(c) The Authority may sell such bonds pursuant to notice of sale and public bid or by negotiated sale in accordance with the corresponding procedures applicable to like sales of general obligation bonds under Section 11 of the General Obligation Bond Act. The proceeds of such bonds shall be disbursed for the purposes for which such bonds were issued under such restrictions as the sale agreement and the resolution authorizing the issuance of such bonds or the related trust indenture may provide. (f) At the sole discretion of the Authority, any bonds issued by the Authority and any related bond facility made under the provisions of this Act shall be secured by a resolution or trust indenture by and between the Authority and the indenture trustee, which may be any trust company or bank having the powers of a trust company, whether located within or outside the State. Such trust indenture or resolution providing for the issuance of such bonds shall, without limitation, (i) provide for the creation and maintenance of such reserves as the Authority shall determine to be proper; (ii) include covenants setting forth the duties of the Authority in relation to the bonds, the income of the Authority, the related sale agreement and the related tobacco settlement revenues; (iii) contain provisions relating to the prompt transfer of the residual interest upon receipt of the tobacco settlement revenues; (iv) contain provisions respecting the custody, safeguarding, and application of all moneys and securities; (v) contain such provisions for protecting and enforcing against the Authority or the State the rights and remedies (pursuant thereto and to the sale agreement) of the owners of the bonds and any provider of a related bond facility as may be reasonable and proper and not in violation of law; and (vi) contain such other provisions as the Authority may deem reasonable and proper for priorities and subordination among the owners of the bonds and providers of related bond facilities. Any reference in this Act to a resolution of the Authority shall include any trust indenture authorized thereby.

(g) The net proceeds of bonds and any earnings thereon shall never be pledged to, nor made available for, payment of the bonds or any interest or redemption price thereon or any other debt or obligation of the Authority. The net proceeds of bonds shall be deposited by the State in the Tobacco Settlement Bond Proceeds Account, and shall be used by the State (either directly or by reimbursement) for the payment of outstanding obligations of the General Revenue Fund or to supplement the Tobacco Settlement Residual Account to pay for appropriated obligations of the Tobacco Settlement Recovery Fund for State fiscal year 2011 through 2013. Any residual interest in tobacco settlement revenues shall be deposited in the Tobacco Settlement Residual Account, and shall be used by the State (either directly or by reimbursement) in accordance with Section 6z-43 of the State Finance Act for appropriated obligations of the Tobacco Settlement Recovery Fund. With respect to any bonds of the Authority, the interest on which is intended to be excludable from the gross income of the owners for federal income tax purposes, the Authority and the authorized officers may provide restrictions on the use of net proceeds of bonds and other amounts in the sale agreement or otherwise in a tax regulatory agreement only as necessary to assure such tax-exempt status.

(h) The Authority may enter into, amend, or terminate, as it determines to be necessary or appropriate, any related bond facility (i) to facilitate the issuance, sale, resale, purchase, repurchase, or payment of bonds, interest rate savings or market diversification, or the making or performance of swap contracts, including without limitation bond insurance, letters of credit and liquidity facilities, or (ii) to attempt to manage or hedge risk or achieve a desirable effective interest rate or cash flow. These contracts or arrangements

may be entered into by the Authority in connection with, or incidental to, entering into, or maintaining any (i) agreement which secures bonds of the Authority or (ii) investment or contract providing for investment of reserves or similar facility guaranteeing an investment rate for a period of years not to exceed the underlying term of the bonds. The determination by the Authority that a related bond facility or the amendment or termination thereof is necessary or appropriate as aforesaid shall be conclusive. Any related bond facility may contain such provisions as to security, default, termination, payment, remedy, jurisdiction, and consent to service of process and other terms and conditions as determined by the Authority, after giving due consideration to the creditworthiness of the counterparty or other obligated party, including any rating by any nationally recognized rating agency, and any other criteria as may be appropriate.

(j) Bonds or any related bond facility may contain a recital that they are issued or executed, respectively, pursuant to this Act, which recital shall be conclusive evidence of their validity, respectively, and the regularity of the proceedings relating thereto.

Section 3-7. State not liable on bonds or related bond facilities. No bond or related bond facility shall constitute an indebtedness or an obligation of the State of Illinois or any subdivision thereof, within the purview of any constitutional or statutory limitation or provision or a charge against the general credit or taxing powers, if any, of any of them but shall be payable solely from pledged tobacco revenues. No owner of any bond or provider of any related bond facility shall have the right to compel the exercise of the taxing power of the State to pay any principal installment of, redemption premium, if any, or interest on the bonds or to make any payment due under any related bond facility.

Section 3-8. Agreement with the State.

This pledge and agreement may be included in the sale agreement and the Authority may include this pledge and agreement in any contract with the bondholders of the Authority.

(b) The provisions of this Act, the bonds issued pursuant to this Act, and the pledges and agreements by the State and the Authority to the bondholders shall be not be interpreted or construed to limit or impair the authority or discretion of the Attorney General to administer and enforce provisions of the Master Settlement Agreement or to direct, control, and settle any litigation or arbitration proceeding arising from or relating to the Master Settlement Agreement.

Section 3-9. Enforcement of contract. The provisions of this Act and of any resolution or proceeding authorizing the issuance of bonds or a related bond facility shall constitute a contract with the holders of the bonds or the related bond facility, and the provisions thereof shall be enforceable either by mandamus or

other proceeding in any Illinois court of competent jurisdiction to enforce and compel the performance of all duties required by this Act and by any resolution authorizing the issuance of bonds a related bond facility adopted in response hereto.

Except as otherwise provided in subsections (a-1) and (a-2), at the time of each payment of salary to an employee under the personal services line item, payment shall be made to the State Employees' Retirement System, from the amount appropriated for State contributions to the State Employees' Retirement System, of an amount calculated at the rate certified for the applicable fiscal year by the Board of Trustees of the State Employees' Retirement System under Section 14-135.08 of the Illinois Pension Code. If a line item appropriation to an employer for this purpose is exhausted or is unavailable due to any limitation on appropriations that may apply, (including, but not limited to, limitations on appropriations from the Road Fund under Section 8.3 of the State Finance Act), the amounts shall be paid under the continuing appropriation for this purpose contained in the State Pension Funds Continuing Appropriation Act.

(a-1) Beginning on the effective date of this amendatory Act of the 93rd General Assembly through the payment of the final payroll from fiscal year 2004 appropriations, appropriations for State contributions to the State Employees' Retirement System of Illinois shall be expended in the manner provided in this subsection (a-1). At the time of each payment of salary to an employee under the personal services line item from a fund other than the General Revenue Fund, payment shall be made for deposit into the General Revenue Fund from the amount appropriated for State contributions to the State Employees' Retirement System of an amount calculated at the rate certified for fiscal year 2004 by the Board of Trustees of the State Employees' Retirement System under Section 14-135.08 of the Illinois Pension Code. This payment shall be made to the extent that a line item appropriation to an employer for this purpose is available or

unexhausted. No payment from appropriations for State contributions shall be made in conjunction with payment of salary to an employee under the personal services line item from the General Revenue Fund.

(a-2) For fiscal year 2010 only, at the time of each payment of salary to an employee under the personal services line item from a fund other than the General Revenue Fund, payment shall be made for deposit into the State Employees' Retirement System of Illinois from the amount appropriated for State contributions to the State Employees' Retirement System of Illinois of an amount calculated at the rate certified for fiscal year 2010 by the Board of Trustees of the State Employees' Retirement System of Illinois under Section 14-135.08 of the Illinois Pension Code. (a-3) For fiscal year 2011 only, at the time of each payment of salary to an employee under the personal services line item from a fund other than the General Revenue Fund, payment shall be made for deposit into the State Employees' Retirement System of Illinois from the amount appropriated for State contributions to the State Employees' Retirement System of Illinois of an amount calculated at the rate certified for fiscal year 2011 by the Board of Trustees of the State Employees' Retirement System of Illinois under Section 14-135.08 of the Illinois Pension Code. This payment shall be made to the extent that a line item appropriation to an employer for this purpose is available or unexhausted. For fiscal year 2011 only, no payment from appropriations for State contributions shall be made in conjunction with payment of salary to an employee under the personal services line item from the General Revenue Fund.

(b) Except during the period beginning on the effective date of this amendatory Act of the 93rd General Assembly and ending at the time of the payment of the final payroll from fiscal year 2004 appropriations, the State Comptroller shall not approve for payment any payroll voucher that (1) includes payments of salary to eligible employees in the State Employees' Retirement System of Illinois and (2) does not include the corresponding payment of State contributions to that retirement system at the full rate certified under Section 14-135.08 for that fiscal year for eligible employees, unless the balance in the fund on which the payroll voucher is drawn is insufficient to pay the total payroll voucher, or unavailable due to any limitation on appropriations that may apply, including, but not limited to, limitations on appropriations from the Road Fund under Section 8.3 of the State Finance Act. If the State Comptroller approves a payroll voucher under this Section for which the fund balance is insufficient to pay the full amount of the required State contribution to the State Employees' Retirement System, the Comptroller shall promptly so notify the Retirement System.

(b-1) For fiscal year 2010 only, the State Comptroller shall not approve for payment any non-General Revenue Fund payroll voucher that (1) includes payments of salary to eligible employees in the State Employees' Retirement System of Illinois and (2) does not include the corresponding payment of State contributions to that retirement system at the full rate certified under Section 14-135.08 for that fiscal year for eligible employees, unless the balance in the fund on which the payroll voucher is drawn is insufficient to pay the total payroll voucher, or unavailable due to any limitation on appropriations that may apply, including, but not limited to, limitations on appropriations from the Road Fund under Section 8.3 of the State Finance Act. If the State Comptroller approves a payroll voucher under this Section for which the fund balance is insufficient to pay the full amount of the required State contribution to the State Employees' Retirement System of Illinois, the Comptroller shall promptly so notify the retirement system.

(c) Notwithstanding any other provisions of law, beginning July 1, 2007, required State and employee contributions to the State Employees' Retirement System of Illinois relating to affected legislative staff employees shall be paid out of moneys appropriated for that purpose to the Commission on Government Forecasting and Accountability, rather than out of the lump-sum appropriations otherwise made for the payroll and other costs of those employees.

These payments must be made pursuant to payroll vouchers submitted by the employing entity as part of the regular payroll voucher process.

For the purpose of this subsection, "affected legislative staff employees" means legislative staff employees paid out of lump-sum appropriations made to the General Assembly, an Officer of the General Assembly, or the Senate Operations Commission, but does not include district-office staff or employees of legislative support services agencies.

Sec. 25. Fiscal year limitations.

(a) All appropriations shall be available for expenditure for the fiscal year or for a lesser period if the Act making that appropriation so specifies. A deficiency or emergency appropriation shall be available for expenditure only through June 30 of the year when the Act making that appropriation is enacted unless that Act otherwise provides.

(b) Outstanding liabilities as of June 30, payable from appropriations which have otherwise expired, may be paid out of the expiring appropriations during the 2-month period ending at the close of business on August 31. Any service involving professional or artistic skills or any personal services by an employee whose compensation is subject to income tax withholding must be performed as of June 30 of the fiscal year in order to be considered an "outstanding liability as of June 30" that is thereby eligible for payment out of the expiring appropriation.

However, payment of tuition reimbursement claims under Section 14-7.03 or 18-3 of the School Code may be made by the State Board of Education from its appropriations for those respective purposes for any fiscal year, even though the claims reimbursed by the payment may be claims attributable to a prior fiscal year, and payments may be made at the direction of the State Superintendent of Education from the fund from which the appropriation is made without regard to any fiscal year limitations.

All outstanding liabilities as of June 30, 2010, payable from appropriations that would otherwise expire at the conclusion of the lapse period for fiscal year 2010, and interest penalties payable on those liabilities under the State Prompt Payment Act, may be paid out of the expiring appropriations until December 31, 2010, without regard to the fiscal year in which the payment is made, as long as vouchers for the liabilities are received by the Comptroller no later than August 31, 2010.

Medical payments may be made by the Department of Veterans' Affairs from its appropriations for those purposes for any fiscal year, without regard to the fact that the medical services being compensated for by such payment may have been rendered in a prior fiscal year.

Medical payments may be made by the Department of Healthcare and Family Services and medical payments and child care payments may be made by the Department of Human Services (as successor to the Department of Public Aid) from appropriations for those purposes for any fiscal year, without regard to the fact that the medical or child care services being compensated for by such payment may have been rendered in a prior fiscal year; and payments may be made at the direction of the Department of Central Management Services from the Health Insurance Reserve Fund and the Local Government Health Insurance Reserve Fund without regard to any fiscal year limitations.

Medical payments may be made by the Department of Human Services from its appropriations relating to substance abuse treatment services for any fiscal year, without regard to the fact that the medical services being compensated for by such payment may have been rendered in a prior fiscal year, provided the payments are made on a fee-for-service basis consistent with requirements established for Medicaid reimbursement by the Department of Healthcare and Family Services.

Additionally, payments may be made by the Department of Human Services from its appropriations, or any other State agency from its appropriations with the approval of the Department of Human Services, from the Immigration Reform and Control Fund for purposes authorized pursuant to the Immigration Reform and Control Act of 1986, without regard to any fiscal year limitations.

Further, with respect to costs incurred in fiscal years 2002 and 2003 only, payments may be made by the State Treasurer from its appropriations from the Capital Litigation Trust Fund without regard to any fiscal year limitations.

Lease payments may be made by the Department of Central Management Services under the sale and leaseback provisions of Section 7.4 of the State Property Control Act with respect to the James R. Thompson Center and the Elgin Mental Health Center and surrounding land from appropriations for that purpose without regard to any fiscal year limitations.

Lease payments may be made under the sale and leaseback provisions of Section 7.5 of the State Property Control Act with respect to the Illinois State Toll Highway Authority headquarters building and surrounding land without regard to any fiscal year limitations.

(c) Further, payments may be made by the Department of Public Health and the Department of Human Services (acting as successor to the Department of Public Health under the Department of Human Services Act) from their respective appropriations for grants for medical care to or on behalf of persons suffering from chronic renal disease, persons suffering from hemophilia, rape victims, and premature and

high-mortality risk infants and their mothers and for grants for supplemental food supplies provided under the United States Department of Agriculture Women, Infants and Children Nutrition Program, for any fiscal year without regard to the fact that the services being compensated for by such payment may have been rendered in a prior fiscal year.

(d) The Department of Public Health and the Department of Human Services (acting as successor to the Department of Public Health under the Department of Human Services Act) shall each annually submit to the State Comptroller, Senate President, Senate Minority Leader, Speaker of the House, House Minority Leader, and the respective Chairmen and Minority Spokesmen of the Appropriations Committees of the Senate and the House, on or before December 31, a report of fiscal year funds used to pay for services provided in any prior fiscal year. This report shall document by program or service category those expenditures from the most recently completed fiscal year used to pay for services provided in prior fiscal years.

(e) The Department of Healthcare and Family Services, the Department of Human Services (acting as successor to the Department of Public Aid), and the Department of Human Services making fee-for-service payments relating to substance abuse treatment services provided during a previous fiscal year shall each annually submit to the State Comptroller, Senate President, Senate Minority Leader, Speaker of the House, House Minority Leader, the respective Chairmen and Minority Spokesmen of the Appropriations Committees of the Senate and the House, on or before November 30, a report that shall document by program or service category those expenditures from the most recently completed fiscal year used to pay for (i) services provided in prior fiscal years and (ii) services for which claims were received in prior fiscal years.

(f) The Department of Human Services (as successor to the Department of Public Aid) shall annually submit to the State Comptroller, Senate President, Senate Minority Leader, Speaker of the House, House Minority Leader, and the respective Chairmen and Minority Spokesmen of the Appropriations Committees of the Senate and the House, on or before December 31, a report of fiscal year funds used to pay for services (other than medical care) provided in any prior fiscal year. This report shall document by program or service category those expenditures from the most recently completed fiscal year used to pay for services provided in prior fiscal years.

(1) Explanations of the exact causes of the variance between the previous year's estimated and actual liabilities.

(2) Factors affecting the Department of Healthcare and Family Services' liabilities, including but not limited to numbers of aid recipients, levels of medical service utilization by aid recipients, and inflation in the cost of medical services.

(3) The results of the Department's efforts to combat fraud and abuse.

(h) As provided in Section 4 of the General Assembly Compensation Act, any utility bill for service provided to a General Assembly member's district office for a period including portions of 2 consecutive fiscal years may be paid from funds appropriated for such expenditure in either fiscal year.

(i) An agency which administers a fund classified by the Comptroller as an internal service fund may issue rules for:

(1) billing user agencies in advance for payments or authorized inter-fund transfers based on estimated charges for goods or services;

(2) issuing credits, refunding through inter-fund transfers, or reducing future inter-fund transfers during the subsequent fiscal year for all user agency payments or authorized inter-fund transfers received during the prior fiscal year which were in excess of the final amounts owed by the user agency for that period; and

(3) issuing catch-up billings to user agencies during the subsequent fiscal year for amounts remaining due when payments or authorized inter-fund transfers received from the user agency during the prior fiscal year were less than the total amount owed for that period.

User agencies are authorized to reimburse internal service funds for catch-up billings by vouchers drawn against their respective appropriations for the fiscal year in which the catch-up billing was issued or by increasing an authorized inter-fund transfer during the current fiscal year. For the purposes of this Act, "inter-fund transfers" means transfers without the use of the voucher-warrant process, as authorized by Section 9.01 of the State Comptroller Act.

(a) From each fund from which an amount is appropriated for personal services to a department or other employer under Article 14 of the Illinois Pension Code, there is hereby appropriated to that department or other employer, on a continuing annual basis for each State fiscal year, an additional amount equal to the amount, if any, by which (1) an amount equal to the percentage of the personal services line item for that department or employer from that fund for that fiscal year that the Board of Trustees of the State Employees' Retirement System of Illinois has certified under Section 14-135.08 of the Illinois Pension Code to be necessary to meet the State's obligation under Section 14-131 of the Illinois Pension Code for that fiscal year, exceeds (2) the amounts otherwise appropriated to that department or employer from that fund for State contributions to the State Employees' Retirement System for that fiscal year. AMENDMENT NO. 12. Amend Senate Bill 3660, AS AMENDED, by inserting Article 25 in its proper numeric sequence as follows:

"ARTICLE 25. ADDITIONAL AMENDATORY PROVISIONS

Section 25-5. The State Budget Law of the Civil Administrative Code of Illinois is amended by changing Sections 50-5 and 50-10 and by adding Sections 50-7 and 50-25 as follows:

(15 ILCS 20/50-5)

Sec. 50-5. Governor to submit State budget.

