCS 35/2f) (from Ch. 37, par. 72.2f)

Sec. 2f. (a) The Circuit of Cook County shall be divided into 15 units to be known as subcircuits. The subcircuits shall be compact, contiguous, and substantially equal in population. The General Assembly shall create the subcircuits by law on or before July 1, 1991, using population data as determined by the 1990 Federal census.

(b) The 165 resident judges to be elected from the Circuit of Cook County shall be determined under paragraph (4) of subsection (a) of Section 2 of the Judicial Vacancies Act.

(c) The Supreme Court shall allot (i) the additional resident judgeships provided by paragraph (4) of subsection (a) of Section 2 of the Judicial Vacancies Act and (ii) all vacancies in resident judgeships existing on or occurring on or after the effective date of this amendatory Act of 1990, with respect to the other resident judgeships of the Circuit of Cook County, for election from the various subcircuits until there are 11 resident judges to be elected from each of the 15 subcircuits (for a total of 165). A resident judgeship authorized before the effective date of this amendatory Act of 1990 that became vacant and was filled by appointment by the Supreme Court before that effective date shall be filled by election at the general election in November of 1992 from the unit of the Circuit of Cook County within Chicago or the unit of that Circuit outside Chicago, as the case may be, in which the vacancy occurred.

(d) As soon as practicable after the subcircuits are created by law, the Supreme Court shall determine by lot a numerical order for the 15 subcircuits. That numerical order shall be the basis for the order in which resident judgeships are assigned to the subcircuits. After the first round of assignments, the second and all later rounds shall be based on the same numerical order. Once a resident judgeship is assigned to a subcircuit, it shall continue to be assigned to that subcircuit for all purposes.

(e) A resident judge elected from a subcircuit shall continue to reside in that subcircuit as long as he or she holds that office. A resident judge elected from a subcircuit after January 1, 2008, must retain residency as a registered voter in the subcircuit to run for retention from the circuit at large thereafter.

(Source: P.A. 86-1478.)

(705 ILCS 35/2f-2)

Sec. 2f-2. 19th judicial circuit; subcircuits.

(a) The 19th circuit shall be divided into 6 subcircuits. The subcircuits shall be compact, contiguous, and substantially equal in population. The General Assembly by law shall create the subcircuits, using population data as determined by the 2000 federal census, and shall determine a numerical order for the 6 subcircuits. That numerical order shall be the basis for the order in which resident judgeships are assigned to the subcircuits. Once a resident judgeship is assigned to a subcircuit, it shall continue to be assigned to that subcircuit for all purposes.

(b) The 19th circuit shall have a total of 6 resident judgeships. The number of resident judgeships allotted to subcircuits of the 19th judicial circuit pursuant to this Section shall constitute all the resident judgeships of the 19th judicial circuit.

(c) The Supreme Court shall allot (i) all vacancies in resident judgeships of the 19th circuit existing on or occurring on or after the effective date of this amendatory Act of the 93rd General Assembly and not filled at the 2004 general election and (ii) the resident judgeships of the 19th circuit filled at the 2004 general election as those judgeships thereafter become vacant, for election from the various subcircuits until there is one resident judge to be elected from each subcircuit. No resident judge of the 19th circuit serving on the effective date of this amendatory Act of the 93rd General Assembly shall be required to change his or her residency in order to continue serving in office or to seek retention in office as resident judgeships are allotted by the Supreme Court in accordance with this Section.

(d) A resident judge elected from a subcircuit shall continue to reside in that subcircuit as long as he or

she holds that office. A resident judge elected from a subcircuit after January 1, 2008, must retain residency as a registered voter in the subcircuit to run for retention from the circuit at large thereafter.

(e) Vacancies in resident judgeships of the 19th circuit shall be filled in the manner provided in Article VI of the Illinois Constitution.

(705 ILCS 35/2f-4)

Sec. 2f-4. 12th circuit; subcircuits; additional judges.

(a) The 12th circuit shall be divided into 5 subcircuits. The subcircuits shall be compact, contiguous, and substantially equal in population. The General Assembly by law shall create the subcircuits, using population data as determined by the 2000 federal census, and shall determine a numerical order for the 5 subcircuits. That numerical order shall be the basis for the order in which resident judgeships are assigned to the subcircuits. Once a resident judgeship is assigned to a subcircuit, it shall continue to be assigned to that subcircuit for all purposes.

(a-10) The first vacancy in the 12th judicial circuit's 10 existing circuit judgeships (8 at large and 2 resident), but not in the additional judgeships described in subsections (b) and (b-5), that exists on or after the effective date of this amendatory Act of the 94th General Assembly shall not be filled, by appointment or election, and that judgeship is eliminated. Of the 12th judicial circuit's 10 existing circuit judgeships (8 at large and 2 resident), but not the additional judgeships described in subsections (b) and (b-5), the second to be vacant or become vacant on or after the effective date of this amendatory Act of the 94th General Assembly shall be allotted as a 12th circuit resident judgeship under subsection (c). As used in this subsection, a vacancy does not include the expiration of a term of an at large or resident judge who seeks retention in that office at the next term.

