**HOUSE RESOLUTION 1336**

Offered by Representative Feigenholtz:

WHEREAS, The members of the Illinois House of Representatives urges the United States Congress to pass Congressional Bill S.3396 for Congenital Diaphragmatic Hernia Research; and

WHEREAS, Congenital Diaphragmatic Hernia is a birth defect; and

WHEREAS, Congenital Diaphragmatic Hernia has a rate of occurrence of 1 in every 2500 babies; and

WHEREAS, Congenital Diaphragmatic Hernia affects approximately 1800 babies each year in the United States; and

WHEREAS, Congenital Diaphragmatic Hernia occurs when the diaphragm fails to fully form, allowing abdominal organs to migrate into the chest cavity and preventing lung growth; and

WHEREAS, The majority of Congenital Diaphragmatic Hernia patients have underdeveloped lungs and or poor pulmonary function; and

WHEREAS, Congenital Diaphragmatic Hernia patients often endure long-term complications such as

pulmonary hypertension, pulmonary hypoplasia, asthma, gastrointestinal reflex, feeding disorders, and developmental delays; and

WHEREAS, Congenital Diaphragmatic Hernia survivors sometimes endure long-term mechanical ventilation dependency, skeletal malformations, supplemental oxygen dependency, enteral and parenteral nutrition, and hypoxic brain injury; and

WHEREAS, Congenital Diaphragmatic Hernia has a survival rate of 50%; and

WHEREAS, Congenital Diaphragmatic Hernia has affected over 600,000 babies worldwide since the year 2000; and

WHEREAS, Babies born with Congenital Diaphragmatic Hernia endure extended hospital stays in intensive care with multiple surgeries; the extended hospital stays in some cases have exceeded one year; and

WHEREAS, Congenital Diaphragmatic Hernia is as common as Spina Bifida and Cystic Fibrosis; and

WHEREAS, Congenital Diaphragmatic Hernia is diagnosed in utero in only 75% of cases; and

WHEREAS, Congenital Diaphragmatic Hernia is treated through mechanical ventilation, heart and lung bypass (Extracorporeal Membrane Oxygenation) machines, and surgical repair; and

WHEREAS, Congenital Diaphragmatic Hernia surgical repair is often outgrown thus leading to reherniation and requiring additional surgery; and

WHEREAS, Congenital Diaphragmatic Hernia does not discriminate based on race, gender, religion, economic status, or lack of prenatal care; and

WHEREAS, The cause of Congenital Diaphragmatic Hernia is unknown; and

WHEREAS, Congenital Diaphragmatic Hernia takes more lives in the average year in the United States than lightning strikes, tornadoes, hurricanes, and floods combined; and

WHEREAS, The average hospital bill per Congenital Diaphragmatic Hernia patient is \$500,000; and

WHEREAS, The estimated total annual economic impact of Congenital Diaphragmatic Hernia in the United States is in excess of \$800,000,000; and

WHEREAS, Annual federal support for Congenital Diaphragmatic Hernia research at the National Institutes of Health is currently estimated at less than \$5,000,000; therefore, be it

RESOLVED, BY THE HOUSE OF REPRESENTATIVES OF THE NINETY-SEVENTH GENERAL ASSEMBLY OF THE STATE OF ILLINOIS, that we urge Congress to pass S.3396 to expand the funds available for Congenital Diaphragmatic Hernia Research; and be it further

RESOLVED, That a suitable copy of this resolution be presented to Governor Pat Quinn and the Illinois Congressional Delegation.

#### HOUSE RESOLUTION 1357

Offered by Representative Ford:

WHEREAS, The members of the Illinois House of Representatives recognize that there are distressed counties and communities throughout Illinois that struggle with many economic and social problems including crime, unemployment, poverty, mortgage foreclosures, declining property values, deficiencies in public health services, and deficits in public education; and

WHEREAS, In recent years these economic and social problems have become more prevalent and they have exacerbated existing conditions which include: inequalities in access to justice in the civil court system, an overburdened and ineffective criminal justice system, overcrowded correctional facilities, increased homelessness, inadequate educational opportunities, insufficient affordable housing, inadequate delivery of social services to the less fortunate, and deficiencies in the availability and quality of public health services; and

WHEREAS, Some counties and communities disproportionately experience these serious social and economic ills; for example, Illinois counties which had 16% or more of their population in poverty in 2010 included: Alexander, Champaign, Coles, Cook, Franklin, Gallatin, Hardin, Jackson, Lawrence, McDonough, Macon, Marion, Massac, Perry, Pike, Pope, Pulaski, Saline, Union, Vermilion, White, Williamson, and Winnebago; and municipalities with a population of over 100,000 which had family poverty rates of 10% or more are: Aurora, Chicago, Joliet, Naperville, Peoria, Rockford, and Springfield; and

