Speaker Burke: "The House will be in order. Members will be in their chairs. We shall be led in prayer today by Associate Pastor Robert Koker who is with the New Beginnings Church in Fairfield. Associate Pastor Koker is the guest of Representative Bailey. Members and guests are asked to refrain from starting their laptops, turn off all cell phones, and rise for the invocation and the Pledge of Allegiance."

Pastor Koker: "Father in heaven, your name is so holy. There is none like you in heaven or Earth. You stand alone as creator and judge of all things, both material and spiritual in the entire universe. There is none like you, oh God. We ascribe glory and honor and praise to you, sovereign lord of all. God, I pray today for the leaders that you have sovereignly set in place over the government of Illinois. I pray for Governor Pritzker and Lieutenant Governor Stratton and all the Executive Branch. I pray that they will have wisdom and humility with gratitude for Speaker Madigan, for Representative Leaders in the House here of both parties, of all parties, Lord, for Representative Bailey of our 109th and all the... all the Representatives that serve in this Body, Father, for Senator Righter of the 55th and the entire Senate Body. God, I pray for the wisdom that is from above that is pure, peace loving, gentle, and willing to yield. And, Lord, not the wisdom that is from this Earth which is unspiritual, and according to your word, Lord, even demonic. And I pray also for the entire Judicial Branch of Illinois Government, for judges to rule with the love of righteousness, justice according to your standards. Father, Abraham Lincoln started his political career as a member of this distinguished Body.

Could it be, Lord, that our beloved Lincoln was a prophet when he declared, 'America will never be destroyed from the outside. If we falter and we lose our freedom, it will be because we destroyed ourselves'. God, help us to see the imminent danger that we are in because of our own decisions. It is not a right or a left thing, a Republican or a Democrat thing, a north versus south thing, Lord, that is your focus. You look upon the hearts of the sons of men and the issues of the heart. You seek after a people who love righteousness, truth, and justice. Also today, God almighty, we ask you to strengthen the men and women of this Body. And even outside of this Body as leaders and other realms of influence in the State of Illinois who are diligent in this hour, God, to work with you in the fulfillment of the faithful prayer of our Lord, your Kingdom come and your will be done here on Earth as it is in heaven. Indeed, Lord, we do need in a desperate way the righteousness and justice of your kingdom to supersede the corrupt kingdoms of men. Father God, please keep us all mindful of that coming day which is more certain than today that you have set for judging the world with justice by the man that you have appointed and you've proved to everyone who this is by raising him from the dead. Every one of us, citizen and politician alike, oh God, will surely give an account to you for all that we have done with the privilege and responsibility of freedom that has been handed down to us from faithful predecessors who paid a high price for us to enjoy these amazing liberties, oh God. All earthly authority will ultimately bow to you, God. Help us to remember that your day is near when you will right every wrong and reward

every man for good or evil and establish your kingdom here. Father of glory, your judgements they are right and they are true. It is your goodness that leads men to repentance and your judgements that restore the fear of the lord in the land. So with the sound of your voice, God, shake everything that can be shaken so that only that which you have built will remain. You are a consuming fire, oh God, and your kingdom will never be shaken. Thank you, God, for your faithfulness. Your love endures forever. We pray with the psalmist today in Psalm 45, 'Your throne, O God, endures forever and ever. You rule with the scepter of justice. You love justice and you hate evil. Therefore God, your God, has anointed you Lord, pouring out the oil of joy on you more than on anyone else'. Finally today, Lord, I ask you to grant repentance. You said it's the door to your kingdom and let it begin in your house, the church. Father, forgive us as citizens who call ourselves Christians and who are called to live a life of surrender to your will and engagement in the culture. But instead we have fallen asleep in our comfort and we have become isolated and uncaring. We have not been the preserving salt and revealing light to society that we were called to be. We have failed to pray fervently for our government leaders with love and redemption in our hearts, Lord. We have failed to promote the one solid redeeming answer as relevant to culture and society, the man Christ Jesus. So wake us up, Lord, please wake us up. Continue to raise up champions of faith that will slay the giants of oppression and evil in every realm of society and culture and please provide courageous leadership for the difficult and painful task of restoring Illinois to our