(a) The Governor shall, as soon as possible and not later than the second Wednesday in March in 2010 (March 10, 2010) and the third Wednesday in February of each year beginning in 2011, except as otherwise provided in this Section, submit a State budget, embracing therein the amounts recommended by the Governor to be appropriated to the respective departments, offices, and institutions, and for all other public purposes, the estimated revenues from taxation, the estimated revenues from sources other than taxation, and an estimate of the amount required to be raised by taxation. The amounts recommended by the Governor for appropriation to the respective departments, offices and institutions shall be formulated according to the various functions and activities for which the respective department, office or institution of the State government (including the elective officers in the executive department and including the University of Illinois and the judicial department) is responsible. The amounts relating to particular functions and activities shall be further formulated in accordance with the object classification specified in Section 13 of the State Finance Act. In addition, the amounts recommended by the Governor for appropriation shall take into account each State agency's effectiveness in achieving its prioritized goals for the previous fiscal year, as set forth in Section 50-25 of this Law, giving priority to agencies and programs that have demonstrated a focus on the prevention of waste and the maximum yield from resources.

Beginning in fiscal year 2011, the Governor shall distribute written quarterly budget statements to the General Assembly and the State Comptroller. The statements shall be submitted on Wednesday of the last week of the last month of each quarter of the fiscal year and, as is currently the practice on the effective date of this amendatory Act of the 96th General Assembly, shall be posted on the Comptroller's website on the same day. The statements shall be prepared and presented in an executive summary format that includes, for the fiscal year to date, individual itemizations for each revenue source as well as individual itemizations of expenditures and obligations, by the classified line items set forth in Section 13 of the State Finance Act and for other purposes, with an appropriate level of detail. The statement shall include a calculation of the actual total budget surplus or deficit. The Governor shall also present periodic budget addresses throughout the fiscal year at the invitation of the General Assembly.

The Governor shall not propose expenditures and the General Assembly shall not enact appropriations that exceed the resources estimated to be available, as provided in this Section. Appropriations may be adjusted during the fiscal year by means of one or more supplemental appropriation bills if any State agency either fails to meet or exceeds the goals set forth in Section 50-25 of this Law.

For the purposes of Article VIII, Section 2 of the 1970 Illinois Constitution, the State budget for the following funds shall be prepared on the basis of revenue and expenditure measurement concepts that are in concert with generally accepted accounting principles for governments:

- (1) General Revenue Fund.
- (2) Common School Fund.
- (3) Educational Assistance Fund.
- (4) Road Fund.
- (5) Motor Fuel Tax Fund.
- (6) Agricultural Premium Fund.

These funds shall be known as the "budgeted funds". The revenue estimates used in the State budget for the budgeted funds shall include the estimated beginning fund balance, plus revenues estimated to be received during the budgeted year, plus the estimated receipts due the State as of June 30 of the budgeted year that are expected to be collected during the lapse period following the budgeted year, minus the receipts collected during the first 2 months of the budgeted year that became due to the State in the year before the budgeted year. Revenues shall also include estimated federal reimbursements associated with the recognition of Section 25 of the State Finance Act liabilities. For any budgeted fund for which current year revenues are anticipated to exceed expenditures, the surplus shall be considered to be a resource available for expenditure in the budgeted fiscal year.

Expenditure estimates for the budgeted funds included in the State budget shall include the costs to be incurred by the State for the budgeted year, to be paid in the next fiscal year, excluding costs paid in the budgeted year which were carried over from the prior year, where the payment is authorized by Section 25 of the State Finance Act. For any budgeted fund for which expenditures are expected to exceed revenues in the current fiscal year, the deficit shall be considered as a use of funds in the budgeted fiscal year.

Revenues and expenditures shall also include transfers between funds that are based on revenues received or costs incurred during the budget year.

Appropriations for expenditures shall also include all anticipated statutory continuing appropriation obligations that are expected to be incurred during the budgeted fiscal year.

By March 15 of each year, the Commission on Government Forecasting and Accountability shall prepare revenue and fund transfer estimates in accordance with the requirements of this Section and report those estimates to the General Assembly and the Governor.

For all funds other than the budgeted funds, the proposed expenditures shall not exceed funds estimated to be available for the fiscal year as shown in the budget. Appropriation for a fiscal year shall not exceed funds estimated by the General Assembly to be available during that year.

(b) This subsection applies only to the process for the proposed fiscal year 2011 budget.

By February 24, 2010, the Governor must file a written report with the Secretary of the Senate and the Clerk of the House of Representatives containing the following:

- (1) for fiscal year 2010, the revenues for all budgeted funds, both actual to date and estimated for the full fiscal year;
- (2) for fiscal year 2010, the expenditures for all budgeted funds, both actual to date and estimated for the full fiscal year;
- (3) for fiscal year 2011, the estimated revenues for all budgeted funds, including without limitation the affordable General Revenue Fund appropriations, for the full fiscal year; and
- (4) for fiscal year 2011, an estimate of the anticipated liabilities for all budgeted funds, including without limitation the affordable General Revenue Fund appropriations, debt service on bonds issued, and the State's contributions to the pension systems, for the full fiscal year.

Between February 24, 2010 and March 10, 2010, the members of the General Assembly and members of the public may make written budget recommendations to the Governor, and the Governor shall promptly make those recommendations available to the public through the Governor's Internet website.

Sec. 50-10. Budget contents. The budget shall be submitted by the Governor with line item and program data. The budget shall also contain performance data presenting an estimate for the current fiscal year, projections for the budget year, and information for the 3 prior fiscal years comparing department objectives with actual accomplishments, formulated according to the various functions and activities, and, wherever the nature of the work admits, according to the work units, for which the respective departments, offices, and institutions of the State government (including the elective officers in the executive department and including the University of Illinois and the judicial department) are responsible.

For the fiscal year beginning July 1, 1992 and for each fiscal year thereafter, the budget shall include the performance measures of each department's accountability report.

For the fiscal year beginning July 1, 1997 and for each fiscal year thereafter, the budget shall include one or more line items appropriating moneys to the Department of Human Services to fund participation in the Home-Based Support Services Program for Mentally Disabled Adults under the Developmental Disability and Mental Disability Services Act by persons described in Section 2-17 of that Act.

The budget shall contain a capital development section in which the Governor will present (1) information on the capital projects and capital programs for which appropriations are requested, (2) the capital spending plans, which shall document the first and subsequent years cash requirements by fund for the proposed bonded program, and (3) a statement that shall identify by year the principal and interest costs until retirement of the State's general obligation debt. In addition, the principal and interest costs of the budget year program shall be presented separately, to indicate the marginal cost of principal and interest payments necessary to retire the additional bonds needed to finance the budget year's capital program. In 2004 only, the capital development section of the State budget shall be submitted by the Governor not later than the fourth Tuesday of March (March 23, 2004).

For the budget year, the current year, and 3 prior fiscal years, the Governor shall also include in the budget estimates of or actual values for the assets and liabilities for General Assembly Retirement System, State Employees' Retirement System of Illinois, State Universities Retirement System, Teachers'

Retirement System of the State of Illinois, and Judges Retirement System of Illinois.

The budget submitted by the Governor shall contain, in addition, in a separate book, a tabulation of all position and employment titles in each such department, office, and institution, the number of each, and the salaries for each, formulated according to divisions, bureaus, sections, offices, departments, boards, and similar subdivisions, which shall correspond as nearly as practicable to the functions and activities for which the department, office, or institution is responsible.

Together with the budget, the Governor shall transmit the estimates of receipts and expenditures, as received by the Director of the Governor's Office of Management and Budget, of the elective officers in the executive and judicial departments and of the University of Illinois.

An applicable appropriations committee of each chamber of the General Assembly, for fiscal year 2012 and thereafter, must review individual line item appropriations and the total budget for each State agency, as defined in the Illinois State Auditing Act.

For fiscal year 2007, the Annual Percentage shall be 9.75%. For fiscal year 2008, the Annual Percentage shall be 7.75%. For fiscal year 2009, the Annual Percentage shall be 9.75%. For fiscal year 2010, the Annual Percentage shall be 9.75%. For fiscal year 2011, the Annual Percentage shall be 8.75%. For all other fiscal years, the Annual Percentage shall be calculated as a fraction, the numerator of which shall be the amount of refunds approved for payment by the Department during the preceding fiscal year as a result of overpayment of tax liability under subsections (a) and (b)(1), (2), and (3) of Section 201 of this Act plus the amount of such refunds remaining approved but unpaid at the end of the preceding fiscal year, minus the amounts transferred into the Income Tax Refund Fund from the Tobacco Settlement Recovery Fund, and the denominator of which shall be the amounts which will be collected pursuant to subsections (a) and (b)(1), (2), and (3) of Section 201 of this Act during the preceding fiscal year; except that in State fiscal year 2002, the Annual Percentage shall in no event exceed 7.6%. The Director of Revenue shall certify the Annual Percentage to the Comptroller on the last business day of the fiscal year immediately preceding the fiscal year for which it is to be effective.

(2) Beginning on January 1, 1989 and thereafter, the Department shall deposit a percentage of the amounts collected pursuant to subsections (a) and (b)(6), (7), and (8), (c) and (d) of Section 201 of this Act into a fund in the State treasury known as the Income Tax Refund Fund. The Department shall deposit 18% of such amounts during the period beginning January 1, 1989 and ending on June 30, 1989. Beginning with State fiscal year 1990 and for each fiscal year thereafter, the percentage deposited into the Income Tax Refund Fund during a fiscal year shall be the Annual Percentage. For fiscal years 1999, 2000, and 2001, the Annual Percentage shall be 19%. For fiscal year 2003, the Annual Percentage shall be 27%. For fiscal year 2004, the Annual Percentage shall be 32%. Upon the effective date of this amendatory Act of the 93rd General Assembly, the Annual Percentage shall be 24% for fiscal year 2005. For fiscal year 2006, the Annual Percentage shall be 20%. For fiscal year 2007, the Annual Percentage shall be 17.5%. For fiscal year 2008, the Annual Percentage shall be 15.5%. For fiscal year 2009, the Annual Percentage shall be 17.5%. For fiscal year 2010, the Annual Percentage shall be 17.5%. For fiscal year 2011, the Annual Percentage shall be 17.5%. For all other fiscal years, the Annual Percentage shall be calculated as a fraction, the numerator of which shall be the amount of refunds approved for payment by the Department during the preceding fiscal year as a result of overpayment of tax liability under subsections (a) and (b)(6), (7), and (8), (c) and (d) of Section 201 of this Act plus the amount of such refunds remaining approved but unpaid at the end of the preceding fiscal year, and the denominator of which shall be the amounts which will be collected pursuant to subsections (a) and (b)(6), (7), and (8), (c) and (d) of Section 201 of this Act during the preceding fiscal year; except that in State fiscal year 2002, the Annual Percentage shall in no event exceed 23%. The Director of Revenue shall certify the Annual Percentage to the Comptroller on the last business day of the fiscal year immediately preceding the fiscal year for which it is to be effective.

(3) The Comptroller shall order transferred and the Treasurer shall transfer from the Tobacco Settlement Recovery Fund to the Income Tax Refund Fund (i) \$35,000,000 in January, 2001, (ii) \$35,000,000 in January, 2002, and (iii) \$35,000,000 in January, 2003.

(d) Expenditures from Income Tax Refund Fund.

(1) Beginning January 1, 1989, money in the Income Tax Refund Fund shall be expended exclusively for the purpose of paying refunds resulting from overpayment of tax liability under Section 201 of this Act, for paying rebates under Section 208.1 in the event that the amounts in the Homeowners' Tax Relief Fund are insufficient for that purpose, and for making transfers pursuant to this subsection (d).

(2) The Director shall order payment of refunds resulting from overpayment of tax liability under Section 201 of this Act from the Income Tax Refund Fund only to the extent that amounts collected pursuant to Section 201 of this Act and transfers pursuant to this subsection (d) and item (3) of subsection (c) have been deposited and retained in the Fund.

(3) As soon as possible after the end of each fiscal year, the Director shall order transferred and the State Treasurer and State Comptroller shall transfer from the Income Tax Refund

Fund to the Personal Property Tax Replacement Fund an amount, certified by the Director to the Comptroller, equal to the excess of the amount collected pursuant to subsections (c) and (d) of Section 201 of this Act deposited into the Income Tax Refund Fund during the fiscal year over the amount of refunds resulting from overpayment of tax liability under subsections (c) and (d) of Section 201 of this Act paid from the Income Tax Refund Fund during the fiscal year.

(4) As soon as possible after the end of each fiscal year, the Director shall order transferred and the State Treasurer and State Comptroller shall transfer from the Personal Property Tax Replacement Fund to the Income Tax Refund Fund an amount, certified by the Director to the Comptroller, equal to the excess of the amount of refunds resulting from overpayment of tax liability under subsections (c) and (d) of Section 201 of this Act paid from the Income Tax Refund Fund during the fiscal year over the amount collected pursuant to subsections (c) and (d) of Section 201 of this Act deposited into the Income Tax Refund Fund during the fiscal year.

(4.5) As soon as possible after the end of fiscal year 1999 and of each fiscal year thereafter, the Director shall order transferred and the State Treasurer and State Comptroller shall transfer from the Income Tax Refund Fund to the General Revenue Fund any surplus remaining in the Income Tax Refund Fund as of the end of such fiscal year; excluding for fiscal years 2000, 2001, and 2002 amounts attributable to transfers under item (3) of subsection (c) less refunds resulting from the earned income tax credit.

(5) This Act shall constitute an irrevocable and continuing appropriation from the Income Tax Refund Fund for the purpose of paying refunds upon the order of the Director in accordance with the provisions of this Section.

(e) Deposits into the Education Assistance Fund and the Income Tax Surcharge Local Government Distributive Fund.

On July 1, 1991, and thereafter, of the amounts collected pursuant to subsections (a) and (b) of Section 201 of this Act, minus deposits into the Income Tax Refund Fund, the Department shall deposit 7.3% into the Education Assistance Fund in the State Treasury. Beginning July 1, 1991, and continuing through January 31, 1993, of the amounts collected pursuant to subsections (a) and (b) of Section 201 of the Illinois Income Tax Act, minus deposits into the Income Tax Refund Fund, the Department shall deposit 3.0% into the Income Tax Surcharge Local Government Distributive Fund in the State Treasury. Beginning February 1, 1993 and continuing through June 30, 1993, of the amounts collected pursuant to subsections (a) and (b) of Section 201 of the Illinois Income Tax Act, minus deposits into the Income Tax Refund Fund, the Department shall deposit 4.4% into the Income Tax Surcharge Local Government Distributive Fund in the State Treasury. Beginning July 1, 1993, and continuing through June 30, 1994, of the amounts collected under subsections (a) and (b) of Section 201 of this Act, minus deposits into the Income Tax Refund Fund, the Department shall deposit 1.475% into the Income Tax Surcharge Local Government Distributive Fund in the State Treasury.

Section 5-40. The Motor Fuel Tax Law is amended by changing Section 8 as follows:

(35 ILCS 505/8) (from Ch. 120, par. 424)

Sec. 8. Except as provided in Section 8a, subdivision (h)(1) of Section 12a, Section 13a.6, and items 13, 14, 15, and 16 of Section 15, all money received by the Department under this Act, including payments made to the Department by member jurisdictions participating in the International Fuel Tax Agreement, shall be deposited in a special fund in the State treasury, to be known as the "Motor Fuel Tax Fund", and shall be used as follows:

(a) 2 1/2 cents per gallon of the tax collected on special fuel under paragraph (b) of Section 2 and Section 13a of this Act shall be transferred to the State Construction Account Fund in the State Treasury;

(b) \$420,000 shall be transferred each month to the State Boating Act Fund to be used by the Department of Natural Resources for the purposes specified in Article X of the Boat Registration and Safety Act;

(c) \$3,500,000 shall be transferred each month to the Grade Crossing Protection Fund to be used as follows: not less than \$12,000,000 each fiscal year shall be used for the construction or reconstruction of rail highway grade separation structures; \$2,250,000 in fiscal years 2004 through 2009 and \$3,000,000 in fiscal year 2010 and each fiscal year thereafter shall be transferred to the Transportation Regulatory Fund and shall be accounted for as part of the rail carrier portion of such funds and shall be used to pay the cost of administration of the Illinois Commerce Commission's railroad safety program in connection with its duties under subsection (3) of Section 18c-7401 of the Illinois Vehicle Code, with the remainder to be used by the Department of Transportation upon order of the Illinois Commerce Commission, to pay that part of the cost apportioned by such Commission to the State to cover the interest of the public in the use of

highways, roads, streets, or pedestrian walkways in the county highway system, township and district road system, or municipal street system as defined in the Illinois Highway Code, as the same may from time to time be amended, for separation of grades, for installation, construction or reconstruction of crossing protection or reconstruction, alteration, relocation including construction or improvement of any existing highway necessary for access to property or improvement of any grade crossing and grade crossing surface including the necessary highway approaches thereto of any railroad across the highway or public road, or for the installation, construction, reconstruction, or maintenance of a pedestrian walkway over or under a railroad right-of-way, as provided for in and in accordance with Section 18c-7401 of the Illinois Vehicle Code. The Commission may order up to \$2,000,000 per year in Grade Crossing Protection Fund moneys for the improvement of grade crossing surfaces and up to \$300,000 per year for the maintenance and renewal of 4-quadrant gate vehicle detection systems located at non-high speed rail grade crossings. The Commission shall not order more than \$2,000,000 per year in Grade Crossing Protection Fund moneys for pedestrian walkways. In entering orders for projects for which payments from the Grade Crossing Protection Fund will be made, the Commission shall account for expenditures authorized by the orders on a cash rather than an accrual basis. For purposes of this requirement an "accrual basis" assumes that the total cost of the project is expended in the fiscal year in which the order is entered, while a "cash basis" allocates the cost of the project among fiscal years as expenditures are actually made. To meet the requirements of this subsection, the Illinois Commerce Commission shall develop annual and 5-year project plans of rail crossing capital improvements that will be paid for with moneys from the Grade Crossing Protection Fund. The annual project plan shall identify projects for the succeeding fiscal year and the 5-year project plan shall identify projects for the 5 directly succeeding fiscal years. The Commission shall submit the annual and 5-year project plans for this Fund to the Governor, the President of the Senate, the Senate Minority Leader, the Speaker of the House of Representatives, and the Minority Leader of the House of Representatives on the first Wednesday in April of each year;

