

Doorkeeper: "All persons not entitled to the House floor, please retire to the gallery."

Speaker Redmond: "The House will come to order, Members please be in their seats. We will be lead in prayer today by the Reverend Corneal Davis."

Davis, C.: "I would like to preface this prayer by saying that for thirty-six years there hasn't been a Session held in this General Assembly that I didn't pray. This will probably be my last prayer...it will be to the 80th General Assembly, the last General Assembly I'll be a Member of. And I'm grateful to the Speaker for giving me this opportunity to lead you to the throne of grace. If My people who are called by My name will simply humble themselves and pray. Turn from their wicked ways and seek My face then will I hear from heaven and I'll heal their lack. Eternal God Our Father, one day in Your court is better than a thousand and I'd rather be a doorkeeper in the house of my God than to dwell in the tents of wickedness. O Lord Our God may our separate face combine this morning and may we exalt Your name together. For we rejoice in Thy truth which instructs us. And we rejoice in Thy love which enfolds us. Now O Lord give Your grace and Your wisdom to all who serve in the government of this nation. We pray your blessings upon the President and upon his Excellency, the Governor, of this state. We pray your blessings upon the new General Assembly. Lay hold may they lay hold upon the fresh opportunities for generating constructive programs. And be especially near to those O Lord who will assume the oath of office this day. For they will assume solemn vows and you've said in Your words that government is a divine institution...and ordained of God. Set their visions upon the highest goals and grant to them integrity of purpose. And now O Lord, let your goodness and let Your mercy follow those who will retire and leave this

General Assembly all the days of their life and then O Lord set Your seal upon all of our lips that we sin not against Thee. And by Your good and wise counsel guide everyone of us as we live and then afterwards, take us to Yourself in glory we pray in the name of Jesus. Amen."

Speaker Redmond: "Roll Call for attendance. Mr. Clerk. Agreed Resolutions."

Clerk O'Brien: "House Resolution 1250, Catania. 1251, Pechous, 1252, Jane Barnes. 1253, Kelly and 1254, Ryan-McBroom."

Speaker Redmond: "Representative Giorgi."

Giorgi: "Mr. Speaker, House Resolution 1250 by Catania recognizes the choice of Chief of Criminal Appeals Division of Cook County's States Attorneys Office. Pechous, 1251 talks about a retirement. 1252 by Barnes talks about boy scout honor. 1253 by Kelly, notes the 50th wedding anniversary and 1254 by Ryan, notes the retiring president of the Kankakee Chamber of Commerce. And I move for the adoption of the Agreed Resolution."

Speaker Redmond: "Any discussion? The Gentleman has moved the adoption of the Agreed Resolutions. Those in favor say 'aye', opposed 'no'. The 'ayes' have it and the motion carried and the Agreed Resolutions are adopted. Death Resolution."

Clerk O'Brien: "House Resolution 1259, Catania. It respects the memory of Sue Brown Hassell. House Resoltuion 1255, Tuerk. Respect to the memory of Wilbur Lauterbach."

Speaker Redmond: "Representative Giorgi moves the adoption of the Death Resolution. Those in favor say 'aye', opposed 'no'. The 'ayes' have it and the motion carried. Resolution adopted. Representative Satterwaite, for what purpose do you arise?"

Satterthwaite: "I understand that this is a very special day in the life of Eugenia Chapman and I think we all ought to join in wishing her a happy birthday."

Speaker Redmond: "Representative Satterthwaite has moved the suspension of Representative Ebbesen's Resolution and it carries and Representative Satterthwaite is recognized to sing happy birthday. Turn Representative Satterthwaite..."

Satterthwaite: "Wish happy birthday."

Speaker Redmond: "Representative Satterthwaite. Happy birthday to you...."

Satterthwaite: "Happy birthday to you. Happy birthday to Eugenia, happy birthday to you."

Speaker Redmond: "Representative Chapman."

Chapman: "Thank you, each one of you and we do have cake over here. At any point in the morning that you're ready for a piece of cake, I would love to greet you and.... serve you."

Speaker Redmond: "Is it weight watchers cake?"

Chapman: "It surely is, that's the only kind I serve."

Speaker Redmond: "Representative Klosak, will you come to the podium."

Speaker Redmond: "Representative Dunn for what purpose do you arise? Representative Davis...Dan Houlihan, Representative Dunn is addressing the Chair."

Dunn, J.: "Mr. Mr. Speaker and Ladies and Gentlemen of the House, while we have a moment here, I wanted to seize this opportunity to rise and express to this Body some of my feelings about a Gentleman who will be leaving us at noon today. It has been my privilege to represent the 51st Legislative District for the past two terms. My colleague in that district is a person who has served in this General Assembly long and well and honorably. He is one of our most highly respected Members, he is one of our most deserving Members of recognition. He was born in Monticello, Illinois, he was educated at the University of Idaho and is a graduate of Northwestern University College of Law. I can go on and on about his service record, about his activities outside this chamber in the Masonic Lodge,

the American Legion, the VFW, his church, his community, his school and public recognition. But I would like to take this opportunity here and now to just publicly express my appreciation to Representative Rolland F. Tipsword for everything he has meant to me the past four years in the General Assembly and from the very moment I became a candidate for this Legislature. Those of you that have served with him here realize what a valuable Member he is, what a terrific contribution he has made to the General Assembly, to this House, to the State of Illinois. But until you have gone through his district, until you have seen how popular he is everywhere, until you have seen how he deserves the recognition he gets. Until you have gone door to door in his own hometown and knocked on doors and had everyone...everyone tell you, we're going to miss Rollie Tipsword, he is my friend. Until you have done that only then can you appreciate the depth of his popularity. He has been my teacher, I have been taught by the best here in the General Assembly and I would like everyone to know that we're going...at noon today, to lose one of our most valuable, most respected Members and I wish Rolland Tipsword well and Godspeed. Thank you, Rolland for all your benefits and all your service to all of us."

Speaker Redmond: "The House will come to order. On page 3, of the Calendar under the Order of Nonconcurrency appears Senate Bill 1877 for which Representative Dan Houlihan is recognized."

Houlihan, D.: "Thank you, Mr. Speaker. I move that the House refuse to recede from House Amendment #10 to Senate Bill 1877. And I request the appointment of a Conference Committee."

Speaker Redmond: "Gentlemen...you've heard the Gentleman's motion. Representative Schlickman."

Schlickman: "Would the Sponsor yield? Inasmuch as none of our

Bill books are here could you explain what Amendment #10 is please?"

Houlihan: "House Amendment #10 to Senate Bill 1877 is an appropriation of sixty thousand dollars for the Commission on Economic Prosperity in East St. Louis. The Amendment was sponsored by Representative Wyvetter Younge."

Schlickman: "And the Senate has...."

Houlihan: "The Senate...."

Schlickman: "Has nonconcurrent...."

Houlihan: "The Senate has nonconcurrent, I'm asking at this point that the House refuse to recede and for the appointment of a Conference Committee."

Schlickman: "Thank you."

Speaker Redmond: "Representative Madigan has moved that the House refuse to recede from Amendment #10 to Senate Bill 1877. Those in favor say 'aye', opposed 'no'. The 'ayes' have it, the motion carries and the House refuses to recede. Representative Dan Houlihan's motion was to refuse to recede and that we appoint a Conference Committee and the motion carried and the Conference Committee will be requested." Representative Woods Bowman. Representative Bowman."

Bowman: "Yes, Mr. Speaker, have we....a parliamentary inquiry. Have we suspended Rule 68 (d) which requires the Conference Report to be on our desk one day? If we haven't...."

Speaker Redmond: "We haven't taken action on the report."

Bowman: "Well, I understand but shouldn't we suspend the rule before we can...."

Speaker Redmond: "Well when the time comes to...."

Bowman: "Do you want to do it now?"

Speaker Redmond: "Consider the report then it will be appropriate I would believe to move to suspend that rule."

Bowman: "I would be happy to make the motion at this point if you would like to do that."

Speaker Redmond: "What was that?"

Bowman: "I would be happy to make a motion at this point...."

Speaker Redmond: "Okay, I'll remember that when the report comes in. Representative Polk."

Polk: "Mr. Speaker and Ladies and Gentlemen...."

Speaker Redmond: "Representative Polk. Representative Neff, please sit down. Representative Neff... Representative Polk is addressing the Chair."

Polk: "Mr. Speaker and Ladies and Gentlemen, we know that this Body is a nonpartisan Body. It is one where, it's a Body where you acquire friends that you never forget. I had a friend who was in this House, in this district before me and told me when I came to Springfield that I would have a man in my district who I could respect and I could trust and who would always give me guidance. And that Gentleman is leaving the General Assembly now after almost twenty years of service. Congressman Tom Railsback served in the 36 District before I did and he called my running mate, my seatmate, my fellow district mate... the silver fox. And he said two things, you can always trust his word and number two, sit next to him at banquets because he doesn't eat very much and you can get half of his steak. Jake and I have not always agreed on certain issues here in the General Assembly but as individuals and friends we have never parted. We're going to miss this Gentleman, he has a wealth of knowledge that the General Assembly is going to miss and I just wish to pay my respects to my very very good friend from the 36th District and wish him the very best in his future endeavors. I just want to say, not good-by, but just so long to State Representative Jake Jacobs."

