AMENDMENT NO. 1. Amend Senate Bill 591 as follows:
by replacing page 5, line 21 through page 7, line 20 with the following:

"No later than July 1, 2008, the Department's case management program shall be transitioned to a fully integrated care coordination program. The care coordination program shall be voluntary and require the written consent of the client, shall incorporate the concepts of client direction and consumer focus, and shall take into account the client's needs and preferences. Implementation of a care plan shall require the written informed consent of the client, who shall retain the right to refuse any or all portions of the care plan. Information about the program, including an explanation of its purpose, policies, and procedures, and a description of available services that may be offered shall be provided to the client. Comprehensive care coordination shall include activities such as: (1) comprehensive assessment of the client; (2) development and implementation of a service plan with the client to mobilize the formal and family resources and services identified in the assessment to meet the needs of the client, including coordination of the resources and services with (A) any other plans that exist for various formal services, such as hospital discharge plans, and (B) the information and assistance services; (3) coordination and monitoring of formal and family service delivery, regardless of the funding source, including coordination and monitoring to ensure that services specified in the plan are being provided; (4) assistance with the completion of applications for services, referrals to non-government funded services, health promotion, and ensuring continuity of care across care settings; (5) periodic reassessment and revision of the status of the client with the client or, if necessary, the client's designated representative; and (6) in accordance with the wishes of the client, advocacy on behalf of the client for needed services or resources. The provisions of this paragraph are in addition to and shall not affect other eligibility requirements established under this Section.

A comprehensive assessment shall be performed, with the consent of the client, using a holistic tool identified by the Department and supported by an electronic intake assessment and care planning system linked to a central location. The comprehensive assessment process shall include a face to face interview in the client's home or temporary overnight abode and shall determine the level of physical, functional, cognitive, psycho-social, financial, and social needs of the client. Assessment interviews shall accommodate the scheduling needs of the client and the client's representative or representatives, who shall participate at the discretion of the client. The Department shall provide, by administrative rule, guidelines for determining the conditions under which a comprehensive assessment shall be performed, including policies and procedures for obtaining the written, informed consent of the client for conducting the assessment, and the activities of care coordination offered to each care recipient. The care plan shall include the needs identified by the assessment and incorporate the goals and preferences of the client. Care plans shall also include all services needed by the client regardless of the funding source and delineate between services provided, services unavailable, and services refused by the client. The Department shall establish policies and procedures for investigating and resolving complaints that may be filed by clients or their representatives regarding assessments or care coordination. Case coordination units shall be reimbursed for care coordination in a just and equitable manner reflective of the actual cost of providing care coordination. By January 1, 2008, the Department shall develop a rate structure, in collaboration with case coordination units and advocates for care recipients, that reflects the activities of coordination provided. The Department shall re-evaluate the rate structure by July 2010. The provisions of this paragraph are in addition to and shall not affect other eligibility requirements established under this Section."

Sec. 3-212. Inspection.

(a) The Department, whenever it deems necessary in accordance with subsection (b), shall inspect, survey and evaluate every facility to determine compliance with applicable licensure requirements and standards. Submission of a facility's current Consumer Choice Information Report required by Section 2-214 shall be verified at time of inspection. An inspection should occur within 120 days prior to license renewal. The Department may periodically visit a facility for the purpose of consultation. An inspection, survey, or evaluation, other than an inspection of financial records, shall be conducted without prior notice to the facility. A visit for the sole purpose of consultation may be announced. The Department shall provide training to surveyors about the appropriate assessment, care planning, and care of persons with mental illness (other than Alzheimer's disease or related disorders) to enable its surveyors to determine whether a facility is complying with State and federal requirements about the assessment, care planning, and care of those persons.

(a-1) An employee of a State or unit of local government agency charged with inspecting, surveying, and evaluating facilities who directly or indirectly gives prior notice of an inspection, survey, or evaluation, other than an inspection of financial records, to a facility or to an employee of a facility is guilty of a Class A misdemeanor.

An inspector or an employee of the Department who intentionally prenotifies a facility, orally or in writing, of a pending complaint investigation or inspection shall be guilty of a Class A misdemeanor. Superiors of persons who have prenotified a facility shall be subject to the same penalties, if they have knowingly allowed the prenotification. A person found guilty of prenotifying a facility shall be subject to disciplinary action by his or her employer.