(d) of the amount remaining after allocations provided for in subsections (a), (b) and (c), a sufficient amount shall be reserved to pay all of the following:

(1) the costs of the Department of Revenue in administering this Act;

(2) the costs of the Department of Transportation in performing its duties imposed by the Illinois Highway Code for supervising the use of motor fuel tax funds apportioned to municipalities, counties and road districts;

(3) refunds provided for in Section 13 of this Act and under the terms of the International Fuel Tax Agreement referenced in Section 14a;

(4) from October 1, 1985 until June 30, 1994, the administration of the Vehicle Emissions Inspection Law, which amount shall be certified monthly by the Environmental Protection Agency to the State Comptroller and shall promptly be transferred by the State Comptroller and Treasurer from the Motor Fuel Tax Fund to the Vehicle Inspection Fund, and for the period July 1, 1994 through June 30, 2000, one-twelfth of \$25,000,000 each month, for the period July 1, 2000 through June 30, 2003, one-twelfth of \$30,000,000 each month, and \$15,000,000 on July 1, 2003, and \$15,000,000 on January 1, 2004, and \$15,000,000 on each July 1 and October 1, or as soon thereafter as may be practical, during the period July 1, 2004 through June 30, 2011 ~~2010~~, for the administration of the Vehicle Emissions Inspection Law of 2005, to be transferred by the State Comptroller and Treasurer from the Motor Fuel Tax Fund into the Vehicle Inspection Fund;

(5) amounts ordered paid by the Court of Claims; and

(6) payment of motor fuel use taxes due to member jurisdictions under the terms of the International Fuel Tax Agreement. The Department shall certify these amounts to the Comptroller by the 15th day of each month; the Comptroller shall cause orders to be drawn for such amounts, and the Treasurer shall administer those amounts on or before the last day of each month;

(e) after allocations for the purposes set forth in subsections (a), (b), (c) and (d), the remaining amount shall be apportioned as follows:

(1) Until January 1, 2000, 58.4%, and beginning January 1, 2000, 45.6% shall be deposited as follows:

(A) 37% into the State Construction Account Fund, and

(B) 63% into the Road Fund, \$1,250,000 of which shall be reserved each month for the Department of Transportation to be used in accordance with the provisions of Sections 6-901 through 6-906 of the Illinois Highway Code;

(2) Until January 1, 2000, 41.6%, and beginning January 1, 2000, 54.4% shall be transferred to the Department of Transportation to be distributed as follows:

- (A) 49.10% to the municipalities of the State,
- (B) 16.74% to the counties of the State having 1,000,000 or more inhabitants,
- (C) 18.27% to the counties of the State having less than 1,000,000 inhabitants,
- (D) 15.89% to the road districts of the State.

As soon as may be after the first day of each month the Department of Transportation shall allot to each municipality its share of the amount apportioned to the several municipalities which shall be in proportion to the population of such municipalities as determined by the last preceding municipal census if conducted by the Federal Government or Federal census. If territory is annexed to any municipality subsequent to the time of the last preceding census the corporate authorities of such municipality may cause a census to be taken of such annexed territory and the population so ascertained for such territory shall be added to the population of the municipality as determined by the last preceding census for the purpose of determining the allotment for that municipality. If the population of any municipality was not determined by the last Federal census preceding any apportionment, the apportionment to such municipality shall be in accordance with any census taken by such municipality. Any municipal census used in accordance with this Section shall be certified to the Department of Transportation by the clerk of such municipality, and the accuracy thereof shall be subject to approval of the Department which may make such corrections as it ascertains to be necessary.

As soon as may be after the first day of each month the Department of Transportation shall allot to each county its share of the amount apportioned to the several counties of the State as herein provided. Each allotment to the several counties having less than 1,000,000 inhabitants shall be in proportion to the amount of motor vehicle license fees received from the residents of such counties, respectively, during the preceding calendar year. The Secretary of State shall, on or before April 15 of each year, transmit to the Department of Transportation a full and complete report showing the amount of motor vehicle license fees received from the residents of each county, respectively, during the preceding calendar year. The Department of Transportation shall, each month, use for allotment purposes the last such report received from the Secretary of State.

As soon as may be after the first day of each month, the Department of Transportation shall allot to the several counties their share of the amount apportioned for the use of road districts. The allotment shall be apportioned among the several counties in the State in the proportion which the total mileage of township or district roads in the respective counties bears to the total mileage of all township and district roads in the State. Funds allotted to the respective counties for the use of road districts therein shall be allocated to the several road districts in the county in the proportion which the total mileage of such township or district roads in the respective road districts bears to the total mileage of all such township or district roads in the county. After July 1 of any year, no allocation shall be made for any road district unless it levied a tax for road and bridge purposes in an amount which will require the extension of such tax against the taxable property in any such road district at a rate of not less than either .08% of the value thereof, based upon the assessment for the year immediately prior to the year in which such tax was levied and as equalized by the Department of Revenue or, in DuPage County, an amount equal to or greater than \$12,000 per mile of road under the jurisdiction of the road district, whichever is less. If any road district has levied a special tax for road purposes pursuant to Sections 6-601, 6-602 and 6-603 of the Illinois Highway Code, and such tax was levied in an amount which would require extension at a rate of not less than .08% of the value of the taxable property thereof, as equalized or assessed by the Department of Revenue, or, in DuPage County, an amount equal to or greater than \$12,000 per mile of road under the jurisdiction of the road district, whichever is less, such levy shall, however, be deemed a proper compliance with this Section and shall qualify such road district for an allotment under this Section. If a township has transferred to the road and bridge fund money which, when added to the amount of any tax levy of the road district would be the equivalent of a tax levy requiring extension at a rate of at least .08%, or, in DuPage County, an amount equal to or greater than \$12,000 per mile of road under the jurisdiction of the road district, whichever is less, such transfer, together with any such tax levy, shall be deemed a proper compliance with this Section and shall qualify the road district for an allotment under this Section.

In counties in which a property tax extension limitation is imposed under the Property Tax Extension Limitation Law, road districts may retain their entitlement to a motor fuel tax allotment if, at the time the property tax extension limitation was imposed, the road district was levying a road and bridge tax at a rate sufficient to entitle it to a motor fuel tax allotment and continues to levy the maximum allowable amount after the imposition of the property tax extension limitation. Any road district may in all circumstances retain its entitlement to a motor fuel tax allotment if it levied a road and bridge tax in an amount that will require the extension of the tax against the taxable property in the road district at a rate of not less than

0.08% of the assessed value of the property, based upon the assessment for the year immediately preceding the year in which the tax was levied and as equalized by the Department of Revenue or, in DuPage County, an amount equal to or greater than \$12,000 per mile of road under the jurisdiction of the road district, whichever is less.

As used in this Section the term "road district" means any road district, including a county unit road district, provided for by the Illinois Highway Code; and the term "township or district road" means any road in the township and district road system as defined in the Illinois Highway Code. For the purposes of this Section, "road district" also includes park districts, forest preserve districts and conservation districts organized under Illinois law and "township or district road" also includes such roads as are maintained by park districts, forest preserve districts and conservation districts. The Department of Transportation shall determine the mileage of all township and district roads for the purposes of making allotments and allocations of motor fuel tax funds for use in road districts.

Payment of motor fuel tax moneys to municipalities and counties shall be made as soon as possible after the allotment is made. The treasurer of the municipality or county may invest these funds until their use is required and the interest earned by these investments shall be limited to the same uses as the principal funds.

Section 5-47. The School Code is amended by changing Section 18-8.05 as follows:

(105 ILCS 5/18-8.05)

Sec. 18-8.05. Basis for apportionment of general State financial aid and supplemental general State aid to the common schools for the 1998-1999 and subsequent school years.

(A) General Provisions.

(1) The provisions of this Section apply to the 1998-1999 and subsequent school years. The system of general State financial aid provided for in this Section is designed to assure that, through a combination of State financial aid and required local resources, the financial support provided each pupil in Average Daily Attendance equals or exceeds a prescribed per pupil Foundation Level. This formula approach imputes a level of per pupil Available Local Resources and provides for the basis to calculate a per pupil level of general State financial aid that, when added to Available Local Resources, equals or exceeds the Foundation Level. The amount of per pupil general State financial aid for school districts, in general, varies in inverse relation to Available Local Resources. Per pupil amounts are based upon each school district's Average Daily Attendance as that term is defined in this Section.

(2) In addition to general State financial aid, school districts with specified levels or concentrations of pupils from low income households are eligible to receive supplemental general State financial aid grants as provided pursuant to subsection (H). The supplemental State aid grants provided for school districts under subsection (H) shall be appropriated for distribution to school districts as part of the same line item in which the general State financial aid of school districts is appropriated under this Section.

(3) To receive financial assistance under this Section, school districts are required to file claims with the State Board of Education, subject to the following requirements:

(a) Any school district which fails for any given school year to maintain school as required by law, or to maintain a recognized school is not eligible to file for such school year any claim upon the Common School Fund. In case of nonrecognition of one or more attendance centers in a school district otherwise operating recognized schools, the claim of the district shall be reduced in the proportion which the Average Daily Attendance in the attendance center or centers bear to the Average Daily Attendance in the school district. A "recognized school" means any public school which meets the standards as established for recognition by the State Board of Education. A school district or attendance center not having recognition status at the end of a school term is entitled to receive State aid payments due upon a legal claim which was filed while it was recognized.

(b) School district claims filed under this Section are subject to Sections 18-9 and 18-12, except as otherwise provided in this Section.

(c) If a school district operates a full year school under Section 10-19.1, the general State aid to the school district shall be determined by the State Board of Education in accordance with this Section as near as may be applicable.

(d) (Blank).

(4) Except as provided in subsections (H) and (L), the board of any district receiving any of the grants provided for in this Section may apply those funds to any fund so received for which that board is authorized to make expenditures by law.

School districts are not required to exert a minimum Operating Tax Rate in order to qualify for assistance

under this Section.

(5) As used in this Section the following terms, when capitalized, shall have the meaning ascribed herein:

(a) "Average Daily Attendance": A count of pupil attendance in school, averaged as provided for in subsection (C) and utilized in deriving per pupil financial support levels.

(b) "Available Local Resources": A computation of local financial support, calculated on the basis of Average Daily Attendance and derived as provided pursuant to subsection (D).

(c) "Corporate Personal Property Replacement Taxes": Funds paid to local school districts pursuant to "An Act in relation to the abolition of ad valorem personal property tax and the replacement of revenues lost thereby, and amending and repealing certain Acts and parts of Acts in connection therewith", certified August 14, 1979, as amended (Public Act 81-1st S.S.-1).

(d) "Foundation Level": A prescribed level of per pupil financial support as provided for in subsection (B).

(e) "Operating Tax Rate": All school district property taxes extended for all purposes, except Bond and Interest, Summer School, Rent, Capital Improvement, and Vocational Education Building purposes.

(B) Foundation Level.

(1) The Foundation Level is a figure established by the State representing the minimum level of per pupil financial support that should be available to provide for the basic education of each pupil in Average Daily Attendance. As set forth in this Section, each school district is assumed to exert a sufficient local taxing effort such that, in combination with the aggregate of general State financial aid provided the district, an aggregate of State and local resources are available to meet the basic education needs of pupils in the district.

(2) For the 1998-1999 school year, the Foundation Level of support is \$4,225. For the 1999-2000 school year, the Foundation Level of support is \$4,325. For the 2000-2001 school year, the Foundation Level of support is \$4,425. For the 2001-2002 school year and 2002-2003 school year, the Foundation Level of support is \$4,560. For the 2003-2004 school year, the Foundation Level of support is \$4,810. For the 2004-2005 school year, the Foundation Level of support is \$4,964. For the 2005-2006 school year, the Foundation Level of support is \$5,164. For the 2006-2007 school year, the Foundation Level of support is \$5,334. For the 2007-2008 school year, the Foundation Level of support is \$5,734. For the 2008-2009 school year, the Foundation Level of support is \$5,959.

(3) For the 2009-2010 school year and each school year thereafter, the Foundation Level of support is \$6,119 or such greater amount as may be established by law by the General Assembly.

(C) Average Daily Attendance.

(1) For purposes of calculating general State aid pursuant to subsection (E), an Average Daily Attendance figure shall be utilized. The Average Daily Attendance figure for formula calculation purposes shall be the monthly average of the actual number of pupils in attendance of each school district, as further averaged for the best 3 months of pupil attendance for each school district. In compiling the figures for the number of pupils in attendance, school districts and the State Board of Education shall, for purposes of general State aid funding, conform attendance figures to the requirements of subsection (F).

(2) The Average Daily Attendance figures utilized in subsection (E) shall be the requisite attendance data for the school year immediately preceding the school year for which general State aid is being calculated or the average of the attendance data for the 3 preceding school years, whichever is greater. The Average Daily Attendance figures utilized in subsection (H) shall be the requisite attendance data for the school year immediately preceding the school year for which general State aid is being calculated.

(D) Available Local Resources.

(1) For purposes of calculating general State aid pursuant to subsection (E), a representation of Available Local Resources per pupil, as that term is defined and determined in this subsection, shall be utilized. Available Local Resources per pupil shall include a calculated dollar amount representing local school district revenues from local property taxes and from Corporate Personal Property Replacement Taxes, expressed on the basis of pupils in Average Daily Attendance. Calculation of Available Local Resources shall exclude any tax amnesty funds received as a result of Public Act 93-26.

(2) In determining a school district's revenue from local property taxes, the State Board of Education shall utilize the equalized assessed valuation of all taxable property of each school district as of September 30 of the previous year. The equalized assessed valuation utilized shall be obtained and determined as provided in subsection (G).

(3) For school districts maintaining grades kindergarten through 12, local property tax revenues per pupil

shall be calculated as the product of the applicable equalized assessed valuation for the district multiplied by 3.00%, and divided by the district's Average Daily Attendance figure. For school districts maintaining grades kindergarten through 8, local property tax revenues per pupil shall be calculated as the product of the applicable equalized assessed valuation for the district multiplied by 2.30%, and divided by the district's Average Daily Attendance figure. For school districts maintaining grades 9 through 12, local property tax revenues per pupil shall be the applicable equalized assessed valuation of the district multiplied by 1.05%, and divided by the district's Average Daily Attendance figure.

For partial elementary unit districts created pursuant to Article 11E of this Code, local property tax revenues per pupil shall be calculated as the product of the equalized assessed valuation for property within the partial elementary unit district for elementary purposes, as defined in Article 11E of this Code, multiplied by 2.06% and divided by the district's Average Daily Attendance figure, plus the product of the equalized assessed valuation for property within the partial elementary unit district for high school purposes, as defined in Article 11E of this Code, multiplied by 0.94% and divided by the district's Average Daily Attendance figure.

(4) The Corporate Personal Property Replacement Taxes paid to each school district during the calendar year one year before the calendar year in which a school year begins, divided by the Average Daily Attendance figure for that district, shall be added to the local property tax revenues per pupil as derived by the application of the immediately preceding paragraph (3). The sum of these per pupil figures for each school district shall constitute Available Local Resources as that term is utilized in subsection (E) in the calculation of general State aid.

(E) Computation of General State Aid.

(1) For each school year, the amount of general State aid allotted to a school district shall be computed by the State Board of Education as provided in this subsection.

(2) For any school district for which Available Local Resources per pupil is less than the product of 0.93 times the Foundation Level, general State aid for that district shall be calculated as an amount equal to the Foundation Level minus Available Local Resources, multiplied by the Average Daily Attendance of the school district.

(3) For any school district for which Available Local Resources per pupil is equal to or greater than the product of 0.93 times the Foundation Level and less than the product of 1.75 times the Foundation Level, the general State aid per pupil shall be a decimal proportion of the Foundation Level derived using a linear algorithm. Under this linear algorithm, the calculated general State aid per pupil shall decline in direct linear fashion from 0.07 times the Foundation Level for a school district with Available Local Resources equal to the product of 0.93 times the Foundation Level, to 0.05 times the Foundation Level for a school district with Available Local Resources equal to the product of 1.75 times the Foundation Level. The allocation of general State aid for school districts subject to this paragraph 3 shall be the calculated general State aid per pupil figure multiplied by the Average Daily Attendance of the school district.

(4) For any school district for which Available Local Resources per pupil equals or exceeds the product of 1.75 times the Foundation Level, the general State aid for the school district shall be calculated as the product of \$218 multiplied by the Average Daily Attendance of the school district.

(5) The amount of general State aid allocated to a school district for the 1999-2000 school year meeting the requirements set forth in paragraph (4) of subsection (G) shall be increased by an amount equal to the general State aid that would have been received by the district for the 1998-1999 school year by utilizing the Extension Limitation Equalized Assessed Valuation as calculated in paragraph (4) of subsection (G) less the general State aid allotted for the 1998-1999 school year. This amount shall be deemed a one time increase, and shall not affect any future general State aid allocations.

(F) Compilation of Average Daily Attendance.

(1) Each school district shall, by July 1 of each year, submit to the State Board of Education, on forms prescribed by the State Board of Education, attendance figures for the school year that began in the preceding calendar year. The attendance information so transmitted shall identify the average daily attendance figures for each month of the school year. Beginning with the general State aid claim form for the 2002-2003 school year, districts shall calculate Average Daily Attendance as provided in subdivisions (a), (b), and (c) of this paragraph (1).

(a) In districts that do not hold year-round classes, days of attendance in August shall be added to the month of September and any days of attendance in June shall be added to the month of May.

(b) In districts in which all buildings hold year-round classes, days of attendance in July and August shall be added to the month of September and any days of attendance in June shall be

added to the month of May.

(c) In districts in which some buildings, but not all, hold year-round classes, for the non-year-round buildings, days of attendance in August shall be added to the month of September and any days of attendance in June shall be added to the month of May. The average daily attendance for the year-round buildings shall be computed as provided in subdivision (b) of this paragraph (1). To calculate the Average Daily Attendance for the district, the average daily attendance for the year-round buildings shall be multiplied by the days in session for the non-year-round buildings for each month and added to the monthly attendance of the non-year-round buildings.

