### HOUSE RESOLUTIONS

The following resolutions were offered and placed in the Committee on Rules.

#### HOUSE RESOLUTION 10

Offered by Representative Flowers:

WHEREAS, The mortgage foreclosure crisis deepened after it was disclosed that several large home mortgage lenders utilized procedures that were legally insufficient to support foreclosures; and

WHEREAS, After problems were revealed about the manner in which foreclosure affidavits were processed, the uncertainty about the true ownership of mortgages, and the questionable legal standing of the entities that initiated foreclosure proceedings, 2 of the nation's largest residential lenders announced that they were each beginning a self-imposed mortgage foreclosure moratorium; and

WHEREAS, Although this crisis has its origins in numerous events, practices, and policy decisions, a central element of the foreclosure problem is the Mortgage Electronic Registry System (MERS), an electronic registry of land records which was created in 1998 by the Federal National Mortgage Association (Fannie Mae), the Federal Home Loan Mortgage Corporation (Freddie Mac), and several large U.S. banks; and

WHEREAS, Today MERS is listed as the agent for mortgage lenders on documents for 65 million home loans, which represent about 60% of the mortgages in the United States, and is the agent for about 97% of the home mortgages created between 2005 and 2008; and

WHEREAS, Although MERS boasts on its website that it "simplifies the way mortgage ownership and servicing rights are originated, sold and tracked" which "eliminates the need to prepare and record assignments when trading residential and commercial mortgage loans", housing counselors and advocates have documented patterns of abuse and fraud by mortgage servicers that utilized MERS; and

WHEREAS, Joining MERS at the center of the foreclosure crisis is the practice of "robo-signing", the process of generating thousands of affidavits often by unskilled and unqualified employees who neither read nor certified the underlying documents, which are used to obtain summary judgments in foreclosure proceedings; and

WHEREAS, Since a large volume of mortgages were digitized, there have been countless instances of original promissory notes being lost or misplaced; in lieu of producing the original promissory notes in the foreclosure proceedings, servicers simply provided "robo-signed" affidavits that state that the loan servicers own the notes; and

WHEREAS, Court records in mortgage foreclosure cases have documented egregious examples of: falsified documents; "fee padding"; misapplication of mortgage payments; and improper, unnecessarily expensive insurance assessments, which, in turn, precipitated defaults on otherwise up-to-date loans and wholly improper mortgage foreclosures; and

WHEREAS, The effect of all of these problems and the resulting consumer confusion cry out for a nationwide moratorium on pending and new mortgage foreclosures; therefore, be it

RESOLVED, BY THE HOUSE OF REPRESENTATIVES OF THE NINETY-SEVENTH GENERAL ASSEMBLY OF THE STATE OF ILLINOIS, that we urge Congress to enact legislation that creates a mortgage foreclosure moratorium to allow a thorough review of foreclosure actions, provide meaningful opportunities for homeowners to renegotiate their mortgages so as to avoid foreclosure, enact further reforms, and allow the entire housing market to return to normalcy; and be it further

RESOLVED, That suitable copies of this resolution be presented to President Barack Obama, the Speaker of the United States House of Representatives, the President pro tempore of the United States Senate, and each member of the Illinois congressional delegation.

#### HOUSE RESOLUTION 13

Offered by Representative Jerry Mitchell:

WHEREAS, President Ronald Wilson Reagan, a man of humble background, worked throughout his life serving freedom and advancing the public good, having been employed as an entertainer, union leader, corporate spokesman, Governor of the State of California, and President of the United States; and

WHEREAS, Ronald Reagan served with honor and distinction for two terms as the 40th President of the United States of America; during his second election, he earned the confidence of three-fifths of the electorate and was victorious in 49 of the 50 states in the general election - a record unsurpassed in the history of American presidential elections; and

WHEREAS, In 1981, when Ronald Reagan was inaugurated President, he inherited a disillusioned nation shackled by rampant inflation and high unemployment; and

WHEREAS, During Mr. Reagan's presidency, he worked in a bipartisan manner to enact his bold agenda of restoring accountability and common sense to government, which led to unprecedented economic expansion and opportunity for millions of Americans; and

WHEREAS, Mr. Reagan's commitment to an active social policy agenda for the nation's children helped lower crime and drug use in our neighborhoods; and

WHEREAS, President Reagan's commitment to our armed forces contributed to the restoration of pride in America, her values, and those cherished by the free world, and prepared America's armed forces to meet the challenges of the 21st century; and

