(230 ILCS 5/54.5)

(Section scheduled to be repealed on May 26, 2008)

Sec. 54.5. Horse Racing Equity Trust Fund.

(a) There is created a Fund to be known as the Horse Racing Equity Trust Fund, which is a non-appropriated trust fund held separate and apart from State moneys. The Fund shall consist of moneys paid into it by owners licensees under the Riverboat Gambling Act for the purposes described in this Section. The Fund shall be administered by the Board. Moneys in the Fund shall be distributed as directed and certified by the Board in accordance with the provisions of subsection (b).

(b) The moneys deposited into the Fund, plus any accrued interest on those moneys, shall be distributed within 10 days after those moneys are deposited into the Fund as follows:

(1) Sixty percent of all moneys distributed under this subsection shall be distributed to organization licensees to be distributed at their race meetings as purses. Fifty-seven percent of the amount distributed under this paragraph (1) shall be distributed for thoroughbred race meetings and 43%

shall be distributed for standardbred race meetings. Within each breed, moneys shall be allocated to each organization licensee's purse fund in accordance with the ratio between the purses generated for that breed by that licensee during the prior calendar year and the total purses generated throughout the State for that breed during the prior calendar year by licensees in the current calendar year.

(2) The remaining 40% of the moneys distributed under this subsection (b) shall be distributed as follows:

(A) 11% shall be distributed to any person (or its successors or assigns) who had operating control of a racetrack that conducted live racing in 2002 at a racetrack in a county with at least 230,000 inhabitants that borders the Mississippi River and is a licensee in the current year; and

(B) the remaining 89% shall be distributed pro rata according to the aggregate proportion of total handle from wagering on live races conducted in Illinois (irrespective of where the wagers are placed) for calendar years 2004 and 2005 to any person (or its successors or assigns) who (i) had majority operating control of a racing facility at which live racing was conducted in calendar year 2002, (ii) is a licensee in the current year, and (iii) is not eligible to receive moneys under subparagraph (A) of this paragraph (2).

The moneys received by an organization licensee under this paragraph (2) shall be used by each organization licensee to improve, maintain, market, and otherwise operate its racing facilities to conduct live racing, which shall include backstretch services and capital improvements related to live racing and the backstretch. Any organization licensees sharing common ownership may pool the moneys received and spent at all racing facilities commonly owned in order to meet these requirements.

If any person identified in this paragraph (2) becomes ineligible to receive moneys from the Fund, such amount shall be redistributed among the remaining persons in proportion to their percentages otherwise calculated.

(c) The Board shall monitor organization licensees to ensure that moneys paid to organization licensees under this Section are distributed by the organization licensees as provided in subsection (b).

(d) This Section is repealed on July 1, 2011 2 years after the effective date of this amendatory Act of the 94th General Assembly.

(e) Notwithstanding any other rulemaking authority that may exist, neither the Governor nor any agency or agency head under the jurisdiction of the Governor has any authority to make or promulgate rules to implement or enforce the provisions of this amendatory Act of the 95th General Assembly. If, however, the Governor believes that rules are necessary to implement or enforce the provisions of this amendatory Act of the 95th General Assembly, the Governor may suggest rules to the General Assembly by filing them with the Clerk of the House and the Secretary of the Senate and by requesting that the General Assembly authorize such rulemaking by law, enact those suggested rules into law, or take any other appropriate action in the General Assembly's discretion. Nothing contained in this amendatory Act of the 95th General Assembly shall be interpreted to grant rulemaking authority under any other Illinois statute where such authority is not otherwise explicitly given. For the purposes of this amendatory Act of the 95th General Assembly, "rules" is given the meaning contained in Section 1-70 of the Illinois Administrative Procedure Act, and "agency" and "agency head" are given the meanings contained in Sections 1-20 and 1-25 of the Illinois Administrative Procedure Act to the extent that such definitions apply to agencies or agency heads under the jurisdiction of the Governor.

- (b) In determining whether to grant an owners license to an applicant, the Board shall consider:
- (1) the character, reputation, experience and financial integrity of the applicants and of any other or separate person that either:
 - (A) controls, directly or indirectly, such applicant, or
 - (B) is controlled, directly or indirectly, by such applicant or by a person which controls, directly or indirectly, such applicant;
 - (2) the facilities or proposed facilities for the conduct of riverboat gambling;
 - (3) the highest prospective total revenue to be derived by the State from the conduct of riverboat gambling;
 - (4) the extent to which the ownership of the applicant reflects the diversity of the State by including minority persons and females and the good faith affirmative action plan of each applicant to recruit, train and upgrade minority persons and females in all employment classifications;
 - (5) the financial ability of the applicant to purchase and maintain adequate liability and casualty insurance;
 - (6) whether the applicant has adequate capitalization to provide and maintain, for the duration of a license, a riverboat;
 - (7) the extent to which the applicant exceeds or meets other standards for the issuance of an owners license which the Board may adopt by rule; and
 - (8) The amount of the applicant's license bid.
- (c) Each owners license shall specify the place where riverboats shall operate and dock.
- (d) Each applicant shall submit with his application, on forms provided by the Board, 2 sets of his fingerprints.
- (e) The Board may issue up to 10 licenses authorizing the holders of such licenses to own riverboats. In the application for an owners license, the applicant shall state the dock at which the riverboat is based and the water on which the riverboat will be located. The Board shall issue 5 licenses to become effective not earlier than January 1, 1991. Three of such licenses shall authorize riverboat gambling on the Mississippi River, or, with approval by the municipality in which the riverboat was docked on August 7, 2003 and with Board approval, be authorized to relocate to a new location, in a municipality that (1) borders on the Mississippi River or is within 5 miles of the city limits of a municipality that borders on the Mississippi River and (2), on August 7, 2003, had a riverboat conducting riverboat gambling operations pursuant to a license issued under this Act; one of which shall authorize riverboat gambling from a home dock in the city of East St. Louis. One other license shall authorize riverboat gambling on the Illinois River south of Marshall County. The Board shall issue one additional license to become effective not earlier than March 1, 1992, which shall authorize riverboat gambling on the Des Plaines River in Will County. The Board may issue 4 additional licenses to become effective not earlier than March 1, 1992. In determining the water

