WHEREAS, The policy excludes public access in electronic form to complaints, pleadings, and orders, unless the access is provided at the office of the clerk of the court; and

WHEREAS, A Task Force should be created to study such exclusion of public access and whether such exclusion is warranted; therefore, be it

RESOLVED, BY THE HOUSE OF REPRESENTATIVES OF THE NINETY-SIXTH GENERAL ASSEMBLY OF THE STATE OF ILLINOIS, that public access to court records, while protecting personal records of individuals, is in the public interest; and be it further

RESOLVED, That the Task Force on Electronic Access to Circuit Court Records (hereinafter referred to as the Task Force) is created; and be it further

HOUSE RESOLUTION 68

Offered by Representative Senger:

WHEREAS, The Surface Transportation Board (STB) was created in the Interstate Commerce Commission Termination Act of 1995 and is the successor agency to the Interstate Commerce Commission, which was established in 1887; and

WHEREAS, The STB is an economic regulatory agency that Congress charged with the fundamental missions of resolving railroad rate and service disputes and reviewing proposed railroad mergers; and

WHEREAS, Under current law, the STB has the power to approve all mergers and consolidations between a Class I railroad and a Class II railroad unless it finds that the merger is likely to cause a substantial lessening of competition, create a monopoly, or restrain trade in freight surface transportation in any region of the United States; the anti-competitive effects of the transaction outweigh the public interest in meeting significant transportation needs; and

WHEREAS, In October of 2007, the Canadian National Railway (CN) filed a merger application with the STB to acquire control of the Elgin, Joliet, and Eastern Railway Company (EJ & E), which runs from Waukegan to Gary, Indiana; and

WHEREAS, If the merger is approved, the CN plans to use this line as a bypass route for its Intermodal freight traffic that currently runs through central Chicago onto the EJ & E mainline; and

WHEREAS, The CN's application stated that the line would increase freight traffic in 50 communities by 400% to 600%; and

WHEREAS, The CN purchase of the EJ & E rail line will have a serious impact on the day-to-day lives of working families across the region, such as traffic congestion and grade crossing safety concerns, emergency vehicle access, interruption of commuter rail service, hazardous materials transportation safety, noise pollution, decreased property values, economic job loss, and increased taxes to pay for mitigation expenses associated with infrastructure impact from the purchase of the EJ & E rail line; and

WHEREAS, The STB's criteria and standards for approval of merger applications are antiquated and need modernization as railway mergers no longer impact sparsely populated areas of the United States, instead occurring in highly populated and congested areas; and

WHEREAS, The STB's questionable analysis that the merger of the CN and EJ & E would have a minor impact on the region, and the CN's unrealistic estimate of the financial and socioeconomic ramifications to the affected communities illustrate the need for congressional intervention on this issue; and

WHEREAS, The Illinois delegation members of Congress have worked with the Chairman of the House Transportation & Infrastructure Committee to draft legislation to require the public interest of residents and communities threatened by negative environment and safety impacts of large railroad mergers and acquisitions transactions be considered on an equal basis with the industry's shipping and transportation competition benefits as a result of the transactions; and

WHEREAS, H.R. 6707 was introduced in Congress on July 1, 2008 to require that the safety and environmental effects of proposed mergers must have equal weighting to the benefits to commerce, including the effects on local communities, such as public safety, grade crossing safety, hazardous materials transportation safety, emergency response time, noise, and socioeconomic impacts, as well as the effect of the proposed transaction on intercity rail passenger transportation and commuter rail passenger transportation; and

WHEREAS, Although H.R. 6707 did not receive the two-thirds majority needed to pass the House of

Representatives in the 110th Congress, continued congressional intervention in the 111th Congress is needed to protect the public interest of community residents impacted by the proposed CN and EJ & E merger; therefore, be it

RESOLVED, BY THE HOUSE OF REPRESENTATIVES OF THE NINETY-SIXTH GENERAL ASSEMBLY OF THE STATE OF ILLINOIS, that we encourage and support action by the 111th Congress of the United States to enact legislation to update STB standards and criteria for approval of railroad merger applications to equally weigh the public interest of residents and communities with the benefits to commerce; and to require approved mergers to include adequate federal and private support to compensate impacted local communities for, but not limited to, road improvements to municipal and county roads and commuter rails; and be it further

RESOLVED, That we believe that the federal government and the CN should compensate the communities impacted by the CN and EJ & E merger for all infrastructure needs associated with the merger, including but not limited to, improvements to municipal and county streets, grade crossings, and commuter rail; and be it further

RESOLVED, That we encourage Congress and President Barack Obama to support H.R. 693, the Reaching the Star Act creating a Suburban Transit Access Route, or STAR line inter-suburban commuter rail to ease road traffic congestion in 100 communities from Joliet to O'Hare International Airport, providing safe and reliable transportation options for the more than 1.6 million area residents living in high-congestion areas; and be it further

RESOLVED, That a suitable copy of this resolution be sent to President Barack Obama, the Speaker and Minority Leader of the United State House of Representatives, the President Pro Tempore and the Minority Leader of the United States Senate, and to each member of the Illinois congressional delegation.

