Reverend Kruegar: "In the name of the Father and the Son and the Holy Ghost. Amen. O Lord bless this House with Thy service this day. Amen. Madigan: "Mr. Speaker, would the records show that Representative Beatty is excused."

Speaker Redmond: "Any objections? Representative Washburn, are you objecting? Hearing no objection, the record will show... and incidentally ah... Mr. Madigan, did you have a request in respect to Representative Beatty."

Madigan: "I requested that ah... that he be excused ah... that he be shown as ah... absent, contrary to what the Roll Call is going to show and also, that it be recorded as an excused absence."

Speaker Redmond: "Evidently his... button is out of shape there."

Madigan: "Yes."

Anderson: "Mr. Speaker, what happened to 3310?"

Speaker Redmond: "Well, I have to confess that... that I didn't call it, that I wasn't too sure that... I notice that Representative Mautino, was not here and..."

Anderson: "Well, I'm here."

Speaker Redmond: "Okay, we'll go back to it."

Clerk O'Brien: "House Bill 3436, a Bill for an Act exempting units of local government in school districts from

Speaker Redmond: "Representative Anderson. Representative Anderson."

Anderson: "Ah... Mr. Speaker, what this Amendment does, instead of bring a township and a half into the Port Authority it brings in nine sections of a township, all that is needed for the Regional Airport concept that we desire, so we accept the Amendment."

Speaker Redmond: "Present on the adoption of the Amendment, all in favor indicate by saying 'aye'... 'aye', opposed 'no', the 'ayes' have it and the Amendment is adopted. Any further Amendments?"

Clerk O'Brien: "Floor Amendment #2, Ewing. Amends House Bill 3310, on line 12, by deleting and inserting in lieu thereof, and deleting line 13 and inserting in lieu thereof, the following. Section 33, in Watham township."

Ewing: "Ah... Mr. Speaker, I would like to Table that Amendment."

Clerk O'Brien: "No further Amendments."

Speaker Redmond: "Third Reading. 3512... Representative

Ewing."

Ewing: "Ah... Mr. Speaker, I believe there was another Amendment to that Bill. I had two Amendments ah...

I'll... I'll look... I'll check with it and see what..."

Speaker Redmond: "What was that, Representative Ewing?"

Ewing: "I'll come down and check and see what Amendment was...."

Speaker Redmond: "Okay, we'll leave it on Second Reading and you check it then. 3310, is still on Second Reading. 3512."

Clerk O'Brien: "House Bill 3512, a Bill for an Act to amend Sections of the Juvenile Court Act. Second Reading of the Bill, no Committee Amendments."

Speaker Redmond: "Any Amendments from the floor?"

Speaker Redmond: "Who's Amendment is this?"

Clerk O'Brien: "Committee Amendment ah... offered by Representative Klosak in Committee."

Speaker Redmond: "Representative Madigan."

Madigan: "Mr. Speaker, if there is no objection I would ah... move the adoption of the Amendment."

Speaker Redmond: "The question is on the adoption of the Amendment. All in favor will indicate by saying 'aye'... 'aye', opposed 'no', the 'ayes' have it and the Amendment is adopted. Any further Amendments?"

Clerk O'Brien: "No further Amendments."

Speaker Redmond: "Third Reading. 3819."

Clerk O'Brien: "House Bill 3819, Lechowicz. A Bill for an Act making appropriation to the State Board of Elections. Second Reading of the Bill, two Committee Amendments. Amendment #1, failed in Committee. Amendment #2..."

Speaker Redmond: "Representative Lechowicz..."

Clerk O'Brien: "Amends House Bill..."

Speaker Redmond: "Representative Lechowicz... out of the record, is that correct? 3859..."

Clerk O'Brien: "House Bill 3859, Byers..."

Speaker Redmond: "Representative Byers, are there any Amendments on this? Hold... 3859, to be held. 3908."

Clerk O'Brien: "House Bill 3908, a Bill for an Act to provide for the designation of flood plains, regulation of construction therein and penalties for violation thereof..."

Speaker Redmond: "Out of the records in request of Representative Taylor, Chairman of Cities and Villages. How about 3036, Representative Taylor? Out of the record also, at the request of the Chairman. Supplemental Calendar. On the... no 3677... does that belong on First..... Senate Bills, First Reading."

Clerk O'Brien: "Senate Bill 1783, Geo-Karis. A Bill for an Act to amend the Illinois Public Aid Code. First Reading of the Bill."

Speaker Redmond: "Introduction, First Reading. Incidentally we found some eye glasses that ah... last Friday. They're up here at the podium."

7.

Clerk O'Brien: "House Bill 3950, McClain. A Bill for an Act for finding and regulating the profession of Pharmacies in the distribution of drugs in the State of Illinois. First Reading of the Bill."

Speaker Redmond: "All you've got on Third... Senate Bills, First Reading, Jack? Huh... House Bills, Third Reading. House Bills, Third Reading appears House Bill 3302"

Clerk O'Brien: "House Bill 3302, a Bill for an Act making appropriation to the Department of Conservation. Third Reading of the Bill."

Speaker Redmond: "Representative Cunningham... out of the record. 3485... out of the record at the request of the Sponsor. 3486... out of the record at the request of the Sponsor. 3428... out of the record. 3489... Representative Kane... out of the record. 3494... is Representative DiPrima, here? Out of the record. 3515, Representative Hanahan, on the floor? Out of the record... 3518, Representative Jaffe... out of the record... 3531... Representative Friedland, on the floor? Representative Friedland... out of the record. Clerk O'Brien: "House Bill 3661, a Bill for an Act authorizing the Capital Development Board to convey certain real property and to grant a temporary easement to certain other real property in DuPage County. Third Reading of the Bill."

Speaker Redmond: "Representative Schneider."

Schneider: "Thank you, Mr. Speaker and Members of the House. Ah... this is ah... conveyance of property that

8.

ah... all the parties involved agreed too, that is the Capital Development Board, the School District in Darien, Illinois and the City of Darien, the ah... essential nature of it is, to ah... be able to construct a water tower and the agreement in part includes ah... additional fire hydrants for fire protection as a consequence of the construction of the tower ah... no cost to the district on fire hydrants and ah... land access to the tower. I would ask that it be adopted; there is also another Amendment on it that belongs to Dick Kelly, and maybe Dick, you want to speak to that. It has two... two Amendments on it."

Speaker Redmond: "The Gentleman standing between Mr. Kelly and the Chair, please sit down. Representative Kelly."

Kelly: "Yes, Sir. In regarding what Representative Schneider and I have to agree ah... with him, I did at his acceptance and Mrs. Willer's acceptance ah... placed an Amendment on the Bill which would make a ah... widening on Central Avenue in the Village of Oak Forest, some seventeen feet by ah... one quarter of a mile and it was an Agreed Amendment that ah... the Capital Development Board ah... approved of and also the Cook County and the School Districts which are affected by this and this ah... on ah... Representative or is now included in the ah... Representative Schneider-Willer Bill."

Speaker Redmond: "Question, any other discussion? The question is, shall this Bill pass: All in favor vote 'aye' opposed vote 'no'. Have all voted who wished? Have all voted who wished? The Clerk will take the record. On this question there are 111 'aye' and no 'nay' and this Bill having received a Constitutional Majority is hereby declared passed. 3688."

Clerk O'Brien: "House Bill 3688, a Bill for an Act to amend the Illinois Income Tax Act. Third Reading of the Bill."

Speaker Redmond: "Representative Byers. 3688... out of the record. 3825, Representative Houlihan, has been excused for the Sub-committee. 3831... Is Representative Maragos, in the... take this out of the record. 385... 3835... closing in the stretch..."

Clerk O'Brien: "House Bill 3835, Mrs. Chapman...."

Speaker Redmond: "3835... out of the record? How about 3836, Representative Chapman... 3836... Representative Chapman do you want to call any of that series? 3850, we'll take 3836, 3837, 3838, 3843, out of the record at the request of the Sponsor. 3850."

Clerk O'Brien: "House Bill 3850, a Bill for an Act to amend Sections 10-22.24 (b) of the School Code, approved March 18, 1961, as amended. Third Reading of the Bill."

Speaker Redmond: "Representative Chapman."

Chapman: "Ah... Mr. Speaker and Members of the House. Ah... this measure is a proposal of the Health Education Committee and ah... I think this is something that we could put off the Calendar, right now, because it's what's traditionally called a merely Bill. Ah... it was ah... approved by the Health Education Committee without a single dissenting vote. What it merely does, is to clarify a Bill which we passed last year authorizing School Boards to sponsor educational tours. And, in the ensuing time since the effective date of the measure, there has been some question as to what it actually says and so in order to have the Bill say, what we thought it said to begin with, the House Committee on education has proposed this simple measure ah... for example, it states specifically nothing in this Section prohibits payment of the salaries of necessary personnel while on a tour field trip if the personnel are performing any ordinary course of their employment. This is because... lawyers ask their questions... could on

a ah... tour where ah... cost could not be paid for, from taxpayers money and this is what we intended the Bill to read, could one send teachers along and certainly we want the teachers to accompany children on educational tours. Ah... I hope that all the 111 people present here right now will vote green on ah... what is a very simple and clarifying measure."

Speaker Redmond: "Are there any discussion? The question is, shall.... Representative Hudson. George Ray Hudson."

Hudson: "Thank you.. thank you, very much, Mr. Speaker.

Would the ah... Sponsor yield for a question?"

Speaker Redmond: "She will."

Hudson: "Eugenia, I remember last year when this particular Bill came up, there was among other things quiet a bit of discussion about any possible ah... expense. You have mentioned that there would be no expense to the taxpayers... could ah... in this, how would these tours ah... be funded, under what provision and so forth."

Chapman: "Okay, ah... okay, I believe what this Bill, I'm not real sure but, I think this Bill went through on ah... on ah... the consent Calendar ah... specifically the last date, that unless it is otherwise permitted, for example, ah... the ah... field trips, after education their code has for many... many years permitted ah... taxpayers expenditures in... in this regard but ah... right now, when we send children to Washington, D.C. which until this Bill was approved, it was illegal by the way, when we send children to the Nations' Capital, they pay all their own expenses and this is how we intend it to remain. However, when you send a group ah... bands to perform ah... in ah... ah... some other State, you do need to send a chaperon with them and it was always our intention that teachers be permitted to

MAY 24 1976

11.

accompany children on educational tours. So, the ah... language still is... nothing in this Section authorizes the use of any school funds, for any expenditures occurred on such a tour but, we make it clear that we are exempting their kind of travel which previously was exempted under the School Code and that we do permit teachers to accompany children because surely we do not want to send ah... children off on field trips or ah... on any kind of educational travel or tours without school personnel accompanying them. And, this was the original intent of the law, so we just spelled this out."

Hudson: "Yes, thank you. Ah... one other... one other question ah... ah... Eugenia, and that would be, my recollection is one of the concerns last time around was the possibility of ah... trips ah... ah... out of the country, is that... is that included in this Bill, anywhere?"

Chapman: "Ah... in the present law which was approved by this Legislature last year, signed by the Governor and is in effect. Ah... a School Board has the ah... authority to sponsor educational tours period. Ah... in voting ah... for this Bill, you will in no way change that provision in the law. They right now have the authority to sponsor educational tours, anywhere period. We ah... have to count on our elected officials using judgement. They are elected by the people."

Hudson: "All right, thank you."

Speaker Redmond: "Representative Palmer."

Palmer: "If the Sponsor would yield to a question."

Speaker Redmond: "She will."

Palmer: "You delete the ah... insurance coverage, those provisions against ah... bodily injury, disability or graft and ah... the formerly ah... presently the children

12.

have to have that ah... you leave in accident and health insurance coverage. My question is, why?"

Chapman: "Ah... that's a good question ah... Mr. Palmer.

That is because ah... in Peoria, they have ah... some concern over this, they were unable to fund insurance carriers who would extend policies for disabilities for children."

Palmer: "Well, have you made a survey of the insurance companys to ascertain whether or not this was true before you deleted those words."

Chapman: "Ah... this was what we found everywhere, except by the way, in the district in which I live, we had no problem with this but, in the other less populated parts of the State, it apparently represents a problem and there were school districts who complained and ah... indicated that they were having difficulty and what we were particularly interested in, was the accident and health insurance coverage and so, in order to ah... make it possible for school boards to ah... do what... what the law intended them to do, we removed this particular language."

Palmer: "Well, you have some residual liability or ah... exposure on the part of the school board in certain instances, I suppose, I imagine that you could use that instance that ocured out in California recently for that ah... in that ah... as an example. Maybe it would be that way, anyhow but ah..."

Chapman: "May I point out that while we do not mandate that they have such coverage, because of the difficulty of securing it, we do not prohibit them from having it. And, again I believe we have to anticipate that our local school boards are going to be able to exercise judgement."

Palmer: "Also, you added a provision here that if a school

teacher went on tour with the kids, they are entitled to the days' pay. Is that correct?"

Chapman: "Ah... well, the problem was that it would really limit the ah... exercise of this function ah... if one expected a teacher to accompany children, to go for free. And, it was never our intent that school boards would not be permitted to... pay teachers; what the concern was that... that ah... brought about the inclusion of this originally was, that Legislators wanted to know that the meals, lodging and transportation cost of the children would not be paid for... from taxpayers money."

Palmer: "All right, aren't you opening the door to a lot of teachers getting into the principal or getting to the superintendant and saying... or requesting that they go on tours ah.... aren't you opening the door to pressure in that direction, when actually they ought to be in the classroom teaching."

Chapman: "Well, I surely hope they...."

Palmer: "They're going to get paid for it, obviously they are going to ask to go on tours, I assume. Isn't that correct?"

Chapman: "Ah... as a matter of fact, ah... each district is different but, in the district where I live these tours occur during Spring vacation ah... the typical tour is your Washington, D.C. tour."

Palmer: "Or London, England or Paris, France."

