Sec. 7. (a) Proposals made may either be approved or rejected by the State Treasurer. A bank or savings and loan association whose proposal is approved shall be eligible to become a State depository for the class or classes of funds covered by its proposal. A bank or savings and loan association whose proposal is rejected shall not be so eligible. The State Treasurer shall seek to have at all times a total of not less than 20 banks or savings and loan associations which are approved as State depositories for time deposits.

(b) The State Treasurer may, in his discretion, accept a proposal from an eligible institution which provides for a reduced rate of interest provided that such institution documents the use of deposited funds for community development projects.

(b-5) The State Treasurer may, in his or her discretion, accept a proposal from an eligible institution that provides for a reduced rate of interest, provided that such institution agrees to expend an amount of money equal to the amount of the reduction for the preservation of Cahokia Mounds.

(b-10) The State Treasurer may, in his or her discretion, accept a proposal from an eligible institution that provides for a reduced rate of interest, provided that the institution agrees to expend an amount of money equal to the amount of the reduction for senior centers.

(c) The State Treasurer may, in his or her discretion, accept a proposal from an eligible institution that

provides for interest earnings on deposits of State moneys to be held by the institution in a separate account that the State Treasurer may use to secure up to 10% of any (i) home loans to Illinois citizens purchasing or refinancing a home in Illinois in situations where the participating financial institution would not offer the borrower a home loan under the institution's prevailing credit standards without the incentive of a reduced rate of interest on deposits of State moneys, (ii) existing home loans of Illinois citizens who have failed to make payments on a home loan as a result of a financial hardship due to circumstances beyond the control of the borrower where there is a reasonable prospect that the borrower will be able to resume full mortgage payments, and (iii) loans in amounts that do not exceed the amount of arrearage on a mortgage and that are extended to enable a borrower to become current on his or her mortgage obligation.

The following factors shall be considered by the participating financial institution to determine whether the financial hardship is due to circumstances beyond the control of the borrower: (i) loss, reduction, or delay in the receipt of income because of the death or disability of a person who contributed to the household income, (ii) expenses actually incurred related to the uninsured damage or costly repairs to the mortgaged premises affecting its habitability, (iii) expenses related to the death or illness in the borrower's household or of family members living outside the household that reduce the amount of household income, (iv) loss of income or a substantial increase in total housing expenses because of divorce, abandonment, separation from a spouse, or failure to support a spouse or child, (v) unemployment or underemployment, (vi) loss, reduction, or delay in the receipt of federal, State, or other government benefits, and (vii) participation by the homeowner in a recognized labor action such as a strike. In determining whether there is a reasonable prospect that the borrower will be able to resume full mortgage payments, the participating financial institution shall consider factors including, but not necessarily limited to the following: (i) a favorable work and credit history, (ii) the borrower's ability to and history of paying the mortgage when employed, (iii) the lack of an impediment or disability that prevents reemployment, (iv) new education and training opportunities, (v) non-cash benefits that may reduce household expenses, and (vi) other debts.

For the purposes of this Section, "home loan" means a loan, other than an open-end credit plan or a reverse mortgage transaction, for which (i) the principal amount of the loan does not exceed ~~50%~~ of the conforming loan size limit ~~for a single family dwelling~~ as established from time to time by the Federal National Mortgage Association, (ii) the borrower is a natural person, (iii) the debt is incurred by the borrower primarily for personal, family, or household purposes, and (iv) the loan is secured by a mortgage or deed of trust on real estate upon which there is located or there is to be located a structure designed principally for the occupancy of no more than 4 families and that is or will be occupied by the borrower as the borrower's principal dwelling.

(d) If there is an agreement between the State Treasurer and an eligible institution that details the use of deposited funds, the agreement may not require the gift of money, goods, or services to a third party; this provision does not restrict the eligible institution from contracting with third parties in order to carry out the intent of the agreement or restrict the State Treasurer from placing requirements upon third-party contracts entered into by the eligible institution.

