

Clerk Selcke: "All those not entitled to the Floor, please retire to the Gallery."

Speaker Blair: "Is this turned on? All right, the House will be in Order. The House will be in Order. You can't hear me? All right, the House will be in Order. All right, the House will be in Order. The invocation will be by Doctor Johnson."

Doctor Johnson: "We pray. Eternal God, our Maker and Redeemer, the Lord and Giver of life, we confess that You are not bound in temples and buildings which mens hands have made. You dwell in the hearts of those who love mercy, do justice and walk humbly with You, their God. Nonetheless, we ask You now to bestow your presence and Your benediction upon this renovated Chamber and all who work in this Chamber of government. Let Your devine presence sustain us especially, as we enter into this spring session. Let the intentions of our hearts, the words of our mouths and the work of our hands be found acceptable in Your sight. Under Your devine governess, grant that what we think, say and do hear may reknown to the welfare to the People of this State, who have established this branch of government, to enact those ordinances under which all may live in justice, liberty and the pursuit of happiness. And now we here dedicate ourselves and this our legislative home to Your honor and the well-being of our citizens, oh Lord, our strength, our Redeemer. Amen."

Speaker Blair: "Roll Call for Attendance. All right, your switches should be open now and you can vote 'present' if you're here. Well we..... Fred's going to, the Clerk's going to explain, if you'll give us your attention, please. Now obviously, it's going to take some periods of time, in which to learn this new System and the Clerk has graciously consented to give us a short instruction period."

Clerk Selcke: "If I can have all your attention, I'll try to explain this system to you. If you'll look on your desk, you'll notice you have the 'yes', 'no' and 'present'. Now when we take the

Roll Call, we'd like you to mark the 'present', push the 'present' button, which will show up on the board in a yellow light. Now one thing about voting on this machine, once you've made up your mind to vote, you can change your vote from a 'yes' to a 'no' or a 'no' to a 'yes' or a 'yes' to a present and so forth, but once you push the button and you decide you don't want to be recorded at all, you can't get off. You're on. Forever. So, there is one way we can get you off, but if we take you off, we have to take everybody else off, too, so before you make that momentous decision, I wish you'd think about it, because we don't want you running up here and asking us to dump the vote so you can start all over. Can't hear me? O'kay. John says to give you the announcement again about the changing the votes, so you don't make mistakes. Now, some of you say you can't hear? Can't hear anything, huh? Huh? Well, if you've noticed, we've got a hum in this system, so we've turned the volume, the power down a little bit, and as soon as we get the hum out, we'll give you a full blast. Ah..... there it comes now. Hear it? We've got ah..... the firm that's been putting this in, has been working night and day, trying to get the bugs out of it. Everything is not in operational order yet, but it is working sufficiently, so we can proceed and you can cast your votes, so I see except for Weber and Bluthardt and Barnes and Choate, oh I better quit counting. There's more coming on. We'd like to have everybody vote 'present' if you would. Any questions? O'kay."

Speaker Blair: "Fred."

Clerk Selcke: "Another thing, will the individual that is voting for an individual that is not here, please refrain from this, because you're going to get them in trouble with the Comptroller and everybody else and I'm sure you're all full of Internal Revenue business, so please don't pull a guy's switch when a guy's not here, cause if the Roll Call shows he's here, he's going to get a check and that's going to screw up the whole works, so please, please don't pull anybody's switch that's

not here and I'm particularly referring to Toby Barry's switch now. All right, now let's do it all over again and only pull your own switch."

Speaker Blair: "Roll Call for attendance. Open it up on your desk. O'kay. Mr. William Walsh."

Walsh: "It's a day to day thing. It should be a day to day thing. Mr. Speaker, I move that the House now recess for the purpose of a Republican conference. Mr. Speaker, I move that the House now stand in recess for the purpose of the Republican Conference in Room 212."

Speaker Blair: "Let's make it..... Be back on the Floor at 2:00 O'Clock. Gentleman from Union, Mr. Choate."

Choate: "Am I on? Well, Mr. Speaker, if you'll get a little order for me, I'll..... As soon as we recess in the next minute or so, the Democratic Members will meet in conference in Room M-5 and I wish you would be prompt. Come to Room M-5 immediately."

Speaker Blair: "So that we all understand, the Democrats to Room M-5 for Conference and back on the Floor at 2:00 O'Clock."

Clerk Selcke: "Both Parties will go to Conferences now and we'll be back here at 2:00 O'Clock sharp. 212. Democrats M-5."

Speaker Blair: "Mr. Cunningham."