If the Department has a good faith belief, based upon information that comes to its attention, that a violation of this subsection has occurred, it must file a complaint with the Attorney General or the State's Attorney in the county where the violation took place within 30 days after discovery of the information.

(a-2) An employee of a State or unit of local government agency charged with inspecting, surveying, or evaluating facilities who willfully profits from violating the confidentiality of the inspection, survey, or

evaluation process shall be guilty of a Class 4 felony and that conduct shall be deemed unprofessional conduct that may subject a person to loss of his or her professional license. An action to prosecute a person for violating this subsection (a-2) may be brought by either the Attorney General or the State's Attorney in the county where the violation took place.

(b) In determining whether to make more than the required number of unannounced inspections, surveys and evaluations of a facility the Department shall consider one or more of the following: previous inspection reports; the facility's history of compliance with standards, rules and regulations promulgated under this Act and correction of violations, penalties or other enforcement actions; the number and severity of complaints received about the facility; any allegations of resident abuse or neglect; weather conditions; health emergencies; other reasonable belief that deficiencies exist.

(b-1) The Department shall not be required to determine whether a facility certified to participate in the Medicare program under Title XVIII of the Social Security Act, or the Medicaid program under Title XIX of the Social Security Act, and which the Department determines by inspection under this Section or under Section 3-702 of this Act to be in compliance with the certification requirements of Title XVIII or XIX, is in compliance with any requirement of this Act that is less stringent than or duplicates a federal certification requirement. In accordance with subsection (a) of this Section or subsection (d) of Section 3-702, the Department shall determine whether a certified facility is in compliance with requirements of this Act that exceed federal certification requirements. If a certified facility is found to be out of compliance with federal certification requirements, the results of an inspection conducted pursuant to Title XVIII or XIX of the Social Security Act may be used as the basis for enforcement remedies authorized and commenced under this Act. Enforcement of this Act against a certified facility shall be commenced pursuant to the requirements of this Act, unless enforcement remedies sought pursuant to Title XVIII or XIX of the Social Security Act exceed those authorized by this Act. As used in this subsection, "enforcement remedy" means a sanction for violating a federal certification requirement or this Act.

(c) Upon completion of each inspection, survey and evaluation, the appropriate Department personnel who conducted the inspection, survey or evaluation shall submit a copy of their report to the licensee upon exiting the facility, and shall submit the actual report to the appropriate regional office of the Department. Such report and any recommendations for action by the Department under this Act shall be transmitted to the appropriate offices of the associate director of the Department, together with related comments or documentation provided by the licensee which may refute findings in the report, which explain extenuating circumstances that the facility could not reasonably have prevented, or which indicate methods and timetables for correction of deficiencies described in the report. Without affecting the application of subsection (a) of Section 3-303, any documentation or comments of the licensee shall be provided within 10 days of receipt of the copy of the report. Such report shall recommend to the Director appropriate action under this Act with respect to findings against a facility. The Director shall then determine whether the report's findings constitute a violation or violations of which the facility must be given notice. Such determination shall be based upon the severity of the finding, the danger posed to resident health and safety, the comments and documentation provided by the facility, the diligence and efforts to correct deficiencies, correction of the reported deficiencies, the frequency and duration of similar findings in previous reports and the facility's general inspection history. Violations shall be determined under this subsection no later than 60 days after completion of each inspection, survey and evaluation.

(d) The Department shall maintain all inspection, survey and evaluation reports for at least 5 years in a manner accessible to and understandable by the public.

Section 10. The Juvenile Court Act of 1987 is amended by changing Section 5-710 as follows:

(705 ILCS 405/5-710)

Sec. 5-710. Kinds of sentencing orders.