upon which riverboats will operate, the Board shall consider the economic benefit which riverboat gambling confers on the State, and shall seek to assure that all regions of the State share in the economic benefits of riverboat gambling.

In granting all licenses, the Board may give favorable consideration to economically depressed areas of the State, to applicants presenting plans which provide for significant economic development over a large geographic area, and to applicants who currently operate non-gambling riverboats in Illinois. The Board shall review all applications for owners licenses, and shall inform each applicant of the Board's decision. The Board may grant an owners license to an applicant that has not submitted the highest license bid, but if it does not select the highest bidder, the Board shall issue a written decision explaining why another applicant was selected and identifying the factors set forth in this Section that favored the winning bidder.

In addition to any other revocation powers granted to the Board under this Act, the Board may revoke the owners license of a licensee which fails to begin conducting gambling within 15 months of receipt of the Board's approval of the application if the Board determines that license revocation is in the best interests of the State.

(f) The first 10 owners licenses issued under this Act shall permit the holder to own up to 2 riverboats and equipment thereon for a period of 3 years after the effective date of the license. Holders of the first 10 owners licenses must pay the annual license fee for each of the 3 years during which they are authorized to own riverboats.

(g) Upon the termination, expiration, or revocation of each of the first 10 licenses, which shall be issued for a 3 year period, all licenses are renewable annually upon payment of the fee and a determination by the Board that the licensee continues to meet all of the requirements of this Act and the Board's rules. However, for licenses renewed on or after May 1, 1998, renewal shall be for a period of 4 years, unless the Board sets a shorter period.

(h) An owners license shall entitle the licensee to own up to 2 riverboats. A licensee shall limit the number of gambling participants to 1,200 for any such owners license. A licensee may operate both of its riverboats concurrently, provided that the total number of gambling participants on both riverboats does not exceed 1,200. Riverboats licensed to operate on the Mississippi River and the Illinois River south of Marshall County shall have an authorized capacity of at least 500 persons. Any other riverboat licensed under this Act shall have an authorized capacity of at least 400 persons.

(i) A licensed owner is authorized to apply to the Board for and, if approved therefor, to receive all licenses from the Board necessary for the operation of a riverboat, including a liquor license, a license to prepare and serve food for human consumption, and other necessary licenses. All use, occupation and excise taxes which apply to the sale of food and beverages in this State and all taxes imposed on the sale or use of tangible personal property apply to such sales aboard the riverboat.

(j) The Board may issue or re-issue a license authorizing a riverboat to dock in a municipality or approve a relocation under Section 11.2 only if, prior to the issuance or re-issuance of the license or approval, the governing body of the municipality in which the riverboat will dock has by a majority vote approved the docking of riverboats in the municipality. The Board may issue or re-issue a license authorizing a riverboat to dock in areas of a county outside any municipality or approve a relocation under Section 11.2 only if, prior to the issuance or re-issuance of the license or approval, the governing body of the county has by a majority vote approved of the docking of riverboats within such areas.

(k) Notwithstanding any other rulemaking authority that may exist, neither the Governor nor any agency or agency head under the jurisdiction of the Governor has any authority to make or promulgate rules to implement or enforce the provisions of this amendatory Act of the 95th General Assembly. If, however, the Governor believes that rules are necessary to implement or enforce the provisions of this amendatory Act of the 95th General Assembly, the Governor may suggest rules to the General Assembly by filing them with the Clerk of the House and the Secretary of the Senate and by requesting that the General Assembly authorize such rulemaking by law, enact those suggested rules into law, or take any other appropriate action in the General Assembly's discretion. Nothing contained in this amendatory Act of the 95th General Assembly shall be interpreted to grant rulemaking authority under any other Illinois statute where such authority is not otherwise explicitly given. For the purposes of this amendatory Act of the 95th General Assembly, "rules" is given the meaning contained in Section 1-70 of the Illinois Administrative Procedure Act, and "agency" and "agency head" are given the meanings contained in Sections 1-20 and 1-25 of the Illinois Administrative Procedure Act to the extent that such definitions apply to agencies or agency heads under the jurisdiction of the Governor.

(a-1) From January 1, 1998 until July 1, 2002, a privilege tax is imposed on persons engaged in the business of conducting riverboat gambling operations, based on the adjusted gross receipts received by a licensed owner from gambling games authorized under this Act at the following rates:

- 15% of annual adjusted gross receipts up to and including \$25,000,000;

(a-2) From July 1, 2002 until July 1, 2003, a privilege tax is imposed on persons engaged in the business of conducting riverboat gambling operations, other than licensed managers conducting riverboat gambling operations on behalf of the State, based on the adjusted gross receipts received by a licensed owner from gambling games authorized under this Act at the following rates:

- 15% of annual adjusted gross receipts up to and including \$25,000,000;
- 22.5% of annual adjusted gross receipts in excess of \$25,000,000 but not exceeding \$50,000,000;

(a-3) Beginning July 1, 2003, a privilege tax is imposed on persons engaged in the business of conducting riverboat gambling operations, other than licensed managers conducting riverboat gambling operations on behalf of the State, based on the adjusted gross receipts received by a licensed owner from gambling games authorized under this Act at the following rates:

- 70% of annual adjusted gross receipts in excess of \$250,000,000.