destiny as a cross roads of righteousness and blessedness for the nation. God, the innocent blood of our babies cries out from the ground as the death merchants celebrate their illegitimate fortunes, so restore righteousness and justice in the land, oh Lord. Our appeal is to heaven today, send revival. Spirit of the living God, break through the hardness of our hearts and draw us back to yourself, oh God. I ask all of this in the name above all names at which every knee shall bow and every tongue confess that he is Lord. The name of Jesus Christ the King we pray, Amen and Amen."

Andrade: "Madam Speaker, point of personal privilege."

Speaker Burke: "Please proceed."

Andrade: "I'd like to present my Pages today, if they could stand up. They are from Saint Andrew School, which I went to. We have Daniel Hanson, Connor Martin, Matthew Hanson, and their parents are up in the gallery. We have Laura and Tom Hanson. So thank you very much. Welcome to your home."

Speaker Burke: "Representative Butler, for what reason do you rise?"

Butler: "Thank you, Madam Speaker. Point of personal privilege."

I met her through the 'Mick the Challenge' and she's come down to shadow. She has a strong interest in government and is someone who I think will be serving in this chamber in not too long. So, please give her a warm welcome."

Speaker Burke: "Members, we will be moving to Senate Bills on the Order of Second Reading. If you have a Senate Bill on Second Reading, please be in your chair. Going to... on page 8 of the Calendar, we have Senate Bill 24. Representative Hoffman. Out of the record. Leader Durkin, for what reason do you rise?"

Durkin: "A Point of personal privilege."

Speaker Burke: "Please proceed."

Durkin: "Thank you and good afternoon all. Spring is here, sun is out, air is fresh, people are feeling good. Spring is, traditionally, it's been a time of rejuvenation, renewal, regrowth. It's time for us to take a fresh look at the world in front of us. So, I've got good news to talk about, this fresh news. Ladies and Gentlemen, for the first time in decades, based on projections from the Department of Revenue, we will be running a surplus for FY19 due to our bipartisan balanced budget that we worked on last May. We also know that this year's tax receipts will be the highest they have ever been in our state's 200 year history. We have the money to balance the budget with no new taxes or tax increases. These additional revenues have been verified by the Governor's Budget Office, the Department of Revenue, and also the

Commission on Government Forecasting and Accountability. These revenues did not come from a right-wing or conservative think tank. These are from the agencies, the Governor's agencies, in this complex. For the first time in recent history, we should be in discussing surplus in a thoughtful, responsible way. Yes, a surplus. And again, when's the last time we actually talked about it? Let's accept this reality that we have the money, not only to make sure that last year's budget was balanced, but also FY20 will be budget.. will be balanced and we will have the revenue to do the responsible things like paying down our debt, paying old bills, things that we've neglected over the years. Now, as I said, we can fund the FY20 operation budget without taxes on e-cigarettes, plastic bags, and also without cutting a very, very important scholarship program to low-income students and families through the State of Illinois, as was asked by the Governor at the beginning of the year. And certainly, we do not need to go down the road of changing the Illinois Constitution and changing from a flat tax to a graduated tax because we have the money to work out the things that we need to do with our budget and to fulfill our obligation to Illinois citizens. So, my message is clear. Let's embrace this new reality that we have in Springfield that we have the money to be able to fund State Government and we should not keep going back to the taxpayers and businesses time and time again to solve the problems. Let's get back to the working groups. The Legislative Leaders have met twice since the beginning of January. When we meet, we can get things done right and that's what happened last year when we actually negotiated a

bipartisan budget that was balanced... a budget that was balanced for the first since George Ryan. We can do that again and... but more importantly, we have the money to make this a reality. Thank you."

Speaker Burke: "Representative Demmer, for what reason do you rise?"

Demmer: "Thank you, Madam Speaker. Point of personal privilege."