Chapman: "Ah..."

Palmer: "Thank you."

Speaker Redmond: "Any other questions? Representative Mudd."

Mudd: "Yes, Mr. Speaker, I was ah... wondering if the Sponsor would yield for a question?"

Speaker Redmond: "She will."

MAY 24 1976

14.

Mudd: "Now, this Bill... by a favorable action on this Bill, we will rectify the mistake that was made in the last ah... Session, so that the school children who are going to be taken on a field trip can ah... be taken without the requirements that ah... they be covered by this insurance."

Chapman: "Yes, Mr. Mudd, this is the Bill they want in Peoria."

Mudd: "Mr.... Mr. Speaker, I would like to ah... speak to the Bill, please."

Speaker Redmond: "Proceed."

Mudd: "Ladies and Gentleman of the House. This particular Bill, I think, was an attempt to clarify or rectify a mistake that was made in the General Assembly last year and in a portion of a Bill that was Sponsored here deleted... or it required a school district, if they were taking a... a ah... group of children on a one day field trip to acquire accident insurance separate from that, that they already required and separate from that of the ah... liability insurance that they carry for this specific reason. I strongly urge the Members of this House to support this Bill, I think that ah... the people in Peoria, would appreciate it, I think that ah... we have lost a good many field trips which aided our students in the Peoria area in their education and I would hope that all the people of the House would support this Bill."

Speaker Redmond: "Representative Hart. Representative Hart."

Hart: "I would like to ask the Sponsor a question..."

Speaker Redmond: "Proceed."

Hart: "The Bill provides that...."

Speaker Redmond: "Representative Chapman, you're going to be questioned."

Hart: "The Bill provides for the payment of teachers' salary

GENERAL ASSEMBLY

STATE OF ILLINOIS

HOUSE OF REPRESENTATIVES

when they ah... go on these tours with the children. Now, ah... are teachers paid twelve months of the year... how would that work."

Chapman: "Not... not always, ah... it's... I could point something out, Mr. Hart, what the Bill does... it says, it's not that they will pay... be paid but, that payment is not prohibited."

Hart: "Well, I'm... I could be for it, if I was assured that they wouldn't be... being paid twice for the same days work... what about that."

Chapman: "Wouldn't that be ah... illegal, Mr. Hart, to pay a teacher twice for one days' work. Aren't there present laws...."

Hart: "Are you suggesting that everything that's ah... done in the schools is always legal."

Chapman: "The... the question that... that lawyers face, Mr. Hart, was that... as the law was written and this was not the intent of the... the Legislators involved or the ah... organizations involved. As it was written if you sent the band to ah... Michigan City, Michigan, to ah... participate in some kind of a concert ah... the teacher going with the students would not be able to be paid for that days' work, according to the view that our school board attorney took of this Bill, this is the question that he raised. So, if you sent them on a school day, according to our school attorney ah... and by the way, this isn't unusual, this is usually done on a Saturday or Sunday, but if you sent them on a school day, you would have to dock the teacher for that days' pay, as our school attorney read the law and this was not our intention. Our intention was that students should not have fare expenses paid for these kind of extra curricular activities."

Hart: "So... so, you are assuring me that teachers would

not be paid ah... for two days' work while they are on one of these tours."

Chapman: "Ah... I... I can't imagine how that could be possible ah... Sir, under the law."

Speaker Redmond: "Representative Mulcahey."

Mulcahey: "Would the Sponsor, yield?"

Speaker Redmond: "She will."

Mulcahey: "Representative Chapman, just ah... one quick question. For example, if a teacher were taking a salary on nine months and they sponsored a trip and they were chaperons for a trip to Washington, D.C., which started on June 1. What indeed is their position as far as their salary is concerned? Are they paid extra for chaperoning after school has been out and indeed they are taking their check on a nine month basis."

Chapman: "Ah... you... you would pay the teacher ah... when the teacher worked extra days on the same basis as you would pay the teacher if that teacher worked for summer school."

Mulcahey: "So, indeed then, if a teacher were taking a salary on nine months and after nine months expired and they chaperoned a two week trip to Washington, D.C., they would be paid... by this law."

Chapman: "That would depend on the arrangements the School Board made... I presume there might be situations which the teachers would not be paid, but... but, the teacher ah... could be paid if the School Board desired to pay."

Mulcahey: "But, definitely your Bill would indicate otherwise, right."

Chapman: "I'm sorry, I don't follow you."

Mulcahey: "There's nothing in your Bill that indicates otherwise, that ah... they are automatically they're..."

is mandatory that you pay them, even though they are receiving their check on nine months."

Chapman: "No, ah... there is... it's stated nothing in this Section... prohibits payment of the salaries of necessary personnel. I think that it's very carefully drafted, a number of lawyers have looked at it... and nobody ah... who has looked at it ah... as we have asked for their advice has felt that... that any of these problems would arise."

Mulcahey: "Thank you."

Speaker Redmond: "Representative Lundy."

Lundy: "Thank you, Mr. Speaker and Ladies and Gentlemen of the House. I move the previous question."

Speaker Redmond: "The Gentleman has moved the previous question and the question is, shall the main question be put. All in favor indicate by saying 'aye', opposed 'no'. The 'ayes' have it. Representative Chapman, to close."

Chapman: "Ah... Mr. Speaker, this ah... Committee Bill which was approved by a vote of 21-0-0, ah... in the House Education Committee. There are 24 Members of this Committee and the 21 present voted 'aye' on this measure when it was heard before the House Education Committee. When it came back for a second time, as a Committee Bill, the vote was 15-0-0, again a unanimous approval. The Illinois Association of School Boards have asked for and supports this Legislation as does office of Education and I ask for your favorable vote on this 'merely' Bill."

Speaker Redmond: "The question is, shall this Bill pass? All in favor vote 'aye', opposed vote 'no'. Have all voted who wished? Have all voted who wished? Representative Grotberg."

Grotberg: "I don't know if the Sponsor of this good Bill

needs any help but, in explaining my vote I met four bus loads of kids today with teachers from home and there isn't enough money in the world for that kind of combat base, so if this will help grease the skids a little, I would suggest that everybody vote 'aye'."

Speaker Redmond: "Have all voted who wished? The Clerk will take the record. On this question, 99 'ayes' and 6 'no's', the Bill having received the Constitutional Majority is hereby declared passed. 3853, is that in or out? Out... How about 3854... 3855... out of the record. 3856, is Representative Katz, on the floor? Out of the record. 489, Representative Kane..."

Clerk O'Brien: "House Bill..."

Speaker Redmond: "Out of the record. Senate Bills, Third Reading. Senate Bills, Third Reading... Senate Bill 1520... Representative Lechowicz, on the floor? Peters on the floor? 520, Representative Lechowicz."

Lechowicz: "Out of the record."

Speaker Redmond: "1638, Representative Beaupre... out of the record? Speaker's Table, House Joint Resolution 61, Representative Kelly... out of the record. House Joint Resolution 83, Representative Polk... out of the record. House Joint Resolution 88, Representative Mudd... out of the record. House Joint Resolution 93, Representative Rayson... is on that Sub-committee. House Resolution 587, Representative Hanahan... Hanahan, on the floor? Out of the record. House Resolution 625, Representative Brinkmeier... House Resolution 625."

Brinkmeier: "Mr. Speaker, and Members of the House. I think this may be as good of time as any to dispose of this matter." This Resolution simply is an advisory thing which would suggest to the Department of Revenue and General and Superintendent in particular that it is the will of this House that, we do not continue with instant lottery.

I think that ah... most of you... all of you, I hope, are very familiar with what has happened. I don't know about the rest of you but, I have received phone calls and correspondence from people in my community indicating how this has been abused, how many people have ah... probably threw away about half their paycheck in some instances because they're looking for just that one number. I think probably that these people who I would term as compulsive gamblers, needs some help. We have help for the alcoholics. We have laws on the books that makes it a violation to serve liquor to a person that is intoxicated. We have nothing there to protect the compulsive gambler and I think that an overwhelming vote on this issue would get the message across to the Department. I may be wrong in this matter but, I think this is as good a time as any to determine the... the intent of this Body insofar as the instant lottery is concerned and certainly hope we can adopt this resolution. I would ask for a Roll Call so that we can send the message loud and clear, whatever it may be."

Speaker Redmond: "Representative Friedrich."

Friedrich: "Mr. Speaker and Members of the House. I had... have a Bill which is pending, which is similar to this which actually bans instant lottery but, like Representative Brinkmeier, I have had a lot of complaints in my area. And, I have evidence that this is being used by compulsive people... who can ill afford to sit and lose their whole paycheck. The difference between this and the regular lottery is, that the guy buys a fifty cent ticket, the first of the week and goes on hoping all week that he's going to be rich... but the instant lottery is something that takes a man's whole paycheck before he goes home. I... I would like the Res.... the Amend.... the Resolution. adopted."

Speaker Redmond: "Any further.... Representative Hudson."

Hudson: "Thank you, Mr. Speaker, Ladies and Gentlemen of the House. Ah... I too, would ah... rise in support of this ah... Resolution, I did ah... was sitting in Committee, the other day, Executive Committee when a Bill ah... to ah... abolish the ah... instant lottery was heard... ah... the ah... Director Ralph Batch, was there... he ah... testified. I did ask him a question and that was whether or not... ah... he would say that ah... this instant lottery did not... did not encourage the developement of the habit of gambling in some that might not already have that habit. And, ah... he ah... responded to the effect that, no, he could not assure me or anyone else that... that ah... this habit might not be encouraged by this particular device. Now, it would seem to me that... as already mentioned ah... it ah... we recognize gambling with some people as a compulsion. They have no more control over this, once it ah... gains a grip on them than do those that are subject to ah... ah... alcohol and I feel that if we could at least kill the sense of this Body, that it is the sense of this Body that... that aspect... that aspect, the instant lottery be abolished or be done away with from the ah... overall ah... picture. That it would ah... be a ah... step in the right direction towards addressing ourselves to what is becoming with some people, a critical problem and that is one of ah... compulsive gambling. So, I would add my ah... my voice and... and my support to this commendable ah... Resolution."

Speaker Redmond: "Representative Lundy."

Lundy: "Thank you, Mr. Speaker and Members of the House.

Would the Sponsor of the Resolution yield for a question?"

Speaker Redmond: "He will."

Lundy: "Actually two questions. Representative, I wonder if you could tell us, if you know, how much revenue the State derives in from the instant lottery or how much the Superintendent estimates the State will derive, from the instant lottery. And, second... if you could distinguish for us exactly what it is that makes the instant lottery ah... an undesirable feature of what the Legislator has authorized the Department of Revenue ah... to ah... do and that is, to conduct a lottery in general."

Brinkmeier: "Yes, I would like to answer the last question first, if I may. I think the difference has already been summarized by a previous speaker. There are some people who just can't quit. It's like eating popcorn for some of us or the people that ah... that I would call alcoholic. They can't stop with that first drink. Now, if they're going to have to wait twenty-four hours, there is no doubt in my mind that they are not going to squander a whole paycheck on those lottery checks... I know that this has happened with the instant lottery. Now, in answer to your second question, Superintendent Batch, has indicated the ah... Executive Committee, I believe and I believe again in Revenue, that the Department of Revenue realizes between thirty-five and forty million dollars on instant lottery. But, I would call your attention to the fact that is the in total amount of Revenue realized during that period but, he didn't tell you... or at least he didn't tell us in Executive Committee was.... the difference between the amount of money they realized with instant lottery and whether they have the super shot... a derby or whatever, and I'm submitting to you that the amount is not anywhere near five million, probably half that or even less ah... is what we're realizing and I know the State

needs the money but, if we have to resort to this... these tactics to raise revenue for the State of Illinois, then we are really in bad shape."

Speaker Redmond: "Representative Lundy."

Lundy: "Thank you, Mr. Speaker and Members of the House.

Just to clarify your... your answer to what the instant lottery brings in is that there hasn't been any testimony that tells us precisely what the instant lottery as opposed to other aspects of the other lottery bring in. Is that correct?"

Brinkmeier: "Yep."

Speaker Redmond: "Representative Duester."

Duester: "Would the... will the... will the Sponsor yield to a question?"

Speaker Redmond: "He will."

Duester: "Representative Brinkmeier, ah... as you ah... remember, originally the lottery was initiated for two purposes as I recall. One, to was to raise some revenue so that we could finance the R.T.A. The second purpose was to compete with and reduce organized crime now, sometime ago...."

Speaker Redmond: "Representative Giorgi, for what reason do you rise?"

Giorgi: "Mr. Speaker, I was a major Sponsor of the lottery and never once did they indicate the money be used for the R.T.A. or to fight the underworld. So, you ought to desist from that line of questioning because, we knew from the beginning that lottery funds would never reach more than one to one and a half percent of State needs. Now, someone asked about sales to the lottery.... I have ah... an item put forth by the Department of Revenue today, as of April 30th, two hundred and seventy-nine million dollars was generated through the lottery and a hundred and twenty-five million went to prize

winner. There was sixteen millionaires created, fifty-five, hundred thousand dollar winners... seventy-three, hundred thousand dollar winners and... and all the lottery is doing is what the Sponsors of the lottery said that they would do."

Speaker Redmond: "Representative Deuster, for what purpose do you rise?"

Deuster: "Well, the Gentleman rose to make a point of order and he's giving a speech about the lottery ah... what is the point...."

Giorgi: "Because you're lying about the lottery... desist from lying and I'll... I'll maintain decorum."

Speaker Redmond: "He's concluded. Representative Deuster, conclude."

Deuster: "Yes, Mr. Speaker, my question of the Sponsor is this.... ah... as I gather, one purpose of the instant lottery was to sorta compete with the numbers racket so that those who wanted to get an instant result ah... could get an instant result ah... do you have any information that the ah... initiation of the ah... instant lottery has cut down on the numbers racket or organized crime?"

