(ROLL CALL 2)

This bill, having received the votes of a constitutional majority of the Members elected, was declared passed.

Ordered that the Clerk inform the Senate and ask their concurrence.

HOUSE BILL ON SECOND READING

HOUSE BILL 5040. Having been read by title a second time on March 25, 2010, and held on the order of Second Reading, the same was again taken up.

The following amendment was offered in the Committee on Environmental Health, adopted and reproduced:

AMENDMENT NO. 1. Amend House Bill 5040 by replacing everything after the enacting clause with the following:

"Section 1. Short title. This Act may be cited as the Cadmium-Free Kids Act.

Section 5. Legislative findings. The General Assembly finds:

(1) Research shows that children's jewelry containing cadmium has been shown to cause harm to children's health and the environment. Cadmium has been linked to long-term health impacts, including birth defects, reproductive harm, impaired learning, liver toxicity, and cancer.

(2) The scientific literature provides extensive evidence that cadmium is a dangerous neurotoxicant that can damage the human brain, internal organs, and nervous system.

(3) Because children's bodies are growing and developing, they are especially vulnerable to the effects of toxic chemicals.

(4) To protect children's health, it is important to phase out the use of cadmium in children's jewelry and to determine whether further action is required.

Section 10. Definitions. In this Act:

"Agency" means the Illinois Environmental Protection Agency.

"Children's jewelry" means jewelry that is made for, marketed for use by, or marketed to children under the age of 12 and includes jewelry that meets any of the following conditions:

(1) represented in its packaging, display, or advertising as appropriate for use by

- children under the age of 12;
- (2) sold in conjunction with, attached to, or packaged together with other products that are packaged, displayed, or advertised as appropriate for use by children;
- (3) sized for children and not intended for use by adults; or
- (4) sold in any of the following:
 - (i) a vending machine;
 - (ii) a retail store, catalogue, or online web site, in which a person exclusively offers for sale products that are packaged, displayed, or advertised as appropriate for use by children; or
 - (iii) a discrete portion of a retail store, catalogue, or online web site, in which a person offers for sale products that are packaged, displayed, or advertised as appropriate for use by children.

"Children's jewelry" does not include any product category for which an existing federal standard regulates cadmium exposure in surface coatings and accessible substance materials as required under ASTM International Consumer Safety Specification for Toy Safety, ASTM Standard F-963, or subsequent versions of this standard.

"Distributor" means a person who sells products to retail establishments on a wholesale basis.

"Manufacturer" means the person who manufactured a final product or whose brand name is affixed to the product. In the case of a product that was imported into the United States, "manufacturer" includes the importer or domestic distributor of the product if the person who manufactured or assembled the product or whose brand name is affixed to the product does not have a presence in the United States.

Section 15. Regulation of cadmium in children's jewelry. Beginning July 1, 2011, no person may manufacture, knowingly sell, offer for sale, distribute for sale, or distribute for use in this State children's jewelry containing cadmium at more than 0.004 percent by weight (40 parts per million).

Section 20. Interstate clearinghouse. The Agency is authorized to participate, along with other states and governmental entities, in an interstate clearinghouse to promote safer chemicals in consumer products. The Agency may cooperate with the interstate clearinghouse to (i) organize and manage available data on chemicals, including information on uses, hazards, environmental concerns, safer alternatives, and model policies and programs, (ii) provide technical assistance regarding chemical safety to businesses, consumers, and policy makers, and (iii) undertake other activities in support of State programs to promote chemical safety.

Section 25. Implementation and exemption.

(a) A manufacturer of children's jewelry restricted under this Act must notify persons that sell the manufacturer's products in this State about the provisions of this Act no less than 90 days before the effective date of the restrictions. A manufacturer that sells or distributes children's jewelry prohibited from sale or distribution under this Act shall recall the product and reimburse the retailer or any other purchaser for the product.

(b) A retailer who unknowingly sells a product that is restricted from sale under this Act is not liable under this Act.

