

DoorKeeper: "Attention Members of the House of Representatives. The House will convene in 15 minutes. Attention Members of the House of Representatives, the House will convene in 5 minutes. All persons not entitled to the House floor please retire to the gallery."

Speaker Lechowicz: "Good morning Ladies and Gentlemen. The House will come into session. Be lead in prayer by Father Krueger."

Reverend Krueger: "In the Name of the Father, the Son, and the Holy Ghost. Amen. O Lord, bless this House to Thy service this day.

Amen. Dr. Robert Schuller said:

When faced with a mountain,
I will not quit!
I will keep striving
Until I climb over,
Find a pass through, tunnel underneath-
Or simply stay
And turn the mountains into a gold mine,
With God's help!

Let us pray. O ALMIGHTY FATHER, Who alone can bring order out of disorder, calm out of chaos, and tranquility out of disaster, we come to Thee this day seeking for special gifts and graces with which to implement our labours as Members of this Illinois House of Representatives. Enlighten our minds, subdue our wills, provide us with the strengths of courage and perseverance that we may remain ever steadfast in our pursuit of that which is necessary and needed for the good of our State and the people who dwell therein; through Jesus Christ ou Lord. Amen."

What purpose do you seek recognition? The Gentleman from Cook, Mr. Mugalian."

Mugalian: "324, on Second Reading. I wanted to have that Bill Called, Mr. Speaker. Can I have that Bill called?"

Speaker Lechowicz: "House Bill 324, Mr. Clerk."

Clerk O'Brien: "House Bill 324, a Bill for an Act to Amend Sections of the Illinois Insurance Code. This Bill has been read a second time previously. Amendment #1 was adopted."

Speaker Lechowicz: "Mr. Clerk you read the Amendment the Insurance Code. The Calander says Amend the Election Code. Which is it?"

Clerk O'Brien: "I read the wrong Bill. House Bill 324, a Bill for an Act

to Amend the Sections of the Election Code. Second Reading of the Bill.
No Committee Amendments."

Speaker Lechowicz: "Any Amendments from the floor?"

Clerk O'Brien: "None."

Speaker Lechowicz: "Third Reading. While I have the Membership here let's have a Roll Call for attendance. The Gentleman from Kankakee, Mr. Ryan do you have any excused absences?"

Ryan: "Yes, thank you Mr. Speaker, Representative Oblinger is absent today due to illness."

Speaker Lechowicz: "Would the record show Representative Oblinger excused because of illness. Any objections? Hearing none and... the Gentleman will be so excused. Lady will be so excused. Would the record show that Representative Kosinski is excused because of his wife's illness and Representative Garmisa is excused on official business? Any further ... Representative Schraeder is excused because of illness. Representative Giorgi."

Giorgi: "Mr. Speaker please excuse the following: Representative Flinn Legislative business, Representative Kosinski, Representative Katz, Representative Brummer illness, Representative Schraeder illness, Representative Garmisa."

Speaker Lechowicz: "I believe Representative Flinn is in the back of the room. From Sinclair, Mr. Flinn."

Flinn: "Well, Mr. Speaker I was gone yesterday and I was excused yesterday but that was only for one day."

Speaker Lechowicz: "Alright. Thank you. Would you kindly repeat the excused absences Mr. Giorgi?"

Giorgi: "Mr. Kosinski, Mr. Katz, Ms. Braun, Representative Schraeder, and Garmisa."

Speaker Lechowicz: "Any objections? Hearing none the Gentlemen and Lady will be so excused. Gentleman from Kankakee Mr. Ryan."

Ryan: "Thank you Mr. Speaker, I rise for the purpose of an introduction this morning. I understand the former Majority Leader of the Illinois House Mr. Lou Morgan is now a judge. Representing the 41st district, he's with us in the center aisle here. Welcome Judge Morgan."

Judge Morgan: "Hello, how are you? Good to see you."

Ryan: "We also have another former Member with us this morning...I don't

know where he is..here he is. Bob Dunn standing right here be me."

Speaker Lechowicz: "Hello Bob. The Gentleman from Cook, Mr. Walsh."

Walsh: "Mr. Speaker would the Gentleman who excused the Members a few minutes ago please give the reasons for excusing them?"

Speaker Lechowicz: "I believe he did Mr. Walsh."

Walsh: "I believe he did not."

Speaker Lechowicz: "Mr. Giorgi? When you addressed the chamber did you give them the reason why the respective individuals who were excused?"

Giorgi: "Is there a specific request Mr. Speaker?"

Speaker Lechowicz: "Pardon me?"

Giorgi: "Is there a specific request?"

Speaker Lechowicz: "Mr. Walsh raised the question."

Giorgi: "What was the specific request Mr. Walsh?"

Speaker Lechowicz: "The purpose why the individuals were excused, is that correct Mr. Walsh?"

Giorgi: "Evidently it's the request of the respective Legislators to be excused for whatever reasons."

Walsh: "Mr. Speaker that's not satisfactory. The rule specifically states that absences are excused for specific purposes, namely illness, illness in the family, or business of the House."

Speaker Lechowicz: "The Gentleman from Cook, Mr. Madigan will reply to that. We excused individuals yesterday if you recall. "

Walsh: "They were excused for specific reasons."

Speaker Lechowicz: "Correct. Gentleman from Cook, Mr. Madigan."

Madigan: "Mr. Speaker Ladies and Gentlemen of the House, the confusion has developed because the note which I left on my desk fails to delineate the reasons for the excused absences requested by certain of the Representatives. So to repeat would the record show that Representative Kosinski is excused because of the illness of his wife, Representative Katz is excused because of Legislative business, Representative Braun is excused because of illness, Representative Schraeder is excused because of illness, and Representative Garmisa is excused because of Legislative business. Again Mr. Speaker I apologize that this information was not available when this request was first offered to the body and I do thank Representative Walsh for protecting the integrity of this body once again. And my God we've been lucky all these years

... to have Representative Walsh and we still are. Mr. Speaker I personally ask Representative Walsh to stay alert today so that no bad legislation passes."

Speaker Lechowicz: "I'm sure he will. Thank you very much and the record will show in the case of the Gentlemen and the Lady will be excused as read into the record. Let's go back to the Calander on House Bill ...Gentleman from Cook, Mr. Collins. For what purpose do you seek recognition?"

Collins: "Well Mr. Speaker I'm amazed. The Majority Leader said that no bad legislation will pass today ; does that mean that no Democratic Bill will be called?"

Speaker Lechowicz: "No, just Mr. Walsh's Bills won't be called. The... on the Calander on page 2, House Bill, Second Reading; now that we have a better Membership in attendance we will proceed with the Calendar. House Bill 13, Mr. Kelly. Out of the record. 95 Mr. Deuster. Read the Bill Mr. Clerk."

Clerk O'Brien: "House Bill 95, a Bill for an Act to Amend Sections of the School Code. Second Reading of the Bill. No Committee Amendments."

Speaker Lechowicz: "Any Amendments from the floor?"

Clerk O'Brien: "Floor Amendment #1, Deuster, Amends House Bill 95 on page one, line one, and so forth."

Speaker Lechowicz: "The Gentleman from Lake, Mr. Deuster has Amendment #1. Floor Amendment #1."

Deuster: "Mr. Speaker, Ladies and Gentlemen of the House , House Bill 95 is the Bill that repeals and deletes an obsolete provision in the School Code requiring the Regional Superintendent to keep a list of all the textual material and instructional materials. As the subject came up on other Member pointed out to me that there might be a need for a clarifying Amendment to make sure that the members of the public could go to their school and inspect the text and the instructional material. In response to that suggestion I am offering Amendment #1. Amendment #1 will clarify what I think is the law that any member of the public may inspect all text and instructional material used in the public schools. That's all the Amendment does. I'll be happy to answer any questions. As I say the Amendment was offered simply because there was some concern that if you couldn't go to the Regional Superintendent

and get all this information we ought to make sure that you can go to your local school. In a way I think this is already the law, but the Amendment is offered to make that clear."

Speaker Lechowicz: "The Gentleman from Cook, Mr. Brady on the Amendments.

Excuse me. Mr. Brady."

Brady: "Mr. Speaker and fellow Members, I appreciate what Representative Deuster is trying to do here. I think the Bill itself is clarifying language to clear up an old rule that is no longer in force and then allowing the Regional Superintendents to comply with the law. But the Amendment that is being added is good intention but it is simplistic language and allows anybody from the public at any time to walk in to any school and ask for any text material. I think that because of the problems we might get with the individuals who just want it for the sake of harassment interrupt a classroom or a school activity anywhere in the state that this Amendment should not be placed on the Bill and I would work with him in the future to try and make sure to insure that the public has full and complete access to any records or texts used in any school. I think that is presently covered under the law and I think that this would open it up to just cause great confusion. I urge the defeat of this Amendment to this Bill."

Speaker Lechowicz: "The Gentleman from DuPage, Mr. Schneider."

Schneider: "Thank you Mr. Speaker, and Members. I share Representative Brady's point of view. It is very loose language; it is done already in the schools. In a district the size let's say of Naperville, which has over 13 schools, there's no indication as to whether or not there's going to be a central location for the location of the materials, no indication as to whether or not there would be new books...or texts rather, that are adopted and can we go back and pull out books in the library, well, that probably doesn't cover this Amendment, but there is no clarification on the value of the inspection in my judgement. It is done in an organized fashion in my area. I think the intent of the legislation is right. This Amendment is bad and I would solicit also a 'no' vote."

Speaker Lechowicz: "The Gentleman from Cook, Mr. Schlickman."

Schlickman: "Would the Sponser yield?"

Speaker Lechowicz: "Indicates he will."

Schlickman: "Usually when you're giving somebody the right to inspection there is required that the person who desires to inspect give notice of his desire and that the inspection shall be subject to the constraint of reasonable hours, or business hours. I'm wondering if you have given any thought to the notice requirement and the restriction to reasonable hours."

Deuster: "In response to Representative Schlickman's observation normally statutes are construed in a reasonable manner. I didn't want to make this too complex. Certainly it could be improved, but you're right. In its present form it does not provide for notice, or during business hours, but I presume that...I had the feeling that if a parent wanted to go over to the local school and say could I take a look at the textbooks, that that would be done when the school was open and secondly if it weren't reasonable they could work out some way to get the textbook. It's kind of a simple thing; I didn't feel it was necessary to clutter it up with a lot of language although that would have been acceptable to me had the Reference Bureau done that."

Speaker Redmond: "Any discussion? Representative George Ray Hudson, the Gentleman from DuPage."

Hudson: "Yes."

Speaker Redmond: "Representative Hudson control yourself."

Hudson: "Would the Sponser yield ?...OK. He says he will. Representative Deuster in your Amendment is there any...do you see any real danger as a result of your Amendment that this is going to be disruptive to the classroom? Doesn't your Amendment simply give the interested parents the right to come to the school and take a look at textbook material? Does it go any beyond that?"

Deuster: "Well, in answer to your question Representative, it seems to me that the taxpayers who support the schools certainly ought to have the basic right to go over to the local school and say could I see what you're teaching the children. And as a matter of fact I think the school would welcome that. We try very hard to encourage parent-teacher organizations to involve the public. Yes it is true there might be some left-wing or right-wing radicals who would ...are going over there

snooping around and making a nuisance of themselves but it seems to me that by and large, of the people who pay the taxes the members of the public should have a right to go and find out what textual material, what instructional material is being used in the public schools. It would probably be educational for them and good for them."

Hudson: "Well, thank you Mr. Sponser, I will speak to the Amendment , Mr. Speaker and Ladies and Gentlemen of the House, I fail to understand really the almost knee-jerk reaction on behalf of some to any demand on behalf of the taxpayers and the public to have a better understanding of what is going on in their public high schools. Representative Deuster has mentioned, I think this is a basic right that the taxpayers and parents of children in the schools have. One of their basic rights I think is to know something about the textbook material and the material that provides the basis for the instruction that the students are getting. They have every right in the world and as for as I'm concerned this falls squarely under the concept that we hear so much talk about these days, and that is the public's right to know. And again I can't say strongly enough that I feel that the taxpayer and the parents of students in the schools have every right to know what their children are being taught; they have a right to information as to the materials being used as a basis for this instruction. There's nothing wrong whatsoever with this concept that I can see. I don't think we need fear it; I don't think that as a result of this there's going to come disruption in the classroom. It's a reasonable Amendment; it seems to me and I would urge the Members support of Representative Deuster's Amendment."

Speaker Redmond: "Representative Pullen."