An amount equal to the amount of wagering taxes collected under this subsection (a-3) that are in addition to the amount of wagering taxes that would have been collected if the wagering tax rates under subsection (a-2) were in effect shall be paid into the Common School Fund.

The privilege tax imposed under this subsection (a-3) shall no longer be imposed beginning on the earlier of (i) July 1, 2005; (ii) the first date after June 20, 2003 that riverboat gambling operations are conducted pursuant to a dormant license; or (iii) the first day that riverboat gambling operations are conducted under the authority of an owners license that is in addition to the 10 owners licenses initially authorized under this Act. For the purposes of this subsection (a-3), the term "dormant license" means an owners license that is authorized by this Act under which no riverboat gambling operations are being conducted on June 20, 2003.

(a-4) Beginning on the first day on which the tax imposed under subsection (a-3) is no longer imposed, a

privilege tax is imposed on persons engaged in the business of conducting riverboat gambling operations, other than licensed managers conducting riverboat gambling operations on behalf of the State, based on the adjusted gross receipts received by a licensed owner from gambling games authorized under this Act at the following rates:

- 15% of annual adjusted gross receipts up to and including \$25,000,000;
- 22.5% of annual adjusted gross receipts in excess of \$25,000,000 but not exceeding \$50,000,000;
- 27.5% of annual adjusted gross receipts in excess of \$50,000,000 but not exceeding \$75,000,000;
- 32.5% of annual adjusted gross receipts in excess of \$75,000,000 but not exceeding \$100,000,000;
- 37.5% of annual adjusted gross receipts in excess of \$100,000,000 but not exceeding \$150,000,000;
- 45% of annual adjusted gross receipts in excess of \$150,000,000 but not exceeding \$200,000,000;
- 50% of annual adjusted gross receipts in excess of \$200,000,000.

(a-8) Riverboat gambling operations conducted by a licensed manager on behalf of the State are not subject to the tax imposed under this Section.

(a-10) The taxes imposed by this Section shall be paid by the licensed owner to the Board not later than 3:00 o'clock p.m. of the day after the day when the wagers were made.

(a-15) If the privilege tax imposed under subsection (a-3) is no longer imposed pursuant to item (i) of the last paragraph of subsection (a-3), then by June 15 of each year, each owners licensee, other than an owners licensee that admitted 1,000,000 persons or fewer in calendar year 2004, must, in addition to the payment of all amounts otherwise due under this Section, pay to the Board a reconciliation payment in the amount, if any, by which the licensed owner's base amount exceeds the amount of net privilege tax paid by the licensed owner to the Board in the then current State fiscal year. A licensed owner's net privilege tax obligation due for the balance of the State fiscal year shall be reduced up to the total of the amount paid by the licensed owner in its June 15 reconciliation payment. The obligation imposed by this subsection (a-15) is binding on any person, firm, corporation, or other entity that acquires an ownership interest in any such owners license. The obligation imposed under this subsection (a-15) terminates on the earliest of: (i) July 1, 2007, (ii) the first day after the effective date of this amendatory Act of the 94th General Assembly that riverboat gambling operations are conducted pursuant to a dormant license, (iii) the first day that riverboat gambling operations are conducted under the authority of an owners license that is in addition to the 10 owners licenses initially authorized under this Act, or (iv) the first day that a licensee under the Illinois Horse Racing Act of 1975 conducts gaming operations with slot machines or other electronic gaming devices. The Board must reduce the obligation imposed under this subsection (a-15) by an amount the Board deems reasonable for any of the following reasons: (A) an act or acts of God, (B) an act of bioterrorism or terrorism or a bioterrorism or terrorism threat that was investigated by a law enforcement agency, or (C) a condition beyond the control of the owners licensee that does not result from any act or omission by the owners licensee or any of its agents and that poses a hazardous threat to the health and safety of patrons. If an owners licensee pays an amount in excess of its liability under this Section, the Board shall apply the overpayment to future payments required under this Section.

For purposes of this subsection (a-15):

"Act of God" means an incident caused by the operation of an extraordinary force that cannot be foreseen, that cannot be avoided by the exercise of due care, and for which no person can be held liable.

"Base amount" means the following:

- For a riverboat in Alton, \$31,000,000.
- For a riverboat in East Peoria, \$43,000,000.
- For the Empress riverboat in Joliet, \$86,000,000.
- For a riverboat in Metropolis, \$45,000,000.
- For the Harrah's riverboat in Joliet, \$114,000,000.
- For a riverboat in Aurora, \$86,000,000.
- For a riverboat in East St. Louis, \$48,500,000.
- For a riverboat in Elgin, \$198,000,000.

"Dormant license" has the meaning ascribed to it in subsection (a-3).

"Net privilege tax" means all privilege taxes paid by a licensed owner to the Board under this Section, less all payments made from the State Gaming Fund pursuant to subsection (b) of this Section.

The changes made to this subsection (a-15) by Public Act 94-839 are intended to restate and clarify the intent of Public Act 94-673 with respect to the amount of the payments required to be made under this subsection by an owners licensee to the Board.