Section 30. Enforcement and penalties.

(a) The Attorney General is responsible for administering and ensuring compliance with this Act, including the development and adoption of any rules, if necessary, for the implementation and enforcement of this Act.

(b) The Attorney General shall develop and implement a process for receiving and handling complaints from individuals regarding possible violations of this Act.

(c) The Attorney General may conduct any investigation deemed necessary regarding possible violations of this Act including, without limitation, the issuance of subpoenas to: (i) require the filing of a statement or report or answer interrogatories in writing as to all information relevant to the alleged violations; (ii) examine under oath any person who possesses knowledge or information directly related to the alleged violations; and (iii) examine any record, book, document, account, or paper necessary to investigate the alleged violation.

(d) Service by the Attorney General of any notice requiring a person to file a statement or report, or of a subpoena upon any person, shall be made:

- (1) personally by delivery of a duly executed copy thereof to the person to be served or, if a person is not a natural person, in the manner provided in the Code of Civil Procedure when a complaint is filed; or
- (2) by mailing by certified mail a duly executed copy thereof to the person to be served

at his or her last known abode or principal place of business within this State.

(e) If the Attorney General determines that there is a reason to believe that a violation of the Act has occurred, then the Attorney General may bring an action in the name of the People of the State to obtain temporary, preliminary, or permanent injunctive relief for any act, policy, or practice that violates this Act.

Moneys, interest, or other earnings paid into the Fund shall not be transferred or allocated by the Commission, the State Treasurer, or the State Comptroller to any other fund, nor shall the Governor authorize any such transfer or allocation, while any contracts are outstanding. In addition, no moneys, interest, or other earnings paid into the Fund shall be used, temporarily or otherwise, for interfund borrowing or be otherwise used or appropriated except as expressly authorized in this Act.

The Illinois Prepaid Tuition Trust Fund and each individual participant account that may be created in that Fund in conjunction with the Illinois prepaid tuition program shall be subject to audit in the same manner as funds and accounts belonging to the State of Illinois and shall be protected by the official bond given by the State Treasurer.

(b) The Commission from time to time shall direct the State Treasurer to invest moneys in the Illinois Prepaid Tuition Trust Fund that are not needed for immediate disbursement, in accordance with provisions of the investment plan approved by the Commission.

This appropriation constitutes a loan that shall be repaid to the General Revenue Fund within 5 years by the Commission from prepaid tuition program contributions. Subsequent program administrative costs shall be provided from reasonable fees and charges equitably assessed to purchasers of prepaid tuition contracts.

(e) If the Commission determines that there are insufficient moneys in the Illinois Prepaid Tuition Trust Fund to pay contractual obligations in the next succeeding fiscal year, the Commission shall certify the amount necessary to meet these obligations to the Board of Higher Education, the Governor, the President of the Senate, and the Speaker of the House of Representatives. The Governor shall submit the amount so certified to the General Assembly as soon as practicable, but no later than the end of the current State fiscal year.

Each contract shall contain terms, conditions, and provisions that the Commission determines to be necessary for ensuring the educational objectives and sustainable financial viability of the Illinois prepaid tuition program.

(b) Each contract shall have one designated purchaser and one designated qualified beneficiary. Unless otherwise specified in the contract, the purchaser owns the contract and retains any tax liability for its assets only until the first distribution of benefits. Contracts shall be purchased in units of 15 credit hours ~~at any MAP-eligible institution.~~

(c) Without exception, benefits may be received by a qualified beneficiary of an Illinois prepaid tuition contract no earlier than 3 years from the date the contract is purchased.

(d) A prepaid tuition contract shall contain, but is not limited to, provisions for (i) refunds or withdrawals in certain circumstances, with or without interest or penalties; (ii) conversion of the contract at the time of distribution from accrued prepayment value at one type of eligible MAP-eligible institution to the accrued prepayment value at a different type of eligible MAP-eligible institution; (iii) portability of the accrued value of the prepayment value for use at an eligible institution located outside this State ~~out-of-state higher education institution~~; (iv) transferability of the contract benefits within the qualified beneficiary's immediate family; and (v) a specified benefit period during which the contract may be redeemed.