Speaker Burke: "Please proceed."

Demmer: "Thank you. To my colleagues on both sides of the aisle, right now some of my colleagues are going to be handing out a sheet, which I think is really important for all of us to take a look at. Over the last couple of months, many of us who are a part of appropriations committees spent several hours in working groups and we were charged with difficult decisions to try to make a budget balanced without additional revenues. We were all given the charge, in a bipartisan fashion, given the charge of cutting between 6 and 10 percent from the appropriations that each of our committees are responsible for. Since we completed that work, that difficult work, that work that required all of us to come together and confront challenging realities and express our priorities and put together a bipartisan piece of work, since that time, we've identified, in a sign of good faith, we've identified initiatives that add new revenue that appropriations committees should have the opportunity to weigh in on and to spend. So if you take a look, and these are being handed out right now, we've identified, as House Republicans, a number of items where we agree with the Governor's proposal to find improved revenue. And then we think there is a proportionate

number of Republicans who'd be willing to support in order to help us avoid some of the challenging cuts that our appropriations committees were charged with and importantly, be able to make new investments. New investments. So, the chart you have in front of you today, takes phase one of work that we all did in appropriations working groups and says, let's come back for phase two. There's new revenue on the table. The Governor's Office of Management and Budget, the Department of Revenue, COGFA have all agreed that there's new revenue that is available for next year. We've also said that there are some policy changes we could support that could bring in significantly improved revenue for next year as well. We think that rank and file Members from both parties should be part of phase two, should be part of expressing their priorities and being able to send a message about where they think new dollars should go. You are part of phase one, which made difficult cuts. Let's be part of phase two that helps restore some of those line items and express the priorities, that you have for your district and the communities that you serve. The only way we can get to a solid, balanced budget that gives us a sustainable plan for the future is to work together in a bipartisan way and to work together with every Member of this General Assembly. Let's get back together and let's take phase two through the finish line. Thank you."

Wehrli: "Thank you. Ladies and Gentlemen of the House, we have 14 days in which to get our work done in this legislative Session. And right now, the only thing that the fine residents of Illinois are hearing from this great Body are even more and more taxes. So going forward, we have paths. Do you want to spend the summer talking about how you raised a graduated income tax, a bag tax, a gas tax, you increased taxes on cigarettes and vaping? Or do you want to be able to explain to your constituents back home on how the last two weeks you worked collaboratively, through working groups, to come up with the solutions that our state needs for our budget? It has been presented earlier today that we've come up with solutions on why getting the working groups back together to work collaboratively, rank and file Members, to come up with a budget that does not require new taxes. We can get this budget done if we go back to the way we use to do it under our last budget of working collaboratively and we can provide a solution to the Illinoisans without digging deeper into their pockets. So I implore you, demand that these working groups be reinstated, that we get back to the table and we do the hard work that we were sent down here to do, and we come up with a solution that doesn't require new revenues or... I'm sorry, new taxes, whether they be income, cigarettes, bags,

video streaming, vaping. All those should be off the table until we do the hard work and come up with a balanced budget."

Speaker Burke: "Returning to Senate Bill 482, Representative Turner. Mr. Clerk, please read the Bill."

Clerk Hollman: "Senate Bill 482, a Bill for an Act concerning State Government. Second Reading of this Senate Bill. No Committee Amendments. No Floor Amendments. No Motions are filed."

Speaker Burke: "Third Reading. Representative Wilhour, for what reason do you rise?"

Wilhour: "Madam Speaker, point of personal privilege."

Speaker Burke: "Please proceed."