WHEREAS, It is important to take a comprehensive approach to the ongoing crisis of distressed

counties and communities in Illinois and a significant poverty rate is among the best indicators that a community is in distress; and

WHEREAS, Care must be taken when addressing poverty and its associated problems in counties with distressed communities because an emphasis on serving the largest number of people in poverty will miss other areas of the State with significant poverty problems and an emphasis on areas with the highest rates of poverty will ignore large populations in need, as shown by these facts:

(1) Cook County has the highest number of persons living in poverty (which amounts to nearly 50% of the State's poverty population), but DuPage County (which has historically been considered to be a wealthy county with a small low-income population) has the second-highest number of persons in poverty;

(2) the 10 poorest counties in Illinois, as measured by poverty rate, are generally downstate with small total populations and while their poverty rates are very high (the highest county rate is 31.1%, with an average for all 10 of the poorest counties of 21.6%), these counties collectively account for less than 10% of the State's total poverty population;

(3) the 10 counties with the highest numbers of persons in poverty are, for the most part, near urban centers with 5 in the Chicago metropolitan area and these 10 counties include over 70% of the State's poverty population;

(4) a Statewide emphasis on the top 10 counties with high poverty rates will ignore the needs of 94% of the State's poverty population, but an emphasis on the 10 counties with the highest numbers of people in poverty will deemphasize the counties with the highest poverty rates; and

WHEREAS, The U.S. Census Bureau on September 12, 2012, announced that, in 2011:

(1) the median household income in the United States declined by 1.5% from the 2010 median, which was the second consecutive annual drop;

(2) the weighted average poverty threshold for a family of four in 2011 was \$23,021;

(3) the nation's official poverty rate was 15.0 percent, with 46.2 million people in poverty;

(4) and although the poverty rate and number of people remained statistically unchanged since 2010, this is the fourth year in a row with such significant amounts of poverty in this country; and

WHEREAS, The poverty rate in Illinois was 14.2% in 2011 and this amounts to a 42% increase in the poverty rate in Illinois from 2007 to 2011; and

WHEREAS, Living in an area with a high poverty rate may include threats to life itself; for example, a recent comparison of 2 sets of Chicago neighborhoods, the 5 poorest and the 5 least poor, showed that:

(1) the poorest neighborhoods had a homicide rate that is 11 times the homicide rate in the least poor neighborhoods;

(2) the mortality rate for the leading causes of death in Chicago (cancer, heart disease, diabetes-related illnesses, stroke, and unintentional injury) is 5 times higher in the 5 poorest neighborhoods than it is in the 5 least poor neighborhoods;

(3) the infant mortality rate is 2 1/2 times higher in the poorest neighborhoods than in the 5 least poor neighborhoods; and

(4) that the Years of Potential Life Lost (YPLL) due to homicide in the 5 poorest neighborhoods was 2,172 for every 100,000 residents (assuming a life expectancy of 75 years) compared to the YPLL homicide rate of only 186 in the 5 least poor neighborhoods (the concept of Years of Potential Life Lost is an estimate of the average years a person would have lived if he or she had not died prematurely); and

WHEREAS, So long as these social and economic problems are not successfully addressed in distressed counties and communities, the cost to tax payers in Illinois for the many programs operated or funded by the State will only increase; and

WHEREAS, State government resources are expended in ever-increasing amounts to address these social and economic problems and those expenditures are a significant drain on the State's road to financial stability; and

WHEREAS, There exist numerous ways for State government programs to be operated more efficiently and more economically; and

WHEREAS, State government, taxpayers, and those living in distressed counties and communities with a significant poverty problem could benefit from the creation of a State action plan that identifies: modifications that should be made to existing State programs so as to dramatically improve the delivery of services, reduce the cost of those services, and eliminate wasteful spending; how leadership programs and new educational opportunities could foster and equip new leaders; and ways in which State government could actively create a change environment that will have numerous positive impacts; and

WHEREAS, If more effective, efficient, and economical ways to deliver social, law enforcement,

correctional, educational, and medical programs can be developed, then significant strides can be made in the overall welfare of the distressed counties and communities and those solutions could be replicated, with adjustments as appropriate, to all communities in Illinois; therefore, be it

RESOLVED, BY THE HOUSE OF REPRESENTATIVES OF THE NINETY-SEVENTH GENERAL ASSEMBLY OF THE STATE OF ILLINOIS, that we urge the Governor to create a Distressed Counties and Communities Commission composed of stake holders in distressed counties and communities, representatives of appropriate State agencies, and community leaders to explore, discuss, and coordinate efforts to prepare an action plan to offer enhanced State governmental services in a meaningful way, to foster leadership, and to create programs that can succeed in addressing the myriad social and economic problems that exist; this, in turn, can benefit all Illinois communities; and be it further;