(e) Each Illinois prepaid tuition contract also shall contain, at minimum, all of the following:

(3) Provisions for late payment charges and for default.

(4) Provisions for penalty fees payable incident to an authorized withdrawal.

(5) The name, date of birth, and social security number of the qualified beneficiary on whose behalf the contract is drawn and the terms and conditions under which the contract may be transferred to another qualified beneficiary.

(6) The name and social security number of any person who may terminate the contract, together with terms that specify whether the contract may be terminated by the purchaser, the qualified beneficiary, a specific designated person, or any combination of these persons.

(7) The terms and conditions under which a contract may be terminated, the name and social security number of the person entitled to any refund due as a result of the termination of the contract pursuant to those terms and conditions, and the method for determining the amount of a refund.

(8) The time limitations, if any, within which the qualified beneficiary must claim his or her benefits through the program.

(9) Other terms and conditions determined by the Commission to be appropriate.

(f) In addition to the contract provisions set forth in subsection (e), each Illinois prepaid tuition contract shall include:

(1) The number of credit hours contracted by the purchaser.

(2) The type of eligible MAP-eligible institution and the prepaid tuition plan toward which the credit hours shall be applied.

(3) The explicit contractual obligation of the Commission to the qualified beneficiary to provide a specific number of credit hours of undergraduate instruction at an eligible a MAP-eligible institution, not to exceed the maximum number of credit hours required for the conference of a degree that corresponds to the plan purchased on behalf of the qualified beneficiary.

(g) The Commission shall indicate by rule the conditions under which refunds are payable to a contract purchaser. Generally, no refund shall exceed the amount paid into the Illinois Prepaid Tuition Trust Fund by the purchaser. In the event that a contract is converted from a Public University Plan described in subsection (j) of this Section to a Community College Plan described in subsection (k) of this Section, the refund amount shall be reduced by the amount transferred to the Illinois community college on behalf of the qualified beneficiary. Except where the Commission may otherwise rule, refunds may exceed the amount paid into the Illinois Prepaid Tuition Trust Fund only under the following circumstances:

(1) If the qualified beneficiary is awarded a grant or scholarship at a public institution of higher education, the terms of which duplicate the benefits included in the Illinois prepaid

tuition contract, then moneys paid for the purchase of the contract shall be returned to the purchaser, upon request, in semester installments that coincide with the matriculation by the qualified beneficiary, in an amount equal to the current cost of tuition and mandatory fees at the public institution of higher education MAP-eligible institution where the qualified beneficiary is enrolled.

(1.5) If the qualified beneficiary is awarded a grant or scholarship while enrolled at either an eligible a MAP-eligible nonpublic institution of higher education or an eligible public or private out-of-state higher education institution, the terms of which duplicate the benefits included in the Illinois prepaid tuition contract, then money paid for the purchase of the contract shall be returned to the purchaser, upon request, in semester installments that coincide with the matriculation by the qualified beneficiary. The amount paid shall not exceed the current average mean-weighted credit hour value of the registration fees purchased under the contract.

(2) In the event of the death or total disability of the qualified beneficiary, moneys paid for the purchase of the Illinois prepaid tuition contract shall be returned to the purchaser together with all accrued earnings.

(3) If an Illinois prepaid tuition contract is converted from a Public University Plan to a Community College Plan, then the amount refunded shall be the value of the original Illinois prepaid tuition contract minus the value of the contract after conversion.

No refund shall be authorized under an Illinois prepaid tuition contract for any semester partially attended but not completed.

The Commission, by rule, shall set forth specific procedures for making contract payments in conjunction with grants and scholarships awarded to contract beneficiaries.