(b) Until January 1, 1998, 25% of the tax revenue deposited in the State Gaming Fund under this Section shall be paid, subject to appropriation by the General Assembly, to the unit of local government which is designated as the home dock of the riverboat. Beginning January 1, 1998, from the tax revenue deposited in the State Gaming Fund under this Section, an amount equal to 5% of adjusted gross receipts generated by a riverboat shall be paid monthly, subject to appropriation by the General Assembly, to the unit of local government that is designated as the home dock of the riverboat. From the tax revenue deposited in the State Gaming Fund pursuant to riverboat gambling operations conducted by a licensed manager on behalf of the State, an amount equal to 5% of adjusted gross receipts generated pursuant to those riverboat gambling operations shall be paid monthly, subject to appropriation by the General Assembly, to the unit of local government that is designated as the home dock of the riverboat upon which those riverboat gambling operations are conducted.

(c) Appropriations, as approved by the General Assembly, may be made from the State Gaming Fund to the Department of Revenue and the Department of State Police for the administration and enforcement of this Act, or to the Department of Human Services for the administration of programs to treat problem gambling.

(c-5) Before May 26, 2006 (the effective date of Public Act 94-804) and beginning June 30, 2011, unless any organization licensee under the Illinois Horse Racing Act of 1975 begins to operate a slot machine or video game of chance under the Illinois Horse Racing Act of 1975 or this Act 2 years after May 26, 2006 (the effective date of Public Act 94-804), after the payments required under subsections (b) and (c) have been made, an amount equal to 15% of the adjusted gross receipts of (1) an owners licensee that relocates pursuant to Section 11.2, (2) an owners licensee conducting riverboat gambling operations pursuant to an owners license that is initially issued after June 25, 1999, or (3) the first riverboat gambling operations conducted by a licensed manager on behalf of the State under Section 7.3, whichever comes first, shall be paid from the State Gaming Fund into the Horse Racing Equity Fund.

Notwithstanding any other rulemaking authority that may exist, neither the Governor nor any agency or agency head under the jurisdiction of the Governor has any authority to make or promulgate rules to implement or enforce the provisions of this amendatory Act of the 95th General Assembly. If, however, the Governor believes that rules are necessary to implement or enforce the provisions of this amendatory Act of the 95th General Assembly, the Governor may suggest rules to the General Assembly by filing them with the Clerk of the House and the Secretary of the Senate and by requesting that the General Assembly authorize such rulemaking by law, enact those suggested rules into law, or take any other appropriate action in the General Assembly's discretion. Nothing contained in this amendatory Act of the 95th General Assembly shall be interpreted to grant rulemaking authority under any other Illinois statute where such authority is not otherwise explicitly given. For the purposes of this amendatory Act of the 95th General Assembly, "rules" is given the meaning contained in Section 1-70 of the Illinois Administrative Procedure Act, and "agency" and "agency head" are given the meanings contained in Sections 1-20 and 1-25 of the Illinois Administrative Procedure Act to the extent that such definitions apply to agencies or agency heads under the jurisdiction of the Governor.

(c-10) Each year the General Assembly shall appropriate from the General Revenue Fund to the Education Assistance Fund an amount equal to the amount paid into the Horse Racing Equity Fund pursuant to subsection (c-5) in the prior calendar year.

(c-15) After the payments required under subsections (b), (c), and (c-5) have been made, an amount equal to 2% of the adjusted gross receipts of (1) an owners licensee that relocates pursuant to Section 11.2, (2) an owners licensee conducting riverboat gambling operations pursuant to an owners license that is initially issued after June 25, 1999, or (3) the first riverboat gambling operations conducted by a licensed manager on behalf of the State under Section 7.3, whichever comes first, shall be paid, subject to appropriation from the General Assembly, from the State Gaming Fund to each home rule county with a population of over 3,000,000 inhabitants for the purpose of enhancing the county's criminal justice system.

(c-20) Each year the General Assembly shall appropriate from the General Revenue Fund to the Education Assistance Fund an amount equal to the amount paid to each home rule county with a population of over 3,000,000 inhabitants pursuant to subsection (c-15) in the prior calendar year.

(c-25) After the payments required under subsections (b), (c), (c-5) and (c-15) have been made, an amount equal to 2% of the adjusted gross receipts of (1) an owners licensee that relocates pursuant to Section 11.2, (2) an owners licensee conducting riverboat gambling operations pursuant to an owners

license that is initially issued after June 25, 1999, or (3) the first riverboat gambling operations conducted by a licensed manager on behalf of the State under Section 7.3, whichever comes first, shall be paid from the State Gaming Fund to Chicago State University.

(d) From time to time, the Board shall transfer the remainder of the funds generated by this Act into the Education Assistance Fund, created by Public Act 86-0018, of the State of Illinois.

(e) Nothing in this Act shall prohibit the unit of local government designated as the home dock of the riverboat from entering into agreements with other units of local government in this State or in other states to share its portion of the tax revenue.

(f) To the extent practicable, the Board shall administer and collect the wagering taxes imposed by this Section in a manner consistent with the provisions of Sections 4, 5, 5a, 5b, 5c, 5d, 5e, 5f, 5g, 5i, 5j, 6, 6a, 6b, 6c, 8, 9, and 10 of the Retailers' Occupation Tax Act and Section 3-7 of the Uniform Penalty and Interest Act.

Representative Fortner offered the following amendment and moved its adoption:

AMENDMENT NO. 3. Amend House Bill 5257 by replacing everything after the enacting clause with the following:

"Section 5. The Illinois Power Agency Act is amended by adding Section 1-92 as follows:

(20 ILCS 3855/1-92 new)

Sec. 1-92. Aggregation of electrical load by municipalities and counties.