Speaker Redmond: "Representative Shea."

Shea: "Well, Mr. Speaker, I don't think he's speaking to the Resolution and if he wants to talk about the lottery, there is a Bill that Representative Caldwell has been trying to, Sponsor and I understand it's coming out as a Committee Bill and he can have a chance to vote on that Bill at that time."

Speaker Redmond: "Representative Madigan. Representative Madigan."

Madigan: "For purpose of an announcement, Mr. Speaker."

Speaker Redmond: "Proceed."

Madigan: "Ah.... seated in the rear gallery are some of

the members of the Illinois Library Association who are conducting a meeting here in Springfield, today and tomorrow so, if they would stand and take a bow from the Illinois Library Association."

Speaker Redmond: "Representative Stone."

Stone: "Mr. Speaker, Ladies and Gentlemen. I move the previous question."

Speaker Redmond: "The Gentleman has moved the previous question. The question is, shall the main question be put. All in favor indicate by saying 'aye'... 'aye', opposed 'no'. The 'ayes' have it, the motion carries. Representative Brinkmeier, to close."

Brinkmeier: "Well, yes.... ah... Mr. Speaker and Members of the House. I think the issue is very clear here, I would finally in closing like to say two things. Number one, I do want to commend Superintendant Batch, with this exception, I think he has done an excellent job and I have no quarrel with the way he's administrated to the lottery I don't think any of us in this Body do. Secondly, I would like to remind you too, that if you take the ah... opportunity to visit with the proprietors of your various businesses back home, I think they would tell you that this is a nosiness and they don't want it so, don't believe you're doing them a favor by keeping it. I would again, request ah... a Roll Call vote on this so that we have a very definite opinion for the Department of Revenue as to how we feel in this important issue."

Speaker Redmond: "The question is on the adoption of the Amendment: Those in favor of the adoption of the Amendment vote 'aye', opposed vote 'no'. Have all voted who wished? Have all voted who wished? Have all voted who wished? The Clerk will take the record. On this question there are 71 'ayes', 30 'no'. The Resolution

is adopted. Concurrence... 2435, out of the record. 2627... Representative Taylor... out of the record. At the request of the Sponsor, 3115 is out of the record on concurrence and 3116, is out of the record. Senate Firsts, you got anymore, Mr. Clerk? Agreed Resolutions."

Clerk O'Brien: "Agreed Resolution 836, Madigan, et al. House Resolution 837, McClain, et al. House Resolution 839, Griesheimer, et al. House Resolution 840, Griesheimer, et al. House Resolution 841, Von Boeckman, et al. House Resolution 843, Schraeder."

Speaker Shea: "The Gentleman from Winnebago, Mr. Giorgi, on the Agreed Resolution."

Giorgi: "Mr. Speaker, 336, by Madigan honors Brother Malcom Morrison for 25 years as a Christian Brother. House Resolution 389, by Griesheimer honors the ah... Council for Exceptional Children in Waukegan. 840 for Griesheimer, honors the Illinois Council for learning disabilities as the 'Outstanding Professional' for 1976, in the name of Robert Abbott. 841, by Von Boeckman, honors Mrs. Gertrude Cannon, Mrs. Edith Lewis and Mrs. Lolabel Taylor for 112 years of education, educational experience and House Resolution 843 by Schraeder, honors the student history award to Jan Zumwalt. I move for the adoption of Agreed Resolutions."

Speaker Shea: "The Gentleman moves for the adoption of the Agreed Resolutions. All in favor will say 'aye' those opposed 'nay'. The 'ayes' have it and the Resolutions are adopted. Further Resolutions."

Clerk O'Brien: "House Resolution 842, Merlo."

Speaker Shea: "The Gentleman from Cook, Mr. Merlo."

Merlo: "Ah... Mr. Speaker, I would like to request at this time that the Clerk read House Resolution 842, please. Then I would like to be recognized."

Speaker Shea: "Read the Resolution, Mr. Clerk."

Clerk Selcke: "House Resolution 842: Whereas, the United States Congress has enacted certain controversial federal standards for day care centers without providing for the necessary funds for the implementation of such standards; and Whereas, the enforcement of such federal day care standards would result in the closing of many very good day care centers causing great harm to children and their parents; and Whereas, Congress enacted these federal standards for child day care centers in 1974 but recently extended their effective date until July 1, 1976, in the same bill that authorized \$125 million to initiate such standards; and Whereas, President Ford vetoed that bill and Congress failed to override the veto; and Whereas, Many people think that federal standards are not necessary, and not worth the tremendous cost their implementation would cause; and Whereas, There is an urgent need for Congress to immediately enact new legislation relaxing the federal standards, or at least extending their effective date in order to determine what, if any, federal intervention is needed in caring for children; and Whereas, In Illinois, in Lake View, Upton, Edgewater, Ravenwood and elsewhere, there is an urgent need that this matter be resolved; therefore be it Resolved, by the House of Representatives of the 79th General Assembly of the State of Illinois, that we urge Congress to immediately relax the federal day care standards, or delay their enforcement so that further consideration can be given to this most important issue affecting our children; and be it further Resolved, that a suitable copy of this preamble and resolution be sent to each U.S. Senator and Representative from Illinois."

Speaker Shea: "The Gentleman from Cook, Mr. Merlo, moves

27.

that the... for the suspension... ask leave of the House for the suspension of rule and the immediate adoption of the Resolution. Is there objection? Is there objection? Hearing none, the attendance Roll Call will be used... Mr. Washburn... you... there has been objection from your side of the aisle, Sir. Mr. Merlo... on the suspension of the appropriate rule."

Merlo: "Well, Mr. Speaker and Members of the House. Day care centers throughout the United States are in serious jeopardy and Congress must accept the large share of the blame for the current muddle that it's in, having enacted legislation and regulations that were unnecessarily severe and could not be implemented without exceeding the administration's seatings on social welfare spending. The enforcement of such standards could mean the end of day care programs for thirty-five thousand children, in Illinois alone, and in many cases the parents would be forced to quit work and take care of their own children... such a situation would not only be a hardship on families but it would behove the State to provide public assistances as well as employment compensation far beyond its ability in light of the States government present financial condition. Day care centers in Illinois... are already covered by what experts consider to be, totally adequate state regulations and the impositions of new controversial impractical federal standards is completely without rational and I think that this is an emergency measure and that this House should adopt this Resolution."

Speaker Shea: "The Gentleman from Cook, Mr. Merlo, has explained the reason why he would like to have the Resolution considered immediately, is there still

objection to use the attendance Roll Call? Minus Mr. Schlickman, who would want to remain present. Still any objections from your side, Mr. Washburn? All right, is there anybody that would like to speak against the Gentleman's motion. The Gentleman from Grundy, the Minority Leader."

Washburn: "Well, thank you ah... Mr. Speaker and Ladies and Gentlemen... excuse me...."

Speaker Shea: "Mr. Washburn, would you hold on for one second. Would the knot of people in front of the Minority Leader, please have their seats so that the Chair might see him and the people in the Body might hear him. Proceed, Mr. Minority Leader."

Washburn: "Thank you, ah... Mr. Speaker and Ladies and Gentlemen of the House. Certainly I oppose the motion to have this Resolution heard immediately because it is of ah... great importances. What it does is, it urges Congress to relax the federal day care standards and it's my understanding that there is a comprised Bill ah... in the hopper in Congress right now that would take care of this matter and I certainly think that ah... we're about to urge Congress to relax any federal standards on day care centers, that a Committee of this House should look into it and I would ask for a 'no' vote on the Gentleman's ah... motion. To refer to Committee."

Speaker Shea: "The Gentleman from Cook, Mr. Merlo, to close. The Gentleman from Cook, the Minority Whip... the Assistant Minority Leader, Mr. Telcser. The Gentleman from Cook, Mr. Merlo, to close."

Merlo: "I would like to just reiterate the fact that there are thirty-five thousand youngsters in the State of Illinois that will be affected by this if there is any further delay by the Congress of the United States. Just

to the State of Illinois means nineteen million dollars. Nineteen million dollars.... so that the day care centers throughout the State of Illinois can function and function as they have in the past. As I mentioned too, that the standards that have been implemented by the Congress are stringent, are not realistic and will not be workable. Certainly, it is true what Representative Washburn, has said.... there is movement in the Congress but I think that we should make every Congressman and every Senator in the State of Illinois apprised of the problem that exists in the State of Illinois so that the action is taken and taken immediately and therefore, I ask your favorable vote on the suspension."

Speaker Shea: "The question is, shall the House suspend the appropriate rule, so that House Resolution 842 may be considered immediately. It take 107, votes... All those in favor will vote 'aye', those opposed will vote 'nay'. The Gentleman from Cook, the Assistant Minority Leader, Mr. Telcser, to explain his vote."

Telcser: "Ah... Mr. Speaker and Members of the House. Ah... I'm voting for this Resolution, really for the same reason which ah... Representative Washburn, stated and that is that Congress is already working on new Legislation and in fact it has been passed by the Senate. So what we are doing now is, urging that House, as rapidly as possible to, adopt the same Legislation which we feel confident that the President will sign. Now, if the Congress can not agree on this matter this will have a direct effect on the State of Illinois. We have programs in existence now in the State... they are providing services. If the services cease we're going to find ourselves with more people not working, more people on in the welfare rolls and existence programs which ought to continue... stopping. And, so

I'm voting for this Resolution and I sincerely hope that those Members who are in attendance today would give us an 'aye' vote."

Speaker Shea: "Have all voted who wished? The Gentleman from Kane, Mr. Grotberg, to explain his vote."

Grotberg: "Yes, thank you, Mr. Speaker. Ah... I am assuming that we are trying to have this heard in Committee, because of the objection and I would like to explain my 'aye' vote for this, not over the ah... strength of my distinguished Minority Leader but, the whole problem of day care ah... needs addressing on behalf of the kids as Representative Merlo has suggested and the whole problem with the child care system in the State of Illinois. Much of it revolves around day care programs.. our Committees have been dealing strongly with this subject and our hands are tied. I think our President vetoed this Bill in good conscious because... he wanted.... the facts are, it was not a good Bill for the local management of day care programs. It was a bad Bill. It also saved some money but the money is still there. If this Resolution would help Congress to get off its duff and pass some sufficient child care legislation in the day care area and get us back some federal laws and regulations that we could handle and live with... I think that thrust that we need by sending this... memorializing ah... situation down to them. I don't think Representative... the Representative and the Sponsor of this Bill ah... is going the law. He's saying get with it, get something that President Ford can sign in good conscious. If this will help it let's by all means send it to Committee in a hurry or by-pass Committee and get it heard on the House floor and off on its way. Thank you."

Speaker Shea: "Have all voted who wished? Have all voted

who wished? The Gentleman from Cook, Mr. Marovitz."

Marovitz: "Well, thank you, Mr. Speaker and Ladies and Gentlemen of the House. If you don't think that this is an emergency...."

Speaker Shea: "Mr. Marovitz, would you hold on... The Gentleman from Cook, Mr. Schlickman, for what reason do you arise, Sir?"

Schlickman: "Just a point.... just a point of order, Mr. Speaker. The motion under consideration is to suspend the rules and it's a non-debatable motion."

Speaker Shea: "I understand that, Sir, but are you telling me that you want me to preclude Members from explaining their vote."

Schlickman: "Yes, Sir. Because it's a non-debatable motion."

Speaker Shea: "I think that the Members have an absolute right to explain their vote."

Schlickman: "All right: then, after the Roll Call I should like a verification."

Speaker Shea: "The Gentleman from Cook, Mr. Marovitz, to explain his vote."

Marovitz: "Well, for anyone in the House who doesn't think that this is an emergency... all you have to do is ask some people who have the... the need to use the facilities provided by day care centers. This indeed is an emergency. It is in our district.... in the 12th district in Chicago and I know it is in other districts throughout the State. All we're doing by this Resolution we're not mandated anything.... we're asking that the Congress, that the House of Representatives immediately consider this situation. That's the place it should be considered, not in the House here but in the Congress. That's all we're asking is that they take immediate action and I don't see why... why anybody should be voting 'no' on this important subject, it's important

to many districts throughout the State of Illinois. It's indeed of immediate action and I would hope that we could get some more green votes up there and immediately consider this motion, today."

Speaker Shea: "Have all voted who wished? The Gentleman from Cook, Mr. Anderson, did you want to explain your vote, Sir... Have all voted who wished? Have all voted who wished? Take the record, Mr. Clerk. Do you seek recognition, Mr. Merlo?"

Merlo: "The next process of course, would be to ah... to assign this to a Committee, is that the idea? Oh, all right, let me poll the absentees."

Speaker Shea: "The Gentleman from Cook, asks for a poll of the absentees. Mr. Clerk, please call the absentees."

Clerk Selcke: "Arnell, Beatty, Berman, Capuzi, Craig, Daniels, Duff, Ewell, Ewing, Getty, Giglio, Hanahan, Hirschfeld, Dave Jones, Katz, Keller, LaFleur, Laurino, Mann, McAuliffe, McPartlin, Peters, Rayson, Rose, Stearney, Wall, Williams."

Speaker Shea: "The Gentleman's motion fails... Katz, 'no'. The Gentleman's motion fails.... Pardon me, Sir. Turn Mr. Merlo, on. Yes, Sir."

Merlo: "Would I be in order to place this on Postponed Consideration?"

Speaker Shea: "Sir, it's a motion and if you file it in writing today, my understanding is it will appear on the Calendar tomorrow and therefore, the Resolution would not be assigned to Committee. The Gentleman from Cook, Mr. Telcser, for what reason do you rise, Sir?"

Telcser: "Ah... Mr. Speaker ah... this Resolution will now be referred to a Committee... appropriate Committee I wonder if we could ah... have leave to suspend the appropriate rule so it could be heard this week. So,

we don't have to comply with the six and a half day posting notice."