Pullen: "Mr. Speaker, Ladies and Gentlemen of the House, I don't know how anyone on this House floor can quarrel with writing into law the right of the public to inspect text materials in the public schools. They bought them; their children are being taught by them. I would say I cannot understand but I'm almost afraid I can why there is opposition to this Amendment. I certainly don't think that the great majority of Representatives in this chamber who do represent parents and taxpayers should share the opposition to this Amendment. Represent-

tative Deuster' is attempting to put into law something which all of us assumed was already there. But something which is needed because there can be instances where a taxpayer is refused the right to inspect text materials. What is it that the school people are afraid of? What it is that they have in their schools that they don't want the taxpayers and parents to know about? I urge you to vote 'aye' on this excellent Amendment. Thank you."

Speaker Redmond: "Representative Kane."

Kane: "Would the Sponser yield to a question?"

Speaker Redmond: "He will."

Kane: "Representative Deuster if I walked into a classroom in the middle of a teaching session and asked the teacher to show me what she or he was teaching, what would be the teacher's appropriate response under the provisions of this statute?"

Deuster: "Well, my wife is a teacher and I'm sure if somebody walked into the school and didn't go to the office and wondered down the hall and jurst into a classroom and said I want to see what books you're using, if it were a parent probably my wife or any other teacher would say, 'I'm so happy to see you, would you like to sit in the back of the room or the back of the classroom and observe what we're teaching the children this morning?' Normally I would think that a stranger or any member of the public would stop at the office; they normally have to do that. If they didn't stop at the office, if they burst into a classroom said, 'I am a member of the public and I have a right to see your books and let me see them', I think the teacher would probably say 'well, we have a class going on right now, would you go down to the office, I'll be happy to provide you with a copy of the textbook in which you're interested.' That's the way it would be worked out. If it didn't work out that way, you can imagine all kinds of wild sorts of abuses of any law that we have. We start out with the assumption that people will be reasonable and that still would be consistent with the exercise of the right of the public to see what's being used. They can exercise that right by talking to the building principal and looking at the books in the office rather than in the middle of a classroom."

Kane: "But isn't it true that that's not what your Bill says? What I asked

was not, 'what is the best way of implementing it', but 'what would be the responsibility of the teacher in that situation?' And you're replying, 'I think this would be...I think that ...', and in truth your Amendment doesn't say any of that."

Deuster: "Well, if my Amendment said everything that was in your mind and in my mind, and in the mind of every Member of the General Assembly, we would have 20 pages of statutes. You have to write something in the King's English or in common understandable English and assume that it will be reasonably administered. And if it isn't, if some... if you discover a problem you can come in with an Amendment at some future time. All it says is a member of the public may inspect the text and instructional material used in the school. They can do that in the library; they can do it in the office...any event we find a lot of classroom disruption we can come in on some other day and write a lot of language to deal with it. Although I would be happy if you wanted to offer some language to clarify it, to leave it on Second Reading. But I think it's simple enough and plain enough and that reasonable people will administer it and live with it in a reasonable manner."

Kane: "Mr. Speaker, Ladies and Gentlemen of the House, I think that since teachers, principals, school board members, superintendants are going to have to administer and respond to the statute and that there's no appropriate way set out in the statute to respond to their responsibilities and since I don't think we want to be in the position of leaving rule-making authority and unclear kinds of things to the executive to put out, I urge that at this time that we defeat this Amendment. It may have a laudatory aim but that there's no way for the people that are supposed to enforce it, no means for them to know what the appropriate response is, to that kind of request and that kind of possibility of disruption, I'd urge a 'no' vote."

Speaker Redmond: "Representative Kelly."

Kelly: "Yes, I'd like to ask the Sponsor a question. Don't in fact this were part of the state law, how many parents do you think would actually review this type of information?"

Speaker Redmond: "Representative Deuster."

Deuster: "Well, one of the problems we have in our society is parent apathy."

I don't a great many parents would do this. I know some of the parents are interested in finding out what they're teaching the children about sex education; some of them are interested in knowing what they're teaching about birth control or family planning, a variety of things are of concern. Some of them are interested in making sure whether they're properly commemorating Casimer Pulaski's birthday. There might be a million things that people would be concerned about but in answer to your question as quickly or as simply as possible...I don't think a great many parents or people are going to be trudging into the public schools."

Kelly: "Mr. Speaker and Members of the House, in my opinion if this simple proposal, and what it does it permits parents to review textbook material, if this were a part of the law, I would feel I certainly expect that less than 100 parents would actually take advantage of this statute by reviewing the material. I don't think this is a major change in our educational system. But I do think it gives the parents an opportunity to monitor the educational material and if nothing else it lets the educators know that the parents have this right and I think would be more selective. I've had a number of parents come to me and are very concerned about sex educational material and reviewing this material. There's been a great deal of difficulty, and I think this proposal would help to allow parents to review these materials. I think it's a good proposal; I think it's a very needed proposal; and I intend to support Representative Deuster's motion."

Speaker Redmond: "Representative Waddell. Representative Waddell."

Waddell: "Mr. Speaker, I move the previous question."

Speaker Redmond: "The question...Gentleman's moved the previous question.

The question is shall the main question be put? All those in favor indicate by saying 'aye', 'aye', opposed 'no'. The 'ayes' have it. The motion carries. Representative Deuster to close."

Deuster: "All the Amendment does is it says any member of the public may inspect all text and instructional materials used in the public schools. As many of the speakers have indicated it appears to be that this is what the public policy of the State of Illinois is right now. It would be astonishing to me if someone would assert that members of the public do not

have the right to inspect textbooks and instructional material. It's a simple Amendment. I would ask that the House give it favorable consideration. Thank you."

Speaker Redmond: "Question is on the Gentleman's motion for the adoption of Amendment 1. Those in favor vote 'aye'. Opposed vote 'no'. Have all voted who wish? Have all voted who wish? The Clerk will take the record. On this question there are 94 'aye' and 25 'no' and the motion carries and the Amendment is adopted. Any further Amendments?"

Clerk Hall: "No further Amendments."

Speaker Redmond: "Third Reading. Turn the chair over to Representative McMaster."

McMaster: "Thank you Mr. Speaker. Ladies and Gentlemen of the House, it is my pleasure to introduce to you today a young man who has been a friend and neighbor of mine I guess for all of his life, Mr. Joe Sybold who was a Member of the interfraternity counsel at the University of Illinois and is chairman of the Statesmen and Students Committee who wants to talk to you about the days that they are planning for us over at the University. Joe."

Joe: "Good morning Ladies and Gentlemen of the House. I'm in here representing the Statesmen and Students Committee of the interfraternity counsel. We're sponsoring a State Legislators Day on April 30. It was scheduled for April 16th, but due to many conflicts we have rescheduled it with the intention of having more interest in it. What we've got going for the day is attending a class, a press conference, lunch at a fraternity or sorority, and in the morning, meeting with administrators of the college. You will be receiving a letter today in your mailbox, please R.S.V.P. And if you have any special interest as to class please let us know about that also. If you need overnight lodgings please include that. We'll have the day completely scheduled for you. Hopefully you'll arrive around 9:30 on the 30th. Thank you for this opportunity to speak."

Speaker Redmond: "Representative Slape are you seeking recognition? "

Slape: "Yes. Thank you Mr. Speaker, Ladies and Gentlemen of the House. I'd like to ask the House leave to table House Bill 1898. It has been brought to my attention that there's 2 other Bills of the same nature

that have already been introduced."

Speaker Redmond: "Does the Gentleman have leave? Hearing no objection, leave is granted. 1858 is tabled."

Slape: "Mr. Speaker that Bill is 1898."

Speaker Redmond: "1898, pardon me. 148."

Clerk Hall: "House Bill 148, a Bill for an Act to Amend the Illinois Marriage and Dissolution of Marriage Act. Second Reading of the Bill. No Committee Amendments."

Speaker Redmond: "Any Amendments from the floor?"

Clerk Hall: "Amendment #1, Deuster, Amends House Bill 148 on page one by deleting lines 1-3 and so forth."

Speaker Redmond: "Representative Deuster."

Deuster: "Mr. Speaker, Ladies and Gentlemen of the House. I had filed Amendment #1 to this Bill which Amends the Illinois Marriage and Dissolution of Marriage Act. Amendment #1 would have changed the name Dissolution of Marriage back to Divorce the way it always was.

It is sort of a matter of principle with me however I told the Judiciary Committee that I would present that to the Committee in the form of a Bill which I did and if they gave me a fair hearing that would be fine and whatever the Committee did, I would accept that and I would table the Amendment. The Committee decided to stay with the word 'Disillusion of Marriage' instead of Divorce. I think the Committee was wrong. But I told the Committee I would abide by their judgement and so consistent with that understanding and agreement I am tabling Amendment #1."

Speaker Redmond: "Is there any discussion? Representative Friedrich on the Amendment. Representative Schlickman."

Schlickman: "Well, Mr. Speaker the Gentleman asked for leave to table the Amendment."

Speaker Redmond: "Representative Deuster withdrew the Amendment."

Deuster: "That's right."

Speaker Redmond: "So there's no one to table it; he withdrew it. Please be precise Representative Schlickman. Your apology is accepted. Any further Amendments?"

Clerk O'Brien: "No further Amendments."

Speaker Redmond: "Third Reading. 164."

Clerk O'Brien: "House Bill 164, a Bill for an Act to Amend....a Bill for an Act in relation to the reporting, investigating, protecting, of abused, neglected and exploited children. Second Reading of the Bill. Amendments #1 & 2 were adopted in Committee."

Speaker Redmond: "Any motion with respect to Amendments 1 & 2?"

Clerk O'Brien: " A motion to table Amendment #2 by Eugene Barnes."

Speaker Redmond: "Representative Eugene Barnes on the floor? We're on your Bill. Motion by you to table Amendments 1 & 2? Representative Barnes is recognized...to table #2 I understand. Representative Eugene Barnes."

Barnes: "Yes. Mr. Speaker, Members of the House, forgive me I was back trying to solve another problem that we heard about today. Amendment #2 I believe, am I correct Representative..Representative Pullen? Representative? Is Amendment...I'm just trying to get it straight. Amendment #2 the one that you proposed in Committee, is that correct? Mr. Speaker, Members of the House, at this point I would like to table that motion."

Speaker Redmond: "You withdraw the motion?"

Barnes: "I would like to withdraw it, yes."

Speaker Redmond: "So then as we stand now there is no motion with respect to Amendments #1 & 2, is that correct?"

Barnes: "That's correct."

Speaker Redmond: "Any Amendments from the floor?"

Clerk O'Brien: "Floor Amendment # 3, E.M.Barnes, Amends House Bill 164 is Amended in Section 4 and so forth."

Speaker Redmond: "Representative E.M.Barnes."

Barnes: "Thank you very much. I believe that this is also the additional Amendment...no...this is the Amendment that was offered by the Illinois Hospital Association relative to some technical language within the Bill. I would move for the adoption of Amendment #3."

Speaker Redmond: "Is there any discussion? Representative...The request is on the Gentleman's motion for the adoption of Amendment 3. Those in favor say 'aye', 'aye', opposed 'no'. The 'ayes' have it. The motion carries. The Amendment's adopted. Any further Amendments?"

Clerk O'Brien: "No further Amendments."

Speaker Redmond: "Third Reading. Representative Friedrich for what purpose do you rise?"

Friedrich: "Mr. Speaker I would like to have about a minute or two of the House's time on a matter of personal privilege."

Speaker Redmond: "Proceed."

Friedrich: "A few years ago the Campaign Disclosure Law was passed. And a provision was made for those of the public to go in and request inspection of the reports. Personally I don't have anything to hide, and I don't believe any Member of the House does. And let me say further that most of the people who make these inspections and requests have a legitimate right to do it and do it for a sincere purpose. And most of the people in the press, and I hope the press is listening, particularly the Lady in the press box on the right, have made inspections and they put spurious remarks on their reasons. And let me read the one they put on mine and I resent it, it was not made by that Lady, it was made by some guy by the name of Robert Springer, and the statement is: The reason for this inspection is a prisoner of a Chinese fortune cookie factory says Centralia's future includes lots of laundry. Now you know that that is a lie. That is not the reason they did it. I can say that Representative Hanahan had a statement made on one of his that would reflect on his integrity. And I resent that too. And I can tell you that Representative Winchester had an inspection made by some person who put down a phony telephone number. Now if we're going to have these requests and if this continues I'm going to ask people in the House to have their same problem and we're going to have an investigation of these people who make these requests. This is not a joking matter. This is serious business and anyone who takes it lightly including the Lady in the press box, as far as I'm concerned they are destroying the creditability of the press. Now they talk about the creditability of the Legislature, let's talk about the creditability of the press. These are the kind of people who destroy people's confidence in government and I think they ought to be censored."