Except as otherwise provided in this Section, days of attendance by pupils shall be counted only for sessions of not less than 5 clock hours of school work per day under direct supervision of: (i) teachers, or (ii) non-teaching personnel or volunteer personnel when engaging in non-teaching duties and supervising in those instances specified in subsection (a) of Section 10-22.34 and paragraph 10 of Section 34-18, with pupils of legal school age and in kindergarten and grades 1 through 12.

Days of attendance by tuition pupils shall be accredited only to the districts that pay the tuition to a recognized school.

(2) Days of attendance by pupils of less than 5 clock hours of school shall be subject to the following provisions in the compilation of Average Daily Attendance.

(a) Pupils regularly enrolled in a public school for only a part of the school day may be counted on the basis of 1/6 day for every class hour of instruction of 40 minutes or more attended pursuant to such enrollment, unless a pupil is enrolled in a block-schedule format of 80 minutes or more of instruction, in which case the pupil may be counted on the basis of the proportion of minutes of school work completed each day to the minimum number of minutes that school work is required to be held that day.

(b) Days of attendance may be less than 5 clock hours on the opening and closing of the school term, and upon the first day of pupil attendance, if preceded by a day or days utilized as an institute or teachers' workshop.

(c) A session of 4 or more clock hours may be counted as a day of attendance upon certification by the regional superintendent, and approved by the State Superintendent of Education to the extent that the district has been forced to use daily multiple sessions.

(d) A session of 3 or more clock hours may be counted as a day of attendance (1) when the remainder of the school day or at least 2 hours in the evening of that day is utilized for an in-service training program for teachers, up to a maximum of 5 days per school year, provided a district conducts an in-service training program for teachers in accordance with Section 10-22.39 of this Code; or, in lieu of 4 such days, 2 full days may be used, in which event each such day may be counted as a day required for a legal school calendar pursuant to Section 10-19 of this Code; (1.5) when, of the 5 days allowed under item (1), a maximum of 4 days are used for parent-teacher conferences, or, in lieu of 4 such days, 2 full days are used, in which case each such day may be counted as a calendar day required under Section 10-19 of this Code, provided that the full-day, parent-teacher conference consists of (i) a minimum of 5 clock hours of parent-teacher conferences, (ii) both a minimum of 2 clock hours of parent-teacher conferences held in the evening following a full day of student attendance, as specified in subsection (F)(1)(c), and a minimum of 3 clock hours of parent-teacher conferences held on the day immediately following evening parent-teacher conferences, or (iii) multiple parent-teacher conferences held in the evenings following full days of student attendance, as specified in subsection (F)(1)(c), in which the time used for the parent-teacher conferences is equivalent to a minimum of 5 clock hours; and (2) when days in addition to those provided in items (1) and (1.5) are scheduled by a school pursuant to its school improvement plan adopted under Article 34 or its revised or amended school improvement plan adopted under Article 2, provided that (i) such sessions of 3 or more clock hours are scheduled to occur at regular intervals, (ii) the remainder of the school days in which such sessions occur are utilized for in-service training programs or other staff development activities for teachers, and (iii) a sufficient number of minutes of school work under the direct supervision of teachers are added to the school days between such regularly scheduled sessions to accumulate not less than the number of minutes by which such sessions of 3 or more clock hours fall short of 5 clock hours. Any full days used for the purposes of this paragraph shall not be considered for computing average daily attendance. Days scheduled for in-service training programs, staff development activities, or parent-teacher conferences may be scheduled separately for different grade levels and different attendance centers of the district.

(e) A session of not less than one clock hour of teaching hospitalized or homebound pupils on-site or by telephone to the classroom may be counted as 1/2 day of attendance, however these

pupils must receive 4 or more clock hours of instruction to be counted for a full day of attendance.

(f) A session of at least 4 clock hours may be counted as a day of attendance for first grade pupils, and pupils in full day kindergartens, and a session of 2 or more hours may be counted as 1/2 day of attendance by pupils in kindergartens which provide only 1/2 day of attendance.

(g) For children with disabilities who are below the age of 6 years and who cannot attend 2 or more clock hours because of their disability or immaturity, a session of not less than one clock hour may be counted as 1/2 day of attendance; however for such children whose educational needs so require a session of 4 or more clock hours may be counted as a full day of attendance.

(h) A recognized kindergarten which provides for only 1/2 day of attendance by each pupil shall not have more than 1/2 day of attendance counted in any one day. However, kindergartens may count 2 1/2 days of attendance in any 5 consecutive school days. When a pupil attends such a kindergarten for 2 half days on any one school day, the pupil shall have the following day as a day absent from school, unless the school district obtains permission in writing from the State Superintendent of Education. Attendance at kindergartens which provide for a full day of attendance by each pupil shall be counted the same as attendance by first grade pupils. Only the first year of attendance in one kindergarten shall be counted, except in case of children who entered the kindergarten in their fifth year whose educational development requires a second year of kindergarten as determined under the rules and regulations of the State Board of Education.

(i) On the days when the Prairie State Achievement Examination is administered under subsection (c) of Section 2-3.64 of this Code, the day of attendance for a pupil whose school day must be shortened to accommodate required testing procedures may be less than 5 clock hours and shall be counted towards the 176 days of actual pupil attendance required under Section 10-19 of this Code, provided that a sufficient number of minutes of school work in excess of 5 clock hours are first completed on other school days to compensate for the loss of school work on the examination days.

(G) Equalized Assessed Valuation Data.

(1) For purposes of the calculation of Available Local Resources required pursuant to subsection (D), the State Board of Education shall secure from the Department of Revenue the value as equalized or assessed by the Department of Revenue of all taxable property of every school district, together with (i) the applicable tax rate used in extending taxes for the funds of the district as of September 30 of the previous year and (ii) the limiting rate for all school districts subject to property tax extension limitations as imposed under the Property Tax Extension Limitation Law.

The Department of Revenue shall add to the equalized assessed value of all taxable property of each school district situated entirely or partially within a county that is or was subject to the provisions of Section 15-176 or 15-177 of the Property Tax Code (a) an amount equal to the total amount by which the homestead exemption allowed under Section 15-176 or 15-177 of the Property Tax Code for real property situated in that school district exceeds the total amount that would have been allowed in that school district if the maximum reduction under Section 15-176 was (i) \$4,500 in Cook County or \$3,500 in all other counties in tax year 2003 or (ii) \$5,000 in all counties in tax year 2004 and thereafter and (b) an amount equal to the aggregate amount for the taxable year of all additional exemptions under Section 15-175 of the Property Tax Code for owners with a household income of \$30,000 or less. The county clerk of any county that is or was subject to the provisions of Section 15-176 or 15-177 of the Property Tax Code shall annually calculate and certify to the Department of Revenue for each school district all homestead exemption amounts under Section 15-176 or 15-177 of the Property Tax Code and all amounts of additional exemptions under Section 15-175 of the Property Tax Code for owners with a household income of \$30,000 or less. It is the intent of this paragraph that if the general homestead exemption for a parcel of property is determined under Section 15-176 or 15-177 of the Property Tax Code rather than Section 15-175, then the calculation of Available Local Resources shall not be affected by the difference, if any, between the amount of the general homestead exemption allowed for that parcel of property under Section 15-176 or 15-177 of the Property Tax Code and the amount that would have been allowed had the general homestead exemption for that parcel of property been determined under Section 15-175 of the Property Tax Code. It is further the intent of this paragraph that if additional exemptions are allowed under Section 15-175 of the Property Tax Code for owners with a household income of less than \$30,000, then the calculation of Available Local Resources shall not be affected by the difference, if any, because of those additional exemptions.

This equalized assessed valuation, as adjusted further by the requirements of this subsection, shall be utilized in the calculation of Available Local Resources.

(2) The equalized assessed valuation in paragraph (1) shall be adjusted, as applicable, in the following

manner:

(a) For the purposes of calculating State aid under this Section, with respect to any part of a school district within a redevelopment project area in respect to which a municipality has adopted tax increment allocation financing pursuant to the Tax Increment Allocation Redevelopment Act, Sections 11-74.4-1 through 11-74.4-11 of the Illinois Municipal Code or the Industrial Jobs Recovery Law, Sections 11-74.6-1 through 11-74.6-50 of the Illinois Municipal Code, no part of the current equalized assessed valuation of real property located in any such project area which is attributable to an increase above the total initial equalized assessed valuation of such property shall be used as part of the equalized assessed valuation of the district, until such time as all redevelopment project costs have been paid, as provided in Section 11-74.4-8 of the Tax Increment Allocation Redevelopment Act or in Section 11-74.6-35 of the Industrial Jobs Recovery Law. For the purpose of the equalized assessed valuation of the district, the total initial equalized assessed valuation or the current equalized assessed valuation, whichever is lower, shall be used until such time as all redevelopment project costs have been paid.

(b) The real property equalized assessed valuation for a school district shall be adjusted by subtracting from the real property value as equalized or assessed by the Department of Revenue for the district an amount computed by dividing the amount of any abatement of taxes under Section 18-170 of the Property Tax Code by 3.00% for a district maintaining grades kindergarten through 12, by 2.30% for a district maintaining grades kindergarten through 8, or by 1.05% for a district maintaining grades 9 through 12 and adjusted by an amount computed by dividing the amount of any abatement of taxes under subsection (a) of Section 18-165 of the Property Tax Code by the same percentage rates for district type as specified in this subparagraph (b).

(3) For the 1999-2000 school year and each school year thereafter, if a school district meets all of the criteria of this subsection (G)(3), the school district's Available Local Resources shall be calculated under subsection (D) using the district's Extension Limitation Equalized Assessed Valuation as calculated under this subsection (G)(3).

For purposes of this subsection (G)(3) the following terms shall have the following meanings:

"Budget Year": The school year for which general State aid is calculated and awarded under subsection (E).

"Base Tax Year": The property tax levy year used to calculate the Budget Year allocation of general State aid.

"Preceding Tax Year": The property tax levy year immediately preceding the Base Tax Year.

"Base Tax Year's Tax Extension": The product of the equalized assessed valuation utilized by the County Clerk in the Base Tax Year multiplied by the limiting rate as calculated by the County Clerk and defined in the Property Tax Extension Limitation Law.

"Preceding Tax Year's Tax Extension": The product of the equalized assessed valuation utilized by the County Clerk in the Preceding Tax Year multiplied by the Operating Tax Rate as defined in subsection (A).

"Extension Limitation Ratio": A numerical ratio, certified by the County Clerk, in which the numerator is the Base Tax Year's Tax Extension and the denominator is the Preceding Tax Year's Tax Extension.

"Operating Tax Rate": The operating tax rate as defined in subsection (A).

If a school district is subject to property tax extension limitations as imposed under the Property Tax Extension Limitation Law, the State Board of Education shall calculate the Extension Limitation Equalized Assessed Valuation of that district. For the 1999-2000 school year, the Extension Limitation Equalized Assessed Valuation of a school district as calculated by the State Board of Education shall be equal to the product of the district's 1996 Equalized Assessed Valuation and the district's Extension Limitation Ratio. Except as otherwise provided in this paragraph for a school district that has approved or does approve an increase in its limiting rate, for the 2000-2001 school year and each school year thereafter, the Extension Limitation Equalized Assessed Valuation of a school district as calculated by the State Board of Education shall be equal to the product of the Equalized Assessed Valuation last used in the calculation of general State aid and the district's Extension Limitation Ratio. If the Extension Limitation Equalized Assessed Valuation of a school district as calculated under this subsection (G)(3) is less than the district's equalized assessed valuation as calculated pursuant to subsections (G)(1) and (G)(2), then for purposes of calculating the district's general State aid for the Budget Year pursuant to subsection (E), that Extension Limitation Equalized Assessed Valuation shall be utilized to calculate the district's Available Local Resources under subsection (D). For the 2009-2010 school year and each school year thereafter, if a school district has

approved or does approve an increase in its limiting rate, pursuant to Section 18-190 of the Property Tax Code, affecting the Base Tax Year, the Extension Limitation Equalized Assessed Valuation of the school district, as calculated by the State Board of Education, shall be equal to the product of the Equalized Assessed Valuation last used in the calculation of general State aid times an amount equal to one plus the percentage increase, if any, in the Consumer Price Index for all Urban Consumers for all items published by the United States Department of Labor for the 12-month calendar year preceding the Base Tax Year, plus the Equalized Assessed Valuation of new property, annexed property, and recovered tax increment value and minus the Equalized Assessed Valuation of disconnected property. New property and recovered tax increment value shall have the meanings set forth in the Property Tax Extension Limitation Law.

Partial elementary unit districts created in accordance with Article 11E of this Code shall not be eligible for the adjustment in this subsection (G)(3) until the fifth year following the effective date of the reorganization.

(4) For the purposes of calculating general State aid for the 1999-2000 school year only, if a school district experienced a triennial reassessment on the equalized assessed valuation used in calculating its general State financial aid apportionment for the 1998-1999 school year, the State Board of Education shall calculate the Extension Limitation Equalized Assessed Valuation that would have been used to calculate the district's 1998-1999 general State aid. This amount shall equal the product of the equalized assessed valuation used to calculate general State aid for the 1997-1998 school year and the district's Extension Limitation Ratio. If the Extension Limitation Equalized Assessed Valuation of the school district as calculated under this paragraph (4) is less than the district's equalized assessed valuation utilized in calculating the district's 1998-1999 general State aid allocation, then for purposes of calculating the district's general State aid pursuant to paragraph (5) of subsection (E), that Extension Limitation Equalized Assessed Valuation shall be utilized to calculate the district's Available Local Resources.

(5) For school districts having a majority of their equalized assessed valuation in any county except Cook, DuPage, Kane, Lake, McHenry, or Will, if the amount of general State aid allocated to the school district for the 1999-2000 school year under the provisions of subsection (E), (H), and (J) of this Section is less than the amount of general State aid allocated to the district for the 1998-1999 school year under these subsections, then the general State aid of the district for the 1999-2000 school year only shall be increased by the difference between these amounts. The total payments made under this paragraph (5) shall not exceed \$14,000,000. Claims shall be prorated if they exceed \$14,000,000.

(H) Supplemental General State Aid.

(1) In addition to the general State aid a school district is allotted pursuant to subsection (E), qualifying school districts shall receive a grant, paid in conjunction with a district's payments of general State aid, for supplemental general State aid based upon the concentration level of children from low-income households within the school district. Supplemental State aid grants provided for school districts under this subsection shall be appropriated for distribution to school districts as part of the same line item in which the general State financial aid of school districts is appropriated under this Section. ~~If the appropriation in any fiscal year for general State aid and supplemental general State aid is insufficient to pay the amounts required under the general State aid and supplemental general State aid calculations, then the State Board of Education shall ensure that each school district receives the full amount due for general State aid and the remainder of the appropriation shall be used for supplemental general State aid, which the State Board of Education shall calculate and pay to eligible districts on a prorated basis.~~

(1.5) This paragraph (1.5) applies only to those school years preceding the 2003-2004 school year. For purposes of this subsection (H), the term "Low-Income Concentration Level" shall be the low-income eligible pupil count from the most recently available federal census divided by the Average Daily Attendance of the school district. If, however, (i) the percentage decrease from the 2 most recent federal censuses in the low-income eligible pupil count of a high school district with fewer than 400 students exceeds by 75% or more the percentage change in the total low-income eligible pupil count of contiguous elementary school districts, whose boundaries are coterminous with the high school district, or (ii) a high school district within 2 counties and serving 5 elementary school districts, whose boundaries are coterminous with the high school district, has a percentage decrease from the 2 most recent federal censuses in the low-income eligible pupil count and there is a percentage increase in the total low-income eligible pupil count of a majority of the elementary school districts in excess of 50% from the 2 most recent federal censuses, then the high school district's low-income eligible pupil count from the earlier federal census shall be the number used as the low-income eligible pupil count for the high school district, for purposes of this subsection (H). The changes made to this paragraph (1) by Public Act 92-28 shall apply to supplemental general State aid grants for school years preceding the 2003-2004 school year that are paid in

fiscal year 1999 or thereafter and to any State aid payments made in fiscal year 1994 through fiscal year 1998 pursuant to subsection 1(n) of Section 18-8 of this Code (which was repealed on July 1, 1998), and any high school district that is affected by Public Act 92-28 is entitled to a recomputation of its supplemental general State aid grant or State aid paid in any of those fiscal years. This recomputation shall not be affected by any other funding.

(1.10) This paragraph (1.10) applies to the 2003-2004 school year and each school year thereafter. For purposes of this subsection (H), the term "Low-Income Concentration Level" shall, for each fiscal year, be the low-income eligible pupil count as of July 1 of the immediately preceding fiscal year (as determined by the Department of Human Services based on the number of pupils who are eligible for at least one of the following low income programs: Medicaid, the Children's Health Insurance Program, TANF, or Food Stamps, excluding pupils who are eligible for services provided by the Department of Children and Family Services, averaged over the 2 immediately preceding fiscal years for fiscal year 2004 and over the 3 immediately preceding fiscal years for each fiscal year thereafter) divided by the Average Daily Attendance of the school district.

(2) Supplemental general State aid pursuant to this subsection (H) shall be provided as follows for the 1998-1999, 1999-2000, and 2000-2001 school years only:

(a) For any school district with a Low Income Concentration Level of at least 20% and less than 35%, the grant for any school year shall be \$800 multiplied by the low income eligible pupil count.

(b) For any school district with a Low Income Concentration Level of at least 35% and less than 50%, the grant for the 1998-1999 school year shall be \$1,100 multiplied by the low income eligible pupil count.

(c) For any school district with a Low Income Concentration Level of at least 50% and less than 60%, the grant for the 1998-99 school year shall be \$1,500 multiplied by the low income eligible pupil count.

(d) For any school district with a Low Income Concentration Level of 60% or more, the grant for the 1998-99 school year shall be \$1,900 multiplied by the low income eligible pupil count.

(e) For the 1999-2000 school year, the per pupil amount specified in subparagraphs (b), (c), and (d) immediately above shall be increased to \$1,243, \$1,600, and \$2,000, respectively.

(f) For the 2000-2001 school year, the per pupil amounts specified in subparagraphs (b), (c), and (d) immediately above shall be \$1,273, \$1,640, and \$2,050, respectively.