Speaker Shea: "It's my understanding, Sir, Mr. Merlo was going to file a written motion to suspend the rules tomorrow, if he does that... it would appear on the Calendar and it would not be assigned to Committee, Sir. On the order... Mr. Matijevich."

Matijevich: "I... I understand Representative Telcser's... request was to suspend the posting notice, so that once it's assigned it could be heard this week in Committee... whereas, if you go along with what you mention about Merlo, it won't be assigned this week and you would have to hear it next week. Isn't that what you were trying to do is Art?"

Speaker Shea: "I would assume if it was called tomorrow, and he did not get the requisite votes, he would then make that motion, Sir."

Matijevich: "I think he might as well do it now. But, that's all right."

Speaker Shea: "Order of Postponed Consideration appears House Bill 3643, Mr. Beaupre, do you want to go ahead with that... 3655, Mr. Stubblefield, do you wish to proceed with that today? 3833, Mr. Bradley, do you want to go ahead with that.... House Bill 3383, being on the order of Consideration Postponed has already been read a third time. Mr. Walsh, do you seek recognition, Sir?"

Walsh: "Ah... Mr. Speaker, 3383, is an acceleration Bill, isn't it?"

Speaker Shea: "No, it's 3833, and that Bill..."

Walsh: "Okay, fine. Thank you."

Speaker Shea: "The Gentleman from McLean, Mr. Bradley."

Bradley: "Well, thank you, Mr. Speaker and Mr. Speaker and Ladies and Gentlemen of the House. The... correct

number is 3833, and what 3833 does is to allow the Prosecutors Advisory ah... Council to hire some interns for the summer months in the various States Attorney Offices throughout the... throughout the State. Eleven in Cook County and sixty-nine in the counties downstate. Now, the... we gave them the Legislation a year ago, but it was approved on September 5, 1975. We gave them the necessary ingredients to accomplish this except we didn't specifically say to give them the right to employ or contract with law students for a period of six months. And that's what this Legislation does... that's how simple it is, it doesn't ah... provide any funds, the funds are already there. I might tell you that the program is slated to start June 7. If we don't get this moving along pretty soon, there simply won't be a program and.... I'm informed that the cost for the... what's left in this fiscal year, is thirty-five thousand dollars and there is a hundred thousand dollars appropriated, so we'll have sixty-five thousand dollars of lapse money coming back into the State. So, this fiscal year it's a total cost of... of thirty-five thousand dollars. Of course there will be the added expense to complete the program this summer for another six weeks. It's a ten week program, it's not ah... a six month program ah... mentioned... as I mentioned earlier but, just strictly the summer month program for law students to spend some time in the States Attorney's Office... offices throughout the State and I urge and respectfully request ah... the support of the Members on this Legislation."

Speaker Shea: "The Gentleman from McLean, Mr. Bradley, has moved for the adoption of House Bill 3383, on the question the Gentleman from Cook, Mr. Madison."

Madison: "Thank you very much, Mr. Speaker. Would the

Sponsor yield for a question?"

Speaker Shea: "He indicates that he will yield, Sir. Proceed."

Madison: "Representative Bradley, I understood you to say that ah... this Bill does not cost any money because the money is already there is that correct?"

Bradley: "The money has been appropriated in a prior appropriation, yes sir."

Madison: "Ah... Representative Bradley, can you tell me what would happen to the money if this Bill did not pass."

Bradley: "Well, it won't be spent."

Madison: "It will be left?"

Bradley: "Yes, Sir. As... as well as sixty-five thousand of the hundred thousand will be lapse money anyway."

Madison: "Thank you."

Speaker Shea: "Do you wish to speak to the Bill, Mr. Madison? The Lady from Lake, Ms. Geo-Karis."

Geo-Karis: "Ah... Mr. Speaker and Ladies and Gentlemen of the House. Ah... having had some experience in prosecution of cases, I think that this would be a good Bill because it does not exceed six months. The money involved is well worth hiring these law students to do the research that is very necessary in order to have proper prosecution of cases and it is much cheaper than hiring lawyers to do the same work and I would like to urge everyone to vote for this Bill because I don't know about other counties but I know in my county it is mobbed with work in prosecutions and I know that this would be a very helpful adjuncts of preparation of good... good preparation of trials. And, I speak for the Bill."

Speaker Shea: "The Gentleman from Cook, Mr. Palmer."

Palmer: "If the Sponsor will yield?"

Speaker Shea: "He indicates he will, Sir."

Palmer: "For a question.... Why do you need six months if

MAY 24 1976

36.

it's for summer time employment?"

Bradley: "Well... well, as I said, the program is only.... ah... the program is only going to be initiated and activated for a ten weeks period. Why we put the six month period in there, it isn't necessary... we just wanted to make sure that we cleared ourselves if we wanted to start earlier. You know some of these kids get out of school the first of May, and they don't go back to school until October. But, the program I'm sure... I can assure you, is not going to start until the 7th of June if this passes and it will not run over a ten week period. But, if there was a possibility later on... that we might want to start it earlier Romie, and start it ah... the first of May and run it till the first of October."

Palmer: "Well, I don't... if you're going to use law students I don't know how you're going to be able to do it like that ah... I think is the ah... if you wouldn't mind, if it would be cut back ah... from six months to ah... say of ah... an appropriate period of time ah... for the ah... summer vacation."

Bradley: "If... if it would ah... be agreeable with you and I could count on your support, I would be glad to have that done in the... and extend it to four months... that would ah... if that would seem appropriate with you. There is no big hang up on the six month period, I can assure you."

Palmer: "The other... the other thing is, maybe we can get your assurance that some of these students will be used in summer political campaigns... on either side of the the political party as long as either political party... as long as they are devoted to internship and the study of law."

Bradley: "I would... I would assume Romie, that ah... knowing

the States Attorney's throughout the State as you do and as I do, we're not going to have them real active in June, July and August... out ah... knocking on doors."

Palmer: "Well, I don't mean knocking.... knocking on doors, I'm talking about any kind of political.... ah... campaign ah... one way or another."

Bradley: "Well, I would firmly hope that they won't be doing that, if we have to spell that out in the Legislation I suppose we could but, I... I ah... have a great admiration for the attorneys... for the admiration for the attorneys in Illinois and I think with all due respect, Sir... they are going to be ethical and I don't think they are going to these boys that are hired for an intern program... to find out what's going on in the States Attorney's Office, that they are going to allow them to doing some political activity ah... work."

Palmer: "All right, okay. Thank you."

Speaker Shea: "The Gentleman from Winnebago, Mr. Simms, the Minority Whip."

Simms: "Well, Mr. Speaker and Ladies and Gentlemen of the House. I rise in support of ah... this Legislation, I think this ah... program will be a very valuable tool in training Prosecutors for the future, I think there has been a certain problem in Illinois... obtaining qualified ah... Assistants States Attorneys throughout the State. People to train them in the area of criminal law and to assist and eventually ah... work for the Prosecutor to the State. I think this is a valuable program and for the monetary amount that's involved I think it's a program that certainly should receive the support of the Members of the House of Representatives. And, I would respectfully urge a 'yes' vote."

Speaker Shea: "The Gentleman from McLean, Mr. Bradley, to

close."

Bradley: "Well, Mr. Speaker, Ladies and Gentlemen of the House. I simply... respectfully ask for your support on... on this piece of Legislation, I think it has been explained ah... I hope to the benefit and the ah... gratification of all and I ah... would respectfully again ask for your support and a green light on the ah... on 3833."

Speaker Shea: "The Gentleman from McLean, Mr. Bradley, moves for the passage of House Bill 3833. The question is shall House Bill 3833, pass. All those in favor will vote 'aye', those opposed vote 'nay'. The Lady from Cook, Miss Catania, to explain her vote."

Catania: "Thank you, Mr. Speaker and Members of the House. The problem with this Bill is, it does not provide for balance that we all know is essential if justice is to be administered. It does not provide for equal opportunity for internship, for the people in the public defenders office. Now, the Representative from ah... Macoupin County, has authorized me to say that when he becomes States Attorney in Macoupin County they're going to need a lot of balance on the other side for the public defender so I would like to point out that flaw in this Legislation so that next time... we try to do anything to enhance the powers of the States Attorney, I think that we ought to be sure to enhance the powers of the public defender."

Speaker Shea: "The Gentleman from Moultrie, Mr. Stone."

Stone: "Ah... Mr. Speaker and Ladies and Gentlemen of the House. I would hope that this Bill would get at least another dozen or so green votes. This is a good program. It has been used now for the last two years and it has been a great advantage to law students. In reference to the ah... doubts of the Lady from Cook,

and I wish she were listening... I would say that the defender program has at least as many people paid for ah... law students and interns paid for as this program does. I agree with her that we do need to think of both sides in... in the criminal law the... presently the ah... those who are charged with a crime have ah... have better chances for as free law students... help from law students and interns than those that are being defended. I certainly would hope that we would get a few more ah... green votes."

Speaker Shea: "Have all voted who wished. The Gentleman from Lake, Mr. Deuster."

Deuster: "Well, Mr. Speaker and Ladies and Gentlemen of the House. This is a vote for those of you who are interested in law enforcement and law and order; you might say because ah... the gentle Lady from Cook; is correct that we need to have balance in our criminal justice system but, unfortunately as all of us know from reading our usil and talking to our constituents for a number of years, we bent over too far backward in the dir... in the direction of protecting the defendant. It's about time we did something to prosecute the criminal and I think that our constituents are demanding one thing, that we take some more action in that direction. We have the Miranda case, we have all kinds of Constitutional Laws that have tied up the prosecution that are all leaning in the direction of the defendant; this is a chance to fortify in strength and forces the prosecution. I think that this is something our constituents want and we ah... should put some more green lights up there in order to... think about the innocent citizens who want to be protected from the lawbreakers too."

Speaker Shea: "The Gentleman from Cook, Mr. Caldwell."

MAY 24 1976

40.

Caldwell: "Thank you, Mr. Speaker. Were we not in ah... a period of austerity, I could very well vote for this Bill... but, it is very difficult for me, in good conscious to vote green on this particular Bill when we plan to take some more than three hundred thousand dollars out of the State Treasury... to provide some internships for some lawyers. We're talking about men and women who have completed their law courses and they're going to... be further trained at the expense of the State in lawyers' offices for the indefinite future. I can't... also, help but think back less than a year ago... when we attempted to provide for colleges throughout the State to have an intern program on a pilot program of only forty-five thousand dollars. I think that we ought to be consistant and I believe that this is a bad Bill for this particular period. Number one, we don't have the money. Number two, secondly... I would be willing to bet 95% of these people do not come from ah... any poor families. They're people who could afford to provide money for whatever the internship program costs; for that reason, Mr. Speaker, I'm voting 'no' and I would urge my colleagues to do the same thing."

Speaker Shea: "The Gentleman from Christian, Mr. Tipsword."

Tipsword: "Mr. Speaker and Ladies and Gentlemen. I would like to explain my 'aye' vote, upon this Bill. This Bill has a very... a number of very good features about it, I... I know that ah... lawyers are not always well received but, I would like to point out to you that this does not relate to a lawyer, this relates to young men who are going to law school. It gives them an opportunity to get acquainted with the law for one thing; it gives them an acquaintanceship that a lawyer that didn't grow up in his father's law office or a law

student who didn't, and know a little bit more about the profession that he's trying to get in and can be a much better lawyer. It gives to a lot of States Attorneys in very small counties the opportunity to have some research help that they can not possibly have otherwise, because there's just simply not enough funds available to provide them with this research help nor... is the opportunity to have the help... itself available; there is just no one who is available to come in and help them and give them this kind of research. This can be excellent for the prosecutorial function throughout the State of Illinois; it let's these young men and young women really know whether or not they want to engage in this kind of business for the rest of their lives and it also give them an opportunity to earn something, to be able to finance themselves through the remaining years of schooling that they have. I would urge the Members of this House to look very favorably upon this Bill because it will help criminal prosecution, certainly help law enforcement in that way and certainly a grave help to students who are trying to get through school so that they can earn their own money and become taxpaying citizens."

Speaker Shea: "The Gentleman from Logan, Mr. Lauer."

Lauer: "Mr. Speaker, in explaining my vote I would like to ask a question and perhaps someone can answer it. Where does the money come from...."

Speaker Shea: "Mr. Lauer, would you wait a minute..."

Lauer: "Are... are these locally paid funds or is this out of the General Revenue Fund? Thank you, Mr. Speaker."

Speaker Shea: "Have all voted who wished? Have all voted who wished? Take the record, Mr. Clerk. The Gentleman from Cook... ah... from McLean, Mr. Bradley."

Bradley: "Mr. Speaker, ah... I wonder if we could poll the

absentees; this Bill is on postponed consideration and if we don't get the 89 votes here the Bill will die so, I wish... respectfully request the poll of the absentees."

Speaker Shea: "The Gentleman respectfully request the poll of the absentees."

Clerk Selcke: "Ah... Arnell, Beatty, Berman, Capparelli, Capuzi, Craig, Daniels, Duff, Ewell, Ewing, Getty, Giglio, Greiman, Hanahan, Hirschfeld, Hoffman, Gene Hoffman, Jim Houlihan, Dave Jones, Keller, LaFleur, Laurino, Mann, McAuliffe..."

Speaker Shea: "The Gentleman from Cook, Mr. McAuliffe, do you seek recognition, Sir?"

McAuliffe: "Aye".

Speaker Shea: "Vote Mr. McAuliffe 'aye'."

Clerk Selcke: "Nardulli, Peters, Rayson, Rigney, Rose, Stearney..."

Speaker Shea: "Hold on, Sir. Mr. Rigney, how do you wish to be recorded. Record Mr. Rigney as 'aye'."

Clerk Selcke: "Stearney, Wall, Washington, Williams, Winchester."

Speaker Shea: "Have all voted who wished? Mr. White, do you seek recognition?"

White: "Ah... Mr. Speaker, vote me 'aye'."