Speaker Redmond: "Representative VonBoeckman."

VonBoeckman: "I would like to add a little bit to that. Recently a dead singer, I don't know who in the Hell she is, but I want to say to you

Deborah, you are the lowest form of life I've ever known."

Speaker Redmond: "Representative Collins."

Collins: "Well, Mr. Speaker, Ladies and Gentlemen of the House, I'm glad that the two preceding speakers brought this up. I had one too that I was quite insulted by the same jerk named Springer, and on mine he said the reason for this inspection was anything but voyeuristic. Now I don't know if he's peeking in my windows or what Mr. Speaker but I too resented this very highly."

Speaker Redmond: "House Bill 180. Representative Bowman for what purpose. Representative Terzich and Ralph Dunn will you please be seated. Terzich, Dunn please be seated. Mr. Doorkeeper, will you please seat Mr. Terzich and Mr. Ralph Dunn?"

Bowman: "I'll talk to you over hear. Mr. Speaker I have a simple request. As principle Sponsor of House Bill 2564 I'd like to ask leave of the House to alter the Sponsorship so that the principle Sponsorship would read Darrow-Bowman-Kane-Hannig-Balanoff. I would request leave of the House for that, Sir?"

Speaker Redmond: "Did you fill out the form Representative Bowman? We have a form down here the Clerk advises me."

Bowman: "I have yet to do so but I believe it does require leave."

Speaker Redmond: "Does the Gentleman have leave?...."

Bowman: "Mr. Speaker? And lastly I'd like to ask that all other Democratic Members of the House be added as Co-Sponsors."

Speaker Redmond: "Representative Vinson, for what purpose do you rise?"

Vinson: "I didn't hear the Gentleman's request."

Speaker Redmond: "Repeat your request."

Bowman: "I would like to ask leave to have the other Democratic Members of the House as Co-Sponsors on that Bill."

Speaker Redmond: "His request was that he no longer be listed as the chief Sponsor of the Bill to which he referred."

Vinson: "It was a Bill?"

Speaker Redmond: "What did you say?"

Vinson: "It was a Bill?"

Speaker Redmond: "Yes. I think he just felt a speech coming on."

Bowman: "Is leave granted?"

Speaker Redmond: "Yes there's no objections. Leave is granted. Darrow, Darrow, Clarence Darrow, now what do we do to put Clarence Darrow on? You fill out the slip. House Bill 180."

Clerk O'Brien: "House Bill 180, a Bill for an Act to Amend Sections of the Nursing Home, Shelter Care Home, and Homes for the Aged Act. Second Reading of the Bill. Amendments # 1,2,&3 were adopted in Committee."

Speaker Redmond: "Any motions with respect to Amendments 1,2,&3?"

Clerk O'Brien: "No motions filed."

Speaker Redmond; "Any Amendment from the floor?"

Clerk O'Brien: "Floor Amendment #4, Schneider, Amends House Bill 180 on page one, line 30, inserting immediately after 'publish the following' "

Speaker Redmond: "Representative Schneider. Representative Schneider. Representative Schneider. He's in his chair; he's sponsoring an Amendment. We're joined by a former Member...what was your name again? Senator G.F.Karris."

Schneider: "She would come in when I have an Amendment Mr. Speaker."

Speaker Redmond: "The Clerk says she came over here to use the phone. She wants to use Conti's phone."

Schneider: "Thank you Mr. Speaker. And now the headline has been properly acknowledged just simply the Amendment helps to clarify the cost of this proposal. I've talked with the Sponsor Representative Borchers, he agrees that in any case that the cost for posting as it is defined in the Bill, and I don't have that language, would be born by the applicant. And he and I are in agreement and it clarifies some of the vagueness that was defined in outline by the staff. So I would ask for the adoption."

Speaker Redmond: "The question is on the Gentleman's motion for the adoption of Amendment 4. All those in favor say 'aye', 'aye', opposed 'no'. The 'ayes' have it. The motion carries. The Amendment is adopted. Any further Amendments?"

Clerk O'Brien: "No further Amendments."

Speaker Redmond: "Third Reading. 189. Out of the record at the request of the Sponsor. 191."

Clerk O'Brien: "House Bill 191,"

Speaker Redmond: "Has a fiscal note been filed on this one? On 191? Fis-

cal note ,has that been filed? Suppose it's easier to let you read it."

Clerk O'Brien: "Fiscal not is not filed."

Speaker Redmond: "Out of the record. 192."

Clerk O'Brien: "House Bill 192, a Bill for an Act to Amend Sections of the Nursing Home, Shelter Care Homes. and Homes for the Aged Act. Second Reading of the Bill. Amendment #1 was adopted in Committee."

Speaker Redmond: "Any motion with respect to Amendment #1?"

Clerk O'Brien: "No motion filed."

Speaker Redmond: "Any motion from the floor?"

Clerk O'Brien: "Floor Amendment #2. Pullen, Amends House Bill 192, on page 2 by inserting immediately after line 30 the following and so forth."

Speaker Redmond: "Representative Pullen. Representative Bluthardt will you please sit down and get..."

Pullen: "Mr. Speaker and Ladies and Gentlemen of the House, this Bill would require the Department of Public Health to maintain an evaluate it's file on nursing homes, on each nursing home that it licenses. The file would include a rating that the Department were to assign to the nursing home. The Bill was passed out of the Human Resources Committee in the House after much testimony about how bad conditions are in the nursing homes because the Department of Public Health alledgedly doesn't do a very good job of policing them. I consider it rather ludicrous to have the Department of Public Health evaluating and rating nursing homes if they haven't been able to do a very good job of policing them. So I am offering this Amendment to say of the following: each piece of paper contained in an evaluative file shall contain the following language: warning, the evaluations and ratings contained in this file were compiled by a governmental agency which has been unsuccessful in regulating nursing homes, shelter care homes, and homes for the aged. If we are going to have an agency which many people who came into the Human Resources Committee asking for this Bill feels cannot do a good job of policing nursing homes, have that agency evaluating and rating them and thereby have the stamp of approval of government upon anything in that evaluation file, I think we should have a little truth in packaging and warn the public that what their opinions are might not

necessarily account for much. So I urge the adoption of this truth in packaging Amendment. Thank you."

Speaker Redmond: "Is there any discussion? Representative Borchers?"

Borchers: "I'd like to ask Representative Pullen if she is serious about putting this on this Bill?"

Speaker Redmond: "Representative Pullen."

Pullen: "Certainly Representative. I think when we have a government agency making an evaluation and a rating where they say A+ to E- I think that we should be telling the people don't forget this is government speaking and if we think they've done such a lousy job of policing nursing homes, we ought to be admitting that to the public."

Borchers: "I'd like to speak a moment to the Amendment."

Speaker Redmond: "Proceed, Mr. Borchers."

Borchers: "Well, I've inspected a lot of nursing homes and I can't quite make up my mind whether I should be for it or not. But I have run, as I have in the past, I saw the dried urine on the floor, old people laying in their own filth in a certain nursing home and others that I have been into. I saw lettuce that was dried in the kitchens dried... the heads of lettuce dried nearly to the center, bread that was actually 4 or 5 years...days old, why I believe I'm inclined to vote for this Amendment."

Speaker Redmond: "Any further discussion? Representative Pullen. Any further comment? Question is on the Lady's motion for the adoption of Amendment 2. Representative Marovitz."

Marovitz: "Thank you very much Mr. Speaker and Ladies and Gentleman of the House. This Amendment is perhaps one of the most ridiculous Amendments that we will ever see on the floor of the House of Representatives. All of us may have some problems with a particular department be it under a Democratic administration or a Republican administration. But to put a warning like this for all of the citizens of the State of Illinois is absolutely the most absurd thing in the world. And I hope you all read this ridiculous Amendment; it's almost like a cigarette warning that they want to put on every file which will tell the people of the State of Illinois what these nursing homes are and tell them something about each nursing home and give people access to these

files about the nursing homes. But to put a warning on every file like a pack of cigarettes is just the most absurd thing in the world and if my Republican colleague who is Sponsoring this Legislation has serious problems with the Department of Public Health, take it up with the Director, but don't penalize the citizens and bring it to the floor of the House of Representatives."

Speaker Redmond: "Representative Chapman."

Chapman: "Mr. Speaker, I would ask the Members of the House to vote 'no' on this Amendment. Representative Marovitz is dealing with a serious matter and he is treating it in a serious manner. This is a Bill that is important to people who live in nursing homes who may live in nursing homes and this is every single one of us in this room, aren't you any of us who may be making difficult decisions in regard to our loved ones. And I don't think that we should put on an Amendment that is making light of a serious matter like nursing home placements and the quality of nursing home care. I urge each and every one of you to vote 'no' on this Amendment."

Speaker Redmond: "Representative Skinner."

Skinner: "In spite of the flowing gown that the Lady was wearing last night at dinner I must admit that her logic is peccable. The Department of Public Aid has proven itself incompetent time after time, after time. And all this Amendment suggests is that we put into law the fact that we know the Department can make mistakes and does make mistakes. Anybody that doubts that this Department makes mistakes must admit the Sun-Times series on abortion. It was just unbelievable what that Department allowed the abortion clinics to get away with..."

Speaker Redmond: "Representative Marovitz for what purpose do you rise?"

Marovitz: "I rise for the purpose of correcting the Gentleman. We are not speaking about the Department of Public Aid and have not been speaking about the Department of Public Aid. We're talking about the Department of Public Health and if the Gentleman has a problem with the Department of Public Aid there will be a form for that one."

Speaker Redmond: "Representative Skinner."

Skinner: "Every since I was 28 my mind has been rotting and I'm now at the state of advanced rot and I apologize. I didn't mean to say Public Aid, I meant to say the Department of Public Health. And if I could

finish my sentence the word that was left out was supported."

Speaker Redmond: "Representative Kempiners."

Kempiners: "Thank you Mr. Speaker, Ladies and Gentlemen of the House, I may not necessarily like the wording that the Sponser of this Amendment wants to put on the file. However I have to agree with her that we are having people make evaluations which have to be subjective of a private institution that is operated in the State of Illinois. And I think that anybody going through those files should be alerted that this is some subjective decision made by a state employee. And I would urge your support of this Amendment."

Speaker Redmond: "Anything further? Representative Pullen, do you desire to close? Representative Pullen."

Pullen: "Mr. Speaker, this Amendment simply makes clear to the public that we'll be looking over these evaluation files, that the source of an A- or an E- rating comes from indeed the Department of Public Health which the nursing home reform Legislators are very concerned, have not been successful in policing in the job that they are supposed to be doing. It is a very simple Amendment. It is an honest Amendment. And it's about time that we play honest with the people in the things that we publish through the bureaucracy. I urge the adoption of the Amendment. Thank you."

Speaker Redmond: "Question's on the Lady's motion for the adoption of Amendment 2. Those in favor of the motion, indicate by voting 'aye', opposed by voting 'no.' Have all voted who wish? Have all voted who wish? The Clerk will take the record. On this question there's 41 'aye' and 76 'no'. The motion fails. Any further Amendments?"

Clerk Hall: "No further Amendments."

Speaker Redmond: "Representative Getty?"

Getty: "Mr. Speaker has there been a request for a fiscal note on that Bill?"

Speaker Redmond: "Doesn't show on the Calendar. Third Reading...194."

Clerk Hall: "House Bill 194, a Bill for an Act to Amend the Illinois Purchasing Act. Second Reading of the Bill...Amendments 1,2,&4 were adopted in Committee and Amendments 3&5 failed."

Speaker Redmond: "Any motions with respect to Amendments 1,2,&4?"

Clerk Hall: "No Amendments filed...I mean , no motions filed."

Speaker Redmond: "Any Amendments from the floor?"

Clerk Hall: "None."

Speaker Redmond: "Third Reading. 348."

Clerk Hall: "House Bill 348, a Bill for an Act to Amend Sections of the Illinois Insurance Code. Second Reading of the Bill. No...The Bill has been Read a Second time previously. Amendment #1 was adopted."

Speaker Redmond: "Any motion with respect to Amendment #1?"

Clerk Hall: "No motions file."

Speaker Redmond: "Any Amdnment from the floor?"

Clerk Hall: "None."

Speaker Redmond: "Third Reading. 374. Representative Harris?"

Harris: "Mr. Speaker I'd like to take it out of the record please."

Speaker Redmond: "Out of the record. 374..... 348 out of the record request of the Sponser.....374."

Clerk Hall : "House Bill 374, a Bill for an Act to Amend the Enviornmental Protection Act. Second Reading of the Bill. No Committee Amendments."

Speaker Redmond: "Any Amendment from the floor?"