(2.5) Supplemental general State aid pursuant to this subsection (H) shall be provided as follows for the 2002-2003 school year:

(a) For any school district with a Low Income Concentration Level of less than 10%, the grant for each school year shall be \$355 multiplied by the low income eligible pupil count.

(b) For any school district with a Low Income Concentration Level of at least 10% and less than 20%, the grant for each school year shall be \$675 multiplied by the low income eligible pupil count.

(c) For any school district with a Low Income Concentration Level of at least 20% and less than 35%, the grant for each school year shall be \$1,330 multiplied by the low income eligible pupil count.

(d) For any school district with a Low Income Concentration Level of at least 35% and less than 50%, the grant for each school year shall be \$1,362 multiplied by the low income eligible pupil count.

(e) For any school district with a Low Income Concentration Level of at least 50% and less than 60%, the grant for each school year shall be \$1,680 multiplied by the low income eligible pupil count.

(f) For any school district with a Low Income Concentration Level of 60% or more, the grant for each school year shall be \$2,080 multiplied by the low income eligible pupil count.

(2.10) Except as otherwise provided, supplemental general State aid pursuant to this subsection (H) shall be provided as follows for the 2003-2004 school year and each school year thereafter:

(a) For any school district with a Low Income Concentration Level of 15% or less, the grant for each school year shall be \$355 multiplied by the low income eligible pupil count.

(b) For any school district with a Low Income Concentration Level greater than 15%, the grant for each school year shall be \$294.25 added to the product of \$2,700 and the square of the Low Income Concentration Level, all multiplied by the low income eligible pupil count.

For the 2003-2004 school year and each school year thereafter through the 2008-2009 school year only,

the grant shall be no less than the grant for the 2002-2003 school year. For the 2009-2010 school year only, the grant shall be no less than the grant for the 2002-2003 school year multiplied by 0.66. For the 2010-2011 school year only, the grant shall be no less than the grant for the 2002-2003 school year multiplied by 0.33. Notwithstanding the provisions of this paragraph to the contrary, if for any school year supplemental general State aid grants are prorated as provided in paragraph (1) of this subsection (H), then the grants under this paragraph shall be prorated.

For the 2003-2004 school year only, the grant shall be no greater than the grant received during the 2002-2003 school year added to the product of 0.25 multiplied by the difference between the grant amount calculated under subsection (a) or (b) of this paragraph (2.10), whichever is applicable, and the grant received during the 2002-2003 school year. For the 2004-2005 school year only, the grant shall be no greater than the grant received during the 2002-2003 school year added to the product of 0.50 multiplied by the difference between the grant amount calculated under subsection (a) or (b) of this paragraph (2.10), whichever is applicable, and the grant received during the 2002-2003 school year. For the 2005-2006 school year only, the grant shall be no greater than the grant received during the 2002-2003 school year added to the product of 0.75 multiplied by the difference between the grant amount calculated under subsection (a) or (b) of this paragraph (2.10), whichever is applicable, and the grant received during the 2002-2003 school year.

(3) School districts with an Average Daily Attendance of more than 1,000 and less than 50,000 that qualify for supplemental general State aid pursuant to this subsection shall submit a plan to the State Board of Education prior to October 30 of each year for the use of the funds resulting from this grant of supplemental general State aid for the improvement of instruction in which priority is given to meeting the education needs of disadvantaged children. Such plan shall be submitted in accordance with rules and regulations promulgated by the State Board of Education.

(4) School districts with an Average Daily Attendance of 50,000 or more that qualify for supplemental general State aid pursuant to this subsection shall be required to distribute from funds available pursuant to this Section, no less than \$261,000,000 in accordance with the following requirements:

(a) The required amounts shall be distributed to the attendance centers within the district in proportion to the number of pupils enrolled at each attendance center who are eligible to receive free or reduced-price lunches or breakfasts under the federal Child Nutrition Act of 1966 and under the National School Lunch Act during the immediately preceding school year.

(b) The distribution of these portions of supplemental and general State aid among attendance centers according to these requirements shall not be compensated for or contravened by adjustments of the total of other funds appropriated to any attendance centers, and the Board of Education shall utilize funding from one or several sources in order to fully implement this provision annually prior to the opening of school.

(c) Each attendance center shall be provided by the school district a distribution of noncategorical funds and other categorical funds to which an attendance center is entitled under law in order that the general State aid and supplemental general State aid provided by application of this subsection supplements rather than supplants the noncategorical funds and other categorical funds provided by the school district to the attendance centers.

(d) Any funds made available under this subsection that by reason of the provisions of this subsection are not required to be allocated and provided to attendance centers may be used and appropriated by the board of the district for any lawful school purpose.

(e) Funds received by an attendance center pursuant to this subsection shall be used by the attendance center at the discretion of the principal and local school council for programs to improve educational opportunities at qualifying schools through the following programs and services: early childhood education, reduced class size or improved adult to student classroom ratio, enrichment programs, remedial assistance, attendance improvement, and other educationally beneficial expenditures which supplement the regular and basic programs as determined by the State Board of Education. Funds provided shall not be expended for any political or lobbying purposes as defined by board rule.

(f) Each district subject to the provisions of this subdivision (H)(4) shall submit an acceptable plan to meet the educational needs of disadvantaged children, in compliance with the requirements of this paragraph, to the State Board of Education prior to July 15 of each year. This plan shall be consistent with the decisions of local school councils concerning the school expenditure plans developed in accordance with part 4 of Section 34-2.3. The State Board shall approve or reject the plan within 60 days after its submission. If the plan is rejected, the district shall give written notice of intent to modify the plan within 15 days of the notification of rejection and then submit a modified plan within 30

days after the date of the written notice of intent to modify. Districts may amend approved plans pursuant to rules promulgated by the State Board of Education.

Upon notification by the State Board of Education that the district has not submitted a plan prior to July 15 or a modified plan within the time period specified herein, the State aid funds affected by that plan or modified plan shall be withheld by the State Board of Education until a plan or modified plan is submitted.

If the district fails to distribute State aid to attendance centers in accordance with an approved plan, the plan for the following year shall allocate funds, in addition to the funds otherwise required by this subsection, to those attendance centers which were underfunded during the previous year in amounts equal to such underfunding.

For purposes of determining compliance with this subsection in relation to the requirements of attendance center funding, each district subject to the provisions of this subsection shall submit as a separate document by December 1 of each year a report of expenditure data for the prior year in addition to any modification of its current plan. If it is determined that there has been a failure to comply with the expenditure provisions of this subsection regarding contravention or supplanting, the State Superintendent of Education shall, within 60 days of receipt of the report, notify the district and any affected local school council. The district shall within 45 days of receipt of that notification inform the State Superintendent of Education of the remedial or corrective action to be taken, whether by amendment of the current plan, if feasible, or by adjustment in the plan for the following year. Failure to provide the expenditure report or the notification of remedial or corrective action in a timely manner shall result in a withholding of the affected funds.

The State Board of Education shall promulgate rules and regulations to implement the provisions of this subsection. No funds shall be released under this subdivision (H)(4) to any district that has not submitted a plan that has been approved by the State Board of Education.

(I) (Blank).

(J) Supplementary Grants in Aid.

(1) Notwithstanding any other provisions of this Section, the amount of the aggregate general State aid in combination with supplemental general State aid under this Section for which each school district is eligible shall be no less than the amount of the aggregate general State aid entitlement that was received by the district under Section 18-8 (exclusive of amounts received under subsections 5(p) and 5(p-5) of that Section) for the 1997-98 school year, pursuant to the provisions of that Section as it was then in effect. If a school district qualifies to receive a supplementary payment made under this subsection (J), the amount of the aggregate general State aid in combination with supplemental general State aid under this Section which that district is eligible to receive for each school year shall be no less than the amount of the aggregate general State aid entitlement that was received by the district under Section 18-8 (exclusive of amounts received under subsections 5(p) and 5(p-5) of that Section) for the 1997-1998 school year, pursuant to the provisions of that Section as it was then in effect.

(2) If, as provided in paragraph (1) of this subsection (J), a school district is to receive aggregate general State aid in combination with supplemental general State aid under this Section for the 1998-99 school year and any subsequent school year that in any such school year is less than the amount of the aggregate general State aid entitlement that the district received for the 1997-98 school year, the school district shall also receive, from a separate appropriation made for purposes of this subsection (J), a supplementary payment that is equal to the amount of the difference in the aggregate State aid figures as described in paragraph (1).

(3) (Blank).

(K) Grants to Laboratory and Alternative Schools.

In calculating the amount to be paid to the governing board of a public university that operates a laboratory school under this Section or to any alternative school that is operated by a regional superintendent of schools, the State Board of Education shall require by rule such reporting requirements as it deems necessary.

As used in this Section, "laboratory school" means a public school which is created and operated by a public university and approved by the State Board of Education. The governing board of a public university which receives funds from the State Board under this subsection (K) may not increase the number of students enrolled in its laboratory school from a single district, if that district is already sending 50 or more students, except under a mutual agreement between the school board of a student's district of residence and the university which operates the laboratory school. A laboratory school may not have more than 1,000 students, excluding students with disabilities in a special education program.

As used in this Section, "alternative school" means a public school which is created and operated by a Regional Superintendent of Schools and approved by the State Board of Education. Such alternative schools may offer courses of instruction for which credit is given in regular school programs, courses to prepare students for the high school equivalency testing program or vocational and occupational training. A regional superintendent of schools may contract with a school district or a public community college district to operate an alternative school. An alternative school serving more than one educational service region may be established by the regional superintendents of schools of the affected educational service regions. An alternative school serving more than one educational service region may be operated under such terms as the regional superintendents of schools of those educational service regions may agree.

Each laboratory and alternative school shall file, on forms provided by the State Superintendent of Education, an annual State aid claim which states the Average Daily Attendance of the school's students by month. The best 3 months' Average Daily Attendance shall be computed for each school. The general State aid entitlement shall be computed by multiplying the applicable Average Daily Attendance by the Foundation Level as determined under this Section.

(L) Payments, Additional Grants in Aid and Other Requirements.

(1) For a school district operating under the financial supervision of an Authority created under Article 34A, the general State aid otherwise payable to that district under this Section, but not the supplemental general State aid, shall be reduced by an amount equal to the budget for the operations of the Authority as certified by the Authority to the State Board of Education, and an amount equal to such reduction shall be paid to the Authority created for such district for its operating expenses in the manner provided in Section 18-11. The remainder of general State school aid for any such district shall be paid in accordance with Article 34A when that Article provides for a disposition other than that provided by this Article.

(2) (Blank).

(3) Summer school. Summer school payments shall be made as provided in Section 18-4.3.

(M) Education Funding Advisory Board.

The Education Funding Advisory Board, hereinafter in this subsection (M) referred to as the "Board", is hereby created. The Board shall consist of 5 members who are appointed by the Governor, by and with the advice and consent of the Senate. The members appointed shall include representatives of education, business, and the general public. One of the members so appointed shall be designated by the Governor at the time the appointment is made as the chairperson of the Board. The initial members of the Board may be appointed any time after the effective date of this amendatory Act of 1997. The regular term of each member of the Board shall be for 4 years from the third Monday of January of the year in which the term of the member's appointment is to commence, except that of the 5 initial members appointed to serve on the Board, the member who is appointed as the chairperson shall serve for a term that commences on the date of his or her appointment and expires on the third Monday of January, 2002, and the remaining 4 members, by lots drawn at the first meeting of the Board that is held after all 5 members are appointed, shall determine 2 of their number to serve for terms that commence on the date of their respective appointments and expire on the third Monday of January, 2001, and 2 of their number to serve for terms that commence on the date of their respective appointments and expire on the third Monday of January, 2000. All members appointed to serve on the Board shall serve until their respective successors are appointed and confirmed. Vacancies shall be filled in the same manner as original appointments. If a vacancy in membership occurs at a time when the Senate is not in session, the Governor shall make a temporary appointment until the next meeting of the Senate, when he or she shall appoint, by and with the advice and consent of the Senate, a person to fill that membership for the unexpired term. If the Senate is not in session when the initial appointments are made, those appointments shall be made as in the case of vacancies.

The Education Funding Advisory Board shall be deemed established, and the initial members appointed by the Governor to serve as members of the Board shall take office, on the date that the Governor makes his or her appointment of the fifth initial member of the Board, whether those initial members are then serving pursuant to appointment and confirmation or pursuant to temporary appointments that are made by the Governor as in the case of vacancies.

The State Board of Education shall provide such staff assistance to the Education Funding Advisory Board as is reasonably required for the proper performance by the Board of its responsibilities.

For school years after the 2000-2001 school year, the Education Funding Advisory Board, in consultation with the State Board of Education, shall make recommendations as provided in this subsection (M) to the General Assembly for the foundation level under subdivision (B)(3) of this Section and for the supplemental general State aid grant level under subsection (H) of this Section for districts with high concentrations of children from poverty. The recommended foundation level shall be determined based on

a methodology which incorporates the basic education expenditures of low-spending schools exhibiting high academic performance. The Education Funding Advisory Board shall make such recommendations to the General Assembly on January 1 of odd numbered years, beginning January 1, 2001.

(N) (Blank).

(O) References.

(1) References in other laws to the various subdivisions of Section 18-8 as that Section existed before its repeal and replacement by this Section 18-8.05 shall be deemed to refer to the corresponding provisions of this Section 18-8.05, to the extent that those references remain applicable.

(2) References in other laws to State Chapter 1 funds shall be deemed to refer to the supplemental general State aid provided under subsection (H) of this Section.

(P) Public Act 93-838 and Public Act 93-808 make inconsistent changes to this Section. Under Section 6 of the Statute on Statutes there is an irreconcilable conflict between Public Act 93-808 and Public Act 93-838. Public Act 93-838, being the last acted upon, is controlling. The text of Public Act 93-838 is the law regardless of the text of Public Act 93-808.

(Text of Section after amendment by P.A. 96-339)

Sec. 5-5.4. Standards of Payment - Department of Healthcare and Family Services. The Department of Healthcare and Family Services shall develop standards of payment of skilled nursing and intermediate care services in facilities providing such services under this Article which:

(1) Provide for the determination of a facility's payment for skilled nursing and intermediate care services on a prospective basis. The amount of the payment rate for all nursing facilities certified by the Department of Public Health under the MR/DD Community Care Act or the Nursing Home Care Act as Intermediate Care for the Developmentally Disabled facilities, Long Term Care for Under Age 22 facilities, Skilled Nursing facilities, or Intermediate Care facilities under the medical assistance program shall be prospectively established annually on the basis of historical, financial, and statistical data reflecting actual costs from prior years, which shall be applied to the current rate year and updated for inflation, except that the capital cost element for newly constructed facilities shall be based upon projected budgets. The annually established payment rate shall take effect on July 1 in 1984 and subsequent years. No rate increase and no update for inflation shall be provided on or after July 1, 1994 and before July 1, ~~2011~~ 2010, unless specifically provided for in this Section. The changes made by Public Act 93-841 extending the duration of the prohibition against a rate increase or update for inflation are effective retroactive to July 1, 2004.

For facilities licensed by the Department of Public Health under the Nursing Home Care Act as Intermediate Care for the Developmentally Disabled facilities or Long Term Care for Under Age 22 facilities, the rates taking effect on July 1, 1998 shall include an increase of 3%. For facilities licensed by the Department of Public Health under the Nursing Home Care Act as Skilled Nursing facilities or Intermediate Care facilities, the rates taking effect on July 1, 1998 shall include an increase of 3% plus \$1.10 per resident-day, as defined by the Department. For facilities licensed by the Department of Public Health under the Nursing Home Care Act as Intermediate Care Facilities for the Developmentally Disabled or Long Term Care for Under Age 22 facilities, the rates taking effect on January 1, 2006 shall include an increase of 3%. For facilities licensed by the Department of Public Health under the Nursing Home Care Act as Intermediate Care Facilities for the Developmentally Disabled or Long Term Care for Under Age 22 facilities, the rates taking effect on January 1, 2009 shall include an increase sufficient to provide a \$0.50 per hour wage increase for non-executive staff.

For facilities licensed by the Department of Public Health under the Nursing Home Care Act as Intermediate Care for the Developmentally Disabled facilities or Long Term Care for Under Age 22 facilities, the rates taking effect on July 1, 1999 shall include an increase of 1.6% plus \$3.00 per resident-day, as defined by the Department. For facilities licensed by the Department of Public Health under the Nursing Home Care Act as Skilled Nursing facilities or Intermediate Care facilities, the rates taking effect on July 1, 1999 shall include an increase of 1.6% and, for services provided on or after October 1, 1999, shall be increased by \$4.00 per resident-day, as defined by the Department.

For facilities licensed by the Department of Public Health under the Nursing Home Care Act as Intermediate Care for the Developmentally Disabled facilities or Long Term Care for Under Age 22 facilities, the rates taking effect on July 1, 2000 shall include an increase of 2.5% per resident-day, as

defined by the Department. For facilities licensed by the Department of Public Health under the Nursing Home Care Act as Skilled Nursing facilities or Intermediate Care facilities, the rates taking effect on July 1, 2000 shall include an increase of 2.5% per resident-day, as defined by the Department.

For facilities licensed by the Department of Public Health under the Nursing Home Care Act as skilled nursing facilities or intermediate care facilities, a new payment methodology must be implemented for the nursing component of the rate effective July 1, 2003. The Department of Public Aid (now Healthcare and Family Services) shall develop the new payment methodology using the Minimum Data Set (MDS) as the instrument to collect information concerning nursing home resident condition necessary to compute the rate. The Department shall develop the new payment methodology to meet the unique needs of Illinois nursing home residents while remaining subject to the appropriations provided by the General Assembly. A transition period from the payment methodology in effect on June 30, 2003 to the payment methodology in effect on July 1, 2003 shall be provided for a period not exceeding 3 years and 184 days after implementation of the new payment methodology as follows:

(A) For a facility that would receive a lower nursing component rate per patient day

under the new system than the facility received effective on the date immediately preceding the date that the Department implements the new payment methodology, the nursing component rate per patient day for the facility shall be held at the level in effect on the date immediately preceding the date that the Department implements the new payment methodology until a higher nursing component rate of reimbursement is achieved by that facility.