(b) The 12th circuit shall have 3 additional resident judgeships, as well as its existing resident judgeship or judgeships, and existing at large judgeships, for a total of 12 judgeships available to be allotted under subsection (c) to the 5 subcircuit resident judgeships. The additional resident judgeship created by Public Act 93-541 shall be filled by election beginning at the general election in 2006. The 2 additional resident judgeships created by this amendatory Act of 2004 shall be filled by election beginning at the general election in 2008. After the subcircuits are created by law, the Supreme Court may fill by appointment the additional resident judgeships created by Public Act 93-541 and this amendatory Act of 2004 until the 2006 or 2008 general election, as the case may be.

(b-5) In addition to the number of circuit judges and resident judges otherwise authorized by law, and notwithstanding any other provision of law, beginning on April 1, 2006 there shall be one additional resident judge who is a resident of and elected from the fourth judicial subcircuit of the 12th judicial circuit. That additional resident judgeship may be filled by appointment by the Supreme Court until filled by election at the general election in 2008, regardless of whether the judgeships for subcircuits 1, 2, and 3 have been filled.

(c) The Supreme Court shall allot (i) the additional resident judgeships of the 12th circuit created by Public Act 93-541 and this amendatory Act of 2004, and (ii) the second vacancy in the at large and resident judgeships of the 12th circuit as provided in subsection (a-10), for election from the various subcircuits until, with the additional judge of the fourth subcircuit described in subsection (b-5), there is one resident judge to be elected from each subcircuit. No at large or resident judge of the 12th circuit serving on August 18, 2003 shall be required to change his or her residency in order to continue serving in office or to seek retention in office as at large or resident judgeships are allotted by the Supreme Court in accordance with this Section.

(d) A resident judge elected from a subcircuit shall continue to reside in that subcircuit as long as he or she holds that office. A resident judge elected from a subcircuit after January 1, 2008, must retain residency as a registered voter in the subcircuit to run for retention from the circuit at large thereafter.

(e) Vacancies in resident judgeships of the 12th circuit shall be filled in the manner provided in Article VI of the Illinois Constitution.

(705 ILCS 35/2f-5)

Sec. 2f-5. 22nd circuit; subcircuits; additional resident judgeship.

(a) The 22nd circuit shall be divided into 4 subcircuits. The subcircuits shall be compact, contiguous, and substantially equal in population. The General Assembly by law shall create the subcircuits, using population data as determined by the 2000 federal census, and shall determine a numerical order for the 4 subcircuits. That numerical order shall be the basis for the order in which resident judgeships are assigned to the subcircuits. Once a resident judgeship is assigned to a subcircuit, it shall continue to be assigned to

that subcircuit for all purposes.

(b) The 22nd circuit shall have one additional resident judgeship, as well as its 3 existing resident judgeships, for a total of 4 resident judgeships to be allotted to the 4 subcircuit resident judgeships. The additional resident judgeship created by this amendatory Act of the 93rd General Assembly shall be filled by election beginning at the general election in 2006 and shall not be filled by appointment before the general election in 2006. The number of resident judgeships allotted to subcircuits of the 22nd judicial circuit pursuant to this Section shall constitute all the resident judgeships of the 22nd judicial circuit.

(c) The Supreme Court shall allot (i) all vacancies in resident judgeships of the 22nd circuit existing on or occurring on or after August 18, 2003 and not filled at the 2004 general election, (ii) the resident judgeships of the 22nd circuit filled at the 2004 general election as those judgeships thereafter become vacant, and (iii) the additional resident judgeship of the 22nd circuit created by this amendatory Act of the 93rd General Assembly, for election from the various subcircuits until there is one resident judge to be elected from each subcircuit. No resident judge of the 22nd circuit serving on August 18, 2003 shall be required to change his or her residency in order to continue serving in office or to seek retention in office as resident judgeships are allotted by the Supreme Court in accordance with this Section.

(d) A resident judge elected from a subcircuit shall continue to reside in that subcircuit as long as he or she holds that office. A resident judge elected from a subcircuit after January 1, 2008, must retain residency as a registered voter in the subcircuit to run for retention from the circuit at large thereafter.

(e) Vacancies in resident judgeships of the 22nd circuit shall be filled in the manner provided in Article VI of the Illinois Constitution.

(705 ILCS 35/2f-6)

Sec. 2f-6. 17th judicial circuit; subcircuits.

(a) The 17th circuit shall be divided into 4 subcircuits. The subcircuits shall be compact, contiguous, and substantially equal in population. The General Assembly by law shall create the subcircuits, using population data as determined by the 2000 federal census, and shall determine a numerical order for the 4 subcircuits. That numerical order shall be the basis for the order in which resident judgeships are assigned to the subcircuits. Once a resident judgeship is assigned to a subcircuit, it shall continue to be assigned to that subcircuit for all purposes.

