Doorkeeper: "Now, all that are not entitled to this House floor, will you please retire to the gallery. Thank you."

Speaker Redmond: "The House will come to order and the Members please be in their seats. We will be lead in prayer this afternoon by the Reverend Kruegar, the House Chaplain."

Reverend Kruegar: "In the name of the Father, the Son, and the Holy Ghost. Amen. O Lord bless this House to Thy service this day, once again remember Governor Kerner in our prayers. I will go onto the alter of God, under the God of my job and gladness sanctify we beseech Thee O Lord, the sickness of Thy servant Otto, that the sense of his weakness may add strength to his faith and seriousness to his repentances and grant that he may dwell with You with life every lasting through Jesus Christ Our Lord. Amen. Cardinal Leon Joseph Simms of Belgium, and replied to somebody who asked him how he could hope in the dire present time responded. I am a man of hope, not for human reasons nor for many actual optimist but because I believe that the Holy Spirit is at work in the church and in the World, even where his name remains unheard. To hope, is a duty not a luxury, to hope is not a dream but to turn dreams into reality. Happy are those who dream... dreams and are ready to pay the price to make them come true. Let us pray. O God of hope fill Thee Thy servants and the House of Representatives with all joy and peace and believing that we and Thy may abound in hope and the power of the Holy Spirit through Jesus Christ, Our Lord. Amen."

Representative Ewing and I, filed some Bills with a mandate... to unmandate some Educational Programs and we find that the real problems with... the real problems with mandated programs are that the bad one are all by regulation out of the office of Education, so we would like to do our part and ask to Table House Bill 3768, 3757, 3756, 3754 and 3753. 5.

and 3768. And, we thank you for the opportunity of having tried to send some things back to local School Boards, but find that the basic problem is not in the legislative mandated school curriculum but in those mandated programs by the Office of Education themselves by regulation and fiat and we tried... and we'll Table those Bills on the behalf of all the local School Boards."

Speaker Shea: "House Bills, Second Reading. On the Calendar of the order of House Bills, Second Reading appears House Bill 3374, Mr. Rayson. Is he on the floor? Take it out of the Record. House Bill 3378, Mr. Schraeder, on the floor? House Bill 3379, Mr. Getty, out of the record, is that for all day or just for awhile or.... House Bill 3389, the Gentleman from Fulton, Mr. Schisler."

Speaker Shea: "The Gentleman moves for the adoption of Committee Amendment #1, is there any discussion? The question is, shall Amendment #1, be adopted. All those in favor will say 'aye' those opposed 'nay', in the opinion of the Chair, the 'ayes' have it and the Amendment is adopted. Are there further Amendments?"

6.

Clerk O'Brien: "Committee Amendment #2, amends House Bill 3389, by deleting line 8 through 27, on page 8, and so forth."

Speaker Shea: "The Gentleman from Cook, Mr. Lechowicz. The Committee Chairman on Appropriations I."

Lechowicz: "Thank you, Mr. Speaker ah... I believe the Clerk has got the wrong Amendment."

Clerk O'Brien: "Amends House Bill 3389, by deleting line 8 through 27, on page 8, and inserting in lieu thereof the following; for the employment of engineers engineering, age and so forth. That's #2..."

Lechowicz: "Yeah... I believe it's line 20 to 34, on page 17 and on lines 1 through 7, on page...."

Speaker Shea: "Might I make this suggestion, if Mr. Schisler and Lechowicz would come to the Clerk's rostrum and check...."

Lechowicz: "It is Representatives Friedrich Amendment but, I will be more than happy to do so."

Speaker Shea: "So... would you get it straightened out. Take the Bill out of the record for a minute while we're working on it. Amendment #1, has been adopted, Committee Amendments 2, 3, and 4 are still waiting. On the order of House Bills, Second Reading appears House Bill 3414, the Gentleman from St. Clair, Mr. Flinn."

Clerk O'Brien: "House Bill 3414, a Bill for an Act making appropriations to the St. Louis Metropolitan Area Airport Authority. Second Reading of the Bill, no Committee Amendments."

Speaker Shea: "Are there any Amendments from the floor?"

Clerk O'Brien: "None."

Speaker Shea: "Third Reading. On the order of House Bills, Second Reading appears House Bill 3536, the Gentleman from Madison, Mr. Lucco."

Clerk O'Brien: "House Bill 3536, a Bill for an Act to amend

the School Code. Second Reading of the Bill, one Committee Amendment. Amends House Bill 3536, on page 2, line 20, by deleting 'August' and inserting in lieu thereof 'September', so forth."

Speaker Shea: "Does that come from the School Commission or... is Mr...."

Clerk O'Brien: "Offered by Representative Lucco and Committee."

Speaker Shea: "The Gentleman from Madison, Mr. Lucco to explain the Amendment."

