From Psalm 43, 'Oh, send out thy light and thy truth of them, He lead me; and bring me onto thy holy hill onto thy dwelling; and that I may go onto the altar of God, even onto the God of my joy and gladness and upon the harp will I give thanks to you, Oh, God, my God. Let us pray. Enlighten our understanding with knowledge of right, and govern our wills by thy laws that no deceit may mislead us, no temptation corrupt us, that we may always endeavor to do good for the people of this state and to hinder that which is evil for their good. Mustard and collard greens, red beans and rice, pigs feet, hamhock and black-eyed peas, green beans, candied yams, potato salad, cole slaw, ham, chicken, barbecued ribs, sweet potato pie, corn bread, corn muffins and onions. Now, just a minute, somebody . . . somebody is asking me about the chitlins. Well, let me tell you what happened. Let me tell you what happened about the chitlins. The old folks say that you don't eat chitlins in the . . . in a month that you can't spell with an 'r'. So you can't spell M, A, Y, May with an 'r', and you won't be able to eat chitlins until October, and November and December. May is not the month to eat chitlins, but the rest of the soul food is here. Now, . . . ah . . . we told this caterer, he's an expert at cooking soul food, we told him we're going to have 300 people there. So, please, help us to have that many out there. We're going to have the finest group of men . . . ah . . . who will sing some gospel music for you while you're eating. They're known as the 'Spiritual Echoes'; and then . . . ah . . . we're going to send all the preachers home after that . . . after the 'Spiritual Echoes' sing and they're going to have the mass production, show and dance

Speaker Redmond: "You can't hear the question, Representative Davis, . . . ah . . . something interesting happen to the proceeds. The dinner, we're paying the caterers \$7 a piece and we're getting \$8.50 and if we have, we hope we do, if we have a net, we want to put it in the welfare fund of the State Legislature. That's where it will go, the net proceeds."

Speaker Redmond: "Thank you. Resolutions."

Speaker Redmond: "Representative Lechowicz."

Lechowicz: "Thank you, Mr. Speaker, and ladies and gentlemen of the House, I filed an objection to House Bill 988 and the Clerk read it as it's included in the . . . ah . . . Consent Calendar. I believe it's an error. 988 should be removed from the Consent Calendar. I filed it two days ago."

Speaker Redmond: "It . . . It requires six members. Were you joined by five others?"

Jack O'Brien: "House . . . House Bill 988 is removed from the Consent Calendar."

Speaker Redmond: "Representative Shea."

Shea: "Mr. Speak . . . Mr. Speaker and members of the House, I think the last bills that are in the Bill Books on the members desks is approximately 1800, so that I would move that nothing further than House Bill 1800 be read on the Consent Calendar and asked to be moved today and that those bills remain on the Calendar and moved next week."

Speaker Redmond: "Any objections? Then nothing beyond 1800 will be called for passage on Consent Calendar, Third Day, Third Reading. Are there further challenges? Any further discussion? Immediately . . . this is final passage on those on . . ."

Jack O'Brien: "House Bill 940 is removed from the Consent Calendar."

Speaker Redmond: "Any further challenges?"

Jack O'Brien: "House Bill 1402 is removed from the Consent Calendar and House Bill 1403 is removed from the Consent Calendar. House Bill 1450 is removed from the Consent Calendar."

Speaker Redmond: "Any further challenges or discussion? Then the next Roll Call of the first bills will be on the Consent Calendar and this is final action. The question is . . . Representative Maragos."

Maragos: "Mr. Speaker, now that we have eliminated the 1800 and over series, how many bills are we practically consenting to today? Do you have a number or is it difficult to count at this time?"

Speaker Redmond: "Well, I don't have the number."

Maragos: "All right, the next thing, Mr. Speaker, at this time I would like to be voted 'present' on several bills after you take the Roll Call."

GENERAL ASSEMBLY

STATE OF ILLINOIS

Speaker Redmond: "Would you put it in writing and put it on the Table? I think that's what the rules provide."

Maragos: "Is that the way you're going to do it? O.K."

Speaker Redmond: "The question is, shall these bills pass? Those in favor vote 'aye', oppose vote 'no'. Representative Hill."

Hill: "Ah . . . Mr. Speaker, I'd like to be recorded 'no' on House Bill, as amended, 635 and House Bill 1374, 'no'."

Speaker Redmond: "I believe the rules require that we put in writing and put it on the Clerk's desk. Would you do that, Mr. Hill? Have all voted who wish?"

Unknown: "Calvo, turn your switch."

Speaker Redmond: "Repre . . . Representative Calvo, 'aye'. Take the Record. On this question there's 132 'aye', 1 'no'; and the bills having received the required constitutional majority are, hereby, declared passed. Representative Shea."

Shea: "Mr. Speaker and members of the House, there has been distributed to each member a list of bills and they are House Bills that have been through the Substantive Committee, have had a hearing and have been re-referred to the Committee on Appropriations for the hearing of companion bills. In order that these bills will not die today, I will make a motion to take these bills from either the Committee on Assignments or from the . . . the Committee on Appropriations, where they have been re-referred and move them to the Calendar in the order of House . . . er . . . House Bills, Fir . . . House Bills, Second Reading, First Legislative Day. Now, we tried to make this list as inclusive as possible and if for any reason it does not include a member's bill that is in that category or if there is a bill on here that shouldn't be on, if the member would bring it to the atten . . . my attention, I'd be happy to discuss it with him to see if it should or should not be on the list."

Speaker Redmond: "Representative Dunn."

Dunn: "Thank you, Mr. Speaker, . . . ah . . . I wonder if the Majority Leader would tell me, are these all House Bills? The first one is 175, that's a House Bill other than . . . ah . . ."

Shea: "These are all House Bills and do not have any Senate Bills on the

MAY 2 1975

list."

