HOUSE OF REPRESENTATIVES  
TRANSCRIPTION DEBATE

50th Legislative Day

Speaker Lang: "The House will be in order. The House will be in order. We shall be led in prayer today by Dr. John C. Hembruch who is with the First Presbyterian Church in Edwardsville. Dr. Hembruch is the guest of Representative Stuart. Members and guests are asked to refrain from starting their laptops, turn off cell phones and rise for the invocation and Pledge of Allegiance."

Dr. Hembruch: "And now, let us pray. God of the universe addressed by many names, but never limited by any one name. You are the great resistor of all labels. The breadth and depth of Your being are beyond the comprehension of any one individual. Limited is our understanding of Your design and purposes. Great resistor of all labels to call for Your aid in a room like this always is a risky undertaking. A prayer for freedom and change may be heard as a call to anarchy. Prayer for order and stability be may heard as a call to oppression. Demands for resources may seem unlimited and the supply of resources scarce. But since the challenges we face seem overwhelming and remembering that You have a reputation for solutions, we dare to ask for Your help. May Your spirit inspire the Members of this House, so that in today's work they may prove themselves faithful servants of Illinois and its people. During moments of discouragement, remind them of the power in simply showing up and working with energy, intelligence, imagination and love. As Desmond Tutu once observed the forces that want to frustrate the ends toward which You are drawing history already have lost. Therefore, in the roles we all play for the public good, may we accept daily Your invitation to join the winning side. So, let it be, Amen."

Senate Bill 55 does one simple thing, it honors and commemorates August 4th for the President of the United States from Illinois, our 44th President, Barack Obama. Mr. Obama served this country well and I really believe, personally, that we should give folks their flowers while they're still alive. So, honoring our President while he can experience it and feel it and show the love, I think it's needed. So, I ask your support."

Andersson: "Representative, I just want to verify. There was a Bill like this that required state employees to have the day off, it had a significant financial impact. Does this Bill similarly do that? Or is this just an honorary day?"

Evans: "Absolutely not. Particularly in this climate now, as we're working on our fiscal issues, I didn't think that Bill was appropriate. But this does not. It's all about honoring our President."

Andersson: "I... I thank you for those answers. When I spoke on the previous Bill and opposed it, I indicated that if it were going to be an honorary day I would fully support it. You're absolutely right. He's the first African-American President, he deserves this honor. I fully support it. Thank you for bringing it."

now, recipients of DACA, Deferred Action for Childhood Arrivals, are allowed to receive professional licenses from IDFPR because they have social security numbers to work. Senate Bill 308 would simply affirmatively state that the state is opting out from federal requirements and allowing these people to receive licenses. And would also remove language from the Pharmacy Practice Act which requires citizenship before people can receive those licenses. That's currently not the practice in IDFPR, they allow DACA recipients to receive these licenses anyway. So, it's just cleaning up that legacy language and codifying existing practice in the statute."

Speaker Lang: "Mr. Andersson."

Andersson: "Thank you, Mr. Speaker. Will the Sponsor yield?"

Speaker Lang: "Sponsor yields."

Andersson: "So, it appears to me that what this is doing is codifying... you said this is existing practice and we're codifying existing practice of allowing the... are... is... is DACA the dreamers? Is that the..."

Guzzardi: "That's correct, yes."

Andersson: "...the same term? So, you're saying we already do this in practice?"

Guzzardi: "Correct."

Andersson: "But now we'd be codifying it by law?"

Guzzardi: "That's correct."

Andersson: "What does that mean and why do we need that if we were to pass this Bill?"

Guzzardi: "So, Federal Law says that states can provide benefits to people without citizenship. But then the states have to affirmatively pass laws in order to do that. So, IDFPR is doing this in practice already. But in order to clarify to make sure that there's certainty on this issue we want to affirmatively state it in statute to allow IDFPR to continue that practice."

Andersson: "And does this cover... does this cover all licenses that IDFPR governs? Or..."

Guzzardi: "Yes, it does. We did something like this actually for attorneys in the previous General Assembly, specifically for attorneys to provide that certainty."

Andersson: "I... I remember that one."

Guzzardi: "And this is simply allowing it for the remainder of IDFPR license activities."

Andersson: "Thank you for the answers to my questions, Sir."

Guzzardi: "Thank you, Representative."

So, that when... when a piece of property is taken into the possession of the towing company there is an adequate amount of time for the... the storage area to provide notice to the lienholder as well as for that... for the... the lienholder to have an appropriate amount of time in order to be able to inspect the property, or the vehicle, so that they can pay the fees and... and take possession. Cassidy: "I'm working on it. I actually believe it's... the exemption exists in the underlying law, if I'm not mistaken. It's not specific to this one. It's in the underlying Act as I understand it."

Ives: "So... okay. Well, is it... can you think of a reason why they'd be exempted at all from legislation that we're introducing that is statewide? And a... for an issue like this."