Lucco: "Mr. Speaker, Ladies and Gentlemen of the House. The Amendment merely is a clean-up Amendment and changes ah... deletes the word 'August' to 'September', because if the monies can come in during August, it just wouldn't give them enough time... the ah... bills have to be turn in, in August and the payments would have to be made in August and they were always late, so we just changed it to September to facilitate bookkeeping, that's really about the only change that the Amendment does."

Speaker Shea: "The Gentleman from Madison, Mr. Lucco ah... offers the adoption of Amendment #1, and on the question are there any discussion? The Gentleman from Cook, Mr. Schlickman."

Schlickman: "Would the Sponsor yield?"

Speaker Shea: "He indicates he will, Sir."

Schlickman: "You indicate that the Amendment is clean-up language, however, I noticed that by the Amendment which is in three parts... and in the third part you're deleting language contain on page 3, of the Bill... which provides for a return to the State Treasurer of excess payment.... made to a School District. Now, is that clean-up?"

Lucco: "Mr. Speaker, the ah... deletion there, is merely a part that no longer ah... is apropos to the Bill,

8.

because this merely setup a law by which the payments will be made if this Bill were not passed. The ah... payment will be on the half year and this Bill merely re-establishes the method by which the payment is now being made on the current and the Bill is necessary in order to maintain the method of payment now, rather than going into effect July 1, '76. It would revert back too payment of the year preceding which would mean that the schools would have to wait for one year for their payment."

Schlickman: "If I may proceed, Mr. Speaker, with one more question?"

Speaker Shea: "Proceed, Sir."

Schlickman: "Well, I still don't understand the matter because, there are two sides to the coin with respect to.... satisfaction of claim. One side of the coin is, if the amount paid by the State is excessive, the difference is to be returned to the State and the other side of the coin is... if it's insufficient... ah.... there will be an apportionment... now, are you suggesting that under the new formula or timing for the payment there won't ever be an excess?"

Lucco: "There should not be, because this particular... these ah... the bill should be sent in on a certain date and that is the claim for that particular period of time so it should not be any over payment. No, because the payment be only meeting with the amount of the claim that would be turned in."

Schlickman: "Thank you."

Speaker Shea: "Are there any further debate? The Gentleman from Madison, Mr. Lucco offers Amendment #1, all those in favor will say 'aye' those opposed 'nay'. All those in favor will say 'aye' those opposed 'nay', in the opinion of the Chair the 'ayes' have it and the Amend-

ment is adopted. Further Amendments?"

Clerk O'Brien: "No further Amendments."

Speaker Shea: "Third Reading. Mr. Lechowicz... do you want to handle some Bills that have the Speaker's and my name on them? All right, on the order of House Bill, Second.... Third Reading appears House Bill 3343, and on that the Gentleman from Cook.... the Committee Chairman, of the Committee on Appropriations, Mr. Lechowicz."

Speaker Shea: "The Gentleman from Cook, Mr. Lechowicz on the Amendment."

Lechowicz: "You are going to have to give me a little more time, Mr. Speaker... I don't have ah...."

Speaker Shea: "You want me to take it out of the record... I'll.... if you will handle those Bills, Sir.... so if you can look for your Amendments. On the order of House Bill...."

Lechowicz: "Let's go with 3343."

Speaker Shea: "3343..."

Lechowicz: "Right."

Speaker Shea: "On the Amendment."

Lechowicz: "Ah... thank you, Mr. Speaker, Ladies and Gentlemen of the House. Amendment #1, to House Bill 3343. Speaker Shea: "The Gentleman from Cook, moves for the adoption of Committee Amendment #1, is there any

discussion? All those in favor will say 'aye' those opposed 'nay', in the opinion of the Chair the 'ayes' have it and the Amendment is adopted. Are there further Amendments?"

Lechowicz: "Lechowicz.... Lechowicz."

Speaker Shea: "Moves for the adoption of Committee Amendment #1, is there debate? On the question, all those in favor of Amendment #1, will say 'aye' those opposed will say 'nay', in the opinion of the Chair the 'ayes'

Speaker Shea: "The Gentleman moves for the adoption of Amendment #1, to House Bill 3547. On the Amendment is there debate? Hearing none, the Gentleman from Cook, Mr. Lechowicz moves for the adoption of Amendment #1, to House Bill 3547. All those in favor will say 'aye' those opposed 'nay', in the opinion of the Chair the 'ayes' have it and the Amendment is adopted. Are there further Amendments?"

Speaker Shea: "All right, is Mr. ah... Representative Donald Anderson, on the floor? Is Repres.... Speaker Shea: "The Gentleman from Peoria, Mr. Schraeder, do you seek recognition on this question? Your lights flashing, Mr. Schraeder... Are there... is there further debate... the Gentleman from Cook, Mr. Rayson moves for the adoption of Committee Amendment #1. All those in favor will say 'aye' those opposed will say 'nay', in the opinion of the Chair the 'ayes' have it and the Amendment is adopted. Are there further Amendments?"

Clerk O'Brien: "No further Amendments."

Speaker Shea: "Third Peading. Mr. ~~Craig~~ Craig, are we ready to proceed... Oh, now we've got to wait, there is a quick floor Amendment. Mr. Barnes, what about your Bill? 3820, it's on Second Reading, Sir. On the order of House Bills, Second Reading is House Bill 3820... no, we're not calling that today... All right, are there any other Bills on House Bills, Second Reading that the Sponsors wished they hadn't call today other than Mr. Craig who we're waiting for an Amendment... House Bills, Third Reading... Mr. Friedrich..."

Friedrich: "Mr. Speaker, I want to move 3492 if you didn't already."

Speaker Shea: "3492 on Second Reading?"

Friedrich: "Yes, Sir."

GENERAL ASSEMBLY

STATE OF ILLINOIS
HOUSE OF REPRESENTATIVES

Speaker Shea: "Is that First Legislative Day, Mr. Friedrich?"

Friedrich: "All right, it is, I'm sorry."

Speaker Shea: "The Calendar may not be printed very clearly but those Bills on page 2, of the Calendar are just on there for informational purposes, they can be amended on Monday."

Friedrich: "Okay."

Speaker Shea: "On the order of House Bills, Third Reading appears House Bill 3380, the Gentleman from Winnebago, Mr. Stubblefield."

Clerk O'Brien: "House Bill 3380, a Bill for an Act to provide for the ordinary and contingent expense of the Department of Labor. Third Reading of the Bill."

Speaker Shea: "Turn Mr. Stubblefield on, please."

Stubblefield: "Thank you, Mr. Speaker. This is the Bill which would provide the... ordinary and contingent expense for the Department of Labor, has two Amendments and in its amended form... it calls for ninety-eight million, three hundred and twenty-three thousand, seven hundred dollars. In ah... Committee there was a reduction of twenty-nine thousand, two hundred dollars ah... twenty-eight thousand, two hundred dollars of that was in General Revenue money ah... as compared to last year, there is a reduction overall... as opposed to last year of about four thousand, eight hundred dollars ah... we cut the General Revenue appropriation as opposed to last year by over two million dollars added ah... a similar amount in the Federal Funds. And, I would ah... appreciate a favorable Roll Call on this very important Bill."

Speaker Shea: "The Gentleman from Winnebago, Mr. Stubblefield moves for the adoption of House Bill 3380, which is the ordinary and contingent expenses of the Department of Labor. Is there debate? The question is, shall

House Bill 3380 pass, all those in favor will vote 'aye' those opposed will vote 'nay'. Vote Shea, 'aye'. Have all voted who wished? Have all voted who wished? Cissy Stiehl, 'aye'. Have all voted who wished? Have all voted who wished? Richmond, 'aye', hit Mr. Richmonds switch, 'aye' over there will you please. Somebody hit Miss Dyer's switch 'aye', back there please. Have all voted who wished? Have all voted who wished? Take the record, Mr. Clerk. On this question there are 140 'ayes', 4 'nays', 11 Members voting 'present' and House Bill 3380 is hereby declared passed. On the order of House Bills, Third Reading appears House Bill 3822, the Gentleman from Cook, Mr. Barnes."

Clerk O'Brien: "House Bill 3822, a Bill for an Act making appropriations to certain Governmental Agencies. Third Reading of the Bill."

Speaker Shea: "The Gentleman from Cook, Mr. Barnes."

Barnes: "Thank you, very much Mr. Speaker. House Bill 3822, is the ordinary and contingent expense of certain agencies ah... the Environment Protection Agency, which we had heard ah... yesterday on Second Reading, there were eight Amendments to that Bill ah... the Agency Institute for Environmental Quality, which we had heard on Second, previously, the Illinois Instit.... the Illinois Industrial Pollution Control Board for its expenses and the Pollution Control Board. These are combined together they are four sections of this Bill. The Pollution Control Board... the ah... appropriations to this fiscal year of seven hundred and forty-eight thousand for the Illinois Industrial Pollution Control Finance Authority and it's seventy-two thousand and five hundred twenty, for the Institute of Environmental Quality, eight million, one hundred and ninty-six thousand for the EPA, three hundred and thirty-seven million, four hundred and

forty-three thousand and one hundred."

Speaker Shea: "The Gentleman from Cook, Mr. Barnes has moved for the passage of House Bill 3822, is there debate? The question is, shall House Bill 3822 pass. All those in favor will vote 'aye' those opposed will vote 'nay'. Shea, 'aye'. Have all voted who wished? Have all voted who wished? Have all voted who wished? Have all voted who wished? Take the record, Mr. Clerk. On this question there are 149 'ayes', 7 'nays', 4 Members voting 'present' and House Bill 3822, passed. On the order of House Bills, Third Reading appears House Bill 3386, on which the Gentleman from DuPage, Mr. Schneider has a motion."

Schneider: "Thank you, Mr. Speaker and Members of the House. The ah... ordinary and contingent expenses for the Illinois Environmental... Institute for Environmental Quality, includes the Amendment ah... of the agreed reduction by the staff of sixty-six hundred dollars and ah... also included in the Amendment which withdrew the ah... various ah... divisions....."