Moneys paid into or out of the Illinois Prepaid Tuition Trust Fund by or on behalf of the purchaser or the qualified beneficiary of an Illinois prepaid tuition contract are exempt from all claims of creditors of the purchaser or beneficiary, so long as the contract has not been terminated.

The State or any State agency, county, municipality, or other political subdivision, by contract or collective bargaining agreement, may agree with any employee to remit payments toward the purchase of Illinois prepaid tuition contracts through payroll deductions made by the appropriate officer or officers of the entity making the payments. Such payments shall be held and administered in accordance with this Act.

(i) The Commission shall develop and make prepaid tuition contracts available under a minimum of at least 2 independent plans to be known as the Public University Plan and the Community College Plan.

The maximum purchase amount shall be 9 units (or 135 credit hours) for the Public University Plan and 4 units (or 60 credit hours) for the Community College Plan.

(j) Public University Plan. Through the Public University Plan, the Illinois prepaid tuition contract shall provide prepaid registration fees, which include full tuition costs as well as mandatory fees, for a specified number of undergraduate credit hours, not to exceed the maximum number of credit hours required for the conference of a baccalaureate degree. In determining the cost of participation in the Public University Plan, the Commission shall reference the combined mean-weighted current registration fees from ~~all~~ Illinois public universities.

In the event that a qualified beneficiary for whatever reason chooses to attend an Illinois community college, the qualified beneficiary may convert the average number of credit hours required for the conference of an associate degree from the Public University Plan to the Community College Plan and may retain the remaining Public University Plan credit hours or may request a refund for prepaid credit hours in excess of those required for conference of an associate degree. In determining the amount of any refund, the Commission also shall recognize the current relative credit hour cost of the 2 plans when making any conversion.

Qualified beneficiaries shall bear the cost of any laboratory or other non-mandatory fees associated with enrollment in specific courses. Qualified beneficiaries who are not Illinois residents shall bear the difference in cost between in-state registration fees guaranteed by the prepaid tuition contract and tuition and other charges assessed upon out-of-state students by the eligible MAP-eligible institution.

(k) Community College Plan. Through the Community College Plan, the Illinois prepaid tuition contract shall provide prepaid registration fees, which include full tuition costs as well as mandatory fees, for a

specified number of undergraduate credit hours, not to exceed the maximum number of credit hours required for the conference of an associate degree. In determining the cost of participation in the Community College Plan, the Commission shall reference the combined mean-weighted current registration fees from all Illinois community colleges.

In the event that a qualified beneficiary for whatever reason chooses to attend an Illinois public university, the qualified beneficiary's prepaid tuition contract shall be converted for use at that Illinois public university by referencing the current average mean-weighted credit hour value of registration fees at Illinois community colleges relative to the corresponding value of registration fees at Illinois public universities.

Qualified beneficiaries shall bear the cost of any laboratory or other non-mandatory fees associated with enrollment in specific courses. Qualified beneficiaries who are not Illinois residents shall bear the difference in cost between in-state registration fees guaranteed by the prepaid tuition contract and tuition and other charges assessed upon out-of-state students by the eligible MAP-eligible institution.

(l) A qualified beneficiary may apply the benefits of any Illinois prepaid tuition contract toward a nonpublic institution of higher education. In the event that a qualified beneficiary for whatever reason chooses to attend a nonpublic institution of higher education, the qualified beneficiary's prepaid tuition contract shall be converted for use at that nonpublic institution of higher education by referencing the current average mean-weighted credit hour value of registration fees purchased under the contract. The Commission shall transfer, or cause to have transferred, this amount, less a transfer fee, to the nonpublic institution on behalf of the beneficiary. In the event that the cost of registration charged to the beneficiary at the nonpublic institution of higher education is less than the aggregate value of the Illinois prepaid tuition contract, any remaining amount shall be transferred in subsequent semesters until the transfer value is fully depleted.