(a) The corporate authorities of a municipality or county board of a county may adopt an ordinance under which it may aggregate in accordance with this Section residential and small commercial retail electrical loads located, respectively, within the municipality or the unincorporated areas of the county and, for that purpose, may solicit bids and enter into service agreements to facilitate for those loads the sale and purchase of electricity and related services and equipment.

The corporate authorities or county board may also exercise such authority jointly with any other municipality or county. Two or more municipalities or counties, or a combination of both, may initiate a process jointly to authorize aggregation by a majority vote of each particular municipality or county as required by this Section.

If the corporate authorities or the county board seek to operate the aggregation program as an opt-out program for residential and small commercial retail customers, then prior to the adoption of an ordinance with respect to aggregation of residential and small commercial retail electric loads, the corporate authorities of a municipality or the county board of a county shall submit a referendum to its residents to determine whether or not the aggregation program shall operate as an opt-out program for residential and

small commercial retail customers.

In addition to the notice and conduct requirements of the general election law, notice of the referendum shall state briefly the purpose of the referendum. The question of whether the corporate authorities or the county board shall adopt an opt-out aggregation program for residential and small commercial retail customers shall be submitted to the electors of the municipality or county board at a regular election and approved by a majority of the electors voting on the question. The corporate authorities or county board must certify to the proper election authority, which must submit the question at an election in accordance with the Election Code.

The election authority must submit the question in substantially the following form:

Shall the (municipality or county in which the question is being voted upon) have the authority to arrange for the supply of electricity for its residential and small commercial retail customers who have not opted out of such program?

The election authority must record the votes as "Yes" or "No".

If a majority of the electors voting on the question vote in the affirmative, then the corporate authorities or county board may implement an opt-out aggregation program for residential and small commercial retail customers.

A referendum must pass in each particular municipality or county that is engaged in the aggregation program. If the referendum fails, then the corporate authorities or county board shall operate the aggregation program as an opt-in program for residential and small commercial retail customers.

An ordinance under this Section shall specify whether the aggregation will occur only with the prior consent of each person owning, occupying, controlling, or using an electric load center proposed to be aggregated. Nothing in this Section, however, authorizes the aggregation of electric loads that are served or authorized to be served by an electric cooperative as defined by and pursuant to the Electric Supplier Act or loads served by a municipality that owns and operates its own electric distribution system. No aggregation shall take effect unless approved by a majority of the members of the corporate authority or county board voting upon the ordinance.

A governmental aggregator under this Section is not a public utility or an alternative retail electric supplier.

(b) Upon the applicable requisite authority under this Section, the corporate authorities or the county board, with assistance from the Illinois Power Agency, shall develop a plan of operation and governance for the aggregation program so authorized. Before adopting a plan under this Section, the corporate authorities or county board shall hold at least 2 public hearings on the plan. Before the first hearing, the corporate authorities or county board shall publish notice of the hearings once a week for 2 consecutive weeks in a newspaper of general circulation in the jurisdiction. The notice shall summarize the plan and state the date, time, and location of each hearing. Any load aggregation plan established pursuant to this Section shall:

(1) provide for universal access to all applicable residential customers and equitable treatment of applicable residential customers;

(2) describe demand management and energy efficiency services to be provided to each class of customers; and

(3) meet any requirements established by law concerning aggregated service offered pursuant to this Section.

(c) The process for soliciting bids for electricity and other related services and awarding proposed agreements for the purchase of electricity and other related services shall be conducted in the following order:

(1) The corporate authorities or county board may solicit bids for electricity and other related services.

(2) Notwithstanding Section 16-122 of the Public Utilities Act and Section 2HH of the Consumer Fraud and Deceptive Business Practices Act, an electric utility that provides residential and small commercial retail electric service in the aggregate area must, upon request of the corporate authorities or the county board in the aggregate area, submit to the requesting party, in an electronic format, those names and addresses of residential and small commercial retail customers in the aggregate area that are reflected in the electric utility's records at the time of the request. Any corporate authority or county board receiving customer information from an electric utility shall be subject to the limitations on the disclosure of the information described in Section 16-122 of the Public Utilities Act and Section 2HH of the Consumer Fraud and Deceptive Business Practices Act, and an electric utility shall not be held liable for any claims arising out of the provision of information pursuant to this item (2).

(d) If the corporate authorities or county board operate under an opt-in program for residential and small

commercial retail customers, then the corporate authorities or county board shall comply with all of the following:

(1) Within 60 days after receiving the bids, the corporate authorities or county board shall allow residential and small commercial retail customers to commit to the terms and conditions of a bid that has been selected by the corporate authorities or county board.

(2) If (A) the corporate authorities or county board award proposed agreements for the purchase of electricity and other related services and (B) an agreement is reached between the corporate authorities or county board for those services, then customers committed to the terms and conditions according to item (1) of this subsection (d) shall be committed to the agreement.

(e) If the corporate authorities or county board operate as an opt-out program for residential and small commercial retail customers, then it shall be the duty of the aggregated entity to fully inform residential and small commercial retail customers in advance that they have the right to opt out of the aggregation program. The disclosure shall prominently state all charges to be made and shall include full disclosure of the cost to obtain service pursuant to Section 16-103 of the Public Utilities Act, how to access it, and the fact that it is available to them without penalty, if they are currently receiving service under that Section. The Illinois Power Agency shall furnish, without charge, to any citizen a list of all supply options available to them in a format that allows comparison of prices and products.

The Illinois Power Agency shall provide assistance to municipalities, counties, or associations working with municipalities to help complete the plan and bidding process.