Speaker Shea: "Change Mr. White to 'aye'. Mr. Campbell."

Campbell: "Mr. Speaker, how am I recorded?"

Speaker Shea: "How is Mr. Campbell recorded?"

Clerk Selcke: "The Gentleman is recorded as voting 'no'."

Campbell: "Change me from a good 'no' vote to a bad 'aye' vote. Will you?"

Speaker Shea: "Mr. Friedrich, for which purpose do you seek recognition?"

Friedrich: "If... if there are 89 votes, I would like a verification, Sir."

Speaker Shea: "Mr. Terzich... 'aye', for Mr. Terzich. Mr. Capparelli, wishes to be recorded as 'aye'. Mr. Lauer... record Mr. Lauer, as 'aye'. Now, has everybody voted... Mr. Jacobs..."

Jacobs: "Mr. Speaker, would you change my vote from 'present' to 'aye'."

Speaker Shea: "Mr. Jacobs, 'aye'. Mr. DiPrima, 'aye'. Mr. Nardulli, 'aye'."

Clerk Selcke: "94."

Speaker Shea: "On this question, there are 94 'aye' votes, 30 some 'nay' votes and the Gentleman from Marion, Mr. Dwight, seeks a verification of the affirmative Roll Call. I'm sorry, it's Mr. Friedrich. I apoloize, Sir."

Clerk Selcke: "Proceed with the affirmative?"

Speaker Shea: "Proceed with the affirmative Roll Call."

Clerk Selcke: "Jane Barnes, Beaupre, Birchler, Boyle, B. Bradley, G. Bradley, Brandt, Brinkmeier, Brummet, Campbell, Capparelli, Chapman, Choate, Coffey, Cunningham, Davis, Deavers, Deuster, DiPrima, Domico, Epton, Farley, Fleck, Flinn, Friedland, Gaines, Garmisa, Geo-Karis, Giorgi, Griesheimer, Hart, Hill, Ron Hoffman, Dan Houlihan, Huff, Jacobs, Jaffe, Katz, Kelly, Klosak, Kornowicz, Kozubowski, Kucharski, Lauer, Leon, Londrigan, Lucco, Lundy, Madigan, Marigos, Marovitz, McAuliffe, McAvoy, McClain, McCourt, McGrew, McLendon, Merlo, Meyer, Molloy, Mudd, Nardulli, Neff, O'Daniel, Palmer, Patrick, Pierce, Pouncey, Randolph, Riccolo, Richmond..."

Speaker Shea: "Pardon me, Mr. Clerk. Mr. Daniels, do you seek recognition, Sir?"

Daniels: "Yes, Sir. Please record me as 'aye'."

Speaker Shea: "Record Mr. Daniels, as 'aye'. Mr. Berman, do you seek recognition, Sir?"

Berman: "Ah... thank you, Mr. Speaker. Please record me as 'aye'."

Speaker Shea: "Record Mr. Berman, as 'aye'. Mr. Kane, do you seek recognition, Sir?"

Kane: "Please record me as 'aye'."

Speaker Shea: "Record Mr. Kane, as 'aye'. Mr. Kosinski, do you seek recognition, Sir..."

Clerk Selcke: "Wait a minute... wait a minute..."

Speaker Shea: "Kane, 'aye'."

Clerk Selcke: "Yeah, he's going from 'no' to 'aye'... takes a little more doing. Kane, from 'no' to 'aye'."

Speaker Shea: "Mr. Kosinski."

Kosinski: "I'm curious as to where the vote is at this time."

Speaker Shea: "I don't know, Sir."

Kosinski: "Well, then vote me 'aye', in case."

Speaker Shea: "Vote Mr. Kosinski, 'aye'. Mr. Barnes... 'aye'. Mr. Mahar, 'aye'. Proceed with the affirmative Roll Call, Sir."

Clerk Selcke: "Where in the hell did I quit... I quit.... I'll start here, what the hell difference does it make. Londrigan, Lucco... oh, yeah... okay, Richmond, Rigney, Ryan, Sangmeister, Satterthwaite, Schisler, Schoeberlein, Sevčik, Sharp, Shea, Simms, Stone, Stubblefield, Taylor, Telcser, Terzich, Tipsword, Von Boeckman, Washburn, White, Wolf, Younge, Yourell, Mr. Speaker."

Speaker Shea: "Ah... would you give me a count, Mr. Clerk."

Clerk Selcke: "Yeah, 84... 94... 100."

Speaker Shea: "All right, Mr. Friedrich, your starting off with a 100 'ayes', but there are some Members who seek recognition. Mr. Hoffman... Gene Hoffman, record him as 'aye'. Mr. Kempiners votes 'aye'. Mr. Rayson... Mr. Rayson votes 'aye'. Turn Mr. Friedrich on please."

Friedrich: "Mr. Speaker, at least it's had a wholesome affect. The attendance is much better than it was a few minutes ago. I would like to give it a go here,

and I may not continue it. Boyle."

Speaker Shea: "Mr. Boyle is in the center aisle, Sir."

Friedrich: "Glad to have him aboard, very wholesome affect...
Capparelli."

Speaker Shea: "Mr. Capparelli is in his seat."

Friedrich: "Domico."

Speaker Shea: "Mr. Domico is in his seat."

Friedrich: "Gaines."

Speaker Shea: "Mr. Gaines... Mr. Gaines, is Mr. Gaines on
the floor of the House. He's right in the back, Sir."

Friedrich: "Okay, Jaffe."

Speaker Shea: "Jaffe... Mr. Jaffe is in his seat, Sir."

Friedrich: "All right, ah... Maragos."

Speaker Shea: "Maragos is in his seat, Sir."

Friedrich: "All right, I'll ah... withdraw my motion and
hope that the Senate uses better judgement. Thank you."

Speaker Shea: "Mr. Neff, for which purpose do you seek
recognition?"

Neff: "Ah... Mr. Speaker, change my 'aye' to 'no' please."

Speaker Shea: "Change Mr. Neff, from 'aye' to 'no' and Mr.
Downs, record him as 'aye'. On this question there are
103 'ayes' and 84 'nays'. House Bill 3833 having
received the Constitutional Majority is hereby declared..
On this Bill there are 103 'ayes', 34 'nays', House
Bill 3833 having received the Constitutional Majority
is hereby declared passed. On the order of House Bills,
Second Reading appears House Bill 3036 Mr. Taylor do
you wish that called?"

Taylor: "Take it off the record."

Speaker Shea: "Take it out of the record. House Bill 3376
Miss Chapman... is Miss Chapman, on the floor? House
Bill 3377 Mr. Byers... The Gentleman from Cook, Mr.
Washington."

Washington: "Ah... Mr. Speaker, a brief announcement, if

I may. The Judiciary I Committee meeting scheduled for 6 o'clock this evening will not be held. The reason why we scheduled the meeting was that we had hoped that the Sub-committee meeting... the Sub-committee on Medical Malpractice would finish it's work but, unfortunately they won't be able to do so in time. However, we do feel that we can work out the problems this evening but we'll need another day for drafting and so forth to present it to the full Committee. So, the Judiciary I Committee meeting which was scheduled for 6 P.M. this evening will not be held. Fortunately all of the witnesses who would have testified there are now before the Sub-committee, so it won't be any inconvenience to anyone. Thank you."

Speaker Shea: "Mr. Washington, what you are saying is the Sub-committee will continue to meet and it had leave of the House to meet while the House was in Session."

Washington: "That's correct."

Speaker Shea: "Thank you. And that's in Room 114, Sir?"

Washington: "Right."

Speaker Shea: "The order of business as I understand it, is House Bill 3377; is that right, Mr. Clerk? But.... you want that out of the records, Sir. Take that out of the record, at the Sponsors request. All right, now ah... Mr. Katz, for an announcement."

Katz: "Ah... Mr. Speaker and Ladies and Gentlemen of the House. The Rules Committee took an action last week that the Members of the House ought to be aware of... and that action was, that as the Session is going on... that this will be the last week to get House Bills out of the Rules Committee. Ah... and the Rules Committee will be meeting ah... Wednesday and Thursday to hear petitions of House Members, to get House Bills out of the Rules Committee. Now, if the Member has not yet

filed the form that is required to be filed... the petition for exemption they should go into the Speaker's Office and see the Committee Clerk, Nancy, and file the form today because under the Rules Committee.... action taken today is the last day for requesting that House Bills this Session be advanced as exempt under House Rule 27. No Senate Bills will be heard in the Rules Committee this week so that we can hear all of the House Members who want to get their Bills out. Now, we also decided unanimously on the Committee not to require the six and a half days this week. So, any House Member who proceeds right now into the Speaker's Office and files a petition for exemption can be heard on Wednesday or Thursday of this week... on that petition, so you are urged to act today. If you have not done so..or you will perhaps have to wait until the next Session, next year, or to file at the earliest. So, you are full warned here that this is the week to move House Bills out of the Rules Committee if you desire to do so."

Speaker Shea: "All right, one more announcement. And that is the Library reception will be at six and the dinner at 7:45, now Miss Geo-Karis."

Geo-Karis: "I have a question of Mr. Katz, if I may direct my question to him, Mr. Speaker. Ah... I see in my green sheet ah... a reference to some of my Bills as STCB, could you tell me what that means, Mr. Katz."

Katz: "Ah... I don't have a copy of this, Miss Geo-Karis, of your green sheet, but I would be very happy to walk over and take a look at it, and if I know half as much as the computer, I'll try to explain what it is. I'm not sure, but I'll walk over and try to be of assistance and see."

Geo-Karis: "I'll come over and meet you half way, Harold."

Thank you."

Katz: "Always glad to meet you half way, Adeline."

Speaker Madigan: "The Chair recognizes the Lady from St. Clair, Mrs. Younge."

Younge: "Thank you... thank you, Mr. Speaker and Members of the House. Ah... I move under House Rule 18 (k) for a suspension of the rules and a Commission to hear House Bill 3533 and 3534, on Wednesday at 12 o'clock."

Speaker Madigan: "Mr. Walsh, do you have an objection to that motion?"

Walsh: "Well, I just wanted to ask the Lady if she had ah... cleared this with the Minority Leader, and if she has not if she would talk with them... why..."

Younge: "Yes, I have talked with ah... Representative Lauer and Representative Kent; they have no objections."

Walsh: "How about Representative Washburn, the Minority Leader?"

Younge: "Ah... I... no, I did not ah... realize I should talk to Representative Washburn."

Walsh: "Wonder if you could hold the motion until you talk with Representative Washburn, Representative Younge."

Younge: "Certainly."

Speaker Madigan: "All right, the Chair recognizes the Gentleman from Lawrence, Mr. Cunningham."

Cunningham: "Mr. Chairman, it's nice to see you in the Chair. I didn't understand the announcement before to whether or not we would be out in time for the Library dinner, the charming Librarian from the Rend Lake ah... College, Imogene Book, in the ah... Speaker's gallery on the right had asked me to go the dinner tonight, should I accept or reject... What is the ah... will we be adjourned in time; that's my inquiry. Forgive me."

Madigan: "I don't have a answer for your inquiry, Mr. ah... Cunningham."

Cunningham: "Will you inform me when you have it please."

Speaker Madigan: "Oh, definitely."

Cunningham: "Thank you."

Speaker Madigan: "The Chair recognizes the Gentleman from DuPage, Mr. Schneider."

Schneider: "Mr. Speaker, are we on the order of motions because I have a request from a Member to waive the posting rule for a Bill tomorrow?"

Speaker Madigan: "Have you talked with the Minority..."

Schneider: "The Sponsor, Representative Waddell, has ah... conferred with both the Majority Leader and the Minority Assistant and he... they have approved it. It's ah... Senate Bill ah... 1727; we would like to ah... waive the appropriate rule to post it for hearing in Education Committee, tomorrow morning."

Speaker Madigan: "Is there unanimous consent? The Chair recognizes the Gentleman from Cook, Mr. Walsh."

Walsh: "Mr. Speaker, I talked with the Majority Leader when he was in the Chair, I have a motion to discharge the Committee on assignment of Bills and I wonder if we could call that row; he told me that ah... that we could ah... I'm afraid that we're ah... kinda getting in a position where we look like we're winding down and some people may leave before they have an opportunity to vote on this ah... motion."

Speaker Madigan: "Mr. Walsh, ah... for one thing we have a motion... the motion is before the Body, at this time so your motion is out of order, Mr. Walsh. And, secondly..."

Walsh: "But mine is in the nature of a request, Mr. Speaker."

Speaker Madigan: "Oh, thank you, Mr. Walsh."

Walsh: "The motion is on the Calendar."

Speaker Madigan: "Thank you. And, ah... we are not, as I understand in the posture of winding down but rather

MAY 24 1976

winding up."

Walsh: "Are we?"

Speaker Madigan: "The Chair recognizes the Gentleman from DuPage, Mr. Schneider."

Schneider: "Once again, Mr. Speaker, Senate Bill 1727 we would like to waive the appropriate rule to have it posted and heard tomorrow in Elementary and Secondary Education. It is my understanding that Representative Waddell has gotten the approval of ah... Leadership on both sides."

Speaker Madigan: "Is there objection to the Gentleman's request? This motion will require a Roll Call vote for the suspension of the rules to hear a Bill in Committee tomorrow. All those in favor will signify by voting 'aye' all those opposed by voting 'no'. The Chair recognizes the Gentleman from DeKalb, Mr. Ebbesen, to explain his vote."

Ebbesen: "No... no."

Speaker Madigan: "Mr. Ebbesen does not seek recognition.... Have all voted who wished? The Clerk will take the record. Record ah... Duff 'aye'. And Mr. Caldwell 'aye' and on this question there are 128 'ayes', no 'no's', no voting 'present' and the motion carries. The Chair recognizes the Lady from St. Clair, Mrs. Younge."