Speaker Redmond: "Representative Darrow."

Darrow: "Thank you, Mr. Speaker. Ladies and Gentlemen of the House, I just wish to second what my colleague, Representative Polk just stated. Oral Jacobs has always been a clear voice for the underdog not only down here in Springfield

but back in the district. He has shown compassion for the mentally ill, he's worked for the senior citizens and the laboring people. We on this side of the aisle know the wonderful job he has done as Chairman of Labor and Commerce Committee. And the Republicans have also grown to respect his judgments and his abilities on that Committee. It is only....our wish and our desire that Jake does not leave this Body but remain with us in a consulting role. I hope that we will be able to rely on him and his expertise that he has accumulated over the years that he served down here. We will miss you, Jake, not only down here but back in the district. We hope you are able to join us and advise us and work with us on pending legislation. Thank you."

Speaker Redmond: "Representatiave DiPrima will preside for a moment."

DiPrima: "Yes, Speaker and Ladies and Gentlemen of the House. I also wanted to say a few words in behalf of Oral Jacobs. I consider him one of my right arms in the House here in regards to the Veteran's legislation. And I am surely going to miss his....leaving us. All right now, about three weeks ago I was listening to one of the announcers on station WIND, a popular Eddie Schwartz and he was contacting various army posts throughout the world and he contacted the American Embassy in Rome. And low and behold he gets ahold of a marine stationed over there by the name of Danny Boucek and I listened to the conversation and then Danny told them where he was from..... Western Springs, Illinois and Eddie Schwartz was aghast, you know, to think here he contacted somebody close to the Chicago area. Western Springs is right outside of Chicago. And with that they got ahold of his parents, though Representative Representative Emil Boucek and his wife, and they had a lengthy conservation and it was really heartrending and now I am happy to announce that Danny

Boucek who serves in the American Embassy in Rome and is a marine....is here with us today, flew in last night to be here at his fathers investiture. Danny Boucek."

Boucek, D.: "Thank you. Ladies and Gentlemen of the House, it is a pleasure to be back home in the great State of Illinois."

Boucek, E.: "Mr. Speaker and colleagues, it is really a great day for me to have my youngest son back here for a few weeks particularly at this great occasion. I picked him up last night, he come into O'Hare then from there to Champaign. I'm certainly happy to have him here so we'll have all the family home, six children and the thirteen grandchildren. Thank you very much."

Speaker Redmond: "Representative Dan Houlihan, will you pick up the phone? Introduction, First Reading."

Clerk O'Brien: "House Bill 3452, Bruce Richmond. A Bill for an Act to amend Sections of the Illinois Conservancy District Act. First Reading of the Bill."

Speaker Redmond: "Representative Walsh is entering the chamber. Representative Margalus, for what purpose do you arise? Representative Margalus. Representative Matula. Representative McCourt, we can't see around you. We can see over you but not around you."

Matula: "Thank you. Thank you, Mr. Speaker, Ladies and Gentlemen of the House. I rise to say a few words regarding one of our colleagues who is leaving us today. We are all sorry to see 'Junie' Bartulis leaving this House. A dedicated public official, I would like to state, I appreciate, 'Junie' what you have done when I have come to this honorable House in midterm. You helped me in many instances as many others here. And I take this opportunity to thank you personally and I'm sure everybody in this House wishes you well. And 'Junie' we all hope that you come back in the very very near future. Thank you very much."

Speaker Redmond: "Representative Griesheimer."

Griesheimer: "Thank you, Mr. Speaker and Ladies and Gentlemen of the House. During these last waning moments of the 80th General Assembly I would also like to rise to speak concerning the retirement of one of our Members. The First District of this Illinois General Assembly has produced many fine Legislators who have risen to very high rank in state and national office. It has been my privilege over the last three terms to have sat next to one of the finest from this already fine district. Representative John Porter made a valiant bid for the United States Congress, a bid that was noticed nationwide by all from the President down to the lowliest of the underlings within the precinct. He would have been a fine addition to the United States Congress, maybe a breath of fresh air in a all too libertarian Congress of this United States. It is a tremendous loss to this Legislature to have John Porter returning to the private sector even if it is only for a short time. I do not know of any person within the Illinois General Assembly who has contributed more, who has worked more diligently and who has wholeheartedly made an effort to bring true conservative government back to the operation of the Illinois Statehouse. I feel that we will miss him here but I think we all have an opportunity to encourage him onward and upward in the future years. I'm sure our friend, John Porter, is not done with politics. I think we will see his name many times in the future, if not in state-wide office possibly in national office. It will be the opportunity of each person in this House chamber, whether he be Republican or Democrat, to support a John Porter for office and I particularly encourage those fine friends of his on the other side of the aisle that realize that when you have a man like John vying for office, it is a true diligence that is worthy of support from each person regardless of party. To that I say,

good-by to John Porter as a Member of the 80th General Assembly and hopefully look forward to seeing him in the Houses of Congress of this United States in the future. Good-by, John."

Speaker Redmond: "Representative Porter."

Porter: "Well, Mr. Speaker and Ladies and Gentlemen of the House.

I very much appreciate Representative Griesheimer's kind remarks. My wife is here with me today, I really would like to introduce her to you, she has been by my side for the six years that I have served here, being supportive in every election in every way and I would like to introduce her to the Members, the new Members and the old Members of the House now, my wife, Kathryn. No Member, Mr. Speaker is in anyway...other than expendable and we have two new Representatives from the 1st Legislative District who will serve this House as well as any Member has ever served I believe...in the future. One of them is in the balcony at my left, a man of great principle and strong beliefs who is going to bring a new sense of responsibility to the House. Representative-elect, John Birkinbine. The other is a Lady of great compassion and great personal courage, I do not know if she is on the floor or in the balcony but she is from my home town of Evanston, Illinois. And I think she is going to do the job that all of our people in the 1st District want her to do, Representative-elect, Dolly Hallstrom. Mr. Speaker, I have been here only a very short time relative to a number of the people who are retiring from the General Assembly today. But it has been my great privilege and honor to serve with a very very fine group of men and women. For that time men and women who are dedicated to the principles that made this country and this state what it is today. It has been for me a great pleasure, every moment of it and I will remember it always. I have a commitment to public service that has been in my family and my upbringing

since I was born. I intend to continue my interest in public service and I hope to serve the people of my area again in the legislative councils either here or in Washington. Thank you for everything that you have done for me, I look forward again to seeing all of you...good-by. God bless everyone of you and God bless your determinations and deliberations on the part of the people of Illinois. Thank you very much."

Speaker Redmond: "Did Representative Cal Skinner take note of that comment about Washington, Representative Porter? Representative Deuster."

Deuster: "Mr. Speaker, I rise with great hesitation and with more humility than I've ever had. I'm only egged on by the fact that my wife is behind me. But the reason I'm... speak with hesitation at this moment and with humility is that all of you have served with Adeline Geo-Karis as I have and I think all of you know that there are not words in the English language or the dictionary adequate to describe the unforgettable friend and at the same time the unforgettable legislative character that we have served with here in State Representative and Illinois Senator-elect, Adeline Geo-Karis. Most of you have not have...had and enjoyed the privilege that we in Lake County have had and that is of campaigning side by side if you're lucky with Adeline Geo-Karis. Adeline and I share the Village of Mundelein, we share in our Legislative District the Village of Libertyville and I want to say this...that I would be truly brokenhearted if she was going to Congress or some far away place. But the Senate is so near and we'll not....we'll not lose her. She will be here, her presence will be overwhelming. And her devotion to the people of Lake County will be as obvious as ever. Probably half the gallery are friends of Adeline Geo-Karis from Lake County. I would simply say this, Geo, that there is nobody that I know that has a

bigger heart than you and there is nobody that has more enthusiasm and more gusto and I would even like to use the word 'macho' than you do. As so with a real sense of fondness and affection, I supposed you've said about every man in the House, I love you dearly and it is a different kind of love...theological sort of love but I wish you all success in the world and I know our colleagues here will join in that and say that the Illinois Senate is never never going to be the same. Farewell."

Speaker Redmond: "Representative Schneider. No, she doesn't want to talk; she never does. Representative Schneider."

Schneider: "Thank you. Mr. Speaker, it is my pleasure of course to introduce your family which is in the left gallery or my left right over my ficus bengamina tree...are Mrs. Redmond, your distinguished son, Bill, is sitting behind her; Colleen, Mary Redmond who we all know from the library and peering out over the edge of the balustrade is Patrick, your grandson. We would like to welcome them all here."

Speaker Redmond: "Representative Geo-Karis."

Geo-Karis: "Mr. Speaker and Ladies and Gentlemen of the House. I want to thank my colleague, Don Deuster for his nice words even though he and I don't agree on a few issues... Don and Kay, thank you so much. And to those...let you know I love you all, I've had the pages spread some sweetness and light in the form of Greek pastry today as my final act of goodwill towards you. Thank you so much, it has been a pleasure serving with all of you."