This Section does not prohibit municipalities or counties from entering into an intergovernmental agreement to aggregate residential and small commercial retail electric loads.

(f) Notwithstanding any other rulemaking authority that may exist, neither the Governor nor any agency or agency head under the jurisdiction of the Governor has any authority to make or promulgate rules to implement or enforce the provisions of this amendatory Act of the 95th General Assembly. If, however, the Governor believes that rules are necessary to implement or enforce the provisions of this amendatory Act of the 95th General Assembly, the Governor may suggest rules to the General Assembly by filing them with the Clerk of the House and the Secretary of the Senate and by requesting that the General Assembly authorize such rulemaking by law, enact those suggested rules into law, or take any other appropriate action in the General Assembly's discretion. Nothing contained in this amendatory Act of the 95th General Assembly shall be interpreted to grant rulemaking authority under any other Illinois statute where such authority is not otherwise explicitly given. For the purposes of this amendatory Act of the 95th General Assembly, "rules" is given the meaning contained in Section 1-70 of the Illinois Administrative Procedure Act, and "agency" and "agency head" are given the meanings contained in Sections 1-20 and 1-25 of the Illinois Administrative Procedure Act to the extent that such definitions apply to agencies or agency heads under the jurisdiction of the Governor.

(625 ILCS 5/5-402.1) (from Ch. 95 1/2, par. 5-402.1)

Sec. 5-402.1. Use of Secretary of State Uniform Invoice for Essential Parts.

(a) Except for scrap processors, every person licensed or required to be licensed under Section 5-101, 5-101.1, 5-102 or 5-301 of this Code shall issue, in a form the Secretary of State may by rule or regulation prescribe, a Uniform Invoice, which may also act as a bill of sale, made out in triplicate with respect to each transaction in which he disposes of an essential part other than quarter panels and transmissions of vehicles of the first division. Such Invoice shall be made out at the time of the disposition of the essential part. If the licensee disposes of several essential parts in the same transaction, the licensee may issue one Uniform Invoice covering all essential parts disposed of in that transaction.

(b) The following information shall be contained on the Uniform Invoice:

- (1) the business name, address and dealer license number of the person disposing of the essential part;
- (2) the name and address of the person acquiring the essential part, and if that person is a dealer, the Illinois or out-of-state dealer license number of that dealer;
- (3) the date of the disposition of the essential part;

(4) the year, make, model, color and description of each essential part disposed of by the person;

(5) the manufacturer's vehicle identification number, Secretary of State identification number or Illinois Department of State Police identification number, for each essential part disposed of by the person;

(6) the printed name and legible signature of the person or agent disposing of the essential part; and

(7) if the person is a dealer the printed name and legible signature of the dealer or his agent or employee accepting delivery of the essential part.

(c) Except for scrap processors, and except as set forth in subsection (d) of this Section, whenever a person licensed or required to be licensed by Section 5-101, 5-101.1, 5-102, or 5-301 accepts delivery of an essential part, other than quarter panels and transmissions of vehicles of the first division, that person shall, at the time of the acceptance or delivery, comply with the following procedures:

(1) Before acquiring or accepting delivery of any essential part, the licensee or his authorized agent or employee shall inspect the part to determine whether the vehicle identification number, Secretary of State identification number, Illinois Department of State Police identification number, or identification plate or sticker attached to or stamped on any part being acquired or delivered has been removed, falsified, altered, defaced, destroyed, or tampered with. If the licensee or his agent or employee determines that the vehicle identification number, Secretary of State identification number, Illinois Department of State Police identification number, identification plate or identification sticker containing an identification number, or Federal Certificate label of an essential part has been removed, falsified, altered, defaced, destroyed or tampered with, the licensee or agent shall not accept or receive that part.

If that part was physically acquired by or delivered to a licensee or his agent or employee while that licensee, agent or employee was outside this State, that licensee or agent or employee shall not bring that essential part into this State or cause it to be brought into this State.

(2) If the person disposing of or delivering the essential part to the licensee is a licensed in-state or out-of-state dealer, the licensee or his agent or employee, after inspecting the essential part as required by paragraph (1) of this subsection (c), shall examine the Uniform Invoice, or bill of sale, as the case may be, to ensure that it contains all the information required to be provided by persons disposing of essential parts as set forth in subsection (b) of this Section. If the Uniform Invoice or bill of sale does not contain all the information required to be listed by subsection (b) of this Section, the dealer disposing of or delivering such part or his agent or employee shall record such additional information or other needed modifications on the Uniform Invoice or bill of sale or, if needed, an attachment thereto. The dealer or his agent or employee delivering the essential part shall initial all additions or modifications to the Uniform Invoice or bill of sale and legibly print his name at the bottom of each document containing his initials. If the transaction involves a bill of sale rather than a Uniform Invoice, the licensee or his agent or employee accepting delivery of or acquiring the essential part shall affix his printed name and legible signature on the space on the bill of sale provided for his signature or, if no space is provided, on the back of the bill of sale. If the dealer or his agent or employee disposing of or delivering the essential part cannot or does not provide all the information required by subsection (b) of this Section, the licensee or his agent or employee shall not accept or receive any essential part for which that required information is not provided. If such essential part for which the information required is not fully provided was physically acquired while the licensee or his agent or employee was outside this State, the licensee or his agent or employee shall not bring that essential part into this State or cause it to be brought into this State.

