available in the well for photographs and greetings. So it is my honor to introduce to you the Rt. Hon. Mudashiru Ajayi Obasa."

Rt. Hon. Mudashiru Ajayi Obasa: "Thank you very much. I'm sincerely honored and I thank the Gentleman that has just done the introduction. And I also, appreciate the fact that he could manage to pronounce most of our local names and their titles. Thank you very much. We are here today far away from Lagos and to identify with you, to appreciate good legislative job you people have been doing here. And also, to fully sees for... kind of an exchange program that will be of benefits to our home Parliament in Lagos. I realize the fact that this Parliament has been established since 1818. While Lagos State as of Assembly came to life in 1979 and I'm sure you understand the gap in between. The system of government in Nigeria has been designed to follow the pattern that America has adopted, which is the Federal System of Government. We are the center and we are the components unit, which Lagos State happens to be one of the units of the Federal Government. Without wasting much of your time, let me quickly go through what I have before me. Let me start, Speaker Michael Madigan, a man of deep legislative sagacity, distinguished parliamentarians, the Clerk of the House and his team, Ladies and Gentlemen, gentlemen of the press, it is my honor and rare privilege to stand before you in this hallow chambers with my colleagues. As introduced, I am Rt. Hon. Mudashiru Ajayi Obasa, Speaker of Lagos State House of assembly with me are my Honorable colleagues. May I seek the indulgence of the list Speaker to introduce them one after the other,

for me to continue to enjoy majority support of the members and avoid what we call, banana peel back home. I seek your indulgence with me [introduction of the colleagues] I thank you for your indulgence. As I said, we are from Lagos State House of Assembly. By brief introduction, Lagos was a former capitol of Nigeria, till the capitol was moved to Abuja, an action that has not change the significant position of Lagos. Lagos, a state of aquatic splendor, with a population of over 20 million people, which is projected to be growing every minute with influx of people from all around the world. It has 40 members with a member representing each constituency. Lagos Parliament came into existence in 1979 without a physical infrastructure of its own. Our struggle to weather the storm since then, to become a force to reckon with among Parliaments in the world in spite of the repeated military interregnum up till 1999 when Nigeria returned to democratic dispensation. Our Parliament has made great laws that have a positive impact and effective effect on the life of our people and State. We have made law on child rights to encourage education for all children with strong punishment against parents and guardians who infringe on such right. Law against domestic violence is also of a great achievement of our Parliament to protect the rights of women in the state. Health insurance scheme to create medical protection for less privileged. Lagos State Financial Management Law to ensure economic growth. Speaking Yoruba as a language in our public schools to ensure protection of our mother tongue, culture, and tradition. Lagos State possess attractive, magnetic and inviting qualities, which makes it a rosy destination for

would be investors and those who like to explore Africa, being a nerve center, political and economic base of the country with the highest concentration of black people in the world. Lagos is the fifth largest economy in the Sub-Sahara of Africa. Lagos like other advance component unit of a sovereign State has created a source of revenue of its own away from dependence on natural resource to internally generate a revenue of billions of dollars... billions of naira excuse me [inaudible]. Distinguished colleagues, Lagos Parliament derives its power from the 1999 Constitution of the Federal Republic of Nigeria as amended it is saddled with Legislative powers, ours is unicameral at the state level. Mr. Speaker, Sir, it is a common knowledge that your Parliament is older than ours, having been established in 1818. Yours is bicameral Legislature with purposeful and independent legislation as achievements. In recognition of all this, I strongly believe we have a lot in common. We make laws for the benefit of people, with the collection and concentration of people of different race and colors as our constituents, also an independent Parliament from the center under Federal system. It is a view of all these that we are here to under study your old and experienced Parliaments, to encourage exchange program between both Parliaments. To also solicit for support in form of Parliaments materials in literature and urge all distinguished colleagues in the house to encourage their constituents to invest in Lagos economy which is safer and supportive for returns of such investment and also to visit Lagos for better understanding of what Africa is all about. Honorable Members, the ship is said to be safer in the harbor.

But the question is, is that why is created? The Parliament is the ground norm of every democracy, the eyes, ears, and protective gadgets of the people. Therefore, the institute call Parliament must be supported by all that believe in democracy, such support must be extended to breed democracy all around the world. The Parliaments all around the world most will collaborate with aims of supporting one another. Supporting making of quality laws to ensure and lively environment to make laws on that democratic [inaudible] Protect the Parliament against every [inaudible]. The thing is, Honorable Members, if National Council of state Legislator can walk in U.S.A. I strongly believe global counselor of Parliament is possible. Parliament is being look at as a subordinating Government. We are arise with that institution called Parliament there won't be governance, in fact there will be no democracy. Mr. Speaker, please, I thank you for this honor. I'm here to inform you that we have just completed election process in Nigeria, particularly in Lagos that our own great party All Progressive Congress at the State levels swept all available seats in the Parliament and the governorship seat of the State. I thank you for listening, I look forward to seeing you in Lagos Parliament. Long live Illinois. Long live United State of America. Long live Lagos State. And long live Nigeria. I thank you very much."

Speaker Harris: "Thank you, Mr. Speaker, and congratulations on your election, your recent re-election, and for sharing the story of democracy in Nigeria. Mitchell was undefeated this year and he... he won his final, hard fought battle, 58 move game, and finished the year with a record of I believe it says 18-0, but I believe it's actually 19-0. Morgan County native, Ellen Hardin Walworth, was one of the founders of the Daughters of the American Revolution and was the organization's first secretary general. She was one of four women who established the DAR in 1890. In 1893, she was one of the first to propose the establishment of the national archives and a speech at the World's Columbian Exposition in Chicago. During the Spanish-American War, Walworth and other women established the Women's National War Relief Association to offer aid to the war effort. In her personal life, Walworth was tragically a victim of domestic violence. Her son, Frank, killed his father after years of intervening to protect his mother from his father's abuse. Walworth studied law to gain the knowledge to overturn the life sentence conviction of her son for killing her abusive former husband. With a continued commemoration of Women's History Month through March, I think it is entirely appropriate we commemorate the life and legacy of Ellen Hardin

But in the interest of something that's important to us, and that is involving teacher shortage, I would like to invite you to participate in the forum set up by Advance Illinois. Their Legislative forum on elevating and modernizing the teaching profession, which will take place from 6 p.m. to 8 p.m. at the Inn at 835. They will have a key note speaker that will be diving into the teacher shortage and discussing some comprehensive ways Illinois can get an effective teacher in every classroom. I wanna thank Ja'Neane Minor, who is their legislative representative, for asking me to make this announcement. And again, if you're not busy tonight, and wanna learn something about something that's very pertinent, a... a very important conversation that we are having now, and will continue to have, regarding teacher shortage, please come to the Inn at 835 for the Advance Illinois Legislative Forum from 6-8 p.m. Thank you very much, Madam Chair."