WHEREAS, President Reagan's vision of "peace through strength" led to the end of the Cold War and the ultimate demise of the Soviet Union, guaranteeing basic human rights for millions of people; and

WHEREAS, February 6, 2011 will be the 100th anniversary of Ronald Reagan's birth and the seventh since his passing; therefore, be it

RESOLVED, BY THE HOUSE OF REPRESENTATIVES OF THE NINETY-SEVENTH GENERAL ASSEMBLY OF THE STATE OF ILLINOIS, that the date of February 6, 2011, be designated as Ronald Reagan Day in the State of Illinois; and be it further

RESOLVED, That we urge the citizens of this State to take cognizance of this event and to participate fittingly in its observance.

#### HOUSE RESOLUTION 14

Offered by Representative Cross:

WHEREAS, During the 96th General Assembly, House Resolution 163 created a task force to study local government development standards and processes and their effect on watersheds, wetlands, and floodplains; and

WHEREAS, The task force must also study the effect of local government development standards and processes on floodways and all other natural areas, especially those areas with water-related issues; and

WHEREAS, The goal of the task force is to improve management practices concerning local government development standards, with a focus on all of the following:

- (1) local government development practices and the short-term and long-term impact on natural areas, other affected or potentially affected lands, and subsequent property owners;
- (2) effects and impacts of mass grading, compensatory storage, drainage, runoff, bank stabilization, diversion of flood waters, development practices on pervious surfaces, deforestation, and elimination of prairie and wetlands;
- (3) local government zoning authority practices and their impact on private developers;
- (4) local government solicitation of and adherence to recommendations and findings of county, state, and federal agencies that regulate land, water, forest, or any other natural resource; and

WHEREAS, The task force was required to report its findings and recommendations to the General Assembly on or before January 1, 2010; and

WHEREAS, The task force needs additional time to complete its work; therefore, be it

RESOLVED, BY THE HOUSE OF REPRESENTATIVES OF THE NINETY-SEVENTH GENERAL ASSEMBLY OF THE STATE OF ILLINOIS, that the task force created by House Resolution 163 of the 96th General Assembly shall report its finding and recommendations to the General Assembly on or before January 1, 2012; and be it further

RESOLVED, That with this reporting extension, the task force shall operate pursuant to this resolution and House Resolution 163 of the 96th General Assembly.

#### HOUSE RESOLUTION 20

Offered by Representative Reitz:

WHEREAS, Each year, an estimated 250 people fall through ice-covered bodies of water and drown; most are boys between the ages of 6 and 15 years; and

WHEREAS, On February 19, 2010, Kathy Kohler Baxmeyer, her son, Kadin, and Kadin's best friend, Austin, all drowned after ice gave way on a frozen pond, the boys fell through, and Kadin's mom tried to save them; and

WHEREAS, Project SKiPPeR was created out of that tragedy and is an educational program that will go into schools and teach children about the dangers of ice-covered water; and

WHEREAS, Project SKiPPeR is an acronym for "stay calm, kick like a swimmer, aim for ice edge, prop arms onto ice opening, pull yourself up onto ice, exit the water, roll away"; therefore, be it

RESOLVED, BY THE HOUSE OF REPRESENTATIVES OF THE NINETY-SEVENTH GENERAL ASSEMBLY OF THE STATE OF ILLINOIS, that we respectfully request that the State Board of Education inform school districts about Project SKiPPeR; and be it further

RESOLVED, That a suitable copy of this resolution be delivered to the State Board of Education.

#### HOUSE RESOLUTION 21

Offered by Representative Flowers:

WHEREAS, The members of the Illinois House of Representatives are urging the federal government to seek passage of the United Nations treaty, the Convention on the Elimination of All Forms of Discrimination Against Women; and

WHEREAS, The Convention on the Elimination of All Forms of Discrimination Against Women (CEDAW), adopted in 1979 by the United Nations General Assembly, is often described as an international bill of rights for women; consisting of a preamble and 30 articles, it defines what constitutes discrimination against women and sets up an agenda for national action to end such discrimination; and

WHEREAS, The Convention defines discrimination against women as "any distinction, exclusion or restriction made on the basis of sex which has the effect or purpose of impairing or nullifying the recognition, enjoyment or exercise by women, irrespective of their marital status, on a basis of equality of men and women, of human rights and fundamental freedoms in the political, economic, social, cultural, civil or any other field"; and