Younge: "Ah... thank you, Mr. Chairman. I have ah... on my motion to suspend the posting rules ah... and to hear ah... House Bill 3533 and 3534, in Executive, Wednesday ah... I have touched base with Representative Washburn and he ah... does not object. And I touched base with the Democratic and Republican Leadership and all have agreed that it would be all right. I so move."

Speaker Madigan: "The Lady has moved to suspend the appropriate rules to hear her Bills in Committee; is there

objection? Mrs. Younge, is this motion on the Calendar?
Mrs. Younge, is this motion posted on today's Calendar?"

Younge: "It is not posted; it was filed about an hour ago."

Speaker Madigan: "Filed with the Clerk? Mrs. Younge, the
Parliamentarian informs me that, in line with Mr.
Schlickman's objection that ah... it will be necessary
for you to ah... have this motion posted on the
Calendar for tomorrow and heard at that time."

Younge: "All right, thank you, Mr. Speaker."

Speaker Madigan: "Thank you. The Chair recognizes the
Gentleman from.... for what purpose does the Gentleman
from DeKalb. arise Mr. Ebbesen?"

Ebbesen: "Ah... Mr. Speaker ah... I would like ah... ah...
leave of the House to waive the appropriate rule for
posting ah... relative to House Bill 3937, so that it
could be heard in Revenue. I have checked with both
sides of the aisle and also, cleared this with the ah...
Revenue Committee Chairman, Representative Maragos."

Speaker Madigan: "Whom did you speak to on the Democratic
side? Mr. Ebbesen..."

Ebbesen: "I... I spoke with ah... Representative Lechowicz,
a few minutes moments ago and asked him ah... if there
would be an objection, I know of no objection of this..."

Speaker Madigan: "I suggest that you talk to Representative
Shea, who is in his office or the Speaker's office.
We're going to be here for awhile."

Ebbesen: "Ah... Mr. Speaker, ah... I have the Committee
on assignment of Bills, Representative ah... Klosak,
ah... spoke with Representative Shea, earlier and assign-
ed this to Revenue and I assumed at that time, that
was the clearance to move ahead."

Speaker Madigan: "No, it's not, Mr. Ebbesen. The Chair
recognizes the Gentlemen from McLean, Mr. Bradley."

Bradley: "Well, Mr. Speaker and Ladies and Gentlemen of the

House. Ah... two ah... announcements..."

Speaker Madigan: "Would the House give its attention to Mr. Bradley, who has an important announcement."

Bradley: "The... the first announcement in regard to the motion on the Calendar... by Representative Deavers, ah... concerning House Bills 3664 through 3676, ah... those Bills have been assigned to the Committee on Labor so, the motion is not necessary. They're in that Committee now; the second announcement that I would like to make is that we're going to go through the Calendar again... we're going to go through the Calendar again today and if this Calendar continues to... be quartered and we're not moving legislation.... we're going to have to work Friday. So I call that to the Members attention ah... we better move things along here or we're going to be here Friday. Thank you."

Speaker Madigan: "The order of House Bills, Second Reading appears House Bill 3036. The Chair recognizes the Gentlemen from Cook, Mr. Taylor.... For what purpose does the Gentleman from Cook, Mr. Madison, arise?"

Madison: "Parliament inquiry ah... Mr. Speaker. I understood you to ah... indicate to Representative Younge, that because of the objection of Representative Schlickman, the motion would have to appear on the Calendar in order to be considered this time; is that correct?"

Speaker Madigan: "Mr. Madison, that was the ruling of the Chair upon the advice of the Parliamentarian."

Madison: "Well, Mr. Speaker, one of the things that concern me is consistency; now I can very well remember..."

Speaker Madigan: "Mr. Madison...."

Madison: "Yes...."

Speaker Madigan: "We are on the order of House Bills, Second Reading. The Parliamentarian is on the podium if you

wish to discuss his ruling you may, Sir. But we would like to move the Legislation along."

Madison: "I would like the Chair to reconsider its ruling, Mr. Speaker, that's why I'm raising the point."

Speaker Madigan: "Your request is not timely, Mr. Madison. The Chair recognizes Mr. Taylor."

Clerk Selcke: "House Bill 3036, an Act to repeal Chicago Regional Port District Act. Second Reading of the Bill; one Committee Amendment. Amendment #1, amend House Bill 3036, line 1, by deleting the word 'repeal' and so forth."

Speaker Madigan: "The Chair recognizes the Gentleman from Cook, Mr. Maragos."

Maragos: "Mr. Speaker and Members of the House. By agreement of the Committee... and Minority spokesman and Members of that Committee of Cities and Villages, I would like at this time to move to Table the.... I mean have the Chairman move because that is the Committee Amendment #1, and I have another Amendment to go on it, #2, at this time."

Speaker Madigan: "The Chair recognizes the Gentleman from Cook, Mr. Taylor.... Mr. Taylor."

Taylor: "Mr. Speaker and Members of the House. We have no objections to Amendment #1 being removed and I so move that we adopt Amendment #1...."

Speaker Madigan: "The Gentleman moves to Table Amendment #1."

Taylor: "Yes."

Speaker Madigan: "All those in favor signify by saying 'aye', opposed... the 'ayes' have it and Amendment #1, is Tabled. Mr. Maragos. Are there further Amendments?"

Clerk Selcke: "Amendment #2... just a minute. Maragos, amend House Bill 3036, on page 1, line 1, and so forth."

Speaker Madigan: "Amendment #2, the Chair recognizes Mr. Maragos."

Maragos: "Mr. Speaker, Amendment #2, it is exactly on all fours... the Amendment recommended by the Committee and by acquiescent in agreement with the Minority Spokesman of that Committee. And, what it does is confines the things to the corporate ares of Chicago.... and it does exactly the four points that have been brought up by the Maritime Council. And at this time, would move the adeption of Amendment #2 to House Bill 3036."

Speaker Madigan: "The Chair recognizes the Gentleman from Cook, Mr. Collins."

Collins: "Ah... Mr. Speaker and Ladies and Gentlemen of the House. I'm not arising at this time to oppose this Amendment, I think though there is an assurance from Representative Maragos that this will be brought back from Third ah... after the original oppoonents of the Bill had had a chance to analyze this ah... Amendment and if it's not... if it is not ah... agreeable to them ah... we'll bring it back from Third for Amendment. Is that so?"

Speaker Madigan: "Mr. Maragos... Mr. Maragos."

Maragos: "I'm not.... ah... Mr. Speaker, Members of the House. I agreed to bring it back at Third Reading if this Amendment did not comply with the terms that I agreed upon in Committee. That's right."

Speaker Madigan: "Well... Mr...."

Maragos: "Yeah..."

Speaker Madigan: "All right, go ahead, Sir."

Collins: "Well... Sam, to my ah... to my knowledge there wasn't any firm agreement; there was an agreement to hammer something out."

Maragos: "Yeah."

Collins: "Now, I look at that... this Amendment which does change the appointment powers of the... the Board, I

don't know if this is agreeable to the... to those who we had our agreement with so all I ask of you..."

Maragos: "Yes, all right..."

Collins: "Is that you agree to bring it back from Third if they do object further."

Maragos: "That's correct... that's right, but I'm sure that they agree this is their idea in the first place."

Collins: "Okay, but..."

Maragos: "Wait a minute; I'm not talking about the Maritime Council, I'm talking about the Representatives who were Members of the Cities and Villages Committee who objected to this Bill..."

Collins: "All right, fair enough ah... I will so agree Mr. Chair.... Mr. Speaker."

Maragos: "Thank you, Mr. Speaker."

Speaker Madigan: "The Chair recognizes the Gentleman from Cook, Mr. Mahar."

Mahar: "Ah... Thank you, Mr. Speaker, Ladies and Gentlemen of the House. Will the Sponsor yield for a question?"

Speaker Madigan: "The Sponsor indicates that he will yield."

Mahar: "Sam, on page 20 of your Amendment I don't recall the same language being in the other Amendment and maybe you could answer ah... ah... why on line 17, the appointment of the successor to a Member appointed by the Governor will be appointed by the Mayor rather than the Governor when ah... four Members are appointed by the Governor."

Maragos: "Because of the fact that, this language is put in, Mr. Mahar, in order to assure there will be continuity. We cannot let the present office ah... present positions expire but accepting that the Mayor will now have one additional position and the Governor will have one less position. That was the agreement we had discussed."

It will be a five to four, instead of having the County Board is taken out as we agreed on."

Mahar: "In other words then, the first appointment will be made by the Mayor to make it number five and the other four will be by the Governor?"

Maragos: "That's correct."

Mahar: "Correct."

Maragos: "That's the way I read it."

Mahar: "Okay, thank you."

Maragos: "All right."

Speaker Madigan: "Is there further discussion? The Chair recognizes the Gentleman from Cook, Mr. Schlickman."

Schlickman: "Would the Sponsor yield?"

Speaker Madigan: "The Sponsor indicates that he would yield."

Schlickman: "The Bill... House Bill 3036, as it was originally introduced, repealed the existing Chicago Regional Port District Act. And transferred the asset liabilities of the Chicago Regional Port District to the City of Chicago. Now as I understand the Amendment which repeals everything after the enacting clause so we start off with a new Bill... it takes the existing Chicago Regional Port District and restricts its geography scope to the City of Chicago, is that correct?"

Maragos: "That's correct."

Schlickman: "Now, directing your attention to page 3 of the Amendment. You give to this new or revised unit of local government... in line 16 to 20, this authority to perform any other act or function which may tend to ah... be useful towards development and improvements of harbor, seaport and port related facilities and services in this State... and to increase foreign and domestic commerce through its harbors and seaports, meaning the State of Illinois. Are you serious in suggesting that by this Amendment... you will give to... a Port

District which is limited to geography scope to the City of Chicago, the authority... to develop and improve waterways throughout the State of Illinois?"

Maragos: "Mr. ah... Schlickman, I don't believe that the language intends to state that this will have jurisdiction beyond the State of Illinois. What it does is...."

Schlickman: "How about just within the State."

Maragos: "Well, even within the State the fifty powers of this particular district are limited within the City of Chicago and it states that, ah... you go back if you will to Section 3 on the first page... all area within a corporate limits of the City of Chicago. So now what it may mean if they want to cooperate with any other bodies it should not be restricted but there may be another Port District downstate that may have to cooperate with them; it should not be restricted from cooperate... from improvements."

Schlickman: "Well, if I may, Mr. Speaker. Let me simply suggest that the 1970 Constitution gives to all units of local government inter governmental cooperation authority. If that's your interpretation of Sec... Section 8, I respectfully suggest we take it out."

Maragos: "All right, I... you mind if I go down to Senate and bring it in tomorrow with a new Amendment on that?"
I promise you that I'll do that."

Schlickman: "I would appreciate that."

Maragos: "Okay."

Schlickman: "Thank you very much Mr. Speaker."

Speaker Madigan: "Mr. Maragos, what was your request?"

Maragos: "I would request that we move this on, and then in case this language is going to be confiding... tell Mr. Schlickman, I'll discuss it with him. I'll put an Amendment on it tomorrow... take that Amendment off."

Speaker Madigan: "Is there any objection to moving this

Bill to Third Reading? The Chair recognizing the Gentleman from Cook, Mr. Schlickman."

Schlickman: "It is my understanding that it will be advanced to Third and tomorrow it will be brought back to Second, and..."

Maragos: "I will discuss with you how you want it handled and that we'll put an Amendment out tomorrow to this Amendment."

Schlickman: "Okay, thank you."

Maragos: "Okay."

Speaker Madigan: "House Bill 3036, shall be placed on the order of Third Reading. House Bill 3036 shall be returned to the order of Second Reading. The Chair recognizes the Gentleman from Cook, Mr. Maragos, who moves that Amendment #2 to House Bill 3036 be adopted. All those in favor signify by saying 'aye', opposed... The 'ayes' have it, the Amendment is adopted. Are there further Amendments? Third Reading. On the order of House Bills Second Reading appears House Bill 3376; the Chair recognizes the Lady from Cook, Mrs. Chapman. On House Bill 3376, Mrs. Chapman... the Speaker desires to move these Bills. The Lady wishes to take the Bill from the record. On the order of House Bills, Second Reading appears House Bill 3377... Mr. Byers, states that he wishes to leave the Bill on the order of Second Reading. On the order of House Bills. Second Reading appears House Bill 30... 3403, is Mr. Boyle on the floor? Mr. Boyle, what is your desire relative to House Bill 3403, which is an Act to provide for the ordinary and contingent expenses of the Department of Conservation. Do you wish to hold that on Second Reading? On the order of House Bills, Second Reading appears House Bill 3819, Mr. Lechowicz, what is your pleasure regarding that Bill?"

Lechowicz: I would like to call it but due to the request of the Minority Leader, I'll hold it."

Speaker Madigan: "At the request of the Minority Leader House Bill 3819 shall be held on the order of Second Reading. On the order of House Bills Second Reading appears House Bill 3859, Mr. Byers. Mr. Byers wishes to hold that Bill on Second Reading. On the order of House Bills 3908 appears... Mr. Taylor... the Chair recognizes the Gentleman from Cook, Mr. Taylor."

Clerk Selcke: "House Bill 3908..."

Taylor: "Would you take that out of the record, please."

Speaker Madigan: "Mr. Taylor wishes to take that Bill out of the record. On the order of... we will now proceed to the order of House Bills, Third Reading and request that Sponsors call their Bills. On the order of House Bills Third Reading appears House Bill 3302; the Chair recognizes the Gentleman from Lawrence, Mr. Cunningham."

Clerk Selcke: "House Bill 3302; an Act making appropriation to the Department of Conservation. Third Reading of the Bill."

Cunningham: "Mr. Speaker, there is still some problems that needs to be worked out, across the aisle. Tomorrow for certain."

Speaker Madigan: "On the ah... Mr. Cunningham wishes to take House Bill 3302 out of the record. On the order of House Bills Third Reading appears House Bill 3485. The Chair recognizes the Gentleman from Knox, Mr. McMaster. Mr. McMaster is not here ah... Mr. McMaster is present and wishes to pass over House Bill 3485 and 3486. On the order of House Bills Third Reading appears House Bill 3428. The Chair recognizes the... Mr. Flinn, is Mr. Flinn on the floor? On the order of House Bills Third Reading appears House Bill 3489. The Chair recognizes

the Gentleman from Sangamon, Mr. Kane."

Clerk O'Brien: "House Bill 3489, a Bill for an Act to amend the Illinois Vehicle Code. Third Reading of the Bill."

Speaker Madigan: "Mr. Kane."

Kane: "Mr. Speaker, could I ah... request leave to pull that Bill back to Second Reading for the purposes of an Amendment?"

Speaker Madigan: "The Gentleman requests leave to return House Bill 3489 to the order of Second Reading for purposes of an Amendment; is there objection? There being no objection, House Bill 3489 shall be placed on the order of Second Reading."

Clerk O'Brien: "Amendment #3, amends House Bill 3489..."

Speaker Madigan: "Mr. Kane, on Amendment #3."

Kane: "Ah... Mr. DiPrima."

Speaker Madigan: "Excuse me, Mr.... the Gentleman from Cook, Mr. DiPrima."

DiPrima: "Ah... Mr. Speaker and Ladies and Gentlemen of the House. Amendment #3 to House Bill 3489, what it attempts to do is like these charitable organizations, such as all the Veteran's organizations, the Kiwans, the Lions Club and so forth. They solicit on various corners you know in small metropolis... when, like last week we had poppies... they were selling poppies and they were stopped by the police so we have to Amend this... I want to add this Amendment on to rectify this for the forth coming period when these various charitable organizations have ah... these sales, you know so they will be able to sell their wares on the corners."

Speaker Madigan: "The Gentleman moves for the adoption of Amendment #3 to House Bill 3489. All those in favor signify... for what purpose does the Gentleman from ah... does the Lady from Cook, Mrs. Catania, rise."

Catania: "Well, Mr. Speaker, I can't find a copy of the

61.

Amendment and this is the Bill that ah... postpones the dates for having eight flashing lights on school buses and I really don't understand what that has to do with Veteran's selling poppies on street corners. Maybe if I could get a copy of the Amendment, I could understand it."

Speaker Madigan: "Mrs. Catania, Mr. Schlickman, is holding a copy of the Amendment and indicates that he will pass it over to you."

Catania: "Is that the Republican copy?"

Speaker Madigan: "And the Chair recognizes the Gentleman from Cook, Mr. Schlickman."

Schlickman: "Well, Mr. Speaker, I raise a Parliamentary Inquiry."

Speaker Madigan: "State your inquiry, Mr. Schlickman."

Schlickman: "Mr. Speaker, and Members of the House. House Bill 3489 deals with the subject of school buses. And, more specifically the lighting systems on school buses. Now, this Bill as it was introduced and as it has been amended to date...would amend the existing school bus lighting law and defer its effectiveness, as respect to rector fitting. This Amendment is ungermane and has nothing to do with school buses, their lighting or the deferral of the reflector fitting requirement and respectfully suggest that it is out of order. Without reflecting on the merit..."

Speaker Madigan: "Ruling of the Chair, is that the Amendment is germane, the reason is that it has been the practice of the Chair to constrew these points liberally and this is an Amendment to the Illinois Vehicle Code."

Schlickman: "Well..."

Speaker Madigan: "The ruling of the Chair is that the Amendment is germane."

Schlickman: "I don't want to argue, Mr. Speaker, but I

would simply like to comment. At the rate that we're going on the issue of germane, if any Bill that amends the Illinois revised statute is going to be germane..."

Speaker Madigan: "The Chair recognizes the Gentleman from Cook, Mr. DiPrima."

DiPrima: "Well, yes...as I said, all this does is just allow the Veteran's Organizations to sell poppies on street corners and it allows the Boy Scouts, the Girl Scouts, the Lions and the Kiwanis and all the various charitable organizations to peddle their wares on street corners. If there's any objection to it, forget it. I would appreciate an affirmative vote."

Speaker Madigan: "The Chair recognizes the Gentleman from DuPage, Mr. Hoffman."

Hoffman: "Thank you, Mr. Speaker. Would the Sponsor of the Amendment yield to a question?"

Speaker Madigan: "The Sponsor indicates that he will yield."

Hoffman: "Does this allow... does this allow by statute the practice now of going into the street, in other words, that you're in the street going up and down between the cars while they are stopped at stop lights?"

DiPrima: "Well, you know, like where there ah... pedestrians stand on the corner, I would suppose it would allow it over there...but mostly on the corners and all that, you know..."

Speaker Madigan: "The Chair recognizes the Gentleman..."

Hoffman: "Mr. Speaker... excuse me Mr...."

Speaker Madigan: "Hoffman, proceed."

Hoffman: "Mr. Speaker and Ladies and Gentlemen of the House.

Ah... I haven't had a chance to look at the republican copy of the Amendment yet, ah... however ah... I not only think that this kind of an Amendment put on to this kind of Bill is ah... is doing a disservice to the Sponsors of the Bill, on one hand. But, on the

hand... those of you who live in the metropolitan area and have vendors walking up and down between your cars when you're stopped at a stop sign, normally find that to be personally annoying but I'm sure before it's all over some young person who is sent out there by a very good cause is going to die a very horrible death. And ah... I for one would oppose encouraging this in any way and in any shape or form and therefore I would oppose the Amendment."

Speaker Madigan: "The Chair recognizes the Gentleman from Peoria, Mr. Mudd."

Mudd: "Yes, Mr. Speaker... Mr. Chairman, Members of the House. I think that Representative DiPrima, is trying to resolve a problem that has been brought up on solicitation by charitable organizations and I know that the objection to which, raised here earlier, if it would have been a controversial issue, I know that the Chair would have ruled justly on Mr. Schlickman's request. However, I think that we're trying to move Bills here today; the Sponsor of this Bill has been fair and most accommodating to Representative DiPrima, try to resolve this problem, I think that we should try to go along with this request and try to move these Bills as quickly as possible and I think some of us are going to be left at the starting gate in the next several weeks. So, let's try to cooperate a little bit here, try to resolve a problem and help the charitable organizations."

Speaker Madigan: "The Chair recognizes the Gentleman from Cook, Mr. Palmer."

Palmer: "Yes, if the Sponsor will yield for a question?"

Speaker Madigan: "The Sponsor indicates that he will yield."

Palmer: "I don't know how much of a farmer DiPrima is ah... but a farmer... but does this prohibit the farmer from standing out that's got some produce in the fall of the

year... does this prohibit a farmer from ah... getting out and trying to sell his produce."

DiPrima: "Well wherever the municipality allows them to, I guess it's all right. This has nothing to do with this Bill."

Palmer: "Well the... the language is quite broad and it would seem to me that you couldn't stand any place talking your wares for agriculture products if there was a municipal ordinance that... unless it was permitted by municipal ordinance and the county portion that would be prohibited. Would that, is that you're interpretation of it?"

DiPrima: "Well, wherever a municipality... disallow and home powers disallows it, I guess that would be the case but, I've got a letter here from Ralph Dunn, that's why I put this Amendment on. Some V.F.W. Post down in ah... let's see... Nashville, Illinois, wherever that's at. Get over here... let Ralph talk on this. He said to me, Louie, you won't have any problem. He doesn't know the characters in this House."

Speaker Madigan: "Mr. DiPrima, wishes to yield to the Gentleman from Perry, Mr. Dunn."

Dunn: "Thank you, Mr. Speaker and Members of the House. This Amendment is intended, I hope we get some attention so we can tell what we're doing here. This Amendment..."

Speaker Madigan: "The Gentleman has requested the attention to his... statement."

Dunn: "Thank you, Mr. Speaker. Last year we passed a Bill, every Member of the House that voted on the Bill either voted for it or present. There was no votes against the Bill that would prohibit V.F.W., the American Legion, Boy Scouts or anyone else from selling poppies, cookies, or whatever you might have at a intersection, even within a municipality. I had one of my little

villages down in my district, Nashville, Illinois... the V.F.W. members were selling poppies a week ago yesterday a week ago Saturday, rather and they had to quit it because the State Trooper came along and said it's now against the law to sell poppies even at a stop sign within a city limits. The Amendment that Representative DiPrima and I hope to put on this Bill, and this is the best vehicle we could find to do it because it does amend the same chapter and we appreciate the ruling that it's germane. This Amendment would simply say that they could sell poppies or... inside a municipality... if an ordinance was passed to that extent. It would still not permit it, without an ordinance being passed within the corporate limits of a corporate body within the State, so it is not a Bill that will allow people to sell anything they want to on any street corner or along the highway, It just merely means that they can again solicit your contribution at a stop sign within a municipality if the municipality passes an ordinance to that extent. Now, I would urge that the Amendment be adopted."

Speaker Madigan: "The Chair recognizes the Gentleman from Kankakee, Mr. Beaupre."

Beaupre: "Mr. Speaker and Ladies and Gentlemen of the House. I have a feeling that a lot of us haven't looked at the Amendment. If you look at the Amendment you'll see that what we're talking about here... what Representative DiPrima is trying to accomplish is to amend an Act that we passed last year, that in affect prohibited the selling of anything along the State highway. All the Amendment does is. it says that the local city fathers can determine whether or not a particular intersection is safe for these service organizations to go about their business of selling poppies or whatever. There is

absolutely nothing wrong with that. I was in a little town yesterday, called Symerton, there's one stop sign in Symerton, Illinois and I can guarantee it that there was nothing unsafe about somebody standing at the street corner and soliciting the sale of a poppy. All we're trying to do is let the city fathers decide which is a safe intersection to perform these sort of charitable sales at and let's not us sit down here in Springfield and tell them where they can sell and where they can't."

Speaker Madigan: "The Chair recognizes the Gentleman from Cook, Mr. Lechowicz."

Lechowicz: "Thank you, Mr. Speaker. Will the Sponsor of the Amendment, Mr. Diprima or Mr. Dunn, respond to a question?"

Speaker Madigan: "The Sponsor indicates that he will yield to Representative Dunn. Representative Dunn, from Perry."

Lechowicz: "Does this include home road units?"

Dunn: "Thank you, Mr.... Representative Lechowicz; this says that a municipality must pass an ordinance before they can do it. We passed a law last year; it's now Section 11-1006, and it reads now no persons shall stand on a highway for the purpose of soliciting employment, business or contributions from the occupant of any vehicle. And, it doesn't refer to home rule units or not it has been... we passed that 121 to nothing; now we propose to put an Amendment on it to say except within a municipality when expressly permitted by municipal ordinance. This would not allow any selling on the corner in the absence of a municipal ordinance permitting it."

Lechowicz: "Thank you."

Speaker Madigan: "The Chair recognizes the Gentleman from Lake, Mr. Deuster."

Deuster: "I'm sorry to belabor this but would the Sponsor yield to one question and that is this, your Bill will really provide that you can solicit only in municipalities and for those of us who represent county areas and might want to have the veteran's or some other charitable or worthy veteran or educational group out... outside the municipal boundaries would you have any objection in the Senate or anywhere else to broadening this so that... so that the exception would pertain not only to municipalities but, for example in a county area where by county ordinance this sort of activity... for example in Lake County, if we wanted to have the veteran's out selling poppies or someone else and they happen to be in a county area, you would have no objection to that would you?"

Dunn: "I would have no personal objection, we were just trying to amend it so they could do it within a municipality."

Deuster: "Okay, thank you."

Speaker Madigan: "Is there any further discussion? There being no further discussion, the question is shall Amendment #3 to House Bill 3489 be adopted? All those in favor signify by saying 'aye', opposed... in the opinion of the Chair, the 'ayes' have it and the Amendment is adopted. Are there further Amendments?"

Clerk O'Brien: "No further Amendments."

Speaker Madigan: "Third Reading. On the order of House Bills Third Reading appears House Bill 3494. The Chair recognizes the Gentleman from Cook, Mr. DiPrima."

Clerk O'Brien: "House Bill 3494, a Bill for an Act to provide for jurisdiction of the United States to the State of Illinois either wholly or partially, as to land owned by the United States under the jurisdiction of the Veteran's Administration. Third Reading of the Bill."

DiPrima: "Mr. Speaker, Ladies and Gentlemen of the House.

I put this Bill in at the request of the Veteran's Administration; if you try to read this, it's going to throw you away out of kilter. Actually all the Bill does, like let's say there was a little problem in the Veteran's Hospital and the government couldn't get the troops down there fast enough, what this would do... give the local constabulary the authority to go in and quell whatever problems that are being created in the Veteran's Hospital or any Veteran's property."

Speaker Madigan: "Is there any discussion? The Chair recognizes the Gentleman from Winnebago, Mr. Simms."

Simms: "If the Sponsor would yield for a question? Representative DiPrima..."

Speaker Madigan: "The Sponsor indicates that he will yield."

Simms: "I'm not quite clear on this; what this would do would allow the jurisdiction of the State of Illinois for example, to go into a State Institution where there were... a Federal Institution where there are problems of co-jurisdiction?"

DiPrima: "Yeah, this would allow the local constabulary to go in and stop... it would give the Army a chance to get their men down there and try to quell the problem, whatever it is."

Simms: "I see, like what institutions would that be?"

DiPrima: "Well, Veteran's Administration Hospitals disruptions or if somebody goes in and disrupts graves and so forth..."

Simms: "You mean, right now the State could not go in and make arrests or assist."

DiPrima: "Well, in the past the government... I guess has been able to handle everything themselves but with these kooks you've got today that go over and plant bombs and so forth, you have these bomb scares and..."

Simms: "Okay, I understand. Thank you, very much Mr. Speaker."

Speaker Madigan: "Is there further discussion? The Chair recognizes the Lady from DuPage, Mrs. Dyer."

Dyer: "Would the Sponsor yield for a question?"

Speaker Madigan: "The Sponsor indicates that he will yield."

Dyer: "Mr. Sponsor, it isn't clear to me what does cemeteries have to do with... would you explain what kind of problem you might have in a cemetery."

DiPrima: "Well, if you gone to some of these cemeteries and saw how they turn up the stones, some of them used to have bronze plaques on... they ripped the bronze plaques off of their gravestones...."

Dyer: "Thank...."

DiPrima: "Representative Nardulli, tells me that they stole the bronze out of his brother's grave. They have a bronze plaque that tells what outfit that he was with and so forth when he was killed in action. Remember Libonati, brother... I go over there every decoration day, they took them bronze plaques out of about two dozen of the graves over there in the Veteran's plot at Mt Carmel."

Dyer: "I see, and so what this... this gives then. the Governor the privilege of calling out the National Guard."

DiPrima: "Yeah, men like Griesheimer, who just re-enlisted a couple of weeks ago. He's ready and willing to go."

Dyer: "Thank you."

Speaker Madigan: "Is there further discussion? There being no further discussion, the question is shall House Bill 3494. pass. All those in favor signify by voting 'aye', all those opposed by voting 'no'. The Clerk will take the record, Mr. O'Brien. Mr. O'Brien, would you take the record. Have all voted who wished? Have all voted who wished? Would someone push Mr. Stubblefield's switch

'aye'. Would someone push Mr. Kane's switch 'aye'. Mr. Fleck's, switch. Have all voted who wished? The Clerk will take the record. On this question, there are 142 'ayes', no 'no's', 3 voting 'present' and House Bill 3494, having received the Constitutional Majority is hereby declared passed. On the order of House Bills Third Reading appears House Bill 3515. Is Mr. Hanahan on the floor? On the order of House Bills Third Reading appears House Bill 3518... take it out of the record. On the order of House Bills Third Reading appears House Bill 3531... take it out of the record. On the order of House Bills 3532... on the order of House Bills Third Reading appears House Bill 3541... Mr. Ryan... take it out of the record. On the order of House Bills Third Reading appears House Bill 3633... is Mr. Schoeberlein on the floor? Mr. Schoeberlein... take it out of the record. On the order of House Bills Third Reading appears House Bill 3688... Mr. Byers... take it out of the record. On the order of House Bills 3831... Mr. Maragos... take it out of the record. On the order of House Bills Third Reading appears House Bill 3835... Mrs. Chapman... Mrs. Chapman, on the floor? Take it out of the record. Mrs. Chapman, what about House Bill 3836... take that out of the record. What about 3837... take that out of the record. 3838... out of the record. Mr. Schneider on the floor? Mrs. Chapman... no Bills, Mrs. Chapman? For what purpose does the Gentleman from Cook, Mr. Holewinski, arise."

Holewinski: "Mr. Speaker, I'm going to handle 3854, and I'm ready to proceed on that."

Speaker Madigan: "Fine. On the order of House Bills, Third Reading appears House Bill 3854."

Clerk O'Brien: "House Bill 3854, a Bill for an Act to amend the Illinois Clinical Laboratory Act. Third Reading

of the Bill."

Speaker Madigan: "The Chair recognizes the Gentleman from Cook, Mr. Holewinski."

Holewinski: "Thank you, Mr. Speaker, Ladies and Gentlemen of the House. House Bill 3854 is a Committee Bill; it came out of a Bill introduced by Representative Schraeder last Session. It requires ... an itemization on hospital bills of Clinical Laboratory cost. The Bill was... has no opposition that I know of; it was supported in Committee by the Clinical Laboratory Association and the Illinois State Medical Society. During the Committee hearing, the Medical Society indicated that this was the correct and ethical practice and is generally done in the profession. Now, I would be happy to answer any questions and would ask for support of the House."

Speaker Madigan: "The Gentleman having moved that House Bill 3854 pass. Is there any discussion? There being no discussion, the question is shall House Bill 3854, pass. All those in favor signify by voting 'aye'; all those opposed by voting 'no'. Have all voted who wished? Would someone push Mr. Lucco's, switch 'aye'. Mr. Stubblefield, or someone. Have all voted who wished? Have all voted who wished? The Clerk will take the record. On this question there are 139 'ayes', no 'no's' and 9 voting 'present' and House Bill 3854, having received the Constitutional Majority is hereby declared passed. On the order of House Bills Third Reading appears House Bill 3856, Mr. Katz... Mr. Katz, do you wish to call House Bill 3856... take it out of the record. Mr. Katz, do you wish to call House Bill 3871... take that out of the record. For what purpose does the Gentleman from Kane, Mr. Hill, arise?"

Hill: "Mr. Speaker, this is about the third or fourth time that we've gone through these House Bills on Third

Reading. What do you say that we just ask anyone who wants to hear their Bill called on Third Reading. Ask about it, no one asks for it, let's get out of here because we're just spinning our wheels, not accomplishing anything. I think that it is disgraceful and it is asinine."

Speaker Madigan: "Mr. Hill, I'm following orders."

Hill: "Well, Mr. Speaker, you might be following orders but I can't see the idea of us sitting here hour after hour and the Speaker is up there calling Bill after Bill after Bill and nothing happens. Now it seems to me that we're wasting taxpayers' money; you're wasting our time... accomplishing nothing, so consequently let's get out of here."

Speaker Madigan: "On the order of Senate Bills, Third Reading appears Senate Bill 1520; the Chair recognizes the Gentleman from Cook, Mr. Lechowicz."

Clerk O'Brien: "Senate Bill 1520, a Bill for an Act authorizing the Director of Mental Health and Developmental Disabilities to convey certain real property in Cook County. Third Reading of the Bill."

Lechowicz: "Thank you, Mr. Speaker and Ladies and Gentlemen of the House. Senate Bill 1520 authorizes the Director of Mental Health and Developmental Disabilities to convey 20 acres of land on a 89 year lease. in Cook County, to the New Arising Center for retarded children for the consideration that the land be used for public purposes. The land being transfered will be used for building a specialized living center with the goal of bring back to Chicago Land, the children farmed out... out of State facilities in other parts of the State. This Bill was heard in the Executive Committee, it was amended to provide for a 99 year lease and in turn I would be more than happy to answer any questions, if there are any "

Speaker Madigan: "The Gentleman has moved that Senate Bill 1520 pass. Is there any discussion? The Chair recognizes the Gentleman from Cook, Mr. Walsh."

Walsh: "Mr. Speaker and Ladies and Gentleman of the House. I reluctantly rise to oppose this Bill and I do it first because the... it is my feeling that the State... the Department of Mental Health is going too far in the area of private institutions taking care of the mentally retarded. I think that we ought to take a long hard look at that in theory before we continue the practice. The other reason that I oppose the Bill, incidently this reflects not at all on the group that proposes to take over this particular property through this particular Bill. The other reason that I oppose this Bill is because very simply the Department of Mental Health opposes it. Now it seems to me that it ill-behoves us here in the Legislature knowing absolutely nothing about the mechanics of the Department to support the conveyance of State land to a group, when the Department under whose control that land lies, is opposed to that transfer. Now, this is a Senate Bill very likely the last that we will see of it and I think that it's irresponsible of us to support this measure in the face of and I am fairly sure that I'm correct, I suspect the Sponsor will come up with reasons why I'm not, I ah... just the other day talked with a representative from the Department who assured me that the Department was opposed to this transfer. Now, I don't see how we can responsibly transfer the land, cause the land to be transferred when the Department under control it lies is opposed to it."

Speaker Madigan: "Is there further discussion? The Chair recognizes the Gentleman from Winnebago, Mr. Simms."

Simms: "Ah... Mr. Speaker, if the Sponsor would yield."

Speaker Madigan: "The Sponsor indicates that he will yield,

Mr. Simms."

Simms: "Is Representative Walsh correct in stating that the Department of Mental Health and Developmental Disabilities is opposed to this?"

Lechowicz: "Let me go back... partially yes and partially no, because this position goes back to 1974, when Michael Anderson wrote to the Governor requesting a three year lease for the property in question to improve the facility and meet their guidelines. The Governor responded favorably and the lease was prepared. New Arising Center contacted C.D.B. and the Deputy Director sent a member of his staff for an appraisal and evaluation. I talked to Dr. Levitt at Meigs Field and he in turn at that time told me that he was in favor of it. When the Bill was in Rules Committee, the Department came out and said that they were opposed to because there was an internal fight between the organization as far as who should have control. The... each Member of the Rules Committee and of the Executive Committee received a mailgram from Colonel Frank Chesrow stating that there will be two billion dollars of Federal money coming into this project. There have been five projects on C.D.B.'s. rules now for the past three years for learning disabilities... not one has been built; all I'm telling you is that if you want two billion dollars of Federal money... and this land will be proposed and leased on the way that it was initially deeded to the State, you'll vote favorably for 1520. I can't speak for the internal politics of the Department, but at one time they were in favor of it and now, yes, they are opposed to it... for what reason, I do not know."

Simms: "Thank you, Ted."

Speaker Madigan: "Is there further discussion? There being no further discussion, the question is shall Senate Bill 1520, pass. All those in favor signify by voting 'aye'

all those opposed by voting 'no'. The Chair recognizes the Gentleman from Cook, Mr. Schlickman, to explain his vote."

Schlickman: "Well, Mr. Speaker and Members of the House. I don't know how on one hand we can charge the Department of Mental Health and Developmental Disabilities to come up with a five year plan for improvements in the State for the mentally ill and mentally retarded and then on the other hand favorably consider a Bill that is contrary to that five year plan and not within its context. Also, I'll respectfully suggest, Mr. Speaker and Members

of the House, that there are priorities within the state as part of that five year plan. And those priorities involve not only the use of state property but the appropriation of state money and the appropriation of federal money. And for that reason, I'm voting 'no'."

Speaker Madigan: "The Chair recognizes the Gentleman from Cook, Mr. Lechowicz."

Lechowicz: "In answer to the distinguished person who just spoke, the objection of the department was as far as giving the land outright to the respective individual or the respective organization. We adopted an Amendment in the Executive Committee providing that it be in a ninety-nine year lease. I would hope that this General Assembly would take a look on that five year plan that was mentioned by Representative Schlickman and see what's exactly transpired within the last five years. Those five institutions that I pointed out earlier are in the C.D.B. budget and they haven't even reached a planning stage. Here we're in a position in this state ah... to provide and yes, in the populous area ah.. to provide a facility at no expense, Ladies and Gentlemen, to the taxpayers of Illinois. We're talking about two billion dollars of federal money, which will be used for a very good purpose. And I would ask and I would hope that more people would support Senate Bill 1520. Thank you."

Speaker Madigan: "The Chair recognizes the Gentleman from Cook, Mr. Shea."

Shea: "Well, Mr. Speaker and Ladies and Gentlemen of the House, I think that this is a good concept. Now we passed these Bills for these specialized living centers so that we could get people out of the institutions and into an environment where we could help get them back into the main stream of society. But the one problem, at least in Cook County, is to find enough vacant land to put

these up. Now here's a Bill that will provide a method to let an organization get one of these specialized living centers ah... get and help the people that need the help... the mentally disadvantaged... to get them back into the main stream of life and get them out of institutions. The one thing that I've heard since I've been down here is that the institutions, at times, do more harm than they do good. Here's a program that will help get these people back where they can get off ah... as everybody says ah.. the high cost of institutionalizing them and save some tax dollars. I think that this is a good program. I think, at least for Cook County, it's some land that can be used for it. And it's not selling it, it's leasing it. And it specifically states in there that if it's not used for this purpose then it goes back to the department."

Speaker Madigan: "The Chair recognizes the Gentleman from Cook, Mr. McAuliffe."

McAuliffe: "Mr. Speaker and Ladies and Gentlemen of the House, I rise to support Senate Bill 1520. I'm familiar with this property. I worked at the Chicago State Hospital in 1959 and 1960 when the original three buildings were built ah.. that they're using now. The buildings were built at that time for doctors' residencies and they fell to disrepair and they were abandoned. The New Horizons people came in here and used these for retarded children. It's property that's not being used now and ah... the state doesn't need it at the present time. I live approximately six blocks from this area and they're putting the property to good use. In the past, it was sitting vacant and it was being vandalized. So I would urge all of the Members of the General Assembly to support this. This is a way that we can take ah.. some of the burden off of the taxpayers of Illinois and let

people ah.. who want to help those children ah... children who have disabilities ah... they're willing to do it on their own. All they're asking for is a little bit of help from the state. They're not looking for any state money. I think it's a worthwhile program. I've watched it from the beginning and I'm very much in support of it. I hope that you will give it enough votes to pass it."

Speaker Madigan: "The Chair recognizes the Gentleman from Kane, Mr. Grotberg."

Grotberg: "Thank you, Mr. Speaker and Ladies and Gentlemen of the House. I recall this Bill from previous days when it was a purchase and sale ah.. agreement. And now that the leasing provisions are on it, I'm going to vote 'aye' on this Bill, Representative Lechowicz. And I would urge anybody else that is hanging on the cliff as to what they're going to do. And I see that the Bill has passed.... that there is another way to do business ah.. besides through state institutions. And I think that the drift is toward that because of some of the inability of state institutions to fulfill their roles in hardly anything. This might be a quicker way. Thank you."

Speaker Madigan: "Have all voted who wish? The Clerk will take the record. On this question there are 108 'ayes' and 17 'no' and 11 voting 'present' and Senate Bill 1520 having received a constitutional majority is hereby declared passed. On the order of Senate Bills, Third Reading appears Senate Bill 1638. The Chair recognizes the Gentleman from Kankakee, Mr. Beaupre."

Clerk O'Brien: "Senate Bill 1638, a Bill for an Act to amend an Act to provide for the ordinary and contingent expense of the Department of Local Government Affairs. Third Reading of the Bill."