Cunningham: "There comes a time in the tide in the affairs of men where a vicious regard for excellence requires each of us to pause and pay tribute to that priceless commodity and such a moment has come here today to this House and I can think of no finer way to celebrate our entry into this handsomely remodeled Peoples Chamber and I salute the Speaker for his perserverence and determination in that regard, and then to present to you the #1 high school basketball team in the State of Illinois, bar none. Now when we drove up here this morning, I said to one of the boys, Roger Cool, said, what should I say, Roger and he said, well maybe you should tell them that we're nice boys, but that isn't enough to say about this team of champions. They are great men. The Lawrenceville Indians are the State Championship Basketball Team of 1974. Their predecessors were the State

champions in 1972. We have all heard about basketball players who could do anything with a basketball except autograph it, but I'm proud to report to you that these champions do not have that limitation. Not only are they great with the basketball, but they are quick between the ears. They are exemplary citizens. They have brought to our community an honor that has been a joy to all of us who are in Lawrence County in the 54th District forward. That point was illustrated well this morning. The Governor was very gracious and I was in his chambers and one of our players said, 'Governor, I would report to you that the only difficulty we had in getting to the Assembly was not from the elimination process; it was because of the highways.' And this player went on and said, 'If we had F4-11, we would go to the State Tournament every year and we would win every year.' And I think that he was right. My ah... I must not impose on you too much, I must introduce the honored guests... no cheers, at this time. Hold your applause till each ah... and I want the State Champions to hold up their hands so you can see who they are. And I want you to keep in mind that they are the State Champions of the whole State of Illinois. Joe Cooper, hold up your hand, Joe. Stanley Dickerson, Dave Hascher, Bill Hidrader, Mark Joiner, Mike Grime, Roger Cool, Rick Leasey. I should pause to say that Rick Leasey was on everybody's all-state, all-tournament... all everything and I hope that he goes to the University of Illinois all too. Mike Myers, Brent Bathe, Wayne Pickering. I do hope that I haven't missed any of these fine citizens of Lawrence County, but there are two more people that I should point out. You can't have a championship team... you've got to have the championship players, championship community and you've got to have championship coaches. Who? Ya, Jay Shyedler and Tim Wolfe and they'll both be 18. Hold up your hands? And ah... I started to tell you about our coaches. The Assistant Coach is Clarence Greedy and the best coach in the State of Illinois again, bar none ah.. the Champion Coach, the one who brought us the trophy in 1972, 1974 and 1975, Ron Felling."

Speaker Blair: "Coach, come on up here and give us a few words."

Ron Felling: "Well this is a hell of an act to follow but..ah..  
On behalf of our basketball team and the coaching staff, I  
do want to thank Representative Cunningham and the House  
of Representatives fro asking us up and making us feel so  
welcome. Thank you very much."

Cunningham: "Thank you Speaker Blair and Members, we're going  
across to the House of Lords and let them see what Champions  
look like."

Speaker Blair: "Repre...the Gentleman from Champaign, Mr. Hirschfeld."

Hirschfeld: "Mr. Speaker, I'm wondering whether or not the coach  
and the basketball team rode up with Representative Cunningham  
today or whether they obeyed the speed limits."

Speaker Blair: "Invoke a privilege, Rosco. Okay, thank you very  
much Gentlemen. The Gentleman from Effingham, Mr. Keller."

Keller: "Mr. Speaker, I could answer that question because Rosco  
stopped at my place on the way up from Effingham and charged  
the breakfast to me, so he did leave early enough that he should  
have obeyed the speed limit but I want you to know that these  
boys not only represent Lawrencville and Lawrence County but  
they represent the whole 54th District."

Speaker Blair: "Okay Rosco. Okay. Well I don't know. Introductions

Clerk Selcke: "House Resolution...House Joint Resolution 95. Yourell. House Resolution 805. Douglas."

Speaker Blair: "Speaker's Table....yeah. Let's wait on that. The Gentleman from Cook, Mr. Maragos, for what purpose do you rise?"

Maragos: "Can you hear me? On behalf of the Members of the Illinois Commission of Atomic Energy, I...which the two House Members are Representative Hudson and myself, we cordially invite you, this evening at the Holiday Inn East, at which time, at 6:30 P.M. At which time the Sangamon University is going to conduct a seminar on Nuclear Energy. And more importantly, at 8:30, we're going to serve you libation. So we'd...again, you've all received a written announcement to be at the Holiday Inn East tonight as guests of the Illinois Atomic Energy Commission. So please be present and Ray Hudson and I may even serve you at the bar if we have to, if we run out of help. Please be there because it will be, this seminar will be for three nights in a row. Tonight, next Tuesday and two weeks from tonight. Thank you very much."

