Speaker Currie: "Congratulations team. Representative Wehrli, for what reason do you rise?"

Wehrli: "Thank you, Madam Chair. Point of personal privilege."

Speaker Currie: "State your point."

Wehrli: "So all of us hold Representative Tom Bennett in high regard and many think that the man has no vices. Well, I'm here to tell you that he indeed does. He has an affinity for Oreo cookies. And that's important today because today is National Oreo Cookie Day. So if you get the chance, stop by, say hello to Tom Bennett and I'm told he has some Oreo cookies available."

Speaker Currie: "Thank you. Representative McCombie, for what reason do you rise?"

McCombie: "Point of personal privilege, Madam Speaker."

Speaker Currie: "State your point."

McCombie: "If I could have everybody's attention in the... in the House, please. Today I'm here with Liam Willcox. Liam is a 13-year-old grader from my district in Moline. Liam is the young man whose story I shared with you all over the weekend and E introduced you to him. I'm humbled to be standing next to him today 'cause he's such a thoughtful person and I was moved by his story. He's joined today by his family and they're here in the Speaker's Gallery. If you folks could stand up. His mom Stephanie, his dad Sam, and his two brothers Adon and Flynn. And one day, while I was watching the news, I saw this story. And I very rarely watch the news because these days it's pretty depressing and I was completely

impressed by this young man. Liam noticed that a lot of American flags tattered throughout the district around his community and he decided rather than watch that happen he was going to do something about it. So he has started his own program, a flag restoration project, to replace those flags with his family and the local VFW. He was recognized this summer by the Rock Island Arsenal as he replaced 50 flags and today he is up to the... today he has replaced 67 flags. Today I gave Liam an American flag that flew over our State Capitol in his honor and also gave him two American flags that he could donate as well for other... to replace other tattered flags. And I also gave him the book of the *Illinois Chronicles* to celebrate our bicentennial. Liam, the House is very honored to have you visit today. Please keep up the good work and know you are making a difference. But not only in the Quad Cities, but here in the House and in the state because you've touched so many hearts today. Thank you."

Speaker Currie: "Thank you, Liam. Representative Jimenez, what... for what reason do you rise?"

Jimenez: "Point of personal privilege."

Speaker Currie: "State your point."

Jimenez: "Hi. I would like to introduce the House to my Page for a day, Myleigh Mabe. She's an 8th grader from Grant Middle School. She's actually on the other side of the aisle. Myleigh, if could stand up and give a wave. And also... I'd also like to introduce some state champions who are with us today from Grant Middle School. If you could stand up, should be here in the gallery. These boys also are from Springfield. We must have something good in the water because we're winning

state championships left and right. They won the 4A State Championship. If we can give them a round of applause."

Speaker Currie: "Congratulations, champions. Representative Welch, for what reason do you rise?"

Welch: "Thank you, Madam Speaker. Can I get the chamber's attention, please?"

Speaker Currie: "Is this a point of personal privilege?"

Welch: "Point of personal privilege..."

Speaker Currie: "State your point."

Welch: "...Madam Speaker. Madam Speaker, on Friday, March 2 an unthinkable tragedy occurred on the campus of Central Michigan University. During the incident, the Village of Bellwood, in the 7th District, lost one of its finest. Officer James E. Davis, Sr. and his beautiful wife, Diva Davis. Officer Davis, who served as a part-time police officer in the Village of Bellwood for over 20 years, was also a police officer with the U.S. Department of Veterans Affairs. Officer Davis was an Army veteran who did a tour of duty in Iraq in 2003 and he served in the Illinois National Guard for 24 years before retiring in 2014. His wife, Diva Davis, was a very devoted wife, mother, real-estate broker, and American Airlines flight attendant, who was loved and respected by everyone in the community. Our community is still in shock. And as we grieve, I ask the Illinois House to keep the Davis family in your hearts and prayers and pause with me here today in a moment of silence in memory of Officer James E. Davis, Sr. and his wife, Diva Davis."

Meier: "Today I'm very proud to say that I have some of our football players here from Triad. Triad School District serves Troy, St. Jacob, and Marine and I believe they're up here on the right. So if Triad's up here would you raise your hand? There's our members from our Triad football team. They've been going for 19 years with this... this school district and we're very proud to have you here today. Thank you."

Speaker Currie: "Welcome. Representative Severin, for what reason do you rise?"

Severin: "Point of personal privilege, Madam."

Speaker Currie: "State your point."

Severin: "Today I have with me Olivia Weeks from West Frankfurt. She's a senior at Frankfurt Community High School. She's going to go in to political science and she's a Page for the day. We're very proud of her and what she's accomplished so far in her life and we're looking forward to seeing her in the political field in the future. Speaker Currie: "Representative Butler on the Resolution."