Clerk Hall: "None."

Speaker Redmond: "Third Reading. 376..."

Clerk Hall: "House Bill 376, a Bill for an Act to Amend various Acts to make certain administrative decisions subject to judicial review. Second Reading of the Bill. Amendment #1 was adopted in Committee."

Speaker Redmond: "Any motion with respect to Amendment #1?"

Clerk Hall: "No motions filed."

Speaker Redmond: "Any Amendments from the floor?"

Clerk Hall: "Amendment #2, Schlickman, Amends House Bill 376 as Amended as follows and so forth."

Speaker Redmond: "Representative Schlickman."

Schlickman: "Mr. Speaker, Members of the House. Amendment #2 strikes that Section of the Bill that would make certain actions of a county board subject to administrative review. It was the feeling on the part of certain Members on Judiciary I that county boards as Legislative bodies should not be subject to administrative review but rather any

appeal from an action of a county board in this particular area would follow regular judicial proceedings. My understanding is that the Sponsor of the Bill is not in opposition to this Amendment and I would therefore urge its adoption."

Speaker Redmond: "Representative Terzich....Any further discussion? The question's on the Gentleman's motion for the adoption of Amendment 2. Those in favor say 'aye', opposed 'no'. The 'ayes' have it. The motion carries; the Amendment is adopted. Any further Amendments?"

Clerk Hall: "Amendment #3 Tezich, Amends House Bill 376 on page 11 by deleting lines 20-33 and so forth."

Speaker Redmond: "Representative Terzich."

Terzich: "Yes. Mr. Speaker this Amends the Administrative Review Act. It was the opinion of the Committee and also of the Commission that any agency that did not want to opt through the Administrative Review Act could have the priveldge of opting out and we have been requested by the State Fire Marshal's Office that this should not apply to that Department. Therefore I move for the adoption of Amendment #3."

Speaker Redmond: "Any discussion? The question's on the Gentlman's motion for the adoption for Amendment #3. Those in favor say 'aye', 'aye', opposed 'no'. The 'ayes' have it. The motion carried. The Amendment's adopted. Any further Amcndments?"

Clerk Hall: "No further Amendments."

Speaker Redmond: "Third Reading. 383, Represenative Winchester, do you want that one in? Out of the record...385, J.J.Wolf."

Clerk Hall: "House Bill 385, a Bill for an Act in relation to the commercial relocation and removal of trespassing vehicles from private property. Second Reading of the Bill. No Committee Amendments."

Speaker Redmond: "Any Amendments from the Floor?"

Clerk Hall: "None."

Sppeaker Redmond: "Third Reading....388.Harris? Out of the record...407.."

Clerk Hall: "House Bill 407, a Bill for an Act to Amend the Illinois Municipal Code. Second Reading of the Bill. Amendment #1 was adopted in Committee."

Speaker Redmond: "Any motion with respect to Amendment 1?"

Clerk Hall: "No motions filed."

Speaker Redmond: "Any Amendments from the floor?"

Clerk Hall: "None."

Speaker Redmond: "Third Reading... 413.."

Clerk Hall: "House Bill 413, a Bill for An Act to Amend Sections of the Revenue Act. Second Reading of the Bill. Amendment #1 was adopted in Committee."

Speaker Redmond: "Any motion with respect to Amendment 1?"

Clerk Hall: "Motion to table Amendment #1 to House Bill 413 by Representative Hannig."

Speaker Redmond: "Representative Hannig? Representative Hannig."

Hannig: "Mr. Speaker, and Members of the House. I move to table Amendment #1 so that we may work on the adoption of Amendment 2. Amendment 2 encompasses all that is in Amendment #1, clarifies some of the language, as asked by the Department of Conservation, and includes a provision that would exempt small vendors from this Act as requested by the Revenue Committee."

Speaker Redmond: "Question's on the Gentleman's motion to table Amendment #1. Those in favor say 'aye', 'aye', opposed 'no'. The 'ayes' have it. The motion carried and Amendment #1 is tabled. Further Amendments?"

Clerk Hall: "Amendment #2, Hannig, Amends House Bill 413 on page one, line 8 by deleting a and so forth."

Speaker Redmond: "Representative Hannig."

Hannig: "As I said earlier Amendment #2 was at the request of the Revenue Committee that I provide in this Act an exemption from small owners of land, less than one acre, also the Department of Conservation asked that would clarify some of the language they have worked with me in this. I move for its adoption."

Speaker Redmond: "Any discussion? The question's on the Gentleman's motion for the adoption of Amendment 2. Those in favor say 'aye', 'aye', opposed 'no'. The 'ayes' have it. The motion is carried. The Amendment is adopted. Any further Amendments?"

Clerk Hall: "No further Amendments."

Speaker Redmond: "Third Reading...429. Out of the record at the request of the Sponser. 444.."

Clerk Hall: "House Bill 444, a Bill for an Act to Amend Sections of an Act

to provide for the creation and management of forest preserve districts.

Second Reading of the Bill. Amendment #1 was adopted in Committee."

Speaker Redmond: "Any motion with respect to Amendment 1? How about 1,2,&3? Any motion with respect to Amendments 1,2,&3?...Calendar is in error. There's only one Amendment in Committee. No motion with respect to Amendment #1?"

Clerk Hall: "No motion filed."

Speaker Redmond: "Any Amendments from the floor?"

Clerk Hall: "None."

Speaker Redmond: "Third Reading. 458...Representative Friedrich 458."

Clerk Hall: "House Bill 458, a Bill for an Act..."

Speaker Redmond: "Oh, Friedland. Pardon me."

Clerk Hall: "...authorizing Director of Mental Health and Developmental Disabilities convey certain real property. Second Reading of the Bill Amendment #1 was adopted in Committee."

Speaker Redmond: "Representative Friedland for what purpose do you rise? Any motion with respect to Amendment #1?"

Clerk Hall: "No motions filed."

Speaker Redmond: "Any motion...any Amendment from the floor?"

Clerk Hall: "None."

Speaker Redmond: "Third Reading. 460."

Clerk Hall: "House Bill 460, a Bill for an Act to require issuance of credit memorandums within 30 days under the Use Tax Act. Second Reading of the Bill. Amendment #1 was withdrawn. Amendment #2, Kent, Amends House Bill 460 on page 2 by deleting lines 8-35 and so forth."

Speaker Redmond: "Mr. Clerk, you say there's an Amendment 2 on the floor. Who's the Sponser?"

Clerk Hall: "Representative Kent."

Speaker Redmond: "Representative Kent on Amendment 2."

Kent: "Thank you Mr. Chairman. Amendment 2 to House Bill 460 is one that we talked about a couple of weeks ago and it was not in the proper form. Now, the Amendment that you have is in the proper form and what it does is if you remember when the state was in a sort of a poor cash flow situation we accelerated the sales tax payment so that the small business had to have a deposit in the state, with the state, and

now that deposit is beginning to hurt the small business . The state cash flow problem is not as great and so I urge you to vote 'yes' for this Amendment so that we'll put it back. In other words I call it we're deaccelerating the accelerated program. We're putting it back exactly like it was before Governor Walker needed the money fast."

Speaker Redmond : "Is there any discussion? Representative Bradley on the Amendment 2? "

Bradley: "We would accept Amendment #2."

Speaker Redmond: "Question's on the motion for the adoption of Amendment 2. Those in favor say 'aye', 'aye', opposed 'no'. The 'ayes' have it. The motion carries and the Amendment is adopted. Any further Amendmets?"

Clerk Hall: "Amendment #3, O'Brien, Amends House Bill 460 on page 3, line 7 by deleting the period and so forth."

Speaker Redmond: "Representative O'Brien."

O'Brien: "Mr. Speaker, I think since Representative Kent's Amendment went on the Bill that Amendment #3 is no longer necessary and I move to table."

Speaker Redmond: "Representative O'Brien withdraws the Amendment 3. Any further Amendments?"

Clerk Hall: "Amendment #4, Kent, Amends House Bill 460 by deleting lines 8-35 and so forth."

Speaker Redmond: "Representative Kent. Amendment #4."

Kent: "Since the Amendment....this one we need on there yet? This will do the same thing. It will just correct and deaccelerate. So I urge you to vote 'yes' on Amendment #4."

Speaker Redmond: "Is there any discission? Representative Bradley?"

Bradley: "We're in favor of the Amendment Mr. Speaker."

Speaker Redmond: "OK. The question's on the Lady's motion for the adoption of Amendment #4. Those in favor indicate by saying 'aye',....Representative Schlickman...Representative Hoffman and Peters will you please sit down. Representative Kempiners and Collins I can't see Representative Schlickman."

Schlickman: "Would the Sponser yield?"

Speaker Redmond: "She will."

Schlickman: "What does this Amendment...accomplish that wasn't accomplished by Amendment #2?" Is Amendment #4 of the same thrust and with the same goal as Amendment #2? So it's just technical in nature."

Kent: "Right."

Schlickman: "Thank you."

Speaker Redmond: "Representative Getty."

Getty: "Mr. Speaker, I would now question whether 4 would be in order having ...since we adopted 2."

Speaker Redmond: "Would you repeat that?"

Getty: "I would now question whether Amendment 4 is in order having adopted Amendment #2."

Speaker Redmond: "Parliamentarian around? We adopted 2 and the inquiry is whether 4 is now in order. Parliamentarian is of the opinion that Amendment 2 should be tabled and then adopt 4. And who was the Sponsor of Amendment 2?"

Clerk Hall: "Representative Kent."

Speaker Redmond: "Representative Kent is recognized with respect to Amendment 2."

Kent: "Could I have permission to table Amendment 2 and favor Amendment #4?"

Speaker Redmond: "Question's on the Lady's motion to table Amendment 2. Those in ...Representative Schlickman."

Schlickman: "In as much as that Amendment was adopted I think you've got to move to reconsider the vote by which it was adopted."

Speaker Redmond: "It was a voice vote...it was not a Roll Call vote. So Parliamentarian..."

Schlickman: "It still was adopted. And since she made the motion I think it's conclusively..."

Speaker Redmond: "Parliamentarian...Parliamentarian advises me if it's a record vote it's move to reconsider and a voice vote you move to table."

Schlickman: "Will he cite the rule?"

Speaker Redmond: "You cite the rule."

Schlickman: "I withdraw my objection."

Speaker Redmond: "The question's on the Lady's motion to table Amendment

2. Those in favor say 'aye', 'aye', opposed 'no'. The 'ayes' have it. The motion carries. Amendment #2 ^{is} tabled. Amendment #4. Representative Kent moves the adoption of Amendment 4. Those in favor say 'aye', 'aye', opposed 'no'. The 'ayes' have it, the Amendment 4 is adopted. Any further Amendments?"

Clerk Hall: "No further Amendments."

Speaker Redmond: "Third Reading. 472."

Clerk Hall: "House Bill 472, a Bill for an Act to Amend Sections of the Illinois Housing Development Act. Second Reading of the Bill. No Committee Amendments."

Speaker Redmond: "Any Amendments from the floor?"

Clerk Hall: "Amendment #1, Mautino-Darrow, Amends House Bill 472 on page 3, line 3 by inserting immediately after the period the following."

Speaker Redmond: "Representative Mautino? Representative Darrow?"

Darrow: "Thank you Mr. Speaker. It's my understanding that they were going to take this Bill out of the record, if not we'll go with the Amendment."

Speaker Redmond: "Representative Kucharski?"

Kucharski: "Thank you Mr. Speaker. Isn't the Amendment been distributed?"

Speaker Redmond: "Amendment 1 on 472 been distributed Mr. Page? Yes, I understand it has. Representative Madigan."

Madigan: "Mr. Speaker I have some questions regarding the Amendments and I would request that it be held a couple of days."

Speaker Redmond: "Representative Kucharski?"

Kucharski: "Roll the Bill."

Speaker Redmond: "Out of the record. 507."

Clerk Hall: "House Bill 507, a Bill for an Act to Amend Sections of an Act to revise the law in relation to frauds and perjuries. Second Reading of the Bill. Amendment #1 was adopted in Committee."

Speaker Redmond: "Any motion with respect to Amendment?"

Clerk Hall: "No motions filed."

Speaker Redmond: "Any Amendments from the floor?"

Clerk Hall: "No floor Amendments."

Speaker Redmond: "Third Reading. 555."

Clerk Hall: "House Bill 555, a Bill for an Act to Amend Sections of an Act relating to alcoholic liquors. Second Reading of the Bill. Amendments #1 & 2 were adopted in Committee."

Speaker Redmond: "Any motion with respect to Amendments 1 & 2?"

Clerk Hall: "A motion to table Amendment #2 by Representative Mahar."

Speaker Redmond: "Representative Mahar."

Mahar: "Thank you Mr. Speaker . I filed a motion to table Amendment #2, House Bill 555 and let me tell you what it does. The Legislation we now have in the book, an Act was passed a couple of years ago, allows for the sale or the use of alcoholic beverages in the city of Chicago and the aquariums and museums where other ...where they have food offered. Amendment #2 expands that to all the park districts in the city of Chicago. Now I think this is a whole new concept, I might back up a second: there...House Bill 555 expands the original Bill to allow Lake View Museum in Peoria to do the same things that those areas in Chicago can do. Amendment #2 which we're asking to table is an Amendment which allows the sale of alcoholic beverages in all the park districts in Chicago. I think that this particular piece of legislation is one that ought to be acted upon by itself. I don't think it belongs with this Bill; it opens up a whole new area of the serving of alcoholic beverages and for that reason I ask that we table the Amendment."

Speaker Redmond: "Is there any further discussion? The question's on the Gentleman's motion...Representative Madigan."

Madigan: "Will the Sponsor of the Amendment have an opportunity to participate in the debate?"

Speaker Redmond: "Surely. Who's the Sponsor of the Amendment?"

Madigan: "Mr. Yourell."

Speaker Redmond: "Representative Yourell? There's a motion made to table Amendment 2 to House Bill 555. I understand that you're the Sponsor of Amendment #2...Representative Tuerk for what purpose do you rise? Representative Teurk will the Member standing between Representative Tuerk and the chair please be seated? Representative Schlickman. Representative Macdonald."

Tuerk: "Mr. Speaker, Members of the House, being the Sponsor of House Bill 555, I'm well aware that this Amendment was added to the Bill ..."

Speaker Redmond: "John Miller, please be seated."

Tuerk: "This Amendment was added in Committee and it was offered by Representative Yourell. At the time that it was offered, I offered no opposition"

to the Amendment at that stage. However there was some discussion among the Members relative to the fact that this Amendment may or may not jeopardize the Bill in its present form. Now it appears that it's becoming at that point because as I look ahead to Amendment #3 which will be offered depending on the outcome of this tabling motion by Representative Mahar. Then it would appear that this Bill is becoming a somewhat of a Christmas Tree and that was not the intent of the Bill at the out-set. As Representative Mahar pointed out in his discussion this Bill was a very simple Bill at the out-set which would give a museum in the city of Peoria which is located on park property, the same rights and privileges as was accorded to several museums in the city of Chicago 2 years ago with House Bill 1459. And that's all I was asking for and this Amendment as I say, gets to the point where I think with it plus the succeeding Amendment which will be offered depending on the outcome is getting to the point where it may or may not jeopardize the Bill. So I wanted to offer that as background information for Representative Yourell's benefit as well as the Members of the House."

Speaker Redmond: "Representative Yourell."

Yourell: "Thank you Mr. Speaker. Ladies and Gentlemen of the House, what Representative Tuerk refers to is partially right. House Bill 555 had a very difficult time in the Cities and Villages Committee, on the occasion when it was heard. And the reason that it had a difficult time was that there was some definition involved as to where these beverages could be served or should be served. The Sponsor of the Amendment instead of weakening the Bill, though that perhaps the Bill could be strengthened by including other park districts and other facilities as well. It seems to me that if it's fine to do that in Peoria, well those who enjoy those facilities in the Chicago park district, such as the Museum of Science and Industry, the Planetarium, the Aquarium, and other facilities such as that of that nature, should have the same opportunity. That was the purpose of the Amendment. And I don't know what Amendment #3 does that the Sponsor referred to, but again I don't think this has any Christmas Tree effect. I think this just broadens the concept of the Legislation and adds to the Bill. And I would move to table the motion to table Amendment #2 to House Bill 555."

Speaker Redmond: "Representative Mahar moved to table Amendment #2.

Representative Yourell has moved to table the motion to table.

Representative Skinner in a subdued voice wanted to know if this was debatable. The Parliamentarian advises me that it is not. Is that correct? Representative Johnson?"

Johnson: "I just wondered whether the passage of House Bill 21 through the process would effect the Chief Sponsor's position on this particular motion, or the Amendment or the Bill."

Speaker Redmond: "To whom are you directing that inquiry? Representative Yourell. Well he asked a question as to whether or not passage of 21 would do something and I don't know the answer to that."

Johnson: "Not of Representative Mahar. I though maybe Representative Yourell could answer that for us. He's one of the Sponsors of the Bill."

Speaker Redmond: He's not the Sponsor of this Bill. Tuerk is the Sponsor of this Bill. Well, anyway I think the question is on Representative Yourell's motion to table Representative Mahar's motion to table Amendment 2. Question is on Representative Yourell's motion... Representative Hanahan. Point of order he says. His name was mentioned in debate."

Hanahan: "Not anything to do with the debate. I'm just curious if another motion to table the motion to table of the motion to table would be in order. It seems redundant to..."

Speaker Redmond: "I've already put the question. We'll get to that the next time..."

Hanahan: "But the point of order is before the question of how could you move...I mean...I could vote no on Representative Mahar's just as easily as I could vote 'yes' on Representative Yourell's. I don't see the real value of moving to table a motion to table."

Speaker Redmond: "Well, we'll have a meeting of the Rules Committee in the Speaker's Office right after the session to discuss that. The question is on Representative Yourell's motion to table Representative Mahar's motion. Those in favor of Representative Yourell's motion vote 'aye', opposed vote 'no'. Representative Skinner."

Skinner: "Mr. Speaker, it seems to me that a lot of people that don't think

that people aged 19 to 21 should be voting 'no' on this Amendment. It is obvious to me that if Representative....if the Representative's Amendment is allowed to pass what we're going to do is have a pass-along problem. Those people who are over 21 who buy liquor in the parks of the city of Chicago, will pass it along to those people under 21. And we wouldn't want that to happen...."

Speaker Redmond: "Representative Schlickman, for what purpose are you shouting?"

Schlickman: "Well, if a motion to table is not debatable, I should think that should include explanation of both because that is a part of the debate."

Speaker Redmond: "That's another one of the matters we'll take up at the Rules Committee after the session.... to Amend our rules and we don't have any such rule Mr. Schlickman. Have all voted who wish? Have all voted who wish? Clerk will take the record. On this question there are 77 'aye' and 68 'no'. And Representative Yourell's motion to table Representative Mahar's motion to table, carries. Yourell's motion carried so now we're on the question, are there any other motions with respect to Amendments 1 & 2?"

Clerk Hall: "No motions filed."

Speaker Redmond: "Are there any Amendments from the floor?"

Clerk Hall: "Amendment #3, Grossi, Amends House Bill 555 is Amended in the first paragraph after the words 20 years and the following."

Speaker Redmond: "Representative Grossi. Amendment #3."

Grossi: "Thank you Mr. Speaker. Ladies and Gentlemen of the House, I offer Amendment #3 to House Bill 555 in light of Amendment #2. Amendment #2 simply says that the Chicago park districts through approval of its commissioners may sell or serve alcoholic beverages. My Amendment is simply adds to that any park district which the park district commissioners so authorize."

Speaker Redmond: "Any discussion? Representative Tuerk."

Tuerk: "Well, Mr. Speaker and Members of the House this is the Amendment that I alluded to and my remarks a moment ago relative to the tabling motion by Representative Mahar and Yourell. I just don't happen."

to feel that we should give broad sweeping powers to any and all park districts throughout the state. I know that in a sense when I speak against this Amendment in effect there's somewhat of a paradox because all I was trying to do in my original Bill was give the one museum in Peoria the same rights that the city of Chicago obtained 2 years ago. Now when we go to broadening this clear across the state I just don't think this is the intent of the Bill and therefore I would oppose this Amendment nor would I Sponsor a Bill that would give very park district in the state the approval to sell alcoholic beverages by any park district as long as they had park district commissioners approval. I would oppose the Amendment."

Speaker Redmond: "Representative O'Brien."

O'Brien: "Mr. Speaker, Members a question of the Sponsors of the Amendment. I just want to clarify to know if this Amendment allows the park commissioners to either opt-in or opt-out or set-up the guidelines and provisions by which they would sell alcoholic beverages."

Grossi: "My understanding is that it does."

O'Brien: "Is that it does?"

Grossi: "Commissioners have that option. They make the choice."

O'Brien: "Fine. Mr. Speaker and Members of the House I speak in favor of this Amendment. I think it's a good Amendment. I think if it's good enough for Peoria, Representative Tuerk's area, it's good enough for the rest of the state of Illinois. I would encourage everybody to support the Amendment."

Speaker Redmond : "Representative Mahar."

Mahar: "Thank you Mr. Speaker. Ladies and Gentlemen of the House, I oppose this Amendment as I opposed the last Amendment. I think that we're getting into a subject here which should be dealt with in specific legislation. I'd like to call your attention...if you look at the Bill there are no provisions in there as to how the local liquor commissioner will act. Whether additional licensese presented by local municipality or what. I think this is a very important consideration. Number 2, just a week or so ago we had great debate on the drinking age raising it to 21 years of age. It seems to me it's totally inappropriate, and improper based upon the majority of this House and

based upon the majority of people throughout the state, that we now serve alcoholic beverages in park facilities where the young people are playing basketball or volleyball or whatever. It seems to me we're going in the opposite direction. And by opening up this legislation, opening up the serving of alcoholic beverages to all these park people in this type of Bill which was not designed to set the mechanics as to how the licenses would be granted, is totally wrong. It ought to be handled in some other type of legislation, discussed on its merits on that basis and not added on to this particular Bill. It's totally the wrong Bill and I urge opposition to the Amendment."

Speaker Redmond: "Representative Schlickman."

Schlickman: "Well, Mr. Speaker, Members of the House, I joined in tabling the motion to table Amendment #2 and the reason I did was because I thought it was consistent with the goal of the Bill as originally introduced and existing law being to allow for the sale of alcoholic beverages in connection with the consumption of food. But Mr. Speaker, Members of the House, when you look at Amendment #3 the serving of liquor at any facility on land owned by any park district is not restricted to the incidental value of liquor when consuming food. And on that basis Mr. Speaker, and Members of the House, I feel that this Amendment goes too far; it's without the context of existing law and the Bill that was introduced and I would urge a 'nay' vote."

Speaker Redmond: "Representative Getty."

Getty: "Will the Gentleman yield?"

Speaker Redmond: "He will."

Getty: "Representative Grossi, as I read this Amendment you provide that liquor may be served at the facility if the sale is approved. Now it seems to me that that does not track the language of the Act as it is now which provides delivered to or sold and secondly it would seem to me that it would not permit a park district to authorize delivery where the facility is, was we'll say rented, but it wasn't going to be sold to the people there. It was going to be given away."

Grossi: "In my Amendment there, there is no intention that it be given away unless the sale is approved by the Park District Commissioner."

Getty: "Well, what I'm suggesting is that the Amendment in the form that it is

now, may not do what you intend the Amendment to do because I think as it reads you would be limiting to a sale situation and not to say if they wanted to rent it and give away beer or something like that it wouldn't be permitted under the Act as you are Amending it."

Speaker Redmond: "Representative Grossi."

Grossi: "As I look at the language I believe it is possible for that interpretation to be made and that is not my intent. My intent is in the same general sense as the other provisions of the original Bill is to allow the serving under some circumstances for certain benefits of a park district."

Getty: "I would just respectfully suggest that maybe the Amendment is not in the form that the Sponsor of the Amendment would have wanted it to do what he wants. And that possibly it would be preferable to take that Amendment out of the record and maybe address it later in the Senate or if the Sponsor of the Bill wanted to hold it, to try it again later."

Speaker Redmond: " Representative Grossi."

Grossi: "I will hold the Amendment for a correction if the Sponsor of the Bill will hold it on Second Reading."

Speaker Redmond: "Representative Tuerk? Where is Tuerk? Where is your seat? Will he use Representative Donovan's microphone? Representative Grossi is indicated that his position is to hold consideration for Amendment #3 providing you will hold the Bill. What's your response? No, he doesn't want to hold the Bill. Representative Grossi."

Grossi: "Will the Sponsor of the Billor the Bill goes to Third Reading, will it be brought back to Second Reading for the corrected Amendment?"

Speaker Redmond: "Representative Tuerk."

Tuerk: "Only if I see the Amendment and... but my position is we'll move it to Third."

Speaker Redmond: "A request for a fiscal note has been filed. Who filed the request Mr....Representative Skinner...Tell him about the Forest Park Foundation."

Tuerk: "Am I understanding that I cannot go to Third Reading without the fiscal note, is that correct?"

Speaker Redmond: "Unless somebody wants to know whether the request for the fiscal note was dilatory. Did Representative Skinner file that new form that says that in his judgement it was well founded and not inter-course for the purpose of delay? Representative Skinner."

Skinner: "Mr. Speaker, it occurs to me since one of the people deeply involved in this Bill was one of the Sponsors of House Bill 21 that he may be trying to make-up for the revenue loss which House Bill 21 will resolve in. I just want to find out if that's really the case. If we let everybody drink in every park in the state will we really bring in the 5 to 8 million dollars that House Bill 21 is going to lose? I don't think that's a frivolous request."

Speaker Redmond: "Representative Tuerk."

Tuerk: "Mr. Speaker, Members of the House, there's no fiscal implication to this Bill whatsoever even with Amendment #2 on it. I see no reason for any fiscal note being filed, the request for the fiscal note... I would remind the Body that this just doesn't apply and I object to the filing of the motion fiscal note. And I would move that that request for a fiscal note lie on the table and it's not applicable to this Bill."

Speaker Redmond: "Representative Tuerk there's a motion that you can ask the House to determine whether the Fiscal Note Act applies if you put that ..."

Tuerk: "That's just what I did."

Speaker Redmond: "Well, he didn't say...he said it..."

Tuerk: "Well, I said it in a different way than you said it but the intent was the same."

Speaker Redmond: "OK. Representative Tuerk desires to put the question as to whether or not the provisions of the Fiscal Act apply. Representative Daniels, for what purpose do you rise?"

Daniels: "Does that motion have to be in writing?"

Speaker Redmond: "In case the Minority spokesman on Judiciary II requests it in writing."

Daniels: "Well, I don't know who that is but I'm of Judiciary I and I would request in writing and furthermore and I would request that the Sponsor of this Bill give the courtesy to a new Member of this House to hold it for one day so he could review his Amendment. It might be a bad

Amendment Representative; we might all vote against it but I'd like this Member of the House to have a fair opportunity and Representative Terzich I think it would be only reasonable for you too to extend that courtesy to this Member."

Terzich: "You too Fred."

Speaker Redmond: "Well, Representative Daniels has objected to the fact that the motion is not in writing. And that objection is well founded."

Daniels: "Why don't we just hold the Bill and go on to the next one?"

Speaker Redmond: "Well, Representative Tuerk."

Tuerk: "Well, Mr. Speaker, I'll certainly file in writing. I have sympathy for all new Members. However I just think that this Amendment to the Bill is just not in the spirit of the Bill itself and there's no fiscal implications whatsoever. I see no reason to hold the Bill. Now I mentioned earlier that we'll move it to Third and if anybody has an Amendment they would like to offer for it, I'll take a look at it. And then go from there. But there's no reason why we should hold this Bill up any longer and in just a moment I'll have the motion right on the Clerk's desk relative to the fiscal note being requested and then I would ask for the Members' vote on it."

Speaker Redmond: "Representative Deuster."

Deuster: "Well, I'm just going to say that Representative Skinner is the one who is asked for the fiscal note and as we all know, he's not a new Member."

Speaker Redmond: "Will you repeat that? Representative Skinner."

Skinner: "Well, I...there's several trains of logic and illogic going through this discussion. I cannot imagine why the city of Chicago's parks could possibly be relevant to this little museum or whatever it is in Peoria County while all the down state park districts in the state are irrelevant. But I really think that the General Assembly ought to know how much extra revenue this is going to bring into the General Revenue Fund, especially since many of the proponents of this Bill just voted to deprive the state of \$5-\$8 million in liquor taxes by lowering the drinking age. There is a direct correlation. Unless perhaps... I mean it's conceivable the Sponsor of this Bill has introduced it and allowed it to be Amended based on penitence for their former vote."

Speaker Redmond: "The question is on Representative.....Mr.Clerk you have a motion there. Will you read the motion?"

Clerk Hall: "I move that the House determine that the Fiscal Note Act does not apply to House Bill 555, signed Representative Tuerk."

Speaker Redmond: "Representative VanDuyne, Representative Bradley and Schisler will you please be seated?"

Van Duyne: "Mr.Speaker, could I ask the Sponsor of the Bill a question please? Or do I have to wait until we take note."

Speaker Redmond: "I would think that you should wait until the motion is put."

Van Duyne: "God Bless You."

Speaker Redmond: "The question is on the Gentlman's motion that the House determine whether or not the provisions of the Fiscal Act apply. The question is do the provisions of the Fiscal Act apply to House Bill 555? Those in favor signify be voting 'aye', opposed by voting 'no'. Representative Tuerk... Representative Schlickman."

Schlickman: "My understanding Mr. Speaker is that we're voting on the motion of Representative Tuerk; is that right?"

Speaker Redmond: "That is correct. If you want a..."

Schlickman: "If you want a fiscal note you vote 'no' and if you want the Bill to advance to Third you vote 'yes'."

Speaker Redmond: "The way I stated the question if you want a fiscal note you vote 'yes' and if you do not want a fiscal note , if you decide that the provisions of the Fiscal Note Act Statute do not apply, then you vote 'no'."

Schlickman: "Well, the reason I asked, there was some confusion..."

Speaker Redmond: "The question is does the Act apply."

Schlickman: "Alright thank you."

Speaker Redmond: "Somebody bring ice to Representative Skinner. Have all voted who wish? Clerk will take the record. On this question there's 26 'aye' and 115 'no' and the House has determined that the provisions of the Fiscal Act do not apply. Proceed with the Roll. We're on Amendment #3. Representative Van Duyne."

Van Duyne: "Thank you Mr.Speaker, I'd like to know the impact a little bit futher down the road on people that are in business privately and also

the taxes that are going to be collected from an operation such as this.

And I'd like to have somebody explain to me just what kind of happenings are going to go on and I conceive of maybe some big type of gathering there where somebody is going to be honored or you know... a fundraisers; or a testimonial dinners where we have a bar open... are these people going to buy a lisenche; are they going to pay their \$1,000 or \$1200 to the municipality in which they lie or to the county which controls their liquor lisenches? Are they going to be subjected to the same type of taxing procedures? You know our church, the Catholic Church, is one of probably one of the biggest vilators of every law that we have on the books in terms of paying lisenches and in terms of operating a business against our own private entrepreneurs. This is what I envision. And if this is going to happen, if some poor guy in Joliet or DuPage County or Cook County is going to be paying \$1200 a year license, \$3,\$4,\$5,\$6,000 a year taxes, bartenders, Social Security and everything else, we're going to be in direct competition and I wish somebody would pay attention, Grossi if nobody else, if we are going to be in direct competition inevitably with... the guy who is trying to make a buck for example like I am, and a dozen other people that I could name I just got on the tip of my tongue... and I'm going to be against the Bill."

Speaker Redmond: "Well, I think we're now on the question of the adoption of the Amendment #3."

Van Duyne: "Well, I'm asking Representative Grossi. He's the Sponsor of the Amendment and I'd like to at least engage him in some type of conversation so it would be a little bit more clear because these things always start out very magnanimously and then they always go futher down the line and somebody ends up in direct competition with the people who are doing private business in the areas."

Speaker Redmond: "Representative Grossi. Can you respond to the inquiry?"

Grossi: "Mr. Speaker, as I indicated when I propped the Amendment that the only reason that I was doing it was that I felt that since the Chicago park district would have this authority, at any other park district that saw fit could also have this authority if they so desired. I'm sure that there's going to be some effect on local people just as there

would be if the Chicago park district adopted serving liquor on their premises."

Speaker Redmond: "Representative Van Duyne."

Van Duyne: "Will they actually pay a lisenche? And will they pay all the taxes directly related to the sale of alcohol, cigarettes, etc.?... catering service, you know that would go along with this that every other private entrepreneur would pay?"

Grossi: "I would not be able to answer..."

Van Duyne: "Then I assume the answer's no, right?"

Speaker Redmond: "Representative O'Brien. O'Brien."

O'Brien: "I'll defer to Representative Farley who's light's on."

Speaker Redmond: "Representative Farley."

Farley: "Yes, Mr. Speaker, Ladies and Gentlemen of the House, if I am in order I would like to make a motion to table this Amendment."

Speaker Redmond: "Well, the Amendment has not been adopted. I think that the motion Representative Grossi, is that Amendment 3 be adopted. And it would seem to me that we should proceed with the vote on that motion."

Farley: "Well, Mr. Speaker, I would move the prevoius question."

Speaker Redmond: "Gentleman has move the previous question. The question is shall the main question be put. Those in favor say 'aye', 'aye', opposed 'no'. The 'ayes' have it, the motion carries. Representative Grossi to close."

Grossi: "Thank you Mr. Speaker, Ladies and Gentlemen of the House, as I indicated the only reason that I am offering this Amendment is that due to the ..Amendment #2 of House Bill 555, which authorizes Chicago park districts, if its commissioners so agree, to serve alcohlic beverages on park district property. I think if the city of Chicago through its park district can have this privilege, I think any other park district within the state should also have the option, that is this legislation would then be permissive up to the park district commissioners rather they would want to serve alcoholic beverages on park district property. I urge your favorable vote."

Speaker Redmond: "The question's on the Gentleman's motion for the adoption of Amendment 3. Those in favor vote 'aye', opposed vote 'no'. Have

all voted who wish? Have all voted who wish? Clerk will take the record. On this question there's 30 'aye' and 89 'no'. The motion fails. Any further Amendments?"

Clerk Hall: "No further Amendments."

Speaker Redmond: "Third Reading. Representative Tuerk does that Amendment apply to the Forest Park situation in Peoria?"

Tuerk: "Negative."

Speaker Redmond: "OK. 563. Out of the record, request of the Sponsor. 599.."

Clerk Hall: "House Bill 599, a Bill for an Act relating to auto mileage reimbursement for state employees. Second Reading of the Bill. No Committee Amendments."

Speaker Redmond: "Any Amendments from the floor?"

Clerk Hall: "None."

Speaker Redmond: "Third Reading. 625."

Clerk Hall: "House Bill 625, a Bill for an Act to establish a program of financial protection with regard to catastrophic health care expenses. Second Reading of the Bill. No Committee Amendments."

Speaker Redmond: "Has the fiscal note been filed?"

Clerk Hall: "Fiscal note has not been filed."

Speaker Redmond: "Out of the record. 628."

Clerk Hall: "House Bill 628, a Bill for an Act to make administrative decisions in the Department of Insurance subject to judicial review under the Administrative Review Act. Second Reading of the Bill. No Committee Amendments."

Speaker Redmond: "Any Amendments from the floor?"

Clerk Hall: "None."

Speaker Redmond: "Third Reading. We're honored with the Director of Immigration and Naturalization in Du Page County, Senator Pate Philips, a former Member of this House. Director, anyone desiring to bring materials in or out are to come into DuPage County, see Senator Pate Philips. 665.."

Clerk Hall: "House Bill 665,..."

Speaker Redmond: "Out of the record...just a minute..Representative Wyvetter Young...We'll turn the podium over to Representative Wyvetter Young..Repre-

sentative Flinn and Sissy Stiehl, they out there? Come on up to the podium."

Young: "Thank you very much Mr. Speaker. We're honored today with the presence of the Lincoln Tigerettes who are 2nd place state wide womens basketball tourney champions. And I want to introduce to you Mr. Ernest Riggins who is their coach at Lincoln High School who will in turn introduce them."

Riggins: "Thank you very much to the Speaker and the Members of the Assembly. It's indeed a pleasure for us to have this distinguished honor to appear here before you. I'd like to just take a moment to introduce each of the players of the Tigerettes. Needless to say, I'm very proud of them. The people of the city of East St. Louis and surrounding areas are equally as proud. We have received any number of telegrams, letters, congratulating the team on their play, the dignity and poise, that they exemplify throughout their state tournament in Champaign. This in itself is an accomplishment for us. We are indeed honored. We were very disappointed that we did not win #1, but it gives us an incentive to come back next year and strive for that #1 spot. The one goal that we had set out to do was to make it to the Assembly Hall. We did that; we did not quite complete that task with the number 1 spot in the state of Illinois. Hopefully next year we will return and come back with the #1 spot. I'd like to introduce each of the girls. To my right, is Crystal Coleman, a guard, sophomore, and Nate Smith, raise you hand when I call your name, is one of our trainers...Deborah Thurston, 6ft., junior,...Deborah Powell, sophomore, 5ft. 9in., ..Barbara Gilmore, 6ft. lin., junior,...Cindy Oleneomalinquay, senior, 5ft. 7in., guard,...Cassandra 'Too Tall' Lewis, 6ft. 2in., junior,...Marilyn Dordan, 5ft. 5in., junior, guard,...'Goofy' Justine Moore, sophomore, 5ft. 5in., guard,...Theresa Jones, 5ft. 9in., forward guard, junior,...Roselle Stinnus, 5ft. 6in., forward, senior,.. Younge: "Come on up... We're very pleased to have the new Mayor Carl Officer, who is the youngest mayor ever elected in any municipality, he is 27 years old and we're very proud of Carl."