Dunn: "Thank you, thank you, sir."

Speaker Redmond: "Representative Washburn."

Washburn: "Ah . . . Thank you, Mr. Speaker, and ladies and gentlemen of the House. Gerry', on your list it appears to me as though House Bills 2559 and 2812 are appropriation bills and it wouldn't be necessary to have them on your list. We don't want them . . . ah . . . we . . . they should remain in committee. Now, you checked them through to make certain but . . . 2559 and 2812."

Speaker Redmond: "Representative Meyer."

Meyer: "House Bill 2559 is my bill and its on Second Reading, Second Day."

Speaker Redmond: "Lucky you. Representative Shea."

Shea: "Mr. Washburn, you said 2559 is one of them, is that correct?"

Washburn: "That's an appropriation bill, Gerry'."

Shea: "And 2812 . . ."

Washburn: "Yeah."

Shea: ". . . is a bill that was just re-referred this after . . . afternoon, and it should not be on the list?"

Washburn: "Yeah, I guess they were both re-referred to Appropriations and should stay in Appropriations, is my point, . . . ah . . . Gerry'."

Shea: "All right, Mr. Washburn, then on the list that was distributed if the members will strike bills 2559 and 2812, I'll remove them from the list."

Speaker Redmond: "Representative Maragos."

Maragos: "Parliamentary inquiry, Mr. Speaker, this morning in Revenue Committee there were a series of bills which the committee felt they would like to hear and eventually bring out a committee bill after and the meeting shall be May 19th of the Revenue Committee. I was wondering if I needed and if the Revenue Committee needed any special action for a series of six bills which they intend eventually to bring out as a committee bill, but in . . . but in due of the fact that . . . ah . . . they may take time, I don't want these bills to die, I was wondering if we have leave to have these . . . ah . . . bills . . . ah . . . 'til the deadline as they get the bills out of the House without dying at this time."

MAY 2 1975

21.

Speaker Redmond: "My understanding of the rules is that if it's a committee bill, these deadlines do not apply, but there can't be personal sponsorship, it would be a bill on the com . . . from the Committee on Revenue."

Maragos: "Well, I would like to have leave of the House, these are bipartisan bills, if I may, to keep these bills alive until the committee bill is generated out of the committee, because these bills have been worked on for two years and Skinner is a sponsor, Mr. Beaupre is a sponsor, Mr. Schraeder and others, and they are of vital importance, but due to the lack of time, we didn't have the time to consider these bills. I would like to know if we could have leave of the House. I would like to have Representative Skinner and Representative Beaupre to give me support in this action and Representative Randolph and Representative LaFleur if they would do this because these are very vital bills; I'd like to have leave until the . . . the . . . ah . . . what is the deadline to get them out of the House?"

Speaker Redmond: "23rd of May."

Maragos: "until . . . ah . . . they be allowed to survive until the 23rd of May that those five bills and House Bill 1844."

Speaker Redmond: "Rep . . . Representative Beaupre."

Beaupre: "I . . . I was just concerned, Mr. Speaker, about the procedure that we would use. I think we all agree what we want to do. What we want to do is to weigh the hearing of these bills for two weeks and if we need to put the committee on as sponsor that's no problem with any of them, I don't think. My question really is, do we need to introduce a new bill in order to have the sponsorship changed?"

Speaker Redmond: "Parliamentarian indicates that the answer is 'yes'. Representative Hart. Representative Hart."

Hart: "Well, I just was gonna' object . . . ah . . . regardless of the importance of it or how long it's worked, I think we all feel the same about those bills that . . . that we've had to give up because of the rule, and so there is a way that the committee can come out with a bill and I just object to giving leave."

Speaker Redmond: "Representative Shea."

Shea: "Well, perhaps I didn't hear the gentleman's motion, but I thought I

MAY 2 1975

22.

was in committee this morning when those were put into an Interim Study Calendar. Well, then there is no way that those bills are subject to the joint rule; and if they're not reported on one way or another, die; but its very simple. All the gentleman . . . all they had to do or have to do is to put them on the Interim Study Commal . . . Calendar or, Sam, you can have a hearing on a subject, come up with a committee bill, report the committee bill out. It will be read a first time and put on the order of Second Reading on the Calendar."

Speaker Redmond: "Representative Maragos."

Maragos: "The problem arises, there's a series of five bills. I wanted to put them into Interim Study Calendar, but I was advised this morning that if I use this method of . . . ah . . . keeping them in committee, we can, of course, come out with a . . . ah . . . committee bill, however, the problem arises that there's a series of five bills and the time element that maybe one or two might want to stay in their original form; and in deference to the sponsors, I tried to accommodate them rather than . . . ah . . . keep them up. Now, . . . ah . . ."

Speaker Redmond: "Representative Schlickman."

Schlickman: "Mr. Speaker and members of the House, with respect to the Majority Leader's motion . . . ah . . . relative to certain substantive bills . . . ah . . . to be placed with the . . . ah . . . order of Second Reading, First Legislative Day, I'm wondering if he'd respond . . . yield to a question?"

Speaker Redmond: "He indicates he will."

Schlickman: "Is this motion being made with the understanding that these bills will stay at the order . . . will these bills stay at the order of Second Reading, Second Legislative Day, until the appropriation's bill has caught up with it, number 1; and number 2, if the appropriation's bill is killed in committee, will the substantive bills then be tabled?"

Shea: "It was the intention to keep the bills on the Calendar until the appropriation bill catches up with them."

Schlickman: "At the order of Second Reading, Second Legislative Day?"

Shea: "First Legislative Day."

Schlickman: "Well, say a First Legislative Day until the appropriation's

GENERAL ASSEMBLY

STATE OF ILLINOIS

bill has caught up with it?"

Shea: "And I will make that part of my motion when everybody gets a chance to look at this, I will phrase the motion in such a way."