(B) For a facility that would receive a higher nursing component rate per patient day

under the payment methodology in effect on July 1, 2003 than the facility received effective on the date immediately preceding the date that the Department implements the new payment methodology, the nursing component rate per patient day for the facility shall be adjusted.

(C) Notwithstanding paragraphs (A) and (B), the nursing component rate per patient day

for the facility shall be adjusted subject to appropriations provided by the General Assembly.

For facilities licensed by the Department of Public Health under the Nursing Home Care Act as Intermediate Care for the Developmentally Disabled facilities or Long Term Care for Under Age 22 facilities, the rates taking effect on March 1, 2001 shall include a statewide increase of 7.85%, as defined by the Department.

Notwithstanding any other provision of this Section, for facilities licensed by the Department of Public Health under the Nursing Home Care Act as skilled nursing facilities or intermediate care facilities, the numerator of the ratio used by the Department of Healthcare and Family Services to compute the rate payable under this Section using the Minimum Data Set (MDS) methodology shall incorporate the following annual amounts as the additional funds appropriated to the Department specifically to pay for rates based on the MDS nursing component methodology in excess of the funding in effect on December 31, 2006:

(i) For rates taking effect January 1, 2007, \$60,000,000.

(ii) For rates taking effect January 1, 2008, \$110,000,000.

(iii) For rates taking effect January 1, 2009, \$194,000,000.

Notwithstanding any other provision of this Section, for facilities licensed by the Department of Public Health under the Nursing Home Care Act as skilled nursing facilities or intermediate care facilities, the support component of the rates taking effect on January 1, 2008 shall be computed using the most recent cost reports on file with the Department of Healthcare and Family Services no later than April 1, 2005, updated for inflation to January 1, 2006.

For facilities licensed by the Department of Public Health under the Nursing Home Care Act as Intermediate Care for the Developmentally Disabled facilities or Long Term Care for Under Age 22 facilities, the rates taking effect on April 1, 2002 shall include a statewide increase of 2.0%, as defined by the Department. This increase terminates on July 1, 2002; beginning July 1, 2002 these rates are reduced to the level of the rates in effect on March 31, 2002, as defined by the Department.

For facilities licensed by the Department of Public Health under the Nursing Home Care Act as skilled nursing facilities or intermediate care facilities, the rates taking effect on July 1, 2001 shall be computed using the most recent cost reports on file with the Department of Public Aid no later than April 1, 2000, updated for inflation to January 1, 2001. For rates effective July 1, 2001 only, rates shall be the greater of the rate computed for July 1, 2001 or the rate effective on June 30, 2001.

Notwithstanding any other provision of this Section, for facilities licensed by the Department of Public Health under the Nursing Home Care Act as skilled nursing facilities or intermediate care facilities, the Illinois Department shall determine by rule the rates taking effect on July 1, 2002, which shall be 5.9% less

than the rates in effect on June 30, 2002.

Notwithstanding any other provision of this Section, for facilities licensed by the Department of Public Health under the Nursing Home Care Act as skilled nursing facilities or intermediate care facilities, if the payment methodologies required under Section 5A-12 and the waiver granted under 42 CFR 433.68 are approved by the United States Centers for Medicare and Medicaid Services, the rates taking effect on July 1, 2004 shall be 3.0% greater than the rates in effect on June 30, 2004. These rates shall take effect only upon approval and implementation of the payment methodologies required under Section 5A-12.

Notwithstanding any other provisions of this Section, for facilities licensed by the Department of Public Health under the Nursing Home Care Act as skilled nursing facilities or intermediate care facilities, the rates taking effect on January 1, 2005 shall be 3% more than the rates in effect on December 31, 2004.

Notwithstanding any other provision of this Section, for facilities licensed by the

Department of Public Health under the Nursing Home Care Act as skilled nursing facilities or intermediate care facilities, effective January 1, 2009, the per diem support component of the rates effective on January 1, 2008, computed using the most recent cost reports on file with the Department of Healthcare and Family Services no later than April 1, 2005, updated for inflation to January 1, 2006, shall be increased to the amount that would have been derived using standard Department of Healthcare and Family Services methods, procedures, and inflators.

Notwithstanding any other provisions of this Section, for facilities licensed by the Department of Public Health under the Nursing Home Care Act as intermediate care facilities that are federally defined as Institutions for Mental Disease, a socio-development component rate equal to 6.6% of the facility's nursing component rate as of January 1, 2006 shall be established and paid effective July 1, 2006. The socio-development component of the rate shall be increased by a factor of 2.53 on the first day of the month that begins at least 45 days after January 11, 2008 (the effective date of Public Act 95-707). As of August 1, 2008, the socio-development component rate shall be equal to 6.6% of the facility's nursing component rate as of January 1, 2006, multiplied by a factor of 3.53. The Illinois Department may by rule adjust these socio-development component rates, but in no case may such rates be diminished.

For facilities licensed by the Department of Public Health under the Nursing Home Care Act as Intermediate Care for the Developmentally Disabled facilities or as long-term care facilities for residents under 22 years of age, the rates taking effect on July 1, 2003 shall include a statewide increase of 4%, as defined by the Department.

For facilities licensed by the Department of Public Health under the Nursing Home Care Act as Intermediate Care for the Developmentally Disabled facilities or Long Term Care for Under Age 22 facilities, the rates taking effect on the first day of the month that begins at least 45 days after the effective date of this amendatory Act of the 95th General Assembly shall include a statewide increase of 2.5%, as defined by the Department.

Notwithstanding any other provision of this Section, for facilities licensed by the Department of Public Health under the Nursing Home Care Act as skilled nursing facilities or intermediate care facilities, effective January 1, 2005, facility rates shall be increased by the difference between (i) a facility's per diem property, liability, and malpractice insurance costs as reported in the cost report filed with the Department of Public Aid and used to establish rates effective July 1, 2001 and (ii) those same costs as reported in the facility's 2002 cost report. These costs shall be passed through to the facility without caps or limitations, except for adjustments required under normal auditing procedures.

Rates established effective each July 1 shall govern payment for services rendered throughout that fiscal year, except that rates established on July 1, 1996 shall be increased by 6.8% for services provided on or after January 1, 1997. Such rates will be based upon the rates calculated for the year beginning July 1, 1990, and for subsequent years thereafter until June 30, 2001 shall be based on the facility cost reports for the facility fiscal year ending at any point in time during the previous calendar year, updated to the midpoint of the rate year. The cost report shall be on file with the Department no later than April 1 of the current rate year. Should the cost report not be on file by April 1, the Department shall base the rate on the latest cost report filed by each skilled care facility and intermediate care facility, updated to the midpoint of the current rate year. In determining rates for services rendered on and after July 1, 1985, fixed time shall not be computed at less than zero. The Department shall not make any alterations of regulations which would reduce any component of the Medicaid rate to a level below what that component would have been utilizing in the rate effective on July 1, 1984.

(2) Shall take into account the actual costs incurred by facilities in providing services for recipients of skilled nursing and intermediate care services under the medical assistance program.

(3) Shall take into account the medical and psycho-social characteristics and needs of the patients.

(4) Shall take into account the actual costs incurred by facilities in meeting licensing and certification standards imposed and prescribed by the State of Illinois, any of its political subdivisions or municipalities and by the U.S. Department of Health and Human Services pursuant to Title XIX of the Social Security Act.

The Department of Healthcare and Family Services shall develop precise standards for payments to reimburse nursing facilities for any utilization of appropriate rehabilitative personnel for the provision of rehabilitative services which is authorized by federal regulations, including reimbursement for services provided by qualified therapists or qualified assistants, and which is in accordance with accepted professional practices. Reimbursement also may be made for utilization of other supportive personnel under appropriate supervision.

Sec. 5-5.4d. MDS payment methodology; quarterly rate adjustments.

(a) On and after July 1, 2009, and until April 1, 2011, the nursing component of the nursing facility medical assistance rate computed under the Minimum Data Set (MDS) payment methodology shall be calculated and adjusted quarterly. The Department of Healthcare and Family Services may adopt rules necessary to implement this amendatory Act of the 96th General Assembly through the use of emergency rulemaking in accordance with Section 5-45 of the Illinois Administrative Procedure Act, except that the 24-month limitation on the adoption of emergency rules under Section 5-45 and the provisions of Sections 5-115 and 5-125 of that Act do not apply to rules adopted under this Section. For purposes of that Act, the General Assembly finds that the adoption of rules to implement this amendatory Act of the 96th General Assembly is deemed an emergency and necessary for the public interest, safety, and welfare.

(b) On April 1, 2011, the nursing component of the nursing facility medical assistance rate computed under the Minimum Data Set (MDS) payment methodology shall be frozen to allow the Department of Healthcare and Family Services to develop a rate methodology based on a federally mandated long term care data collection system. The rates in effect prior to and through the quarter ending March 31, 2011, shall continue to be subject to follow-up audits and retroactive rate adjustments pursuant to administrative rules of the Department for reviews of accuracy and resident assessment information. The reimbursement methodology for a Class I Institution for Mental Diseases shall also be frozen pending review of a federally mandated long term care data collection system.

Section 5-49. The Comprehensive Lead Education, Reduction, and Window Replacement Program Act is amended by changing Section 15 as follows:

(410 ILCS 43/15)

Sec. 15. Grant and loan program.

(a) Subject to appropriation, the Department, in consultation with the Advisory Council, shall establish and operate the CLEAR-WIN Program in two pilot area communities selected by the Department with advice from the Advisory Council. Pilot area communities shall be selected based upon the prevalence of low-income families whose children are lead poisoned, the age of the housing stock, and other sources of funding available to the communities to address lead-based paint hazards.

(b) The Department shall be responsible for administering the CLEAR-WIN grant program. The grant shall be used to correct lead-based paint hazards in residential buildings. Conditions for receiving a grant shall be developed by the Department based on criteria established by the Advisory Council. Criteria, including but not limited to the following program components, shall include (i) income eligibility for receipt of the grants, with priority given to low-income tenants or owners who rent to low-income tenants; (ii) properties to be covered under CLEAR-WIN; and (iii) the number of units to be covered in a property. Prior to making a grant, the Department must provide the grant recipient with a copy of the Lead Safe Housing Maintenance Standards generated by the Advisory Council. The property owner must certify that he or she has received the Standards and intends to comply with them; has provided a copy of the Standards to all tenants in the building; will continue to rent to the same tenant or other low-income tenant for a period of not less than 5 years following completion of the work; and will continue to maintain the property as lead-safe. Failure to comply with the grant conditions may result in repayment of grant funds.

(c) The Advisory Council shall also consider development of a loan program to assist property owners not eligible for grants.

(d) All lead-based paint hazard control work performed with these grant or loan funds shall be conducted in conformance with the Lead Poisoning Prevention Act and the Illinois Lead Poisoning Prevention Code.

Before contractors are paid for repair work conducted under the CLEAR-WIN Program, each dwelling unit assisted must be inspected by a lead risk assessor or lead inspector licensed in Illinois, and an appropriate number of dust samples must be collected from in and around the work areas for lead analysis, with results in compliance with levels set by the Lead Poisoning Prevention Act and the Illinois Lead Poisoning Prevention Code. All costs of evaluation shall be the responsibility of the property owner who received the grant or loan, but will be provided for by the Department for grant recipients and may be included in the amount of the loan. Additional repairs and clean-up costs associated with a failed clearance test, including follow-up tests, shall be the responsibility of the contractor.

(e) Within 6 months after the effective date of this Act, the Advisory Council shall recommend to the Department Lead Safe Housing Maintenance Standards for purposes of the CLEAR-WIN Program. Except for properties where all lead-based paint has been removed, the standards shall describe the responsibilities of property owners and tenants in maintaining lead-safe housing, including but not limited to, prescribing special cleaning, repair, and maintenance necessary to reduce the chance that properties will cause lead poisoning in child occupants. Recipients of CLEAR-WIN grants and loans shall be required to continue to maintain their properties in compliance with these Lead Safe Housing Maintenance Standards. Failure to maintain properties in accordance with these Standards may result in repayment of grant funds or termination of the loan.

(f) From funds appropriated, the Department may pay grants and reasonable administrative costs.

ARTICLE 10. PENSION CONTRIBUTIONS

Section 10-5. The State Finance Act is amended by changing Section 8.12 as follows:

(30 ILCS 105/8.12) (from Ch. 127, par. 144.12)

Sec. 8.12. State Pensions Fund.

(a) The moneys in the State Pensions Fund shall be used exclusively for the administration of the Uniform Disposition of Unclaimed Property Act and for the funding of the unfunded liabilities of the designated retirement systems. Payments to the designated retirement systems under this Section shall be in addition to, and not in lieu of, any State contributions required under the Illinois Pension Code.

"Designated retirement systems" means:

- (1) the State Employees' Retirement System of Illinois;
- (2) the Teachers' Retirement System of the State of Illinois;
- (3) the State Universities Retirement System;
- (4) the Judges Retirement System of Illinois; and
- (5) the General Assembly Retirement System.

(b) Each year the General Assembly may make appropriations from the State Pensions Fund for the administration of the Uniform Disposition of Unclaimed Property Act.

Each month, the Commissioner of the Office of Banks and Real Estate shall certify to the State Treasurer the actual expenditures that the Office of Banks and Real Estate incurred conducting unclaimed property examinations under the Uniform Disposition of Unclaimed Property Act during the immediately preceding month. Within a reasonable time following the acceptance of such certification by the State Treasurer, the State Treasurer shall pay from its appropriation from the State Pensions Fund to the Bank and Trust Company Fund and the Savings and Residential Finance Regulatory Fund an amount equal to the expenditures incurred by each Fund for that month.

Each month, the Director of Financial Institutions shall certify to the State Treasurer the actual expenditures that the Department of Financial Institutions incurred conducting unclaimed property examinations under the Uniform Disposition of Unclaimed Property Act during the immediately preceding month. Within a reasonable time following the acceptance of such certification by the State Treasurer, the State Treasurer shall pay from its appropriation from the State Pensions Fund to the Financial Institutions Fund and the Credit Union Fund an amount equal to the expenditures incurred by each Fund for that month.

(c) As soon as possible after the effective date of this amendatory Act of the 93rd General Assembly, the General Assembly shall appropriate from the State Pensions Fund (1) to the State Universities Retirement System the amount certified under Section 15-165 during the prior year, (2) to the Judges Retirement System of Illinois the amount certified under Section 18-140 during the prior year, and (3) to the General Assembly Retirement System the amount certified under Section 2-134 during the prior year as part of the required State contributions to each of those designated retirement systems; except that amounts appropriated under this subsection (c) in State fiscal year 2005 shall not reduce the amount in the State Pensions Fund below \$5,000,000. If the amount in the State Pensions Fund does not exceed the sum of the amounts certified in Sections 15-165, 18-140, and 2-134 by at least \$5,000,000, the amount paid to each

designated retirement system under this subsection shall be reduced in proportion to the amount certified by each of those designated retirement systems.

(c-5) For fiscal years 2006, 2007, 2008, 2009, ~~and 2010~~ and 2011 the General Assembly shall appropriate from the State Pensions Fund to the State Universities Retirement System the amount estimated to be available during the fiscal year in the State Pensions Fund; provided, however, that the amounts appropriated under this subsection (c-5) shall not reduce the amount in the State Pensions Fund below \$5,000,000.

(c-6) For fiscal year ~~2012~~ 2011 and each fiscal year thereafter, as soon as may be practical after any money is deposited into the State Pensions Fund from the Unclaimed Property Trust Fund, the State Treasurer shall apportion the deposited amount among the designated retirement systems as defined in subsection (a) to reduce their actuarial reserve deficiencies. The State Comptroller and State Treasurer shall pay the apportioned amounts to the designated retirement systems to fund the unfunded liabilities of the designated retirement systems. The amount apportioned to each designated retirement system shall constitute a portion of the amount estimated to be available for appropriation from the State Pensions Fund that is the same as that retirement system's portion of the total actual reserve deficiency of the systems, as determined annually by the Governor's Office of Management and Budget at the request of the State Treasurer. The amounts apportioned under this subsection shall not reduce the amount in the State Pensions Fund below \$5,000,000.

(d) The Governor's Office of Management and Budget shall determine the individual and total reserve deficiencies of the designated retirement systems. (d-1) As soon as practicable after the effective date of this amendatory Act of the 93rd General Assembly, the Comptroller shall direct and the Treasurer shall transfer from the State Pensions Fund to the General Revenue Fund, as funds become available, a sum equal to the amounts that would have been paid from the State Pensions Fund to the Teachers' Retirement System of the State of Illinois, the State Universities Retirement System, the Judges Retirement System of Illinois, the General Assembly Retirement System, and the State Employees' Retirement System of Illinois after the effective date of this amendatory Act during the remainder of fiscal year 2004 to the designated retirement systems from the appropriations provided for in this Section if the transfers provided in Section 6z-61 had not occurred. "Section 5. The Illinois Procurement Code is amended by changing Section 20-60 as follows:

(30 ILCS 500/20-60)

Sec. 20-60. Duration of contracts.

(a) Maximum duration. A contract, other than a contract entered into pursuant to the State University Certificates of Participation Act, may be entered into for any period of time deemed to be in the best interests of the State but not exceeding 10 years inclusive, beginning January 1, 2010, of proposed contract renewals. The length of a lease for real property or capital improvements shall be in accordance with the provisions of Section 40-25. A contract for bond or mortgage insurance awarded by the Illinois Housing Development Authority, however, may be entered into for any period of time less than or equal to the maximum period of time that the subject bond or mortgage may remain outstanding.

(b) Subject to appropriation. All contracts made or entered into shall recite that they are subject to termination and cancellation in any year for which the General Assembly fails to make an appropriation to make payments under the terms of the contract.