Speaker Redmond: "Representative Daniels."

Daniels: "Mr. Speaker, in our family we have a pilot with TWA and a pilot with United Airlines. Is there any pilot in your family and I understand if there is he may fly for a foreign airlines."

Speaker Redmond: "Representative Collins."

Collins: "Mr. Speaker, I would like to address my remarks to you, Sir. Mr. Speaker, I know that you people from

Marquette don't know much about basketball so I would like to introduce to you one of the all-time great All American basketball players from Notre Dame, Father John Smith of Maryville, who is towering over you, Sir."

Speaker Redmond: "What did you say....that he is no longer in the congregation of Notre Dame? He might have joined the jesuits."

Collins: "Mr. Speaker we've never been in a conference, we are independent."

Speaker Redmond: "Representative Macdonald."

Macdonald: "Thank you, Mr. Speaker, Ladies and Gentlemen of the House. Don Deuster, my good friend, beat me to the microphone and I don't often rise to speak in this chamber. But I, too, want to add my words of farewell to one of the best friends that I've ever had. Adeline Geo-Karis and I knew each other long before the...both of us were elected to this chamber. She is a women of great courage...a women of her convictions and a better friend no one could ever have. She can be an opponent which has nothing to do with our basic friendship and that was evidenced of course on a couple of occasions on only a very few Bills. But I think that this chamber will indeed have lost one of its great forces, one of its certainly most colorful Members and a women who has the courage to speak for her convictions and the courage to do what she knows and thinks is right. Adeline, we will miss you and I can't begin to express for all of the women of this chamber what we have felt for you and what you have meant to us with your courage and with your constant support on women's issues and on issues which all of us feel are in the best interest of the people of Illinois. God bless you and best wishes in the Senate, we will be seeing you often."

Speaker Redmond: "Representative Catania."

Catania: "Thank you, Mr. Speaker and Members of the House. I

rise to say a temporary good-bye to a great Lady who I think will be back with us again. Peggy Smith Martin has been the person who spoke out for prison reform long before it became an issue that we were all interested in. If we had all listened to Peggy Smith Martin we wouldn't have needed to see the tragic deaths of three employees of the State of Illinois or the removal of a highly competent director. If we had all listened to Peggy Smith Martin we would have reformed in the Illinois prison system at least four years ago and we would be in much better shape today at every level of society in our state. Peggy Smith Martin is a true independent, she is also a true Democrat. And I think she has run for the Legislature seven times and I'm sure that she is not going to let it rest there. I know that Peggy Smith Martin is going to be back with us as an outspoken advocate for the poor people of the State of Illinois, for the minorities who don't yet have enough of a voice in this General Assembly. We all know that there is some minority Members who have made it but there are a lot more who haven't and Peggy Smith Martin speaks for those people. So for two years, Peggy, goodbye, but we all know that you'll be back."

Speaker Redmond: "Representative Winchester. Winchester."

Winchester: "Thank you, Mr. Speaker. I also rise along with Representative Bill Harris and the rest of the boys from the southern Illinois delegation to say so long to one of our great friends....great buddies....great leader in the 59th Legislative District. Representative Dick Hart. We're going to miss Dick, he has helped us all. He took the pork back to the district. We're going to miss you, Dick, and we wish you the best. We kind of feel maybe you got judge....judgeship in your eyes. We're all going to be behind you, if you do. So in behalf of all the boys in the southern Illinois Dick, we wish

you the best. We hope to see you again. Thank you."

Speaker Redmond: "Representative Brummer."

Brummer: "Yes, Mr. Speaker and Members of the House, I think we would be remiss if we did not note the loss to our chambers of the State Representative from Mt. Vernon, Representative Bob Walsh. Representative Walsh is completing his third term here, he has served his district well and in addition to that he has served in other public capacities for another six years. He has been a public servant for some twelve years, he has done a good job of representing the 54th District, the Mt. Vernon, the Grayville area and we'll miss you, Bob."

Speaker Redmond: "Representative Katz."

Katz: "Mr. Speaker, today we'll see the end of the Legislative career in the House of, I think one of the great Legislators of this century in the General Assembly. I'm referring of course to, Representative Robert Mann who is not here...not able to be here but I want to tell the Members of this House that they have had a privilege and we have had a privilege of serving as a colleague of a Legislator who spoke for millions of impoverished citizens of Illinois. He was their voice, he was their mouthpiece, he was the contact they had here in the General Assembly who rose and spoke on behalf of the poor of this state. They were not able to be here but they did not need to be here when Representative Robert Mann rose to speak in favor of cost of living increases for welfare recipients. When he rose to tell us all that the worst of a person is not to be measured by their money but the fact that they are human beings. We have all been privileged to be present when Robert Mann would rise and speak in favor of the right of free speech of everyone. There was never a person who was not entitled...through Robert Mann... no one, no matter how unpopular, the cause was without voice

in this General Assembly. The First Amendment covered them but only because Representative Robert Mann would rise and speak in their behalf, would remind us of our duty to uphold the Constitution of the United States, he was always there, he always spoke for the poor, the downtrodden, the oppressed, the person of unpopular view. I think that it is remarkable that this Gentleman has served so long and so well in this House and we shall all miss him. The poor of the state shall miss him, the people with unpopular beliefs shall miss him, the great masses of the appressed shall miss him and I'm sure from the new contingent from that district and from other Legislators on the floor they will continually rise to try to seal... to fill the enormous vacuum created in this General Assembly by the loss of Representative Robert Mann here in this House. Thank you."

Speaker Redmond: "Representative Corneal Davis."

Davis, C: "Mr. Speaker and Ladies and Gentlemen of the House, I'm sure that all of you will agree with me when I say one who will not be with us, he isn't here today but who was Chairman of the Committee on Public Utilities, Representative Lewis A.H. Caldwell, will be greatly missed in this General Assembly. He did a great job on that Committee and I'm especially indebted to him because before that Committee came my great Bills for public utilities which has meant a great deal to poor people whose gas was shut off and little children had to suffer. But more than that I'm leaving you from the 22nd District two new Members and both of those new Members from the 22nd District come from my ward, the ward in which I'm president of the great Democratic Organization in that ward. From the 22nd District will be a distinguished lawyer who has been a Member of our Civil Service Commission, he is sitting there in the seat that was occupied by Jim McLendon. Mr.... Representative and Mrs. Quentin Goodwin. Stand-up

Quentin and your wife, your lovely wife with you. And back here is the other Representative who will take my place....two of them are taking my place now, its the distinguished and beautiful wife of Larry Bullock and his lovely son, stand up Ricky....this is Mrs. Bullock. Both of them will take my place and this, sitting next to her is my bride of fifty-six years, Mrs. Davis. Stand up, baby doll. And now here is Larry Bullock, the other one two of them will take my place. This is Larry and the other one was Quentin Goodwin but now I want to pay my last respectsto Representative Donald Deuster who.... Deuster, who lead the prayer ban in this House. A lot of you don't know we had a prayer ban but we did have a prayer ban in this House. Now you remember there is a sacred admonition that men ought to always pray and not fake. The reason that a lot of us didn't fake down here on some of the issues was because Donald Deuster and that little prayer ban continued to pray for you week after week and I hope that even though I won't be here to meet with them...I hope that their prayers will follow you throughout the next General Assembly.. Thank you very much."

Speaker Redmond: "Representative Ray Ewell. On the Order of Concurrence appears House Bill 25...2757, Representative Gene Hoffman is recognized."

Hoffman: "Mr. Speaker, Ladies and Gentlemen of the House, I rise to ask for concurrence in Senate Amendment #2 to House Bill 2757. House Bill 2757 was changed in the Senate by deleting everything after the enacting clause and making it into a codifying Bill. Change the language of Superintendent of Public Instruction to the Illinois Office of Education...State Superintendent of Education and th State Board of Education were appropriate. And then clarified the procedure that...the administrative procedure for administrering the hold harmless Section of the Bill. That

change is found on page 16, of the Bill. The Illinois Office of Education felt that the language that we originally put in the Bill was not sufficiently clear and you will find the clarify language on page 16, which indicates a time when the payment will be made and deals with districts who were overpaid, or underpaid so that they will be treated all the same and will be provided the hold harmless against their actual entitlement. At this time, Mr. Speaker, I would ask the Members of the House to concur in Senate Amendment #2 to House Bill 2757."

Speaker Redmond: "Is there any discussion? The question is on the Gentleman's motion that the House concur in Senate Amendment #2 to House Bill 2757. Those in favor vote 'aye', opposed vote 'no'. Have all voted who wished? Have all voted who wished? The Clerk will take the record. On this question there is 12... Representative Collins votes 'aye'. On this question there is 123 'aye' and no 'nay' and the House does concur in Senate Amendment #2 to House Bill 2757. Representative Peggy Smith Martin is recognized."

Martin, Peggy: "Thank you very much, Mr. Speaker. Ladies and Gentlemen of the House and a special thanks to Representative Sue Catania for those very kind words. As most of you know, I did run twelve years, five times before I was selected to the House of Representatives. I was out one term and then reelected. I'm sure that two years from now I will return to the seat but before I go, I would like thank each and every one of you for your very kind assistance while being in this House of Representatives. And I would hope that you will continue to be the responsible humane people that I know you are. I'm certainly looking forward to coming back to work with all of my colleagues here and again to...to reiterate now that I'm passed some of the stages that first kept me out of the House of Representatives - being young, black

woman and catholic, I no longer...any of those barriers. And I will be returning again, may I just say, thank you and God bless each and every one of you and I wish for all of you the best in all of your endeavors. God bless you."

Speaker Redmond: "Representative Dwight Friedrich."

Friedrich "Mr. Speaker and Members of the House, we are losing two good Members of this House from the 55th District. Representative Brummet who certainly was part of the Leadership from the Majority side and Harold Byers who had a little problem on the way to the Senate. But let me tell you, it has been a pleasure to me to work with these two Gentlemen for the last four years and on almost every issue with the exception of the election of the Speaker we were in accord. I wish them well, Harold in his new job and Don in his retirement."

Speaker Redmond: "Messages from the Senate."

Clerk O'Brien: "A message from the Senate by Mr. Wright, Secretary.

Mr. Speaker, I am directed to inform the House of Representatives that the Senate has accepted the Governor's specific recommendation for change which are attached to the Bill of the following title, Senate Bill 1819. Action taken by the Senate, January 10, 1979. Kenneth Wright, Secretary. A message from the Senate by Mr. Wright, Secretary. Mr. Speaker, I am directed to inform the House of Representatives that the Senate has passed a Bill with the following title, veto of the Governor's the contrary notwithstanding. The passage of which I am instructed to ask concurrence of the House of Representatives to wit; Senate Bill 1888, passed by the Senate, January 10, 1979, by a three-fifths vote. Kenneth Wright, Secretary. A message from the Senate by Mr. Wright, Secretary. Mr. Speaker, I am directed to inform the House of Representatives that the Senate has passed a Bill of the following title, the Governor's specific

recommendations were changed to the contrary notwithstanding, the passage of which I am instructed to ask concurrence of the House of Representatives to wit; Senate Bill 1889, passed by the Senate, January 10, 1979, by a three-fifths vote. Kenneth Wright, Secretary."

Speaker Redmond: "Supplemental Calendar #1 under the Order of Amendatory Vetos appears Senate Bill 1819, Representative Jerry Bradley. Please we have to get some work done here before the new Session comes in."

Bradley: "Yes, Mr. Speaker, I would move that we suspend Rule

44 1 (b) so that we may take action on this Bill immediately."

Speaker Redmond: "The question is the Gentleman's motion to suspend the rules....44 1 (b). Those in favor vote 'aye', opposed vote 'no'. The voting is open. The Clerk will take the record. On this question there is 117 'aye' and 1 'no', the motion carries and the rule is suspended. Representative Conti desires to be recorded 'aye'. Representative Bradley....please."

Bradley: "Now, Mr. Speaker....I move that the House does accept the Governor's Amendatory Veto on Senate Bill 1819. Most of us on the floor of the House are aware of what 1819 does and....his wisdom, he extended the deadline one year till January 1st of 1980, to give the General Assembly time to work out some of the problems. As far as I know there is no opposition and I move for the acceptance of the Amendatory Veto."

Speaker Redmond: "The question is, shall the House accept the Governor's specific recommendation for change with respect to House Bill 1819 by adoption of the Amendment. All those in favor vote 'aye', opposed vote 'no'. Final action. Senate Bill 1819. Final action. Representative Conti."

Conti: "Mr. Speaker, my button is stuck on 'present'. I don't know how it is coming out of the computer but I hope it is registering....registered 'aye'. It is stuck on 'present'."

Speaker Redmond: "Have all voted who wished? The Clerk will take the record. On this question there is 142 'aye' and 3 'no', this motion having received the Constitutional Majority prevails and the House accepts the Governor's specific recommendation for change regarding Senate Bill 1819 by adoption of the Amendment. Senate Bill 1889, Representative Terzich. Please give the Gentleman order."

Terzich: "Yes, Mr. Speaker, I make a motion we suspend Rule 44 (1-b) so that this Bill could be heard immediately."

Speaker Redmond: "The question is on the Gentleman's motion for suspension of the rule. Those in favor vote 'aye' opposed vote 'no'. Have all voted who wished? Have all voted who wished? The Clerk will take the record. Wait a minute, Representative Telcser."

Telcser: "Mr. Speaker, how many votes does this motion take?"

Speaker Redmond: "89 votes on the suspension of the rule."

Telcser: "Well, Mr. Speaker, I believe the Gentleman is going to...move not to accept the Governor's amendatory veto on Senate Bill 1889. I'm going to take and I hope that most of us in this side of the aisle would take a position contrary to the Gentleman's motion. And for that reason, Mr. Speaker, I'm going to vote 'no' on the Gentleman's motion to suspend the rule."

Speaker Redmond: "Have all voted who wished? The motion to suspend the rule requires 89 affirmative votes. Representative Stuffle."

Stuffle: "Yes, Mr. Speaker and Members. Rising in support of the Gentleman's motion to suspend the rules, this particular item before us is of grave importance. It has been thoroughly debated, it was passed by this House and the Senate in its wisdom. It ought to be placed before the Membership, there should be at least five additional green lights on that board. It deals with a piece of legislation we passed last year that's important to thousands

of people in this state and deals with the meager, if you will, 1% increase in pension benefits for the poorest of the poor who are receiving benefits from our retirement systems. You voted for that legislation. To do less than to let us consider this Bill now with a suspension of the rules would be unfair to those people and unfair to what you did last year. We ought to be allowed to hear this Bill and hear it now and vote it up or down."

Speaker Redmond: "Representative Ryan."

Ryan: "Thank you, Mr. Speaker. I wonder if the Gentleman would be kind enough to hold this motion...take it out of the record for now?"

Speaker Redmond: "Representative Terzich? He accedes to your request."

Terzich: "Yes, it is a reasonable request."

Speaker Redmond: "Take it out of the record. Supplemental Calendar #2, Senate Bill 1888: Representative Ebbesen."

Ebbesen: "Yes, Mr. Speaker and Ladies and Gentlemen of the House."

Thank you, Mr. Speaker, I would like to....if necessary suspend the appropriate rule so we can take immediate action on this. The motion, of course, will be to override the Governor's veto. I have filed such a motion."

Speaker Redmond: "Representative Ebbesen moves to suspend the provisions of 44 (1-b). Those in favor vote 'aye', opposed vote 'no'. 89 votes. The motion to suspend.... Have all voted who wished? Have all voted who wished? The Clerk will take the record. On this question there 112 'aye', 9 'no', the motion carried. The rule is suspended. Representative Ebbesen. Motion to suspend."

Ebbesen: "Mr. Speaker, I would like to take the Bill out of the record for just a moment."

Speaker Redmond: "Take the Bill out of the record. Message from the Senate."

Clerk O'Brien: "A message from the Senate by Mr. Wright, Secretary. Mr. Speaker, I am directed to inform the House

of Representatives that the Senate has acceded to the request of the House of Representatives for a First Conference Committee, consider the difference of the two Houses with regard to Senate Bill 1877. Action taken by the Senate January 10, 1979. Kenneth Wright, Secretary."

Speaker Redmond: "Representative Deuster."

Clerk O'Brien: "The Senate appoints, Senator Guidice, Carroll, Kenny Hall, Regner and Sommer."

Speaker Redmond: "Representative Deuster."

Deuster: "Mr. Speaker, I would...in the nature of an announcement I would like to indicate to all Members and their families that if there are any Members, new Members or old who would like to have a photograph taken with their wife or their spouse or their children or any families or friends. There are two photographers available at no cost or charge to you on the first floor in room 122-B, I believe it is. And so at any time until four o'clock if you do want to have a family portrait or any kind of photograph taken you may do that downstairs, the first floor of the Capital in room 122-B. And that is the compliments of some of the ladies of Illinois who are interested in our service here for the state. Thank you, Mr. Speaker."

Speaker Redmond: "Representative Ebbesen."

Ebbesen: "Yes, Mr. Speaker.....Mr. Speaker, with your permission if we go to the order of business, I would like to now proceed with Senate Bill 1888 that we started."

Speaker Redmond: "Senate Bill 1888, what order was that?
Total veto."

Speaker Redmond: "Supplemental Calendar #2."

Ebbesen: "Mr. Speaker and Ladies and Gentlemen of the House, the Governor's veto message indicated that he was...has totally vetoed Senate Bill 1888 that would have appropriated 1.7 million dollars to cover the cost of financing the recently improved increase from the automatic increment

in the pension systems for the four systems, that's all systems where the state has responsibility other than Judges and the General Assembly. I said, other than those two. That automatic increment is 2 to 3% for the post retirement annual adjustment and it also represents only the pay-out cost plus 2%. Now this is very very important because this appropriates the money to take care of the pay-out plus 2%. This is step one in demonstrating to the taxpayers and the people involved in the pension system that we're going to start living up to our responsibility of decreasing that unfunded accrued liability by adding a percentage, 2% over and above the normal pay-out. And for that reason I would encourage each of you, this Bill passed out of here with a tremendous vote when it was originally adopted and I would encourage you to support the override."

Speaker Redmond: "Any discussion? The question is, shall Senate Bill 1888 pass, notwithstanding the veto of the Governor? All in favor signify by voting 'aye', opposed 'no'. Voting is opened, 107 votes required, final action. Have all voted who wished? The Clerk will take the record: On this question there is 135 'aye' and 1 'no', the motion having received the Constitutional three-fifths majority prevails and Senate Bill 1888 is declared passed notwithstanding the veto of the Governor. Representative Von Boeckman, 'aye'. Representative Terzich, for what purpose do you arise? Please come to order. We're going to have to clear the floor of everybody...Members and everybody if we don't have quiet. Representative Terzich."

Terzich: "I want 1889."

Speaker Redmond: "House Bill....on the Order of Supplemental Calendar #1, amendatory vetoes, Senate Bill 1889, Representative Terzich removes his motion to suspend the rule. Is there any discussion? Those in favor vote 'aye',

opposed vote 'no'. 89 votes. Have all voted who wished? The Clerk will take the record. On this question there is 123 'aye' and 2 'no', the motion carries and the rule is suspended. Representative Collins, 'aye'. Representative Terzich. Representative Terzich."

Terzich: "Yes....yes, Mr. Speaker, Ladies and Gentlemen of the House. House Bill 1889 is a companion Bill to....or Senate Bill 1889 is a companion Bill to Senate Bill 1888 which we just passed the appropriation. It provides the substantive language which will provide for the pay-outs plus 2% for the post retirement benefit which we passed for the teachers and state employees retirement system. This recommendation was also endorsed by the Pension Laws Commission and it adds an additional thirty-four thousand dollars to the appropriation. And I would urge the support for the override on Senate Bill 1889."

Speaker Redmond: "Any discussion? Representative Huskey.... The question is, shall House Bill....Senate Bill 1889 pass; notwithstanding the Governor's specific recommendation for change? All in favor vote 'aye', opposed vote 'no'. Final action. 107 votes required. Representative Ebbesen."

Ebbesen: "Mr. Speaker, I'm not sure we've approved an advance of this to suspend the appropriate rules for whatever it's worth."

Speaker Redmond: "We did. Have all voted who wished? The Clerk will take the record. On this question there is 129 'aye' and 2 'no' and the motion having received the Constitutional three-fifths majority prevails and Senate Bill 1889 is declared passed notwithstanding the Governor's specific recommendation for change. On the Order of Nonconcurrency appears Senate Bill 1884. Representative Peters is recognized."

Peters: "Mr. Speaker, Ladies and Gentlemen of the House, House Bill 1884 is the appropriation of 5.1 million dollars, a

supplemental appropriation to the Department of Children and Family Services for increasing the war so to speak on child abuse and neglect by the Department of Children and Family Services. An Amendment was added in the House to this Bill which would have.....listed out the areas in which this money is to be spent specifically....lining out payment for child abuse workers. The Senate did not accept that Amendment on the basis of the agreement they have with the Department and on the basis of the negotiations that the House staff on our side of the aisle and I assume on the Democratic side of the aisle are carrying out with the Department to do this kind of line iteming for the total budget for next year, not only in regard to the monies expended in Cook County but also in regard to the monies expended downstate. I would therefore ask, Mr. Speaker and Ladies and Gentlemen of the House that we recede from Amendments 1 and 2, which were placed on the House so that we can go forward and expend this 5.1 million dollars for child abuse. The alternative..... the alternative if we do not do this....is to move for a Conference Committee and there is absolutely no opportunity for that with only some ten minutes left in this Session. So the alternative then left to us is to put a new Bill in at some point today or tomorrow in which case the Committees will have to be formed, hearings will have to be held on this again in the House and in the Senate and the earliest that I can see that this money will be made available or even that the Bill will reach the Governor's desk would probably be some time in March. I would think we would lose a lot of valuable time and the ends of the Amendment have been generally agreed to by all the parties participating and we have a firm commitment from staffs on both sides of the aisle, from the Leadership in the Senate to insure that the DCFB budget does have this in their budget next year. I would ask a 'yes' vote on

my motion to recede."

Speaker Redmond: "Representative Chapman."

Chapman: "Mr. Speaker, the Amendment which this helps put on would assure that the money for child abuse that the department has asked for will be used for child abuse. It is very difficult for me to understand why the Department has fought this Amendment which gives them exactly the number of dollars they have right now under their Bill but which would isolate the funds so that we would be able to assure for ourselves and for the public that the money would be spent for child abuse. I have a Bill to introduce at noon today which will provide these dollars. The Department does not need this money until May probably. The Bill which I will introduce at twelve today will provide the 5.1 million dollars but again will make it possible for us to monitor this Department so that we will assure that we are really doing something about child abuse. The Sun Times in an editorial subsequent to our action in December said, the Resolution could come on January 10. But we think that just would be unacceptable, rather the measure with the safeguarding Amendments should be introduced quickly in the 81st General Assembly and test as quickly as possible. Ladies and Gentlemen the basic question is, do we trust this administration in this Department to maintain an adequate staff to treat the growing number of child abuse and neglect reports? All we ask is the assurance that it is possible for us to monitor these dollars so that they will spend the money the way they indicate they want this money spent. I ask that you refuse to recede from this Amendment, that you vote 'no' so that we will be able to do something about child abuse in this state. Thank you."

Speaker Redmond: "Any further discussion? Representative Darrow."

Darrow: "Thank you, Mr. Speaker. Could we have some order, I

know that it is getting close to noon and it is rather noisy and there is a lot of folks on the floor but this is a very important piece of legislation that we're addressing. Representative Chapman is entirely correct in what she is stating. Some of you will recall that when this came to this House we put this Amendment on. This is a child abuse appropriation, money to fight child abuse. Everyone is in agreement that this is a problem that is growing day by day and that money is needed. But the approach that we are taking is the approach that should be taken by limiting it to child abuse workers and not to the lazy bureaucrats who sit back in their offices and don't go out. This money we want to go to the front line troops, not to those bureaucrats. That's what this is all about, there is nothing wrong with waiting until next Session. That will be here in about ten minutes. We all know that it will take at least five days to pass legislation like this out of the General Assembly. There is no hurry, we can wait until next week or the week after that. The money is not needed until May and it is a little surprising to me that the Sponsor of this Bill and the administration wait till the last minute and then cry that this is an emergency. First of all, this is not an emergency, it can wait and secondly, if we don't turn this down now... if we don't stick to our guns, this money will not go to fight child abuse it will go to fight....go to the bureaucrats who are sitting in the offices. So I agree completely with Eugenia Chapman and feel that we should not recede. Thank you."

Speaker Redmond: "Representative Peters."

Peters: "Mr. Speaker and Ladies and Gentlemen of the House, not to prolong the entire debate on this. This money is needed to fight child abuse, it is needed now in order for the Department to gear up. I respectfully request the Assembly

if it is interested in child abuse to vote 'yes' on this appropriation."

Speaker Redmond: "Representative Bowman."

Bowman: "Mr. Speaker, Ladies and Gentlemen of the House, child abuse is precisely what this vote is about but a 'no' vote is the proper vote on this. We have to make sure, I think that the Department of Children and Family Services has not been particularly responsive to the Legislature in the past. I think we have make sure that the Department will use this money for....to fight child abuse cases. I think we are all aware of how important the child abuse problem is, how severe it is...I think that if we left the Department....give the Department the opportunity to flim-flam us again, that is exactly what will happen. If we don't....if we don't seize the initiative here and really bear down and tell them exactly what our intention is. and how that money should be spent, it is going to slip away from us again. And you're going to find that in the next year you're going to be finding the newspaper headlines screaming about child abuse again and the ball will be back in our ball park. You know, the burden will be on us. We will have to explain why we didn't take proper action at the proper time. This is the proper time, Mr. Speaker. I think a 'no' vote is precisely what is called for at this point. And I would urge a 'no' vote."

Speaker Redmond: "Representative Collins. Please...please, order."

Collins: "Thank you, Mr. Speaker and Ladies and Gentlemen of the House. This discussion is getting out...bordering on the ridiculous. We are telling the Department, we're telling the professionals in the field how we want money to be spent and I think this is utterly ludicrous. The Department has already addressed themselves....promised to addressed themselves to the problem of child abuse. The money is provided and they are going to get into it."