Schlickman: "All right, now, can we also have an agreement that if the appropriation's bill is defeated in committee, that the substantive bill will then be tabled?"

Shea: "I would have no objection as making that part of the motion."

Schlickman: "Thank you."

Speaker Redmond: "Representative Hanahan."

Hanahan: "I . . . I notice on the list, 2555, which I'm in opposition to, and its the recreation of Labor Laws Study Commission. Now, the only way I could . . . ah . . . hear the arguments in what they have done and performed in the last couple of years and . . . and not being very impressed with what their actions have been, I'm in opposition to granting them this . . . ah . . . to this motion including House Bill 2555, because I . . . I have every intention in the World that when the bill is before the Appropriation's Committee to help defeat it there; and I don't want to be debating the appropriation, I want to be debating the issue of the bill; and . . . and these legislators, at least in this bill, certainly had enough time and plenty . . . ah . . . all year long to have this bill heard. Why should they now be given the right to relieve it by a single motion just to put the bill out in Calendar, when many of us have been waitin' to kill some of these . . . ah . . . absurd commissions? So, Mr. Speaker, may I . . . may I have a . . . ah . . . information, how do we delete . . . ah . . . a number that I have an objection to? I'm not in objection to the rest of the series."

Speaker Redmond: "Well, we can take . . . we can take that one out, I suppose, and have a vote on it separately. As we'll take . . . it requires 89 votes. Representative Shea."

Shea: "Well, Mr. Speaker, I . . . I can understand that some members may object to one bill on here, but would say treat the rest alike. My committment to this House, when I made a statement yesterday, was that I would put all bills in the same category on the Calendar, in the same method; and I think . . . and I don't even know which bills are

MAY 2 1975

24.

where, but I would think to single out any member's bill from a group of bills that I made a commitment on, I would object to."

Hanahan: "Well, Mr. Speaker, I think all of us understand the rules enough that when we have bills we're to call on by a deadline, and I'm not asking for anyone to be treated unfairly, I'm just asking for all us to be treated equally. You know, we passed the Equal Rights Amendment out of this House, and I'd like to be treated equally, that if the member has a bill assigned to a committee, that he call the bill, not to have a motion to move it out of committee when you've been waiting to kill it in committee."

Speaker Redmond: "Representative Shea."

Shea: "As part of my motion, could we have a little order, Mr. Speaker, as part of my motion, I was going to move to put these bills on First . . . on Second Reading, First Legislative Day, and ask that they be held there, and perhaps even made a separate category on the Calendar; until the appropriation bill catches up with it. If the appropriation is still in committee, the bill will automatically be tabled and be taken from the Calendar."

Speaker Redmond: "Representative Madison."

Madison: "Thank you very much, Mr. Speaker. Mr. Speaker, as a member of . . . ah . . . one of the Appropriation's Committees, I would like to have a commitment from the Majority Leader or at least the Chairman of the Appropriation's Committee that when these appropriations bills come before us, we will at least have access to the substantive bills. It may be that we might want to vote on the appropriation's bills based on the substance of the substantive bills; and I . . ."

Speaker Redmond: "They will be available, I will assure you."

Madison: "Thank you very much."

Speaker Redmond: "Representative Hanahan."

Hanahan: "Yes, well, the Majority Leader said that if this is going to be done that it would be tabled automatically and . . . and I don't know under what rule we're going to operate that bills are going to be tabled automatically because of this . . . ah . . . maybe a motion at that time may be in order, but if the majority of the membership does not go along with the tabling of the bill automatically or the

MAY 2 1975

25.

sponsor doesn't, you know, where are we going to be then? We're . . . we're just going helter-skelter on these rules and they're not going to be treating all the members fairly, now."

Speaker Redmond: "Representative Shea."

Shea: "Mr. Hanahan, I said that when I make the motion, I will make it part of the motion so that when you vote on putting these bills on the calendar, part of it will be that if the companion appropriation bill does not come out, the bill will be tabled."

Hanahan: "All right, all right."

Speaker Redmond: "Ready for the question, Representative Shea."

Shea: "If nobody has any further questions, with . . . with regards to the list, I will now make the motion and then read the bills by bill number so that the transcript will be perfectly clear."

Speaker Redmond: "Proceed."

Shea: "I move that the following bills, which have companion appropriation bills, be taken from the Committee on Assignments or the appropriate Appropriation Committee or another committee where they may have been reported out do pass and as of today be taken and placed on the Calendar in the order of First Reading, First Legislative Day, or Second . . . Second Reading, First Legislative Day, and be placed on the Calendar on a special order of business and that those bills remain there and do not move until their companion appropriation bill is heard in the Appropriation's Committee. If the bill . . . the companion bill is reported out do not pass, those . . . those bills will . . . the companion bill will be tabled."

Speaker Redmond: "You've heard the gentleman's motion. Representative Matijevich."

Matijevich: "Mr. Speaker and Members of the House, I think it would be wise if on the Calendar we . . . ah . . . put it in a separate category and possibly also in parenthesis the companion appropriation bill so we . . . ah . . . we know that that has to stay there until the appropriation bill comes out."

Speaker Redmond: "Representative Peters. Representative Peters."

Peters: "Representative Shea . . . ah . . . in regard to your motion, I'm in total agreement except for the last one or two sentences of that."

MAY 2 1975

26.

Ah . . . When the motion here provides that they will be automatically tabled. I think . . . ah . . . in that regard, if the bill is on the Calendar, even though the appropriation is not there, I think the member still has a right to proceed with his bill; and I would ask, Representative Shea, that . . . ah . . . you delete from your motion that last part about the . . . the tabling end of it. I think that should be de . . . determined on . . . on each particular bill."

Speaker Redmond: "Representative Shea."

