HOUSE RESOLUTIONS

The following resolutions were offered and placed in the Committee on Rules.

HOUSE RESOLUTION 43

Offered by Representative Chapa LaVia:

WHEREAS, Autism spectrum disorder (ASD) is a complex developmental disability that causes problems with social interaction and communication; symptoms usually start before age 3 and can cause delays or problems in many different skills that develop from infancy to adulthood; and

WHEREAS, One of the primary characteristics of ASD is its interference with a person's ability to communicate, interact socially with others, or develop peer relationships; and

WHEREAS, Parents and teachers of children with disabilities recognize the social isolation these children face, isolation that is well-documented by researchers; and

WHEREAS, While the severity of the disorder and social impairment varies widely, in some cases, certain symptoms of the disorder may be relieved by pairing a public school student with ASD with a student "peer buddy" whom the school staff has identified as a good match and a positive role model for other students; and

WHEREAS, Peer buddy programs have been successful in many school districts in this State, and their use should be encouraged throughout this State; and

WHEREAS, Pairing a student with ASD with a student partner whose role is to facilitate interactions with school staff and new peer groups may promote academic and social inclusion; and

WHEREAS, At the same time that researchers are proving the need children with disabilities have for more and better social contacts, they are also finding that interaction with peers with disabilities has positive impacts on those who do not have disabilities; and

WHEREAS, It is appropriate to urge the State Board of Education to encourage the establishment of peer buddy programs in school districts to pair students with ASD and other developmental disabilities with appropriate student partners; therefore, be it

RESOLVED, BY THE HOUSE OF REPRESENTATIVES OF THE NINETY-SEVENTH GENERAL ASSEMBLY OF THE STATE OF ILLINOIS, that we urge the State Board of Education, in consultation with the Executive Director of the Illinois Council on Developmental Disabilities and representatives of entities that promote awareness about autism and provide programs and services to people with autism, to encourage the establishment of a peer buddy program in each school district for children with autism spectrum disorder enrolled in elementary, middle, and high school, including training for students and staff affiliated with the program; and be it further

RESOLVED, That suitable copies of this resolution be delivered to the State Board of Education, the Autism Society of Illinois, Giant Steps, Little Friends Center for Autism-Naperville, and the Illinois

Council on Developmental Disabilities.

HOUSE RESOLUTION 45

Offered by Representative Ford:

WHEREAS, The United States continues to experience an unprecedented number of mortgage foreclosures and these, in turn, have contributed to a real estate market that has declined in a precipitous fashion; and

WHEREAS, When a residential mortgagor defaults on his or her mortgage, it is common for the lending institution involved to obtain the property back from the mortgagor by way of receiving a deed in lieu of foreclosure or by foreclosing and then purchasing the property at a foreclosure judicial sale; and

WHEREAS, In recent years, it is not unusual for a lending institution to have a large inventory of foreclosed properties and this has often led to a lending institution repeatedly resorting to selling a foreclosed property at a "short sale" price, which means that the sale price for the individual home is significantly less than the mortgagor's purchase price or even the amount of the mortgagor's outstanding loan at the time of the foreclosure; and

WHEREAS, The credit rating of a person whose home has been foreclosed is often very low and this means that even if the person could afford a more modestly priced property than the foreclosed home, the former homeowner is unable to qualify for a loan under today's standards; and

WHEREAS, If a lending institution that expects to sell a foreclosed residential property at a "short sale" price were compelled to offer to the mortgagor modifications in the terms of the mortgagor's home mortgage loan, the mortgagor would, in many cases, be able to afford the home under the modified loan terms and remain in his or her home; in that case, the lending institution would avoid adding to its foreclosed properties inventory, the residential mortgagor might be able to remain in his or her home, the real estate market would be improved because fewer "short sale" properties would be depressing home prices on the market, neighborhood blight and crime would be reduced due to the decline in empty and vandalized homes, and all of these circumstances would tend to stem the tide of neighborhood deterioration that is due to the large number of foreclosures and vacancies; therefore, be it

RESOLVED, BY THE HOUSE OF REPRESENTATIVES OF THE NINETY-SEVENTH GENERAL ASSEMBLY OF THE STATE OF ILLINOIS, that we urge Congress to pass legislation that would compel any lending institution, before foreclosing on a residential property occupied by a mortgagor, to provide the mortgagor with modifications to the home loan that are reasonable for the mortgagor and that include, but are not limited to, an interest rate reduction, a term extension, or other changes to the elements of the home loan, provided that the homeowner is interested in remaining in the home and qualified for the modified loan terms; and be it further

RESOLVED, That suitable copies of this resolution be presented to President Barack Obama, the Speaker of the United States House of Representatives, the President pro tempore of the United States Senate, and each member of the Illinois congressional delegation.

HOUSE RESOLUTION 47

Offered by Representative D'Amico:

WHEREAS, According to the World Health Organization, 1.1 billion people do not have access to safe water supplies, 2.6 billion people do not have access to improved sanitation, and 3.1 million children die each year from water-related diseases; and

WHEREAS, All people and all countries are impacted by access to water and sanitation; and

WHEREAS, Plumbing is vital to global health and improved quality of life; and

WHEREAS, Plumbers play an important role in ensuring the safety of the citizens of Illinois and all people; and

WHEREAS, Water conservation is critical in helping to ensure access to water in the future; and

WHEREAS, The United Nations has set a goal to reduce by half the number of people without access to

safe drinking water and basic sanitation by 2015; and

WHEREAS, Increased education and awareness of water and sanitation issues are needed; and

WHEREAS, The World Plumbing Council is an organization comprised of plumbing industry professionals around the globe; and

WHEREAS, The World Plumbing Council has designated March 11, 2011 as World Plumbing Day to help the general public better understand the vital role the plumbing industry plays in protecting public health and safety, the extent to which it helps limit mankind's environmental footprint, and the other important work performed by contractors, inspectors, installers, engineers, and manufacturers that is often taken for granted; therefore, be it

RESOLVED, BY THE HOUSE OF REPRESENTATIVES OF THE NINETY-SEVENTH GENERAL ASSEMBLY OF THE STATE OF ILLINOIS, that we designate March 11, 2011 as "World Plumbing Day" in the State of Illinois; and be it further

RESOLVED, That a suitable copy of this resolution be delivered to the World Plumbing Council as a symbol of our respect and esteem.

Offered by Representative Chapa LaVia:
