Speaker Willis: "Please proceed."

Scherer: "Thank you so much. Today... to the august Body, I would like to draw your attention to the Speaker's Gallery up front, to the young ladies in the blue sweatshirts, orange and blue of course. That is the St. Teresa Bulldogs, which is actually my high school alumni from Decatur, and they won first place in the state for volleyball. And they are the first team from Macon County to ever do that in history. So, of course, we couldn't be any prouder of our Bulldogs. Their coach is Brad Dalton, and Kim McGregor is the assistant coach. I would like to just quickly name, we have Grace, Ella, Audrey, Mylee, Layo, Akpeuwe, Abby, Kenzie, Marie, Caleigh, Valerie, Lexie, Sade, Cami, and Addison. And the managers are Jordan and Emily. So, thank you so much for coming and welcome to the Capitol."

Speaker Willis: "Thank you, Sir. All right, continuing on to Resolutions. On page 3 of the Calendar, under the Order of Agreed Resolutions, we have House Resolution 624, offered by Representative Villa. Mr. Clerk, please read the Resolution."

Clerk Hollman: "House Resolution 624, offered by Representative Villa. be it

RESOLVED, BY THE HOUSE OF REPRESENTATIVES OF THE ONE HUNDRED FIRST GENERAL ASSEMBLY OF THE STATE OF ILLINOIS, that we congratulate Coach Jose Villa and the West Chicago Community High School boys soccer team, the Wildcats, on winning the 2019 Illinois High School Association Class 3A Championship, and we wish them many more successful seasons.

Speaker Willis: "Representative Villa is recognized on the Resolution."

Villa: "Thank you, Madam Speaker and Members of the House. I'd like to draw your attention to the gentleman sitting up behind the Speaker's box. For the first time in history in West Chicago, we brought home the state championship title for soccer. It was quite an amazing soccer game that we played on November 9, 2019. The boys soccer team faced off Morton, securing the Class 3A soccer championship, and their title as state champions. The Morton Mustangs had not lost to an Illinois team prior to this final championship, and the West Chicago Wildcats did not advance past regionals in the 2018 season, making this win significant. Actually, Coach Villa, I believe, was part of that team those years ago who had come close to winning. So, as a coach, it was really momentous for him and the rest of his coaches. So, I'd like to offer a warm

Springfield welcome to the boys. Please join me in congratulating them."

Speaker Willis: "Congratulations. Representative Villa moves for the adoption of House Resolutions 624. All those in favor say 'aye'; all those opposed say 'nay'. In the opinion of the Chair, the 'ayes' have it. And the Resolution is adopted. Representative Barbara Hernandez, for what reason do you wish recognition?"

Hernandez, B.: "A point of person privilege."

Speaker Willis: "Please proceed."

Hernandez, B.: "Thank you, Mrs. Speaker. On February 15, 2019, a disgruntled former employee of the Henry Pratt Company in Aurora opened fire inside the warehouse, killing five fellow employees and wounding another. Five police officers were also shot and wounded while responding to the incident before the gunman was killed in a shootout with law enforcement. We must remember and honor the victims of this senseless act of violence. Clayton Parks, Trevor Wehner, Russell Beyer, Vicenete Juarez, Josh Pinkard. Let us also honor Timothy Williams, who was wounded by the gunman while running to warn other employees of the shooting. The gunman responsible for this evil act of terror was also... was able to obtain the gun he used to wound and kill innocent victims through a loophole in our FOID system. Despite being convicted of an aggravated assault in 1995 in the State of Mississippi, the gunman obtained a FOID card in January 2014. When the gunman applied for a concealed carry license in March 2014, only then did the State Police revoke his FOID card and sent him a notice to surrender his firearm and submit a Firearm Deposition

I urge the General Assembly to take action to protect the... protect Illinois residents from future senseless acts of violence that make... that take innocent lives. It is critical that we pass legislation to close these loopholes that have allowed violent criminals to obtain a FOID card, and streamline the revocation process for law enforcement as well. I ask a moment of silence."

Speaker Willis: "The Body will take a moment of silence. Thank you, Representative. Representative Batinick, for what do you wish recognition? "

Batinick: "Thank you, Madam Speaker. Quick inquiry of the Chair."

Speaker Willis: "Please proceed."

