Clerk Hollman: "House Perfunctory Session will come to order. Committee Reports. Representative Barbara Flynn Currie, Chairperson from the Committee on Rules reports the following committee action taken on April 10, 2018: recommends be adopted... approved for consideration, referred to Second Reading is House Bill 3337. There being no further business, the House Perfunctory session stands adjourned."

Speaker Lang: "The House will be in order. We shall be led in prayer today by Minister Jennie Churchman, who is with Eureka Christian Church in Eureka. Minister Churchman is the guest of Representative Bennett. Members and guests are asked to refrain from starting their laptops, turn off cell phones and rise for the invocation and Pledge of Allegiance. Minister Churchman."

Minister Churchman: "Let us pray. Holy and eternal light, shine on us this day. Shine on us with the light of wisdom to guide the decisions made here today, that they will be for the common good of our state, our communities, our neighbors. Shine on us with the light of insight to open us up to new ideas, new ways of thinking, new and creative solutions to the problems that are before us. Shine the light of hope into all the places of despair that surround us. Shine hope into this despair of hunger. Shine hope into the despair of homelessness. Shine hope into the despair of addiction, aimlessness, violence, injustice. Shine hope into the space that divides us, one from the other that we might see the path toward the common ground, upon which we can stand if we choose to stand there. Shine hope, for we need hope. Shine the light of truth upon us, that we might have the courage to

take a stand for what is right. May we have the courage to declare, like Abraham Lincoln, 'I am not bound to win, but I am bound to be true. I am not bound to succeed, but I am bound to live by the light that I have. I must stand with anybody that stands right, and stand with him while he is right, and part with him when he goes wrong.' That kind of courage, that kind of light, shine on us with that. Indeed, fill us with that kind of light that we may, in turn, let our light shine. Amen."

Speaker Lang: "We'll be led in the Pledge by Representative Barb Wheeler."

Wheeler, B. - et al: "I pledge allegiance to the flag of the United States of America and to the republic for which it stands, one nation under God, indivisible, with liberty and justice for all."

Speaker Lang: "Congratulations, Representative. Mr. Harris."

Harris, D.: "Thank you, Mr. Speaker. Point of personal privilege, please."

Speaker Lang: "You going to tell us something good about Illinois?"

Harris, D.: "Well, as you know, I do try to relate some good news every day. And today I'd like to reach back a little bit in history, if I may. Last week, our nation remembered the Reverend Dr. Martin Luther King and his life and unfortunate and tragic assassination, in Memphis, 50 years ago. And Dr. King fought for civil rights and equal rights for all Americans, especially of course for African Americans. I will tell you that if we all practiced what Dr. King preached, I think our world would be a lot better place. But I reference that because, talking about civil rights, it's worthwhile to note that the 13th Amendment to the Constitution, to the United States Constitution, is the Amendment that abolished

slavery and involuntary servitude in the United States. And despite the abolitionist fervor, in the Northeast of Massachusetts, and New York, and states like that, Illinois, Illinois was the first state, on February 1 of 1865, the first state to ratify the 13th Amendment to the Constitution. And if you fast forward 100 years to 1964 and the Civil Rights Act of 1964, it is widely recognized that that monumental piece of legislation passed in large part because of the efforts of Illinois Senator Everett McKinley Dirksen. It has been written that he deserved to be put on the honor roll of those who fought to end the terrible stain of racism in this country. And for that, I think all of us, as Illinois citizens, can be very proud of what we've done in the past. Thank you."

Speaker Lang: "Thank you, Representative. Representative Bourne is recognized."

Bourne: "Thank you, Mr. Speaker. A point of personal privilege."

Bourne: "Today we have a lot of realtors in the Capitol advocating for some issues they're concerned about. And we have some realtors from my district up here behind me. We have the Cislars and the Klausings here to advocate for realtors and we'd like to welcome to the Capitol."

Speaker Lang: "Thank you for your involvement today. We appreciate it. Representative Hammond."

Hammond: "Thank you, Mr. Speaker. Point of personal privilege."

Hammond: "So as the Members of this chamber are certainly aware, the Sportsman's Caucus is the largest bipartisan caucus that we have and we're very proud of that. McCombie: "Thank you, Mr. Speaker. Point of personal privilege."

McCombie: "If you could have the Body just give me a moment here of silent... or of calm. However you get control, Sir. Yesterday, Don Knight and his family, were missing from the gallery to hear a Resolution to honor his wife, Pam Knight. I asked Pam's family to attend yesterday so we, as a Body, could express our condolences and thank... and thanks. But I also asked him to attend yesterday, so we could give... so he could give Pam a voice in the Jud - Crim Committee. Pam Knight deserved so much more than she got when she gave her life for the protection of another. The very least the committee could

have done was given her husband some respect and some time to express his concerns with our current law. The current law that allows people to attack and harm DCFS and adult protection service workers that protect our most vulnerable with very little penalty. I was told by Members of the majority that Bills increasing penalties are not being considered in committee. The committee leadership has a strong desire and a goal to reform our criminal justice system. That is great, but reform by definition means to improve, not ignore. Our jobs... our jobs here are to give the tools to our schools and our communities to stop crimes from happening and to protect individuals who live, who work, and who support Illinois. I find the timing of these actions extremely unfair and hypocritical. Yesterday the committee did pass a street gang loitering Bill that was initially good, but amended to the point that it's now ineffective in my opinion. But the majority has passed several pieces of legislation, just last month, that were not heard in committee and that will add penalties for those that are currently law-abiding citizens. Unlike those politically driven gun control Bills, Pam Knight's Bill, HB4586, has bipartisan support and 43 of us are cosponsors. It has no opponents, but still did not get to be heard. HB4586 adds protections to DCFS and adult protection service employees. This Bill is not an overreach and just makes harming our workers an aggravated assault and it would give state employees, AFSCME members, the same protections as our police, our fire and other emergency responders, the same. Another Bill, also very important that was not heard yesterday in committee, was HB4588. Zachary's

Law is named in honor of an 18 year old, Zachary Phillips, who was murdered by a parolee who was out for only 7 days. He gained access to his parole host's gun. HB4588 simply holds parole hosts accountable for breaking an agreement that they sign. Under this commonsense legislation if a parolee gains access to a negligent parole host's gun, and uses it to commit a crime, the host may also be guilty of a crime. A negligent parole host. In today's environment, it is more important than ever to enforce and prosecute, enforce and prosecute those that are not responsible gun owners. The people of Illinois do not want us playing politics with this issue. My ask today is that the Chairman and Democrat Leadership reconsider and call both Pam Knight and Zachary Phillips' Bills to be heard. We need to bring real reform, improvements, to the floor and stop trying to hurt each other politically. We can all do better. We were elected by the people and it is passed due time that we act like adults and work for the people, all of the people. Thank you, Speaker."

Speaker Lang: "Page 14 of the Calendar, Order of Resolutions. HR787, Leader Currie."

Currie: "Thank you, Speaker, Members of the House. Since 1996, we've been marking the day and the year when the average, full time, working woman in this country earns as much as the average, full time, working male earned the year before. Today is the day, upon which women will have made, on average, as much as men made the year before and that's what House Resolution 787 does. It marks the day that it took us until April 10 to do as well as the average man did. We've been keeping statistics for many years and there's no question the

pay gap has narrowed. There was a time when it was 60 cents on the dollar, but for the last 10 years, it's been stuck at 80 cents on the dollar. This Resolution doesn't ask us to do anything, but I think the clear point of the Resolution is to suggest that we can all figure out ways to do better. I hope you will join me in approving House Resolution 787. And I hope we will all find ways to make sure that women have more opportunities for success and economic independence in this country than we have had before. I would appreciate your 'aye' vote."