(m) A qualified beneficiary may apply the benefits of any Illinois prepaid tuition contract toward an eligible out-of-state college or university. Institutional eligibility for out-of-state colleges and universities shall be determined by the Commission according to standards substantially equivalent to those for an eligible institution located in this State, as described in the definition of "institution of higher learning" in Section 10 of the Higher Education Student Assistance Act, ~~but in making those determinations the Commission shall recognize that the benefits of an Illinois prepaid tuition contract may not be used at any postsecondary educational institution that is both operated for profit and located outside of Illinois.~~ In the event that a qualified beneficiary for whatever reason chooses to attend an eligible out-of-state college or university, the qualified beneficiary's prepaid tuition contract shall be converted for use at that college or university by referencing the current average mean-weighted credit hour value of registration fees purchased under the contract. The Commission shall transfer, or cause to have transferred, this amount, less a transfer fee, to the college or university on behalf of the beneficiary. In the event that the cost of registration charged to the beneficiary at the eligible out-of-state college or university is less than the aggregate value of the Illinois prepaid tuition contract, any remaining amount shall be transferred in subsequent semesters until the transfer value is fully depleted.

(n) Illinois prepaid tuition contracts may be purchased either by lump sum or by installments. No penalty shall be assessed for early payment of installment contracts.

(o) The Commission shall annually adjust the price of new contracts, in accordance with the annual changes in registration fees at Illinois public universities and community colleges.

"Section 5. The State Employees Group Insurance Act of 1971 is amended by changing Section 6.5 as follows:

(5 ILCS 375/6.5)

Sec. 6.5. Health benefits for TRS benefit recipients and TRS dependent beneficiaries.

(a) Purpose. It is the purpose of this amendatory Act of 1995 to transfer the administration of the program of health benefits established for benefit recipients and their dependent beneficiaries under Article 16 of the Illinois Pension Code to the Department of Central Management Services.

(b) Transition provisions. The Board of Trustees of the Teachers' Retirement System shall continue to administer the health benefit program established under Article 16 of the Illinois Pension Code through December 31, 1995. Beginning January 1, 1996, the Department of Central Management Services shall be responsible for administering a program of health benefits for TRS benefit recipients and TRS dependent beneficiaries under this Section. The Department of Central Management Services and the Teachers' Retirement System shall cooperate in this endeavor and shall coordinate their activities so as to ensure a smooth transition and uninterrupted health benefit coverage.

(c) Eligibility. All persons who were enrolled in the Article 16 program at the time of the transfer shall be eligible to participate in the program established under this Section without any interruption or delay in coverage or limitation as to pre-existing medical conditions. Eligibility to participate shall be determined by the Teachers' Retirement System. Eligibility information shall be communicated to the Department of Central Management Services in a format acceptable to the Department.

A TRS dependent beneficiary who is an unmarried child age 19 or over and mentally or physically disabled does not become ineligible to participate by reason of (i) becoming ineligible to be claimed as a dependent for Illinois or federal income tax purposes or (ii) receiving earned income, so long as those earnings are insufficient for the child to be fully self-sufficient.

(d) Coverage. The level of health benefits provided under this Section shall be similar to the level of benefits provided by the program previously established under Article 16 of the Illinois Pension Code.

Group life insurance benefits are not included in the benefits to be provided to TRS benefit recipients and TRS dependent beneficiaries under this Act.

The program of health benefits under this Section may include any or all of the benefit limitations, including but not limited to a reduction in benefits based on eligibility for federal medicare benefits, that are provided under subsection (a) of Section 6 of this Act for other health benefit programs under this Act.

(e) Insurance rates and premiums. The Director shall determine the insurance rates and premiums for TRS benefit recipients and TRS dependent beneficiaries, and shall present to the Teachers' Retirement System of the State of Illinois, by April 15 of each calendar year, the rate-setting methodology (including but not limited to utilization levels and costs) used to determine the amount of the health care premiums.

For Fiscal Year 1996, the premium shall be equal to the premium actually charged in Fiscal Year 1995; in subsequent years, the premium shall never be lower than the premium charged in Fiscal Year 1995.