Sec. 11-406. Duty to report accident.

(a) The driver of a vehicle that is in any manner involved in an accident within this State, resulting in injury to or death of any person, or in which damage to the property of any one person, including himself,

in excess of \$1,500 (or \$500 if any of the vehicles involved in the accident is subject to Section 7-601 but is not covered by a liability insurance policy in accordance with Section 7-601) \$500 is sustained, shall, as soon as possible but not later than 10 days after the accident, forward a written report of the accident to the Administrator.

(c) The Administrator may require any driver, occupant or owner of a vehicle involved in an accident of which report must be made as provided in this Section or Section 11-410 of this Chapter to file supplemental reports whenever the original report is insufficient in the opinion of the Secretary of State or the Administrator, and may require witnesses of the accident to submit written reports to the Administrator. The report may include photographs, charts, sketches, and graphs.

(d) Should the Administrator learn through other reports of accidents required by law of the occurrence of an accident reportable under this Article and the driver, owner, or witness has not reported as required under Subsections (a), (b) or (c) of this Section or Section 11-410, within the time specified, the person is not relieved of the responsibility and the Administrator shall notify the person by first class mail directed to his last known address of his legal obligation. However, the notification is not a condition precedent to impose the penalty for failure to report as provided in Subsection (e).

The foregoing motion prevailed and Amendment No. 2 was adopted.

There being no further amendments, the foregoing Amendments numbered 1 and 2 were ordered engrossed; and the bill, as amended, was advanced to the order of Third Reading.

HOUSE BILL 4545. Having been reproduced, was taken up and read by title a second time.

The following amendments were offered in the Committee on Local Government, adopted and reproduced:

AMENDMENT NO. 1. Amend House Bill 4545 by replacing everything after the enacting clause with the following:

"Section 5. The Counties Code is amended by adding Section 5-1062.3 as follows:

(55 ILCS 5/5-1062.3 new)

Sec. 5-1062.3. Stormwater management; Peoria.

(a) The purpose of this Section is to allow management and mitigation of the effects of urbanization on stormwater drainage in Peoria County and references to "county" in this Section apply only to that county. The purpose of this Section shall be achieved by:

(1) Consolidating the existing stormwater management framework into a united, countywide structure.

(2) Setting minimum standards for floodplain and stormwater management.

(3) Preparing a countywide plan for the management of stormwater runoff, including the management of natural and man-made drainageways. The countywide plan may incorporate watershed plans.

(b) A stormwater management planning committee may be established by county board resolution, with its membership consisting of equal numbers of county board and municipal representatives from each county board district, and such other members as may be determined by the county and municipal members. The county board may by ordinance divide the county into not less than 6 areas of approximately equal population, to be used instead of county board districts for the purpose of determining representation on the stormwater management planning committee.

The county board members shall be appointed by the chairman of the county board. Municipal members from each county board district or other represented area shall be appointed by a majority vote of the mayors of those municipalities that have the greatest percentage of their respective populations residing in

that county board district or other represented area. All municipal and county board representatives shall be entitled to a vote; the other members shall be nonvoting members, unless authorized to vote by the unanimous consent of the municipal and county board representatives. A municipality that is located in more than one county may choose, at the time of formation of the stormwater management planning committee and based on watershed boundaries, to participate in the stormwater management planning program of either or both of the counties. Subcommittees of the stormwater management planning committee may be established to serve a portion of the county or a particular drainage basin that has similar stormwater management needs. The stormwater management planning committee shall adopt bylaws, by a majority vote of the county and municipal members, to govern the functions of the committee and its subcommittees. Officers of the committee shall include a chair and vice chair, one of whom shall be a county representative and one a municipal representative.