Shea: "Mr. Peters, you're on the Appropriation Committee, would you report out a companion bill with an appropriation bill if you killed . . . if you killed the appropriation by reporting it out do not pass? Would you report its companion bill any other way than do not pass?"

Peters: "No . . . no, I would not, Representative Shea, except I . . . I don't think we ought to get in the position of making motions ahead of time what we're going to do with series of bills if something else doesn't happen. That . . . that's just my problem with it."

Shea: "I think it would be unfair to the Appropriation's Committee to . . . if they acted on killing an appropriation, that the companion bill, if it were in Appropriation's, would be killed. I've made my motion in the form that I think is proper. I would like to now read the bill numbers."

Speaker Redmond: "Proceed."

Shea: "The bill numbers that I have reference to are House Bills 175, 450, 724, 1264, 1414, 1521, 1584, 1615, 1716, 1761, 1795, 1815, 1828, 1871, 2054, 2075, 2102, 2119, 2438, 2451, 2455, 2462, 2470, 2477, 2555, 2558, 2579, 2702, 2789, 2811, 2835, 2891, 2928, 2954, 1524 and 2443."

Speaker Redmond: "Representative Telcser."

Telcser: "Representative Shea, now, does your motion contain that language with respect to tabling companion bills if the appropriation is defeated in committee?"

Shea: "Yes, sir."

Telcser: "Well, let me just . . . ah . . . say two things. In the first instance, this was not discussed yesterday on the floor . . . ah . . . when I was . . . ah . . . agreed to withhold the . . . ah . . . motion to discharge committee, this particular subject does not . . . ah . . ."

MAY 2 1975

27.

did not come up at that time. Obviously, now, that it's come up now, it's somewhat of an afterthought. Ah . . . I would like to remind you . . . ah . . . and the members that the first time I passed . . . ah . . . bills for the state for bilingual education, the appropriation was taken out of those bills and the bill became law without the appropriation. Now, . . . ah . . . I think this is something we ought to talk about and not take up necessarily on this particular motion. Ah . . . Frankly, I think you're probably right in what you want to do, but you take members by surprise today . . . ah . . . when you include something else in the motion which we discussed yesterday."

Speaker Redmond: "Representative Shea."

Shea: "Well, Mr. Speaker, I think if there's any bill on the category the gentleman speaks of, at the time the appropriation bill is reported out do not pass and the bill was going to be tabled, the members to file an appropriate motion to prevent that bill from being tabled, and if he's joined in 89 members, it would not have to be tabled."

Speaker Redmond: "Representative Satterthwaite."

Satterthwaite: "Mr. Speaker, I'm unclear at this point of the status of a bill of mine on this list. It's 1761. It does not have a companion appropriation bill. The expectation is that the appropriation for this bill would come through the Office of Education Budget; and I don't know what will happen to my bill . . . ah . . . after this event."

Speaker Redmond: "Representative Shea."

Shea: "I would amadam . . . I would imagine that what would happen is that you say that the appropriation bill for that agency has been amended to include that appropriation and make a statement to move the bill to Second Reading, Second Legislative Day."

Speaker Redmond: "Satisfied?"

Satterthwaite: "Does that mean that my bill will not automatically be tabled when there is no specific appropriation bill coming out in relation to it?"

Shea: "Yes, that's what I would think."

Satterthwaite: "Thank you."

Speaker Redmond: "Representative Kane."

Kane: "Representative Shea, this may have been covered in your . . . in your

GENERAL ASSEMBLY

STATE OF ILLINOIS

HOUSE OF REPRESENTATIVES

other . . . ah . . . answer, but . . . ah . . . what would happen to an appropriation . . . well, what would happen to the companion substantive bill if the Appropriation's Committee killed the appropriation but the . . . the appropriation companion bill but passed out a committee bill that included an appropriation to fund that project?"

Shea: "I would imagine that those bills would then move."

Kane: "But under the terms of your motion, the substantive bill would die."

Shea: "I don't think so. Under the statement I made, that when either the companion appropriation or an appropriation came out of committee, and I think you have reference to the fact that there are several commission bills on here and the the omnibus appropriation bill comes out, those bills would then move."

Kane: "Mr. Speaker."

Speaker Redmond: "Representative Kane."

Kane: "Ah . . . There is a bill on this list, 2119, that was voted out of Appropriation's Committee . . . ah . . . yesterday or the day before. Could the . . . ah . . . on Wednesday . . . could the Clerk verify that it's been reported so we can take it off this motion? Mr. Speaker?"

Speaker Redmond: "Representative Schlickman."

Kane: "Mr. Speaker?"

Speaker Redmond: "Oh, pardon me."

Kane: "Ah . . . House Bill 2119 was reported out of Appropriation's Committee Wednesday. Could the Clerk verify that it has been reported out so that we can take it off of this list?"

Speaker Redmond: "We're in the process of doing that, Representative Kane. Representative Schlickman."

Kane: "Thank you."

Schlickman: "Well, Mr. Speaker and members of the House, I think the motion that the Majority Leader is making is one of the most responsible motions that a Majority Leader could make. Now, this motion serves as an accommodation, serves as an accommodation to the members who have the substantive bills in committee. We all know that if they aren't brought out by this motion, they will automatically die. We can't extend . . . extend the deadline because of the joint rules, which we,

MAY 2 1975

alone, cannot . . . ah . . . suspend. Now, as he rightfully pointed out, none of us can imagine that the Appropriation's Committee would beat an appropriation's bill, but report out a substantive bill. For the motion to be in any other fashion, to my way thinking, would be subversive of the process; and I join with him in soliciting and securing the support of the membership relative to this motion."

Speaker Redmond: "Are you ready for the . . . Representative Kane."

Kane: "Yes, 2119, has that been reported out?"

Speaker Redmond: "Yes, it has?"