(1) The following kinds of sentencing orders may be made in respect of wards of the court:

(a) Except as provided in Sections 5-805, 5-810, 5-815, a minor who is found guilty under Section 5-620 may be:

(i) put on probation or conditional discharge and released to his or her parents, guardian or legal custodian, provided, however, that any such minor who is not committed to the Department of Juvenile Justice under this subsection and who is found to be a delinquent for an offense which is first degree murder, a Class X felony, or a forcible felony shall be placed on probation;

(ii) placed in accordance with Section 5-740, with or without also being put on probation or conditional discharge;

(iii) required to undergo a substance abuse assessment conducted by a licensed provider and participate in the indicated clinical level of care;

(iv) placed in the guardianship of the Department of Children and Family Services, but only if the delinquent minor is under 13 years of age;

(v) placed in detention for a period not to exceed 30 days, either as the exclusive order of disposition or, where appropriate, in conjunction with any other order of disposition issued under this paragraph, provided that any such detention shall be in a juvenile detention home and the minor so detained shall be 10 years of age or older. However, the 30-day limitation may be extended by further order of the court for a minor under age 13 committed to the Department of Children and Family Services if the court finds that the minor is a danger to himself or others. The minor shall be given credit on the sentencing order of detention for time spent in detention under Sections 5-501, 5-601, 5-710, or 5-720 of this Article as a result of the offense for which the sentencing order was imposed. The court may grant credit on a sentencing order of detention entered under a violation of probation or violation of conditional discharge under Section 5-720 of this Article for time spent in detention before the filing of the petition alleging the violation. A minor shall not be deprived of credit for time spent in detention before the filing of a violation of probation or conditional discharge alleging the same or related act or acts;

(vi) ordered partially or completely emancipated in accordance with the provisions of the Emancipation of Minors Act;

(vii) subject to having his or her driver's license or driving privileges suspended for such time as determined by the court but only until he or she attains 18 years of age;

(viii) put on probation or conditional discharge and placed in detention under Section 3-6039 of the Counties Code for a period not to exceed the period of incarceration permitted by law for adults found guilty of the same offense or offenses for which the minor was adjudicated delinquent, and in any event no longer than upon attainment of age 21; this subdivision (viii) notwithstanding any contrary provision of the law; or

(ix) ordered to undergo a medical or other procedure to have a tattoo symbolizing allegiance to a street gang removed from his or her body.

(b) A minor found to be guilty may be committed to the Department of Juvenile Justice under Section 5-750 if the minor is 13 years of age or older, provided that the commitment to the Department of Juvenile Justice shall be made only if a term of incarceration is permitted by law for adults found guilty of the offense for which the minor was adjudicated delinquent. The time during which a minor is in custody before being released upon the request of a parent, guardian or legal custodian shall be considered as time spent in detention.

(c) When a minor is found to be guilty for an offense which is a violation of the Illinois Controlled Substances Act, the Cannabis Control Act, or the Methamphetamine Control and Community Protection Act and made a ward of the court, the court may enter a disposition order requiring the minor to undergo assessment, counseling or treatment in a substance abuse program approved by the Department of Human Services.

(2) Any sentencing order other than commitment to the Department of Juvenile Justice may provide for

protective supervision under Section 5-725 and may include an order of protection under Section 5-730.

(3) Unless the sentencing order expressly so provides, it does not operate to close proceedings on the pending petition, but is subject to modification until final closing and discharge of the proceedings under Section 5-750.

(4) In addition to any other sentence, the court may order any minor found to be delinquent to make restitution, in monetary or non-monetary form, under the terms and conditions of Section 5-5-6 of the Unified Code of Corrections, except that the "presentencing hearing" referred to in that Section shall be the sentencing hearing for purposes of this Section. The parent, guardian or legal custodian of the minor may be ordered by the court to pay some or all of the restitution on the minor's behalf, pursuant to the Parental Responsibility Law. The State's Attorney is authorized to act on behalf of any victim in seeking restitution in proceedings under this Section, up to the maximum amount allowed in Section 5 of the Parental Responsibility Law.

(5) Any sentencing order where the minor is committed or placed in accordance with Section 5-740 shall provide for the parents or guardian of the estate of the minor to pay to the legal custodian or guardian of the person of the minor such sums as are determined by the custodian or guardian of the person of the minor as necessary for the minor's needs. The payments may not exceed the maximum amounts provided for by Section 9.1 of the Children and Family Services Act.