Wilhour: "I think it's important to note that our additional revenues in the State of Illinois are a direct result of the national policies that have lowered taxes and lowered the excessive regulatory burden on job creators. The national economy has clearly responded. More people are working, jobs are being created, and wages are rising. A vibrant, growing economy means more revenue for the state without raising taxes. This is good news but Illinois should be doing far better. As we look at the states around us, it's clear that we're simply not competing. Our state's unemployment rate ranks 41st in the nation. And I think that we all here would agree that in a state that has as many natural assets and advantages that we have, that is unacceptable. My district has several communities like Effingham, Vandalia, Greenville, Salem, Centralia that have access to roads and rails and a proud history of manufacturing, agriculture, and industry. But the industry in my part of the state is in trouble. And

STATE OF ILLINOIS  
101st GENERAL ASSEMBLY  
HOUSE OF REPRESENTATIVES  
TRANSCRIPTION DEBATE

50th Legislative Day

5/16/2019

it's not because we don't have the natural assets or the work force that's in place to support it. It's in trouble because of poor policy that is adversarial to job creation. These communities have put a lot of effort, they've worked very, very hard to attract good business to come in and plant their roots there. And like many other areas in the State of Illinois, these businesses, when they come in, they generally... they generally like what we have to offer but time after time, we're just passed up. Job creators look at Illinois and they see a General Assembly that is opposed to employers. They see a state with financial problems, ethical problems, and the lack of serious political will to address these in a meaningful manner. When our knee-jerk reaction every year is to raise taxes to cover new spending, jobs creators notice this and they are going to continue to pass us over for a better business climate. Job creators simply don't trust Illinois politicians. And if we're going to move this state forward and provide the best possible opportunities for everybody... to have the best possible opportunities for everybody, this has to change. So, I implore this General Assembly to start thinking about job creating initiatives that would allow Illinois to realize its vast economic potential. A robust economy that puts people to work, creates far more revenue than a tax increase ever could. Raising taxes is not in the answer for hard working Illinois families."

Speaker Burke: "Representative Windhorst, for what reason do you rise?"

Windhorst: "Point of personal privilege, Madam Speaker."

Speaker Burke: "Please proceed."

Windhorst: "Thank you. I wanted to remind everyone here that we got news just last week from the Department of Revenue. The department indicated that net tax receipts are up \$1.5 billion which has caused them to revise their FY20 estimates upwards by \$800 million. With this news, everyone should be working together to revise their plans on how to balance this year's budget. There is no reason we should be talking about taxes or even considering the graduated income tax proposal. I urge my colleagues to do what's right for their constituents and say no to any new tax increases or any new taxes. Thank you."

Speaker Burke: "Representative Harris, for what reason do you rise?"

Harris: "Point of personal privilege."

Speaker Burke: "Please proceed."

Harris: "Ladies and Gentlemen, I'd like to, you know, thank the speakers from the other side of the aisle for their continued interest in working with us to find a balanced budget for the State of Illinois. As I had said to Leader Demmer a couple weeks ago when he had asked me, you know, when would the working groups be getting back together, I said as soon as we had definitive answers from the Department of Revenue, GOMB, and COGFA about the allocation of new revenues from the April surprise. And I think it's really important to have waited this long to be sure that we have the numbers right. Because the one thing we don't want to do as we move forward in closing out FY19 and moving into FY20 is to use one time revenues as a basis for, you know, ongoing budgeting, that we have to be sure that the numbers that we are looking at for

STATE OF ILLINOIS

HOUSE OF REPRESENTATIVES  
TRANSCRIPTION DEBATE

FY20 and beyond are numbers that can be built into our base and not be gimmicks or one time fixes. So, I'm really glad to see folks on the other side of the aisle taking this message to heart and want to come back with us in our working groups as we planned to do the work to make sure that things are adequately funded in our state. But I'll say it from the Democrat side of the aisle, you know, we want to look carefully at our obligations and the Governor's suggestions to be sure of a number of things. First, we cannot short the evidence based model. The contributions that we have made to our local school districts to continue year after year, after year, to include another \$350 million minimum, into the evidence based model must be honored. We cannot go back to the old ways of the last four years of balancing the budgets on the backs on our public colleges and universities and our community colleges. We have to be sure that there is adequate funding in our budget to fund the public university system, to fund career education, and to fund our community college systems. We also have to be sure that there is money for MAP grants and the AIM HIGH Program as we seek to maintain our students in our state, going to state schools, and then staying in the State of Illinois to build their families and to get their new jobs. We have to be sure that in the area of Human Services that we are meeting all the needs that are out there. We've all seen in the media, in the last several weeks, the tragic cases of young people who were under the care of DCFS, who lost their lives, who died. In the last year, there have been 119, I believe, 119 DCFS youths who have passed away and we can never let that happen again. Ladies and