And we're going to start on this program by telling the Department and telling the professionals that they are lying to us in advance. As I say, this is ludicrous, Let's leave the job to the professionals in the field. It's our job to provide the funds and then to oversee the funds that are expended properly. Let's call them liars after they lie to us. Let's see if they do the job that is our function. I think it is incumbent upon us to recede from this Amendment and do it quickly. I... personally, I resent the fact that this House is throwing down a challenge to the administration saying that we can't believe you in advance before you've done...made the slightest move. I think Representative Peters is absolutely right. Let's fund this program, let's see how it is spent....let's let the professionals do their job and only if they don't do the job then should we intrude. But certainly not in advance. I think it is an insult to the Members of the House, I think it is an insult to the Department and it is certainly an insult to the administration to take on this type of Amendment before the program is even commenced. Let's recede from this Amendment, let's pass this good legislation and let's watch how it is spent and we can come back in the next General Assembly and if it hasn't been spent than I and many others will certainly join those who are urging the adoption of this Amendment to take proper action at that time. But for the time being let's say, yes, we're all operating in good faith and let's get the job done. This is a serious program....problem and a serious program and certainly should not one that would start out with any partisanship involved in it. I think that politics belongs in other places than this and I would say that those who are urging this Amendment are guilty of the grossest type of political byplay. Thank you."

Speaker Redmond: "Representative Ryan. Representative Hoffman,

are you seeking recognition?"

Hoffman: "Thank you, Mr. Speaker. I move the previous question."

Speaker Redmond: "The Gentleman has moved the previous question.

The question is, shall the main question be put? Those in favor indicate by saying 'aye', opposed 'no'. The 'ayes' have it, the motion carries. Representative Peters to close."

Peters: "I would just appreciate on behalf of the program to fight child abuse a 'yes' vote, a 'yes' vote."

Speaker Redmond: "The question is, shall the House recede..... from Amendment #1 to Senate Bill 1884? Both together, to get leave to consider both Amendment at the same time? Leave is granted hearing no objections. The question is, shall the House recede from Amendments 1 and 2, to Senate Bill 1884. Those in favor vote 'aye', opposed vote 'no'. This is final passage, it takes 89 votes. Representative Schneider."

Schneider: "Well, thank you, Mr. Speaker and Members of the House. I'm not reluctant to get involved in a discussion despite what Representative Collins has added. We discussed in the fading hours in the last Session the ineptness of the Department of Children and Family Services at some length, we tried to extract some commitments from them at that point and we didn't get it. We have since seen the removal from that position of the bureau...the leader, Director Kennedy. I think that is symptomatic of the nature of the illness of that Department. What I suggest is that we extract at this point a commitment for that money to be expended for child abuse. I've worked mostly with that agency, I'm familiar with some of the failure mostly failures that exist and are created because we are unwilling to pay money to social workers and staff people who work at a very difficult and tiresome task of trying to salvage the lives of young children because of abusive parents and friends and

and neighbors. I think that it is really important that we hold to the position that we want that money earmarked and I would suggest that we vote red on this proposal until we get that commitment."

Speaker Redmond: "Representative Davis. Jack Davis."

Davis: "Thank you, Mr. Speaker, Ladies and Gentlemen of the House. I'm a little bit amazed at the 'no' votes on the board. I understand their distress with the Department of Children and Family Services but we must all realize here that the front line troops are still the counselors out on the front line. And this money is going to fund two hundred and thirty additional jobs. May I point out to those 'no' voters that postings were up as this Bill was winding its way through the supplemental appropriation process this fall. Postings went up to hire new people. As this Bill bogged down in the final days of the Session with Representative Chapman's Amendment on it the postings were removed. Let's hire people who are going to do child abuse work that's precisely what they are going to do because that is what almost all the referrals are. Give us two hundred and thirty more people, we'll watch the process and appropriation, we've heard the testimony. None of the speakers who spoke against this Bill are on the Appropriations Committee...you heard the Bill. Representative Peters motion to recede is absolutely responsible. Let's get some more green votes up there."

Speaker Redmond: "Representative Corneal Davis."

Davis, C.: "Mr. Speaker and Ladies and Gentlemen of the House, I'm going to be brief, I'm going to be sincere and I'm going to be seated. But I'm going to tell you here and now, somebody is talking about we're trying to tell the professionals what to do. Pick up your newspapers if you will and read some of the stories you see in there and if it don't make you sick I don't know what in the world will make you sick. All this distinguished Lady is

saying to you is that the money that has been appropriated for child abuse must be used for child abuse. We are not asking you to put one dime in it but we're asking you to earmark it and use it for child abuse. My God how much more can we stand when we read our daily papers and see what's happening to young men and young women and see what's happening to our children. I ask you in the name of decency to vote red, 'no' and to use that money for the purpose that it is appropriated to. Some of us are so professional that we know how to get around using money, what it is appropriated for where we don't vote them to get around this. We're going to earmark it for child abuse and don't spend a dime of it for anything else."

Speaker Redmond: "Have all voted who wished? The Clerk will take the record. On this question there is 75 'aye', 76 'no' and the motion fails. The House refuses to recede. Representative Jessie Madison."

Madison: "Thank you very much, Mr. Speaker and Ladies and Gentlemen of the House. I would just like to say again to my colleagues how much I have enjoyed being serving with you in the 80th Assembly and as my time winds down and I now become a former Member, I would just like to say to all of you to carry on the good work and I'll be seeing you sometime as I visit you and watch you deliberate the state's business. I thank you for your advise and for your confidence and as I go back to Chicago I will take some fond memories of my activities in the General Assembly back with me. Thank you very much."

Speaker Redmond: "Messages from the Senate."

Clerk Hall: "Message from the Senate by Mr. Wright, Secretary. Mr. Speaker, I am directed to inform the House of Representatives that the Senate has adopted the First Conference Committee Report to Senate Bill 1877, adopted by the Senate January 10, 1979. Kenneth Wright, Secretary."

Speaker Redmond: "Representative Houlihan is recognized with respect to.....Supplemental Calendar 3 to Senate Bill 1877. Representative Dan Houlihan."

Houlihan, D.: "Thank you, Mr. Speaker and Ladies and Gentlemen of the House. I would first move to suspend the appropriate rule so that the House may now consider the First Conference Committee Report to Senate Bill 1877."

Speaker Redmond: "Representative Skinner, for what purpose do you arise?"

Skinner: "Well, I rise to ask why we're considering anything since it is after noon? It is past twelve o'clock, is it not? Well then the clock up there is wrong."

Speaker Redmond: "The Constitution doesn't have any automatic cutoff. It's like the corporate personal property tax."

Skinner: "Maybe we should have one."

Speaker Redmond: "Representative Dan Houlihan."

Houlihan, D.: "Thank you, Mr. Speaker. I now so move that the House do suspend the appropriate rule so that this House may now consider the First Conference Committee Report to Senate Bill 1877."

Speaker Redmond: "You heard the Gentleman's motion for suspension."

Those in favor vote 'aye', opposed vote 'no'. Have all voted who wished? The Clerk will take the record. On this question there are 137 'aye' and 8 'no', the motion carries, rules suspended. Representative Dan Houlihan."

Houlihan, D.: "Thank you, Mr. Speaker, Ladies and Gentlemen of the House. I now move that the House do adopt the First Conference Committee Report to Senate Bill 1877."

Speaker Redmond: "Is there any discussion?"

Houlihan, D.: "As the Speaker....as the Clerk just indicated. The Senate has now adopted this Conference Committee Report. What the Conference Committee Report states is that the Senate does concur with House Amendment #10, if then we adopt this Conference Committee Report the Bill will be in the same shape as it was when it left the House."

And I urge a favorable Roll Call."

Speaker Redmond: "Any discussion? Representative Totten."

Totten: "Thank you, Mr. Speaker. Would the Sponsor yield for a question?"

Speaker Redmond: "He will."

Totten: "What is the shape now of the Bill? How many total dollars and for what....."

Houlihan, D.: "I'm sorry, I didn't hear your question."

Totten: "My question was, what is the shape of the Bill now, what is the total number of dollars and for what?"

Houlihan, D.: "The total number of dollars are two million seven hundred and ninety-two thousand, eight hundred and seventeen dollars. The shape of the Bill is, as I have indicated in the identical form as it passed the House. The principal amount of this appropriation...more than two million dollars is to the Illinois Court of Claims. Additionally there are funds to the, some twenty-five thousand to the Illinois Arts Council, twenty-five thousand to the Department of Registration and Education a transfer of a hundred and seventy thousand from the Guardianship and Mental Health Advocacy Commission to the comptroller for the Illinois Development Mentally Disabled Advocacy Authority. There is forty-two thousand to the Jackson Union County Region Park District, eighty-eight hundred dollars to the Atomic Energy Commission, approximately four hundred and fifty-three thousand dollars to the Department of Law Enforcement to fund grants for the MEG units the Metropolitan Enforcement Group and there is fifty thousand dollars by way of a House Amendment for additional inspectors for abortion clinics in the state, sixty thousand dollars to the Commission on Economic Prosperity in East St. Louis and last but not least, thirty-five hundred dollars to Administrative Services for a portrait former Lieutenant Governor, Neal Hartigan."

Totten: "That was the original Bill, right?"

Houlihan, D.: "That's right."