Mayor of East St. Louis: "Thank you very much Mr. Speaker, Members and officers of the Illinois General Assembly, I'd just like to say thank you very much for taking time out of your busy schedule to honor my beautiful young ladies from the city of East St. Louis, my lovely Lincoln Tigerettes. And I guarantee you next time if you're not too busy next March, if you'll come to the meet in Champaign, you can come and see the #1 team in the state of Illinois, my Lincoln Tigerettes. Thank you very much."

Younge: "Thank you."

Speaker Redmond: "East St. Louis, they having come and gone, we'll now go to House Bill 665."

Clerk Hall: "House Bill 665, a Bill for an Act in relation to Merit System for sheriff's personnel in certain counties repealing Acts and parts of Acts herein named. Second Reading of the Bill. Amendments #1,2,& 3 were adopted in Committee."

Speaker Redmond: "Any motion with respect to Amendment 1?"

Clerk Hall: "No motions filed."

Speaker Redmond: "Any further Amendments?"

Clerk Hall: "Amendment #4, Kempiners, Amends House Bill 665 as Amended in Section 3 and so forth."

Speaker Redmond: "Representative Kempiners."

Kempiners: "Mr. Speaker, this Amendment does not make any substantive change; it just indicates that the appointment of Mayor Commissioners following the original appointments will be by the same manner. I move its adoption."

Speaker Redmond: "Any discussion? Question's on the Gentleman's motion

for the adoption of Amendment 4. Those in favor say 'aye,'aye', opposed 'no'. The 'ayes' have it; the motion is carried, ...Representative Kempiners."

Kempiners: "I don't believe another Amendment is filed but there will be one so I would ask that we..."

Speaker Redmond: "You want this held?"

Kempiners: "Yes, I would also ask that you look at the description on the Calendar and there's a sentence on there, a partial sentence, that does not belong with this Bill. I would recommend that the Clerk have it removed from future Calendars"

Speaker Redmond: "That's that 'local government and school districts'?"

Kempiners: "Right, it doesn't affect that at all."

Speaker Redmond: "It doesn't seem to...so we adopted Amendment 4 and we will hold it on the order of Second Reading for the purpose of further Amendments... 666."

Clerk Hall: "House Bill 666, Kempiners, a Bill for an Act to Amend Sections of the Illinois Vehicle Code. Second Reading of the Bill. No Committee Amendments."

Speaker Redmond: "Any Amendments from the floor?"

Clerk Hall: "None."

Speaker Redmond: "Third Reading. 668."

Clerk Hall: "House Bill 668, a Bill for an Act to Amend Sections of an Act relating to alcoholic liquors. Second Reading of the Bill. No Committee Amendments."

Speaker Redmond: "Any Amendments from the floor?"

Clerk Hall: "None."

Speaker Redmond: "Third Reading... 685. Representative Getty."

Getty: "Mr. Speaker, I wonder if the Sponsor would consider holding this Bill onwe have an Amendment..."

Speaker Redmond: "Representative Kornowicz, do you....return to the order of the Second Reading and hold it there....685."

Clerk Hall: "House Bill 685, a Bill for an Act to Amend Sections of the Illinois School Code. Second Reading of the Bill. Amendment #1 was adopted in Committee."

Speaker Redmond: "Any Amendments from the floor?"

Clerk Hall: "No floor Amendments."

Speaker Redmond: "Third Reading...724."

Clerk Hall: "House Bill 724, a Bill for an Act to Amend the Illinois Pension Code. Second Reading of the Bill. No Committee Amendments."

Speaker Redmond: "Any Amendments from the floor?"

Clerk Hall: "None."

Speaker Redmond: "Third Reading...739."

Clerk Hall: "House Bill 739, a Bill for an Act to Amend Sections of the Illinois Vehicle Code. Second Reading of the Bill. Amendment #1 was adopted in Committee."

Speaker Redmond: "Any motion with respect to Amendment 1?"

Clerk Hall: "No motions filed."

Speaker Redmond: "Any Amendments from the floor?"

Clerk Hall: "None."

Speaker Redmond: "Third Reading. 749."

Clerk Hall: "House Bill 749, a Bill for an Act to Amend Sections of an Act in relation to the deposit of public funds. Second Reading of the Bill. Amendment #1 was adopted in Committee."

Speaker Redmond: "Any motion with respect to Amendment 1?"

Clerk Hall: "No motions filed."

Speaker Redmond: "Any Amendments from the floor?"

Clerk Hall: "Amendment #2, Getty, Amends House Bill 749 on page 1, line 10, and so forth."

Speaker Redmond: "Who's the Sponsor of the Amendment? Representative Getty."

Getty: "Mr. Speaker, Members of the House, Amendment #2 would simply replace the permissive 'may' with 'thereupon shall', so that after deposits are made, there would be the requirement that collateral would automatically be deposited to secure the deposit, and I spoke to the Sponsor of the Amendment and I believe she's in agreement. I move for the adoption for the Amendment."

Speaker Redmond: "Representative Barnes? Any further discussion? Question is on the Gentleman's motion for the adoption of Amendment 2. Those in favor say 'aye', 'aye', opposed 'no'. The 'ayes' have it; the motion carries, the Amendment is adopted. Any further Amendments?"

Clerk Hall: "Amendment #3, Bowman, Amends House Bill 749 on page 1, immediately following line 22 and so forth."

Speaker Redmond: "Representative Bowman..."

Bowman: "Mr. Speaker, Ladies and Gentlemen of the House, the Amendment is very short and conceptually quite simple. It simply requires that the State Treasurer reject the proposal of any bank which has in effect a loan to any individual firm or corporation for the purpose of doing business in or with the Republic of South Africa. The policy of racial of apartheid in the Republic of South Africa are well known to everybody. It should not be the function of the taxpayer of the state of Illinois to finance racial seperation in that country. It is the only country in the world that does this by a Constitutional Mandate and until such time as that mandate is lifted, I think it's appropriate that we not use our tax moneys to promote racial apartheid and so I offer Amendment #3."

Speaker Redmond: "Representative Leinenweber."

Leinenweber: "Would the Gentleman yield for a question?"

Speaker Redmond: "He will."

Leinenweber: "Representative Bowman, why did you pick South Africa out of all the other countries in the world?"

Bowman: "Representative Leinenweber, I thought I had addressed myself to that in my opening remarks. The Republic of South Africa is the only country, and I stress the only country in the world, that has a policy of racial apartheid in its Constitution. And so while there may be any number of human rights violations throughout the world, it is the only country that sanctions apartheid in its Constitution. And I think it's time that we take a stand against this gross injustice. Thank you."

Leinenweber: "Are you suggesting that these myriad of other countries which I believe you said may practice discrimination of one type or another, that because their Constitution may prohibit that, that that cleanses them?"

Bowman: "It would certainly make them eligible for the receiving loans from such financial institutions. It cleanses them in that respect. Representative."

Leinenweber: "Why did you select the United Nations as the Body to certify the elimination of racial discrimination in South Africa?"

Bowman: "Because it seems to me that the United States, of which we are a Member, is a Member of that Body. And it is a Body which continuously monitors human rights violations around the world, and would be a third party, if you will, that we could appeal to in the event that there was any question as to what action the Republic of South Africa had taken."

Leinenweber: "Are you aware that this so called Body of third party so to speak, also has by Resolution equated Zionism with racism?"

Bowman: "I am aware of that."

Leinenweber: "And you therefore still continue to feel that this could be an impartial Body which could make this certification?"

Bowman: "As we all know Representative, I'm sure you raised that because you object to that equation as much as I, as much as any other Member of this Body. Nonetheless, the United States continues to be a Member of the United Nations and it seems to me that it is entirely appropriate to have some entity other than an agency of the Federal Government to make the determination. What we are talking about in fact is a statement, a clause language in the Constitution of the Republic of South Africa which would be an easy matter to determine, and I think it's an appropriate Body to make a determination."

Leinenweber: "Would it suit your purpose, in other words, ...is it your intent that if the Republic of South Africa merely Amend its Constitution, and nevertheless continues with the apartheid, that they would then be eligible for a loan...in other words a bank making them loans would then be eligible for this in the state of Illinois?"

Bowman: "Well, Representative, I think if you're suggesting that the removal from the Constitution would not by itself constitute a complete reversal of the policy, let me suggest to you in reply that the first step, namely that of taking the sanction out of its Constitution, would be a major public policy reversal in that country. And it seems to me that it is precisely the reversal of that policy that we must seek at this time. Until they turn around in their tracks and start going the other direction, they're not going to get to the point where you know I think

that we could applaude them throughout the world, but I think that at that point, I would be willing to permit the deposits to be used for loans in that country."

Leinenweber: "Well, Mr. Speaker that is enough questions on this ludicrous Amendment. This is a horrible precedent for the State of Illinois to ...for the Legislature to make by encouraging this type of Amendment. Now we do have a foreign policy which is generally been left in charge ...one of the few areas I think that Federal Government really should be in charge of. I don't think the State of Illinois has any business entering into foreign policy discussions. If we adopt this Amendment I think Representative Collins, is already been to the Reference Bureau to get one to prohibit any loans to banks dealing with North Ireland. Then we have the Christians coming in asking for Amendments to eliminate trade with Iran, Indians, England, Jews, Russia, the Budhists, the Pakistanies, and Afganistan, the Moslems, and even-I believe somebody probably has an Amendment , I understand, that Chicago discriminates against Republicans, or another Amendment eliminating any dealing with the State of Illinois, by the city of Chicago banks. To turn in to the ...to make this even more ludicrous, to turn the determination of the certification of whether or not an apartheid Bill exists in South Africa over to the UN is absolutely beyond belief. That Body has on its books a Resolution equating Zionism with racism. It's just beyond me how anybody could vote for this Amendment and I certainly urge its defeat."

Speaker Redmond: "The...give you an idea of what we're trying to do, we're going to try to wind down pretty soon so table will be on time for their 2:00 o'clock Committees. Representative Johnson."

Johnson: "First one question for the Sponsor before I address the Bill, your Amendment as I read it says State Treasurer is obligated in these Amendments past to reject the propasal that of any bank which has in effect any loan to corporations doing business with South Africa. Would that mean that before they would qualify to enter the edicts of the Bill, they'd have to revoke and breach their contract on existing loans?"

Speaker Redmond: "Representative Bowman."

Bowman: "Yes, Representative , I think the..we could not pass a law which would cause them to breach their contracts, but I think we could certainly arrest any negotiations that were in process. And putting that in the present tense would arrest any negotiations that in process."

Johnson: "Mr. Speaker, let me address the Bill."

Speaker Redmond: "Representative Johnson...Representative Lechowicz."

Lechowicz: "Mr. Speaker, I'd like to check the germaneness of the Amendment to the Bill. I don't believe the Amendment is in proper order."

Speaker Redmond: "Parliamentarian...Parliamentarian...Representative Lechowicz has questioned the germaneness of Amendment #3."

Lechowicz: "And the order of the Amendment as it Amends the Bill."

Speaker Redmond: "Parliamentarian advises me that in its present form, it's not in the correct form. You have to Amend the title."

Lechowicz: "So I believe Mr. Speaker, the Amendment can not be considered at this time."

Bowman: "Can the Amendment be Amended on its face? We permit that under our rules...No?"

Speaker Redmond: "Parliamentarian says the title has to be re-done. Representative Barnes, do you desire to hold the Bill? She says no. Representative Bowman?"

Bowman: "Can the Bill be moved...at this point?"

Speaker Redmond: "Well, it can be moved. Now if you can work out some arrangement here so that it can be returned to the order of Second Reading, it's between you and Representative Barnes in which the chair is neutral."

Bowman: "Thank you."

Speaker Redmond: "Question is on ...let's see now. We don't have any further Amendments."

Clerk Hall: "No further Amendments."

Speaker Redmond: "Representative Barnes, do you desire to have it moved to Third Reading?"

Barnes: "I...please move it to Third Reading."

Speaker Redmond: "Third Reading...Senate Bills Third Reading appears Senate Bill 150. Representative Ryan."

Clerk Hall: "Senate Bill 150, a Bill for an Act to Amend Sections of the Illinois Municipal Code. Third Reading of the Bill."

Speaker Redmond: "Representative Ryan."