(a-10) Of the 17th circuit's 9 existing circuit judgeships (6 at large and 3 resident), the 3 resident judgeships shall be allotted as 17th circuit resident judgeships under subsection (c) as those resident judgeships are or become vacant on or after the effective date of this amendatory Act of the 93rd General Assembly. Of the 17th circuit's associate judgeships, the first associate judgeship that is or becomes vacant on or after the effective date of this amendatory Act of the 93rd General Assembly shall become a resident judgeship of the 17th circuit to be allotted by the Supreme Court under subsection (c) as a resident subcircuit judgeship. These resident judgeships shall constitute all of the resident judgeships of the 17th circuit. As used in this subsection, a vacancy does not include the expiration of a term of a resident judge who seeks retention in that office at the next term. A vacancy does not exist or occur at the expiration of an associate judge's term if the associate judge is reappointed.

(b) The 17th circuit shall have a total of 4 judgeships (3 resident and one associate) available to be allotted to the 4 subcircuit resident judgeships.

(c) The Supreme Court shall allot (i) the 3 resident judgeships of the 17th circuit as they are or become vacant as provided in subsection (a-10) and (ii) the one associate judgeship converted into a resident judgeship of the 17th circuit as it is or becomes vacant as provided in subsection (a-10), for election from the various subcircuits until there is one resident judge to be elected from each subcircuit. No resident or associate judge of the 17th circuit serving on the effective date of this amendatory Act of the 93rd General Assembly shall be required to change his or her residency in order to continue serving in office or to seek retention or reappointment in office as resident judgeships are allotted by the Supreme Court in accordance with this Section.

(d) A resident judge elected from a subcircuit shall continue to reside in that subcircuit as long as he or she holds that office. A resident judge elected from a subcircuit after January 1, 2008, must retain residency as a registered voter in the subcircuit to run for retention from the circuit at large thereafter.

(e) Vacancies in resident judgeships of the 17th circuit shall be filled in the manner provided in Article VI of the Illinois Constitution.

(Source: P.A. 93-1102, eff. 4-7-05.)

(705 ILCS 35/2f-9)

Sec. 2f-9. 16th judicial circuit; subcircuits.

(a) The 16th circuit shall be divided into 5 subcircuits. The subcircuits shall be compact, contiguous, and substantially equal in population. The General Assembly by law shall create the subcircuits, using population data as determined by the 2000 federal census, and shall determine a numerical order for the 5 subcircuits. That numerical order shall be the basis for the order in which resident judgeships are assigned to the subcircuits. Once a resident judgeship is assigned to a subcircuit, it shall continue to be assigned to that subcircuit for all purposes.

(b) Of the 16th circuit's 16 existing circuit judgeships (7 at large and 9 resident), 5 of the 9 resident judgeships shall be allotted as 16th circuit resident judgeships under subsection (c) as (i) the first resident judgeship of DeKalb County, (ii) the first resident judgeship of Kendall County, and (iii) the first 2 resident judgeships of Kane County are or become vacant on or after the effective date of this amendatory Act of the 93rd General Assembly, and (iv) the first resident judgeship of Kane County (in addition to the 2 vacancies under item (iii)) is or becomes vacant after the effective date of this amendatory Act of the 94th General Assembly. These 5 resident subcircuit judgeships and the remaining 4 resident judgeships shall constitute all of the resident judgeships of the 16th circuit. As used in this subsection, a vacancy does not include the expiration of a term of a resident judge who seeks retention in that office at the next term.

(c) The Supreme Court shall allot the first DeKalb County vacancy, the first Kendall County vacancy, and the first 3 Kane County vacancies in resident judgeships of the 16th circuit as provided in subsection (b), for election from the various subcircuits. The judgeships shall be assigned to the subcircuits based upon the numerical order of the 5 subcircuits. No resident judge of the 16th circuit serving on the effective date of this amendatory Act of the 93rd General Assembly shall be required to change his or her residency in order to continue serving in office or to seek retention in office as judgeships are allotted by the Supreme Court in accordance with this Section.

(d) A resident judge elected from a subcircuit shall continue to reside in that subcircuit as long as he or she holds that office. A resident judge elected from a subcircuit after January 1, 2008, must retain residency as a registered voter in the subcircuit to run for retention from the circuit at large thereafter.

(e) Vacancies in resident judgeships of the 16th circuit shall be filled in the manner provided in Article VI of the Illinois Constitution.

Section 99. Effective date. This Act takes effect upon becoming law."

There being no further amendments, the foregoing Amendment No. 1 was adopted and the bill, as amended, was advanced to the order of Third Reading.

Having been reproduced, the following bill was taken up, read by title a second time and advanced to the order of Third Reading: SENATE BILL 1011.

AGREED RESOLUTIONS

HOUSE RESOLUTIONS 481, 482, 483, 485, 486, 488, 489, 493, 494, 496, 497, 498, 499, 500, 501, 502 and 504 were taken up for consideration.

Representative Currie moved the adoption of the agreed resolutions.

The motion prevailed and the agreed resolutions were adopted.

At the hour of 8:31 o'clock p.m., Representative Currie moved that the House do now adjourn until Friday, June 1, 2007, at 9:00 o'clock a.m., allowing perfunctory time for the Clerk.

The motion prevailed.

And the House stood adjourned.