Totten: "So we've gone from a couple hundred dollars to two million dollars. Can you answer me why on the Conference Committee Report the two Republican Senators did not sign the report?"

Houlihan, D.: "They apparently do not agree with it."

Totten: "Well....thank you, Mr. Speaker. I wonder if I could just speak to it, too. The practice of closing the Session with a omnibus Bill with a lot of appropriations in it I think is a bad one. The House has made a practice of it in the past, we've taken a lot of the Bills that we have defeated earlier in the Session and put them into this last one in an urge to adjourn. I think the Republican Senators who objected to the Conference Committee Report didn't sign it were wise and I think that we ought to follow this action....that action in the House and refuse to approve this Conference Committee Report and take up these matters in the next Session."

Speaker Redmond: "Representative Dan Houlihan."

Houlihan, D.: "Thank you, Mr. Speaker. In closing and in urging....
~~and in urging that this House do approve this Conference~~
 Committee Report let me correct the the prior speaker. The Bill in the form that it is now is in the indential shape that it was when it passed this House some six weeks ago. So that if there is not an effort here in the closing minutes of this 80th Session to change a Bill that was deliberated and considered some five to six weeks ago by the House. All that the Conference Committee Report does is that the Senate does concur in the House Amendment #10 which was adopted as I have indicated at least six weeks ago. The appropriations that are in this measure are important for the continuation of state government. I ask for your favorable Roll Call."

Speaker Redmond: "Debate is closed, I'll get to you for explanation of votes. The question is, shall the House adopt the

First Conference Committee Report to Senate Bill 1877.

Those in favor vote 'aye', opposed vote 'no'. Representative Leinenweber to explain his vote."

Leinenweber: "Not really for explanation, I would just want to know...there was so many things kicked off here that is in this Bill. Is there an appropriation to the Department of Labor in here?"

Houlihan, D.: "There is no appropriation for the Department of Labor in this Bill."

Leinenweber: "Thank you."

Speaker Redmond: "Have all voted who wished? Have all voted who wished? The Clerk will take the record. On this question there's 110 'aye' and 22 'no' and the House does adopt the First Conference Committee Report to Senate Bill 1877. Final action. Representative Chapman, 'aye'. Representative McPike, 'aye'. On Conference Committee Report appears House Bill 3423, Representative Lechowicz... Houlihan...which one of you guys? Representative Lechowicz is recognized."

Lechowicz: "Thank you, Mr. Speaker, I'm asking leave of the House to suspend Rule 68 (a), so that we can consider Conference Committee Report on House Bill 3423...."

Speaker Redmond: "The Gentleman asks...."

Lechowicz: "Can we use the Attendance Roll Call?"

Speaker Redmond: "The Gentleman asks leave to suspend the Rule. Those in favor vote 'aye', opposed vote 'no'. The voting is open...suspend the rules... Have all voted who wished? The Clerk will take the record. On this question there is 126 'ayes', 9 'no' and the motion carries, the rule is suspended. Representative Lechowicz."

Lechowicz: "Thank you, Mr. Speaker, Ladies and Gentlemen of the House. I move that the House do adopt the First Conference Committee Report on House Bill 3423. The Conference Committee Report as submitted to the Membership does contain the following items. It appropriate a hundred

ninety-two thousand, seven hundred and thirteen dollars from the Public Utilities Fund to the Institute of Natural Resource for General Office Administration and related energy costs. It also appropriates four hundred and forty thousand dollars in Federal Funds to the Department of Local Government Affairs for Federal Grants Programs. It appropriates thirty million dollars from the Road Fund to the Department of Transportation for FAP 412 and the Chicago Kansas City Expressway and amends Section 27 of the Department's fiscal '79 appropriation to allow the use of certain appropriations for the Vehicle Weight Enforcement Program. Also in 3423, it amends certain '79 appropriations to the Department of Transportation, it adds twenty-two thousand dollars from the rural highway public transportation demonstration program and thirty-seven thousand, six hundred dollars from the Road Fund to be reimbursed by the Federal Government for the highway safety programs. It transfers eight hundred and seventy-five thousand dollars in series (a) transportation bond fund reappropriations between two road projects and six hundred and eighty-five thousand dollars in Capital Development Bond Funds among highway waterway projects. It appropriates sixty-six thousand, five hundred and twenty-one dollars from the General Revenue Fund to the State Treasurer for personal services in EDP. It provides twenty-five thousand dollars for the Lyric Opera and one million five hundred thousand dollars for remodeling of Morton College. This Conference Committee Report reconsideration now totals thirty-two million, two hundred eighty-three thousand, eight hundred and thirty-four dollars. It was adopted by all six Members of the House, six Members of the Senate. I ask for your favorable consideration on House Bill 3423. I wish the House would adopt it at this time."

Speaker Redmond: "Representative Walsh. Please give the Gentleman order."

Walsh: "Will the Gentleman yield to a question?"

Speaker Redmond: "He will."

Walsh: "What college was that that you said, one million five hundred thousand dollars?"

Lechowicz: "Morton College."

Walsh: "In....."

Lechowicz: "Remodeling work."

Walsh: "Thank you."

Speaker Redmond: "Any further discussion? Representative Leinenweber."

Leinenweber: "Does this one have anything in it for the Department of Labor?"

Lechowicz: "No, it does not."

Leinenweber: "Thank you."

Speaker Redmond: "The question is on the Gentleman's motion that the House adopt the Second Conference Committee Report to House Bill 3423. Those in favor vote 'aye', opposed vote 'no'. Dick. Have all vote who wished? The Clerk will take the record. On this question there are 124 'aye' and 18 'no' and the House does adopt the Second Conference Committee Report to House Bill 3423. Representative Ryan."

Ryan: "Well thank you, Mr. Speaker and Ladies and Gentlemen of the House. I rise for the purpose of an introduction, the most outstanding Attorney General of the United States is here with me today and I would like to introduce Attorney General William Scott and his lovely wife, Ellen."

Speaker Redmond: "Representative Lechowicz."

Lechowicz: "Thank you, Mr. Speaker. The new State Treasurer of the State of Illinois, Jerry Cosentino."

Speaker Redmond: "Representative Schneider."

Schneider: "Thank you, Mr. Speaker and Members of the House, I don't want to let the last few minutes of the Session pass without acknowledging the departure of one of the true rabble-rousers in the Illinois legislative history with

an emphasis on rabble, that's Dave Robinson. As you know he is taking a temporary leave for two years and will be planning to rejoin us next year. And I think he is going to become a very close friend of mine as well as many of yours and I wish him well, I think we will see him around the facilities arguing for various lost causes and I think a lot of us will probably support him. So for now, good-by. David, and we'll see you soon."

Speaker Redmond: "Tell me what we do. Representative Totten."

Totten: "Mr. Speaker in the wanning days of the Session last year when you failed to recognize me repeatedly for the HJRCA 44, it is still on the Calendar and I wonder if it's not too late for us to call that and proceed with limiting state taxes."

Speaker Redmond: "It takes 177 votes and we don't have that on the Roll Call. Representative Tuerk."

Tuerk: "Well, Mr. Speaker and Members of the House, as we wind down here, four years ago the people of the 45th District.... 46th District dredged up a little flat land down around Peoria and came up with a guy by the name of Mudd. He's small but mighty, we will be missed. He's been an effective Legislator, he's represented the 46th District well. In the early days of his term four years ago I think Joe was ready to go home and go back to the city council. I counseled with him, told him to hang in there tough, he'd do well and he has done well. The people of the 46th will miss him, I as his colleague will miss him and we all of the House wish, Joe Mudd well in his retirement from the House and in his further pursuits. Joe, good luck to you from all of us."

Speaker Redmond: "Turn the podium over to Corneal Davis for a moment."

Davis, C.: "Mr. Speaker and Ladies and Gentlemen of the House, I appreciate this privilege of the Speaker giving me the opportunity to stand here on this rostrum in his place."

But I have a pressing duty that I want to perform here and now, I think all of us who visted and was able to get in the inaugural ceremonies were deeply impressed with the inauguration of our candidates who had been sucessful and won, from the Governor of the State on down. You saw history in the making, for the first time in the history of the Great State of Illinois and the land of Lincoln a black man who was a member of the court of this great state, swore in another black man, Roland Burris....on yesterday. But today I have another distinguished honor presenting to you a black man who served in this House and I was privileged to call him my son, he did a great job in the House and then he went on to the Senate to be made President Pro Tem of the Senate and on one occasion his Excellency, Governór Ogilvie left town, the Lieutenant Governor Paul Simon left town and under our rules he was the presiding officer not only of the Senate but he was temporarily the Governor of the State of Illinois and I give you none other than the Honorable Cecil Partee."

Speaker Redmond: "Representative Katz....Katz's phone."

Partee: "Thank you very much, Mr. Speaker. My genesis legislatively was in the House of Representatives and I spent ten very wonderful years here. And those things that happened in the Senate happened as a result of the excellant training that I got in the House. It is just a pleasure to be here, to be back with so many old friends and to make so many new friends. And may I simply suggest to all of you that this is a solemn duty which the people of this state have been kind enough to give to you as individuals and I'm certain that you will on a day-to-day basis make certain that American and Illinois Government in particular is the best government that people can have. And I wish all of you, God speed."