HOUSE OF REPRESENTATIVES

Gentlemen, that is going to take additional revenue. It's going to take some more money to put into DCFS to guarantee that the children of whom we are their parents, we are in place of their parents, have safe environments, have the ability to thrive, have the mental health and substance abuse treatments they need. If their foster families have the supports that they need to raise their kids, economically, and for the kids with very high special needs, that their community based resources or specialized institutions that can take care of those youth. In addition, we have increased the minimum wage and we have a request from our senior service providers and our DD providers for assistance in... as state contractors in meeting the requirements of the minimum wage. We want to be sure that all of those are included in the budget we put forward. So Ladies and Gentlemen, I'm glad that the other side of the aisle has stepped up and said that they are willing to vote on the insurance assessment, that they are willing to vote on the taxes and fees on sports wagering, that they are interested in working with us on tax amnesty and refund funds. I think it's going to take us more to get to where we need to be, Ladies and Gentlemen. And I, standing here, and I know my fellow Approp Chairs and our Revenue Chair are very happy to work with the other side of the aisle to produce a balanced budget with sustainable revenues that can meet the needs of the people of the State of Illinois."

Speaker Burke: "Representative Wehrli, for what reason do you rise?"

Speaker Burke: "Representative Davidsmeyer."

Davidsmeyer: "Thank you, Madam Speaker. As you know, the 100th District is full of impressive young people. I think almost every week we've had at least a group or an individual that has come here to be recognized. Today, I have the honor of recognizing my neighbor who lives right across the street. He's a senior in high school and he wrote a book, he co-authored a book, called *A Guide to Finding Birds Along the Illinois River Flyway*. He is joined today by his mom, Dena, his dad, Kenny, and his sister, Addie. If they could all stand up and say hi. They've also got his grandmother Sharon Dobson, who he started birding with when he was seven years old, and Tony Ward. This young man is a very impressive young man. He's done more at the age of 17 than I have at almost the age of 40. He can... he has recorded 365 species in the State of Illinois of birds and over 330 in the Illinois River Flyway. He can currently recognize 100 percent of the bird calls on

the Illinois River Flyway. He is... he's definitely... he's recognized as... his notes are recognized as one of the greatest works for bird watchers in the region and he's a very impressive young man. He also, and I'm kind of jealous of this one, he picked up golf clubs and he actually can play golf better than I can too, so I appreciate that. But, I just want people to know that we have great young people coming up in the State of Illinois. And I one other thing I want to recognize him for is he has chosen to stay in the State of Illinois and go to the University of Illinois next year. So, if we could give him a big congratulations on all he's done so far and all that he will do in the future in the State of Illinois. Colin Dobson, thank you for everything you've done."

Burke: "Representative... seeing no discussion, Representative Davidsmeyer moves for the adoption of House Resolution 304. All those in favor say 'aye'; all those opposed say 'nay'. In the opinion of the Chair, the 'aye's have it. And the Resolution is adopted. Returning to the Order of Senate Bills on Second Reading. On page 10, we have Senate Bill 528, Representative Hoffman. Since we had a little discussions about budget process today, I think we should bring into focus the first step in the budget process that we all agreed to when we swore an oath to the Illinois State Constitution regarding a revenue estimate. My friend and colleague, the esteemed Majority Leader, brought to our attention that even with the increase in revenues, we are finding ourselves with, there could be expenditures that could go beyond that. Well, the back stop and the protection for taxpayers in our state is our responsibility and that is to actually adopt a revenue estimate beyond which we do not appropriate funds. That is our responsibility. It is our duty as Legislators. We have not done it for many years. And so, I will make this plea to the Body. To all my colleagues, to the Speaker, to my friend the Majority Leader, that we actually take that up, a revenue estimate, and protect Illinois state taxpayers before we move forward with an actual budget. Thank you."