WHEREAS, By accepting the Convention, States commit themselves to undertake a series of measures to end discrimination against women in all forms, including: to incorporate the principle of equality of men and women in their legal system; to abolish all discriminatory laws and adopt appropriate ones prohibiting discrimination against women; to establish tribunals and other public institutions to ensure the effective protection of women against discrimination; and to ensure elimination of all acts of discrimination against women by persons, organizations, or enterprises; and

WHEREAS, Advancing women's human rights worldwide is fundamental to America's national security interests and a cornerstone of the nation's foreign policy; ratification of the Convention would amplify the U.S. voice in defense of women and girls at a time when their rights, even their clothing, are a global battleground; it would send the strongest possible signal that America is back as an international team player on the one hand, while reasserting our proud bipartisan tradition of promoting and protecting human rights on the other; and

WHEREAS, Only seven of the United Nations' 193 member countries have not ratified the Convention: Iran, Sudan, Somalia, three small Pacific island countries (Nauru, Palau, and Tonga), and the United States; and

WHEREAS, The Convention offers a practical blueprint for action that every country can use to make progress toward ending discrimination; American women enjoy opportunities and status not available to most

of the world's women, but few would dispute that more progress is needed, such as in ending domestic violence and closing the pay gap between men and women; and

WHEREAS, The Convention would not lead to any automatic changes in U.S. law, and there is no additional cost; the treaty provides a framework for the continuing national dialogue on women's equality, as it does in every country; ratification of the Convention requires 67 United States Senate votes; therefore, be it

RESOLVED, BY THE HOUSE OF REPRESENTATIVES OF THE NINETY-SEVENTH GENERAL ASSEMBLY OF THE STATE OF ILLINOIS, that we urge the Senate of the United States to ratify the Convention on the Elimination of All Forms of Discrimination Against Women; and be it further

RESOLVED, That suitable copies of this resolution be presented to United States President Barack Obama and the members of the Illinois Congressional delegation.

## HOUSE RESOLUTION 22

Offered by Representative Flowers:

WHEREAS, The Medicare Rights Center (MRC) published "Medicare: A National Treasure for Forty Years" (2005); the Medicare program was created as part of the Social Security Amendments of 1965, and the program will celebrate its 46th anniversary on July 30, 2011; and

WHEREAS, The MRC's findings are still valid, to wit: the Medicare program has become a national treasure, reflecting the nation's commitment to the health and independence of older Americans and Americans with disabilities by providing health care coverage to 45 million people; and

WHEREAS, The original design of the Medicare program - its universality, shared risk, simplicity and dependability - created the foundation for its 46 years of success; Medicare's universal nature ensures that virtually all older Americans and many people with disabilities receive the health care they need, while Medicare pools risk in order to share the financial burdens of illness across healthy and sick individuals and affluent and low-income families; for 46 years, Medicare has guaranteed coverage for a defined set of benefits at a uniform and predictable cost to all seniors and to people with disabilities regardless of their income, health status, or where they live and has dramatically improved the quality of life for millions of individuals; and

WHEREAS, Among the most important reasons to celebrate the past 46 years of Medicare are: (1) guaranteed access to care for people with Medicare; (2) improved quality of life for older Americans and people with disabilities; (3) administrative efficiency and cost containment; (4) critical support for America's healthcare system; and (5) guaranteed benefits and choice of providers; and

WHEREAS, Prior to Medicare, only half of older adults had health insurance; private insurers were unable or unwilling to provide comprehensive, affordable health care coverage to the growing aged population, who were either too old or too sick and therefore too high an insurance risk; through the guarantee of Medicare coverage, the federal government established protections for all people with Medicare that ensure that everyone - including those battling costly illnesses - have access to covered services; and

WHEREAS, Medicare is the second largest source of federal spending for HIV care and treatment, and approximately one out of every five HIV-positive Americans receiving regular medical care depends, at least in part, on the Medicare program; and

WHEREAS, Medicare has also improved access to care in other ways; for example, Medicare was, and continues to be, instrumental in reducing disparities in access and coverage for racial and ethnic minority groups; and

WHEREAS, A 2001 survey demonstrates that people with Medicare are generally more satisfied with their health care than are persons under age 65 who are covered by private insurance; people with Medicare report fewer problems getting access to care, greater confidence about their access, and fewer instances of financial hardship as a result of medical bills; Medicare creates access to health care across many dimensions: access to physician services; access to necessary care; and reduced financial barriers to care; older Americans with Medicare experience comparatively fewer financial barriers to care; and