Representative Batinick: "It's come to my attention we canceled two perfunctory days next week. Just curious why."

Speaker Willis: "We're in the process of getting ready to do business the following week."

the steps of the Lincoln Memorial, a group of black women working at the Langley Memorial Aeronautical Laboratory in Hampton, Virginia were helping America dominate aeronautics, space research, and computer technology, carving out a place for themselves as female mathematicians who were also black, black mathematicians, who were also female. Katherine Goble Johnson, Dorothy Vaughan, Mary Jackson, Christine Darden, who in a time when black women faced seemingly insurmountable obstacles, went to work as calculators at NASA. With pencils, paper, and slide rules they transformed airplane, rocket, and satellite designs and helped ensure a World War II victory. Despite the social and political climate at the height of Jim Crowe, these women rose up and became integral to the project that put the first man on the moon, from World War II to the Cold War, to the Civil Rights Movement, to the Space Race, these remarkable women's contributions to science led to some of NASA's greatest successes. Katherine Goble Johnson was a mathematician who exhibited such skills since childhood, a wonder child. She was the one who performed all of the math. Katherine Johnson went on to perform calculations for the Apollo II Mission to the moon and space shuttle. In 2016, NASA dedicated the Katherine G. Johnson Computation Building in honor of her groundbreaking work in space travel. She became the backbone of NASA in terms of her mathematical calculations for exact locations needed for space travel. Dorothy Vaughan became the first ever African American supervisor in NASA. Since she was a Fortran specialist, the best in electronics computing, she was known to be one of NASA's most brilliant minds. She fought to make sure that

women were paid fairly for their titles and their duties. Mary Jackson was a gifted child and a very talented engineer. She became NASA's first-ever female and African American aeronautical engineer. Her work focused on airflow that surrounds aircraft. And finally, Christine Darden, an American mathematician, a Congressional Gold Medal recipient, data analyst, and aeronautical engineer devoted much of her 40 year career in aerodynamics at NASA to researching supersonic flights and sonic booms. So, I am proud to honor and recognize these four admirable women as we celebrate Black History Month, February 2020. Thank you."

Speaker Willis: "Thank you, Representative. Representative Thapedi, you are recognized."

Thapedi: "Thank you, Madam Speaker. A point of personal privilege."

Speaker Willis: "Please proceed."

Thapedi: "Madam Speaker, as we tote major victories and sales and recreational cannabis to the tune of \$40 million in one month, and as a snowstorm fast approaches our state, it has come to my attention that the Low Income Home Energy Assistance Program, LIHEAP, is in serious jeopardy. It is my understanding that the administration has swept or borrowed close to \$30 million from the fund. This is not the first time that this has occurred. In the mid-2010s, \$70 million was taken from the fund and was not required to be repaid. As you know, Madam Speaker, the utility companies provide financial resources for the fund. Every month, they collect a surcharge from their customers and send that money directly to the fund. That sequestered money is for one purpose and

one purpose only, to provide assistance to low income customers in paying their energy bills. This money should not, Madam Speaker, therefore be used for any other purpose. It is shameful that this has happened and it is a disrespect to the people of this state that this would happen in the middle of winter. It is my belief that the administration should be called upon to replace these funds immediately. Thank you, Madam Speaker."

Speaker Willis: "Representative Swanson, for what do you wish to be recognized?"

Swanson: "Thank you, Madam Chair. I'd like to welcome... point of personal privilege, please."

Speaker Willis: "Please proceed."

Swanson: "Thank you, Madam. I would like to recognize members from the Illinois Corn Growers Association, also Illinois Farm Bureau from Representative Hammond and my district. They're up in the top, if I could ask them to stand up. I'd like to recognize... they are all very special in our communities, but two of them stand out. Mr. Drew DeSutter, I can see on the far left. He is also the newly elected president for the Illinois Farm Bureau Young Leaders team. Very busy group, who you might recognize at the Farm Bureau convention, they sponsor a lot of things there. Someone who may even be more recognizable than him is the tallest gentleman up there. His name is Brett Swanson. And if you watched the Super Bowl this past weekend, his family was recognized in a commercial, on the... in the Super Bowl, as being farmers from Knox County, Illinois. He and his wife, Krista, were recognized along with their three little girls.