For Fiscal Year 2003, the premium shall not exceed 110% of the premium actually charged in Fiscal Year 2002.

For Fiscal Year 2004, the premium shall not exceed 112% of the premium actually charged in Fiscal Year 2003.

For Fiscal Year 2005, the premium shall not exceed a weighted average of 106.6% of the premium actually charged in Fiscal Year 2004.

For Fiscal Year 2006, the premium shall not exceed a weighted average of 109.1% of the premium actually charged in Fiscal Year 2005.

For Fiscal Year 2007, the premium shall not exceed a weighted average of 103.9% of the premium actually charged in Fiscal Year 2006.

For Fiscal Year 2008 and thereafter, the premium in each fiscal year shall not exceed 105% of the premium actually charged in the previous fiscal year.

Rates and premiums may be based in part on age and eligibility for federal medicare coverage. However, the cost of participation for a TRS dependent beneficiary who is an unmarried child age 19 or over and mentally or physically disabled shall not exceed the cost for a TRS dependent beneficiary who is an unmarried child under age 19 and participates in the same major medical or managed care program.

The cost of health benefits under the program shall be paid as follows:

(1) For a TRS benefit recipient selecting a managed care program, up to 75% of the total insurance rate shall be paid from the Teacher Health Insurance Security Fund. Effective with Fiscal Year 2007 and thereafter, for a TRS benefit recipient selecting a managed care program, 75% of the total insurance rate shall be paid from the Teacher Health Insurance Security Fund.

(2) For a TRS benefit recipient selecting the major medical coverage program, up to 50% of the total insurance rate shall be paid from the Teacher Health Insurance Security Fund if a managed care program is accessible, as determined by the Teachers' Retirement System. Effective with Fiscal Year 2007 and thereafter, for a TRS benefit recipient selecting the major medical coverage program, 50% of the total insurance rate shall be paid from the Teacher Health Insurance Security Fund if a managed care program is accessible, as determined by the Department of Central Management Services.

(3) For a TRS benefit recipient selecting the major medical coverage program, up to 75% of the total insurance rate shall be paid from the Teacher Health Insurance Security Fund if a managed care program is not accessible, as determined by the Teachers' Retirement System. Effective with Fiscal Year 2007 and thereafter, for a TRS benefit recipient selecting the major medical coverage program, 75% of the total insurance rate shall be paid from the Teacher Health Insurance Security Fund if a managed care program is not accessible, as determined by the Department of Central Management Services.

(3.1) For a TRS dependent beneficiary who is Medicare primary and enrolled in a managed care plan, or the major medical coverage program if a managed care plan is not available, 25% of the total insurance rate shall be paid from the Teacher Health Security Fund as determined by the Department of Central Management Services. For the purpose of this item (3.1), the term "TRS dependent beneficiary who is Medicare primary" means a TRS dependent beneficiary who is participating in Medicare Parts A and B.

(4) Except as otherwise provided in item (3.1), the balance of the rate of insurance, including the entire premium of any coverage for TRS dependent beneficiaries that has been elected, shall be paid by deductions authorized by the TRS benefit recipient to be withheld from his or her monthly annuity or benefit payment from the Teachers' Retirement System; except that (i) if the balance of the cost of coverage exceeds the amount of the monthly annuity or benefit payment, the difference shall be paid directly to the Teachers' Retirement System by the TRS benefit recipient, and (ii) all or part of the balance of the cost of coverage may, at the school board's option, be paid to the Teachers' Retirement System by the school board of the school district from which the TRS benefit recipient retired, in accordance with Section 10-22.3b of the School Code. The Teachers' Retirement System shall promptly deposit all moneys withheld by or paid to it under this subdivision (e)(4) into the Teacher Health Insurance Security Fund. Beginning July 1, 1995, the Department of Central Management Services may make expenditures from the Teacher Health Insurance Security Fund for those costs.