Zalewski: "Thank you, Madam Speaker. With respect to the Gentleman, I really have deep respect for him, but I continually to be disappointed with the complaint about the lack of a revenue estimate in this chamber when every single year this... my committee, the Revenue Finance & Committee, undertakes a detailed and thorough look at the incoming revenues regarding this... the State of Illinois. It is not a secret hearing. This year it was in 118. There were plenty of witnesses. We had plenty of opportunity to ask questions. We had plenty of opportunity to offer dialogue. And at the end of that hearing, everyone walked away with the opportunity of having been heard on existing revenues in the State of Illinois. This House Democrats stand ready to craft an honest, decent, good budget for people of the State of Illinois. The critiques about process need to be changed to critiques about substance. We have two weeks left. We have a lot of work to do. It's time for everybody to keep their eye on the ball. Thank you, Madam Speaker."

a moment ago. There... let's try to keep in mind that a revenue  
estimate is a constitutional requirement and just discussing  
what that revenue estimate is in a committee does not go to  
the level of completing. The constitution actually says that  
we have to adopt, in this Body, a revenue estimate. Not talk  
about it in a committee and end it there. Thank you."

Speaker Burke: "Representative Harris, for what reason do you  
rise?"

Harris: "Just to comment on the... I rise for a point of personal  
privilege to comment on the comment that was just made before.  
And the Representative is right, some people have always  
believed that the constitution and the statute of the State  
of Illinois require us to do a revenue estimate. And that...  
that topic gets brought up and I see the Gentleman who brought  
it up nodding over there because he knows what I'm going to  
say. There's always been a lot of debate of whether this is  
required by law, in statute, in constitution, or not. And we  
never really knew. We never really knew because no court had  
ever ruled on that. But then we had the good fortune that  
Representative Peter Breen, a Member of that side of the  
aisle, took this case to court and asked a judge to rule on  
whether or not the law requires us to do this. And Ladies and  
Gentlemen, the judge ruled that, no, we are not required by

law or constitution to do a revenue estimate. So, I just want to make that point clear. That that question has been asked and been answered in a court of law. Thank you."

Speaker Burke: "Representative Wheeler, for what reason do you rise?"

Wheeler: "Thank you, Madam Speaker. I'd like to take just a brief moment to respond to my, again, my friend and esteemed colleague, the Majority Leader. I know the court case well. I understand the perspective that it gave us. It does not preclude us from doing it, however, in the efforts to protect Illinois' taxpayers. And that is the point I've been trying to make, very gently, this entire Session. So, thank you."

Speaker Burke: "Senate Bill 69, Representative Manley. Please read the Bill."

Clerk Bolin: "Senate Bill 69, a Bill for an Act concerning criminal law. No Committee Amendments. Floor Amendment #1 is offered by Representative Manley."

Speaker Burke: "Representative Manley on the Amendment."

Manley: "Thank you for your patience too, by the way. The Amendment is a page and line Amendment. It removes the provision prohibiting the sealing of records of arrest or charges resulting in conviction of certain elderly crimes. I think though it should be read crimes against the elderly. It leaves the rest of the Bill, as introduced, in place. Thank you."

Speaker Burke: "Representative Batinick, do you have a questions?"

Batinick: "Yes, Madam Speaker. I just wanted to see if my mic worked, but I also have a question of the Sponsor, if that's okay?"

Manley: "No, I asked for it to be amended on the floor."

Batinick: "Everybody was cool with that?"

Manley: "Everybody was super cool with that."

Batinick: "Double thumbs up. Thank you."

Speaker Burke: "Representative Manley moves for the adoption of Floor Amendment #1 to Senate Bill 69. All those in favor say 'aye'; all those opposed say 'nay'. In the opinion of the Chair, the 'ayes' have it. And the Amendment is adopted. Any further Amendments, Mr. Clerk?"