Kane: "Could we strike that off the list?"

Speaker Redmond: "Representative Shea."

Shea: "I will remove House Bill 2119 from the list that I have read."

Speaker Redmond: "Representative Hanahan."

Hanahan: "Once again, so I know exactly what I'm voting on on a very confusing point here. House . . . another House Bill 2558, which is the substantive bill to amend a Housing Development Act that the House Appropriation's Committee spent all morning on or most of the morning on and probably into the wee hours of the night is going to spend on the Housing Development Act. If this bill is allowed out on Second Reading through this motion, this is a bill of Representative Meyer and Dan Houlihan, if this bill is put out on the floor on Second Reading, is there a committment between the Majority Leader and this House that this bill will not be used as a vehicle to amend the Illinois Housing Development Act in any other manner? I'm sure that that's one of the problems of . . . of allowing bills of this nature to be put out on the floor of the House."

Speaker Redmond: "Representative Shea."

Shea: "As I said, Mr. Hanahan, the bill will not move unless the . . . the appropriation catches up with it, whether it be through a committee bill, Funding Commission, through an appropriation in a department appropriation or a companion appropriation bill. If the Appropriation Committee would move out the companion appropriation bill, and those two bills went to Second Reading, Second Legislative Day, they'd become part of the legislative process and could be amended any way."

MAY 2 1975

30.

Hanahan: "Well, well, then, Mr. Speaker, I'd like to speak against this motion."

Speaker Redmond: "Proceed."

Hanahan: "That's exactly the point, Mr. Speaker, I was trying to bring up, that a lot of these bills, if allowed on this unanimous motion, are going to be used a vehicles to the contrary position of many committee members that have taken their time to spend in committee and to debate the issue and to listen to the witnesses. All we're going to do now is move out bills that somehow if other positions on appropriations are taken that the bills will be out here on the Second Reading and could be amended to do any damn-well please that 89 votes or a majority of those votes on the House floor wants it to do. I object specifically to a bill to be brought out on the floor of the House in the guise of one thing and to be amended to do many other things to the detriment of the wishes of a committee when a member had all the time and opportunity like many of us did of moving bills in committee according to the rules that set down by the joint House rules; and I'm against this motion."

Speaker Redmond: "Representative Shea . . . Choate . . . Representative Choate."

Choate: "I'm not as tall as Gerry."

Speaker Redmond: "Better looking."

Choate: "I'm more handsome. Ah . . . Mr. Speaker, I think that we can resolve this maybe and hopefully, and not . . . but I do agree with what Representative Hanahan has said, we're running a grave danger of bringing about things to happen that . . . ah . . . committees probably maybe do not want to happen, however, I think, Gerry, that the big question that needs to be asked here, will a substantive bill that would be discharged under this motion be allowed to be amended to the extent that it would hear . . . that it would carry an appropriation and circumvent the . . . ah . . . rules that way."

Speaker Redmond: "Representative Shea."

Shea: "Appropriation bills must be separate bills."

Speaker Redmond: "Representative Matijeovich."

Matijeovich: "Well, as usual, you know, you can always agree with a little

MAY 2 1915

31.

bit of what every body says; and I agree with some of what . . . ah . . . Representative Hanahan says, except that I . . . I read on the Calendar where the companion bills to the bill that he's speaking of has already been ap . . . ah . . . reported out and on the Calendar and evidently reported by the Appropriation's Committee, isn't that true and then why is that on the Calendar and not the companion substantive bill? It appears to me that it would have been the more responsible thing for the Appropriation Committee to do to report both of the bills out or kill both of them. Ah . . . Well, I see one bill on the Calendar . . . ah . . . House Bill 2559 is on the order of Second Reading. Evidently, it's been reported out, that is the appropriation bill. The substantive bill, evidently, has not been reported out; . . . ah . . . and . . . ah . . . oh, it went back? How did it get on the Calendar? Oh, O.K. All I can do is go by what I see."

Speaker Redmond: "Representative Walsh."

Walsh: "Well, Mr. Speaker, and ladies and gentlemen of the House, I would like to concur, absolutely, with what Representative Hanahan said with respect to House Bill 2558; that bill, certainly, could be a vehicle for a bill that was defeated in the Appropriation's Committee just before we convene today; and I see no reason on Earth why we should put that bill on the Calendar. So I would object strongly to considering all of these at one time. I agree with Representative Schlickman that . . . ah . . . there's no point in passing a substantive bill if the appropriation's bill does not pass; and I think that that should be a part of the Majority Leader's motion; but I, strongly agree with Representative Hanahan that we ought to consider this motion by striking House Bill 2558."

Speaker Redmond: "Representative Beaupre."

Beaupre: "Mr. Speaker, this argument about these bills being potential vehicles is really a spurious argument. If the bill can get 90 . . . ah . . . 89 votes on this House floor, it would have enough votes to be discharged from any committee, if it can get 89 votes on this House floor, then it deserves to be passed and to suggest that we're going play political gamesmanship by beating bills in committee that can

GENERAL ASSEMBLY

STATE OF ILLINOIS

HOUSE OF REPRESENTATIVES

MAY 2 1975

32.

get 89 votes on the floor is really a spurious argument. I think that the . . . the Majority Leader, here, has made sound motion, which is fair to everybody in this Chamber; and we ought to pass it and get it over with."

Speaker Redmond: "Representative . . . Representative Telcser."

Telcser: "Ah . . . Mr. Speaker, just to . . . ah . . . inform the last speaker that if a motion, Representative Beaupre . . . Representative Beaupre, if a bill has a do pass motion in committee and that do pass motion fails, it would take 107 to discharge the committee, if that's the only action, I tell you that simply as a point of information."

Speaker Redmond: "Representative Lundy."

Lundy: "Mr. Speaker, Rule 67 of the Temporary Rule 67C says it takes 89 votes to discharge a committee."