The principal duties of the committee shall be to develop a stormwater management plan for presentation to and approval by the county board, and to direct the plan's implementation and revision. The committee may retain engineering, legal, and financial advisors and inspection personnel. The committee shall meet at least quarterly and shall hold at least one public meeting during the preparation of the plan and prior to its submittal to the county board. The committee may make grants to units of local government that have adopted an ordinance requiring actions consistent with the stormwater management plan and to landowners for the purposes of stormwater management, including special projects; use of the grant money must be consistent with the stormwater management plan.

The committee shall not have or exercise any power of eminent domain.

(c) In the preparation of a stormwater management plan, a county stormwater management planning committee shall coordinate the planning process with each adjoining county to ensure that recommended stormwater projects will have no significant impact on the levels or flows of stormwaters in inter-county watersheds or on the capacity of existing and planned stormwater retention facilities. An adopted stormwater management plan shall identify steps taken by the county to coordinate the development of plan recommendations with adjoining counties.

(d) The stormwater management committee may not enforce any rules or regulations that would interfere with (i) any power granted by the Illinois Drainage Code (70 ILCS 605/) to operate, construct, maintain, or improve drainage systems or (ii) the ability to operate, maintain, or improve the drainage systems used on or by land or a facility used for production agriculture purposes, as defined in the Use Tax Act (35 ILCS 105/), except newly constructed buildings and newly installed impervious paved surfaces. Disputes regarding an exception shall be determined by a mutually agreed upon arbitrator paid by the disputing party or parties.

(e) Before the stormwater management planning committee recommends to the county board a stormwater management plan for the county or a portion thereof, it shall submit the plan to the Office of Water Resources of the Department of Natural Resources for review and recommendations. The Office, in reviewing the plan, shall consider such factors as impacts on the levels or flows in rivers and streams and the cumulative effects of stormwater discharges on flood levels. The Office of Water Resources shall determine whether the plan or ordinances enacted to implement the plan complies with the requirements of subsection (f). Within a period not to exceed 60 days, the review comments and recommendations shall be submitted to the stormwater management planning committee for consideration. Any amendments to the plan shall be submitted to the Office for review.

(f) Prior to recommending the plan to the county board, the stormwater management planning committee shall hold at least one public hearing thereon and shall afford interested persons an opportunity to be heard. The hearing shall be held in the county seat. Notice of the hearing shall be published at least once no less than 15 days in advance of the hearing in a newspaper of general circulation published in the county. The notice shall state the time and place of the hearing and the place where copies of the proposed plan will be accessible for examination by interested parties. If an affected municipality having a stormwater management plan adopted by ordinance wishes to protest the proposed county plan provisions, it shall appear at the hearing and submit in writing specific proposals to the stormwater management planning committee. After consideration of the matters raised at the hearing, the committee may amend or approve the plan and recommend it to the county board for adoption.

The county board may enact the proposed plan by ordinance. If the proposals for modification of the plan made by an affected municipality having a stormwater management plan are not included in the proposed county plan, and the municipality affected by the plan opposes adoption of the county plan by resolution of its corporate authorities, approval of the county plan shall require an affirmative vote of at least two-thirds of the county board members present and voting. If the county board wishes to amend the

county plan, it shall submit in writing specific proposals to the stormwater management planning committee. If the proposals are not approved by the committee, or are opposed by resolution of the corporate authorities of an affected municipality having a municipal stormwater management plan, amendment of the plan shall require an affirmative vote of at least two-thirds of the county board members present and voting.

(g) The county board may prescribe by ordinance reasonable rules and regulations for floodplain management and for governing the location, width, course, and release rate of all stormwater runoff channels, streams, and basins in the county, in accordance with the adopted stormwater management plan. Land, facilities, and drainage district facilities used for production agriculture as defined in subsection (d) shall not be subjected to regulation by the county board or stormwater management committee under this Section for floodplain management and for governing location, width, course, maintenance, and release rate of stormwater runoff channels, streams and basins, or water discharged from a drainage district. These rules and regulations shall, at a minimum, meet the standards for floodplain management established by the Office of Water Resources and the requirements of the Federal Emergency Management Agency for participation in the National Flood Insurance Program. The Commission may not impose more stringent regulations regarding water quality on entities discharging in accordance with a valid National Pollution Discharge Elimination System permit issued under the Environmental Protection Act.