Speaker Blair: "Is this on now? Oh, all right. That when you're talking in the mikes if you would not hold them so close to your mouth it would come out clearer. Ah...there are grommets that are on your desk that attach to those things and you can drop them around your neck rather than holding them. And that might be helpful. All right... All right on...ah...on the

Calendar on the Order of nonconcurrences appears...ah...a Motion with respect to Senate Bill 89. On which the Chair recognizes the Gentleman from Cook, Mr. Collins."

Collins: "Thank you Mr. Speaker, Ladies and Gentlemen of the House. I have sat with Leadership on both sides of the aisle on this Bill and I would move to nonconcur...ah...if...it's Senate Amendment...or House Amendment #1 to Senate Bill 89. This is at the request of the Senate Sponsor. Evidently the Bill was technically imperfect and we will have to change the date, in the Senate and they asked me to nonconcur. The Bill deals with the...the Bill deals with the Pension for two Senate employees and as I say the Bill is currently imperfect, it requires a date change in the Senate and so I would move for nonconcurrence."

Speaker Blair: "All right, is this on now? Can you hear me? All right, What the Gentleman's motion is, is that the House refuse to recede from House Amendment #1. Is there discussion? All those in favor of the Gentleman's motion say 'aye', opposed 'no'. The 'ayes' have it, the House refuses to recede...refuses to recede from House Amendment #1 and the Senate will be so advised and asked to appoint a Conference Committee. Okay. All right, on the...on nonconcurrence appears a Motion with respect to Senate Bill 638 on which the Chair recognizes the Gentleman from DuPage, Mr. LaFleur."

LaFleur: "Mr...Mr. Speaker and Members. On House Bill 638, a Senate Bill that was passed by the House with two House Amendments. The Senate would not go along with Amendment #2, in consultation with us, we wish to recede from House Amendment #2 and I believe this is final action so it would take an affirmative vote."

Speaker Blair: "All right, the Gentleman's motion is that the House recede from House Amendment #2 to Senate Bill 638. Discussion? You can't hear a thing? All right...ah...Can you hear me out there when I put that question? No? We asked...."

All right, the Gentleman from...the Gentleman from DuPage, Mr. LaFleur has moved that the House recede from House Amendment #2 to Senate Bill 638. That's under the Order of Business on Concurrences on page 8 of your Calendar for today. The Gentleman from Cook, Mr. Shea."

Shea: "Mr. Speaker, Members of the House, I'm wondering if the Gentleman will yield for a question?"

Speaker Blair: "He indicates that he will. We're going to have to get some more lights back there, you can hardly see."

Shea: "Could you tell me what the House Bill does, or the Senate Bill does and what the House Amendment did and why we should recede from our Amendment?"

LaFleur: "Yes, well these are all Retirement Bills, these are all Retirement Bills, 638 came from the Senate and it allowed qualification of Pension for people who had served under I.M.R.S. Legislative Pensions. Amendment #2 allowed for the qualification of Legislative Pensions who served in Municipalities that had qualified for I.M.R.F. but had never paid into I.M.R.F. Amendment #3...Amendment #2."

Shea: "Is there any objection to taking this out of the record until we can find out what's going on with it? You know Mr. Speaker, we have no copies of the Bills, we have no copy of the Amendment."

Speaker Blair: "What's the pleasure of the Gentleman from DuPage? Take it out of the record?"

LaFleur: "Fine."

Speaker Blair: "All right, so he indicates that we'll take it out of the record. Ah...Have...have you each listened to whether or not your speakers at your individual desks are actually working? Ah...they're not actually working? Just a few of them? I'm not on? They're not on? Are they trying to fix this thing now Fred? Are they working on it now or what? Well...ah...why don't we adjourn and let them work on it. I think we ought to adjourn. Ah...I think

we probably ought to adjourn and let them continue their work on the Chambers. So...ah...Let's go to Death Resolutions."

Clerk Selcke: "Ah...What's the number on these? House Resolution 792, Yourell. Respect to the memory of Mr. Sam Ferado. House Resolution 806. Kelly. In respect to the memory of Mr. Alex C. Kerrs."

Speaker Blair: "All right. The Gentleman from Cook, Mr. William Walsh."

Walsh: "Mr. Speaker, I move the adoption of the Death Resolutions."

Speaker Blair: "All those in favor of the Gentleman's motion will say 'aye', opposed 'no'. The Death Resolutions are adopted. All right, the Gentleman from Cook, Mr. William Walsh."

Walsh: "Mr. Speaker, I move that the House do now adjourn until the hour of 12:00 noon, tomorrow, April 17."

Speaker Blair: "All right, the adjournment motion is for 12:00 noon, tomorrow, hopefully that will give the acoustics experts an opportunity to display their talents. All those in favor of the Gentleman's motion say 'aye', the opposed 'no'. The 'aye' have it and the House stands adjourned."