Butler: "Thank you, Madam Speaker. I would say that anyone who grows up involved in sports..."

Speaker Currie: "Could you... could you take a moment, please."

Butler: "Yes, Ma'am."

Speaker Currie: "Just a moment. Clerk. I think we have an announcement from the Clerk before we hear you. Carry on, Representative."

Butler: "Thank you, Madam Speaker. I would say anyone who grows up playing sports when they're a kid imagines themselves hitting the last second shot or hitting the walk off homerun. The Rochester Rockets football team is here for the second year in a row and have won the state title in 7 out the last 8 years. Clay Alewelt... Clay, where are you at? Clay Alewelt hit a 24 yard field goal as time expired to win a state title for the Rochester Rockets this year. This is a wonderful football program that both Representative Scherer and I have the opportunity to represent in the General Assembly. And it's a great honor for me to have them here today. Quarterback Nic Baker had over 300 yards of offense in the... in the championship game. And Nic, he's going to be staying in state to go to school and be a Saluki and hopefully be a great quarterback for the Salukis. Finally, Coach Derek Leonard, who is nominated by the Chicago Bears as the Don Shula NFL High School Coach of the Year this year, has put together a tremendous program in Rochester. And I just can't say enough

good things about this community and what they mean to the athletic prowess in Sangamon County. So it's my honor for them to be here today. I know Representative Scherer wants to say a few words, but congratulations guys. Seven championships in eight years is historic. Keep up the good work in Rochester and thanks for being here."

Speaker Currie: "Representative Scherer."

Scherer: "Thank you, Madam Chair. I, too, would like to rise on a point of personal privilege for our Rochester Rockets. We are all so very proud of you. It's not easy to keep repeating, everybody comes after you. You have to work harder. We think that the most important thing is for you to be proud of yourself. So here's to you and especially to Coach Leonard. It's just amazing how you just keep coming back and don't get burnt out and just keep doing this. It's so much work. We're so proud of all of you, but please be proud of yourselves. Way to go, Rockets."

Speaker Currie: "Congratulations, Rochester Rockets. And now we're going to House Resolution 771, Representative Reick. Clerk, would you read the Resolution."

Clerk Bolin: "House Resolution 771.

RESOLVED BY THE HOUSE OF REPRESENTATIVES OF THE 100TH GENERAL ASSEMBLY OF THE STATE OF ILLINOIS that we mourn the passing of James Keefe and extend our sincere condolences to his family, friends, and all who knew and loved him."

Speaker Currie: "Representative Reick on the Resolution."

each of those things are a number of people, and in many times it's one person, who is the motivator of those type of events and things that make a community what it is. In Woodstock, that person was Jim Keefe. Jim lived in Woodstock from 1938 until his death in November of 2017. He and his wife Mary Ellen were two of the first people that my wife and I met when we moved to Woodstock back in the 1980s. They lived right around the corner from us and their door was always open and we were always welcome. Jim cut a wide... wide path through the city of Woodstock among his other... among his different activities was he was an historian. He was a member of the McHenry County Civil War Commission Round Table and was known for his history of Woodstock slide presentation that he would should to anybody at... at a moment's notice. He served two terms on the Woodstock City Council. He was a member of the Police and Fire Board. He was a member of the Library Board and the Memorial Hospital Board. He was a member of the JCs, the Lions, the Elks Club. And in 2002, he received the Harold Bischoff Award for community service, which is the highest award that anybody in our town can get for giving of themselves. Jim had a way of getting you involved in activities. He would come to you and say, hey, I got this thing going on. Why don't you join me? Come on and help. You would. Then the next year you'd find out that all the mail that was going to the chairman is now coming to you and you're like, what... what... what? How did this happen? And you go to Keefe and he goes, you know you did such a great job last year and I'm working on something else, I thought you would be the perfect person to do this. Did it all the time. Jim's

HOUSE OF REPRESENTATIVES

proudest moment, I think however, was as a founding member of the Woodstock Noon Rotary Club in 1968. Rotary's moto is service above self, and Jim lived that every day that I knew him. His fondest wish and hope was that he would live to see the 50th anniversary of the club. He fell a little bit short, but in 49 years he never missed a meeting. By way of example of what the Woodstock Rotary Club means to our community, I'll tell you about the biggest program that we have which is called Christmas Clearing House, started in 1968. It gives Christmas cheer to families throughout the Woodstock community and our budget has increased over the years to now where it's over \$50 thousand a year. We serve 1100 families and more than 2 thousand children in the District 200... school district. And Jim was the spearhead and the ramrod for that thing and we have him to thank for it. We're joined today by three of his children: Kelly, Erin, and Patrick. And along with their families I ask that you join me, not in mourning the passing of a great man, but the celebration of a great life. Thank you, Mr. Speak... Madam Speaker."