(h) In accordance with, and if recommended in, the adopted stormwater management plan, the county board may adopt a schedule of fees as may be necessary to mitigate the effects of stormwater runoff based on actual costs. The fees shall not exceed the cost of satisfying the onsite stormwater retention or detention requirements of the adopted stormwater management plan. The fees shall be used to finance activities undertaken by the county or its included municipalities to mitigate the effects of urban stormwater runoff by providing regional stormwater retention or detention facilities, as identified in the county plan. The county board shall provide for a credit or reduction in fees for any onsite retention, detention, drainage district assessments, or other similar stormwater facility consistent with the stormwater management ordinance. Developers are exempt from any fees under this Section if the new development satisfies onsite retention or detention pursuant to any other local ordinance addressing erosion, sediment, or stormwater control and Illinois Environmental Protection Agency regulations that place the development into compliance with the National Pollutant Discharge Elimination System (NPDES) permit program at the time of the dedication of public infrastructure. All these fees collected by the county shall be held in a separate fund, and shall be expended only in the watershed within which they were collected.

(i) For the purpose of implementing this Section and for the development, design, planning, construction, operation, and maintenance of stormwater facilities provided for in the stormwater management plan, a county board that has established a stormwater management planning committee pursuant to this Section may cause an annual tax of not to exceed 0.20% of the value, as equalized or assessed by the Department of Revenue, of all taxable property in the county to be levied upon all the taxable property in the county or occupation and use taxes of 1/10 of one cent. The property tax shall be in addition to all other taxes authorized by law to be levied and collected in the county and shall be in addition to the maximum tax rate authorized by law for general county purposes. The 0.20% limitation provided in this Section may be increased or decreased by referendum in accordance with the provisions of Sections 18-120, 18-125, and 18-130 of the Property Tax Code (35 ILCS 200/).

Any revenues generated as a result of ownership or operation of facilities or land acquired with the tax funds collected pursuant to this subsection shall be held in a separate fund and be used either to abate such property tax or for implementing this Section.

However, the tax authorized by this subsection shall not be levied until the question of its adoption, either for a specified period or indefinitely, has been submitted to the electors thereof and approved by a majority of those voting on the question. This question may be submitted at any election held in the county after the adoption of a resolution by the county board providing for the submission of the question to the electors of the county. The county board shall certify the resolution and proposition to the proper election officials, who shall submit the proposition at an election in accordance with the general election law. If a majority of the votes cast on the question is in favor of the levy of the tax, it may thereafter be levied in the county for the specified period or indefinitely, as provided in the proposition. The question shall be put in substantially the following form:

Shall an annual tax be levied for stormwater management purposes (for a period of not more than years) at a rate not exceeding% of the equalized assessed value of the taxable property of Peoria County?

Or this question may be submitted at any election held in the county after the adoption of a resolution by

the county board providing for the submission of the question to the electors of the county to authorize use and occupation taxes of 1/10 of one cent:

Shall use and occupation taxes be raised for stormwater management purposes (for a period of not more than years) at a rate of 1/10 of one cent for taxable goods in Peoria County?

Votes shall be recorded as Yes or No.

(j) If the county adopts a property tax in accordance with the provisions in this Section, the stormwater management committee shall offer property tax abatements or incentive payments to property owners who construct, maintain, and use approved stormwater management devices. If the county adopts use and occupation taxes in accordance with the provisions of this Section, the stormwater management committee may offer tax rebates or incentive payments to property owners who construct, maintain, and use approved stormwater management devices. The stormwater management committee is authorized to offer credits to the property tax, if applicable, based on authorized practices consistent with the stormwater management plan and approved by the committee. Expenses of staff of a stormwater management committee that are expended on regulatory project review may be no more than 20% of the annual budget of the committee, including funds raised under subsections (h) and (i).