(6) Whenever the sentencing order requires the minor to attend school or participate in a program of training, the truant officer or designated school official shall regularly report to the court if the minor is a chronic or habitual truant under Section 26-2a of the School Code. Notwithstanding any other provision of this Act, in instances in which educational services are to be provided to a minor in a residential program designed to correct alcohol or other drug dependencies, costs incurred in the provision of those services must be allocated based on the requirements of Section 10-20.12a of the School Code.

(7) In no event shall a guilty minor be committed to the Department of Juvenile Justice for a period of time in excess of that period for which an adult could be committed for the same act.

(8) A minor found to be guilty for reasons that include a violation of Section 21-1.3 of the Criminal Code of 1961 shall be ordered to perform community service for not less than 30 and not more than 120 hours, if community service is available in the jurisdiction. The community service shall include, but need not be limited to, the cleanup and repair of the damage that was caused by the violation or similar damage to property located in the municipality or county in which the violation occurred. The order may be in addition to any other order authorized by this Section.

(8.5) A minor found to be guilty for reasons that include a violation of Section 3.02 or Section 3.03 of the Humane Care for Animals Act or paragraph (d) of subsection (1) of Section 21-1 of the Criminal Code of 1961 shall be ordered to undergo medical or psychiatric treatment rendered by a psychiatrist or psychological treatment rendered by a clinical psychologist. The order may be in addition to any other order authorized by this Section.

(9) In addition to any other sentencing order, the court shall order any minor found to be guilty for an act which would constitute, predatory criminal sexual assault of a child, aggravated criminal sexual assault, criminal sexual assault, aggravated criminal sexual abuse, or criminal sexual abuse if committed by an adult to undergo medical testing to determine whether the defendant has any sexually transmissible disease including a test for infection with human immunodeficiency virus (HIV) or any other identified causative agency of acquired immunodeficiency syndrome (AIDS). Any medical test shall be performed only by appropriately licensed medical practitioners and may include an analysis of any bodily fluids as well as an examination of the minor's person. Except as otherwise provided by law, the results of the test shall be kept strictly confidential by all medical personnel involved in the testing and must be personally delivered in a sealed envelope to the judge of the court in which the sentencing order was entered for the judge's inspection in camera. Acting in accordance with the best interests of the victim and the public, the judge shall have the discretion to determine to whom the results of the testing may be revealed. The court shall notify the minor of the results of the test for infection with the human immunodeficiency virus (HIV). The court shall also notify the victim if requested by the victim, and if the victim is under the age of 15 and if requested by the victim's parents or legal guardian, the court shall notify the victim's parents or the legal guardian, of the results of the test for infection with the human immunodeficiency virus (HIV). The court shall provide information on the availability of HIV testing and counseling at the Department of Public Health facilities to all parties to whom the results of the testing are revealed. The court shall order that the cost of any test shall be paid by the county and may be taxed as costs against the minor.

(10) When a court finds a minor to be guilty the court shall, before entering a sentencing order under this Section, make a finding whether the offense committed either: (a) was related to or in furtherance of the

criminal activities of an organized gang or was motivated by the minor's membership in or allegiance to an organized gang, or (b) involved a violation of subsection (a) of Section 12-7.1 of the Criminal Code of 1961, a violation of any Section of Article 24 of the Criminal Code of 1961, or a violation of any statute that involved the wrongful use of a firearm. If the court determines the question in the affirmative, and the court does not commit the minor to the Department of Juvenile Justice, the court shall order the minor to perform community service for not less than 30 hours nor more than 120 hours, provided that community service is available in the jurisdiction and is funded and approved by the county board of the county where the offense was committed. The community service shall include, but need not be limited to, the cleanup and repair of any damage caused by a violation of Section 21-1.3 of the Criminal Code of 1961 and similar damage to property located in the municipality or county in which the violation occurred. When possible and reasonable, the community service shall be performed in the minor's neighborhood. This order shall be in addition to any other order authorized by this Section except for an order to place the minor in the custody of the Department of Juvenile Justice. For the purposes of this Section, "organized gang" has the meaning ascribed to it in Section 10 of the Illinois Streetgang Terrorism Omnibus Prevention Act.