(c) The chief procurement officer shall file a proposed extension or renewal of a contract with the Procurement Policy Board prior to entering into any extension or renewal if the cost associated with the extension or renewal exceeds \$249,999. The Procurement Policy Board may object to the proposed extension or renewal within 30 calendar days and require a hearing before the Board prior to entering into the extension or renewal. If the Procurement Policy Board does not object within 30 calendar days or takes affirmative action to recommend the extension or renewal, the chief procurement officer may enter into the extension or renewal of a contract. This subsection does not apply to any emergency procurement, any procurement under Article 40, or any procurement exempted by Section 1-10(b) of this Code. If any State agency contract is paid for in whole or in part with federal-aid funds, grants, or loans and the provisions of this subsection would result in the loss of those federal-aid funds, grants, or loans, then the contract is exempt from the provisions of this subsection in order to remain eligible for those federal-aid funds, grants, or loans, and the State agency shall file notice of this exemption with the Procurement Policy Board prior to entering into the proposed extension or renewal. Nothing in this subsection permits a chief procurement officer to enter into an extension or renewal in violation of subsection (a). By August 1 each year, the Procurement Policy Board shall file a report with the General Assembly identifying for the previous fiscal year (i) the proposed extensions or renewals that were filed with the Board and whether the Board objected and (ii) the contracts exempt from this subsection.

AMENDMENT NO. 2. Amend Senate Bill 2534, AS AMENDED, by replacing everything after the enacting clause with the following:

"Section 1. Short title. This Act may be cited as the Historic Preservation Tax Credit Pilot Program Act.

Section 5. Definitions. As used in this Section, unless the context clearly indicates otherwise:

- (a) "Agency" means the Historic Preservation Agency.
- (b) "Department" means the Department of Commerce and Economic Opportunity.
- (c) "Qualified expenditures" means all the costs and expenses defined as qualified rehabilitation expenditures under Section 47 of the federal Internal Revenue Code which were incurred in connection with a qualified historic structure.
- (d) "Qualified historic structure" means a hotel that is located in the City of Peoria and that is defined as a certified historic structure under Section 47 (c)(3) of the federal Internal Revenue Code.
- (e) "Qualified rehabilitation plan" means a project that is approved by the Agency as being consistent with the standards in effect on the effective date of this Act for rehabilitation as adopted by the federal Secretary of the Interior.

(f) "Qualified taxpayer" means the owner of the qualified historic structure or any other person who may qualify for the federal rehabilitation credit allowed by Section 47 of the federal Internal Revenue Code. If the taxpayer is (i) a corporation having an election in effect under Subchapter S of the federal Internal Revenue Code, (ii) a partnership, or (iii) a limited liability company, the credit provided under this Act may be claimed by the shareholders of the corporation, the partners of the partnership, or the members of the limited liability company in the same manner as those shareholders, partners, or members account for their proportionate shares of the income or losses of the corporation, partnership, or limited liability company, or as provided in the by-laws or other executed agreement of the corporation, partnership, or limited liability company. Credits granted to a partnership, a limited liability company taxed as a partnership, or other multiple owners of property shall be passed through to the partners, members, or owners respectively on a pro rata basis or pursuant to an executed agreement among the partners, members, or owners documenting any alternate distribution method.

Section 15. Allowable credit. To the extent authorized by Section 25 of this Act, for taxable years beginning on or after January 1, 2010 and ending on or before December 31, 2015, there shall be allowed a tax credit against the tax imposed by subsections (a) and (b) of Section 201 of the Illinois Income Tax Act in an amount equal to 25% of qualified expenditures incurred by a qualified taxpayer during the taxable year in the restoration and preservation of a qualified historic structure pursuant to a qualified rehabilitation plan, provided that the total amount of such expenditures (i) must equal \$5,000 or more, and (ii) must exceed 50% of the purchase price of the property. If the amount of any tax credit awarded under this Act exceeds the qualified taxpayer's income tax liability for the year in which the qualified rehabilitation plan was placed in service, the excess amount may be carried forward for deduction from the taxpayer's income tax liability in the next succeeding year or years until the total amount of the credit has been used, except that a credit may not be carried forward for deduction after the tenth taxable year after the taxable year in which the qualified rehabilitation plan was placed in service. To obtain a tax credit pursuant to this Act, an application must be made to the Department no later than 6 months after the effective date of this Act. The Department, in consultation with the Agency, shall determine the amount of eligible rehabilitation costs and expenses. The Agency shall determine whether the rehabilitation is consistent with the standards of the Secretary of the United States Department of the Interior for rehabilitation. Upon completion and review of the project, the Department shall issue a certificate in the amount of the eligible credits. At the time the certificate is issued, an issuance fee up to the maximum amount of 2% of the amount of the credits issued by the certificate may be collected from the applicant to administer the Act. If collected, this issuance fee shall be evenly divided between the Department and the Agency. The taxpayer must attach the certificate to the tax return on which the credits are to be claimed.

Section 20. Transfer of credits. Any qualified taxpayer, referred to in this Section as the assignor, may sell, assign, convey, or otherwise transfer tax credits allowed and earned under this Act. The taxpayer acquiring the credits, referred to in this Section as the assignee, may use the amount of the acquired credits to offset up to 100% of its income tax liability for either the taxable year in which the qualified rehabilitation plan was first placed into service or the taxable year in which such acquisition was made. Unused credit amounts claimed by the assignee may be carried forward for up to 10 years or carried back

for up to 3 years, except that all credits must be claimed within 10 years after the tax year in which the qualified rehabilitation plan was first placed into service and may not be carried back to a tax year prior to the tax year in which the credit was issued. The assignor shall enter into a written agreement with the assignee establishing the terms and conditions of the agreement and shall perfect the transfer by notifying the Department in writing within 90 calendar days after the effective date of the transfer and shall provide any information as may be required by the Department to administer and carry out the provisions of this Section. If credits that have been transferred are subsequently reduced, adjusted, or recaptured, in whole or in part, by the Department, the Department of Revenue, or any other applicable government agency, only the original qualified taxpayer that was awarded the credits, and not any subsequent assignee of the credits, shall be held liable to repay any amount of such reduction, adjustment, or recapture of the credits.

Section 25. Pilot program; report. The Department may award no more than an aggregate of \$10,000,000 in total tax credits pursuant to one qualified rehabilitation plan for one qualified historic structure. On or before December 31, 2010 and on or before December 31 of each year thereafter through 2016, the Department must submit a report to the General Assembly evaluating the effectiveness of this Act in stimulating economic revitalization in the pilot program area.

Section 30. Powers. The Department and the Agency shall promulgate rules and regulations for the administration of this Act.

Section 35. The Illinois Income Tax Act is amended by adding Section 219 as follows:

(35 ILCS 5/219 new)

Sec. 219. Historic preservation credit. For tax years beginning on or after January 1, 2010 and ending on or before December 31, 2015, a taxpayer who qualifies for a credit under the Historic Preservation Tax Credit Pilot Program Act is entitled to a credit against the taxes imposed under subsections (a) and (b) of Section 201 of this Act as provided in that Act. If the taxpayer is a partnership or Subchapter S corporation, the credit shall be allowed to the partners or shareholders in accordance with the determination of income and distributive share of income under Sections 702 and 704 and Subchapter S of the Internal Revenue Code.

If the amount of any tax credit awarded under this Section exceeds the qualified taxpayer's income tax liability for the year in which the qualified rehabilitation plan was placed in service, the excess amount may be carried forward or back as provided in the Historic Preservation Tax Credit Pilot Program Act.

Section 99. Effective date. This Act takes effect upon becoming law."

If petitions for nomination have been filed for the same person with respect to more than one political party, his name shall not be certified nor printed on the primary ballot of any party. If petitions for nomination have been filed for the same person for 2 or more offices which are incompatible so that the same person could not serve in more than one of such offices if elected, that person must withdraw as a candidate for all but one of such offices within the 5 business days following the last day for petition filing. If he fails to withdraw as a candidate for all but one of such offices within such time his name shall not be certified, nor printed on the primary ballot, for any office. For the purpose of the foregoing provisions, an office in a political party is not incompatible with any other office.

(10) (a) Notwithstanding the provisions of any other statute, no primary shall be held for an established political party in any township, municipality, or ward thereof, where the nomination of such party for every office to be voted upon by the electors of such township, municipality, or ward thereof, is uncontested. Whenever a political party's nomination of candidates is uncontested as to one or more, but not all, of the offices to be voted upon by the electors of a township, municipality, or ward thereof, then a primary shall be held for that party in such township, municipality, or ward thereof; provided that the primary ballot shall not include those offices within such township, municipality, or ward thereof, for which the nomination is uncontested. For purposes of this Article, the nomination of an established political party of a candidate for election to an office shall be deemed to be uncontested where not more than the number of persons to be nominated have timely filed valid nomination papers seeking the nomination of such party for election to such office.

(b) Notwithstanding the provisions of any other statute, no primary election shall be held for an established political party for any special primary election called for the purpose of filling a vacancy in the office of representative in the United States Congress where the nomination of such political party for said office is uncontested. For the purposes of this Article, the nomination of an established political party of a candidate for election to said office shall be deemed to be uncontested where not more than the number of persons to be nominated have timely filed valid nomination papers seeking the nomination of such established party for election to said office. This subsection (b) shall not apply if such primary election is conducted on a regularly scheduled election day.

(c) Notwithstanding the provisions in subparagraph (a) and (b) of this paragraph (10), whenever a person who has not timely filed valid nomination papers and who intends to become a write-in candidate for a political party's nomination for any office for which the nomination is uncontested files a written statement or notice of that intent with the State Board of Elections or the local election official with whom nomination papers for such office are filed, a primary ballot shall be prepared and a primary shall be held for that office. Such statement or notice shall be filed on or before the date established in this Article for certifying candidates for the primary ballot. Such statement or notice shall contain (i) the name and address of the person intending to become a write-in candidate, (ii) a statement that the person is a qualified primary elector of the political party from whom the nomination is sought, (iii) a statement that the person intends to become a write-in candidate for the party's nomination, and (iv) the office the person is seeking as a write-in candidate. An election authority shall have no duty to conduct a primary and prepare a primary ballot for any office for which the nomination is uncontested unless a statement or notice meeting the requirements of this Section is filed in a timely manner.

(11) If multiple sets of nomination papers are filed for a candidate to the same office, the State Board of Elections, appropriate election authority or local election official where the petitions are filed shall within 2 business days notify the candidate of his or her multiple petition filings and that the candidate has 3 business days after receipt of the notice to notify the State Board of Elections, appropriate election authority or local election official that he or she may cancel prior sets of petitions. If the candidate notifies

the State Board of Elections, appropriate election authority or local election official, the last set of petitions filed shall be the only petitions to be considered valid by the State Board of Elections, election authority or local election official. If the candidate fails to notify the State Board of Elections, election authority or local election official then only the first set of petitions filed shall be valid and all subsequent petitions shall be void.

(12) All nominating petitions shall be available for public inspection and shall be preserved for a period of not less than 6 months.

Upon the receipt of the objection the county clerk shall forthwith transmit such objection and the petition of the candidate to the chairman of the county electoral board. The chairman of the county electoral board shall forthwith notify the objector, the candidate whose petition is objected to and the other members of the electoral board of the time and place for hearing thereon. In the event that a candidate of a party who has been nominated under the provisions of this Article shall die before election (whether death occurs prior to, or on, or after, the date of the primary) or decline the nomination or should the nomination for any other reason become vacant, the legislative or representative committee of such party for such district shall nominate a candidate of such party to fill such vacancy. Sec. 10-9. The following electoral boards are designated for the purpose of hearing and passing upon the objector's petition described in Section 10-8.

1. The State Board of Elections will hear and pass upon objections to the nominations of candidates for State offices, nominations of candidates for congressional, legislative and judicial offices of districts, subcircuits, or circuits situated in more than one county, nominations of candidates for the offices of State's attorney or regional superintendent of schools to be elected from more than one county, and petitions for proposed amendments to the Constitution of the State of Illinois as provided for in Section 3 of Article XIV of the Constitution.

2. The county officers electoral board to hear and pass upon objections to the nominations of candidates for county offices, for congressional, legislative and judicial offices of a district, subcircuit, or circuit coterminous with or less than a county, for school trustees to be voted for by the electors of the county or by the electors of a township of the county, for the office of multi-township assessor where candidates for such office are nominated in accordance with this Code, and for all special district offices, shall be composed of the county clerk, or an assistant designated by the county clerk, the State's attorney of the county or an Assistant State's Attorney designated by the State's Attorney, and the clerk of the circuit court, or an assistant designated by the clerk of the circuit court, of the county, of whom the county clerk or his designee shall be the chairman, except that in any county which has established a county board of election commissioners that board shall constitute the county officers electoral board ex-officio.

3. The municipal officers electoral board to hear and pass upon objections to the nominations of candidates for officers of municipalities shall be composed of the mayor or president of the board of trustees of the city, village or incorporated town, and the city, village or incorporated town clerk, and one member of the city council or board of trustees, that member being designated who is eligible to serve on the electoral board and has served the greatest number of years as a member of the city council or board of trustees, of whom the mayor or president of the board of trustees shall be the chairman.

4. The township officers electoral board to pass upon objections to the nominations of township officers shall be composed of the township supervisor, the town clerk, and that eligible town trustee elected in the township who has had the longest term of continuous service as town trustee, of whom the township supervisor shall be the chairman.

5. The education officers electoral board to hear and pass upon objections to the nominations of candidates for offices in school or community college districts shall be composed of the presiding officer of the school or community college district board, who shall be the chairman, the secretary of the school or community college district board and the eligible elected school or community college board member who has the longest term of continuous service as a board member.

In all cases, however, where the Congressional, ~~or~~ Legislative or Representative district is wholly or partially within the jurisdiction of a single municipal board of election commissioners in Cook County and in all cases where the school district or special district is wholly within the jurisdiction of a municipal board of election commissioners and in all cases where the municipality or township is wholly or partially within the jurisdiction of a municipal board of election commissioners, the board of election commissioners shall ex-officio constitute the electoral board.

For special districts situated in more than one county, the county officers electoral board of the county in which the principal office of the district is located has jurisdiction to hear and pass upon objections. For purposes of this Section, "special districts" means all political subdivisions other than counties, municipalities, townships and school and community college districts.

In the event that any member of the appropriate board is a candidate for the office with relation to which the objector's petition is filed, he shall not be eligible to serve on that board and shall not act as a member

of the board and his place shall be filled as follows:

a. In the county officers electoral board by the county treasurer, and if he or she is ineligible to serve, by the sheriff of the county.

When 2 or more eligible individuals, by reason of their terms of service on a city council or board of trustees, township board of trustees, or school or community college district board, qualify to serve on an electoral board, the one to serve shall be chosen by lot.

Any vacancies on an electoral board not otherwise filled pursuant to this Section shall be filled by public members appointed by the Chief Judge of the Circuit Court for the county wherein the electoral board hearing is being held upon notification to the Chief Judge of such vacancies. The Chief Judge shall be so notified by a member of the electoral board or the officer or board with whom the objector's petition was filed. Sec. 10-10. Within 24 hours after the receipt of the certificate of nomination or nomination papers or proposed question of public policy, as the case may be, and the objector's petition, the chairman of the electoral board other than the State Board of Elections shall send a call by registered or certified mail to each of the members of the electoral board, and to the objector who filed the objector's petition, and either to the candidate whose certificate of nomination or nomination papers are objected to or to the principal proponent or attorney for proponents of a question of public policy, as the case may be, whose petitions are objected to, and shall also cause the sheriff of the county or counties in which such officers and persons reside to serve a copy of such call upon each of such officers and persons, which call shall set out the fact that the electoral board is required to meet to hear and pass upon the objections to nominations made for the office, designating it, and shall state the day, hour and place at which the electoral board shall meet for the purpose, which place shall be in the county court house in the county in the case of the County Officers Electoral Board, the Municipal Officers Electoral Board, the Township Officers Electoral Board or the Education Officers Electoral Board, except that the Municipal Officers Electoral Board, the Township Officers Electoral Board, and the Education Officers Electoral Board may meet at the location where the governing body of the municipality, township, or school or community college district, respectively, holds its regularly scheduled meetings, if that location is available; provided that voter records may be removed from the offices of an election authority only at the discretion and under the supervision of the election authority. In those cases where the State Board of Elections is the electoral board designated under Section 10-9, the chairman of the State Board of Elections shall, within 24 hours after the receipt of the certificate of nomination or nomination papers or petitions for a proposed amendment to Article IV of the Constitution or proposed statewide question of public policy, send a call by registered or certified mail to the objector who files the objector's petition, and either to the candidate whose certificate of nomination or nomination papers are objected to or to the principal proponent or attorney for proponents of the proposed Constitutional amendment or statewide question of public policy and shall state the day, hour and place at which the electoral board shall meet for the purpose, which place may be in the Capitol Building or in the principal or permanent branch office of the State Board. The day of the meeting shall not be less than 3 nor more than 5 days after the receipt of the certificate of nomination or nomination papers and the objector's petition by the chairman of the electoral board.

The electoral board shall have the power to administer oaths and to subpoena and examine witnesses and at the request of either party the chairman may issue subpoenas requiring the attendance of witnesses and

subpoenas duces tecum requiring the production of such books, papers, records and documents as may be evidence of any matter under inquiry before the electoral board, in the same manner as witnesses are subpoenaed in the Circuit Court.

Service of such subpoenas shall be made by any sheriff or other person in the same manner as in cases in such court and the fees of such sheriff shall be the same as is provided by law, and shall be paid by the objector or candidate who causes the issuance of the subpoena. In case any person so served shall knowingly neglect or refuse to obey any such subpoena, or to testify, the electoral board shall at once file a petition in the circuit court of the county in which such hearing is to be heard, or has been attempted to be heard, setting forth the facts, of such knowing refusal or neglect, and accompanying the petition with a copy of the citation and the answer, if one has been filed, together with a copy of the subpoena and the return of service thereon, and shall apply for an order of court requiring such person to attend and testify, and forthwith produce books and papers, before the electoral board. Any circuit court of the state, excluding the judge who is sitting on the electoral board, upon such showing shall order such person to appear and testify, and to forthwith produce such books and papers, before the electoral board at a place to be fixed by the court. If such person shall knowingly fail or refuse to obey such order of the court without lawful excuse, the court shall punish him or her by fine and imprisonment, as the nature of the case may require and may be lawful in cases of contempt of court.

The electoral board on the first day of its meeting shall adopt rules of procedure for the introduction of evidence and the presentation of arguments and may, in its discretion, provide for the filing of briefs by the parties to the objection or by other interested persons.