Speaker Currie: "Representative Reick moves adoption of House Resolution 771. All in favor say 'aye'; opposed 'no'. The 'ayes' have it. The Resolution is adopted. We're going to go to Senate Joint Resolution 35, Representative Spain."

Spain: "Thank you, Madam Speaker. If I could have, again, the continued attention of the Body. Senate Joint Resolution 35 honors the life of one of our fallen heroes. The Resolution honors the life of Senior Chief Petty Officer William 'Ryan' Owens and designates Illinois Route 29 through Chillicothe as the Chief Petty Officer Ryan Owens Memorial Highway. I really

want to thank the Senate Sponsors for this Resolution, Senators Weaver and Koehler, for bringing forward this important opportunity. As you know, this is one of the most important things we do in this chamber to really give respect and appreciation for those that made the ultimate sacrifice in service to our country. Ryan Owens grew up in the 73rd District. He attended Illinois Valley Central High School in Chillicothe. And unfortunately, was the first American combat death of 2017. Ryan played football and baseball for the IVC Grey Ghosts. And he wanted to be a Navy SEAL ever since he was a freshman in high school. He wanted to serve his country and last year he made the ultimate sacrifice, doing just that. Ryan Owens was fatally wounded during a night raid in Yemen, fighting against Al-Qaeda and serving on the elite Counter Terrorism unit, the Navy SEAL Team Six. Senior Chief Petty Officer Ryan Owens is survived by his wife, his three children, and his father. Today we are honored to have members of his family here in the Speaker Gallery. Please join me in expressing our thanks and appreciation to these gold star family members. Mark Garber, Kenny Fauber, Char Fauber and Valerie Cooper, here today in the Speaker's Gallery. Thank you for your sacrifice."

Speaker Currie: "Representative Spain now moves adoption of Senate Joint Resolution 35. All in favor vote 'aye'; opposed vote 'no'. Voting is open. Have all voted who wish? Have all voted who wish? Have all voted who wish? On this measure, there are 108 voting 'aye', 0 voting 'no', 0 voting present. And the House adopts Senate Joint Resolution 35. Feigenholtz: "Thank you, Madam Chair. I'm rising on a point of personal privilege."

Speaker Currie: "State your point."

Feigenholtz: "Thank you. In honor of Women's History Month, I want to acknowledge a holiday that was celebrated last week by the Jewish people all around the world. And the name of the holiday is Purim. It is a holiday that recognizes a courageous woman, her name was Esther. There... I'm sure many people are familiar with the Book of Esther and the story of a woman who courageously saved a whole nation, navigating through kings and other leaders who weren't really very nice like Haman and Achashverosh and Vashti, just to name a few. But in honor of her, she's in the written... her name is written in the Bible 57 times. She was one of the Matriarchs of the Jewish people and I just wanted the Body to know how she is beloved and how we should honor her and remember her. She, of course, doesn't have the history we have with Barbara Currie, our esteemed Chair and Majority Leader, but I appreciate the time. And let us remember Esther and learn all to be as courageous as her. Thank you."

Speaker Currie: "Thank you, Representative. Representative David Harris, for what reason do you rise?"

Harris, D.: "Thank you, Madam Chair. A point of personal privilege, please."

Speaker Currie: "State your point."

Harris, D.: "Ladies and Gentlemen of the House, if I may, you probably know that over the past five or six days there's been a lot of discussion at the federal level about trade policy for the United States. It's certainly a big deal. Well,

I'd like today to recognize the 43 thousand soybean farmers in the State of Illinois and the importance of soybean exports to the State of Illinois. I'd like to mention to you that Illinois farmers last year raised 611 million bushels of soybeans on 10.5 harvested acres with an average yield 58 bushels per acre. Illinois led the nation in all three categories. Iowa came in second and they weren't even close; they were 50 million bushels behind us. Illinois continues to top the nation in soybean production, and as a matter of fact, has claimed this title for four out of the last five growing years. And to close, just keep this in mind, that if Illinois were a separate country it would rank as fourth largest soybean producing country in the world after the United States, Brazil, and Argentina. So, a big shout-out to the soybean farmers of Illinois. It's important that those... those countries around the world like China and India, that need soy products, that they buy Illinois soybeans and not those Brazilian or Argentinian soybeans. Thank you."