(k) If the county has adopted a county stormwater management plan under this Section it may, after 10 days written notice receiving consent of the owner or occupant, enter upon any lands or waters within the county for the purpose of inspecting stormwater facilities or causing the removal of any obstruction to an affected watercourse. If consent is denied or cannot be reasonably obtained, the county ordinance shall provide a process or procedure for an administrative warrant to be obtained. The county shall be responsible for any damages occasioned thereby.

(l) Upon petition of the municipality, and based on a finding of the stormwater management planning committee, the county shall not enforce rules and regulations adopted by the county in any municipality located wholly or partly within the county that has a municipal stormwater management ordinance that is consistent with and at least as stringent as the county plan and ordinance, and is being enforced by the municipal authorities. On issues that the county ordinance is more stringent as deemed by the committee, the county shall only enforce rules and regulations adopted by the county on the more stringent issues and accept municipal permits. The county shall have no more than 60 days to review permits or the permits shall be deemed approved.

(m) The county may issue general obligation bonds for implementing any stormwater plan adopted under this Section in the manner prescribed in Section 5-1012; except that the referendum requirement of Section 5-1012 does not apply to bonds issued pursuant to this Section on which the principal and interest are to be paid entirely out of funds generated by the taxes and fees authorized by this Section.

(n) The powers authorized by this Section may be implemented by the county board for a portion of the county subject to similar stormwater management needs.

(o) The powers and taxes authorized by this Section are in addition to the powers and taxes authorized by Division 5-15; in exercising its powers under this Section, a county shall not be subject to the restrictions and requirements of that Division.

Section 99. Effective date. This Act takes effect upon becoming law."

AMENDMENT NO. 2. Amend House Bill 4545, AS AMENDED, with reference to page and line numbers of House Amendment No. 1, on page 12, immediately below line 13, by inserting the following:

"Notwithstanding any other rulemaking authority that may exist, neither the Governor nor any agency or agency head under the jurisdiction of the Governor has any authority to make or promulgate rules to implement or enforce the provisions of this amendatory Act of the 95th General Assembly. If, however, the Governor believes that rules are necessary to implement or enforce the provisions of this amendatory Act of the 95th General Assembly, the Governor may suggest rules to the General Assembly by filing them with the Clerk of the House and the Secretary of the Senate and by requesting that the General Assembly authorize such rulemaking by law, enact those suggested rules into law, or take any other appropriate action in the General Assembly's discretion. AMENDMENT NO. 1. Amend House Bill 4369 by replacing everything after the enacting clause with the following:

"Section 1. Short title. This Act may be cited as the Commission on the Elimination of Poverty Act.

Section 5. Legislative Findings. It is the goal of the State of Illinois that all people be free from poverty.

Freedom from poverty is a human right. The preamble to the Constitution of the State of Illinois states that the elimination of poverty and inequality are among the core goals of our State government. The Illinois Human Rights Act states that the public policy of the State of Illinois is "to promote the public health, welfare and safety by protecting the interest of all people in Illinois in maintaining personal dignity, in realizing their full productive capacities, and in furthering their interests, rights and privileges as citizens of this State". The State of Illinois is a party to all international human rights treaties signed and ratified by the United States.

Illinois is one of the wealthiest states in the United States, yet it has one of the highest rates of poverty and extreme poverty in the Midwest. The poverty level in 2007 was \$20,620 or less per year for a family of 4 and \$10,310 or less per year for a family of 4 in extreme poverty. In 2006 just under 1,400,000 people residing in Illinois were living in poverty and over 687,000 people residing in Illinois were living in extreme poverty. There are people living in extreme poverty in every Illinois county.

Full participation in civic life cannot be achieved without those things that protect and preserve human dignity and make for a healthy life, including adequate nutrition and housing, meaningful work, safe communities, health care, and education.

Illinois has no comprehensive plan for the elimination of extreme poverty.