Speaker Redmond: "Are you chastened, Representative Telcser? Are you ready for the question? Representative . . . Representative Madison."

Madison: "Mr. Speaker, . . . ah . . . would the . . . ah . . . Sponsor of the motion yield for a question?"

Speaker Redmond: "Yes, he will."

Madison: "Mr. Shea, . . . ah . . . I'd like to ask you a rather naive question. If an appropriation's bill fails in committee and a substantive bill is passed on this floor, is that substantive bill for all intention purposes meaningless?"

Shea: "No."

Madison: "Thank you."

Speaker Redmond: "Are you ready for the question? The question is on the adoption of the motion. Representative Kane."

Kane: "Could, if the Appropriation's Committee wanted to appropriate money to fund one of these substantive bills, could not the Appropriation's Committee pass out a substantive bill as a committee bill and it would be exempt from the deadline?"

Speaker Redmond: "Representative Shea."

Shea: "Mr. Kane, knows full well that any committee bill, whether it comes out out of Appropriation's or any other committee is not subject to the deadlines."

Kane: "So if we defeated this motion and the Appropriation's Committee

MAY 2 1975

33.

wanted to appropriate, they could pass a substantive bill as a committee bill and the bills would not be dead."

Shea: "Mr. Kane, the reason I made it was so that all members would be treated alike and I would renew my motion."

Speaker Redmond: "The question is on the adoption of the motion. All those in favor vote 'aye', apposed vote 'no.' Representative Washburn."

Washburn: "Thank you, Mr. Speaker. Ladies and gentlemen of the House. I think there's some confusion or lack of understanding, at least. Just what are we voting on? Who's motion is it and how was it stated?"

Speaker Redmond: "Representative Shea, will you restate the motion?"

Shea: "I will try to, Mr. Washburn. Can I tell you what the intent to the motion was and then I will try to phrase it in the appropriate language?"

Speaker Redmond: "Representative Shea, I didn't even know that it was your motion or Representative Hanahan's motion so if it is your motion, please restate it?"

Shea: "The intent is to take these bills that have been through a substantive committee, and would or have been re-referred to Appropriations. Where the appropriation bill, companion appropriation bill is now resting and to take them from either the Appropriation's Committee or the committee on assignment, place them on the House calendar in a special order of first reading, second legislative day and hold ... Second reading, first legislative day and hold them ...and hold them in that category until such time the companion appropriation bill comes out of committee. If the companion appropriation bill is reported out--do not pass, the bill would be tabled."

Speaker Redmond: "Representative Duff."

Duff: "And that motion applies to all the bills on this list?"

Shea: "Yes, sir. To the bills, I read."

Duff: "Thank you."

Speaker Redmond: "Representative Hanahan."

Hanahan: "...Speaker, I once again might as well just, you know, say it how it is instead of let's quit beatin' around the bush. I've...I've never even heard of such a suggestion as one of the former representatives said, 'to hell with the committee system'. We've specifically stated that if a bill is not before that of a committee it takes a 107 votes to get it on the floor of the House. Now I want to tell the members of

MAY 2 1955

34.

exactly why I object to twi...Representative Myer's bill 2558. This morning in Appropriation's Committee a bill increasing the...ah... bonded indebtedness up to \$1,100,000,000 of the Housing Development Authority Act was before the House Appropriation's Committee. It was tied 12 to 12. Now I suggest that if this bill, 2558, comes out on this floor through this motion, and a little pressure is put on to bring out the other bill, 2559 that then, all of a sudden, the floor of this House will be two bills that is allowed to be amended in any manner that so...."

Speaker Redmond: "Representative Myer, for what purpose do you arise?"

Representative Myer, for what purpose do you arise?"

Myer: "Representative Hanahan, 2559, if you will look on your calendar, is on second reading, second legislative day."

Speaker Redmond: "Representative Hanahan."

Hanahan: "May I continue, sir. We already went through that Representative Myer and it is back in committee. And the motion that is before us will allow this bill, these two bills, if the Appropriation bill comes out to be used as a vehicle to do what a bill has been tied up in the committee after many hours of"

Speaker Redmond: "Representative Myer, for what purpose do you rise?"

Myer: "Mr. Speaker, if...if 2559 has been re-referred, all right, and Mr. Hanahan is concerned that if the Appropriation's bill is defeated, I give him my personal word that I will table the substantive bill."

Speaker Redmond: "Representative Hanahan."

Hanahan: "That's not quite enough, Representative Myer. Because I...I... I think, I very honestly would say and suggest that you could get the thirteen votes on that appropriation bill from that committee that we heard that you serve on. That I have no objection to the \$120,000 that you want. I would object though, if all of a sudden these two bills or one of these bills are amended some time in the future to include 600,000,000 or the 400,000,000 dollar bonded increase in the Illinois Housing Development Act. That's the commitment I would like to hear."

Speaker Redmond: "Representative Myer."

Myer: "I've...I will give you my personal commitment that these, I will

MAY 2 1975

35.

accept no amendment to either of these bills in either the House, Senate or a Conference Committee."

Speaker Redmond: "Representative Hanahan."

Hanahan: "Then I will remove my objection to this bill."

Speaker Redmond: "Sealed in blood. Everybody voted who wish? Representative Washburn."

Washburn: "Thank you, Mr. Speaker and ladies and gentlemen of the House.

I have some reservations and some serious questions about the...ah...
...ah...tabling, automatic tabling of the bills on second reading if
the appropriations bill does not meet success in committee. I would
ask Representative Shea to re-consider that motion, to reword it...
ah...there is some...there are some substantive bills that could go
on and and be effective and...and be helpful to the general public
without an appropriation bill. Its been done in the past, two or three
have been pointed out to me while I've been standing here. So it's
really not an exceptional case or really a rare case where a substantive
bill can be effective without an appropriations bill and I would ask,
Jerry, that you reword your motion so that we can clear this matter up
and proceed."