WHEREAS, By the year 2030, 20 percent of the U.S. population - 77 million people - will be eligible for Medicare, compared to the 14 percent of Americans who are Medicare-eligible today; while Medicare gives all Americans a sense of security knowing their parents, grandparents, friends and neighbors can access the health care they need, before long the next generation of Americans will need to count on Medicare too; and

WHEREAS, Thanks to Medicare, millions of Americans are able to afford life-saving care, but Medicare also improves the quality of life for older Americans in other ways; for example, Medicare is also a social safety net that has lifted millions of people out of poverty; in fact, since Medicare was created in 1965, poverty among the elderly has been reduced by nearly two-thirds; by financing health care services, Medicare safeguards beneficiaries and their families from the ruinous costs of medical treatments and prevents individuals from spending unmanageable proportions of their incomes on medical care or being pushed into poverty by their medical bills; in addition, life expectancy has increased by three years and more people are living past the age of 85 than ever before, while disability rates among the elderly are decreasing; with improvements in Medicare coverage for preventive services, such as breast and prostate cancer screening, and advances in care management for people with chronic conditions, further reductions in morbidity and disability can be expected; and

WHEREAS, Equally important in assessing Medicare's success is Medicare's cost-effectiveness; Medicare has consistently contained health care costs better than private health plans; analysis of cumulative spending over a 30-year period further illustrates Medicare's ability to control costs over time; Medicare has been able to accomplish this cost-containment record, in part, by using its resources more efficiently, assessing the clinical effectiveness of services when making coverage decisions and when setting payment rates for certain services; and

WHEREAS, Medicare's payment structure supports the United States' health system infrastructure; for example, Medicare supports the nation's teaching hospitals and educational opportunities for health care professionals, through enhanced payments; by supporting graduate education for physicians and other providers, Medicare benefits all Americans, whether or not they are covered by Medicare; Medicare also provides extra support to hospitals that serve a disproportionate number of low-income patients and to rural hospitals, which are often more heavily dependent on Medicare reimbursement than other facilities; Medicare also provides enhanced payments to rural health clinics and Federally Qualified Health Centers in medically underserved areas to ensure that care is available for vulnerable people; and

WHEREAS, Medicare is the largest single payer for services provided by the 7,000 home health agencies nationwide; moreover, Medicare is an essential part of the entire U.S. economy as well as a pillar of the health system; and

WHEREAS, Medicare is simple, popular and reliable; seniors are very satisfied with the Medicare program; Medicare's success is related to the unparalleled choice and availability of physicians and health care services that it offers people; and

WHEREAS, Medicare has served Americans well; it is equally available to all seniors and to people with disabilities, regardless of health or financial status, and realizes the right to health care for many of America's most vulnerable individuals; Medicare continues to symbolize a rational, just and systematic approach to health care access for all Americans; and

WHEREAS, The enactment of the Medicare Prescription Drug, Improvement, and Modernization Act of 2003 (MMA) has prompted significant changes to the Medicare program; the MMA established a new outpatient prescription drug benefit - Medicare Part D - for people with Medicare coverage, and replaced Medicaid drug coverage with the new Part D program for people who receive health coverage from both Medicare and Medicaid; therefore, be it

RESOLVED, BY THE HOUSE OF REPRESENTATIVES OF THE NINETY-SEVENTH GENERAL ASSEMBLY OF THE STATE OF ILLINOIS, that we celebrate the past 46 years of Medicare and urge the United States Congress to make sure that the millions of seniors and Americans with disabilities who rely on it will be able to enjoy its dependability and simplicity in the years to come; Medicare's successes to date should guide future changes to the program, so that it can continue to ensure access to care, improve quality of life, support the health care system, and enjoy broad support among the people whom it helps every day; and be it further

RESOLVED, That strengthening Medicare and improving the Medicare Part D drug program should be a vital part of any reform of the American health care system; and be it further

RESOLVED, That, given the history and successes of the Medicare program, the United States Congress and the President of the United States should consider enactment of a "Single Payer" option based on the Medicare model as an additional component of a national health reform plan, so that all of the people in America may access comprehensive, quality health care in the most cost-effective and efficient manner possible; and be it further

RESOLVED, That suitable copies of this resolution be delivered to President Barack Obama and each member of the Illinois Congressional delegation.