In the event of a State Electoral Board hearing on objections to a petition for an amendment to Article IV of the Constitution pursuant to Section 3 of Article XIV of the Constitution, or to a petition for a question of public policy to be submitted to the voters of the entire State, the certificates of the county clerks and boards of election commissioners showing the results of the random sample of signatures on the petition shall be prima facie valid and accurate, and shall be presumed to establish the number of valid and invalid signatures on the petition sheets reviewed in the random sample, as prescribed in Section 28-11 and 28-12 of this Code. Either party, however, may introduce evidence at such hearing to dispute the findings as to particular signatures. In addition to the foregoing, in the absence of competent evidence presented at such hearing by a party substantially challenging the results of a random sample, or showing a different result obtained by an additional sample, this certificate of a county clerk or board of election commissioners shall be presumed to establish the ratio of valid to invalid signatures within the particular election jurisdiction.

The electoral board shall take up the question as to whether or not the certificate of nomination or nomination papers or petitions are in proper form, and whether or not they were filed within the time and under the conditions required by law, and whether or not they are the genuine certificate of nomination or nomination papers or petitions which they purport to be, and whether or not in the case of the certificate of nomination in question it represents accurately the decision of the caucus or convention issuing it, and in general shall decide whether or not the certificate of nomination or nominating papers or petitions on file are valid or whether the objections thereto should be sustained and the decision of a majority of the electoral board shall be final subject to judicial review as provided in Section 10-10.1. The electoral board must state its findings in writing and must state in writing which objections, if any, it has sustained. A copy of the decision shall be served upon the parties to the proceedings in open proceedings before the electoral board. If a party does not appear for receipt of the decision, the decision shall be deemed to have been served on the absent party on the date when a copy of the decision is personally delivered or on the date when a copy of the decision is deposited in the United States mail, in a sealed envelope or package, with postage prepaid, addressed to each party affected by the decision or to such party's attorney of record, if any, at the address on record for such person in the files of the electoral board.

Upon the expiration of the period within which a proceeding for judicial review must be commenced under Section 10--10.1, the electoral board shall, unless a proceeding for judicial review has been commenced within such period, transmit, by registered or certified mail, a certified copy of its ruling, together with the original certificate of nomination or nomination papers or petitions and the original objector's petition, to the officer or board with whom the certificate of nomination or nomination papers or petitions, as objected to, were on file, and such officer or board shall abide by and comply with the ruling so made to all intents and purposes.

(10 ILCS 5/19-2.1) (from Ch. 46, par. 19-2.1)

Sec. 19-2.1. At the consolidated primary, general primary, consolidated, and general elections, electors entitled to vote by absentee ballot under the provisions of Section 19-1 may vote in person at the office of the municipal clerk, if the elector is a resident of a municipality not having a board of election commissioners, or at the office of the township clerk or, in counties not under township organization, at the office of the road district clerk if the elector is not a resident of a municipality; provided, in each case that the municipal, township or road district clerk, as the case may be, is authorized to conduct in-person absentee voting pursuant to this Section. Absentee voting in such municipal and township clerk's offices under this Section shall be conducted from the 22nd day through the day before the election.

Municipal and township clerks (or road district clerks) who have regularly scheduled working hours at regularly designated offices other than a place of residence and whose offices are open for business during the same hours as the office of the election authority shall conduct in-person absentee voting for said elections. Municipal and township clerks (or road district clerks) who have no regularly scheduled working

hours but who have regularly designated offices other than a place of residence shall conduct in-person absentee voting for said elections during the hours of 8:30 a.m. to 4:30 p.m. or 9:00 a.m. to 5:00 p.m., weekdays, and 9:00 a.m. to 12:00 noon on Saturdays, but not during such hours as the office of the election authority is closed, unless the clerk files a written waiver with the election authority not later than July 1 of each year stating that he or she is unable to conduct such voting and the reasons therefor. Such clerks who conduct in-person absentee voting may extend their hours for that purpose to include any hours in which the election authority's office is open. Municipal and township clerks (or road district clerks) who have no regularly scheduled office hours and no regularly designated offices other than a place of residence may not conduct in-person absentee voting for said elections. The election authority may devise alternative methods for in-person absentee voting before said elections for those precincts located within the territorial area of a municipality or township (or road district) wherein the clerk of such municipality or township (or road district) has waived or is not entitled to conduct such voting. In addition, electors may vote by absentee ballot under the provisions of Section 19-1 at the office of the election authority having jurisdiction over their residence. Unless specifically authorized by the election authority, municipal, township, and road district clerks shall not conduct in-person absentee voting. No less than 45 days before the date of an election, the election authority shall notify the municipal, township, and road district clerks within its jurisdiction if they are to conduct in-person absentee voting. Election authorities, however, may conduct in-person absentee voting in one or more designated appropriate public buildings from the fourth day before the election through the day before the election.

In conducting in-person absentee voting under this Section, the respective clerks shall be required to verify the signature of the absentee voter by comparison with the signature on the official registration record card. The clerk also shall reasonably ascertain the identity of such applicant, shall verify that each such applicant is a registered voter, and shall verify the precinct in which he or she is registered and the proper ballots of the political subdivisions in which the applicant resides and is entitled to vote, prior to providing any absentee ballot to such applicant. The clerk shall verify the applicant's registration and from the most recent poll list provided by the county clerk, and if the applicant is not listed on that poll list then by telephoning the office of the county clerk.

Absentee voting procedures in the office of the municipal, township and road district clerks shall be subject to all of the applicable provisions of this Article 19. Pollwatchers may be appointed to observe in-person absentee voting procedures and view all reasonably requested records relating to the conduct of the election, provided the secrecy of the ballot is not impinged, at the office of the municipal, township or road district clerks' offices where such absentee voting is conducted. Such pollwatchers shall qualify and be appointed in the same manner as provided in Sections 7-34 and 17-23, except each candidate, political party or organization of citizens may appoint only one pollwatcher for each location where in-person absentee voting is conducted. Pollwatchers must be registered to vote in Illinois and possess valid pollwatcher credentials. All requirements in this Article applicable to election authorities shall apply to the respective local clerks, except where inconsistent with this Section.

The sealed absentee ballots in their carrier envelope shall be delivered by the respective clerks, or by the election authority on behalf of a clerk if the clerk and the election authority agree, to the election authority's central ballot counting location before the close of the polls on the day of the general primary, consolidated primary, consolidated, or general election.

Not more than 23 days before the general and consolidated elections, the county clerk shall make available to those municipal, township and road district clerks conducting in-person absentee voting within such county, a sufficient number of applications, absentee ballots, envelopes, and printed voting instruction slips for use by absentee voters in the offices of such clerks. The respective clerks shall receipt for all ballots received, shall return all unused or spoiled ballots to the county clerk on the day of the election and shall strictly account for all ballots received.

The ballots delivered to the respective clerks shall include absentee ballots for each precinct in the municipality, township or road district, or shall include such separate ballots for each political subdivision conducting an election of officers or a referendum on that election day as will permit any resident of the municipality, township or road district to vote absentee in the office of the proper clerk.

The clerks of all municipalities, townships and road districts may distribute applications for absentee ballot for the use of voters who wish to mail such applications to the appropriate election authority. Any person may reproduce, distribute, or return to an election authority the application for absentee ballot. Upon receipt, the appropriate election authority shall accept and promptly process any application for absentee ballot. ~~Such applications for absentee ballots shall be made on forms provided by the election authority. Duplication of such forms by the municipal, township or road district clerk is prohibited.~~

(10 ILCS 5/28-2) (from Ch. 46, par. 28-2)

Sec. 28-2. (a) Except as otherwise provided in this Section, petitions for the submission of public questions to referendum must be filed with the appropriate officer or board not less than 92 ~~78~~ days prior to a regular election to be eligible for submission on the ballot at such election; and petitions for the submission of a question under Section 18-120 of the Property Tax Code must be filed with the appropriate officer or board not more than 10 months nor less than 6 months prior to the election at which such question is to be submitted to the voters.

(b) However, petitions for the submission of a public question to referendum which proposes the creation or formation of a political subdivision must be filed with the appropriate officer or board not less than 122 ~~108~~ days prior to a regular election to be eligible for submission on the ballot at such election.

(c) Resolutions or ordinances of governing boards of political subdivisions which initiate the submission of public questions pursuant to law must be adopted not less than 79 ~~65~~ days before a regularly scheduled election to be eligible for submission on the ballot at such election.

(d) A petition, resolution or ordinance initiating the submission of a public question may specify a regular election at which the question is to be submitted, and must so specify if the statute authorizing the public question requires submission at a particular election. However, no petition, resolution or ordinance initiating the submission of a public question, other than a legislative resolution initiating an amendment to the Constitution, may specify such submission at an election more than one year, or 15 months in the case of a back door referendum as defined in subsection (f), after the date on which it is filed or adopted, as the case may be. A petition, resolution or ordinance initiating a public question which specifies a particular election at which the question is to be submitted shall be so limited, and shall not be valid as to any other election, other than an emergency referendum ordered pursuant to Section 2A-1.4.

(e) If a petition initiating a public question does not specify a regularly scheduled election, the public question shall be submitted to referendum at the next regular election occurring not less than 92 ~~78~~ days after the filing of the petition, or not less than 122 ~~108~~ days after the filing of a petition for referendum to create a political subdivision. If a resolution or ordinance initiating a public question does not specify a regularly scheduled election, the public question shall be submitted to referendum at the next regular election occurring not less than 79 ~~65~~ days after the adoption of the resolution or ordinance.

(f) In the case of back door referenda, any limitations in another statute authorizing such a referendum which restrict the time in which the initiating petition may be validly filed shall apply to such petition, in addition to the filing deadlines specified in this Section for submission at a particular election. In the case of any back door referendum, the publication of the ordinance or resolution of the political subdivision shall include a notice of (1) the specific number of voters required to sign a petition requesting that a public question be submitted to the voters of the subdivision; (2) the time within which the petition must be filed; and (3) the date of the prospective referendum. The secretary or clerk of the political subdivision shall provide a petition form to any individual requesting one. The legal sufficiency of that form, if provided by the secretary or clerk of the political subdivision, cannot be the basis of a challenge to placing the back door referendum on the ballot. As used herein, a "back door referendum" is the submission of a public question to the voters of a political subdivision, initiated by a petition of voters or residents of such political subdivision, to determine whether an action by the governing body of such subdivision shall be adopted or rejected.

(g) A petition for the incorporation or formation of a new political subdivision whose officers are to be elected rather than appointed must have attached to it an affidavit attesting that at least 122 ~~108~~ days and no more than 152 ~~138~~ days prior to such election notice of intention to file such petition was published in a newspaper published within the proposed political subdivision, or if none, in a newspaper of general circulation within the territory of the proposed political subdivision in substantially the following form:

NOTICE OF PETITION TO FORM A NEW.....

Residents of the territory described below are notified that a petition will or has been filed in the Office of.....requesting a referendum to establish a new....., to be called the.....

*The officers of the new.....will be elected on the same day as the referendum. Candidates for the governing board of the new.....may file nominating petitions with the officer named above until.....

The territory proposed to comprise the new.....is described as follows:

(description of territory included in petition)

(signature).....

Name and address of person or persons proposing the new political subdivision.

* Where applicable.

Failure to file such affidavit, or failure to publish the required notice with the correct information contained therein shall render the petition, and any referendum held pursuant to such petition, null and void.

Notwithstanding the foregoing provisions of this subsection (g) or any other provisions of this Code, the publication of notice and affidavit requirements of this subsection (g) shall not apply to any petition filed under Article 7 or 11E of the School Code nor to any referendum held pursuant to any such petition, and neither any petition filed under any of those Articles nor any referendum held pursuant to any such petition

shall be rendered null and void because of the failure to file an affidavit or publish a notice with respect to the petition or referendum as required under this subsection (g) for petitions that are not filed under any of those Articles of the School Code.

Section 10. The Revised Cities and Villages Act of 1941 is amended by changing Section 21-29 as follows:

(65 ILCS 20/21-29) (from Ch. 24, par. 21-29)

Sec. 21-29. Withdrawals and substitution of candidates.

Any candidate for alderman under the provisions of this article may withdraw his name as a candidate by filing with the board of election commissioners of the city of Chicago not later than the date of certification of the ballot ~~twenty days before the holding of the election~~ his written request signed by him and duly acknowledged before an officer qualified to take acknowledgements of deeds, whereupon his name shall not be printed as a candidate upon the official ballot.

If any candidate at an aldermanic election who was not elected as provided for in this article but who shall have received sufficient votes to entitle him to a place on the official ballot at the ensuing supplementary election shall die or withdraw his candidacy before such supplementary election, the name of the candidate who shall receive the next highest number of votes shall be printed on the ballot in lieu of the name of the candidate who shall have died or withdrawn his candidacy.

Section 15. The Liquor Control Act of 1934 is amended by changing Sections 9-2 and 9-4 as follows:

(235 ILCS 5/9-2) (from Ch. 43, par. 167)

Sec. 9-2. When any legal voters of a precinct in any city, village or incorporated town of more than 200,000 inhabitants, as determined by the last preceding Federal census, desire to pass upon the question of whether the sale at retail of alcoholic liquor shall be prohibited in the precinct or at a particular street address within the precinct, they shall, at least 104 ~~90~~ days before an election, file in the office of the clerk of such city, village or incorporated town, a petition directed to the clerk, containing the signatures of not less than 25% of the legal voters registered with the board of election commissioners or county clerk, as the case may be, from the precinct. Provided, however, that when the petition seeks to prohibit the sale at retail of alcoholic liquor at a particular street address of a licensed establishment within the precinct the petition shall contain the signatures of not less than 40% of the legal voters requested from that precinct. The petition shall request that the proposition "Shall the sale at retail of alcoholic liquor be prohibited in (or at)?" be submitted to the voters of the precinct at the next ensuing election at which such proposition may be voted upon. The submission of the question to the voters of such precinct at such election shall be mandatory when the petition has been filed in proper form with the clerk. If more than one set of petitions are presented to the clerk for submission at the same election, the petition presented first shall be given preference; however, the clerk shall provisionally accept any other set of petitions setting forth the same (or substantially the same) proposition. If the first set of petitions for a proposition is found to be in proper form and is not found to be invalid, it shall be accepted by the clerk and all provisionally accepted sets of petitions setting forth the same (or substantially the same) proposition shall be rejected by the clerk. If the first set of petitions for a proposition is found not to be in proper form or is found to be invalid, the clerk shall (i) reject the first set of petitions, (ii) accept the first provisionally accepted set of petitions that is in proper form and is not found to be invalid, and (iii) reject all other provisionally accepted sets of petitions setting forth the same (or substantially the same) proposition. Notice of the filing of the petition and the result of the election shall be given to the Secretary of State at his offices in both, Chicago and Springfield, Illinois. A return of the result of the election shall be made to the clerk of the city, village or incorporated town in which the precinct is located. If a majority of the voters voting upon such proposition vote "YES", the sale at retail of alcoholic liquor shall be prohibited in the precinct or at the street address. If the sale at retail of alcoholic liquor at a particular street address is prohibited pursuant to this Section, the license for any establishment at that street address shall be void, and no person may apply for a license for the sale at retail of alcoholic liquor at an establishment at that street address unless such prohibition is discontinued pursuant to Section 9-10.

In cities, villages and incorporated towns of 200,000 or less population, as determined by the last preceding Federal census, the vote upon the question of prohibiting the sale at retail of alcoholic liquor, or alcoholic liquor other than beer containing not more than 4% of alcohol by volume, or alcoholic liquor containing more than 4% of alcohol by weight in the original package and not for consumption on the premises, shall be by the voters of the political subdivision as a unit. When any legal voters of such a city, village or incorporated town desire to pass upon the question of whether the sale at retail of alcoholic liquor

shall be prohibited in the municipality, they shall, at least ~~104~~ 90 days before an election, file in the office of the clerk of the municipality, a petition directed to the clerk, containing the signatures of not less than 25% of the legal voters registered with the board of election commissioners or county clerk, as the case may be, from the municipality. The petition shall request that the proposition, "Shall the sale at retail of alcoholic liquor be prohibited in....?" be submitted to the voters of the municipality at the next ensuing election at which the proposition may be voted upon. The submission of the question to the voters of the municipality at such election shall be mandatory when the petition has been filed in proper form with the clerk. If more than one set of petitions are presented to the clerk for submission at the same election, setting forth the same or different propositions, the petition presented first shall be given preference and the clerk shall refuse to accept any other set of petitions. Notice of the filing of the petition and the result of the election shall be given to the Secretary of State at his offices in both Chicago and Springfield, Illinois. A return of the result of the election shall be made to the clerk of the city, village or incorporated town. If a majority of the voters voting upon the proposition vote "Yes", the sale at retail of alcoholic liquor shall be prohibited in the municipality.

In the event a municipality does not vote to prohibit the sale at retail of alcoholic liquor, the council or governing body shall ascertain and determine what portions of the municipality are predominantly residence districts. No license permitting the sale of alcoholic liquors shall be issued by the local liquor commissioner or licensing officer permitting the sale of alcoholic liquors at any place within the residence district so determined, unless the owner or owners of at least two-thirds of the frontage, 200 feet in each direction along the street and streets adjacent to the place of business for which a license is sought, file with the local liquor commissioner or licensing officer, his or their written consent to the use of such place for the sale of alcoholic liquors.

In each township or road district lying outside the corporate limits of a city, village or incorporated town, or in a part of a township or road district lying partly within and partly outside a city, village or incorporated town, the vote of such township, road district or part thereof, shall be as a unit. When any legal voters of any such township, or part thereof, in counties under township organization, or any legal voters of such road district or part thereof, in counties not under township organization, desire to vote upon the proposition as to whether the sale at retail of alcoholic liquor shall be prohibited in such township or road district or part thereof, they shall, at least 90 days before an election, file in the office of the township or road district clerk, of the township or road district within which the election is to be held, a petition directed to the clerk and containing the signatures of not less than 25% of the legal voters registered with the county clerk from such township or road district or part thereof. The submission of the question to the voters of the township, road district or part thereof, at the next ensuing election shall be mandatory when the petition has been filed in proper form with the clerk. If more than one set of petitions are presented to the clerk for submission at the same election, setting forth the same or different propositions, the petition presented first shall be given preference and the clerk shall refuse to accept any other set of petitions. A return of the result of such election shall be made to the clerk of the township or road district in which the territory is situated, and shall also be made to the Secretary of State at his offices in both Chicago and Springfield, Illinois.

If the court determines the petitions to be invalid subsequent to the certification by the clerk, the court's order shall be transmitted to the election officials and shall nullify such certification.