Speaker Redmond: "All voted who wish? Representative Shea."

Shea: "Mr. Washburn, if, I think, it was phrased any other way, it might be
to the detriment of the body. If when we talk, can I think there's
perhaps, let's take one of the bills on the commission for the blind.
Although the appropriation bill might not come out, the commission be
favorable or it might be a good idea. If you can 89 votes to pass that
bill, you can get 89 votes to prevent it from being tabled."

Speaker Redmond: "Have all voted who wish? Take the record. On this
question, there's 102 'yes', 18 'no' and the motion is adopted.
Representative Maragos."

Maragos: "Mr. Speaker, are you finished on this issue? Then I have another
inquiry, Mr. Speaker, I want it for the record stated that all bills
that have not been reported on a committee but have been adopted as do
pass, do not automatically die today. Is that correct? As long as
they are in a 10 day rule for reporting, I want that also corrected.

GENERAL ASSEMBLY

STATE OF ILLINOIS

HOUSE OF REPRESENTATIVES

MAY 2 1975

36.

I want that also stated for the Record, because of many committee clerks are still working because of the . . . ah . . . landslide of business we've had the last two weeks . . . is I don't . . . I'm asking whether the ten-day rule to report bills out of committee, after they've been acted upon, will also be presented by their fact that they have to be on the Calendar as of today, and this effects all committee, not just . . ."

Speaker Redmond: "Representative Shea."

Shea: "The rule . . ."

Speaker Redmond: "Read the joint rule."

Shea: ". . . the rule is that they be reported out of committee as of today so that the action taken by the committee will be as of May the 2nd and be within the rule."

Speaker Redmond: "Representative Maragos."

Maragos: "Yes, my . . . my concern is, Mr. Shea, and members of the House and . . . ah . . . Mr. Speaker, that many of the clerks of all committees who have been acting on bills today have not reported them out today. So the question is, is there's a . . . do I understand, Mr. Shea to say, that if they have been acted upon by the committee as of today, they've got ten days to report them out and they'll be live bills on Second Reading next week?"

Speaker Redmond: "That is correct."

Shea: "That's correct."

Maragos: "I just want it for the Record so there'll be no misunderstanding.

Thank you."

Speaker Redmond: "Representative Skinner."

Skinner: "Mr. Speaker, along that same line, if . . . ah . . . motions are filed on a timely fashion with regard to bills that have not yet been reported to the floor, will they be considered as . . . ah . . . timely?"

Speaker Redmond: "Would you restate your inquiry, please?"

Skinner: "Well, for instance, there are lots of motions on the . . . on Calendar to discharge, there are motions, I presume, to . . . ah . . . take from the Table if those motions are on file with the Clerk by the end of today, will they be considered . . . will the bills be con-

sidered to have been reported to the floor on time if those motions pass?"

Speaker Redmond: "Talking about the ones that are on the Calendar, now?"

Skinner: "Ah . . . Perhaps one that I just put on the Clerk's desk right now."

Speaker Redmond: "If its filed within the proper time, why then its . . . its appropriate."

Skinner: "And if it . . . if the motion prevails, then the bill would be reported within the deadlines onto the rules?"

Speaker Redmond: "Yes."

Skinner: "Thank you."

Speaker Redmond: "Representative Matijeich."

Matijeich: "Only to correct, Mr. Speaker, only to correct some of the statements on how many votes its takes. It takes 89 votes to discharge a committee. It also takes 89 votes to take from the Table as long as you have a written motion within two days of when it was reported out. Someone here said 107 and . . . and that's in error."

Speaker Redmond: "Representative Walsh."

Walsh: "Well, Mr. Speaker, under the provisions of Rule 67, the gentleman's motion must be carried on the daily Calendar; and I don't see the motion on the daily Calendar."

Speaker Redmond: "Representative Matijeich."

Matijeich: "I make the point of order that . . . ah . . . he refer to Rule 67, and Rule 67 refers to a motion to discharge committee."

Speaker Redmond: "Committee Reports. Representative Totten."

Totten: "Thank you, Mr. Speaker, I have one inquiry of the Chair, if, at the rate we're going and the Appropriation's I Committee has to meet yet, if we should not vote until after midnight tonight, which is the deadline for bills, what's the situation of those?"

Speaker Redmond: "I think that that's . . . ah . . . an improper question. If . . . ah . . . if it happens, then I'll have to make the ruling, because I can't anticipate that; and if we don't stop pretty soon, we're not going to get to our . . . ah . . . meeting up in Arlington Park or wherever we're going."

Totten: "Well, I think . . . I think a ruling might be appropriate seeing

May 2 1975

the committee may be here . . . ah . . . that . . . ah . . ."

Speaker Redmond: "Well, if it happens, then I'll rule on it; but I'm not going to rule in advance."

Totten: "I . . . will you be here at 12:00 o'clock?"

Speaker Redmond: "Surely, will you?"

Totten: "I intend to."

Speaker Redmond: "Committee Reports."

Jack O'Brien: "A report from the Committee on Rules at a meeting on the Committee on Rules held Thursday, May 1, 1975, pursuant to notice the committee adopted the House resolution, which proposes permanent rules for the House of Representatives of the 79th General Assembly. Attached, hereto, is the committee resolution and reports the same to the House for introduction with the recommendation that the resolution be adopted. William A. Redmond, Chairman."

Speaker Redmond: "Representative Washburn."

Washburn: "Ah . . Mr. Speaker, I was trying to seek recognition here to ask for a verification to that Roll Call."

Speaker Redmond: "We've gone to another order of business, Representative Washburn."