RESOLVED, That we urge that the Governor designate an executive department to provide administrative support for the Commission and appoint members of the Distressed Counties and Communities Commission by December 31, 2013, so as to allow the Distressed Counties and Communities Commission to hold its first meeting in January 2013, and be it further

RESOLVED, That the Distressed Counties and Communities Commission be charged with: finding and creating innovative means to address and meet the numerous needs of those who receive State social services; designing plans to assist and enhance the efforts of State agencies and local governments that provide law enforcement and social services; analyzing successful state and local governmental programs in other locales in the subject areas of law enforcement, court administration, corrections, job skill retraining, education, economic opportunity, job creation, social services, and public health; and developing an action plan that includes information about changes and improvements to existing programs, statutes, and regulations that can be made by reallocating existing resources and not increasing State taxes; and be it further;

RESOLVED, That we urge the Governor to call upon the Distressed Counties and Communities Commission to hold public hearings and issue a written report of its findings and recommendations to the Governor and to the General Assembly on or before April 15, 2013; and be it further

RESOLVED, That a suitable copy of this resolution be delivered to the Governor.

#### HOUSE RESOLUTION 1360

Offered by Representative Cross:

WHEREAS, We the members of the Illinois House of Representatives are bound by our constitutional oath to "provide for the health, safety and welfare of the people" of Illinois, and we recognize this can best be accomplished by fostering a robust and competitive business environment that attracts businesses, provides jobs, and creates economic opportunities for Illinois residents; and

WHEREAS, The current 8.8% unemployment rate in Illinois is higher than every bordering state and ninth highest in the country; and

WHEREAS, Illinois has over \$8 billion in unpaid bills and an unfunded pension liability of \$96 billion; and

WHEREAS, The corporate income tax rate in Illinois is 9.5%, the third highest in the nation, forcing Illinois to continually provide tax breaks to companies on a piecemeal basis; and

WHEREAS, Senate Bill 282 of the 97th General Assembly would require all publicly traded corporations and their subsidiaries that are required to file an Illinois tax return to disclose extensive confidential tax return information, and would also require out-of-state corporations doing business in Illinois but not required to file an Illinois tax return to file a statement disclosing similar information or explanations of their tax status; and

WHEREAS, The federal government, after an extensive study by the Congressional Joint Committee on Taxation, abandoned such proposals as unwise; and

WHEREAS, The disclosure requirements set forth in Senate Bill 282 may violate confidentiality provisions of the Internal Revenue Code; and

WHEREAS, Senate Bill 282 is poor public policy, criticized by tax experts as fostering an unfriendly business environment; and

WHEREAS, Senate Bill 282 represents the most aggressive tax disclosure proposal in the country, making Illinois an outlier state and an even less attractive state to invest in and create jobs; and

WHEREAS, Taxpayers have an expectation of privacy in their income tax returns and the disclosure of detailed information about their business; and

WHEREAS, Disclosure of such information would provide businesses outside the State with an unfair economic advantage by having in-State business tax information publicly available; and

WHEREAS, The Illinois Department of Revenue has access to all Illinois tax returns that are filed and can already provide detailed aggregate information and data to legislators and the public without violating taxpayer confidentiality laws; and

WHEREAS, Illinois has an existing system whereby compliance with State tax Acts may be reviewed and enforced through the Illinois Department of Revenue; allowing for in-depth investigations and severe penalties for those in violation of those Acts; therefore, be it

RESOLVED, BY THE HOUSE OF REPRESENTATIVES OF THE NINETY-SEVENTH GENERAL ASSEMBLY OF THE STATE OF ILLINOIS, that we oppose the Illinois Corporate Tax Disclosure and Responsibility Act contained in Senate Bill 282 of the 97th General Assembly.

#### HOUSE RESOLUTION 1361

Offered by Representative Gordon:

WHEREAS, During the 97th General Assembly, the Department of Insurance was tasked pursuant to House Resolution 450 with (1) determining the impact a designed benefit plan that implements coinsurance for prescription medications has on individuals and employer health plans; (2) studying the availability of manufacturer discounts and assistance plans to individuals and employers for specialty-tier medications; (3) determining the percentage of small group and large group health plans in this State providing prescription drug benefits and identifying plan options used by employer health plans and individuals to assist them to contain the costs of their specialty drug benefits; and (4) identifying and evaluating options for reducing any negative impacts of cost sharing, coinsurance, and specialty-tier pricing; and

WHEREAS, Further work is needed on these issues; therefore, be it

RESOLVED, BY THE HOUSE OF REPRESENTATIVES OF THE NINETY-SEVENTH GENERAL ASSEMBLY OF THE STATE OF ILLINOIS, that the Department of Insurance's study of these issues is extended; and be it further

RESOLVED, That the Department of Insurance shall submit a report, as established in its authorizing resolution, on or before November 1, 2013; and be it further

RESOLVED, That with this reporting extension, the Department of Insurance shall continue to operate pursuant to its enabling resolution.