Speaker Redmond: "On the Order of Conference Committee Reports appears Senate Bill 1879. Representative Polk is recognized."

Polk: "Mr. Speaker and Ladies and Gentlemen. To get the House moving there is some other major important issues that we have to address. I ask leave of the House to suspend Rule 68 (a) and (b), so we may hear Senate Bill 1879."

Speaker Redmond: "The Gentleman has moved to suspend the rule. Those in favor vote 'aye', opposed vote 'no'. Have all voted who wished? The Clerk will take the record. On this question there are 130 'aye' and no 'nay' and the motion carries. Representative Polk on the motion."

Polk: "Mr. Speaker, when this Bill left the House as a six million eight hundred and seventy-three thousand federal dollars. It came back in the Senate at five million, seventy-eight thousand dollars, the Senate has already concurred all...both sides of the aisle concurred with it and I ask for an 'aye' vote."

Speaker Redmond: "Is there any discussion? The question is on the....Representative Dunn."

Dunn, J.: "Mr. Speaker and Ladies and Gentlemen of the House, it is my understanding that included in this Conference Committee Report are the substance of two Bills which I killed one night in December here. I have made my point, we need a road from Decatur north to Bloomington, we are not going to get it as a result of this legislation or any other legislation which is pending. The people are here to pass this legislation now, there are needs for roads in other parts of the state, it was never my intention to delay anyone's project. The purpose of my efforts on behalf of the people from my district back in December was simply to call attention to the magnitude of our problem. So I urge the House to proceed with this vote. Vote as you wish, I do not intend to vote for the Bill but I expect it to pass."

Speaker Redmond: "Representative Ryan."

Ryan: "Well thank you, Mr. Speaker and Ladies and Gentlemen of the House. I think that the Gentleman's speech was

was very eloquent only it was on the wrong Bill. That was the Bill that we just passed and I suggest that he look at the Bill that's before him because it is a different Bill entirely."

Speaker Redmond: "Any further discussion?"

Ryan: "And we thank him for his last vote by the way, Mr. Speaker."

Speaker Redmond: "The question is, shall the House adopt Conference Committee Report #1 to Senate Bill 1879. Those in favor vote 'aye', opposed vote 'no'. Former House Member, Judge Kenneth Wendt. Former House Member, Jessé White. Former House Member, Lou Capuzi. Representative Anderson."

Anderson: "Yes, Mr. Speaker. Four years ago I stood on this House floor and was sworn in with a colleague of mine from the 45th District, Representative Dick Luft who has served our district well. He is going to be missed by all here. In the last primary he decided not to run for the House but to run for a state office and he lost. I wish him well and I wish he would try and come back, the people of the 45th District will miss him sorely. Thank you very much."

Speaker Redmond: "Representative Polk. You carried the motion to suspend the rule but you didn't put the question to adopt the report. So would you do that now?"

Polk: "I thought Representative Dunn gave an eloquent speech on my Bill but I would so move, Sir."

Speaker Redmond: "The question is on the Gentleman's motion to adopt the Conference Committee Report #1 to Senate Bill 1879. Those in favor vote 'aye', opposed vote 'no'. The Clerk will take the record. On this question there's 136 'aye' and no 'nays' and the House does...the motion carries and the House does adopt the Conference Committee Report 1 to Senate Bill 1879. Any further business? Representative Skinner."

Skinner: "Mr. Speaker, I hate to end this on a contentious note but I wish to rise to a point of personal privilege on my own behalf and on the behalf of every senior citizen in the State of Illinois. Senate Bill 1617 was on the Calendar during our...the last time we were in Session and your substitute absolutely refused to call the Bill after 3 P.M. even though we were in Session several hours. As a result senior citizens in the State of Illinois did not get additional real estate tax relief and I resent it very deeply and I hope every senior citizen in the State of Illinois resents it very deeply. Should you be reelected as Speaker of this House, I hope you will instruct your temporary Speakers not to violate the rules of the House, not to violate the intent of the House rules. That Bills be called when the Sponsor wants those Bills...called. In this case, Representative Jones definitely wanted the rule...wanted the Bill called and your replacement refused to do so. So I would hope in the future that you would reach an understanding with the temporary Speakers who replace you that they not really be so discourteous. Thank you."

Speaker Redmond: "Representative Reilly."

Reilly: "Thank you, Mr. Speaker, Ladies and Gentlemen of the House. I will be very brief, after all it is nearly noon. I was sworn in two years ago along with a great many of you and I've enjoyed that privilege. One of the people is unfortunately leaving us and that is Representative Allan Bennett from the City of Decatur. I won't speak long because Allan never spoke for a long time. I won't speak loudly because Allan never spoke loudly but he represented his district effectively. He was a quiet person, he is a quiet person. He expressed his ideas well, he talked to his colleagues well. He voted well and he did his best and nobody can say anything more of any of us. I hope that Allan Bennett is back in this

House and I've enjoyed the privilege of serving with him."

Speaker Redmond: "Representative Madigan."

Madigan: "Mr. Speaker, would the records show that Representative Mann is excused from today's proceedings."

Speaker Redmond: "Is there any objections? Hearing none the record will so show. Message from the Senate."

Clerk Hall: "Message from the Senate by Mr. Wright, Secretary. Mr. Speaker, I am directed to inform the House of Representatives that the Senate has adopted the following Senate Joint Resolution. In the adoption of which I am instructed to ask concurrence of the House of Representatives to wit, Senate Joint Resolution 108 Resolved by the Senate of the 80th General Assembly of the State of Illinois the House of Representatives concurring herein; that when the two Houses adjourn on Wednesday, January 10, 1979, they stand adjourned sine die. Adopted by the Senate, January 10, 1979. Kenneth Wright, Secretary."

Speaker Redmond: "Representative Von Boeckman, for what purpose do you arise?"

Von Boeckman: "Well, Mr. Speaker and Ladies and Gentlemen of the House, I would like to just take a minute of your time to commend two fine people, one from the 46th District and one from the 45th who have been personal friends of mine for several years. and who are leaving the General Assembly. I'm talking about no other one than Joe Mudd and my good friend Dick Luft. The working men and women of the 45th and 46th District are going to miss these two men sorely and I hope they have the guts to return. Thank you."

Speaker Redmond: "Representative Mahar. Representative...."

Mahar: "Thank you, Mr. Speaker. We have with us here today in the center aisle, the Republican strong man from the 4th Congressional District, long time Congressman, Ed Derwinski."

Speaker Redmond: "Was he a former Member of this Body?"

Mahar: "He was, yes."

Speaker Redmond: "Is that where he learned his trade?"

Mahar: "That's where he learned his trade, that's why he's been so successful in Washington."

Speaker Redmond: "Representative Dan O'Brien."

O'Brien: "Mr. Speaker and Members, I notice in front of the Speaker's rostrum a former State Representative and now a Member of Judiciary, a friend of mine and many people from the north side of the City of Chicago, Judge Kenny Wendt. Down there next to the Congressman Derwinski."

Speaker Redmond: "Representative J. David Jones."

Jones, J.D.: "Mr. Speaker, I would like to recognize the presence in the balcony behind you, the honorable William D. Conway, a Judge in Springfield who has served in many capacities and for the judiciary and a long time friend of the General Assembly. Judge Conway."

Speaker Redmond: "Representative Ryan."

Ryan: "Thank you, Mr. Speaker. I rise again for the purpose of an introduction. We have the former Republican County Chairman, member of the Metropolitan Sanitary District, former County Treasurer and the father of a Member we have here today, Ed Kucharski, Sr. Ed."

Speaker Redmond: "Representative Mike Madigan."

Madigan: "Mr. Speaker, are there any further announcements?"

Speaker Redmond: "Any further announcements? Any further business?"

The Senate is in the 81st Session. Representative Madigan."

Madigan: "Mr. Speaker there being no further business to come before this House, I now move that we adopt Senate Joint Resolution 108, which is the Adjournment Resolution for this Session of the General Assembly. And I move that we now adjourn sine die."

Speaker Redmond: "Is there any discussion on the motion? The question is on the adoption of Representative Madigan's

motion that we adjourn sine die. Those in favor indicate by saying 'aye', opposed 'no'. The 'ayes' have it and the motion carries. The 80th Session of the General Assembly is now history and is adjourned sine die."

Provisional Clerk, Ed: "All assembled in these chambers kindly give their attention. Your attention please. We hope to convene the 81st General Assembly as soon as possible so Provisional Doorkeeper, Joseph Bud Heckenkamp, will you kindly make an announcement please."

Provisional Doorkeeper, Heckenkamp: "All those not entitled to the floor please retire to the galleries and will the Representatives-elect assemble."

Provisional Clerk, Ed: "Did everyone hear that? The ones not entitled to the floor, kindly go to the galleries and the Representatives-elect please assemble in the chamber. Thank you."