Speaker Currie: "Thank you. And we should all say, way to grow, soybean farmers. Representative Cassidy, for what reason do you rise?"

Cassidy: "Point of personal privilege."

Speaker Currie: "State your point."

Cassidy: "For our second Women's History Month moment today, it's actually about two women. Women who blazed trails in this building that many of us now take as a matter of course. In 1993, Terry Mutchler was the first AP Bureau Chief... the first woman AP Bureau Chief in Illinois. The same time Penny Severns served as Senator since 1987 until her death in 1998. During

her race... during her race for Lieutenant Governor as Dawn Clark Netsch's running mate, another first, with two women leading the ticket, she was diagnosed during that race with breast cancer in 1994. Penny was a role model for so many of us in public service. She always had time for advice or a little praise and recognition. She had a way of making people feel special. Thank you, Madam Speaker."

Speaker Currie: "Thank you, Representative."

Cassidy: "I... I... was thanking you for the... for trying to get order, actually."

Speaker Currie: "Okay. Could we have a little order so we can hear words of wisdom from Representative Cassidy?"

Cassidy: "Senator Severns was a role model for many in public service and many of us looked to her. As young women in the LGBTQ community, many of us looked to her even though she wasn't out. We saw something in her. I certainly did and really looked up to her. It was during her race for Secretary of State in 1998 that she died. And I will never forget the sadness in this building. She was so deeply loved by so many. In fact, I remember driving back from her funeral as I caught sight of... of our dome and noticing a rainbow over the... over the Capitol and having to pull off the road to cry. Only later, when her spouse Terry wrote about their life together in their book *Under This Beautiful Dome*, did we learn about the secret they guarded so carefully and the pain that secret caused Terry after her death, as she was locked out of the home they shared and kept from being able to properly mourn her spouse. So, today, I stand here as an openly gay Member of this Body, thankful for the trail that Penny and Terry

blazed... a trail I walk now... so grateful that their joy and their pain helped lead us to a place where we no longer have to live in the shadows, where we can serve openly and where a quote from a love note between them served as the foundation of my wedding vows this year. Thank you, Madam Speaker."

Speaker Currie: "Thank you, Representative. Representative Unes, for what reason do you rise?"

Unes: "Thank you, Madam Speaker. I rise for point of personal privilege."

Speaker Currie: "State your point."

Unes: "To my left above the Democrats side on the... in the gallery is a group from the Pekin area Chamber of Commerce. They are the R. Lilly: "It changes the... it was already in law that there's a penalty for persons or young people having illegal IDs. So, we wanted to make sure that that was clear that that was already law."

Breen: "Our analysis says that it makes something new, a Class A misdemeanor."

Lilly: "That's already law. It was taken out... it was not clearly explained and we needed to explain it further in this particular piece of legislation. And it relates to young people who are carrying IDs illegally. Meaning raising their age illegally."

Breen: "So, the... the issue is that before the limit was 18. So now folks who are 18, 19, or 20 will be charged with a Class A misdemeanor? So more... I mean, this is an enhancement then of the current law. So those folks will also be charged with misdemeanors if they are found guilty of this particular crime."

Lilly: "As I'm understanding it, and I can get clarity, we are currently... the law is a penalty for a person carrying IDs illegally. So, that's the current law."

Breen: "Okay. So, if you use an ID to get cigarettes currently it's if you're under 18 and you use an ID that says you're 18, we're moving this now to 21. So, if you use an ID that you're under 21 but you are not, then that's now a Class A misdemeanor, with this Bill..."

Lilly: "And as I'm understanding it. I can..."

Breen: "...with the Amendment."

just wanting to bring clarity or clean it up a little bit so that we would not change what currently is statute."

Breen: "Fair enough. Thank you."

Speaker Currie: "Representative Lilly has moved the path of... adoption of House Amendment 1 to House Bill 4297. All in favor say 'aye'; opposed 'no'. The 'ayes' have it. The Amendment is adopted. Clerk, are there any further Amendments?"

Clerk Hollman: "No further Amendments. But a fiscal note and state mandates note has been requested and not filed at this time."

Currie: "Then we will hold the Bill on Second Reading. House Bill 4341. Clerk, read the Bill."

Clerk Hollman: "House Bill 4341, a Bill for an Act concerning safety. Second Reading of this House Bill. No Committee Amendments. No Floor Amendments. No Motions are filed."

Speaker Currie: "Representative Sente, we'll move this Bill to Third Reading? All right, sorry. At the Sponsor's request we will take the Bill out of the record. House Bill 4377, Representative Welch. Clerk, read the Bill."
