of the year following each federal decennial census. Legislative Districts shall be contiguous and substantially equal in population. Representative Districts shall be contiguous and substantially equal in population. The redistricting plan shall comply with federal law. Subject to the foregoing, the Commission shall apply the following criteria: (1) the redistricting plan shall not dilute or diminish the ability of a racial or language minority community to elect the candidates of its choice, including when voting in concert with other persons; (2) districts shall respect the geographic integrity of units of local government; (3) districts shall respect the geographic integrity of communities sharing common social and economic interests, which do not include relationships with political parties or candidates for office; and (4) the redistricting plan shall not either purposefully or significantly discriminate against or favor any political party or group. In designing the redistricting plan, the Commission shall consider party registration and voting history data only to assess compliance with the foregoing criteria, and shall not consider the residence of any person. The Commission shall hold at least one public hearing in each Judicial District before, and at least one public hearing in each Judicial District after, releasing the initial proposed redistricting plan. The Commission may not adopt a final redistricting plan unless the plan to be adopted without further amendment, and a report explaining its compliance with this Constitution and the criteria applicable, have been publicly noticed at least seven days before the final vote on the plan.