Section 10. Commission on the Elimination of Poverty. The Commission on the Elimination of Poverty is created. The purpose of the Commission is to comprehensively address poverty in Illinois consistent with international human rights standards. The initial goal of the Commission is to develop a poverty elimination strategic plan to reduce extreme poverty in Illinois by 50% or more by 2015. In developing the overall strategic plan, and in working toward the goal of reducing extreme poverty in Illinois by at least 50% by 2015, the Commission shall address, at a minimum, all of the following:

- (1) Access to safe, decent and affordable housing.
- (2) Access to adequate food and nutrition.
- (3) Access to affordable and quality health care.
- (4) Equal access to quality education and training.
- (5) Dependable and affordable transportation.
- (6) Access to quality and affordable child care.
- (7) Opportunities to engage in meaningful and sustainable work that pays a living wage.
- (8) The availability of adequate income supports.

The strategic plan shall include specific policy and fiscal recommendations and a timeline for each stage of implementation for each recommendation. For each recommendation, the Commission shall identify in measurable terms the actual or potential impact. The Commission may review and may make comments and recommendations on existing or proposed programs, policies, administrative rules, and statutes that have an impact on poverty in Illinois and, in particular, people living in extreme poverty.

Section 15. Members; terms. The Commission on the Elimination of Poverty shall be composed of no more than 26 voting members including 2 members of the Illinois House of Representatives, one appointed by the Speaker of the House and one appointed by the House Minority Leader; 2 members of the Illinois Senate, one appointed by the Senate President and one appointed by the Senate Minority Leader; one representative of the Office of the Governor appointed by the Governor; one representative of the Office of

the Lieutenant Governor appointed by the Lieutenant Governor; and 20 public members, 4 of whom shall be appointed by the Governor, 4 of whom shall be appointed by the Speaker of the House, 4 of whom shall be appointed by the House Minority Leader, 4 of whom shall be appointed by the Senate President, and 4 of whom shall be appointed by the Senate Minority Leader. It shall be determined by lot who will appoint which public members of the Commission. The public members shall include a representative of a service-based human rights organization; 2 representatives from anti-poverty organizations, including one that focuses on rural poverty; 2 individuals who have experienced extreme poverty; a representative of an organization that advocates for health care access, affordability and availability; a representative of an organization that advocates for persons with mental illness; a representative of an organization that advocates for children and youth; a representative of an organization that advocates for quality and equality in education; a representative of an organization that advocates for people who are homeless; a representative of a statewide anti-hunger organization; a person with a disability; a representative of an organization that advocates for persons with disabilities; a representative of an organization that advocates for immigrants; a representative of a statewide faith-based organization that provides direct social services in Illinois; a representative of an organization that advocates for economic security for women; a representative of an organization that advocates for older adults; a representative of a labor organization that represents primarily low and middle-income wage earners; a representative of a municipal or county government; and a representative of township government. The appointed members shall reflect the racial, gender, and geographic diversity of the State and shall include representation from regions of the State experiencing the highest rates of extreme poverty.

The following officials shall serve as ex-officio members: the Secretary of Human Services or his or her designee; the Director of Corrections or his or her designee; the Director of Healthcare and Family Services or his or her designee; the Director of Human Rights or his or her designee; the Director of Children and Family Services or his or her designee; the Director of Commerce and Economic Opportunity or his or her designee; the State Superintendent of Education or his or her designee; the Director of Aging or his or her designee; the Director of Public Health or his or her designee; and the Director of Employment Security or his or her designee. The State Workforce Investment Board, the African-American Family Commission, and the Latino Family Commission shall each designate a liaison to serve ex-officio on the Commission.

Members shall serve without compensation, but, subject to the availability of funds, public members may be reimbursed for reasonable and necessary travel expenses connected to Commission business.

Commission members shall be appointed within 60 days after the effective date of this Act. The Commission shall hold its initial meeting within 30 days after at least 50% of the voting members have been appointed.