Clerk Bolin: "No further Amendments. No Motions are filed."

Speaker Burke: "Third Reading. Senate Bill 1515, Representative Manley. Please read the Bill."

Speaker Burke: "Third Reading. Moving to the Order of Resolutions on page 22, we have House Resolution 241, offered Representative Mah. Representative Mah. Out of the record. We have House Resolution 243, also offered by Representative Mah. 243."

Mah: "House Resolution 243 has to do with establishing April 1 as Census Day and designating the month... I mean the entire year until April 1, 2020 as a year of awareness about the importance of the 2020 Census. We have a very important need to make sure that all of our hard to count communities are counted and that we do a full and complete count of the census. And so, this Resolution also involves getting Members of the Legislature to take an active role in helping our constituents become aware of the census and fill out census forms. And so, I would appreciate your support. Thank you."

Speaker Burke: "Seeing no questions, Representative Mah moves for the adoption of House Resolution 243. All those in favor say 'aye'; all those opposed say 'nay'. In the opinion of the Chair, the 'ayes' have it. And the Resolution is adopted."

House Resolution 253, Representative Mason. Representative Mason on the Amendment."

Mason: "Thank you, Madam Speaker. House Resolution..."

Speaker Burke: "Resolution."

Mason: "Sorry. House Resolution 253 declares April 3, 2019 as Start by Believing Day in Illinois. The nation's largest anti-sexual violence organization, the Rape, Abuse & Incest National Network found that one out of every six women have been the victim of an attempted or completed sexual assault in her lifetime, and 1 in every 33 American men have experienced an attempted or completed sexual assault in his lifetime. This is an important message to believe women, and I ask for your support."

Speaker Burke: "Seeing no questions, Representative Mason moves for the adoption of House Resolution 253. All those in favor say 'aye'; all those opposed say 'nay'. Bennett: "Thank you, Madam Speaker. House Resolution deals with folks that are in the system in which they are the victims of crimes that they suffer, they go to court, they sit through the trial, the situations. They suffer financial losses, emotional stress, and physical injury. They also suffer court costs and fees that can amount to sums that are high enough that the defendant has no money to pay restitution to the victim. Victims can sometimes be overlooked in the court system that is meant to protect them. So, what this Resolution does, it ensures or encourages that victims receive full restitution and that they would ease the burden caused by the

Speaker Burke: "Representative West is recognized on the Resolution."

West: "Thank you, Madam Speaker. House Resolution 370 is to congratulate a friend of mine, Valeri DeCastris, who's very influential in our community for being inducted into the Italian American Hall of Fame by the Greater Rockford Italian American Association in recognition of her dedication of service to Rockford's Italian American community and her efforts at promoting and preserving the Italian cultural significance of South Rockford, the area where most early Italian immigrants settled. This is the organization's highest honor. She's born and raised in Rockford and I'm honored to give her this Resolution on her birthday, on today. Her father was a full time professional musician and her mother taught dance at the Arthur Murray Studios. She lived in the South Rockford next to the childhood home of the late State Representative Zeke Giorgi, Rockford's long time State Representative with whom she had family ties. She is also the founder... along with her husband, she's the founder of the Ethnic Village Neighborhood Organization that has beautified and improved South Rockford with grants and private donations, creating Immigrants Park and installing flower planters, hanging banners, and flower baskets and signage at the neighborhood's gateway to downtown Rockford. I thank you for this time and I ask for its adoption."

So, this is a Resolution to appreciate the Great Lakes and have us have a day in September for this."

Speaker Burke: "Representative Batinick is recognized."

Batinick: "Thank you, Madam Speaker. I'm going to go straight to the Resolution. I think this is a fabulous Resolution. I hope the Sponsor would like... would add me to it. I would say that the Lake Michigan, the Great Lakes, is one of the most important natural resources this state has. It's one of the reasons why we have done so well through our two centuries and it is something that definitely need to be appreciated, and I thank you for bringing this Resolution forward. Thank you."