Speaker Shea: "Mr. Schneider.... isn't this... we're on 3386, now isn't this the same Bill that was... ah... you want to make a motion to Table this Bill now."

Schneider: "Ah... we just ah... barely incorporated that Bill on another... it sounds like something that you would do, Shea...."

Speaker Shea: "Mr. Barnes, just passed..."

Schneider: "Ah... move that 3386, be Tabled."

Speaker Shea: "Mr. Schneider moves.... asks leave of the House that House Bill 3386, be Tabled. Is there objection, hearing none the Bill will be ordered Tabled. Speaker's Table. On the Speaker's Table appears House Joint Resolution 61, Mr. Kelly. Is Mr. Kelly on the floor? House Joint Resolution 83, Mr. Polk... On the Speaker's

Table appears House Joint Resolution 85 and on that the Gentleman from Cook, Mr. Mahar."

Mahar: "Thank you, Mr. Speaker and Ladies and Gentlemen of the House. House Resolution... Joint Resolution 85... ask the... Election Laws Study Commission to hold at least three public hearings throughout the State to determine the desirable of moving the primary from March. We have had a great deal of discussion on primary dates in the last few years, have Bills introduced... they have been put in Sub-committee, there hasn't been a great deal of discussion there's a lot of cities throughout the State that ah... primary ought to be moved and ought to probably be moved to September. I would like to ask your favorable consideration."

Speaker Shea: "The Gentleman moves for the adoption of House Joint Resolution 85, is... on that is there debate? The Gentleman from Cook, Mr. Mahar moves for the adoption of the Resolution... Mr. Lechowicz, do you have... does your light work..."

Lechowicz: "At times... ah... Mr. Speaker will the Sponsor will just briefly inform the House what this Resolution does."

Speaker Shea: "Mr. Mahar, would you go through it once more now..."

Mahar: "Yes, Sir."

Speaker Shea: "Ladies and Gentlemen, we could have some order if the Members would be in their seats. This Resolution talks about moving the primary date and to which date it could or might be moved. I would presume that most of us have a vested interest in that date and may want to listen to the discussion."

Mahar: "Thank you, Mr. Speaker. There has been a great deal of discussion on the primary date, this Resolution

asks the Election Laws Study Commission to hold some public hearing during the summer and fall, and come back to the General Assembly next January with a recommendation as to whether the primary ought to be moved from March or retained in March. I think it's a step in the direction of getting some feeling from the citizens throughout the State... as to ah... when we ought to have a primary, there has been a great deal of interest in it.. many Bills have been introduced. I thought this might be the appropriate and proper method to approach this problem."

Speaker Shea: "Do you have any questions?"

Lechowicz: "I object to the Resolution."

Speaker Shea: "The question is, shall the House adopt.... the question is, shall the House adopt House Joint Resolution 85... does this call for the expenditure of money, Mr. Mahar?"

Mahar: "Ah... no, Sir. It should be part of the Study Laws Commission budget."

Speaker Shea: "The Gentleman from Lake, Mr. Matijevich."

Matijevich: "Mr. Speaker and Ladies and Gentlemen of the House. Only to make a correction on the Calendar, it says the Executive Committee recommended the House do adopt, it was the Election Committee ah... I in fact opposed it like Representative Lechowicz."

Speaker Shea: "The question is, shall the House adopt House.... Mr. Berman."

Berman: "Well, Mr. Chairman, I ah... Mr. Speaker, I have a question of the Sponsor, if the Election Laws Study Commission is going to conduct this, why do you need a Joint Resolution?"

Mahar: "That's a good question."

Berman: "I mean, I think you've got the prerogative to hold hearings on any subjects of the Election Laws

that you want, without a Joint Resolution. If you've got the money in your pocket..."

Mahar: "We're asking them to do it, in this case I don't think they would do it without the request from this Body."

Berman: "Well, if they don't want to do it, I don't think we ought to ask them to do it."

Mahar: "I don't know if they don't want to do it."

Speaker Shea: "Would you like to hold the Resolution until Monday, when you talk to the people on the Election Laws Commission?"

Mahar: "Yes, I will hold the Resolution."

Speaker Shea: "At the request of the Sponsor, he's going to hold the Resolution. House Resolution 678, Beatty and Madigan... take that out of the record. House Resolution 703... Mr. Downs... Mr. Downs, do you want to go with 703? Did you say no, Mr. Downs? On the order of House Bills, Second Reading appears House Bill 3372, Mr. Craig."

Clerk O'Brien: "House Bill 3372, a Bill for an Act to provide for the ordinary and contingent expense of the State Fair Agency... Second Reading of the Bill, one Committee Amendment. Amends House Bill 3372, on page 1, line 11 and so forth."

Speaker Shea: "The Gentleman from Vermilion, Mr. Craig. Ah... Mr. Lechowicz, did you handle the Committee Amendment?:"

Craig: "Yes, Mr. Lechowicz has got the Amendment."

Lechowicz: "I have them both, Mr. Speaker..."

Speaker Shea: "What are you going to do..."

Lechowicz: "Yes, Committee Amendment #1, reduced the appropriations by two hundred forty-three thousand, eight hundred dollars for the State Fair Agency in the following items. Ah... thirty-three thousand, six hundred in

personel services, retirement of three thousand, nine hundred, social security of eight thousand, nine hundred, contractual services of thirty thousand and one hundred, printing, three thousand, four hundred. Automobile operation, thirty-two hundred. Fair entertainment one hundred and ten thousand, five hundred dollars, State Fair Advisory Board, one thousand dollars, awards and premium for forty-nine thousand and two hundred dollars. For a total of two hundred and forty-three thousand, eight hundred dollars and I move for its adoption."

Speaker Shea: "The Gentleman from Cook, moves for the adoption of Committee Amendment #1, is there discussion? All those in favor will say 'aye' those opposed will say 'nay', in the opinion of the Chair the Amendment is adopted. Are there any further Amendments."

Clerk O'Brien: "Floor Amendment #2, Lechowicz. Amends House Bill 3372, as amended on page-1, line 27 and so forth."

Lechowicz: "Thank you, Mr. Speaker. Ah... floor Amendment #2, is being proposed because of the fact that the Director... and also in Committee pointed out to the Membership that, a lot of the awards were already granted. In reference to the entertainment for the State Fair, he also pointed out that the State Fair was in the process of having.... for the State Fair for the first time, the live coverage of ah... the Booze Children's Show.... that has... well we may laugh but anyone with children realizes the fact that so many of the youngster throughout this State, watch that program. I think it would be beneficial in two areas, one for the additional interest that it will generate to the State Fair and, two, possibly drawing in people... families from all sections of

28.

this State because you know Channel 9, is cover.... carried by Cable T.V., for this reason there is appropriation for fifty thousand dollars to cover that section... of entertainment. All so there is restoring the dollar amount, the forty-nine thousand two hundred dollars for awards and premiums because the Director stated that the money comes out of the Agriculture Premium Fund and in turn their procedure is to have that money on hand so they can get the awards for the following year on a bid procedure. For this reason, Mr. Speaker, I'm offering floor Amendment #2, which restores approximately fifty thousand dollars in General Revenue Fund and ah... forty-nine thousand, two hundred dollars out the Agriculture Fund for a total of ninty-nine thousand, two hundred dollars. The Agency has still been cut and in turn I thought that the man had justified his position on these two matters, and I move for its adoption."

Speaker Shea: "The Gentleman moves for the adoption of Com... er ah... floor Amendment #2, on the question the Assistant Minority Leader, Mr. Walsh, you are an expert with children do you have any comment? The Gentleman from Cook, Mr. Totten, the Minority Spokesman... on Appropriations I."

Totten: "Well, thank you, Mr. Speaker. I ah... just can't believe the Chairman of the Appropriation I, Committee on his explanation of why we need Amendment #2, ah... after ah... the matter in which we debated Amendment #1, which provided for some of these cuts, I thought his logic on the cuts was ah... quite preceptive and very responsible ah... and to ah... see Amendment #2, as we've seen it here today ah... leaves me with some serious questions. First of all, ah... let me point out in the awards and premiums section, we are already

appropriating an increase of 30% over the prior fiscal year ah... for this section and if that money is not used on the ah... premium it does go back into the General Revenue Fund. In the area of ah... entertainment what the Committee did in Amendment #1, was to cut it back to the prior year level ah... the ah... State Fair Agency has ah... prepared for us a list of the Fair entertainment for this year and whether their request is for Booze or Niel Sedekaor Johnny Russell or ah... any of the other ah... some forty-five different pieces of entertainment, everyone of those contracts has a clause in it that say, if the money is not provided by the General Assembly then the contract is cancelable... it is able to be canceled, and this General Assembly when it's looking at ah... the total General Revenue Funds, I think we'll find in a serious expense or a questionable expense item when you see the list of the entertainers that we have for this year's State Fair, I think it's just not needed at this time. that Amendment #1, was wise and Amendment #2, is town foolish."

Speaker Shea: "The Gentleman from Cook, Mr. Lechowicz, do you have some comment or reply?"

Lechowicz: "Ah... an hour or two, I guess. Thank you, Mr. Speaker. In reply and I thought I would try to justify when I presented the Amendment. Unfortunately, the State Fair has already awarded the dollar amount that they had last year, they came in with a substantial increase for entertainment, it is true that we viewed the entertainment as it was presented to the Committee. In turn, as I said before... this one children's program and I think it's probably one of the best, not only in this State but in the Country, could be quite beneficial in reversing... in reversing the deficiency associated

with this State Fair, now if you want to have so much additional free publicity for this State Fair, then I would strongly recommend you go with the entertainment as it is provided in Amendment #2. I couldn't calculate the total dollar cost it would take to publicize the State Fair in that line alone on a day to day basic, I think it's... yes Representative Totten, I agreed with you as far as the other entertainment that was being proposed but, in turn I'm stating to you now... that the entertainment as it was proposed it can act for some of them but this one, I'm afraid I have to disagree with, I think it should be included and I would appreciate your support. In reference to the area of awards and premiums I would defer to Representative Craig and to the rest of the people from downstate Illinois, and I would hope that he could justify as the Director did to me in reference to the increase because of the serious competition of other State Fairs in trying to maintain the level of competition for the Agriculture in this State and yes, Ladies and Gentleman Agriculture is still the number one product in the State of Illinois."

Speaker Shea: "The Gentleman from Cook, Mr. Lechowicz moves for the adoption of Amendment #2, all those in favor will say 'aye' those opposed will say 'nay', in the opinion of the Chair... we need a Roll Call. All those in favor will vote 'aye', those opposed will vote 'no'. Vote Shea, 'aye', please. Have all voted who wished? Have all voted who wished? Take the record, Mr. Clerk. On this question there are 84 'ayes', 54 'nays', 4 Members voting 'present' and the Gentlemen's motion to... on Amendment #2, is adopted. Are there further Amendments?"

Clerk O'Brien: "No further Amendments."

Speaker Shea: "Third Reading. On the order of motion..."

on the order of motions appears Senate Bill 193 and on that the Gentleman from Franklin, Mr. Hart."

Hart: "Ah... thank you, very much ah... Mr. Speaker and Ladies and Gentlemen of the House. A little background, Senate 193, is a Bill that excepts sporting events from the noise pollution regulations of the Pollution Control Board. This Bill was heard in the ah... Committee several months ago and after a very extensive and interesting hearing ah... was held in Committee on a six to six vote. Subsequently ah... I filed a motion to ah... discharge the Committee and it never was called and the motion was Tabled under an obscure rule that I didn't know anything about, until the other day. Ah... so, I have filed this motion to take this Bill from the Table and put it on the order of Second Reading, First Legislative Day which motion I am advised requires a 107 affirmative votes. Now, what the situation is currently, with reference to ah... sporting events and noise pollution in the State of Illinois is... that as of the present time every race track in the State of Illinois is in violation of the Illinois Pollution Control Board Rule and subject to be shut down ah... by a court order. What this Bill would do, if passed, would exempt those sporting events from the Rules ah... of the Illinois Pollution Control Board. If we don't do something and ah... ah... even the Illinois Environmental Protection Agency has requested some relief from the Pollution Control Board but has not received it. There were a couple of extentions of time granted but, those extentions of time ran out on February 10, 1976 and ah... there ah... may not be anymore ah... racing... automobile racing in Illinois, if we don't do something about it ah... which is the purpose of this Bill. I'm advised that

if this Bill doesn't pass... we will drive all of the ah... motor car racing out of Illinois because there is no way that any of them can qualify under the decibel rules that are in existence now ah... to have ah... racing. Ah... the economic loss will be incalculable, I'm advised that it would ah... probably we'd lose a hundred and twenty million dollars into the economy of Illinois each year and about seventeen thousand jobs are at state. Ah... so, I would urge ah... the Membership of this Body to support my motion to discharge this Bill ah... to take it off the Table and put it on the order of Second Reading, First Legislative Day so that we can then, address ourselves to a major problem which exist in the State of Illinois right today. I'm also advised that presently one track has already been closed down by the Attorney General's Office and that one is the Santa Fe Speedway and ah... all that has to be done if for somebody to complain about the tracks that exist now... and the Attorney General Office will go into court and get an injunction and shut down the track."

Speaker Shea: "Is there debate? The Lady from Lake, Miss Reed would like to talk. Turn Miss Reed on."

Reed: "Mr. Speaker and Ladies and Gentlemen of the House. It appears to this freshman that the strength of this Legislative Body rests within the Committee system. I find it difficult to understand that the Body would approve discharge to action, particularly on a non-emergency measure, Senate Bill 193 had two fair hearings before Committee and a tie vote was the outcome. I suggest the Sponsor reconsider and refile his legislation for next Session. An emergency does not exist the Pollution Control Board is in the process of arriving at the policy in regards to noise pollution they have

been meeting consistently with sports' event fans, particularly motor racing fans and a policy will be the outcome. I ask for a 'no' vote on this discharge motion."

Speaker Shea: "The Gentleman from Stephenson, Mr. Rigney."

Rigney: "Ah... will the Sponsor yield?"

Speaker Shea: "He indicates he will, Sir."

Rigney: "Well, Mr. Hart can you tell me... does this legislation say that the Pollution Control Board may not have any regulation what so every over the noise of ah... motorcycle racing events?"

Hart: "It would exempt them from the Pollution Control Board regulations that now exist and leave it where I think it belongs, to local ordinance."

Speaker Shea: "Mr. Rigney, would you wait one minute, please. Mr. Madison, on a point of order."

Madison: "Thank you, Mr. Speaker. Mr. Speaker, as I understand this, the discussion is on the motion to take from the Speaker's Table...."

Speaker Shea: "Yes, Sir. That's it."

Madison: "And, what I hear is a discussion on the merits of the Bill and I think it's out of order. Thank you, Sir."

Speaker Shea: "Mr. Rigney, do you have any more questions? The Gentleman from Cook, Mr. Collins, your light I assume doesn't work but, I saw that you were seeking recognition."

Collins: "Thank you, Mr. Speaker ah... it's just an inquiry, is this motion debatable?"

Speaker Shea: "We've usually let somebody open and close... I think at this point we ought to go back to the maker of the motion and let him close, if he gets the requisite number of votes... we will go.... it's the intention of the Chair, as Mr. Washburn reminds me, that

we have one or two more matters of business but we'll try to be out of here by 5:25, so that Members can catch trains which Mr. Telcser told me, will leave promptly at 5:46, so the Gentleman from Franklin, Mr. Hart, turn Mr.... the Minority Leader on, It Mr. Deuster's phone."

Washburn: "Ah... Mr. Speaker, just a clarification. You're not just excusing the Republicans so the Democrats can continue on here alone are you?"

Speaker Shea: "Would you like us to do that? It would make Hel..... of a difference. Mr. Hart to close."

Hart: "Well, ah... in response to the question of the emergency, I believe it is an emergency when every race... motor race track in the State of Illinois is in violation of the law and being subject to being shut down at a cost of seventeen thousand jobs to the people of the State of Illinois and the loss of a hundred and twenty million dollars in... in income, so I think that is an emergency which we need to address ourselves too, today and that's the purpose of my motion and I would ask for a favorable vote, it takes 107 votes to pass this motion."

Speaker Shea: "The question is, shall the Gentleman's motion prevail, and House Bill 193, be taken from the Table, all those in favor will vote 'aye' those opposed will vote 'nay'. Vote Shea, 'aye', please. This motion takes 107 votes, have all voted who wished? Have all voted who wished? Have all voted who wished? Take the Roll... take the Roll Call. On this question there are 117 'aye' votes, 21 'nay' votes and the Gentleman's motion prevails. On the order of announcements the Gentleman from McLean, Mr. Bradley."

Bradley: "Well, thank you, Mr. Speaker and Ladies and

Gentlemen of the House. I would like to change the Sponsorship of House Bill 3816, which is the Department of Transportation Bill from Representative Lechowicz, is now the Chief Sponsor to... to ah... Representative Tipword and they are both aware of this change and I would like the Clerk to make that ah... change as quickly as possible. Thank you, Sir."

Speaker Shea: "The Gentleman asks leave of the House to make the appropriate change, is there objection, hearing none... Representative Tipword will now be listed as the Chief Sponsor of DOT Appropriation Bill. On the order... on the Adjournment Resolution, read the Adjournment Resolution will you, Mr. Clerk."

Clerk O'Brien: "Senate Joint Resolution 73, Resolved by the Senate of the 79th General Assembly of the State of Illinois, the House of Representatives concurring herein, that when the Senate adjourns on Friday, May 7, 1976, it stand adjourned until Tuesday, May 11, 1976, at 12:00 o'clock noon and when the House of Representatives adjourns on Friday, May 7, 1976, it stands adjourned until Monday, May 10, 1976, at 2:00 o'clock P.M."

Speaker Shea: "The Gentleman from Cook, Mr. Madigan."

Madigan: "Mr. Speaker, relative to the Adjournment Resolution there will be a Perfunctory Session tomorrow, at which time Bills which appear on the Calendar on the order of Second Reading, First Legislative Day, will be moved to the order of Second Reading, Second Legislative Day in order to provide that those Bills will be at the amendatory stage on Monday, when we return, and I move for the adoption of the Adjournment Resolution."

Speaker Shea: "The Gentleman from Cook, Mr. Madigan moves for the adoption of the Adjournment Resolution. All in favor say 'aye', opposed 'nay', in the opinion of the Chair the Resolution is adopted. Now, we've got

GENERAL ASSEMBLY

HOUSE OF REPRESENTATIVES

just a few House cleaning chores to take care of... the Bills will be introduced tomorrow, Mr. Downs has a motion... Mr. Downs, are you going to handle that motion or is Miss Chapman going to handle it?"

Chapman: "It has been referred to Committee, what I have...."

Speaker Shea: "You want to call that today? All right, now Mr. Taylor has a motion."

Taylor: "Mr. Speaker and Members of the House. I ask leave of the House to suspend the Appropriate Rule in order that we may hear House Bill 3482, as a proposed Committee Bill. It now appears on the Calendar shows as a Bill to be heard and not as a Committee proposal. It has been cleared on both sides of the aisle and I solicit your support."

Speaker Shea: "The Gentleman from Cook, Mr. Taylor asks leave of the House for unanimous consent to use the attendance Roll Call for the posting of House Bill 3482 so that may be heard in City and Villages next week, is there objection? Hearing none, it will be Journalized using the attendance Roll Call, and the Gentleman's motion carries. Mr. Taylor, do you have any further motions?"