Ryan: "Thank you Mr. Speaker and Ladies and Gentlemen of the House. Senate Bill 150, Amends the Illinois Municipal Code to allow the issuance of commercial redevelopment bonds for renewal projects and conservation areas. I would ask for a favorable Roll Call."

Speaker Redmond: "Any questions? The question is shall this Bill pass. Those in favor vote 'aye', opposed vote 'no'. Have all voted who wish? The Clerk will take the record. On this question there are 135 'aye' and 5 'no' and the Bill having received the Constitutional Majority is hereby declared passed. House Bills Third Reading...14, out of the record. 39...out of the record. 311 We're on priority Call. Representative Steczo, out of the record. 329, Kornowicz. Out of the record. 420, Representative DiPrima...out of the record. 437, Representative Cullerton."

Clerk Hall: "House Bill 437, ..."

Speaker Redmond: "Representative Cullerton do you desire to have 437,438, & 439 considered together?"

Cullerton: "Yes, Mr. Speaker as well as 440."

Speaker Redmond: "Gentleman asks leave to have 440 considered with 437,338 & 439. Will you read the Bills Mr. Clerk?"

Clerk Hall: "House Bill 437, a Bill for an Act to Amend the Illinois Abortion Law. Third Reading of the Bill. House Bill 438, a Bill for an Act to Amend the ambulatory, surgical treatment center Act. Third Reading of the Bill. House Bill 439, a Bill for an Act to Amend the Illinois Public Aid Code. Third Reading of the Bill. House Bill 439, a Bill for an Act to Amend the Public Aid Code. Third Reading of the Bill. House Bill 440, a Bill for an Act to Amend the..."

Speaker Redmond: "You have the wrong number up there Mr. Clerk. Does the Gentleman have leave to have these Bills considered? They're all the same subject matter and no there are no objections, explain the Bill. On the order of Third Reading, on priority of call, they appear on page 6 Representative Greiman."

Greiman: "Mr. Speaker, will we be able to vote separately on these, is that

right? Or will we have one Roll Call? Is that what the meaning of this.. considering them together is?"

Speaker Redmond: "Is that at your pleasure? That's what we will do. We'll explain them all and then we'll take a separate Roll Call."

Greiman: "Separate Roll Call...OK."

Speaker Redmond: "Representative Ryan."

Ryan: "Thank you Mr. Speaker...Now what Bill specifically do you have in mind?"

Speaker Redmond: "437,438,439, & 440."

Ryan: "440 is not on the priority of call and you asked..."

Speaker Redmond: "Well he asked leave to have it considered with the other 3"

Ryan: "Thank you."

Speaker Redmond: "Representative Cullerton."

Cullerton: "Mr. Speaker and Ladies and Gentlemen of the House, last year the Chicago Sun Times and the Federal Government Association disclosed the autrosities that were being performed in the abortion clinics on Michigan Avenue in Chicago. A special subcommittee of the House, made many recommendations to respond to the investigations and the findings of that exposé. The next 4 Bills which we are to consider are the implementations of those recommendations. Whether one is an opponent of abortion or not, there must be universal support for the improved regulation of these facilities and the enforcement of existing laws so that the rest of death and injury can be lessened. We cannot tolerate a situation that continues to allow profiteers to victimize women seeking abortions. This package of Legislation is concerned solely with improved regulation of the facilities operating at abortion clinics in Illinois. It is not designed to limit a restrictionist from getting an abortion, nor is it intended to make it easier for women to obtain abortions. The objective is to insure these facilities are operated in a safe and healthy manner. The sooner we do that, the sooner we will know that women will not experience any more tragedies of the type reported last fall. I have distributed a copy of Chicago Sun-Times' Sunday editorial supporting these Bills. If I could first turn then to House Bill 437, which is the first one in the package. The highlights of the Bill are as follows: We define a criminal abortion

as one that is not performed by a licensed physician or not performed in a hospital or ambulatory surgical treatment center. The 2nd most important point of this Bill, is that we specifically require counseling before an abortion is performed. A counseling shall include the discussion of alternatives in dealing with an unwanted pregnancy, a description of the procedure to be used in performing the abortion, and an explanation of the risk and the possible consequences of these procedures. The counseling shall also include information about contraceptives. Another major part of this legislation is to require that the results of the pregnancy test be disclosed to a woman before an abortion is to be performed. This will avoid the practice of an abortion being performed on a woman who is not pregnant. A further provision of the Bill requires that the doctors who discover complications after an abortion to report these to the Department of Public Health. However, the identity of the woman will not be disclosed. And finally the Bill prohibits payment, bribes, or kickbacks, for abortion referrals. This legislation is extensive and it is Constitutional. There are very few things which we will decide this session that will be more important. This legislation deals with helping to protect life itself. I seek your support and I ask for a favorable vote."

Speaker Redmond: "Is there any discussion? Representative Skinner."

Skinner: "During the hearings I asked the Department of Public Health regulators who are nurses what they considered their role to be, whether they considered it to be more of one of counseling or one of a policeman. And they replied very vehemently as a matter of fact that they considered their role to be one of a counselor, that they wanted to make things better in the facility in question. It seems to me that in this case we need someone who considers. we need inspectors who consider themselves policeman. Now under your legislation...has that flaw been corrected? Will the inspectors who inspect abortion clinics still be nurses?"

Cullerton: "Mr. Skinner, I believe that issue is addressed in the next Bill and not in this one that is being considered. They are the same inspectors right now. The Department itself has indicated that they wish to create a new program to improve their own inspecting procedure."

Skinner: "Well, Mr. Sponsor, I wish you the best of luck in getting the results that you think your legislation will bring. But until there is a massive turn-around in the frame of mind of the regulators in the Illinois Department of Health, I fear that we will be seeing exposés like this Ad infinitum."

Speaker Redmond: "Representative Bullock."

Bullock: "Mr. Speaker will the Sponsor yield for a question."

Speaker Redmond: "He will."

Bullock: "Representative Cullerton, not having a chance to look at all 4 of these Bills in depth I have a question with regard to the Constitutionality of either of these Bills as relates to patient-client privileges. In the event, as I read it, that a violation is alleged and with the haste that which a facility could be closed or temporarily terminate service, does this not in some way affect the basic medical privilege between a patient and her physician?"

Speaker Redmond: "Representative Cullerton."

Cullerton: "We're trying to eliminate the shoddy practices that were being performed in these clinics. The only time that a clinic can be closed down immediately is if the health of the patient is at stake. If it's in serious.. if there are serious conditions which could affect the life of the health of the women in these clinics, ^{to that extent it} to the extent it affects their relationship with the doctor."

Bullock: "I don't think the Sponsor has adequately addressed my question but I would really in essence like to speak to the Bill. I think that the Supreme Court decision that many of us, or quite most of us, are quite fully equipped, as relates to the relationship between a physician and a patient is sacred and I don't think it ought to be abridged. I don't think it ought to be, in any way, effected by legislation that relates to facilities. There are many persons in the community who obviously share with you, and I share with you, in the concern for the provisions, for the protection of the Joe-health of the citizens of State of Illinois. But I do have problems in that sacred privilege between the physician who is licensed to practice medicine, is the only one in my estimation that has the authority to make a determination if that right in any way is abridged.. And I think that this legislation, while

it has great public, at least sex appeal, I think it really runs the risk of being declared Unconstitutional because it does violate that sacred right between the physician and the patient."

Speaker Redmond: "Anything further? Representative Cullerton to close."

Cullerton: "Mr. Speaker I ask for a favorable vote on this Bill. I feel that this is the most important of the 4 in the package, and I believe it will go a long way towards cleaning up the atrositites that were occurring last fall in the Michigan Avenue clinics."

Speaker Redmond: "On House Bill 437, the question is shall this Bill pass. Those in favor vote 'aye', opposed vote 'no'. Have all voted who wish? Have all voted who wish? The Clerk will take the record. On this question there are 153 'ayes' and 3 'no'. The Bill having received the Constitutional Majority is hereby declared passed. Representative Piel. Representative Piel."

Piel: "Thank you Mr. Speaker, on behalf of the freshman class I'd like to congratulate Representative Cullerton on his first Bill and picking a touchy subject and the overwhelming passage."

Speaker Redmond: "438."

Clerk O'Brien: "House Bill 438. This Bill has been read a 3rd time previously."

Speaker Redmond: "Question is shall this Bill pass. Those in favor vote 'aye', opposed vote 'no'. Have all voted who wish? The Clerk will take the record. On this question there's 161 'aye' and 1 'no'. The Bill having received the Consitutional Majority is hereby declared passed. 438... Representative Lechowicz."

Lechowicz: "Well, Mr. Speaker, I thought we'd vote on 437 before..."

Speaker Redmond: "437 before?"

Lechowicz: "Right. We had a double Roll Call...That should be..."

Speaker Redmond: "Mr. Clerk, did you have a Roll Call on 438?"

Clerk O'Brien: "I had the wrong number on the board."

Speaker Redmond: "Well, tell me what that does to our print-out. Have we got one or don't we have one? The print-out before 437 is alright before 438 is alright?...439. Representative Totten did you get shut out?...439."

Clerk O'Brien: "House Bill 439, This Bill has been read a 3rd time previously."

Speaker Redmond: "On 439..the question is shall this Bill pass. Those in

favor vote 'aye', opposed vote 'no'. Have all voted who wish? Clerk will take the record. On this question there are 163 'aye' and 1 'no'. The Bill having received the Constitutional Majority is hereby declared passed. 440..."

Clerk O'Brien: "House Bill 440.. This Bill has been read a 3rd time previously."

Speaker Redmond: "Question is shall this Bill pass. Those in favor vote 'aye' ,opposed vote 'no': When you get in touch with the manufacturer... Those in favor vote 'aye', opposed vote 'no'. Representative Totten desires to be recorded as 'no'. Correction, 'yes'. Have all voted who wish? On this question... The Clerk will take the record. On this question there are 141 'aye' and 11 'no'. The Bill having received the Constitutional Majority is hereby declared passed. Announcements Representative Willer."

Willer: "Yes, Mr. Speaker and Members of the House, there will be a very brief meeting of the Elections Committee in D1 as soon as we adjourn and it will only take about 10 minutes so I urge all of the Members to get their on time please so we can get away."

It will be on the House floor immediately after adjournment. It may only take 5 minutes. But we have to do it. Hopefully, 5 minutes if you hold your questions.."

Speaker Redmond: "Representative McGrew."

McGrew: "Thank you Mr. Speaker, I ask leave of the House to hear House Bill 656 in Committee tomorrow. It was originally heard and voted on last week. It did not receive the necessary Majority of the Committee so we want to take the 2nd Roll Call, but as my understatnding it has to be posted again."

Speaker Redmond: " Have you discussed this with the Minority Leader?"

McGrew: "Yes."

Speaker Redmond: "Does the Gentleman have leave? No objections. Leave is granted. You have unanimous consent. Representative Chapman... DiPrima."

DiPrima: "Yes, Mr. Speaker, I just want to inform the Members of the House

Terzich: "Yes, Mr. Speaker, there will be a meeting of the Personnel of Pensions Committee this afternoon at 4 o'clock and it will be in room 304 in the Stratton building. I appreciate all the Members attending."

Speaker Redmond: "In case the Members don't really know, Representative Kozubowski, who is the chairman of Cities and Villages, has resigned as chairman. Representative Jack Williams has been appointed in his place. Representative Williams."

Williams: "Thank you Mr. Speaker, I am honored by that appointment and I would just like to remind any Member, we had about 108 Bills that have been assigned to Cities and I would like to have you call my office if you'd like your Bill posted for hearing next week. Thank you."

Kelly: "And also Mr. Speaker, also, there is a subcommittee meeting of Counties and Townships on House Bill 202 in room R 2 at 3:00."

Speaker Redmond: "11:00...Anything further? We had somebody drop their laundry ticket here and we can't decipher it. It has to do with... what Bill is it?"

O'Brien: "Someone's request to vote 'no' on Amendment 1 to House Bill 95. We can't read the signature."

Speaker Redmond: "Post mark is Thei-Pang or Taiwan or...Representative Peters."

Peters: "Mr. Speaker, House Bill 1972 is listed with myself as Sponsor. With your approval and leave of the House, I would like the record to show that Representative Dyer is the chief, principle Sponsor of House Bill 1972."

Speaker Redmond: "The record will so show."

Peters: "Thank you."

Speaker Redmond: "Representative Madigan...Wait a minute, wait a minute... OK. I've got a couple of motions here. Mr. Clerk do you have some motions? "

Clerk O'Brien: "Representative Peters request to vote 'aye' on Amendment 1 on House Bill 95."