HOUSE RESOLUTION 69

Offered by Representative Ford:

WHEREAS, The recession currently ravaging the U.S. economy generates daily news reports of significant job losses, business location closings, or reduced consumer confidence; and

WHEREAS, In its first report to Congress on December 10, 2008, the Congressional Oversight Panel inquired of the U.S. Department of Treasury about: (1) its "goals and methods for the Troubled Asset Relief Program (TARP)" (2) the "execution of the authority granted to Treasury under the Emergency Economic Stabilization Act and the \$350 billion in taxpayer funds that had been 'effectively allocated' under that program" and (3) what "appear[ed] to be significant gaps in Treasury's monitoring of the use of taxpayer money (e.g., asking financial institutions to account for what they have done with taxpayer funds)"; and

WHEREAS, On January 15, 2009, Congress approved the release of the second \$350 billion available from the Emergency Economic Stabilization Act and as a consequence, Treasury now has access to the full \$700 billion spending authority contemplated in EESA; and

WHEREAS, Following the inauguration of President Barack Obama, a new Treasury Secretary, Timothy Geithner, was sworn in and, under the new Administration, Treasury has extended additional assistance to financial institutions and announced new rules governing the conduct of recipients; and

WHEREAS, Secretary Geithner asserted that new TARP funding will have "tough conditions to protect the taxpayer and the necessary transparency to allow the American people to see how and where their money is being spent and the results those investments are delivering"; and

WHEREAS, Recently, concern has arisen that some business entities receiving federal funds have misused those funds and, in some instances, have laid off employees, despite receiving federal assistance funds; and

WHEREAS, President Obama and the Congress are now endeavoring to pass the American Recovery and Reinvestment Act of 2009; therefore, be it

RESOLVED, BY THE HOUSE OF REPRESENTATIVES OF THE NINETY-SIXTH GENERAL ASSEMBLY OF THE STATE OF ILLINOIS, that the Illinois State House of Representatives urges the Congress to include in the American Recovery and Reinvestment Act of 2009, and subsequent amendments of the Emergency Economic Stabilization Act, provisions that prohibit any business entity that receives funding under the various federal programs administered under these statutes from engaging in layoffs of

employees, at least until a time that the Obama administration declares that the recession that the country is now experiencing has ended; and be it further

RESOLVED, That suitable copies of this resolution be delivered to President Obama, and each member of the Illinois Congressional delegation.

HOUSE JOINT RESOLUTION 10

Offered by Representative May:

WHEREAS, Article XI, Section 1 of the Illinois Constitution states, "The public policy of the State and the duty of each person is to provide and maintain a healthful environment for the benefit of this and future generations"; and

WHEREAS, A capital construction program is urgently needed and would fix aging infrastructure in Illinois, create jobs for working men and women, and stimulate the economy; and

WHEREAS, Previous capital construction proposals have called for as much as \$34 billion in spending; and

WHEREAS, The potentially massive public expenditure involved in a capital plan represents a once-in-a-generation opportunity to modernize and improve the basic infrastructure of our State; and

WHEREAS, The 21st century has already witnessed the development of technologies that promise to improve significantly the energy efficiency of buildings; to limit the environmental impact of new roads, bridges, and structures; to bring information technology resources to underserved areas; and to conserve and manage water resources; and

WHEREAS, Previous capital proposals have allocated vast financial resources to projects unguided by the principles of environmental protection, energy efficiency, and sustainability; and

WHEREAS, Numerous scientific studies have concluded that the health of our people can be directly affected by the products used in our buildings and that utilizing alternative green products can greatly reduce the risk of health problems caused by, among other things, volatile organic compounds; and

WHEREAS, Green and sustainable principles and practices promote environmental health and offer significant energy savings; therefore, be it

RESOLVED, BY THE HOUSE OF REPRESENTATIVES OF THE NINETY-SIXTH GENERAL ASSEMBLY OF THE STATE OF ILLINOIS, THE SENATE CONCURRING HEREIN, that the General Assembly, together with the Governor, ought to make passage of a green and sustainable comprehensive capital construction plan a top priority; and be it further

RESOLVED, That the principles of environmental health, environmental protection, energy efficiency, and sustainability ought to guide the allocation of all funds in any capital construction plan; and be it further

RESOLVED, That in providing funding for the construction of new buildings or the renovation of existing buildings, the law should require builders to adhere to sustainable building standards including the U.S. Green Building Council's Leadership in Environment and Energy Design (LEED) standards or substantially equivalent standards; and be it further

RESOLVED, That in determining the allocation of transportation funding, the State should give due consideration to new public transportation, including rail, in the interest of planning sustainable transportation infrastructure for a more densely-populated society; and be it further

RESOLVED, That in providing for the construction and improvement of roads, the State should prioritize the laying of fiber-optic lines, particularly to rural areas and other regions of the State historically lacking in technological infrastructure; and be it further

RESOLVED, That the State should consider and prioritize each project in light of its potential to create jobs, its environmental impact, and its long-term energy savings.