(3) If the person disposing of the essential part is not a licensed dealer, the licensee or his agent or employee shall, after inspecting the essential part as required by paragraph (1) of subsection (c) of this Section verify the identity of the person disposing of the essential part by examining 2 sources of identification, one of which shall be either a driver's license or state identification card. The licensee or his agent or employee shall then prepare a Uniform Invoice listing all the information required to be provided by subsection (b) of this Section. In the space on the Uniform Invoice provided for the dealer license number of the person disposing of the part, the licensee or his agent or employee shall list the numbers taken from the documents of identification provided by the person disposing of the part. The person disposing of the part shall affix his printed name and legible signature on the space on the Uniform Invoice provided for the person disposing of the essential part and the licensee or his agent or employee acquiring the part shall affix his printed name and legible signature

on the space provided on the Uniform Invoice for the person acquiring the essential part. If the person disposing of the essential part cannot or does not provide all the information required to be provided by this paragraph, or does not present 2 satisfactory forms of identification, the licensee or his agent or employee shall not acquire that essential part.

(d) If an essential part other than quarter panels and transmissions of vehicles of the first division was delivered by a licensed commercial delivery service delivering such part on behalf of a licensed dealer, the person required to comply with subsection (c) of this Section may conduct the inspection of that part required by paragraph (1) of subsection (c) and examination of the Uniform Invoice or bill of sale required by paragraph (2) of subsection (c) of this Section immediately after the acceptance of the part.

(1) If the inspection of the essential part pursuant to paragraph (1) of subsection (c) reveals that the vehicle identification number, Secretary of State identification number, Illinois Department of State Police identification number, identification plate or sticker containing an identification number, or Federal Certificate label of an essential part has been removed, falsified, altered, defaced, destroyed or tampered with, the licensee or his agent shall immediately record such fact on the Uniform Invoice or bill of sale, assign the part an inventory or stock number, place such inventory or stock number on both the essential part and the Uniform Invoice or bill of sale, and record the date of the inspection of the part on the Uniform Invoice or bill of sale. The licensee shall, within 7 days of such inspection, return such part to the dealer from whom it was acquired.

(2) If the examination of the Uniform Invoice or bill of sale pursuant to paragraph (2) of subsection (c) reveals that any of the information required to be listed by subsection (b) of this Section is missing, the licensee or person required to be licensed shall immediately assign a stock or inventory number to such part, place such stock or inventory number on both the essential part and the Uniform Invoice or bill of sale, and record the date of examination on the Uniform Invoice or bill of sale. The licensee or person required to be licensed shall acquire the information missing from the Uniform Invoice or bill of sale within 7 days of the examination of such Uniform Invoice or bill of sale. Such information may be received by telephone conversation with the dealer from whom the part was acquired. If the dealer provides the missing information the licensee shall record such information on the Uniform Invoice or bill of sale along with the name of the person providing the information. Representative John Bradley offered the following amendment and moved its adoption:

AMENDMENT NO. 3. Amend House Bill 5576, AS AMENDED, by replacing everything after the enacting clause with the following:

"Section 5. The Public Utilities Act is amended by changing Section 16-125 as follows:

(220 ILCS 5/16-125)

Sec. 16-125. Transmission and distribution reliability requirements.

(a) To assure the reliable delivery of electricity to all customers in this State and the effective implementation of the provisions of this Article, the Commission shall, within 180 days of the effective date of this Article, adopt rules and regulations for assessing and assuring the reliability of the transmission and distribution systems and facilities that are under the Commission's jurisdiction.

(b) These rules and regulations shall require each electric utility or alternative retail electric supplier owning, controlling, or operating transmission and distribution facilities and equipment subject to the Commission's jurisdiction, referred to in this Section as "jurisdictional entities", to adopt and implement procedures for restoring transmission and distribution services to customers after transmission or distribution outages on a nondiscriminatory basis without regard to whether a customer has chosen the electric utility, an affiliate of the electric utility, or another entity as its provider of electric power and energy. These rules and regulations shall also, at a minimum, specifically require each jurisdictional entity to submit annually to the Commission.

(1) the number and duration of planned and unplanned outages during the prior year and their impacts on customers;

(2) outages that were controllable and outages that were exacerbated in scope or duration by the condition of facilities, equipment or premises or by the actions or inactions of operating personnel or agents;

(3) customer service interruptions that were due solely to the actions or inactions of an alternative retail electric supplier or a public utility in supplying power or energy;

(4) a detailed report of the age, current condition, reliability and performance of the jurisdictional entity's existing transmission and distribution facilities, which shall include, without limitation, the following data:

(i) a summary of the jurisdictional entity's outages and voltage variances reportable under the Commission's rules;

(ii) the jurisdictional entity's expenditures for transmission construction and maintenance, the ratio of those expenditures to the jurisdictional entity's transmission investment, and the average remaining depreciation lives of the entity's transmission facilities, expressed as a percentage of total depreciation lives;

(iii) the jurisdictional entity's expenditures for distribution construction and maintenance, the ratio of those expenditures to the jurisdictional entity's distribution investment, and the average remaining depreciation lives of the entity's distribution facilities, expressed as a percentage of total depreciation lives;

(iv) a customer satisfaction survey covering, among other areas identified in Commission rules, reliability, customer service, and understandability of the jurisdictional entity's services and prices; and

(v) the corresponding information, in the same format, for the previous 3 years, if available;

(5) a plan for future investment and reliability improvements for the jurisdictional entity's transmission and distribution facilities that will ensure continued reliable delivery of energy to customers and provide the delivery reliability needed for fair and open competition; and

(6) a report of the jurisdictional entity's implementation of its plan filed pursuant to subparagraph (5) for the previous reporting period.