Taylor: "No."

Speaker Shea: "Mr. Duff, do you have a motion?"

Duff: "Mr. Speaker, I would like to make that same motion for House Bill 3420."

Speaker Shea: "Have you talked to the Leadership on both sides of the aisle?"

Duff: "No."

Speaker Shea: "I would suggest, before you even ask for unanimous consent, you go to the other side and discuss it."

Duff: "It's okay by my side, Mr. Speaker."

Speaker Shea: "Mr. Walsh, seems to be a stickler for asking

those kind of questions. The Gentleman from Peoria, Mr. Schraeder."

Schraeder: "Mr. Speaker, there is a motion on ah... the Calendar under House Bill 3844, I wonder if you could call that... motion."

Speaker Shea: "House Bill.... on the order of motions appears House Bill 3844, is that it? Make your motion, Sir."

Schraeder: "Ah... Mr. Speaker, there is a motion on the desk to suspend the rule 31 (b), to place this on Second Reading without reference to Committee. It's a Committee Bill, its been heard in the Elections... it's a very needed Bill and time is running out, we have to have some special primaries there are fourteen in the State and I would ask the motion ah... be allowed and passed with the necessary votes."

Speaker Shea: "The Gentleman from Peoria, Mr. Schraeder, asks leave for unanimous consent to move House Bill 3844, to the order of Second Reading, Second Legislative Day, is there objections. Hearing none, the motion carries and the attendance Roll Call will be used."

Schraeder: "Thank you, Mr. Speaker."

Speaker Shea: "The Gentleman from Cook, Mr. Barnes."

Barnes: "Thank you, very much, Mr. Speaker. Mr. Speaker, Members of the House. I would like to ask leave to suspend the appropriate rule to have House Bill 3377, which is the Department of Mental Health, heard in Appropriations II, on Tuesday of next week."

Speaker Shea: "The Gentleman from Cook, Mr. Barnes, the Assistant... or the Vice Chairman of the Committee on Appropriation #II, ask unanimous consent for the posting and hearing of House Bill 3377, on Tuesday..."

Barnes: "May 11."

Speaker Shea: "May 9, in...."

Barnes: "May 11."

Speaker Shea: "In Appropriations II, is there objections, hearing none, unanimous consent is granted, the rule is waived and the attendance Roll Call will be journalized on that motion."

Barnes: "Thank you, Mr. Speaker. Mr. Speaker, I would require... request ah... leave to suspend the proper rule so that the Sub-committee, on the no help appropriation can meet and ah... heard on Monday, May 10, at 1 P.M., in Room H-1. The Sub-committee on House Bill 3377."

Speaker Shea: "Does the Gentleman have unanimous consent for the hearing at the Sub-committee on Monday, to hear House Bill 3377, is there objection. Hearing none, unanimous consent is granted and the attendance Roll Call will be used. Are there any other announcements, Messages, Congratulatory Resolutions... The Gentleman from Cook, Mr. Madison."

Madison: "Thank you, very much, Mr. Speaker. Mr. Speaker, I ask leave of the House to Table House Bill 3474, of which I am the Sponsor. House Bill 3474, is a supplemental appropriations to the Department of Public Aid, it is a duplication of House Bill 3358, which has passed both Houses and has been sent to the Governor and therefore I ask leave to Table House Bill 3474."

Speaker Shea: "The Gentleman asks leave to Table House Bill 3474, is there objection? Hearing none, unanimous consent is granted. Mr. Lechowicz."

Lechowicz: "Thank you, Mr. Speaker, I move to suspend Rule 18, in order to hear House Bill 3686, which is a transfer within the Department of Transportation, it was in Committee today and I would like to have leave to have that Bill posted for Tuesday, May the 11th, at 9 o'clock in Room 114, so it can be heard with the annual

Lechowicz: "Mr. Speaker, if I may, I would like to make an announcement..."

Speaker Shea: "And the attendance Roll Call will be journalized for the passage of the motion. Mr. Lechowicz."

Lechowicz: "Purpose of an announcement, Mr. Speaker.

Appropriations I, will meet Monday, at 1 o'clock, in Room 114. Thank you."

Speaker Shea: "Are there any other announcements? Agreed Resolutions, do have any Jack, are we going to do those today or Monday?"

Clerk O'Brien: "House Resolution 797, Greiman, et al."

Speaker Shea: "The Gentleman from Winnebago, Mr. Giorgi."

Giorgi: "Mr. Speaker, the Agreed Resolution honors Mrs.

Adaline Edgeworth for forty years of teaching, I move for the adoption of Agreed Resclution."

Speaker Shea: "The Gentleman moves fore the adoption of the Resolution, all those in favor will say 'aye', those opposed 'nay', in the opinion of the Chair, the 'ayes' have it and the Resolution are adopted. Further Resolutions. Death Resolution."
