LETTERS OF TRANSMITTAL

April 29, 2015

Timothy D. Mapes
Clerk of the House
Illinois House of Representatives
420 Capitol
Springfield, IL 62706

Dear Mr. Mapes,

I would like the record to reflect that on HR 225 I should be recorded as a no vote. I am a scientist and teacher of Astronomy and based on the available science today, Pluto is correctly classified as a dwarf planet. We are always learning new facts and the designation may change in the future. That is no reason to make a declaration contrary to today's facts.

Thanks for your consideration.

Best Regards,

s/Representative Mike Fortner
49th District

HOUSE RESOLUTION 429

Offered by Representative William Davis:

WHEREAS, Chronic obstructive pulmonary disease (COPD) is an umbrella term used to describe airflow obstruction that is associated mainly with emphysema and chronic bronchitis; and

WHEREAS, COPD affects an estimated 24 million individuals in the United States and an estimated 580,000 individuals in Illinois; and

WHEREAS, In 2010, the National Center for Health Statistics released a report stating that COPD had become the third leading cause of death in the United States; and

WHEREAS, COPD currently accounts for 1.5 million emergency room visits, 699,000 hospitalizations, and 10.3 million physician office and hospital outpatient visits, all of which are detrimental to the United States economy; COPD costs the nation an estimated \$49.9 billion in direct and indirect medical costs annually; and

WHEREAS, COPD affects an estimated 580,000 citizens of the State of Illinois, with at least as many persons who are estimated to be undiagnosed; Chronic Lower Respiratory Disease, including COPD, is the third leading cause of death in the State; the Respiratory Health Association is participating in statewide efforts to increase early detection, improve care and treatment, and prevent and reduce the prevalence of the disease; and

WHEREAS, Research has identified a hereditary protein deficiency called Alpha-1 Antitrypsin; people with this deficiency tend to develop COPD, despite the lack of exposure to smoking and environmental triggers; and

WHEREAS, Women over the age of 40 are the fastest growing segment of the population to develop this irreversible disease, due in large part to the equalization of opportunity for men and women to smoke over the past several generations; and

WHEREAS, There is currently no cure for COPD; spirometry testing and medical treatments, such as pulmonary rehabilitation, exist to address symptom relief and possibly slow progression of the disease; and

WHEREAS, Until there is a cure, the best approaches to preventing COPD and its considerable health, societal, and mortality impacts lie in education, awareness, and expanded delivery of detection and management protocols; and

WHEREAS, The Respiratory Health Association and its partners from the Illinois State COPD Plan will work with the Illinois Department of Public Health and other relevant partners to seek opportunities to promote awareness and treatment for COPD; therefore, be it

RESOLVED, BY THE HOUSE OF REPRESENTATIVES OF THE NINETY-NINTH GENERAL ASSEMBLY OF THE STATE OF ILLINOIS, that we designate the month of November as COPD Awareness Month in the State of Illinois and encourage others to promote education, awareness, and screening of Chronic Obstructive Pulmonary Disease.

HOUSE RESOLUTION 431

Offered by Representative Monique Davis:

WHEREAS, Higher Education is the backbone of a productive community and promotes values that shape the future; a person's ability to obtain a degree from a higher education institution equips them with the tools to shape their own destiny; college should be universally accessible to all, regardless of finances, family situations, or socioeconomic barriers; and

WHEREAS, Universities with childcare centers enable students of all ages and backgrounds to obtain an education; and

WHEREAS, Balancing parenthood while striving for an advanced degree presents numerous challenges; and

WHEREAS, The Illinois State budget has previously put childcare services on the chopping block, creating further challenges for parents and students; and

WHEREAS, 26% of all college undergraduates are raising dependent children; and

WHEREAS, 47% of black women in college have children; and

WHEREAS, In 2012, the median earnings for full-time year-round working young adults ages 25 to 34 with a bachelor's degree was \$46,900; and

WHEREAS, A 2.5% increase in distribution fees for craft beer breweries should be considered to fund childcare centers at State universities that receive a lower amount of State appropriations; and

WHEREAS, The funds generated from the 2.5% increase should be evenly allocated to Chicago State University, Northeastern Illinois University, and Governor's State University; and

WHEREAS, Funding childcare facilities means creating space for a center or expanding existing facilities, paying salaries of childcare teachers, and providing equipment needed to create a healthy environment for all children while their parents attend classes; and

WHEREAS, These monies would increase the graduation and retention rate for students who attend these institutions; and

WHEREAS, The funds generated from the 2.5% increase in distribution fees for craft beer breweries will remove a barrier that has hindered thousands; and

WHEREAS, By implementing this strategy, college students who are parents will be able to provide an improved quality of life for their children; and

WHEREAS, Funding childcare centers at State universities is an investment in the next generation; therefore, be it

RESOLVED, BY THE HOUSE OF REPRESENTATIVES OF THE NINETY-NINTH GENERAL ASSEMBLY OF THE STATE OF ILLINOIS, that we urge the Governor and the 99th General Assembly to review the possibilities of increasing distribution fees by 2.5% on craft beer breweries solely to fund childcare services at State universities.