(c) The Commission rules shall set forth the criteria that will be used to assess each jurisdictional entity's

annual report and evaluate its reliability performance. Such criteria must take into account, at a minimum: the items required to be reported in subsection (b); the relevant characteristics of the area served; the age and condition of the system's equipment and facilities; good engineering practices; the costs of potential actions; and the benefits of avoiding the risks of service disruption.

(d) At least every 3 years, beginning in the year the Commission issues the rules required by subsection (a) or the following year if the rules are issued after June 1, the Commission shall assess the annual report of each jurisdictional entity and evaluate its reliability performance. The Commission's evaluation shall include specific identification of, and recommendations concerning, any potential reliability problems that it has identified as a result of its evaluation.

(e) In the event that more than either (i) 30,000 of the total customers or (ii) 0.8% of the total customers, whichever is less, of an electric utility are subjected to a continuous power interruption of 4 hours or more that results in the transmission of power at less than 50% of the standard voltage, or that results in the total loss of power transmission, the utility shall be responsible for compensating customers affected by that interruption for 4 hours or more for all actual damages, which shall not include consequential damages, suffered as a result of the power interruption. The utility shall also reimburse the affected municipality, county, or other unit of local government in which the power interruption has taken place for all emergency and contingency expenses incurred by the unit of local government as a result of the interruption. A waiver of the requirements of this subsection may be granted by the Commission in instances in which the utility can show that the power interruption was a result of any one or more of the following causes:

- (1) Unpreventable damage due to weather events or conditions.
- (2) Customer tampering.
- (3) Unpreventable damage due to civil or international unrest or animals.
- (4) Damage to utility equipment or other actions by a party other than the utility, its employees, agents, or contractors.

Loss of revenue and expenses incurred in complying with this subsection may not be recovered from ratepayers.

(f) In the event of a power surge or other fluctuation that causes damage and affects more than either (i) 30,000 of the total customers or (ii) 0.8% of the total customers, whichever is less, the electric utility shall pay to affected customers the replacement value of all goods damaged as a result of the power surge or other fluctuation unless the utility can show that the power surge or other fluctuation was due to one or more of the following causes:

- (1) Unpreventable damage due to weather events or conditions.
- (2) Customer tampering.
- (3) Unpreventable damage due to civil or international unrest or animals.
- (4) Damage to utility equipment or other actions by a party other than the utility, its employees, agents, or contractors.

Loss of revenue and expenses incurred in complying with this subsection may not be recovered from ratepayers. Customers with respect to whom a waiver has been granted by the Commission pursuant to subparagraphs (1)-(4) of subsections (e) and (f) shall not count toward the either (i) 30,000 of the total customers or (ii) 0.8% of the total customers required therein.

(g) Whenever an electric utility must perform planned or routine maintenance or repairs on its equipment that will result in transmission of power at less than 50% of the standard voltage, loss of power, or power fluctuation (as defined in subsection (f)), the utility shall make reasonable efforts to notify potentially affected customers no less than 24 hours in advance of performance of the repairs or maintenance.

(h) Remedies provided for under this Section may be sought exclusively through the Illinois Commerce Commission as provided under Section 10-109 of this Act. Damages awarded under this Section for a power interruption shall be limited to actual damages, which shall not include consequential damages, and litigation costs. A utility's request for a waiver of this Section shall be timely if filed no later than 30 days after the date on which a claim is filed with the Commission seeking damages or expense reimbursement under this Section. No utility shall be liable under this Section while a request for waiver is pending. Damage awards may not be paid out of utility rate funds.

(i) The provisions of this Section shall not in any way diminish or replace other civil or administrative remedies available to a customer or a class of customers.

(j) The Commission shall by rule require an electric utility to maintain service records detailing information on each instance of transmission of power at less than 50% of the standard voltage, loss of power, or power fluctuation (as defined in subsection (f)), that affects 10 or more customers. Occurrences that are momentary shall not be required to be recorded or reported. The service record shall include, for

each occurrence, the following information:

- (1) The date.
- (2) The time of occurrence.
- (3) The duration of the incident.
- (4) The number of customers affected.
- (5) A description of the cause.
- (6) The geographic area affected.
- (7) The specific equipment involved in the fluctuation or interruption.
- (8) A description of measures taken to restore service.
- (9) A description of measures taken to remedy the cause of the power interruption or fluctuation.
- (10) A description of measures taken to prevent future occurrence.
- (11) The amount of remuneration, if any, paid to affected customers.
- (12) A statement of whether the fixed charge was waived for affected customers.

Copies of the records containing this information shall be available for public inspection at the utility's offices, and copies thereof may be obtained upon payment of a fee not exceeding the reasonable cost of reproduction. A copy of each record shall be filed with the Commission and shall be available for public inspection. Copies of the records may be obtained upon payment of a fee not exceeding the reasonable cost of reproduction.

(k) The requirements of subsections (e) through (j) of this Section shall apply only to an electric public utility having ~~100,000~~ 1,000,000 or more customers.

(l) Notwithstanding any other rulemaking authority that may exist, neither the Governor nor any agency or agency head under the jurisdiction of the Governor has any authority to make or promulgate rules to implement or enforce the provisions of this amendatory Act of the 95th General Assembly. If, however, the Governor believes that rules are necessary to implement or enforce the provisions of this amendatory Act of the 95th General Assembly, the Governor may suggest rules to the General Assembly by filing them with the Clerk of the House and the Secretary of the Senate and by requesting that the General Assembly authorize such rulemaking by law, enact those suggested rules into law, or take any other appropriate action in the General Assembly's discretion.