Washburn: "I sure didn't . . . I did . . . I was waiting for you to announce it; if you announced it, I certainly didn't hear it or were prepared to announce it, I didn't hear it at all."

Speaker Redmond: "It was . . ."

Washburn: "We got off on another subject before it was announced."

Speaker Redmond: "It was announced and cleared; it was adopted. How about the rules, where are we . . . read the resolution . . ."

Jack O'Brien: "House Resolution 237 admitted by the Rules Committee."

Speaker Redmond: "Speaker's Table. There's an announcement that . . . that House Resolution 237, which has to do with the rules, has been . . . is in preparation now. If you can pick them up, we have them here. You can pick them up prior to 6 . . . around 6:00 o'clock, and if you don't, we'll mail them to you at your home. Are they here? Well, I guess they're here then, you can get them there. Representative Kane."

Kane: "Mr. Speaker, could you give us some indication of . . . ah . . . when you intend to call these rules for . . . ah . . . vote on the floor of

MAY 2 1975

the House?"

Speaker Redmond: "I would assume the members should be able to look them over on the first part of the week, maybe Tuesday, let 'em have them over the weekend, first part of the week."

Kane: "What will be the ruling on as far as the offering of amendments?"

Speaker Redmond: "Well, they're in order, yes . . . ah . . ."

Kane: "Would they have to be printed and distributed before the amendments could be voted on?"

Speaker Redmond: "Could be . . . they should be, yes. You have any problem with them . . ."

Kane: "Yeah, well, when would be timely filing for amendments?"

Speaker Redmond: "We'll give you the Wednesday on this or either Tuesday or Wednesday."

Kane: "Thank you."

Speaker Redmond: "Representative Maragos."

Maragos: "Mr. Speaker, another inquiry because these are vital questions to all the committee chairmen and committee . . . I notice on the Calendar that you have . . . ah . . . distributed to the members of the House that you are not going to have any committee meetings set for next Tuesday and I think Wednesday and Thursday of next week according to the Calendar. We have already set out and given notices for hearing of various Senate bills in the Revenue Committee and some constitutional amendments. What is the ruling of the Chair in . . . ah . . . regarding those . . . ah . . . committee meetings, especially . . . ah . . . of the Tuesday committees that you said there'll be no committees on May 6th?"

Speaker Redmond: "We've already posted them, I would assume that you could go ahead with your committee hearings."

Maragos: "Well, are you going to tend to then recess the House for . . . ah . . . during those hours . . ."

Speaker Redmond: "Wait a minute, wait a minute, Representative Shea."

Shea: "Sam, you can just continue it for the one week until the next week."

Speaker Redmond: "Representative Washington."

Washington: "Mr. Speaker and members of the House, Judiciary I Committee meeting will . . . ah . . . convene right after we adjourn in Room

A1, we were in Room C1; we'll meet in Room A1. Now, that's for the convenience of members who are on both Judiciary I and II. It is my understanding that Judiciary II will meet in D1, which is right across the hall."

Speaker Redmond: "Representative Lechowicz, do you have an announcement?"

Lechowicz: "Yes, Mr. Speaker, and ladies and gentlemen of the House, Appropriation's Committee will reconvene immediately after adjournment on the House floor to . . . ah . . . reconsider . . . ah . . . to consider the accelerated bonding program."

Speaker Redmond: "Any further announcements? Representative Shea."

Shea: "Mr. Speaker, I move that the House do now adjourn until Monday, May the 5th 'til 12:00 o'clock noon for Perfunctory Session; and then will adjourn from that Perfunctory Session until Tuesday, May the 6th to 10:30."

Speaker Redmond: "You've heard the motion. The question is on the adoption of the motion. All in favor say 'aye', oppose 'no'; the 'ayes' have it. The motion's adopted. Representative Katz."

Katz: "Ah . . . Mr. Speaker, the rules are now on everyone's desk. House Resolution 237. The cross index to the rule . . ."

Speaker Redmond: "I am advised the Republicans don't have them, Mr. Katz."

Katz: "Oh, well, they are being distributed right now. The ones . . . the cross index is almost completed and the summary. They will be mailed to the members at their home . . . ah . . . so that it will be mailed out today and they will, certainly, have them by Monday; but I wanted to let them know we had hoped to distribute them together, but they'd better just take their brown books, those that have them, home with them; and the summary and the cross index will be mailed to their homes over the weekend. Also, Mr. Speaker, Judiciary II is holding a brief meeting in Room D1 immediately upon adjournment. I assume our colleague, Mr. Washington, has announced that Judiciary I is meeting in A1 immediately after the adjournment."

Speaker Redmond: "House stands adjourned."

Jack O'Brien: "The Rule Books for the Republican members will be at the Clerk's desk momentarily and you can pick them up."

Duff: "Ah . . . Jack, did you say that the Rules Books are available for

MAY 2 1978

41.

Republican members at the Clerk's desk?"

Jack O'Brien: "They're collating them now in the service unit. It will be approximately ten minutes."

Duff: "All right, now, there are a lot of members that have left the Chamber and may even have started home . . . ah . . . if they don't get them, are they going to be mailed to them?"

Jack O'Brien: "Right, and they'll be . . ."

Duff: "Where?"

Jack O'Brien: "There'll be another Rule Book for you in your office Tuesday when you come back."

Duff: "Well, now, . . . ah . . . have the Democrats got their Rule Books?"

Jack O'Brien: "Yes, they've been passed out, those that are here."

Duff: "And so you will mail . . . ah . . . to the members, if they don't pick the book up tonight, the Rule Book, to their home, is it, over the weekend?"

Jack O'Brien: "Yes, but you'll have one when you get back here, too, so . . ."

Duff: "O.K."

Jack O'Brien: ". . . so you'll have two Rule Books. In case you don't get one, there'll be one on yours desks Tuesday."

Duff: "Thank you."
